## SWOLLEN LIPS.

Little Children Unable to Drink.

Were Choked With Volcanic Ashes.

Even the Water in the Harbor Was Hot.

VOLCANO IN MEXICO.

New York, May 13.—James Taylor, one of the officers of the Roraima, the Quebec line steamship which was destroyed in the harbor of St. Pierre, gives a graphic story of the tragedy of last Thursday, says a dispatch to the Herald from St. Kitts Island, St. Christopher, B. W. I.

"We experienced the greatest difficulty in getting into port," said he. "Appalling sounds were issuing from the mountains behind the town, which were shrouded in darkness. All the passengers were up and some were trying to obtain photographs. Suddenly I heard a tremendous explosion. Ashes began to fall thicker upon the deck, and I could see a black cloud sweeping down upon us. I dived below and dragging with me Samuel Thomas, gangway man and fellow countryman, sprang into a room, shutting the door to keep out the heat which was already unbearable. The ship rocked and I expected every moment it would sink. I heard a voice outside pleading for the door to be opened. It was Scott, first officer, and I opened the door and dragged him into the room. Soon it became unbearably hot and I went on deck and all about were lying the dead and dying. Little children were moaning for water. I did what I could for them. I obtained water, but when it was held to their swollen lips they were unable to swallow it because of the ashes which clogged their throats. One little child took the water in this manner and rinsed out the ashes but even then could not swallow, so badly was the throat burned. He sank back unconscious, and a few minutes later was dead.

"All aft of the ship was afire and from the land came draughts of terrible heat. At last when I could stand it no longer, I sprang overboard. The water was almost hot enough to parboil me, but a wave soon swept in from the ocean, bringing with it cool water. I was caught in a receding wave which was of tidal velocity and carried out to sea. Then on the second round of the wave I was washed against an upturned sloop, to which I clung. A minute later I was joined by another man whom I learned was Captain Muggah, of the Roraima. He was in full agony and kept begging piteously to be put on board his ship.

"Picking up some wreckage and a tool chest I and five others who joined me, succeeded in forming a rude raft on which we placed the captain. Seeing an upturned boat I asked one of the five to swim out and bring it over, so Captain Muggah might have an opportunity to live. The man succeeded in getting the boat righted, but instead of returning he picked up two of his countrymen and went away in the direction of Port De France. Seeing the Reddam, which had arrived in port soon after we anchored, making for the Roraima, I said good bye to Captain Muggah and swam to the Reddam. Before I could reach her she burst in flames and put out to sea. I finally reached the Roraima about 2:30 in the afternoon and was later taken off by the cruiser Suchet. Samuel Thomas, the gangway man whose life was saved by Taylor, describes a woman who was burned to death while she held her baby in her arms protecting it with her own body from the fire that filled the air. The child was alive long after the mother ceased to suffer."

### St. Vincent Gets It.

Castries, Island of St. Lucia, May 13.—It is announced in advices this morning (Tuesday) from the island of St. Vincent, B. W. I., that 1,600 persons have perished there since the Soufriere volcano has been erupting.

### One in Mexico.

Guadalajara, Mexico, May 13.—Colima volcano shows strong indications of a great eruption and the inhabitants living in the valley are moving to a safe distance from the peak, from which smoke and puffs of flame have been belching for several days.

### Senate Does Better.

Washington, May 13.—In the senate Mr. Cullom of the committee on foreign relations proposed a joint resolution appropriating \$500,000 with the direction to relieve the stricken people of the French West Indies and St. Vincent. It was adopted without comment.

### Rebels Defeated.

Pekin, May 13.—The government announces that after two days' fighting the rebels in the southern part of the province of Chi Li have been completely defeated and the leaders captured.

### Special Grand Jury.

Denver, Colo., May 13.—Mrs. Nellie Gabrin, charged with the murder of her husband, was released today by Justice of the Peace Byrne, the state

having chosen to present the evidence before the grand jury rather than in a justice court. A special grand jury has been summoned for tomorrow.

### NEW ITEM INTRODUCED.

Omnibus Claims Bill Had Three Not Considered.

Washington, May 13.—The conference report on the omnibus claims bill occupied considerable time in the house today. Mr. Underwood, of Alabama, made a point of order against the report of the conferees, that they introduced matter not authorized by either branch of congress and an extended discussion followed on the point of order.

In making his ruling, Speaker Henderson said there must be no abuse of the prerogatives of the conference committee, as that would open a dangerous pathway for the usurpation of the powers of congress by a committee. He held three entirely new items had been introduced into the omnibus claims measure and therefore sustained the point of order.

The bill was sent back to conference but the debate was protracted by Mr. Underwood's motion instructing the conferees not to accept the senate amendment covering the findings of Selfridge of the naval board for balance due for vessels built during the civil war. A motion to instruct prevailed on a rising vote by 67 to 54, whereupon a ye and nay vote was taken. The vote consented by 113 to 30 to favor the instruction to the conferees. The naval appropriation bill was then taken up.

### FORGER NABBED.

A Young Man, Giving His Name as A. L. Anderson, in the Toils.

### HE WAIVED EXAMINATION.

A. L. Anderson, the young man arrested last night by City Marshal McMillin, charged with forgery, waived preliminary hearing before Judge Crawford this morning and was bound over to the grand jury under \$500 bond. Anderson hit town some time yesterday morning. He says he came from Mexico. He wears a Masonic pin and through its influence made the acquaintance of some of the leading business men of the city. He introduced himself to the bartender at one of the leading saloons of the city and proceeded to have a check cashed. The check was on the First National bank and made payable to himself, signed and indorsed A. L. Anderson. His second offense was committed at Elmhurst. This time the check was for \$25 and made in favor of A. L. Anderson, signed by Joe Sheridan and endorsed by Anderson. Anybody acquainted with Mr. Sheridan's signature would detect Mr. Sheridan's signature to this check as a forgery, at the first glance. Mrs. Smith, landlady at Elmhurst, suspected something wrong with the check and notified Marshal McMillin, who escorted his nabs to the city jail. Anderson was nervous and excited when he appeared before Judge Crawford this morning, and showed the effects of either drugs or liquor. When asked what he wanted to do, he said: "Why, I appeal anything," and he also said that he was good for \$10,000. Anderson is rather a slight built, intelligent looking man, about 25 years old, wears good clothes, supports a light mustache and has a business air that shows that he has seen better days.

### Anniversary Celebrated.

At the devotional meeting of the Epworth league of the Lead avenue Methodist Episcopal church last Sunday evening, the thirteenth anniversary of the organization was celebrated by the installation of new officers and the graduation of juniors into the senior league.

The pastor, Dr. C. A. Bunker, addressed the young people, exhorting them in undertaking the work before them to be persistently hopeful, persistently aggressive, and wisely conservative. He then installed the following officers for the ensuing six months:

President—C. W. Jack.  
Vice Presidents—Dr. P. C. Cleverdon, Miss Anna Coltraine, Miss Elizabeth Hughes and J. B. Fish.  
Secretary—Miss Gertrude E. Leekley.

Treasurer—W. Carter Needham.  
Junior League Superintendent—Mrs. J. B. Fish.

Miss Mayme Pratt, Miss Edith Jenne and Sam He Kee were graduated from the intermediate league into the Epworth league as active members.

The meeting was closed with an earnest consecration service.

### A VETERAN DEAD.

Walter N. Haldeman, of Louisville,

Killed by a Street Car.

Louisville, Ky., May 13.—Walter N. Haldeman, president of the Louisville Courier Journal and Times companies, died this morning from the effects of injuries received Friday by being struck by a street car. Mr. Haldeman was over 81 years old.

### A Kicking Horse.

Some excitement was caused on North Second street this morning by a horse belonging to Swartzman & With, which was tied in front of their store, kicking until it threw itself down. After being unhitched and getting on its feet, the kicking was continued but no damage was done.

## ALL QUIET NOW

Public Sentiment is With Eakin.

Cut Prices is the Cause of the Trouble.

Bodies of the Victims Shipped Back to Texas.

THE TUCUMCARI TROUBLE.

Special to The Citizen.  
Tucumcari, N. M., May 13.—The big killing in Tucumcari last Saturday at the wholesale liquor house of Millini & Eakin, has at this writing cooled down and all is quiet and serene. The sheriff and posse arrived from Santa Rosa and took Mr. Eakin, Dr. Burdick and Lou Fondville to Santa Rosa, where they are now perfectly safe. The bodies of Lee Smith and Joe Stewart were shipped back to Texas. Public sentiment is with Eakin and company, and no danger of any mob need be feared. No doubt the real cause for the trouble is due to the fact that Eakin & Co. proposed to retail whisky at 10 cents per drink.

