BLOODY PENKNIFE

It Cut the Throats of Two People.

Sunday Morning Crime in a North Third Street House.

James Brown Used the Knife on Cora Miller and Himself.

GETTING ALONG NICELY.

After an all night's debauch last Saturday a crime was committed at 307 North Third street, and on Sunday morning there were two victims with their throats cut.

James Brown lies in one of the rooms, under guard, with a ghastly wound extending from ear to ear, and Cora Miller, the madam of the house, in another room, with her throat partly cut from right to left.

Saturday night last Brown and Cora, who had often sought the wine when it was red, were out on a regular old-fashioned spree—a pace that usually kills, and early Sunday morning turned in for a few hours' rest.

On reaching the house, Brown felt like sleep was needed, and rolled over on the bed.

Here the story to the beginning of a bloody crime starts:

Cora says that they got to quarreling and she slapped him in the face and told him she wanted nothing more to do with him. That angered him and getting up from the bed, he took out a small-bladed pocket knife and slashed her across the throat. He then commenced cutting and slashing at his own throat. She then ran out of the room, yelling "Murder," and when the other inmates of the house arrived and saw the bloody deed, they gave the alarm as hurriedly as possible.

Brown's story is that he was trying to sleep, when Cora commenced pummeling him and pulling his hair, and accusing him of this and that. He then cut her in the throat, not intending it to be so serious, but thinking that he had killed her and that he would be hanged for the crime, he then inflicted the wounds upon himself with the intent to kill.

Officers arrived at the bloody scene half an hour after the crime had been committed, followed a few minutes later by Drs. Carns and Wroth.

Marshal McMillin placed Brown under arrest, and left a guard in charge, while the doctors went about attending to the victims of the debauch and quarrel.

Dr. Carns attended to the man and sewed up his wound. He found the throat cut from ear to ear, the windpipe cut and punctured in several places, and the external carotid artery severed.

Dr. Wroth looked after the woman and discovered that the knife had entered the center of the throat on the right side and cut up toward the left ear. The wound was nearly four inches long and deep enough to sever the windpipe or trachea.

Both physicians give it as their opinion that both Brown and the woman will survive their ghastly wounds, provided no complications set in, although it is yet too soon to make any prediction as to the outcome.

At this hour both are resting easy, and Dr. Carns has given instructions to the officers, who hold Brown, that he must not be removed until he so orders.

Cora Miller and her sister, Lillie, are from Missouri, and it is said that their names are assumed. They desire to keep the shame of their life from a good and aged mother now residing near Kansas City.

Brown is known here as a base ball player—a member of the Browns club, and later as a bartender at the Metropolitan when the resort was run by Mr. Berry. He came here first from the government Indian school at Santa Fe, where he was in the service of the government. He is said to be one-eighth Wyandotte, and graduated as a member of that tribe of Indians at Haskell Institute, Lawrence, Kansas. His parents now reside at Wyandotte, Indian Territory, where his father is reported to be quite wealthy and in the stock raising business. He always bore a good reputation, but of recent date has been drinking heavily. He has many friends in the city.

WAS INFATUATED.

William Austin Killed Five and Then Committed Suicide.

St. Augustine, Fla., May 19.—Crazed by infatuation for little Abitha McCulloch, a 13-year-old girl, William Austin, aged 25, today killed the girl, four other persons and then committed suicide in the farm house of William Wilkinson, near Hastings. The dead are: William Wilkinson, aged 52; Miss Wilkinson, his wife; Miss Abitha McCulloch, aged 13; Miss Wilkinson, sister of William Wilkinson; William Austin, and one child.

Tourists Were Killed.

London, May 19.—Nine English tourists, including four women and four boatmen, were drowned yesterday by the upsetting of a boat on the lakes of

Killarney, County Kerry, Ireland, during a squall. A storm is sweeping over the coasts of the United Kingdom.

ARE SKEPTICAL.

Some Doubt Expressed About Spanish Anarchist Plot.

Madrid, May 19.—Police here are extremely reticent regarding the discovery of the anarchist plot. Several papers now question whether the arrested men really entertained the intentions attributed to them. It is said the authorities on getting an inkling of the purchase of dynamite ordered inquiries made concerning each purchaser and the existence of the conspiracy is thus thought to have been discovered.

AS MAJOR GENERAL.

Surgeon General Sternberg Will Retire From the Army.

Washington, May 19.—In the senate today a partial disagreement to the omnibus claims bill was reported and the bill again sent to conference. The bill providing for the retirement of Surgeon General Sternberg as major general was passed. At the conclusion of routine business consideration was resumed of the Philippine government bill, Mr. Dilliver, of Iowa, addressing the senate in support of the measure. After disposing of some routine business the senate at 2:25 p. m. went into executive session.

CAN NOT DO IT.

Regular Army Officers Can Not Try Volunteer Officers.

Washington, May 19.—In an opinion delivered today by Justice Peckham, the United States supreme court decided the case of Captain Peter C. Deming in that officer's favor. The case involved the right of a court martial composed entirely of officers of the regular army to pass upon a case involving the rights of volunteer officers. The effect of the opinion is that such a trial is illegal.

Mr. and Mrs. G. H. Thomas expect to leave tomorrow morning for Topeka, Kas., where they will visit relatives and friends for a few days. Mr. Thomas is a conductor on the Santa Fe Pacific.

TERRIBLE EXPERIENCE.

Miner Hit With Bar of Iron and Thrown Into Shaft.

HOW IT OCCURRED.

Few men have passed through an experience similar to that of Fred Haas, of Graham county, Ariz., and lived to tell the tale, says the Bisbee Review. His story reads like a romance contained in a novel with a yellow cover.

To the Review he told the following story to which his friends testify: "I was sinking a shaft near Fort Thomas, and went to the town to get a piece of iron to make a spoon to clean drilled holes.

"While in a saloon I was told that I might be able to get the iron by going to an old mine. While in the saloon three men were standing near and heard what was told me.

"The next morning I went to the shaft and entered a blacksmith shop near by. I saw a piece of iron on a shelf, and was reaching for it, when I was struck over the head with a blunt instrument.

