Sibley of Pennsylvania Makes Attack.

The National League Tangle at Philadelphia.

A Locomotive Exploded But No Passengers Were Hurt.

WILHELMINA IMPROVING.

Washington, April 28.—In the house today the naval appropriation bill was reported and the house then resumed consideration of the agricultural appropriation bill.

Mr. Curtis, of Kansas, made a brief but fervent defense of General Funston against the criticism to which he has been subjected.

"The people of Kansas," he began, "are proud of the brave and daring record of the gallant soldier made." (Applause on the republican side.) "Funston has been the object of criticism for an act which for daring of conception and execution ranks with the greatest feats of arms—he captured the new George Washington Aguinaldo."

"If another had accomplished what Funston did," he said, "the democrats would have made him their candidate for president."

Mr. Sibley, of Pennsylvania, followed with a bitter denunciation of General Jacob Smith. Said he: "I have heard of Timor, the Tartar, and of the Saracen scourge, but thank God, it took eighteen centuries after Calvary to produce General Smith. He admits he issued orders to make Samar a howling wilderness and to kill all over 10 years of age. Such a man should not be permitted to stay in the army until the sun goes down. He disgraced not only himself but every man who wears the uniform of his country. I hope there is enough courage, enough patriotism and Christianity at the other end of the avenue to see that he is stripped of his uniform within forty-eight hours."

Mr. Sibley was vigorously applauded by the democrats and some republicans. Mr. Williams, of Mississippi, heartily endorsed Mr. Sibley's onslaught upon Smith, whom he described as "a brute in uniform." "But, I am a little afraid," he continued, "he does not strike the evil in the right quarter. It is the system which should be struck at, not the man who unconsciously carries out the spirit of the system. Wherever there is a war of conquest against a weak and inferior colored people, deeds of brutality naturally occur."

PERPETUAL INJUNCTION.

Three Men must Play with the Philadelphia Club.

Philadelphia, Pa., April 28.—The court of common pleas today granted a perpetual injunction against Second Baseman LaJoie and Pitchers Bernard and Fraser, restraining them from playing with any base ball club other than the Philadelphia National League club.

DESPERATE CONDITION.

Kansas Millers Say They Must Have Reciprocal Concessions.

APPEAL BY WIRE.

Washington, April 28.—When the senate convened today Mr. Ferris, of Kansas, presented the following telegram received from the Kansas Millers' association:

"Kansas millers, on account of foreign discriminations, with the best wheat in the world at their door, are not producing over one-third their full capacity. Unless your committee on foreign relations can give us relief through reciprocal concessions, thus placing our millers on an equal basis with foreign mills, our mills will shut down indefinitely and some of them will be forced to the wall. In our distress we look to our senators for relief."

The telegram was referred to the committee on foreign relations. The senate concurred in the house amendments to the oleomargarine bill which passed the measure and sends it to the president.

Mr. Teller's amendment to the renovated butter bill, as passed by the senate, defining the butter trust, and providing a tax of 10 per cent shall be imposed upon the products, capital and assets of such trust, was defeated by a vote of 25 to 28.

At 2 o'clock the senate took up the Philippines government bill and Mr. Fitzsimmons, of North Carolina, addressed the senate in opposition to the measure.

Sailors on a Tear.

Venice, Italy, April 28.—All members of the crew of the United States cruiser Chicago, arrested for disorderly conduct here yesterday, have been

sentenced to terms of imprisonment ranging from three to four months each.

LOCOMOTIVE EXPLODED.

Two Cars Blown Over but No Passengers Were Hurt.

Dover, N. J., April 28.—A locomotive attached to a passenger train on the Delaware, Lackawanna & Western railroad, blew up near here today, killing the engineer, George Trimmer, of Washington, N. J., and Fireman Joseph Mayberry, of Portmurray, N. J. None of the passengers were hurt. The first two coaches were blown on their sides but all passengers were taken out safely.

The Government Endorsed.

Paris, April 28.—The minister of the interior this afternoon made public the results of 574 elections, which give the ministerialists 234 seats, and the anti-ministerialists 158 seats.

