**A MILITARY  
EXPEDITION**

The Germans and the French Start  
Out to Occupy One of the An-  
nouncing Passes.

**WARNED BY LI HUNG CHANG**

The Greatest Secrecy is Maintained as to  
the Ultimate Object of the Expedition  
—General Lu Commanded to Avoid  
a Battle.

Pekin, April 19.—General Loessel,  
commanding the German troops in China,  
started for Pao Ting Fu with 2  
thousand additional men. He was ac-  
companied by 200 Chinese soldiers,  
General Bailloud, The Franco-German  
forces available for the expedition num-  
ber 8,000 men. The greatest secrecy is  
maintained as to the object of these  
military preparations, but it is believed  
it is proposed to take possession of an-  
other of the An-sung passes into Shan  
Si, where the Chinese troops are re-  
ported. Viceroy Li Hung Chang sent a  
courier to General Lu, commanding  
the troops in the Shan Si passes, calling  
upon him to avoid meeting, if neces-  
sary, with his position.

BETTER THAN  
ALOR.

In consequence  
of the Chinese  
government, an imperial decree  
has been issued ordering the Chinese  
troops at Howai-Lu (Hual-Lu) imme-  
diately to remove outside of the great  
wall. These troops are understood to  
be the force which the German and  
French expedition were preparing to  
attack.

THE EXPEDITION ABANDONED.  
—London, April 19.—A dispatch from  
Paris says that in consequence of the  
imperial decree ordering the Chinese  
troops to leave the territory considered  
under the protection of the allied forces,  
the Franco-German expedition has been  
abandoned. France will shortly with-  
draw 10,000 troops from China.

**STRIKES OF COAL MINERS.**

Indiana Miners Who Crossed Into Kentucky  
Are Ordered Home.

Evansville, Ind., April 19.—The visit  
of the Indiana miners to Kentucky came  
to naught this morning. They were met  
at Sebree by a sheriff's posse and af-  
ter listening to the reading of the in-  
timidation law, were ordered back to  
their boat. Warrants have been  
issued for the arrest of the leaders  
which will be served if they return to  
Kentucky.

**A STRIKE THREATENED.**

Wheeling, W. Va., April 19.—After a  
conference this morning of the national,  
state and United Mine workers it was  
stated by National President Lewis and  
State President Haskins that it looked  
like a strike of the 5,000 miners of the  
6th Ohio sub-district which includes  
four counties in West Virginia.

**SERIOUS RELIGIOUS RIOTS.****A Clash Between Roman Catholics and  
Protestants in Brazil.**

Rio Janeiro, April 19.—Serious reli-  
gious riots occurred at Niteroy as a  
result of an evangelizing campaign  
against Catholics and of the recent an-  
ti-Catholic demonstrations consequent  
upon the presentation of the Spanish  
drama "Eliretra." While a clergyman  
was preaching in the evangelical temple  
yesterday, the Catholics attacked the  
edifice, intending to stop the ser-  
vices. Serious fighting followed.

**GOOD FOR CANADA.****The Restrictions Governing the Importation  
of Nursery Stock Removed.**

Washington, April 19.—An order in  
council has recently been passed by the  
Canadian government nullifying the  
operations of the "San Jose scale act,"  
which heretofore practically prohibited  
the importation from the United States  
of all kinds of nursery stock, according  
to the report to the state department  
from Consul Graham at Winnipeg.

**Presidential Appointments.**

Washington, D. C., April 19.—The  
president today made the following ap-  
pointments: S. T. Stanton, consul of  
New Laredo, Mexico; Morris C. Barro,  
receiver of public moneys at Douglas,  
Wyo.; Ephraim H. Smock, receiver of  
public moneys at Buffalo, Wyo.; Alpha  
E. Hoyt, register of the land office at  
Bismarck, Wyo.

**The Patrick Murder Case.**

New York, April 19.—The grand jury  
resumed its consideration today of the  
charge of murder against Albert T.  
Patrick, accused of having caused the  
death of Wm. M. Rice. The principal  
witness of the day was Chas. P. Jones,  
former valet and secretary of the dead  
man.

**J. Pierpont Morgan in Europe.**

London, April 19.—J. Pierpont Morgan  
started for Paris this morning. The  
story of his ill health cabled to the  
United States is absolutely unfounded.

**Bad Luck for Heins.**

Butte, Mont., April 19.—A fire at the  
Heins smelter today caused damage to  
the plant of \$200,000, insurance prob-  
ably \$100,000.

**The Wool Market.**

St. Louis, Mo., April 19.—Wool is quiet,  
unchanged, territory and western  
medium 14@16; fine 11@15; coarse 11@14.

**Agulnaldo's Address.**

Manila, April 19.—Agulnaldo's ad-  
dress will be issued tomorrow.

**CLAIMED BY DEATH.**

An Old Friend of Kit Carson Answers the  
Last Summons.

Mattoon, Ill., April 19.—W. B. Ken-  
nedy, a prominent resident of Hum-  
boldt, is dead, aged 83. He was a vet-  
eran of the Mexican and civil wars, a  
personal friend and companion of Kit  
Carson, and shared many of Carson's  
thrilling experiences on the plains.

**DEATH OF A JOURNALIST.**

Asheville, N. C., April 19.—Col. A. H.  
Belo, proprietor of the Asheville-Dallas  
News, died here today.

The burial will take place at Salem,  
N. C., where Belo was born on May 27,  
1839. He was elected captain of the  
Forsthe Rifles on April 1, 1861, served  
in the Confederate army of Northern  
Virginia and was wounded at Gettys-  
burg. At the close of the war he went  
to Texas, was principal owner of the  
Galveston News and established also  
the Dallas News, of which he was one  
of the principal owners in 1885. Belo  
was at various times director of the  
Associated Press and one of its vice  
presidents.

**GEORGE COPPELL.**

New York, April 19.—George Coppel,  
senior member of George Coppel & Co.,  
chairman of the board of directors of  
the Denver & Rio Grande railroad, died  
today.

**BY A MAJORITY OF ONE.****It Is Held That Duty Should Be Paid on  
Sugar from Russia.**

New York, April 19.—The board of  
classification of the U. S. general ap-  
praisers today announced its decision  
in the Russian sugar case. The board,  
by a majority of one vote, holds that  
the United States government is justifi-  
ed in imposing a countervailing duty  
on Russian sugar. The opinion was  
written by Judge Somerville, General  
Appraiser Fisher concurs. Col. Tichen-  
or writes the dissenting opinion.

