A LABOR CONFLICT IS AVOIDED

The Steel Trust Accedes to Its Employees the Right of Organizing Into Unions.

THE STRIKE IS DECLARED OFF

The Striking Coal Miners in the Shamokin District in Pennsylvania Are Granted All Their Demands by the Coal Mine Operators.

Pittsburg, Pa., April 18.—The strike situation at McKeesport today was quiet, pending the decision of the national advisory board of the Amalgamated association, whether or not there shall be a general strike. One member of the board said the whole question seemed to simmer down to a "right of organization." The company had admitted that the men had been discharged because they were members of the Amalgamated association and for no other reason.

STRIKERS WIN. Shamokin, Pa., April 18.—The strike in the Natalie colliery ended today, the demands of the employees being granted.

THE STRIKE DECLARED OFF. Pittsburgh, Pa., April 18.—Positive semi-official statements have been made by both sides that the strike at the McKeesport plant of the American Sheet Steel company, will be declared off before 2 o'clock this afternoon.

TERM OF SETTLEMENT.

Pittsburg, Pa., April 18.—The proposed settlement it is said, is based on the proposition made by John Jurett of the labor bureau of the American Sheet Steel company that all men, with the exception of George S. Holloway, be reinstated at once. Holloway's case will be taken up later, and while his reinstatement finally is assured, he will be suspended from work for a period as a matter of discipline. The reason for an exception in the case of Holloway is rumored to be that a personal difficulty between him and Supt. Penfessor F. Smith had put a new feature on his discharge. It is further stated by the members of the Amalgamated association that the settlement is all that the association required originally.

WALDERSEE TURNED OUT BY FIRE.

The Palace of the Empress at Pekin Burned to the Ground.

Washington, April 18.—The state department received a cablegram from Mr. Squire, charge d'affaires at Pekin, saying that the empress' palace occupied by Count von Waldersee, was totally destroyed by fire and a member of Count von Waldersee's staff was burned to death.

AN OFFICER PERISHED.

Berlin, April 18.—Field Marshal von Waldersee reports that the best part of the winter palace at Pekin was destroyed by fire last evening. General Schwartzkopf met his death in the fire, the cause of which is not explained.

THE RED HATS IMPOSED.

The New Cardinals Are Vested With the Insignia of Their Ranks.

Rome, April 18.—At the public consistory today, the ceremony of imposing the red hats on the new cardinals occurred in the Sala delle Benedizioni. The pope, who was in excellent health, was warmly cheered, seated on a throne and surrounded by his court, he performed the ceremony of imposing the hats and pronounced the pontifical benediction. Subsequently, the pope received the new cardinals in his private apartments.

The Carter Case Again.

Washington, April 18.—In the United States supreme court today Judge J. M. Wilson, representing Captain Oberlin M. Carter, filed a motion to strike from the files the brief of Solicitor General Richards in that case as "scandalous and irrelevant." This motion is based upon the assertion that the solicitor general goes outside of the record.

A \$6,000 FIRE AT WHITE OAKS.

Incendiaries Are at Work in That Pretty Mining Town as is Shown by a Long List of Mysterious Fires.

RAILROAD BUILDING IN PROGRESS

Special Correspondence New Mexican. White Oaks, N. M., April 16, 1901.—About 12 o'clock last night the inhabitants of White Oaks were awakened by the alarm of fire. The building owned and occupied by Mr. August Schinzling as a saloon and club room was found in flames and so far under way that an effort could save any of the contents except the safe which was dragged out with long hooks. Two other buildings in the same block, on the east of and connected with the saloon, were also burned with all their contents. One was a barber shop, the other was not occupied except as a sort of store room.

The total loss will probably aggregate \$6,000. Mr. Schinzling's loss will reach \$5,000. He carried an insurance of but \$1,200. The origin of the fire is a mystery, as there had been no fire in the buildings during the day. It is the custom here for everybody to take special precaution against fire during the windy season, and this spring has brought us an unusually long and severe one. On closing the saloon for the night, about half past ten o'clock, Mr. Schinzling and his bartender had, as usual, gone through all the rooms to see that everything was all right and secure. It is thought that the fire was the work of an incendiary though the object can not be conceived, as the Little Casino was a model saloon in every way, more of a genteel club room, and Mr. Schinzling has the good will and high regard of the entire community. White Oaks has had some most mysterious fires; among them that dreadful calamity at the Old Abie mine a few years ago, later the burning of the old town hall, an immense log structure, clapped down outside and consumed within, in which no fire had been for months. Then the Southwestern Hotel and all the buildings in the same block, and now the Little Casino with all in that block have been devoured by the flames.

Another mysterious fire might have been added to this list, not long ago, had not circumstances intervened in such a way as to nip it in the very bud. Briefly stated, the circumstances were these: On Livingston street is a large frame building known as Bonnell hall, used by the local amateur club in presenting their plays, for public balls, and all large assemblies. Some months ago one of our citizens found it necessary to pass by this hall about 1 o'clock in the morning, he saw a figure dart around the building out of sight. As the movements seemed unusual, the gentleman went to the spot from where the creature started and found upon examination that the big front doors were saturated with coal oil and a pile of kindling made ready to start a blaze. The person seen to dart away appeared to be in female garb. So it seems we may have a fire brand in our midst.

March and April thus far have been unusually cold, windy and disagreeable here. The dust storm of the 4th inst., which reached nearly across the territory, was the most severe storm of the kind ever experienced in this place. Just at present we are being favored with a fourth rare blizzard, a sort of left-over concern.

