MAY DAY TROUBLES

Strikes All Over the World.

Building and Trade Workers Affected.

Are Burning the Property of Royalty in Russia.

MANY DEMANDS GRANTED.

Pittsburg, May 1.—May day was ushered in with strikes in most of the building trades for a reduction of hours, more wages and an adjustment of trade conditions. It is estimated between 12,000 and 15,000 men are out, the trades involved being structural iron workers, carpenters, brick layers, sheet metal workers, slate and tile roofers, inside electric wire workers, portable and hoisting engineers and wood and metal lathers.

A plumbers strike was averted by the master plumbers signing the advanced scale last night. The strikers will tie up work on all large buildings in the course of erection.

In the Iron and Steel Trade.

Pittsburg, May 1.—The National Association of Blast Furnace Workers and Smelters of America sent copies of the new demand to the United States Steel Corporation, the Republic Iron & Steel company, the Bessemer Association and the independent furnaces. The workers demand that on and after June 1, eight hours shall constitute a day's work at the same rate of pay now received for twelve hour turns; and all ten hour men shall be reduced to nine hours at the present rate of pay. If the demands are granted it will mean the introduction of a third shift.

Two Thousand at Buffalo.

Buffalo, N. Y., May 1.—It is estimated more than 2,000 skilled laborers went on strike here today. Most of these are carpenters, a few are structural iron workers and the rest plumbers. Carpenters who are receiving 30 cents an hour demand 37½ cents; plumbers demand \$3.50 per day, an increase of 50 cents; and iron workers ask for 50 cents an hour. Fourteen contractors, employing about 450 men, have agreed to pay the carpenters 37½ cents. Most of the contractors have conceded the demands of the structural iron workers, but a few smaller ones are holding out.

Revolt in Russia.

Copenhagen, May 1.—A dispatch to the Politiken of this city from Russia, (filed on the German frontier) announces the labor population of the whole district between Moscow and Vladimir, in central Russia, is in revolt. There have been numerous encounters between the workmen and troops and many persons have been killed or wounded. The Ubian regiment, commanded by Colonel Noroseff, refused to act against the workmen.

Machinists on Strike.

New York, May 1.—Machinists and benchmen to the number of 1,200 in a dozen large sheet mills and moulding mills of Hudson county, went on strike today. They demanded a uniform rate of \$2.50 for an eight-hour day, which was refused.

Denmark Has One.

Copenhagen, May 1.—The trades unionist workmen employed at the free port of Copenhagen, suspended work out of sympathy with the dock laborers and seamen's strike. The latter strike is further extending today to all Danish ports excepting Esbjerg.

Quiet in Italy.

Rome, May 1.—The usual May day demonstrations throughout Italy thus far have been perfectly orderly. About 15,000 workers participated in the meeting here.

Two Thousand Strike.

Youngstown, Ohio, May 1.—Two thousand men employed in building trades went on strike today for an eight-hour day and an increase in wages.

Drivers on Strike.

Rochester, N. Y., May 1.—About 500 drivers of coal wagons, all members of the Drivers' union, struck today for higher wages and shorter working hours.

Steel Workers Out.

Cleveland, Ohio, May 1.—About 500 steel workers employed by the American Bridge company at various Ohio points, went on strike today.

St. Paul Carpenters.

St. Paul, May 1.—Three hundred carpenters went on strike here today for an eight-hour day and increased wages.

Extends to Toronto.

Toronto, May 1.—More than 10,000 men in various trades went on strike today.

Burned Duke's Property.

St. Petersburg, Tuesday, April 29.—The property of Duke Alexander, of Oldenburg, the celebrated Chateau of Rodene, in the government of Voronej, Southern Russia, has been burned

by revolting peasants, who practically ruined the estate. The duke is father-in-law of the czar's sister, Olga, who married his son, Duke Peter, last year.

A HANDSOME MONUMENT

Erected in Honor of Those Killed at Brandywine.

Ephrata, Pa., May 1.—On Zion's Hill, where are buried 200 revolutionary heroes who died at the Ephrata cloister hospital from wounds received at the battle of Brandywine, there was unveiled today, in the presence of patriotic thousands, a handsome monument in commemoration of their valor. The unveiling was carried out with interesting ceremonies, civilians, military and office holders uniting to make it a gala day never to be forgotten. The principal oration was delivered by ex-Governor Robert E. Patison, and other addresses were made by General John E. Roller, Colonel J. A. Southgate and Congressman J. A. Stober.

A REGULAR PALACE.

A \$5,000,000 Building for One of Chicago's Banks.

Chicago, Ill., May 1.—The work of construction on the new home of the First National bank of Chicago was commenced today. The building is to cost \$5,000,000 and will be the largest building in Chicago, if not in the world. The structure will be sixteen stories high and will not be completed before May, 1904.

THAT REPORT.

Alderman McMillan States a Few Solid Facts.

DEMAND ON WATER COMPANY.

The attack of the Journal-Democrat on the committee that made report on the water question is of sufficient public interest to merit a reply. That committee was composed of two democrats and one republican. The report was signed by all the members of the committee and was unanimously adopted by the city council composed of democrats and republicans, every member voting. The committee saw what they reported and reported the exact facts and I can show any person wishing to know the truth every fact reported. There was a written report made about the same time by a committee of three or four leading physicians to the board of health in which substantially the same facts are set forth. So far as I know, politics had nothing to do with the report, nor can politics or abuse change the facts. Indeed I am quite certain that no member of either committee knew that the Water Supply company was a republican.

If the report of the committee has in any way affected Albuquerque's prospects for a military post the fault is with the Water Supply company that allowed the state of facts reported to exist. If Dr. Bushnell agrees with the committee that the accumulation of surface water and pouring the same into our water supply as shown in our report makes bad water, the remedy is for the Water Supply company to take the necessary steps to exclude the surface water and draw only from the seventy foot strata which all agree is good water. The question is of too much importance to be hushed up by the clamors of the Journal-Democrat. A good water supply is more important to the people than the military post, however important that may be. But above all, the same thing to do is to correct the evil and to remove the objection of Dr. Bushnell. This can easily be done by the Water Supply company if it is willing to spend a little money for that purpose. If good water means the military post to Albuquerque the Water Supply company should be compelled to exclude the surface water and make the supply good.

The editorial in the Journal-Democrat shows that a denial of the truth did not work. Now let us recognize the truth and remove the evil.

Respectfully,
A. B. McMILLEN.

MOST EXCELLENT WATER.

New Professional Ass on Journal-Democrat Should Explain.

When Dr. Bushnell, of the army, was here the other day he examined the water at Robertson's mesa ranch and pronounced it excellent. It is understood that when General MacArthur was here he recommended that the military post be established within a mile or two of the Robertson ranch. Now the question arises: "What has the location of the military post to do with the water supplied to valley consumers by the Water Supply company?" The new professional ass on the Journal-Democrat should explain.

Fine Lights.

For an hour and a half last night the streets were in darkness on account of the fire at the electric light plant. Railroad avenue was brilliantly lighted, thanks to the new lamps recently put in by merchants.

Condition Satisfactory.

The Hague, May 1.—The bulletin posted today at Castle Loo says Queen Wilhelmina's condition is satisfactory.

A good time is anticipated at the base ball boys dance tonight.

Don't fail to see the hammock display at Newcomer's for Saturday's special sale.

CONSECRATIONS

Important Church Service Today.

Bishop Olmsted Installed At Denver.

Silver Jubilee of the Consecration of Bishop Spalding.

BISHOP COADJUTOR.

