CUBA IS NOW FREE

Island Turned Over at Noon.

Loubet is Visiting the Czar of Russia.

Private Telegram Says the Boers Voted for Peace.

PRESIDENTIAL NOMINATIONS.

Havana, May 20.—The natal day of the republic of Cuba found Havana arrayed like a queen. The entire population was reinforced by thousands of visitors from abroad. The transfer of control of the island to the Cuban government occurred exactly at noon. General Wood personally lowered the American colors, flying from the roof of the palace, which were saluted, and with his own hand hoisted the Cuban flag, as the act of the United States, the veteran General Gomez assisting. Senior Palma attached his signature to the document as president of the Cuban republic, after the exchange of congratulations.

General Wood and staff and the American troops embarked immediately after the hoisting of the Cuban flag and the American war ships steamed out the harbor.

At the time the transfer took place at Havana, General Whitehead at Santiago turned over his authority to his Cuban successor and sailed away with the American cavalry which has been a garrison there.

The actual transfer of the island occurred in the audience room of the palace. The chamber is today exactly as it was when the Spaniards departed, except that the portraits of the captains general which hung up on its walls are gone. They were taken back to Spain. Drawn up below, in the open space of the plaza, were eight dismounted troops of the Seventh cavalry with sabres at their heels. Their horses were already on board the steamer that was to take them back to the United States.

Shortly before 11:40 a. m. those who were to witness the ceremony began to arrive in carriages through a street kept clear by the police. All the naval officers were arrayed in full uniform and were resplendent with gold braid and plumed chapeaux. The Cubans generally wore black frock suits with white waist coats and pants. They formed a distinguished looking assemblage as they gathered in the audience chamber. The ceremony itself was brief and simple. After formal greetings, General Wood read the documentary transfer, pledging the new government to immediately proclaim its institution and the Platt amendment contained in the appendix, and undertake all obligations assumed by the United States with respect to Cuba by the treaty of Paris.

Congratulations of House.

Washington, May 20.—The house agreed to the conference report on the omnibus claims bill, which passes the measure. The emergency appropriation bill was passed.

Mr. Hitt of Illinois, sent to the clerk's desk the following resolution which was unanimously adopted: "Resolved, by the house of representatives that this house views with satisfaction and expresses its congratulations on the appearance this day of the Cuban republic among the nations of the world." The reading of the resolution was received with applause from all over the chamber, the galleries joining in the hand clapping.

FRANCE AND RUSSIA.

President Loubet Has Gone to Visit the Czar.

Cronstadt, Russia, May 20.—The French squadron, escorted by the armored cruiser Montcalm, having President Loubet on board, entered the harbor this morning. The imperial yacht, Alexandra, with the czar on board, arrived almost simultaneously. After President Loubet briefly reviewed the Russian fleet he was taken on board the Alexandra, where the greetings exchanged between the czar and Loubet were most cordial.

VOTED FOR PEACE.

So Says a Private Telegram Received in London.

London, May 20.—A private telegram was received here announcing the Boer conference at Vereeniging had voted for peace on the best terms procurable by a delegation to be sent to Pretoria to confer with Lord Kitchener and Lord Milner, the British high commissioner.

Presidential Nominations.

Washington, May 20.—The president today sent these nominations to the senate:

Marshals—William N. Hanson, the southern district of Texas, commencing July 1. Andrew J. Houston, eastern district of Texas.

Dr. Pearce at Home.

Dr. J. F. Pearce, who was a member of the committee who visited Washington in the interest of the military

post, returned to the city on the train this morning from the south. On leaving Washington, the doctor visited his old home in Maryland, and on concluding his visit there he returned to New Mexico via the Southern railroad, making brief stops at Atlanta, Montgomery City, Mobile and New Orleans, and thence through Texas to El Paso. The doctor, like Judge Baker and Mr. Marmon is of the opinion that Albuquerque will get the military post if it is located anywhere in New Mexico.

PATIENTS TOMORROW.

Sanitarium Will Receive Them—A Training School.

St. Joseph's sanitarium will begin to receive patients tomorrow although the formal opening of the institution will not take place until Decoration day. Four sisters arrived on Saturday and all are graduate trained nurses. This makes six sisters at the institution.

The sisters will at once open and maintain a school for training nurses in connection with the sanitarium. The school will be open to all denominations.

SOLD THE BONDS.

School Board Sold the Bonds at \$450 Premium.

The board of education in special session last night, accepted the bid of N. W. Harris & Co., of Chicago, for the purchase of \$22,000 of the school bonds with an option on the balance of the \$25,000. The bonds bear 4 1/2 per cent and a premium of \$450 is paid. Several other bids were received.

The matter of improvements was informally talked over and it was agreed that the four ward buildings must have new heating apparatus and the Second and Fourth ward buildings be enlarged.

WOOL AND SHEEP.

Recent Good Rains Encourage the Raisers and Buyers.

TALK WITH RANCHMEN.

J. H. Bearup, president of the Albuquerque Wool Scouring mills, who is kept on the move these days purchasing wool, left last night for the range out west. These mills are among the extensive purchasers of the southwest. Elias Garcia and Captain Woodhull, who are interested in raising and purchasing sheep, were noticed in smiles this morning. The fine rains in the adjacent mountains will bring forth good grass, and they have reports to the effect that lambing and shearing, now in progress, will come up to the average of the past few years.

The citizen mentioned the arrival home yesterday of Noa Ifield. Louis Ifield has also returned to the city. For the past month they were at their sheep ranch, which is located about eighty-five miles southwest of this city. "Lambing is fair," said Louis Ifield, "amounting to about 70 or 75 per cent. Shearing is good, our spring clip amounting to about 100,000 pounds. Just before lambing commenced, we felt a little discouraged on account of the severe wind storms. They subsided, showers of rain came and the discouragement passed away, hence lambing and shearing will equal the average for several years past. Stock of all kind in good condition; good, heavy rains recently, which promises fine summer pastures. Wool should be coming into the Albuquerque market in a few days."

William McIntosh, who was here the past few days on business, was scheduled to leave for his fine Chilli sheep ranches this morning. He expects to make a record in lambing this season, and says his spring clip of Merino wool will amount to nearly 200,000 pounds.

HENNESSY LEROYLE.

And "Other People's Money" Captured Albuquerque Last Evening.

It was a large and a delighted audience that left Colombo hall last night after two hours of continuous laughter at "Other People's Money" as given by Hennessy Leroy and his clever company. Fortunately the company has an open date for tonight and it will be repeated. That a large audience will greet it goes without saying, for each one present last evening has been a walking commendation today. The play has a bright plot and is continuous, clean fun from the time the curtain rises on the first act until it drops at the end of the third. Mr. Leroy as Hutchinson Hopper, the Chicago speculator, afraid of his wife, fond of all other ladies and trapped in his own game, is a host in himself. His support is uniformly excellent and there is not a weak spot in the cast. Miss Gertrude Norman as Mrs. Hopper is delightful in her temper and Miss May Sargent as the innocent young woman is admirable. Her farewell to Mr. and Mrs. Hopper is an exquisite bit of stage work. Leola May as Hopper's daughter, was charming while the men were strong in their parts.

It was the best thing that has been seen in Albuquerque for many a day and it was handsomely costumed. Manager Matson is to be congratulated on securing it and he and the company deserve a crowded house tonight. The curtain will rise promptly at 8:30.

Will E. Talbott has gone to Cleburne, Tex., to accept a good position in the office of Superintendent Robins of the Colorado, Gulf & Santa Fe.

SECOND ERUPTION

A Narrow Escape of American Sailors.

Burying the Dead at Frater-ville Mines.

Four Were Killed on a Construction Train Wrecked.

WATERSPOUT IN KENTUCKY.

Fort De France, Monday, May 19.—The expedition sent to recover the bodies of the American and British sailors at St. Pierre, today nearly resulted in a fearful horror. The vessels taking part in the expedition were the United States steamer Potomac and the British cruiser indefatigable. The Potomac, under command of Lieutenant Benjamin B. McCormick, arrived first, and at 11 o'clock in the morning landed working parties. One party went west to the American consulate, and the other, headed by Lieutenant McCormick, went to the north end of town, where the British consulate stood. The lieutenant noticed a huge column of smoke and gas pouring out of Pelee's crater. He rushed to the site of the American consulate and ordered all hands to the boats. The American sailors picked up the heavy metallic coffin, containing the remains of United States Consul Thomas T. Frentis, and carried it to the boat. The American party was in imminent danger. Meanwhile the indefatigable arrived off St. Pierre but left the shore, heading for the sea and blowing her siren. A huge stream of molten matter was pouring into the sea and the whole sea was hideous, having turned a yellow green color; while what was apparently smoke was rushing from the mountain. The detonations were continuous and accompanied by a fearful storm of lightning, thunder and rain. New craters opened in Mont Pelee. Fortunately the wind kept the clouds of smoke and gas from enveloping the American and British warships or the working party. The coolness and courage of the American sailors were most noteworthy. The volcanic mountain is apparently in greater activity.

