The republicans made a clean sweep
in Oregon.

The Boer war is closed and peace
prevails throughout the world.

Some one at Santa Fe has convinced
Johnny McCutchen that the democrats
carried this county at the last general
election.

The Boers come out of the war with
the British with high honor. They got
better terms than they offered to take
a year ago.

Peace is declared between Great
Britain and the Boers of South Africa.
The terms make the Transvaal a British
province with liberal terms to the
burghers.

The Boer war has cost Great Britain
22,201 men killed and wounded, and
73,972 men sent home invalided. The
cost of the war in cash is estimated at
\$1,250,000,000.

The fifth annual session of the In-
ternational Mining congress will con-
vene in Butte, Mont., at 10 o'clock a. m.
Monday, September 1, 1902, and con-
tinue thereafter the 2d, 3d, 4th and 5th.

The San Antonio, Texas, fair will be-
gin October 11. The New Mexico fair
will begin October 13 and close October
18. We can arrange to have President
Roosevelt attend on the 17th and 18th.

According to a report issued by the
London board of trade not a single pas-
senger was killed on English railroads
during 1901, and the total number of
other fatalities was only eleven, an
unprecedented record.

While the United States is spending
millions to help the people of Porto
Rico and the Philippines, nothing is be-
ing done for Arizona and New Mexico.
These territories are taxed without
representation, and the senate is "too
busy" to consider measures affecting
these unfortunate provinces.

TROUT FISHING.

The trout fishing season opened in
this territory on June 1. There are
hundreds of mountain streams in vari-
ous portions of New Mexico well stock-
ed with the speckled beauties.

To him who is a true lover of nature
the charm of trout fishing is—in the
fishing. Clambering from pool to pool,
forcing his way through the thickets,
and stealing along the bank of the
stream in search of a likely pool or
eddy he comes close to the heart of the
primal mother Nature. He learns her
moods as he can in no other way, his
mind is clarified, the tangled mental
skein unraveled and his whole being
made purer, cleaner and better. He
carries back to the office a portion of
that divine heritage of grace that na-
ture yields only to those who truly wor-
ship at her shrine.

The shining beauties that lie below
the rifle, in the eddy of the little fall,
in the shadow of the log, or at the foot
of the inselving rock, are the foxiest
of their species. No blundering tender-
foot can make a successful trout fisher-
man. Soft of tread, dainty of hand
and of quiet manner must he be who
hopes to fill his creel with the speckled
charmers. He may have traveled many
weary miles and be wet and hungry,
but there is ample compensation await-
ing him. Peering over the edge of a
rock around which the water rushes
he sees a deep quiet pool. A dexterous
flick with the rod and the brown back-
settle lightly upon the water and flut-
ters across its surface. A streak of
light glances up from the depths below,
then is what seems like a blow upon
the rod, the brief moment of exhlara-
tion produced by the rushes of his
game, and then the exultation as one
more trophy is placed in the creel.

GAINING FRIENDS.

A good sign for statehood is the
changing attitude of a number of the
great newspapers of the east, which
heretofore have been silent, or hostile
to the statehood bill. The Washington
Post, for instance, which previously
had been disposed to throw cold water
on the measure, came out in the follow-
ing editorial a few days ago, under the
heading, "Let Them All In."
Public sentiment in the United States
—so far as we can judge by the news-
papers of all parties and all sections—
is with the house of representatives on

the question of statehood for Arizona,
New Mexico and Oklahoma. If the
senate would promptly pass the bill for
the admission of those three well qual-
ified candidates into the family of
states—the bill that passed the house
with enthusiastic unanimity—it would
perform an act well pleasing in the
sight of an overwhelming majority of
the American people. The question of
their fitness for their promotion has
been answered affirmatively by official
figures. It has been carefully studied
by the house committee on territories
and answered in the same way. It was
considered by the house and the an-
swer was a prompt and loud affirma-
tion.

Oklahoma is young, but her progress
has been phenomenal. No one doubts
that she will, before many years, be
one of the strong states of the repub-
lic. The growth of Arizona and New
Mexico has been less rapid, but it has
been steady and solid. Congress has
treated them very much as Laban ac-
toward Jacob in the matter of mat-
rimony, only more so. They have not
tried, as Jacob did, to indemnify them-
selves with any "speckled and ring-
stroked" tactics, but have commended
themselves to national respect and con-
fidence by faithful continuance in well
doing. The senate can, if it sees fit,
refuse to concur in the action of the
house. It can slam the half open door
in the faces of the three candidates,
but we do not know where precedents
for that course could be found. By all
the tests applied in the past they are
worthy of and ought to have the boon
they ask for.

A Real Friend.