Denver, May 1.—Rev. Dr. Charles S. Olmsted, formerly of Pennsylvania, was consecrated bishop of the Episcopal diocese of Colorado at St. John's Cathedral today. The large edifice was crowded and the services were attended with unusual pomp and splendor. The cathedral was magnificently decorated and many prominent bishops and clergymen from all parts of the country were in attendance. It was the first of the kind to take place in the Rocky Mountain region.

It was a little after 10 o'clock when the bishops, led by Bishop Tuttle, of Missouri, left the parish house and proceeded to the cathedral. The bishop-elect was escorted by his presbytery, and behind him came the visiting clergy, and then the surpliced choir of the church, singing a procession. By the time the head of the procession entered St. John's the pews had been filled by the members of the parish and visitors. The ceremony began with the reading of the prayer of the morning. Then came a sermon by Rt. Rev. Leighton Coleman, bishop of Delaware. The ceremony of consecration followed, according to the ritual of the church. Bishop Tuttle acted as consecrator and among the other participants were Bishops Millsap of Kansas, Hare of South Dakota, White of Michigan City, Graves of Laramie, Leonard of Utah, Gellor of Tennessee and Brown of Arkansas. At the conclusion of the ceremonies there was an informal reception in honor of the visiting clergy.

A Silver Jubilee.

Peoria, Ill., May 1.—The silver jubilee of the consecration of Right Rev. John Lancaster Spalding, bishop of the diocese of Peoria, was celebrated at St. Mary's Cathedral today. Bishop Spalding celebrated solemn pontifical high mass, and an elaborate musical program was rendered by a choir of 100 voices. The jubilee sermon was preached by Cardinal Gibbons. The sermon at this evening's exercises will be delivered by Archbishop Ireland. More than 400 Catholic clergymen from all parts of the United States are in attendance.

On the epistle side of the altar were Cardinal Gibbons, attended by his deacons of honor, and on the gospel side was Archbishop Ireland similarly attended. About the sanctuary were gathered archbishops, bishops and priests. Immediately after the gospel Cardinal Gibbons delivered a eulogy on Bishop Spalding, and in behalf of the clergy presented him with a beautiful chalice of gold studded with precious stones. The reading of a congratulatory message from the pope was a part of the ceremony.

Probably no churchman in the United States is more universally esteemed than Right Rev. John L. Spalding. He is regarded as one of the finest scholars in the Catholic church, and is a creative literary artist of rare ability. He is a favorite with Catholics and non-Catholics alike, and his brilliant essays and philosophical works have given him an enviable distinction among American churchmen.

A Pennsylvania Bishop.

Philadelphia, Pa., May 1.—In the Church of the Holy Trinity this morning Rev. Dr. Mackay-Smith was consecrated, with imposing ceremonies, bishop coadjutor of the eastern Pennsylvania diocese of the Protestant Episcopal church. The church, which was elaborately decorated, was filled to its utmost capacity, notwithstanding the fact that admission was by ticket only. Those present included prominent Episcopal churchmen from all parts of the east. A special feature of the ceremonies was the elaborate musical program furnished by the choir of the Church of the Holy Trinity.

Right Rev. William Crosswell Doane, bishop of Albany, was the consecrator, and was assisted by Bishop Potter of New York and Bishop Scarborough of New Jersey. The presenters were Bishop Satterlee of Washington and Bishop McVicker of Rhode Island. The sermon was preached by Bishop Potter.

Corrigan Improving.

New York, May 1.—Archbishop Corrigan is much improved today and his physicians say he is well on toward recovery.

Italians Indignant.

The Italians of this city are quite indignant according to one of their number, Mike Lorelli, who was run over by a freight train at Isleta junction Tuesday and brought to the railway hospital here for treatment, one leg being so badly mangled that immediate attention was necessary. The Italians say that no special attention was given to the injured man, and that he is

in a bad fix for lack of treatment. City Marshal McMullen informed The Citizen that these facts reached L. Gradi, president of the Italian society, and the latter secured private subscriptions to be used for the benefit of the injured man, who will be removed from the hospital to the city building and placed under the care of Dr. Elder, the city physician.

NURSES IN SESSION.

The Fifth Annual Meeting Opened in Chicago Today.

Chicago, Ill., May 1.—The Trained Nurses Associated Alumnae of the United States, having a membership extending throughout the country, began its fifth annual convention today at the Lexington hotel. At the formal opening the visitors were welcomed by Miss Julia C. Lathrop and the response was by the president, Miss Annie M. Damer, of Buffalo. Committee appointments and other routine business occupied the remainder of the session. This evening a reception to delegates and visitors is to be given at St. Luke's Nurses' Home.

Coal Goes Up.

Philadelphia, Pa., May 1.—The increase of 10 cents a ton in the price of anthracite coal, recently announced by the Pennsylvania & Reading railroads, went into effect today. Equal increase will be made on the first days of June, July, August and September, after which the old price schedule, effective prior to April 1, will again be in force.

FOR STATEHOOD.

Omnibus Measure to be Called Up in a Few Days—Leasing Bill.

BUILDING FOR ALBUQUERQUE.

A special dispatch to the Denver News, from Washington, under date of April 29, says:

The omnibus statehood measure admitting the three territories, New Mexico, Oklahoma and Arizona, will come up for settlement in the house either next Saturday or next Tuesday. The speaker has promised that it shall immediately follow the disposal of the agricultural appropriation bill and one other appropriation bill.

Speaker Henderson has caused a canvass of the house to be made, and discovers that all the democrats and ninety republicans are in favor of statehood for the territories. There are probably fifty more republicans who will vote for the bill, but the chances are good for its unanimous passage.

Leasing Bill.

Major Lacey, chairman of the house committee on public lands, is expected to arrive from Iowa tomorrow. It is understood that he has formulated a bill for the interests of cattlemen who desire to graze their herds on the public domain, which he will shortly introduce. This measure will take the place of the Bowersock leasing bill, which has little chance of obtaining a favorable report at the hands of the house committee. Another hearing on this bill will be held tomorrow. Judge Kleberg, of Texas, will give the ideas of those who advocate leasing the lands. President Roosevelt, after the cabinet meeting today, issued an order to the secretary of the interior to extend the time for the removal of illegal fences on the public domain to July 1.

Over President's Veto.

The senate committee on public lands has decided to report favorably, over the president's veto, the bill allowing the Central railroad of Arizona to use through the San Francisco forest reserve, which lies on its proposed route from Flagstaff to Jerome.

Building for Albuquerque.

Senator Penrose has introduced a bill providing for a \$100,000 public building at Albuquerque, N. M.

Dead Navy Commander.

W. F. Barry, a well known citizen of Albuquerque, received a telegram yesterday afternoon from Brooklyn, N. Y., announcing the death there of his brother, J. J. Barry, commander of the United States navy, after a short illness with heart disease. The deceased served during the civil war and won laurels for himself during the war with Spain down in Cuba. The Citizen extends its condolence to the bereaved Albuquerque brother.

Officers Were Elected.

Los Angeles, Cal., May 1.—The supreme court of the Independent Order of Foresters today elected officers as follows: Dr. Orphanokteika, supreme chief ranger; J. M. Cameron, supreme vice chief ranger; Judge W. Wedderburn, past supreme chief ranger; John A. McGillivray, supreme secretary; Thomas Miller, supreme physician; E. G. Stevenson, supreme councillor.

Delaware G. A. R. Encampment.

Newark, Del., May 1.—The city is gay with stars and stripes today in honor of the veterans of the Grand Army of the Republic. The annual parade took place today, after which the business sessions were begun. A spirited contest for department commander is on between William G. Baugh, the present adjutant, and John A. Gardner, of Smyrna.

WORK COMMENCED

Santa Fe Central Was Started.

Major Glenn Will Be Court Martialed.

Officers of the Cruiser Chicago, Pardoned by the King.

