MINERS MARCHED

Employers Will Await the Order.

The Santa Fe Shortens Its Line.

General Firmin Did Not Enter Port au Prince.

A VETERAN DEAD.

Tamaqua, Pa., May 22.—Several hundred striking miners marched on the Santa Fe washery this morning. Charles Meyers, one of the operators, appealed to them not to damage any property or injure any men, pledging his word not a pound of coal will be washed until the strike has been settled. The employees of the washery promised the strikers not to work until the order to do so is issued by the United Mine Workers officials. After which the marchers returned to town.

New Phase Developed.

Pittston, Pa., May 22.—A new phase developed here in the miners' strike today, when all the washeries in this district controlled by the Erie company shut down. They had been running steadily, turning out 6,000 tons of coal daily. The shut down is due to orders from New York last night, a conference of railroad presidents having been held in that city yesterday, when it was decided to cease all washeries in operation.

SANTA FE CUT OFF.

Texas Line Will Be Shortened About Ninety Miles.

Shawnee, O. T., May 22.—Steam shovels and grading outfits on the Santa Fe cut off from Ripley on the north to Paul's Valley on the south, are now at work all along the line. The road will be completed by the first of September and will be the main line of the Santa Fe, as it shortens the route between the north and Texas points about ninety miles.

MORE COMIC OPERA.

Revolutionary General Says He Will Not Enter the City.

Port Au Prince, May 22.—The United States cruiser Topeka arrived here today to protect American interests. The presence of warships has an excellent effect and the situation is improving. The northern army, commanded by General Firmin, halted at Archaie, two days march from here. General Firmin, it is said, has formally declared he does not intend to enter Port Au Prince at the head of his troops.

A Veteran Dead.

Laredo, Texas, May 22.—Juan Rodriguez is dead, aged 104 years. He was a veteran of Hidalgo's revolution in 1823, which overthrew the Spanish rule in Mexico and established the republic. Four years ago Rodriguez wandered to Laredo and was taken charge of by the patriotic society, De Obispos. He will be buried with honors.

BURNED AT THE STAKE.

Texas Mob Wreaks Horrible Vengeance on Dudley Morgan.

ACKNOWLEDGED THE CRIME.

Dallas, Texas, May 22.—At 12:25 o'clock, the negro Dudley Morgan, who is alleged to have assaulted Mrs. McKay, wife of Section Foreman McKay, at Lansing, Texas, was burned at the stake at Lansing.

Morgan, it is alleged, assaulted Mrs. McKay at Lansing switch last Saturday morning. He was captured near Mount Pleasant yesterday, by a mixed posse of men from this place, led by the marshal of Hallville, who had followed him from the first, through almost unsurmountable difficulties, on account of the negro having so many relatives and friends to help him along the route. Bloodhounds were used to trace the negro.

At Marshall, where the train pulled in, there was a great mob to meet the negro and all available coaches in the yard were attached to the train to carry the people wishing to go to Lansing. When he arrived at Lansing the miserable negro moved in a mechanical way wherever he was pushed and seemed to be dazed by his awful surroundings. The train crew who witnessed the burning say the sight was indescribable. It seemed like everybody had a weapon and that a great slaughter might be precipitated by the slightest adverse movement. The negro acknowledged his crime, and implicated Whaley Hurd, the negro who was hanged at the beginning of the chase and who exchanged clothes with Morgan.

Oklahoma Tornado.

Oklahoma City, O. T., May 22.—A tornado struck six miles southeast of Elk City this morning, wrecking a number of houses. Several persons are

reported fatally injured. The damage wrought is estimated at \$25,000. Details are lacking.

POWDER PLANT WENT.

Five People Were Either Killed or Injured.

Redding, Cal., May 22.—The plant of the Delitte Powder Works, near Delta, was blown up today, killing Mrs. George Miller and child, and fatally injuring another child. George Miller, husband of the dead woman, and George Barber, were seriously injured.

STEAMER BURNING.

New Orleans, May 22.—The New Orleans and St. Louis steamer John K. Speed, loaded with a cargo of miscellaneous freight, is burning at the foot of Lafayette street. The wharf is also burning.

MISS MARTIN'S FUNERAL.

Large Number of Friends Present This Morning.

This morning the funeral services of Miss Emma M. Martin were held at the church of Immaculate Conception. She was escorted by a large number of friends from the residence of her sister, Mrs. Luke Walsh, 706 North Second street to the church where the services were conducted by Father Mandalari. Interment was in Santa Barbara. The pall bearers were E. Sheelle, P. F. McCanna, Edward McGuire, Thomas F. Keleher, Jacob Loebs and P. J. Powers.

TODAY'S NOMINATIONS.

Washington, May 22.—The presidential nominations today are: Postmasters—Texas: George E. Sapp, Pecos. Colorado: William E. Stouffer, Breckenridge.

C. W. Wright, who represents Fletcher & Rosenwald on the road, has returned from a trip to the northern towns.

SILVER CITY.

Silver City Vs. Santa Rita Next Sunday—Rains and Snow.

ELKS WILL ENTERTAIN.

Special Correspondence. Silver City, N. M., May 21.—The Silver City base ball team will play the Santa Rita team at Santa Rita next Sunday afternoon. This will be the first game of the season for either of the two teams and it is hard to tell who will come out winner.

A heavy rain fell in this section of the country for nearly twenty-four hours the first of the week and the ground in all the surrounding section was well soaked. The cattle ranges will from all appearances be in fine shape in a short time on account of the recent rains.

One of the heaviest snows to fall in the Mogollon mountains was the first of this week. The mountains in that range were covered with several feet of snow. This will greatly benefit the mining operation in that district as it will furnish a good supply of water during the entire summer months.

Harry Martin has just closed a deal whereby he purchased the Pasey residence in this city. Consideration private.

The Elks of this city are making grand preparations for the Fourth of July celebration of which they have charge. A large sum of money has been raised for the purpose among the merchants and business men, and the Elks will see the thing through to a finish.

Several of Silver City citizens reported the fall of considerable red dust in the vicinity during the past few days, and some of them argue that it came from the recent volcano eruptions in the West Indies and that it would be carried to this distance owing to the action of the earth and winds, which is very likely.