### The Trouble Itself.

Special to The Citizen.  
Santa Rosa, N. M., May 13.—The most exciting scene ever witnessed in the little town of Tucumcari on the Chicago, Rock Island and Pacific railroad, took place last Saturday night between 11 and 12 o'clock, which resulted in the death of two of the citizens and the serious wounding of the bartender and slightly wounding a fourth man. The particulars of the case are as follows:  
W. D. Eakin, of the firm of Millini & Eakin, had started a wholesale liquor house at that place and the retail men failed to give him any support. Mr. Eakin then opened a retail saloon and cut drinks to 10 cents per glass. He gave a grand opening Saturday night and served a free lunch. The retail men had made threats and L. K. Smith, the president of the Townsite company and owner of the Legal Tender saloon, seemed to be the leader of the faction opposing W. D. Eakin. Mr. Smith and Eakin had some hot words during the day and at night the quarrel was resumed. Mr. Eakin was behind the bar attending to his duties when Smith came in with a revolver in his belt. He called Eakin names and Eakin responded. The last words spoken by Smith were:  
"Don't say another word or I will blow your brains out," and made a quick move toward his gun. Eakin being the quicker of the two, drew his gun and shot Smith, killing him instantly.

Trouble had been expected and someone grabbed a shotgun. It was seized by six or eight men and in the scuffle that followed, the gun was discharged and the contents of the barrels struck Joe Stewart, a gambler, in the stomach. He lived until 7:30 Sunday evening. Eakin and his men stood guard in the saloon and kept the mob away. They did not dare let anyone in for fear of losing their own lives. About 3 o'clock some of the business men were admitted. They took the body of Smith and the wounded man out. About 4 o'clock some one went to the back window and fired a shot into the saloon, the ball striking Louis Fonville in the breast, coming out under his right arm. Fonville will live. Sheriff Romero and Deputy Sheriff Carriago arrived on the train at 11:50 and placed Eakin under arrest. He was taken to Puerto De Luna to jail. Public sentiment is with Eakin.

### Civil Service Jobs.

The United States civil service commission announces that on June 10, 1902, an examination will be held for the position of forestry inspector in the Philippine service; salary for four positions, \$1,800 per annum each, and two at a salary of \$1,200 each. Thirty days' leave of absence is granted each year, exclusive of Sundays and holidays, to each government employee. On June 17, 18 and 19 an examination will be held for the position of cadet in the revenue cutter service; salary \$500 per annum.

### Rev. Harwood Returns.

Rev. Mr. Harwood has just returned from quite an extended itinerary of his missionary work in which he visited Mimbres, Hillsboro, Deming, Silver City, Hatch, Garfield and San Marcial. At the last named he spent the Sabbath and preached once in English and twice in Spanish. He says he is sorry to have found such a misapprehension among the people where he has been about his dog-bitten hand. He had several letters upon his return from parties expressing much anxiety about

it. And so the doctor wishes to say to all who it may concern that the hand is about well. In fact the hand, though badly bitten, has grown better since its first dressing and further skillful and tender treatment by Dr. Easterday. He also wishes us to notify all the dogs round about Albuquerque that he carries a cane and will take no chance on canine friendship, pretended or otherwise.

### Dr. Easterday's Horses Found.

Dr. Easterday's horses, which were taken from in front of the Alvarado last night between the hours of 8 and 9, were found this morning about 5 o'clock hitched in front of the Hotel Highland. Dr. Easterday, wife and Mrs. Wise, of Minnesota, drove down to the Alvarado for dinner last evening. The doctor hitched his horses to a tree in the front of the hotel. They were at dinner about an hour and when they returned the horses were gone. A person on West Railroad saw three men driving the team going west about 5 o'clock. The officers were notified but nothing could be found which gave evidence as to their whereabouts until they were found this morning.

The horses were well tired out and dirty, showing that they had been driven hard. If the parties who committed the dirty, sneaking trick are found they will be prosecuted to the full extent of the law.

### The Rathbone Case.

Washington, May 13.—The president has directed Secretary Root to confer upon the court of appeals the right of testimony of Estes Rathbone, convicted of Cuban postal shortage.

### STROUP ELECTED.

Was Unanimously Chosen Superintendent of Public Schools.

### COMMITTEES NAMED.

The board of education last night unanimously elected Professor A. B. Stroup, formerly principal of the High school here and now superintendent at Deming, superintendent here to succeed Prof. M. E. Hickey.

He is a graduate of the state normal school of Kansas and before coming here he taught six years in Kansas. He was principal of the High school here for three years and has been called back to Kansas several times for institute work.

The salary was fixed at \$1,500 and Prof. Stroup will begin August 1.

The board adopted the following resolutions:  
"Whereas, Professor M. E. Hickey, during the last four years superintendent of the public schools of the city of Albuquerque, has by his faithful and competent services done much to raise the standard, increase the efficiency and promote every interest of the schools. Therefore, be it

Resolved, That this board express its regret at the step which Professor Hickey takes, voluntarily, in resigning his position as superintendent, and further express its sincere and grateful appreciation of the value of his services to the public schools."

President Hopkins announced the standing committees for the year as follows:

Finance Committee—Pratt and Newman.  
Teachers' Committee—Keen and Ward.  
Rules, Regulations and Course of Study—Ward and Alger.  
Supplies—Islerwood and Pratt.  
School Savings Bank—Alger and Keen.

### Of Local Interest.

Professor W. G. Tight, president of the University of New Mexico, at Albuquerque, was homeward bound on Saturday evening after attending a meeting of the New Mexico board of education, of which he is a member.

Judge B. S. Baker and O. N. Marron, of Albuquerque, also O. F. Cromwell, of New York city, are in Washington at work for Albuquerque in the matter of the location of a military post near that city.

N. Salmon was bound for Albuquerque on Saturday evening to spend Sunday with his wife and daughter, who are visitors in the Duke City. The little girl is quite ill with whooping cough. Mr. Salmon returned to Santa Fe last evening.

Professor C. M. Light, president of the New Mexico Normal school at Silver City, returned home on Saturday. He is a member of the territorial board of education and attended its session on Saturday at Santa Fe.

M. E. Hickey, superintendent of public schools of Albuquerque for the past four years, returned home to the Duke City on Saturday evening after attending the meeting of the territorial board of education, of which he is a member. Professor Hickey is not a candidate for reelection, but will take up the profession of law, having been admitted to the New Mexico bar recently. His successor will be elected next Monday.

The candidates are over a score in number and hail from all parts of the country. Albuquerque is about to sell the lands recently authorized to build buildings to increase their size from four-room to eight-room buildings. The issue is \$35,000 and bears 4 1/2 per cent interest. Several bids for the issue have been received already.—Santa Fe New Mexican, May 12.

## FLAMING NAPHTHA

Terrible Accident Near Pittsburg.

Colorado Whites Attacked the Chinese.

A New President Has Been Proclaimed in Hayti.

FROST WAS PARDONED.

Pittsburg, Pa., May 13.—Twenty-one dead and not less than 300 injured is the result of the terrible explosion of naphtha at Sheridan last evening. Of the 300 injured, the physicians say not less than fifty will die. A partial list of the dead is as follows: James Keenan, aged 20, single; Carnegie Clerk, wreck train; Charles Hearty, aged 13; Chestnut Mines, Pa.; W. W. Taylor, aged 27, brakeman, Miller's Station, Ohio; Harry Smitley, aged 20, Uhrichsville, Ohio, levelman Panhandle road; Finnerly, Sistersville, W. Va., aged 40; G. D. Hunter, married, aged 28, five children, freight conductor, Sheridan; Walter E. Wright, aged 26, Sheridan; Dallas M. Byrd, fireman, aged 28, Sheridan; Pascal Nadeer, 28 years, section foreman; unknown boy badly burned; Donald Smith, aged 10, Sheridan, son of Jerome Smith, train dispatcher; George Wilson, aged 15, messenger, of Sheridan; Matthew Marmon, teamster, aged 24; John Swan, brakeman, aged 30 years; Albert McKean, aged 22, brakeman; Hugh Flaherty, aged 65; Tony Leo, laborer, aged 30; F. Lewis, burned to death on the track; unknown boy found in a potato field on the farm of J. R. Douglas, burned to a crisp and unrecognizable; unknown woman burned to death on a hill overlooking the scene of the explosion; Lawrence Kennan, clerk, of Carnegie.