WEALTHY STOCKMAN KILLED.

Santa Fe, N. M., May 1.—Today a force of 100 men and 25 teams commenced grading at Kennedy for the Santa Fe Central railway, which will be completed from Santa Fe to Torrance by October 1, being the link between the Rock Island and the Denver & Rio Grande systems; also forming a junction with the Santa Fe system at Santa Fe, and at Kennedy.

The road will be extended later to Roswell from Torrance and branches will be built to Albuquerque and to Salt Lake. Within ten days the construction force will be increased to 500 men and 100 teams.

ANOTHER COURT MARTIAL.

Major Glenn's Water Cure Will Be Investigated Now.

Washington, May 1.—Following the precedent set in the case of General Smith, the president has himself, through Secretary Root, ordered a trial by court martial of Major Edwin F. Glenn, of the Fifth infantry, one of the officers referred to as a participant in the administration of the water cure in the testimony developed before the senate Philippine committee recently.

AN EXPENSIVE JAG.

American Naval Officers in Prison in Venice Will Pay \$2,000.

Rome, May 1.—At a conference today between Ambassador Meyer and Foreign Minister Prinetti it was arranged the American naval officers now imprisoned in Venice be released upon payment of civil damages to the amount of \$2,000. It is understood the king will exercise his prerogative to remit the imprisonment.

The king has pardoned the officers of the United States cruiser Chicago, who have been imprisoned in Venice. They will be immediately handed over to the United States consul from whose charge they will be transferred to the Chicago, which is ready to sail.

Paid the Fiddler.

Venice, May 1.—The imprisoned American naval officers this afternoon generously indemnified the parties claiming damages and injury and the public prosecutor telegraphed Rome all legal impediments to the prisoners' pardon have been removed.

STOCKMAN KILLED.

Andrew F. Haas was Struck by a Train and Instantly Killed.

Omaha, Neb., May 1.—Andrew F. Haas, a live stock commission man and one of the wealthiest stockmen in the west, was instantly killed by a Union Pacific train in South Omaha early today. Mr. Haas had just arrived from an outside town and was crossing the railroad yards on his way to a hotel. He passed around the end of a string of cars and was struck by an engine which was hidden from his view.

STANDARD FARES.

Second Class Fares Between Chicago and New York Abolished.

New York, May 1.—Second class passenger fares between New York and Chicago were abolished today by action of the Truck Line Passenger committee. The reform is one for which efforts have been making for a long time. Hereafter the minimum rate is to be \$18 via the Erie, Lehigh Valley, Lackawanna, Ontario & Western and the West Shore in connection with their connections at the western termini. The standard lines are to charge \$20.

HOTEL BRISTOL CLOSED.

The Old Time New York Hotel Quits Business.

New York, May 1.—After thirty years' existence, the Hotel Bristol, Forty-second street and Fifth avenue, one of Manhattan's best known hostels, closed today. A re-valuation of the property, causing a large increase in ground rent, is the cause. It is said that the building will be replaced by a modern hotel and office structure.

Gardner Renominated.

Albion, Mich., May 1.—Congressman Washington Gardner was renominated without opposition today by the republican congressional convention of the Third district.

Chicago Milk.

Chicago, Ill., May 1.—The agreement recently adopted by the Milk Shippers' Union, controlling the Chicago milk supply, went into effect today. Hereafter one price has been charged the dealer by the shipper for milk, poor or good. Now milk is to be delivered in

grades according to the amount of cream it contains, and a lower price is to be paid for the lower grade milk.

SECRETARY MOODY.

Commenced This Morning as Secretary of the Navy.

Washington, May 1.—William Henry Moody, the new secretary of the navy, took the oath of office at the navy department this morning. The entire personnel of the department was presented to Mr. Moody, many clerks at the same time bidding a long farewell. Through his service in congress Mr. Moody is well known among naval men and in government circles generally and those best acquainted with him express the opinion that he will bring into the department new vigor and many new ideas.

The new secretary was born in Newbury, Mass., in 1853. He was graduated from Phillips Andover academy in 1872 and from Harvard university in 1876. He is a lawyer by profession and was district attorney for the eastern district of Massachusetts from 1890 to 1895. He has served four terms in congress and retires from that body with a splendid record.

Women in Session.

Los Angeles, Cal., May 1.—The opening day of the convention general of the Federation of Women's clubs registers 5,000 visitors with more to follow. Preliminary meetings of the advisory council, board of directors and council occupied the morning.

OFFICIAL MATTERS.

Land Office Business—Incorporation Amendment—San Rafael Grant.

SQUATTERS MUST GO.

Homestead Entry—Blas Gomez, San Rafael, 16,114 acres, Valencia county.

Final Homestead Entry—Pablo Baladonado, Escobosa, 160 acres, Bernalillo county.

Postmasters Appointed.

Charles Krantz, Garfield, N. M.; J. F. Anderson, Exeter, N. M.

Incorporation Amendment.

The Milner Mines Development company at a meeting held at El Paso, Texas, agreed to increase the number of its directors to five and elected the following directors: James A. Black, L. F. Levy and Frank Hamrick, of El Paso; J. Frank Milner, of Alamogordo, and Charles Myer, of La Luz.

Corrected Survey Ordered.

Surveyor General Morgan O. Llewellyn has received from the general land office the plats and field notes of the Santo Tomas y Yturbe Colony grant in Dona Ana county, for a corrected survey of the eastern boundary of the grant in accordance with a supplemental decree of the court of private land claims.

The San Rafael Grant.

The officials of the court of private land claims are much pleased over the decision of the United States supreme court affirming the decision of the land court in the case of A. A. Green for the San Rafael grant in Arizona. The claim was for 160,000 acres. The land court confirmed the grant for only 16,000 acres and Green appealed to United States supreme court. Among the attorneys for Green were Senator Morgan, of Alabama, and ex-United States Attorney General Griggs.

Squatters Must Go.

W. H. rope, attorney for the Pueblo Indians; C. J. Crandall, superintendent of the United States Indian school in this city, and J. B. Harper, superintendent of irrigation for the Pueblo Indians, last week while making a tour through Santo Domingo, Zia, Cochiti and the Jemez ordered the many squatters from lands of the Pueblo Indians. Mr. Pope reports that the Indian lands have been encroached upon in a most shameful way. The squatters obeyed the orders and are busy pulling down houses and moving. The same action will be taken at other pueblos.

Oil in Texas.

Austin, Texas, May 1.—A strike of oil has been made at Waters Station, a few miles from this place. Oil was found at the shallow depth of ninety feet.

Cummings is Improved.

Baltimore, May 1.—Congressman Cummings is slightly improved this morning. He passed a fairly comfortable night.

Free Concert.

There will be a free concert, followed by dancing, at the Orchestra hall Saturday night, to which all citizens are invited to attend.

A very fashionable party is being held this afternoon at the Newhall residence on the Highlands, and Mrs. Newhall, assisted by Mrs. Flournoy and others, is royally entertaining her guests.

On the eighth page of today's Citizen appears a well displayed advertisement of the Golden Ruffe Dry Goods company. This institution is one of the biggest of its kind in the southwest.

Denouncing other towns in New
Mexico does not help build up Albu-
querque.

The Silver City Independent scoops
all the territorial papers by publishing
a full report of the Childers murder
trial.

The Democrat publishes an absolute
falseness when it asserts that The
Citizen is in the habit of "jumping on
everything that tends to promote the
growth of the city."

In the eyes of the Democrat it is a
crime on the part of a newspaper to
publish the official proceedings of the
city council, if said report contains
any reflection on the Democrat's pet
corporations.