Severe inundations at Basse Pointe, on the northeast coast of this island, at 2 o'clock this morning, swept away twenty houses. Fifty other buildings were damaged by the flowing mud which swept over the valley De La Riviere. There was no loss of life. Access to the ruins of St. Pierre is still almost impossible, owing to the intense clouds of cinders sweeping over the stricken town.

At It Again.

St. Thomas, D. W. I., May 20.—At 6 o'clock this morning heavy detonations were heard from the southeast direction, in which Martinique lies, surpassing those of May 7.

THIRTY-FOUR BODIES.

Are in An Old Store Ready for Burial in Tennessee.

Coal Creek, Tenn., May 20.—This morning the bodies of thirty-four victims of the terrific explosion at the Fraterville coal mine yesterday lay in an old supply store ready for burial today.

The identified dead whose bodies are recovered and those known to be still in the mine and supposed to be dead, number 187.

FOUR MEN KILLED.

Construction Train on the Choctaw, Oklahoma & Gulf Wrecked.

Ardmore, I. T., May 20.—A construction train was wrecked this morning twelve miles east of Ardmore on the Choctaw, Oklahoma & Gulf road. Four men were killed, seventeen seriously injured and four fatally.

The dead are: Charles A. Black, Tishomingo, I. T.; James Dolan, Fort Smith, Ark.; J. R. Gaines, residence unknown; and Jim Hoegood, Tishomingo, O. T.

Waterspout in Kentucky.

Cincinnati, May 20.—At Lewisburg, near Covington, Ky., a waterspout today swept away a house with all its occupants and took others in its course. Eight lives are reported lost.

NEED WATCHING.

A Man, Who Issued Bogus Checks, Coming This Way.

R. Walker is issuing bogus checks among the merchants of this city, or was until yesterday when he left for the south. He issued small checks to the amount of \$20, signing the name of W. C. Carroll, a person who does not exist. No effort will be made to bring him back here. Santa Fe and Albuquerque will do well to watch out for him.—Optic.

Murder on Mesalero Reservation. Last Thursday on the Mesalero Apache reservation in Otero county, an Indian named Tobacco was killed by two Indians named Machete Negro and Jack Tortier. Machete, years ago, when Major W. H. H. Llewellyn was Indian agent at Mesalero, took a shot

at Llewellyn, but failed to hit him. Tobacco was an ex-chief. The murderers have fled into the mountains.

Nina Chavez' Funeral.

The funeral services of Miss Victoriana Chavez were held this morning from the church of Immaculate Conception. It was an unusually well attended funeral and a large number of friends accompanied the remains to the cemetery.

THEY ARE IMPROVING.

Brown and Cora Miller Reported Getting Along Nicely—Are They Married?

Dr. Carna, who is attending James Brown and Cora Miller at their lodging house on North Third street, reports the victims of Sunday morning's attempt at murder and suicide, as getting along nicely. Last night Brown showed a weakness about his lungs, caused from a collection of blood thereabouts, but rests well and today shows symptoms of pulling through all right. Marshal McMillin still maintains a guard over Brown, and, as soon as he can be removed, he will be taken to the city building.

It is now stated, as an absolute fact, that Brown was united in marriage to the woman, and some of his friends say that the ceremony was performed in this city on February 10 last.

The Union revival meeting was held in the Lead Avenue church last night instead of in the tent. This was for the comfort of the people. Tonight the service will be in the tent as usual. Everybody invited. Remember that tomorrow night Merten Smith speaks to men only.

J. M. Muggsley, who was at Los Angeles the past two weeks, has returned to the city.

IN DISTRICT COURT.

Judge Baker is Disposing of Cases Rapidly.

CASES FILED AND TRIED.

This morning the case of C. W. Kunz against Joe Badaracco on an account for \$98.50 was heard by Judge Baker before a special jury selected for the trial of this particular case. The only question involved was whether or not the account had been agreed to and acquiesced in by the defendant. The jury gave a verdict for the plaintiff for \$119.

In the case of R. R. Ripley against the Cochiti Gold Mining company, H. P. Over presented an amended intervening petition of the Navajo Gold Mining company and leave was given to file it.

The suit of Myra M. Frost against Paul Frost and others, a decree was granted as prayed for.

In the case of Charles Chadwick & Co. against L. B. Denham, leave was given to file a substituted answer.

A number of new suits were filed. George W. Johnston, as administrator of the estate of J. A. Finical, commenced a suit against Mrs. Martha Finical, sole heir, to subject the real estate to the payment of debts. The debts aggregate \$3,011.09 and the personal property amounts to but \$2,112.

Antonio Morelli asks divorce from Leucote Lenti de Morelli, on the ground of abandonment.

Matilda Schlereth, as administrator of George Schlereth, commenced action against Frank Schlereth and Frank McKee, trustee, to subject property of the deceased to the payment of a mortgage.

A foreclosure suit on a note for \$500 was brought by J. A. Henry against Tomas A. Guerelle.

J. M. Sandoval sued Bernadillo county for fees amounting to \$763 alleged to be due for assessments made on land now situated in McKinley county.

LIVE VOLCANO.

It is Located in McKinley County, Near Gallup.

McKinley county has the only live volcano in New Mexico. It is about 18 miles northeast of Gallup. Smoke arises all the time and the ground is very hot in the vicinity. There has been no increase of smoke or heat for many years. Since the cataclysm in the island of Martinique it may be just as well not to boast of our small volcano. There are several craters of extinct volcanoes in eastern portion of the county. From one of them north of Bluewater the lava beds extend 125 miles south. Scientists who have examined the western part of New Mexico claim that it was once inhabited by millions of people who were destroyed by fire in the same manner in which so many people lost their lives last week in the West Indian islands. If anybody wants a live volcano this one can be had for the location.—Gallup Republican.

Whooping Cough at Santa Fe.

Felix Gallegos, aged one year and two months, son of Atanasio Gallegos, died last night of whooping cough. The funeral took place this afternoon. Santiago Escudero, one and a half years old, died this morning of whooping cough. He was the son of Francisco S. Escudero. The funeral will take place tomorrow.

Ignacia Sandoval, widow of the late Elias Vigil, died yesterday. She was 75 years old. The funeral took place this morning from the cathedral. Interment was made at Rosario cemetery.—New Mexican.

A REVISED LIST

Two Hundred Killed or Injured.

Gaynor and Greene Are in Custody.

Beef Trust.

THE SENATE.

Goliad, Texas, May 20.—Ninety-two

dead and 103 injured is the result of the terrible work of Sunday's tornado. This historic little city was literally swept from end to end by the rushing winds and 150 houses were razed to the ground by the shock.

A revised list of dead among the white people follows:

Pinkie V. Lott, aged 2 years, daughter of W. W. Lott; Marguerite Pope, aged 4, daughter of Amy G. Pope; Mrs. Mattie Johnson, aged 60; Mrs. J. J. Stople, aged 50; Sidney Stople, aged 18; Owen Stople, aged 9; Miss Myra Hord, aged 11; Susie Hord, aged 20; John Agerstein; Marvin Agerstein, aged 17; Alice Maddox, aged 17; Ruby Maddox, aged 3; infant 3 weeks old; Mrs. J. G. Hurt, aged 50; Olive Hurt; Mrs. Mary Harbison, aged 45; Reginald Harbison, a boy; S. W. Dially; V. R. Savage, aged 5; Joseph Savage, aged 8; Mrs. Smith, Rockport, Texas; Mr. and Mrs. J. T. Casey; Matt Casey, aged 18; P. Harring, Sr.; Joel Agerstein, child; Alvin Agerstein, child; Ruby Agerstein, child.

The remainder of the dead are negroes. Of the hundred or more injured it is believed twenty will die.

In response to the appeal of Governor Sayers, subscriptions were raised in many of the larger cities and food and other necessities are now on their way to Goliad. The Southern Pacific officials announce the road will transport all supplies free of charge.

