ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, JUNE 5, 1902

NUMBER 164

COLLEGE REGENTS

Met in Las Cruces in Regular Session.

New Teachers Elected and Promotions Announced.

Regents Are Not Anxious to Accept Sutherland's Resignation.

SHORT PARAGRAPHS.

Special Correspondence.

Las Cruces, N. M., June 4.—The board of regents of the New Mexico College of Agriculture and Mechanic Arts met at the Don Bernardo hotel this afternoon, and the session lasted for four hours, the board adjourning until the next morning.

The resignation of Capt. W. A. Sutherland, the Spanish instructor of one college, was considered, but no action taken, the board desiring, if possible, to retain the services of the captain. It is understood that Capt. Sutherland has been offered a government position in the Philippines at a salary of \$1,800 per annum and he has agreed to accept. He receives from his present position \$1,200 per annum.

Miss Clara L. Foster, daughter of President Luther Foster, was elected by the board assistant in the department of domestic science. This is a new position created by the board.

Miss Pinky Ford was elected official stenographer of the college, vice Miss Helen Macgregor, who resigned. Charles Post was elected second assistant in the department of chemistry, vice Walter E. Holt, resigned, to accept a position in the smelter at El Paso.

J. S. Macgregor was elected second assistant in the mechanical department, vice A. B. Sage, who was recently promoted to be first assistant.

Mr. Hart was elected assistant to Prof. Tinsley in the soil test of the agricultural department of the college, vice Alfredo Sanchez, who recently passed civil service examination and is now a government employe at Walla Walla, Wash.

After making the above appointments, the board took up the bids for the printing for the college for the ensuing year, but deferred action until the next day at which the contract for the printing will be let to the lowest bidder or bidders.

The exercises of the above excellent territorial institution came to a close tonight with a reception to President Foster at the latter's residence at 8 o'clock, followed an hour later with a grand commencement ball at the rink in Las Cruces. The music for the dances was rendered by Pitzer's El Paso orchestra.

Col. J. Francisco Chaves, the territorial school superintendent, disappointed the board of regents of the college, President Foster, the faculty, the scholars and the assembled guests by not putting in an appearance yesterday morning at the college. He was down on the program to deliver the annual address and that number had to be omitted. The colonial telegraphed the day previous that he would surely be present, and the next telegram announced that, although he had taken the customary precaution to leave for Las Cruces, the hack driver had failed to call for him on time for the south bound train.

Louis Hostetter and wife, with their interesting daughter and son, are former Albuquerque people who have thrived in Las Cruces. Mr. Hostetter holds an important position in the general merchandise store of Martin Lohman.

W. E. Baker is stringing wires throughout the business houses and residences for electric lights. He will establish his plant near the depot, and hopes to give the people of Las Cruces lights in two or three weeks.

The merchants of Las Cruces use ice from El Paso, and they pay less than 1 cent a pound.

Adjutant General W. H. Whiteman, who accompanied Governor Otero to Las Cruces, remained over a day to consult with Major Van Patten and Captain Findlay, commanders of the two local military organizations with a view to consolidating the two companies.

Henry L. Rynerson and Max A. Armiijo are two young men who are proprietors of the Exchange bar. They have a cosy resort, and being well known enjoy a good trade.

C. T. Brown, the big miner of Socorro, passed through Las Cruces en route to El Paso on some important mining matters.

D. E. Cramer, the Las Cruces agent for the Santa Fe road, states that an extra large amount of fruits—grapes, apples, pears, prunes, etc.—will be shipped out of the Mesilla valley this season. Alfalfa is now being cut, and the crop will be immense. At present there is plenty of water in the ditches for irrigation purposes.

Judge F. W. Parker is at Las Cruces, arriving Tuesday morning from Hillsboro, where he had just adjourned the May term of the Sierra county district court. He will leave in a day or two for Deming, where on Monday he will convene the Luna county district court.

Major W. H. H. Llewellyn, the district attorney, is now at his Las Cruces office, preparing his papers for the convening of court at Deming.

Morgan Llewellyn, the surveyor general of the territory, mingled with old associates the past few days.

L. Lapointe, one of the old type-setters and printers of the territory, is now a full fledged Spanish publisher and editor. He recently started up a small sized weekly newspaper, named the Las Cruces Citizen, and hopes thereby to earn a good living.

Messrs. Papen and Hunt are the publishers of the English weekly newspapers of the valley—the Republican and Progress. They are prospering.

The only hotel at Las Cruces—Don Bernardo—is conducted by Morris Freudenthal, and his wife renders him valuable assistance. It is true there are other places in Las Cruces where a person can get a room; eating his or her meals at a Chinese restaurant, but there are none that can compare with the Don Bernardo in cleanliness and in the meals served. Mr. Freudenthal provides his patrons with the best of the markets can afford, and the meals all come from the big packing houses of Kansas City. Freudenthal is all right.

F. C. Braley, C. J. Hadley and W. P. Dickerson constitute a party of gentlemen who have recently installed in Las Cruces a first class telephone system, which connects the Agricultural college, El Paso and other points south with Las Cruces. In a conversation with Mr. Braley, The Citizen representative was informed that his company is known as the Southwestern Investment and Development company; that they expect to give Las Cruces an electric street railway and construct a big sanitarium in a very short time.

STRIKE IS SETTLED.

Teamsters and Packers Reached an Agreement This Morning.

RATIFIED BY THE MEN.

Chicago, June 5.—The packing teamsters' strike, which disturbed the peace of the city for nearly two weeks, and caused the most serious rioting since the American Railway Union strike in 1894, came to an end at 4:15 o'clock this morning as the result of a secret conference between representatives of the packers and teamsters who were in session since 8 o'clock last night.

The agreement reached is partially a victory for the teamsters, in that the packers declared they would not discriminate against the members of the union.

The scale agreed upon is 2 cents lower than that demanded by the men. It is as follows: Cart drivers, 18 cents an hour; single wagon, 20 cents; two-horse, 22½ cents; four-horse, 27½; six-horse, 30 cents.

The men are to be paid full time from the time of leaving the barn until return with a deduction of half an hour for lunch. They will not be required to work on Labor day. Apparently ignorant of the strike settlement, the men sympathizing with the teamsters, today dragged a meat wagon driver from his seat, beat him severely and then demolished the wagon. The driver was Robert Allan, employed by Irwin Brothers. The strike having been previously settled, and at that hour awaiting only the ratification of the Teamsters' union, the firm sent out a wagon without guard.

Five hundred teamsters assembled at Corcoran hall, near the stock yards, at noon, and ratified unanimously the agreement made between their representatives and the packers at 4 o'clock this morning. The utmost harmony prevailed and the men decided to return to work tomorrow morning.

Gift to Kitchener.

London, June 5.—The house of commons has voted to grant £250,000 to Lord Kitchener.

Still Alive.

Mrs. R. W. Hopkins, who is sojourning in southern California, writes to her husband, Postmaster Hopkins, that the recent report published of the death of Mrs. H. D. Johnson, wife of the architect, is a mistake. The lady, it is true, was quite sick, but she is not dead by any means. Mrs. Hopkins is seen here at Santa Monica last Sunday.

PURE WATER.

The city of Albuquerque ought to own its own water works. The people of a large community like this should not be dependent on any private corporation for one of the prime necessities of life. But if we have to get our water from a corporation it is some satisfaction to know that we get good water.

On account of the fuss made about the city water a few weeks ago, Dr. Wroth and Dr. Carns took two gallons of water from one of the city hydrants and sent it for analysis to the celebrated chemists, E. Merck & Co., of New York, who stand at the head of their profession. The report of the analysis has now been received and we read it this morning. After detailing minutely and technically all the constituents and proportions of the water the report concludes with the following statement:

"This water is exceptionally pure, and is absolutely free from all contamination."

This ought to end the controversy about the quality of the water at Albuquerque. Merck & Co. are regarded by the medical profession as the best authority in the country on matters of this kind.

RENEWED HOPE

Miners Hope Roosevelt Will Act.

The Men Are Willing to Arbitrate.

A Few Demonstrations of Violence Have Been Made.

WORK TRAIN DERAILED.

Wilkesbarre, Pa., June 5.—The efforts of the striking miners were today turned toward the white house at Washington. A new hope has arisen in the breasts of the men. The president of the United States, at the suggestion of the New York board of trade, may take up the task of attempting to bring miner and mine owner to gether. The mine workers feel the great coal companies cannot turn a deaf ear to the chief magistrate, and if he can be prevailed upon to step into the breach, it is not improbable the operators would recede from the stand they have taken. The miners stand willing to arbitrate. The coal companies continue to lose engineers, firemen and pumpmen. Many are quitting through fear of bodily harm. Reports come into Wilkesbarre almost hourly of men on their way to the mines being attacked and several have been hurt.

First Demonstration. Scranton, Pa., June 5.—Lackawanna Valley had the first demonstration against the working engineers, firemen and pumpmen today and while no serious disorder attended it, it was effective in inducing a large number of men to give up employment at mines where the companies have been fairly successful in keeping the steam plants in operation.

The men were intercepted as they were going to the day shift or returning from the night's work and induced to join the ranks of the strikers. No attempt was made at violence.

