GONE TO NEW YORK

Mitchell Will Confer With Wright.

Rumors of Peace Were Revived.

Superintendent Kudlick Attacked by Wives of Striking Miners.

THE COAL SITUATION.

Wilkesbarre, Pa., June 9.—President Mitchell left here at 11 o'clock today for New York, where he will meet Carroll D. Wright, United States commissioner of labor, at 7 o'clock this evening. He expects to return to this city tomorrow morning. Mr. Mitchell went to New York at the request of Mr. Wright, with whom he was in communication today. When this information became known rumors of peace were revived and for a while flew thick and fast. Mr. Wright, it is believed, will directly represent President Roosevelt. According to Washington dispatches, Mr. Wright and Senator Hanna have held conferences with the president during the last two days on the strike situation in the anthracite field. Whether Mr. Wright carried a plan for peace is not known at this time. Mr. Mitchell said before leaving he did not know what Mr. Wright wanted to see him for.

What Wright Says.

New York, June 9.—Carroll Wright, United States commissioner of labor, said today for him to tell whom he expected to see or what he intended to do might seriously interfere with his investigation of the anthracite coal miners' strike. He said under sections 7 and 8 of the laws under which the labor bureau operated it charged the commissioner to investigate and report on all labor disputes. "Of course," said Mr. Wright, "I cannot interfere or act as arbitrator. Although possessing no power under existing conditions, as a patriotic citizen, President Roosevelt is interested in settling this trouble. He cannot interfere, but he can advise or suggest and an official investigation may reveal chinks in the situation which have not as yet been touched upon in the general report and upon which he may be able to act. He wants all the information obtainable and all the energies of my department are being directed to that end. Perhaps we may be able to discover something below the surface. I shall hold a conference this afternoon and do not anticipate I shall have any trouble in getting the information asked for."

Men Imported.

Wilkesbarre, Pa., June 9.—"Lightning" press which has been in progress since the anthracite coal strike began four weeks ago, today, continues. All classes of trades unions in the hard coal belt have taken a hand in helping miners and now the long predicted move of railroaders has been made. The decision of these men at meetings in different parts of the region yesterday to refuse to aid the companies in the fight against the miners encouraged the strikers greatly. It is reported sixty-eight new men were taken in to No. 5 colliery of the Susquehanna Coal company, at Nanticoke early today. It is not yet known whether the men are to man pumps or be placed on guard duty. A crowd gathered near the colliery, but no demonstration was made.

Officers Not Needed.

Hazleton, Pa., June 9.—Superintendent Kudlick, of Coxe Bros., was attacked by women on the streets of Freeport today, but was not injured. The strikers gathered today at Hazleton and Jeddo to intercept traction cars carrying non-union men to the north side collieries. Sheriff Jacobs, on learning the strikers' intention, started with eight officers to prevent the demonstration. The mine workers learned the sheriff had been appealed to for protection and to make interference on his part unnecessary. District Secretary Gallagher preceded Sheriff Jacobs to Freeport. He persuaded the strikers to return to their homes and when the sheriff and officers came along no strikers were in evidence.

Refused to Strike.

Middlesboro, Ky., June 9.—About 5,000 miners and coke workers in Buchanan county, West Virginia, and Wise and Scott counties, Virginia, refused to obey the strike orders and are at work.

REFUSED TO AMEND.

No Changes Made in Anti-Anarchy Bill.

Washington, June 9.—When the house met today the pending question was on a motion by Mr. DeArmond, of Missouri, to recommit the anti-anarchy bill with instructions to strike out section 3, which made the killing of foreign ambassadors and ministers punishable by death; and section 13, which creates the legal presumption that in all prosecutions under the act that the officers are engaged in the performance of their official duty at the time the offense was committed. It was lost by 71 to 225. A vote was then taken upon

the postoffice bill, Mr. Lanham, of Texas, demanding the yeas and nays. The bill was passed by 175 to 35.

A Resolution was adopted calling upon the secretary of state to complete a list of American citizens now detained as prisoners of war in South Africa and for information as to what action is being taken to secure their release.

JONES WAS UNSELFISH.

Charges Against Commissioner of Indian Affairs Not Sustained.

Washington, June 9.—In the senate today a report was made from the committee on Indian affairs which investigated the conduct of W. A. Jones, commissioner of Indian affairs, with respect to leasing certain Indian lands at Standing Rock reservation, South Dakota. The committee charged there is no foundation for the charges made and the conduct of Commissioner Jones was entirely unselfish. The report was agreed to. Mr. Simmons, of North Carolina, then addressed the senate in support of the bill for a forest reserve in the southern Appalachian mountains.

On the conclusion of Mr. Simmons' speech, consideration was begun on the naval appropriation bill.

FATHER PITOUVAL NAMED.

Appointed Auxiliary Bishop to Archbishop of Santa Fe.

Washington, June 9.—Father Pitouval, now of the Colorado diocese of the Catholic church, has been appointed auxiliary bishop to the archbishop of Santa Fe.

Strike Settled.

Granite City, Ill., June 9.—The strike of molders, core makers and helpers at the American Steel Foundry, was settled today by arbitration. It is agreed as favors the strikers.

MEMORIAL SERVICE.

The Woodmen of the World Remember Their Dead.

A BEAUTIFUL CUSTOM.

Yesterday was observed as memorial day by the Woodmen of the World of this city, who held exercises and strewed flowers on the graves of their dead at Fairview cemetery. The members of the order assembled at Odd Fellows' hall and, headed by the Italian band, marched to the cemetery. The ladies of the Woodmen's circle followed in carriages and nearly every member of both organizations was present. At the cemetery the impressive memorial service of the order was given in full and the flowers were laid reverently on the graves.

The speaker of the day was O. N. Marron, who said in part:

"It is well for brothers to dwell together in harmony. The truth of that saying was never in all my observation better illustrated than in the beautiful custom which you, gentlemen of the Woodmen of the World, have in observing this memorial day. Your order and your organization not only teaches and practices the principles of fraternity when the members are in life, but you also by the observance of this memorial day keep green the memory of the brother gone before; and as you strew their graves with garlands of sweet flowers the recollection of the deeds well done by them, acts as an inspiration to the living in perfecting the work of fraternity."