The G. O. S. Cattle company, Mountain Range Cattle company and the Chico Cattle company shipped about 1,500 head of cattle, ones, twos and threes, last Monday from this point. The stock was purchased by a Colorado buyer named Nesbitt and will be put on pasture in that state to fatten for the market. They brought a price of \$15 for ones, \$18 for twos, and \$21 for three-year-olds.

A HANDSOME GIFT.

William McIntosh Presented With a Certificate of Membership.

An unusual honor was conferred on William McIntosh last evening by the Elks in the presentation to him of a life membership certificate. The certificate is a watch chain of silver and on the inside is the certificate. On the front is the insignia of the order in gold and on the back Mr. McIntosh's initials in monogram. It was presented by Thomas N. Wilkerson in a neat speech to which a graceful reply was made. Mr. McIntosh is the only life member of the order in New Mexico and is justly proud of the honor. He left this morning for his ranch at Chilili where he will begin shearing 25,000 sheep. He was accompanied by Roger Gatlin, one of The Citizen boys, who will remain on the ranch until school opens.

Subscribers will confer a great favor by reporting to the office, or to the city circulator, any irregularity of the carriers in delivering The Citizen. The boys will miss occasionally, and the office should be notified when these misses occur.

Will Evacuate Martinique if Necessary.

Creek Caused Damage in Oklahoma.

General Assembly of Presbyterians Has Revised the Faith.

VETERAN STARTER DEAD.

Paris, May 22.—Minister of the Colonies M. Decrais has cabled Governor L'Huerre at Fort De France, instructing him to make all possible arrangements for the embarkation of the inhabitants of Martinique, in the event of circumstances necessitating the evacuation of that island.

CREEK OVERFLOWED.

Houses and Bridges Were Swept Away at Perry.

Perry, Okla., May 22.—Heavy rains caused the creek running through Perry to overflow its banks at 3 o'clock this morning. Several small houses were washed away and one woman, whose name is unknown, is reported drowned. Several women and children were rescued from trees and house roofs. One bridge was washed away, and the others are in bad shape. Water ran into the stores in East street, damaging the stocks.

THE REPORT COMPLETE.

General Assembly of the Presbyterians Revised the Creed.

New York, May 22.—The general assembly of the Presbyterian church today adopted the report of the committee on revision. Only two votes were against it, and it now goes to the presbyteries for approval.

The general assembly then adopted the supplementary statement, with only two dissenting votes. It now makes the adoption of the entire report of the committee on revision complete.

Veteran Race Starter.

Saratoga, N. Y., May 22.—James P. Caldwell, a veteran race horse starter, died here suddenly today of apoplexy. He was a native of Danville, Ky., and was 65 years of age.

WILL CONTINUE.

Methodists Don't Like the Suggestion to Adjourn Monday.

Dallas, Texas, May 22.—The general conference of the Methodist Episcopal church, south, refused to adopt the resolution to adjourn finally on Monday. The compromise paper on the war claim matter, which was accepted yesterday, was reported with certain minor revisions and adopted as such.

The report of the committee on unification expressed sentiments of good will for the northern church, provided for a joint hymnal and recommended a plan for the unification of Methodists in Japan.

The election of bishops then begun. Dr. E. E. Haas was chosen on the first ballot. On the second ballot no candidate was elected, each failing to receive a majority of votes. Between ballots that portion of the finance committee's report proposing to raise \$5,000,000 as an investment or endowment fund, the proceeds of which are to go to the support of superannuated preachers, their widows and orphans, was adopted without material change.

On the fourth ballot A. C. Smith, of Virginia, was elected a bishop. While the vote was being called the report of the committee on missions was adopted as a whole.

V. A. Horn Dead.

Last evening V. A. Horn died after a long illness of consumption. Mr. and Mrs. Horn came here from Kansas City, but Mr. Horn was too far gone to receive permanent benefit. He was 41 years old and a man of fine qualities. His widow is here and the funeral will be held tomorrow.

Seized Timber.

Forest McKinley, special agent of the general land office, with headquarters at Santa Fe, came in from Alamogordo this morning and left on the No. 2 for Santa Fe. He was in the Sacramento mountains, where he seized a lot of timber cut off government lands by the Alamogordo Lumber company and stamped it United States timber. This timber will soon be auctioned off, while the courts will be called upon to decide on the question as to trespassing against the company. He says the Cloudcroft resort is booming, and a lot of El Paso people are taking up homesteads for speculative purposes. These homesteads, sooner or later, will be cancelled by the general land office.

Meetings at the Tent.

There was a very large company of men at the big tent last night, as many as usual of both men and women. It was earnest, thoughtful attention they gave to Rev. Merton Smith's practical and eloquent presentation of truth. Mr. Smith, with his usual vigor and eloquence, gave straightforward answers to the questions proposed. Nod, the

land of wandering, was not where Cain found his wife, but when he took his wife, his sister, of course, and raised his family. How inaccurately some read the Bible. The Canaanites were destroyed, as the Sodomites, because of terrible moral corruption. That part of the body politic was too far gone with pollution to be saved by any medical means, surgery was necessary for the world's good. God always loves and seeks to save.

Nearly all the men, whether followers of Christ or not, acknowledged belief in divine sonship of Jesus in the biblical sense. It was a helpful service for our city. Remember the meeting tonight. Miss Augustine will sing.

CAPT. DAY DEAD.

A Rough Rider Dead in the Philippines.

Capt. W. E. Dame, the district court clerk, is in receipt of a letter giving him the information that Capt. C. Day, formerly of troop 1, First United States volunteer cavalry, (Rough Riders), died in the Philippines on April 12, 1902. Captain Day was appointed second lieutenant of the First United States volunteer cavalry and assigned to Capron's troop. Captain Capron was killed at Las Guasimas and his first lieutenant wounded. Day was promoted to the captaincy of the troop and was wounded on San Juan hill, July 1, 1898. On July 5, 1899, he was appointed first lieutenant thirty-fourth infantry, United States volunteers, and saw considerable service in the Philippines. He was appointed treasurer of the Nueva Ecija, Luzon, and continued in that capacity until his death. He was buried with military honors at San Isidro, Philippines, April 15.

The seventh grade pupils of Miss Edith Stevens accompanied by their teacher and Miss Mabel Fitch enjoyed a hay ride and drove ten miles out on the mesa. Refreshments were served on the way back.

CERRILLOS SMELTER.

