## STILL BURNING

### Fire That Started Yesterday Afternoon.

### Pennypacker Will Probably be Nominated.

### Investigating the Deaths in the Chicago Hospital Fire.

### BRITISH WON AGAIN.

Mitchell, B. C., June 10.—A fire that started yesterday afternoon in the residence section of this place is not yet under control. The wind blew a hurricane when the fire began and in less than four hours twenty-four houses were in ashes. About fifty families are homeless and destitute and many had narrow escapes. The Crows Pass Coal company lost nearly \$50,000. The Canadian Pacific cars that burned caused a loss of \$10,000. Great excitement continues, as the fire is still raging.

## PROBABLY PENNYPACKER.

Indications are for his nomination for governor.

Harrisburg, Pa., June 10.—The indications are Judge Samuel W. Pennypacker of Philadelphia will be the nominee for governor at tomorrow's republican state convention. There is no active opposition to the nomination of former State Senator Brown of New Castle for lieutenant governor and Isaac B. Brown of Erie for secretary of international affairs. Attorney John P. Elkin of Indiana is making a splendid fight for governor and his adherents still claim he will be nominated on the first ballot.

## MORE MAY DIE.

Coroner Investigating the Deaths From the Hospital Fire.

Chicago, June 10.—Of the thirty-four persons injured in St. Luke's hospital fire yesterday it is feared three will die, thus bringing the total deaths to thirteen. Deputies from the coroner's office visited the different morgues today to view the bodies of the eight patients who were either bound or manacled and could not escape, and of the two attendants who jumped to their deaths. The eight men arrested last night were still held today, including O. F. Miller, president of St. Luke's society, who lived in Denver at one time. A search of the records shows the hospital licensed according to law. Coroner Traeger said if any deaths were due to negligence the guilty person or persons will be made to pay the penalty.

## British Won Again.

London, June 10.—In an exhibition game of polo today between the British and American teams the British won by a score of 6 to 5.

## Brick Sidewalks.

The firm of Anson & Holman, contractors, have secured the contract for laying the pavements on the streets surrounding the Alvarado. The walks will be made of compressed brick, similar to those used in the depot platform. The cement walk on Railroad avenue, extending from First street to the tracks, will be taken up and replaced by brick. The walk will extend south on First street as far as the Coal avenue viaduct.

The brick are being made at Santa Fe and as soon as the first kiln is burned the work will begin. At present First street in front of the Alvarado looks rather ragged.

## In One Night.

Steve Balling, on Sunday night, moved all his furniture and stock of the iceberg saloon from its old location on Second street to the new one on Railroad avenue. It was a case of have to as the old Second street building is being torn down to make room for a new one. The old building is said to have been the oldest brick building in Albuquerque.

## Gone to the Philippines.

Frank Whitten has been ordered to the Philippines to join the Asiatic squadron and sailed Monday on the transport Solace. They will touch at Honolulu and Guam. His academy room mate was aboard the Solace and the captain is an old friend.

## GREATLY INTERESTED.

Fort Wingate People Are Coming to the Fair.

Secretary McCanna has received the following letter from President J. H. O'Reilly of the fair association:

Gallup, June 8.—I had the pleasure of visiting Fort Wingate yesterday and being delightfully entertained by Major Hardie, Captain Smith and others. The major made mention of a dozen or more names of our prominent citizens to whom he sends his compliments and to some a few personal messages that have been entrusted to my personal care, which it will be my pleasure to deliver on my return.

Both he and his men spoke with much pleasure of their last visit to our fair and are looking forward in anticipation of having it repeated this fall.

their mounted regimental band in attendance is a good one, as a band of this kind and size would be an attraction in itself worthy of going many miles to see and hear.

The interest manifested at Fort Wingate yesterday regarding our fair and its success is second to none and I speak authoritatively when I state that any assistance the troops can be to us the pleasure will belong to Major Hardie, his officers and men.

The soldier boy base ball players are practicing each day with a view to challenging the Albuquerque Browns for a series of games to be played in Albuquerque during the month of July, and if their playing yesterday was a fair sample of their work, the Browns will have to hit the ball hard and often to win. Yours truly,

J. H. O'REILLY, President.

## Boston Copper.

Boston, June 10.—The character of today's market indicates that the buying of the past two weeks must have been for very strong interests. Shorts who attempted to cover found almost no copper offering at anywhere near current quotations. At the moment there does not appear to be an active trading in the demand market except the bears. The bears are in a predicament and we shall be surprised if there is not an excited scramble by the shorts before the end of the week. We strongly favor the long side on all of the better class of coppers.

Hon. H. B. Ferguson, returned this morning from a short visit with friends at Los Lunas.

## KENDRICK TO GO.

### Rumor That He Has Resigned His Position With the Santa Fe.

### MUDGE MENTIONED TO SUCCEED.

There is a very well authenticated rumor in Santa Fe circles that Third Vice President J. W. Kendrick has resigned his present position with the company, and that General Manager H. U. Mudge, of Topeka, is slated to succeed him as head of the operating department, says the Topeka State Journal.

Mr. Kendrick has been offered the position of European representative of the Westinghouse Air Brake company with headquarters at London at a salary of \$50,000 a year. The Westinghouse company has just completed an enormous new manufacturing plant in England, and is preparing to invade the European markets.

Mr. Kendrick is now in Europe, having gone over there early in May.

There is another rumor that Mr. Kendrick will be succeeded by W. S. Pierce, until recently general manager of the Northern Pacific, and now at the head of a car wheel manufacturing establishment in Chicago.

Assistant General Manager D. E. Cain went to Chicago yesterday, and there is a rumor that he was called there with regard to taking the position of general manager in case Mr. Mudge goes in for third vice president. There are other rumors, however, concerning a possible successor to Mr. Mudge. Some believe it will be J. E. Hurley, superintendent of the western grand division of Santa Fe main lines. Others are of the opinion that C. F. Resseguie, superintendent of the eastern grand division, will get the place.

Some of the officials at the Santa Fe offices here do not believe that Mr. Kendrick has resigned. They say that there is nothing but rumor to warrant the opinion and that Mr. Kendrick is not fitted by training to hold a position with the Westinghouse company. It seems likely, however, that the qualifications for such a position will be largely, if not entirely, executive and not technical.

Mr. Mudge is at present out of the city on a fishing expedition in New Mexico.

It is well known in railroad circles that at the time J. W. Kendrick was chosen for third vice president, there was a large element of the directors who were in favor of choosing Mr. Mudge for the place. The majority, however, wanted a man brought in from outside of the road, for the purpose of introducing new ideas. For that reason the directors went to the Northern Pacific corps and employed Mr. Kendrick.

Some think that now the directors will be likely to recognize Mr. Mudge's claims to the position. Others believe that another outsider will be chosen, in which case W. S. Pierce, of the Northern Pacific, is looked upon as a possible candidate.

## Socorro Court Notes.

Antonio Vincent pleaded guilty to a charge of burglary and was sentenced to two years in the penitentiary. He entered the same plea to a charge of burglary and sentence was suspended during good behavior.

W. L. Lyle, Jose P. Torres, W. P. Younker, and G. Blavascchi were arraigned for violation of the Sunday law, pleaded guilty as charged, and sentence was suspended on payment of costs by defendants. One case against G. Blavascchi was dismissed at cost of the territory.

## Entertained the Club.

Mrs. Mabel Stevens-Himoe entertained the members of the St. Cecilia club yesterday afternoon at her home on West Coal avenue. Progressive games were played and a delicious lunch was served. The members of the club are Mrs. Himoe's younger pupils and they had the best kind of a time.

## IS TORNADO TIME

### Northern Minnesota is Well Swept.

### Mining Situation Was Quiet Today.

### The Defeat of the Yaqui Indians Was Complete.

### HOT IN OMAHA.

Milwaukee, Wis., June 10.—A special to the Evening Wisconsin says: A tornado swept northern Minnesota yesterday afternoon, killing four persons, injuring ten others and demolishing the homes of fifteen families. Among the killed are Mrs. Berg, who lived near Vossop, and Andrew Hoin, four miles further north. It is believed there were other fatalities. Hundreds of live stock were killed. The path of the storm was half a mile wide and ten miles long.

## One Near Lake Park.

Lake Park, Minn., June 10.—A tornado struck twelve miles north of here yesterday, sweeping a strip of land two miles wide and three miles long. It destroyed nine farm houses and killed ten persons. A church at Spangle was demolished.

## DEARTH OF NEWS.

Mitchell's Visit to Wright Believed to Be for Information.

Wilkesbarre, Pa., June 10.—In the absence of President Mitchell from strike headquarters today there was a dearth of news from the miners' side. President Mitchell is expected to arrive here from New York late this afternoon. Not much significance is placed in his visit to Commissioner Wright, it being generally believed he went to the metropolis merely to give the labor commission some inside information to benefit President Roosevelt. The mining superintendents of this valley said there is no change in the conditions of their collieries.