The Democrat asserts that the Amer-
ican Lumber company "express grave
doubts as to the friendship of the peo-
ple of this city." It is safe to assert
that no one connected with that com-
pany has made any such expression.

W. S. Burke, the editorial writer for
the Democrat is down on his ranch
planting garden truck, which accounts
for the calamity articles on the editorial
page of that sheet. The sub-editor
has started out to wipe up everything
in sight, which is the usual course of
green writers.

The newspapers of Phoenix an-
nounce the resignation of Governor
N. O. Murphy. They also announce
that he will have the management of
the development company which will
construct the Prescott & Eastern rail-
road, a position which is much more
lucrative than that of governor of the
territory. Arizona has never had a
more conscientious chief executive
than Governor Murphy, or one who
has worked more earnestly for the up-
building of its material interests.

THE PHILIPPINE WAR.

With the surrender of Guevarra, in
Samar, the war department officials be-
lieve that the most serious part of the
army's work in the Philippines is over,
unless troubles with the Moros in-
crease.

In subduing the Tagalo insurrection,
the United States employed 3,477 offi-
cers and 108,800 men. Fifty officers
and 650 men were killed in action;
twelve officers and 200 men died from
wounds, and 306 officers and 2,100 men
died from disease.

The total number of deaths probably
will reach 5,000, as the above official
figures were prepared some time ago.

CRUELITIES OF WAR.

The investigation that is now being
made into the conduct of the war in
the Philippines is not pleasant reading,
and perhaps some of the testimony given
is greatly colored, but it shows the
terrible exigencies of war. It has been
very easy for those who have known
nothing of the actual conditions in the
Philippines to criticize the soldiers.
They have condemned and denounced
General Funston and even the brave
Lawton was not exempt from their calu-
mies, while they have had nothing to
say regarding the treachery and
cruelty that resulted in the murder and
mutilation of soldiers who were ap-
proached by treacherous insurgents
with claim of friendship. If the soldiers
took extra measures to protect them-
selves against the treachery and cruelty
of the natives, who can blame them?
They knew better than their critics
thousands of miles away what the exi-
gencies of war demanded. And while
wanton cruelty to even a treacherous
foe should not be countenanced all loyal
citizens of this country should stand
by the brave boys who are standing by
the flag in the Philippines.

TRUSTS AS OPPRESSORS.

"Has the movement oppressed the
people?" inquired Senator Beveridge in
his defense of trusts before the Indian-
apolis convention. The senator then
replied to his own question as follows:
"It has not oppressed the work-
men, because more laborers are now
employed at higher wages than ever
before in history, and in savings banks
alone American workmen have on
deposit today over \$2,500,000,000—more
than enough ready cash to buy out any
ten of the greatest corporations of the
world. It is said that this movement
throws labor out of employment? When
the railroad came the stage driver and

horse dealer thought they were thrown
out of employment; but, instead, new
and better employment was provided.
When the self binder came, harvesters
thought their occupation gone; but,
instead, new and better occupation
came. This whole development, throw-
ing men here and there out of employ-
ment for a day furnishes permanently
increased employment for the ever en-
larging number of American work-
men, and where 4,251,613 wage earners
were employed in manufacture ten
years ago, nearly 6,000,000 work-
men are earning higher wages now in
the single occupation of manufacture
alone. This movement then has not
oppressed labor. It has not oppressed
the agriculturalists because American
farmers in the last six years have paid
mortgages on their farms to the
amount of \$300,000,000; and the Ameri-
can farmer could today with his live-
stock alone pay the entire national
debts of England and Germany, and
still have over \$520,000,000 left. It has
not oppressed any class, because the
well being of the whole American peo-
ple is the astonishment and envy of the
world."

Bad blood and indigestion are deadly
enemies to good health. Burdock Blood
Purifiers destroy them.

Don't Like Promises.

Again is there a flutter of excitement
over the wild rumor that we are to
have that blessed electric street car
system, says the Las Vegas Record.

It is reported from St. Louis that the
company won the \$17,000 law suit,
which it was alleged, had delayed the
construction of the road. It is pro-
claimed that the St. Louis men will at-
tend a called meeting of the stock-
holders and that work will be pushed
on the construction at once. If these
rumors are anything more than the in-
stallments of "hot air" that have been
turned loose periodically during the
past year with religious regularity,
they will gratify Las Vegas. But, as
these promises are becoming hoary-
headed with age, they will be received
with considerable incredulity. They
are becoming stale chestnuts.

Reveals a Great Secret.

It is often asked how such startling
cures, that puzzle the best physicians,
are effected by Dr. King's New Dis-
covery for Consumption. Here's the
secret. It cuts out the phlegm and
germ-infected mucus, and lets the life-

Las Vegas Grant.

At the Las Vegas grant mass meet-
ing, Engenio Romero was appointed
to enter into correspondence with De-
legate Rodey about the desires of the
convention. Four new members were
elected to the committee to arrange
the plan for the movement to elect the
commissioners by popular vote. That
committee is now made up as follows:
Engenio Romero, O. A. Larrazolo, S.
Valdez, G. P. Money, Victor Lucero, M.
C. de Baca, E. C. de Baca, Placido San-
doval and A. L. Jiron.

Don't Start Wrong.

Don't start the summer with a lin-
gering cough or cold. We all know
what a "summer cold" is. It's the hard-
est kind to cure. Often it "hangs on"
through the entire season. Take it in
hand right now. A few doses of One
Minute Cough Cure will set you right.
Sure cure for coughs, colds, croup,
grip, bronchitis, all throat and lung
troubles. Absolutely safe. Acts at
once. Children like it. "One Minute
Cough Cure is the best cough medicine
I ever used," says J. H. Bowles, Grove-
ton, N. H. "I never found anything
else that acted so safely and quickly."

Son Saved, Mother Drowned.

A very thrilling page in the life's
history of Al Nelson, a Deming tin-
smith, occurred when he was a mere
child and was coming across the ocean
to America with his parents. He was
romping about the deck of the steamer
in boyish glee and accidentally fell
overboard. His mother saw him fall
into the sea and jumped after him. A
sailor jumped after both of them and
saved the boy but the mother drowned
before the sailor could reach her.—

Traveling Is Dangerous.

Constant motion jars the kidneys
which are kept in place in the body
by delicate attachments. This is the
reason that travelers, trainmen, street
car men, teamsters and all who drive
very much suffer from kidney disease
in some form. Foley's Kidney Cure
strengthens the kidneys and cures all
forms of kidney and bladder disease.
George H. Hausan, locomotive engi-
neer, Lima, Ohio, writes: "Constant vi-
bration of the engine caused me a great
deal of trouble with my kidneys, and I
got no relief until I used Foley's Kid-
ney Cure." Alvarado Pharmacy.

DEMING.

From the Herald.

While playing with several schoolmates, Arthur Merrill was accidentally struck on the nose with a stone and rendered insensible for a few minutes, but is all right again.

Barney Martin, the mason, while working on the boiler at the ice works the other day, slipped and fell to the ground, spraining his ankle quite severely.

William Carey, the carpenter, fell from a scaffold at the Baker Brothers house and dislocated his ankle. He is at the Florida house under the care of Dr. Cassells. He will be unable to use his foot for a couple of weeks at least.

A party of Boston capitalists were here several days this week looking at the Wormser block, with the view of organizing a stock company and building it three stories higher for a hotel. They left for home Friday, saying they would return in a few weeks and begin work. They estimate that the hotel complete will cost \$75,000.

The son of C. W. Cook, a Deming ranchman, was in town one day this week with his mother, looking for a doctor. Dr. Michaels was visiting a patient at a near-by ranch. Dr. Cassells was sick, and Dr. McClellan absent calling on a patient, so young Cook had to return home without finding a surgeon. A week or two ago, while engaging in athletic sports at the Las Cruces Agricultural College, young Cook broke his right arm and his visit to Deming was to find a surgeon to re-dress it.