White Oaks is, at present, unusually fortunate in the way of clergymen, there being three highly educated, broad minded, intelligent gentlemen at that calling located here now. Rev. Mr. Gladney, pastor of the M. E. church south, is known throughout the territory for his ability as a minister and scholar. Rev. Mr. Wood, pastor of the Baptist church is also a fine scholar and preacher and Rev. Mr. Miller, pastor of the Congregational church, is likewise a man of fine mental attainments and an eloquent preacher. One needs only to attend the Wednesday evening union meetings, for prayer and Bible study, led by these ministers, alternately, to know that their spiritual development and true Christian fellowship abounds in measure equal to their intelligence. Their harmony and brotherly love in the Christian work is good to see.

Our public school is progressing most satisfactorily under the principality of Prof. Swartz, late from Illinois, and a student of Harvard university, with Miss Gilmore in the intermediate, and Mrs. Hurlbert in the primary departments. Both these ladies are residents of this country, and excellent teachers. The many friends of Col. George W. Prichard in White Oaks and throughout this county, are greatly pleased at his being appointed district attorney for this judicial district. A more suitable selection could not have been made. It is hoped that the colonel and his estimable wife will continue their residence in White Oaks during his term of office, though larger towns are offering them inducements to change.

The Ladies' Aid society of the Congregational church will give a reception one week from Thursday evening. These receptions are held every month and are a vital force in the social and intellectual life of the town.

The sound of blasting is heard daily from the work proceeding on the Rock Island & El Paso railway. A thousand men are now employed upon this new road, between Carrizozo and Pecos Wells, or rather a point opposite the wells.

An Appeal to the President.

New Orleans, La., April 18.—General Samuel Pearson, the Boer officer who was refused a writ of injunction by the United States court against the local British officers to prevent further exportation of mules from this port to South Africa, has sent a petition direct to the president of the United States asking for the relief that the courts refused.

SANTA FE AND PENNSYLVANIA

Two Big Railroad Systems Which Are Apparently Preparing for a Consolidation Deal.

HEAVY PURCHASES OF STOCK

Representatives of the Pennsylvania Railway Company Will Be Elected to Membership on the Board of Directors of the A. T. & S. F.

New York, April 18.—The Tribune says: Representatives of the Pennsylvania railway company, it is said on good authority, will soon be elected to membership of the board of directors of the Santa Fe company. It is understood that heavy purchases of Santa Fe stocks, principally preferred have been made of late by the interests identified with the Pennsylvania company.

A STATEMENT BY HILL.

Seattle, Wash., April 18.—President James J. Hill, of the Great Northern, who is now in the city, on being asked by a representative of the Associated Press, if he had anything to say touching the publications concerning the merging of various railway corporations into a great syndicate, said: "Say to the Associated Press, that I have read the various statements published and where there is one clean cut statement of facts there are about a dozen statements of an erroneous character." It is true that several large railway corporations are endeavoring to make closer traffic arrangements and such arrangements involve the Burlington, but up to the present there has been nothing consummated upon which I base correct statements." Hill left for St. Paul today.

NO SUCCESS FOR WALKER.

New York, April 18.—The executive committee of the Santa Fe railway met today, but took no action regarding the filling of the chairmanship made vacant through the death of Adolph E. Walker. It is possible that the office may be allowed to lapse, or at any rate, that one of the directors will be elected, and the active duties of the office divided among the board of committees.

AN AUTHORITY DENIAL.

New York, April 18.—The Evening Post says: The report that the Union Pacific interests propose to call and retire the Southern Pacific collateral trust bonds, in order to segregate the Central Pacific railroad, from the rest of the Southern Pacific, and merge it with the Union Pacific, which was current at the time of the absorption, and again repeated today, is authoritatively denied.

A TERRIFIC STORM.

Considerable Damage at Selma and Other Places in Alabama.

Selma, Ala., April 18.—A terrific wind and rainstorm struck Selma at 2 o'clock this morning. The electric light plant and several other buildings were damaged, and many trees were uprooted. No casualties were reported. A freight train on the Mobile and Birmingham road was wrecked by the storm near Jackson. Engineer H. G. Elwood, and the brakeman were badly hurt.

NEW ORLEANS PARTIALLY FLOODED.

New Orleans, April 18.—A heavy storm prevailed here during the night, 5.48 inches of rain fell and the city is partially flooded.

SWEEP BY THE GALE.

Chattanooga, Tenn., April 18.—This entire section was swept by a terrific gale which raged from 2 until 6 o'clock this morning. Large damage was done to property, but no lives were lost.

A STEAMBOAT SUNK.

Bridport, Ala., April 18.—Every factory here is compelled to close for repairs on account of the storm, which raged here last night. The steamboat City of Charleston, was sunk, but no lives were lost.

SCANDALOUS REPORTS.

The Commissioners Department in the Philippines Is Administered Honestly.

Washington, April 18.—Commissioner General Weston received the following cablegram from Colonel Woodruff, chief of the commissary at Manila: "Do not permit the scandalous reports to worry you. The affairs of the commissary department of the army are administered honestly and to the satisfaction of the officers and troops."

A HEAD-END COLLISION.

A Misunderstanding of Orders Led to Several Fatalities.

Cleveland, Ohio, April 18.—In a head-on collision between a freight and construction train on the Wheeling and Lake Erie road in the Cleveland yards early today, Wm. Thels, a brakeman, was killed. Harry Velsbrecht, engineer, and J. O. Hammond, a fireman, were probably fatally injured. Sylvester Bruggen of Cleveland, was badly hurt. The accident is supposed to have been the result of a misunderstanding of orders.

The Rice Will Case.

New York, April 18.—The clerk of records in the surrogate's office was served with a subpoena today to produce before the grand jury the second will alleged to have been executed by Wm. Marsh Rice, on September 30, 1901, and known as the Patrick will. The murder charge against Patrick was submitted to the grand jury by Assistant District Attorney Garvan. Valet Jones was the first witness.

The Wool Market.

St. Louis, Mo., April 18.—Wool is quiet; territory and western medium 14 @ 18; fine 11 @ 15; coarse 11 @ 14.