## DEFEAT WAS COMPLETE.

### Less Than 300 Yaquis Succeeded in Making Their Escape.

Tucson, A. T., June 10.—The latest report received at Hermosillo from General Torres of the battle of Sierra Mazatan is the defeat of the Yaquis was complete. Less than 300 of their number succeeded in making their escape and a number of these were wounded. The number of Yaquis killed was 82, and the wounded and captured 218. The Mexican casualties were slight. The Yaquis escaped in divided small bands and scattered through the Mazatan mountains. This defeat practically ends organized resistance. General Torres has the situation well in hand.

## Hot in Omaha.

Omaha, Neb., June 10.—At 9:40 this morning the thermometer stood at 92, with barely any wind. The indications are for the hottest day of the season.

## Hell Canyon.

Hell canyon has a postoffice, to be called Milagro. Mr. T. A. Birnie, proprietor of Angel Camp, has been appointed postmaster, and the mail route is to be established in the near future.

W. A. Huggins, who for the past three months, has lived at the Robinson ranch on the mesa, has moved out to Angel Camp in Hell canyon.

A picnic party, composed of Messrs. McDonald and Hathaway, the popular Mutual Life insurance men, and Misses McDonald and Gertig, spent Sunday at Angel camp.

Mr. Miller, Mrs. Miller, Mrs. Weems, and Miss Weems spent Sunday at Angel Camp in Hell canyon.

Misses Ettie Van Housen and Collatrine are living at Angel Camp in Hell canyon.

Mr. Bolander has been spending a few days at Angel Camp.

## Going to California.

Mrs. F. E. Lester, accompanied by Mrs. Melver, Miss Melver, Miss Horn, arrived in the city from Mesilla Park this morning. The ladies will spend the day in the city and all, but Miss Horning will depart for San Diego tonight on No. 1. Miss Horning will leave on No. 7 for San Francisco, and will be in California during the summer vacation.

## Boston Wool.

Boston, June 10.—The wool market is quiet. Prices are firm. The trend is upward on new clip, based on what wool is costing in the country. Territory wools are firm, strictly fine clear quoted at 48 to 50c; fine and fine medium, 44 to 46c; staple, 52c. Texas wool is coming forward, but held at figures above this market, at 60c. Fine fleeces wools very little offering. Prices are well sustained.

## MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]  
New York, June 10.—The increased activity and strength in today's market

failed to bring any appreciable increase in commission orders. The business was professional and a large proportion of it was done in less than a dozen stocks. There was a characteristic movement in Southern Railway, which, like its predecessors, was unexplainable. The strength in railroad stocks was largely due in expectation of a good government report of crops. The strength of the coal stocks reflects the belief that the owners of the properties will win in their fight for control. Time money still shows a hardening and will probably be reflected in the rate for call money as we near the end of the fiscal year.

## OFFICIAL MATTERS.

### Application for Survey—Postoffices Established.

## NEW AGENTS DESIGNATED.

The Territorial Cattle Sanitary board will meet today at Las Vegas.

## Land Office Business.

Mineral Entry—New Year lodge, Red River mining district, Taos county, June Bug Mining company, 7.16 acres.

## Application for Survey.

An application for the survey of township 22 south, range 21 east, Grant county, has been made to Surveyor General Morgan O. Llewellyn. The applicants are T. R. Pearson, Alvin Sands and Earl Sands.

## Postoffices Established.

An order to create a postoffice under the name of Milagro has been issued and Thomas Birnie has been appointed postmaster. The new postoffice will be at Hell Canyon, Bernalillo county. A postoffice has been established at Cuervo, Mora county, with Samuel P. Morrison as postmaster.

## Seals of States and Territories.

Territorial Secretary J. W. Reynolds has made an interesting and useful compilation of the seals and of the signatures of the governors and secretaries of the other states and territories.

## Mineral Survey Ordered.

Surveyor General Morgan O. Llewellyn issued an order for the survey of the Prosper group, consisting of the Las Animas district, Sierra county. The contract for the survey has been given to Deputy United States Surveyor James P. Parker, of Kingston, Sierra county. The claimants of the group are the Prosper Gold Mining and Milling company.

## Agents Designated.

The O. K. Crude Oil company amended its charter so as to designate Newport, R. I., instead of Boston, as its headquarters. The company designated W. H. H. Llewellyn, with offices at Las Cruces, as its New Mexico agent.

The Rita Consolidated Gold Mining company has designated the Exchange Bank at White Oaks, Lincoln county, its New Mexico agent, and has established headquarters at St. Louis. The company elected the following officers: John W. Harrison, president; B. H. Dye, vice president; and George K. Hohlitzelle, treasurer and secretary.

## Incorporation.

The White Mountain Irrigation company filed incorporation papers, the incorporators being Frank W. Parker, Martin Lohmann, Gilmore Friend, Joseph F. Lohmann and James P. Mitchell. The capital is \$250,000, divided into 250,000 shares. The headquarters of the company will be at Las Cruces, Dona Ana county. The object of the company is to build a large storage reservoir on section 2, township 13 south, range 10 east, near Tularosa, Otero county, and from it construct a ten-mile canal for irrigation purposes.

## Testing Electrical Plant.

Chief Engineer T. W. Thomas and Chief Electrical Engineer F. R. Frost, came in from the east night before last and were busy yesterday and last night testing the new electrical plant recently installed in the local Santa Fe shops by the Summers Electric company of Chicago. Although the test was finished this morning the report will not reach the public until it has passed through the head offices at Chicago. It is rumored that a considerable part of the work is not up to the specifications. L. A. Gazin, who has been superintending the work for the Summers company in instituting the plant, was not present at the inspection, but is expected to arrive from Denver, Colo., today.

## HELD UP TWO MEN

### Escaped Convicts Are Still at Large.

### Naval Appropriation Bill Was Passed.

### Mr. Cannon Preached Economy to the House Today.

### NEOSHO STILL RISING.

Salem, Ore., June 10.—Tracey and Merrill, the convicts who yesterday killed three guards at the penitentiary and escaped from prison, passed through Salem last night, stole some clothing and a team of horses and are now supposed to be working their way north toward Portland. About 10 o'clock last night they met J. W. Stewart, who was on his way to his home in South Salem, made him disrobe and took all his clothing. Stewart informed the officers of his experience with the convicts. Passing on through the city they stole another coat and pair of overalls from an expressman named Welch. Later they entered the stable of Felix Labaucher, on the edge of town, took a pair of horses and started north. A heavily armed posse with bloodhounds is now in pursuit. Tracey is known as a desperate man as well as a good marksman and it is thought the convicts will not be taken alive.

## FOR THE NAVY.

### Appropriation Bill Was Passed By the Senate.

Washington, June 10.—The senate today passed the naval appropriation bill. The isthmian canal bill was laid before the senate and Mr. Turner, of Washington, spoke in favor of the Nicaragua route.

## APPEALED FOR ECONOMY.

### Mr. Cannon, of Illinois, Asked the Defeat of a Bill.

Washington, June 10.—The house today resumed consideration of the bill to transfer certain forest reserves to the agricultural department and to authorize the president to create a game and fish reserve on such reserves. Mr. Cannon, chairman of the appropriation committee, moved to strike out the enacting clause of the bill. He argued vigorously against the proposed transfer on the ground it would take the administration of 46,000,000 acres from a fully equipped land office and place it under an inexperienced division of the agricultural department, creating a divided jurisdiction and rendering the service much more expensive than at present. He said he had no criticism to pass upon the scientists of the agricultural department, but he observed sarcastically, the principal industry of many alleged scientists was to fasten themselves to the public teat.

Mr. Cannon then made a statement regarding the expenditures and receipts of the coming fiscal year. He said the treasury contained a great surplus, but if any great pending enterprises were undertaken like the Pacific cable, the isthmian canal, and a number of others, the surplus would vanish like the mist before the sun. He said he did not desire to be an alarmist, but he urged his colleagues to weigh carefully the appropriations before they allowed the expenditures for March beyond the estimated receipts. Every cent of revenue for the next fiscal year will be necessary to pay the expenses in sight. He appealed to his colleagues not to pass a bill like the pending measure, which would certainly begot extravagance.

Mr. Lacey, of Iowa, insisted Mr. Cannon's criticism of the bill was not justified. He paid a high tribute to President Roosevelt, saying it was fortunate the country had a president who knew something of the great west and the needs of the future there. Mr. Cannon's motion was carried. A special rule for the consideration of the Pacific cable bill was presented to the house from the rules committee.

## River Still Rising.

Iola, Kan., June 10.—The flood in the Neosho river reached its highest mark this morning and is still rising.