A COMPLETE AGREEMENT.

Conferees on the Chinese Exclusion Bill Reached an Agreement.

Washington, April 28.—The senate agreed to the conference report on the Chinese exclusion bill. The conferees reached a complete agreement. It strikes out that portion of the senate bill limiting the extension of all existing laws to the life of the present treaty and re-enacts them so far as not inconsistent with treaty obligations until otherwise provided by law; and extends the laws to our island territories so far as applicable. It allows the Chinese to enter for exposition purposes and retains the provision regarding certification in the Philippine islands.

MINING SALE.

Silver Cell Mine Purchased By St. Louis Capitalists.

OTHER NEWSY ITEMS.

Special Correspondence.

Silver City, N. M., April 25.—Ed. Young, C. C. Shoemaker, J. R. Hicks and Clarence Bayne made a pleasure and business trip combined to Santa Rita and other mining camps in that section today.

The base ball game given by the base ball club was an enjoyable affair. The home of Dr. W. H. White was made happy the other evening by the arrival of a eleven-pound boy.

Fred Bush, editor of the Enterprise; W. S. Cox, the hardware merchant, and Frank Jones, the wholesale grocer, left this morning for a several days' business trip in the Mogollon district.

A mining sale of considerable magnitude was closed in this city this week whereby Harold Finch and other St. Louis parties bought the famous Silver Cell mine lying in the Pinos Altos district. The mine was the property of the Dimmock Brothers, who have a large number of improvements on the property in the way of a concentrator and a smelter. It is said the purchase price was about \$100,000, which included the two mills and other improvements. It is the intention of the new owners to put a large force of miners to work immediately doing development work and taking out ore. This mine was reported to have been sold to Washington parties about a year ago, but the sale fell through on account of the buyers failing to make the payments. It is one of the richest silver mines in the southwest, almost solid blocks of the metal have been taken out of the mine.

Mr. and Mrs. J. W. Bible passed through this city yesterday on their way to Colorado Springs. Mr. Bible is largely interested in mining property in the Hanover district with some Colorado Springs parties.

Mr. and Mrs. W. C. Porterfield left on the Wednesday evening train. Mr. Porterfield will go to New York and other eastern cities, while Mrs. Porterfield will go to Dallas, Oregon, where she will visit her brother for several weeks.

Were in Las Vegas.

B. Spitz returned to Albuquerque today after a few days visit to a good city.

A. B. McMillan, solicitor for the First National bank of Albuquerque, is in the city.

E. W. Dobson, of Albuquerque, was here today and incidentally remarked that Albuquerque had a "cinch" on the army post.

Deputy United States Marshal Hall is out in the country west of here subpoenaing witnesses for the session of the United States court which meets in Las Vegas on May 12.

S. Burkhardt, a nephew of T. B. McNair, is here from Albuquerque today to attend the Jemez grant hearing. He is one of Albuquerque's young and hustling attorneys.—Las Vegas Record.

The Methodists.

Thirteen were received into full membership and four on probation yesterday at the Lead Avenue Methodist church, three of whom were baptized. Seven of these, however, were from the mission school who will soon return to their homes. Seven were received a week ago Sunday, by letter, who will be more permanent members of the community. The Epworth league was led last night by the junior and intermediate leagues in charge of Mrs. Fisk and Mrs. Bunker. The exercises were exceedingly interesting, showing that most excellent work has been done with them by their leaders. All who were present were instructed and highly pleased.

A CONSTITUTION

Report Russia Will Have One.

Three Killed by a Santa Fe Train.

Archbishop Corrigan Thought to Have Passed the Crisis.

SOL SMITH RUSSELL DEAD.

St. Petersburg, April 28.—Persistent reports are in circulation to the effect the czar shortly will issue a ukase giving Russia a constitution similar to the scheme for administrative reform drawn up by the late General Loris-Melikoff when he was minister of the interior, and which was sanctioned by the late Czar Alexander II.

Rioting continues to spread in South Russia. The military thus far has been unable to prevent incendiarism, terrorism and plundering of landed proprietors. Prince Obolensky, governor of Kherson, is apprehensive of a rising of that government.