"I suffered from dyspepsia and indig-
estion for fifteen years," says W. T.
Sturdevant, of Merry Oaks, N. C.
"After I had tried many doctors and
medicines to no avail one of my friends
persuaded me to try Kodol. It gave
immediate relief. I can eat almost any-
thing I want now and my digestion is
good. I cheerfully recommend Kodol."
Don't try to cure stomach trouble by
dieting. That only further weakens the
system. You need wholesome, strength-
ening food. Kodol enables you to as-
similate what you eat by digesting it
without the stomach's aid. J. H.

Socorro Wants Military Post.

The following letter bearing upon
Mayor Cooney's effort to bring the pro-
posed new military post to Socorro ex-
plains itself:

Washington, May 22, 1902.—Hon. M.
Cooney, Mayor, Socorro, N. M.—Sir: I
have the honor to acknowledge the re-
ceipt of your letter of the 16th inst.,
which you set forth the merits of So-
corro, N. M., for a military post, and
replying thereto to say that the same
will receive consideration. Very re-
spectfully,

Death of Mrs. Samuel Locke.

Mrs. Barbara Locke, nee Sorey, wife
of Samuel Locke, died at the Park
house in Socorro May 27, 1902, after a
long and painful illness which she bore
with remarkable Christian fortitude.
Funeral services were conducted from
the Church of the Epiphany Wednes-
day afternoon last, Rev. Joseph Mc-
Connell presiding, in the presence of a
goodly company of sorrowing relatives
and friends who assembled to pay their
last respects to the deceased. Mrs.
Locke had relatives in El Paso, Texas;
Bailey, Colo., and Portsmouth, Ohio.

Virulent Cancer Cured.

Startling proof of a wonderful ad-
vance in medicine is given by druggist
G. W. Roberts, of Elizabeth, Va. An
old man there had long suffered with
what good doctors pronounced incur-
able cancer. They believed his case
hopeless till he used Electric Bitters
and applied Bucklen's Arnica Salve,
which treatment completely cured him.
When Electric Bitters are used to ex-
pel bilious, kidney and microbe poisons
at the same time this salve exerts its
matchless healing power, blood dis-
eases, skin eruptions, ulcers and sores
vanish. Bitters 50c, Salve 25c at all

MORE A-COMIN'

Is the Name Given the Big Special to the Intercollegiate Track Meet at the A. and M. College on June 3.

Special Correspondence.
 Mesilla Park, N. M., June 1.—A big excursion with a special train and a brass band, from El Paso to Mesilla Park, on tomorrow will give the Agricultural and Mechanical Arts college track meet a most metropolitan aspect. Big crowds of people from north and south, taking advantage of the one fare rates throughout the territory, will help swell the resident crowd and furnish such a number of spectators at the athletic games of the occasion as has never been seen at any amateur event in the southwest before. And strenuous preparation has been made that they be royally entertained. Gov. Otero, who will preside over the occasion and the territorial land commissioner, Hon. A. A. Keen, of Albuquerque, have wired the welcome intelligence that they will attend in person. The special which leaves El Paso at 10 a. m. will land the El Paso crowds at the college in time to visit the different buildings of the institution. The agricultural buildings, with hot house and seed depository, with blooded stock and improved implements, the new pumping plant and machinery will interest some, while each of the other buildings with their splendid equipment, the women's hall, science hall, mechanical engineering building and main building, all will be of interest. All departments will be open and all machinery running.

It is not necessary to remark that the prime object of all this expenditure of funds and labor is to secure some wholesome advertising for this great and comparatively little known institution to secure the attendance of that great number of men and women who are sent away each year to schools of much less efficacy and more expense than the A. and M. college of New Mexico. And if this laudible ambition can be fulfilled, the promoters of the enterprise will feel amply repaid, no matter what the financial outcome may be.

The attendance of the governor and his interest in the undertaking, as well as the uniformly enthusiastic support

of the daily press of New Mexico and El Paso, are gratefully appreciated by this institution.

A neat program has been gotten out for the excursionists and they will be kept busy from the time they arrive until the train leaves at 6 o'clock for El Paso. No accurate estimate of the number of visitors who will be here can now be made, but that it will far exceed any number that has ever come to the college upon any occasion whatsoever, is absolutely certain. Since there are one fare rates on all over the territory, a large number of people is expected to be here throughout the whole week and the following program is the list of entertainments which will take place:

Sunday, June 1.—Baccalaureate sermon by Rev. W. A. Cooper, McFie hall, 11 a. m.

Monday, June 2.—Columbian Literary society banquet (by invitation), agricultural building, 4:30 p. m.; intercollegiate debate, McFie hall, 8 p. m.