## BOILERMAKERS' STRIKE OFF.

### Superintendent Henderson Talks Freely on the Important Subject.

George E. Henderson, superintendent of the Santa Fe system, spent yesterday in the city, inspecting the machinery at the local shops. He continued his journey east last night in a special car attached to passenger No. 8. Mr. Henderson talks freely of the boiler-makers' strike situation at Needles and San Bernardino. He says that all difficulties have been removed, and the men in the shops at both places are now working smoothly. At San Bernardino, where before the strike eleven men were at work there are now eighteen working. At Needles the working force has been increased in similar proportions.

The primary cause for the strike, Mr. Henderson gives as follows: "We had a man by the name of Wilson working at San Bernardino. Temporary work

at Seligman made it necessary to transfer Wilson to that place for work. Wilson objected, thinking that the transfer would be permanent, so he took his troubles to the union, hence the strike."

"The report that the new men shipped to San Bernardino would not go to work, is not true," said Mr. Henderson. "Every new man we have shipped to Needles and San Bernardino are working and are the best machinists we have in our employ."

After a short stay in Topeka Mr. Henderson will go east and study the strike conditions of some of the eastern roads, which at present exist.

## Police Court.

One railroad boy, who got on a full head-on of alcohol water steam yesterday afternoon and tried to close an old man's exhaust pipe, pleaded guilty to the charge before Judge Crawford this morning and was fined \$10 or ten days.

Eddie Burns, who is accused of having been detected and captured, while enjoying a little siesta in a boxcar, resting near the ice plant, pleaded guilty. For this offense Eddie will work ten days on the chain gang. Mr. Burns has quite a history. He was once a counter jumper in one of the large dry goods stores of El Paso. He has ridden in every conveyance imaginable, from the El Paso hoodlum wagon to a California limited flyer. He has even stopped at the Alvarado. "That is, he stopped there while Officer Barton got a drink." He also had \$6 when he came to town, but he dropped it on the row. He says it went quite fast, probably resembled a fat man on a banana peel.

## MISSING PEOPLE.

### El Paso's Chief of Police Has a Long List of Missing Men and Women.

### INQUIRIES ARE MADE DAILY.

Chief of Police White, of El Paso, has had an alarming problem before him in the solution of the whereabouts of the missing men and women of whom he is daily receiving inquiries from friends and relatives from all over the country, says the Times.

He stated that his daily mail, which consists of about twenty letters, was made up principally of letters of inquiries for missing persons. This has been the case especially for the past month or more, but the inquiries began to grow numerous about the first of last January.

The chief says that it is impossible to answer all the letters that come and in order to do so he would have to employ a stenographer to do it, and the law makes no apportionment for any such position. He answers all that he deems important after making such quick investigations as he can, and has been the means of locating a number of persons whose relatives have grown anxious about them through a stoppage of correspondence.

There are at present on the list of missing more than thirty persons whose people do not know whether they are alive or dead. Most of the letters are of a confidential nature, requesting the chief to make as little publicity of the case as possible, consequently they are not published in the daily papers. The inquiries have become so numerous, however, of late that Chief White has determined to allow the papers to assist him in finding out the missing ones by publishing the names of the missing. He is preparing to make a general clearing out of his papers so as to get all of the letters concerning the missing ones together. He will then give them out for general publication.

Many of the letters state that the missing ones have gone into Mexico. The letters come from all sections of the south and west. Yesterday the chief had reported to him the absence from their home of two little boys, aged about 10 years. He refused to make their names public, as the family had requested that no newspaper talk be made of the matter.

## MAX SCHUTZ HAS ASSIGNED.

### El Paso Dry Goods Firm Failed With Assets of \$19,000 and Liabilities of \$22,000.

Max Schutz, the well known dry goods man of this city, proprietor of "The Economy," at 202-208 East Overland street, made an assignment yesterday afternoon for the benefit of his creditors, naming W. H. Burges as assignee.

The liabilities will reach about \$22,000 while the assets amount to \$19,000, according to the schedules filed in the county court.

The liabilities are chiefly in accounts ranging from \$15 to \$4,000. Many of the creditors being non-residents.

The assets are listed as follows: Stock of merchandise, \$15,000; real estate, \$3,200; open accounts, \$713.24. It is stipulated that all creditors who do not receive at least one-third of the amount due them, the balance shall be considered a lien against Mr. Schutz's estate.

The assignment is accounted for by the fact that Mr. Schutz has been in ill health for some months and unable to give close attention to his business.—El Paso News.

The El Paso dry goods man, whose assignment is announced above, is well known in this city, and friends here regret to learn of his business failure.

Texas has a permanent school fund  
amounting to near eight million dol-  
lars.

Under American rule over nine mil-  
lion dollars have been accumulated in  
the Philippine treasury.

The rejoicing in England has not  
been due to elation over victory, but  
to satisfaction over peace.

Ice, in almost every town in the ter-  
ritory, sells at one-half cent a pound.  
Price in Albuquerque should be reduced.

It affords one a species of grim  
amusement to be able to comprehend  
the yes-ness of a no, and the no-ness of  
a yes.

In Chaves and Eddy counties the re-  
cent heavy hail did much damage, in  
one instance killing 1,800 head of  
sheep in one flock near Portales.

Since August 1 last the German beet  
sugar factories have turned out 1,995,  
799 tons of raw sugar, as against 1,  
900,030 tons during the preceding year.

The News says: "The Albuquerque  
Citizen publishes an affidavit that the  
water company there furnishes pure  
water. The El Paso company does not  
even try to do so."

A political item from the Phoenix  
Republican says: "With judicial dig-  
nity, neatness and calmness, two of  
Arizona's most notorious political jack-  
als have been hung up by the heels.  
For particulars see Windy lives and  
"Sittin' Bull" Wilson."

In connection with the sudden return  
to Washington of General Miles, it is  
apparent that somebody has told a  
point blank falsehood. Secretary Root  
says the general was not ordered to  
Washington and the general says he  
was. The Associated Press is respon-  
sible for both statements.

The El Paso News remarks as fol-  
lows: "New Mexico is asking congress  
for another judicial district to include  
Chaves, Lincoln and Eddy counties.  
They are so situated and peopled as  
to make the request one that should  
be granted. When the territory  
becomes a state she can arrange mat-  
ters as the people connected wish,  
without having to beg a representa-  
tive from Timbuctoo and a senator  
from Jingoville to please let 'em have  
what may be needed."

The late Paul Sorg, of Middletown,  
Ohio, made his first money by peddling  
flowers and doing chores in Cincinnati.  
After working hours he went to a night  
school. When he was a little older he  
worked in a cheese factory and then in  
an iron mill. He saved \$3,000, went  
into the tobacco business and became  
one of the very rich men of the state.  
Eight years ago he went to congress,  
defeated Estes G. Rathbone. The Ohio  
papers think he has left an estate of  
\$7,999,000 to \$15,000,000.

### FLAG AND CONSTITUTION.

I am for the making of new states,  
and consequently thoroughly advocate  
the admission to statehood of the ter-  
ritories of Arizona, New Mexico and  
Oklahoma, all of which are now knock-  
ing at the door of the United States  
senate.

The people now in these territories  
are our people. Our flag is their flag,  
and our constitution their constitution.  
They are entitled to all of the dignity  
and convenience of government that  
we are entitled to in Illinois.

To longer delay means a delay of  
justice, and the delay of justice is the  
denial of justice. I am in favor of  
spending less time and money on the  
Filipino, and more on the Americano.  
—Senator Mason, of Illinois.

### "WHAT THEN."

A southern newspaper recently asked  
this question: "Suppose J. Pierpont  
Morgan should die; what then? There  
have been many replies to the query.  
One of the best is furnished by the  
Chattanooga, Tenn., Times, as fol-  
lows: "There would be a funeral; an  
eloquent eulogy; lots of flowers; a  
casket, a hearse and a tomb. The next  
day all that would be left of him,  
would fill the same amount of space as  
is required by the humblest beggar

in the land. There would be lots of  
newspaper comment, but that wouldn't  
interest Mr. Morgan any more than  
the lack of it would the pauper. The  
world would go on just the same and  
there would probably be another Morgan  
shortly."

### WHY TERRITORIES SHOULD BE ADMITTED.

I am in favor of the admission to  
statehood of the territories of Arizona  
New Mexico and Oklahoma at the pres-  
ent session of congress.

In the first place, state governments  
are much better for the people than  
territorial, and officers elected by the  
people are, as a rule, more trustworthy  
and efficient than officers appointed  
by the president of the United States  
or any other appointing power.

Again, Arizona and Oklahoma are  
very prosperous communities, with am-  
ple material resources. New Mexico  
has sufficient population, and the United  
States is pledged by the treaty with  
Mexico to admit New Mexico as a  
state when she is fit to manage her  
own affairs.

New Mexico has now been kept out  
of the Union for fifty years for the  
purpose of being educated in our form  
of government. I think the people now  
are fit to govern themselves, and the  
resources of the country are amply suf-  
ficient to maintain a state. Therefore  
it appears on the face of it that the  
omnibus bill passed by the house of  
representatives to admit Arizona, New  
Mexico and Oklahoma to statehood  
should be favorably acted upon by the  
senate, and at this session.—Senator  
Stewart, of Nevada.