Now Ready and Running Day and Night on Good Ore.

OTHER INTERESTING ITEMS.

Special Correspondence.

Cerrillos, N. M., May 21.—The smelter was blown in last week and is now running day and night on first class ore, with good prospects of no shut down in the near future. R. B. Thomas, manager of the enterprise, recently returned from the east, where it is understood, he went to arrange for railroad rate on ore and bullion, and the indications are that he was successful. At any rate he seems to be satisfied with the situation and ore is coming in from southern New Mexico and Arizona points in such quantities as to warrant the belief that the smelter is now on a paying basis satisfactory to its stockholders and that it will be the means of materially increasing the business of this vicinity. Last week several of the eastern stockholders were here, spending several days, and that they were pleased with the outlook is evidenced by the fact that they made rather heavy individual investments in mining property in the Cerrillos district, north of town, while here. Thomas Brown, of Franklin, Pa., is expected here within a few days. Mr. Brown is president of the company and will probably remain long enough to see that everything is going on to his satisfaction.

Within the past week Boston parties have taken a bond on the Cash Entry property and are looking for other suitable mines to tie up. It seems that the mixture of zinc with the lead, which condition prevails in the Cerrillos district below water level, does not scare investors as much as it used to do, they claiming they can treat that class of ore, in fact that is the kind they are looking for. If this is true, we may expect a more rapid development in these properties than ever before, even surpassing the ever talked of boom of 1882.

Ed. Andrews has associated himself with a mining man from Joplin, Mo., and they are building hand rigs to treat the ore from some of his properties north of Cerrillos. It is claimed that by this process the ore can be concentrated very rapidly, cleanly separating the lead and zinc and saving both products. If this method should prove a success, which will be known within a few days, it will have the effect of starting work on many of the claims held by prospectors. The rigs will cost only a trifling sum to construct and the concentrates will find a ready market at any smelter at top figures, so that any man who has a claim showing lead, as they all do, can begin work on his own hook and make better than wages while developing his property.

Next to the success of the smelter the success of the hand rigs is the most important experiment that has been tried in this vicinity in many years. It is important from the fact that if it is a success, it will open up hundreds of abandoned holes in the ground, every one of which will be operated in a small way, and Cerrillos has learned the dear lesson that a great many small operators beat a big corporation with a company store all hollow, as far as making business for the merchants, blacksmiths and other mechanics is concerned.

Taking it all in all the future of this district looks brighter in a mining and general business way than at any time within the last ten years. We all hope these expectations may be fully realized.

Price of Furniture Will Advance.

House Will Take Up Irrigation Bill.

Senator Hoar Gives His Views on the Philippines.

LOUBET AT ST. PETERSBURG.

Chicago, May 22.—Two hundred leading furniture manufacturers of the country, who are here to attend a meeting of the National Association of Chamber Suit and Case Manufacturers, it is announced today, have formed a combination or pool which will control the furniture output of the United States and regulate prices. The capital represented in the combination is about \$25,000,000. The new schedule of prices to go into effect at once was adopted, which will increase the cost of all classes of better grade furniture 10 to 20 per cent to the purchasers.

THE IRRIGATION BILL.

Committee Will Report a Rule for Its Consideration.

Washington, May 22.—The house committee on rules today decided to report a rule allowing a day for the consideration of the Corlies Pacific cable bill and time for consideration of the irrigation bill.

Some routine business was transacted in the house today before consideration of the immigration bill under the five-minute rule was resumed. The provision in the bill for a tax of \$1.50 on each passenger not a citizen of the United States or the Dominion of Canada or Mexico gave rise to some discussion. Mr. Powers, of Maine, offered an amendment, which was agreed to, excepting citizens of the republic of Cuba, as in the case of Canada and Mexico from payment of the tax. An amendment by Mr. Shattuck was agreed to, which included within the tax provision passengers coming to the United States "by any railway or by any mode of transportation from foreign contiguous territory to the United States." Another amendment was adopted extending the exclusion provision to those aliens who have been within one year from the date of application for admission to the United States deported as before under offers, solicitations, promises or agreements to perform labor or service of some kind therein.

MR. HOAR SPEAKS.

He Tells What He Thinks About the Philippines.

Washington, May 22.—In the senate today consideration of the Philippine government bill was resumed. Mr. Hoar addressing the senate in opposition to the policy of the administration in the Philippines.

Mr. Hoar maintained this country is not at war. "You are fighting for sovereignty," he said. "You are fighting for the principle of eternal dominion over that people and that question is the issue in the conflict." He said he was to discuss one of the most wicked and foolish chapters in history, and yet he is compelled to admit the men who are responsible for it were neither wicked nor foolish. The present policy of the government is a contradiction of the Monroe doctrine, as it was a contradiction of the declaration of independence. He compared the situation in Cuba with that in the Philippines. This government had erected a republic in Cuba and despotism in the Philippines. Six hundred millions of treasure and 10,000 lives have been sacrificed in the endeavor. Referring to the cruelties in the Philippines, Mr. Hoar said he believed the American soldiers are as brave and humane as ever lived. They have done simply what always would be done under like conditions. The chief guilt is upon the heads of those who created the conditions. Of the "horrors" which occurred in the Philippines, he said: "I hope and believe they were unknown to the war department. I know they were unknown to President Roosevelt and President McKinley." He demanded the administration declare on what eternal principle it would act in the Philippines.

There were manifestations of applause on the floor of the senate and in the galleries when Mr. Hoar concluded.

An Enthusiastic Reception.

St. Petersburg, May 22.—President Loubet arrived here this morning from Tarskochxels, and was accorded an enthusiastic and popular reception.

Mrs. Charles Splea, wife of the well known Las Vegas attorney, is here as the guest of Mrs. Samuel Neustadt.

There will be a grand dance at the Orchestra hall Saturday night. A free concert will be held at the same hall Sunday afternoon.

The negligence dance at the Commercial club last night was, as is usual with the club dances, a delightful affair. The negligence idea was voted a success.

Max Baer, who represents J. F. Paulson, of Denver, manufacturer of bank and bag fixtures, is in the city after a business trip to El Paso. He will go north tonight.

Rev. Thomas Harwood, the superintendent of Spanish missions of the Methodist Episcopal church, left this morning for Las Vegas. Before returning he will visit Clayton.