Tuesday, June 3.—First annual intercollegiate track meet, athletic field, 1:30 p. m.; alumni banquet (by invitation), women's hall, 8 p. m.; annual reunion, stenography department (by invitation), agricultural building, 8 p. m.

Wednesday, June 4.—Commencement exercises, address by Hon. J. Francisco Chaves, McFie hall, 10:30 a. m.; president's reception, president's residence, Las Cruces, 8 p. m.; commencement ball, ancient palace, Las Cruces, 9 p. m.

As to the great athletic meet on Tuesday, June 3, this event is of more than passing interest and importance, as well as the big intercollegiate meet Monday night. Fourteen events on the program, with sixteen different entries will make an occasion well worth witnessing. There are two men in each institution who will be most in prominence in all of these events. These men are Manuel Otero and Charlie Rhodes from Las Vegas and Walter Danburg and Orrick Metcalfe, both winners of an all round contest at this college. The events which will be fought out from start to finish, each by two brawny representatives from the normal and college, are these: 100 and 220 yard dashes, 440 and 880 yard runs, 120 yards high hurdles, 880 yards relay race, running and standing high and broad jumps, pole vault, putting shot and throwing hammer and discus.

Thus with the attendance of the governor and other prominent territorial officials, the low rates and special train, the event of the commencement week, track meet and debate, and the big college itself, there is offered to all an unsurpassed opportunity to visit this Mesilla valley, the garden spot of New Mexico and therefore of the world and partake of the hospitality and entertainment for which no trouble or expense has been spared by the promoters.

Mothers lose their dread for "that terrible second summer" when they have Dr. Fowler's Extract of Wild Strawberry in the house. Nature's specific for bowel complaints of every sort.

The Kingman Miner says: E. H. Coapman, who has been division trainmaster for this division of the Santa Fe Pacific railroad for a year or two past, has resigned his position and accepted the superintendency of terminals at Little Rock, Ark. Mr. Coapman is one of the best railroad men in the west and an excellent gentleman. We are sorry to have him leave this section of the country, but wish him all manner of good luck in his new home.

Read It in His Newspaper.
 George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all druggists.

Of the two colored railway porters discharged the other day, one was for peeping in a berth, and the other went to sleep at Albuquerque and missed his train.—Las Vegas Record.

HALF A MAN.

When a man is sick and can only work half the time he is practically half a man. It requires his whole physical energy to do half a man's work.

In general the weak run down condition which cuts the strength and energy in half is due to disease of the stomach and other organs of digestion and nutrition. You could not expect a half starved man to work more than half the time. The condition of the man with weak stomach is that of the half starved man. He is weak through lack of nutrition.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect nutrition of the body and restores the strength.

"I had stomach trouble from birth," writes Mr. Willis Seaman, of Washingtonville, O.—"I was not able to work more than half the time. I suffered with it more or less as I grew up. At the age of 25 I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I took six bottles of 'Golden Medical Discovery' and two vials of Doctor Pierce's Pleasant Pellets. I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything I like, and I am 27 years old and this is the first time I have ever been well."

Dr. Pierce's Pleasant Pellets cure constipation.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream build up the skin and improve the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

Price Reductions.

The only reason for reducing prices on our men's and boys' clothing is that we are overstocked and therefore anxious to push business. We had no old stock to unload and are showing new and desirable goods only.—Simon Stern, the Railroad Avenue Clothier.

Concerning Trade Tricks.
The old saying that there are
"tricks in all trades" has outlived
its truthfulness, if there ever was
any truth in it. This store does
not countenance tricks of any
sort to catch the unwary. The
plain, simple policy of buying
good merchandise and selling it
at a just profit is what has gained

Dr. WILLIAM SPARKS, Prop., Willis, N. M.

(Concluded from page one.)

"While the suicide theory is quite generally adhered to," continued Mr. Rohr, "there are some evidences of foul play, which lead me to believe that the old man may have been enticed to a secluded spot and cruelly murdered. That he feared robbery is evidenced by the fact that he had securely placed the greater portion of his money in his shoes. On his neck, are two scratches, which were undoubtedly made by finger nails. On these wounds were evidences of clotted blood. But from the nature of the knife cuts on the throat and wrists I am led to believe that they were made after death. They were as clean as a whistle when the body was found, and there wasn't a particle of evidence at hand that even a drop of blood had ever issued from the wounds. The man may have been strangled to death and then to give the appearance of suicide his assailants cut his throat and the arteries in his wrists. The cutting was evidently done with a very keen blade in the hands of a man with nerve and determination. There is a possibility that his murderer or murderers were frightened away before they had a chance to rifle his clothing."