LAS VEGAS.

From the Record.

Mrs. George Seelinger has taken her daughter to Albuquerque for medical attention.

Miss Grace Sullivan is seriously ill with typhoid pneumonia. Her father, M. J. Sullivan, is here from Mexico, where he is interested in mining.

W. S. Lackey, an old 63-er in Vegas, has returned from his California trip, where he was three months. He went on to Clayton to visit his son today. Many of our old residents will remember him well.

Mr. and Mrs. Hilario F. Romero entertained a number of friends last night in honor of their paper wedding, it being their first mile post as man and wife. Cards were the amusement of the evening and refreshments the gastronomic pleasure.

Miss M. Mossie York gave a little party yesterday for her schoolmates and their teacher, Miss Himes, in honor of her twelfth birthday anniversary. The young folks had a good time and voted Miss Mossie a charming entertainer.

Mrs. C. M. Christensen left on last night's train with her sister, Mrs. Fred Whistler, who was going through with her very sick husband to their home in Wisconsin. Mrs. Christensen will visit with her parents at Oelwein, Iowa, before her return.

From the Optic.

Las Vegas needs an Elk building. The order is abundantly able to put it up.

W. A. Givens is able to be out again after a continued illness of several weeks.

Mrs. Petra Chavez de Padilla is the newest addition to the asylum for the insane. She comes from Dona Ana county.

Postmaster Blood has received 100 packages of seed from Delegate Rodey to distribute in Las Vegas. First come will be first served, as Mr. Rodey will give out his packages regardless of any previous condition of politics or servitude.

George H. Edwards, who for the past eight years had been employed as bookkeeper for the Browne & Manzaneros company, left for St. Louis.

where he will take a position with the St. Louis Smelting & Refining company. He had been connected with Las Vegas for the past four years.

Enrique Salos, the 7-year-old son of Bernarda Salos, died of diphtheria. The family live at Los Ojitos, where the death occurred.

Last night about 10 o'clock, while the girl was at home alone with the baby, some miscreant tried to break into the house of Mr. and Mrs. Charles Danziger. The thief tried the front door and then placed a ladder to the back kitchen window. The young girl with unusual presence of mind went to the telephone and rang up the girl in the next house. Together they scared the would-be robbers off. Mr. and Mrs. Danziger were attending the theater at the time.

Won't Follow Advice After Paying For It.

In a recent article a prominent physician says: "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by all druggists.

SANTA FE.

From the New Mexican.

St. Vincent's hospital stands in need of a thoroughly equipped operating room. It is hoped that the next legislative assembly may see its way clear to make an appropriation for that purpose.

Hon. L. B. Prince left for Denver on business, and will attend the consecration of Dr. Olmstead as bishop of Colorado, at St. John's Cathedral, as he has been the New Mexico member of the Cathedral Chapter for nearly twenty years.

John N. Zook, of Philadelphia, arrived and will go on duty in A. C. Ireland's drug store as prescription clerk. Mr. Zook is a graduate of the Philadelphia College of Pharmacy and has been in the employ of Caswell & Massey, the leading drug store of New York, for over three years.

While irrigating in a Santa Fe orchard two boys caught fifteen trout in three minutes. The trout were coming out of the hydrant, but not knowing how long they had been dead in the pipe they had to be given to the chickens.

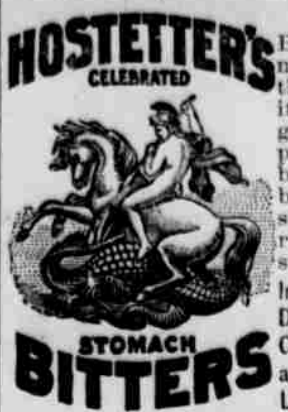

J. B. Harper, superintendent of irrigation for the Pueblo Indians, is occupying an office adjoining the old armory on the Fort Marcy reservation, formerly occupied by Indian Agent N. S. Walpole. He and his assistants are busy drafting plans for the proposed extensive irrigation works on the Zuni Pueblo Indian reservation, which are to be submitted to the interior department for approval before construction work is commenced.

THE DEMING FIRE.

More Particulars About the Burning of the Lester Building.

The thirteen-room lodging house and residence of Mr. and Mrs. John H. Lester burned to the ground between 1 and 2 o'clock this morning, the fire originating in all probability from mice and matches in the pantry. Only a few things were saved. Loss is almost complete and estimated at \$3,000. Insurance in Burnside's agency \$1,900 and in Field's \$500. The family barely escaped with their lives. Among the roomers were J. P. Howlett and wife and Bisbee railroad engineer, Davis, and wife, the former losing \$200 worth of jewelry and the latter about \$175.

consisting of a gold watch, silverware, clothing, etc. Mr. Lester and little daughter, Laura, are on their way home from the Confederate reunion in Texas. The Deming fire department was promptly on the ground and saved surrounding property in the teeth of a stiff breeze. The Lester family is composed of eight children and all their clothing is gone. Lee Lester lost a valued library. Much sympathy is expressed.—Deming Headlight.

CONVINCING PROOF.

The Average Albuquerque Citizen Must Accept the Following Proof.

The great Sir Isaac Newton, one of the most profound reasoners the world ever produced, once cut a large hole in a board fence to allow a favorite cat access to two gardens, and cut a smaller hole to allow her kitten to follow her. The weakness manifested in Sir Isaac's action was due to want of thought. Any reader who mentally debates the proof offered here about Doan's Kidney Pills and arrives at any other conclusion than that stated in this citizen's statement, is as short of reasoning powers as the philosopher when he turned carpenter.

Mr. J. S. Wood, act., in the St. Louis Label Works, living at 306 Morgan street, St. Louis, says: "My old home is in Quincy, Ill., a place where Doan's Kidney Pills are a household necessity. When I first came to St. Louis several druggists on whom I called did not have them in stock, and I sent to an old friend, a pharmacist in Quincy, for them. I had attacks of kidney complaint for five or six years, causing my back to ache just across the loins. I found that Doan's Kidney Pills acted as represented and when I noticed them advertised at 'Wolf-Wilson's,' corner Sixth and Washington streets, I went there for a box, not that I required them at the time, but I thought it was a good opportunity to adopt precautionary methods."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report.

Sold by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

He Found Suckers.

R. E. Blackwell came to Roswell last week representing himself as desirous of buying city and ranch property. The real estate dealers took him in and he lived at their expense for several days. He had the best livery rigs and there was nothing too good for him in Roswell. He boasted that he would buy a \$50,000 ranch and would put up a \$10,000 residence. He gave a check for \$50 on the First National bank at Roswell without making a deposit and then lighted out for Texas. Sheriff Fred Higgins followed and brought him back to Roswell. Not having the bail he must lie in jail until the next grand jury meets.

The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, too, for a cure may be effected at a very small cost. G. W. Westcott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by all druggists.

Navajoes in Fruit Business.

Mrs. Mary L. Eldredge, matron of the Indian mission at Jewett, San Juan county, recently purchased several hundred fruit trees, which she is having planted by the Navajoes on the Navajo reservation, under her charge and will see that they care for them. This is a new deal for poor Lo. While the Navajoes are peaceful and industrious, yet they have never before attempted to raise fruit.

What is Foley's Kidney Cure?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Alvarado Pharmacy.

HOLD-UPS NEAR TRINIDAD.

Bloody Battle Between Robbers and Saloon Men.

ONE HOLD-UP KILLED.