"Fraternity is a God-given principle implanted in every human heart. Man is born to assist his fellow man. Each needs the other's help. Man left to himself is absolutely powerless, but united with others he is irresistible. You and I in the different mutations of life, desire sympathy, encouragement, counsel, support and assistance of every kind, moral and material. How many of us, O, how many times, have felt the pang of utter desolation and the unspeakable longing for some one with whom we could fraternize; some one to whom we could go for the sympathy and support which at those times our very natures craved. And if mankind would but realize that our highest mission here is to be fraternal and that true fraternity means brotherhood, how much better and more bearable our conditions. Remembering that today I may be the dispenser and you the recipient, tomorrow conditions having completely changed, I am the one to whom is given that encouragement moral and material, and you the giver thereof. And if our giving and receiving be prompted and controlled by a spirit fraternal which is the ideal of love and charity, then indeed will fraternity have succeeded in accomplishing its very highest and noblest aim."

"Fraternity in its most perfect type is found in the home life. The very structure of the home is reared upon a foundation which has for its cornerstone the sweetest charity, and around and upon that foundation is erected the grand and massive temple of perfect unity; and within that temple is seated enshrined in all pomp and glory the god of brotherly love whom we all adore. The fraternities of the world which have for their object the generous spreading of the beneficent blessings of the principles inculcated in the home life are found there as I say in all their perfect beauty and grandeur, make the persons who belong to them better men and better women in that their object is to make their fellow beings better than they find them."

FATALLY INJURED

Fire Chief Was Rescuing a Woman.

Graduating Exercises Interrupted by Lightning.

Heavy Wind and Thunder Storm at Columbus, Georgia.

AGAIN IN ERUPTION.

Saratoga, N. Y., June 9.—One person was killed, one fatally injured, two others severely hurt and a number are reported missing as the result of a fire here early today. The property destroyed was valued at \$300,000, with an estimated insurance of \$175,000.

The one killed was Mrs. Mable. The injured are Fire Chief Chadwick, badly injured about the head and fatally, it is feared; Mrs. Hart and a servant girl whose name is unknown. The missing are Mrs. Owens, Mrs. M. C. Hart, Mrs. Ahern, David Howland and wife, Mrs. Morris, Miss Morris and Miss Ida Foster.

The fire started in the Arcade building on Broadway and destroyed that building, together with the Shackelford and the Theater Saratoga. Chief Chadwick was injured while rescuing Mrs. Hart from one of the burning buildings. He is believed to have caused five fatalities besides the death of Mrs. Mable.

STRUCK BY LIGHTNING.

Was a Church During High School Graduation Exercises.

St. Joseph, Mo., June 9.—During the graduation exercises of the Odell, Neb., high school at the First Methodist church, lightning struck that edifice, demolished the tower, and rendered several spectators and graduates unconscious. It is believed no deaths will result.

KILLED BY LIGHTNING.

Thunder Storm Did Great Damage at Columbus, Ga.

Columbus, Ga., June 9.—A heavy wind and thunder storm passed over the city last night, causing the death of two men and perhaps the fatal injury of a third. It did considerable damage to property.

The dead are J. J. Willis, a carpenter and Louis McLain. The injured is M. C. Cochran. Willis was struck by lightning while standing under a tree in company with Cochran. The same bolt killed McLain, who was just across the river in Phoenix City. Several dwellings were struck by lightning or unroofed by the storm.

Alarmed by Volcanoes.

Kingstown, St. Vincent, Saturday, June 7.—During the great eruption of Mont Pelee on the island of Martinique, yesterday morning, detonations were heard in the neighboring islands and heavy clouds of smoke issued simultaneously from Soufriere volcano on this island, which alarmed the inhabitants.

Torrell was Nominated.

Washington, June 9.—The president today nominated Henry Torrell to be United States attorney for the western district of Texas.

CORPUS CHRISTI FEAST.

Tierra Amarilla Thronged With People Singing and Chanting Prayers.

A special dispatch to the Denver News from Tierra Amarilla, dated June 5, says:

The holy festival of Corpus Christi was generally observed by the people of this section, commencing with a procession and services in this town last Thursday, and ending on Sunday with a grand street procession and services at the big church in Park View, two miles from this place. Corpus Christi is one of the principal festivals of the year in Roman Catholic church, and as about nine-tenths of the people of this section are of that faith great preparations were made for a proper observance of the occasion. The Corpus Christi procession is an imposing affair. On Thursday after solemn services in the Tierra Amarilla church, the procession, composed of about 500 men and women, the latter taking precedence, formed and marched through the principal streets. A number of young girls dressed wholly in white, with long white veils, headed the column, which was in two lines some distance apart, while down the center marched a number of little girls dressed in white and carrying flowers, the choir boys following. In the rear, and under a canopy carried by four men, was Father Jouveaux, in priestly robes, bearing the holy host. Arriving at the altar on the plaza the procession performed various evolutions, chanting the appropriate services, the multitude kneeling in the street with heads uncovered. After the short service, benediction was pronounced and flowers scattered over the altar. The procession reformed and marched back to the church, singing all the mass. At the church the solemn service was concluded. On Friday and Saturday the services

and observances connected with the holy festival were continued in the church. On Sunday the festival was concluded at Park View, with another grand procession and benediction. Three magnificent altars were erected in the principal street and the procession halted at each, knelt in the street, and with uncovered heads and devout attention listened to the benediction and joined in the chanting and singing.

Fell Between the Cars.

D. E. Martin, an extra brakeman between Raton and La Junta, fell between the cars of a freight train at the north end of the Raton tunnel on Tuesday morning about 1 o'clock, while in the act of stepping from one car to another, says the Reporter. Five cars and the way car passed over him severing both legs from the body at the hips. He was brought to Raton, where everything possible to alleviate his suffering was done, until he expired at 6:30 a. m. His body was shipped to his parents near Emporia, Kas.

Work on the new freight depot is progressing nicely. The roof of the office building is being put on today.

The store room on Railroad avenue, formerly occupied by S. E. Newcomer, the stationer, is being repaired, painted and repapered for the reception of "The Iceberg" saloon, heretofore located on South Second street.

Mrs. B. A. Sleyester, who was subjected to an operation at St. Joseph's sanitarium yesterday, is resting easy today, the operation being successful. Drs. Easterday and Hope, assisted by Drs. Corraish and Wroth, performed the operation.

H. B. Shade, a paper hanger in the employ of the C. A. Hudson, and Miss Jesse Waite were united in marriage last Saturday night at the home of the bride, corner of Second street and Copper avenue, the nuptial knot being tied by Rev. C. A. Linker.

SAN FELIPE DAY.

Patron Saint of Old Albuquerque Was Honored Yesterday.

GREAT CROWDS PRESENT.

