No through trains are running owing to washouts and the destruction of bridges. So far as known there has been no loss of life but several persons are reported missing. A heavy rain is falling today all along the eastern slope of the mountains and is delaying the work of repairing the railroad tracks and telegraph lines. The Arkansas river is rising rapidly and 500 people are homeless.

The preliminary work was disposed of at the morning session of the Western Federation of Miners and this afternoon President Boyce delivered an address which strongly advocated the participation by labor unions in politics.

IT DID AND DIDN'T.

Senate Committee Does Not Know What It Wants.

Washington, May 27.—In the senate today Mr. Burrows, chairman of the committee on privileges and elections, reported the majority of the committee was opposed to the house resolution providing for the election of senators by the people. They first favored the Dewey amendment providing the election of senators in all states shall be uniform and congress shall have the power to enforce the amendment; and finally the majority of the committee was opposed to the resolution as amended. In answer to queries, Mr. Burrows said the committee had refused to report the resolution as amended by the senate either favorably or adversely. The conference report on the army appropriation bill was then called up.

Mr. Proctor offered a resolution requiring three senators meet to confer with both houses, especially in the matter of instruction of conferees.

Mr. Pettus offered an amendment providing the matter considered in joint committee be particularly the message from the house on the arbitration bill. This was accepted and the resolution adopted.

Consideration was resumed of the Philippine government bill. Mr. Patterson continuing his speech in opposition to the administration's policy in the Philippines.

Suit on Account.

The entire morning in district court was occupied by the trial of the case of Mrs. I. R. Sheekels against W. V. Van Norman on an account rendered, a number of counter claims were presented, some of which were allowed. A final judgment for \$33 in favor of the plaintiff was rendered.

Formal Opening.

The formal opening of the sanitarian will be conducted on Friday, Memorial day. Services will be conducted in the chapel at 9 o'clock, after which the building will be thrown open to the public for inspection, with the exception of the room occupied by the patients. The choir of St. Mary's church have kindly offered to assist. All especially invited to attend. Any one having old garments of any kind, either for men or women, that they can spare should send them to the sanitarian, as they are badly in need of everything of the kind.

LAUGHLIN FOUND.

He is Down With Brain Fever at Trinidad.

Lester Laughlin who disappeared from the ranch of his father, Saron N. Laughlin, has been found at Trinidad, Col. He has brain fever and only a day or two ago recovered consciousness enough to tell his name and address. He can not tell anything of his wanderings from Lamy to Trinidad.

His sister was notified by the mayor of Trinidad and she telegraphed her father who left at once.

Young Laughlin was thrown from a horse a short time before he disappeared and it is supposed this affected his brain.

TEACHERS ELECTED.

Many New Teachers Were Added to the Force.

REGRET FOR RETIREMENTS.

Last evening the teachers were elected who will serve next year in the public schools. Those selected are:

High School—Mr. Lenker, Mrs. La Bar, Miss Fitch, Mrs. Roberts.

Central School—Eighth grades, Misses Coltrane and Foster; seventh grades, Misses Stevens and King.

First Ward—Mrs. Butts, Misses Willey, Hazeldine and Custers.

Second Ward—Mr. Nicholson, Misses Hughes, Adams and Keepers.

Third Ward—Mr. Preston, Misses Elder, Wilson, Graves, Thomas and Tway.

Fourth Ward—Mr. Decker, Misses Kemp, Everett and Newman.

Regular Substitute—Miss Mabel Hunt.

A number of new teachers are included in this list.

Prof. W. H. Decker has had many years of successful experience as principal of schools in New Mexico and has established an enviable reputation.

Miss Florence Foster, who will succeed Mrs. LaBar in the eighth grade, is now an eighth grade teacher in Cheyenne, Wyo. She is a graduate of the A. and M. college of Montana and is a daughter of Prof. Luther Foster, president of the A. and M. college at Mesilla Park.

Miss Frances Graves went to Belen from Missouri a couple of years ago, and had several years' experience in school work in Missouri before coming out. Miss Anna Thomas is a graduate of the New Mexico university and of the training department of Chicago university. Before going east for her three years' course, she taught one year here with great success.

Miss Mata Tway graduated from the normal department of the University of New Mexico two years ago and has since been employed as a substitute.

Miss Lucretia Kemp has been for four years a teacher in the suburban schools of Topeka and she is a graduate of the Kansas State Normal school. Miss Mabel Hunt, who was elected regular substitute, will be graduated this year from the normal department of the university.

The board unanimously voted the following:

Miss Edith Niles having voluntarily withdrawn from our corps of teachers, the board of education take this method of commending her for her faithful work done in these schools. We have no mental reservation whatever in recommending her to any board needing the services of an A1 teacher. We recognize Miss Niles as a practical, strong teacher and disciplinarian. If Miss Niles desired to remain in our schools, we would gladly re-elect her.

Miss Elizabeth E. Shimer voluntarily severs her connection with these schools to accept a place in the A. and M. college at Las Cruces. Miss Shimer has been in the Albuquerque schools as teacher and principal for three years. Her work has been uniformly successful in every respect. While the board regrets losing Miss Shimer, it voluntarily takes this method of showing its appreciation of the work she has done for our schools.

Miss Mabel Anderson intending to go to college next year has voluntarily withdrawn from the high school corps of teachers. Her work has been of the highest order—in discipline, in methods of presenting the work, in ability to interest her pupils and to get them to work, she has been particularly strong. Under her direction, the pupils of the high school have attained a great proficiency in music, and today, it is one of the features of the school work. We are sorry to have Miss Anderson leave us, but glad to speak thus highly of her work.

Miss Jessie McMillan, after three years of faithful and successful work in the Albuquerque schools, voluntarily resigns. Her work has been satisfactory in every way and in losing her we feel that we are losing one of our best teachers. Boards of education needing the services of a first class teacher will not make any mistake in employing Miss McMillan.

BOARD OF EDUCATION.

TALK FOR HANNA

Ohio Republicans Discuss the Presidency.