Many of the dead have not been reported to the coroner and an accurate list cannot be obtained at this time.

This catastrophe was the result of a series of four accidents culminating in one of the most frightful disasters in the history of greater Pittsburg. The telescoping of naphtha tank cars in the yards of the Panhandle Railroad company in Crook's Run was followed by the ignition of the naphtha by an open switch lamp, by the floating naphtha, first free and then ignited, through a culvert leading to the Ohio river, a half mile away and its explosion with attendant damage to life and property; and by the explosion of three other naphtha tanks at the point of original mishap after hundreds of people had been attracted to the spot by the fire which was sending up flames a hundred feet high.

A half dozen houses in the neighborhood were wrecked. Fully two hours after the fire started there came a second explosion of three other naphtha tanks immediately in the neighborhood of the two tanks with a noise that made the hills quake. The tanks let go almost at the same moment. From the heavens there descended streams of burning naphtha, flaming timbers and red hot iron and the people on the hilltops were beaten down on either another by the force of the flaming missiles.

### AFTER THE CHINESE.

Silverton People Decide to Run Them Out of Town.

Silverton, Colo., May 13.—A mob of white people attacked the Chinese residents of this place in an effort to run them out of town. The latter barricaded themselves in a laundry and fired at the mob, who returned it with a fusillade of shots. No one was injured. The whites subsequently captured the two Chinese, escorted them out of the city and gave them instructions not to return.

### PRESIDENT SAM LEFT.

New President of Hayti Was Minister at Paris.

Port Au Prince, Hayti, May 13.—News received from Cape Haytien says General Firmin, late Haytian minister at Paris, has been proclaimed president.

Ex-President Sam embarked at 11:30 a. m. today on a French steamer. He was accompanied to the landing place by the American, French and German ministers.

Further fighting occurred in the streets here before and after midnight. Some leaders of the revolution have taken refuge in the United States legation. The situation is very serious. The whole population is armed and insisted on the immediate departure from the country of former President Sam.

### Frost Was Pardoned.

Washington, May 13.—The president has granted a pardon to C. A. S. Frost, who was involved in contempt proceedings in the United States court in San Francisco, in which Judge Noyes was principal. Frost was sentenced to one year's imprisonment.

### Leroyoy Coming.

"Other People's Money" has a modern plot, deals with living people in the active world of financial and social scheming. It is devoid of the farcical comedy element, yet is constructed to

produce laughter from curtain rise to curtain fall. What the "School for Scandal" and "The Rivals" were to the olden time so is this latter day comedy to dramatic inspection of the present. To the theater goer grown tired of the common standard only too often adopted by managers as a make-shift or device to emphasize there is a treat in store for those witnessing Mr. Leroyoy's unapproachable acting at the Colombo hall, on Monday, May 19.

### LOCAL PARAGRAPHS.

Sam Vann, of S. Vann & Son, Santa Fe watch inspectors and jewelers, is spending a few days at Deming, in Luna county.

Misses Smith, Sauerland and Ruthenford, teachers at the Presbyterian mission school for boys, are spending the day in the city, shopping and visiting.

The new Page & Voorhees drug store located on South Second street, is now ready for business. The new store gives the public as an opening display an attractive show window full of sponges and chamols.

The delay in the building of the cement walk in front of the lots at the corner of West Railroad avenue and Eighth streets is caused by the property being in the hands of an administrator, the owner having recently died.

Meeting of Harmony lodge No. 7, I. O. O. F., this evening. All members of No. 17 and of No. 1 are requested to be present as business of importance relating to the property will come before the meeting. O. S. Pillsbury, secretary. S. T. Vann, noble grand.

### BROKE HIS NECK.

E. H. Middleton's Fatal Step Off a Twenty-Five Foot Bluff.

### ON HIS WAY HOME.

The sad intelligence of the sudden and unexpected taking off of E. H. Middleton, near his home in Dark Canyon, after leaving here last Friday, cast a gloom of sorrow over the town, where he was known and respected. The circumstances, as obtained, are as follows, says the Carlsbad Argus.

After leaving here he arrived at his home, the second day, after dark. The team left the regular road when in a short distance of his house to go to a mule belled near by, which they knew by sound. He became rather lost, it being dark, and halted to his son, Tom, who answered and started to him. Thinking he could again find the road he got out of the wagon to take in the surroundings. Accidentally he stepped off a twenty-five foot bluff and went to the bottom, breaking his neck. His body was found about midnight. He passed Mr. Gist's leaving some merchandise for him and his neighbors, as is the custom of the country, and was perfectly sober; an hour later and he was in eternity. Friends of the excellent Christian family behind him deplore the sad loss, and proffer words of condolence to the bereaved ones. His remains were interred in the cemetery at Walter Thayer's on Monday.

Though dead, E. H. Middleton lives in the hearts and memories of his sad friends and family. That which lit up his eye; that which spoke out from his tongue; that which vivified his form; that which made him what he was—the soul—that still lives, though it has taken its flight to the great beyond and is doubtless resting safely in the arms of He who once trod the shore of Gathie.

### "Other People's Money."

This comedy will be seen here on Monday, May 19, and it has more genuine wit and laughter-creating situations than any production now being presented to the American people. The press has sung its praise until there is scarcely a household in the land where its fame is unknown. Hennessy Leroyoy, than whom there is no more capable comedian of the highest order in this country, has reason to feel proud of his brilliant reception en-tour. Since his opening night in "Other People's Money," his reception has been a continuous ovation, due to honest, earnest and artistic work. Mr. Leroyoy has his ideal, though by no means can be called an idealist. For his inspiration he has looked to nature, acknowledging no arbitrary standard established by others. He is now on his first western tour.

### In the Senate.

Washington, May 13.—The senate passed the agricultural bill. Mr. Stewart, of Nevada, then spoke in support of the Philippine government bill.

Miss Addie Fleming left last night for a visit to her home at Seneca, Kansas.

The Driving association will hold a meeting this evening at 8 o'clock upstairs over Zeigler's Cafe.

The Non-Sectarian Benevolent society will meet tomorrow afternoon at 2 o'clock at F. W. Clancy's law office.

There will be an important meeting of the Retail Merchants' association at No. 215 South Second street at 8 o'clock this evening.

Lafayette C. Allen, of the Optic Publishing company, Las Vegas, passed up the road homeward bound this morning from El Paso, where he, with his brother, C. W. Allen, have charge of the El Paso Herald job office.

Let's push that statehood bill through the senate this session.

New Mexico will stand side by side with Arizona in victory or defeat.

The farms of Iowa, June 1, 1900, numbered 228,622, and had a value of \$1,497,554,790.

The manufacturers of the United States produced silk goods to the value of \$107,256,258 in 1900.

If the earth were equally divided among its inhabitants each person would get about 2 1/2 acres.

If congress was to appropriate \$10,000,000 to advance irrigation interests the money would be well expended.

In 1900 there were 78,658 manufacturing establishments in the state of New York, giving employment to 761,550 wage earners.

New Mexico is sure to give republican majorities for many years. At the last two general elections the territory went republican by big majorities.

All labor strikes must be based on justice if successful. The public must be convinced the demands are fair and not burdensome, otherwise no sympathy will be extended.

The world now consumes 6,300,000,000 pounds of tobacco yearly, or 2,812,500 tons. This is worth \$269,000,000. In other words, the world's smoke bill is just \$5,000,000 a week.

The fire loss of the United States and Canada for the month of April shows a total of \$13,894,600. During April there were 221 fires of a greater destructiveness, each, than \$10,000.

Already the cable between British Columbia and Australia is laid for 5,089 of the 6,705 miles. The route was surveyed in 1898, the same year the cable route to the Philippines by way of Hawaii and Guam.

The agricultural census statistics show that in the year 1900 there were 94,083 negro farmers in the state of Alabama. Before the civil war there were practically none. Forty-two per cent of the farms in the state are now owned or occupied by negroes.

The New Mexican voices the sentiment of the people of the territory. In the following: "A delegation of twelve or fifteen prominent citizens should be appointed by Governor Otero for the purpose of going to Washington to aid in the passage by the United States senate of the omnibus bill giving statehood to New Mexico, Arizona and Oklahoma. The citizens of New Mexico favoring statehood, and they are in a vast majority, would highly appreciate and fully approve such action on the governor's part."

