## PEACE ASSURED

### Official Declaration is Yet Wanting.

### Tommy Noonan Killed in Prize Fight.

### Two Killed and Many Injured in a Trolley Wreck.

### HORSE JOCKEY KILLED.

London, May 23.—Peace in South Africa is regarded as assured, but the official declaration to that effect is still lacking. Meanwhile, the outside Boer commandoes, not immediately connected with the peace negotiations, are fighting continuously. Lowat's corps surprised Fouché's command in Cape Colony, on Wednesday last and captured most of the Boer supplies.

The stock exchange has fully made up its mind how things are going and declares a basis for peace was signed at Pretoria yesterday. The Associated Press has ascertained the government regards the war as practically ended. Advice received by the war office indicate that whatever decision the Vereeniging conference may arrive at, most, if not all, of the Boer leaders who went to Pretoria will not continue to fight.

After they learn the results of this afternoon's cabinet meeting, the Boer leaders are expected to announce their reluctant acquiescence with the British terms. The war office does not expect any serious defections in the rank and file from the line taken up by Generals Botha and DeWet. Every precaution is being taken in Downing street to prevent a premature publication, in view of the possibility a portion of the delegates might bolt and continue the struggle without their leaders. An interesting reference to peace is contained in a letter from Klerksdorp, southwestern Transvaal, dated April 25. It says: "Seventy to eighty thousand British troops are here, waiting General Delarey's answer from the peace conference and every hour we are expecting them (Boers) to march in and surrender."

### KILLED IN A FIGHT.

### Eddie Dixon Landed on Tommy Noonan Too Hard.

Boston, May 23.—Tommy Noonan, of Chelsea, Mass., died today from the effects of a blow received from Eddie Dixon, of Chicago, in a boxing contest here last night. Dixon is in custody. The fatal blow landed on Noonan's jaw. Physicians pronounced him suffering from concussion of the brain.

### A TROLLEY WRECK.

### Two Men Were Killed and Many Were Injured.

Easton, Pa., May 23.—Two men were killed and many men and women injured in a trolley wreck a few miles beyond Easton at midnight last night. The dead are: Edward Commodore, of Nazareth, and Joseph Derhammer, of Easton.

The car was carrying eighty-nine passengers. On a steep hill the brakes refused to work, and the car ran away, descending the incline at a terrific rate of speed. At the foot of the hill on a sharp curve, the car jumped the track and, tearing loose from the trucks, fell on its side, in a country road. The conductor was found beneath the trucks, dead, and Derhammer, several yards away from the wrecked car. His skull was fractured and the body terribly bruised. He died later.

### HORSE JOCKEY KILLED.

### Was About to Brain His Wife With a Hatchet.

Pittsburg, Pa., May 23.—Joseph Pearson, a horse jockey, was shot and instantly killed by his wife, Louise, at the latter's home in Esplenborough, last night. He was in the act of braining her with a hatchet when the woman sent a bullet into his brain, Pearson falling a corpse at the feet of his wife, son and daughter. Mrs. Pearson surrendered to the authorities.

### OBJECT TO THE WORK.

### One Hundred Men Think They Do Too Much.

St. Louis, Mo., May 23.—One hundred molder and helpers walked out of the American Steel Foundry company's plant, in Granite City, Ill., this morning, because they were required to make nine steel transoms and fifteen bolsters in a day of ten hours. They say eight transoms and fourteen bolsters are as much as they can do and all that was formerly required. Only the shipping department of the plant is in operation today.

### The House.

Washington, May 23.—Upon the convening of the house today, Mr. Wadsworth, of New York, presented the conference report on the agricultural bill for printing in the Record. He gave notice he would call it up on Monday next.

The house disagreed to the senate amendments to the bill to prevent

branding or marking food or dairy products and asked a conference. It then proceeded to the consideration of private pension bills.

### Town Destroyed.

Richmond, Va., May 23.—The town of Clover, in Halifax county, was almost completely destroyed by fire today. The loss is about \$20,000.

### Will Not Celebrate.

The Eagles have decided to call off the big celebration which they were planning for June 1, the date of the first anniversary. Several of the horses which were expected to race will not be here and it is impossible to get a ball game on that date. Other things have come up so it was deemed best to wait a year and have a celebration just twice as big then.

### Lots of Power.

Never before in the history of the Santa Fe road, has this end of the line been as well supplied with motive power as it is now, says the Needles Eye. Besides the large sized old-timers which have been overhauled and repaired, the company has brought on several compound engines, and a decaup, which have an immense capacity for hauling freight. Among the compounds, too, is a new design called "the Prairie" which is said to be the best style of engine on the road. This engine has a truck just in rear of the fire box, and is so arranged that on steep grades where weight is desired upon the drivers to prevent slipping this weight can be shifted by a lever and thrown just where it is wanted. It is also said that one of these engines will pull a train that now requires two engines, with the same amount of fuel and water, and make better time than the double headers. The Santa Fe evidently means business and as a consequence it will get business, too.

## LONG AGO BANQUET.

### It Was in Old Albuquerque in the Year 1870 and Was a Grand Feast

### WHITING AND LEO THERE.

Editors Citizen.

In the year 1870, or thereabouts, an engineering corps of the Atlantic & Pacific Railroad company making a preliminary survey from Fort Smith, Ark., westward, reached Albuquerque, escorted by a troop of the Tenth United States cavalry, Captain Charles D. Viele, commanding, with Thomas C. Lebo and — Price, first and second lieutenants, respectively, and Dr. Arms, assistant surgeon, or medical officer.

During the sojourn here, "Doc" William T. Strachan, then United States forage agent and landlord of a hotel on Main street of the old town, on the site now occupied by the school buildings of the Sisters of Charity, gave a supper, or banquet, to the engineers and officers of the troop; a number of residents of the plaza also participating, among them being Don Ambrosio Armijo, Don Martin Quintana, "Uncle" Ben Stevens, Dr. John Symington, Joseph C. Hill, and the writer, who was toastmaster. The "spread" was in the plaza, or court, of the building, and did great credit to the generous host and his chef, Truman, a son of Ham. After the solids were disposed of, the "flow of soul," etc., continued for a couple of hours, when all that were able took part in a ball that wound up the festivities. It was a decidedly "hot time in the Old Town" that night, especially for the guests from abroad—the others were used to it. Colonel (then lieutenant) Lebo is the only one of the stranger guests who has revisited Albuquerque since that time, as far as this affiant is aware; and of all the Albuquerquees present at the banquet only the toastmaster is left; the others have crossed over the great divide. Dear liberal handed, kind hearted, quaint old Strachan, and Quintana, sleep their last sleep in Santa Fe. Armijo, firm, loyal friend of "Los Americanos," and Stevens, brave and loyal and whose wit was wont to set the table in a roar, and whose body bore the scars of eighteen wounds received in a hand to hand fight with Navajos, rest in the Campo Santos of the town they loved so well. Hill is sepulchered in Washington and Symington at the feet of his soldier father at Baltimore. On coming Memorial Day, wherever their clay may rest, our country's flag will flutter at the head of each, and beautiful flowers be strewn above their final camping ground.

H. R. WHITING.

### El Paso Shriners.

A goodly delegation of the El Paso Shriners are preparing to attend the imperial council of the Ancient Arabic Order of Nobles of the Mystic Shrine which will convene in San Francisco on June 10. Two special cars are expected to be chartered for the Shriners of El Paso and their families which will leave there about June 7.

### Di Mauro's Concert.

The Citizen calls attention to the Di Mauro concert program published in another column. It will commence promptly at 8:15 o'clock tonight at the Colombo hall. Remember these facts.