Yesterday was a gala day in Old Albuquerque, as the annual celebration in honor of San Felipe de Neri, the patron saint of the Old Town, was held. Those who usually throng the streets and park on this side braved the heat and dust and went over to the old plaza to see the procession, while early in the morning people came in from the villages for miles around. It was a gala day and in spite of the heat every one was happy. The celebration commenced at 7:30 Saturday evening when the solemn vespers service was said in the famous old church. Yesterday morning at 11 o'clock low mass was said in the church and from that time until the parade in the afternoon the people rested in the plaza. The bright colored dresses and the decorated arches and colored lanterns which were hung over the plaza made a brilliant scene and there was a great crowd of spectators by the time the parade started, a little after 4 o'clock.

The procession was led by the marshal on horseback carrying a flag. He was followed by the Italian band and then came a double line of gaily dressed children led by the cross bearer. The women's societies of the church marched in a double column, followed by the men's societies in full regalia. The Jesuit Fathers, in their gorgeous robes of yellow and white, followed in a body.

The Old Albuquerque band led the second division, which was composed of those not in organizations and a line was formed which extended many times around the plaza.

After the parade disbanded in front of the old church, a band concert was given. Early in the evening the people gathered for the final exercises which were held on the plaza. An eloquent address was delivered by Hon. Nestor Montoya and then the myriad of colored lanterns all through the plaza were lighted. While the band played, an exhibition of fireworks was given from the stand in the center of the plaza and thus the celebration was brought to a close. It was an interesting celebration and one that will not be forgotten by the visitors.

In District Court.

The court this morning tried the case of J. A. Weinmann vs. Southwest Brewery association. Suit for recovery of \$300 on alleged breach of contract by defendant. The contract, reduced upon was one claimed to have been made on June 1901, for a lease for one year of the premises now occupied by Ruppe's drug store, plaintiff claiming that he held the building three months, when the defendant refused to occupy it. The court held that even if a contract had been proven, that under the terms of the verbal lease alleged it fell under the provisions of the statute of frauds, and could not support a recovery unless in writing signed by the party now charged.

Water Not Bad.

James H. Paxton who for six years lived here and was instructor in Latin and Greek in the university, has gone to El Paso where he will open a law office. Mr. Paxton had grave doubts about the water there but in writing to a friend here he says "I took a bath in it yesterday and found it very good indeed."

DESPERATE MEN

Killed Three Guards and Escaped.

Four Persons Injured in a Collision.

A Pretty Race for the Governorship of Pennsylvania.

ONLY MASTERSON FINED.

Salem, Ore., June 9.—Two desperate prisoners, Harry Tracy, sentenced to twenty years, and David Merrill, a thirteen-year man, both serving sentences for assault and robbery from Multnomah county, escaped from the penitentiary this morning after killing three guards, Frank Ferrell, Shop Guard R. R. Jones and Ben Tiffany, a fence. The prisoners had just marched into the foundry for work at 7 a. m., when Tracy suddenly appeared armed with a rifle and shot Guard Ferrell, killing him almost instantly. Ingram, a life prisoner, attempted to take the rifle from Tracy, when Merrill shot Ingram through the leg, shattering it. Other prisoners were forced at the point of a pistol to take a ladder to the wall, when the two armed men escaped. Going outside, they shot Guard Jones dead at a distance of 150 yards. Guard Tiffany, after being wounded, jumped off the fence and followed the men, shooting at them when they killed him. The prisoners then escaped into the woods. A posse of forty men is out after the prisoners and have them located in the woods half way between Salem and the reform school. The men are desperate and a battle is expected. The prisoners are armed with two rifles and two revolvers.

FOUR WERE INJURED.

Colorado Southern Passenger and a Fish Train Collide.

Denver, June 9.—A collision this morning between a west bound passenger train on the Colorado & Southern and a fish train resulted in the serious injury of Samuel Lovejoy and Al Latham, engineers; M. Elliott, a fireman, and J. J. Hausfinger, a messenger. It occurred just on the outskirts of Denver.

A CLOSE CONTEST.

Race for Governor of Pennsylvania is a Pretty One.

Harrisburg, Pa., June 9.—The result of the fight for the republican nomination for governor is still in doubt, with the chances about equal between Judge Samuel W. Pennypacker, of Philadelphia, and Attorney General John P. Elkin, of Indiana. Pa. Ex-Lieutenant Governor Louis A. Walton, of Scranton, claims to hold the balance of power, and much depends on the thirty-six delegates from Allegheny county. Until it is known for a certainty how they will vote there will hardly be a material change in the situation. Senator Quay will be a candidate for state chairman if Pennypacker wins.

Only Masterson Fined.

New York, June 9.—William (Bat) Masterson, J. E. Sanders, Leopold, Frank and James C. Sullivan, arrested Friday night on the charge of having swindled George A. Snow by means of a "brace" game of faro, were arraigned today and discharged. Masterson was fined \$10 for carrying concealed weapons.

Men Still Idle.

Denver, June 9.—Although the strike of the building trades was settled Saturday night, so far as the building crafts are concerned, the men still are not working. The employers have declared they will not take the men back unless their unions withdraw from the building trades council. A lockout is now in force.

English Team Won.

London, June 9.—The American and English teams continued to play today in the polo tournament. The latter won by six goals to one.

ODD FELLOWS' LODGES.

Listened to a Memorial Address at St. John's Church.

The Independent Order of Odd Fellows yesterday observed their memorial day and the lodges invited Rev. Robert Renison of St. John's Episcopal church to deliver a memorial address in place of the regular sermon at the morning service. Harmony lodge, No. 17, Albuquerque lodge, No. 1 and Rebecca lodge, No. 31, attended St. John's in a body. An eloquent address was delivered by Mr. Renison and appropriate special music was rendered.

Back Again.

Mrs. Jennie Meyer, the wife of A. H. Meyer, arrived from Denver on No. 1 last evening where she was visiting her son, Thomas Hedden, and daughter, Mrs. Ed Rasmus, for the past few weeks. Mrs. Meyer and sister, Mrs. Lizzie Warnock, of Aspin, Col., went to Nashville to visit their brother, Thomas Knight. Mr. Knight is a popular railroad man, having been an employe for

twenty-nine years on the Nashville & Chattanooga road. They also visited their uncle, James Darion, of Decherd, Tenn., and uncle Asa D. Oakley, of Hillsborough. Mrs. Meyer says they had a fine time in the south at her old home, though she is glad to get back to Albuquerque. Mrs. Meyer is well known here where she was in business and conducted the Union hotel on South First street. Mrs. Meyer had a place of business on North First street and was burned out two years ago and went to Phoenix. Mr. Meyer will join his wife here soon and The Citizen will gladly welcome them back to the city. Mrs. Meyer is a lady who has a kind word for everybody and is shaking hands today with hosts of friends. Good luck to Mr. and Mrs. Meyer.