DISTRICT COURT IN EDDY COUNTY.

General Satisfaction Is Expressed With Judge D. H. McMillan and District Attorney George W. Prichard.

MANY CONVICTIONS WERE SECURED

Special Correspondence New Mexican. Carlsbad, N. M., April 13, 1901.—The two weeks' court term closed here today. Hon. Daniel H. McMillan, presiding, has been a most exceptional and satisfactory one. The scales of justice have tipped quite to the satisfaction of the lovers of law and order, and to the confusion of all criminals and offenders. The record for the two weeks shows an unbroken line of convictions. Not a single offender escaped. Hereafter it was the exception when a conviction resulted. This term everything was "exceptions." Five of the parties convicted will go to Santa Fe.

This pleasing record is due to a number of causes. The presence and administration of a learned and honest judge; the fearless and aggressive prosecution of all cases by the territory through its able representative, Hon. G. W. Prichard, and the best and most representative jury panels ever drawn in Eddy county.

This is the first term of court Judge McMillan has held since his appointment, and his correspondent wishes to say that if he continues unbroken the record made at this time, he will rank all judges who have preceded him. The bar and the citizens are alike agreed in his endorsement. Quick to grasp the vital point of an issue; prompt, concise and clear in his rulings; firm, but courteous in the conduct of all business, he closed the term, and the seal of public approval has been placed thereon. Both as a man and as a judge, Judge McMillan has many friends among the people of Eddy county.

District Attorney Prichard contributed largely to the success of the present term. Offenders liked him well. Logical, persistent and determined, he put his cases so clearly before the jury that convictions could not be avoided. That the people are pleased, but puts it mildly. The old record of offenses without punishment has given way to quick and retributive justice, and property owners and law-abiding citizens are indulging in long delayed congratulations.

Court Clerk J. E. Griffith was present, as is his usual custom, and promptly and efficiently discharged the multitudinous duties thrown upon him. Mr. Griffith enjoys the reputation of being one of the most efficient and competent clerks in the territory, and the people of the 5th district are proud that it is so.

The other members of the court party, Stenographer Sidebottom and Interpreter Eaton, were faithful workers, though it must be admitted that the latter was not prostrated by the burdens which he was called upon to carry. A reception and ball was tendered the court party by the Union Club, Wednesday evening, and a most enjoyable time was had.

Judge McMillan and the other officials went up to Roswell on this afternoon's train, where he will open court for a two weeks' term Monday morning.

The report made by the grand jury has created considerable discussion throughout the county, showing as it does that the commissioners have been allowing bills without authority of law, and that several parties are enjoying special privileges in the way of being allowed to put their hands a little deeper in the county treasury than is consonant with good business and the protection of the people's money. Now, however, that the matter has been brought to the attention of the public, it is probable that the commissioners will be more prudent and refuse to allow themselves to be used by designing men.

STONE MASONS STRIKE.

Las Vegas Contractors Must Pay Them \$4.00 for a Nine Hour Day.

The stonemasons of Las Vegas met last Friday evening and decided to go on a strike unless the general contractors would concede to their demands. They asked for a 9 hour day at \$4 per day. All of the contractors at once agreed to the 9 hour day at \$4 with the exception of one who, it is said, refused to comply. The firm not only refused to concede to these demands but went so far as to discharge one of the workmen whom the firm had reason to believe was the prime mover. Saturday night another meeting was held and it was agreed to demand a 9 hour day at \$4 per day for five days in the week and an 8 hour day for Saturdays. Yesterday all the contractors had agreed to the new schedule except those in charge of the new school building and the men employed on this work were ordered not to resume operations in the morning. The workmen state that they will not touch a stone until the scale is signed.

The Goebel Conspiracy Case.

Frankfort, Ky., April 18.—Judge Cantrell this morning delivered instructions to the jury in the case of Captain Garnett Ripley, charged with being connected with the Goebel assassination, and argument has begun. The instructions are practically the same as those given in the case of Caleb Powers.

KITCHENER IS POUNDING AWAY

One Small Detachment After the Other of the Boers is Compelled to Surrender.

TWO STRONGHOLDS OCCUPIED

The Boers at Leydenburg Blew Up a Long Tom and Thirteen of Them Were Captured—Cattle Fall Into the Hands of British.

London, April 18.—A dispatch from General Kitchener, Pretoria, says: Plumer occupied Bathford, capturing 12 prisoners, and a number of rifles and ammunition. The Douglas column occupied Dullstroom. Six Boers were killed. According to General Kitchener's advice from Leydenburg, the Boers blew up a long tom. Thirteen prisoners were captured. Elmore's division brought in a large number of cattle.

A BIG DEFICIT.

British Tax Payers Must Pay the Fiddler for the Boer Dance.

London, April 18.—The exceptional interest taken this year in the budget statement was evidenced by the crowded condition of the house of commons when it reassembled today. Fresh taxation proposals are required to meet the expenditure for 1901-'02, which, according to the parliamentary paper, issued this afternoon, total £187,002,000, inclusive the war charges, £18,000,000, an increase of £22,901,000 over last year. The national balance sheet for 1900-1901, as shown by the same paper, stands as follows: Revenue, £139,385,000; expenditures, £183,592,000. Net deficit, £54,207,000.

Balfour, the government leader, indirectly announced the forthcoming loan, saying he hoped to introduce a resolution on the subject tonight if possible. Chancellor of the Exchequer Sir Michael Hicks-Beach read the budget statement. The budget adds £2 to the income tax, making it a shilling and two pence. It does not provide for an increase in duties on beer, wine, tea, spirits or tobacco. A duty of 4s 2d per cwt will be imposed on refined sugar. A duty of two shillings a hundred is imposed on molasses. West Indian sugar is not exempted. A duty of a shilling and eight pence a hundred weight is imposed on glucose. A shilling per ton duty is imposed on exported coal.