"Then everything became black, and I do not remember anything until I came to at the bottom of an old shaft. I was in a sitting position, leaning against the wall.

"Those who struck me must have carried me to the shaft and threw me into it. I landed on my hips on a pile of soft mud, which is all that saved my life.

"When I regained my senses I looked around and found an old candle in a box. I kindled a fire, and the smoke issuing from the top of the shaft attracted the attention of two miners, with whom I had been working.

"They saw the smoke while searching for me, and coming to the shaft called to see if I were there. I answered and they lowered a rope. This I tied around my body and was pulled out.

"I asked what time it was and when told, was surprised to find that I had been in the hole about thirty hours, without food or water.

"I do not know what prompted any one to make such an assault on me. They certainly intended that their work should be complete, and thought when they threw me down that shaft that it would be the last of me."

It was reported in Bisbee that Haas had been killed, and while in the city he has been the recipient of congratulations.

A SABBATH QUIET.

No Work at all Around Anthracite Coal Mines.

Hazleton, Pa., May 19.—The second week of the total suspension of hard coal mining as the result of the deadlock between the miners and mine owners began today without the faintest ripple to disturb the calmness of the situation. A Sabbath stillness prevails everywhere.

Not one of the coal companies in this territory made an attempt to start up a colliery today and not a miner wandered near the big black breakers. No one is about except engineers, firemen and pump runners, whose duty is to keep the mines free from water and gas.

NATURE'S DOINGS

Death Dealing Storm in Texas.

Cinders and Ashes in Island of Martinique.

Wind in Kansas and a Waterspout in Minnesota.

SNOW AND EARTHQUAKE.

Dallas, Texas, May 19.—The death-dealing storm that swept over Texas yesterday afternoon snuffed out the lives of at least ninety persons, injured over 100 and left the historic little town of Goliad a gaping wreck. Within five minutes the terrible work of the tornado was done and those who were lucky enough to escape with their lives ran to the work of rescue. The survivors at Goliad were too dazed to estimate the property loss, but a strip in the town two blocks wide and a mile long was swept. The damage was heavy. Dead and dying animals are mixed with the debris that marks the path of the storm. The injured are being cared for this morning by physicians and nurses who arrived on special trains late last night.

The storm destroyed much property in other portions of the state, but so far as known no lives were lost. Shortly after noon a storm struck San Antonio and demolished property to the extent of \$75,000 and injured several persons, but none seriously. Austin also suffered considerable property loss.

At Mincola, a wind storm, followed by rain, uprooted a hundred shade trees and blew several houses from their foundation. Heavy rains fell throughout the western portion of the state and will help the crops materially. The panhandle was especially drenched.

Following is a special list of casualties in the Goliad tornado:

The white dead: Mrs. Johnson, aged 60; Margaret Pope, aged 8; Stuart Dial; Zinkie Lott and daughter; William Lott; Mrs. Paul and two children, Mando and Alice; the two Augustine children; Mrs. Stoppel and children, except one; Mr. and Mrs. Bill Hoard and three children; Joe Savage and child, Farinette, Texas; Phosha Savage; Mr. Newcomb, wife and child; Bill Treadwell; and Haywood Jones.

The injured whites are: W. H. Maddox, both legs broken, injured about the head, probably fatally; Mr. and Mrs. L. N. Vandalsen and two children, none fatally; Mrs. G. Pope, leg broken and other injuries, very serious; the Maddox child; Miss Beulah Dial; William Lott, ribs broken, not serious; Walter and Stuart Lott, legs broken; Mr. and Mrs. Joseph Savage, injured internally; Miss Sallie Good, badly injured; Mrs. Gibson, badly injured, and just alive; Miss Libbie Carr, badly hurt; Bessie Oscar; Mollie and Alice Parke, not fatally; J. A. Turner, wife, mother-in-law and one child, not fatally; Clyde Harrison; John Hurling; Mr. Bekar; Lyndia Smith; — Nabling and son, Albert, of Victoria; Jim Rutherford and wife; — Smith, of Rockport; Mrs. Harrison and young son; Ruby Maddox; Baby Maddox; Mrs. Casey; Maud Casey; and J. P. Harling.

Thirteen are unidentified, making forty-two dead negroes recovered. There are fifty-three negroes injured, many fatally, and it is thought there are at least fifteen dead not included in the above list.

The Associated Press reached Goliad by telephone a few minutes this afternoon. The operator there reported 160 dead and 100 wounded, the majority negroes. The storm swept the negro district in the west end of town. The business section was not touched. The town is now under military rule, and newspaper men are on the ground and are assisting in the burial of the dead and relieving the injured. None could be induced to take time to talk of the disaster. The court house and residences are being used as temporary hospitals for the wounded. The hurricane that struck the town came from the southeast at 3:30 p. m. Wires are badly demoralized and details necessarily are slow.

Cinders and Ashes.

Paris, May 19.—Governor L'Huerre, of Martinique, has called the colonial minister, announcing that Mont Pelée continues to throw up immense quantities of cinders which, owing to a change in the direction of the wind, are now covering the country districts of the island.

Violent explosions have been heard at La Carbet.

Wind in Kansas.

Pittsburg, Kan., May 19.—The worst wind storm that has visited this sec-

tion for some time came up from the southwest last night, accompanied by a heavy rain. Several houses in Pittsburg were blown from their foundations. In the farming districts much damage was done.

Waterspout in Minnesota.

Preston, Minn., May 19.—The waterspout that struck near Preston last night flooded the country for miles around and caused the death by drowning of the four children of Wilbur Wilbright, near Forestville, and the death by lightning of Alderman Gonkey, of Preston. The property loss is heavy. Reports from the western part of the country, say it was one of the worst storms ever witnessed in that section. In the township of York farmers lost a great deal of stock.

Hurricane in India.

Bombay, May 19.—A destructive hurricane swept over the province of Sclade, in British India. Forty miles of railroad track were washed away and bridges, houses and embankments have disappeared. Fifty miles of telegraph wires are also down and many lives lost.