The police forces in many cities have been increased in strength, notably at Irkutsk and Archangel.

THREE WERE KILLED.

Horses Broke Through the Gates Onto the Track.

Joliet, Ill., April 28.—Three people were killed at Patterson crossing on the Santa Fe road, just south of Joliet, last night. A fast passenger train crashed into a buggy containing Mrs. M. B. Mulock, her daughter, Ora, and a young man named Floyd C. Pearce. The man and young woman were killed outright, and Mrs. Mulock died shortly after reaching the hospital. The watchman had the gates down, but the horses broke through, getting upon the tracks just in front of the train.

A COMFORTABLE NIGHT.

Archbishop Corrigan Believed to Have Passed the Crisis.

New York, April 28.—Archbishop Corrigan passed a comfortable night. Dr. Joseph Corrigan, of St. Leo, Fla., and Rev. Father George Corrigan, of Newark, N. J., brothers of the archbishop, arrived yesterday and spent last night at the archiepiscopal house. Father Corrigan today said:

"The archbishop passed a very favorable night. He practically passed the crisis last night, and I think he is now out of danger."

PRESIDENT CAN'T GO.

Unable to Attend Meeting of Military Organization.

Washington, April 28.—President Roosevelt will not be able to attend the meeting which begins in New York tonight of the Military and Naval order of the Spanish-American war, of which he is commander, but has commissioned General George H. Harries, who is a member of the organization to convey his best wishes for a successful meeting and his regrets at his inability to attend.

INSURRECTION ENDED.

General Smith's Orders Were Necessary, Says Major Waller.

FIVE MEN AMBUSHED.

Manila, April 28.—The trial by court martial of General Jacob H. Smith, on the charge of conduct prejudicial to good order and discipline was resumed here today. Major Littleton W. T. Waller, of the marine corps, testified to receiving from General Smith orders to "kill and burn" and render Samar a "howling wilderness," previously referred to in these dispatches. "The men of Samar," said Major Waller, "were capable of more treachery and more implacable than the tribesmen of the Sudan." Without Smith's drastic measures the war there would not have been ended yet. General Smith never intended killing women or children. Corporal Pritchard of the Ninth infantry, who took part in the fight at Gandara, testified he saw boys 12 years of age, fighting and slashing with bolos. Others told of the ferocity of Samar natives.

Insurrection Ended.

Manila, April 28.—The surrender of insurgents on the island of Samar, headed by General Guevarra, has been officially effected. It is believed the insurrection on Samar is ended.

Five Men Ambushed.

Manila, April 28.—Five men of the constabulary have been ambushed at San Juan Del Monte, near Manila. One of the party was killed and one injured. The Filipino band, consisting of thirty ladrones, was well armed, most of them carrying Mauser rifles. A force of constabulary is scouring the neighborhood for the bandits.

Dr. Thoms Dead.

Pueblo, Colo., April 28.—Dr. Peter R.

Thoms, one of the best known physicians in the state and for a number of years superintendent of the state insane asylum, died here today of a complication of diseases. He was 62 years of age and leaves a wife and daughter.

Sol Smith Russell Dead.

Washington, April 28.—Sol Smith Russell, the actor, who has been in impaired health for several years, died here today.

MANY SPECIALS.

Santa Fe Has the Lion's Share of Federation Business.

For the last two or three days special trains in great numbers have passed through here on the way to Los Angeles for the meeting of the Federation of Women's clubs. The specials are going through here at the rate of five or six a day. All regular trains have been running in from two to four sections. Saturday and yesterday the Texas, Colorado, Nebraska, Minnesota, Iowa, Delaware, Pennsylvania and Washington, D. C., delegates went through. Today, the Ohio, Pittsburgh, St. Louis and Kansas City delegates went through. The private car of Mrs. Rebekah Douglass Love, president of the Federation was a mass of flowers. While the car was in Kansas City, it was beautifully decorated and it still retained its freshness when here. On the sides of the car were the letters: "G. F. W. C." in real Kansas sunflowers. The Santa Fe has received the lion's share of the business.