THE TAX RETURNS.

London, April 18.—The total expected yield of the new taxation is £111,000,000, of which £2,100,000 will be from coal.

MORE MONEY TO BE BORROWED.

London, April 18.—The chancellor of the exchequer asked permission to extend the present borrowing powers to borrowing on consols.

A BIG LOAN.

London, April 18.—The chancellor of the exchequer proposed to suspend the sinking fund and borrow £60,000,000.

A Double Tragedy.

Chicago, April 18.—Chas. P. Sweeney, a wealthy cotton planter of Greenville, Ky., early today shot and killed his wife, and then blew out his brains in the Dubuque flats on Rush street. The tragedy was the result of domestic difficulties. Mrs. Sweeney was a daughter of Thomas P. Morgan, an extensive planter of Greenville, Ky.

THE BURRO MOUNTAIN DISTRICT.

P. T. McGrath Tells Denver People of Its Great Wealth.

P. T. McGrath of Silver City, was at Denver this week on business connected with some mining interests in the Burro mountains, Grant county, where a new copper district is being developed. "I went into that section less than two years ago," said Mr. McGrath, "and was one of four men in the camp, but now there are more than 400. Several of the mines are shipping. The Sampson mine was sold recently to Nicol Bros. of New York, for \$25,000 cash. The St. Louis mine has shipped more than \$75,000 worth of ore which was hoisted with a windlass. The Caldwell and the Klondike are shipping. The ore is principally copper, but carries some gold and silver. The Porterfield turquoise mine is located in the district. It was sold recently for \$250,000. Mr. McGrath has 700 acres of copper property, and of which he says he could be mined ore enough to supply the copper market for an indefinite period.

A FATAL SHOOTING.

Eliseo Gonzales Killed Francisco Sais at Puerto Rico.

This week Eliseo Gonzales shot and instantly killed Francisco Sais at Puerto Rico, a small village about 30 miles from Las Vegas. The shooting occurred about midnight and there were no eye witnesses to the tragedy. Gonzales says that about midnight he heard a noise on the top of his house, and taking his rifle he went outside and saw a man on the roof. He called to him three times asking him his name and what he was after, but got no response. About this time the man on the roof started to come down and Gonzales fired. The man fell headless to the ground, where it was found that the bullet had pierced his heart. He was identified as Francisco Sais.

Sais had at one time lived with Gonzales' sister without first going through the formality of a marriage ceremony. They have four children. He has not lived with her for some time and it is now thought by Gonzales that Sais was attempting to break into his sister's room. Gonzales surrendered to the Las Vegas officers Sunday morning and was lodged in jail at Las Vegas.

The Dollar.

Just a little dollar on its mission sent, makes a lot of people glad each time a coin is spent. You pay it to the butcher for meat to give you strength; he takes it to the grocer, from whom it goes at length, some pretty bit of cloth or lace, his better half to buy, or helps to get her winter hat to make her rival sigh. The dry goods man sends on the coin to pay his market bill, and though the coin is often spent. It stays a dollar still, and every time 'tis spent at home, some act of good is done in booming local interests ere the setting of the sun.

But if you take the shining coin and break the local chain, the chances are that from afar, 'twill not return again. If once it passes out of town, the butcher and the baker, the grocer and the dry goods man, the cook, the undertaker, the carpenter, the carriage wright, the blacksmith, every one, will lose the chance to touch that coin, ere the setting of the sun.

Just keep the little coin at home, just keep it moving, well, and every time it changes hands somebody's goods 'twill sell. That single little dollar has thus a wondrous power to make somebody better a dozen times an hour. It pays the bill, and wards off ills, and ne'er its power relaxes to soothe the doctor, buy the coal, and pay for the clothes and taxes.

Tomorrow is Arbor Day, and in accordance with Governor Otero's proclamation, it should be observed at every school house in the territory, in fact by every resident by the planting of trees and shrubbery.

Denver has slumbered down after a heated political campaign and the most exciting event each day in the Colorado capital is the trial of a libel suit, one of the legacies of the late municipal campaign. This case is not only being tried in the courts, but also by the four big daily papers of the city who simultaneously have arrived at entirely different judgments.

A legal execution is to take place in Dona Ana county on April 26 next. The man to suffer was convicted of a terrible and atrocious murder. The law should take its course. A few hangings, especially in southern New Mexico, will have a very beneficial effect; fear of an ignominious death is one of the strongest agencies whereby to control men, and even hardened criminals have been deterred from committing high crimes. Again, let no mauling sentiment interfere.

The New Mexican today publishes the text of C. B. No. 66, introduced by Hon. C. F. Easley in the last assembly, and passed and approved. It is a law and under the provisions Santa Fe county will be able to settle down and compromise its enormous county debt. The law is general in this matter and applies to other counties. It contains matters of great importance to the people and to county officers and hence the New Mexican publishes it in full for the information of all those concerned. It is a good law, and another point ought to be scored in favor of the Republican 34th legislative assembly.

Secretary Jenkins of the territory of Oklahoma, is to be its next governor. This is not to be wondered at. Governor Barnes did not get along well with the people, and he managed to get into continuous and continued rows with the territorial assembly held during his term of office. He also made a good deal of a fool of himself during the rough riders' roundup last year. He had a knack of not getting along with the men who did the work in Republican ranks, and at the head of the columns and who did all they could to make Oklahoma Republican. It is therefore not surprising that he is to be replaced.

The itinerary of the president's trip as announced is first class in every respect except that no arrangement was made for the president to spend a day in New Mexico and so see the most ancient capital in the United States, namely the City of Santa Fe. It is to be hoped, however, that during the president's term he will find time to visit this section, along the Santa Fe Route, and come to Santa Fe. The people of the territory are very grateful indeed to President McKinley, having good cause to be so. The present prosperous condition of the territory is to be ascribed to a great extent to the policy of his administration and to the appointment of excellent officials.