Reports from various portions of the state show the damage by the storm was widespread. Two churches were wrecked at Shiloh and several houses were demolished. At Ben Hur three houses were destroyed and three persons are reported killed there. John Gorman was seriously injured at Thorndale, where several houses were wrecked. Sandoval and Fairfield report severe damage from the storm, and many buildings wrecked. Truck gardens suffered at many points in eastern Texas.

WERE SENT BACK.

Gaynor and Greene Remanded to the Care of the Sheriff.

Quebec, May 20.—Gaynor and Greene after a hearing before Judge Andrews, were today remanded to the care of the sheriff of Quebec and with two detectives to keep watch over them, have returned to the Chateau Frontenac.

INJUNCTIONS ISSUED.

Fight Against the Beef Trust Was Commenced Today.

Chicago, May 20.—The first engagement open between the United States government and the packers known as "Big Six" began at 2 o'clock today when United States District attorney S. H. Bethea, before Judge Grosscup in United States circuit court, made a motion for a temporary restraining order. Attorney for the packers offered no objection and it was granted.

In Kansas City.

Kansas City, May 20.—John W. Henry of the circuit court here today issued a temporary order on the request of Attorney General Crow, restraining Nelson Morris & Co., packers, from fixing the price of meats or from working in conjunction with the beef trust, so-called. The order was sought because the attorney general doubted whether the quo warranto proceedings instituted last night at Jefferson City against the other packers could be maintained against a co-partnership, such as Nelson Morris Company.

The Senate.

Washington, May 20.—The resolution offered by Mr. Stewart of Nevada, providing a compilation of all treaties, regulations and laws relating to Indian affairs be made, was adopted in the senate. Consideration of the Philippine government bill was resumed. Mr. Bacon of Georgia, addressing the senate in opposition.

THE WRONG MAN.

Deputy Sheriff Overhuls of This County Makes a Mistake.

Deputy Sheriff Joseph Overhuls of Bland, was in Santa Fe on Saturday on the trail of a man wanted in Arkansas and at Wichita, Kas., for murder and other crimes and for whose capture a reward of \$3,800 is offered. Overhuls pounced on an unoffending picture agent who is traveling through this section soliciting business for picture frames and photograph enlargements, as the man wanted. It took some time and explanation to convince the deputy sheriff that he had arrested the wrong man, but with the aid of City Marshal Cicero Weidner this was done

and the hope of securing a reward of \$3,800 went a-glimmering.—New Mexican.

LOCAL PARAGRAPHS.

Mrs. H. L. Knobl and daughter, who were here during the winter for the health of the little girl, left this morning for their home in Chicago. Mrs. Louisa Thomas and Mrs. Ross Merritt were at the depot to see the lady and daughter safely on the east-bound passenger train.

Howard Maxwell, special agent of the Mutual Life Insurance company, and Darby Day, the manager of the company for New Mexico, left the city on a business trip last night. They will be absent a week or ten days.

Mrs. A. D. Whitson, of the Whitson Music company, who visited the towns along the Santa Fe Pacific in the interest of the above company, has returned to the city. She reports taking several orders for pianos.

Last night Merten Smith preached on "Five Bible Pictures" of God's way of salvation. His method is by God's own sacrifice, as man can not save himself. Several more decided to begin the Christian life. The number of those deeply interested is increasing.

HE DRANK LYE.

A special dispatch to the Denver News, from Capitan, date of May 18, says:

Demencio Gregio, a prisoner in the jail at Lincoln, committed suicide this morning by drinking concentrated lye.

Gregio was sentenced at the April term of the district court of this county to one year in the penitentiary, for horse stealing. He left a letter stating that he was implicated in some misdoings in the northern part of the territory, to which death was preferable to facing.

PROMOTIONS MADE.

Fire Department Officers Confirmed by the Council.

RIGID ECONOMY NECESSARY.

The city council met last night in regular session and Lou Hanlon was made captain of the fire department to fill the vacancy caused by the death of Eugene Sutherland. Irvin Hale was made lieutenant and Virgil Scott, who has been serving as extra man, was made driver. Acting Chief Hubbs has had seven fires since he took charge.

The finance committee estimate that the expense for the year will exceed the income by \$5,000, based on last year's expenses. The committee, through Alderman Grunfield, recommended economy. Mayor Myers spoke of the need of rigid economy and instructed the committee to formulate a plan whereby the city may hedge in its expenses.

The dyke on the Highlands near Railroad avenue has been completed and a flume to carry off flood waters was ordered built at the corner of Broadway and Silver avenues. Adverse action was taken on the petition to extend the water main on North First street from Copper avenue to Tijeras road on the ground the city is not in a position to stand the expense. Property owners on East Railroad avenue between Walter and Hill streets, asked that the street be graded and a cement sidewalk be laid on the south side of the street. The pavement was ordered but the city is not able to grade the street.

An ordinance was passed placing all houses of ill fame within one mile of the city limits under the jurisdiction of the city officers.

Another ordinance was passed making it a misdemeanor to keep more than fifteen gallons of explosive oil within the city limits. It will not be a misdemeanor if the building in which it is kept is not within fifty feet of any other building.

The recent fires on the viaduct caused a discussion and it was urged the railroad company take measures to protect the floor.

John H. Stingle was appointed a member of the library commission from the Second ward, vice H. F. Raynolds, who has resigned.

COLONEL LEO.

On a Visit to the City—Was Here Years Ago.

Colonel T. C. Lebo, the commanding officer of the Fourteenth United States cavalry, with headquarters at Fort Grant, Ariz., is at the Alvarado for a few days. He will go from here to Fort Wingate on an official visit and on his return will make a short stay again in Albuquerque. Colonel Lebo was in Albuquerque in the early 70s with a troop of the Tenth United States cavalry, acting as escort to the engineering party of the Atlantic & Pacific Railroad company and was then a lieutenant. The other officers with the troop were Captain Viele, Lieutenant Prior and Assistant Surgeon Arms. Viele is retired and the others are out of the service. Colonel Lebo had served in the Philippines about a year when he received his promotion to the Fourteenth—one of the new regiments, and a troop of which was at Albuquerque during the fair last fall from Fort Wingate. The colonel's visit here is one of extreme pleasure, and—well, the event, it is reported, will occur some time in the coming August.

B. B. Spencer, of Eastview, is in the city on business.

Cuba today becomes an independent
republic.

New Mexico and Oklahoma will be
republican states, and Arizona may be
in the doubtful class.

Every public spirited citizen of New
Mexico and Arizona should write let-
ters to senators urging the passage of
the statehood bill for the three terri-
tories.

Through the energy of Delegate
Rodey this city may soon have a gov-
ernment building. The bill has passed
the house and should meet with no op-
position in the senate. The building
will cost \$100,000.

There is imperative necessity for re-
duction of city expenses. It is esti-
mated by the finance committee of the
city council that the expenses for the
present year will exceed the receipts
by \$5,000.

To possible presidential candidates:
If you expect future political favors
from New Mexico, Arizona and Okla-
homa, now is the time to get in line
to receive the friendship of these fu-
ture states. Help pass the statehood
bill.

Those who are insisting that the vol-
canic eruption at St. Pierre that de-
stroyed thousands of lives was a mani-
festation of God's wrath will hardly be
able to explain that the only one in the
city who escaped death was a murder-
er confined in a dungeon.

The Oklahoma world's fair commis-
sion will ask the legislature which
meets in January, 1903, to appropriate
\$30,000 more for preparing Oklahoma's
exhibit for the world's fair of 1904.
This will give Oklahoma \$50,000 to put
up her building and make an exhibit
of her resources.

Here is the way a Kansas man con-
fessed at a revival meeting last week.
He had been pressed to repent, and
finally got up and said: "Dear friends,
I feel the spirit moving in me to talk
and tell what a bad man I've been, but
I can't do it while the grand jury is
in session." "The Lord will forgive
you," shouted the preacher. "I guess
that's right," said the penitent, "but
He ain't on the grand jury."

The output of steel by the United
States Steel corporation, the so-called
steel trust, was nearly double that of
all Great Britain during the year end-
ing May 31, 1902, and 50 per cent
larger than that of Germany. And yet
there was a time in this country, when
men of middle age can remember,
when the prediction was freely made
that we should never learn to make
steel cheaply enough to compete with
England.

THAT MAMMOTH.

Now comes the startling information
that the university students have un-
earthed the remains of a mammoth in
Tijeras canyon. The president of the
university and the professor of geology
would no doubt be grateful if some one
should rise to explain what kind of a
"critter" a mammoth is anyhow.—
Journal-Democrat.