A special dispatch to the Denver Republican, under date of April 29, says: In a hand-to-hand struggle with knives and revolvers, resulting from an attempt made by two negroes to hold up a saloon, John Rudolph, one of the negroes, was killed and the proprietor and bartender of the saloon badly injured. The tragedy occurred at Bowen, a coal camp near here, and had so incensed the people of that place that for a time they refused to give the body to the coroner, stating that they intended to saturate it with kerosene and burn it in the public square. One of the negroes in escaping dived through a close barbed wire fence and left a portion of his lip hanging on the wire.

Yesterday the two strange negroes stayed about the saloon of F. R. Raymond in Bowen all day. They bought and drank much beer and when they stated that their money was all gone, they were given a can of beer and told to move away. This was at 9 o'clock in the evening. The wind was blowing and as the men said they had no place to stay, they were allowed to sleep in the saloon until about 12 o'clock, when the proprietor told them he wished to close and ordered them out. They went only as far as the front porch of the building. George Gill, the bartender, retired to a room in the rear, and the proprietor began to take the day's proceeds from the cash register when the men entered and demanded two glasses of beer. Raymond went to the beer pump to draw them, when one of the negroes grasped him by the throat and, drawing a knife, said:

"If you open your mouth I will cut your head off." Raymond began to struggle and the negro cut his cheek from the ear to the corner of the mouth. He made another lunge with the weapon, just as Raymond reached for his revolver. Raymond received the second wound in his left shoulder. The other negro in the meantime was filling his pockets with the money from the cash register, which had been left open. Raymond shot at him, but missed. Gill hearing the shot ran from the inner room, revolver in hand. The negro sprang at him with a chair in one hand and the knife in the other, stabbing him in the shoulder just as he sent a bullet into his head through his left eye. Gill shot the negro twice more in the abdomen, but he ran about fifty feet before he fell dead.

Raymond shot at the other negro, who had started to run carrying the drawer of the cash register with him. Gill gave chase and when he was pressing close the negro dived through a fence, tearing his face frightfully. Raymond and Gill becoming weak from loss of blood were compelled to give up the chase.

Coroner Sites was notified and when he arrived on the scene found the townspeople preparing to burn the negro's body. Papers found on the dead man's clothes revealed his name to be John Rudolph. Several negroes have been arrested as suspects, but as none had a torn lip, they will not be held. About \$50 was secured by the fugitive.

DELIGHTFUL TRIP.

Mrs. Neill B. Field and Party Arrived Last Evening.

Mrs. Neill B. Field and the party of friends with whom she has been traveling for the past three months, reached here last night in their private car which was attached to the train from the west. Mrs. Field, who joined the party for the trip to the Grand Canyon, returned with them.

The party is being entertained by Mr. and Mrs. Field. Mrs. Thompson and her niece, Miss Williams, of Canandaigua, N. Y., are being entertained at the Field home. George M. Williams, also of Canandaigua, Charles B. Hackley, of Hartford, Conn., and Emory W. Clark, of Detroit, are at the Commercial club and the remaining eight members of the party are at the Alvarado, several suites having been prepared for them.

The party left New York for the south three months ago and after a trip through Florida and other southern states, went to California. The party will remain here until tomorrow when they will go to Santa Fe to spend the day. The trip east will be taken on the same plan that has been followed and it will be leisurely taken with stops where the spirit moves.

Miss Williams was pleasantly remembered by many here as she spent a winter here some time ago.

SPECIAL DESIGNS.

All Furniture in the Alvarado Was Specially Made.

Ford Harvey, principal owner of the Harvey system, left last night for the north, but will return for the opening of the Alvarado. The furniture has been put in position and every piece of it was made from special designs in order to harmonize with the general plans of the hotel. It was impossible to get the furniture except from special orders, as all that could be found was a little in old missions. Since this was made, however, a number of hotels have adopted the style and the Angelos at Los Angeles has adopted it.

While the formal opening of the hotel will be on May 10, the rooms are prepared and those who wish to stop there may do so.

BIG FAIR CERTAIN.

Executive Committee Met and Named
The Dates.

LARGE RACING PURSES.

The executive committee of the New Mexico Territorial Fair association met at the room of C. C. Hall, in the Cromwell building, yesterday afternoon, a majority of the members being present.

President O'Reilly presided, and he stated that on his trips through southern New Mexico, he found a friendly feeling toward Albuquerque and was impressed with the belief that the southern section would be largely represented at the coming fair.

The following dates were fixed upon for the fair: Tuesday, October 14 to 18, inclusive.

For the horse races the committee settled upon an appropriation of \$3,000; for base ball, open to the world, \$1,000 for first prize, and \$500 for second; for cowboy tournament and broncho busting, \$500.

After settling on these generous purses, the committee talked over various other amusements for the visitors, and concluded to have Indian dances and camp fires, the same as last year, and to secure, if possible, several troops of cavalry from Fort Wingate as one of the great attractions—to give drills and marches during the entire fair week.

After some minor talk about certain side features, with instructions to the secretary to put on his thinking cap and get down to work, the committee adjourned to meet again at the call of the president.

ROW AT THE STATION.**Two Visitors Had Trouble With Hack Driver.**

Dr. Phillio and Mr. Peterson, two gentlemen from Brooklyn, New York, received rather a warm welcome as they alighted from passenger train No. 1 which arrived at 10:10 last night. Dr. Phillio displays a scarred nose and Mr. Peterson a bad gash under the eye. After leaving the train, the doctor leading, came past the depot and out through the carriage court toward first street. As Mr. Peterson passed behind one hack and in front of the horses hitched to another he was struck in the eye by a horse throwing his head around.

Mr. Peterson is an invalid and not very strong and when struck by the horse he knocked him down. The doctor, seeing his patient so treated, became excited and rushed at the dumb brute and struck it a blow on the nose. The cabby was "Johnny on the spot" and spotted the doctor on the nose.

The doctor has taken no action in the case and is not likely to as both parties were more or less in the wrong.

WHITTEN GRADUATES.**Has Distinguished Himself at the Naval Academy.**

Frank Whitten, a son of Mr. and Mrs. T. A. Whitten, will graduate with high honors from the United States naval academy at Annapolis, Md. He has distinguished himself both in academic work and in athletics, particularly in swordsmanship. He was a member of the team that defeated the best swordsmen in Washington and for this a gold medal was given him. He has also won several medals and prizes for proficiency in regular work.

The assignments to duty will not be made until graduating day. If Whitten is sent to the Philippines he will pass through here and may secure leave for a visit. If his orders are for any other place, Mrs. Whitten will go east before he goes abroad.

THE GOSPEL TENT.**The First Meeting Will Be Held on Sunday Evening.**

The Deming papers and those in other places where Rev. Merton Smith has been holding meetings in his big gospel tent, speak in the highest praises of his success. Mr. Smith is an eloquent and interesting speaker and he departs somewhat from the beaten paths.

Miss Augustine is in charge of the music and has an exceptionally sweet voice.

The big tent, which seats 1,200 people, will, on tomorrow morning, be put up between Gold and Railroad avenue on the vacant lot on Fourth street.

Volunteers are wanted to help put up the tent.

The first meeting will be at 7:30 Sunday evening.

Business Opening, \$5,000.

Here is a chance for some one to purchase a well established and very profitable business in a first class mining town in Arizona at a bargain. It is about a \$5,000 proposition, including fine up to date stock, three lots, large storeroom with cedar, stable five-room dwelling house, finely furnished, etc.; monthly sales, \$2,750; mostly cash; terms easy; death of wife and child of proprietor reason for selling. At a glance it will be seen that this is a rare chance to make an exceptionally good investment. For full particulars and terms, address or see H. S. Knight at once, Albuquerque, New Mexico.

