THE PHILIPPINES

Must Be Held As Tutionary Annex.

Pitched Headlong Down the Shaft.

Position of the Dominican Government is Very Critical.

PROGRESSING NICELY.

Washington, April 30.—General MacArthur today gave further testimony before the senate committee on Philippines. He said of the people of the Philippines, their own unaided efforts to accomplish self-regeneration in all probability would prove abortive. Under the tutuatory control of the United States the body politic will be rapidly moulded into a consistent, self-supporting commonwealth. American withdrawal from the islands would, in his opinion, result in a permanent failure of republican institutions in the east and a fratricidal war which would continue until suppressed by some exterior force. The broad generalization, he said, is reached that the United States must retain the archipelago as a tutionary annex. We must plant our institutions there and must come for commercial supremacy and perhaps combat for political supremacy and overcome the inherent difficulties of the situation. General MacArthur denied there was any unusual destruction of life in the Philippine war. Soon after the Philippine bill was taken up, Mr. Patterson, of Colorado, offered a resolution reciting that by partisan vote the committee on Philippines refused to request the secretary of war to cable Major Gardner to come at once to Washington. The resolution called upon the secretary to order Gardner's immediate return. Objection was made to the resolution but it was discussed at some length. Mr. McComas objected to the use of the word "partisan" as a reflection on the committee. Mr. Patterson disclaimed any intention to reflect on the committee. The committee, by a strict party vote, refused to subpoena Major Cornelius Gardner, Aguinaldo, Sixto Lopez and Mabini.

TWO WERE KILLED.

Basket Overturned while Being Lowered in the Shaft.

Philadelphia, April 30.—Two men were killed and another was probably fatally injured today while being lowered to the bottom of the shaft at the new filtration plant in the northeastern section of the city. The dead are both colored.

The basket in which the men were riding overturned. They pitched headlong down the shaft, being terribly crushed.

ATTACKING CITIES.

Dominican Revolutionists May Seize Cotuy and Santo Domingo.

Cape Haytien, Hayti, April 30.—The Dominican revolutionists are present in the vicinity of Cotuy and Santo Domingo, which cities, it is reported, they contemplate attacking tomorrow.

Nearly all of the Cibao region is in the hands of the revolutionists. Another uprising has broken out in San Domingo and the position of the Dominican government is very critical. Telegraphic communication by land is cut by the revolutionists.

General Navarro, who sent reinforcements of government forces to Guayan, joined the Dominican revolutionists and marched on Monte Cristi, whereupon Governor Garcia abandoned the place. A revolutionary outbreak also occurred at Sanchez and a battle was fought yesterday at Sousa.

The governor of Puerto Plata, San Domingo, prevented the departure from that port for Samana, the Clyde line steamer Cherokee. The commander protested and she will leave later.

Vice President Vasquez is at the head of the revolution.

Progressing Nicely.

New York, April 30.—Dr. Keys, one of the attending physicians to Archbishop Corrigan, said today: "The archbishop is progressing nicely. Today was the most comfortable he has had in three days."

Movement of Troops.

Denver, April 30.—In accordance with orders already issued by the war department, there will shortly be a general movement of troops in the department of Colorado. These movements will be precipitated by the recent arrival in San Francisco of the Twelfth infantry and will affect Fort Logan. Seven companies of the Eighteenth infantry will be stationed at Fort Logan, in addition to the garrison already there. Two of these companies will leave Fort Douglas for Denver in a day or two. Company I of the Eighteenth infantry was ordered from Fort Duchesne, Utah, to Fort Logan, and a battalion of four companies will come from Fort Bliss, Texas. Colonel Cooper and his two troops now at the fort will be replaced by two other troops of cavalry, establishing regimental headquarters there.

Headquarters, staff and band of the

Twelfth infantry and four of its companies will soon occupy Fort Douglas.

Two companies of the same regiment will go to Fort Duchesne, Utah, and two to Fort Apache, Ariz. Headquarters of the Eighteenth infantry will be established at Fort Russell, where Colonel Sanno is now stationed. Colonel Cooper, when he leaves here, will go to Texas.

FRIGHTFUL PANIC.

Someone Yelled Fire in a Big Cigar Factory.

Philadelphia, April 30.—Seven girls are known to be dead, and more than a score injured as the result of a panic in the cigar factory of Hamburg, Roman & Co. The company employees over 1,200 girls. A deaf and dumb boy employed in the factory caught his hand in the elevator and in his effort to make the mishap known, rushed into the midst of a group of girls waving his hand from which blood was dripping. Someone cried "fire" and immediately there was a rush for the stairway. The crush was so great that many girls turned back and rushed for the windows. Before they could be restrained a score or more hurled themselves into the street and several were crushed to death.

Princess Gets Two Years.

Cape Town, April 30.—Princess Radziwill, who was on trial here on the charge of forgery of notes purporting to have been endorsed by the late Cecil Rhodes, was sentenced today to two years' confinement in the house of correction.

Cummings No Better.

Baltimore, April 30.—Congressman Cummings passed a restless night but his condition is no better.

DEMING FIRE.

Another Blaze—Electric Light System—Fruit Crop.

PERSONAL PARAGRAPHS.

Special Correspondence.

Deming, N. M., April 29.—Deming suffered another serious loss by fire last night, when John Lester's house was burned to the ground. There is no reason why the whole block and Mahoney's store, too, did not go, except that there was no breeze, and the Mahoney pump was started promptly enough to prevent the fire spreading. It is not known how the fire started. It was not a total loss, being insured, but the loss was nevertheless substantial.

Yesterday at 5:30 p. m. the Deming electric light system was started, and ran for about half an hour, as a test. The lights are fairly good, but can be improved on, which will undoubtedly be done.

J. B. Hodgdon returned yesterday from Dallas, where he had been to attend the Confederate reunion. He was beaming all over, and seemed to have had the time of his life.

Martin Mullen came near dying of heart failure brought on by too free acquaintance with the black bottle, last night, at the Deming hospital. He is better now, and is expected to pull through all right.

Miss Lillian Smith left here yesterday afternoon to visit friends in El Paso and incidentally take in the club dance there. She will probably remain in El Paso several days.

P. R. Smith, Jr., has been confined to the house for several days with the grip, but is now about again and attending to his business.

John L. Burnside, of Silver City, paid us a visit last week, going back to his home Monday morning. Buch Smith, the popular cowboy of the Diamond A ranches of this section, formerly a resident of Deming, paid us a visit this week, going back to Apache Wells this morning.

Last Friday night the dance given by or under the management of young Leon Godshaw, proved the boy's claim to distinction in this line of management. It was a very neat entertainment, and worth attending.

The Ladies' Whist club met Saturday afternoon at Mrs. Swope's and experienced the pleasure usually given these who take advantage of Mrs. Swope's hospitality and good cheer. The last meeting of the Whist club will be three weeks from last Saturday, at Mrs. Shepard's, when prizes will be awarded and distributed.

The fruit yield in and around Deming promises to be especially good this year, and unless something very unusual and unexpected occurs to change the result you may expect to see Deming fruits taking all sorts of prizes at the big St. Louis fair.

In Receiver's Hands.

Chicago, April 30.—The wholesale jewelry firm of Moore & Evans, one of the largest in the west, was placed in the hands of a receiver today.

WERE INDIGNANT

Childers' Verdict is Not Approved.

Officers of the Chicago Are Prisoners.

One Convict Killed Another in the Texas Penitentiary.

GENERAL GONZALES CAPTURED.

Special to The Citizen.

Silver City, N. M., April 30.—When the news of the acquittal of John Childers, for the murder of Thomas Heilin, was received in this city, many were the indignant remarks of the citizens who were familiar with the circumstances in the killing, and they were unable to conceive how a jury of fair-minded men could possibly return such a verdict. Childers was a bad man while he was a resident of Silver City, and had been arrested on several occasions for being drunk and disorderly and carrying a six-shooter. The justice of the peace at one time ordered him to leave town within twenty-four hours. Numerous were the regretful remarks that the murderer should go unpunished for the crime.