The intercollegiate track meet, gotten up by the Agricultural & Mechanical Arts college, between the teams from that institution and the Normal university, and such other territorial institutions as may enter, will certainly be the most interesting amateur athletic event that has ever taken place in the territory, and certainly tends to prove that while our population may be much less numerous than our eastern sister states, New Mexico is not one whit behind them in enterprises properly belonging to educational institutions, both debates and games, intellectual and physical development.

#### NEW MEXICO EXHIBIT.

The Columbia, S. C., State says: "The mineral display is remarkable for its beauty and variety. By far the

finest native copper shown is in this New Mexican exhibit. It is in great flakes, of practically pure metal. Some of these ores of combined gold, silver and copper, have all the iridescent coloring of the peacock and are beautiful to behold. There are ores of lead and ores of zinc and many others, among them the matrix of the turquoise, all valuable and showing the metal to the naked eye.

"An exhibit which attracts no little attention is a beautiful, hard, bright wheat, grown by irrigation, harvested with a sickle and trodden out by horses hoofs. No better wheat is shown in all the vast agricultural palace, and it weighs over 60 pounds to the bushel. Truly New Mexico has done well at Charleston and her enterprising people have reason to be proud."

#### WHEN THE EARTH ROCKED.

The greatest volcanic explosion ever known, says Professor Milne, the highest authority in the world on volcanic eruptions, was that of Krakatoa, on an island in the strait of Sunda, between Java and Sumatra. On May 20, 1883, the eruption commenced, but the great explosion did not come until August 26 of that year. The flames from the crater could be seen forty miles distant. The crashing explosion which followed these flames set in motion air waves that traveled around the earth four times one way and three times the other. Every self-recording barometer in the world was disturbed seven times by that blow-up. These waves traveled at the rate of 700 miles an hour.

At Borneo, 1,116 miles distant, the noise of this eruption was heard. It was felt in Burmah, 1,478 miles distant, and at Perth, West Australia, 1,902 miles distant. The Krakatoa explosion was heard over a sound zone covering one-thirteenth of the earth's surface.

Sea waves were created by the explosion which destroyed two light-houses in the strait of Sunda, all the towns and villages on the shore of Java and Sumatra bordering the strait, all vessels and shipping there and 35,350 lives in that vicinity; raised a tidal wave at Merak 135 feet high; covered 500,000 square miles of ocean with lava dust several inches thick; submerged an island six miles square and 700 feet high in a depth of water of 150 fathoms and created two new islands.

Professor Milne says there are undoubtedly volcanoes in the United States that have been quiet for a long time, but will some day blow their heads off.

#### No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this remedy in your home. For sale by all druggists.

#### Mail Order Rescinded.

The postoffice department has rescinded the order of February 1, 1902, accepting the proposal of F. W. Burkhardt, of Springer, N. M., for service from July 1, 1902, on route from Albuquerque to Chillum. The government is now asking for bids for the carrying of the mails on the same route for the term of four years to June 30, 1906. The bids are to be sent to the second assistant postmaster general, Washington, D. C., on or before May 31, 1902. The distance is 36.50 miles and back, three times a week, leaving Albuquerque Monday, Wednesday and Friday, and leaving Chillum Tuesday, Thursday and Saturday.

#### What Thin Folks Need

is a greater power of digesting and assimilating food. For them Dr. King's New Life Pills work wonders. They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite, make healthy flesh. Only 25c at all druggists.

#### Saw Mill Burned.

Fire was discovered the other day in the Bowman saw mill at Pine Ridge, and within a few hours the entire mill was burned to the ground. However, by hard effort the lumber and adjoining buildings were saved. From Alex. Bowman, who was present at the time, we learn the loss will be about \$3,000, no insurance. As Mr. Bowman owns about a half million feet of uncut timber near the site, he will probably sell the machinery, which is not badly injured, and let someone else continue the business.—Farmington Hustler.

#### Hold Up a Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by all druggists.

#### JEMEZ HOT SPRINGS STAGE LINE.

Stage leaves Trimble's stable on Second street, every Tuesday, Thursday and Saturday at 6 a. m.; quick time. A relay of stock is kept at Elia. Arrives at the Springs in time for supper. Don't be deceived by people who tell you they will take you just as quick as the stage, for they won't. Nobody else has any change of stock on the route. Tickets for sale at Trimble's. J. B. BLOCK, Proprietor.

#### ROBINSON RE-ELECTED.

Gets His Old Place on Mexican Central Directorate.

At the annual meeting of the Mexican Central railway held at Boston on Wednesday, the following directors were chosen: Justino Fernandez, of Mexico; Eugene N. Foss, of Boston; Breckenridge Jones, of St. Louis; Levi Z. Leiter, of Chicago; Pablo Martinez del Rio, of Mexico; John J. Mitchell, of Chicago; Gabriel Morton, of St. Louis; Hiram R. Nickerson, of Mexico; Richard Olney, of Boston; Charles E. Perkins, of Burlington, Ia.; H. Clay Pierce, of St. Louis; Frederick H. Pierce, of Boston; Eben Richards, of St. Louis; Albert A. Robinson, of Topeka; Clarence D. Simpson, of Scranton, Pa.; Wm. L. Stow, of New York; Jacob C. Van Blarcom, of St. Louis.

The new directors are: Messrs. Foss, Jones, Morton and Del Rio, who succeed E. R. Morse, John R. Davis, Chas. J. Paine and Yeakum Rivas.

#### Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

#### Boy Drowned.

Joe Chilberg, son of J. Chilberg, manager of the Colorado Fuel and Iron company at El Paso, is dead, drowned in the plunge pool at the Natatorium this morning about 9 o'clock. Several other boys were in the pool at the time, but the drowning was so sudden and unexpected that consternation seized them and little was done to save the boy.—El Paso Herald.

Two million Americans suffer the torturing pains of dyspepsia. No need to Burdock Blood Bitters, cures. At any drug store.

#### CLOUDCROFT

The Roof Garden of the Southwest. The season at Cloudcroft will open on June 1, the lodge, dining hall and lunch counter having been placed under the able management of the popular hotel proprietor and manager, Geo. Waterman.

The fame of Cloudcroft as the premier summer resort of the southwest has been heralded far and wide, and patrons may rest assured its reputation will not be allowed to suffer this year. Extensive improvements have been made in the way of accommodations and out door as well as indoor amusements and entertainment.

For a booklet regarding Cloudcroft, or further information regarding this summer resort, call on nearest coupon ticket agent, or address:

El Paso, Texas.

#### Business Opening, \$5,000.

Here is a chance for some one to purchase a well established and very profitable business in a first class mining town in Arizona at a bargain. It is about a \$5,000 proposition, including fine up to date stock, three lots, large storeroom with cedar, stable five-room dwelling house, finely furnished, etc.; monthly sales, \$2,750; mostly cash; terms easy; death of wife and child of proprietor reason for selling. At a glance it will be seen that this is a rare chance to make an exceptionally good investment. For full particulars and terms, address or see H. S. Knight at once, Albuquerque, New Mexico.

#### BADARACCO'S SUMMER GARDEN

Just North of the City Limits. Open day and night. Bar supplied with best of liquors and cigars and ice cold bottled beer. Ball and concert every Saturday evening, and concert every Sunday afternoon. Bowling alley free to visitors. Lunches served. Garden has swings and nice shade trees. Everybody invited and good order preserved.

**Reveals a Great Secret.**  
It is often asked how such startling  
cures, that puzzle the best physicians,  
are effected by Dr. King's New Dis-  
covery for Consumption. Here's the  
secret. It cuts out the phlegm and  
germ-infected mucus, and lets the life-  
giving oxygen enrich and vitalize the  
blood. It heals the inflamed, cough-  
worn throat and lungs. Hard colds  
and stubborn coughs soon yield to Dr.  
King's New Discovery, the most infal-  
lible remedy for all throat and lung  
diseases. Guaranteed bottles 50c and  
\$1.00. Trial bottles free at all drug-  
gists.

## Deaths at Santa Fe.

morning at 8 o'clock of whooping  
cough.

Felix Tenorio, a resident of the south  
side, died Saturday evening of a com-  
plication of diseases. He was 62 years  
of age, a cook by trade and bore a good  
reputation as a peaceable citizen. The  
funeral services were held at the ca-  
thedral and the remains were interred  
in Rosario cemetery this morning. He

received a widow, one daughter and one  
son.—New Mexican.