Work Train Derailed. Pittsburg, Pa., June 5.—The Erie company's work train carrying non-union men to the mines was derailed at Hughestown today by running into an obstruction of rocks piled on the tracks. No one was injured. It is supposed strike sympathizers placed the rocks on the track.

Trouble Is Brewing. Harrisburg, Pa., June 5.—A force of deputies was sworn in today for duty in the Lykens Valley coal region. Trouble is brewing at Lykens and Wicono.

Military Surgeons. Washington, June 5.—Before an assembly that crowded the National theater, President Roosevelt today opened the eleventh annual convention of the Association of Military Surgeons of the United States.

OFFICIAL COUNT REQUIRED.

Returns in Oregon Show a Democratic Plurality of 30.

Portland, Ore., June 5.—Practically complete returns of the state have been received and the figures show Furnish, republican, 144 votes ahead of Chamberlain, democrat, in the race for governor. It will undoubtedly require the final counts to decide the contest.

Another Change. Portland, Ore., June 5.—Another precinct from Harney county and one from Malheur just received puts Chamberlain, democrat, 30 votes in the lead for governor.

EDWARD U. BLISS.

Died at the Insane Asylum, Las Vegas, Yesterday Afternoon.

Telegrams were received here last night announcing the death at the territorial insane asylum, Las Vegas, yesterday afternoon, of Edward U. Bliss, who was sent to that institution from this city about two years ago. His death was due to paresis. Mr. Bliss was one of the first job printers and bookkeepers of this city, and was one of the best known Masons of central New Mexico. His funeral and burial took place at Las Vegas today, the expenses being borne by the Masonic lodge of this city.

University Program. The New Mexico University program for next week is as follows: Sunday, June 8, 3 p. m.—Baccalaureate address, Colombo hall, Rev. A. M. Mandalari, S. J. Tuesday, June 10, 8 p. m.—Class day, Colombo hall. Wednesday, June 11, 8 p. m.—Commencement exercises, Colombo hall. Thursday, June 12, 8 p. m.—Juniors' entertainment of the seniors. (By invitation.) Friday, June 13, 11 p. m.—Alumni banquet. (By invitation.)

Boring For Oil. Good progress has been made on the Pioneer oil well the past two weeks, and the drillers have now reached a point where they need more power than can be furnished by the boiler they

have been using, so Mr. Blake has arranged with the Hyde company for the use of its new boiler for the next sixty days. Mr. Blake is determined to test what is below the surface and he and the Waggoner boys are getting things in shape to do this. The Hyde boiler was taken to the well yesterday and will be put into service next week.—Farmington Times.

Big Peach Crop. All of our fruit men agree that our peach crop throughout these valleys here will be the heaviest ever produced in the valley. If our transportation facilities were only better, this crop would be of great value to our people, for the peach crop is short all over the country, with a few exceptions in small territories like our valleys.—Farmington Times.

Oil as Fuel. It is said that the various sugar factories and refineries of California, when running, consume about 250,000 barrels of crude oil per month as fuel, and that the results are very satisfactory.

Dr. C. G. Fonks, the well-known dentist of Gallup, is now on his way to Birmingham, Ala., and Brandon, Miss., where he will enjoy several months with relatives and friends. En route through Texas the doctor will stop over for a day or two at Beaumont, Texas, to examine the big oil gushers.

Summer Tourists Rates to Colorado. Denver, \$25.15, round trip; Colorado Springs, \$22.15, round trip; Pueblo, \$20.15, round trip. Tickets on sale June 1 to October 15, inclusive. Final return limit October 31, 1902.

BORING FOR OIL.

Manuelito Oil Company Let Contract For One Thousand Feet.

WORK TO BE PUSHED.

The following telegram has just been received by the secretary of the Manuelito Oil company of this city:

Gallup, N. M., June 5, 1902.—Manuelito Oil company, Albuquerque, N. M. Have let contract for one thousand feet, signed W. H. Morris.

This means that the well of the Manuelito Oil company will be finished to a depth of 1,000 feet at once. The contract for this work was awarded to Mr. Campton of Gallup, who has been in the employ of the company for several months.

This oil well now is down nearly 300 feet and shows up fine. The management of the company expect that a good flow of oil will be struck before this well is finished, as the indications even at 200 feet are most flattering. All the machinery for doing the work is set up in place and ready to start and the work will be pushed from now on with all possible speed and results are looked for very shortly.

Closing Dance. A gay crowd of city folks enjoyed the closing dance at the Commercial club last night. It was the closing of a very successful and enjoyable season and ranked for pleasure with the leading events of the season, and the attendance was as large as any, with the exception of the Baker or MacArthur receptions. The windows and doors of the reception parlors and dance halls were thrown wide open. A slight breeze, blowing from the southeast brought fragrance of growing green things and freshened the air, making the pastime similar to the delightful dancing of an open air pavilion. Albuquerque society will look forward to the opening event of another season's dancing at the popular Albuquerque Commercial club with anticipated pleasure. Cooling refreshments were served at last night's event during the entire evening.

PARTICULARS NOT FILED.

Case Against the Rio Grande Irrigation Company Was Continued.

The case of A. H. Prior against the Rio Grande Irrigation company, suit for \$19,000, was called for trial this morning, but upon plaintiff offering proof, objection was made that the plaintiff had failed to comply with a previous order of court to file bill of particulars, and the court ruled that such bill should be filed, whereupon defendant asked a continuance of the case.

The case of M. W. Flournoy vs. J. C. Osgood, suit by attachment to recover \$2,500, alleged to be due on an award of arbitrators, was heard on defendant's objection to quash levy of sheriff upon certain interest of defendant in shares of stock of American Fuel company, which motion was sustained.

In the case of Mrs. Berry, administratrix, vs. E. M. Dunbar, judgment was rendered in defendant's favor for \$46.

Ralph Dudley Baldwin.

Ralph Dudley Baldwin, whose home was at Lynn, Mass., died last night of consumption at 502 Mountain road. He had been here a year and a half and his mother was with him when he died. The remains will be shipped to his brothers at Lawn Hill, Iowa, on Saturday night. Services will be conducted in Strong's chapel on Saturday afternoon at 4 o'clock by Rev. Robert Renison of S. John's Guild. Friends are invited.

Prof. and Mrs. T. G. Lenker will leave tomorrow morning for Washington, Kas., where they will visit with relatives during the summer.

FLOOD IN KANSAS

Much Damage Done to Crops.

House Considering the Anti-Anarchy Bill.

Maps in the Senate Chamber of the Canal.

FACTORY AT BEAUMONT.

Kansas City, June 5.—Southern Kansas streams are still rising today, causing more or less serious damage to crops and railroads. Near Parsons the water stands several feet deep in many houses, while at Burlington, where the Neosho river is said to be twenty-five feet higher than normal, the bottoms are flooded and water is entering store basements. The Neosho river is said to have broken through the levees in Neosho and Labette counties and inundated much land and ruined crops.

ANTI-ANARCHY BILL.

Loud Says Congress is About to Act on Impulse.

Washington, June 5.—The house today proceeded with consideration of the anti-anarchy bill.

Mr. Sibley, of Pennsylvania, earnestly favored the passage of the bill. Mr. Loud, of California, opposed the bill. He said he sympathized with the motives that prompted the proposed legislation, but nevertheless he believed congress is about to act upon impulse. If he could bring himself to believe there was a word or line in the bill which would protect the life of the president he would accept the remainder, had as it was.

Messrs. Wooten, of Texas, and DeArmond also questioned the wisdom of the passage of the bill.

SHOWED THE VOLCANOES.

Five Maps Showing Phases of the Canal Question.

Washington, June 5.—When the senate convened today at 2 o'clock to resume consideration of the isthmian canal bill, five large maps depicting various phases of the canal question were displayed about the walls of the chamber. Presumably these were to enable Mr. Hanna, of Ohio, who was to speak upon the measure, to illustrate his remarks. It was noticeable on one of the maps all volcanoes were marked, an active volcano being indicated in red and an extinct in black.

Previous to taking up the isthmian bill the senate passed the military academy appropriation bill without amendment.

Mr. Hanna opposed the Nicaragua route and said it was a question that if we wanted a canal for our commerce we wanted the best canal.

He pointed out the fact the Panama route was the shorter route. Saving expenses, he said, is important in canal construction and these elements are in favor of the Panama route. The cost of operating the Panama canal will be \$1,350,000 less than the annual cost of operating the Nicaragua canal. He also said the Nicaragua canal could not be operated at night.

At 3:15 p. m. Mr. Hanna suspended his remarks for the day and Mr. Mitchell, of Oregon, took the floor in advocacy of the Nicaragua route.

A Big Factory.

Beaumont, Texas, June 5.—The American Steel Wire company, it is said, has secured the title to 100 acres of land in the southern part of town, and intends to erect a \$5,000,000 factory on the site at an early day. It is expected the factory will employ 3,000 people.

LOCAL PARAGRAPHS.

R. M. Hockenhuil and daughter, Miss Virginia who have been spending a week in the city will leave tomorrow night for Kansas City, Mo. Miss Hockenhuil is quite an accomplished musician.