Another evidence of foul play rests in the fact that the dead man's suspenders were severed on both sides with a sharp knife. By those who entertain the murder theory the conclusion is reached that his assailants evidently knew that the old man had a roll of considerable size, and believing that it was in his trousers' pockets, started to remove this portion of his apparel and in their haste cut the suspenders, but before the pants could be removed were frightened from their heinous work. The vest was securely buttoned when the body was found and must have been forced up when the suspenders were cut. Those adhering to the suicide theory are unable to give an explanation of this status of the man's effects or to account for the care employed in the disposition of his money.

The case so far is clothed in deep mystery. No person has been found who remembers seeing the dead man in life or is able to give the slightest clue as to his identity. Conjectures have been advanced that the remains are those of this man and then that one, but investigation in each case has proved the suspicions groundless and the mystery is as far from a solution as when the body was first discovered. Mayor Bayne, acting as coroner, is making a very careful investigation and may in the course of time succeed in unraveling the mystery.

On Tuesday afternoon Photographer Erickson, at the mayor's suggestion, took pictures of the dead man. These will be sent to metropolitan papers, east and west, and by this means relatives of the unfortunate man may be made acquainted with his tragic ending. Deceased, as previously stated, is between 60 and 70 years old. He is partially bald-headed, with a fringing of iron gray hair around his temples and on the back of his head. He wore a moustache and full face beard, both being white. He is 5 feet 6 inches tall and from the appearances of the back walked erect. There is but little flesh on the body, and the sparse features and sunken condition of the chest would indicate that in life he had suffered from the effects of pulmonary troubles.

After thoroughly investigating the case Judge Bayne came to the conclusion that nothing could be developed by an inquest, and decided to bury the body here, pending subsequent developments. The judge will, however, continue his research in the hope of determining on the nature of the man's death and locating relatives of the deceased. The body will probably be interred at Fairmount this afternoon.

Was Wasting Away.

The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Alvarado Pharmacy.

Cholera Morbus a Dangerous Disease. In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by all druggists.

Mr. and Mrs. C. O. Young were Angel camp, Hell canyon, guests last week.

PRESIDENT'S VISIT.

He Will Try to Visit the Territorial Fair.

In a letter to The Citizen Delegate Rodey says: "I received your telegram asking me on behalf of the people of New Mexico, to invite the president to attend the fair on October 13th at Albuquerque. I could not go to see the president yesterday, as he was not at the White House for visitors, having had to attend Lord Pauncefoot's funeral, but this morning I went to see him, and chance had it that Congressman Slayden, of Texas, was just ahead of me inviting him to attend a fair at San Antonio, Texas, on October 29th next. As he was demurring and stating that he would consider the matter, I stepped in and said that while Texas was inviting him New Mexico would join in the invitation, and presented my telegram from you which the president read. He stated that he did not exactly know this far in advance whether he could arrange the matter, but that if he could arrange a trip to swing around a circle taking in the southwest about that time, it would be a pleasure, and if he could accept he would let us know later."

HINZ FREY DROWNED.

The Man Who Lost His Life in Raton Creek Was Not H. F. McGee.

The man who was drowned in Raton creek at Starkville yesterday, proves to be Hinz Frey, a jeweler, having but one leg, and was not H. F. McGee, as was at first thought. There are many cuts and bruises on his head, caused by beating against the rocks.

Coroner Sipe brought the body to Trinidad. In deceased's clothing were found a knife, a watch and a few dollars in silver and tools used by jewelers.

Frey is a native of Switzerland, about 44 years of age, is married, his wife and child residing in St. Louis. The coroner is making an effort to get in communication with them.

J. W. Butler, the jeweler, identified the victim, deceased having worked for him from September 25, 1901, till February 8, 1902, about which time he went to Las Vegas. Frey returned to Trinidad last week. Yesterday morning he drove to Sopris and was on his way to Starkville where he intended locating, when the calamity, costing him his life, befell him.

The horse which was drowned, and the buggy which was totally wrecked, were the property of J. F. Smith, the liveryman, successor to J. J. Holton.

It is said that Frey had twelve gold filled and one silver watch in a box in the buggy. So far as known none of the watches have been found.—Trinidad Chronicle.

AGRICULTURAL COLLEGE.

A Few Notes About College Located in Mesilla Valley.

The Juniors entertained the Seniors at Professor Lester's.

Miss Vivette Davis, Miss Florence Sutherland, John Miller, and Ernest Winters are visiting Mesilla Park.

About thirty college students will leave on the evening train Thursday. They go to all points in the territory.

Some of the college students attended the dance at Snam and they report a most delightful time.

Wallace Baird had the misfortune to break and dislocate his ankle the other day. We are all sorry for him; but the more sorry that he is disabled just before commencement.