## CHRONIC KICKERS.

Some in Every Household in Alberque-  
que, But They Are Growing Less.  
Chronic kickers the kidneys are—  
when they're sick.

What makes the kidneys sick? A  
simple thing.  
They have too much to do.  
Must keep up their work; they never  
rest.

Can't blame them for kicking.  
Ever have your kidneys kick?  
Ever have a bad back, a lame, weak,  
or aching one?

Know it's the kidneys kicking?  
The back aches because the kidneys  
are blocked.

Help the kidneys with their work.  
The back will ache no more.

Lots of proof that Doan's Kidney  
Pills do this.

Mr. C. S. Keep, of 323 East Car-  
millo street, Colorado Springs, Colo.,  
Associated Press operator, says:  
"Long before I came to Colorado  
Springs I knew all about Doan's Kid-  
ney Pills in the state of Massachusetts,  
where they are considered a household  
remedy. I used them several years  
ago for a lame and aching back, and I  
have seen scores of statements from  
representative citizens of Worcester  
and other cities in the east, all em-  
phatically indorsing the claims made  
for that preparation. My advice to  
anyone suffering from either weak-  
ened or over-excited kidneys is to pro-  
cure Doan's Kidney Pills, take a course  
of the treatment and the results prom-  
ised will inevitably follow."

Plenty of similar proof in Alberque-  
que. Call at the Alvarado Pharmacy

cents. Foster-Milburn Co., Buffalo, N.

## Bound Over to the Grand Jury.

A complaint was filed yesterday by  
District Attorney E. C. Abbott on be-  
half of the territory against Hilario  
Ortiz, an attorney of this city, charg-  
ing the latter with assault with intent  
to kill upon Sotero Martinez, who was  
shot on the night of April 5th last and  
who is now reported to be in a pre-  
carious condition. Ortiz waived arrest  
and examination and immediately gave  
the required bond for his appearance  
before the next territorial grand jury  
upon the charge.—New Mexican.

## Sciatic Rheumatism Cured After Four-

teen Years of Suffering.  
"I have been afflicted with sciatic  
rheumatism for fourteen years," says  
Josh Edgar, of Germantown, Cal. "I  
was able to be around but constantly  
suffered. I tried everything I could  
hear of and at last was told to try  
Chamberlain's Pain Balm, which I did  
and was immediately relieved and in a  
short time cured, and I am happy to  
say it has not since returned." Why  
not use this liniment and get well? It  
is for sale by all druggists.

The San Bernardino Sun says: A  
rather amusing and not serious ac-  
cident occurred at the back shop yester-  
day, in which Harry Spaulding, a  
boiler maker apprentice, and a par-  
tially filled tank of oil played promi-  
nent parts. Spaulding was at work  
on a bad order tank, when in some  
way or other his foot slipped allowing  
him to go plump into the molasses-like  
fluid. Harry can do Warm creek and  
Urbis springs like a duck, but when it  
comes to making rings in a few bar-  
rels of Olinda's best, he wasn't in it.  
When he finally clambered on shore  
one of the foremen remarked that he  
looked like an oil well that had just  
climbed out of its hole.

## TERRITORIAL EDUCATION.

The Board Held an Important Meet-  
ing in Santa Fe.

## REPORT OF SUPERINTENDENT.

An important meeting of the New Mexico board of education was held on Saturday afternoon at the executive office in Santa Fe. It was a special meeting called by the governor at the earnest solicitation of the superintendent of public instruction, Col. J. Francisco Chaves, to consider the matter of publishing and distributing the recently completed eleventh annual report, showing the educational progress of the territory, and also for the purpose of ratifying and approving the act of county examining boards, and the superintendent of public instruction in fixing the rating of applicants for first, second and third grade teachers' certificates under the Springer law for the current school year.

There were in attendance: Col. J. Francisco Chaves; secretary, Miss Maggie J. Bucher, of East Las Vegas; Prof. C. M. Light, principal of the New Mexico Normal school at Silver City; Prof. W. G. Tight, principal New Mexico University at Albuquerque; Prof. A. E. Hickey, superintendent city schools of Albuquerque.

Colonel Chaves submitted a detailed report of the work of the county normal institutes of last year, and also a long list of teachers, whose examinations took place in August and November, 1901, as provided in the new school law, together with the general average earned at these examinations by the various applicants seeking to be legally qualified for teaching in this territory. With a few minor exceptions the rating or general average per cent awarded by the county examining boards was approved by the superintendent of public instruction, and at this meeting the territorial board ratified this act by the superintendent. Considering that this work covers the first year's work detailing the method of examination of teachers it was agreed by the board—that the showing made by Colonel Chaves of the interest taken in the summer institutes and examinations throughout the territory was, upon the whole, most flattering.

Following disposal of this subject, the matter of providing for the printing and distribution of the superintendent's annual report was taken up, and Colonel Chaves, as secretary of the board, was called upon to read a letter which he had previously addressed to the governor calling attention to the failure of the legislature to provide for the publication of the educational statistics, and suggesting the wisdom of calling a special meeting of the board of education to consider what had best be done in the premises. Following is an extract from Colonel Chaves' letter:

"I sincerely feel there is a moral obligation resting upon the territory, under the present peculiar conditions within our midst as well as the national capital and throughout the central western and eastern states, which justifies me in making this suggestion and prompts me to urge the wisdom of immediate action to the end that New Mexico's good name may no longer be continuously and universally smirched and her citizens misrepresented for their reputed lack of interest and work accompanied in the lofty field of popular education and the proper training of youth for perfect citizenship.

"As an instance, only today I find on my desk a copy of the New York Educational Journal for March, 1902, which editorially commends Oklahoma's fitness for statehood and says: 'But Arizona and New Mexico are not only small and not rapidly growing, but peopled largely with a foreign element; whereas the facts per the United States census for 1900 are as follows: New York, native born 88 per cent; foreign born, 12 per cent; New Mexico, native born 97.4 per cent; foreign born, 2.6 per cent.

"As you are aware New Mexico has been for years the subject for bitter attack on this line and victim of the greatest and most persistent misrepresentation. Our adversaries at Washington and throughout the east are just now peculiarly active and promise to become more so, as the agitation for statehood waxes warmer for statehood in congress. But we are not in a large measure responsible for the widespread and popular misapprehension of the facts touching our educational progress, the present enlightenment of our people, and the splendid results of their individual efforts to attain a higher plane of American citizenship? This territory has been neglected and uncared for by the national government in respect to educational matters for more than fifty years, while today we witness the sending of school teachers in shiploads to Porto Rico, Cuba and the Philippines at government expense. If, half a century ago, as by every moral and human right they should have done, the United States had thus sent trainloads of teachers into New Mexico this population would rank today with the most enlightened communities of our common country. Instead, the federal government has persistently ignored the true citizenship of the territory, but has taxed them to contribute to its substance a part of which is expended here, at the rate of \$250,000 annually, for the 'education' of God save the mark, of several thousand long haired blanketed Indians.

"Therefore, for what they have learned this people is entitled to the more credit owing to the fact that the parent government has never given 1 cent toward the uplifting of the masses, which came peacefully to its protecting care under the treaty of Guadalupe Hidalgo.

"The eleventh annual report by this office, aside from presenting vital statistics in an attractive form treats exhaustively of this and kindred subjects.

A general discussion of the subject ensued, and it was the consensus of opinion that nothing could at this opportune time be of more general benefit to New Mexico than the publication and widest possible circulation of this report of the schools and their progress. Accordingly the following resolution was drafted and unanimously adopted:

Whereas, The report of the superintendent of public instruction of this territory for the year 1901, is a very valuable and comprehensive public

document, replete with statistics and general information concerning New Mexico's school system; and

Whereas, The public interest demands that at least 3,000 copies of this report be published and distributed to libraries, colleges, universities, national government and state officials, teachers and citizens generally throughout the states and this territory; and

Whereas, No appropriation is available for this purpose; and

Whereas, This board deems such publication and distribution as of the greatest moment to the people of New Mexico, and believes that such will prove of great and material benefit to the public interests; therefore, be it

Resolved by the board of education of the territory of New Mexico, That the governor, the solicitor general, the auditor and the treasurer and the superintendent of public instruction, and also the public printer be, and these officials are hereby respectfully requested to use their utmost endeavors to have not exceeding 3,000 of this report printed and distributed, and if no funds for the immediate payment thereof can be found, to use their individual best efforts as well as official endeavors to procure the approval and allowance of the bill for such printing and distribution by the next legislative assembly. And this board hereby and herewith requests and urges the said public printer to print said copies of such report as expeditiously as possible, and to await payment thereof by appropriation by the next legislative assembly, the members of the board pledging themselves to urge upon the legislative assembly the justice of the expenditure and request of that body the speedy approval of the account and an appropriation for the payment of the same.