The Las Vegas Pop. show, the Optic, which represents the most vicious element of New Mexico politics, has had to crawl in its assaults on Colonel J. Francisco Chavez, who has recently been appointed by the governor superintendent of public instruction of the territory. Its mud-slinging Santa Fe correspondent, who has absolutely no interest in New Mexico, has had to do likewise. The assaults made by the Optic will not hurt Colonel Chavez any, of course, but are simply noticed by the New Mexican to show the despicable character of the sheet and its correspondent. Both are entirely too small to deserve very much attention at the hands of the New Mexican.

The opinion of the United States senators seems to be against the drafting of any treaty with Great Britain to take the place of the Clayton-Bulwer treaty. The majority of senators are of the opinion that the construction of the Nicaragua canal is a purely American affair and to give any European nation a voice in its management, or to guarantee its neutrality in case of war with any European nation would be to give a death blow to the Monroe doctrine. The president and Secretary Hay on this other hand hold that the Clayton-

Bulwer treaty must be respected and that diplomatic courtesy to Great Britain demands that a mutual agreement should be reached over annulling the old treaty by agreeing upon a new treaty which is more liberal in regard to its provisions and will permit the United States to construct and assume this control of the Nicaragua canal.

A conflict of the Amalgamated association of labor with the steel trust would be disastrous in many respects. The steel trust virtually controls the iron and steel industry of this country. A complete shutdown of all the steel mills and iron furnaces for even only a few weeks would mean disaster to other mills and factories and would greatly hamper traffic. A defeat of the workmen would result in a terrible blow to unionism. No good can come from such a strike for if J. Pierpont Morgan and his associates make up their mind to fight a strike they will keep up the fray to the bitter end, and untold want and misery will be the result.

The Elephant Butte Dam.

The Denver Republican in commenting upon the fact that the case of the United States vs. The Rio Grande Dam and Irrigation company has been pushed ahead on the calendar of the United States supreme court, says:

"This case involving the right of a certain company to construct a dam across the Rio Grande, for the purpose of securing water for irrigation will be heard by the supreme court of the United States at the term beginning next October, according to a dispatch from Washington."

"This case is of great interest to the people of southern Colorado and more or less to the whole state, because it involves a question bearing closely upon the right to divert water for irrigation from a stream crossing a state or territorial line."

"In the Elephant Butte case the question at issue seems to have been whether the storage of water at Elephant Butte would interfere with navigation further down the river, it having been well established that the Rio Grande was not navigable at that point. There is reason to believe that if the matter ever comes up again on a question of fact it will be practicable to show that the main body of water which makes the Rio Grande navigable in the lower part of its course comes out of the Rio Concho, a river which flows in Mexico and flows northeast. Above the mouth of the Concho the water finds its way to the junction point, and consequently the construction of storage reservoirs in New Mexico or the diversion of water directly from the river in that territory can have but little, if any, effect on navigation."

"The federal authorities have made an examination of the river above and below the Concho for the purpose of ascertaining the facts, and when the report of the engineers is completed the matter will be definitely determined. This report should be made public so that the question at issue may be settled. Western men believe that the facts will vindicate their contention that there is no ground to interfere with irrigation in New Mexico."

The Denver & Rio Grande Extension.

The project of the Denver & Rio Grande to build from Santa Fe to El Paso is exciting favorable comment from the press throughout the west and the general opinion seems to be that the construction of such a line would be of the greatest benefit to the territory. The following editorial by one of the Denver papers, though somewhat unjust to the Atchison, Topeka & Santa Fe railroad, which has done so much for the development of the territory and its resources, it is in other respects:

"It will be a good thing for Denver if the rumor of an extension of the Denver & Rio Grande to El Paso proves true. It was the original plan of the early builders of the road to extend it down the Rio Grande valley to El Paso and there make a connection with what is now the Mexican Central, a concession for the construction of which General Palmer hoped to secure."

"But the concession from El Paso to the City of Mexico was granted to the Mexican Central people, and General Palmer was given one of the build a road from Laredo, which is now known as the Mexican National. Thus caused the extension of the Rio Grande south through New Mexico to be abandoned, and the Atchison, Topeka & Santa Fe occupied the New Mexico field. An agreement between the Santa Fe and the Rio Grande for a long time prohibited the construction of the Rio Grande beyond Espanola, and since that agreement expired the Rio Grande has diverted its attention to other ways."

"The Denver & Rio Grande, if built through New Mexico to El Paso and connected by branches with various mining camps in that territory, would secure a large traffic and be of enormous benefit to this city. It would divide the business with the Santa Fe and force the latter to become more of a Denver road than it has ever yet been. The development of New Mexico's mineral resources would have proceeded at a more rapid rate if the Santa Fe had constructed branches and feeders like those which the Rio Grande has built in this state. But unfortunately it has been content in the main with its trunk lines, and mining districts lying off to one side have been with a few exceptions neglected."

A SPECIAL REFUNDING LAW

It Will Enable Santa Fe and Other Counties to Compromise and Refund Their Large Indebtedness.

PASSED BY THE 34TH LEGISLATURE

The following law, C. B. No. 66, passed by the 34th legislative assembly and signed by Governor Otero, applies to all of the counties of the territory, but was passed especially to permit Santa Fe county to compromise its indebtedness. It was introduced by Hon. Charles F. Easley in the council and is entitled An act to enable counties to compromise and refund their bonded indebtedness. Its provisions are as follows:

Section 1. The boards of county commissioners of the several counties of the territory of New Mexico in which the bonded indebtedness now issued and outstanding is in excess of fifteen per cent of the taxable property therein in accordance to assessed valuation for the year 1900, are hereby authorized and empowered to compromise and adjust the existing legal bonded indebtedness of their counties, together with the past due and unpaid coupons thereon, the interest on such coupons, and any judgments recovered for such past due coupons and interest thereon, or any part thereof, whenever the owners of such indebtedness may consent and agree to such compromise and adjustment.