### FLAG DAY.

It Will Be Fittingly Observed at Santa

Fe on Next Saturday.  
Saturday, June 14, being the 125th  
anniversary of the adoption of the  
stars and stripes as an emblem by the  
United States, the day will be appropri-  
ately observed in Santa Fe by a pro-  
gram of exercises prepared by the  
Woman's Relief Corps of the Grand  
Army of the Republic. The exercises  
will probably be held in the Plaza.  
Judge John R. McFie will preside and  
Judge A. J. Abbott and Attorney A. E.  
Jensen will make addresses in Eng-  
lish and Colonel J. Francisco Chaves  
in Spanish.

### A Real Friend.

"I suffered from dyspepsia and indig-  
estion for fifteen years," says W. T.  
Sturdevant, of Merry Oaks, N. C.  
"After I had tried many doctors and  
medicines to no avail one of my friends  
persuaded me to try Kodol. It gave  
immediate relief. I can eat almost any-  
thing I want now and my digestion is  
good. I cheerfully recommend Kodol."  
Don't try to cure stomach trouble by  
dieting. That only further weakens the  
system. You need wholesome, strength-  
ening food. Kodol enables you to as-  
similate what you eat by digesting it  
without the stomach's aid. J. H.  
O'Reilly & Co., and B. H. Briggs & Co.

### Indian Shot.

On Thursday of last week O. H.  
Buck, an Indian trader, shot and mor-  
tally wounded an Indian near his store.  
Buck was running some goats near his  
place, and the trouble arose over the  
watering of his goats at a water hole  
claimed by the Indian, but off the res-  
ervation. After Buck shot the Indian  
he came to Farmington and went on  
to Aztec, where he gave himself over  
to the officers. No one appearing to  
prosecute he was given his liberty  
Monday.

Buck claims that the shooting was  
done in self-defense. The Indian's story  
is that Buck went home after the dif-  
ficulty, a distance of some two miles,  
and got his gun and in returning met  
the Indians, when without a word he  
fired on them. The ball passed through  
the Indian's breast about two inches  
above the left nipple and shattered the  
shoulder bone. He was still living at  
last accounts.—Farmington Times.

### Ex-Convict Arrested.

City Marshal Cleo Weidner, of  
Santa Fe, made an important arrest  
and earned a reward of \$50 offered by  
the governor of Kansas for the appre-  
hension of J. B. Hanley, an ex-convict  
of the Kansas penitentiary, who is  
wanted at Kirwin, Kan., for stealing a  
team of horses and a carriage. Hanley  
has been around Santa Fe the past ten  
days drinking heavily and yesterday  
morning was arrested by Weidner, who  
had received a postal card recently  
offering a reward for his arrest. A  
Kansas officer will probably arrive in a  
few days with requisition papers for  
Hanley.

**An Indian Killed While Hunting.**  
 A party of San Felipe Indians were  
 out on a hunting party recently, and  
 while rounding up a lot of rabbits, one  
 of the horsemen ran into and knocked  
 down an Indian on foot by the name of  
 Jose Marques. Marques was picked up  
 and found to be dead, his neck being  
 broken. He was taken to the pueblo and  
 buried.

**Was Wasting Away.**  
 The following letter from Robert R.  
 Watts, of Salem, Mo., is instructive. "I  
 have been troubled with kidney disease  
 for the last five years. I lost flesh and  
 never felt well and doctored with lead-  
 ing physicians and tried all remedies  
 suggested without relief. Finally I  
 tried Foley's Kidney Cure and less  
 than two bottles completely cured me  
 and I am now sound and well." Al-  
 varado Pharmacy.

**Commissioner Miera at Santa Fe.**  
 Hon. E. A. Miera, chairman of the  
 board of county commissioners of Ber-  
 nallillo county, arrived last night to at-  
 tend a meeting of the territorial irriga-  
 tion commission, which did not mat-  
 terialize owing to the lack of a quorum.

Mr. Miera, by good management, has  
 succeeded very well in the lambing of  
 his sheep this season. He saved about  
 90 per cent of the lambing crop, there-  
 by adding about 15,000 lambs to his al-  
 ready large flocks of sheep. The wool  
 crop from his herds is good, although  
 the wool is somewhat light. He sold  
 60,000 pounds to Albuquerque wool  
 dealers, at the average price of 12.6  
 cents per pound. He expects to get  
 about the same price for the remainder  
 of his wool crop, amounting to about  
 80,000 pounds. He is stopping with his  
 mother during his visit.—New Mex-  
 ican.

## CHRONIC KICKERS.

ququerque But They Are Grow-  
 Some in Every Household in Albu-  
 que. Chronic kickers the kidneys are—  
 when they're sick.  
 What makes the kidneys sick? A  
 simple thing.  
 They have too much to do.  
 Must keep up their work; they never  
 rest.

Can't blame them for kicking.  
 Ever have your kidneys kick?  
 Ever have a bad back; a lame, weak  
 or aching one?  
 Know it's the kidneys kicking?  
 The back aches because the kidneys  
 are blocked.

Help the kidneys with their work.  
 The back will ache no more.  
 Lots of proof that Doan's Kidney  
 Pills do this.  
 Mr. C. S. Keep, of 323 E. Caramillo  
 street, Colorado Springs, Associated  
 Press operator, says:  
 "Long before I came to Colorado  
 Springs I knew all about Doan's Kid-  
 ney Pills in the state of Massachu-  
 setts, where they are considered a  
 household remedy. I used them sev-  
 eral years ago for a lame and aching  
 back, and I have seen scores of state-  
 ments from representative citizens of  
 Worcester and other cities in the east,  
 all emphatically endorsing the claims  
 made for that preparation. My advice  
 to any one suffering from either weak-  
 ened or over-excited kidneys is to pro-  
 cure Doan's Kidney Pills, take a course  
 of the treatment and the results prom-  
 ised will inevitably follow."  
 Plenty of similar proofs in Albuque-  
 que.

## A NEW TOWN NEAR RATON.

The Santa Fe Will Run a Branch Line  
 to the Coal Deposits at the place.  
 A new town by the name of Willow  
 is to be laid out fourteen miles south of  
 Raton, by the Raton Coal & Coke com-  
 pany. That company has a fine vein  
 of coal at Willow, on which develop-  
 ment work has been progressing for  
 the last year. The Santa Fe railway  
 has already contracted to run a branch  
 to Willow and the coal company ex-  
 pects to have coal running over the  
 branch inside of four months.

**Warning.**  
 If you have kidney indication or blad-  
 der trouble and do not use Foley's Kid-  
 ney Cure, you will have only yourself  
 to blame for results, as it positively  
 cures all forms of kidney and bladder  
 diseases. Alvarado Pharmacy.

**Burned Off Both Legs.**  
 Matias Lohman, while suffering with  
 an epileptic fit, fell into a fire recently  
 and burned both of his legs off nearly  
 to the knees. The unfortunate man was  
 at work on the Horse Lake ranch near  
 Tierra Amarilla, Rio Arriba county,  
 when the accident occurred. He will  
 probably die.

Chronic bronchial troubles and sum-  
 mer coughs can be quickly relieved and

ROYAL Baking Powder is indispen-  
 sable to the preparation of the finest  
 cake, hot-breads, rolls and muffins.

Housekeepers are sometimes importuned to buy  
 other powders because they are "cheap."

Housekeepers should stop and think. If such  
 powders are lower priced, are they not inferior?

Is it economy to spoil your digestion to save  
 a few pennies?

Alum is used in some baking powders  
 and in most of the so-called phosphate pow-  
 ders, because it is cheap, and makes a  
 cheaper powder. But alum is a corrosive  
 poison which, taken in food, acts injuri-  
 ously upon the stomach, liver and kidneys.

## LOCAL PARAGRAPHS.

"The Only Young Man in Town" will  
be at Colombo hall June 13.

Mrs. K. Cole and son were passen-  
gers for Bland this morning.

R. F. Heller, the prosperous general  
merchant of Cabezón, is in the city.

Col. E. W. Dobson made a flying trip  
to Santa Fe yesterday, returning last  
night.

Assistant United States Attorney E.  
L. Medler was a passenger for Socorro,  
last night.

Ellissee Caldwell will leave tonight  
for California where she will spend the  
summer visiting with friends.

Miss Nellie Restler is absent from  
her position at the Phoenix dry goods  
store on account of sickness.

Ex-City Attorney Horton Moore and  
family are enjoying the refreshing air  
at Camp Whitcomb this week.

The Non-Sectarian Benevolent soci-  
ety will meet tomorrow afternoon at  
2 o'clock at the office of F. W. Clancy.