For the information of the voracious
young writer on the Journal-Democrat,
the following information from the dic-
tionary is given of a mammoth: "A
very large extinct (Pleistocene) ele-
phant (Elephas primigenius) closely
resembling the Indian elephant, with
coarse outer hair and close woolly un-
der hair and enormous tusks, usually
much curved. Remains of mammoths
have been found in the northern parts
of both hemispheres, in some places,
as in northern Siberia, imbedded in
ice, with the flesh, skin and hair in-
tact."

PASS THE BILL.

Information from Washington gives
assurance that the omnibus statehood
bill will pass the senate if it can reach
a vote this session. There appears to
be a safe majority in the senate for
the measure.

This being the case, why cannot the
senate committee on territories report
the bill in the first week in June and
pass it then and there.

If the bill passes at this session of
congress the three territories could
hold their constitutional conventions
this summer and elect their state offi-
cers at the general election in the fall

and the whole statehood machinery
put in working order with the least
possible expense.

If the bill is put off till the short ses-
sion of the senate next winter and then
passed, all the work of holding an elec-
tion in 1903 for state officers would en-
tail large additional expense. If the
bill meets with favor in the senate,
why not call it up now and pass it,
and give the people of the three terri-
tories ample time to get in working or-
der as states before the presidential
election of 1904?

Holds Up a Congressman.

"At the end of the campaign," writes
Champ Clark, Missouri's brilliant con-
gressman, "from overwork, nervous
tension, loss of sleep and constant
speaking I had about utterly collapsed.
It seemed that all the organs in my
body were out of order, but three bot-
tles of Electric Bitters made me all
right. It's the best all-around medi-
cine ever sold over a druggist's coun-
ter." Overworked, run-down men and
weak, sickly women gain splendid
health and vitality from Electric Bit-
ters. Try them. Only 50c. Guaranteed
by all druggists.

Deputy Sheriff William Voyce and
Charles Howell of Gila county arrived
at Phoenix with Verdugo Gonzales,
who Thursday evening shot and killed
Eugene Packard, in Tinto Basin. Gon-
zales was captured at Fort McDowell
settlement Sunday night. He claims
that the shooting was in self defense,
though Packard was shot through the
breast, and evidently from the back of
his horse, his rifle being found in his
scabbard. Gonzales was a roustabout
at the sheep camp, and Packard was a
cattleman.

Like a Drowning Man.

"Five years ago a disease the doc-
tors called dyspepsia took such hold of
me that I could scarcely go," writes
George S. Marsh, well known attorney
of Nocona, Texas. "I took quantities
of pepsin and other medicines but
nothing helped me. As a drowning
man grabs at a straw I grabbed at
Kodol. I felt an improvement at once
and after a few bottles am sound and
well." Kodol is the only preparation
which exactly reproduces the natural
digestive juices and consequently is
the only one which digests any good
food and cures any form of stomach
trouble. J. H. O'Reilly & Co.; B. H.

ONE WORD IN TIME.

Is Better Than Two Afterwards—A
Chance to Profit by a Kansas
City Man's Experience.

It is a strange thing how people will
put away an opportunity until too late;
its only little things that go to make
up our every day existence; the trouble
is we don't pay sufficient attention
to them. Backache is a little thing.
Some times it comes after a hard day's
work or a slight cold. It will pass off
you say; it's only the result of over-
taxing my back. It isn't the fault of
your back, but your kidneys. The ex-
ertion or straining has interfered with
their delicate mechanism. You call it
back ache, but it really is kidney ache.
If the kidneys are not relieved, chronic
disorders set in, and there is where
the "little thing" should not be passed
over. A Kansas City man has learned
to appreciate what delay means.

Mr. James Egan, of 1612 St. Louis
avenue, Kansas City, Mo., employed by
the Abernathy Furniture company, says:

"I first felt kidney complaint six or
seven years ago. I paid little atten-
tion to it, but it kept growing worse,
and any slight pain caused severe pain
across my back. In my work it great-
ly inconvenienced me and I could not
rest at night, but rolled and tossed
about so that when morning came I
was as tired and unrefreshed as the
night before. I took every kind of med-
icine I knew of, but that was recom-
mended to me, but without relief, until
I used Doan's Kidney Pills. I soon no-
ticed a decided improvement and con-
tinued the treatment until the back-
ache disappeared; my general health
improved and I felt better than for
years."

Just such emphatic endorsement can
be had right here in Albuquerque.

What is Foley's Kidney Cure?
Answer: It is made from a prescription
of a leading Chicago physician,
and one of the most eminent in the
country. The ingredients are the purest
that money can buy, and are scientifically
combined to get their utmost
value. Alvarado Pharmacy.

Will Play in El Paso.
The base ball season, that is con-
tested with out of town teams, will be
formally opened at Washington Park
June 1, when the Albuquerque team
will contest with the El Paso Browns.
The Albuquerque club is reputed to be
a strong organization, having de-
feated some of the best nines in New
Mexico and Arizona. The Browns ex-
pect to be in splendid form for the
game and a spirited contest is prom-
ised.—El Paso News.

No Loss of Time.
I have sold Chamberlain's Colic,
Cholera and Diarrhoea Remedy for
years, and would rather be out of coffee
and sugar than it. I sold five bot-
tles of it yesterday to threshers that
could go no farther, and they are at
work again this morning.—H. R.
Phelps, Plymouth, Oklahoma. As will
be seen by the above the threshers
were able to keep on with their work
without losing a single day's time. You
should keep a bottle of this remedy in
your home. For sale by all druggists.

It is reported that the Canadian Pa-
cific railroad will soon begin to work
on a vast irrigation project in the
northwest territories, which are re-
ceiving a considerable number of set-
tlers from the United States.

You never heard of any one using
Foley's Honey and Tar and not being
satisfied. Alvarado Pharmacy.

pany, the large wholesale hardware
firm of Albuquerque. This firm is cred-

ited with having the most complete

stoves, ranges, tin and granite ware,
mowers and rakes, pumps, iron pipe
and pipe fittings, mine and mill sup-
plies of any house between Denver and
San Francisco.—San Marcial Bee.

Foley's Money and Tar is peculiarly

hoarseness. Alvarado Pharmacy.

Sciatic Rheumatism Cured After Four-
teen Years of Suffering.

"I have been afflicted with sciatic
rheumatism for fourteen years," says
Josh Edgar, of Germantown, Cal. "I
was able to be around but constantly
suffered. I tried everything I could
hear of and at last was told to try
Chamberlain's Pain Balm, which I did
and was immediately relieved and in a
short time cured, and I am happy to
say it has not since returned." Why
not use this liniment and get well? It
is for sale by all druggists.

Bitten by a Skunk.
While asleep in his tent, one night
last week, Manuel Valerio, a herder on
Charles Schleter's ranch, was bitten
over the right eye by a skunk. The un-
fortunate man was at once brought to
town, where he has since been under
the care of Dr. J. C. Slack. The wound
was badly poisoned and the flesh was
dropping away from it. It has been
growing worse and it is feared may de-
velop into hydrophobia. However,
every effort is being made to stay the
action of the poison.—Clayton Enter-
prise.

A Lesson in Health.
Healthy kidneys filter the impurities
from the blood, and unless they do this
good health is impossible. Foley's Kid-
ney Cure makes sound kidneys and
will positively cure all forms of kidney
and bladder disease. It strengthens
the whole system. Alvarado Pharmacy.

Lower Telegraph Rates.
The Western Union Telegraph com-
pany has decided to make very exten-
sive changes in rates on June 1.
Through New Mexico, Colorado, Ariz-
ona minimum rate will be 50 cents
and 3 cents for each word over 10, on
day messages, and 40 cents for night
messages and 3 cents for each extra
word over 10. In the squares of 1163,
1181, 1193, 1216, 1218, 1219, 1231 and
1241, which includes a very long list
of offices in California, rates will be 60
cents and 4 cents on day messages and
50 cents and 3 cents for night mes-
sages. The above reduction applies to
non-competing as well as competing
offices, and give telegraphic patrons
the benefit of from 20 to 33 1/3 per cent
reduction.

Whooping Cough.
A woman who has had experience
with this disease, tells how to prevent
any dangerous consequences from it.
She says: Our three children took
whooping cough last summer, our baby
boy being only three months old, and
owing to our giving them Chamber-
lain's Cough Remedy, they lost none
of their plumpness and came out in
much better health than other children
whose parents did not use this remedy.
Our oldest little girl would call lustily
for cough syrup between whoops.—Jes-
sie Pinkey Hall, Springfield, Ala. This
remedy is for sale by all druggists.