STILL IN PRISON.

One King May Release the Officers of the Chicago.

Rome, April 30.—The officers of the United States cruiser Chicago, who were arrested in Venice, remain in prison there. The application for their discharge was rejected. The Italian law does not allow the court to grant a pardon in cases of assaults on the police. It is considered probable the prisoners will be released by order of the king on June 1, the date of the fete of the constitution.

HE GOT EVEN.

Convict Who Turned State's Evidence Killed in Prison.

Houston, Texas, April 30.—It is just learned a murder was recently committed at Dallas, where he had been committed to the penitentiary at Rusk, which is out of the ordinary. Recently San Antonio officers convicted a number of Mexicans for robberies extending over a series of years. The leader, Ramon Mendez, was given eighteen years. The police used Juan Aguilar as a witness and he was let off with five years. As soon as Mendez had an opportunity after arriving at the penitentiary he killed Aguilar.

REVOLUTIONISTS GAINING.

A District President Was Captured in Venezuela.

Caracas, Venezuela, April 30.—General Gonzales, president of the district of Cumana, was made a prisoner during the fighting on April 23, when the government troops sustained a bad defeat and General Castillo was mortally wounded.

The revolutionists are marching on the city of Cumana. A panic prevails at Carupano and Barcelona.

Dishonorable Methods.

The methods of Las Vegas in trying to secure the location of the military post are not commendable. That town did not go before the board of army officers, as did Albuquerque, Santa Fe and other western cities. Las Vegas waited until after the army board had made its report recommending that the post be located at Albuquerque. Then they went to work slandering this city and claiming that they had had no chance for a hearing. Santa Fe acted more honorably. That city made a hard fight to secure the post and after it was defeated, cheerfully accepted the situation. If Las Vegas had entered the contest and won, the other towns in the territory would have congratulated that town on its good fortune. The action of Las Vegas may prevent the location of a military post at any point in the territory. This is liable to be the result of the unnecessary controversy. This is what The Citizen has tried to prevent. This is why we have advocated closer business and friendly relations between the several cities of the territory. At present if one town is about to secure some enterprise that would be beneficial, all the other towns jump in and knock out the scheme. This has resulted in injury to all concerned.

House and Agriculture.

Washington, April 30.—The house today resumed consideration of the agricultural bill.

The house passed the agricultural bill.

A Gospel Tent.

Rev. Merton Smith who has been conducting a series of meetings in a gospel tent throughout the southwest, is in the city. He has his big tent with him and beginning Sunday, will conduct a series of meetings here. The tent will be pitched on Railroad

avenue opposite the Golden Rule and will be put up Friday morning. Mr. Smith has issued a call for volunteers to help Friday in putting the tent up.

A NEW LIGHT.

Many Stores Will Substitute the New Gasoline Lamp.

Within a short time there will be a radical change in the lighting of many stores here. For some time a representative of a firm which makes a lamp of remarkable lighting power has been here and thus far he has made contracts for eighty of the lights and it will be used instead of electricity and gas.

The light is steady and most brilliant and gasoline is used. It is wonderfully cheap and a full night's light costs less than \$8 a month.

The Boycott.

The Citizen has never advocated boycott against its neighbor, the Journal-Democrat, for anything that paper has seen fit to do or say, but every time The Citizen, in behalf of the people, has a word to say that that paper does not like, the Journal-Democrat venomously howls that The Citizen is against the town and advocates among a few hotheads that the boycott should be used against this paper.

Mr. Parkhurst's Remains.

The remains of the late Walter N. Parkhurst were disinterred from Fairview cemetery today and will be shipped to New York tomorrow morning, accompanied by Mrs. Parkhurst.

Wilhelmina Is Better.

The Hague, April 30.—The bulletin issued at Castle Lee says Queen Wilhelmina passed a quiet night. The feverish periods are more frequent.

WESTERN INTEREST.

Land Leasing Advocates Find No Encouragement at National Capitol.

IRRIGATION AND STATEHOOD.

A special dispatch to the Denver Republican, from Washington, D. C., under date of April 28, says:

The delegation of western cattlemen here in behalf of leasing legislation today called upon Commissioner Hermann of the general land office and asked if he would approve a plan of legislation providing for control of leasing by the general land office and with provisions varying according to local conditions. The commissioner said he could not pass upon the proposed legislation and could only consider methods suggested when coming to him in the form of a bill by reference from congress.

The delegation also appeared before the house public lands committee and submitted arguments in favor of the leasing bill now pending. The delegation has practically given up hope of securing favorable legislation at this session of congress, especially in the face of the ultra-adverse report made upon the Millard-Bowersock bills by the interior department. The delegation will call upon President Roosevelt and endeavor to secure temporary suspension of the order compelling stockmen to take down fences.

Campers Should Be Careful.

The attention of the public is called to the danger resulting from the careless throwing of matches in the Gallinas canyon. Only this week Margarito Romero saw a fire started between El Porvenir and Trout Springs in this way, and knows the party that started the fire. Mr. Romero went to the first place he could reach and collected ten men who got the fire under control. If some one had not happened along at that particular time great damage in the canyon would undoubtedly have resulted.—Optic.

INTO ST. LOUIS

Rock Island Secures An Entrance.

Remarkable Proclamation by General Lucban.

Arizona Railroad Grant Bill Brought Up By Burtor.

TWO BARGES LOST.

St. Louis, Mo., April 30.—M. A. Low, general attorney for the Rock Island railroad, stated today the Harriman syndicate and Rock Island had purchased the St. Louis, Kansas City & Colorado railroad and had authorized the Mercantile Trust company to negotiate the purchase of Wiggins' Ferry stock. With the purchase the Rock Island secures a right of way into St. Louis and with the acquisition of the property of the ferry company, ample terminal facilities.

WONDERFUL INFORMATION.

Was Imparted to Filipinos in Lucban's Proclamation.

Manila, April 30.—Lieut. Shields, aide de camp to General Smith, testified today at General Smith's court martial. He said he knew well the signature of Lucban, the insurgent leader. The order issued to natives was undoubtedly signed by Lucban. Lucban confessed to him to be the author of the proclamation that German warships were bombarding Vigan and the Filipino navy was blockading Manila. It was issued to encourage the Filipinos.

OVER THE VETO.

Effort Made to Rush a Grant Bill Through.

Washington, April 30.—In the senate today, Mr. Burton, of Kansas, from the committee on public lands, reported a bill granting the Central Arizona railway right of way through the San Francisco mountain forest reserve in Arizona, with the recommendation it be passed, notwithstanding the objection of the president, as expressed in his veto message. Mr. Burton asked immediate consideration for the bill, but Mr. Wellington, of Maryland, objected to the measure and it went to the calendar. Consideration of the bill to ratify the agreement with the Sioux tribe of Indians at Rosebud reservation in South Dakota was then resumed.

Two Barges Lost.

New York, April 30.—The tugboat Volunteer reached this port after having lost the barges, Henry Hughes and Baxter, off Penfield reef, Long Island Sound. All on board the Baxter were lost, and one boy on the Henry Hughes also perished.

A Sudden Death.

A. J. Claus, 25 years of age, died very suddenly of heart trouble last evening at his room in the Highlands. The young man came here about two months ago from Springfield, Ill., where his father is a prominent business man. He was suffering slightly with tuberculosis, but his condition was not considered serious. A telegram was dispatched to a sister, Mrs. William Blakeley of Springfield. The remains are being embalmed by O. W. Strong & Sons and await her instructions. The body will probably be shipped back home for interment.

ENJOYABLE PARTY.

Miss Ella Coltraine Entertained Her Friends Last Evening.

Miss Ella Coltraine entertained a number of friends last night at her home in a most enjoyable manner, in honor of the departure of Mr. and Mrs. Frank Bowyer, who leave tonight for Ohio.