Roosevelt Coming West in October.

Both Sides Made Concessions in the Washington Strike.

SIGNED BOTH BILLS.

Cleveland, Ohio, May 27.—The republican state convention will be called to order here late this afternoon. The indications are it will have a very large attendance. The platform was the subject of a long conference of leaders last night and it was finally agreed upon, read for the convention. The preliminary meetings consisted of conferences this forenoon and meetings by congressional districts this afternoon, at which members of committees and assistant officers of the convention were selected prior to convening the convention at 4 p. m. It is evident that the leaders who announced they would take a hand in the nominations for minor state officers will oppose F. W. Herbert for food and dairy commissioner. Great efforts are being made to carry the alleged "state breaking" further on and the field is concentrating against Kirtley for member of the board of public works. There are no contending elements in the convention on issues but there are some differences of opinion as to the language to be used to express the declaration of principles. The distinguishing feature continues to be the trial heats of candidates for the gubernatorial nomination and other places on the state ticket next year. The nominations for supreme judge, food and dairy commissioner and member of the board of public works tomorrow will largely be controlled by the respective hearings on the contests for places in 1903. There was much talk in the open field for Hanna for president two years hence, as well as re-election as senator by the legislature to be chosen next year. There is no opposition expressed to President Roosevelt.

WILL VISIT SAN ANTONIO.

President Roosevelt Will Attend the Fair in October.

San Antonio, Texas, May 27.—In answer to the invitation extended to President Roosevelt to attend the San Antonio fair in October, President Brown of the fair association is in receipt of a letter from Secretary Cortelyou stating the president will certainly visit San Antonio during the fair if he can so arrange matters as to make it convenient to do so.

STRIKE IS ENDED.

Both Employers and Employees Made Concessions in Washington.

Washington, May 27.—The strike of union carriage workers in this city, which has been in force seven weeks, has come to an end, both employers and employees making concessions. The agreement as signed provides eight hours shall constitute a day's work at a minimum scale of \$2 a day with extra pay for more than eight hours and double pay on Sundays.

The following letter was received: Albuquerque, N. M., May 27, 1902. Col. J. W. Edwards, Post Commander G. A. R. Albuquerque, N. M.: Dear Colonel—I acknowledge receipt in the name of the Mutual Protective association, of Old Albuquerque, of your communication of yesterday inviting our association to take part in the Memorial services and parade in honor of our dead soldiers, which will be held on Friday next. Although with great reluctance, we beg to be excused in taking part with you this year as our society cannot for the present take part in public ceremonies of the kind on account of lack of uniforms. We ordered 150 uniforms through the house of Simon Stern in expectation that they would be here in time for this ceremony, as your organization had already honored us with an invitation last year, therefore, while in heart and spirit and in a private capacity co-operating with you in honoring the stalwarts who bore arms for our country, we expect on another occasion, to assist you in this loyal duty. I remain very truly yours,

NESTOR MONTOYA.

A special Pullman coach, "Mayflower," passed through the city this morning from Los Angeles to New York. Mr. Emery and a party of friends occupied the coach.

AGAIN ERUPTING

People of Fort de France Terrified.

Negro Sentenced to be Hanged in Texas.

A Brutal Negro Murderer Was Hanged at Philadelphia.

MURDER AND SUICIDE.

Fort de France, Monday, May 26.—3 p. m.—Mont Pelee is again in eruption. Huge, ink, black clouds are rolling over Fort de France in great masses, in which there are peculiar lightning flashes. The inhabitants are now flocking to the great square of the town. A very heavy surf has been beating on shore for the last two hours, and enormous, greyish yellow clouds at great height are dimly visible in the direction of Mont Pelee. The night is intensely dark. Fort de France is in no danger from the volcano, but there is considerable apprehension of a panic in the night time should the greyish yellow cloud reach here and ashes and stones begin to fall. No noises from the volcano are heard at present.

THE DEATH PENALTY.

Negro Convicted of Assault Will Be Hanged June 11.

La Grange, Texas, May 27.—Samuel Woodley, a negro convicted of assault on a 12 year old white girl, living at Winchester, this county, has been sentenced by Judge Moore to be hanged June 11. The case has been affirmed by the higher courts.

JUSTICE WAS SWIFT.

A Brutal Negro Murderer Was Hanged at Philadelphia.

Philadelphia, Pa., May 27.—William Harmon Lane, colored, was hanged this morning. The crime for which Lane paid the penalty was particularly atrocious. On the morning of April 1 he shot and killed Ella Jordan, by whom he was employed as servant, and her two daughters, Madeline, aged 12, and Eloise, aged 7. Lane had stolen money from his employer and fearing the consequences of the thefts deliberately shot the woman and young daughter in the upper room of their home, and then called the younger child from the street and shot her. Lane escaped, but at Camden, N. J., was arrested at the railroad station in that city. He confessed the crime and after a formal hearing was sentenced to death. Justice was not delayed in meting out punishment to the negro and in less than two months he was executed.

MURDER AND SUICIDE.

Denver, May 27.—Cass Dameron, 30 years of age, shot his wife, killing her instantly, and then committed suicide today. They are theatrical people, and have been giving street performances here.

A BATTLE ROYAL.

Santa Fe Determined to Regain the Title of Champions.

A letter received this morning from W. E. Martin, manager for the Santa Fe Central base ball team, to Harman Wynkoop, who has been arranging for games with the Browns, states positively that his team, which won the championship last year, would appear here on Memorial day, Friday next. In the only game played this year between Albuquerque and Santa Fe the former were the victors, and now Mr. Martin writes that he has added a couple of new players to his already strong team, with the determination to even things up. He says he has secured Charley Rhodes, the young slab artist from Las Vegas to pitch for his team. There is no doubt about the young man being all that is claimed for him, as he has and all northern .cow Mexico teams at his mercy for the last three years. Johnny Haverly, who has been winning his games with ridiculous ease, will pitch for the Browns, and will be backed up by all the old time favorites. As this is the opening game a large crowd will no doubt be out. The admission will be 50 cents, which includes grand stand.