Mrs. Oscar Goebel and son, Herbert, will arrive in the city tomorrow morning from Belen, and, tomorrow evening, accompanied by another son, Oscar Goebel, Jr., leave for the southern California resorts.

J. W. Hampson, a brother of Col. J. H. Hampson the Mexico railroad builder, is in the city. He came in last night from Kansas City, and will leave this evening for the Hampson cattle ranch in Arizona.

Arthur Patterson proved himself an admirable host to a few friends at his home, 119 North Sixth street, last night. The evening was spent with music and games. Delightful refreshments were served.

Mrs. H. C. Mason and daughter, Miss Ida, will leave this evening for El Paso where they will make their future home. They have long lived in this city and will be greatly missed by many warm friends.

Mrs. Sadeo de Apodaca, 70 years of age, died in south Albuquerque of pneumonia. The funeral will be held at 9 o'clock tomorrow morning at the church of San Felipe de Neri and interment will be in Baretas cemetery.

Mrs. Ella LaBar and Miss Elizabeth

Shimer, two popular ladies of this city will leave tomorrow for their summer vacation. Mrs. LaBar will visit friends at Nobleville, Ind., and Miss Shimer will go to her old home near Allentown, Pa.

The county commissioners today appointed Captain William Borchart justice of the peace of precinct 26, vice Judge H. H. Ribble who resigned and has gone to southern California. The commissioners are now sitting as a board of equalization.

The first street bicycle repairer, F. E. Robinson, is not out of business, his shop having been closed on the strength of a mortgage held by Nicholas Metz. It is understood that Mr. Robinson will leave the city for the north in a few days.

The Normal university athletes who took part in the athletic exercises at the Agricultural college and stopped at Socorro where they played a game of base ball with the School of Mines team, passed through the city on their return to Las Vegas this morning.

A meeting of the W. C. T. U. will be held at the home of Mrs. H. E. Downs, 506 South Arno street, Friday, at 3 p. m. There will be a short program consisting of songs, reading and a talk by Dr. Taylor Goodman. All members and friends of the cause, especially mothers, are urged to be present.

Washouts in Kansas.

Trains Nos. 3, 4 and 7, from the east, are late indefinitely, caused by heavy rains in Kansas and Missouri. Stubb, running as No. 7, will arrive this evening on regular time. It will leave for the west at 10:45, carrying all west bound passengers. All east bound trains are on time.

WILL ORGANIZE FARMERS.

American Labor Union Wants Farmers and Farm Hands.

EDUCATIONAL AND POLITICAL.

Denver, June 5.—The American Labor union, formerly the Western Labor Union, continued in session today with routine business. An effort will be made to organize the farmers and farm hands of the west by the American Labor Union. The purpose is to get them together for educational purposes and to have them co-operate with the American Labor Union in political contests.

Denver, June 5.—The Western Federation of miners this morning adopted as a whole the report of President Boyce. The remainder of the morning session was taken up in consideration of amendments to the constitution and by laws.

MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, June 5.—It was evident today that speculative holdings of stocks were being sold. This is the logical reason of the uncertainty of the situation and it is probable that we shall see still further declines. The news from the anthracite region is unfavorable in that it foreshadows a bitter fight. From private advices we learn that preparations have been made to move troops at once, should serious disorder occur. The increase in Northwest dividends was anticipated and was without effect.

Total sales, 284,200 shares.

paid monthly. To see rates are less than
those of any other daily paper in the
territory.

New Mexico is in healthy financial
condition. On the first of June the ter-
ritorial treasury contained a cash bal-
ance of \$215,251.85.

Ex-President Cleveland has bought a
monopoly of the fishing and hunting
rights in and about Buzzard's Bay. He
forms the whole of the trust.

This territory is receiving many new
settlers. The total area of homestead
entries made during May in the Santa
Fe land district was 5,046 acres.

If California refuses to help admit
Arizona and New Mexico to statehood,
that state will have many occasions to
regret its action. These two territories
are natural allies of California, and
they deserve the solid support of the
entire people of that state.

Intelligence, industry, honesty and
thrift produce wealth, and the wealthy
man's chief duty is to use his money
where it will do the greatest good to
the greatest number. The founding of
a great industry serves such a purpose
as well as the founding of a library or
a college.

CORRUPTION IN ST. LOUIS.

The grand jury that has lately been
sitting in St. Louis has made a report
which is one of the most sensational
in its disclosures of any report ever
submitted by an investigating body in
this country. The corruption disclosed
may not have been so gigantic a
scale as that which was revealed in
the Tweed investigation in New York
thirty years ago; but the fact of its
existence was not so well known out-
side the city, and it comes as more of
a surprise to the country at large than
the Tweed disclosures did.

NATIONAL CONTROL.

There is a growing recognition of
the necessity for the national govern-
ment to invade states for the purpose
of taking charge of water resources
and directing their equitable distribu-
tion for irrigation through the con-
struction of reservoirs and canals. As
certain large streams are now control-
led by the nation because they may be
used by commerce for navigation pur-
poses, so in time will all streams pass
to the same control because in their
newly proposed use they are more im-
portant than those which are used for
merely transportation.

Agitation in the so-called arid states
and territories has called attention to
this subject, says the Los Angeles Ex-
press, but it has been discovered that
drought and flood may afflict other
sections of the country and to these
the same principle of government con-
trol is applicable. It also has been dis-
covered that the extension of control
from navigable streams to those which
may be used for irrigation purposes is
not a wide or violent stretch of author-
ity. Time may be required to calm the
fears of holders of vested riparian
rights, but the idea will grow that the
national government must go into the
water business because it is a neces-
sity.

NATIONAL DISGRACE.

So long as men are executed in this
country without the formality of trial,
and without due process of law, the
United States cannot, with truth, be
called "the land of the free and the
home of the brave."

Until the law of lynching is righted,
until every man charged with crime is
given a hearing before a jury of his
peers, the flag that waves above us is
too much like a flaming lie, says the
Los Angeles Times, and our boasted
civilization has in it too much mere
braggadocio.

No matter who the criminal, or what
the crime, there is but one way to in-
flict punishment, and that is by the
method laid down in the statute books
of the land.

We may be horrified at outrage and
shocked by the doing of evil deeds by
cruel and evil men, but nothing can be
more shocking than have been the
scenes of burning, hanging and shoot-
ing that have disgraced the nation in
more than one state of the American
union.

We cannot ignore this monstrous
state of affairs. And it is difficult for
an American to look his fellowmen of
other nations in the face so long as
our courts are unable to convict.

We may talk about the Philippine
question, the tariff question, and the
thousand and one other things that are

the subject of consideration, but the
burning question of the hour is the
crime of lynching. It must be stopped,
and the utmost authority of the sev-
eral states and of the nation must be
put forth to that end.

MAKE IT PUBLIC.

Publicity Counts—That's What the
People Want—Kansas City Ex-
pression on the Subject.

Make it public.
Tell the people about it.
Gratitude promotes publicity.
Grateful citizens talk.

They tell their neighbors; they tell
their friends.
The news is too good to keep.
"Bad backs" are numerous.
So few understand the cause.
Many Albuquerque people are learn-
ing.

And, better still, they're being cured.
Lame backs are lame no more.
Weak ones regain their strength.
This is the every-day labor in Albu-
querque.

Of Doan's Kidney Pills.

Our citizens are making it public.
Mr. John A. Holland, of 225 Main
street, Kansas City, employed as fore-
man at Loose Bros. Cracker company,
says: "I commenced to have trouble
and annoyance from a dull aching pain
in my back over the kidneys about six
months ago and sharp twinges often
caught me in the kidneys when stoop-
ing or attempting to rise from a sitting
position. Being convinced that it all
arose from my kidneys I tried a box of
Doan's Kidney Pills. I felt so much
better in a short time that I continued
the treatment until I had used three
boxes, when I was relieved of the
trouble. It is a pleasure for me to re-
commend such an effective preparation
as Doan's Kidney Pills proved to be in
my case."

Drop into the Alvarado Pharmacy
and ask what their customers report.

For sale by all dealers. Price 50
cents per box. Foster-McMillan Co.,
Buffalo, N. Y., sole agents for the
United States.

Remember the name—Doan's—and
take no other.

OFFICIAL MATTERS.

Jose Garcia Armijo, of Golden, Santa
Fe county, has been granted a pension
of \$10 a month.

Land Office Business.

Final Homestead Entry—Minerva
Howland, widow of George Howland,
deceased, Ganado, 80 acres, Santa Fe
county.

Land Sold—Thomas Burns, Raton,
160 acres, Colfax county; Daniel Moore
Raton, 160 acres, Colfax county; Wil-
liam S. Stevenson, Santa Rosa, 1,29
acres, Guadalupe county.

Incorporation.

The Albuquerque Construction com-
pany filed incorporation papers. The
object of the company is to do contract
work. The incorporators and directors
of the company are James W. Free-
man, Harry Cooper, Frank M. LeHew
and Edmond Carnahan. Capital \$10,-
000, divided into 200 shares. Head-
quarters at Albuquerque.

A Real Friend.