Section 2. Whenever an arrangement of the indebtedness mentioned in Sec. 1 of this act shall have been effected by and between the board of county commissioners of any county and the owner of such indebtedness, or any portion thereof, by which it is mutually agreed by and between the parties to surrender the existing indebtedness of the class specified in section 1 and to receive therefor bonds of the county for a less sum than the indebtedness surrendered, the board of county commissioners shall be and is hereby authorized to execute such bonds and to exchange them for the indebtedness specified in section 1. Provided, that the compromise and adjustment which can be made with the owners of such indebtedness are, in the judgment of the board of county commissioners, of sufficient benefit to the county to warrant such exchange and surrender of the existing indebtedness.

Section 3. The bonds to be issued in exchange for the indebtedness specified in section 1, shall be in the usual form of coupons bonds, shall be dated the 1st day of September of the year in which they are issued, shall be in denominations of one hundred dollars or multiples thereof, shall be signed by the chairman of the board of county commissioners and the clerk of the probate court; and the coupons may have the printed or photographed fac simile signature of the county treasurer; shall be numbered consecutively in each denomination, shall be payable in 40 years after date, with the option of the county to pay them at any rate after 25 years from their date, shall bear interest payable semi-annually, on the first days of March and September, at a rate not exceeding 5 per centum per annum, the principal and interest to be payable at such bank in the City of New York, in the state of New York, as may be designated on the face of the bonds and coupons, and shall be known and styled, "General county refunding bonds of the county of _____, territory of New Mexico."

Section 4. Due and sufficient provision for the payment of the interest semi-annually accruing on all bonds to be issued under this act shall be made each and every year by the authorities authorized by law to assess and levy taxes in any county concerned, and in case of failure to make such due and sufficient provision in any general tax levy, such authorities shall immediately make a special tax levy adequate for such provision; and, in case of failure on the part of any officer or authorities legally and adequately to assess property and levy and collect taxes for the payment of such interest, according to the intent of this section, the district court in and for the said county, either in term time or in vacation, shall nominate and authorize some person or persons to discharge such neglected or unperformed duty or duties, and shall immediately enforce the performance thereof; and all taxes collected for the payment of such interest shall constitute a special fund, and not be diverted to any other purpose; and any officer misappropriating or diverting such fund or any part thereof, or any taxes collected for such purpose, shall be deemed guilty of a misdemeanor, and shall be punished by a fine equal to the amount so misappropriated or diverted, and by imprisonment in the territorial penitentiary for a period of not less than one year nor more than ten years, and shall forever forfeit the right to hold office under the laws of this territory.

Section 5. Any officer who shall willfully or negligently refuse to levy, collect, or pay over the interest moneys provided for in section 4 hereof, or any part of such moneys, shall be deemed guilty of a misdemeanor, and be punished by a fine not exceeding five thousand dollars, and by imprisonment in the territorial penitentiary, for a period of one year, and his conviction of such misdemeanor shall immediately forfeit and vacate his office. The official bond of every officer upon whom a fine shall be imposed under any provision of this act, shall be collateral security for the payment of such fine and the costs of prosecution.

Section 6. This said interest coupons when past due and unpaid shall be payable and receivable in lieu of cash from the holder and owner of said coupons, for like amount in payment of any taxes due by said holder and owner of said coupons, and pertaining to the treasury of the county issuing such coupons.

Section 7. Beginning with the 24th year after the date of such bonds, and annually thereafter until all bonds to be issued hereunder shall be paid, or until money for that purpose shall have been provided, the proper authorities of such county concerned shall provide a sinking fund for such payment and to that end shall levy a tax equal to at least 7 per centum and not more than 10 per centum and not more than such bonds and to be sufficient to pay and retire 7 per centum of the total issue of such bonds during each year, after the said bonds have been outstanding for the period of 25 years, for the term of 15 years; and shall apply the proceeds of such tax to the payment of such bonds as soon as the 25 year option thereon allows them to do so.

Section 8. All bonds issued under the provisions of this act shall be duly recorded by the probate clerk of the county, with full details of the indebtedness in exchange for which the same were issued, and shall also be registered by the county treasurer in the county bond register, and the fact of such registration shall appear on the bonds over the signature of the county treasurer; and the bonds and coupons for which the refunded bonds herein provided for shall be issued, shall be immediately destroyed by burning, by such board of county commissioners, at the time of the issuance of the bonds in exchange therefor, under this act; and any judgment mentioned in section 1 hereof, for which bonds may be issued under this act, shall be satisfied of record immediately and at the time of the issuance of the bonds in exchange therefor, under this act.

Section 10. All acts and parts of acts in conflict with the provisions of this act, are hereby repealed, and this act shall take effect and be in force from and after its passage.

Section 9. Section 29 of chapter 58, laws of New Mexico of 1899 is hereby repealed.

"Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I cannot speak too highly of that excellent remedy."—Mr. T. K. Houseman, Manatoway, Pa. Ireland's Pharmacy.

Seems Appropriate.

In what way?
You said he played his part very well. You know he is very sensitive, and by using the word "part" he may have thought you were trying to imply that he is not the whole show.—Washington Star.

WINE OF CARDUI
HEALTHY OLD AGE.
I am 49 years old and have been suffering with Change of Life. I had feeling spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

AUTOMOBILES AND WAR.

Automobiles ought to be used as army transport wagons. Trial experiments in France have proved convincing. It is odd to note the different uses to which nature and science are put. On the one hand the field fight for the destruction of life, while on the other the country hostesses' stomach bitters, one of nature's most scientific medicines, fights to preserve it. For fifty years the bitters has been making strong stomachs and curing dyspepsia, indigestion, constipation and biliousness. In the spring when the system is usually run down, this wonderful medicine will be helpful in restoring your health and strength. It will also prevent malarial fever and ague, and as an appetizer, it is unequalled. See that our private revenue stamp is on the neck of the bottle.