The Cervantes banquet came off at the Dormitory. An enthusiastic lot of members made things pleasant for their friends. Spanish costumes were worn, and the refreshments consisted of coffee, tamales and pan dulce. Dancing was kept up until a late hour.

The Columbians met at the graveyard Friday morning and decorated the

graves of the Columbian dead. Miss Hughes and Miss Macgregor read excellent papers, their subjects being "Decoration Day" and "Our Columbian Dead." Hymns and prayers concluded the services.

Lawson Lowe, one of the members of this year's stenography class, left to accept a good position as stenographer in the city office of the Santa Fe Railroad company in El Paso. Mr. Lowe is the fifth member of this year's stenography class to leave for a position before the close of the year.—Las Cruces Progress.

TWO FOR THE PEN.

Judge Parker Sentenced Two Criminals at Hillsboro.

In the district court held at Hillsboro, Judge F. W. Parker presiding, and Major W. H. H. Llewellyn, district attorney, Miguel Castillo pleaded guilty to murder in the second degree and was sentenced to 99 years in the penitentiary. On January 15, 1902, he had been drinking with another placer miner, Jesus Villanueva, in a saloon about a mile from Andrews, Sierra county. The men had some words before they left together but later were heard singing down the road. They stopped near a house owned by a man named Sals, who overheard part of their conversation and also heard a revolver shot. The next morning, Jesus Villanueva was found dead near Sals' place. The evidence against Castillo was altogether circumstantial but District Attorney Llewellyn had woven so close a net around him that he pleaded guilty to murder in the second degree rather than stand trial for murder in the first degree.

The grand jury indicted "Chinese Joe" for breaking into the house of Colonel Parker, at Kingston, Sierra county, and stealing about \$100 worth of supplies. Half an hour after being indicted Joe was arraigned, pleaded guilty and was sentenced to one year in the penitentiary.

SUMMER COMFORT.

Get Ready For Warm Weather.

By a complete change in breakfast, at this time of the year, one can put the body right to go through the summer comfortably.

Leave off meat, potatoes and heavy body heating foods, and use the food that will nourish the body and give reserve force to the brain and nervous system.

A most appetizing and healthful breakfast can be made on Grape-Nuts and cream, some fruit and perhaps two soft boiled eggs—this meal will furnish full strength and nourishment up to the next and has a remarkable effect on the body during hot weather. Remember the cells of the body you are now building will last you into summer, so be sure and build the kind that tend to keep a cool body and level head.

One pound of Grape-Nuts has more nourishment—that the system will absorb—than ten pounds of meat, with out any of the internal heat of meat that a person wishes to avoid during the warm season; its rich, nutty flavor added to the delicate sweet of the grape sugar makes a dish pleasing to the most critical taste.

You receive Grape-Nuts from the grocer ready to serve, as it has been thoroughly cooked at the factory by food experts, and this saves heat from cooking and time and exertion necessary in preparing ordinary food.

A change from the old breakfast to one like this will refresh and invigorate the system in a surprising manner and permit you to enjoy the pleasures of summer in a cool, comfortable fashion when your neighbors, differently fed, will be "hot."

RACED A CYCLONE.

Exciting Experience of a Passenger Train in Kansas.

Near Wichita, Kansas, last week in a race between a cyclone and a Santa Fe passenger train, the latter came out about fifty feet ahead after speeding twelve miles. Northbound passenger No. 406, due at Wichita at noon left Arkansas City at 10 o'clock. The cyclone, which came from the southwest, started in the right of way, and the race began immediately.

Conductor Strain says that he immediately locked all doors and windows to keep passengers from leaping out. Many women were panic stricken and tried to leap from the train. The heat was unbearable. He stood on the rear platform and could feel a slight suction of the cyclone as it drew nearer. Engineer Watts pulled his train at fifty miles an hour, barely keeping out of the storm's clutches. Fireman Johnson was so exhausted when the train reached Winfield, the cyclone cloud having shot upward and dissipated, that he had to be carried from his cab. The engineer continued to run to Newton.

The cyclone covered a path about fifty feet wide, but did no serious damage. The track was not displaced. At times portions of the black cloud would envelop the train, and when the storm would lose speed it dropped back again. All the passengers were badly frightened.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried." J. H. O'Reilly & Co., and B. H. Briggs & Co.

KILLING AT PORTALES.

Joe Addington Kills William Hunter at That Place.

News reached here last Tuesday of the shooting and killing at Portales of William Hunter by Joe Addington, and Sheriff Higgins left on the next train for the scene of the trouble, says the Roswell Register. Up until the time of our going to press the details of the affair are somewhat meagre; but from what can be gathered about it the shooting was done in self defense.