The Ladies' Whist club met with  
Mrs. F. H. Kent yesterday afternoon.  
After cards refreshments were served.

Regular meeting of Harmony lodge,  
No. 17, I. O. O. F., this evening. All  
members of the order are invited to at-  
tend.

John Mackendon, an ex-student of the  
Agricultural college at Mesilla Park,  
is in the city. Mr. Mackendon will leave  
in a few days for Conconely, Wash.,  
where he will take charge of a mill.

Word was received here yesterday  
that Miss Julia Collier, daughter of  
Judge and Mrs. N. C. Collier, formerly  
of this city, now of St. Louis, has  
graduated with honors from the high  
school of that city.

## LAS CRUCES.

From the Progress.

Miss Minnie Jerrell left to spend a  
month or so in El Paso.

Prof. Chas. Mills and wife leave in a  
short time for a visit to the Pacific  
coast.

Dr. O. H. Brown, the dentist, leaves  
for the east in a short time. He ex-  
pects to be absent for two or three  
weeks.

W. T. McCreight, business manager  
and city editor of the Albuquerque  
Citizen, was a Las Cruces visitor.

The little son of H. D. Bowman fell  
from a tree this week and had the mis-  
fortune to break his arm. He is doing  
well now, however.

Report was brought in from the Tor-  
pedo mine on Friday that it had been  
drowned out. There was a big cave in  
and all work was stopped.

A trail has been built from Modoc  
through Fillmore canyon to the sum-  
mit of the Organ mountains, which  
makes accessible to tourists and camp-  
ers some of the finest scenery and  
camping places in New Mexico. Good  
accommodations can be found at Mo-  
doc by health and pleasure seekers,  
also horses and guides for trips to the  
mountains.

From the Republican.

Prof. C. T. Jordan and C. H. Moore  
returned overland from the Santa  
Rosa oil lands.

Mrs. A. B. Fall and children will  
spend the summer at their mountain  
summer home at the Gold Camp.

Charles Kirchen, after a couple of  
days' visit here, both on business and  
pleasure, left for El Paso. Mr. Kir-  
chen says that he does not expect to open  
up his contemplated business in El  
Paso until October.

It is a fine trip up Fillmore canon to  
the summit of the Organ mountains.  
The scenery is unsurpassed in this  
part of the country and the high alti-  
tude alienates the heat and fatigue  
that are experienced by travelers in  
the valley.

J. N. Goss, a brother of Prof. Goss,  
arrived here from Indiana, and expects  
to spend the summer here. Mr. Goss  
was here about eighteen months ago,  
and likes our climate so well that he  
decided to spend the summer here this  
year.

## Fraudulent Labor Agent.

An Italian is said to have defrauded  
about a dozen men in El Paso out of \$3  
each this week and then made himself  
scarce. He represented himself to be  
a sub-agent of W. B. Gilman, a local  
labor agent, who is wanting men to  
ship to Nevada to work on the rail-  
roads of that state. He levied from  
about a dozen men the shipping fee of  
\$3 each and told them to report to Mr.  
Gilman. When they followed his in-  
structions Mr. Gilman waived any re-  
sponsibility in the matter and then the  
Italian could not be found.

## STOCK NOTES.

Siegrist & Brogren, the Eddy county  
cattle kings, disposed of their two year  
olds, 2,500 in number, at good figures.  
Shipment will be made from the Lake  
View pens.

E. B. Harrold, of Fort Worth, sold,  
a few days ago in St. Louis, sixteen  
head of fed steers weighing 1,552  
pounds, for 8 cents, or \$124.16 each,  
the very highest price ever paid for  
Texas fed cattle.

Says the Roswell Register: "Clifton  
Chisholm returned from Kansas City,  
where he sold his carload of hogs, 70  
head, at \$7 per hundred. They shrank  
only five pounds each on the journey,  
weighing 168 pounds on arrival. The  
top price paid that day was \$7.30. Mr.  
Chisholm fed these hogs each 312  
pounds of Kaffir corn to fatten them.  
He could have added twenty pounds to  
each if he had kept them two weeks  
longer before shipping them, and they  
would then have topped the market.  
The Drovers' Telegram gave him a  
very nice write up in its issue of May  
18."

## Notice.

Having been in business at "The  
Iceberg" two years, where I have en-  
joyed a good trade, I am now reluc-  
tantly compelled to move into new  
quarters. My patrons, to whom I feel  
grateful, and the public generally, will  
find me established in a few days at  
my new place, No. 212 West Railroad  
avenue, in the building formerly occu-  
pied by S. E. Newcomer, where I will  
endeavor to please my old patrons as  
well as new ones.

STEVE BALLING.

## The Report False.

Hon. Neill B. Field, attorney, return-  
ed on the flyer yesterday from an ex-  
tended visit to Chicago, Washington  
and New York. Last Tuesday, from  
New York, Mrs. Field and a party of  
ladies sailed for Europe, and, of course,

B. H. Briggs & Co.

they will attend the king's coronation.  
During Mr. Field's absence from the  
city, a report has gained considerable  
circulation that he would soon remove  
from this city and take up the practice  
of law in New York. The gentleman  
says the report is entirely erroneous.  
He has no intention whatever of leav-  
ing Albuquerque, and his absence from  
the city has not been on pleasure, but  
on strictly important legal matters.

## Leads Them All.

"One Minute Cough Cure" beats all  
other medicines I ever tried for coughs,  
colds, croup and throat and lung trou-  
bles," says Dr. D. Scott Curran, of Lo-  
ganton, Pa. One Minute Cough Cure  
is the only absolutely safe cough rem-  
edy which acts immediately. Mothers  
everywhere testify to the good it has  
done their little ones. Croup is so sud-  
den in its attacks that the doctor often  
arrives too late. It yields at once to  
One Minute Cough Cure. Pleasant to  
take. Children like it. Sure cure for  
croup, bronchitis, coughs. J. H. O'Reilly  
& Co., and B. H. Briggs & Co.

## LAS VEGAS.

## Special Correspondence.

Las Vegas, June 8.—Prof. James McNary has returned from Albuquerque. Mrs. S. E. Douglas and Misses Harrison and Tuttle departed this afternoon for San Francisco to spend their vacation.

Roy W. Andrews, a sufferer from consumption, died this morning and the remains will be shipped to his former home in Evansville, Wis. He was 19 years of age.

Mrs. Abe Lewis and daughter, Carrie, of Kansas City, are expected here in a few days to visit with relatives.

The Gallinas river was lined with fishers yesterday from Hot Springs to El Porvenir. Some good catches are reported, too.

Mrs. Henry Levy entertained a number of friends this afternoon.

Mrs. Charles A. Spiess has invitations out for a party next Friday.

Rabbi Bonheim and son are contemplating a trip to the "fatherland" soon. Master Burney Linde is visiting in Trinidad.

J. A. Kornheim, an eastern wool buyer, went to Santa Rosa this morning looking for business.

The jury in the Sophie E. Hamilton damage suit against the city for \$10,000 brought in a verdict in favor of the city this morning, not allowing Mrs. Hamilton 1 cent. The verdict has in general given satisfaction, though sympathy is universally expressed for Mrs. Hamilton. The verdict is a great victory for Hon. Charles A. Spiess and S. B. Davis, Jr., and means considerable, not only for the city, but for the entire territory, as the case was the first of its kind in the territory and, in a way, forms a precedent. The verdict will save the city considerable money, as there would most probably have been more suits entered if the decision had been against the city. The jury was out from 4 o'clock Saturday until 11 o'clock that night, and as the judge had set a time limit for reporting that night at 9:30, the verdict was not given out until court convened this morning. The jury was entirely a native one, and all except two of the jurymen were not residents of Las Vegas. There was evidently some difficulty at coming to an unanimous decision, judging by the time they were out. After the verdict was brought in, a jury was summoned to try the case of the First National Bank of Las Vegas against A. A. Senecal, J. G. Montano, F. E. Robledo and Benigno Martinez, for a debt of \$600, amount due on a note. In the above case the jury brought in a verdict in the afternoon in favor of the plaintiff, allowing them the sum of \$641.92. The entire petit jury was then discharged this case, finishing the cases at this term asking for jury. Court then adjourned until 10 a. m. tomorrow.

The Santa Fe has been unfortunate in the number of serious accidents that have happened on their line in the last ten days. Another was added to the list last night in the person of Chan Calhoun, a fireman that has been in the employ of the Santa Fe here only a short time. The accident happened last night about midnight in the canyon this side of Shoemaker, on the truss bridge. Calhoun had evidently put his head out of the gang way just as the engine was entering the bridge and was struck squarely in the face and knocked off the engine, killing instantly. He was not missed until up the road farther when a stop was made for water. The train backed up and found him hanging on the ties of the bridge. A way car was sent back with the remains and he was taken to Dearth's, where his remains now are. Mr. Calhoun had few acquaintances in the city, as he was a new comer. It is understood that he has a family at Socorro. Later particulars in the case give McCook, Neb., as the home of the deceased and that he has a wife and two children in Horton, Ark. He is a member of the Brotherhood of Locomotive Firemen, and has some insurance in that order, and \$2,000 in the A. O. U. W., as well as in several other orders of which he was a member. He came here the last part of May, and was a very pleasant, affable and well liked man. The Brotherhood took care of the remains, which will be shipped, most probably, to the home of the man's parents in Missouri.