In order not to conflict with the Memorial day exercises the game will not be called until 3 o'clock.

THE KNOCKER HIT.

His Utter Disregard for Consistency Was Fully Demonstrated.

The Denver News of yesterday, which arrived here this morning, contained a telegraphic item dated from Albuquerque regarding the existence of a live volcano in McKinley county. This particular item, like many others published in the News from this city, is not "fresh" stuff. It was first printed in the McKinley County Republican about three weeks ago, and since then has been republished in all the territorial papers, finally finding itself in the Denver News as really "fresh" stuff. Wonder if this correspondent isn't the same narrow-minded, miserable creature that has been writing

fictitiously, and even signing his name, to the Denver Republican complaining about the news sent to that paper from this point, and attempting to make a mountain out of a really small mole hill. To that correspondent, for his own sake, The Citizen quotes: "Why beholdeth thou the mote that is in thy brother's eye, and considerest not the beam that is in thine own eye."

Looking After Patent.

The El Paso News, in commenting on the retirement of Conductor Doscomb from active railroad service, says:

Conductor Doscomb of the Santa Fe, who ran between this city and Albuquerque for many years, has resigned and will retire from railroad service. He intends to devote his time to ranching, but at present is in Washington looking after the patenting of a call bell for long distance telephones, which may also be used by telegraphers and which was invented by William Palmer, Jr., of Rincon, N. M. Mr. Palmer is, in Washington with Mr. Dascomb.

Russ Kistler, who for the past few months has been down in El Paso and other Texas towns editing newspapers, came in from the south this morning. He is on his way back to his old stamping ground—Las Vegas.

SHAD-THOMAS.

William M. Thomas and Miss E. Gertrude Schaid to Be Married at Gallup This Evening.

A few days ago The Citizen issued handsome wedding invitations announcing the approaching marriage of Miss E. Gertrude Schaid, of Gallup, to William M. Thomas, of this city. This office was made to keep quiet on the subject until the day of the event, and kept the promise well. Mr. Thomas is a brakeman on the Santa Fe Pacific. He was here yesterday, and left last night for Gallup, where this evening the happy event will take place at the Episcopal church. Mrs. Henry Abell, sister of Mr. Thomas, and others of Albuquerque are now at Gallup to attend the wedding. In advance The Citizen extends congratulations.

NIGHT FORCE PUT ON.

The Colorado Fuel and Iron Company Is Increasing the Production of Its Mines at Fierro.

The demand for ore from the mines of the Colorado Fuel and Iron company at Fierro, Grant county, has increased lately to such an extent that a large night force was put on last week. At present the mines are producing about a thousand tons a day, using forty-five to fifty cars daily. The whole output is shipped to the company's furnaces located at Pueblo, Colorado. The incline railway and the extensive cuts are lighted with powerful reflecting lamps.

An additional tunnel has been surveyed to reach a lower level on the "Mother Lode" mine, near Fierro. The mine is owned by the Colorado Fuel and Iron company.

The repeal of the war tax by congress will make it unnecessary after July 1 of this year to stamp mining stock certificates. All stock transferred before that date is subject to the tax.

A new company has been organized to work a group of copper mines in the northern part of Pinal county, Arizona. The company is formed of San Francisco parties.

It is the man who is master of something that is successful.

There will be an immense fruit crop this year in this territory.

Taxes will be delinquent on June 1, and penalties will be added after that date.

It has cost England one-half as much to fall in subduing the Boers as it cost Uncle Sam to preserve the integrity of the Union.

The library of congress has reached the rank of sixth in size. France owns the largest, with England, Russia and Germany following in order.

It is an easy matter to increase the expenses of a city, but a tough proposition to reduce municipal expenditures.

The territory of Oklahoma is deservedly proud of Delegate Flynn. He is one of the ablest men in the present congress, and his recent speech urging statehood for the territories is a masterpiece of argument.

Public ownership has made more progress in European cities than in the United States. In Great Britain 931 municipalities own their water works, 99 their street railways, 40 their gas works and 181 their electrical plants.

Since 1827 a family of New York criminals, now numbering 800, all descended from one woman, has cost the state \$3,000,000 in trials, imprisonments and executions. That is nearly as expensive as supporting a royal family.

It is reported that Senator Thomas M. Patterson, of Colorado, has made 517 speeches in the senate during this session. This is the best record made by any senator in the speech-making line in the American congress, and will not be exceeded by any one till New Mexico sends Mr. Rodey to the senate.

MEMORIAL DAY.

Next Friday will be Decoration Day. Another year has almost rolled around since we met as a nation to strew nature's fairest, sweetest gift—bright flowers, loving garlands—over the graves of our hero dead. Since that time many have answered the last roll call and passed to the eternal camping ground beyond the vale of tears. Although the lines are becoming sadly shattered by the dread artillery of time, yet the hearts of a patriotic people keep time to the martial measure that awakened the comrades of the call of duty and told them that the battle was on.

FAVORS STATEHOOD.

Senator Jones, of Arkansas, in an interview says of statehood for the territories: "The three territories included in the omnibus statehood bill, which was passed by the house of representatives last week—Arizona, New Mexico, and Oklahoma—should be admitted to statehood at an early day. In other words, the bill should be enacted into law at this session of congress. "As for Arizona and New Mexico, they should have been admitted to the Union long ago—the territory of New Mexico as early as 1876. As for Oklahoma, it has not only the necessary population and wealth, but its natural resources are such that it is entitled to admission the same as Arizona and New Mexico."

GRAVE CHARGE.

It has been rumored for several months in southern New Mexico, and it is now forced upon public attention by a Socorro attorney, that the judge of that district is of immoral character, and that he keeps a mistress who follows him from place to place in the district. The reputable newspapers of the territory have heretofore paid no attention to these reports, believing them to be vicious slanders, born of envy, but now that one of the members of the bar of that district makes the charge, attention is demanded, and Judge McMillen cannot afford to ignore the charge. He should promptly bring his traducers to the proof of their assertions and if innocent follow them to the last extremity. If he is

guilty, as charged, he should promptly resign the high position he holds and retire to private life.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures quickly and permanently. At any drug store, 50 cents.