This evening Third Vice President C. W. Maure of the Brotherhood of Locomotive Firemen will be entertained by the local lodge at Grant hall. He arrived this morning and was accompanied by his wife.

## IOWA INUNDATED

### Heavy Rains Cause Great Loss.

### Democrats and Populists Join in Kansas.

### Entertainment Provided for Official Guests From France.

### LOUBET GOES HOME.

St. Paul, May 23.—The entire northeastern portion of Iowa was half submerged by the recent heavy rains and immense financial losses have been sustained.

Jesse A. Gregg of St. Paul, returned from the inundated district and reports a great destruction of property. Wednesday morning over six inches of rain fell in two hours. Water formed in low places until all barriers were overtopped and then rushed down the creek beds and ravines, pouring a great torrent into a stream called Dry Rock, running through Decorah and other towns in the vicinity. The streets became impassable and owing to the high wind the situation for three hours was one of great peril to everyone. So far as Gregg could learn only two lives were lost. A mother aroused by the encroachment of water into the house, leaped from her bed in the dark with a child in her arms and apparently went out of doors. The child fell into the water and in the darkness the mother was unable to locate the little one, who was drowned. A large egg warehouse located half a mile from the torrent was swept away and an old man was drowned.

Between Conover and Decorah, a distance of nine miles, seven miles of track, owned by the Chicago, Milwaukee & St. Paul was washed out. Sixteen iron bridges in and around Decorah were destroyed. The stream, which has overflowed its banks, runs through a portion of the resident district and railroad district of the town, and great damage was done to private and railroad property. There are six washouts between Austin and Preston on the open prairie. Ten miles of track are destroyed on the Iowa and Minnesota division of the Chicago, Milwaukee & St. Paul railroad. Mr. Gregg says the damage at Decorah is estimated at about \$600,000.

### WILL FUSE AGAIN.

### Kansas Democrats Give the Populists Eight Places to Fill.

Wichita, Kas., May 23.—The democratic state convention adjourned after nominating six of the fourteen places to be filled at the November election.

W. H. Craddock, mayor of Kansas City, Kas., was named for governor.

A committee from this convention will meet the populists with power to fill out the portion of the ticket not named in this convention.

### DOING OUR PART.

### The Official Visitors From France Are Being Royally Entertained.

Washington, May 23.—Today's official ceremonies preliminary to the unveiling of the Rochambeau statue tomorrow, centered at Annapolis, where a distinguished party, including President Roosevelt, the members of the cabinet, the entire French delegation sent to this country to participate in the ceremonies, the French embassy and high representatives of the United States army and navy attended a luncheon aboard the yacht.

### LOUBET GOES HOME.

### He Entertained Royalty at Luncheon Before He Left.

St. Petersburg, May 23.—The French squadron, escorting President Loubet, left Cronstadt this afternoon for France. The czar, M. Loubet and czarina proceeded thence on the royal yacht, Alexandra, and boarded the armored cruiser Moncalm where the president entertained their majesty at luncheon.

### Mine Stockholders.

Eighty prominent Chicago stockholders in the Braganza Gold Mine company, whose mines are in the Yavapai county, passed through here yesterday to visit their property. The party will be absent from Chicago only two weeks and on their return the Grand Canyon will be visited.

### REFORM SCHOOL NEEDED.

### Many Young Boys Are Up in Police Court.

This morning Judge Crawford, in police court, expressed his regret that there is not a reform school in New Mexico. There is scarcely a day but that young boys are brought before him and there is no proper place to send them. Charles W. Baker, a boy 17 years old, who says his home is in Oregon, was up for begging. He was used by an older man to get money, who escaped after getting quite a sum from prominent people here on the plea of a destitute Hebrew family. One prominent lady here gave him a

substantial check, but he skipped out and left the boy here. Baker was given ten days, but will be released when the police are assured he has been separated from the man he was with.

Another boy of 14 from Trinidad, who has started to tramp early, was released by Marshal McMillin without being taken into court.

Ira Ritter was on trial for being around the acre and not having any means of support. He said he was a barber and is worth \$10,000. He also said he had purchased a one chair barber shop here for \$35 which had gross receipts of from \$8 to \$11 a week. He got thirty days and appealed.

### Officers Elected.

Dallas, Texas, May 23.—At today's session of the conference of the Methodist Episcopal church, south, H. M. Dubois was elected general secretary of the Epworth League and editor of the Epworth Era. P. J. Bingham, of Georgia, was elected senior book agent.

### Engaged.

Solomon Benjamin, a well known and prosperous dry goods merchant on West Railroad avenue, will soon wed Miss Hortense Benjamin, a young and accomplished lady of Natchez, Miss. The announcement of the engagement was made to a few friends yesterday, and is now published in the city press as official.

It is not likely that the Browns will play in El Paso on the 1st day of June, owing to the fact that most of the boys are working in establishments where their services cannot be spared at this time of the month.

Herbert Smith, assistant cashier of the Hyde bank at Farmington, San Juan county, has resigned that position and has accepted a position with the Bellview bank, of Bellview, Texas.

### DEMING.

### Town Improving—Good Side Walks Laid—Several Well Known People Sick.

### OTHER PERSONAL ITEMS.

Special Correspondence.

Deming, N. M., May 22.—Deming has been comparatively quiet this week, nothing of large interest occurring.

Mrs. Landridge, who with her husband and mother, came to Deming some months ago for her health, died last night. She had been in Deming for some time and was doing very well, when they decided to try Silver City for a change. They went and Mrs. Landridge began to fail almost at once. Coming back here about a week ago, she picked up a little and then died very suddenly. Mr. and Mrs. Landridge, although very quiet and comparative strangers here, were highly esteemed, and their friends share the sorrow of the bereaved husband and mother.

The improvement of the street between the postoffice block and Clark's corner, while not very apparent just at present, will show up well when completed and the earth graded and settled. Other blocks will shortly follow the example set here, and before long Deming will hardly know herself for the same place. W. J. Mamel is also preparing to lay cement sidewalk before his residence on Pine street.

P. R. Smith, Jr., has been confined to his bed for the past week with rheumatism, but is now out and about, and improving rapidly.

The Harvey house and depot building is keeping right abreast of the times and other improvements in Deming by having the roof repainted and various other repairs made. As soon as the electric lights go in there we will have a depot and hotel to be proud of.

Mr. Neal, the affable agent of the Union Central Life Insurance company, is in Deming today and says he is doing an excellent business here.

The Deming ball team will give a dance with refreshments at the opera house next Friday evening, for the benefit of the team. These dances are always pleasant and well conducted, as well as well attended.

Rev. Ray, pastor of the Methodist church, is expected home from an extended trip to Oklahoma and other points of interest. Mr. Ray has also been attending the Methodist convention.

Mrs. W. H. Greer has been quite ill for the last week with tonsillitis, and is still somewhat under the weather, but improving.

W. H. Greer will probably leave in a few days for Chicago on business. He will, while there, consult a well known physician in regard to his health.

J. Brown is in town today from the front. He has been with Mr. Robinson on the El Paso branch of the Bisbee railroad construction, and reports fast work there. He will return in a day or so.

Arizona's Female Bandit.

The Yuma Sun says: Mr. and Mrs. C. P. Frizzle, of Silver City, N. M., arrived in Yuma last Wednesday on a visit to Mrs. Frizzle's sister, Pearl Hart, the notorious female stage robber, who is serving a five-year's sentence in the territorial prison. Mrs. Frizzle is an actress and also a playwright, and has written play entitled, "Arizona Bandit," in which Pearl Hart is to play the leading role. The play will be put on the stage as soon as Pearl is released from prison, which will be early in 1904.