Little Water for Irrigation.
W. W. Follett, of the international
boundary commission, says that the
outlook is not at all promising for
water for irrigation and other purposes
to be derived this season from the Rio
Grande. Two representatives of the
commission are stationed up the river,
one at San Marcial, the other in the
Española valley. The river is espe-
cially low at San Marcial, while in the
Española valley there is but a medium
flow. The last report from there stat-
ed that only 500 cubic feet of water
each second was passing there. The
ditches north of here will utilize far
more than that amount. It is reported
that all the mountain snows have melt-
ed, which makes the situation even
more unpromising.

Coming From London.

teral, writes, Captain Jack Crawford
that he will visit him in San Marcial
in a few weeks. Mr. Boyle is one of
the largest holders of mining property

ON FIRE.

An exploding lamp; the clothing is
a blaze; a paragraph in the paper tell-
ing of horrible suffering from burns.
Tragedy in this form moves a man to
tears. But for women who are
daily being consumed by the
smouldering fire of disease there is
little sympathy.

Inflammation,
with its fierce
burning; ulcer-
ation, eating into
the tissues; the
nervous system al-
most shattered by
suffering, these
are only part of
the daily agonies
borne by many a
woman.

Dr. Pierce's Fa-
vorite Prescription
puts out the fire
of inflammation,
heals ulceration,
and cures female
weakness. It tran-
quilizes the nerves, restores the appetite,
and gives refreshing sleep. "Favorite
Prescription" is the most reliable put-up
medicine offered as a cure for diseases
peculiar to women. It always helps.
It almost always cures.

"When I first commenced using Dr. Pierce's
medicines," writes Mrs. George A. Strong,
of Geneseeville, Spaulding Co., N. Y., "I was suffer-
ing from female weakness, a disagreeable drain,
bearing-down pains, weak and tired feeling all
the time. I dragged around in that way for two
years, and began taking your medicine. After
taking first bottle I began to feel better. I took
four bottles of Dr. Pierce's Favorite Prescription,
two of 'Golden Medical Discovery,' one
bottle of 'Pleasant Pellets,' also used one
bottle of Dr. Sage's Catarrh Remedy. Now I
feel like a new person. I can't thank you
enough for your kind advice and the good your
medicine has done me."

Dr. Pierce's Common Sense Medical
Adviser, paper bound, is sent free on
receipt of 21 one-cent stamps to pay
expense of mailing only. Address Dr.

In the Klondike, controlling a stretch
of placer ground ten miles in length
and one mile wide on either side of the
river. He also owns valuable claims
on Quartz creek. His recent trip to
the British metropolis was to take legal
steps to dislodge some parties who
jumped some of his Klondike holdings.
Mr. Boyle tells Captain Jack that he
comes to inspect the latter's copper
and lead properties at Grapevine and
his copper claims in the South Oscuras
and is prepared to advance the capital
for the immediate development of the
same, should conditions warrant the
undertaking of the work.

Reveals a Great Secret.
It is often asked how such startling
cures, that puzzle the best physicians,
are effected by Dr. King's New Dis-
covery for Consumption. Here's the
secret. It cuts out the phlegm and
germ-infected mucus, and lets the life-
giving oxygen enter and vitalize the
blood. It heals the inflamed, cough-
worn throat and lungs. Hard colds
and stubborn coughs soon yield to Dr.
King's New Discovery, the most infal-
lible remedy for all throat and lung
diseases. Guaranteed bottles 50c and
\$1.00. Trial bottles free at all drug-
gists.

Dr. J. F. Pearce, who was a member
of the delegation to visit Washington
recently, is expected home in a few
days.

**Won't Follow Advice After Paying
For It.**

In a recent article a prominent phy-
sician says: "It is next to impossible
for the physician to get his patients to
carry out any prescribed course of hy-
giene or diet to the smallest extent;
he has but one resort left, namely, the
drug treatment." When medicines are
used for chronic constipation, the most
mild and gentle obtainable, such as
Chamberlain's Stomach & Liver Ta-
blets, should be employed. Their use is
not followed by constipation as they
leave the bowels in a natural and
healthy condition. For sale by all drug-
gists.

HORRIBLE DEATH.

An Insane Surveyor Wanders Off to
Die of Hunger and Thirst.

ON THE BLEAK DESERT.

A letter received from J. P. Fay, a civil engineer, by John McMillen, of San Bernardino, brings the particulars of the horrible manner in which John A. Adams, who until recently was a deputy under County Surveyor M. L. Cook, met his death while on a surveying trip on the Colorado desert, says the Sun. In giving an account of the tragedy, Mr. Fay in his letter says:

"We were out on the desert prospecting for gold when the accident happened. An Indian whom we had employed to show us where to find water on the desert, while mounting his horse caught his foot in the stirrup and fell on his back, and the horse started to run with the Indian hanging to the stirrup by his foot. As the ground was covered with jagged rocks the Indian would have been killed in a very few moments had not Mr. Adams run up and grabbed the horse by the bit. The horse, now wild with fright, reared and plunged, and Mr. Adams was twice thrown on the rocks and once the horse struck him with its feet, but he still gripped the bit, until Mr. Adams and I succeeded in getting the Indian loose. After all the danger was over, Mr. Adams sat down upon a rock and began laughing, and when asked if he was hurt replied, 'Oh, no.' I'm only a little tired, but I guess you will have to help me set this arm." It was then that we discovered that he had broken his arm. And it was then that we found that that man had more grit than any other man who ever had a broken arm, for, taking a rope and knotting one end around his wrist and the other end around a rock, he placed one foot against the rock, he pulled that broken arm into place and held it there until we could bind some sticks on it to keep the broken member straight. We then started for Yuma, Mr. Adams riding some twenty-five miles that afternoon and never once complaining, although we could see by his drawn features that he was suffering intense pain. About dark we camped for the night and within an hour the sick man was out of his head and raving like a maniac. By using cold water on his arm and head we at last succeeded in getting him quieted down, though he was for some time restless, and kept talking in his sleep. About midnight he had settled into a sound sleep and I, who was then watching, decided to try to catch a short nap. For this I shall never forgive myself, for shortly after I had dozed off—I only slept about an hour—Mr. Adams arose and left without waking any of us. As soon as we discovered that he had gone, we made every effort to find him, but could not do much until daylight, when we found his tracks in the sand. These we followed for some thirty miles that day. At times he would stop and take off his shoes and walk or run for perhaps a half mile, and would then stop and put on his shoes again. It was easy to see he did not know where he was or what he was doing, as he would sometimes travel around in a circle. We followed the tracks all that day and until about 9 o'clock the next day, when we came to a hard, rocky place, at the foot of some rocky hills. Here we lost the track entirely and try as we would we could not find it again. For three days we searched those hills over, but not a trace of the man could we find, though we well knew that somewhere within a radius of twenty or thirty miles lay the dead body of one of the bravest men that ever lost his life in that great death trap, the Colorado desert."

CORONER'S VERDICT.

In the Recent Double Killing at Tucumcari.

The following are the coroner's verdicts in the recent killing at Tucumcari:

Tucumcari, N. M., May 11, 1902.—We, the undersigned, coroner's jury, empaneled to investigate the death of L. K. Smith, find that he came to his death at the hands of J. D. Eakin without cause or provocation.

Tucumcari, N. M., May 12, 1902.—We, the undersigned, jury in an inquest held on the body of one Joe Stewart, deceased, held in Tucumcari, Guadalupe county, New Mexico, on the above date, return the following verdict: That deceased, Joe Stewart, came to his death from the effects of a shot fired from a shot gun in the hands of one Louis Fontville on the night of the 19th of May, 1902, in the town of Tucumcari, N. M.

The Pathfinder, published at Tucumcari, in its article regarding the shooting and killing, says:

"Saturday night, between 11 and 12 o'clock, a shooting occurred in Melini & Eakin's wholesale establishment, in this town, in which L. K. Smith, one of the proprietors of the Loyal Tender saloon and president of the Tucumcari Townsite company, was instantly killed, and Joe Stewart, mortally wounded. J. D. Eakin, junior member of the firm of Melini & Eakin, had opened on that night a retail establishment in conjunction with their wholesale business, and called the same the 'Alvarado Club bar.' About the time above mentioned Mr. Smith came into Mr. Eakin's saloon, accompanied by some other parties, and called for the drinks which were served to him, and when he paid for them he remarked in a joking way, so we have been informed, 'That's pretty cheap, ain't it?' not showing any anger in his language. Mr. Eakin answered, 'Yes, and I pro-

pose to keep it so." Almost instantly Eakin pulled his gun from behind the counter and fired, striking Mr. Smith, who fell dead instantly. In the excitement that followed it is reported that Louis Fontville, who was helping Eakin behind the bar, got hold of a double barreled shot gun and fired, mortally wounding Joe Stewart.