Snow in Colorado.

Breckenridge, Colo., May 19.—Ten inches of snow fell in this section last night in one of the heaviest snows ever known here in May. It was of untold benefit to ranches and stockmen.

ASLEEP ON THE TRACK.

Frank Barton Saved a Man's Life Last Night.

Francisco Castillo, a Mexican living near the Santa Fe hospital was in police court this morning on the charge of being drunk. He was found asleep on the main track of the Santa Fe last night and was found by Special Officer Frank Barton.

Judge Crawford gave him 10 days and said he would have made it thirty had it not been for his family. Castillo was some little distance from the depot and would undoubtedly have been killed had it not been for Barton.

Charles James, drunk and disorderly, was given five days or \$5 and Thomas Johnson, a vagrant, fifteen days.

GREAT DISASTER

Explosions and Fire Trap Miners.

Six Months Aid for Saint Vincent.

Attempted Assassination of Governor of a Russian Province.

GASOLINE TANK EXPLODED.

Knoxville, Tenn., May 19.—A special to the Sentinel says the Fraterville and Thistle coal mines at Coal Creek, Tenn., exploded this morning. About 300 men were working in the mine and flames are now issuing from the mouths of the mines and vent holes.

George N. Camp, superintendent of the Thistle mine, gave out an official statement estimating the number killed in both mines at 150. None have been rescued.

A special to the Sentinel says: Two rescuing parties started into the Thistle and Fraterville mine entrances as soon as possible after the explosion. The Thistle party was unable to make any headway whatever, as gas stifled the men almost as soon as they entered the shaft. The Fraterville party went as far as the "parting of the ways" into the mine, where a heavy fall of slate was encountered. This cut off further progress until the slate is removed. Intense heat indicates the mine is on fire. At 11 o'clock there is no longer any question the Thistle miners also suffered in the disaster.

At 1:30 o'clock one man was taken from the mouth of the Fraterville mine. He was an unrecognizable mass of flesh.

May Be 300 Men.

Knoxville, Tenn., May 19.—A staff correspondent of the Knoxville Sentinel, who is at Coal Creek, Tenn., wires the following:

"As the result of the explosion at the Fraterville coal mines, two miles west of town, at 7:30 o'clock this morning, probably between 200 and 300 persons have been killed. Superintendent George Camp states he is positive 160 men are in the mine and there may be from 250 to 300.

The known dead are: George Adkins, mine foreman, head blown off; James Hightower; O. Robert Smith; unknown negro laborer; William Morgan, an aged Englishman, roadman in the mine, blown out of the entrance and will die.

The navy department received the following dispatch from Commander McLean, of the Cincinnati:

"Fort De France, May 19.—Water barge not needed. Ashes and volcanic dust falling thickly here and now like a thick fog. Decks are covered."

ATTEMPTED ASSASSINATION.

Tried to Shoot Governor of a Russian Province.

St. Petersburg, May 19.—An unsuccessful attempt was made yesterday evening to assassinate Lieutenant General Von Wahl, governor of Vilna. Von Wahl was formerly chief of police at St. Petersburg, and had a great deal of trouble with the students there.

Von Wahl was leaving the circus at Vilna about midnight when a man stepped up from behind and fired twice with a revolver, wounding the governor in the left hand and right foot. The would-be assassin was pounced upon by the police and bystanders and thrown to the ground, but he succeeded in firing a third shot harmlessly. He gave his name as Hirschel Dert.

POST IS SURE.

Albuquerque Will Have it if New Mexico Gets One.

COMMITTEE HAS RETURNED.

Judge B. S. Baker and O. N. Marron have returned from Washington, where they went to advance Albuquerque's interest in the military post matter and help along the statehood bill. They are satisfied that all doubt of Albuquerque getting the post, if it is located in New Mexico, is removed.

"Las Vegas never did have any show of getting the post," said Mr. Marron. "Of course, we got no definite promise from any one, as no one is authorized to speak and congress has not appropriated the money for it. The only question is whether or not New Mexico gets one of the posts. If it does, there is no question but that it will be located here. When we met the secretary of war and made our reply to the protest of Las Vegas, Secretary Root laughed, and said: 'Well, gentlemen, it will take very much more than a difference of 10 degrees in temperature to overcome the recommendation of the army board.' There is no doubt we will get the post if the appropriation is made and New Mexico gets one."

"There was practically no opposition to the statehood bill in the house and the sentiment is general that it will pass the senate, but not until December."

Weaver's Promotion.

Wiley Weaver, formerly manager for the Colorado Fuel and Iron company at Gallup, is in the city today. He has received a promotion and is now on his way to Pueblo, where he will have charge of the building of \$300,000 worth of houses for employees of the company.

El Paso is having a building boom, and buildings to cost \$1,000,000 are in course of construction.

Every portion of New Mexico was visited last week by timely rains, and good crops are assured in the territory.

The most effective way to exclude Chinese labor would be for white men to make up their minds to patronize white labor instead of yellow.

During 1901 the life insurance companies' losses in New Mexico aggregated \$208,200. Losses amounting to \$89,500 were paid in Albuquerque.

The Massachusetts legislature has passed a bill awarding a medal to every citizen of the state who enlisted in response to President Lincoln's first call for volunteers in 1861. Forty-one years have passed since that event, and it will be interesting to know how many survivors claim the honor.

In the future Arizona criminals can be pursued and captured in New Mexico. Captain Mossman, of the Arizona rangers, has been appointed a United States deputy marshal of New Mexico by Marshal Forsaker, and criminals of Arizona will be followed by the rangers any where in the two territories.

There are 3,745 distilleries in the United States, annually producing 124,530,599 gallons of alcoholic spirits. The total cost of aging the 142,119,231 gallons of whiskey annually carried in bond in the United States, including loss by evaporation, interest, storage, insurance, etc., is estimated at about \$14,000,000 a year.