THE LARGER HALF.

The Same in Albuquerque as Elsewhere.

The bigger half of worldly trouble, the greater part of mankind's suffering.

It can safely be laid to the kidneys. Kidneys filter the blood.

Keep the human system healthy. But they can't do this when they're sick.

Easy to tell sick kidneys. Look at the back for the note of warning.

Most backache pains are kidney ills. Twitches, twinges, pains and aches of a bad back.

Should be treated promptly. Every day's delay means future trouble.

Urinary complications set in, diabetes, Bright's disease.

Doan's Kidney Pills are kidney specialists.

Cure every form of kidney ills. Here is proof of this.

Mrs. M. Meyers, midwife, living at 112 South Fourteenth street, St. Louis, says: "Perhaps in following my calling, from lifting, or from some other cause, I may have overstrained the muscles of my back. Be that as it may, I have had attacks of backache for two years, latterly almost constant. It hurt more in the morning than in any other period of the day and has on more than one occasion been so severe that I could scarcely turn in bed. I knew from the condition of the kidney secretions that my kidneys were at fault, but what to do was a mystery. I was continually trying sure-cure remedies to cure kidney complaint, but I met with very little if any success until I used Doan's Kidney Pills. From the benefits I received from the treatment I have not the slightest hesitation in very emphatically endorsing the preparation. I have studied medicine and understand the symptoms of kidney complaint. No one in St. Louis, if they try Doan's Kidney Pills for kidney complaint, will be disappointed in the results."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report.

Urging Statehood.

A Washington correspondent writes that Senators Penrose and Quay and Representative Sibley of Pennsylvania, have talked with the president about statehood for New Mexico. They feel that if any of the statehood measures become law that admitting New Mexico should be first. They also feel that congress should show its intentions in the direction of statehood by passing upon the case of New Mexico, even if the other territories are allowed to remain for a while as they are.

LADY MARGARET.

The Albuquerque Pacer Takes a Race at Durango, Colo.

The Durango Evening Herald of May 24 has among its race news the following article relative to Albuquerque's favorite pacer, Lady Margaret.

"The second race was one mile work, in place of the relay, which did not fill. It was a pacing race, with a purse of \$200. The horses were Penchant, owned by Grant Adams; Lady Margaret, owned by Joe Barnett, and Lady Eamon, owned by C. B. Lee. The first money was \$125, the second \$50, and the third \$25. A good start was made, but during the start Penchant lost a part of her trappings, and Lady Margaret and Lady Eamon had the track to themselves. They kept pretty well together, but toward the end, Lady Margaret showed the best speed and came in first. The time was 2:31. At the second heat the contest was between Lady Margaret and Lady Eamon and Lady Margaret was again the winner in 2:32. Mr. Barnett has a very pretty pacer in Lady Margaret.

Lady Margaret and Bob Collins, two of Mr. Barnett's pacers, are now at Trinidad under the personal supervision of King, the trainer and driver,

where both pacers are entered for the races there this week. Joe Barnett and Captain Kellerman left last night for Trinidad.

Who Is David Ferman?

A special to the Denver News from Laramie, Wyo., under date of May 25, says:

The number of boy tramps who are drifting across the country at the present time is appalling and there is hardly a time when one of them is not in the hospital at this point for treatment either for accident or sickness. David Ferman, of Albuquerque, N. M., the latest patient, was sent to the hospital today with a bad cut on the knee, which he says he received in getting off a westbound freight train. He is only 14 years old and says both his parents are dead. Herbert Sanborn, of Pipestone, Minn., the 15-year-old lad who was sent to the hospital a few days ago with the fever, is recovering.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by all druggists.

Stock Gossip.

The decreased demand for butterine, which will begin when the new law goes into effect on July 1, will probably have a direct effect upon the prices of beef and pork. Oleo oil, refined from the choice fat of beef, and neutral, the leaf lard of the hog, are the principal ingredients, and their use of late years has materially increased the price of live stock. There is another use to which these materials can be put—the manufacture of tallow—which is now made only of the cheapest and poorest fat of the animal.

'Holds Up a Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by all druggists.

MURDER AT LAS VEGAS.

An Old Stone Mason Found in Dying Condition.

A correspondent of the New Mexican, writing from Las Vegas, says: James Young, an old stone mason, was found on the granite sidewalk on Railroad avenue opposite the Castaneda hotel last evening with his skull cracked and his pockets turned inside out. He was still conscious when picked up and said that he had fallen and hurt himself. He died this morning at 9 o'clock and a coroner's jury has been empaneled to hold an inquest tomorrow morning. Young was an habitually hard drinker and was intoxicated at the time he was hurt. There are many theories as to the cause of the fall, and a hold-up is suspected, as Young is known to have had some money on that day. Young had been drinking hard with a crowd at Mackel's and he, together with two other men, one of them a half breed Indian, had been put out of the saloon together. The two companions of Young were arrested this afternoon.

Concerning Trade Tricks.
The old saying that there are "tricks in all trades" has outlived its truthfulness, if there ever was any truth in it. This store does not countenance tricks of any sort to catch the unwary. DR. PRICE'S

Cream Baking Powder

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cause doctors' bills many times this.

Dr. Price's Cream Baking Powder is the most economical in the end, because it goes further in leavening and insures perfect, wholesome food.

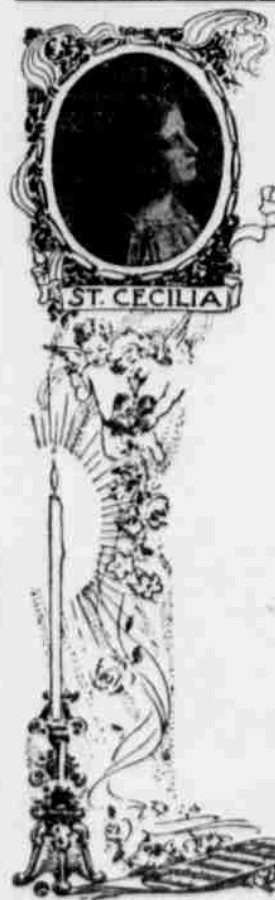

Used always in making the biscuit and cake it saves both health and money. Made from pure, grape cream of tartar, most healthful of fruit acids.