MANUFACTURED TOOTHPICKS.

Herman Folsler Objected to Being Locked in a Room.

Herman Folsler who was a meat carver at the Alvarado became convinced Saturday the hotel needed more tooth picks, so he carved a door up. As a preliminary he took on board much strong water and got in a quarrel with another of the employes. This was stopped by locking him in his room. Folsler evidently had a cleaver or rip saw in his room for he went to work on the door. Just as he had cut a door within the door he stepped out and found Sheriff Hubbell and Officer Harry Cooper waiting for him as an official reception committee. On his promise to quit the place, he was not arrested, but by evening he decided to go back and complete his work on the door. This time Officer Cooper served on the escort committee and this morning he paid Judge Crawford \$10.

Two drunks were given five days each. One has been a patient at St. Joseph's sanitarium but is a convalescent. Yesterday he came down town and tried stimulants and then tried to run the hospital. The other was taking a nap on the sidewalk.

NOTABLE ADDRESS.

The Baccalaureate Sermon Delivered by Father Mandalari.

A FINE PROGRAM.

At 3 o'clock yesterday afternoon the baccalaureate exercises of the University of New Mexico were held in Colombo hall before a highly appreciative audience. After the singing of "America" by the audience the invocation was delivered by Rev. C. A. Bunker. "Remember Now Thy Creator," by Dudley Buck, was delightfully sung by John Graham McNary, the well known baritone of Las Vegas. Mr. McNary has a beautiful voice and his singing was highly appreciated.

President W. G. Tipton read a selection from the scriptures, after which there was another pleasing solo in "Father in Heaven," by Luigi, as sung by Mrs. T. J. Shinnick. A violin and piano duo, "Fantaisie de Auber," was given by Andrew Avelson and Mrs. Mabel Himcoe; and a vocal duet, "Ave Regina," by Adam, by Mrs. Shinnick and Miss Armijo.

The baccalaureate address was delivered by Rev. A. M. Mandalari, S. J., and it was a scholarly effort. He held the undivided attention of his audience.

"Education comes from the Latin educo, which according to Plato, the greatest exponent of metaphysical science, means to give the faculties of body and soul of man all the development of which they are susceptible. It follows that education includes, according to the etymology of the word, beauty, strength, health, which are the qualities of the body and learning and virtues which are the noble qualities of the soul. Primary education must therefore include religion, as the practice of virtue is impossible without religion. The school room is the nursery of society now, according to the opinion of the greatest statesmen and philosophers, and no society can stand unless it be built upon religion. Washington says in his farewell address that the dispositions which lead to political prosperity, religion and morality are indispensable supporters. Where is the security for property or for life if the sense of religious obligation deserts the oaths which are administered in our courts of justice. And let it not be supposed that morality can be maintained without religion."

He took up historical facts to show that education has been assisted and fostered by religion and he said that under Henry II. Oxford had as many as 30,000 students.

A Mine Contest.

B. H. Dye of White Oaks came in yesterday and last evening left for Socorro with his attorney, W. B. Childers. Mr. Dye and his associates are engaged in contest for the Compromise mine which is considered one of the best propositions in the White Oaks district. The case will come up tomorrow. H. B. Ferguson who represents the other side also left last night.

MORE TEACHERS NEEDED.

Secretary Root has received an
unique and interesting letter from
Eliphe Buenacamino, the Filipino who
has just completed his testimony be-
fore the house committee on insular
affairs. The letter, in part, is as fol-
lows:

"I have concluded my statements be-
fore the committee on insular affairs
of the house of representatives, and I
have attempted to show to the honora-
ble members thereof that the following
are most urgent requirements of the
Philippines:

"A civil government with full powers
for the reconstruction of the ruined
governmental organizations of the
Philippine people.

"A legislature composed of a high
and low chamber, with the provision
embodied in the bill reported by the
committee of the house.

"The appropriation of \$50,000 per
annum from the Philippine revenues
for the purpose of sending Philippine
students to the United States, giving
preference to those who wish to study
industry, commerce and agriculture.

"Full amnesty after a declaration of
peace.

"Increase of the number of teachers

to 6,000, with an increase of their salar-
ies to double what they are now re-
ceiving.

"In answering the objections of the
democratic members, I accidentally
brought to the attention of the commit-
tee the humane conduct of the army
and the enormous and excellent work
performed by the Philippine civil com-
mission in organizing a provisional
government under the wise instruc-
tions received from you and the intel-
ligent direction of Governor Taft.

"This government now established,
which is to the Filipinos of the middle
and lowest classes highly satisfactory,
will be reinforced by the provisional
measure pending before the house to
the satisfaction of the higher and intel-
ligent classes.

"I conclude with the statement that
there is a real complaint in the Phil-
ippines from the owners of houses and
other buildings occupied by the Ameri-
can forces, because in some cases
these owners receive no pay and other
cases an unduly low rental is paid.

"There was a military tribunal of
claims, but the decisions of the same
were very arbitrary in the opinion of
the public."

A Real Friend.

"I suffered from dyspepsia and indig-
estion for fifteen years," says W. T.
Sturdevant, of Merry Oaks, N. C. "After
I had tried many doctors and
medicines to no avail one of my friends
persuaded me to try Kodol. It gave
immediate relief. I can eat almost any-
thing I want now and my digestion is
good. I cheerfully recommend Kodol."
Don't try to cure stomach trouble by
dieting. That only further weakens the
system. You need wholesome, strength-
ening food. Kodol enables you to as-
similate what you eat by digesting it
without the stomach's aid. J. H.
O'Reilly & Co., and B. H. Briggs & Co.

WHAT CAUSES DANDRUFF.

Greatest European Authority on Skin
Diseases Says It's a Germ.
The old idea was that dandruff is
scarcely of skin thrown off through a
feverish condition of the scalp. Prof.
Unna, Hamburg, Germany, European
authority on skin diseases, says dan-
druff is a germ disease. The germ
burrows under the scalp, throwing up
little scales of cuticle and sapping the
vitality of the hair at the root. The
only hair preparation that kills dan-
druff germ is Newbro's Herpicide.
"Destroy the cause, you remove the
effect." Not only cures dandruff, but
stops falling hair and causes a luxuriant
growth. Delightful hair dressing.

Socorro-Las Vegas Game.