The need of a uniform course of study for use in the summer normal institutes required by law to be held in each county in the territory, was the next subject brought forward for consideration. All united in the opinion that such a course of study was a timely necessity that would serve greatly to simplify, and systematize the work of the institutes and stimulate popular interest therein, and in the cause of education generally. Prof Light stated that the last meeting of the New Mexico Educational association had discussed this matter at length; deemed it of great import and had appointed a committee to prepare and print such a course as was suitable to the present demands of the territory, copies of which in pamphlet form, he said, would soon be ready for distribution at 25 cents each.

Thereupon Professor Light submitted a resolution to the effect that the course of study, now being prepared by the committee representing the Territorial Educational association be officially recognized and approved by the board, and that the superintendent of public instruction be requested to officially announce the same in a formal manner for the guidance of county superintendents and instructors of normal institutes. This resolution was adopted whereupon the meeting adjourned.

## NEW MEXICO TOWNS

### SANTA FE.

From the New Mexican.

A. P. Smithers, of Denver, United States postoffice inspector, is in the capital on official business.

Mrs. F. H. B. Gilmore, of the upper Pecos, is in this city visiting friends and doing some shopping.

W. H. Pope, United States attorney for the Pueblo Indians in New Mexico, left this morning for Tierra Amarilla to attend the session of the district court this week.

Miss Bertha Staab returned from a visit to relatives in Boston and other eastern points. Her brother, Arthur, went to Lamy to meet her.

Hon. Charles F. Easley left for Roswell, where he will attend the commencement exercises of the Roswell Military Institute, which is being held this week. Mr. Easley's son, Ralph, is a student at the institute.

Mrs. L. Bradford Prince has been confined to her residence during the past week by a severe attack of bronchitis and will not be able to be out for several days, hence she will be unable to attend the bazaar for the benefit of the Academy of the Sisters of Loreto during this week, and will have to forego, although with reluctance, the performance of some of the duties assigned to her in connection with the bazaar.

Major John M. Pullman of the quartermaster's department of the United States army, who was stationed in this city several years during the 80's, was on Saturday last promoted to be a lieutenant colonel in the quartermaster's department. Colonel Pullman also served in the cavalry branch of the army in this territory for several years and has many friends throughout New Mexico who will be glad to hear of his well deserved promotion.

Harry J. O'Bryan, Esq., of Denver, accompanied by Mrs. O'Bryan and two children, arrived in this city and are the guests of Governor and Mrs. Otero at the executive mansion. Mrs. O'Bryan is a sister of Governor Otero, who as Miss Mamie Otero was one of the most popular, vivacious and prettiest New Mexico girls, and who since her marriage and residence in Denver, has occupied a very prominent place in Denver society. Mr. O'Bryan is one of the leading lawyers in the Queen City of the plains. They are on their way to California.

### The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, too, for a cure may be effected at a very small cost. G. W. Westcott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by all druggists.

### LAS VEGAS.

From the Record.  
Miss Antonia Baca is quite ill with pneumonia.

Arthur Ifield was able to be out to-day for the first time since his sickness.

J. D. W. Veeder has been given a judgment of \$273 against Julio Garcia, of Santa Fe, for legal services performed.

The little village of Agua Zarca, about seven miles west of here, had a big feast and high mass there this morning, in honor of the church's patron saint, Santa Anna.

The recital at the Methodist church last night was largely attended and thoroughly enjoyed by all. The manner in which the program was carried out reflected much credit on both pupils and teacher.

The ice plant is progressing nicely and the machinery is being installed as fast as possible. It is reasonably certain that the company will begin to

manufacture ice by the first of the month.

J. M. Whitlock and J. M. Reid left this afternoon for New York to attend the general assembly of the Presbyterian church as delegate from New Mexico. Mr. Reid will visit other parts east also, and expects to be gone about a month.

Rev. J. H. Bourne received a third call from one of the leading Baptist churches of Detroit, Mich. Though Mr. Bourne is offered flattering inducements in the way of salary, etc., he will not leave the Las Vegas church. This is a compliment to the delightful climate of Las Vegas, as well as to the local Baptist church.

### From the Optic.

J. D. W. Veeder and Felix Martinez have brought suit to foreclose a mortgage of \$1,300 on the library of T. B. Mills.

John J. Daxley, an old attorney of Illinois, has been granted permission to practice law in the territory until the next term of the supreme court.

Judge Wooster married Miss Annie Stubbe to Charles Coe. The latter is of this city, while the young lady arrived from Perry, Oklahoma.

B. F. Spencer has returned from Denver, where he was sick for three weeks. It is said he has a capitalist with him to look at the mining prospects here.

P. F. Nolan's old gray horse died in harness yesterday. The old fellow was pulling the milk wagon as usual. He went over a crossing, and about ten feet beyond fell and expired without a struggle. He was well advanced in age, but seemed in perfect health.

The El Paso high school, with a membership of about 300, concluded to have an oratorical contest for a gold medal. The management of the school decided that six contestants were all that could be heard upon a public occasion. About twenty candidates presented themselves. A preliminary competition was given. Each boy prepared himself for the contest. The awarding committee consisted of teachers in the high school and after hearing the several efforts at speaking, selected the six best. Ralph and Robin Gould, Las Vegas born and bred lads, were two of the six chosen. Thus carrying off one-third of the honors, the Gould boys were still further marked by Robin's being the first selected out of the six.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

### WHITE OAKS.

From the Eagle.

The Baptist revival, conducted the last ten days by Rev. Fred Allen, closed Wednesday night.

Mrs. C. D. Leon, Mrs. A. Ziegler and children reached home. They have been in California the past five months.

Mrs. H. G. Miller, wife of Dr. Miller, the Congregational pastor, and son, Ray, came in from New York. The doctor is happy, so is his flock.

David Thompson, a son of Pete Thompson, formerly a resident of this place, was killed in a Capitan coal mine one day last week by falling rock.

Misses Campbell were up from Carizozo Saturday. The elder Miss Campbell has been employed to teach the school at Jicarilla.

Nic Bastion and Lee McGee and family came in from the Gallinas, followed by Bob Haynie and family the next day. The work on the Tularito property has closed temporarily.

George Queen returned home last week, after a six months' stay in Arizona and Mexico. George says there is plenty of work for miners in that country and at good wages, but the summer months are very unhealthy;

hence the reason for the return of all the boys.

Deputy Supreme President LaBrue organized a lodge of Select Knights and Ladies here with a charter membership of about twenty. White Oaks has several society organizations, and this last promises to be one of the leading organizations of the town.

School will close Friday, May 16. The present term began in September and has continued for a period of nine months. When school began the district was in arrears \$300 or \$400 for teachers' salaries for the previous term, but that was paid, the expenses of present term have been fully met, and a small balance will be left in the treasury for next year. The poll tax fund has not been touched, and the apportionment of July will go to swelling the fund or a good beginning in the fall.

### Dangerous if Neglected.

Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Tartly, Yankeetown, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

### SAN MARCIAL.

Special Correspondence.

San Marcial, N. M., May 12.—The Cooney & Eaton sheep ranch is prospering, both in raising more sheep and wool for the market.

C. H. Featherston came up from El Paso on the late train yesterday morning.

A few of the San Marcial people are down with what is claimed to be the scarlet fever.

Charles, the 7 year old boy of A. J. Armogost, died last Thursday with scarlet fever.

Capt. Jack Crawford has received a new hay press and he expects to put up a lot of hay this season.

Dentist F. E. Collins, of Deming, is in the city on business.

The office of Drs. C. G. and Alex. Cruickshank is being removed to the building where Mr. Nelson had his restaurant.

F. M. Bailey, of Swift & Co., was in San Marcial and sold quite a lot of goods for the house he represents, and in the evening he went to Paraje on the same mission.

### Traveling is Dangerous.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. George H. Hausen, locomotive engineer, Lima, Ohio, writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

### CARLSBAD.

From the Argus.