"I suffered from dyspepsia and indi-
gestion for fifteen years," says W. T.
Sturdevant, of Merry Oaks, N. C.
"After I had tried many doctors and
medicines to no avail one of my friends
persuaded me to try Kodol. It gave
immediate relief. I can eat almost any-
thing I want now and my digestion is
good. I cheerfully recommend Kodol."
Don't try to cure stomach trouble by
dieting. That only further weakens the
system. You need wholesome, strength-
ening food. Kodol enables you to as-
similate what you eat by digesting it
without the stomach's aid. J. H.
O'Reilly & Co., and B. H. Briggs & Co.

Public Buildings.

The sum of \$15,000,000 has been ap-
propriated for public buildings to be
erected in different parts of the United
States, that is all excepting Arizona
and New Mexico, for of course they are
not in it, nor will they be considered
in until they become states and can
have a voice in the government of the
country. If it is a question of raising
soldiers for war or collecting revenue
they are not overlooked. Rhode Island
with several representatives in con-
gress is smaller than some of the pre-
fects in McKinley county and yet the
whole of New Mexico is not allowed
one vote.—Republican.

'Tisn't safe to be a day without Dr.
Thomas' Electric Oil in the house.
Never can tell what moment an acci-
dent is going to happen.

Tucumcari to the Front.

Word comes to us from a reliable
source that the Choctaw railroad, re-
cently purchased by the Rock Island
road, will build to this point within the
next ninety days—work to commence
within that time. This is straight
goods.—Pathfinder.

Deming will be the great smelter
center. Two large plants will be in-
stalled within the year.

Children given kindergarten work in
forenoons regularly at 228 North Wal-
ter.

Statehood cigars, two for 25 cents.

SHAKE INTO YOUR SHOES

CLOUDCROFT

The Roof Garden of the Southwest.
The season at Cloudcroft will open
on June 1, the lodge, dining hall and
lunch counter having been placed un-
der the able management of the popu-
lar hotel proprietor and manager, Geo.
Waterman.

The fame of Cloudcroft as the pre-
mier summer resort of the southwest
has been heralded far and wide, and
patrons may rest assured its reputa-
tion will not be allowed to suffer this
year. Extensive improvements have
been made in the way of accommoda-
tions and out door as well as indoor
amusements and entertainment.

For a booklet regarding Cloudcroft,
or further information regarding this
summer resort, call on nearest coupon
ticket agent, or address,

A. N. BROWN,

Mothers lose their dread for "that terrible second summer" when they have Dr. Fowler's Extract of Wild Strawberry in the house. Nature's specific for bowel complaints of every sort.

Socorro Won.
Socorro, N. M., June 4.—The game of ball today resulted: School of Mines, 15; Las Vegas, 4.

Of what does a bad taste in your mouth remind you? It indicates that your stomach is in bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach and Liver Tablets after having once used them. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box at all druggists.

Charles Krause Shoots Himself.
Charles Krause, the well-known baker at the Belgian bakery, shot himself in the left breast and was seriously injured at 2 o'clock this afternoon.

The shooting occurred at the residence of the family, corner Florence and East Overland street, but whether the result of accident or design has not been disclosed.

Krause was alone in his room at the

time he was shot. He was removed to Hotel Dieu and was on the operating table at 3:30 p. m.—El Paso News.

Charles Krause is well known in this city in sporting circles. He was for the last several years the catcher for the El Paso ball team, and in his best days was one of the best players in the southwest. Years ago he caught for San Marcel at the fair in the city and played under the name of Wobber. Three years ago he played with the El Paso team in the fair in this city. His many friends here hope it was not with suicidal intent that Mr. Krause was injured and will be pleased to learn of his quick recovery.

Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all druggists.

Virulent Cancer Cured.
Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at all druggists.

Sad Experience.
Conductor Charles Oder has gotten home at last. He ran his train as far as Napesta, where it was transferred to the Missouri Pacific and run over the Great Bend branch to the town of

that name where the main line was again struck and the train was run back to Dodge City.

From that place Mr. Oder came back to La Junta in an engine, after being out nearly thirty-six hours. Like the Kentucky colonel, Mr. Oder now knows what it is to suffer the pangs of thirst, and to be able to exclaim with Coleridge's Ancient Mariner, "Water, water everywhere and not one drop to drink!" When he reached home his friends scarcely knew him, so pale and wan he was.—Optic.

Happy Time in Old Town.

"We felt very nappy," writes R. N. Bevil, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for cuts, corns, burns, bruises, boils, ulcers, eruptions. Infallible for piles. Only 25c at all druggists.

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

BUSINESS LOCALS.

Economize by trading at The Economist. Copper, tin and galvanized iron work.—Whitney company.

It will pay you to see Hall & Leonard before purchasing a piano. No tuberculosis preservative or coloring in Matthews' Jersey milk.

Kleinwort's is the place to get your nice fresh steak. All kinds of nice meat.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Look into Kleinwort's market on North Third street. He has the nicest fresh meats in the city.

We are sole agents for Wheeler & Wilson sewing machines.—Albert Faber, 305 Railroad avenue.

Why buy high priced lots when you can get them cheap in Deming now, with certain advance assured?

We carry the largest variety of linoleums and oil cloths in this city. Albert Faber, 305 Railroad avenue.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

We are sole agent for Wheeler & Wilson sewing machines, the best on the market. Albert Faber, 305 Railroad avenue.

Price Reductions.

The only reason for reducing prices on our men's and boys' clothing is that we are overstocked and therefore anxious to push business. We had no old stock to unload and are showing new and desirable goods only.—Simon Stern, the Railroad Avenue Clothier.

Just received a large shipment of Japanese and Chinese matting. Albert Faber, 305 Railroad avenue.

Keep your eye on Deming.

LOCAL PARAGRAPHS.

W. L. Trimble will be a passenger
for La Junta tonight.

Dr. W. D. Radcliffe, of Belen, is in
the city today on professional busi-
ness.

Darby A. Day is at Raton repre-
senting the New York Life Insurance
company.

Miss Joie Larsen and Mrs. Edith
Jones are the new clerks at the New
England bakery.

Charles Newhall expects to leave
Saturday night for a short pleasure
trip to California.

Walter Goebel, who attended the ag-
ricultural college, returned to his home
at Belen this morning.

E. Cramer, of the firm of E. Grun-
feld & Cramer, has returned from a
short business trip south.

Hon. H. B. Ferguson, who was at So-
corro on important legal matters, re-
turned to the city this morning.

Mrs. G. W. Grove and son, Harry,
left yesterday morning for Kansas City
where they will spend the summer.

Miss Irene Burke, daughter of Judge
and Mrs. W. H. Burke, is slowly re-
covering from a very serious illness.

Miss Leila Buchanan, of Winslow, is
expected to arrive in the city the lat-
ter part of the week, for a short visit
with friends.

The three months old son of E. San-
chez died this afternoon. The funeral
will be held tomorrow morning from
the church in old town.

Mrs. F. C. Wendell is now at Long
Beach, Cal., where she will remain sev-
eral months. Mr. Wendell expects to
join his wife at Long Beach sometime
in July.

Frank Harrison, owner of some val-
uable real estate in this city, is here
from Fort Worth, Texas. He will re-
main here a few days, and then visit
friends in Santa Fe.

Mrs. S. C. Berry went down to Socorro
the first part of the week on a visit
to her husband, who is employed in
that city for a short while. She will
return tomorrow morning.

C. F. Nicholson, one of Albuquer-
que's efficient school teachers, will
leave tomorrow morning for Rockville,
Ind., where he will spend the summer
visiting with his two little boys.

Thomas A. Goodwin and Mrs. Julia
M. Garrett will be married this even-
ing, June 5, at 8:30 o'clock, at 214 1/2
South Second street. The ceremony
will be performed by Judge Baker.

George Weinert, who for the past
four years was an efficient clerk of the
Caledonian store at Gallup, came in
from the west this morning and is
mingling with old time friends here
today. He has secured a position with
the Santa Fe Central Railroad com-
pany, and will go to Kennedy tonight,
after which he will be transferred to
Torrance where he will take charge of
the company's store at that place.

EL PASO EXHIBIT.

Says the Albuquerque Citizen: "The
El Paso Herald is urging that city to
make a big exhibit at the St. Louis
world's fair. El Paso should begin by
bringing an exhibit to the New Mexico
fair to be held in this city next Octo-
ber."

To this the Herald says: "That is a
fair proposition. El Paso as the me-
tropolis of the great southwest must
reciprocate favors. El Paso expects
Albuquerque to take part in all our
shows, and to help get together the
mining exhibit for the St. Louis ex-
position. It is only proper that El Paso
should help Albuquerque in making her
public entertainments and projects suc-
cessful."

"El Paso should get together a per-
manent exhibit that can be put in
shape for easy transport from point to
point as occasion may require. This
city should have an exhibit at every
important exposition that takes place
in the United States. In many cases,
the mere fact that no other place so
remote or of similar character had an
exhibit would serve to call attention to
ours. This is one of the most effective
ways of advertising."

"Let El Paso take in the Albuquer-
que fair, and help make it go."

END OF BOER WAR.