**CHARGED WITH EMBEZZLEMENT.****The Bookkeeper of a Pittsburg Bank Said  
to Be \$35,000 Short.**

Pittsburg, Pa., April 19.—A. J. Shroth,  
bookkeeper of the First national bank  
of Birmingham, this city, was arrested  
last night by U. S. Marshal Leonard,  
charged with the embezzlement of \$35-  
000 bank funds, and was released later  
on furnishing bail in the sum of \$10,000.  
National Bank Examiner Slack says  
the bank is in excellent condition and  
will not be affected.

**A VOLUNTARY INCREASE.****A Railway Company Grants Its Shop Men  
Better Pay.**

Parsons, Kas., April 19.—Officials of  
the Missouri, Kansas and Texas rail-  
way announced a voluntary increase of  
shopmen's wages from 27 to 31 cents per  
hour. This increase will mean an in-  
creased outlay of \$15,000 to \$20,000 a  
month at this point. The hours of em-  
ployment were also increased from 8 to 10.

**A DOUBLE TRAGEDY.****Jealousy Leads to a Murder and a Tragic  
Suicide.**

Milton, Calif., April 19.—John H. Gor-  
man, foreman of the Union copper  
mine, last night shot and killed George  
B. McCarthy, a prominent young man  
of Copperopolis, and then blew himself  
to pieces with giant powder. Jealousy  
is supposed to have been the cause of  
the tragedy.

**REVOLUTIONISTS SCATTERED.****The Colombian Government Has Crushed  
the Rebellion.**

Washington, April 19.—The Colum-  
bian minister, Dr. Martinez Silveira,  
received a cable dispatch from Bogota,  
saying that the government authorities  
have the situation completely in hand,  
peace and quiet having been restored  
at all important points and the revolu-  
tionists being scattered to the wild in-  
terior regions.

**The Trial of Captain Ripley.**

Frankfort, Ky., April 19.—The case of  
Captain D. Ripley, the alleged Goebel  
assassination suspect, will go to the jury  
late this afternoon.

**MARKET REPORT.****MONEY AND METAL.**

New York, April 19.—Money on call  
nominal 4 1/2 per cent. Prime mercantile  
paper, 3 1/2 @ 4 per cent. Silver, 59 1/2  
cents.

**GRAIN.**

Chicago, April 19.—Wheat, April,  
70 1/2; May, 70 1/2. Corn, April, 48 1/2;  
May, 48 1/2. Oats, April, 25 1/2; May,  
25 1/2. Pork, April, \$14.40; May,  
\$14.40. Lard, April, \$8.15; May, \$8.07 1/2.  
Ribs, April, \$8.17 1/2; May, \$8.17 1/2.

**STOCK.**

Kansas City, April 19.—Cattle, re-  
ceipts, 4,000, generally steady; native  
beef steers, \$4.75 @ \$5.50; Texas  
steers, \$4.25 @ \$5.00; Texas cows, \$3.75  
@ \$4.25; native cows and heifers, \$3.25  
@ \$4.05; stockers and feeders, \$3.85  
@ \$5.35; bulls, \$3.35 @ \$4.75; calves,  
\$5.00 @ \$6.50. Sheep, 6,000, steady;  
muttons, \$4.10 @ \$4.90; lambs, \$4.90 @  
\$5.00; spring lambs, \$5.50 @ \$7.00.

Chicago, April 19.—Cattle, receipts,  
15,000; steady; good to prime steers,  
\$5.00 @ \$6.00; poor to medium, \$3.85  
@ \$4.80; stockers and feeders, \$2.70 @  
\$4.80; cows, \$2.90 @ \$4.50; heifers, \$3.00  
@ \$4.85; canners, \$3.00 @ \$3.85; bulls,  
\$2.75 @ \$4.20; calves, \$4.00 @ \$5.00;  
Texas fed steers, \$4.25 @ \$5.25; Texas  
grass steers, \$3.50 @ \$4.00; Texas hogs,  
\$3.75 @ \$3.85. Sheep, 6,000; steady;  
good to choice wethers, \$4.75 @ \$5.00;  
fair to choice mixed, \$4.40 @ \$4.70;  
western sheep, \$4.65 @ \$5.00; yearlings,  
\$4.75 @ \$5.00; native lambs, \$4.65 @  
\$5.35; western lambs, \$5.00 @ \$5.35.

**GROWTH OF THE  
TRUST EVIL**

The Standard Oil Company Will  
Water Its Already Enormous  
Capital Fully Fourfold.

**A 20 PER CENT DIVIDEND**

Four Shares of the New Stock to Be  
Given for One Share of the Old—A  
Change of Management for the Ice  
Trust.

New York, April 19.—The Journal  
says: The Standard Oil Company will  
declare a dividend about May 1 of 20  
per cent on its capital of \$100,000,000.  
At the same time a plan probably will  
be adopted increasing the capital stock  
to \$400,000,000. Four shares of new stock  
will be given in exchange for one of the  
old.

**A CHANGE OF MANAGEMENT.**

New York, April 19.—The Tribune  
says: It is reported that Charles W.  
Morse resigned as president of the Amer-  
ican Ice Company and sweeping  
changes in the management of that  
corporation will be effected.

**SNOW-SLIDE IN COLORADO.****Four Men Are Dead and Two Are So Badly  
Hurt That They May Die.**

Boulder, Colo., April 19.—A snowslide  
near Frances camp on the Colorado and  
Northwestern yesterday afternoon car-  
ried two 80-ton engines with their crews  
down the mountain, resulting in the  
death of four men and in serious injury  
of two more, one of whom will probably  
die. The dead are: W. H. Hunnan, en-  
gineer; Edward Fitzgerald, fireman; W.  
H. Blair, conductor; F. M. Milner, fire-  
man. The injured are: Oliver Sells, a  
boy who was taking photographs of the  
engine and snow plow, was badly crushed  
and may die. James Marks, en-  
gineer, leg broken.

The two engines were attached to a  
passenger train from Ward to Boulder,  
due here at 4:10. Near Frances camp  
the road was found blocked by huge  
snow drifts. The engines were un-  
coupled from the train and went ahead  
with snow plows to buck the drift. The  
engines made one drive into the snow  
when the plow became stuck in the  
drift. Conductor Blair sent a message  
to the superintendent for instructions  
and the telegraph operator was on his  
way from the office with the answer in-  
structing him, but had to run back and  
wait for help when the slide started,  
carrying the great engines down the  
mountain side. Four men who lost  
their lives were buried under the snow  
and another. Engineer Marks was  
covered by the slide, but was released  
with only a broken leg. Oliver Sells,  
the boy from Boulder, who was taking  
photographs when the engines were  
carried down, will probably die.