J. W. McQuerry, recently here from Midland, has decided to locate, and has bought from G. B. Herron the Pecos Valley hotel. He took charge on May 3.

Joe Klaser is in charge of a force of men at work near the flume seeking a bed rock foundation for the proposed new flume, soon to be built for the irrigation company at a cost of about \$40,000.

According to the Alamogordo Advertiser, Mrs. Thomas Fennessy is suing her husband for divorce on the grounds of non-support and abandonment, praying for the custody of their two children and alimony. Tom Fennessy used to live here, being Eddy county's first probate clerk, and consequently well known to all old timers.

Fire destroyed the home of J. S.

Ritter, on the Francis Stock Farm, eight miles south of here, Wednesday, about 8 a. m. The flames made such rapid headway that practically nothing was saved and Mr. Ritter's personal loss was about \$250. Loss on the house, owned by W. R. Allison, was \$400. No insurance. Blaze caused by defective flue.

There is no doubt now but that there will be an immense fruit crop in the Carlsbad district, this season, of peaches, especially. Every orchard in this vicinity will produce a maximum crop and the work of thinning out the fruit is necessary in most instances. It is estimated that about fifteen car loads of peaches will be shipped out during the season.

La Huerta bridge caught fire, and but for the timely assistance of Mr. Love, who lives nearby, would have gone up in smoke. It seems that some one threw a lighted cigar or cigarette stub down and it lodged between the double plank flooring of the bridge and set fire to the structure. Slight damage was done, but a lively time was had for a few minutes.

Sheriff Collier, of Dickens county, Texas, came in, and in company with Fayette Baird, went up to Red Bluff and arrested three men, named Sanders and a boy, who are charged with the theft of horses. About forty or fifty horses were missing, but they found them with only seventeen head, and but four of them could be identified as belonging to men in Dickens county. The sheriff wired home for certain information before proceeding further with the cases.

### A Revelation.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Alvarado Pharmacy.

### The Old Story About Indians.

Charles Anderson came down from Chloride last Saturday, returning Monday accompanied by his wife and baby and his mother. He reports Indians killing cattle along the main range. He says cattle in the mountains are in fine condition, but on the west side grass is short and quite a number of cattle have already died. He also says that the Silver Monument camp is putting on an old-time appearance, seven families are now located there.—Sierra County Advocate.

### Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes George S. Marsh, well known attorney of Nocona, Texas. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. J. H. O'Reilly & Co.; B. H. Briggs & Co.

### Something to Amuse.

E. G. Murphy has a very interesting machine at his drug store. It is an automatic charger for soda fountains and was the first one of the kind to be brought west of the Missouri. There is a reservoir charged with liquid carbonic acid gas, at a pressure of 1,200 pounds to the square inch. By proper tubes this generator, as it may be called, is connected with the hydrant, and both are connected with the soda fountain up stairs. Just as the water is drawn off for customers it is charged automatically; when it ceases to be drawn, the charging ceases. Thus the apparatus works as long as any of the liquid carbonic acid gas remains unused.—Optic.

### Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jessie Pinkney Hall, Springville, Ala. This remedy is for sale by all druggists.

### Deaths at Las Vegas.

Narcisca V. de Gallegos died yesterday afternoon of fever and was buried today. She was 42 years old.

Mrs. Vidal Martinez died yesterday afternoon of consumption and was buried today. The deceased was only 24 years of age.

Edward Powers died at the Ladies' home last evening of pulmonary tuberculosis. The funeral was held today, he being interred in the potter's field. The deceased was a man of middle age and had been an employee of Dr. Mohr for the past year.—Record.

### A Lesson in Health.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Alvarado Pharmacy.

Paymaster R. L. McCance, of the Santa Fe Central, was here yesterday.

D. A. Shope, superintendent of buildings and bridges, on the Winslow division, is in the city.

W. S. Hubbell and W. A. Baver, of the Santa Fe Central office, Santa Fe, left for Kennedy station on business.

Accommodations at the Yosemite valley are under control of the government, with good hotels, camps and trails. Visitors to the great national conventions at San Francisco in June and August will find the Yosemite side tour a pleasant one. While not so tremendous and awe inspiring as the Grand Canyon of Arizona, Yosemite has a beauty all its own and it is well worth while.

J. A. Harlan, superintendent of buildings and bridges on the Rio Grande division of the Santa Fe, and who will superintend the building of the new Albuquerque freight depot, informs The Citizen that work on the foundation of the building was begun this morning. Work on the structure will be pressed and Mr. Harlan says that he hopes to have the building and platforms completed by the first of August.

Frank Painter, who is at present employed as a tracer clerk in the office of Superintendent Easley, at Newton, has been promoted and will go to Dodge City as time keeper in the trainmaster's office. Bert Downey, who at present attends to the duties of the mailing desk, will be advanced to the desk vacated by Mr. Painter. Harry Easley, a son of the superintendent, will be given the position vacated by Mr. Downey.

The fate of the Morrison tubes, which portion of the Baldwin engines make-up has been giving the Santa Fe no end of trouble of late, has been decided, says the San Bernardino Sun. It will be remembered that these tubes became unruly several weeks ago, and the members of the "500" series were brought to the local round house that the trouble might be remedied. The investigation brought experts from Philadelphia, from Brooklyn and from Topeka. These got their heads together and their decision followed. It is that two of the tubes must be removed, thrown into the scrap pile and replaced with new ones, while the remaining pair are to be straightened. This last process is an interesting one, the tubes being heated to a white heat and then forced into shape with a hydraulic jack.

The Southern Pacific is asked to pay \$10,000 for the death of Perfecto Alvar, the aged Mexican who was run over and killed some months ago a mile and a half east of Brookside station, Cal. A suit for damages to this amount was commenced by Jacinta Alvar, the surviving widow, and Juan Alvar, a son of the deceased. John Brown, Jr., of San Bernardino, and Water & Wyllie, of Los Angeles, are attorneys for the plaintiffs. According to the complaint in the action, there is a straight track for three-quarters of a mile where the accident occurred. Alvar was walking toward Brookside station, and the train was traveling in the same direction. The complaint alleges that no whistle was blown and that the engineer did nothing to warn the aged Mexican of the approach of the train. It was struck by the engine and instantly killed.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil—Monarch over pain.

### A CRAZY ENGINEER

Dashed Away with His Engine—Suddenly Recovered His Senses.

Railroad men from the west tell of how on last Wednesday night a crazed Santa Fe Pacific engineer by the name of Delaney started from Barstow for San Bernardino on his engine, running on No. 4's track. It seems that Delaney and his fireman were waiting with their engine until the east bound overland should pass so that they could pull out for Summit. Suddenly the engineer was seized with a crazed desire to go forward and throwing his throttle wide open started in the direction of San Bernardino. The engine with its raving engineer and terror

### A Lady's Lunch

Has been rudely defined by some cynic as "slops and sweets." And after all there's more truth than poetry in the definition. Ice cream and cake may satisfy the palate, but they are far from satisfying to the stomach, which requires that food be nutritious first and nice afterward. By careless eating women pave the way for stomach "trouble," and its kindred miseries.

Dr. Pierce's Golden Medical Discovery is confidently commended as a cure for diseases of the stomach and other organs of digestion and nutrition. By curing diseases which prevent the assimilation of food it enables the body to be built up and strengthened in the only way known to nature—by food digested and assimilated.

"For twelve long months I suffered untold misery," writes Mrs. M. C. Colgate, of Randolph, Charlotte Co., Va. "No tongue could express the pain that I endured before I commenced taking Dr. Pierce's medicine. I was not able to do anything at all. Could not eat anything except bread and tea—or if I did the top of my head hurt so it seemed it would kill me; with all that I could do it would burn like fire. But now, since using your 'Golden Medical Discovery' and 'Favorite Prescription,' I can eat a little of almost anything I want, and can do a good day's work as well as anybody can. Am better than I have been for years."

Dr. Pierce's Pleasant Pellets cure sick headache.

stricken fireman passed through seven switches and had reached a point opposite the smelter when the demented man recognized a signal to stop, and reversed. Had he not come to his senses he would certainly have dashed into the overland. Delaney claims that he was doped, thus accounting for his actions, but has nevertheless been removed from duty pending an examination.

### Wants Others to Know.

"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to endorse them for I think when we find a good thing we ought to let others know it," writes Alfred Heinze, Quincy, Ill. They never gripe or distress. Sure, safe pills. J. H. O'Reilly & Co.; F. H. Briggs & Co.