The evening was passed with social games of several descriptions and social conversation until quite a late hour, after which refreshments were served. All present spent an evening which will be well remembered as one of much enjoyment.

Those present were Misses Rutherford, Vann, Bronson, Mead, Morton, Bassett, Hughes, Pratt, Miss Ella and Anna Coltraine and Mrs. Bowyer, and Messrs. Bowyer, Needham, Strong, Mead, Pratt, Bovee and McEwen.

A Baby's Death.

Louise, the 7-months-old babe of Joseph Schwartzman, of the firm of Schwartzman & With, died yesterday afternoon at the family residence on North First street, of pneumonia. The funeral services were held this afternoon at 2 o'clock, conducted by Rev. Mandalari, and the little body was laid to rest in Santa Barbara cemetery.

LAND OFFICE BUSINESS.

Surveyor General Morgan O. Llewellyn has received from the general land office the plats and transcripts of the Los de Padilla grant in Bernalillo and Valencia counties, which have been returned for a corrected survey of the western boundary of the grant, so as to make it conform with the corrected decree of the court of private land claims. The survey was made by George H. Pratt, deputy United States surveyor.

Museum Here Will Be Finest on the System.

J. F. Huckle, general manager of the news and curio department of the entire Harvey system, returned last night from Los Angeles, where, accompanied by Mrs. Huckle, he has been to attend the wedding of Byron Harvey. Mrs. Huckle stopped at Fort Winery, where she will visit, while Mr. Huckle is assisting in making preparations for the opening of the hotel, Alvarado. Mr. Huckle says that when the Alvarado museum is finished and equipped, it will be the finest and most complete news and curio department on the entire Harvey system.

Grant Doing Well.

Dr. Saylin, surgeon in charge of the local railway hospital telephoned to The Citizen last night that Charles Grant, the switchman who met with an accident in the local yards yesterday morning, was getting along nicely, and that the injured right leg, which was broken just below the knee, would not have to be amputated. He is still at the local hospital, where he is receiving the very best of attention.

The corporation sheet allowed an
ass to break loose on its editorial page
this morning.

If this city has lost the military post
because the water company furnishes
the city with poor water, we fail to see
wherein any one else is to blame.

In less than three months the Journal-Democrat will be winning because
the people of Las Vegas are not en-
thusiastic about the territorial fair.

The Las Vegas Optic urges early con-
ventions next fall. The republicans do
not need a long campaign. The party
is thoroughly organized in every
county.

The morning paper is a turncoat
sheet, and like traitors of that ilk, it is
bitter against the democrats, and
claims that they helped drive away the
military post.

This city constantly complains that
it is ill treated by other towns of the
territory. Is this to be wondered at,
after reading the recent tirades in the
Journal-Democrat against Las Vegas?

While this city and Las Vegas were
warring over the military post, Gal-
lop quietly sent Alex. Bowie to Wash-
ington, and an appropriation of \$50,000
was secured to repair Fort Wingate.

Because the Journal-Democrat jumps
at the conclusion that this city has lost
the military post, it proceeds to lay the
blame on the democrats, the water
committee of the council and The Cit-
izen.

Cecil Rhodes' gift to American stu-
dents provides for 100 pupils a year to
take a three years' course. When fully
in operation the bequest will make a
permanent total of 300 Americans at
Oxford, a contingent likely to cut a
considerable figure in the old univer-
sity town.

The Journal-Democrat advocates
driving Messrs. Frank McKee, H. E.
Rogers and A. B. McMillan out of town
because they made a report to the city
council demanding a better water sup-
ply. The Citizen published the report
as a matter of news, and for this grave
offense this paper is denounced by the
sheet owned by the water company.

The census office has issued a pre-
liminary report regarding the manu-
facture of tobacco in the United States,
which shows the number of establish-
ments to be 15,252, an increase of 31
per cent over 1890; capital invested,
\$124,089,871, an increase of 29 per
cent; average number of wage earners,
124,277, the wages amounting to \$49,-
852,484, an increase of 12 per cent.
Total value of products, including cus-
tom work and repairing, \$283,076,546.
Miscellaneous expenses are placed at
\$79,495,422, an increase of 111 per cent
over 1890.

THE MILITARY POST.

While at Las Vegas a few days ago
the editor of The Citizen heard of the
efforts being made by that city to se-
cure the military post, and promptly
notified the secretary of the Commer-
cial club of this city. A meeting was
held and Mr. Marron went to Denver
to investigate the matter. The military
officers at the headquarters in that
city showed him every attention, and
he found that it was true that Dr.
Bushnell had made an adverse report
to this city.

While everything is being done by
this city that it is possible to do, the
Journal-Democrat rushes to the front
and demands that the men who are la-
boring to secure this military post for
Albuquerque should be boycotted, all
because a council committee reported
that certain things should be done by

The Water Supply company to prevent
the city water from being contaminat-
ed by surface drainage water, and be-
cause The Citizen had a paragraph
yesterday saying that it would be bet-
ter if Albuquerque and Las Vegas
worked more in harmony.

THE WATER QUESTION.

There appears to be a new hand on
the Journal-Democrat. That paper for
some time has been remarkable only
because it lacked opinions. This is
changed all at once. The editorial
page of that sheet now bristles with
hot air fulminations.

The cause appears to be about the
city water. A few weeks ago the city
council adopted a report demanding of
the Water Supply company that it pro-
tect its source of supply from surface
drainage. This report was signed by
Messrs. A. B. McMillan, Frank McKee
and H. E. Rogers, members of the city
council at that time, two being dem-
ocrats and one republican. When this
report was adopted by the city council
it was published in The Citizen along
with the other proceedings of the meet-
ing.

At the next meeting of the council
the Water Supply company made reply
that the report of the committee was
false, and that no surface water
drained into the source of supply of
the company. The Citizen published
this report along with the regular
council proceedings, and there the mat-
ter rests.

The Journal-Democrat, which is owned
by the Water Supply company, makes
this report to the city council a
pretext for its idea that Albuquerque
is to lose the military post because of
this action of the city council and be-
cause The Citizen published the pro-
ceedings of that body, and advocates
violent methods against The Citizen
because it published legitimate news.

Better Than Pills.

The question has been asked, "In
what way are Chamberlain's Stomach
and Liver Tablets superior to pills?"
Our answer is: They are easier and
more pleasant to take, more gentle
and mild in effect and more reliable as
they can always be depended upon.
Then they cleanse and invigorate the
stomach and leave the bowels in a
natural condition, while pills are more
harsh in effect and their use is often
followed by constipation. For sale by
all druggists.

Captured at Las Vegas.

Francisco Sanchez, of San Antonio,
Mexico, is in the toils of the law and is
working out \$25 worth of fine on the
streets for getting money under false
pretenses. He fleeced E. V. Gallegos
out of \$5 that was paid him in ad-
vance to work on the former's sheep
ranch. He proceeded to get drunk
with the money, when he was arrested
with the above result—\$25 means
twenty-five days.—Las Vegas Record.

Christians Organizing.

At the meeting of the young men in-
terested in the organization of a local
Y. M. C. A. at Las Vegas the following
were elected a board of directors: D.
J. Osborne, H. O. Browne, J. A. Dick,
Rev. George Selby, W. G. Anderson
and Ernest C. Herlow. The directors
will hold a meeting to elect the of-
ficers and determine on a plan of work.
It is the intention to fit up a gymnas-
ium and push the association as fast
as the increase in the membership will
allow. All men are invited to join and
aid in the good work.

Good for Rheumatism.

Last fall I was taken with a very se-
vere attack of muscular rheumatism
which caused me great pain and an-
noyance. After trying several pre-
scriptions and rheumatic cures, I de-
cided to use Chamberlain's Pain Balm,
which I had seen advertised in the
South Jerseyman. After two applica-
tions of this remedy I was much better,
and after using one bottle, was com-
pletely cured.—Sallie Harris, Salem,

Crushed a Leg.