Fred Fornoff, the deputy United States marshal who is kept on the road almost constantly, came up from El Paso this morning and continued on to the court at Las Vegas.

A. P. Smithers, the postoffice inspector, came up from Socorro this morning, and continued on to Santa Fe. He thinks United States court at Socorro will adjourn this afternoon.

GOVERNOR OTERO.

He Will Preside at the Agricultural College Field Day.

INTERCOLLEGIATE CONTEST.

Special Correspondence.

Las Cruces, N. M., May 21.—Governor Otero has signified his acceptance of the invitation extended to him to preside over the intercollegiate track meet which is going to be held at the Agricultural college on Tuesday, June 3. His acceptance was received yesterday, and there is accordingly still greater interest being manifested in the arrangements for the field day. The governor will serve as presiding officer over the events of the day and will award the medals to the victors. It is expected that his staff and other prominent territorial officials from the capital will accompany him.

The events placed on the program for the coming track meet which will be contested for between the two crack teams of the territory, those from Las Vegas and this institution, are as follows:

One hundred yard dash, 220 yard dash, one-quarter mile run, one-half mile run.

Standing and running broad jump, standing and running high jump. Putting, the shot, hammer throw, pole vault, 120 yard hurdle race.

There is every reason to believe that a special excursion train will run from El Paso to Mesilla Park and return, returning the same day, assurances to this effect having been given by the Santa Fe railroad officials to President Foster, who was in El Paso the other day. Low rates will prevail on the Santa Fe road for the various exercises of commencement week. The track meet will afford an opportunity to all lovers of athletics to see some unusual good work done.

On the home team will be found the record breakers of the recent college field day, including Danbury, the all-round medal man, who holds the 100 yard dash record, putting the shot record and the 220 yard dash record, and Metcalf, the man who broke the pole vault record a year ago. All in all, the date of Tuesday, June 3, should be a red letter day to southern New Mexico people, giving them the opportunity for a pleasant day's outing and enjoyment.

MUST BE STOPPED.

Picking Flowers in the Park Will Not Be Allowed.

The destruction of flowers and picking them in the park must be stopped says the police department and Judge Crawford. Vandals have pulled up rose bushes in the park and flowers in adjacent yards have suffered. This morning Frank Hayes was caught picking roses and the park superintendent followed him down street until he met Marshal McMillin, who arrested him. He had the roses in his pocket but claimed to have picked them up from the ground. Judge Crawford expressed himself forcibly on the subject of destroying flowers and gave him \$10 or ten days.

Made Him Sick.

While at Las Vegas last week Sheriff Thomas S. Hubbell, of this city, took a drink of the miserable water in that town and it made him sick. The water at Las Vegas is piped into the town from the Gallinas creek and it is filled with surface impurities. Numerous flocks of sheep graze at the head of the stream and the water is foul with excrement.

All the romance connected with the island of Juan Fernandez as the scene of Robinson Crusoe's adventures is said to be passing out of it through the establishment of extensive lobster canning factories there, that valuable crustacean being found along its shores in inexhaustible quantities.

French has been made the official language of the Quebec legislature, city council and board of trade. English speaking members will be allowed to use their own language of course, but all records are to be kept in French. The change is due to the growth of the French element in the three bodies named.

COINCIDENCE OF CALAMITIES.
The notion that serious accidents come in bunches seems to have been thoroughly proved in the last two weeks. During that time there have been more casualties of notable importance than for several months previously. These include the West Indian eruptions, the Pittsburg explosions, a fire in Chicago, a tornado in Texas, an earthquake in Guatemala, and volcanic eruptions in Mexico, besides numerous smaller happenings. In these casualties thousands of lives have been lost, and undoubtedly the year 1902 will become notable in history for the greater number of fatalities which have occurred.

MOUNT VESUVIUS.
Residents of Naples are anxiously watching Mount Vesuvius, the best known volcano in the world. Cablegrams from Paris and Rome report it as again in eruption, but this is denied in Naples, the beautiful Italian city whose existence depends upon the gigantic volcano. Its eruptions— which occur at comparatively short intervals—have destroyed thousands of lives and property of incalculable value. That of the year 79 A. D., which covered Pompeii under thirty feet of ashes and killed about 2,000 people, is the most interesting, chiefly because it was the means of preserving the beautiful Roman city near the base of the mountain. The vast volume of smoke which pours out of the crater of Vesuvius is really steam. There is an observatory on the mountain under the charge of a director, and much of the information now possessed by men concerning volcanic action and its causes has been gathered in that place.

STATUE OF ROCHAMBEAU.
The dedication of the statue to Count de Rochambeau, the marshal who commanded the French contingent of 6,000 sent to the assistance of Washington and the colonial army by Louis XV., will take place on Saturday next, May 24. The statue is a replica of the one erected to the great French soldier in his native town of Vendome. It is a work of artistic merit, and represents the marshal ordering a charge on the works of Lord Cornwallis at Yorktown. It will stand in Lafayette square, near the statue of Lafayette, at the national capital. Its dedication is being made the occasion of an interchange of courtesies between the French and American governments, a large party of Frenchmen, including members of the Rochambeau family and personal representatives of President Loubet, having come over to join in the ceremonies at the unveiling of the monument. It is fitting that the memory of this French soldier should be honored. When he landed at Newport at the head of the French contingent he was 55 years of age, and one of the ablest of the generals of France. He cordially co-operated with Washington, and without the assistance that he rendered Lord Cornwallis could not have been captured and the war for independence brought to a close by the surrender of Yorktown.

A Few Marriages.
Albert Brown and Miss Kate Lamberson, both of Aztec, were married last week at that place by the Rev. J. R. Cooper.

William Evans and Sarah Walker, of Fruitland, San Juan county, were married last week by the Rev. W. J. Black.

Robert Mitchell and Mrs. Hannah Jones, both of Hermosa, Colorado, were married last week at the Aztec hotel, by Justice of the Peace E. G. Berry.

J. L. Johnson, a well known young business man of Roswell, was married to Miss Jennie Hibbard Chandler at Chicago last week. Mr. Johnson surprised his many friends when he returned to Roswell last Sunday with his bride.

A double wedding took place last week at the home of A. W. Graves at Cedar Hill. The contracting parties were Miss Laura Hartley and Pearl Hensley and Mrs. Edna Shepard and Henry Womer. The ceremony was performed by the Rev. A. Lewis, of Farmington.