**A STEAMER ON FIRE.****The Olinda in Flames at Her Dock in New  
York City.**

New York, April 19.—The Olinda line  
steamship Olinda, which arrived here  
on Wednesday from Cuban ports is on  
fire in the East river. She was sched-  
uled to sail on her return to Cuba to-  
morrow and was being loaded when the  
fire was discovered. It is believed that  
the steamer will be saved.

**A RECORD BROKEN.****John J. Caffrey Covers 25 Miles in Less  
Than 2 1/2 Hours.**

Boston, April 19.—John J. Caffrey, of  
St. Patrick's Athletic association, Ham-  
ilton, Ont., won the Marathon running  
road race from Ashland to Boston, 25  
miles, today, breaking the course re-  
cord held by himself. Caffrey's time in  
today's race was two hours and twenty  
minutes, twenty-three and two-fifths  
seconds, seventeen minutes and twenty-  
three seconds better than last year's  
record. William Davis of Hamilton,  
was second.

**JOHN A. KASSON RETURNS.****He Was a Special Plenipotentiary for  
Reciprocity Treaties.**

Washington, April 19.—John A. Kas-  
son has severed his official connection  
with the state department, where he  
has been since the beginning of the Mc-  
Kinley administration engaged as spe-  
cial plenipotentiary to conduct the ne-  
gotiations for reciprocity treaties and  
arrangements under the Dingley act.  
The bureau which he organized will  
continue in existence.

**A FIGHT TO THE FINISH.****The Two Firemen and Lieutenants of the Great  
Lakes Have Struck.**

Cleveland, O., April 19.—The officials  
of the Great Lakes Towing Co. declared  
today that they will fight the pending  
strike of tug firemen and linemen of  
the lower Lake Erie points to a finish.  
The strikers say unless their demands  
are granted the strike will become gen-  
eral at all ports of the great lakes.

**A Big Steel Plant.**

Detroit, Mich., April 19.—The Even-  
ing News today says: Final arrange-  
ments were made today at the Russell  
House for the building of a steel and  
iron plant at Sault Ste. Marie (Canadian  
side), which will employ 10,000 men and  
will be capitalized at \$50,000,000.

**WILLIAM H. POPE****APPOINTED**

A Gold Democrat is Given the Appointment  
of Special U. S. Attorney for the Pu-  
blo Indians of New Mexico.

**A BRILLIANT AND ABLE ATTORNEY**

W. H. Pope, Esq., has received noti-  
fication from the secretary of the in-  
terior, of his appointment last week as  
special government attorney for the  
Pueblo Indians of New Mexico. The  
duties of the position consist chiefly of  
representing the various Pueblos in  
their land and tax matters in the ter-  
ritorial courts, among these being the  
case now pending in the supreme court  
of the territory from Bernalillo county,  
involving the right of the territory to  
tax Indian lands.

W. H. POPE, ESQ.

Appointed Special U. S. Attorney for the  
Pueblo Indians of New Mexico.

Mr. Pope was born at Beaufort, South  
Carolina, on June 14, 1879. He removed  
to Atlanta, Ga., while still a boy, grad-  
uating from the Atlanta high school,  
and subsequently from the University  
of Georgia, in each instance with first  
honors. Upon the completion of his  
college and law course in 1899, he en-  
tered upon the practice of his profession  
in Atlanta, becoming in time a junior  
member of the law firm of which Hon.  
Hoke Smith, then secretary of the in-  
terior, was the head. Mr. Pope came to  
Santa Fe seven years ago, in order to  
gain the benefit of New Mexico's su-  
perior climate. Since March, 1896, Mr.  
Pope has, in addition to the general  
practice of his profession, discharged  
the duties of assistant United States  
attorney for the court of private land  
claims, a position which he still holds,  
with great credit to himself and to the  
United States. Upon the organization  
of the board to build a new capital at  
Santa Fe, Governor Thornton appointed  
Mr. Pope a member of the capital re-  
building board. Governor Otero re-ap-  
pointed him and for two years, Mr.  
Pope performed the exacting duties of  
secretary of the board with fidelity and  
success. Although still a young man,  
Mr. Pope has gained the confidence of  
the people of Santa Fe and enjoys the  
reputation of being an able, painstaking  
and eloquent attorney for whom the fu-  
ture holds high political honors. Mr.  
Pope is a Democrat, but not of the free  
silver stripe, and is with the Republican  
party on the money question.

**VALENCIA COUNTY NOTES.****The Range Is in Poor Condition—Sheep  
Thieves Have Been Arrested.**

Special Correspondence New Mexican.  
Progreso, Valencia County, April 15,  
1901.—There has been a lull in the wind  
the past two days, but today it com-  
menced to blow again. The winds will  
not permit the grass to grow and the  
range looks desolate, but it is better  
here than anywhere else. Several sheep-  
men from the west of the Rio Grande  
are here preparing for lambing, having  
learned ranches for the purpose. Among  
them are Louis Hield, Andres Romero,  
Jose Jaramillo, Alejandro Sandoval,  
and many others.

C. F. Blackington, sheriff of Socorro  
county, arrested two sheep thieves in  
this vicinity who were indicted two  
years ago, Espridion Luevas and Levi  
Claypool. The sheriff has many others  
of similar offenders spotted and will  
take them in leisurely.

Mrs. R. S. Garcia has received her  
commission as notary public.

Hon. J. Francisco Chavez, superin-  
tendent of public instruction, who has  
been inspecting the schools and confer-  
ring with the directors of six school  
districts in this county, will probably  
return to Santa Fe by April 25.

**SANTA FE CHANGES.****A Number of Promotions Among the Higher  
Officials Are Spoken Of.**

A dispatch to the metropolitan papers  
from Albuquerque says:  
Vice President Paul Morton, General  
Manager H. O. Mudge, General Super-  
intendent Ressegue and other officials  
of the Santa Fe were at Albuquerque  
wholesale, assurance was given that  
a much more advantageous jobbing  
rate out of Albuquerque would be  
given.

It is learned at Albuquerque, on what  
seems to be the best authority, that  
Mudge will succeed J. M. Barr as  
vice president, and that Ressegue will  
step into the general manager's place.  
Either Assistant G. S. Kountz or E.  
Hurley, acting superintendent of the  
lines west of Albuquerque, will succeed  
Ressegue.