In its article on the ball game between the Las Vegas and Socorro ball teams the Socorro Chieftain has this to say:
The game was without sensational features. Haverly, the left handed phenomenon, pitched a beautiful game for the home team. It was amusing to see the looks of surprise and chagrin on the faces of the visitors as they took their places at the bat and smashed one, two, three great holes on the atmosphere with the regularity of clockwork. Nobody could have done better work behind the bat than McDonald did. Howell, Wilson and Emilio Baca were true to their excellent records. Charles Rhodes, the diamond

stud twirler for the visitors, pitched three innings and then retired, tired at seeing his fielders chase the flying sphere. Seven runs were debited to Rhodes' account in these three innings. It must be said of the Las Vegas team that they tried hard. Even when it seemed as though they would be shut out they never lagged in their efforts. When Otero finally succeeded in crossing the plate in the seventh inning he was presented with an elegant bouquet by a lady in the grand stand. The visitors conducted themselves in so many a fashion during their stay in Socorro that there are many here who wish their better success should they come again.
The score was 15 to 4 in favor of the Socorro team.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by all druggists.

Old Town Reds Win.

In a game of base ball played between the Old Town Reds and the Indian school base ball teams, at the Indian school grounds, Saturday, the Indians were defeated by a score of 12 to 3.
It was a good game with the exception of the fourth inning, when the Reds hit the horse hide for eight runs. Shepard's work in the box was the feature of the game. He struck out twelve men.

The score by innings:
Old Town . . . 3 0 0 8 0 0 1 0—12
Indian School . . . 0 0 1 0 0 2 0 0—3
Batteries: Old Town—Shepard and Rains; Indian School—Lerry and Lobato.
Umpire—McDonald.

Constipated Bowels.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 North Main street, Wichita, Kan., writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50c at Cosmopolitan Pharmacy, B. YAQUIS RAIDING.

Ricardo Johnson, an American Miner, Killed by Indians in Sonora.
A special from Tucson, Arizona, under date of June 6, says:

News has just reached Guaymas that Ricardo Johnson, son of the most prominent American in Sonora, and himself quite a factor in that country, was shot and killed Wednesday by a band of Yaquis, who raided the country between San Marcial and Tecolote, pillaging, burning and killing indiscriminately. The younger Johnson had some mines in that country, and made headquarters at the ranch of Alejandro Rodriguez, near Tecolote.
Runners coming from both San Marcial and Tecolote brought only meager details of the murder of Johnson. The Mexicans were so terrified by the raid that the did not s.o.p for details; but

sent messengers to Guaymas at once asking for aid. The Yaquis were divided into small bands and Johnson was surprised by one of these bands and murdered.

General Torres, strongly reinforced, is again advancing to meet the Yaquis in the Matazan mountains. He expects to put down the uprising in short order if he succeeds in engaging with the Indians before they cross into the mountains along the Yaqui river. If they succeeded in entering these mountains with their present numbers and armament, the situation will be grave and large numbers will join the uprising. These mountains are very inaccessible.

Hermosilla is now guarded by state troops. All government troops have joined the forces under General Torres. Hermosilla is practically under martial law. No vehicles are allowed on the streets and guards have been placed on every corner. Yaqui chiefs have entered the city in the guise of loyal Yaqui laborers, and have persuaded many Yaqui servants to join the uprising. The Mexican authorities are surprised that the Yaquis are so well armed with Mausers, and it is presumed that they have been collecting them for a long time in contemplation of an uprising.

THE DAM MATTER.

President Called Upon to Transmit
Documents in the Case.

A CULBERSON SUGGESTION.

A special dispatch from Washington to the Denver News, under date of June 6, says: At the request of parties who are interested in the distribution of the waters of the Rio Grande in New Mexico and Texas, Senator Teller today secured the passage of a resolution calling upon the president to transmit to the senate various documents and letters relating to the international dam at El Paso. The request enumerates some thirty-three documents, including the draft of the treaty negotiated between Mexico and the United States during the regime of Secretary Olney. The senator in 1898 received many papers in the international dam case in response to a resolution then passed. Senator Teller's resolution calls for such of the remainder of the correspondence and papers as can be sent to the senate without affecting public interests. The letter and documents mentioned date as far back as 1885, and as late as 1892. The latter date pertains to a letter sent by Delegate B. S. Rodey of New Mexico to the secretary of state on March 5. Mr. Rodey said today that there is a desire on the part of those who are fighting the construction of the dam at El Paso to have all the available information. The papers when received will be printed as a public document.

Senator Culberson, who favors the construction of the \$4,000,000 dam at El Paso, in order to compensate Mexico for damages on account of alleged usurpation of the waters of the Rio Grande, has given notice of an amendment he proposes to offer to the bill authorizing statehood for New Mexico, Arizona and Oklahoma, when it comes up. This amendment will provide that the government shall retain control of the waters of the Rio Grande. It is rumored here that the Elephant Butte Dam company, which is one of the chief factors in opposing the construction of the international dam, will be backed by the Santa Fe Railway company in the construction of its dam in Mexico. It is proposed to make the dam much larger than was at first intended and thus be able to grant to the city of El Paso water at the equitable price for which it has been contending and provide for a greater scale of operations in the Rio Grande valley.

KILLED BY A BRIDGE.

Engineer W. F. Bendler Killed at Devil's Gap Tuesday Night.

William F. Bendler, who was one of the most popular men in the service of the Santa Fe at this point, met death Tuesday evening, June 3, while in the discharge of his duties, says the Raton Reporter.
Bendler was coming down the Raton mountain with a light engine, the 436, and when near bridge 189, at Devil's Gap, about three miles north of Raton, leaning out of the gangway to examine his engine, which was making an unusual noise, when his head came in collision with the side of the bridge, knocking him off the engine, crushing the back of his head and breaking the neck. His fireman, Perry Barton, immediately stopped the engine, and hurrying to his side found that he was just gasping his last, life becoming extinct a moment later. Barton put the lifeless form of his engineer aboard the engine and was soon on the Raton when the news of the accident spread rapidly and the deepest regret was expressed by his many friends. He was taken to Dr. Sneller's office and then to Undertaken Fry's parlors.

The remains were kept here until Thursday awaiting the arrival of a brother. Services were held at the residence of Chas. P. Miller, Thursday afternoon. The floral offerings embraced some beautiful and elaborate designs. The offering of the B. of L. F. was a broken column, that of the Engineers a large wreath and from the Knights of Pythias a triangle. The body was taken on No. 2 Thursday evening accompanied by his brother, and the following guard of honor: A. T. Carter, of the B. of L. F.; C. P. Miller, of the Engineers, and C. J. Perkins, of the Knights of Pythias. Bendler's engine, the 436, took the train out of Raton and was beautifully draped with white and black.

BROOKMAN-CLEMENTS.

A Young Man, 25 Years Old, Marries a Rich Widow of 45.