Morrill W. Gaines, graduate of Yale and lately employed as civil engineer on the Santa Fe Central railway, will be married the latter part of this week to Miss Grace Hurd, of Boston, who has been a resident of New Mexico, principally Santa Fe, the greater part of the past few years. Rev. W. R. Dye will officiate.

Tuesday evening at the home of Captain and Mrs. Jefferson Davis, in Santa Fe, Rev. W. A. Cooper, pastor of St. John's Methodist Episcopal church, united in marriage Frank Dettelbach, son of A. M. Dettelbach, and Miss Jennie May Floto, granddaughter of Mr. and Mrs. Jefferson Davis. Miss Mary Swope was bridesmaid and Clarence Pierce best man. Only the immediate relatives of the couple attended the wedding. Mr. Dettelbach is employed by the Santa Fe Railway company at Lamy and for the present the young couple will live at Lamy.

Cold Weather at Las Vegas.
F. A. Manzanares says we were not hurt by the late frost and freeze. He has examined his orchard thoroughly and finds only a few apricots blown down by the wind. So far as the freeze is concerned, no fruit has suffered in this vicinity. In his opinion, Mr. Manzanares had gooseberry pie and gooseberry sauce from his own garden yesterday. His roses will be in bloom next Sunday. He says that spring in New Mexico is earlier this year by two weeks than he has ever observed before.—Optic.

Traveling is Dangerous.
Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trappers, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. George H. Hausan, locomotive engineer, Lima, Ohio, writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

A Lawyer Woman.
Mrs. Edith W. Locke, of Chicago, 29 years of age and the mother of two pairs of twins, was admitted to the Texas bar at El Paso yesterday. According to reports she is the first woman ever admitted to practice in that state.

Do You Want Carpets?
Call and examine our samples. Our carpets are shipped direct from factory. We can save you money. J. H. Shuffelbarger, 214 West Gold avenue.

Col. A. W. Harris informs us that recent assay returns on ore from No. 5 tunnel of the Illinois mine at Kingston gave a value of 649 ounces silver, and eight-one-hundredths ounces in gold.

What is Foley's Kidney Cure?
Answers: It is made from a prescription of leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Alvarado Pharmacy.

Young Girls

Are often engaged in doing the work of a home under the most trying conditions. Nature cries out against the stooping and lifting, the running up and down stairs at times when labor should be as light as possible. It is owing to overstrain or self-neglect under these conditions that the foundation is laid for serious womanly disease. Irregularity is the first step to impaired womanly health.

Perfect regularity may be established by the use of Dr. Pierce's Favorite Prescription. It will heal inflammation and ulceration and cure female weakness. It makes weak women strong and sick women well.

Want Lands Leased.
A telegram to the Denver Republican from Washington, dated May 20, says: Chairman Lacey of the house public lands committee received a letter from M. J. McMillan, of Carlton, Colo., secretary of the Bent & Prowers County Cattle & Horse Growers' association, strongly endorsing his bill for leasing the public domain to homesteaders and small stock owners.

McMillan states that something will have to be done soon or the small stockmen of the west will be forced out of business by large owners and nomadic range pirates who drive large flocks on the ranges of the smaller

owners and practically monopolize them. He adds that the range itself is being overgrazed and destroyed, especially in southern Colorado.

A similar letter has been received from E. A. Clemens, secretary of the Cattle & Horse Protective association of central New Mexico. His association heartily endorses the Lacey bill.

Holds Up a Congressman.
"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by all druggists.

FINANCIAL REPORT.

City Council Prepares Statement of
Receipts and Disbursements.

FACTS TO PONDER OVER.

At the request of the city council City Clerk Harry F. Lee has prepared and submitted to Alderman Grunsfeld, chairman of the finance committee, a detailed report, compiled from the city books and reports, showing the receipts and expenditures of the city from April 1, 1901, to April 1, 1902. An examination of the report will show that the old council commenced the fiscal year 1901 with a balance in the hands of the treasurer of \$7,049.52. The Clerk reports, however, that warrants exceeding \$5,000 were outstanding against this balance, so that really there was less than \$2,000 in the treasury.

It will be noted that the last council spent \$6,849.36 more during the year than the legitimate income justified. Had not the council spent nearly \$4,500 voted as viaduct bonds and every dollar of the surplus from the year before, the city would have been \$6,849 in debt. As it is the present council must pay \$800 to complete the viaduct and other outstanding bills of several hundred dollars.

The Statement.

Statement showing the receipts and expenditures of the city of Albuquerque from the 1st day of April, 1901, to the 1st day of April, 1902, as taken from the treasurer's report, various reports of city officials and from the book showing the record of warrants drawn.

The expenses for the city for the time above stated were as follows:

Library fund (taken from treasurer's report)	\$1,525.14
Park fund (taken from treasurer's report)	850.00
Interest coupons sewer bonds	1,306.60
Interest coupons bonds 1899 4s.	1,306.60
Interest coupons bonds 1899 5s.	3,291.22
Interest coupons bonds 1901 4s.	945.00
Interest coupons bonds viaduct	1,005.07
	\$11,998.03

Writs were drawn during said period for expenses incurred during said period to the amount of \$14,992.26

Unusual Expense—Among these warrants I find the following unusual and extraordinary expenses:	
1314—June 22, Mrs. Ruby viaduct damages	450.00
1482—Dec. 2, Jas. McCriston, superintendent and overseer construction piers of viaduct	544.00
1480—Nov. 7, M. P. Stamm, viaduct damages	250.00
1542—Jan. 18, city hall site purchased	1,398.00
1543—Feb. 6, A. T. & S. F. viaduct	6,376.01
1567—April 7, commission to N. W. Harris & Co. sale sewer bonds refunded	1,503.75
1568—April 7, A. T. & S. F. viaduct	4,020.99
1590—April 7, Muskegon Mfg. Co.	15,694.40
	\$15,649.40

Deducting this amount \$15,649.40 from the total amount of writs drawn, \$14,992.26, would leave warrants drawn for ordinary expenses

\$300 Reward.
A reward of \$300 is hereby offered for the delivery to me of the body of my son, Lester Saron Laughlin, either dead or alive. He disappeared from the Eaton ranch, near Lamy, Santa Fe county, New Mexico, on Sunday, May 11, 1902, about noon. He is 24 years of age, dark brown hair; dark beard, clipped closely on cheeks and chin and coming to a point at chin; had scar on right eyebrow; dark blue eyes; with very heavy dark lashes and brows; a little above medium height. When last seen had on pair of blue overalls and jumper to match; soft grey hat, with medium wide brim; wore about a No. 7 shoe, broad extension sole, came half way to his knee, but worn under trousers; wore vest with small figure on it on a brown ground; dark blue flannel, double-breasted shirt, trimmed with large white buttons; had nickel watch chain with heavy square links. He may have taken Santa Fe train at Lamy, east or west, more probable for his old home at Moss, Monterey county, Cal. Address.