Mike Lorell, an Italian, was run over
yesterday at Isleta by a freight train
and one leg was mashed so amputa-
tion was necessary. It is supposed he
was stealing a ride and was jarred
from his place.

Shot in His Left Leg.

For all kinds of sores, burns, bruises,
or other wounds DeWitt's Witch Hazel
Salve is a sure cure. Skin diseases
yield to it at once. Never fails in cases
of piles. Cooling and healing. None
genuine but DeWitt's. Beware of coun-
terfeits. "I suffered for many years
from a sore caused by a gun shot
wound in my left leg," says A. S. Ful-
ler, English, Ind. "It would not heal
and gave me much trouble. I used all
kinds of remedies to no purpose until
I tried DeWitt's Witch Hazel Salve. A
few boxes completely cured me." J. H.

tendent, until 10 o'clock a. m., Monday,
May 5, 1902, for furnishing and deliver-
ing at the New Mexico penitentiary the
supplies hereinafter mentioned, or
so much thereof as the board may
deem sufficient. Payment for said sup-
plies will be made in cash. Delivery of
all supplies except perishable articles
must be made within sixty days after
date or award.

Samples will be required of all the
articles marked with an asterisk, and
these should be labeled, showing name
of bidder, price, etc., and must be de-
livered to the superintendent not later
than 9 o'clock on said day.

All bids must be made strictly in ac-
cordance with conditions on blank propo-
sals, which will be furnished by the
superintendent on application; no bid
otherwise made will be entertained.

A bond will be required from all suc-
cessful bidders for the faithful fulfill-
ment of contracts within ten days after
date after award.

CLAYTON.

From the Enterprise.
A bell now graces the cupola of the Methodist church.

The stores are selling all kinds of windmill fixtures since the storm of Monday.

L. Emory Herron has just returned from San Miguel county where he bought 600 head of yearling and two-year-old steers.

Mr. and Mrs. O. E. Smith threw open their parlors to the young people on Tuesday evening and allowed them to dance to their hearts' content. It was one of the very best dances of the season.

Clayton was visited by one of the strongest winds on Monday last that has been known for several years. The wind rose about 8 o'clock and by noon was blowing a perfect hurricane, which continued until after 2 o'clock.

Mrs. A. W. Thompson entertained in a novel way on last Saturday afternoon. The entertainment was styled "Descriptive Authors," each guest being furnished with a piece of paper containing several suggestions like the following: "The tallest," to which the answer would be Longfellow. Mrs. Mary Wamsley carried off first prize and Mrs. C. Otto second.

SANTA FE.

From the New Mexican.

Born, to Secretary and Mrs. J. W. Reynolds, a baby boy. Mother and child are doing well.

Testimony is being taken in the partition suit of the Sebastian Martin land grant before E. H. Johnston, referee. Amado Chavez, Esq., is attorney for several claimants.

Adelaide Warrick was sentenced to pay \$25 fine and costs and serve three months in the county jail for assaulting City Marshal Cleo Weidner. H. L. Ortiz, attorney for the defendant, has appealed the case to the district court.

Chemical Engine Company No. 1 held a meeting and elected the following officers: James Read, foreman; Luis Gold, assistant foreman; Reginald McKenzie, representative to the board of fire commissioners; August Kirschner, secretary and treasurer. Gregoria Herrera and Manuel Vigil, of Santa Cruz, were in the city visiting friends and attending to some business at the county court house.

Mrs. Roll Fleetwood Monahan, of Dayton, Ohio, a sister of Mrs. Amado Chavez, arrived and will remain some time visiting with her sister.

In the district court of the First judicial district, a suit was filed in Rio Arriba county by District Attorney E. C. Abbott on behalf of the Territory of New Mexico against Ignacio Ortiz, Cruz Martinez, Eugenio Moya and Epimeno Trujillo, to recover on a \$200 bond given by the defendants for Jose Archuleta, indicted for cattle stealing and who failed to make an appearance at the last session of the district court.

Clarence A. Brandenburg, special United States attorney, is here from Washington, taking testimony in the claim of E. H. Bergmann against the United States for \$1,200 and interest, which Bergmann, then a captain of a company in the Union army, claims to have expended at Polvadero in 1862 in buying supplies for his company. Mr. Brandenburg is a brother of Weather Forecaster Brandenburg, of Denver.

L. J. Burt, who was assistant chief clerk of the Thirty-fourth legislative assembly, and Dr. J. P. McMann, who have been residents of Elizabethtown in Colfax county from which county they will visit Chavez and Eddy counties. Mr. Burt is an attorney and Dr. McMann is a physician. They think they can find a suitable location somewhere in eastern New Mexico.

District Clerk A. M. Bergere has returned from his sheep ranch at Estancia Springs, Valencia county. He will return to the ranch at once, as lambing is in progress and shearing is to commence on May 1. He reports that the drought is felt very keenly by the sheepmen of eastern Valencia county. While on the Estancia ranch there is plenty of water even though grass is very dry and not green at all, on neighboring ranches there isn't even water. Mr. Bergere hopes to save about 70 per cent of his lambs.

Miss Bina Liebetteder, who has been visiting here for some time, and is the betrothed of Herman Lief, left for her home in Kansas City.

J. W. Akers and wife, of Santa Fe county, have transferred to Charles C. Robbins of this county, a tract of land in the Pecos forest reserve. Consideration, \$600.

Simon Bitterman left for his future home in El Paso. He intends to come back after one of the pretty girls of Las Vegas pretty soon, however.

Judge Woodbury and wife came down from Watrous. Mrs. Woodbury went out to the sanitarium for medical treatment and will remain some time.

Guadalupe Delgado de Romero has purchased at sheriff's sale a certain tract of land that belonged to Eugenio Romero and sons. Consideration, \$5,341.89. The sale is a friendly settlement made to acquire a title.

Santiago Hunter, 22 years of age, and Mrs. Tomasita Padilla, a divorced woman 28 years of age, were joined in the holy bonds of matrimony in the dark stillness of Saturday night, by Judge Wooster. The couple are working people and could not spare any part of the day for wedding foolishness.

From the Optic.

Elwin Blake is able to be about the room.

Mrs. Barker has been so ill for the last ten days that her husband has been called in from Beulah.

Ignacio Lorenzo, son of Pasquel Lorenzo, died at the home of his father of diphtheria, at the age of ten years. J. Pugh left on the stage for Santa Rosa. He received a telegram at Cerillos that Tom Healey, engaged in the manufacture of pop waters at Santa Rosa, had been killed.

Senator Casimiro Barela, of Trinidad, Colo., father-in-law of E. Chacon, arrived Saturday and with the attorney left for a trip to Mora.

Nothing was heard of the report of the body found at the crestone by the herders Saturday. Chief of Police Uihlen went out but found nothing but some bones of cattle.

Miss Frances Reeves Mettler, of Chicago, who visited in this city last summer, stopping at the home of J. M. Reid, will graduate from the Anna Morgan dramatic school in Chicago, May 10, and is contemplating a tour with Mansfield this fall.

Joe Merritt, of Oklahoma City, Okla., known as the Oklahoma poet, whose business is to sell washing machines, but whose poetry is like one of his own machines, dry for grease, was in the city yesterday en route to California. He left some of his so-called poetical compositions.

Cramps, Dysentery, Cholera Morbus, diarrhoea, and, indeed, all bowel complaints quickly relieved by Perry Davis' Painkiller, a safe, sure and speedy cure, for all the troubles named. Every reputable druggist keeps a supply. Each bottle has full directions. Avoid substitutes, there is but one Painkiller, Perry Davis'. 25c and 50c.

FARMINGTON.

From the Times.

Fred Bunker, W. H. Waring and Bill Lanfeste, all of Aztec, were in town. Allan Johnson is in Durango this week looking after financial matters in which he is interested.