Hunter was engaged in the livery business at Santa Rosa, and it is said had been drinking heavily at Portales for several days. Becoming quarrelsome at last he engaged in a quarrel with Addington, who is a member of the firm of Addington & Bogard, saloon keepers at Portales, and pulling a knife began climbing over the bar with a view to killing Addington, when the latter drew a pistol and shot him. Hunter died soon after the shooting, and the following verdict was rendered by the justice:

"We, the undersigned justice and jury, who sat upon the inquest held this 27th day of May, 1902, on the body of William Hunter, found in precinct No. 6, of the county of Chaves, territory of New Mexico, that the deceased came to his death by reason of gun shot wounds at the hands of Joe Addington."

PRESIDENTIAL TRIP.

Trip West Will Include Visit to New Mexico.

The Washington Post says: "President Roosevelt will visit San Antonio some time this fall. Representative Slayden today called on the President and invited him to attend the great fair in that city, which begins on October 11. The president told Representative Slayden that he would go to San Antonio, but that for certain reasons he could not tell just when his visit there could be made."

"Delegate Rodey also invited the president to attend the territorial fair at Albuquerque on October 13. If the president should be able to accept this invitation he will probably do so as an extension of his trip to San Antonio, which will be one stop in a trip through the south, during which the president will make addresses at a number of public gatherings."

"It has also been decided that President Roosevelt shall visit Iowa. He will attend a large convention to be held during the month of September in one of the principal cities, and will probably go there from Springfield, where he has promised to attend the Illinois state fair."

"These trips, while they are not primarily political junkets, will be of considerable importance to the republican side of the congressional campaigns."

Saved From An Awful Fate.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by hay fever and asthma, that I thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1.00. F. F. Mudge has been transferred back to San Marcial from Deming as yardmaster.

The Santa Fe steam shovel gang abandoned the work near San Acacia last week and are now engaged in similar work near Rincon.

The wife of Fireman Garrity will become a resident of San Marcial. Mr. Garrity will meet her at Silver City on the arrival of the stage from Mogollon.

The San Marcial Bee says: Engineer W. R. Fisher handed the editor a nice bunch of radishes grown in his garden from the seed so generously distributed by Delegate Rodey.

The Las Vegas Record says: It seems the Santa Fe cheaper freight rate to Las Vegas that was to have been lowered to meet the Rock Island rate, has failed to materialize, and one of Las Vegas' prominent wholesalers is now in Chicago putting the matter before the Santa Fe officials.

On Sunday the daily limited trains from the east to California ceased, and instead there has been instituted a semi-weekly limited service. They will be the regular California limited and the new train is to be known as the "Flyer." These trains will have practically the same equipment as the limited, having a diner, which the flyer has not, and the flyer having one of the Pullman chair cars, which the limited has not. Current literature will be furnished on both trains and the running time will be but a very little different.

The Topeka State Journal says: Geo. H. Thomas, a Santa Fe conductor running out of Albuquerque, N. M., is in town with his wife and son visiting friends. Mr. Thomas is well known here, having begun his railroad service as office boy in the general store department twenty years ago. He has worked in Old Mexico and other parts of the southwest and had much experience. J. W. Bain, formerly an eastern division conductor, is also running out of Albuquerque and Frank Hunsdale is a brakeman at that place. Besides these there are a number of engineers who used to work in Topeka.

The Deming Headlight says: The railroads centering in this town seemed to have an unusual amount of hard luck the fore part of the week. Sunday last the Santa Fe met with two wrecks in the yards at this point, one of them being of quite a serious nature, besides a way car caught fire and was so badly damaged that it had to be sent into the shops for repairs. On Monday of this week a freight train coming in on the Southern Pacific was sent to the ditch at the interlocking switch west of town. In this instance it seems from what can be learned that the engineer of the incoming train did not see the stop signal, or did not want to see it, as it was given from the tower. At any rate he came on full head and as a consequence was sent headlong into the ditch with his engine and two cars.

SOCORRO SCHOOL NOTES.

Summer Trips Planned by School of Mines Teachers.

Miss Fitch expects to spend the summer vacation in New Mexico.

Merle Blinn will spend the summer in Kelly as guest at the home of her uncle, Dr. J. C. Blinn.

Professor and Mrs. F. C. Lincoln left for Roxbury, Mass., where they will spend the summer vacation with relatives and friends.

Miss Julia F. Atkinson will spend the greater part of the summer vacation at the University of California, where she will take a course in mathematics.

Mrs. H. O. Bursum and W. E. Martin came down from Santa Fe to grace the commencement exercises with their presence and greet their many friends in this city.