NOTE.—You cannot, if you value good health, afford to use cheap, low-grade baking powders. They are mostly, in spite of the pure food laws, made from alum, which endangers the health. All physicians will tell you that such powders in food are injurious.

Regular meeting of Harmony Lodge,
17, I. O. O. F., this evening. All Odd
Fellows invited.

Max Ehrlich, the attorney of Las
Candelaria, left this morning for
Thornton, Cerrillos and Santa Fe on
legal matters.

The lessening of railroad freight
rates along the Santa Fe in this terri-
tory has not as yet cheapened the price
of commodities to consumers.

Hon. L. Bradford Prince, who was at
Los Lunos yesterday on some matters
before the probate clerk of Valencia
county, passed up the road for Santa
Fe this morning.

Mrs. Charles A. Spiess, wife of At-
torney Spiess, returned to her home in
Las Vegas this morning, after a pleas-
ant visit of a week with her friend,
Mrs. Samuel Neustadt.

E. Cramer, the inspector of agencies
for the Equitable Life Assurance so-
ciety, will leave in a few days, on a
visit to his wife at San Francisco. On
his return, he will be accompanied to
the city by Mrs. Cramer, and in the
future this will be their home and
headquarters.

Harry Potter, who is in business at
Prescott, Ariz., came in from the west
this morning, and is spending the day
among former friends. He is on his
way to Santa Fe on court matters, and
will continue north tonight. Mr. Pot-
ter says that Will Casman is at Pres-
cott and is getting along nicely.

The wind over in old town, yester-
day afternoon and last night, had a
merry time. It lifted the tin roof from
off a building owned by Mrs. Morris,
and carried it over the tops of several
houses, landing it in the park. The
roofs of other houses also suffered.
Trees were badly twisted and a large
amount of fruit was shaken from the
trees.

Father D. Riodon, of St. Elizabeth
church, Chicago, after a pleasant so-
journ of a couple of days here as the
guest of Father Mandalari, continued
on to Chicago this morning. The re-
verend gentleman had been on a visit
to his brother, Archbishop Riodon, of
San Francisco. While here he visited
the catholic sanitarium, and expressed
himself well pleased with the insti-
tution.

PLOTTED MURDER.

Confession Revealed Awful Crime
Committed Over 5 Years Ago.

SENT TO PENITENTIARY.

A correspondent of the Denver News, writing from Tierra Amarilla, under date of May 24, says:

By the confession of Juan Gallegos before the grand jury today one of the most damnable conspiracies to murder for money and revenge that was ever brought to light in New Mexico was revealed.

On the morning of March 8, 1897, the murdered bodies of Silverio Martinez and Mrs. D. Sandoval were found lying together in a house in the little plaza of Coyote, in this county, in such a position as to lead to the belief that they had been intimate. To add to this belief the husband of the dead woman boldly announced that he had come home late the previous night, and, finding the couple together, shot them both dead. He then got upon his horse, rode off to Santa Fe and gave himself up to the authorities, telling the same story. He was tried at the next term of the Rio Arriba county district court for the murder of his wife and acquitted, there being but little testimony but his own, to the effect above stated.

But by and by it began to be whispered around that there was more to the story. Some of Sandoval's neighbors in their cups talked rather freely and told of doings on the night of the murder which did not come out on the trial and indicated that the murder of Silverio Martinez and Mrs. Sandoval was not altogether the result of sudden rage at finding them together, but more the result of a deliberate conspiracy.

These reports coming to the ears of the authorities, Sandoval was again arrested and tried for the murder of the man, Martinez. The evidence was not very strong, much of it hearsay and difficult of corroboration. The jury evidently had but little faith in the principal witness for the territory, who claimed to be an eye witness of the murder, for the verdict was guilty of murder in the third degree with recommendation to mercy, and Sandoval is now serving a seven years' sentence in the penitentiary. For a time the incident was considered closed by the authorities, but other reports and rumors began to reach their ears of a deep-laid conspiracy in which Silverio Martinez's money was the stake. He had been a partner of Desiderio Martinez in a little saloon and store at Coyote, and was also reported to have considerable cash besides. At his death Desiderio coolly took possession of everything, which he has retained to this day.

Desiderio was the main witness against Sandoval on his second trial, but claimed to have had nothing to do with the crime. These reports became so persistent that the authorities again began their investigations, with the result that at different times Juan Gallegos and Manuel Martinez were arrested and indicted. The latter has been out of the penitentiary but about two months for stabbing a man. He has passed much of his life in jail and is regarded as a very desperate criminal. Juan Gallegos is a little, timid fellow and was regarded as a tool of the others. Great efforts were made to get him to tell the story of the murders, but without avail.

But today came the climax. Yesterday Manuel Martinez offered to turn state's evidence and plead guilty to murder in the third degree. He told a rambling story of the conspiracy, much of it evidently false, claiming to be an innocent spectator. When Gallegos heard of this and that Manuel was to be used as a witness against him he threw up his hands and told the story of the conspiracy and crime.

According to Gallegos' story, and the officials are positive it is true in every respect, Silverio Martinez came to Coyote from Utah with considerable money. Desiderio Martinez, who had a store and saloon, found this out and induced him to become a partner. Silverio paying him \$400 cash and showing a large roll of money besides, telling him he had plenty of money. The sight of so much cash excited Desiderio's cupidity and he lay awake nights planning how to obtain possession of it. He called in Manuel Martinez, Ricardo Lobato and Gallegos, all relatives by marriage, to his assistance and the plot was hatched. Sandoval, the husband, was made wild with jealousy by repeated stories of the intimacy of Silverio with his wife, until he was ready for murder for revenge. The others were to have part of the money.