She Supposed.

Mrs. Wiggins—What are these spheres of influence that the diplomats in China keep talking about?

Mrs. Wiggins—Well, I don't know for sure. Do you suppose they can mean cannon balls?—Somerville Journal.

You cannot enjoy perfect health, rosy cheeks and sparkling eyes if your liver is sluggish and your bowels clogged. DeWitt's Little Early Risers cleanse the whole system. They never gripe. Ireland's Pharmacy.

Foreboding.

Ere long will face the season That provokes the sorrowing song; When we cease to fear the blizzard And the hot wave comes along. —Washington Star.

Those famous little pills, DeWitt's Little Early Risers, will remove all impurities from your system, cleanse your bowels, make them regular. Ireland's Pharmacy.

A Proposal.

Will you marry me? Oh, this is so sudden! But for goodness sake, what made you so slow about asking me?—Chicago Record.

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose until I tried Kodol Dyspepsia Cure. I have taken two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt in twenty years." Anderson Riggs, of Sunny Lane, Tex. Thousands have testified, as did Mr. Riggs. Ireland's Pharmacy.

Too Sleep.

My girl thinks Easter roses nice. I'm adamant. For since the florist's raised the price I simply can't. —Philadelphia Press.

Youth—Miss Stanhope, you're positively the only person I've met today worth stopping to speak to.

Miss Stanhope (thoughtlessly)—Indeed! You are more fortunate than I am.—Punch.

SICK HEADACHE ABSOLUTELY AND PERMANENTLY CURED BY USING MOKI TONIC. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cts. and 50 cts. For sale at Fischer's drug store.

Where Want's He? A woman is not so much interested in knowing where her husband is of nights as in knowing where he isn't, said the Corned Philosopher, by way of closing the discussion.—Indianapolis Press.

DYSPEPSIA CAN BE CURED BY USING ACKER'S Dyspepsia Tablets. One little Tablet will give immediate relief or money refunded. Sold in handsome tin boxes at 25 cts.

His Chance. Your son has a very robust appetite. Yes, I'm so ashamed of him. He always overeats when we have company. Then the only chance I ever got, said the terrible infant.—Cleveland Plain Dealer.

EXPERIENCE IS THE BEST TEACHER. USE ACKER'S English Remedy in any case of coughs, colds or croup. Should it fail to give immediate relief, money refunded. 25 cts. and 50 cts.

For sale at Fischer's drug store.

Not in the Habit. Jack Burroughs—For several months, sir, I have been paying attention to your daughter; it will, therefore, not surprise you.

Mr. Goldman (who knows him)—Ah! but it does. It surprises me to hear that you ever paid anything.—Philadelphia Press.

"I had piles so bad I could get no rest nor find a cure until I tried DeWitt's Witch Hazel Salve. After using it once I forgot I ever had anything like Piles."—E. C. Bolce, Somers' Point, N. Y. Look out for imitations. Be sure you ask for DeWitt's. Ireland's Pharmacy.

No Cats or Babies. These rooms are so small! said the house hunter, looking around disparagingly. You couldn't sling a cat in any of them.

No, madam, majestically replied the janitor. And you couldn't spank a baby in any of them. We don't allow either cats or babies in the building, madam.—Chicago Tribune.

"STICK TO IT." George L. Heard, of High Tower, Ga., writes: "Eczema broke out on my baby, covering his entire body. Under treatment of our family physician he got worse, as he could not sleep for the burning and itching. We used a box of 'Banner Salve' on him, and by the time it was gone he was well. The doctor, seeing it was curing him said, 'Stick to it, for it is doing him more good than anything I have done for him.' Fischer's Drug Co.

His Regret. Perhaps posterity will recognize the genius displayed in your new drama. Yes, answered Mr. Stormington Barnes. But the difficulty is that so far as I am concerned posterity is on the free list.

GIVEN UP TO DIE WITH CROUP. Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three-year-old girl had a severe case of croup, the doctor said she could not live, and I gave her up to die. I went to the store and got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Fischer Drug Co.

THE TERRITORIAL SECRETARYSHIP.
It is Believed that James W. Raynolds of Las Vegas, Has the Inside Track.
The vacancy in the office of the secretary of New Mexico, caused by the death of the late secretary, George H. Wallace, on Saturday morning last, must, from the very force of circumstances, be filled at an early date. There is no one authorized to perform the duties of the office, and no one can be so authorized under the law. The secretary is a bonded official and the commission to a new appointee cannot be issued until after the bond required by law has been filed and approved in the department of the interior. It is understood that New Mexico Republicans are strongly in favor of the appointment of James Wallace Raynolds of Las Vegas. The New Mexican understands that many of the Republicans of the territory, the men who are the party leaders, who spend time and money for the success of the party, who fight for it, year in and year out, keep up the party organization and make it victorious, have recommended Mr. Raynolds. He is a young man of sterling integrity and probity, of excellent family connections, fully competent in every respect, and now holds a confidential and responsible position in the First National bank at Las Vegas.
Among other candidates named is Otto L. Rice of this city, who, it is said, has the endorsement of a few men here, also that of an Ohio congressman, a couple of Illinois congressmen and one of the Illinois senators. How much more of a pull he has is not known. Raynolds came here about four years ago for the benefit of his wife's health and has been engaged in newspaper and clerical work. There are two or three dark horses browsing about, one of them a Santa Fe man, but the race seems to be with the swift in this case, and the swift horse reports would indicate, is James Wallace Raynolds; this is the New Mexican information from Washington and while of course the New Mexican cannot say if Mr. Raynolds will be appointed, news from Washington is that his chances are excellent.
Hon. Silas Alexander, ex-district attorney and who filled an unexpired term as secretary of the territory, is also a candidate for the secretaryship, it is understood.
W. M. Berger of this city, is also said to be keeping the wires hot in the effort to capture the very desirable position secretary of the territory of New Mexico.