The Denver News of last Friday, which reached here on one of the delayed passenger trains, contained the following marriage notice of interest to friends of the groom in this city, he having resided here with his parents several winters:
The culmination of a pretty romance was reached when Frank E. Brookman of Chicago led to the altar Mrs. Kate Clements, widow of John B. Clements, who was a wealthy business man of St. Louis five years ago.

The marriage license was issued from the office of the county clerk May 24 and the same day Father M. F. Callahan, of St. Mary's cathedral, performed the ceremony.

Mr. Brookman is a young man scarcely over 25 and is engaged in the chemical business. He makes Chicago his headquarters but frequently visits Denver.

He and his bride are at present living at the Metropole.
Mrs. Clements' first husband, John B. Clements, was vice president of the Christy Fire Clay company, of St. Louis. He shot himself while mentally deranged at Hot Springs, Ark. five years ago. The greater part of his

fortune, estimated at several hundred thousand dollars, went to his widow. Mrs. Clements left St. Louis about four years and has spent her time in traveling about the west. She is a fine looking woman aged about 45 years.

Mr. Brookman, when seen last night, declined to discuss the matter of his marriage at length. He was much worried at the time over the receipt of a telephone message from a lively stable announcing the serious illness of a favorite mare. He had hastened to the hotel office, attired in negligee, and then started rapidly for the livery stable. On his way he talked a little about his romance.

"We had known each other for a long time," he said, "and recently we decided to get married; that's the whole story. I don't think there is any need of publicity. You see neither of us live here, and we have very few acquaintances."

Mr. Brookman had not decided where they would make their permanent residence.

"I live in Chicago," he said, "but we both like Denver, and perhaps we shall make our home here."

Notes from Correspondents

GALLUP.

Special Correspondence.
Gallup, N. M., June 8.—At about 1 o'clock Saturday morning the house of Concepcion Gonzales caught fire. The hose from the nearest fire plug would not reach. House and contents were burned; no insurance.

W. W. Rison was called to Pueblo on business by wire on the 31st of May. L. L. Henry acted as clerk at the meeting of the county commissioners on June 2.

The firm of Russell & Elsie are rapidly selling out their stock of dry goods.

The members of the mission met with Miss Anna Griffith on Wednesday and were entertained at the Mulholland home at the previous session.

Messrs. Ed Bonie and John Young, and Messrs. Cunningham and Smith are home for the vacation. Messrs. Morris, Bonie and Charley Cotton are expected soon.

Of the teachers Miss Rebecca Brown is in California, Miss H. McNallin at Las Vegas, Miss E. McIntire visiting friends in Raton and Folsom, on her parents at Green Mountain Falls in Colorado. Mrs. C. B. Smith is enjoying her vacation at home. The two vacancies are not filled as yet, I believe. Professor Larkin and family are at the mountains.

Miss G. Zaczinski is playing for the dancing class while Miss S. McConnell is visiting in California. She also has charge of some of Miss Susie's pupils during her absence.

The Hladon family, accompanied by Miss E. McIntire and Messrs. Patterson and Wyper, spent a pleasant day in Hemlock Canyon previous to Miss Lizzie's departure.

John Young drives one of the C. J. & I. delivery teams during vacation.

The H. R. boys are ahead in the base ball tournament so far. The Gibsons called them "The Kids," but the "Kids" won.

Messrs. Hannah and Rosina Beddow are visiting in Missouri.

Miss Hughes was with the Selvy family while they were visiting at Mr. Beddow's in Gallup. Both Miss Hughes and Miss Selvy are fine musicians. One evening of their visit was given over to music, R. Wyper assisting with the violin. Little Miss Selvy sings nicely, too.

Decoration Day passed off nicely. Immense quantities of flowers were used. The K. P.'s and the Italian society ordered by the quantities.

The Montezuma band is rapidly coming to the front and many of the members are still "only boys."

It is late to mention our commencement exercises, but must say that Miss Nellie Windus did finely in the valedictory; that the stage was beautifully draped and decorated with masses of potted plants and cut flowers. Every one of the graduates was a fitting subject for the congratulations of their many friends, justifying the evident pride of their parents and relatives.

Children's Day was fittingly celebrated at the Methodist church last Sabbath. By the way, the interior of this church has been refurnished and presents a fine appearance. Rev. Hodgson is an earnest worker and his series of historical sermons met with warm commendation from those who heard them. They evidence a thorough knowledge of the subjects handled, and a vast amount of careful and patient research for facts and data in corroboration.

The board of county commissioners met on June 2, also on June 7. The principal business was auditing the tax returns.

Although much of the excitement that prevailed during the brisk location of the oil claims in the early spring has died out, there is no lack of interest in the matter and the outlook is good—all that can be expected.

Errors in the tax returns for the year 1900 has caused some odd mistakes that might have resulted in serious loss or trouble to many of the property owners of Gallup, had not the treasurer accidentally discovered the fact. For instance, Mrs. O. Brennan's beautiful property on Coal avenue, occupied by Russell & Elsie family, was sold as "unknown" for \$2.23.

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure; Doan's Ointment. Absolutely safe; can't fail.

The directors are figuring on Rosenthal hall as a site, but it has not been definitely decided as yet just where the association will be located. All men of a good moral character are invited to join the movement, and their co-operation is asked.

A dispatch from the parents of the Hill lad that died here this morning, says to give the man a respectable burial here, and the same will be done tomorrow morning. The young man was about 21 years of age and was returning home. He had had money sent him, which he failed to receive, and was trying to get to Denver where funds awaited him. He had been roaming over the southwest for some time, and was no common tramp.

Some fellow with a long arm helped himself to a \$17 overcoat and a pair of cavalry breeches through the bath room window at Edward Huey's last night. No clew to the miscreant has developed.

Fleck and Eddington, two youthful toughs, are again in the clutches of the law on a charge of discharging firearms in the city limits. The boys nearly shot some one near the round house this morning.

The total collection of taxes for May in San Miguel county were \$54,279. Of this amount, \$15,985.62 went to the territory. This is \$4,236.59 better than Bernalillo county. Our county officers naturally feel quite elated over the showing made.

Dr. J. I. Bergman has moved his office to Mora, where he will reside in the future.

A sad accident happened at Gloria last night as No. 8 was pulling out, in which William T. Hill, of Grand Forks, N. D., lost his life. He was in company with a young man named Schubert, and they were beating their way north. Schubert explains that they were on the front engine of a double header, and when they took off the second engine he jumped off, and as Hill was jumping he fell and had his limbs cut off at the trunk. He was picked up and brought here this morning at 6 o'clock. The boy wore fairly good clothes, and it is understood his father, who had been telegraphed, is in good circumstances. The remains are at Dearth's awaiting word from the boy's parents.