On the night of the murder the unsuspecting Silverio Martinez was invited to go over to Sandoval's house. With him went his partner, Desiderio Martinez, Manuel Martinez, Ricardo Lobato, Juan Gallegos and the husband, Sandoval. Arriving at the house, Silverio was induced to go in ahead of the others and speak to the woman sitting by the fireplace. He did so. Shortly after the others followed. As soon as they were inside the house, Sandoval drew a revolver and shot Silverio three times. He fell against the wall in a leaning position and Sandoval struck him several times on the head with the butt of his revolver, splashing the wall with blood. Desiderio then took the gun from Sandoval and shot Silverio twice more, killing him.

Meantime, the woman, Mrs. Sandoval, sat by the fireplace. She was in an advanced stage of pregnancy. Remembering that Desiderio had once told her that if her husband did not fix her she would, she knelt before those red-handed murderers, put up her hands and prayed to them not to kill her.

As well might she pray for mercy to a stone, or to a rattlesnake coiled to strike. Mercy was a word unknown to their brutal hearts. "The dead woman will tell on us all," ejaculated Manuel Martinez, as he snatched out his revolver and fired point-blank at her head, the bullet entering her forehead, her hands held up being badly powder burned. As her body lay quivering in the throes of death, Ricardo Lobato fired two bullets into her prostrate body. In the morning the alarm was given and Sandoval started for Santa Fe to give himself up and tell the story concocted by the conspirators.

And this is the story of the conspir-

any and dreadful crime as told by Juan Gallegos, who does not deny that he was with the party, but that he was forced into it by his brothers-in-law and took no active part. He says he wanted to tell the story long before, but the others kept him from it by threats, saying they would kill him even on the witness stand in court, should he attempt to give his testimony. It was only the fact that Manuel Martinez confessed first and told a garbled story to shield himself, that Gallegos was induced to tell what is believed to be the true history of the crime.

Desiderio Martinez was arrested here in town, shortly after Gallegos made his confession. He came boldly up here to attend court as a spectator and to see that his neighbors did not tell too much, probably. He is now in jail, but is said to be well fixed, financially, and will try to get bail. He was probably the brains and planner of the affair.

The officials have always suspected he had some connection with the murder in spite of his testimony to the contrary, but could never trap him until today. Lobato is a principal who was never suspected of connection with the crime. Sheriff Read arrested him near Edith, Colo., where he lives. There never was a stronger illustration of the old adage that "murder will out," than the history of this deep-laid plot and cunningly carried out murder. It was apparently a perfect success from start to finish. The husband got rid of a supposedly faithless wife and had his revenge upon her supposed betrayer. Desiderio got the money and property he wanted so badly. The others were paid something, also. The husband told his story and was acquitted. All concerned are Mexicans.

Later News.

Judge McFie sentenced Juan Gallegos, Manuel Martinez and Ricardo Lobato, who confessed to having killed Silverio Martinez and Mrs. Desiderio Sandoval at Coyote, to seven years in the penitentiary. Desiderio Sandoval is already serving a term of seven years in the penitentiary for the same crime and Desiderio Martinez was held under \$5,000 bond to be tried at the next term of court for the same crime. The sentence of the first named three was made comparatively light because Sandoval had been sentenced to only seven years. They can be tried again after having served their terms for one of the murders, as they were sentenced for but one murder.

Francisco de Herrera was sentenced to two years in the penitentiary for wife beating.

Jose Archuleta was sentenced to one year for assault with intent to kill.

Jose Archuleta was sentenced to one year for cattle stealing.

Jose D. Sena, acting as deputy sheriff, brought down from Tierra Amarilla, on Saturday evening, Juan Gallegos, sentenced to seven years in the penitentiary for murder. Sheriff Read will bring down later in the week, Manuel Martinez and Ricardo Lobato, each to serve seven years for murder; Francisco de Herrera, two years for wife beating; Nee Gallegos five years for assault to kill, and Jose Archuleta, one year for the larceny of cattle. Gallegos was brought down alone because Martinez and Lobato had threatened to do him bodily harm at the first opportunity for confessing to the murder which landed them in the penitentiary.

Today the furnishings of the public school in the city hall are being removed to the Castle school building. That building will be ready for occupancy and school use September 1, whether that be Labor day or what. Miss Maggie Bucher, superintendent, is wondering whether or not the many young men who have constantly come to the city hall during school hours in the past session to see the young lady teachers about church music, picnics and other vital public school business, will now plod their weary way to the far off Castle school and still be as zealous as ever in their interest in public education.

"Save the Child!"

That is the heartfelt cry of many a mother who sees her beloved child wasting and fading day by day. Sometimes it's too late for medical aid to help the child.

It is so weak, so lacking in stamina that there is no vantage ground of help.

One of the results of the use of Dr. Pierce's Favorite Prescription preceding maternity is a strong, healthy child. Thousands of mothers testify to this. Frequently mothers write, "I was never able to raise a child before using 'Favorite Prescription' or 'All my other children are sickly except this one, and I took your 'Favorite Prescription' this time."

All the child's strength comes from the mother. "Favorite Prescription" gives the mother strength to give her child.

There is no alcohol in "Favorite Prescription"; it contains neither opium, cocaine, nor any other narcotic. It is a purely vegetable and perfectly harmless medicine in any condition of the female system.

Accept no substitute for "Favorite Prescription." There is nothing "just as good" for women's ills.

Sick women are invited to consult Dr. Pierce, by letter, free. Correspondence confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I am so thankful for what Dr. Pierce's Favorite Prescription has done for me," writes Mrs. John T. Smith, of Slocan, British Columbia (Box 50). "It helped me through the long months of pregnancy and I have a big, strong baby girl, the most healthy of all my three, and it cured me of a disease which was taking away all my strength."

Free. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the book in cloth binding, or 21 one-cent stamps for paper covered. Address Dr. R. V. Pierce, Buffalo, N. Y.

SAN MARCIAL.