Empty bag will not stand up—
Can't fill 3 pints with half a cup.
Science affirms these truths anew,
So con-densed victuals
will
not
do.

Until we have concentrated drinking water, we can't have concentrated stomachs. Until the human race has concentrated stomachs no concentrated food will sustain. The stomach and digestion demand bulk. Concentrated food leaves an empty feeling and does not sustain. Beware of

foods of which you are warned to eat "only so much." Scotch Oats never leaves an empty feeling—always gives you something to lean on. And its nutritive bulk is spread far enough apart for the digestion to take hold of it easily. The human digestion cannot get as much real nutriment from any other food as from Scotch Oats.

Reproduced at the suggestion of Scotch Oats.

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

Fred J. Otero, of Albuquerque, is a visitor in Santa Fe.

Charles W. Dudgeon was a visitor at Las Vegas.

Mr. and Mrs. Benjamin Gold, of El Paso, are visiting relatives in Santa Fe.

John H. Burns, of Park View, Rio Arriba county, is a visitor in Santa Fe.

Harry Tew Warner is able to be about again after a serious spell of illness.

Mrs. Roy Crichton and child have returned to Santa Fe after a pleasant visit to friends in Albuquerque.

Jacob Weltner spent the day at Tesuque, to see what damage the frost of the past two nights has done to his fruit trees in his orchard on the Tesuque.

Leo Hersch has put up the following notice at the new warehouse he is building: "Sorry it does not suit you, but we have all the advice we need about the building."

Miss Morrow of the Presbyterian mission school, left for Orrville, Ohio, to spend her vacation.

Misses Zimmermann and Thompson of the Presbyterian mission school, were passengers for Albuquerque.

A. E. Spiegelberg and Will S. Spiegelberg and Mrs. I. L. Bacharach and son, of Las Vegas, will arrive in Santa Fe. A. F. Spiegelberg returns from New York, where he attended the funeral of his mother, while his brother, Will, a former resident of Santa Fe, but at present of New York, accompanied him to New Mexico.

J. H. Hammond, a banker at Clayton, Union county, is the guest of Professor J. A. Wood and family. He is in Santa Fe to arrange with Territorial Treasurer J. H. Vaughn to make the Clayton bank a territorial depository.

He is a member of the board of education at Clayton. Mr. Hammond is an old teacher and takes great interest in the educational affairs of New Mexico. He reports that the range of Union county, except in spots, is in excellent condition. The lamb yield was in no instance less than 60 per cent and in several instances reached 100 per cent.

Reveals a Great Secret.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery.

Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all drug-gists.

LAS VEGAS.

From the Record.

Miss Isabel Henry has taken out a license as insurance agent in East Las Vegas.

The child of Mr. and Mrs. Alfredo Geofrion is reported sick with typhoid fever.

Ice formed last night in standing water. It was unusually cold for May weather.

The county clerk recorded this morning deeds dated as far back as 1847, for a certain property in San Miguel county.

Emeline Dalton has transferred to Anthony Windsor a tract of land in township 17, San Miguel county. Consideration, \$400.

D. J. Osborne returned from his cattle ranch and is now engaged in coaxing his family of 2,000 hogs to get down to business and provide the local market with eggs.

Eugene Day, who had been in the city for several weeks, left for his home in Los Angeles. As a marriage broker for love sick "vidders" he is not a success.

Major Rankin held an inspection of the cavalry troop and found everything in first class shape. Nearly all the members of the company were present, after a posse had been sent out to bring a few backsliders in.

Frank Schmidt, the man accused of encouraging young Fleck to steal various articles around town, when called for trial this morning was not ready and asked for a jury, which was granted by Judge Wooster. Al Rogers, Jr., will defend Schmidt. The charge against him this time is for getting Fleck to steal some tools of Mr. Waggoner. Schmidt has been in Las Vegas for about a month and has from the Nutmeg state.

From the Optic.

The gypsies are here, five wagons strong.

Oscar Carpenter, of Fort Scott, Kan., is the new fireman at hot springs hotel. He is the nephew of J. T. Carpenter, the brakeman.

Dr. Francis Crosson, of Albuquerque, N. M., wants to know the date of the musical festival to be held in this city in the near future. For his benefit and that of others, the Optic states the date to be May 29-30, the latter evening concluding with the American Flag, in the Duncan opera house.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

DEMING.

From the Headlight.

W. H. Greer and wife, who had been for a week's outing to the Animas valley, returned home. Mrs. Greer was so well pleased with that country that she now wants to go there to live, but her many friends in this city will most strenuously object to such a move.

Colonel P. R. Smith is expected home next week with a party of strong financial and mining men to look over the property which he has recently sold them. If all goes well, and there is no doubt but that it will, this company will begin operations as soon as they can get back to New York, and will go ahead in spite of trusts and trust prices.

The ice plant is fast nearing completion and will probably be in operation by the first of June. Work is going ahead day and night, and with excellent results. The electric lights which now only run till 12 o'clock, will then be run all night. The lights are all right, by the way, and the company is having all it can do to put them in to meet the increasing demand for them.

The regular term of court for Luna county will convene in this city on the 9th of June next. A good court fund is now in the hands of the county treasurer and all cases now on the docket will receive their just deserts. There are some six or eight criminals now in the county jail awaiting trial and some others whom Sheriff Baca hopes to be able to produce in time that they may get what they deserve. The list of jurors cannot be given out for publication at this time, as all have not as yet been summoned. The list will appear later.