The hose cart arrived from Albuquerque and we will soon be ready for fire emergency.

Richard Wetherell has spent the week in town looking after Hyde company business.

Evangelist H. W. Rankin, of Denver, Colo., will begin a series of gospel services at the Presbyterian church on May 5.

Wheeler's father and mother have furnished bonds for him in the sum of \$500, and he will soon be free and our jail empty.

Rev. R. M. Vraig, the synodical superintendent of Presbyterian missions for New Mexico, preached in the Presbyterian church Sunday night.

Born to Mr. and Mrs. O. C. Walker a fine baby girl on April 11. Born to Mr. and Mrs. Wm. Rafferty a large baby boy April 13.

Dr. McCracken last Saturday placed in operation the first soda fountain ever brought to San Juan county. It will be appreciated the coming warm days. He also has a complete optical outfit and is prepared to fit anyone with glasses.

H. L. Andrews retired from the post-office, where he has been in charge for several months. He was active and accommodating and leaves the office with

the entire public pleased with the services he rendered. He goes to work on his ranch.

A meeting was held at the Hyde bank building the other night to listen to an automobile proposition from Messrs. Finley and Benson. It was not largely attended and but little enthusiasm was shown for the proposition, which proposed that the town construct a private road for the auto at a cost of about \$2,500 after which the above named parties would put on the machines.

R. E. Cooper and others interested in the Jackson reservoir have purchased a centrifugal pump with a capacity of 3,000 gallons per minute and will put it in at the head of the ditch leading to the reservoir. They now have the well completed as far as they can without pumping, and there are indications of a heavy underflow. The pump will be in operation about May 5. No water has reached them so they have decided to go for the underflow.

L. L. Thomas received his appointment as postmaster here, vice W. E. Estes, resigned. His bond has been signed and forwarded, and he will take possession as soon as it is approved by the department, probably about the first of next month. The office will be moved to the Hyde bank building and will occupy the front while the harness shop will take the rear. A number of new boxes will be installed and every effort will be made to accommodate the public.

A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by all druggists. 50c and \$1. Trial bottles free.

AZTEC.

From the Index.

M. M. Condron, having disposed of his barber shop in Aztec, left for the mountains where he expects to spend the summer.

Rev. H. W. Rankin, Presbyterian evangelist, arrived from Denver Saturday and on Sunday addressed our people from the pulpit of the Aztec Presbyterian church, commencing the two weeks revival services advertised to be held here.

Fred Wheeler, the lad who has so distinguished himself in recent months by a successful effort to make the county jail look like 30 cents with a hole in it was released from custody Wednesday under \$500 bonds, the father and mother of the youthful prisoner being the sureties.

What is known as the Ferguson place on the La Plata was sold this week to P. C. Barrett, formerly of Indian Territory. The place was sold by George Harlan through Granville Pendleton. Mr. Bartlett it at the head of several families who expect to locate in the La Plata.

H. S. Groves, editor of that enterprising publication, the Ranch and Range, of Denver, is here to write up the county in a manner befitting its resources and advantages. Mr. Groves understands how to do this and the benefits to be derived from a careful description of its possibilities are many. This is the time to boom things here.

A Nearly Fatal Runaway

Started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Bucklen's Arnica Salve cured him. Just as good for boils, burns, bruises, cuts, corns, scalds, skin eruptions and piles. 25 cents at all drug stores.

Still Burning.

The forest fire gained considerable headway yesterday near Trout Springs and has been burning fiercely ever since. An extra crowd of men were sent out this morning to fight the fire, which has done an immense amount of damage; most of the fire burned over being valuable timber.—Las Vegas Record.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. DEMURRER SUSTAINED.

The Indictment for Criminal Libel
Against Enrique Sosa Quashed.

DISTRICT COURT NEWS.

This morning the case of Edward Priest vs. Theodore Zimmer was called for trial, and there being no appearance for defendant the court affirmed judgment of court below against principal and bondsmen.

The case of Territory vs. Enrique Sosa for criminal libel was heard on demurrer to indictment; demurrer sustained and indictment quashed. The defendant was alleged to have published certain libelous articles in his newspaper to the defamations of the character of the late Emiliano Gutierrez, representative to the assembly from this county. The court on passing judgment held that the articles complained of were not libelous, and that, if they were, he doubted, if under our laws, libel was indictable, there being no statute on the subject.

In the case of City of Albuquerque vs. Joseph Badaracco, the court sustained the master's report, finding in favor of defendant, but sent the matter back to the master for retaxation of costs.

Judgment for the plaintiff for \$125 was given in the case of Tachier against Bacus. In the suit of Gustafson against Maloy, a suit for \$300 on a mechanic's lien, judgment for the plaintiff was rendered. The court found for the defendants in the suit of Thompson against Kelly and others. The suit was to recover goods taken from the Casa de Oro.

ROSWELL IN PARAGRAPHS.

A New Railroad in Contemplation—
Other Improvements.

C. B. Eddy has said that if the people of Roswell will give the proposed railroad out of Roswell to the north-west to connect with the Santa Fe Central at Torrance, a liberal local support he will capitalize the road in eastern money centers.

The road will be 100 miles in length; will form a junction with both the Rock Island and El Paso and the Santa Fe Central at Torrance, and will add a new and valuable link to Roswell and Pecos valley development.

The Roswell people will meet Mr. Eddy's offer and the new road can be said to have passed from a possibility to a surety.

In public improvements Roswell will count this year a new \$15,000 opera house, a \$10,000 cannery and pickling establishment, a \$25,000 enlargement of the territorial military institute, including a copious artesian water supply for the institute grounds, a city park and an \$8,000 meat packing and cold storage plant; while the city fire department has just added to its equipment a \$3,000 steam engine.

New business blocks are being erected at respective costs of \$40,000, \$30,000, \$15,000, \$12,000 and \$6,000, with an additional expenditure of \$50,000 on the expansion of older business buildings, the latter including a \$15,000 remodeling and enlargement of the Central hotel.

Seventy-five thousand dollars will be expended this year in the erection of new residences, running respectively from \$1,000 to \$6,000, with at least \$25,000 added for improving and beautifying already occupied Roswell homes.

As a total, Roswell's construction and improvement expenditure this year will approximate \$350,000.

The city has an exhaustless supply of superior brick clay and a new lumber yard of 1,000,000 feet capacity is being added to local building resources.

The orchard outlook is far better than ever before known at this season and practically assures a Roswell shipment this year of 1,500 cars.

Roswell has just attained the dignity of a second class postoffice and is now preparing commodious and commensurate postoffice quarters.

Eight hundred acres of cantaloupes will be cultivated in the Pecos valley this year, while a strong movement is on foot to fully utilize the superb sweet potato capabilities of the valley.

IMMIGRATION POOL.

Santa Fe and Rock Island Are Both Parties to It.

Western passenger agents are greatly excited by the news that the interstate commerce commissioners would begin an investigation of the immigrant business on May 2 at New York. The notice came to Chairman McLeod, of the Western Passenger association, and requested him to appear at the hearing. He communicated the announcement to the passenger agents.

The immigration bureau, or clearing house with headquarters in New York, always has been held to be illegal. It is in the nature of a pool, the immigrants arriving in New York and destined to points in the west being divided among the various roads west of Chicago and St. Louis.

The roads parties to the agreement, each being guaranteed 10 per cent of the business, are the Chicago, Burlington & Quincy, Chicago & Alton, Chicago, Rock Island & Pacific, Missouri Pacific, Atchison, Topeka & Santa Fe, Chicago & Northwestern, Chicago, Milwaukee & St. Paul, Wabash, Union Pacific and Illinois Central.

Bad for Socorro County.

LOST TEN SHIRTS.

Story Told on the Late T. Marquette, Railroad Attorney.