Special Correspondence.

San Marcial, N. M., May 26.—Pat Sweeney, the father of Joe Sweeney, died this morning at 7 o'clock after a very short illness.

E. C. Heitchew, switching in the local yards, has moved his family here. Bonita Ortega, the wife of Lorenzo Ortega, died last night after a short illness.

Mrs. Frank Johnson was in from the ranch yesterday to spend Sunday with her friends. J. W. McCoach, traveling auditor for the Mexican Central, paid his family a visit yesterday and returned this morning.

J. Rogers came in from his ranch this afternoon and says that the plains are very green now.

A nice rain fell about 3 o'clock, cooling off the air and settling the dust.

Jack the Ripper, so called but not known, tried to get in the residence of Mr. Kellam about 8:30 last night. Mrs. Kellam heard him cutting the screen away from the window and went out to see what was the matter.

The would be burglar heard her approaching and when she looked out of the window all she saw was a man's heels going over the fence. Later in the evening a young man came to the house and he was posted to watch for the man. As was expected he shortly returned and the young man placed to watch asked him what he wanted, and the fellow then made another break for the fence with a bullet chasing after him which missed him. It is supposed that this is the same individual who tried to break into the house of Mrs. Fletcher. He will probably not be so lucky in escaping the next time he tries to break into people's houses.

No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this remedy in your home. For sale by all druggists.

Will Lose Eye.

Fred Gregg, while handling a cheap pistol at Homerville, San Miguel county, discharged it and it burst, throwing a piece of metal in one of his eyes, causing a cataract to form. He was taken to Las Vegas and was operated on. He will probably lose the sight of the eye.

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes George S. Marsh, well known attorney of Nocona, Texas. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. J. H. O'Reilly & Co.; B. H. Briggs & Co.

The public schools of this city will close the term next Thursday.

Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jesse Pinky Hall, Springville, Ala. This remedy is for sale by all druggists.

Railroad Topics

The Rock Island will start to use the Southern Pacific depot at El Paso this week. The former has no station of its own.

Ticket sales at the Albuquerque depot during the past month amounted to over \$18,000. There are few towns on the Santa Fe line that exceed this city in railroad business.

On Sunday, the Santa Fe Pacific base ball team will cross bats with the Madrid boys. The local boys are without a good pitcher, but they expect to win the game Sunday.

Frank Farquharson is here on a visit to Mr. and Mrs. B. H. Ives. Frank formerly resided in this city. He is now a well known and popular machinist of the Raton shops.

A. D. Griffith, who has been visiting in San Bernardino, left for Alamogordo, N. M., where he has a position with the Rock Island. He was formerly employed at the Santa Fe's boiler shop at that place.

Rev. W. A. Brewer will lecture at the Santa Fe Pacific reading room, in south Albuquerque, Friday night, May 30, on the subject of the "Grand Canyon of the Colorado." Rev. Brewer is from St. Matthews' school, San Mateo, Cal.

No. 98, the private car which has been occupied by General Manager A. G. Wells, of the coast lines, is now at San Bernardino shops for repairs, and Mr. Wells has transferred his furniture to the "framp," which coach left that city a few days ago, after a thorough overhauling.

The Sun says: "The many friends in San Bernardino of Billy Allen, who for two years was one of the yard switchmen here, will be pleased to hear that he is rapidly improving from the injuries received last March, at which time he fell from a box car, spraining his neck and breaking both wrists. For six weeks he was helpless, but now has the use of his right arm, and by July expects to be able to return to his work. His escape from death was remarkable, as he struck on his head, and at first his neck was supposed to be broken. Throwing out his hands he broke the force of his fall, but at the same time shattered his wrists. Mr. Allen is still in Los Angeles.

Superintendent of Motive Power G. A. Henderson is at present in the west and his visit, among other matters, is to investigate the engine mileage on the coast lines, which is not to his liking. It is stated that at the present time the average mileage for engines running on the lines west of Albuquerque is something like 18,000 miles. That is to say each machine will run about that number of miles, and then it is ready for the back shop and a general overhauling. Back on the east end of the system it is stated that locomotives make as many as 75,000 miles before overhauling is necessary, and Mr. Henderson believes that those on this end should run at least 60,000 miles before going to the doctors. Why this has not come to pass he does not know, and comes west with the idea of ascertaining the whyfore.

All the healing, balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

Souvenir for G. W. Smith.

The Citizen yesterday stated that George W. Smith, formerly of this city and San Bernardino, has secured a position of general master mechanic with the Illinois Central, headquarters at Waterloo, Iowa. It now transpires that just before he left San Bernardino he was presented with a souvenir. The Sun says:

"When George W. Smith, the late master mechanic of the coast lines, left the service of the Santa Fe, it was generally supposed that he turned all of the rolling stock over to his successor, but this was not the case, for he carried away at least one locomotive of the Baldwin series. Let it be added with haste, however, that the late official did not really take a 'gine' of the regulation size, but just carried away a model, the gift of a thoughtful friend.

"It seems that last fall a friend presented Harry Hillier, mechanical department chief clerk, part of a good sized locomotive model. Soon after, when Mr. Smith was out on the line, Mr. Hillier sent over to the big shops and had machinists, tinners and painters come to his office, and there, in the back room, they worked several days rebuilding and remodeling the little engine. When done the engine presented a very handsome and creditable appearance, being about three feet long and eighteen inches high. Nothing was said to Mr. Smith, and it was stored away until one evening just before he left for the east, when Hillier had it taken up to Mr. Smith's house and presented it to him as a souvenir.

Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groverton, N. H. "I never found anything else that acted so safely and quickly." J. H. O'Reilly & Co.; B. H. Briggs & Co.

Counterfeit Money.
Keep an eye on your change. There is some counterfeit money in circulation in town. A lead 50-cent piece was offered at the postoffice this afternoon, but refused. The man who tried to

pass it claimed that he received it at one of the stores in town.—Las Vegas Record.