One Geo. M. Priest, of New York City, who owns some vacant lots at Las Vegas, has written a letter to the secretary of war protesting against the location of an army post at Albuquerque. Mr. Priest will learn in the course of time that the government does not locate army posts for the special benefit of real estate speculators.

New York state will cast thirty-nine votes in the next electoral college for the presidential candidate carrying the state. For several years New York has had seventy-two votes in the conventions and thirty-six in the electoral college. The change is due to the recent congressional reapportionment, which gave three additional congressmen to the state. This gives New York thirty-seven representatives, with the two senators.

GEN. MACARTHUR'S REPORT.

In his report to the secretary of war Gen. MacArthur recommended the location of an army post near Albuquerque, and says of the proposed location on the mesa east of the city:

"The proposed location, No. 3, is so attractive in respect to everything relating to area and topography that it invites the most serious consideration."

After indicating by means of a blue print the proposed area, including an immense target range, the report continues: "The boundaries indicated for location No. 3 would give an area of something like 35,000 acres, all well adapted to military purposes, including the target ground which is suitable not only to small arms but to light artillery. The tract is so far removed from the city that to declare it a military reservation could not interfere in any way with the growth thereof for an indefinite time. The land is all public domain, except a few inconspicuous tracts and could therefore be reserved by executive proclamation. It is understood that this location has already been withdrawn from entry until the United States has declared a military reservation. The surface of the tract is even and well adapted to the construction of a post of any size with little or no grading. The sewerage of this location would be somewhat difficult and expensive, as several ridges intervene between the proposed site and the outfall of the sewer system on the Canada."

Earlier in his report General MacArthur dealt fully with the water question, speaking of having examined a number of wells on the mesa, which were furnishing a plentiful supply of pure water. Continuing the subject, while referring to site No. 3, he says:

"If, upon full investigation, it is found that the well theory is practical, it will probably be much the best system for any post on the mesa. It would be a comparatively cheap experiment to sink a number of wells on the site and then determine in advance by practical demonstration as to the feasibility of such a method of water supply."

"As at present advised my recommendation would be strongly in favor of location No. 3, as embodying more of the essential advantages of a post than either of the others or of any other point examined on the mesa. With the satisfactory solution of the water supply, I regard the location as ideal for the establishment of a modern military post of any size desired."

IMPROVEMENT IN SPAIN.

An American correspondent in Madrid states that the loss of the colonies has proved to be a blessing in disguise. The terrible drain upon the resources of the kingdom from military expenditures has ceased and the pressure of taxation has been relaxed. There has been a great gain in the buoyancy of the public confidence. Bankers and merchants are convinced that a better era has opened for Spanish industry. New linen and other textile factories have been built in northern Spain and considerable investments have been made in mining properties in the south. The business community has awakened to the fact that Spain's virtually undeveloped country is possessed of great resources, and that so long as the colonies remained a heavy weight upon the taxpayers of the peninsula there was no chance of industrial progress at home. Employment has increased in the manufacturing sections, new enterprises are multiplying, there are fewer beggars in the streets and more signs of wealth and comfort in all the large towns. Madrid itself has been transformed from a faded and forlorn city into a gay and brilliant capital, with a new movement of traffic in the streets and hopefulness in the air.

Spring Ailments.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at Cosmopolitan Pharmacy, B. Ruppe.

Robbers Indicted.

The United States grand jury of San Miguel county returned true bills Saturday morning against Henry Hawkins, Witt Neill, George Cook, one Potter, J. W. Smith, Frank Isbell, G. R. Messinger, indicted for breaking into the postoffice at Fort Sumner and the killing of a boy at the time, January 27. George Cook and Witt Neill, with two others, were indicted for the robbery at Revuelto, December 23.

The Tent Meeting.

In spite of the disagreeable weather last night the largest audience since the meetings began crowded the big tent. There were but few vacant seats. Miss Augustine sang with unusual sweetness and effectiveness. The sermon was both convincing and persuasive. Meetings every night this week, except Saturday. Wednesday night the service will be for men only. Friday night the evangelist will tell the story of his life and conversion. Remember the dates. Afternoon meetings from 3:30 to 4:30 at the Baptist church.

Coming to Albuquerque.

Prof. F. A. Jones returned Monday morning from a business trip of several days duration in Grant county. Since severing his connection with the School of Mines Professor Jones has about concluded to locate in Albuquerque, though Mrs. Jones and the children expect to go to Missouri for a time. They will leave many friends in Socorro who will wish them all manner of prosperity and happiness.—Chieftain.

Holds Up a Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by all druggists.

Santa Fe Won.	
On Saturday the Santa Fe base ball	
team won a game from the team from

World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. 25c at Cosmopolitan Pharmacy, B. Ruppe.

Made Good Records.

The Albuquerque boys made a fine record at the New Mexico Military Institute this year. C. E. Kunz stands fifth for the season with the grade of 92; Walter Weinmann twenty-seventh, grade 79; Tom Crumpacker twenty-fifth, grade 80; and W. G. Neher, forty-sixth, grade 63. Neher made a specially good record in athletics. He is a natural born base ball player and held down first base on the team in great style. Kunz played third base and is a fine player. His work was admired by Crumpacker who was captain of the team, playing left field, and was also a member of the foot ball team, as was Kunz. Weinmann held the office of sergeant bugler, and Crumpacker first Lieutenant.

A Fine Game.

One of the finest games of amateur base ball was that played Saturday between the High school and Indian school. Ward Anderson pitched for six innings for the High school and not a run was made against him. Perry pitched for the Indians and the only run made against him was in the fifth inning. In the seventh Auld relieved Anderson and kept up the good work until the last half of the ninth when a wild throw let two Indians cross the plate, giving them the game by a final score of 2 to 1.

Reveals a Great Secret.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

What Jay Gould Said of "Other People's Money."