May Weather at Santa Fe.

"The finest climate in the world," so says the New Mexican, when speaking of the climate of Santa Fe, had a tough experience Sunday and yesterday. The New Mexican says:

Sunday afternoon, after a decided fall in temperature, a mixture of sand, snow, hail and rain blew over Santa Fe for half an hour. The precipitation was of great benefit, lightning and thunder accompanied the storm. This morning the mountains to the east and north were well covered with snow.

There was a slight snow flurry this morning, but toward evening the sky cleared up. The storm of yesterday and last night was general over a large area of the United States. The precipitation at Santa Fe yesterday was .26 of an inch. There was a heavy frost this morning, the temperature being down to 33 degrees. The maximum temperature in the sun yesterday was 71 degrees, in the shade 61 degrees, the minimum 33 degrees and the temperature at 6 o'clock this morning 33 degrees. Fair and warmer weather is predicted for tonight and tomorrow.

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

A package addressed to Celso Baca, Santa Rosa, is held at the postoffice for postage.

The address of George Langenberg, supervisor of the Pecos forest reserve, will in the future be El Porvenir Hotel, Las Vegas postoffice, instead of Hot Springs postoffice.

The street has it that Quinby Vance, ex-surveyor general of New Mexico, is an applicant for appointment to the position of inspector of United States land and surveyor general offices.

The partition walls of the new building of the deaf and dumb asylum on the south side are up to the first floor. Architect I. H. Rapp is expected over from Las Vegas to inspect the work thus far done and to select the grade of brick to be used for the outside walls and which will be furnished by the territorial penitentiary.

The new telephone exchange of the Santa Fe Telephone company on Sparks avenue near Don Gaspar avenue, will be completed by the end of June. Work had to be suspended temporarily because not a single building lathe could be secured in the city on account of the active building operations which took all the lathing supply. Three thousand pounds of the new telephone cable are on the way and 4,000 more pounds are to be shipped shortly. The poles for the same were erected on Saturday.

Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure" is the best cough medicine I ever used," says J. H. Bowles, Groverton, N. H. "I never found anything else that acted so safely and quickly." J. H. O'Reilly & Co.; B. H. Briggs & Co.

LAS VEGAS.

From the Record.

C. L. Mulford is sojourning a few days in Albuquerque.

Today was another day for goggles. A little rain would be appreciated. The diphtheria quarantine has been removed from the home of James Young.

Rev. George Selby has been suffering from grippe for the last few days, but is some better today.

M. M. McShooler has sold his \$200 thoroughbred horse to Max Levy, the broker, and Max will try and keep ahead of the dust.

Willie Frank, Jr., came in from Roswell, where he had been in school, and was met by his brother from Los Alamos. Together they left for home.

Arthur L. Hoyt and wife have transferred to W. A. Lane, for the consideration of \$2,150, part of lot 5 and all of lot 6 in block 6, of the Juan Jose Lopez addition to East Las Vegas.

Michael Bruger, one of New Mexico's pioneers, passed to his reward at Antonchico. The deceased was a German immigrant and was 71 years of age.

The ladies taking the kindergarten teacher's course gave a pleasant entertainment at the Normal last night to about forty of their friends, with a kindergarten program, which made much fun. Ice and cakes were served as refreshments.

Mrs. Helen R. Slusser and daughter, Mrs. H. J. Dows, of Canton, Ohio, arrived from Los Angeles and will visit their relatives. Hon. Jefferson and Hon. Joshua S. Reynolds. The ladies are returning from the woman's club convention at Los Angeles.

John Gerhart, a prominent old-time

sheepman living near Puerto de Luna, has filed a petition to be adjudged a bankrupt. Mr. Gerhart has had bad luck with his flocks, as results of which his liabilities are large and assets very small. He is well known here.

The seventh grade closing exercises at the city hall were very enjoyable, and a number of visitors witnessed the program that was given by the young folks. "The Little Women" play was presented splendidly by the little actors and was quite an event in their young lives.

His Grace, P. Bourgard, archbishop of Santa Fe, arrived in the city and was met at the depot by a number of priests. He will be the guest of Rev. P. Gilbert for a few days. The distinguished prelate comes here to make his pastoral visit to the parish of Our Lady of Sorrows and administer the sacrament of confirmation.

From the Optic.

Having recovered from an attack of typhoid fever, Ben Eitelgeorge left for Harvey's to spend a few weeks recuperating.

Rev. Norman Skinner delivered a most eloquent lecture at the synagogue to a very appreciative audience. George Young, the ingenious candy man, has attached a water main to his soda fountain instead of using a tank, and has an abundance of ever-cold agua pura on tap.

The ice factory and cold storage plant is approaching completion. The capacity of the ice factory is ten tons daily, with possibility of indefinite increase. The cold storage room is 60 by 40 feet in dimensions.

Archie D. Marshall has been appointed as a clerk in the postoffice of East Las Vegas, his appointment to take effect July 1, as provided by a late order from Washington. Mr. Marshall has been an extra clerk since September.

In three weeks Messrs. Duncan, Merryman and party will return from St. Louis, accompanied by others who are interested in the street railroad here, but who have not been here before. They will come with definite and matured plans and with the expectancy of going to work at once.

Fritz Rosenstein, representing the Globe Glove company, is in the city attending to the wants of the trade. Fritz has the peculiar faculty of being able to spell any word you give him backward and the additional faculty of writing it the same way. He will begin with the last word of a sentence and write it backward and upside down at that, and doesn't have to stand on his head either.

That Alameda Resort Sale.

After the contract was made by Max Frost to sell the Alameda to Dr. J.

FAT VS. BRAINS.

Food That Makes Brilliant Newspapers.

Nervous prostration cannot continue if the right kind of food is used, but food that will build fat does not always contain the elements necessary for rebuilding the soft gray matter in the nerve centers.

A lady tells how she got well from using Grape-Nuts Breakfast Food. "I was treated by several physicians at the hospital. My disease was pronounced neurasthenia (nervous prostration). The doctors gave me various nerve tonics without producing any beneficial results. I finally got so weak that I could not work either physically or mentally.

"About two years ago I began the use of Grape-Nuts and a marked improvement set in at once. In eight weeks I had regained my strength and could do my old work even better than before, that of writing for the press. All honor given to Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

Frank McConnell of this place, he turned around and gave W. E. Baker a deed to the place. It is a loss to Las Cruces as well to the doctor.—Las Cruces Progress.

W. E. Baker, proprietor of the Alameda resort, manager for the Mesilla Valley Telephone company, and of the New Electric Light plant, visited Santa Fe last Sunday, and while there closed a deal with Colonel Frost, by which he and others became owners of the Alameda resort.

Doctor McConnell yesterday brought suit against Colonel Frost, for \$5,000 damages, claiming that he did not comply with his contract in the matter of the purchase of the Alameda property.—Las Cruces Republican.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

Assaulted His Mother-in-Law.

Joe Gallegos, of Chama, was found guilty of assault to murder his mother-in-law, Mrs. Jesus Ma. Olgin. The crime was committed September 16, 1896. He shot her in the mouth and breast, but she recovered. Gallegos was recently arrested in Huerfano county, Colo.

Foley's Honey and Tar contains no opiates and can safely be given to children. Alvarado Pharmacy.

THE RAY BILL.

Certain Representatives Object to It—Antonio Chaves Land Grant Matter.

The Ray bill, making train robbery a United States offense, will probably be killed. Several of the southern members object to it because they maintain that it interferes with the sovereign rights of states. It does not apply to the territories alone. It will certainly not be taken up by unanimous consent because the democratic side of the house is lying low for it and it never can be taken up any other way.

Delegate B. S. Rodey has received a number of communications from parties living on the so-called Antonio Chaves grant in Socorro county, protesting against the passage of the Bates bill, which seeks to reopen the matter of this grant which has been finally disposed of by the United States supreme court. The grant covers something like 130,000 acres. There is very little danger that the bill will become law, as the claimants to the grant will not press the bill unless they see a very good chance for passing it.

Stand Like a Stone Wall

between your children and the tortures of itching and burning eczema, scald-head or other skin diseases. How? why, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for ulcers, fever sores, salt rheum, cuts, burns and bruises. Infallible for piles. 25c at all druggists.

The Hymeneal State.