## MINE DISASTER

### Impossible to Secure the Details.

### Evacuation of Martinique Not Justifiable.

### Dubois Says Retention of Philippines Will Affect American Labor.

### THOMAS A CANDIDATE.

Fernie, B. C., May 23.—A terrible explosion occurred at 7 o'clock last evening in No. 3 mine, which was connected with No. 3 shaft, and also with the Highlines shaft. All three openings were wrecked. A hundred and fifty men were in the mine at work at the time of the explosion. Of this number sixteen escaped from No. 3 before the cave-in. One has since died. The remainder are prisoners and small hopes are entertained of their safety. Everything possible is being done to relieve the situation.

### No More Details.

Vancouver, B. C., May 23.—The prospects are poor for getting a story of the mine explosion from Fernie for some hours. There is only one slow wire and it is choked up with private messages. The company will not accept specials until this wire is clear. A private dispatch just received here says every one in the mine was killed. So far only six bodies of the 123 victims have been recovered. The cause of the explosion is said to have been the presence of fire damp, ignited by matches with which a miner was lighting his pipe in defiance of orders. A tremendous explosion occurred in No. 2 mine, followed in a few seconds by another explosion in No. 3, which was connected by a short tunnel. Every family in the little town is directly affected by the calamity and the entire surviving population is in a state of frenzy.

### NOT JUSTIFIABLE.

### Evacuation of Martinique Not Regarded as Necessary.

Paris, May 23.—A dispatch from the governor of Martinique reads as follows: "Have consulted the council of the colony on a partial or total evacuation of the island. They are unanimous in declaring the measure is not justifiable at present. There have been no new fatalities."

### DUBOIS AGAINST IT.

### Thinks Retention of Philippines Will Affect American Labor.

Washington, May 23.—In the senate today Mr. Hale, of Maine, from the appropriations committee, reported a bill making additional appropriations supplying urgent deficiencies in the appropriations at present. The principal additions were for printing for the navy and interior departments. The bill was passed.

When the Philippine government bill was taken up Mr. Dubois, of Idaho, one of the minority members of the Philippine committee, discussed particularly the commercial aspect of the acquisition by the United States of the Philippines. He maintained it would be a distinct disadvantage, as the retention of the islands would result disastrously to American labor.

### Thomas a Candidate.

Denver, Colo., May 23.—Ex-Governor Charles S. Thomas, in an interview today, announced that he will be a candidate for the United States senate to succeed Henry M. Teller.

### HIS OWN STORY.

### Mr. Smith Will Tonight Relate His Own Experiences.

There was another very interesting meeting at the tent last evening. Mr. Smith used as a text "They shall call his name Jesus, for he shall save his people from their sins."

He said we are all sinners, because we belong to a race of sinners and because we are all personal sinners. Some people undertake to be saved by false gods, but there are none able to save but God alone. One of these false gods he named Self Righteousness, and that sinner calls himself better than others now.

The second was the moralist, who is as good as church members.

The third was the formalist, whose religion consists in going to church and does what he pleases the rest of the time.

But Jesus called the Christ, can save and save to the uttermost all who come to God through him.

Tonight Mr. Smith tells the story of his life and of his conversion. Come and hear him.

### Delightful Entertainment.

Miss Ethelene Francis last evening entertained a number of her friends at the home of her mother, on North Eighth street. The rooms were decorated with carnations, roses and palms and a delightful evening was enjoyed. Those present were: Mesdames Jenks, Werner and Francis; Misses Jenks, Hetherington, Heimbeck, Braithwaite, Renison, Hawley, Werner, Cora and

Lily Gehring, Edie, Johnson and Francis; Messrs. Shaw, Thomas, Goebel, McManus, Sol and Louis Benjamin, Sweetland, Vann, Bailey and Francis.

### KNOCKED UNCONSCIOUS.

### A San Bernardino Boilermaker Meets With Serious Accident.

"Jack" Sedgewick, a Santa Fe boiler-baker, who has been employed at the shops in San Bernardino for many years, met with a serious accident yesterday, which left him in an insensible condition for three-quarters of an hour, and in such a state as may prove fatal.

Sedgewick was at work on the fire box of engine No. 418 at about 9 a. m. when the accident occurred. The big steel compartment was being fitted to the under portion of the machine, when it suddenly loosened from its support and fell downward, striking the end of a timber which chanced to be lying on the ground below. Near the opposite end of this timber boiler-maker Sedgewick was bending over his work, and before he had time to realize what had taken place the disturbed plank smote him a terrible blow just below the left temple. He fell backward unconscious and was in this condition taken to his home on North F street and the company's surgeon called to attend him. An examination disclosed the fact that although the concussion on the cheek was not serious, the blow had brought about concussion of the brain of uncertain seriousness. Late last evening his condition remained unchanged.—Sun.

Charles Chadwick, the sheep buyer was a south bound passenger last night.

Hank Ritter, of Bland, hauled a load of ore to Thornton the first of the week for shipment to the Stratton syndicate of Colorado.

### OFF FOR CHICAGO.

### Judge Hamilton, on Mining Company Business, Here This Morning.

### GIGANTIC ENTERPRISE.

Judge H. B. Hamilton, of El Paso, attorney of the Eagle Mining and Improving company of Lincoln county, came up from the south this morning and continued on to Chicago, where he will attend a meeting of the stockholders and directors of the company to be held there next week. Mrs. H. B. Hamilton and the latter's sister, Miss Rowland, who was the public school teacher at Pajarito, accompanied the judge as far as Las Vegas, where they will visit until his return to New Mexico.

The judge was asked for some news regarding his mining company, and, in lieu therefore, produced the following clipping from a recent copy of the El Paso Times:

"At Parsons, in the Bonito district, N. M., the Eagle Mining and Improving company is making arrangements to carry out one of the largest mining enterprises ever undertaken in the southwest. Parties from there report that there are millions of ore which will practically entail no expense at all in mining. An immense cyanide plant is to be erected that will treat hundreds of tons of ore a day, and which will give employment to an army of miners and operators. The plans have already been prepared and work on the mill will be begun this coming month. The company will commence this week. It is said, the work of building a great dam across the Bonito river, the estimated expense of which will be \$75,000. The dam is for the two-fold purpose of furnishing an ample supply of water at all times and also to provide power to operate the vast machinery. "Some idea of the immensity of this project may be formed when it is stated that the company has secured control of over 200 claims in the Bonito district at an outlay of nearly \$1,000,000. Among these are many mines that were famous in the early history of the country for the large amount of gold they produced. Chief among the properties referred to is the Hopeful mine, which was worked years ago by a man named Parson, from whom the camp derives its name. With only a three and one-half Hunt-ington mill this pioneer and his son are said to have taken from the claim thousands of dollars worth of gold. A party of Chicago capitalists, who are interested in the company, have just completed a thorough investigation of the properties, and are much pleased with the result of their visit."

George A. Kaseman, the deputy United States marshal, came up from Socorro this morning, having in charge Clarence W. Ford, the cowboy who broke into the Alma postoffice and stole a registered letter containing a \$100 bill. From here, Deputy Sheriff McKeehan went north with the party and this afternoon Ford was delivered to the penitentiary authorities, where he will immediately commence to serve on a sentence of one year and one day.

Thomas Patterson, of Sopris, Colorado, has been appointed manager of the Colorado Fuel and Iron company plants at Gallup and Madrid, to take the place of Wiley Weaver, who was given charge of the construction of one of that company's steel plants now in course of erection at Pueblo, Colorado.

The strike habit appears to be chronic with the Pennsylvania coal miners.