Jay Gould, when he was asked one time how he attained his riches, answered: "By playing with other people's money." Hennessy Leroy, the popular comedian, might give the same answer, for he has won both fame and fortune in the brilliant, successful comedy, "Other People's Money." It is written on legitimate lines, is clean, bright, witty and probable. The scenes and characters are drawn from modern every day American life; and the principal personage, "Hutchinson Hopper, as portrayed by Hennessy Le-

Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

Mr. E. E. Kelly, of Urbana, O., writes: "I had Eczema on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. put his blood in good condition and the Boils disappeared.

royle, is a creature that will live on the stage for years to come. The story of the comedy is natural and full of humor. "Hutchinson Hopper," the role which Mr. Leroy assumes, is a millionaire stock broker, happy in the contemplation of his own adroitness, and believes himself able to cope, not only with his colleagues, but with any combination of circumstances. Mr. Leroy, supported by an excellent company, will be at the Colombo hall tonight, Monday, May 19.

FENCE QUESTION.

Many Stockmen Met at Magdalena to Consider it.

RESOLUTIONS ADOPTED.

A stockmen's convention was held at Magdalena in response to a call issued by the Cattle & Horse Protective association of central New Mexico. The meeting was composed largely of small sheep, cattle and horsemen and was to consider the question of fencing on public land.

W. H. Jack, of Silver City, presided and Cole E. Ralston, of Magdalena, was secretary. Mr. Jack, in a short but energetic speech, said the cattle interests are second only to the railroads and an organized stand for the protection of interests is imperative. A resolution was at once adopted protesting against the removal of small fences on public land. The Lacey bill was discussed and, though various sections were more or less objectionable, it was agreed its passage would afford the easiest available solution of the fencing problem. It was agreed that congress will take some action and of all bills introduced, this was the only one with any chance of passing that protects the small owner. It was heartily endorsed by resolution and the resolution further stated that as a beneficial measure for the American settler it has only been equalled by the homestead law.

The convention also endorsed a protest by the Grant county stockmen to President Roosevelt against the removal of fences.

GRAND CANYON HOTEL.

It Will Be One of the Finest and Will Cost \$150,000.

Santa Fe officials announce that the original plans for the construction of the new hotel at the Grand Canyon of the Arizona have been materially altered, and that instead of building a comparatively small hotel the road will erect a building of 100 rooms, and that no money will be spared to make the hotel one of the finest in the country. Charles F. Whittiesey, the architect of the Santa Fe, has been instructed to draw plans for such a building, and to give it every possible equipment and convenience.

The hotel will be built at the head of the Bright Angel trail, which is the main thoroughfare through the Grand Canyon. Each year the number of visitors to the Grand Canyon is increasing, and the change in the plans of the hotel is made with a view to the future increases in the tourist travel to the west. It is understood that the hotel will cost completed in the neighborhood of \$150,000.

The hotel will have its own electric light plant and water system. It is proposed to secure protection against fire by the location of a pumping station on one of the nearby streams.

The building as designed by Mr. Whittiesey will of itself be worth the trip to the canyon. It will be in style a combination of the architecture seen in the castles of the Rhine and in the Swiss chateaux. The combination is unusual, perhaps unknown heretofore, but the idea of the architect is to bring the building into harmony with the wonderful scenery of the canyon, rather than to put a blot upon its beauty as is so often done by the erection of the common place structure of brick and stone, in the scenic resorts of the east. The hotel will be built on the twenty-acre grant given to the Santa Fe by the government for station and terminal purposes. The site has been selected and it is probable that construction will soon be underway.

Increase in Salaries.

The postmaster general has ordered the following increases of salary to postmasters in New Mexico: Deming, \$1,300 to \$1,500; Roswell, \$1,900 to \$2,000; Alamogordo, \$1,400 to \$1,700; Gallup, \$1,400 to \$1,500; Santa Fe, \$2,200 to \$2,300.

AN ELKS' TRAIN.

Probable One Will Go to Salt Lake City.

A committee of El Paso Elks' consisting of George Ogden, Roney Loomis and H. B. Charman, were here to discuss with local Elks the running of a special train to the national meeting at Salt Lake City. A special meeting was held Saturday night and a committee consisting of T. N. Wilkerson, Frank McKee and J. J. Sheridan was named to canvas the local lodge and see how many will go.

The uniforms suggested are of Spanish style, fancy leather leggings, a velvet jacket trimmed in purple and white and a wide sombrero with much gold lace thereon. El Paso will send a couple of car loads and many Arizona Elks will join the contingent. Many will go from here and it is thought enough to justify a special train will be found.

He disappeared from the Eaton ranch, near Lamy, Santa Fe county, New Mexico, on Sunday, May 11, 1902, about noon. He is 24 years of age, although taken by some to be older. Dark brown hair; dark beard, clipped closely on cheeks and chin and coming to a point at chin; had scar on right eyebrow; dark blue eyes; with very heavy dark lashes and brows; a little above medium height. When last seen had on pair of blue overalls and jumper to match; soft grey hat, with medium wide brim; wore about a No. 7 shoe, broad extension sole, came half way to his knee, but worn under trousers; wore vest with small figure on it on a brown ground; dark blue flannel, double-breasted shirt, trimmed with large white buttons; had nickel watch chain with heavy square links. He may have taken Santa Fe train at Lamy, east or west, more probable for his old home at Moss, Monterey county, Cal. Address, SARON N. LAUGHLIN, Santa Fe, N. M.

SAN MARCIAL.

From the Bee.

A postoffice inspector went out to Rosedale Thursday.

Mrs. W. H. Howard returned from her eastern trip.

The Messrs. Edwards, who are developing a valuable claim near Rosedale, have leased the Mrs. Parrish house, and have moved their families from Texas to the camp.

Last Monday Capt. Jack Crawford plowed six acres of ground in seven hours with his new disc plow, using four horses. The land is on the river bottom near old Fort Craig, and is to be planted with corn.

H. W. Fairbanks, a noted geologist and geographer, has gone to Las Cruces, where he will study the interesting features of the Rio Grande valley. He was in Albuquerque three days studying topographical conditions. He also spent two months in northern New Mexico, before going to Colorado he will visit San Marcial.

General showers during the latter part of the past week have greatly relieved the long and serious drought. While the rains thus far are insufficient in many places for the needs of vegetation, there has, as a rule, been sufficient moisture to start the range grass, and the heavier rains in mountainous districts insure a fair supply of water in the streams for some time.