**Ordered to Fort Bayard.**

Private James F. McDonough, Com-  
pany F, 15th Infantry, Madison Barracks  
N. Y., will be sent to the general hospi-  
tal, Fort Bayard, N. M., for treatment.

**ANARCHISTS IN****PATERSON**

They Hatched a Plot to Murder the  
Emperor of Germany and Other  
Royalties.

**AN ASSASSIN CHOSEN BY LOT**

The Czar of Russia, the King and Queen  
of Italy and the Count of Turin  
Are Designated as Victims of  
Their Plot.

New York, April 19.—A dispatch to  
the Herald from Buenos Ayres says:  
The police of the town of Rosario, prov-  
ince of Santa Fe, seized papers which  
prove that a plot against the emperor  
of Germany, the czar of Russia, the  
king and queen of Italy, and the count  
of Turin, was recently laid in Pater-  
son, N. J. An anarchist named Ros-  
agnoli, received a letter from Pater-  
son, telling him that he had been chosen  
by lot to kill the German emperor,  
and instructing him to go immediately  
to Berlin. He left Rosario soon after-  
ward and sailed from this port.

**MURDER CHARGE DISMISSED.****Ira F. Henry Is Sentenced to the Peniten-  
tentiary for Larceny.**

Ira F. Henry, charged with infante-  
dine and larceny, was before Judge Crum-  
paker at Albuquerque and pleaded  
guilty to three indictments of larceny,  
and was sentenced to two and one-half  
years in the territorial penitentiary,  
and the case of murder was dismissed.

Last November, Henry's wife gave  
birth to a child and in less than two  
days it died and was buried. After the  
funeral Henry returned to his home and  
made a remark to his wife that was  
overheard by some of the ladies at the  
house.

The authorities suspected the child  
had been murdered, the body was ex-  
humed, and then Henry told the story  
that he and his wife had given the child  
chloroform. The accused husband and  
wife were arrested, but the latter soon  
gained her release through habeas cor-  
pus proceedings, since which time she  
has made her abiding home at the Mrs.  
Loveless-Smith one-mile place beyond  
the Albuquerque city limits.

**AN AFFLICTED FAMILY.****A Strange Fatality Which Follows a Las  
Vegas Household.**

Miss Andrea Martinez de Maes, wife  
of Canuto Maes and aunt of Mrs. Can-  
delario Montoya, died at Las Vegas  
at the noon hour on Tuesday. De-  
ceased called to see the sick baby of  
Mrs. Montoya at 4 o'clock the afternoon  
before and was then apparently in her  
usual good health and spirits, but upon  
returning home she was suddenly and  
fatally stricken down, within ten min-  
utes after entering the house, and was  
unconscious till death came. She was  
aged about 60 years and is survived by  
a husband, a daughter and two sons, the  
children grown and married.

A strange fatality seems to attend this  
family. The son was taken with a pe-  
culiar disease Tuesday night, upon the  
death of the mother, and he has since  
been able to utter a word. A few hours  
before the mother's death, her husband  
received a letter from Anton Chico that  
his brother had just been found dead on  
the Bado de Juan Pais, where he was  
engaged in irrigation work when stricken  
down without a moment's warning. A  
few days ago Mrs. Maes died suddenly a  
year ago, the symptoms of her disease being  
similar to those of Mrs. Maes.

**COAL LANDS ACQUIRED.****A Monthly Output of 100,000 Tons of Coal  
Predicted for Blossburg.**

A deal was completed at Raton  
last week whereby the Raton Coal &  
Coke Company secures possession of all  
the coal property in Blossburg, situated  
in Dillon canon, four and one-half miles  
southwest of Raton.

This is preliminary to the opening up  
of new coal mines in that canon, as  
the company intends to increase its out-  
put of coal to an average of 50,000 tons  
per month.

The company is also making prepara-  
tions to open up a mine in Dutchman  
canon. Development work will be pro-  
ceeded all summer, and by fall it will  
be in position to produce 100,000 tons of  
coal per month.

The new veins have been thoroughly  
prospected with diamond drills, and the  
coal is said to be of a superior quality  
to any mined in this district heretofore.

**SALE AT COPPER HILL.****Machinery, Etc., Will Be Sold to Satisfy  
Several Judgments.**

Tomorrow is the day set for the sale  
of the machinery, the furniture and  
other property else than real estate,  
mines and permanent buildings and  
fixtures of the Copper Hill Mining com-  
pany at Rinconada. Tacos county, on  
several judgments, among them one for  
\$1,000 by E. A. Fiske, Esq., for services;  
and by Ramon Sanchez for \$1,300 for  
supplies. The mill and adjoining build-  
ings of the company burned down re-  
cently and with the exception of the  
crusher and two boilers which may  
probably be saved, all the other ma-  
chinery in those buildings was destroyed  
and is good only for old iron.

**Killed by a Fly Wheel.**

Alfred Jones, a stationary engineer  
at the Gibson coal mines at Gallup, was  
killed by a blow from the fly wheel of  
the engine. He was unmarried and  
about 20 years of age. One sister and  
two brothers live here.

**The Dollar.**

Just a little dollar on its mission sent, makes a lot of people glad each  
time a coin is spent. You pay it to the butcher for meat to give you  
strength; he takes it to the grocer, from whom it goes at length, some  
pretty bit of cloth or lace, his better half to buy, or helps to get her win-  
ter hat to make her rival sigh. The dry goods man sends on the coin to  
pay his market bill and, though the coin is often spent, it stays a dollar  
still, and every time 'tis spent at home, some act of good is done in boom-  
ing local interests ere the setting of the sun.

But if you take the shining coin and break the local chain, the chances  
are that from afar, 'twill not return again. If once it passes out of town,  
the butcher and the baker, the grocer and the dry goods man, the cook,  
the undertaker, the carpenter, the carriage wright, the blacksmith, every  
one, will lose the chance to touch that coin, ere the setting of the sun.

Just keep the little coin at home, just keep it moving well, and every  
time it changes hands somebody's goods 'twill sell. That single little  
dollar has thus a wondrous power to make somebody better a dozen times  
an hour. It pays the bill and wards off ills, and never its power relaxes  
to soothe the doctor, buy the coal, and pay for the clothes and taxes.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the southwest.

FRIDAY, APRIL 19.