The control of the world by the trusts will not be entirely devoid of compensation. There would be no more wars nor strikes.

Paris, according to the latest census returns, has a population of 2,650,000 persons, of whom over 1,200,000 are either foreigners or provincials.

The record of immigration to this country was broken during two days of last week, when more than 10,000 new comers in the steerage were examined at Ellis Island.

At the age of 82 the venerable Herbert Spencer has at last laid aside the pen that has exercised such a powerful influence upon the thought of his century. In his forthcoming volume, "Facts and Comments," Mr. Spencer announces that he has written his last book.

C. M. Robbins, the manufacturing jeweler of Attleboro, Mass., who captured the \$40,000 contract for making the medals for the coronation of King Edward, against all European competitors, has been named as a candidate for congress by the political managers of his district.

The progress in ocean steamship construction in the past sixty years has increased the length of the typical steamer from 215 to 706 feet; depth from 24 to 29 feet; beam, or width, from 34 to 75 feet; displacement from 1,700 to 37,700 tons; engines from 740 to 37,000 horse power, and the passenger capacity from 90 to 2,900 persons.

The socialists should invade Taos county. The Cresset says: "A third political party would do a flourishing business around here this fall, if it only had an issue; the leaders of both the old standbys have weeded out so many that they 'don't want' that there is plenty of material, but there does not seem to be anything out of which to make an issue."

The Tucson Citizen says: "Senator Bard, of California, a member of the senate committee on territories, is the man the people of Arizona should try to induce to take special charge of the statehood bill in the committee. Senator Bard is from southern California, a neighbor of ours, and if he should take a friendly interest, his service could be made very effective."

### BENEFICIAL BILLS.

The New Mexican says that the several bills introduced by Delegate B. S. Rodey approving the issuance of bonds for the College of Agriculture and Mechanic Arts at Mesilla Park; for the New Mexico Military Institute at Roswell; for the Insane Asylum and Normal university at Las Vegas and for the construction of a court house at Deming should be taken up by the committee on territories of the house of representatives and favorably reported to the house without delay. These bills are of a local nature and if passed would prove beneficial to the people of the entire territory. There is no objection to them, and there is every reason why they should become laws speedily.

### POWER IN THE PEOPLE.

On the 3d of June, at their election for congressmen and state officers, the voters of Oregon are to pass upon a proposed constitutional amendment applying the initiative and referendum in legislative matters. This amendment recites that while the legislative power of the state is vested in a legislative assembly consisting of a senate and house of representatives, still "the people reserve themselves power to propose laws and amendments to the constitution and to enact or reject the same at the polls, independent of the legislative assembly, and also reserve power at their own option to approve or reject at the polls any act of the legislative assembly." In order that the people may exercise this power, the proposed amendment provides that when 8 per cent of the legal voters petition for specific legislation the same shall be submitted to popular vote, and shall become law if approved by a majority voting thereon; and any enactment of the legislative assembly may be submitted to popular vote by

such assembly acting voluntarily, and must be when requested by 5 per cent of the voters. The veto power of the governor is not to extend to enactments voted on with approval by the people.

### STATEHOOD CLUB.

The Las Vegas Optic says that three citizens were sitting in the judge's room at the court house. Incidentally the subject of statehood was spoken of. One said: "Suppose we form a statehood club at once, and do what may be to aid the movement?" Quick as a flash came the reply: "All right, let us organize!" Suiting the action to the word, a call for a meeting to be held at the city hall next Monday night was written and is now being signed, without respect to party by those who favor statehood. Everyone signs it and it is confidently believed that 300 signatures will be placed on the call. The purpose is to make the movement absolutely non-partisan, and to organize an effective club of active, aggressive, working members, who will "whop it up" for statehood and New Mexico.

### INDICTED A WIFE MURDERER.

True Bill Returned Against Indalacio Sena by Grand Jury.

The territorial grand jury of San Miguel county returned a true bill this morning against Indalacio Sena, of Tremontina, for the murder of his wife, says the Las Vegas Optic.

The murder is reported to have occurred five months ago, and was one of the most brutal in the criminal history of the county. Sena killed his wife by beating her to death, kicking and pounding her. Her body was completely covered with bruises and was a mass of black and blue spots.

When the jury reported the prisoner was brought in and arraigned, and the date of trial was set for Tuesday, of next week.

The case of the United States vs. Doroteo Duran, for building forest fires, was brought up this morning and a jury chosen for the same. On account of the misplacement of the papers in the case the court was adjourned until 2 o'clock this afternoon, so that the district clerk would have time to look up the papers. Some good natured insinuations were exchanged between Attorneys Childers and Spiess, the attorneys in the case, as to where the papers had disappeared. The case against Doroteo Duran was finally dismissed, the papers not having been found.

On next Monday afternoon the docket for the territorial criminal and civil cases will be arranged.

### Spring Ailments.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herline will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at Cosmopolitan Pharmacy, B. Ruppe.

### Killed a Monster Bear.

A silver tipped bear, weighing 1,200 pounds, was shot near Chama, Rio Arriba county, last week, by Warren Campbell and Doc Gillard. The bear had been caught in a trap and his capture is hailed with delight by the ranchmen and residents of that locality, for bruin was an old offender, as it is estimated that he had slain several thousand sheep since he had started his depredations in that locality. The condition of the bear's teeth show him to be about thirty years old.

### Dangerous if Neglected.

Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Tartly, Yankeetown, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

### Use Allen's Foot-Ease.

A powder to be shaken into the shoe. Your feet feel swollen, nervous and hot and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures swollen, sweating feet, ingrowing toe nails, blisters and callous spots. Relieves corns and bunions of all pains and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Don't accept any substitute. Trial package free. Address Allen M. Olmstead, Le Roy, N. Y.

### CLOUDCROFT

The Roof Garden of the Southwest. The season at Cloudcroft will open on June 1, the lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

The fame of Cloudcroft as the premier summer resort of the southwest has been heralded far and wide, and patrons may rest assured its reputation will not be allowed to suffer this year. Extensive improvements have been made in the way of accommodations and out door as well as indoor amusements and entertainment.

**World Wide Reputation.**  
White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Cosmopolitan Pharmacy, B. Ruppe.

**LAS VEGAS VS. SANTA FE.**  
Team From the Meadow City to Play at the Ancient Capital.

Las Vegas' base ball club, managed by Sol. Rosenthal, expects to leave on next Saturday night for Santa Fe. The Capital city team was challenged by wire yesterday and the reply is anxiously awaited. Las Vegas, however does not want to play Albuquerque. El Paso and Santa Fe combined. Santa Fe must remember that Charley Rhodes belongs to Las Vegas.—Optic.

No man can cure consumption. You can prevent it though. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, asthma. Never fails.

The Pueblo Chiefton says: The Guadalupe mountains, in Eddy county, N. M., show indications of containing valuable copper deposits. The more the resources of the territory are being explored the more varied and extensive do they show up.

**Moki Tea Positively Cures Sick Head.**  
Headache.  
Indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

A fast freight train went into the ditch a few miles west of Yuma, and the road was tied up for nearly a day.

**Wants Others to Know.**  
"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to endorse them for I think when we find a good thing we ought to let others know it," writes Alfred Helme, Quincy, Ill. They never gripe or distress. Sure, safe pills. J. H. O'Reilly & Co., F. H. Briggs & Co.

G. Alden Whitmore and E. C. Ketchum of Boston, who were in Santa Fe, closed a deal with Ross Griffith of Cerrillos, whereby they secure a bond on the First Chance mine in the Cerrillos

county. The consideration named for the mine is \$3,000 and the money must be paid over by July 17, 1902. Probate Clerk Manuel Delgado recorded the papers in the transaction.