The war in South Africa is ended.
England has saved her "honor" and
that is about all she has to show for
the long struggle which has cost her
so dearly in blood and treasure. For
the privilege of having it go out to the
world that she has won the fight she
grants the vanquished foe about every-
thing they ask save absolute independ-
ence.

Not only is it agreed not to tax the
conquered country for the expenses of
the war, but the British government
promises to put up \$15,000,000 for the
purpose of restoring the devastated
country to some semblance of what it
once was.

The Boers lay down their arms and
England does the rest. It is plain that
the rejoicing in England is not over
the victory won but is due to the fact
that peace has been brought about re-
gardless of humiliating terms.

All prisoners are to be brought back
as soon as possible to South Africa,
without loss of liberty or property.

No action is to be taken against pris-
oners except where they are guilty of
the breaches of the rules of war.

Dutch is to be taught in the schools,
if desired by the parents, and used in
the courts, if necessary.

Rifles are allowed for protection.
Military occupation is to be with-
drawn as soon as possible and self-gov-
ernment substituted.

There is to be no tax on the Trans-
vaal to pay the cost of the war.
What more could the defeated party
ask except absolute independence?

STRIKE LOSSES.

The statement of the losses by the
operators and the operatives sent out
from Wilkesbarre, Pa., indicates that
in the past two weeks the whole coun-
try has suffered to the amount of \$14-
000,000, or at the rate of \$7,000,000 a
week. If it should continue for six
months the loss would be \$180,000,000.
These simple figures show what a co-
lossal calamity a strike of this kind is
to the nation, and few can perceive any
compensating advantages. The distur-
bance it creates and will create in
manufacturing interests are immeasur-
able. It is a source of pain to per-
ceive that both sides are more set in
their determination to carry on the
battle. The effort to call out all the

WEEKLY CROP BULLETIN.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, June 3, 1902.

Stock and crop condition have greatly improved during the past week. Good, soaking rains occurred all over northern sections during the first part of the week, thoroughly relieving the severe drought of the prairie country of the northeast and in the vicinity of Rio Arriba county. As a rule outside water holes are filled to overflowing, grass on the ranges is starting rapidly, and the soil brought into fit condition for working and planting belated crops on unirrigated lands, such as corn and late oats. In many localities of the north the heavy rains of Tuesday the 27th were accompanied by severe local hail which destroyed young garden vegetables and stripped the fruit from many orchards in the section of the country lying north and east of Las Vegas. Many sheep also were killed by the hailstones. In western Mora county and vicinity dams and irrigation ditches suffered considerable damage from the floods, but a good supply of water is insured for some time to come in these districts. In the extreme south very little rain has fallen during the week, but stock and crops remain in very good condition, although irrigation water is getting somewhat scarce in the lower Rio Grande. In the southwest where conditions were quite favorable during the earlier part of the season there has been very little rain for some weeks, and in central and western Socorro county the drought is becoming severe. Lambing is finished in northern sections with a general average of something over fifty per cent, but many outfits as high as 80 per cent and above. Cattle are improving rapidly, excepting in the southwest. All irrigated crops are growing well excepting corn, which is backward in northern valleys on account of the cold nights. The high winds cause considerable dropping of fruit, but in general the prospect of a large fruit crop remains promising.

The following remarks are extracted from the reports of correspondents: Albert—H. M. Hanson—Drought broken at last, to the great relief of the stockmen. Rains have been quite general throughout this part of the country. Lambing about over, with generally poor results; will perhaps average but little over 50 per cent. A few favored localities with small herds report a fair count. Heavy rains on the 27th, an inch and a quarter falling between 10:30 and 11:10 a. m. Highest temperature, 92; lowest, 45; rain, 3.40.

Arabela—A. M. Richardson—Heavy winds, with rains on the 19th; Capitan mountains covered with snow. Highest temperature, 87; lowest, 57; rain, 6.20.

Bluewater—J. S. Vandoren—Cereals alfalfa and vegetables making rapid growth. Irrigation for the early season is completed. Corn coming up; range grass needs rain. Shearing and lambing is finished; lambing yielded about 65 per cent. Highest temperature, 100; lowest, 37; no rain.

East Las Vegas—J. Thornhill—The good rains on the 26th and 27th relieved protracted drought and put soil in good condition for working and planting. Some corn is up. It develops that alfalfa suffered greatly from the frosts of the 19th-20th, otherwise is looking well. All irrigated crops are growing well. Range grass is starting but more rain is needed.

Eastview (Valencia Co.)—John W. Corbett—Good showers have kept vegetation growing nicely; planting is about finished and everything is looking well. Grass is good and live stock improving. Highest temperature, 79; lowest, 42; rain, 0.02.

Gallinas Springs—J. E. Whitmore—A fine week for the growth of crops and the grass on the ranges. There have been good rains. Cattle are improving and sheep are doing nicely. Some have finished shearing and without loss. Highest temperature, 91; lowest, 44; rain, 0.72.

Gerorimo—N. M. Nelson—Somewhat windy, but a good soaking rain the first part of the week and planting has been resumed.

Hobart—W. H. Hough—Thunder showers with hail—rather a more favorable week for crops although corn is somewhat backward on account of the cold nights.

Los Alamos—Wm. Frank—A good, soaking rain on the 26th-27th, accompanied by high winds. This will start all vegetation, and oats can still be sown. Range grass is starting nicely. Sheep are in good condition and the result of lambing is quite favorable.

Mesilla Park—R. H. Hart—Continued hot, dry and dusty, although threatening rains the first part of the week. Irrigation water getting scarce. Wheat is beginning to head; the second crop of alfalfa is starting. Corn planting is about completed. Prospects good for a fine grape crop. Highest temperature, 99; lowest, 37; rain, trace.

Miera—Francisco Miera—General rains from the 26th to the 28th relieved the drought. Grass is beginning to show. Heavy losses in sheep.

Ojo Caliente—Antonio Joseph—Copious rains have made the farmers and stockmen happy. Hail on the 27th did some damage, especially to fruits. The yield of lambs will not exceed 50 per cent this year. Stock is now in fair condition. Water in the streams has increased, and the recent rains insure a good water supply. Highest temperature, 85; lowest, 45; rain, 1.92.

Roy—Alex S. Bush—The protracted drought broken by a steady rain Monday afternoon, and on Tuesday one of the heaviest rains since 1896. All the dry lakes overflowed and the weather continues cloudy with the promise of more rain. The rains came too late for the lambing season, which in general average about 50 per cent, excepting two outfits where the average is about 80. Plowing will now begin generally.

Santa Fe—U. S. Weather Bureau—A fine growing week and all vegetation has made rapid progress. Alfalfa will soon be ready to cut. Considerable fruit is falling, but the trees have plenty left. Corn makes rather slow growth on account of the cold nights, and also from the recent heavy frosts. Irrigation water is plentiful. Highest temperature, 76; lowest, 43; rain, 1.10.

Weber—E. H. Biernbaum—Rains began on Monday and continued intermittently for three days. Some ditches and dams suffered from the high water but farmers are greatly encouraged.

What Is the Use

of suffering from indigestion if you eat what you want, or of starving yourself to avoid such distress? Acker's Dyspepsia Tablets taken after eating will digest your food perfectly and free you from all the disagreeable symptoms of indigestion and dyspepsia. Eat what you want at any time and take an Acker tablet afterward. Positively guaranteed. Your money will always be refunded if you are not satisfied. Write to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Corn and beans are now being planted on temporal lands. All the water holes on the prairie are filled. Some damage from the hail on Tuesday.

Woodbury—A. J. Woodbury—Highest temperature, 85; lowest, 44; rain, 0.18.

R. M. HARDINGE,
 Section Director.

Was Wasting Away.

The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Alvarado Pharmacy.

WINSLOW.

From the Mail.

W. Adkins, formerly of Williams, is the new operator at this place.

A scheme is in progress to have Winslow lighted up with electricity.

Tom Kane, employed as a car inspector for some months past, has left for parts unknown.

N. O'Connor, a former apprentice boy in the shops here, has gone to New Mexico to work.

There were three new car repairers arrived Tuesday to work for the Santa Fe at this place.

Farmers are starting cutting their alfalfa hay along the river. Crops are in fine condition although water is reported to be somewhat scarce.

It is rumored that there has been at least twenty-five horses disappeared from this neighborhood within the last month. It would go hard with the guilty parties if caught.

Business men of the town are complaining about the dullness. The cause of it all is so many of our citizens with their families are away spending the summer as a vacation.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Fresh fish.—San Jose Market.

Jemez Hot Springs. The public is invited to visit the famous health giving springs. First-class accommodations can be found at the Stone hotel. Bathing, good trout fishing and beautiful scenery are only a few of the attractions of this delightful resort.

MRS. OLIVE CORCORAN,
 Stone Hotel.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

Concerning Trade Tricks.

The old saying that there are "tricks in all trades" has outlived its truthfulness, if there ever was any truth in it. This store does not countenance tricks of any sort to catch the unwary. The plain, simple policy of buying good merchandise and selling it at a just profit is what has gained for us the public confidence. What you read in our "ads" you can tie to. People with money to spend naturally go to the safe trading place.—Golden Rule Dry Goods Co.