LAS VEGAS.

Special Correspondence.
Las Vegas, June 8.—The department store of Charles Hildt came near having a serious fire yesterday morning about 11 o'clock. An oil stove in the dressmaking department, which was used for heating irons with which to do pressing, was accidentally overturned and immediately ignited some of the dress goods which were lying near. The flames shot up in a moment and quite a fire was started. The alarm was given and the hose, with which the store is equipped for fire protection, was quickly brought into play and a couple of streams turned on and the fire was soon put out. The damage was something in the neighborhood of \$100, being principally on furniture and material.

Mrs. Mammie Seales arrived yesterday afternoon from Chicago and accompanied the remains of her sister to Chicago today.

S. B. Davis, Jr., left today for his home at Milton, in the Nutmeg state. He will be gone several weeks.

Dr. B. D. Black left today for Chicago for a visit, and will bring his mother back to remain here in God's own climate.

The damage suit of Mrs. Sophie Hamilton against East Las Vegas went to the jury yesterday afternoon at 4 o'clock and they failed to bring in a

verdict up to 9:30, the time limit before Monday morning. The evidence brought out the fact that the walk on which the plaintiff was injured was in better shape than most of the walks in the neighborhood and that the accident was caused by the plaintiff catching her foot near the edge of the sidewalk, which had been cut out to allow a water connection to be made, and from which one of the iron sidewalk taps protruded. Mrs. Hamilton is quite aged and very feeble. She fainted yesterday morning in the court room while hearing the testimony, and in general the trial has been quite a strain on her poor health.

Eugenio Romero has been awarded the contract for the carrying of the mail to Chavez from this city.

Among the Europeans, up to the time he wrote, only two had become victims to the dread disease. Mr. Delgado is in the secret service, and has been there over two years. He says he is doing well.

The Las Vegas & Hot Springs Street Railway company held a meeting yesterday morning. F. A. Manzanarez, M. Romero and Joe Merriman being present. This was done to comply with the adjournment from the last meeting, as it was expected that the St. Louis parties would have been here yesterday, but, owing to the sickness of the president, Mr. Duncan, they have postponed their coming until they can all come together. They will get in next week if Mr. Duncan is able. Messrs. Call and Merriman being the rest of the party.

The cavalry dance Friday night was a most pleasant affair. Music was furnished by a string band and about twenty-five couples took part. The dance was not strictly a uniform affair, as the weather is getting a little too warm for a display of military trappings.

The ball game between the City Sluggers and the Normal team yesterday, resulted in a victory for the former by a score of 21 to 6.

A Splendid Remedy.
Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. L. B. Stern has improved the comfort of his dry goods store with some new electric fans.

Spring Fever.
Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Riser removes all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Riser for torpid liver every spring for years," writes R. M. Evers, Moundsville, W. Va. "They do me more good than anything I have ever tried." J. H. O'Reilly & Co., and B. H. Briggs & Co.

Mrs. C. L. Haffer, of San Marcial, is spending a few days in the city visiting with friends and shopping.

It indicates that your stomach is in bad condition and will remind you that there is something so good for such a disorder as Chamberlain's Stomach and Liver Tablets after having once used them. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box at all druggists.

I could not rise to my feet without fainting.

"I had suffered for three years or more at monthly periods," writes Miss Ella Sapp, of Jamestown, Guilford Co., N. C. "It seemed as though I would die with pains in my back and stomach. I could

not rise to my feet at all without fainting; had given up all hope of ever being cured, when one of my friends insisted upon my trying Dr. Pierce's Favorite Prescription.

With but 'little faith I tried it, and before I had taken half a bottle I felt better, had better appetite and slept better.

Now I have taken two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery,' and am 'happy to say I am entirely cured, and all done in two months' time when all other medicines had failed to do any good at all."

Railroad Topics

The locomotive firemen at Raton will give a dance on the evening of July 4.

C. L. Gibson, a brakeman, left last evening for Kansas City for a sixty days rest and visit.

Engine 1081, recently set up in Topeka shops arrived for service between Las Vegas and Albuquerque.

Arthur Jaquy has returned to Raton from Rowe, where was transferred several weeks ago for temporary services.

Fireman R. E. Tracey, of San Marcial has gone to Batavia, Iowa, and the story is that he will return with a bride.

J. R. Merrifield, traveling auditor for all Santa Fe lines west of Albuquerque, spent yesterday in the city and went west last night.

The bonded debt now outstanding on the Atchison system amounts to, in round numbers, \$228,000,000, on which the interest charge is something over \$9,217,000.

Conductor O. P. Coleman, of San Marcial, has been in Raton the past week looking after his property there. Something over a year ago, Mr. Coleman was night foreman in the Raton yards.

J. R. Henderson, superintendent of machinery and motive power of the entire Santa Fe system, came in from the west this morning in a special car attached to passenger No. 2. He will spend the day in the city.

Brakeman A. J. Anderson, of Raton met with a painful accident, which will keep him off duty for some days. He stumbled and fell forward, his left arm going through the window of a way car, badly cutting his wrist and arm.

The Las Vegas Optic says: P. G. Johnson, a machinist who recently came here from Raton has concluded to return there. His helper yesterday mashed off the end of one of Johnson's fingers, and that determined him to resign.

The Las Vegas-Albuquerque division is to get four engines, 1081, 1082 and 1084, of the Prairie type, in the place of four engines of the Rhode Island type, the latter going forward to the western division. This will leave one of the Rhode Island engines at Las Vegas for extra work.

Word has been received that Senator W. H. Andrews, president of the Santa Fe Central railroad, will leave Washington in a few days, and that he and Senator Arthur Kennedy, the latter the president of the Pennsylvania Development company, will arrive here in the course of a week or ten days.

The Choctaw will be operated as a separate property by the Rock Island management. All representatives of the traffic department will serve both roads, those on the line of the Choctaw and in territory contiguous to it reporting to the offices of that road at Little Rock and others direct to the Rock Island offices.

It is reported that J. W. Kendrick, third vice president of the Santa Fe, has tendered his resignation with the company and has accepted a position with the Westinghouse Airbrake company at Birmingham, England. If it is true, this will afford an opportunity for another move up. A western man will probably get the job.

The San Marcial Bee says: Ben Williams, a special agent of the railway company, made no friends here one day recently, when he choked a small boy, gave him a hoist from behind and in a reckless manner threw his bike from the platform. All because the youth rode on the landing contrary to an existing rule at some stations.