**Acker's Blood Elixir** positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

**Private Coach "Tramp."**  
Work is at present being rushed in the Santa Fe's coach shop at this place and it is expected that private coach, No. 99, better known as the "Tramp," will be pulled out within a few days, says the San Bernardino Sun. As soon as this can be done, it will be taken to Los Angeles for the use of General Manager Wells of the coast lines, whose present car, No. 98, will be brought to the shop here for a complete overhauling. Not only will it be an overhauling, but likewise a renovation, and when the workmen have completed their work the coach will be one of the finest private cars on the system. It will be torn down and practically rebuilt from the ground up, in an entirely new style of architecture. Besides this marked improvement, spacious vestibules will be supplied at either end while the entire car will be fitted with apparatus for the burning of Pintch gas.

**Reveals a Great Secret.**  
It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all drugists.

**WHICH ONE?**  
One of us, dear, but one, Will sit by a bed with a nameless fear, and clasp a hand Growing cold as it feels for the spirit land. Darling, which one?

One of us, dear, but one, Will stand by the other's coffin bier, at look and weep, While the marble lips strange silence keep. Darling, which one?

One of us, dear, but one, By an open grave will drop a tear and homeward go, The anguish of an unshared grief to know. Darling, which one?

One of us, dear, but one, Shall speak glad words, the other can not hear; and fully know All we have dimly groped for here below. Darling, which one?

One of us, dear, it must be— It may be you, or I slip from me; My little life may first be done— I'm glad we do not know which one.

**Won't Follow Advice After Paying For It.**  
In a recent article prominent physician says: "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by all drugists.

**Using Paint Made of Kansas Shale.**  
The Santa Fe system is experimenting with a paint made of the celebrated Kansas gold shale found in western Kansas. The shale is known to contain gold, pure gold, but in small quantities.

**The Bullet**  
Of the assassin may be more sudden, but it is not more sure than the dire punishment meted out to the man who abuses his stomach. No man is stronger than his stomach. When the stomach is diseased the whole body is weakened.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of other organs when it cures the diseases of the stomach, on which the several organs depend for nutrition and vitality.

"I would say in regard to your medicines that I have been greatly benefited by them," writes Mr. J. S. Bell of Leaside, Van Buren Co., Ia. "I was at one time as I thought almost at death's door. I was confined to my house and part of the time to my bed. I had taken gallons of medicine, but it only fed the disease, but I must say that 'Golden Medical Discovery' has cured me, and to-day I am stouter than I have been for twenty years. I am now forty-three years old. Have taken in all twenty-nine bottles of 'Golden Medical Discovery,' besides two or three dozen vials of Dr. Pierce's Pellets, but now I take no medicine."

Dr. Pierce's Pleasant Pellets cure constipation.

**A Weak Stomach**

## HOSTETTER'S STOMACH BITTERS

A process of taking out this gold has been found. The tailings of the shale after the gold is extracted have hitherto been thrown away but they will be used now. Dr. Fabrig has invented a process whereby these tailings can be converted into a mineral paint without mixing with oil. The paint is said to be of a grayish tint and answers the purpose of mineral paint as well as anything on the market. The Santa Fe people are experimenting with the invention to determine its success.

## SANTA FE DIVISIONS.

Sub-Divided Into Districts to Con-  
form With Rules of New Code.

NO MORE BRANCH LINES.

The most important change in the  
make-up of the new Santa Fe time  
card, which is now in press, is the sub-  
division of the various divisions into  
districts, and the changing of the  
names of all branch roads from  
"branches" to "districts."

No longer the term "Santa Fe main  
line" appears over all those portions  
of the card not specified as branch  
lines. To all intents the whole Santa  
Fe system is now considered as part  
of the main line, the main line being  
divided into divisions, and the divi-  
sions into districts.

The change is made to conform with  
one of the rules in the new Santa Fe  
code book. This rule states that no  
train shall leave the terminal point of  
a district ahead of time at the time of  
the adoption of a new time card. This  
is to facilitate the reorganization of  
the running time of trains.

The change in the arrangement will  
not necessitate the employment of  
more officials, and will make no ma-  
terial difference in present conditions.  
It will require some time, however, be-  
fore railroad men become accustomed  
to speaking of the "district" instead of  
"branch," and other similar changes.

Among other changes of interest,  
the line from Topeka to St. Joseph,  
which has been considered part of the  
main line, is now to be known as the  
Atchison district.

The following are the divisions into  
districts, as given in the new time  
card:

Chicago division—First district, Chi-  
cago to Chillicothe; second district,  
Chillicothe to Shepton (Ft. Madison);  
third district, Shepton to Marceline;  
fourth district, Marceline to Argentine.

Eastern division—First district, Kan-  
sas City to Emporia; second district,  
Emporia to Topeka; third district,  
Topeka to Atchison; fourth district,  
Atchison to St. Joseph.

Middle division—First district, Em-  
poria to Newton; second district, New-  
ton to South yard; third district,  
South yard to Winfield Junction.

Western division—First district,  
Newton to Dodge City; second district,  
Dodge City to Coolidge; third district,  
Coolidge to La Junta; fourth district,  
La Junta to Kinsley.

Southern Kansas division—First dis-  
trict, North Ottawa to Chanute; sec-  
ond district, Chanute to Wellington;  
third district, Wellington to Longton.

Panhandle division—First district,  
Wellington to Woodward; second dis-  
trict, Woodward to Blackwell; third  
district, Blackwell to Ponca City.

Colorado division—First district, La  
Junta to Pueblo Junction; second dis-  
trict, Pueblo Junction to Denver.

Rio Grande division—First district,  
Albuquerque to San Marcel; second  
district, San Marcel to El Paso; third  
district, El Paso to Deming.

New Mexico division—First district,  
La Junta to Raton; second district,  
Raton to Las Vegas; third district,  
Las Vegas to Albuquerque.

## HIRAM S. CABLE.

The New General Superintendent of  
the Rock Island—The Division  
Superintendency.

Hiram S. Cable, who has just been  
appointed general superintendent of  
the Chicago, Rock Island & Pacific  
lines west of the Missouri river, is 34  
years old and came into prominence  
by helping to build and operate the  
Pike's Peak Cog Railway. After that  
he came to Chicago and entered the  
service of the Rock Island & Pacific,  
of which he was vice president when  
appointed to the Rock Island service.  
Mr. Cable received a thorough railroad  
training under the tutelage of R. R.  
Cable, his father, who is chairman of  
the Rock Island board.

Circulars have been issued announc-  
ing the appointment of A. C. McColl  
to be trainmaster of the Kansas divi-  
sion of the Rock Island which will  
include the lines of the Horton divi-  
sion, and whose headquarters will be at  
Topeka. Mr. McColl has been general  
roadmaster of the lines west of the  
river, but the office has been abolished  
and the local roadmasters will report  
direct to the office of Mr. Cable. Mr.  
McColl will succeed R. R. Sutherland,  
who will accept service with another  
company.

The territory of the Rock Island  
west of the river is divided into five  
divisions under the new arrangement.  
The divisions will be as follows:

Lines west of the Missouri river—  
H. S. Cable, Topeka, Kan., general su-  
perintendent.

Nebraska division, A. T. Abbott,  
Fairbury, Neb., superintendent. Main  
line—South Omaha to Phillipsburg;  
Union Pacific Transfer to South Oma-  
ha; St. Joseph to Jansen; Nelson  
Branch.

Colorado division, F. C. Smith, Colo-  
rado Springs, Colo., superintendent.  
Main line—Phillipsburg to Roswell;  
Limon to Denver; Denver to Pueblo.