Dressed poultry.—San Jose Market.

Dissolution of Partnership. The firm heretofore existing under the name and style of Balling Brothers, doing business in the city of Albuquerque, New Mexico, is this day dissolved by mutual consent, Simon Balling having purchased the entire interest of Steve Balling in the concern.

SIMON BALLING,
 STEVE BALLING,

"I've been duped"

by a ready-cooked factory food,—carry it past a stove and it's ready to eat—that kind.—Never again! It won't get past the stove.

"Back to the food that is home cooked—well cooked—the food that gives all its strength—Now and forever—Scotch Oats!"

Scotch Oats comes to you in natural form. Its strength has not been cooked away, and you cook it in your own kitchen. The whole of the good of the grain goes straight into your system...

when patent foods have run you down.

Scotch Oats will build you up.

Notes from Correspondents

GOLDEN.

Interesting Mining News From a Near-by Mining District. Special Correspondence.

Golden, June 4.—Walter C. Belcher, of Boston, Mass., has been several days in the industrial camp. He intends assaying the cement in the company's property, and try to find out what are the real values contained in the cement.

J. L. Lopez, owner of the San Miguel mining claim, is moving his arrastra from Palo Amarillo to Golden, where he intends running it steady, treating ore from the San Miguel claim.

Wm. Nash, accompanied by Mr. Pelham, of New Harmony, Indiana, have been for several days looking over the different mines in camp. They will develop some prospects they are now interested in and may invest some more in the camp. The gentlemen will go to the Gran Quivira to examine the ruins of one of the largest Indian pueblos in New Mexico.

Work under contract in the Baird Mining company's well and the Argo Mining company's shaft is progressing well under the contractors, Brown, Roberts & Co. The first twenty feet of work has been finished in the Baird well and fifteen feet has already been done in the Hazleton mine of the Argo Mining company.

Francisco Romero has taken a contract to sink the shaft of the Lucky No. 2 twenty-five feet deeper. Mr. Mayo, part owner of the Lucky No. 2, has great hopes of striking a large body of mineral at the 200 foot level, as large bodies have been found while doing other development work on the same mine.

Edgar Moore, general manager of the Industrial Placer Mining company, down on the Tuerto creek, is doing the annual assessment work on the company's grounds for this year. At present Mr. Moore will assist Walter C. Belcher, the consulting engineer of the company, to give the cement beds a fair test to determine the values in the cement per ton.

William Lofnick, part owner in the McKinley mine, was down to Golden yesterday making arrangements with the general manager of the Old Reliable Mining company, to run forty or fifty tons of ore from the McKinley mine. Mr. Lofnick, in talking about the mine said that the McKinley will be one of the gold producers of the camp. Every indication goes to show that the Gold Standard vein runs through the McKinley.

The James M. Lucas mines, situated on the south slope of the Ortiz mountains, the Black Prince. This claim has been worked more extensively than the others and has in the past ten years produced quite a large amount of gold, only known to Lucas himself. This mine, which shows a body of ore twenty feet thick and running from \$2 to \$2,000 per ton, has been opened up in several places, where ore is now to be seen, and samples taken from any place will always show free gold ore. The richest gold in the Black Prince mine is found in a sulphide state, thus rendering the richest ore too refractory to be treated in the free milling mill.

The only plant owned by Lucas for the treatment of his ore. Mr. Lucas has three full claims on the Ortiz mine grant, and the surface indications show to be deposited in the mountains ore enough to keep the largest plant in the United States running for fifty years day and night extracting both gold and copper with large profits to the owners. With the right kind of machinery placed on the Lucas group of mines this camp could produce several millions in gold and copper every year. Only a few hours was spent by your correspondent in looking over these deposits of gold and copper bearing quartz. These kind of mines are the ones which should be owned by the

Albamarie company, where they could get all the ore they need and which would pay well.

Filthy Temples in India.

Sacred cows often defile Indian temples, but worse yet is a body that is polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at all druggists.

SILVER CITY.

Normal School Commencement Exercises—County Politics.

Silver City, N. M., June 4.—The commencement exercises of the territorial normal school have been in progress since last Saturday evening, and will continue for a week. Last Monday was field day and numerous sports of all kinds were indulged in at Athletic park by the students of the school. Last evening the students produced the Greek play, "Ajax," at the Morrill opera house in a most creditable manner. The house was filled and the school was enabled to make a very neat profit which went into the treasury of one of the societies. The graduating class this year is one of the largest in the history of the school.

The Elks of this city are talking of inducing the Elks of Albuquerque to play them a game of base ball on the Fourth of July in this city. If the Albuquerque Elks accept the challenge they will have to brace up pretty strong as the Silver City Elks boast of a number of good ball players in its membership.

A camping party of Silver Citizens will leave the latter part of this week for a several weeks' outing on Dry creek in the Mogollon mountains. The trout fishing season opened up a few days ago.

FOOD AND GIRLS.

Study Don't Hurt If They are Fed Right.

Some time ago one of the ladies' papers published a long list of extracts from letters from mothers, speaking of broken down school girls. True, overwork and too much confinement is largely responsible, but, on the other hand, if the girl is fed on the right kind of food to rebuild the daily waste she can stand more work and the matter of food is the real foundation of the subject.

A 17-year-old girl writes from Caro, Mich., about how a change in food helped her. "I am only a school girl 17 years old, but I am old enough to appreciate what the wonderful brain food Grape-Nuts has done for me. About two years ago my health became very poor and I was unable to study, and finally obliged to leave school."

"I was put on Grape-Nuts Breakfast Food. In about three months I recovered my strength, my mind became much more clear and acute and I was able to resume school work."

"I continued to use Grape-Nuts until I discovered that I was getting too fat. I gained so much in weight that I had to discontinue it. It is the best food I ever heard of for building up a broken down system."

"I have an aunt who went to India as a missionary and while there she was ill four times with Indian fever and became a mere skeleton. When she returned here her muscles were as flabby as could be. She was put on Grape-Nuts Breakfast Food and quickly recovered. Her muscles grew hard and firm and she entirely regained her health, has greatly increased in weight and never knows a sick day now. She is still eating Grape-Nuts and says she would not do without the food for anything."

"I can never say enough in praise of your wonderful food." Name given by Postum Co., Battle Creek, Mich.

Ask the cook to show you the recipe book in the package of Grape-Nuts.

ago and is it reported that the fishing on that creek is better than ever this year.

The sanitarium which is being built in this city by the Sisters' hospital is fast nearing completion and will be ready for occupancy in about two weeks.

The county politics in Grant county are warming up as the fall election approaches and candidates for the different offices are bobbing up and asking for what they want. There seems to be plenty of office seekers on both sides and the conventions will not be forced to rustle for nominees on the ticket. It is said that one of our popular newspaper editors would like to get the nomination for county clerk on the democratic ticket and a well known court house deputy will ask for the nomination for clerk on the republican end. Other candidates are getting in shape to declare themselves and from present indications the campaigning will start in earlier this year than usual.

Only one remedy in the world that will at once stop itching of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

Forest Fire Dying Out.

The great forest fire in the Huachuca mountains, Arizona, is dying out. A small army of men of Tombstone, aided the soldiers from Fort Huachuca and have diverted the path of the fire from the Tombstone watershed and it is burning itself out on the barren higher range. The damage to timber and mining camps is well over a million dollars.

Cholera Morbus a Dangerous Disease.

In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by all druggists.

Shriners Special.

A special train of Shriners bound from Texas to California, reached here last night at 7 o'clock. It was known as the Hella special and left Houston last Monday. About 120 Shriners were in the party and many of the Albuquerque members of the order met them here. The party took supper at the Alvarado. Yesterday a side trip was made to Santa Fe and today a trip will be made to the Grand Canyon.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by all druggists.

A. Derrick, head brakeman on a construction train at camp No. 1 of the El Paso & Southwestern railroad, about five miles west of El Paso, was killed Tuesday night beneath the wreckage and load of the car from which he was thrown.

Leads Them All.

"One Minute Cough Cure" beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles," says Dr. D. Scott Curran, of Loganton, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs. J. H. O'Reilly & Co., and B. H. Briggs & Co.

SILVER CITY NORMAL.

Field Day Events of the Annual Commencement Exercises.

The Normal School field day this year was bigger and better than ever—many of the former records were smashed. The events were contested by members of the two most prominent societies of the Normal. Rivalry ran high and interest intense. Several "rooters" lost their voices and had to resort to pounding in cans and horn blowing in order to give vent to their feelings. The audience was variously estimated from 500 to 800.

Field day closed the series of events contested between the Lyceum society and the Literati, resulting in a victory for the Literati.

The events and records made are as follows:

Tennis singles, won by Henry Geitz, representing the Literati, and he was declared champion for the school. His opponent was Douglas Gifford.

Tennis mixed doubles was won by Ben D. Moses and Ludie Upchurch for the Literati, from Douglas Gifford and Viola Gillett.

Standing high jump, Gifford first; B. Moses, second; Crawford, third. Height, 4 feet, 7 inches.