U. S. Weather Bureau Notes.
Forecast for New Mexico: Fair and warmer tonight and Friday.
Yesterday the thermometer registered as follows: Maximum temperature, 40 degrees, at 4:00 p. m.; minimum, 17 degrees, at 4:45 a. m. The mean temperature for the 24 hours was 28 degrees. Mean daily humidity, 66 per cent. Temperature at 6:00 a. m. today, 28.
MINOR CITY TOPICS.

Exchange: B. Pettyjohn, Edith, Colo. James K. Pickler, Denver, Colo.; P. G. Murphy, Omaha; William B. Jackson, St. Louis.
The regular meeting of the Ladies' Guild of the church of the Holy Faith will be held on Friday afternoon with Mrs. L. B. Prince.
The heavy frost last night killed the last of the apricot and early peach blossoms. The apricot trees look as if flames had swept over the blossoms and charred them.
Mrs. H. O. Bursum yesterday morning presented her husband with a sprightly and pretty little baby girl. Mother and child are doing well and Father Bursum is a very happy man.
A special meeting of the board of trade will be held tomorrow evening to consider the petition to the department of the interior asking that the Fort Marcy reservation be sold.
William Simmons, one of the convicts at the penitentiary, who was shot yesterday morning while endeavoring to escape, is reported to be doing nicely today and there are slender hopes for his recovery.
A. Gray has temporarily taken charge of the Claire hotel during the absence of Fred Michaels in Denver. It is stated on the street that a number of changes may soon take place in the management of the Claire.
Palace: B. S. Rodey, Albuquerque; Ross McMillan, Santa Fe; Edwin S. Gleason, New York City; Mrs. Margaret McKee, New York; A. B. Burdick, Hudson; O. A. Vinton, Alamosa; J. Law, C. A. Carruth, Antonio; L. A. W. Sawyer, Chicago; Mrs. M. de Latest and son, California.
All committees have been appointed to make the necessary arrangements for the social hop to be given at the armory hall by the Santa Fe Glee club on Thursday, April 25. The committee on arrangements will meet on Saturday and will look after the decorations. The invitations will be issued on Monday.
Mrs. B. S. Caskill, of Girard, Kas., writes the New Mexican for information relative to Santa Fe, as it will be her pleasant duty to read a paper on Santa Fe before the Reading Club in her town. The New Mexican has, of course, complied with her request and hopes the subject will prove an agreeable one to her and to the Reading club.

PERSONAL MENTION
Hon. B. S. Rodey returned to his home at Albuquerque last evening.
Hon. B. M. Read is able to be about again after an attack of illness.
Miss Daisy Patterson, who has been seriously ill, is gradually improving.
A. D. Whitson, the Albuquerque music dealer, was homeward bound on last evening's Santa Fe train, after transacting business in this city.
Edwin S. Gleason and his grandmother, Mrs. Margaret McKee of New York, who spent some time this month at Albuquerque and in this city, left today for their home.
Mrs. W. A. Metcalf and daughter Miss Lucia, who have been guests at the sanitarium, left this forenoon for their home at Toledo, Ohio. Miss Estelle Metcalf will remain at the sanitarium for several weeks longer.
H. S. Lutz, the city agent of the Santa Fe railroad, is expected home from Las Vegas Hot Springs this evening, where he spent the past month for treatment of an attack of inflammatory rheumatism. Mr. Lutz will probably ask for a transfer to a station south of Santa Fe and at a lower altitude, as the high altitude of Santa Fe is thought to militate against his complete recovery and will remove from Santa Fe with his family.

Contributions to the Luna Memorial Fund.
The New Mexican has received and has forwarded to Chief Justice W. J. Mills, Treasurer of the Luna Memorial fund, \$6.00, namely: C. A. Siringo of Santa Fe, \$1.00; A. C. Campbell of Roswell, \$5.00.
It seems that the plan of the committee to send out circular letters for the purpose of obtaining subscriptions is not doing very well. The best way to obtain good results in such matters is to advertise them through the newspapers.

THE SHALAM COLONY NO MORE.

The Visionary Socialistic Scheme Proved to Be a Financial Failure.
The famous Shalam colony in the Mesilla valley in Dona Ana county, is no more. Judge F. W. Parker has decided the case of Andrew M. Howland vs. the 28 children to whom he had transferred the Shalam colony property several years ago under a deed of trust and the colony lands revert to Howland. He agreed to place the children in homes where they will be properly brought up. There were extensive buildings and improvements on the colony lands, but as a financial venture it proved a failure. A large sanitarium will now be built upon the lands.

Dr. Cobb to Investigate the Plague.
Dr. Cobb of the United States marine hospital and sanitarium, at Fort Stanton, Lincoln county, has been ordered by Surgeon General Wyman to proceed to San Francisco and make an exhaustive study and report on the bubonic plague situation. It is believed this action of the government is taken to secure impartial evidence of the true conditions there and reconcile differences of opinion in California between federal and state authorities.

Arbor Day Proclamation.
County School Superintendent John V. Conway today issued the following Arbor day proclamation:

I, John V. Conway, school superintendent of Santa Fe county, New Mexico, by virtue of the authority vested in me, do hereby proclaim Friday, the 19th day of April, 1901, as Arbor day, to be observed by all public schools and school teachers of said county.
The public teachers in the different school districts of the county are requested to see that said day is properly observed, and to see that the school children under their charge take an interest in beautifying the school grounds, streets and homes.
Given by me, this 15th day of April, 1901, at Santa Fe, New Mexico.
JOHN V. CONWAY,
County School Superintendent.