Kansas division, C. W. Jones, Tope-  
ka, Kan., superintendent. Main line—  
Horton to Caldwell; McFarland to  
Belleville; Kansas City to North To-  
peka; Salina Branch.

Oklahoma division, W. S. Timman,  
Chickasha, I. T., superintendent. Main  
line—Caldwell to Terral; Billings  
Branch; Cashion Branch; Enid & An-  
derson line; Mangum Branch; Lawton  
Branch; Waurika Branch (when com-  
pleted).

El Paso division, J. H. Conlen, Dal-  
hart, Texas, superintendent. Main line  
—Herington to Texhoma; Dodge City  
Branch.

The work that formerly came under  
the jurisdiction of the general road-  
master will now come under the direc-  
tion of Superintendent Cable with a  
separate office force.

## The Erie Railroad.

Beginning on June 15th next will in-  
augurate a new limited train service  
between Chicago, New York and Bos-  
ton, leaving Chicago at 10:30 every  
morning and arriving in New York at  
3:30 the next afternoon, with a Boston  
stopover reaching there the second eve-  
ning. Travelers going east will find  
in this train everything that comfort  
and luxury can suggest or demand.—  
Pullman drawing room sleeping cars  
of the latest type; unequalled dining  
car service, with meals at popular  
prices; fast time over a track made  
perfect with rock ballast and made

# MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, May 23.—The stock market today cut loose from coal stocks and ignored the strike. Business was limited, however, and commission houses reported few orders. Manipulation of National Lead was evident and was made easier because of report of which there is good basis, that a combination of lead producing companies had been practically accomplished. Up to the present time at least the National Lead company is not in this combination. Fuller Construction company scored a good advance on active trading. Taking the market as a whole there was little in it worthy of mention and few material changes in prices. Money ruled about the same as yesterday.

**\$300 Reward.**  
A reward of \$300 is hereby offered for the delivery to me of the body of my son, Lester Saron Laughlin, either dead or alive. He disappeared from the Eaton ranch, near Lamy, Santa Fe county, New Mexico, on Sunday, May 11, 1902, about noon. He is 24 years of age, although taken by some to be older. Dark brown hair; dark beard, clipped closely on cheeks and chin and coming to a point at chin; had scar on right eyebrow; dark blue eyes; with very heavy dark lashes and brows; a little above medium height. When last seen had on pair of blue overalls and jumper to match; soft grey hat, with medium wide brim; wore about a No. 7 shoe, broad extension sole, came half way to his knee, but worn under trousers; wore vest with small figure on it on a brown ground; dark blue flannel, double-breasted shirt, trimmed with large white buttons; had nickel watch chain with heavy square links. He may have taken Santa Fe train at Lamy, east or west, more probable for his old home at Moss, Monterey county, Cal. Address, SARON N. LAUGHLIN, Santa Fe, N. M.

## NEW MEXICO TOWNS

### SANTA FE.

From the New Mexican.  
John J. Hamilton, G. W. Green and W. A. Brown, of Cerrillos, were arrivals in Santa Fe.

The members of the Woman's Board of Trade are preparing for a rummage sale under the library portal on the afternoon of Tuesday, May 27.

Mrs. Baird, Miss Ford, Miss Zimmer, and Messrs. Baird and Lee Muehleisen will on Sunday make a trip overland to the Nambe Falls.

The Capital City band had a practice march from Johnson street to the National cemetery. The band will make its first public appearance on Decoration Day.

Mr. and Mrs. C. L. Bishop returned from Albuquerque. They made the trip on horseback. At Albuquerque they had been the guests of Rev. and Mrs. R. M. Craig.

Captain and Mrs. Sturges, of Springfield, who are visiting Mr. and Mrs. F. P. Sturges, will leave Santa Fe on the 28th of May for Oregon City, Ore., where they expect to remain some time.

A. F. Spiegelberg and William S. Spiegelberg arrived from New York. Their mother, Mrs. Solomon Spiegelberg, was interred on the Emanuel Temple division of Cypress Hill cemetery, Brooklyn.

Rev. W. J. Wright, who left Taos last spring to enter the mission fields of Oregon and California, has returned to Monero, Rio Arriba county, where he was called to the bedside of his wife, who took sick while visiting her father. Mrs. Wright is greatly improved and expects to be about shortly.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation, invigorates the whole system.

### LAS VEGAS.

From the Record.  
Earl Hartman is able to be about again after a tussle with the scarlet fever.

George Arnot is up from the city of "brotherly love," Albuquerque, on a business trip.

H. L. Goldenberg has returned to Puerto de Luna after a few days in the city transacting business.

Charles Tipton and family are down from Watrous, and he says the alfalfa will be ready to cut about June 5.

Edward Grunsfeld and Mr. Gatewood returned from a trip in the northern part of the territory and went on to Albuquerque.

Harry Gehring, who had been here for four weeks, left for Mexico, where, in all probability, he will invest in a plantation. He is from Pittsburgh.

At the trial of Frank Schmidt in Judge Wooster's court the jury, composed of Harry Brown, Ross Murray, W. Malbourn, Isaac Bacharach and Jas. Williamson, brought in a verdict of not guilty. The evidence of the Fleck boy was very incriminating but the defendant swore it was not so, so the jury believed him instead of the boy. The charge was for the stealing of a hand saw from the shed of George Wagoner. Fleck stated that Schmidt had helped him in at the shed when he stole the saw, and Schmidt then took it home where it was found.

The lavender party given by Mrs. C. H. Bradley at her home was a most elaborate and pleasant affair. The decorations were lavender, and the same scheme was carried out in the refreshments. The game played was six-handed euchre and Mrs. J. M. Cunningham won first prize. Mrs. W. B. Bunker the prize for the twenty hands and Mrs. Joshua Reynolds the consolation prize. Artificial violets were used for scoring on the cards, which was quite a novel idea. The ladies had a most delightful time for Mrs. Bradley is certainly a charming entertainer.

From the Optic.  
Mrs. T. J. Raywood is getting better from a severe illness of some weeks.

The boys are already taking their baths in the Gallinas. That is they indulged up to the beginning of the cold spell.

John S. Clark returned from his ranch near Santa Rosa. He found everything dry and not more than 50 per cent of the lamb crop being saved.

The new seventy-five horse power engine for the Ross-Brown wool scouring plant has arrived and is being installed. Work will be completed next week and the washer started up.

St. Anthony's sanitarium is undergoing some improvements. The roof is being repainted and the dining room repaired. St. Anthony's has one of the most perfectly appointed dining rooms in this city. The oral decorations are always exquisite.

Dr. Geo. T. Gould is representing Buck's gazetteer of New Mexico. This work will contain a directory of every city, town and county in the territory. It will appear next January. Six men are now in the field engaged in its preparation. Dr. Gould is in charge of San Miguel county.

The many friends of F. Schmidt will be glad to know that the jury which heard his case this morning was unanimously agreed as to his innocence and was immediately discharged. Mr. Schmidt is a shoe maker and works for Mr. Sporleder. He also runs a rooming house on Railroad avenue. He has been in this city but two months and is very sorry for this affair. This is the first time in his life that he had ever been arrested.