Cures When Doctors Fail.

Mrs. Frank Chasson, Patterson, La., writes June 25, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle, at Cosmopolitan Pharmacy, B. Ruppe.

SOCORRO.

From the Chieftain.

Mrs. John W. Probert has been quite ill for three or four days.

J. W. Jones, of Frisco, was in town on his way home from Colorado.

Mrs. T. F. Read went up to Albuquerque expecting to remain about two weeks.

The season has been a very successful one in Socorro county. Recent rains have put the ranges in fine condition.

Miss Musie Bruton left for New York city. It is rumored that Miss Musie was to be married on her arrival in the metropolis.

Mrs. E. T. Mayberry, wife of one of Socorro county's prominent stockmen, and her sister, Mrs. Julia Gann, both of Patterson, also Mrs. Hutchison, of Magdalena, were in the city on their way to Albuquerque for a stay of two or three days.

Work was begun in clearing away the sand drifts that had collected about the plaza fence. The move is an excellent one. Some of the main streets of the city should receive similar attention and then generously sprinkled. The custom of spring house cleaning is a good one, especially when visitors are expected.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

SANTA FE.

From the New Mexican.

Rev. W. Hayes Moore is confined to his home with illness.

Miss Atkinson is at present at Boston, Mass., and may return to Santa Fe during the summer.

Mrs. J. M. Diaz left for Galveston, Texas, on a visit to relatives. She is accompanied by her son, for the benefit of whose health the trip is made.

Mrs. Jefferson Reynolds arrived from Las Vegas with her grandson, James W. Reynolds, Jr., who had been with his grandparents at the Meadow City. Mrs. Reynolds has returned home.

Among the older residents of Santa Fe, there are many who remember Mr. and Mrs. William T. Guyer, who went to the state of Washington about fourteen years ago. They have never felt quite satisfied since leaving and recently sold their mining interests in the far northwest and will return to their first love, Santa Fe, as soon as Mr. Guyer is relieved as postmaster at Dragon, Wash., he having sent in his resignation.

Hon. C. F. Easley, Miss Ethel Easley, Ralph Easley, Frank Crandall and Morris Thomas returned from the New Mexico Military Institute at Roswell, where the latter three are students, while Hon. C. F. Easley and daughter had gone to attend the commencement exercises of the school. Lloyd C. Buell, of Cerrillos, the valedictorian of the graduating class, returned to Cerrillos on the same train, while John Miller, another student from Santa Fe at the school, went around by way of El Paso and stopped off at Las Cruces to visit his brother, Walter, who is a student at the Agricultural college.

olis, Ind., who has been visiting Mrs. C. Hubbard, left for Oakland, Cal., to visit her relatives.

Sheriff Cleofes Romero has entered suit against the county commissioners for the sum of \$700 in fees and costs for the care and board of county prisoners.

What has become of that fine military band and its \$2,000 set of instruments? There ought to be enough musical talent in the city to organize a good band and use the instruments.

Mrs. M. A. Lynch won the first prize at the eucure party given by Mrs. George P. Money and Mrs. C. C. Gise won the second. The ladies had a most enjoyable time and did ample justice to the dainty refreshments.

There is a great game of base ball in sight. The E. Romero hose company has challenged the East Las Vegas company for a match game.

Hon. Hilario Romero, who has been very sick for some time, is getting along nicely now. He is able to be up and around and can eat with ease and pleasure.

Perry Hogsett's little daughter, Grace, aged 10 years, is suffering from diphtheria. Mr. Hogsett's residence was placed in quarantine this morning. The many friends of the family will deeply regret to learn of this affliction.

Laura Knox, the little daughter of Mr. and Mrs. T. C. Knox, of National avenue, recently decided to play her, and as a result her little brother's pretty curls were separated, in a manner more or less artistic, from his head. The barber did the rest.

Nothing has as yet been heard from the people of Jack Sinclair, the wandering minstrel who died at the Ladies' Home, Thursday morning. Unless his people can be found and communicated with he will be buried at the city's expense. Poor Jack has had his last curtain call and his last curtain fall on the earth-life's stage. The play is done, the music hushed and the lights are out.

R. R. Stevens, A. Costano, Manuel de la O and Thomas McGinnis were arrested for fighting, down at the Southern Pacific construction camp, and brought here, where they were fined \$5 and costs each.

Quite an interesting case is being heard in chambers before Judge Parker this week. It is the case of Lee Moore vs. Fitzgerald Moore, a suit for an accounting of property held in trust involving a property valued at \$60,000. The firm of Clark, Fall, Hawkins & Franklin are attorneys for Lee Moore, while attorney A. B. McMillen, of Albuquerque, is representing the defendant, Fitzgerald Moore.

GAS FACTORIES.

In People Who Do Not Know How To Secure Food and Drink Properly.

On the coffee question a lady says: "I used to be so miserable after breakfast that I did not know how to get through the day. Life was a burden to me. When I tried to sleep I was miserable by having horrible dreams followed by hours of wakefulness. Gas would rise on my stomach and I would belch almost continually. Then every few weeks I would have a long siege of sick headaches. I tried a list of medicines and physicians without benefit."

"Finally I concluded to give up my coffee and tea altogether and use Postum Coffee. The first cup was a failure. It was wishy-washy and I offered to give the remainder of the package to anyone who would take it."

"I noticed later on in one of the advertisements that Postum should be boiled at least 15 minutes to make it good. I asked the cook how she made it and she said, 'Just the same as I did tea, being careful not to let it steep too long.'"

"I read the directions and concluded Postum had not had a fair trial, so we made a new lot and boiled it 15 or 20 minutes. That time it came to the table a different beverage and was so delicious that we have been using it ever since."

"My sick headaches left entirely as did my sleepless nights, and I am now a different woman." Name given by Postum Co., Battle Creek, Mich.

Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found anything else that acted so safely and quickly." J. H. O'Reilly & Co.; B. H. Briggs & Co.