The work preparatory to the building of the new Clark & Co. block on the corner of Gold avenue and Pine street is now under way. A force of men have been at work excavating the cellar, the rock for the foundation is on the ground and within a short time we may expect to see a large number of men at work on the building proper. When Mr. Clark decides to do a thing he at once goes at it without further ceremony or the flourish of trumpets and does it. The building, when completed, will have three store rooms on the first floor and a large number of rooms on the second floor for rent.

"NO FRILLS."

Just Sensible Food Cured Him.

Sometimes a good, healthy commercial traveler suffers from poorly selected food and is lucky if he knows that Grape-Nuts Breakfast Food will put him right.

A Cincinnati traveler, John N. Case, Jr., says: "About a year ago my stomach got in a bad way. I had a headache most of the time and suffered misery. For several months I ran down until I lost about 70 pounds in weight and finally had to give up a good position and go home. Any food that I might use seemed to nauseate me."

"My wife hardly knew what to do until one day she brought home a package of Grape-Nuts and coaxed me to try them. I told her it was no use but finally to humor her I tried a little and they just struck my taste. It was the first food that I had eaten in nearly a year that did not cause any suffering."

"Well, to make a long story short I began to improve and stuck to Grape-Nuts. I went up from 135 pounds on December 24, 1900, to 194 pounds on October 5, 1901."

"My brain is clear, blood all right and appetite too much for any man's pocketbook. In fact I am thoroughly made over and owe it all to Grape-Nuts. I talk so much about what Grape-Nuts will do that some of the men on the road have nicknamed me 'Grape-Nuts,' but I stand today a healthy, rosy-cheeked man, a pretty good example of what the right kind of food will do."

"You can publish this if you want to. It is a true statement without any frills."

CARLSBAD.

From the Argus.

R. O. Kennedy, a health seeker who recently came here from San Angelo, has let the contract for a five room cottage on North Canyon street.

George L. Newton was elected city treasurer last week by the council; U. S. Bateman, city attorney; Dr. C. M. Whichter, city physician; W. G. Voerner, street commissioner; Dennis Duncan, poundkeeper, at a salary of \$30 per month.

The annual election of officers of the Carlsbad Volunteer Fire department has taken place. R. Ohnemus, was elected chief; W. B. Woerner, treasurer; Walter Moir, secretary; P. F. Kircher, foreman chemical engine; F. G. Ohnemus, foreman hose cart No. 2.

The most perfect and life like picture of a man rolling a cigarette was shown to us by C. H. Klaunder, the drawing being the work of his little daughter, Anna, aged 10 years. It is as natural as life itself and speaks well for a child of her years. She is a genius, as anyone who has seen her work will admit, and the community should feel proud of her.

Governor Otero has appointed W. R. Wicker fish and game warden for Eddy county. The appointment is a good one, and the parties who have been dynamiting fish had best look a little out. Dick is a keen hunter and fisherman, but he believes that the law protecting us and game should be enforced, and will see to it that the statutes are obeyed.

Prof. E. F. Wright, who is to be at the head of Carlsbad's schools the coming term, came in from Missouri, the first of the week, and devoted himself to a study of conditions existing in matters educational. He expressed himself as well pleased with Carlsbad and its people and feels that the school work will come forward smoothly and with good results to both pupils and town. He left this morning for his home.

The young son of Sheriff C. M. Stewart had what very nearly became a fatal accident. He was riding on Greene street at a very good pace, when his mount suddenly swerved into Canal, throwing the boy heavily to the ground, he alighting on his head. It was at first feared that his neck or spine was injured, but medical examination revealed that he was only very severely stunned on the head. He is all right again now.

Won't Follow Advice After Paying For It.

In a recent article a prominent physician says: "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by all drug-gists.

Double heading on the Santa Fe freight trains started again Monday, the trial of single heading, evidently, not having proven entirely satisfactory.

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes George S. Marsh, well known attorney of Nocona, Texas. "I took quantities of pills and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Some of the trainmen claim that while Trainmaster Bristol favored the single headers, the dispatchers favored double heading and did all they could to lay the single headers out.

TRINIDAD MAN KILLED.

William E. Fisher Knocked Down While Crossing the Street in a Dust Storm.

A special dispatch to the Denver Republican from Trinidad, dated May 20, says:

William E. Fisher, a contractor and pioneer resident of Trinidad, was instantly killed in a peculiar manner at 9 o'clock this morning. Mr. Fisher was crossing Commercial street near the Santa Fe tracks. The wind was blowing and the air was full of dust. He had his hat pulled down over his eyes and did not see a runaway horse that was tearing down the street and there was a collision. Mr. Smith was knocked down and the singletree of the buggy that was attached by a tug to the runaway horse, caught him in such a manner as to turn him over several times and drag him across the two tracks. There was a deep cut on his forehead and his skull was fractured. He was carried to the fire department headquarters near by and a physician summoned, but he never regained consciousness and died about fifteen minutes after the accident occurred.

Mr. Fisher was 45 years of age, and leaves a wife and seven children. He had been a resident of Trinidad for about twenty years and stood high in the community.

The Las Vegas Record says: A certain Las Vegas merchant needed a car load of wool sacks. He purchased them in the east, had them shipped to Santa Rosa over the Rock Island road and then freighted overland to Las Vegas. By doing so he saved 35 cents on each hundred pounds, compared with the all rail rate he could get from the Santa Fe road. This occurred only a few days ago. And yet the Santa Fe road announced a reduction of freight rates recently.

Tired Out

That's nothing. Every one is tired at times. The trouble is you can't get rested. It's your impure blood that makes the disturbance. Try Ayer's Sarsaparilla. Your doctor will tell you what is in it, and why it will help you so promptly.

"I suffered terribly for 12 years. The doctors said my blood was all turning to water. At last I tried Ayer's Sarsaparilla, and was soon in the best of health again."

Railroad Topics

The Santa Fe road has secured right of way in the city of Oakland.

Ben Williams, special officer of Santa Fe railway, is here from La Junta. The New York Central has settled for \$18,000 cash with Miss M. J. Rice, who was preparing to sue for \$75,000 damages for injuries to her appearance caused by the recent tunnel accident in New York city.

Dr. Saylin, at the local hospital, has as one of the latest patients Brake-man Haynes. He has a fractured collar bone and three broken ribs, the result of an accident that happened on the Santa Fe Pacific at Laguna.