### Double Wedding.

A pretty double wedding occurred at 5 o'clock last Sunday evening, May 11, at the residence of A. U. Graves at Cedar Hill. The contracting parties were Miss Laura Hartley and Pearl Hensley, and Mrs. Edna Shepard and Henry Womer. The ceremony was performed by Rev. Lewis, of Farmington, and those present included Mr. Graves and family, Mrs. A. E. Piper and daughter, Mrs. Marguerite, and Mrs. R. S. Ridenour. While the rain was pouring down and the wind was blowing a gale, Rev. Lewis performed the beautiful and impressive ceremony. Afterwards the bridal party returned to the home of Mr. and Mrs. Piper, where they were entertained until Tuesday morning, when the happy, joyous ones so happily united in wedlock departed for their homes at Bayfield, Colorado. The brides are charming young ladies.

and the grooms are prominent and highly respected young men of Bayfield. Mr. Hensley and bride will leave soon for the state of Washington and will make an extended trip along the Pacific coast. The best wishes of many friends go with the newly married couples.—Aztec Index.

### Cures When Doctors Fail.

Mrs. Frank Chasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle, at Cosmopolitan Pharmacy, B. Ruppe.

Kelley, president; T. S. Parker, vice president; Simon Ryan, treasurer; J. A. Reed, secretary. The headquarters of the company are at Jarilla, Otero county. Capital, \$200,000, divided into 200,000 shares.

### For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

### The Public Schools.

The first territorial law for the establishment of a modern school system in New Mexico was passed by the legislature in 1884, and since that time the territory has made rapid progress educationally until it is fully abreast with the foremost of the states and territories. Ten or twelve years ago a prejudice existed among a large number of citizens of the territory against public schools, but as the schools have progressed that prejudice has fast disappeared until now there is hardly a community, however remote, that has not at least one term of school during each school year.—Raton Range.

### THE BREAKFAST CUP.

Can Bring Joy or Trouble.  
Change of food and drink will sometimes make over even elderly people and restore them to natural health.

A man of 70 writes that at the age of 60 he began to break down and was a partial invalid until 67, when he concluded that coffee was one of the prime causes of his sickness, and began using Postum Food Coffee in its place with Grape-Nuts Breakfast Food and some fruit at his meals.

He says, "Now at the age of 70 I am as strong and hearty as I was at 50. I would not go back to my old mode of living for a hundred thousand dollars." This man was a pioneer in Illinois in 1847, later on was an early settler in North Dakota. He requests that his name shall not appear in print. Name given by Postum Co., Battle Creek, Mich.

### GRAND MUSICAL FESTIVAL.

Las Vegas Oratorio Society Will Entertain May 29 and 30.

The third annual musical festival of the Las Vegas oratorio society will be held this year on Thursday and Friday, May 29 and 30.

The society numbers one hundred voices and has been working faithfully for six months preparing two beautiful oratorios, "The Triumph of David," by Dudley Buck, and "The American Flag," by Anton Dvorak. A well trained orchestra or twenty players supports the chorus and brings the work to a point of excellence and effectiveness far beyond that of previous years.

The following soloists have been secured and will appear on both evenings:

Miss Eva Emmet Wycoff, of Chicago, soprano; Mrs. W. J. Whiteman, of Denver, contralto; Roland Paul, of Denver, tenor; and Gustav Hollquist, of Chicago, basso.

The chorus is under the direction of James Graham McNary who directed the society in 1899 when it rendered "The Creation" for Col. Roosevelt and his Rough Riders.

The festival is supported by guarantee of over \$1,200 subscribed by the business men of Las Vegas.

No effort or expense has been spared to make it a memorable event, in the history of the artistic development of this great southwest.

It is hoped that many lovers of music throughout the territory will avail themselves of the opportunity to enjoy a real feast of music at Las Vegas next week.

### GEORGE WASHINGTON'S QUEUE.

It Hid a Luxuriant Suit of Straight And Very Dark Hair.

The Father of His Country concealed a luxuriant suit of hair beneath his queue wig. Many now wish the old fashion were in vogue, to conceal thinned hair or baldness. Yet no one need have thin hair nor be bald, if he cure the dandruff that causes both. Dandruff cannot be cured by scouring the scalp, because it is a germ disease, and the germ has to be killed. Newbro's Herpicide kills the dandruff germ—no other hair preparation will. "Destroy the cause, you remove the effect." There's no cure for dandruff but to kill the germ.

### WAGON MOUND TRAGEDY.

A Fodder Lover Shot and Mortally Wounded by Woman.

On last Saturday Wagon Mound had a shooting scrape that created considerable excitement for the little burg and gave the gossips something to wag their tongues about. A barkeeper in the city, whose first name is Sabino, had at one time lived with Lola Nolan, but had broken off some time ago and had married and settled down.

On the day of the shooting Lola called Sabino over to her house and gave him a pretty straight talk about his former life and tried to persuade him to break off from his wife and return to her loving embrace. This Sabino could not see fit to do and started to leave the house, when Lola got mad. As he reached the door she drew her revolver and shot him in the back, the ball going clear through his body, and he fell to the floor. Then she shot him again in the thigh and again through the body near the abdomen. The man will probably die from the effect of the wounds.

### The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, too, for a cure may be effected at a very small cost. G. W. Wescott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by all druggists.

### The Postmaster Elop.

Our community was much shocked this week to learn of the elopement of Postmaster W. E. Estes with a 17 year old girl—Katie McJunkin. The girl had gone to Durango last week on the pretense of going to work clerking in a store there, and was followed two days later by Estes. On Sunday they both disappeared without explaining their departure, and have not been heard from since. They left by rail. Katie has many friends here who deeply regret the error she has made. Estes leaves a wife and four children who will be amply cared for by a loving uncle of the wife. The deepest sympathy is expressed for the wife and the girl's parents, all of whom are among our most respected citizens. The tender years of the girl causes sympathy for her, but nothing but the hardest criticism is given Estes.—Farmington Times.

### Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found anything else that acted so safely and quickly." J. H. O'Reilly & Co.; B. H. Briggs & Co.

### OBJECTED TO TAX BILL.

Santa Fe Making an Important Legal Fight in California.

Los Angeles attorneys representing the Santa Fe railway company will go to Stockton in a few days to try a suit that involves the right of counties to tax certain property. The railroads contend that all their holdings, including real estate, must be assessed in California by the state board of equalization. The assessors of San Joaquin county have levied on certain Santa Fe real estate in Stockton, that he claims is exempt from assessment by the state board of equalization. When the Santa Fe declined to accept this interpretation of the statute the county of San Joaquin proceeded to sell the lands in dispute, and the issue will at once be tried. The amount involved is nominal, but the law points involved are considered by the Santa Fe's legal department as being of great importance.

## Coughing?

Start at once for your drug store for some cough medicine. If you meet your doctor on the way, tell him you are going after a bottle of Ayer's Cherry Pectoral. If he has anything better to offer you, get it. We want to help you, and so does your doctor.

"I coughed terribly after having la grippe. If it had not been for Ayer's Cherry Pectoral, I don't think I could possibly have pulled through."

E. B. Davis, Providence, R. I.

J. C. Ayer & Co., Lowell, Mass.

## Railroad Topics

W. Myers is working for the Santa Fe Pacific as car inspector at Gallup. Engineer Chas. Clump has returned from a visit to his Oklahoma ranch and is on duty again.

R. J. Washburn, cashier of the Gallup depot, has returned to that town from a short visit to Mexico.

C. McNeil, a railroader at El Paso, is visiting Santa Fe for a few days. He presented City Marshal Cicero Weldner with a fine gold chain.

Mr. Jenkins, of the Santa Fe engineering corps, is at Gallup on business connected with his department. A site for the reading room may be laid off while he is there.

Thirteen thousand tons of coal are stacked up in one heap at Newton on Santa Fe ground, and it is proposed to raise the quantity to 20,000 tons before long. Wonder if the spontaneous combustion experience of less than a year ago which the officials here had has been forgotten?