T. Marquette was probably one of the brightest corporation lawyers the west has ever known, and previous to his death was well known in railroad circles, says an exchange. He was at one time the chief attorney for the Burlington route, and his duties kept him traveling a great deal. He was of a unique makeup and like all queer people he must go to some extreme. He chose for his extreme the reverse of neatness and system. His wife told a prominent railroad official once that she started him out on a certain trip with ten clean shirts in his grip and when he returned the grip was empty. She was astonished, and when asked where the shirts had gone he replied: "I don't know, must have lost them." That night when they retired the mystery was explained, as Mr. Marquette removed ten shirts when he disrobed. At another time the same official, when accompanying him on a ten days' trip, found his grip packed with the statutes of Nebraska and not another single thing in it. The wife probably did not prepare it that time.

Three hobos faced Judge Crawford in police court this morning. Two were released and one got five days.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, April 30.—The market today was very feverish and from the opening there was a great deal of profit-taking. Some good stocks were advanced and St. Paul and Illinois Central well taken. Later in the day call money rates were advanced sharply on belief that the clearing house would rule requiring banks to keep up strictly 25 per cent reserve and the big break in Power and Locomotive had a bad effect. The whole market sold down and there were declines all through the list. There was some little support before the close, which was weak.

EGG STORY.

An Egg With the Inscription "Prepare to Meet Thy God." Causes an Assault.

A peculiar assault story comes from Seven Rivers, Eddy county. Little Frank Dalton recently found an egg in a nest of Peter Corn's chicken house and took the egg to Mrs. Corn. On the egg was printed in relief letters, "Mrs. Corn" was printed in relief letters. Mrs. Corn believed it was a message from God and prepared herself to die after writing all her relatives. The Sunday following, there being no church, there was a large gathering at the Corn homestead to view the egg. A dispute arising over the supposed message from on high one of the crowd offered \$20 for another egg just like the one in Mrs. Corn's possession. Homer Wilder and Lester Allen bet their horses against \$20 that they could make an egg like that. Their bet was taken up and they went to the Wilder homestead and there made an egg exactly like that at the Corn homestead. Wilder took it to the homestead of Oscar Sassin who ordered Wilder and Allen from his premises. As he would not go, Sassin threw a rock at Allen and was then arrested for assault. He was fined \$5 and costs. Wilder afterward acknowledged that he had manufactured the egg which had given Mrs. Corn such a bad scare.

His Father Dead.

A. F. Keith, engine foreman in the local yards, today received news of the death of his aged father in Pasadena, Cal. Mr. Keith will leave tonight to join other members of the bereaved family at the bedside of the mother, who has suffered a serious stroke of paralysis. Deceased was a pioneer resident of California, and, as a contractor, superintended the erection of many of the first buildings in Los Angeles and Pasadena.

We spend fully one-half our lives in bed, therefore we should lie comfortably. To lie comfortably and rest well calls for a good, elastic mattress, a well made, noiseless set of springs and a substantial bedstead. When we say we have the largest stock, sell for the lowest prices and make the easiest terms it applies to mattresses, springs and bedsteads. A visit to our mammoth store at the corner of Second and Coal will convince you. You are invited to call. The Futrell Furniture Co., end of viaduct.

SOCORRO STIRRED UP.

A Base Ball Team Organized to Go After the Scalp of the Santa Fe Central.

A correspondent writing to the New Mexican from Socorro, says: An organization was affected here to be known as the "New Mexico Base Ball Team," with Prof. F. A. Jones as manager. A challenge has been forwarded to W. E. Martin, manager of the Santa Fe team, for a game in the city of Santa Fe on Sunday afternoon, May 18. If the challenge is accepted, which it undoubtedly will be, a second game will be played in Socorro on May 23, on commencement day. Socorro expects to have a general blowout on that date and many of the leading citizens expect to be present to witness the battle of the giants.

Could Fill the Paper With Them.

This paper might be filled with items like the following, and everyone be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which have cured me. It is the best medicine I ever used.—Phillip E. Rhoads, Pennville, Mo. Pain Balm is for sale by all druggists.

FROM SILVER CITY.

Stock Ranges Dry—Other Interesting Notes.

Special Correspondence.
Silver City, N. M., April 29.—The large crowd of witnesses and others interested in the Childers murder trial returned from Las Cruces on last Sunday.

A girl baby arrived at the home of Clarence Bayne last Friday evening. The stockmen in this section state that while the ranges in some localities are getting rather dry the stock is looking very good and it is thought that they will pull through to the rainy season in pretty good shape. The local meat markets here have raised the price of Kansas City meats considerable during the past week on account of the raise in prices by the packing houses in the east.

The Normal school basket ball team composed of boys defeated the Central

team at Athletic park yesterday afternoon in a game with a score of 14 to 4.

Jo. E. Sheridan, territorial coal mine inspector, arrived on today's passenger train from a month's trip of inspection through the mines in the northern part of the territory.

The local base ball team is fast getting in shape for the season and it is expected that Silver City will have some good ball games this summer.

Her Son's Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by all druggists.

GIVENS—HEAD.

Charles Givens and Miss Margaret Head Married.

Mrs. R. G. Head and daughter, Miss Margaret, returned from San Antonio, Texas, last Saturday, where they had been visiting, says the Las Vegas Optic.

Upon their return Miss Margaret and Charles Givens were quietly married and left immediately for Denver and other Colorado points on their wedding tour.

It is learned that the young people wanted to marry before Miss Head went to Texas, but objections were made. The determination of the young people, however, as is usually the case, was stronger than objections and upon the return of Miss Head forgiveness and reconciliations from the parents on both sides having been obtained, the result was the marriage and the young people started out happily upon the great voyage of life.

Mr. Givens is the son of Mr. and Mrs. W. A. Givens, old and well to do residents of Las Vegas and is a bright young man.

Miss Head is a very accomplished young woman, the youngest daughter of Col. and Mrs. R. G. Head. Colonel Head is an old cattleman, known among all stockmen west of the Mississippi and has been a prominent factor in the winning of the west.

SOFT, GLOSSY HAIR.

It Can Only be Had Where There is No Dandruff.

Any man or woman who wants soft, glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy."

LITHOGRAPH STONE.

A New Company Will Develop Mines Near Grants.

A company has been organized to develop the mines near Grants and the mines will be worked on a large scale. The stone is equal to the best Bavarian lithograph and it will be brought here for dressing. Incorporation papers were prepared and work will commence at once.

Among those interested are A. M. Swan and J. M. Allan, of Denver.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." J. H. O'Reilly & Co., B. H. Briggs & Co.

RUBY'S BRICK YARD.

Getting Ready for a Big Building Boom This Summer.

A present scene of great activity is the extensive Ruby brick yard just beyond the southern limits of the city. A force of thirty men are molding, taking away, wheeling, tossing, piling, building into kilns preparatory to firing, each individual moving regularly and forming each a part of a great brick making machine.

For twenty successive and successful years William Ruby has followed his trade in the city, and there are but few of our brick structures but contain the Ruby ruby brick.

In the history of Albuquerque many brick yards have sprouted, but only the one has grown and each year borne fruit. This season 300,000 brick have already been delivered, a second like kiln is now fired, and a third being built. Throughout the city construction is in progress, and throughout the city the Ruby ruby brick are being delivered.

The knowledge of brick making is acquired in this valley only through long days and nights of labor; and the secret of the science of properly burning a kiln is not acquired in a few weeks. A life time spent in his business, the superior quality of his manufacture, and the record of never having lost even a part of a kiln through ignorance of his trade, has earned for "Bill" Ruby the title of "The Brick King of the Southwest."

INDIAN SCHOOL NOTES.

The idea of industrial work for the Indian schools, as set forth in the new course of instruction, which has recently been prepared by the national superintendent of Indian schools, is being carried out in this school and the results are very satisfactory. This week the pupils have been taken to the garden, by their teachers, and were given practical instruction in preparing the soil and planting seeds in the garden. They do the actual work and

are very much interested in it. They have also been shown the best method of irrigating the garden. Boys and girls both work and are striving to see who will have the best garden. The boys are also being given practical instruction in constructing a large building. They do the actual work and some of them show a great deal of talent in that direction.