Running high jump, Crawford, first; B. Moses, second; Gifford, third. Height, 5 feet.

Running broad jump (boys under 17) Moore, first; Schutz, second; Utter, third. Distance, 14 feet, 10 inches.

100 yard dash, Gifford, first; B. Moses, second; Alexander, third. Time, 13 seconds.

50 yard dash (girls), L. Upchurch, first; E. McGregor, second; Gillett, third. Time, 8 seconds.

Pole vault, B. Moses, first; Crawford, second; Gifford, third. Height, 8 feet, 8 inches.

Putting 12 pound shot, Ling, first; B. Moses, second; Gifford, third. Distance, 37 feet, 1 inch.

Throwing basket ball (girls), Carrie Whitehill, first; Nesbitt, second; McGregor, third. Distance, 55 feet, 10 inches. This lacked 5 feet of equalling former record.

Relay race, 200 yards; time, 28 seconds, won by the Lyceum society. 50 yard egg race (girls), Upchurch, first; Nesbitt, second; Gillett, third. Time, 10 seconds.

Tug of war, 800 pounds on a team, won by the Lyceum. Basket ball game (girls); score, 7 to 0 in favor of Literati.—Silver City Independent.

A PRISONER FOR LIFE

Offences against the laws of health are punished rigorously, and inevitably by nature. A man may break civil laws and escape punishment. But the man who transgresses nature's law of health cannot escape the penalty. Many a man is today a prisoner for life, and for a very brief life, because of his outrage of the laws upon which health is conditioned. He sits idly in his chair torn by coughing spells and gasping for breath. The handkerchief which wipes his lips shows a red stain. He is slowly wasting away.

Weak lungs, obstinate coughs, spitting of blood, weakness and emaciation are cured by the use of Dr. Pierce's Golden Medical Discovery. Thousands who have been cured by this medicine attest the fact.

Sick people are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for "Golden Medical Discovery." The sole motive for substitution is to enable the dealer to make the little more profit paid on the sale of less meritorious medicines.

"Three years ago I had the grip," writes Mrs. Tillie Lacey, of Gravel Switch, Marion Co., Kentucky. "It settled on my lungs, and the doctor said I had consumption. I took six bottles of 'Golden Medical Discovery' and am thankful to say I am entirely well. You may print this letter if you see fit to do so."

A LIVELY RUNAWAY.

Fence Around the Catholic Church
Was Torn Down.

HEAVY STORMS.

Special Correspondence.

Las Vegas, N. M., June 4.—Dr. W. C. Bailey returned from New York this morning after attending the funeral of his father.

The fine team of Elias Salas ran away this afternoon and brought up on the Catholic church fence, tearing it down and breaking the tongue and front of the buggy. One of the horses' front legs were hurt.

Miss Edith Haines, the music teacher, left today for Denver, where she will remain.

Engineer William Bender was killed at 7:30 last evening while looking out of the gangway of his mountain helper at Hillside near Raton. He struck his head on a bridge as the engine was passing and was instantly killed. His home was in Raton. He was unmarried.

It is feared that considerable of the fruit is injured in this neighborhood by last night's severe hail storm.

Parker Wells and wife have gone to Colorado Springs.

John Stein, superintendent of the Harvey houses along this line, was here today escorting 100 of the Mystic Shriner in a special on their way to their pow-wow in California.

H. H. Sheppard, traveling passenger agent of the Chicago & Alton railway, was here yesterday.

The Normal contestants at Mesilla Park came back with their feathers drooping. They failed badly in all the events. The ball team stopped off at Socorro to give the team there a whirl this afternoon.

District court convened this morning and the case of Charles Hildes vs. The First National bank was set for the first day of next term. The suit involves payment on a wool deal of about \$12,000. Hon. Chas. Spies is attorney for plaintiff and A. A. Jones for defense. The damage suit of Mrs. Hamilton against East Las Vegas for damages of \$10,000 for injuries sustained by falling on a defective sidewalk was at the request of A. A. Jones, attorney for the plaintiff, continued until next term, and was set for the second day.

The committee of the grand jury made its rounds of the county offices and will report this afternoon or tomorrow, when they will complete their duties.

The case of Donaciano Barros on a cattle stealing charge was next called and a jury tried empaneled to try the case.

Anthony H. Young has been granted a temporary license to practice law in the district courts of this territory.

The condition of A. R. Larrazolo, the attorney who broke his leg in the ball game on Decoration day, is as good as could be expected. He will most probably be laid up for a couple of months.

A ball team has been organized in this city, with A. McWenle as captain. They would like to hear from Santa Fe and Albuquerque soon as they get the curves down pat.

Charles Martin, a resident of Saginaw, Mich., died here this morning at 9 o'clock of consumption. He was 30 years of age, and the remains will be shipped to Port Huron, Mich., tomorrow.

The city council will have a special whirl tonight. It is the sidewalk and kindred troubles that calls them in session.

C. L. Harris and wife are expected back from Hugo, Ind., tonight. They have been away for several weeks.

A terrific sandstorm visited the section of Los Alamos and Sinedjuela, about twelve miles from here, last night and did considerable damage to the crops. About a foot of hail fell, and the booming and storm was heard plainly here about 9:30. The storm was hard near Hot Springs, and at Begoso, travelers on the road had to hold up there and wait until morning. The rainfall in Las Vegas was .08 of an inch.

The mesa surrounding the city is at last beginning to get green. It makes a pleasing sight.

Sheriff Cleofas Romero took Catarino Gonzales to the penitentiary this afternoon to begin a sentence of twenty years for murder in the second degree. Gonzales was convicted on the 23rd of December, 1899, but filed an appeal to the supreme court which was granted, and on the 25th of April the supreme court reaffirmed the district court's decision.

The city plats and grades which the sewer expert, Andrew Rosewater, took to Kansas City with him, have returned, and sidewalk building is expected to again begin in earnest.

W. G. Haydon, acting as a special master, has sold to Mrs. Lucy V. Clements a lot of real estate in this city; consideration, \$3,500.

Romaldo Montoya and wife and Pedro Montoya have entered an agreement to sell to John Laubach, A. R. Quinley and J. A. Baker, the mining men, a large parcel of land in this county, near Tecolote, for a consideration of \$3,000.

Cesar Madrid left today for Santa Fe to get his son, Antonio Madrid, who has just finished a three year sentence in the penitentiary for perjury in a murder case.

Watrous had a good rain yesterday afternoon.

Mrs. A. R. DaCosta leaves Friday for Princeton, Ind., to visit with relatives for a couple of months.

The infantry and cavalry company will fight it out on the base ball diamond on July 4.

Alderman T. M. Elwood is taking a two weeks' vacation from his desk at Hildes.

Miss Marcelina DesMarais is quite ill.

Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

Mr. and Mrs. Ivan Grunsfeld and child, left this morning for New York City, where they will make their future home. Mr. Grunsfeld has been engaged in business in this city for the past twenty-two years and has been connected with some of the largest institutions. He has been associated more or less with every prospect for the promotion of any benefit to the city.

during his long residence here and was always ready with hand and purse to support any institution or event that has been a benefit to the community. In the departure of Mr. Grunsfeld the city loses one of its best townsmen.

For information see Chamberlain's Stomach and Liver Tablets. They cleanse the stomach and regulate the liver and bowels, effecting a quick and permanent cure. For sale by all druggists.

PASTE THIS UP.

The New Time Card for the Summer In Effect June 1.

F. L. Myers, the popular joint railway agent, has received the figures of the new time card which will go into effect on Sunday, June 1. Read over the figures and govern yourself accordingly.

No. 1, from the east, now arrives at 10:10 p. m. and departs for the west at 11:30 p. m. On the new time card it will reach Albuquerque at 7:15 p. m., passengers eat supper, and departs for the west at 8:15 p. m., a little over three hours earlier than now. This train will carry the pouch mail the same as now.

No. 7, from the east, now arrives at 10:40 p. m. and goes west at 11:20 p. m. On the new time card it will reach this city at 10:05 p. m. and leave for the west at 10:45, and is the regular mail train.

No change in No. 2 from the west, arriving at 8:05 a. m. and departing at 8:30 a. m. as now. This is the regular mail train for the east.

No. 8, from the west, will leave for the east at 7:30 p. m. It goes north now at 7:10 p. m. This train carries pouch mail.

No. 27 (now known as No. 21) the El Paso train, will leave for the south at 11 o'clock p. m. It goes south now at 11:45 p. m.

The train from the south will arrive and depart as now.

The limited trains, No. 3 from the east and No. 4 from the west, will run the same hours as now, twice a week, instead of daily.

Freight train No. 33, going south and carrying passengers, will depart at 8:05 a. m.

Whooping Cough.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.

Chronic bronchial troubles and summer coughs can be quickly relieved and cured by Foley's Honey and Tar. Alvarado Pharmacy.

Regular communication of Temple lodge, No. 6, A. F. and A. M. this evening at 8 o'clock. Visiting brethren cordially invited. By order of the W. M. Robert, Abraham, secretary.

Warning.

If you have kidney indication or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Alvarado Pharmacy.

Miss Mabel Anderson and brother, Scott, left last night for Los Angeles, where they will spend a few months recreating.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. Alvarado Pharmacy.