Prof. F. A. Jones has accepted an invitation to attend the commencement exercises of the Agricultural College at Mesilla Park and act as one of the judges on the joint debate.

Maegle Gardiner, a graduate in the preparatory department, came in from her father's ranch near Magdalena to make glad the hearts of her friends and enjoy the finals.

John Blinn will leave shortly for Ohio, where he will join an engineering party under the direction of an uncle of his who is an engineer in charge of the location and construction of an extension of the Panhandle railroad.

A. B. Richmond writes Professor F. C. Lincoln that he is the proud father of a baby girl that came to bless his home May 25. The little one bears the name of Cordelia May. Mr. Richmond and family, who now reside in Pategonia, Ariz., send regards to all Socorro friends.

Charles H. Shamel, of Taylorville, Ill., was awarded a diploma in surveying and one in assaying. Mr. Shamel was in the School of Mines but a short time, but the work he did was in the

Fitch, of Magdalena, who manifests a lively and intelligent interest in the performance of his duties as a member of the board of trustees, was in town on business and in attendance upon commencement exercises. Captain Fitch was accompanied by Misses Madeline and Blanche, two of his charming daughters whose visits in Socorro are quite too far between to suit the pleasure and wishes of their friends.—Chieftain.

SANTA FE.

From the New Mexican. District Clerk W. E. Dame, of Albuquerque, was a visitor at the capital yesterday.

The score between the Blues and the Quintana teams yesterday afternoon was 19 to 9 in favor of the Blues.

The Corpus Christi procession yesterday forenoon was one of the largest and most imposing processions ever witnessed in Santa Fe.

A game of base ball yesterday between the Guadalupe and the Vargas teams resulted in a victory for the former by a score of 10 to 9.

Oscar C. Watson left this morning over the Denver & Rio Grande railway, on an extended business trip through northwestern New Mexico. W. H. Pope, Esq., will leave next week on Tuesday for New York and Washington to make the final arrangements for his trip to the Philippines.

Captain Solomon Spieglberg, who has been in business in Santa Fe since 1857, intends to retire from active business and will therefore sell out his clothing store on the south side of the plaza.

About twenty pupils of the United States Indian school in this city have been given employment by the Pennsylvania Development company on the construction work of the Santa Fe Central railway.

The receivers of the Delgado property, on the south side of the plaza, have decided to sell to George W. Hickox for \$8,007.55. The property has a front of sixty-five feet and has several store rooms and a resident part yielding a good revenue.

James T. Newhall left on Friday night for Seattle, Wash., where he embarked today on a steamer for Fort St. Michael, Alaska, in accordance with instructions from the quartermaster general of the United States army. Upon arrival at that post he will perform important clerical duties in the quartermasters department there.

OF UNTOLD VALUE.

The information contained in this Gentleman's Statement is priceless. The hale, hearty, the strong can afford to toss this paper to one side impatiently when they read the following, but any sufferer in Albuquerque who has spent a mint of money and hours of excruciating torture caused by kidney complaint, will stand in his own light if he does not follow the valuable advice offered by—

Mr. J. R. Miller, of 414 West Colfax avenue, in the Colfax Real Estate Insurance & Rental company, Denver, Colo., who says: "My first acquaintance with Doan's Kidney Pills was made while reading the Pittsburg Dispatch. I was living in Toledo, Ohio, at the time, and called the attention of my druggist to them. He procured them for me, and they were most effective in ridding me of slight kidney complaint which had annoyed me for some time. Since then, not only from experience but from observation I have always noticed Doan's Kidney Pills very highly recommended, and only recently I purchased a box at Scholtz's drug store, opposite the Tabor opera house. I have sent more than one friend and acquaintance to that drug store for a supply simply because I know Doan's Kidney Pills can be depended upon to act as represented."

Ask the Alvarado Pharmacy what their customers report about this preparation.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

REV. HARWOOD.

He Writes From Clayton—Good Rains—Will Visit Carrollton, Mo.

Clayton, N. M., May 27.—I write to say: First, we have had the finest rains here last night and today that I have ever seen in New Mexico. I hope it reaches the Rio Grande valley. The rains are badly delayed.

Second—The church that blew down is being rebuilt. It will be ready for dedication on the second Sunday in June. It will be small, but large enough to hold the Spanish speaking people. The pastor, Ambrosio C. Gonzales, who used to be with us in school at Albuquerque, is pastor and has gathered up on subscription over \$200. The people at Raton and at Trinidad have also helped on the building, for which we thank them very much.

Third—Also the Woman's Home-Missionary society at Grand Junction, Colo., has sent the preacher and his wife a box of nice and useful goods and the preacher a brand new suit, and their 8-month-old babe a nice pair of shoes and many other useful things.