Charles Emmerick and William Rupp brought in a string of thirty speckled trout yesterday. They went up the river Saturday night and fished early in the morning, and they say they could hardly pull them out fast enough. A native of Upper town that had been working near La Junta on a work train fell from the cars yesterday and was seriously injured. He was taken home from here on a cot in an express wagon.

Fred Reynolds, a brother of the Reynolds here, and living in Canyon City, where he is a banker, left today for El Paso.

J. Minium reports a catch of 157 fine bass yesterday at his resort.

T. B. McNair, the city salesman for Browne & Manzaneros, has returned from his visit in Albuquerque.

E. E. Pettit and Harry Hannan have been appointed special policemen for the Santa Fe here.

Mrs. Ned Reynolds is suffering with diphtheria.

Lou Webb, the assistant foreman at the shops, is able to be out after being laid up in bed with a severe cold.

Children's Day exercises were held yesterday at the Baptist and Presbyterian churches. The programs consisted of recitations, singing and at the Presbyterian church a special children's sermon by Rev. Skinner. At the Baptist church only a few remarks were made by the pastor, the evening being taken up with the program.

Misses Dettlerick and Shimer sang an especially fine duet at the Baptist church. The Presbyterians held their services in the morning, and the Baptists in the evening. Large audiences were out at both places.

Engenio Romero has been awarded the contract for carrying the mail of Mondays, Wednesdays and Fridays to Chavez, by way of Gallinas Springs, Chaparrito and Cabra.

Ramond de Herrera, of Sapello has been awarded the contract for carrying the mail on Tuesdays, Thursdays and Saturdays to Rociada by way of Los Alamos and Sapello.

The work train went down to Lamy this morning for a ten days' work on the roadbed of the Santa Fe in that vicinity.

## NEW MEXICO TOWNS

### HILLSBORO.

From the Advocate.  
Al. Knight has gone to Lake Valley to take charge of Tomlinson's saloon there.

Jose Antonio Bargas has been appointed road supervisor of this precinct.

The postoffice has been removed to the C. C. Miller building. The new location is a very good one and makes a good office.

The shaft of the Dude mine is down between 90 and 100 feet. Besides having plenty of water there is some five feet of ore in sight.

The new mill for the Ready Pay mine is on the ground, and Manager Kasser is now pushing the structure rapidly to completion, and he expects to celebrate the Fourth of July by starting up the works.

At a depth of ninety feet a five-foot body of ore was developed by a cross-cut in the Ready Pay mine this week. The ore is good milling with quite a quantity of high grade ore intermingled. The body of ore lies in a practically unexplored territory and explains the theory of the croaker that the country has been "dug out."

Mrs. Jas. Daiglish with her children and her mother, Mrs. J. F. Thompson, left Saturday for Torrence to join her husband, who is manager of the Santa Fe Central railway station at that point.

Twelve tons of hoisting machinery arrived this week at the Prosper mine. The machinery will soon be in place and as soon as it is ready for operation the main shaft of this property will be vigorously pushed downward. The Prosper has an excellent showing of ore, and the chances are that a mill will be completed and in operation on this property before the first of January next.

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure; Doan's Ointment. Absolutely safe; can't fail.

### KINGSTON.

From Sierra County Advocate.  
Mulberries are ripe and the small boy's mouth looks like a bluing bottle. Mitchell Gray and John Jack, of the Grand View group of mines, Grant county, came in after mail and supplies and also to consult the other owners of the mine in regard to future development of that lead-zinc property.

Trout fishing opened on June 1. It is reported that all the streams in the vicinity of Hurst's camp on the west side of the range are awarming with the speckled beauties. If there is good rains during the month there will be great sport in that vicinity for the ardent fly and rod man.

Robert Kinsinger, who fainted at the fire and was some time unconscious, has improved considerably. He is quite a sick boy yet, but not dangerous. His illness is supposed to have been caused by fast running to the fire and over exertion while on the roof of the burning building.

Abie C. Stiver, one of the old timers of Kingston, and a brother of "Doc," is in the office holding swim. After holding the office of assessor for six straight terms, he has recently been elected mayor of Leetonia, Ohio. Leetonia is a city of 10,000 people and is a great racing point for the turfmen of Pennsylvania, Ohio and Kentucky, having one of the finest speed rings in the middle states, and just the right distance from the big cities for fresh air and a good time.

At dusk Friday evening of last week the residence of "Doc" Stiver was discovered to be on fire by some Mexican children who gave the alarm. The neighbors rallied with a bucket brigade and after a short fight put out the flames. As it was a narrow escape for the Stiver building and several adjoining houses. The wind was not blowing or the entire block

would have gone up in smoke. The cause of the fire is unknown, as there has been no fire in the building for several weeks. This is the second time this house has been on fire, both rear and front, as well as the inside shows marks of the fiery element. "Doc" extends thanks to the citizens who so gallantly rescued his property from destruction.

### SAN MARCIAL.

From the Bee.  
Mrs. W. E. Spade has moved to El Paso, much to the regret of the Episcopal choir and a large circle of friends. Dr. C. G. Cruickshank visited Carthage more than once this week to attend Mrs. Robert Law, who is quite a sick lady.

R. J. Nisbet is to be married on the 11th at Waterloo, Ind., and will return to San Marcial with his bride about the 15th.

J. N. Broyles' flour mill is closed down to enable the machinery to be put in shape for a long run on the new wheat crop.

Governor Otero has issued requisition papers to have Bob Thornton returned to New Mexico. He is wanted in this county for engineering a big barbed wire steal from the railroad company and is now in the El Paso jail.

### Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c. Salve 25c at all druggists.

### SOCORRO.

From the Chieftain.  
The home of Mr. and Mrs. Ed Kealer of this city was gladdened by the arrival of a baby girl.

It is reported that all saloonkeepers of the city have agreed to observe the Sunday closing law. Those Sunday morning drams will now have to be taken Saturday night.

E. A. Clemens, of Magdalena, recently sold three car loads of horses from his A. L. ranch to an Indiana buyer. Mr. Clemens says that horses of certain grades are steadily increasing in price.

F. A. Gardom spent the greater part of the week in the city. Mr. Gardom is now located at Water Canyon, where he represents the Three Brothers' Mining & Milling company.

Elston E. Jones has accepted the position of assayer for the Lena Mining company at Lordsburg. Young men equipped with diplomas from the School of Mines are always in demand.

Mrs. Henrietta Billing, of Cincinnati, Ohio, arrived in the city on her way to visit her mining properties at Kelly. Mrs. Billing was accompanied by her attorney, W. S. Little, of Cincinnati.

Mrs. G. W. Prichard, wife of the able attorney for the Fifth judicial district, arrived in the city and is the guest of Mrs. C. F. Blackington. It is rumored that Mr. and Mrs. Prichard contemplate becoming residents of Socorro. It is greatly to be hoped that the rumor is well founded.

There was some excitement and feeling manifested in the city yesterday over the rumor that District Attorney Prichard had determined to institute legal proceedings against all business men of Socorro who had been guilty of

keeping their places of business open on Sunday in violation of law. The rumor was probably not well founded. C. T. Brown arrived in the city from El Paso, where he was called to attend a meeting of the executive board of the International Mining association. Mr. Brown reported that the association is about to incorporate and will at once take steps to secure a permanent home for itself.

### SANTA FE.

From the New Mexican.  
Judge McFie has issued a decree of divorce in the case of William F. Gillam vs. Isabelle Gillam from San Juan county.

Mrs. Louis Baer and child, formerly of Albuquerque, now of Boston, are the guests of Mrs. Baer's father, A. Staab, and will probably spend the summer in Santa Fe.

W. S. Moss, manager of the opera houses at Trinidad and Las Vegas, spent yesterday in Santa Fe in conference with Manager A. M. Dettelbach to arrange a theatrical circuit for next season.

Rafael Gomez and Francisco Romero were arrested by City Marshal Cioero Weidner for fighting in the streets. They were fined \$5 each and costs by Justice of the Peace C. M. Conklin.

Samuel Fehler, the plumber and tinner, who fell from the roof of the parochial school building on Water street last Friday, is injured more than was at first reported. He has internal injuries, including several broken ribs, that will keep him from work for several weeks.

Chancellor Buchtel, of the University of Denver, has decided to come to Santa Fe on Tuesday evening, July 15, over the Denver & Rio Grande, to lecture at the court house, and on Wednesday, July 16, to lay the corner stone for the new church of St. John's Methodist Episcopal congregation.

### Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Mountville, W. Va. "They do me more good than anything I have ever tried." J. H. O'Reilly & Co., and B. H. Briggs & Co.

### CLAYTON.

From the Enterprise.  
Hon. T. E. Mitchell was here delivering steers to J. N. Pierce, for which he received \$17 amount.

Manuel Valerio, who was bitten by a skunk some time ago is about recovered, although his case looked like a hopeless one for some time. Dr. Slack, under whose care the man has been, feels elated at his success in curing his patient.

Bob Mauser's little daughter, Helen, received an ugly cut on the wrist the first of the week, from a piece of broken glass. Blood poison set in and it was thought it might result seriously, but she is getting along nicely at last report.

For biliousness use Chamberlain's Stomach and Liver Tablets. They cleanse the stomach and regulate the liver and bowels, effecting a quick and permanent cure. For sale by all druggists.

### TULAROSA.

From the Democrat.  
G. C. Jurgens was in from his San Andraes camp. He has recovered the team of horses he lost about a year ago.

Mrs. Dr. Hutchinson, of Missouri, who has been visiting Attorney Hutchinson, of this place, for the last three months, left for El Paso to visit relatives and thence to Las Vegas to spend the summer.

J. D. Bland has a six inch vein in Burro creek which runs \$25 to \$30 per ton in gold. He has one shaft down 140 feet. Mr. Bland has been working this mine for years, doing most of the work himself and making his living out of it.

J. A. Shryock entered upon his duties as postmaster the 1st inst., and will move his stock of goods to the postoffice building as soon as necessary improvements in the way of more rooms are completed.

### Happy Time in Old Town.

"We felt very nappy," writes R. N. Bevil, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for cuts, corns, burns, bruises, boils, ulcers, eruptions. Infallible for piles. Only 25c at all druggists.

### WHITE OAKS.

From the Eagle.  
E. T. Collier reports 500 head of fine Angora kids—this spring's increase—at his ranch.

The oil well of Messrs. Chapman and Ludlam is down 160 feet and indications could not be more favorable. They are feeling good over the outlook and are pushing the work as rapidly as possible.

A very sad accident occurred at the home of Luther Jennings at Parsons. His little boy carelessly threw a precession cap into the heater, and in the evening Mrs. Jennings had a fire started in the stove, and was warning her little baby's feet, with the stove door open, when the cap exploded, stunning Mrs. Jennings and the baby, several pieces of the cap penetrating the baby's feet. The injured baby was immediately taken to Captain where medical treatment could be secured.

Jap Clark, deputy Sheriff, Corona, was in the city Wednesday with a witness to prosecute H. Rue, who was in jail here, charged with horse stealing. Judge Collier came in Tuesday from the ranch, however, before the prosecuting witness could be secured by the officer and discharged the prisoner.

### A FALSE FACE.

When dyspepsia fastens on a man it changes his feelings and it changes his looks. He frowns now instead of smiling. His expression is harsh instead of kindly. He is wearing a false face—a face which does injustice to the real nobility of his nature.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and allied organs of digestion and nutrition, and the record of the cure is written both in the face and the feelings of the person cured.

"Golden Medical Discovery" is not a stimulant or temporary tonic. It cures the diseases that are the cause of ill-health and builds up the body with sound flesh.

Accept no substitute for "Golden Medical Discovery." The sole motive for substitution is to enable the dealer to make the little more profit paid on the sale of less meritorious medicines.

"Last spring, early, I wrote you my feelings and condition," says Mr. A. J. Vanderwater, of 87 West Division Street, Chicago, Ill., "and you advised me to take Dr. Pierce's Golden Medical Discovery, and then write how I felt. I am happy to say I am getting to feel fine. In all I have taken six bottles of the 'Discovery' and four or five vials of the little 'Pellets.' They have done me worlds of good. All my friends say: 'Vanderwater, how well you are looking.' The medicines have made the great change in me; from the slow mope of a man that could hardly crawl, tired and sick all the time, could do no work, to a man who can work, sleep, eat, and feel fine, and that tired feeling all gone away. I am very thankful that I wrote to Dr. Pierce. His 'Golden Medical Discovery' and his little liver 'Pellets' have almost made a new man of me. I feel young as I did at thirty years."

Dr. Pierce's Pleasant Pellets cleanse the clogged bowels.

giving as a reason that there was nobody to appear against him. The officer states that Judge Collier was informed that it would probably be Wednesday before the prosecuting witness could be brought before the court. This is a record of speedy injustice in New Mexico.

Of what does a bad taste in your mouth remind you? It indicates that your stomach is in bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach and Liver Tablets after having once used them. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box at all druggists.

### Not That Kind.

## Railroad Topics

Engine 631 will soon be ready for the road again, having been sojourning in the back shops the past few days.

G. S. Duncan, formerly a clerk in the Santa Fe Pacific store house at San Bernardino, is now to be found occupying a desk in the local storekeeper's office.

California ostriches have constituted some of the recent shipments which the Santa Fe has made. In an ordinary stock car about twenty are crowded together and placed in charge of two keepers, who see that they make the trip across the country in good shape. They are being shipped to France.

Work on the Santa Fe Central railway construction is progressing very smoothly. More teams are being hired and more men put on. It is proposed that after the rock cut this side of Kennedy has been completed, to grade at the rate of one mile a day. The piles for sixteen bridges have been driven and the pile driver is nearing the Arroyo Hondo.

A man named Barton, a section hand, was killed at Texline the other night. His body, cut in two, was found lying beside the tracks in the railroad yards at that place. It is not known how the accident happened, but it is the supposition that the unfortunate man fell from the top of a box car to the rails with the result stated. The victim was about 28 years of age.

Uncommon activity in railroad construction prevails in the territory dominated by St. Louis. It is estimated that not less than 2,000 miles of new railroad lines are under construction in Missouri, Arkansas, Indian Territory, Oklahoma and Texas. Contracts have been let for at least that many more miles, and projected extensions will add another 2,000 miles.

The El Paso-Rock Island Railway company have made a test of the American Placer company's well in Jicarilla. The pump was kept going for several days and the water, so it has been reported, was not lowered an inch during the time. This well is a valuable property and it is not likely that the placer company will sell it so long as the big placer dredge is operated, and the dredge is now said to be running successfully.

The Colorado Fuel & Iron company will erect a railroad to run from the terminus of their Trinidad line to Ponil Park Colfax county. A company of fifteen surveyors has completed the temporary survey which will run through Ponil Park to Bonito Canyon. Ponil Park is a forest of pine trees forty to fifty feet in height, with no underbrush. With the railroad will come several large lumber mills to work up the immense amount of good timber found there.

The Atchison Globe says: Frank Hull, a Central branch passenger engineer, who has been with the company twenty-five years, has resigned. He drew his time and turned in a switch key which was issued to him May 1, 1880. He made a deposit of \$5 for the key, the company agreeing to return the same with 6 per cent interest upon his leaving the service. Upon this agreement Hull received \$11.60, the amount of his deposit with interest. The company now requires a deposit of only \$1 for a switch key.

The Topeka State Journal says: It has been a long time since any report caused such numerous inquiries among the Topeka shompen as that regarding the resignation of J. W. Kendrick, third vice president, and as such the head of the operating department of the road. Mr. Kendrick has many friends here who would be sorry to know of his withdrawal from Santa Fe affairs, and by many no credence is placed in the rumor. It is claimed by some that Vice President Kendrick is at his office in Chicago and has been for some days, and that he has been carrying on the work of his department the same as heretofore. He became third vice president of the road about a year ago.

George W. Smith, formerly general master mechanic of the Santa Fe coast lines, with headquarters at San Bernardino, Cal., is now holding the position of general master mechanic for the Illinois Central at Waterloo, Iowa, and in charge of about 550 miles of road. His jurisdiction is limited to the territory between Freeport, Ill., and Omaha, Neb. It is understood that he is well pleased with the situation there, having control of a good class of men and the motive power of the road being in first class shape. Mr. Smith is still in Los Angeles, Cal., where one of the children has been attending school, but will probably start east to rejoin her husband in a short time, when the school year ends.

**Saved From an Awful Fate.**  
"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by hay fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

### SOCORRO COURT NOTES.

From the Chieftain.  
Jose Estrada has taken out his naturalization papers.

Sylvester Abeyta y Sanchez was tried on a charge of murder and the jury failed to agree.  
The case against Flavio Apodaca, charged with assault with a deadly weapon, was dismissed at the cost of the territory.

George W. Bement vs. The Graphic Carbonate Mining company: Judgment for the plaintiff in the sum of \$12,851.82.

The indictment against John Vivian for larceny was quashed and the defendant was discharged from liability under the same.

Joseph Wiggins plead guilty of murder in the second degree and was sentenced to the penitentiary for the full term of his natural life.