Miss M. E. Disette visited the Isleta day school this week and she reports that good work is being done among the Indians of that place.

C. D. Richards and Mr. Garcia made a friendly call at the school this week. Mr. Richards is employing Indian help for the best fields at Hotby, Colo., and Mr. Garcia is securing Mexican labor for the same purpose at Rocky Ford, Colo.

Summer Complaint.

is not always brought about by change of air and water. The "stay-at-homes" are just as susceptible to diarrhoea; due, generally, to overeating, as unripe fruits, etc.; and drinking ice water; all accompanied by painful bowel discharges; and, if not checked, results seriously. Perry Davis' Painkiller is the only purely reliable remedy. 25c and 50c.

Died in Debauch.

Jesus Ma. Gutierrez, who came up from Santa Rosa, brings word that Thomas Healey, manufacturer of soda pop at Santa Rosa, was found dead, or nearly so, about twenty miles this side of that city on last Friday. Gutierrez with T. Romero and Jose L. Romero was passing along the road and saw Healey beastly drunk. The men with him asked the travelers if they would take him with them, which they consented to do. While putting the man in the wagon he expired. Death ended the continued debauch, two days of which were spent in the desert around Santa Rosa with, it is supposed, nothing to eat or drink, but the liquors he carried with him. Truly the wages of sin is death.—Optic.

Thomas Healey was well known here, and while at Cerrillos visited the metropolis quite often. He was always a drinker but not to excess. Friends will regret to learn of his sad death.

Saved Many a Time.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, colds, croup, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure for several years," says Postmaster C. O. Dawson, Bar, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. J. H. O'Reilly & Co., B. H. I WEIGH 175 lbs.
Former Weight 135 "
Gain 40 lbs.

There are people who say that the benefit derived from the use of put-up medicines is imaginary. It is not the case with Dr. Pierce's Favorite Prescription, which makes weak women strong and sick women well. A woman may imagine she's weak, or may fancy she's sick, but her imagination can't add forty pounds to her weight. The positive proof of the curative power of "Favorite Prescription" is found in the restoration of health which is recorded in face and form, of strength which can be tested, and weight which can be registered in pounds and ounces.

The general health of women is so intimately connected with the local health of the womanly organs that when these are diseased the whole body suffers loss. Dr. Pierce's Favorite Prescription cures womanly diseases. It establishes regularity, stops weakening drains, heals inflammation and ulceration and cures female weakness.

"I am very glad to let other poor sufferers know what Dr. Pierce's medicines have done for me," writes Mrs. Edwin H. Gardner, of Beechwood, Norfolk Co., Mass. (Box 70.) "You know I wrote to you last summer. I read what your medicine had done for other people, so I thought I would try it, and I found it was a blessing to me and my family. I began in June and took six bottles of your medicine, and three vials of 'Pellets.' I took your medicine a year when I had a ten-pound girl. I had the easiest time I ever had with any of my three children. I have been very well since I took your medicine. I took three bottles of 'Favorite Prescription,' three of 'Golden Medical Discovery,' and three vials of 'Pellets.' I had no appetite and could not eat much without it distressing me before I took your 'Favorite Prescription,' and I only weighed 135 pounds. Now I weigh 175."

Pure Blood

We wish you would ask your doctor what makes you so nervous, why you are so easily tired, and what makes your digestion so weak. See if he doesn't say, "Impure blood." He will probably speak about Ayer's Sarsaparilla, too.

Railroad Topics

Hon. W. S. Hopewell left Santa Fe for Kennedy on the Santa Fe Central railway line, where grading operations are to commence on Thursday.

I. P. Sanford, cashier of the First National bank at Alamogordo, has resigned to accept the position of auditor of the Santa Fe Central railway.

Senator W. H. Andrews, president of the Santa Fe Central Railway company, has returned to the capital city from a trip to El Paso and Albuquerque.

Winslow had another small fire scare the other night. The small oil house standing east of the ice house was burned, but the ice house got off with a slight scorching.

Mrs. Pullman, widow of the inventor of the Pullman car, was an east bound passenger Sunday. She was accompanied by her aged mother and they had been in California since January 28.

The Sun says: Frank Harris, formerly of the master mechanic's office in San Bernardino, but who now holds down a desk in General Manager Wells' office, came up from Los Angeles on last evening's overland to spend Sunday with friends.

Colin S. Park, a Santa Fe engineer, well known at San Bernardino as "Cal" Park and a brother of Engineer Fred Park, died in Los Angeles from the result of injuries received two hours before at the Rivera bridge, located near Santa Ana.

Miss Delia Farley, of Raton, was married to C. E. Smyer, of Kansas City, Sunday, at her Raton home, and the couple departed at once for Kansas City, their future home. Mr. Smyer is one of the popular Santa Fe conductors, having a run from Kansas City to Fort Madison.

The Winslow Mail says: After a conference with Superintendent L. L. Hibbard, the street and alley committee have made report to the council in regard to the location of the new freight depot, and it is thought the new building will be erected west of the old site and out of the street.

Sunday thirty-one saddle and running horses of Dr. Seward Webb, of the New York Central, passed through for New York. The stock was in charge of Harry Hopkins and five assistants. They occupied two N. Y. C. H. R. railroad cars, and were going east after wintering in Santa Barbara. They were beautiful.

President Harrison, of the Southern Pacific, who has been in the west for several days, has asked the head officials of the Union Pacific to confer with him in San Francisco May 1 on matters concerning the two roads. The exact nature of the conference is not given out, but it is understood that it has to do with the Salt Lake-Los Angeles cut-off and other western improvements.

P. B. McAttee, local agent of the Denver & Rio Grande, accompanied by J. W. Furlong, traveling freight agent of the Missouri Pacific railway, and R. F. Ziegenfelter, of Denver, was a visitor to Aztec and Farmington and other county points this week. The gentlemen expressed pleasure at the splendid showing the county is making and predict a great future for it.—Aztec Index.

The Flagstaff Sun says: P. M. Gavin, who for the past year has been engaged in railroad building in Mexico, returned. For several months past Mr. Gavin has been in charge of the track laying of the line between Naco, Ariz., and Cananea, Mexico. Mr. Gavin says there are many Arizonians in Mexico, and that northern Mexico and southern Arizona are enjoying an era of prosperity.

Word comes from Ash Fork that the Santa Fe Railroad company is preparing to put in a big water storage dam in Johnson canyon, four miles from Ash Fork. The construction material has commenced to arrive, and about 300 men will be employed in the work.

MISS BONNIE DELANO

A Chicago Society Lady, in a Letter to Mrs. Pinkham says:

"DEAR MRS. PINKHAM:—Of all the grateful daughters to whom you have given health and life, none are more glad than I.

"My home and my life was happy

MISS BONNIE DELANO.

until illness came upon me three years ago. I first noticed it by being irregular and having very painful and scanty menstruation; gradually my general health failed; I could not enjoy my meals; I became languid and nervous, with gripping pains frequently in the groin.

"I advised with our family physician who prescribed without any improvement. One day he said, 'Try Lydia Pinkham's Remedies.' I did, thank God; the next month I was better, and it gradually built me up until in four months I was cured. This is nearly a year ago and I have not had a pain or ache since."—BONNIE DELANO, 3248 Indiana Ave., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine.

Trustworthy proof is abundant that Lydia E. Pinkham's Vegetable Compound saves thousands of young women from dangers resulting from organic irregularity, suppression or retention of the menses, ovarian or womb troubles. Refuse substitutes.

A spur of the railroad tracks will extend to the dam. The water will be piped into Ash Fork. It is estimated that the water supply will afford a steady flow of a 3-inch stream at Ash Fork. Three hundred men on a pay roll will help things all along the line.