**For Governor of New Mexico from June 7, 1901, to June 7, 1905, or until statehood is attained, Miguel A. Otero.**

**New Mexico Demands Statehood of the 57th Congress.**

**Of Right and in Justice New Mexico Should Be a State.**

Push the proposition to refund and reduce the enormous debt of Santa Fe county.

A great majority of the people of the territory favor statehood. The majority must rule.

The Transvaal must have had a much greater population than it is credited with. The British have captured more Boers since the beginning of the war than the census ever showed existed, and strange to say additional surrenders of Boers are reported daily.

The Boston and Montana Copper Mining Company of Montana, although it works mostly in low grade copper ores, has just declared a dividend of \$5 per share or at the rate of 20 per cent per annum. Copper mining evidently pays even if the ores are not of a higher grade than those found in the immediate vicinity of Santa Fe.

If the Cubans had known it, the best thing they could do would be to accept the proposition laid down in what is called the "Patt amendment." The protecting hand of the United States extended over Cuba would insure prosperity, liberty and freedom for the island and all classes of its citizens.

The Cuban constitutional convention is making a good deal of an ass of itself. It has the swiftest head. It is certainly a great thing for its members that the United States is at present exercising sovereignty over the "Pearl of the Antilles" in place of Spain, and that the Stars and Stripes float over Moro Castle, in place of the red and yellow flag of Spain.

"Where there is so much smoke there must be some fire." The reports and rumors that the Gould-Harriman syndicate has secured control of the Denver & Rio Grande and of the Mexican Central railway, and will in the near future build to El Paso from this point, are on the increase. No better thing than the realization of these reports could happen to the territory.

There are some people in the United States who believe that Aguinaldo should be rewarded for being captured rather than General Funston for capturing him, although Aguinaldo had no choice in the matter except perhaps death. Among these people is the man who writes the editorials for a paper called The Commonwealth, published at Lincoln, Neb. There are evidently some patriots in this country who should sit in the same cell with Aguinaldo.

Today is Arbor Day throughout the territory. It is also the anniversary of the battle of Lexington and of the attack upon the Massachusetts troops in Baltimore in 1861, the first bloodshed of the civil war. It is to be regretted that the day is not as generally observed as it should be, but it will take years more to educate public sentiment up to the point where it will see that Arbor Day should be one of the most important holidays in the year, especially if it is observed with the proper spirit and practice.

The gang of croakers, envious, cranks and venomous and disappointed office seekers in Santa Fe is still weaving its web of lies, but the fact remains that there is unity in Republican ranks. The governor of the territory, the delegate to congress, the members of the Republican national committee from New Mexico and the chairman of the Republican territorial central committee, the members of that committee, and all the prominent Republicans generally are pulling together. The gang above alluded to has the fun of concocting lies concerning the state of the Republican party in the territory, but that is all it can do, it may annoy but it can do no great harm.

There is cause for alarm in financial circles over the formation of trusts of every conceivable kind. The watering of stock cannot go on forever at this rate for cash and credit must have a limit. Even at present much money is taken out of legitimate channels and enterprises to be sunk in overcapitalized trusts and railroad combinations. When the day comes to squeeze the water out of these concerns a panic must result. New states like New Mexico and Arizona suffer on account of the withdrawal of money which should be used to develop their resources and in placing in the coffers of the trust promoters. It is to be hoped that its present prosperity and industrial growth will fulfill the nation against any great financial disaster but in the mean while let the press discourage men from investing their money in trust stock and encourage them to use it in the development of the latent resources of the United States.

For every day the past three weeks the Associated Press dispatches have told of a disastrous storm or blizzard in some part of the United States or the other. Scores of lives have been lost, many cattle and sheep have been killed and the property loss runs into the millions. While New Mexico does have in some parts a storm once in a while that takes along with it a displaced roof or a windmill, it never experiences any cyclones, tornadoes or blizzards such as have fallen to the lot of Colorado, Wyoming, Texas and almost every other state of the Union in the past few months.

The New Mexican understands that Governor Murphy of Arizona, will not be a candidate for re-appointment, and that the postmaster of Phoenix is slated for his position. Governor Murphy is a wealthy man and will enter the practice of law. He tried hard during his administration to make Arizona a Republican territory, but could not succeed, this was not his fault, however. Circumstances were against him. Indeed, of all the territories, New Mexico is the only one that is reliably Republican, and this, thanks to a great degree, to the present efficient, honest and clean territorial administration.

The late frosts in this section have again demonstrated that Santa Fe and vicinity are not adapted to early apricot and peach growing. Horticulturists in planting trees should plant only such varieties as will withstand the late frosts. Santa Fe and the Rio Grande and the San Juan valleys raise the best fruit in the world, but every time that the frost kills the blossoms of early apricots and peaches there arise croakers to deny the claim of superiority for New Mexico makes as a country for horticulturists. A wise man profits by experience and as the almost yearly experience is that early peaches and early apricots bear but little if at all in this section, it would be well to supplant trees of that kind with later peaches and apricots or other varieties of fruit.

Should the Pennsylvania and the Santa Fe systems be linked into closer relations than a mere traffic arrangement, another gigantic railroad deal, perhaps the greatest of these which have surrounded the railroad world the past six months, will have been consummated. The railroad systems west of the Mississippi will then be practically in the possession of three sets of financiers and competition will be cut down to the smallest point among the smaller lines absorbed by the greater systems, but there will be keen rivalry among the three great systems for the trade of the southwest and of the Orient. That will lead to more railroad building, even in parallel lines, and the development of the great resources of New Mexico, Arizona and other western commonwealths.

For the first time in the history of this nation the gold reserve in the United States treasury has passed the \$500,000,000 mark. This is the largest amount of gold now held by any single financial institution in the world and is the largest ever held by any institution with one exception, the Imperial Bank of Russia, which in February, 1898, raised its total holdings to \$500,000,000. At present, however, the Russian bank holds only \$371,500,000. The bank of France now holds \$472,271,000, its high record being \$479,244,000. The bank of England holds \$189,100,000 gold, and the high record of its history was \$245,500,000. The Imperial Bank of Germany holds \$130,000,000, and its gold and silver holdings combined never exceeded \$220,000,000. The United States is now the strongest nation financially as well as industrially.