A report reached this city this morning that forty widows, all young ladies, left Kansas City, Mo., this morning for Albuquerque, to accept positions in the Alvarado hotel.

SHOCKING ACCIDENT.

Warren Caldwell, a Miner, Run Over and Killed at Maine Station.

RIDING THE RODS.

The citizens of Maine, a lumber station on the main line of the Atchison, Topeka & Santa Fe railroad, between Flagstaff and Williams, were shocked Thursday evening, after the local passenger had passed the station, to find a man lying in the center of the track all torn to pieces, says the Williams News.

Usually this train (No. 2) stops at Maine to discharge express, and on Thursday evening one was observed near or about the train other than the mill men. When the train pulled out, however, the night watchman discovered the body, with head completely split open, right hand severed from the arm and all the bones of the body nearly broken.

The man was no doubt stealing a ride upon the rods, and, being somewhat under the influence of liquor—an empty bottle being found near the body, and there being strong fumes of liquor apparent—must have been jarred from the rods, with the above result.

The body was dragged about two rail lengths, and when found was lying upon the back, directly in the middle of the track. Death was instantaneous—no sound being heard by parties standing within ten feet of where the body was found.

Directly upon finding the body Mrs. J. M. Dennis telegraphed the authorities, and Friday morning Deputy Sheriff James Kennedy, Undertaker J. S. Button, and Coroner Ranney, of Williams, arrived upon the scene.

Upon searching the man's effects the following card was found, indicating the dead man to be no ordinary hobo, but a hard working miner, and in good standing among his fellows: No. 59.—United Federation of Miners. (Traveling Card.)

Jerome, Ariz., Warren Caldwell, dues paid up to August 27, 1902. (Signed) J. A. WILLIAMS, President.

Jerome, February 27, 1902.

On the back of the card was the endorsement, "Reinstated February 27, 1902," and showing dues paid until six months after date.

This card calls for \$10 sick benefit and \$75 for funeral expenses, and Mr. Button has telegraphed John Ryan, secretary of the union, for instructions as to the disposition of the body before removing the same.

Will Soon be Ready.

V. Vizzetti, who is here personally superintending the fixing up of the new Alvarado hotel, stated today that the fine hotel will be open to the public on May 10, and not before.

The hotel, however, said Mr. Vizzetti, "will really be ready before date but not for business. Several days before May 10 a general invitation will be extended to the citizens of Albuquerque, especially the ladies, to call and inspect the handsome hotel from top to bottom, and Manager Klooz, with others, will be pleased to show courtesies to all visitors."

Wilhelmina Is Better.

The Hague, April 28.—Residents of Castle Loo say the queen is so far improved in health as to be able to leave her bed today for a few moments and the queen mother is quite satisfied with the progress made.

A Daily Affair.

Port Au Prince, Hayti, April 28.—It is reported another revolution has broken out in Santo Domingo. Telegraphic communication between the republic and Hayti is entirely interrupted.

VERY SURPRISING

Our Navy Don't Amount to Much.

Schley Presented With a Silver Service.

A Heavy Rainfall in Kansas, Missouri and Iowa.

ROOSEVELT SENT REGRETS.

Washington, April 28.—The navy program for 1903, as presented by the naval appropriation bill and its accompanying report filed today by Chairman Foss of the house naval committee, does not take as optimistic a view of our naval progress as is generally held. Mr. Foss points out that comparatively few of our ships have any real fighting value. He accompanies this with a statement of the enormous naval armament and program of other countries, particularly Germany. It is shown by the report that the total number of vessels built and building is 138 at a total cost of \$235,082,209. Of these, it says few have real fighting value. Our naval prowess lies almost entirely in our eighteen battleships, eight armored cruisers and twenty-one protected cruisers. The rest of the ships cut little figure in actual war. A detailed statement shows the appropriation bill carries \$77,659,386 which is slightly below the appropriation made last year.

PARADE ABANDONED.

Admiral Schley Was Presented With a Silver Service.