M. E. Porter returned this morning from a short business trip to El Paso, Texas.

Ayer's

You have doubtless heard a great deal about Ayer's Sarsaparilla—how it makes the blood pure and rich, tones up the nervous system, clears the skin, reddens the cheeks, and puts flesh on the bones. Remember, "Ayer's" is the kind you want—the kind the doctors prescribe. All druggists.

Ayer's Pills are a great aid to Ayer's Sarsaparilla. These pills are liver pills, safe for the parents, and just as safe for the children. Purely vegetable.

J. C. AYER CO., Lowell, Mass.

BIG FIRE AT PARK VIEW.

Flouring Mill and Dwelling House of Theodore Seth at Park View Destroyed.

Paul Wunschmann, of Santa Fe, received a telegram which states that Tuesday night the flouring mill, dwelling house, stables, barns and outhouses of Theodore Seth at Park View, Rio Arriba county, burned to the ground. It is believed that lightning was the cause of the fire. The insurance amounts to between \$9,000 and \$10,000, carried by the agency of Paul Wunschmann & Co., of Santa Fe.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried." J. H. O'Reilly & Co., and B. H. Briggs & Co.

The El Paso News says that rails on the El Paso & Southwestern have been laid from the connection of that road with the Rock Island in the east part of town westward to Mesa avenue. The grading is done past Oregon street to the westward and is being pushed ahead of the track laying as rapidly as possible. The rails reached Stanton street last evening and will be across Mesa avenue this evening. The force laying the steel in town is not a very large one.

No good health unless the kidneys are sound. Foley's Kidney Cure makes the kidneys right. Alvarado Pharmacy.

H. H. Sheppard, general agent for the Chicago & Alton, with headquarters at Denver, passed through the city this morning, going north. He had been transacting business at El Paso.

Ready to Yield.

"I used DeWitt's Witch Hazel Salve for piles and found it a certain cure," says S. R. Meredith, Willow Grove, Del. Operations unnecessary to cure piles. They always yield to DeWitt's Witch Hazel Salve. Cures skin diseases, all kinds of wounds. Accept no counterfeits. J. H. O'Reilly & Co., and B. H. Briggs & Co.

J. E. Saint, secretary of the Santa Fe Central and Albuquerque Eastern, was a passenger north this morning.

Interesting to Asthma Sufferers.

Daniel Bante, of Ottumwa, Iowa, writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all." Alvarado Pharmacy.

J. L. Hudson, traffic manager for the Illinois Central, and family, passed through the city this morning in special car, en route from the Pacific coast to their home in Chicago.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. J. H. O'Reilly & Co., and B. H. Briggs & Co.

K. K. Scott, an attorney at law of Gallup, is transacting business in the city.

Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Alvarado Pharmacy.

R. R. Mann, a railroad man from Gallup, is in the city.

Saved From An Awful Fate.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by hay fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

J. M. Hollister, traveling representative for the local house of the Continental oil company, passed through the city this morning en route from Socorro to Cerrillos.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Alvarado Pharmacy.

GUARANTEED SILK GLOVES, 50 CENTS PER PAIR.—ROSENWALD BROS.

We are showing the most extensive line of men's and boys' ready-to-wear clothes between Denver and Los Angeles.—Simon Stern, the Railroad Avenue Clothier.

Bring in your tinware and have it repaired. Albuquerque Hardware Company.

Overshot the Mark. In buying our spring and summer goods this year we went too far and overbought. In order not to have too many left-overs we have made material price concessions, as indicated on the price tags in our big window.—Simon Stern, the Railroad Avenue Clothier.

IT WILL BE TIME WELL INVESTED TO READ OUR ADVERTISEMENT.—ROSENWALD BROS.

Beauty's Blood Deep

How untrue the old adage "Beauty's Skin Deep." How many women of beautiful features marred by impure blood try in vain to get a pure complexion by doctoring the skin. The quickest, surest, only way to beauty is to cleanse the blood.

"I have been taking Cascarets for pimples and have been greatly benefited."
—Miss Gertrude Grant, Cambridge, Mass.
"I am very well pleased with Cascarets. They are fine for the complexion."
—Miss Catherine C. Goffman, S. English, Ia.
"Cascarets will clear the complexion of boils, pimples and blackheads caused by impure blood."
—A. E. Griffin, M. D., Stubbledick, Texas.
"Cascarets have done a great deal of good for me and for all our family."
—Miss Florence Cook, Webster City, Ia.

"I must add my testimonial to your valuable medicine Cascarets for stomach trouble."
—Irene Ackerman (famous singer), 26 West Fifteenth Street, New York.
"I was suffering with sick headaches a great deal, but after taking a box of Cascarets, am entirely cured."
—Miss Clara Stimmiel, 23 So. Sandusky Street, Delaware, Ohio.
"Cascarets did me a world of good. My liver was in bad condition for some time and one box cured me."
—Miss Mabel Allen, Clark, Michigan.

How many, many young women are anemic, pale, sickly-looking, perhaps with pimples on face and neck, owing to poor, unhealthy blood. Perhaps womanhood is approaching, that serious time of life when irregularities are liable to break down a constitution. The first rule for purifying and enriching the blood is to keep the bowels free and natural, gently but positively, without nervous shock, and Cascarets Candy Cathartic is the only medicine to do it.

Cascarets

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free from Sterling Remedy Company, Chicago or New York.

LOCAL PARAGRAPHS.

Attorney Horton Moore returned this morning from a short business trip to Gallup.

W. H. Wolff and sister-in-law, Miss McConnell, left Gallup the other evening for southern California.

Chas. Melini, of the firm of Melini & Eakin, wholesale liquor dealers, was a passenger north this morning.

S. E. Newcomer, the Railroad avenue stationer, is a busy man today getting ready to move into his new store next to the postoffice, on Second street. He expects to be ready to move tomorrow.

M. B. Rowland, a gentleman from Pennsylvania, who spent the larger part of the winter in Albuquerque, but has recently been sojourning in the City of Mexico, Mexico, returned to the city this morning.

Mr. and Mrs. Ross Merritt, Misses Mabel Fitch and Edith Stevens, and Dr. E. J. Alger and Louis C. Brooks are the members of a jolly crowd who will leave the city Saturday morning for a ten days' outing on the Pecos. The party will go by rail to Glorieta, where they will be met by a stage. They will stop at the Winsor ranch.

Arrangements will be made for a series of base ball games with the Santa Fe team, so many to be played in this city and an equal number at Santa Fe. The Browns will probably visit Santa Fe again in the near future. Each team have won one game this year from each other, and the result of the next game will be watched with interest.

A. Ingallsbe, who has been in the city the past few months, today purchased four acres of ground located on the Fourth street boulevard from Col. J. M. Moore, the real estate agent. The gentleman hails from Chicago, and will improve his newly acquired Albuquerque property by erecting thereon a handsome residence and setting out some shade and fruit trees.

H. N. Stovel, foreman of the machine department of the local railway shops, and his good wife are revelling in the smiles of a pretty girl baby, the little Miss arriving night before last. Mr. Stovel is reported at his duties today but the boys—well they are having lots of fun at his expense and are showering upon him congratulations, wishing all kinds of good luck to the little lady.

Adjutant General Whiteman, who was at Las Cruces, came in from the south this morning and proceeded north to Santa Fe. He was at Las Cruces endeavoring to get the two military organizations there to consolidate and make one big company. The adjutant general is trying to bring about an encampment of the New Mexico guards, to meet in this city at the territorial fair in October.

Fred J. Brady, a soldier who served in the Third Cavalry in the Philippines, came in from the Fort Bayard sanitarium this morning, where he had been a patient for the past few months. Brady is one of those individuals who don't believe that pulmonary tuberculosis can be cured, and says when he gets back to New York and Boston he will have himself interviewed regarding the treatment of patients at the Fort Bayard sanitarium.

At Auction.
A car load of fine horses and Jersey cows, Tuesday afternoon, June 10, at 1:30 o'clock sharp, at Trimble's red barn. This stock is from the celebrated Manning breeding farm at Independence, Kas. It consists of saddlers, double and single drivers and high grade Jersey cows that are all fresh; and some with calves at side. They have no superiors as butter and milk producers. This stock is too fine and costs too much money to sell at auction, but a press of business at home compels Mr. Manning to make this sacrifice and everything will positively go without reserve. It will be a pleasure to Mr. Manning to show stock and hitch horses for prospective purchasers before sale. See him at the red barn.
H. S. KNIGHT,
Auctioneer.

Don't forget the prize two-step at the Orchestra hall next Saturday night. Music by Mrs. Berry and Professor Devine.

Take a loaf of hot New England bakery bread home with you for supper.

Pupils desiring public work this summer can arrange for lessons with Miss Newell, 228 N. Walter.

Closing Out Sale.
Beginning with Wednesday, May 28, I will sell my stock of millinery at cost. A fine line of elegantly trimmed hats, fine bare straw hats and a lovely assortment of trimmings. Everything will go for exactly what it cost. I am going to quit business.
MISS M. C. FLEMING,
216 South Second street.