We spend fully one-half our lives in bed, therefore we should lie comfortably. To lie comfortably and rest well calls for a good, elastic mattress, a well made, noiseless set of springs and a substantial bedstead. When we say we have the largest stock, sell for the lowest prices and make the easiest terms it applies to mattresses, springs and bedsteads. A visit to our mammoth store at the corner of Second and Coal will convince you. You are invited to call. The Futrelle Furniture Co., end of viaduct.

SPORTING NEWS

GOING TO SANTA FE.

The Browns to Battle for Victory with the Santa Fe Central base Ball Team.

All arrangements have been made for the trip of the Albuquerque Browns to Santa Fe on Sunday morning at 8:30 o'clock, where they will do battle royal to retrieve lost honors on the diamond last season. This year they present a somewhat different make-up and what is looked upon as a stronger team, although not so strong as it will be later in the season. Santa Fe will know they are up against a real live ball team this time. The following players will constitute the team: McDonald, catcher; Haver, pitcher; Cosgrove, first base; Brown, second base; Hale, third base; Vorhes, short stop; Chaves, left field; Quier, center field; Ortiz, right field; Smith, substitute. A manager and one other player will also go along. Several citizens have signified their intention of going to the Ancient with the boys and no doubt a large crowd of Albuquerqueans will take the trip.

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes George S. Marsh, well known attorney of Nocona, Texas. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Eastern League Opens.

New York, May 1.—The Eastern league begins today what promises to be the most successful season in its history. The playing schedule consists of 126 games and the season will close about September 20. The season opens with Jersey City at Providence, Newark at Worcester, Toronto at Buffalo and Montreal at Rochester.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

Will Play in Santa Fe.

The New Mexican says: Manager W. E. Martin, of the Santa Fe Central team, today received a letter from Harmon Wynkoop, manager of the Albuquerque Browns, accepting the challenge of the Central for a game at

Santa Fe next Sunday. A spirited game is promised.

BEGAN THE SEASON.

The Iowa, Indiana and Illinois Baseball League Opened.
Chicago, Ill., May 1.—The Iowa, Indiana and Illinois league of baseball clubs opened its season today. The schedule provides for a series of 126 games for each of the eight clubs. The opening games take place as follows: Rockford at Terre Haute, Davenport at Evansville, Rock Island at Decatur and Cedar Rapids at Bloomington.

BASE BALL NOTES.

Persons wishing to take the trip to Santa Fe to see the ball game should notify some of the players on the ball team before it is too late.

Hale, McDonald, Vorhes and Brown make a quartet of hard hitters that is enough to make any pitcher wince. They lead off in the batting list at Santa Fe on Sunday.

Santa Fe was helpless last year before Patterson's curves. This year they will probably call for help when facing the young left handed artist who pitches for the Browns.

The fare to Santa Fe and return on Sunday will be something over \$4 for the round trip. The train leaves Albuquerque in the morning and returns in the evening of the same day. In this way no time is lost.

Joe Harris, who pitched for Santa Fe last season, is not playing with the Santa Fe team this year, owing to some little ill feeling between him and some of the players. His place is being filled by a young man from Nebraska by the name of Lyons. A very good man, they say.

The Santa Fe team has new uniforms. It is understood that they are to play under the Elks colors. There will be several Albuquerque Elks accompany our boys and a good natured joshing is in store for the spectators. Of course the Albuquerque Elks will cheer for their own team. Roy McDonald is a member of the local lodge.

Dangerous If Neglected.

Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Tarry, Nankeetown, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Ball Boys Benefit.

Tonight at Grants hall will occur a dance given by the Santa Fe Pacific kids. The proceeds of the dance are to go to pay the balance due on the ball suits. When the Santa Fe Pacific ball team was organized enough money was subscribed to buy their uniforms and leave a nice balance in the treasury. Shortly after the suits were ordered the big Santa Fe Pacific let-out came and caught their subscribers to the amount of about \$30.

As the boys had some adventures after the first few games it was hard for them to any more than pay expenses and they have decided to give this dance to try and raise the much needed money.

Able Speakers.

The Territorial Sunday school convention, which opens in Las Vegas Friday of this week, promises well. A number of able speakers will attend. Judge McFie, of Santa Fe, H. E. Fox, of Albuquerque, and Rev. R. A. N. Wilson, of Pueblo, Colo., are on the list. Optic.

The Law

Of health has no uniformed guardians of its peace. If it had there would be arrests innumerable in every restaurant every day of the year. Both in the quantity and quality of the food they eat and in the manner of its consumption men and women sin each day against the laws of health.

Those who will not heed Nature's warnings cannot escape her punishments, and dyspepsia or stomach "trouble" is the inevitable penalty of careless eating.

There is no other medicine for diseases of the stomach and allied organs of digestion and nutrition which can compare with Dr. Pierce's Golden Medical Discovery. It cures these diseases perfectly and permanently, and enables the building up of the whole body into vigorous health.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carnes, Esq., of Taylorstown, Loudoun Co., Va. "It did me so much good that I didn't take any more. I can eat most anything now. I am so well pleased with it I hardly know how to thank you for your kind information. I tried a whole lot of things before I wrote to you. There was a gentleman told me about your medicine, how it had cured his wife. I thought I would try a bottle of it. I am glad I did, for I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."

Railroad Topics

Eastern papers still insist that G. W. Smith will take a position with the Mexican Central.

The engine in the new Hotel Alvarado is receiving an overhauling today, and some needed repairs are being made.

The Santa Fe Pacific base ball boys are anticipating a good time at their benefit dance which is to be given at Grant's hall tonight.

The Frisco is about to complete its 300 mile road to Vernon, Texas, which taps a rich country and opens its way to build on to the great southwest.

Mr. Pierpont Morgan, having secured control of some of the London surface railways, is now turning his attention to those lines under ground.

Engine 486, which has been in the back shop for some time past, was moved out into the front shops yesterday and will receive a thorough overhauling.

David Patterson, master mechanic at Raton, whose field of labor extends from La Junta to El Paso, and who was recently appointed from the Colorado Southern, is due here today.

General Manager McFarland, of the Cananea, made an offer the other day in Bisbee to bet that the Southern Pacific company will be running its trains into Naco inside of six months time.

There is a certain young man working in the mechanical department of the local Santa Fe Pacific shops, who, a week from next Sunday, will wed a certain charming young lady from Los Angeles.

T. F. Roberts, an old conductor on the Choctaw railroad, died in Alamogordo the other day. The remains were shipped to his home at Alexandria, Indiana. His wife and brother in law accompanied them.

Thomas Apodaca, of Albuquerque, came up to the city Saturday to see his wife, who is here under the professional care of Dr. Tipton. Mr. Apodaca is foreman of the Santa Fe paint shop at Albuquerque, says the Las Vegas Optic.

Testimony was taken last Friday at Roswell before A. J. Nisbet, commissioner, in the case of W. A. Johnson vs. the Santa Fe Railway company. Johnson claims \$1,000 damages for injuries sustained last August. While in a passenger coach, a transom fell on his head. The suit was brought in the circuit court of Jackson county, Missouri.

A force of men were busy yesterday removing the water jacket from the large air compressor in the main engine room of the local Santa Fe Pacific shops. Its removal was made necessary by the leaking of the air pipes on the inside. It will require several days to make the needed repairs and in the meantime air will be supplied by the small Westinghouse air pumps.

The Santa Fe system, according to dispatches from Topeka, has donated to the Seventh day Adventists the old Montezuma hotel at Las Vegas for the purpose of converting it into a sanitarium. The church has asked for it and have signified that they will put in a sanitarium equal to the famous Battle Creek sanitarium. The old hotel while a magnificent building has not been a success financially and as the new one at Albuquerque will soon be opened the Santa Fe people will have no further use for it.