Memphis, Tenn., April 28.—Owing to the rain the street parade in honor of Admiral Schley was abandoned. At 3 o'clock the first public function of the visit occurred at the Auditorium where the admiral was presented with a silver service contributed by his admirers in Tennessee and adjoining states. The present was delivered by former senator Thomas F. Turley.

STORMS THIS MORNING.

Heavy Rainfall in Missouri, Kansas and Iowa.

Kansas City, April 28.—A heavy rain fell last night in southeastern Kansas and southwestern Missouri, accompanied in places by severe hail. At Lawrence, Kan., the water fell in torrents. It improves crop conditions greatly.

Central Iowa Helped.

Des Moines, April 28.—Central Iowa during the early hours this morning experienced the benefits of a heavy fall of rain. The storm lasted three hours and the soil is now in excellent condition.

Damage in Missouri.

Nevada, Mo., April 28.—Heavy hail storm accompanied by high winds and covering a radius of ten miles around Nevada prevailed early this morning, doing considerable damage.

CLOSED THE DEAL.

Land Purchased for the New Opera House.

SELLING SEATS TODAY.

The Elks have closed the deal for the land owned by Frank Sturges and the San Felipe site for the new opera house. The sum of \$1,000 down was paid and the balance will be paid with in sixty days. The largest sum subscribed by any one individual was \$1,000, given by William McIntosh.

A committee from the Elks was around this morning selling seats for the first performance in the new opera house. The seats are being sold at \$5, \$10 and \$15, and the committee is meeting with a liberal response.

Work will be commenced tomorrow clearing up the San Felipe ruins preparatory to building the new opera house by the Elks. It is expected to have the house finished in time for the fair.

A class of thirteen was taken in Saturday night. They were Jay A. Hubbs, Dr. W. N. McGugin, M. W. Flournoy, B. H. H. W. S. Strickler, Ed. Fluke, G. L. Brooks, H. Brockmeier, Felix Lester, Dr. D. H. Carns, J. A. La Driere, W. C. Butman and F. McGinn.

LOCAL PARAGRAPHS.

Tony Michelbach, the old town butcher, is around today bragging on the trotting qualities of his horse, "Weiner Wurst." The animal was in the green trot yesterday afternoon and was second in the race. "Weiner Wurst" is too fast for Michelbach's meat wagon, but, like the Goldust stock of Kentucky, not fast enough to win a race.

Miss Isabel Spencer, daughter of Mr. and Mrs. E. W. Spencer, will leave for Pueblo, Col., in a few days where she will take a three years' course in the Colorado Fuel and Iron company's

hospital for trained nurse. Miss Mary Renison of this city is now at this hospital. The Citizen believes that Miss Spencer will make a most efficient trained nurse.

The financial committee of the territorial fair association is around this afternoon and up to 4 o'clock had received about \$2,000 in subscriptions. To insure a grand, successful fair, about \$6,000 should be subscribed. Let everybody put down his or her name for something.

Edward Grunsfeld, who was recently appointed the New Mexico and Arizona general manager of the Equitable Life Assurance society, returned today on the limited from New York, and no doubt will be ready to assume complete control of his new position on May 1.

Messrs Saint and Kennedy, of the Albuquerque Eastern and Santa Fe Central railway, went up to Gaistoe this morning, where they will remain for a few days. Mr. Saint says positively that work on the new line will be commenced on Thursday.

Care Reinken of Belen is expected here tonight from Wisconsin, where he went a few weeks ago with Mrs. Reinken and child. The latter will spend the summer at Manitowish, Wis.

The program given by the Vivace club at the Congregational church Saturday evening will be repeated at the same place tonight.

A Big Company.

Trenton, N. J., April 28.—The United Copper company, with an authorized capital of \$50,000,000 was incorporated here today. The company is authorized to mine, melt and manufacture copper, gold, silver and other metals.

SUMMER EXCURSIONS.

Special Rate Circulars Issued By the Santa Fe.

MANY CONVENTIONS.

The Santa Fe has just issued circulars announcing three important excursions for this summer. The circulars are dated April 22, 23 and 24, and are signed by W. J. Black, general passenger agent.