Tough Las Vegas Boys.

Thomas and James Edington, Max Townsley and Grover Cleveland Fleck were arrested today for fighting and brought before Judge Wooten. The boys are rather a tough lot, the two eldest being about 16 years of age. Thomas Edington and Grover Fleck were sent to jail for four days and the two young ones, aged about 11, were turned loose, with a warning not to let it occur again.—Record.

Wants Others to Know.

"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to endorse them for I think when we find a good thing we ought to let others know it," writes Alfred Heinze, Quincy, Ill. They never gripe or distress. Sure, safe pills. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Watch the Back Porch.

John Shane is short on hams today. Somebody violated the confidence of Mr. Shane's ice chest last night. A thief wouldn't do for an ice man. He bungled the job horribly by pulling off the handles of the ice chest. He stole one ham and other good things to eat which were convenient. Every tramp understands that people have open ice chests on the back porch. Better look them in if they are to be secure.—Las Vegas Optic.

The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, too, for a cure may be effected at a very small cost. G. W. Wescott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." DEATH AT SOCORRO.

Mrs. E. P. Blinn, Wife of a Doctor, is Dead.

Mrs. E. P. Blinn passed away at the family residence on Fischer avenue yesterday evening at about 9 o'clock, heart failure being the immediate cause of her death. The announcement of the sad event was the more a surprise and shock to Mrs. Blinn's friends and acquaintances because on her return a few days ago from an extended visit in Ohio she seemed in better health than before in years.

Mrs. Blinn was born in Newcastles, Pa., about 45 years ago of an excellent family. December 8, 1880, she was married to Dr. E. P. Blinn at Streator, Ill. Her health soon began to fail and in 1882 her husband abandoned an excellent practice in Marysville, Ohio, and came with her to New Mexico, hoping that the climate would have a beneficial effect. Four years ago they came from Chloride to Socorro and have resided here since.

Rarely does it fall to the lot of woman to be more esteemed and respected than was Mrs. Blinn in Socorro. She was a woman of tender and loving Christian character. She leaves a devoted husband and two affectionate children, a son and a daughter, just coming to manhood and womanhood's estate, to mourn an irreparable loss in which they have the heartfelt sympathy of the community and of other communities in which their excellent qualities have made them esteemed and respected.—Socorro Chieftain.

Death of Mining Man.

Michael Spellman, a well known miner and ore buyer and superintendent of the Sombreta mines, Zaccatane,

It is very convenient to attribute the disasters which overtake us to fate. But for the most part man is the arbiter of his own fortunes. Business men are struck down suddenly as by lightning. The verdict is generally "heart failure." "His heart was weak. It was fate for him to meet this end." But if we went behind the "weak" heart we should find a "weak" stomach, probably, and back of the weak stomach is careless eating at irregular hours.

When the stomach is diseased the organs depending on the stomach for nutrition are starved. Starvation means weakness of the body and its organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When these organs are cured, diseases of heart, liver, lungs and kidneys, caused by the diseased stomach, are cured also.

"In the fall of 1897 I was taken with smothering spells, palpitation of the heart, and a distressed feeling in my stomach," writes Mr. H. W. Kinney, of Knight, Dordridge Co., West Va. "I consulted a doctor and he said I had organic heart trouble. He gave me some medicine, but it did me no good. I then tried different kinds of patent medicines, but they only helped me a little. I then sent and got bottles of Dr. Pierce's Golden Medical Discovery. Before the first bottle was gone I felt a change. When the five bottles were gone I began to work. I had not worked any for a year before."

"I am well and can eat anything now with the exception of pork and gravy food."

Doctor Pierce's Pleasant Pellets cure biliousness.

Mexico, was found dead in his room at the Spencer hotel in this city at 7 o'clock last night by the proprietor, Mr. Carter. He had been dead several hours, for the remains were cold and stiff when discovered.—El Paso Times.

Dangerous If Neglected.

Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Tarity, Yanketown, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

LOVE SMITTEN.

A Los Angeles Woman Created a Sensation at Las Vegas.

MARY HUSTLE MANSOLL.

Mary Hustle came all the way from Los Angeles to meet an affinity, but the other half to said affinity would not affix, and Mary Hustle Mansoll, after a week's sojourn in Las Vegas, packed up and went back again yesterday.

Such is the synopsis of a little drama of unrequited love that has been enacted in our city during the past week. The story dates back about five months and had its beginning through the medium of a Los Angeles newspaper. One certain writer for said Los Angeles paper, an aspiring youth who recently turned the poll tax age and who had hazy visions of a beautiful dreamy future, in which life would be one grand, sweet song, and that song's music set to tender bits of rhyme written by himself. His ecstatic lines punctured the tender young heart of Mrs. Mary. She slept with them under her pillow; kissed them until the ink smeared her lips; breathed them, dreamed them, lived them. She was enraptured; she was captured. The only possible outcome was to finally commit her tender secret to the supposed receptive ears of the writer of these gin-fizzes. She wrote; she told him all. He was flattered; he answered. She wrote again, she was answered again and she learned to love Lochinvar; those aesthetic vapors were rapidly exchanged until the epistles became wonders of diction and meaningless nothings.

Tender confidences developed the fact that Lochinvar was a "lunker." Mary's sympathies instantly soared and she must rush with her money to save Lochinvar by having him properly taken care of. Here enters a third actor; a man. He knows the writer and he is sent from Los Angeles at Mary's expense to care for and oversee her Lochie boy here in Las Vegas. He arrives and tells his mission and Lochinvar promptly gets "rambunctious" and says he wants none of Mary's love spent on him. And thus the affinity is "husted" and Mary's soulful, soggy letters begin to go back unopened. The man has risen above the poet and the blow nearly killed poor Mary.

Lochinvar then becomes ill and said "middle man" notifies Mary.

Mary sells a piece of property, buys a new gown, (not a quiet gown of widowhood, but a pretty red gown,) telegraphs the "middle man" to get her a room, and away she "hikes" for the Meadow City to see her Lochinvar for the first time, and to plead with him to come to her heart, her soul, her money, and fly away to the tropical islands of the sea, where they can bask under the shade of the coconut trees and dream away life, sipping only its honey and reveling in joys known only to such literateurs. Mary arrived in Las Vegas, and she took a room on Sixth street.