**Well Merited Praise.**  
On every side is heard praise for Superintendent H. O. Bursum and for the captain of the guards at the penitentiary, Felipe Armijo. The coolness and courage of these two men prevented a greater tragedy than that which was enacted at the penal institution on Wednesday morning and the splendid discipline of the penitentiary officials and guards prevented a general mutiny and terrible loss of life. The occurrence again proved that Mr. Bursum is just the man for the place of superintendent of New Mexico's big penal institution. Prompt to act, unflinching in his duty, courageous and a good disciplinarian, the penitentiary is in better shape today than it ever was before. Attempts to escape are made in every penitentiary and prison, no matter how well governed and where they are, but seldom is a desperate attempt like that on Wednesday met with such readiness and vigor. The incident brought a wholesome lesson to the other convicts who were taught that resistance with deadly arms to the prison officials meant death and that escape under circumstances similar to those on Wednesday forenoon is impossible.

**A NIGHT AT FARMINGTON.**  
We strike the San Juan river at Bloomfield, which, unlike the Las Animas, flows over a rocky bed. It is a treacherous stream, with quicksands, responsible for the lives of many human beings and much live stock. We follow its course to Farmington, which is situated at the junction of the San Juan and Las Animas.  
This little town, like Aztec, has a good two-story brick schoolhouse, several churches, three hotels, a number of stores, a newspaper, The Hustler, and other adjuncts going to make up a western town. It is the trading center of a large territory. The stores consequently are well stocked and do a good business. When the railroad is built, as it surely soon will be, the town will rapidly grow and become a very important point.  
With characteristic enterprise it has a chamber of commerce. On our arrival the president, Mr. Hunter, called it together in special session and discussed methods of co-operation, which we are assured of should we undertake the irrigation and settlement of the "Joining" lands, which would mean much for the town.

It is claimed that this is one of the best fruit sections in the United States. The many orchards, their thrifty appearance and what they say of the productivity of the fruit produced and the productivity of the orchards, would seem to bear out the claim.

# RHEUMATISM

Is due to an acid poison which gains access to the blood through failure of the proper organs to carry off and keep the system clear of all morbid, effete matter. This poison through the general circulation is deposited in the joints, muscles and nerves, causing the most intense pain. Rheumatism may attack with such suddenness and severity as to make within a few days a healthy, active person helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in development, with slight wandering pains, but severe enough to make one feel uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood diseases, Rheumatism is often inherited, and exposure to damp or cold, want of proper food, insufficient clothing, or anything calculated to impair the health, will frequently cause it to develop in early life, but more often not until middle age or later. In whatever form, whether acute or chronic, acquired or inherited, and no matter what other external treatment can reach the trouble. Neither do the preparations of potassium and mercury, and the various mineral salts, which the doctors always prescribe, cure Rheumatism, but ruin the digestion and break down the constitution.

A remedy which builds up the general health and at the same time rids the system of the poison is the only safe and certain cure for Rheumatism. S. S. S., made of roots, herbs and barks of wonderful food, dissolves all poisonous deposits, stimulates and reinforces the overworked, worn-out organs, and cleans the system of all unhealthy accumulations. S. S. S. cures permanently and thoroughly, and keeps the blood in a pure, healthy state.

Mr. J. O. Malley, 123 W. 19th Street, Indianapolis, Ind., for eighteen months was so terribly afflicted with Rheumatism he was unable to feed or dress himself. Doctors said his case was hopeless. He had tried fifty-two prescriptions that friends had given him, without the slightest relief. A few bottles of S. S. S. cured him permanently, and he has never had a Rheumatic pain since. This was five years ago.

We will send free our special book on Rheumatism, which should be in the hands of every sufferer from this torturing disease. Our physicians have made blood and skin diseases a life study, and will give you any information or advice wanted, so write them fully and freely about your case. We make no charge whatever for this service. Address, SWIFT SPECIFIC CO., Atlanta, Ga.

## THE TOWNS OF AZTEC AND FARMINGTON

Fine Orchards and Fertile Meadows in the Valley of the San Juan and the Las Animas.

PROFIT IN FRUIT TREES AND ALFALFA

(National Rural)

After a refreshing sleep and a hearty breakfast, in company with Mr. Hendricks and Mr. Tiffany, behind a span of good travelers, we are off down the valley and over the mesa to inspect the route of the canals and view the lands it is proposed to irrigate.

At Aztec, the county seat, we stop to examine records and gain an introduction to their leading citizens, who lend us every possible encouragement to pursue our proposed enterprise. With laudable western enterprise, they have established a board of immigration, whose duty it is to furnish information to settlers. On the road we met three wagon loads of household goods representing new settlers coming into the valley.

This town is hardly big enough to get lost in, but consists of quite a bunch of homes, a number of thrifty stores, a 2-story brick schoolhouse, churches, a 50-barrel a day roller flour mill, hotel, a printing office and newspaper, The Index, and other appurtenances usual to like towns.

Across the river is an agricultural experiment station established by the territory. This, however, we understand is to be abandoned, sold, and the proceeds put into a courthouse. There are also some extensive ruins of the ancient Aztec inhabitants in the vicinity, and plainly visible across the river a broad avenue constructed by these ancient people ascending the mesa.

**SOME CHOICE LANDS.**  
From Aztec we turn westward to the land it is proposed to irrigate and people with thrifty homesteaders. There seem to be in the neighborhood of 30,000 acres of good land available, some of it unsurpassed. One mesa in particular, the Couch, is as level as a floor. The soil is what is known as the California red or chocolate brown, noted for its great fertility and general adaptability for agricultural purposes, more especially for fruit growing. This land, we are informed, will produce alfalfa, wheat, corn, and other products in like proportion. There is no sage brush on it, simply grass. It is ready for the plow. All it lacks is water. To develop this mesa alone would pay the cost of the canal. It is choice and would provide farms and homes and a competence for two to three hundred families.

W. N. Knight, one of the largest fruit growers in the valley, says that this higher land, especially the red variety, is better than valley land for fruit, especially as it escapes the catches, late frosts, which sometimes damage the early bloom in the valley. Cold air, like water, seeks the lower levels. For this reason the Indians prefer to camp on the side of a hill rather than on the lower lands below during the colder weather, the air being warmer.

There are two other mesas, called the Bloomfield and Solomon, each containing a fine body of land. There are also many sheltered glades, consisting of from one to three thousand acres in a body, with excellent soil, which would make ideal orchard, vineyard or general farming land.

It seems to us a laudable ambition to want to see these waste places blossom as the rose and yield their increase to the prosperity of thrifty settlers.