Two of Socorro county's most charming young ladies became brides within the past few days. Last Saturday Miss Esma Bruton was met at Benson, Ariz., by G. L. Johnson, a prominent young gentleman of Bisbee, and a quiet wedding bound them together as man and wife.

The same day Miss Esma left San Marcial for Benson, the east bound train bore her sister, Miss Musie, as passenger for New York city, where, shortly after her arrival, she became the wife of George Sands, an attaché of the New York Journal.

The young ladies are the daughters of Mrs. M. E. Bruton, the owner of numerous herds of cattle and a large ranch located near Rosedale. They were educated in the east and the present Mrs. Sands graduated from the Boston Conservatory of Music with high honors. With attractive personalities, lovable dispositions and a full admiration in perfect womanhood, these two New Mexico brides are well qualified to bring happiness and prosperity to the homes over which they are to preside.—San Marcial Bee.

The Public Schools.

The first territorial law for the establishment of a modern school system in New Mexico was passed by the legislature in 1884, and since that time the territory has made rapid progress educationally until it is fully abreast with the foremost of the states and territories. Ten or twelve years ago a prejudice existed among a large number of citizens of the territory against public schools, but as the schools have progressed that prejudice has fast disappeared till now there is hardly a community, however remote, that has not at least one term of school during each school year.—Raton Range.

Don't let the little ones suffer from eczema or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

Miss Jennie Baylis, who was at Santa Fe on a visit to friends, passed through the city last Saturday night for her home at Gallup.

Traveling Is Dangerous.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. George H. Hausan, locomotive engineer, Lima, Ohio, writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

Mrs. R. E. Pellow has gone to Chicago on a business and pleasure visit. Mr. Pellow will soon take charge of the Harvey house at Winslow, where his wife will join him on her return from Chicago.

The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, too, for a cure may be effected at a very small cost. G. W. Wescott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by all druggists.

Mrs. D. A. Day has arrived from Phoenix, Arizona, and will reside here in the future. The lady is the wife of the popular manager for New Mexico of the Mutual Life Insurance company of New York.

Wants Others to Know.

"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to endorse them for I think when we find a good thing we ought to let others know it," writes Alfred Heinze, Quincy, Ill. They never gripe or distress. Sure, safe pills. J. H. O'Reilly & Co.; F. H. Briggs & Co.

The G. A. R. has not decided whether the Memorial day exercises will be held in the tent or in the park. If money enough is raised to fix up the park, the exercises will be held there, but if not, in the tent.

Dangerous if Neglected.

Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Tarty, Yanketown, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

J. J. Ross, an electrician at the local shops, has resigned and W. E. Armour is his successor.

"Snapper" Hale, on the extra board as a fireman, has resigned, and will engage in some other occupation.

J. H. Haskell and family of El Paso, are in the city. He was in the employ of the Southern Pacific freight office at El Paso.

Frank Zunk, machinist, has moved into a more comfortable house across the street from his old residence, No. 612 South Second street.

John Beckler, the old retired engineer, who has been in the Santa Fe hospital, at Las Vegas, is slowly recovering from a serious illness.

J. E. Saint of the Santa Fe Central, who was here yesterday on a visit to his family, left this morning for the Kennedy camp, up the road.

There has been a general "swapping" of engine crews at the Las Vegas shops, engineers and firemen being changed on different engines.

Albert Andrews, a former machinist at the Las Vegas shops, and his sister, Mrs. Theodore Gladhill, left for Pueblo. Mr. Andrews will go on to the east.

Paul Whiting has returned to Las Vegas from his trip to England, where he went in the interest of several important air brake patents that he has invented.

It is predicted that heavy steel rails, better rolling stock, improved signals and the abolition of grade crossings will bring about an average railroad speed of seventy-five miles an hour before 1925.

Thomas White left this morning for Chicago, and he was on crutches. He was here connected with the electrical plant at the local shops, and last Saturday met with an accident in which his foot was badly injured.

J. A. Harlan, superintendent of the bridges and buildings on this division, was at Rincon the past few days looking over the work in progress there on the new Harvey eating system. He was in this city yesterday.

The young ladies at the Alvarado are quite popular with the young gentlemen of the city. The girls are all good dancers and know how to entertain. Arrangements are being planned now for numerous dancing parties.

Sixty-five men interested in Arizona mining property will leave Chicago in a special train of Pullmans over the Santa Fe today for a week's tour of the mining districts of Arizona. It is to be run by the Braganza company.

A. B. Todd, newly appointed division master mechanic for the Santa Fe at Winslow, Ariz., has held a foremanship for the government at the Puget Sound navy yard. He also has been with the Pennsylvania and Mexican Central systems in excellent capacities.

The Topeka State Journal says Howard Hunt, a rivet beater in the tank room of the round house, has abandoned railroading for the present. Friday he took his time and will leave presently for Silver City, New Mexico, where he will pursue chemical studies.

The El Paso & Southwestern railroad has built large stockyards on its line south of San Simon station. The new yards are said to be larger than any loading pens west of Denver. The San Simon Cattle company has been loading 8,000 head of cattle there this week.

Official announcement was made of the appointment of J. N. Barr as general superintendent of the Chicago, Milwaukee & St. Paul railway in place of C. A. Goodnow, who has gone to the Rock Island as general manager. Mr. Barr at present is mechanical superintendent of the Erie railway.

Superintendent I. L. Hibbard, of Winslow; John Denair, of Needles; A. D. Schindler, of Fresno, and W. B. Beamer, of San Bernardino, including the chiefs of staff to Superintendent Shepard, of the Santa Fe railway western lines, were in Los Angeles. The object of their visit was to figure out a summer schedule for the company's passenger service.

The Topeka State Journal says: Word received here Friday indicates that James Thompson, formerly a blacksmith here, but now following his trade for the company at Albuquerque, N. M., had three fingers of one hand mangled under a steam hammer about a week ago. He was helping straighten some iron when the members were caught under the hammer and frightfully mangled. Thompson has been away from Topeka more than a year, though he visited here about six months ago.

The Las Vegas Record says: The Santa Fe seems to feel that the news of its doings and happenings have been published too exactly for its own good and an order was sent down yesterday evening from the general manager to stop giving the reporters any news. We may say for the benefit of the public that the wrecks and important happenings on the Santa Fe will be published by the Record, as usual, but the engine news and doings of the railroad shop employees, which were published for their benefit alone, will be discontinued.

A circular issued from the office of Manager Herbert, of the Denver & Rio Grande railroad announced the appointment of J. R. Wentworth to be superintendent of the Rio Grande Junction railroad, vice F. R. Rockwell, transferred to Salida. Mr. Wentworth's office will be at Grand Junction. The Rio Grande Junction railway extends from Newcastle to Grand Junction and is used jointly by the Rio Grande and

Colorado Midland road. Mr. Wentworth comes to Colorado from the Gould lines in the east. He was formerly superintendent and late general superintendent of the "Frisco" line. He was transferred to the position of superintendent of the Iron Mountain at De Soto, Mo., from which place he comes to Grand Junction.—Denver Republican.

The Bee says: E. W. Brown, of San Marcial, has instituted proceedings against the Santa Fe Railway company, asking for \$10,000 damages for breach of contract. The railroad company agreed to deliver 300 head of horses in Denver in good condition. From San Marcial to Denver so much time was consumed in the transfer of the stock that when the animals reached their destination they were in such bad shape that the British buyers broke off all negotiations with Mr. Brown for their purchase. Most of the shipment are being pastured near Denver and Mr. Brown is a heavy loser in consequence.

The Las Vegas Optic says: What promised to be an interesting little event last Sunday was carefully guarded so as not to get into the papers. The machinists at the roundhouse have for some time had a grievance against the company. They have asked for redress several times but without effect. Last Sunday a man was selected to bear the brunt of the blame and was laid off. So great was the protest that followed that he was reinstated on Monday morning and things this week show a little improvement.

Echoes of the limited smash at Camma, Mo., ten days ago are just reaching Topeka shops. Wednesday morning three cars of truck wreckage were set in to the coach shop and in the same department baggage car No. 901 and buffet 1300 made their appearance for accident repairs. The 901 has one side slightly disfigured and the 1300 evidently has been trying to slide to third; one corner is badly stove in, the windows are broken and the whole outside is worse scratched than the baggage car.

No man can cure consumption. You can prevent it though. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, asthma. Never fails.