The writer of this sketch expects to go east as far as Carrollton, Mo., to visit his only surviving sister and return in time to dedicate the new church at this place on June 8. Respectfully, THOS. HARWOOD.

INDIAN COMMITS SUICIDE.

A Supai Boy Commits Suicide in Preference to Having to Leave Home and Friends.

Sheriff J. A. Johnson returned Tuesday from Cataract Canyon, where he had gone to investigate the reported killing of an Indian boy of the Supai

tribe. The tragedy occurred on May 21, and it was reported that the youth had been assassinated, but such was not the case.

The son of Indian George, with a companion, had been ordered by the teacher in charge of the school at Supai to go to the Truxton Indian school. To this the boy objected, but on the insistence of the teacher the boys started. On reaching the Hilltop house the son of Indian George fell behind. The other boy heard a shot and returned, to find his companion dying.

The boy had laid down on his back and placed his Winchester in such a position as to bring the muzzle of the gun under his chin, and pulled the trigger, the ball going through his head.

The cause of the suicide was that the boy, who was but 16 years old, did not want to go to the Truxton school, and preferred death to leaving his home and friends.

The Supai Indians are satisfied with the Supai school, and are willing to send their children to their home school, but they do not want them sent away to other schools, which the government compels them to do. The Supais are considerably wrought up over the affair and now object to compulsory education of their children more than ever.—Flagstaff Sun.

Happy Time in Old Town. "We felt very nappy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for cuts, corns, burns, bruises, boils, ulcers, eruptions. Infallible for piles. Only 25c at all druggists.

Killed by a Horse.

George T. Preston was on Wednesday kicked in the solar plexus by his pet driving horse, and died from the injury received yesterday morning. He was buried at the Odd Fellows cemetery yesterday afternoon at 4 o'clock, by Masonic friends.

Mr. Preston was one of our popular and substantial farmers here, and has been a resident of the valley for a number of years. His untimely death is a shock to the entire community as well as to his many friends.—Las Cruces Republican.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by all druggists.

Coming to New Mexico.

Representative John F. Lacey, of Iowa, chairman of the house committee on public lands, will visit New Mexico some time this summer. He wants to take a trip to New Mexico to go over the ground of the proposed Pajarito Cliff Dwellers' Park, twenty miles west of Santa Fe. He will introduce a bill to set aside that region for a national park and push it through at the short session of congress in December.

Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Alvarado Pharmacy.

God's Air and Good Food.

According to the El Paso News there are two inviolable rules at the government sanitarium at Fort Stanton. The windows of a patient's room are never closed and medicine is never administered for pulmonary trouble. God's air and good food are the agents that cure.

Leads Them All.

"One Minute Cough Cure beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles," says Dr. D. Scott Currin, of Loganton, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs. J. H. O'Reilly & Co., and B. H. Briggs & Co.

The Bad Boy's Bowel Blessing

Nature punishes every excess, not only of the bad boy, but of ourselves as well. Over-eating, over-drinking, under-sleeping result in bowel troubles liable to become serious.

"My children will take Cascarets sooner than any other medicine."—Mrs. Frank Mumter, Princeton, Ill.
"I am now using Cascarets in my family and they are wonderful among children."—Lee D. Thompson, Portsmouth, Va.
"Our little girl was troubled with constipation for over two years. Cascarets cured her. They are also the best remedy for colic we ever used."—Mr. and Mrs. Ralph J. Davis, Ogden, N. Y.
"I have used Cascarets, and have found them a most excellent remedy for both myself and my children."—Mrs. Bridget McCrosson, 98 Dead St., Philadelphia, Pa.
"Cascarets are the easiest medicine to give to children I ever came across."—Mrs. E. F. Kelly, 361 Calvin St., Pittsburgh, Pa.
"My two boys think Cascarets are candy. I never have to insist on their taking them. I sleep with a box of Cascarets under my pillow. No home should be without them."—Mrs. G. A. Prescott, Chicago, Ill.
"Cascarets are wonderfully good for children."—Mrs. V. M. Roan, Catsamount, N. Y.
"We have used Cascarets for three years for the children as well as ourselves. They do just what they are recommended to do."—Mrs. P. M. Kolling, 410 Dock St., Steubenville, O.

Every good, healthy, hearty boy is sometimes a bad boy—bad to himself; and will do things in the green apple, mince pie or other over-eating line that will twist his bowels. Men are only boys grown tall. In such a case what is needed is not a violent physic that will rack the tender bowel tissues, but Cascarets Candy Cathartic, gentle but sure to act at once and put things right. They are the most perfect medicine in the world for all forms of indigestion, dyspepsia and constipation.

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C & C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Company, Chicago or New York.