**A NIGHT AT FARMINGTON.**  
We strike the San Juan river at Bloomfield, which, unlike the Las Animas, flows over a rocky bed. It is a treacherous stream, with quicksands, responsible for the lives of many human beings and much live stock. We follow its course to Farmington, which is situated at the junction of the San Juan and Las Animas.

This little town, like Aztec, has a good two-story brick schoolhouse, several churches, three hotels, a number of stores, a newspaper, The Hustler, and other adjuncts going to make up a western town. It is claimed that this is one of the best fruit sections in the United States. The many orchards, their thrifty appearance and what they say of the productivity of the fruit produced and the productivity of the orchards, would seem to bear out the claim.

## Distorts Muscles, Shatters Nerves, Stiffens Joints.

Rheumatism may attack with such suddenness and severity as to make within a few days a healthy, active person helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in development, with slight wandering pains, but severe enough to make one feel uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood diseases, Rheumatism is often inherited, and exposure to damp or cold, want of proper food, insufficient clothing, or anything calculated to impair the health, will frequently cause it to develop in early life, but more often not until middle age or later. Fat squabs, fresh eggs and Jersey  
butter for sale. Address Box 26, Santa  
Fe, N. M.

## OFFICIAL MATTERS.

INCREASED APPROPRIATION FOR  
POSTAL CLERKS.

The postoffice department has in-  
creased the amount appropriated for  
clerk hire at the Albuquerque postoffice  
by \$500 a year and at the Las Vegas of-  
fice by \$100 a year.

INSTRUCTOR FOR TEACHERS' IN-  
STITUTE.

Hon. J. Francisco Chavez, superin-  
tendent of public instruction, has received  
official notification from Elfrigo Baca,  
county superintendent of Socorro coun-  
ty, that he has appointed Professor E.  
A. Drake of the New Mexico School of  
Mines, instructor of the teachers' in-  
stitute of Socorro county to be held in  
August.

TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn  
is in receipt of the following remittan-  
ces: From J. A. Gilmour, ex-collect-  
or of Chaves county, 9 cents; of 1893  
taxes: \$3.06 of 1894 taxes: \$2.83 of 1895  
taxes: 49 cents of 1896 taxes: \$3.26 of  
1897 taxes: \$38.59 of 1898 taxes: and \$54.74  
of 1899 taxes; also from John D. Wal-  
ker, collector of Eddy county, \$117.76 of  
1900 taxes.

## MINOR CITY TOPICS.

Another beautiful Santa Fe spring  
day.

Clean cotton rags wanted at the New  
Mexican office.

Exchange: E. H. Brown, Muscatine,  
Ia., Charles Pantz, Chicago.

E. Andrews is erecting a 50-foot wind-  
mill with a 67 barrel tank at the convent  
of the Sisters of Loretto.

A few more warm, pleasant days like  
today and every fruit tree will be in  
bloom and vegetation will make a vigor-  
ous start.

Probate Clerk Manuel Delgado today  
recorded a deed by Ramon Martinez  
and wife to school district No. 18, for a  
house and lot. Consideration \$100.

Climaco Trujillo has been awarded  
the contract to furnish 500 perches of  
stone at 90 cents a perch for the new  
buildings at the government Indian  
school.

Santa Fe can have free postal deliv-  
ery if it asks for it. Certainly the board  
of trade should not deem it too much  
of an effort to make a move in that  
direction.

Bon Ton: A. P. Balter, Buckman;  
F. L. Wright, William A. Anderson,  
Tad Dometrio Rivera, Ojo Caliente;  
Hugh Ellison, Salt Lake; David Flory,  
Silverton, Colo.; Professor J. W. Brown,  
London.

Don Gaspar avenue between San Fran-  
cisco and Water streets should be wid-  
ened. The adjoining property would  
be so enhanced in value by the improve-  
ment that its owners should willingly give  
ten feet on each side for the purpose.

This evening a meeting of the board  
of trade will be held at the office of  
Colonel George W. Knaebel for the pur-  
pose of taking action on a petition for  
the sale of the Fort Marcy military  
reservation by the department of the  
interior.

Forty years ago today the 6th Mas-  
sachusetts volunteers while passing  
through Baltimore on its way to Wash-  
ington, was attacked by a mob and a  
bloody riot ensued. Many were killed  
on both sides. There was intense ex-  
citement over the affair.

Palace. J. M. Simmons and wife,  
Chicago; Miss Helen L. Cooke, Chicago;  
George E. Roe, Pueblo; J. A. Elmslie,  
Milwaukee; G. E. Dowry, St. Louis;  
George R. Jenkins, Chicago; F. K.  
Vreeland, New York; I. F. Deurier, B.  
S. Atkins, Denver; J. H. Van Norman,  
Las Vegas.

The matter of fire insurance on the  
warehouse of Leo Heller and its contents  
on San Francisco street, damaged by  
fire last Monday evening, was adjusted  
yesterday afternoon by arbitration. The  
arbitrators were S. G. Cartwright and  
Marcelino Garcia. Paul Wunschmann  
& Co. represented the insurance com-  
panies.

Invitations were received in the city  
today to the wedding of D. T. White, a  
commercial man of Las Vegas, and Miss  
Helen Brady, daughter of Mr. and Mrs.  
James Brady, at the home of the bride's  
parents at Austin, Texas, on Tuesday  
evening at 8 o'clock, April 30. Mr. and  
Mrs. White will be at home at Las Ve-  
gas after May 15.

That old veteran engineer, John Beck-  
ler, who has held down the throttle on  
the Santa Fe branch for several years,  
is enjoying a week's lay-off to do up his  
spring gardening and to trim his fruit  
trees surrounding his comfortable home.  
He commenced railroading on the Lake  
Shore road 62 years ago when there  
were only three railroads running into  
Chicago. Uncle John, during his long  
years in the business, has been remark-  
ably lucky in meeting with but few ac-  
cidents and none very serious.

The U. N. L. G. Indian baseball team  
crossed bats with the College Browns  
this afternoon on the campus of St.  
Michael's college. The line-up of the  
Browns was as follows: Jose R. Mar-  
tinez, Jr., catcher; Max Tafuya, pitch-  
er; Jose Mirabel, 1st base; Horace  
Otero, 2d base; Lewis Stephenson, short  
stop; Lewis Baca, 3d base; O. de la Osa,  
right field; Captain R. Mirabal, center  
field; A. Salazar, left field; V. Alarid  
was the umpire.