Lochie knew nothing of the arrival and on sitting down at the table at Duval's restaurant, the "middle man" trots out Mary and she descends. He sees her face for the first time and, in spite of it, tries to look pleasant. The conversation began where the letters ended, and Lochinvar became wary, for Mary is tired of widowhood and living alone in a cruel, unsympathetic world.

The next chapter is the second and last. Mary catches her victim near his hair and begins her sympathetic story. Lochie interrupts and tells her "you can never be anything to me; our lives were not cast in the same mould, and I want you never to speak to me again unless I speak first. Go back home and let me choose my own pathway in life."

Mary then tells him of their psychic connection; that their lives were meant to flow in the same channel; that it was not his true self that now refused her, but only an evil spirit, and that on his deathbed he would come to her in spirit and accept her.

Lochinvar stalked away and Mary mournfully went to her room, and it is hoped, realized how many kinds of a fool she had made of herself.

Lochinvar refused to see her more, and after a few days of hope, yesterday evening she departed, despondent and dejected, for her Los Angeles home, and so ended this tragedy of unrequited love.

N. B.—The real name of "Mary Hustle Mansoll" will be found in today's local columns. The "Lochinvar" is a resident of our city known to most of our citizens and the "middle man," who has been in the city for several weeks, is from Los Angeles. The story is true.

The above is from the Las Vegas Record, and refers to a young man who occasionally palms off on the readers of an opposition paper bits of poetry, such as "Mary Had a Little Lamb," "It Is Icy, Icy Cold," etc.

The young poet on the Journal-Democrat, who wrote the "Girl With the Red, Red Rose," should promptly take heed.

No man can cure consumption. You can prevent it though. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, asthma. Never fails.

THE IRRIGATION BILL.

There is a Considerable Majority in the House in Favor of the Bill.

Representative Reeder, of Kansas, discussed the prospects of the irrigation bill with President Roosevelt on Thursday, says a special dispatch from Washington.

"The president is extremely anxious that this measure as it now stands shall become a law," said Mr. Reeder. "The portions he once objected to have been amended and the bill is now satisfactory to all concerned."

"The poll being made of the house by friends of the irrigation measure has progressed sufficiently to warrant the statement that there is a considerable majority in favor of the bill. The situation is peculiar, in that recognized leaders like Payne, of New York; Grosvenor, of Ohio; Dalzell, and Cannon are opposed to the bill, while the rank and file of the house, democratic and republican favor it. Many republicans feel that their house leaders are making a mistake in not pushing the irrigation bill as a distinctly administrative and republican measure, and

enacting it as such. They believe the bill will pass in spite of the opposition of the leaders, and that the democrats will then be able to claim credit for the enactment of the law.

"The poll of the house shows that not more than 20 or 30 on the democratic side are opposed to it, and that the principal opposition lies with the republican house leaders."

"At the same time strong support for the bill comes from republican sources and with this allied the entire approval of President Roosevelt and his cabinet officers."

For Those Who Live on Farms.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

Myers is Alive.

Henry Myers, ad writer and window decorator at the Lion store, announces that the report that he is dead is utterly without foundation. An uncle of his, William Myers, of Cheyenne, Wyoming, telegraphed to know if he had been murdered. A merchant named Henry C. Myers was murdered at Gold Hill, Grant county, a few days ago and there has been a confusion of identity.

Won't Follow Advice After Paying For It.

In a recent article a prominent physician says: "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by all druggists.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by all druggists.

In the case of James Forbes vs. The Southern Pacific Railroad company, the court decreed that the plaintiff recover no damages and that plaintiff pay the costs in the case.

No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this remedy in your home. For sale by all druggists.

Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jessie Pinkney Hall, Springfield, Ala. This remedy is for sale by all druggists.

A PRETTY ROMANCE.

Dr. J. Addison Jackson and Miss Eva Fairbank to be married.

The many friends of Dr. J. Addison Jackson, the popular Santa Rosa physician, and Miss Eva F. Fairbank, of Needles, Cal., will be glad to learn that they are to be married on the evening of the 20th of this month at the Hotel Angeles, Los Angeles, Cal., says the Las Vegas Optic.

The bride-to-be is well known as one of the beautiful twin nieces of Captain J. G. Clancy, of Alamosa, N. M., her sister, nee Miss Iva Fairbank, married Mr. Braun, a prosperous Puerto de Luna merchant. The sisters are so strikingly alike that even their most intimate friends become confused as to their identity. They are both blondes of the most radiant type and are both fascinating young women.

possibly the remains of a Mammoth Were Found.

Last week the class in geology at the University of New Mexico with Dr. Tigh and Prof. Magnusson went to Tijeras canyon to study the formation.

Five miles from Whitcomb springs, on the north bank of the arroyo, a bone was found which proved to be a human rib. Several more bones were found, including part of the skull and a thigh bone. All the bones found were more or less shattered indicating that the animal had fallen from a cliff. The bones were imbedded in a strata of sand imbedded in peat and had been there for centuries. It has not been fully decided if they are the remains of a mastodon or not.

A BALD NEWSPAPER MAN.

Getting a New Crop of Hair and Has No More Dandruff.

Everybody in the northwest knows Colonel Daniel Searles, the veteran journalist and publisher of Butte, January 10, 1900, the colonel writes: "I used a couple of bottles of Newbro's Herpicide with marvelous results. The dandruff disappeared; a new crop of hair has taken root and the bald spot is rapidly being covered." Herpicide is the only hair preparation that kills the dandruff germ that digs up the scalp in scales as it burrows its way to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out. Kill the dandruff germ with Herpicide.

Lester E. Awrey Dead.

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes George S. Marsh, well known attorney of Nocona, Texas. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. J. H. O'Reilly & Co.; B. H. Briggs & Co.

MAMMOTH BONES.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."