Gross earnings of all United States roads reporting for the first quarter of 1902 are \$54,275,399, a gain of 5.1 per cent over last year and 14.3 per cent 1900. The report is now practically complete for all roads making a preliminary statement of gross earnings, and covers over 150,000 miles, more than three-fourths of the total mileage of the country.

The Las Vegas Record says: The Santa Fe had its usual incidents yesterday. An engine that was pulling out of Kuenia's siding, four miles from Watrous, last night, went wrong and slipped off the track. The train was clear, so no delays were caused. A caboose at La Junta caught fire from a broom that was standing next to a hot stove and was gutted.

The Topeka State Journal says: Hugh Casey of the boiler shop has resigned his place with the fire department and Hilton Gould has been assigned to service. Gould takes the place temporarily vacated by Pat Griffin, who went to Las Vegas a few days ago to remain until his health improves. The change gives William Fargo a regular watch in the machine shop, and when Griffin returns Gould will be the successor of Casey.

W. C. Coates, for a long time private secretary of Joseph Hampson, president of the Mexico, Cuernavaca & Pacific road, was found in an almost dying condition in a room at the Arlington hotel, El Paso. The young man, after retreating to his room, had used chloroform in an effort to kill himself. The prompt work of a physician saved him. Coates went to Denver with Hampson about a month ago, and returned to El Paso Wednesday.

Mr. and Mrs. James Thompson, of Albuquerque, N. M. are on their way to Topeka to spend a few days visiting friends. They have been stopping a short time with Mr. and Mrs. Harry Dustin at Newton, Kansas. Thompson has lots of acquaintances around here, having been employed in the blacksmithing department of these shops for years. A few days ago he suffered the ill fortune of accidentally losing three fingers of his left hand in a steam hammer while on duty. His two sons used to be employed here.—Topeka State Journal.

For Those Who Live on Farms. Dr. Bergh, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

### MAY ASK AN INCREASE.

Santa Fe Engineers Said to Be Planning Renewal of Demands.

The San Bernardino Transcript says: It is probable that the engineers and firemen of the eastern division of the Santa Fe will ask the company for better pay some time during the summer or in the fall. This is owing to the increased size of locomotives which they are handling and is in line with similar moves made on the lines of the coast a few weeks ago. There, it is understood, an increase of about 8 per cent was granted after some hesitation on the part of the Santa Fe. No definite action in this direction appears to have been taken, but there is a sentiment that it will be asked and given when the time comes.

Don't let the little ones suffer from eczema or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

They Are Here. George R. Henderson, superintendent of motive power, left in business car 212, attached to No. 1 Tuesday afternoon for California. The trip is a general inspection one, such as Mr. Henderson usually makes four or five times a year, and will consume a period of about two weeks' time. He is accompanied as far as Albuquerque, N. M., by F. R. Frost, chief electrician, and F. W. Thomas, engineer of tests, who go there to take a look at the new electrical plant before it is formally turned over to the company. It is the first tour of Mr. Thomas over that part of the system, he having entered upon his first work west of the Mississippi only this week. He is a native of Virginia and years ago was associated with Superintendent of Motive Power Henderson in that state.

Likes the Big Prairie Engine. Engineer John Morrow of the Santa Fe, who now holds the throttle of one of the Santa Fe's new Prairie type engines on the Denver flyer, is more than pleased with the way his machine conducts herself. "Under all conditions and circumstances, she is the finest acting, smoothest riding and most easily handled engine I ever climbed upon," said Mr. Morrow to a Denver Post reporter last week. "Why, don't you know that when I was hitting her along bringing in train No. 603 last night, that the run was a heap more like a pleasure trip than doing a day's work. I've handled many an engine,

stiff ones, shaky ones, old and new ones, from the obsolete old kettle of twenty years ago to the latest improved compound, and never did I experience such pleasure as on this trip. She is a lady."

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by all druggists.

### WILL BE MIKADOS.

New Engines in Course of Construction for Santa Fe.

Forty-three of the engines which the Baldwin locomotive works of Philadelphia is turning out for the Santa Fe will be of what is known as the Mikado consolidation type; that is, it will have an extra pair of trailing wheels, making in all a 12-wheel engine. It is considered that this style of construction increases the efficiency of the machine especially as a pusher, it thus being intended that all of the class will be used in mountain service. Thirty of this order will be coal and thirteen oil burners. The tenders will have a capacity of 9,000 gallons of water and those consuming oil will carry 2,800 gallons of the liquid fuel. The size of the water tank is the largest ever manufactured, the plan being to prevent any difficulty in keeping a supply of water for the locomotive in the desert country, where watering stations are far apart.

### Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jessie Pinkey Hall, Springville, Ala. This remedy is for sale by all druggists."

### Oregon Short Line.

There is little doubt that the Harriman line and the Santa Fe have entered into an alliance for the construction of the Oregon Short Line between Salt Lake and Los Angeles. All of the plans for the building of the new line are known at Santa Fe headquarters in Los Angeles, and the approval of President E. P. Ripley of the Santa Fe may be observed in other ways. Every means that the Santa Fe has been able to take to facilitate the construction of the Short Line are being taken to forward the work. Surveying parties for the new line are seen almost as much at Santa Fe headquarters as at the offices of the Southern Pacific.

A Mexican working for Dolbins, the steel contractor on the El Paso & Southwestern, was brought into Deming a few days ago badly hurt by an accident on the steel car. He has since been sent to the hospital at El Paso.

### Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes George S. Marsh, well known attorney of Nocona, Texas. "I took quantities of pepsin and other medicines, but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. J. H. O'Reilly & Co.; B. H. Briggs & Co.

### IN GATES' HANDS.

Great Manipulator Secures the Kansas Southern for the Rock Island.

A special to the Denver News from Kansas City says: Control of the Kansas City Southern, running from Kansas City to the Gulf of Mexico, has been acquired by the Moores and John W. Gates for the Rock Island road by the purchase of the Dutch stock. The same interests have probably acquired the Arkansas & Choctaw. The latter road has changed hands, but the name of the purchaser has not been divulged. The Kansas City Southern voting trust has three years more to run, but there has always been a serious question as to its legality and it is supposed with the Rock Island holding the majority stock there will be no question that the property will be turned over to it at once. Announcement of the sale of the Arkansas & Choctaw is made on the authority of a large holder of stock, who declined to say who was the purchaser, John Scullin, of St. Louis, is president of the road. The Dutch stockholders have been dissatisfied with the control of the Kansas City Southern, because they have been without any voice in its affairs, notwithstanding they hold a majority of the stock. The voting trust was so controlled that Harriman, Gates and Gould dictated the policy.

## CATARH

Catarh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Springfield, S. C., writes: "For years I had a severe case of nasal catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and I cured me after taking eighteen bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of catarrh."

is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have catarrh don't wait until it becomes deep-seated and chronic, but begin once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case. THE SWIFT SPECIFIC CO., ATLANTA, GA.

### 915 MILES IN 17 HOURS.

Pennsylvania Plans Fast Service Between Chicago and New York.

General Agent George T. Hall, of the Pennsylvania lines, has returned to Denver from Chicago, where he heard discussed the proposal of his company to run a train daily between Chicago and New York in seventeen hours.

If the train is put in service an average speed of 53.64 miles an hour, including stops, will be maintained, or 57 miles an hour exclusive of stops. This would be the fastest long distance train in the world. The present time over the road's 912 miles of track between Chicago and New York is about twenty-four hours. This train would be a connection of the new Rocky Mountain limited of the Rock Island, the fast Denver-Chicago train, which will go into service May 20.

## More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."