The April 22 circular refers to the annual meeting, grand lodge, benevolent and protective Order of Elks, which is scheduled to take place in Salt Lake City from August 12 to 14. The round trip rate for this excursion is \$35 from Chicago, and \$25 from Missouri river stations. From all stations east of Coolidge, Kan., the rate will be \$10 higher than to Denver and return, and from Colorado, New Mexico and El Paso, one lowest first class fare for the round trip.

The dates of sale in Kansas are August 7, 8, 9 and 10. The tickets are good until September 30. The regulations also give stopover privileges both going and coming west of Colorado common points, and permits tickets to be routed over any combination of lines west of the Missouri river.

It is likely that Albuquerque and other New Mexico towns will send delegations of Elks to the convention.

The Santa Fe is issuing a special series of advertising for the Elks excursion, which will be published in eastern magazines, and western newspapers. The advertising consists of a specially drawn design emblematic of the order.

The April 23 circular refers to rates to the triennial convention of the International Sunday School association, which will meet in Denver from June 26 to July 2. The rate from Chicago for the return trip is \$25, and from Missouri river points is \$15. From Colorado, New Mexico and El Paso the rate is one fare for the round trip. This rate is the same as the special summer excursion rate, which was authorized some time ago. Tickets for the convention are good for continuous passage only, and expire on July 5.

The April 24 circular announces what is practically a one-fare rate to the annual meeting of the Young People's Christian Union society of the United Presbyterian church, which is to be held at Tacoma, Wash., from July 23 to 27. The final limit on these tickets is September 15, and extensions must be arranged for stopovers by the extension pasteur system. The tickets go on sale at Kansas points on July 16. Purchasers of this excursion rate ticket are obliged to go by the most direct route, and the trip through California is barred.

Another special circular has been issued by the Santa Fe announcing the opening of a stage line from Le Grande, Cal., and Mariposa, Cal. Le Grande is on the San Joaquin valley line, and Mariposa is in the heart of the celebrated big tree district. The distance by stage is thirty-two miles. Another ninety-mile stage trip is also being advertised from Merced, Cal., to the Yosemite valley.

FUNSTON ACCEPTED.

He Will Come to Albuquerque for the Fair.

General Fred Funston promised O. N. Marron he will attend the fair next fall. Mr. Marron has just returned from Denver, where he went as the special representative of the fair association to extend the invitation. He will be accompanied by his entire staff and the troops at Fort Wingate will be ordered in during the fair and it is expected that four troops of cavalry will be here. The officers of the association are greatly pleased over the hearty acceptance.

This city should extend its boundaries so as to include old town and Barajas.

The Elks opera house should be completed before the opening of the territorial fair next fall.

The Pueblo Chieftain is thirty years old, and also one of the very best daily newspapers in the state of Colorado.

The El Paso dam scheme has been hung up in congress, but it will need close watching by the people of New Mexico.

The people of New Mexico and Arizona ought to have as good treatment from the United States as Cuba and Porto Rico.

The statehood bill will be called up in the house this week. The opposition to the territories will make a determined fight against the bill.

This paper is kept so busy trying to pay bills every Saturday that it has no time to sympathize with the woes of Generals Funston and Miles.

The elementary schools connected with the orthodox church of Russia have an attendance of 1,500,000 children. Their average cost is \$105 a year.

Young Alfonso will ascend the Spanish throne May 17, and three days later Palma will become president of an island that was once the gem of Spain's empire.

By the completion of the reservoir system the upper Nile district will be assured of irrigation in both winter and summer. The cost is to be defrayed by an increase in the land tax.

Frank Munsey, who is buying up newspapers right and left is reported to be doing so in the interest of Mr. Hanna's candidacy for the presidency. It looks very much as though the Ohio senator might become a person to be reckoned with in 1904.

Chicago would be benefitted more than any other city by the development of the three territories of Oklahoma, New Mexico and Arizona, and yet the principal opposition to the statehood bill for these territories comes from the Chicago papers.

RIGHT RULING.