Santa Fe needs a modern school  
building and the new board of educa-  
tion can make itself a permanent name  
by providing it without adding addi-  
tional taxes upon the already over-  
burdened tax payers. Judicious man-  
agement each year would save sufficient  
from the regular income of the school  
districts to pay the interest on the  
amount needed to erect a modern school  
building. Perhaps the proceeds of a  
sale by the U. S. government of the  
Fort Marcy reservation could be secured  
for erecting new school buildings in  
Santa Fe.

"VENISON AND FROG LEGS"  
And everything new good to eat can be  
found at the Bon Ton.

AGENTS earn \$10 to \$25 per day han-  
dling our Newest Patent 20th Cen-  
tury Combination Punching, Grip and  
Wrist Snot Machines. Four combina-  
tions in one machine. One sent on trial.  
Will give exclusive territory. Ameri-  
can Auto Engineering Co., 220 Broad-  
way, New York. A 3-10.

"MEXICAN SORTS."

Posole, Temole, Tamales, Chile Con  
Carni, Chile Verde, Frijoles, Menudo,  
Chicharones, 1 he Bon-Ton.

## WILLIAM SIMMONS IS DEAD.

He Was Shot While Trying to Escape from  
the Penitentiary.

William Simmons, the convict who  
was shot on Wednesday morning last,  
at the territorial penitentiary while he  
was trying to make his escape,  
died this morning, at 4 o'clock, of his  
wounds. He was sentenced from Chav-  
es county, March 15, 1900, for two years  
imprisonment for stealing horses. He  
was a member of the gang captured by  
Sheriff C. F. Blackington of Socorro  
county, in Water canon, where one  
member of the gang was killed while  
resisting capture. He with others while  
being conveyed to the penitentiary by  
Sheriff Higgins, attempted to escape in  
the city of El Paso. He was a very  
good prisoner while in the penitentiary  
so far as behavior was concerned, but  
has always been looked upon as a dan-  
gerous man and was closely watched.  
Had he lived, after his release, he would  
have been taken to Colfax county,  
where an indictment for highway rob-  
bery, for robbing a store at Springer,  
has been pending against him. He was  
shot in the loins and in the liver, and  
his wounds proved fatal.

This afternoon, Justice of the Peace  
Anaya with the following coroner's jury,  
held an inquest over the remains of  
Simmons: Cosme Salas, Melquiades  
Quintana, Carlos Barranca, Lorenzo  
Mondragon, Julian Herrera, Bacilio  
Gonzales. The verdict was that Sim-  
mons came to his death from wounds  
inflicted by Captain of the Guards Fe-  
lice Arrijo and that the killing was  
justifiable.

## DIED OF HEART FAILURE.

P. S. Gresham of This City is Dead at San  
Pedro.

A dispatch received this afternoon by  
Frank Andrews announced that his  
father-in-law, P. S. Gresham of this  
city, had dropped dead today at San  
Pedro in the southern part of this coun-  
ty of heart failure. Mr. and Mrs.  
Gresham lived on Guadalupe street on  
the south side, but some time ago Mr.  
Gresham went to San Pedro to take  
charge of the boarding house there of  
the Santa Fe Gold and Copper company.  
Mr. Gresham came to New Mexico from  
Missouri to work for the A. T. & S. F.  
railroad company. Before coming to  
Santa Fe, he lived at Waldo and Cer-  
rillos. He is survived by his wife, his  
daughter, Mrs. Frank Andrews, and  
two sons, John and Harry. The remains  
will be brought to Santa Fe for inter-  
ment.

## PERSONAL MENTION

W. C. Wynkoop of Bland, is a visitor  
in the capital.

W. M. Tipton, who is ill with bilious  
fever, is reported to be much improved  
today.

Matthew G. Reynolds, U. S. attorney  
of the court of private land claims, has  
returned from here to his home at St.  
Louis.

Mrs. P. S. Gresham, her daughter  
Mrs. Frank Andrews, and her niece,  
Mrs. L. M. Brown, went to San Pedro  
this afternoon.

George R. Jenkins, an attorney from  
Chicago, and F. K. Vreeland of New  
York, returned last evening from an  
overland trip to Taos.

H. S. Lutz, city agent of the Santa Fe  
Railroad company, returned last even-  
ing from Las Vegas Hot Springs al-  
most completely recovered from an at-  
tack of inflammatory rheumatism.

E. A. Fiske, Esq., and William An-  
derson, the latter of Arroyo Seco, went  
to Rinconado this afternoon to attend  
the sale tomorrow of the machinery and  
personal property of the Copper Hill  
Mining company.

Civil Engineer John L. Zimmerman  
left for Algodones this afternoon, hav-  
ing been engaged to lay out a new  
townsite at Algodones on the line of  
the proposed Santa Fe, Albuquerque &  
Pacific railway company.

## U. S. Weather Bureau Notes.

Forecast for New Mexico: Fair to-  
night and Saturday.  
Yesterday the thermometer registered  
as follows: Maximum temperature, 53  
degrees, at 2:30 p. m.; minimum, 28 de-  
grees, at 5:45 a. m. The mean tem-  
perature for the 24 hours was 40 de-  
grees. Mean daily humidity, 55 per cent.  
Temperature at 8:00 a. m. today, 34.

## A Slight Wreck on the Santa Fe.

At Tipton on Sunday morning No. 34  
of the Santa Fe system went on the  
sidetrack to let the west bound flyer  
pass, but did not get on quite far  
enough. The engine of the flyer side-  
wiped four freight cars and threw them  
from the track. The engine—No. 472—  
was considerably damaged, and was  
sent to the Raton shops.

## Men Wanted at Rocky Ford.

Wanted—Men and boys to thin, weed,  
hoe and harvest sugar beets. Work in  
the beet fields from the middle of May  
until the end of July. Then opportunity  
for employment in hay and melon fields.  
Harvest time for sugar beet crop from  
middle of September until the end of  
November.

Farmers pay 15 cents per hour, or \$1  
per day and board, for such labor. In-  
dustrious men can earn more by con-  
tracting for work.

Responsible parties wanted to ar-  
range boarding camps, as farmers are  
not in position to board large crews.  
Write us for further information.  
American Beet Sugar Company, Rocky  
Ford, Colo.

Notice how Wagner keeps the lead in  
everything. Prices and quality and work-  
manship will tell. That is what I guar-  
antee or money refunded. Seventy-eight  
designs in picture moldings of the latest  
patterns just received. We are prepared  
to make any and all kinds of picture  
frames at the lowest prices.