This morning, at 9:30 o'clock, an examination of engineers, firemen, conductors and brakemen who have not been examined on the new book of standard rules, took place. Messrs. Henderson and Barnes and other officials were present.

The Topeka State Journal says: F. W. Thomas, engineer of tests, left today for Albuquerque, N. M., where he goes to look over the electrical plant of the new Santa Fe shops and if conditions are satisfactory accept it on the part of the company.

The reception and dance, a strictly invitation affair, of the local lodge of Brotherhood of Locomotive Firemen, will occur at Grant hall tomorrow night. C. W. Maier and wife, the honored guests, will arrive from El Paso tomorrow morning, and a committee of local lodge members will be at the depot to meet them.

About twenty-five four-horse teams are now engaged in hauling ties to fill the contract of Marcelino Baca & Co. with the Santa Fe Railway company. The contract calls for 100,000 ties and these are being gotten out on the Gal-baldon land grant about eight miles northeast of Santa Fe, owned by T. B. Catron. The area of the grant is about 12,000 acres, and it contains a good deal of good merchantable timber.

James Collinson, until about four months ago general master mechanic for the Santa Fe at Topeka, has gone south and it is believed will accept the superintendency of machinery of a southern railroad. The offer is thought to be a good one and as Mr. Collinson found the southern people congenial while he was general master mechanic for the Santa Fe at Cleburne, Texas, it is believed he will accept. He has been spending the time since his retirement in leisure.

W. V. Turner, who has been named to take the position of instructor in charge of the instruction car which the Santa Fe is to send out over the system, is foreman of the air brake and car departments at Raton, N. M. He is a comparatively new man in railroad work, but in the short time he has devoted himself to it he has shown marked ability. He is now preparing to take the car out some day next week. It will go from Topeka to Chillicothe, Ill., thence to Corwin, a suburb of Chicago, and after a short time spent on the Chicago extension will start over the Gulf lines and from there west to the end of the Santa Fe proper, and on the Santa Fe Pacific. The itinerary from now until December 31 has been outlined. J. B. McDonald, who superintended the fitting up of the car, was called east some weeks ago by the serious sickness of his mother and has resigned the position of instructor, which he was to have taken.

A Lesson in Health.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Alvarado Pharmacy.

HOLD UP SANTA FE.

Blackmailers Try to Extort Money Under Threat of Vengeance.

Officers of the Atchison, Topeka & Santa Fe, at Guthrie, Okla., have received numerous anonymous communications recently to the effect that unless \$1,000 were paid to the signers, dire results to the road would follow. Soon after the bridge over the Cimarron river at Perkins was fired and almost ruined, and many other minor offenses have been committed. An answer was sent that the money would be paid and officers took it to the proposed meeting place. The offenders were too wary to be caught and are still demanding money.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by all druggists.

WORK ON RATON MOUNTAIN.

Santa Fe's Big Double Track Work is Progressing.

The work now in progress on the Santa Fe, to facilitate traffic over the mountain between Raton and Starkville is progressing as rapidly as the character of the work will permit.

The double track has been completed to Morley from the top of the hill and the work is to be completed as soon as possible. The nature of the country makes the road building especially heavy. The company has been working a large force on this improvement for over two years and it is estimated it will require another year to finish the double track into Starkville.

The double track will greatly facilitate traffic, especially the freight haul. At present much time is lost by the

one track being required to carry all trains coming and going. A freight happening along while the track is in use by a train coming the opposite way causes considerable delay. The double track will overcome this congestion and will allow trains to pass over the hill without stops. A full equipped block signal system will be placed over this part of the road, giving every safeguard against accident it is possible to secure.

HERE'S WHAT'S WANTED.

A Citizen of Denver Supplies the Information.

Over half the complaints of mankind originate with the kidneys. A slight touch of backache at first. Twinges and shooting pains in the loins follow. They must be checked; they lead to graver complications. The sufferer seeks relief.

Plasters are tried and liniments for the back.

So-called Kidney cures which do not cure.

The long-looked for result seems unattainable.

If you suffer, do you want relief?

Follow the plan adopted by this Denver citizen:

Mr. E. Stiles, of 936 South Fifteenth street, Denver, Colo., employed in Daniels & Fisher's Department Store, says: "Years ago I had trouble with my kidneys, resulting in rheumatism. I was helpless for months, but in time it wore away as mysteriously as it came. Knowing what I suffered, when an attack of backache seized me and clung to me for a month, it struck me that Doan's Kidney Pills prevented recurrences. I got a supply at my druggist's, took a course of the treatment and they worked off the attack."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report.

Dangerous if Neglected. Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Tarity, Yanketown, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Grove-ton, N. H. "I never found anything else that acted so safely and quickly." J. H. O'Reilly & Co.; B. H. Briggs & Co.

Engineer Lynch, of Las Vegas, is laid up with a bad case of la grippe.

Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops. Jesse Pinky Hall, Springville, Ala. This remedy is for sale by all druggists.

The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, too, for a cure may be effected at a very small cost. G. W. Westcott, of Meadowdale, N. No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this remedy in your home. For sale by all druggists.

HERPICIDE
Relieves Dandruff
Immediately

and causes thick, glossy hair to supplant the former thin, brittle growth.

Nowbro's Herpicide
performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbes which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.

One bottle will convince that it is the only hair restorer that really restores.

The Santa Fe Central base ball team will leave next Wednesday evening for Socorro to cross bats with the Socorro team. Upon its return the team will stop over at Albuquerque on Decoration day to play with the Albuquerque Browns.—New Mexican. Santa Fe has one of the best ball teams in the southwest in the Santa Fe Centrals, which has lost but one game this season, and that to the Browns, while the latter have not as yet met defeat this season, and do not propose to without giving their opponents an argument worth seeing. Santa Fe is determined to return victorious.

C. H. Elmendorf went north to Santa Fe this morning. For the past few weeks he has been on the ranges of the American Valley Cattle company, of which he is manager, and goes to the territorial capital with his face thoroughly sunburned. He stated to The Citizen man at the depot this morning that the southern slope of mountains in Socorro county, not the St. Augustine plains, were visited by a heavy snow storm last Saturday, and that at least five inches of snow laid on the level for a day or so. He reports the cattle and sheep of that section of Socorro county in fine condition.