The postal authorities at Washington, recognizing the liability of postmasters to make mistakes in getting letters in wrong boxes, have fixed a penalty of \$200 on persons taking mail out of the office other than their own and not returning it. The law is to have people look at their mail before taking it out of the office and if they should have mail other than their own they must return it at once. It also includes newspapers. The excuse that it is the postmaster's fault "cuts no ice." If you have been getting other people's mail you had better take warning or you may get yourself in trouble.

WHAT TRUSTS DO.

In his recent defense of trusts before the Indiana republican convention, Senator Beveridge cited the steel colossus and some others as examples of the beneficent workings of these combinations of capital. Speaking of the steel trust he said:

"It employs over 20,000 more laboring men now than the total number employed by all the establishments which were consolidated into this single company. The steel trust employs today more than 100,000 laborers and pays them more than \$105,000,000 every year in wages, not included officers and salaries. The average wage of each laborer is 20 per cent larger than before consolidation, and aggregate wages are over 40 per cent greater than before. Another illustration: Less than a generation ago farmers bought their wagons from numberless blacksmith shops and paid \$120 for each wagon. The farmer's business increased roads multiplied, more wagons are required. Natural conditions made wagon making a specialized and consolidated industry and today the enormous establishments of the Studebakers is one of the glories of our state and nation. It has not destroyed the little blacksmith shops, which are now

more numerous than ever; and yet it has given to the millions of users of wagons perfect wagons at \$60—half the old time price. When most of the men of this convention were farmer boys plows were made at the village blacksmith shop. In comparison with the finished instrument of agriculture which the Oliver Chilled Plow Works turn out today our boyhood plows were crude, heavy and expensive. Did these organizations cause all this progress? No, the American people, with powers unfettered, caused it; and industrial and commercial organization is only one of the people's methods of progress."

TRIBUTE TO THE PRESS.

Andrew Rosewater, in speaking before a joint meeting of the Las Vegas council and board of trade shows his appreciation of newspapers in the following language:

"You will find that you are doing a great deal toward building up a town by helping the newspapers. Newspapers cannot live on wind. It takes a great deal of money to operate a newspaper, and a newspaper that is operated in a small town works under extraordinary disadvantages. If a publisher has to work from morning until night to make a living, you cannot expect him to give space and attention to promoting your private business unless you give him support. I simply say that in order to help a city you have got to help your newspapers. They are the mirror through which people see your city from a distance."

MINING NOTES.

E. W. Gram has located the Columbia mine, about five miles west of Las Vegas. He thinks he has a fine lode of lead.

Santos Garcia, of Las Vegas, has discovered a fine gold mine somewhere in the mountains near that city. The ore he brings in is the best that has been seen for some time. He is keeping the location to himself.

J. N. Broyles gathered up all the Mexican stonemasons he could find on Thursday to go to the San Andreas, somewhere near Dripping Springs, to lay the foundations for a quartz mill. Five car loads of machinery reached Lave this week and is now being freighted to the camp. One hundred men will be employed when the mill is ready for business and the trade of the camp will largely come to San Marcial.—Bee.

In speaking of the Willow Creek placers, a gentleman who is a resident of Las Vegas, said: "I was in Elizabethtown several months, and was over the Willow Creek placers several times and can truthfully say that the company has a bonanza in them, and will make a pile of money out of them. I asked in regard to them and I can truly say that they are as fine a mining investment as I know of and I can heartily endorse them to any one asking in regard to them."

Browns at Santa Fe.
On Saturday evening Harman Wyn-
koop received a telegram from W. E.
Martin, manager for the Santa Fe ball
team saying they could not get ready
for a game of ball yesterday and ask-
ing that the Browns appear in Santa
Fe on May 4, which will be next Sun-
day. The Browns have not organized
as a club yet, and no manager has been
selected, and no doubt the letters and
telegram received came to Wynkoop
on account of his connection with the
team last season. However, he has
been instructed by the local team to
arrange for the game and the boys will

leave for the Ancient city on next Sun-
day morning, returning in the evening
at 10:10. Anyone wishing to accom-
pany the team can no doubt secure the
same rate granted the ball players and
should notify some member of the
Browns before leaving time Sunday.

TOO MUCH WIND.