L. A. Gazin, the electrician who superintended the instituting of the electric plant at the local Santa Fe Pacific shops for the Summers Electrical company, of Chicago, is expected to arrive in the city this evening from Denver. On his arrival the new plant, which is now completed, will be inspected in behalf of the railroad company before it is accepted.

Saved From An Awful Fate.
"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

Skeleton Found.
The perfect skeleton of a man was unearthed by workmen making an excavation for a new house being built by Dr. J. A. Henry on North High street. The skeleton is believed to be that of an American and it lay just two feet underground. It is supposed to be the skeleton of some who died from small pox or other contagious disease and was hastily buried.

Hot Weather Weakness.
If you feel fagged out, listless and lacking in energy, you are suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do: it is a tonic, laxative and restorative. H. J. Freegard, proprietor Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Cosmopolitan Pharmacy, B. Ruppel.

ACCIDENT IS RECALLED.

Mrs. Le Baron Killed at the Crossing and Her Husband Sues the Railroad.

Trial of the suit of W. S. Le Baron vs. the Gulf, Houston & San Antonio railroad was commenced in the district court today.

Le Baron, one of the founders of Sunset Heights, brought suit for \$25,000 damages for the death of his wife, who was thrown from her buggy at the Mesa avenue crossing and killed June 19, 1900.

The crossing at that time was unprotected by gates and when the lady's horse ran away farther up Mesa avenue he struck the T rails of the railway tracks with such force that the buggy tipped and she fell to the ground, striking upon one of the iron wheels with her temple, fracturing the bone.—El Paso News.

Fair Vice Presidents.
J. F. Hinkle received notice this week from J. H. O'Reilly, president of the New Mexico Territorial fair, at Albuquerque, that he had been appointed vice president for the twenty-second annual meeting of the fair, to be held in Albuquerque, October 14 to 18 inclusive, says the Roswell Register.

In his letter to Mr. Hinkle, Mr. O'Reilly says: "We want to see your county represented by an exhibit of some nature, and we feel sure that you will not experience any difficulty in interesting the representative men, so that the exhibit will be a credit to the county as well as the territory."

George H. Cross today received a letter from J. H. O'Reilly, president of the New Mexico Fair association, advising him of his appointment as vice president of the association for Santa Fe county. Mr. Cross has been a producer of fruits and flowers here for fifteen years and he will make a special effort to arrange a fine horticultural exhibit from this county for the territorial fair at Albuquerque next fall.—Santa Fe New Mexican.

Read It in His Newspaper.
George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all druggists.

Shrine Delegates.
Ballut Ahyad Temple, Nobles of the Mystic Shrine, of this city, will be represented at San Francisco by Arthur Everitt, Charles K. Newhall, Col. John Borradaile and Charles Mausard. Mr. Mausard is accompanied by his wife and Miss Edyth Everitt is with her father. The party left on Saturday evening. Cholera Morbus a Dangerous Disease.
In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by all druggists.

Koger-Coleman.
Miss Elizabeth Coleman, one of this year's graduates at the A. and M. college, was married at her home in Las Cruces, to Dr. T. D. Koger, of Alamogordo, who formerly practiced in Las Cruces.

Whooping Cough.
My little son had an attack of whooping cough and was threatened with pneumonia, but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by all druggists.

Repairs Hair

Nature always tries to repair damaged hair. Sometimes she succeeds, very often she doesn't. She needs a little help—Ayer's Hair Vigor. It repairs the hair, touches it up, gives it new life, brings back the old dark color, and makes it soft and glossy. Cures dandruff, too.

"I used only one bottle of Ayer's Hair Vigor and it completely stopped my hair from falling out."—Mrs. C. Leasensfeld, New York City.

CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows: A small pimple came on my jaw about an inch below the ear on the left side of my face. It gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time, when my jaw began to swell, becoming very painful. The Cancer began to eat and spread, and it was some time before I could get it to stop. I had heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good.—Mrs. R. Shirer, La Plata, Mo.

S. S. S. is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice.

Concerning Trade Tricks.

The old saying that there are "tricks in all trades" has outlived its truthfulness, if there ever was any truth in it. This store does not countenance tricks of any sort to catch the unwary. The plain, simple policy of buying good merchandise and selling it at a just profit is what has gained for us the public confidence. What you read in our "ads" you can tie to. Kodol

Digests what you Eat
Dyspepsia Cure

Indigestion affects so many organs besides the stomach that the nature of the disease is sometimes mistaken. Headaches, giddiness, and so-called heart trouble are usually caused by indigestion alone. In such cases it is the stomach trouble which must be cured. Kodol Dyspepsia Cure restores health by digesting your food while the stomach rests. Dieting doesn't mean rest but starvation. You should relieve the stomach without weakening the system by denying yourself proper food. With a sound stomach your other complaints will soon disappear. "After seven years' suffering from indigestion" writes Mrs. Annie Alcorn of Merideth, Pa. "I was cured by three bottles of Kodol Dyspepsia Cure."

Cures All Stomach Troubles.

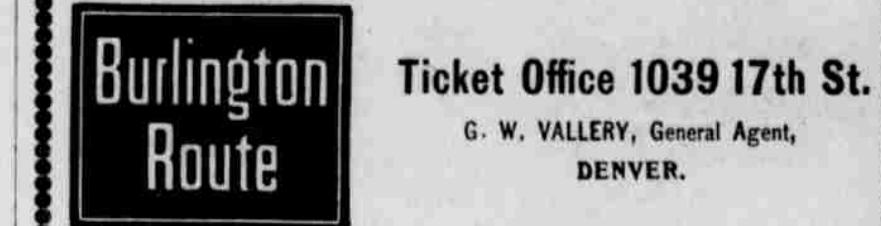

Prepared by E. C. DeWitt & Co., Chicago. The \$1.00 bottle contains 2 1/4 times the 50c. size. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is **ONE MINUTE Cough Cure**. It cures quickly.

Ten joined the church by letter and eleven on probation in the morning. Dr. Bunker preached a sermon to the Epworth league at night.

At Auction.

A car load of fine horses and Jersey cows, Tuesday afternoon, June 10, at 1:30 o'clock sharp, at Trimble's red barn. This stock is from the celebrated Manning breeding farm at Independence, Kas. It consists of saddlers, double and single drivers and high grade Jersey cows that are all fresh; and some with calves at side. They have no superiors as butter and milk producers. This stock is too fine and costs too much money to sell at auction, but a press of business at home compels Mr. Manning to make this sacrifice and everything will positively go without reserve. It will be a pleasure to Mr. Manning to show stock and hitch horses for prospective purchasers before sale. See him at the red barn.