By tomorrow night the old red Harvey house will have been moved away. The windows have been taken out and a force of men were busy this morning tearing up the floor. The beauty of the Alvarado will be more appreciated by the traveling public after this eye sore of red barn shaped structure is gone.

### What is Foley's Kidney Cure?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Alvarado Pharmacy.

There are sixty-four bridges and culverts on the branch of the Santa Fe railway. There will be eighty-three bridges and culverts on the Santa Fe Central road between Kennedy and Santa Fe.

### Won't Follow Advice After Paying For It.

In a recent article a prominent physician says: "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by all druggists.

All except eight of the thirty-three new passenger coaches which the Pullman Works have been turning out for the Santa Fe have been delivered at Topeka. Eighteen new chair cars are well started in the factory of the same company.

Foley's Money and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Alvarado Pharmacy.

It is reported that at a meeting of Santa Fe division superintendents in Topeka this week a new code of examination questions for the employees in the operating department will be formulated. The idea is to make general educational qualifications a more essential part of the training of the applicant for road service. In so doing the Santa Fe will be following in the footsteps of many eastern roads which have found it advantageous.

### Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveport, N. H. "I never found anything else that acted so safely and quickly." J. H. O'Reilly & Co.; B. H. Briggs & Co.

### A. & M. COLLEGE.

Intercollegiate Field Day and Debate, June 2 and 3.

Special Correspondence. Mesilla Park, N. M., May 12—"Count on us for both track and debate teams" and signed by Edgar L. Hewitt, president of the New Mexico normal university, was the telegram which set all the students of this college into an athletic whirl at this institution this morning.

This insures the long planned intercollegiate field day, the first between two institutions of this territory. Great enthusiasm marks the preparations for this event and a great number of visitors from all parts of this section are expected. The commencement exercises of the college will be going on at the same time and this, of course, will greatly augment the number of visitors. Attempt is being made to arrange for a special train from El Paso, and several hundred people from there will probably attend.

Albuquerque has been invited and the two institutions there which are members of the Territorial Athletic association, the University and Indian school, are considering the sending of a team. Two men may be entered in each event from each school and the scoring will be five points for first, three for second and one for third man, the team scoring the largest number of points winning the championship, or a trophy which will consist either of a silver cup or a pennant.

The events which will comprise the program will include the following: 100 yard dash, 220 yard dash, 440 yard run, 880 yard run, pole vault, running broad jump, running high jump, standing high jump, 12 pound hammer, 12 pound shot, and 120 yard high hurdles. The regular general assembly was turned over to the athletic association Monday and Messrs. Sutherland, Danburg, Miller, Metcalfe and Tinsley, among others, made short talks, to aid the already thoroughly aroused enthusiasm, and if visitors are not shown a fine time upon this occasion, either our ability to provide entertainment or their capacity for enjoyment, is lacking.

The field day meet will be Tuesday afternoon, June 3, at 2 and the debate between the normal university and the A. & M. college will be held Monday evening, June 2. The question to be discussed is, "Resolved, That the United States should grant independence to the Philippines." The college representatives are G. Volney Howard, of Santa Fe, and M. W. Danburg, of Las Cruces, who will defend the affirmative side of the question.

## Good Old Grandma's Advice

The children are sick—send for grandma! Who is there like her for wisdom and gentleness, and sympathy, since the first baby came? What would we have done without her?

"Cascarets are splendid. My old mother praiseth them very highly, and says she would never be without them."—Howard W. Wellman, 125 Tremont Street, Fairmount, Ohio.

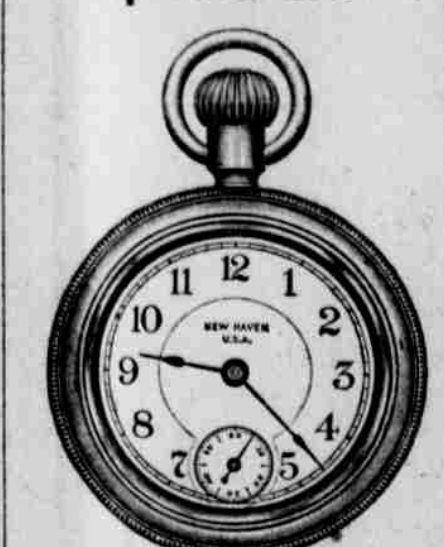

"I suffered seven years with tape-worm but didn't know I had one. Two months ago I was taken with inflammation of the bowels, sour stomach, sick headache. I tried Cascarets and had not taken them a week before I was relieved of a tape-worm 18 feet long. I am very much better."—Mrs. John Stone, Put-In-Bay Island, Ohio.

The wisdom of years of experience with her own health, and grandpa's and the children's, and children's children has taught grandma what is good for her and the several generations of family she has looked after. Grandma of today knows and advises that Cascarets Candy Cathartic are the only perfect family medicine for all bowel troubles, children's diseases, diseases of the stomach and liver, sick headaches, biliousness and bad blood.

### LOCAL PARAGRAPHS.

The baby of Mr. and Mrs. Seigfried Grunfeld is reported quite sick today.

M. B. Johnson and family, of Gallup, are in the city, arriving from the west last night.

A. A. Keen, territorial land commissioner, was a passenger to Santa Fe this morning.

Mr. and Mrs. Francis T. M. McEnery and son, from Los Angeles, were in the city last night.

E. P. Hubbell, representing the Denver Type Foundry company, Denver, Colo., is in the city.

A. Vandervant, the Boston wool buyer, is here and will attend to the local market for a few days.

William Glaesner, the South Second street tailor, who was at Santa Fe on business, returned to the city last evening.

On receiving information that her husband was ill with pneumonia, Mrs. Strumquist left last night for Fierro, Grant county.

The sweet toned organ being used every night at the big tent meeting, has been kindly loaned by the enterprising firm of Hall & Leonard.

Property owners residing in the Fourth ward complain that the arc light at the corner of Sixth street and Copper avenue has not been lit for the past week.

J. A. Greaves, representing Greaves & Dye, boot and shoe manufacturers of Winslow, is in the city. Mr. Dye expects to visit in Colorado before returning west.

Captain Sutherland, of the fire department, is reported dangerously ill with pneumonia, and if he survives his present illness his case will be considered remarkable.

Darby E. Day, the New Mexico agent for the Mutual Life Insurance company of New York, has returned to the city after a successful visit to the towns of southwestern New Mexico.

Prof. A. B. Stroup, who was last night elected superintendent of the city public schools, left for his home at Deming. He will return here in a few weeks, and will then visit Kansas.

A special car, carrying the directors and stockholders of the McCabe Extension gold mine, passed through the city this morning en route from McCabe, Arizona, where the mine is located, to Cincinnati, Ohio.

The instruments for the boys' band are now on exhibition at the music store of Hall & Leonard, having arrived from the east yesterday. Prof. Patterson expects to have his juvenile band practicing several days in a week in a very short time.

The tent meeting will continue right along with services every night beginning at 7:45 each evening. There was a large attendance last night and the service was marked by a sweet tenderness and the hand of sympathy was very strong between both speaker and hearers.

Miss Gertrude Adams, a young lady who came here about eighteen months ago from Chicago, left on her return home this morning. When Miss Adams left Chicago she was not expected to live. She now enjoys robust health. That speaks well for Albuquerque as a health resort.

Joseph Bibb, one of the prosperous general merchants of Bernalillo, has been appointed postmaster of that town. The change of the office from Wm. Noedel's place of business to Mr. Bibb's was made necessary by the death of the postmaster, which occurred about a month ago.

The Elks base ball club of this city will not make many home runs, but it will be heavy at the bat. Two of the nine weigh over 300 pounds each, and the whole team are invincible at an Elks' banquet. It is the intention of the team to play with the Elks at El Paso, Silver City, Santa Fe and Las Vegas.

Henry Metzgar, who is ranching at Pajarito, south of the city, was up town today, and he says the Pajarito orchards will produce more fruit this season than for many previous seasons. Mr. Metzgar says cherries will be ripe the last of this month, and that he expects to have ripe peaches in the market some time in June.

Buck Staton, the negro arrested on the charge of vagrancy and not having any visible means of support, was fined \$10 in police court this morning and the judge told him if he ever appeared in his court again he would give him ninety days. Staton came here from the south about two weeks ago and "hasn't done anything since" but lay around the Third street saloons.