The Rock Island will put on a through sleeper from Denver to St. Louis, beginning May 19. General Agent Hal S. Ray made the announcement that arrangements had been entered into with the Walash and the road will be a strong competitor in the field for Colorado-St. Louis business. The first sleeper will leave Denver May 19 and St. Louis May 18. The Rock Island will carry it to Kansas City, where the Walash tracks will be used to St. Louis. The sleeper will be coupled to the Rock Island's Kansas City and Southern trains.

The Raton Range says: One of the most popular conductors on the Santa Fe route, F. H. Sekins, has left the ranks of us ordinary pay rents and has become the leading member of Raton's 400, and assumes a proud and haughty air on the street, even passing former acquaintances without notice. The secret of this radical change lies in the recent purchase by Mr. Sekins of the fine residence on Third street known as the McPherson house, one of the best and most commodious homes in this city. In order to accomplish the removal of his goods and chattels, (likewise his family) in good shape, Mr. Sekins temporarily severed his connection with the Santa Fe company and personally attended to the job.

Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

MORE TO GO.

Superintendents Beamer and Denair Are Slated to Go.

And now comes the report, from sources authoritative that the two Santa Fe officials slated to fall into step with the procession of reorganization on the Santa Fe system, are none other than Superintendent W. B. Beamer, of the Southern California division, with offices in this city, and Superintendent John Denair, of the Arizona territory, says the San Bernardino Sun.

This will be the beginning of the clearance which it is believed will affect the train service men to an extent equal to that already felt in the mechanical department. Be it understood, however, that if such changes are brought to pass it will not be at the instance of Superintendent of Motive Power Henderson as many unacquainted with the powers of the various officials might suppose. Mr. Henderson, as head of the mechanical department has worked all changes which have been brought about thus far with one local exception, and whatever changes may be made on the coast divisions in connection with the train service department, for such, Superintendent Shepherd, of the coast lines with headquarters at Los Angeles, will be perhaps wholly responsible. The exception noted above is ex-Chief Train Dispatcher Baty, of the local office, who resigned at the request of Mr. Shepherd.

The new superintendent who succeeded Arthur G. Wells, when that gentleman was raised to the office of general manager of the coast lines, is a Northern Pacific man, and it is said that he is already looking about for berths in which to install his eastern friends. His first play was made but a few days ago when, without previous notice, he brought a Northern Pacific man west with him in the person of C. B. McMullen, who displaced Mr. Baty. "A good shepherd knoweth his flock," and it is said that the new official will provide for his even at the cost of division superintendents' heads.

THE SANTA FE CENTRAL.

Active Grading on the Line Between Kennedy and Santa Fe will commence on Thursday.

Active grading on the Santa Fe Central line will commence on Thursday, says the New Mexican. A working force has been collected at Kennedy and the line between Kennedy and Santa Fe will be the most difficult to construct, and it is desired to have it ready for the steel when that arrives in August. Eighty-four bridges and culverts will be built between Kennedy and Santa Fe. R. L. McCance, treasurer of the Pennsylvania Development company, will probably leave for Kennedy tomorrow to take charge of the construction work.

Three car loads of T rails are on the way to Kennedy from Cumberland, Md., to be used for the dump cars. The wire for the telegraph line has arrived at Torrance and construction of the telegraph line will on that account commence at Torrance instead of at Kennedy as had first been planned.

CHICAGO IS KICKING.

Merchants Want Lower Rates to Coast Than Are Now Given.

Merchants and manufacturers of Chicago have united in a strong protest to the interstate commerce commission against alleged discrimination in transcontinental rates. It is charged that by the rates made Chicago manu-

facturers are placed in competition with New York for Pacific coast trade, and for trade west of the Rockies. Attention is called to the fact that equal rates from New York and Chicago to Pacific coast points practically eliminate the advantage which should be Chicago's, owing to her situation territorially.

To this charge the answer of the railroad managements has always been that water competition by the route from New York to the Pacific are the same as from Chicago, St. Louis, St. Paul and other Mississippi river valley points.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Louise James, Maryville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

CANCEROUS ULCERS

develop sometimes from very trifling causes, and when and where you would least expect them. A boil, or abscess, burn, blister, wart, tumor, mole, or the simplest little pimple may be the beginning point of a malignant, frightful looking Cancerous Ulcer.

Apparently there is no difference between a Cancerous and Common Ulcer when they first make their appearance, and for this reason every ulcer, no matter how insignificant or harmless it may seem, and all slow healing sores should excite suspicion and cause alarm, particularly if any of your ancestors ever had Cancer, or you have good reason to think your blood is impure; for the sore, after all, is only the outgrowth, the external evidence of polluted blood, and nothing can check its progress until the cancer tainted, vitiated blood has been purified. All efforts to heal the ulcer by means of salves or other external remedies will result in failure, for such treatment can have no possible effect upon the deadly germs and morbid matter that form in the blood and are carried through the circulation to the sore.

MOTHER, TWO AUNTS, AND ONLY SISTER DIED OF CANCER OF THE BREAST.

I had a Cancer on my left breast, which caused me great pain for three or four years. At times the pains were deep and shooting. The ulcer discharged yellow and rather offensive matter. I had given up all hope, as the doctors gave me no relief. My mother, two aunts and an only sister died of Cancer of the breast, and I am satisfied that I, too, would have been gone but for S. S. S. I felt some better after the first bottle, and after using only seven bottles, was cured. This was several years ago but have seen no signs of the Cancer since. I would urge all who are suffering from the disease to give S. S. S. a trial. Belton, Mo. MRS. JAMES CASSELL.

A SMALL SORE CAME ON THE INSIDE OF HIS LIP.

About the first of February, 1899, I noticed a small lump on the inside of my lower lip. It annoyed me considerably; the doctor cauterized it and in a few days it dropped off, but shortly after another came and broke into an open sore, and in spite of the large number of remedies I tried, it would not heal. I then went to another, and he gave me something to put on the sore, saying if it did not cure he would cut the sore out. I used his medicine, but received no benefit. I decided a blood purifier was what I needed, and began to take S. S. S. The ulcer was growing rapidly, with some pain and a crawling, creeping feeling. At first S. S. S. seemed to make the sore worse, but this soon changed, and after I had taken seven bottles the place healed entirely; my general health improved and I am as well now as ever and no signs of the disease have been seen since. Hollands, S. C. W. P. BROWN.

WOULD SCAB OVER, BUT NOT HEAL.

Mr. Jno. Massie, Owensboro, Ky., writes: "About three years ago a blister came on the right side of my nose. It grew steadily in spite of all efforts to heal it up; the pain was not very severe at first, but increased when the sore began to inflame and discharge matter. At times the place would scab over and appear to be getting well, but the scab would drop off, leaving a red, angry looking ulcer. I had almost despaired of ever curing the Cancer when my attention was called to S. S. S., and after taking a few bottles the Cancer began to gradually grow smaller, the discharge stopped, and I was relieved of the terrible disease."

Cancerous Ulcers can be reached only by a remedy that acts upon and through the blood system, and this is just what S. S. S. does. It goes to the fountain head of the disease, and drives out the germ producing poisons which cause the ulcer, and purifies and builds up again the deteriorated blood. This is the only true and logical treatment for sores of this character.

By the use of S. S. S. the ulcer is supplied with pure, strong blood, which quickly allays the inflammation and forces out all the irritating poisons, and allows the sore to heal naturally and permanently. S. S. S. acts also as a tonic, and where the constitution has become debilitated and weakened, it restores vitality and strengthens the nervous system, and helps the appetite and digestion. S. S. S. contains no Mercury, Potash or other minerals, but is guaranteed purely vegetable.

Those having a chronic ulcer or sore of any kind that is slow in healing, whether located upon the body or internally, will receive medical advice and such special information as they desire free of cost. Book on Cancer and Other Diseases of the Blood sent free.