Four cases against A. J. Mackey, raising from the stealing of cattle to assault with a knife with intent to kill, were dismissed with leave to reinstate.

the defendant being ordered to pay the costs.

Rosalio Jaramillo, indicted for assault with intent to kill, withdrew his plea of not guilty, entered a plea of guilty, and was fined \$50 and costs.

H. G. Duell, who was held in custody charged with house breaking and larceny, was released, the prosecuting attorney moving the dismissal of the cases.

Manuel Romero, charged with the murder of Andres Chavez at Frisco a year ago last January, was found "not guilty" by a jury of his peers and discharged from custody.

### Ready to Yield.

"I used DeWitt's Witch Hazel Salve for piles and found it a certain cure," says S. R. Meredith, Willow Grove, Del. Operations unnecessary to cure piles. They always yield to DeWitt's Witch Hazel Salve. Cures skin diseases, all kinds of wounds. Accept no counterfeits. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Night Operator Harry Devol has resigned his position at the Clayton depot and left for Colorado. Lawrence Seeton came in from Denver to relieve Harry.

### Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all druggists.

The Dawson railway is completed from the Santa Fe track at French to the Dawson mines, but as surfacing is now in progress it will be a few days before coal trains commence running.

### Cholera Morbus a Dangerous Disease.

In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by all druggists.

All the boiler-makers which the Santa Fe is sending west to supply the vacancies caused by the strike, are being picked up in Chicago, where advertisements are being printed in the papers that the company wants them to go to Albuquerque, N. M.

### Whooping Cough.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup. —H. J. Strickfaden, editor Worla-Herald, Fair Haven, Wash. For sale by all druggists.

## Pale. Thin

Pale cheeks, white lips, and languid step tell the story of thin blood, impure blood. Doctors call it "anemia." They recommend Ayer's Sarsaparilla. Ask them and they will tell you just why it makes the blood so rich and red.

Anemic people are almost always constipated. Their liver is sluggish. They have frequent attacks of sick-headache, nausea, biliousness. Just one of Ayer's Pills each night will correct these troubles.

J. C. AYER CO., Lowell, Mass.

### ALGODONES.

Special Correspondence.

Algodones, N. M., June 8.—Your correspondent has been accused by several persons here of writing the letters from here which were published in The Daily Citizen of May 30 and June 4, respectively. The charge is not true. Writing falsehoods for publication benefits no one. It is really too bad to try to spoil the chances of being able to do something towards building a smelter here, as there is nothing lacking which is required for a smelter. Here is coal, iron, lead, lime and in fact everything required for fluxing. And ore in abundance in the neighboring mountains.

Balcomb's son and another boy took two of Balcomb's horses and a saddle and bridle belonging to Andres Vigil and left for parts unknown last night. The first crop of alfalfa is all harvested and turned out well.

There is no buff colored brick here, as there has never been a brick burned in Algodones. There are no frame houses here either.

Balcomb's hogpen and a small board shanty for a blacksmith shop has been painted white.

There are no men at work yet on the smelter, but we are hoping to see something done this coming week.

### Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Alvarado Pharmacy.

### Shot Through the Window.

While Operator Baxter, who does night duty at the Santa Fe depot, was working at his ticker at 9 o'clock in the morning there was a pistol shot outside, a crashing of glass and a bullet passed in unpleasant nearness to his head. It is the general opinion that the man who fired the shot thought he was shooting at George W. Troutman, the night watchman at the Santa Fe depot. This is the only plausible explanation of the shooting, because Operator Baxter says he knows of no one who would want to take his life, while Mr. Troutman, in his efforts to fill his duties as watchman, has made some enemies. No clue to the would-be assassin has been obtained. Mr. Troutman was not in the room with Operator Baxter, but it is supposed the man thought Mr. Baxter was Mr. Troutman.—El Paso News.

### Bids Wanted.

The Board of Education of the city of Albuquerque invites bids for the erection and completion of an addition to the Fourth ward school building; also a bid for an addition to the Second ward school building; also for the heating and plumbing of said buildings, all from plans and specifications prepared by Edward B. Cristy, architect. A certified check for 10 per cent of the bid must accompany each bid, check made payable to L. H. Chamberlain, treasurer of the school board. Plans and specifications may be seen at the office of the architect, room 27, N. T. Armijo building.

Bids will be opened in office of the board of education on Thursday night, June 12, 1902, at 8 o'clock. The board reserves the right to reject any and all bids.

Concerning Trade Tricks.  
The old saying that there are "tricks in all trades" has outlived its truthfulness, if there ever was any truth in it. This store does not countenance tricks of any sort to catch the unwary. The plain, simple policy of buying good merchandise and selling it at a just profit is what has gained for us the public confidence. What you read in our "ads" you can see in our store. People with money to spend naturally go to the safe trading place.—Golden Rule Dry Goods Co.

## Maidenhood and Womanhood

At the threshold of wedded life with its cares and responsibilities, what more appropriate could a bride consider than a box of the medicine that will keep the new family in perfect health.

"I took Cascarets myself and they are fine. I have been giving them to my children with best results."—Mrs. Davis, 415 E. Capitol St., Washington.

"Cascarets are the best medicine I ever tried. I cannot be too grateful for them."—Mrs. Ella Sanders, Fox, Mo.

"I was for a long time troubled with constipation and catarrh of the throat. Am now using Cascarets with good results and am satisfied I will be entirely cured."—Mrs. H. P. Youmans, 4111 Champlain Ave., Chicago.

"I have used Cascarets and must say they are wonderful. I recommend them to all my lady friends."—Mrs. J. H. Mayes, Charleston, Ia.

There are many physical disturbances of the bodily functions connected with the change from maidenhood to womanhood, and the health and wholesome life not only of the bride, the new wife and prospective mother, but that of the new generation that is to be, depend upon keeping all operations of the digestive canal regular and natural with Cascarets Candy Cathartic, the only medicine that will do it gently yet surely without grip or gripe.

Mrs. Henry Kauefer, wife of a well known blacksmith at the J. Korber & Co. carriage repository, is now an inmate of the St. Joseph sanitarium, where she has been taken to have performed an operation for tumor.

Forest McKinley, special agent of the general land office, passed through the city for the southern section of New Mexico last night. He is after certain people who commit depredations on government timber land.

M. R. Williams, superintendent of bridges and buildings on the Winslow division of the Santa Fe Pacific, and Dan J. Elliott, roadmaster on the New Mexico division of the Santa Fe, were passengers for Las Vegas this morning.

Next Sunday morning, at the San Felipe de Neri church in old town, there will be a christening, and the son of Mr. and Mrs. Tony Miehlebach will be the interesting chap. The happy father is already prepared to entertain the invited guests in a royal manner.

Chris. Lamporter, of the firm of Jacob Korber & Co., returned to the city Sunday morning after a protracted visit to Los Angeles. He went to southern California in search of health, and today states that he returns feeling as young and healthy as a man of 25 years of age.

W. S. Moss, of Trinidad, who represents L. M. Crawford, the opera theater "magnate" and "lessee," was here yesterday, but he did very little, for the reason that he had no money to liquidate Crawford's indebtedness or authority to pay any of Crawford's promises, which had never been met.

Per agreement, the clothing stores of the city keep closed doors on Sunday, and the merchant who violates the agreement pays a fine of \$25. Hereafter all who wish to patronize the clothing stores, and heretofore put off the duty until Sunday morning, must govern themselves accordingly in the future.

Mrs. Jane Griffith and daughter, Mrs. J. E. Griffith, and her daughter, Miss Lena, passed through the city this morning, en route from their home at Socorro to Colorado Springs, where they expect to spend the summer. Mr. Griffith, district clerk of Socorro, and husband of Mrs. J. E. Griffith, expects to follow the party in a few days.

The Ladies Aid society of the Congregational church will hold its regular business session next Thursday afternoon at 3 o'clock, at the home of the president, Mrs. Carl Hopping, 737 South Edith street, corner of Simonds avenue. A full attendance is desired. Anyone who is interested in this society is cordially invited.

H. A. Pease, the well known and popular editor and publisher of the Holbrook, Ariz., Argus, came in last night after a visit to his old home in Michigan and Canada, and stopped over here for a day. He was accompanied to the southwest by Col. L. Dillabaugh, of North Williamsburg, Ontario, and introduced the gentleman at The Citizen office this morning. Mr. Dillabaugh intends to locate at or near Holbrook. They will continue westward tonight.

Manager Billy Martin, of the Santa Fe base ball team, has written to Harman Wynkoop arranging for two ball games, one to be played in Santa Fe next Sunday and the other to be played at the fair grounds the Sunday following. Each team has won a game from the other this year and are very evenly matched. The games are bound to be interesting, as Mr. Martin has a habit of strengthening his team in the weak places when they are to be pitted against the Browns. With him it is anything to beat the Albuquerque team regardless of expense. It makes the games interesting, however.