President E. P. Ripley is quoted as saying that the Santa Fe railroad will probably not comply with the recent ruling of the interstate commerce commission in the Los Angeles citrus fruit case, in which it was held that the practice of the Santa Fe and Southern Pacific railroads of taking into their own hands the matter of selecting the route by which fruit shipments from southern California to the east shall be sent, is illegal. "Our course in regard to the ruling of the interstate commerce commission in the citrus fruit case will depend on what the lawyers advise," said Mr. Ripley. "I do not expect that we will comply with the ruling, but will let the courts decide if we are right or whether the fruit shippers are right. I do not think the ruling of the shippers is equitable."

Holds Up a Congressman.
"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only one. Guaranteed by all druggists.

A Pretty Good Scheme.

When you wake in the night choked up and coughing hard, take a dose of the Emulsion, and you will get immediate relief, where no cough medicine will give you relief. It has a soothing and healing effect upon the throat and bronchial tubes.

ing the time for the annual collection of poll taxes, the marshal is compelling every vagrant who visits the railroad tracks in the city to produce a tax receipt. Of course most of them are unable to do this and are put to work on the streets, so that at the next station they will be prepared to show a receipt. Four men were collected this morning and with the aid of the marshal and city driver, Mr. Bloomfield, were set to cleaning up the streets. This is good work and will greatly help the streets and give employment to the vagrants. It is feared, however, that when the hobo fraternity get next to the situation here, members will cut the town. There is plenty of work on the streets to do. Let the good work go on.—Las Vegas Optic.

Suit for Insurance.
Lydia Parsons has entered suit against the Pacific Mutual Life Insurance company, in Colfax county district court, to recover judgment in the sum of \$1,000, the amount of insurance carried in that company on the life of her son, Bert Parsons, who was killed last Halloween night, in Raton, by Robert Love.

Praying for Rain.
It is said that most of the people in Mora are praying for rain. The drought there, an agricultural spot, is particularly unfortunate, and it is to be hoped the prayers will be answered with a copious downpour.

Whooping Cough.
A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jesse Pinkey Hall, Springville, Ala. This remedy is for sale by all druggists.

The Optic says: C. M. Taylor, than whom no more popular railroad man ever struck Las Vegas, was in the city today. Mr. Taylor formerly lived in this city, but has so far grown that he is mechanical superintendent for the western division of the Santa Fe system.

A Revelation.
If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Alvarado Pharmacy.

About fifteen young gentlemen from the shops, with their sweethearts, will leave in Trimble's "Jumbo" for Camp Whitcomb Sunday morning, returning in the afternoon.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.
"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by all druggists.

S. T. Everett, director of the Baltimore & Ohio railroad, and family passed through the city this morning in a special B. & O. car en route from the coast to their home at Cleveland, Ohio.

No Loss of Time.
I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this remedy in your home. For sale by all druggists.

A lodge of the Brotherhood of Railroad Trainmen was organized in Alamogordo last evening. The large number of trainmen there will make the lodge an important factor for them socially, as well as in a business way.

A Lesson in Health.
Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Alvarado Pharmacy.

"Cascarets will clear the complexion of bolls, pimples and blackheads caused by impure blood."
—A. E. Griffin, M. D., Stubbledfield, Texas.
"Cascarets have done a great deal of good for me and for all my family."
—Miss Florence Cook, Webster City, Ia.

"I must add my testimonial to your valuable medicine Cascarets for stomach trouble."
—Irene Ackerman (famous singer), 20 West Fifteenth Street, New York.
"I was suffering with sick headache a great deal, but after taking a box of Cascarets, am entirely cured."
—Miss Clara Stimmel, 22 So. Sandusky Street, Delaware, Ohio.
"Cascarets did me a world of good. My liver was in bad condition for some time and one box cured me."
—Miss Mabel Allen, Clare, Michigan.

Mrs. A. D. Whitson, of the Whitson Music company, left on the flyer today for Gallup and Winslow. She will be absent a week or ten days.

Orrin McCowan left this morning for Kennedy, a station on the Santa Fe Central railway, where he will accept a position in the telegraph department of that road.

On account of illness Miss McCune will not be at her studio for the remainder of the week. She hopes to be able to resume her work by the first of next week.

Mr. Diaz, of the cigar and tobacco manufacturing firm of Bustillo Bros. & Diaz, Tampa, Florida, is in the city, interviewing the local cigar and tobacco manufacturers.

Word comes from Socorro that a well known citizen of that city attempted suicide the other day. He failed and in consequence is now reported getting along nicely.

Mrs. J. J. O'Rear left for San Pedro this morning where Mr. O'Rear is employed as electrical engineer for the San Pedro Copper company. The O'Rears will make their future home at San Pedro.

E. C. Weidner and wife, who were at Union City, Ind., on a visit to their daughter, Mrs. H. E. Jackson, and also paid their respects to relatives and friends at Fort Wayne, Ind., returned to the city last night. They were gone about two months and had a splendid time.

Alderman Ed. B. Harsch, who returned to the city yesterday after a business trip out of town, called at The Citizen office today and gave out the news that his wife, who was dangerously ill the past few weeks, is much improved, and will no doubt be up and around in a few days.

Mrs. J. J. Sheridan writes from Paywood Hot Springs that she is having a very pleasant time at the springs and that among the prominent guests stopping there are L. G. Fisher, president of the Union Paper Bag company of Chicago, and H. H. Lobdell, a wealthy merchant of the same city.

Twelve convicts from Dona Ana county in charge of Sheriff Jose R. Lucero and Deputies E. Lucero and R. M. Burch, passed through the city this morning en route to the territorial penitentiary at Santa Fe. Among them was Rafael Montoya, who killed his wife at Dona Ana about a month ago.

J. H. O'Reilly, president of the Territorial Fair association, laughed so hard last night at the Journal-Democrat's silly attempt to inject city water into the scheme to locate one of the four big military posts here, that he is today suffering with a boil on his neck. He hopes to be in good condition in a few days.

On yesterday afternoon a twelve pound boy was born to Mr. and Mrs. Harman Wynkoop and just as the proud parents were congratulating themselves on their good fortune the little fellow breathed his last. His remains were interred in Fairview cemetery this morning. Mrs. Wynkoop is doing very nicely.

Dr. J. Roger Haynes, well known in professional and sporting circles of the territory, and who for years practiced medicine in Albuquerque and acquired an enviable reputation as a physician and surgeon, will leave Monday for Park View, N. M., to locate. The unusual fine opening and the doctor's interests at Park View are reasons to cause Dr. Haynes to relinquish a fine practice here. Success to him.

Mrs. Mariano Garcia de Griego, who died Tuesday at San Antonio, was buried in Santa Barbara cemetery last morning at 10 o'clock. The funeral services were held at the church of the Immaculate Conception. Mrs. Griego was 50 years old and lived on South Broadway avenue, and went to San Antonio about a week ago to visit with relatives. She was attacked by a severe case of pneumonia and only lived a few days.

"It's Just Fun"

For us to get a chance at fitting the feet that other stores can't fit.

One reason is we know how; and the other reason is, we have

Queen Quality
THE FAMOUS
SHOE FOR WOMEN

There are other folks "who know how," but they DON'T have Queen Quality shoes.

These shoes have all the points of beauty that women seek, but the one *great distinguishing feature* that characterizes Queen Quality shoes is their knack of perfectly fitting the foot.

Your foot feels at rest the first time—feels "at home"—feels "good."

We'd be glad of the chance to demonstrate this fact. Needn't feel the slightest obligation to buy. Don't mention "the size you wear;" your foot is the only measure we need.

And Just Think! Such Shoes For \$3.00.