Traveling is Dangerous.
Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. George H. Hausan, locomotive engineer, Lima, Ohio, writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

ORGANIZED BAND.
Raid and Rob the Ilfeld Store at Las Vegas.

There was quite a little sensation over at Ilfeld's Friday, when it was found that one of their employees had been systematically robbing the store, says the Las Vegas Record. The culprit was Adolph Weiser, a Roumanian Jew, who had been employed about five months ago in the hardware department. Connected with Weiser in the deal was A. Veiner, a blacksmith who has been working for A. C. Schmidt, and Nissim Menose, a baker employed by Graaf & Hayward. The two latter came here with Weiser and they have been disposing of some of the plunder around town. It was in this way that the robbery was found out.

Menose disposed of a fine knife to Mr. Kline for 35 cents that bore Ilfeld's name. Mr. Kline was suspicious and informed Ilfeld to keep a watch on Weiser. This they did and caught him red-handed.

He was sent to the warehouse and while gone his clothes were searched and tools found in them. His room was next searched at Barker's, where he and Veiner roomed, and a whole trunk full of hardware and cutlery was found. When confronted, Weiser confessed and said he was stealing to get money to bring his family over, and it is understood the families of the three culprits are now on their way here. Veiner and Menose were also arrested and they are now in the county jail.

The fellows were being aided by the Israelite Benevolent society to come to this country and free themselves from persecution in Roumania.

Each man has already started a little bank account, their intentions being to begin peddling, and evidently they were stealing to secure a stock. The exact amount of their stealings is not known, but it is near \$400. The grand jury will investigate the case this session.

Won't Follow Advice After Paying For It.

In a recent article a prominent physician says: "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by all druggists.

Death of William Taggart.

W. H. Taggart has just received intelligence of the death of his father at Liverpool, Eng. Deceased was about 83 years of age. His mother was also reported to be dangerously ill. Mr. Taggart had for some time been making preparations to visit the old home and the news of the death of his aged parent was a great blow to him. He has not seen his parents in nearly forty years, but like all who have come to the great west, he had hopes of revisiting the old home before death took away forever the loved father and mother. May the last sleep of the good old father be his best sleep.—Kingman Miner.

Will Cure Consumption.

Robbery of Logan Postoffice.
The postoffice at Logan was robbed on Wednesday, the postmaster being held up and a lot of stamps and some cash taken. The reports are very meager, but it is thought it was done by one man. C. L. Doran, the post-office inspector, has gone to Logan to investigate the case and United States Marshal Fornoff, of Albuquerque, has been sent to make the arrest. Logan is on the Rock Island road, about 100 miles from here, and is only a hamlet of a few houses. It is possible that the robbery was committed by one of the Fort Sumner gang that is still at large, but nothing is definitely known at present.—Las Vegas Record.

Colds

You first take cold, then you cough. Then you have a doctor. He says it's bronchitis, and he orders Ayer's Cherry Pectoral. It is his favorite prescription for colds and coughs. If he knows of anything better, tell him to give it to you.

FAT NERVES.

A whirl of excitement was recently caused among scientists by the discovery of "how nerves act".

Healthy nerves are fat nerves. It is fat in the core of a nerve that by hardening and softening creates nerve action.

Maybe this explains why Scott's Emulsion has always been such a remarkable remedy for nervousness.

Scott's Emulsion makes fat nerves. It feeds them with fat. Good for all forms of nervousness and for neuralgia.

Indian Murdered.

An Indian boy of the Supai tribe was found dead at the Hill Top house, about 8 miles from the village, on the evening of the 21st of this month, says the Mohave County Miner. The young fellow had been sent to the Truxton Indian school on the morning of that day and had covered but eight miles of the distance when killed by an assassin. The matter was reported to the agent at Truxton and he will leave for Cataract canyon accompanied by Deputy Marshal Templeman. The teacher at Supai stated that the Indians were very wrath over the killing of the boy and were making all sorts of threats. The reason for the killing of the boy is unknown, but is supposed to have grown out of the dislike the Indians have for the establishment of a school in the canyon and the compulsory education of the children.

Dangerous if Neglected.

Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Tartly, Yankee town, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. The depth of oxidation in mineral veins varies considerably. In arid regions, as a rule, the minerals are oxidized to much greater depths than in wet regions. A common depth is fifty to 100 feet. In the Anaconda mine at Butte, Mont., the oxidation extended down about 400 feet.

The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, too, for a cure may be effected at a very small cost. G. W. Wescott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by all druggists.

CASCARETS are good. Eat them like candy. They remove any bad taste in the mouth, leaving the breath sweet and perfumed. It is a real pleasure to take them instead of nauseating pills.	CASCARETS are purely vegetable and contain no mercurial or other mineral poison. They are made of the latest remedies discovered and are a scientific combination in any form.	CASCARETS are antiseptic. That means they stop undigested food from working in the stomach, prevent fermentation in the bowels and kill disease germs of any kind.	CASCARETS tone the stomach and bowels and stimulate the lazy liver, making it work. They strengthen the bowels and put them into perfect healthy condition, making
CASCARETS increase the flow of milk in nursing mothers. A tablet eaten by the mother makes her milk mildly purgative and has a mild but certain effect on the baby, the only safe laxative for the babe-in-arms.	CASCARETS are liked by the children. They taste good and do good, stop wind-colic, cramps, and kill and drive out worms, and all kinds of parasites that live in the bowels of the growing child.	CASCARETS taken patiently, persistently, are guaranteed to cure any case of constipation, no matter how old and obstinate, or purchase money will be cheerfully refunded by your own druggist.	CASCARETS are sold by all druggists for 10c, 25c, 50c, etc., according to size. A 10c box will prove their merit and put you on the right road to perfect and permanent health. Don't risk delay.

Don't judge **CASCARETS** by other medicines you have tried. They are new, unlike anything else that's sold, and infinitely superior. Try a ten-cent box today, if not pleased get your money back! Larger boxes, 25c or 50c. Sample and booklet mailed free. Address **STERLING REMEDY CO., CHICAGO; MONTREAL, CAN.; NEW YORK.**