Locomotive 864, the last of the Pittsburgh compounds to be received at Topeka, has been set up and went out to Spencer on Wednesday, on its maiden trip in charge of Engineer Edward Whitcomb and Fireman H. D. McNeely. It is the last of the order of fifteen which the American had with the Santa Fe and most of which have been set up at Topeka shops. They will all find their way eventually to the division down this way to be used permanently.

What Thin Folks Need
Is a greater power of digesting and assimilating food. For them Dr. King's New Life Pills work wonders. They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite, make healthy flesh. Only 25c at all druggists.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

A. C. Turner arrived at Santa Fe from Kennedy and returned in the afternoon. He says that about a mile of grading south of the Santa Fe tracks is completed, excepting a rock cut of about 200 yards, work on which is progressing. The pile driver is at work on the third bridge about a mile north of Kennedy towards Santa Fe.

A Revelation.
If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Alvarado Pharmacy.

The annual meeting of the Chicago, Rock Island & Pacific Railway company will be held in Chicago on June 4. A proposition will be considered and voted upon that the capital stock of the company be increased to \$75,000,000. It is not expected that any important changes in the management will be made.

Acker's Blood Elixer positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

The Las Vegas Record says: The Santa Fe has had trouble getting their crews to double enough when a little rush was on, and last Sunday they made an example of Will Trainer by according to his request at Albuquerque for eight hours' rest, and not sending a return pass down to him until yesterday. He lost four days' time.

Will Cure Consumption.
"A. A. Herren, Finch, Ark., writes: 'Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages.' Alvarado Pharmacy."

The Topeka State Journal says: F. W. Thomas, newly appointed engineer of tests, has arrived from the east and was expected to assume the duties of his office today. The position has been vacant since the resignation of Ben Johnson a few months ago to become superintendent of machinery for the Mexican Central. L. W. Peabody is acting in that capacity. Mr. Peabody retired from the Santa Fe service on June 1 to become engineer of tests for the St. Louis & San Francisco headquarters at Springfield, Mo. For several months Mr. Thomas has been inspecting engines for the company at Philadelphia, Pa., and prior to that was engineer of tests for the Norfolk & Western. He has held other positions of responsibility on eastern roads. He and his family have been stopping at the Throop since their arrival here. T. E. Layden will continue as assistant engineer of tests.

Poor Little Sick Stomach

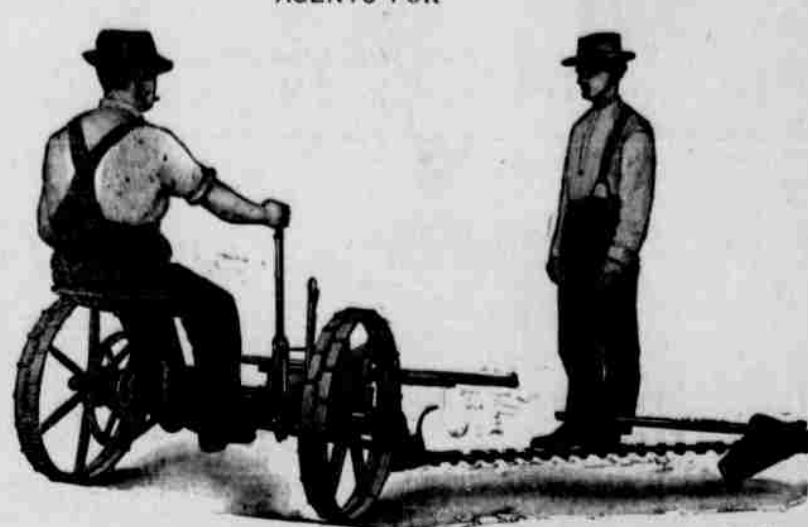

It's over-loaded; that's what's the matter, and if this boy don't get a Cascaret he'll be a sick boy all over. Too much of a good thing! That's what we are all liable to take. Grown up, sensible people will sometimes do it and make themselves sick. "In time of peace prepare for war," and have about the house a pleasant, perfect, palatable, positive medicine for sour stomach, sick headache, colic, winds, belching, biliousness, furred tongue, lazy liver, constipation, bad breath, bad taste, all liable to result from over-indulgence in the good things of life. Cascarets Candy Cathartic are what you want. Eat and drink what and as much as you please. A tablet after a big meal will prevent sickness, or a tablet at night before going to bed, after a good time, will fix you all right for morning, and let you get up clear as a bell, ready for business or pleasure.

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Company, Chicago or New York. 2124

Jerome Malette, the pharmacist at B. Ruppe's drug store, now resides at No. 212 West Hunning avenue.

The order for the new uniforms for the Italian band was sent this morning to M. C. Lilley & Co. at Columbus, O.

J. C. Fox, who was here on a visit to his brother, H. E. Fox, left this morning for his home at Atchison, Kas.

George Rivers was this morning sentenced to 10 days by Judge Crawford for selling flash jewelry and for vagrancy.

Sol. Block, who has been laid up with rheumatism at his home in this city, expects to leave for Grants, out west, tonight.

Mrs. A. B. Clark and children, from Wingate station on the Santa Fe Pacific, is in the city on a visit to relatives and friends.

Major Ernest Meyers, of the Meyers-Abel company, is laid up for repairs at his room in the Commercial club. He is suffering with lumbago.

Mrs. Minnie Ward Patterson, mother of Prof. George Leo Patterson, left last night for El Paso, where she will visit friends for a few weeks.

Two young mountain lions, billed from Silver City and consigned to the Zoological park of New York city, passed through the city this morning.

Manager Klooz of the Alvarado yesterday received a telegram from Louisville, Ky., relatives announcing there was a heavy fall of snow there yesterday.

Hay fever has about disappeared from the victims of the past few weeks, and colds, bordering on pneumonia, are reported in a number of cases.

Last night the three motherless little children of Al Thelin, the barber, were sent to Kansas City, where they will reside in the future with their grandmother.

Mrs. Charles Mainz and children, the family of ex-Policeman Mainz, were passengers for Las Vegas last night, where they will visit relatives for a few weeks.

L. M. Barnes and wife, who were here yesterday from Socorro, returned to the south last night. They called on the retail stores while in the territorial metropolis.

The Gentlemen's Driving association will hold a meeting tonight up stairs over Zeiger's Cafe for the purpose of arranging a program of races for the coming Sunday afternoon.

A meeting will be held at the Commercial club tonight at 8 o'clock, to hear the report of the special committee sent to Washington on the military post location. A full attendance of directors and citizens requested.

Two drunken men, who were around town this morning begging on the strength of their Knights of Labor cards, were run in this afternoon by Policeman Cooper. Besides begging, the men are charged with indecent exposure of person.

Lady Margaret has been entered in the 2:15 pace at the Trinidad, Col., races, which occur there on May 27 and continues for four days. Bob Collins is entered in the 2:35 and 2:22 pace. Both are Albuquerque pacing horses and are owned by Joe Barnett.

Peter H. Short, of the Twelfth battalion, New York fire department in a letter to ex-Chief Ruppe, says he will soon secure a leave of absence and will visit Albuquerque and El Paso. He hopes to be here on or about June 17, and the ex-chief will show the New Yorker many courtesies.

A sack of potatoes, in front of a store today, was visited by six dogs of different colors inside of 10 minutes, actual time from a railroad time piece held by a certain gentleman. Dealers in vegetables cannot be too careful. Dogs are numerous in Albuquerque, likewise all over the country.

George W. Frazier, who was in the hardware business with James Laurie at Alamogordo but recently withdrew from the firm, is here and will remain a few days. George formerly resided in this city, and is likely to again become permanently identified with Albuquerque in a business way. He is looking up a location.

The veterans of the G. K. Warren post, G. A. R. are arranging a fine program for Memorial day exercises. Judge Baker has consented to make the address, while others have responded to the invitation to make short talks. At present it is not known whether the exercises will be held at the city park or in the big gospel tent on West Railroad avenue.

Arrangements are being made to have the Santa Fe ball team appear here on Memorial day, May 30. On the 25th Santa Fe is to play at Socorro and will stop off to play the Browns on the 30th on their return home. Young Rhodes, the crack Las Vegas pitcher, is now playing with Santa Fe and is likely to be put in against the Albuquerque boys. The Browns are to open the season at El Paso on Sunday, June 1.

H. F. Meyers, a veteran of the Mexican and Civil wars, was in town today from his home in Atchison. He is on crutches. A few days ago, while crossing the old condemned bridge across the Rio Grande near old town, he stepped off, falling to the ground. In the fall he badly injured the right leg. Mr. Meyers is 78 years old, and, although suffering occasionally from old battle wounds, the government has overlooked the fact that he is entitled to a pension.