It Seriously Interfered With the Races
and Ball Game.
About 300 people saw the Albuquer-
que Browns defeat the Santa Fe Pacific
team yesterday afternoon by a
score of 14 to 2. The weather was bad
for base ball and for races and the
free for all was postponed.

The green race was won by
Trimble's William L. and Tony Mich-
elbach drove in second.
Joe Barnett's St. Elmo took the 2:40
with McGinty second and Black Dia-
mond third.
Bob Collins defeated Deck in a driv-
ing wind and the quarter mile dash
was taken by My Girl from Friday.
The free for all will probably be a
part of next Sunday's program.

WON A FORTUNE.

Ben Hatfield, Miner, Leaves Arizona
with \$100,000.

A correspondent of the St. Louis
Globe-Democrat, writing from Phoenix,
Ariz., says:

One hundred thousand dollars and a
world of happiness beside! That was
Ben Hatfield's strike in Arizona, and
his story is an argument for those who
put their faith in that indefinable some-
thing called luck. It was less than
three years of good, hard work intelli-
gently performed, indefatigable energy
and good business sense that opened
the door to Hatfield's happiness. Others
have worked as hard and with
equal intelligence, but without success.
Luck, therefore, seems to be the only
differing factor.

As a boy Ben Hatfield rode the Mon-
tana range, a husky cow puncher,
blessed with good health and fired with
all the ambitions of a sturdy western
youth. Of humble but honorable par-
entage, his only capital was his two
hands, a brave heart and a determina-
tion to succeed. He was early attract-
ed by the rich mineral discoveries in
Montana, and while yet a young man
forsook the range, resolved to woo
dame Fortune with pick and drill. The
monotony of the few succeeding years
was broken only by the experiences in-
cident to the life of every miner and
prospector. That with one exception,
for not all miners have a wedding day.

Hatfield's wedding day was the turn-
ing point in his career, though till re-
cently he did not know it. About four
years ago Mrs. Hatfield's health began
to fail. Arizona's fame as a mining
field was spreading, but not more rap-
idly than the stories of its wonderful
health-giving climate. With just money
enough to travel on, saved from his
earnings in the Montana mines, and
with a thorough knowledge of the min-
ing business from the prospector's
standpoint, Mr. and Mrs. Hatfield came
to Arizona. It was December, 1899,
when they found themselves in the lit-
tle mining camp of Stanton, away back
in the hills. He went to work at once
for the Mountain Side Milling & Min-
ing company, of which George B. Upton
was general manager, announcing to
his newly made friends that he had
come after \$100,000 for himself and
health for Mrs. Hatfield. When they
boarded the train for Los Angeles a
few days ago the eyes of both were
sparkling, for their fullest and fondest
hopes had been realized.

Hatfield was made foreman of the
mine, and worked in that capacity till
December, 1900. About the 1st of Oc-
tober, 1900, Hatfield, Upton and Weis-
ling, who was also an employee of the
Mountain Side Milling & Mining com-
pany, made the location of the Oro
Grande group of mines, only six miles
north of the little town of Wickenburg,
and almost on the bank of that most
notable of all Arizona rivers, the Has-
sayampa. There was a well defined
ledge on the Oro Grande, but that
meant little for the owners, who had
prospected hundreds of ledges that
looked equally as promising. But a
little copper stain gave them hope and
urged them on. One year ago last
February the prospect hole, then 34
feet deep, changed its general appear-
ance. They had found bright, yellow
gold, and found it in most gratifying
quantity. The discovery was kept quiet
for a time, the owners being fearful
that it would prove to be only a little
pocket that would vanish as quickly as
it came. Weisling, anxious to make
the best of what seemed to be a good
thing, sold out to his partners for \$1,
500, which they managed to scrape to-
gether. Then came the real mining.
Down they went, till every dollar at
their command had gone for steel and

powder. But the gold was coming—
glittering gold that has lured men to
the tropics and well nigh to the poles.
It was no time to stop when fortune
seemed almost within their grasp.

Mr. Upton finally succeeded in inter-
esting Garrett E. Lamb, an Iowa friend,
who already had wealth at his com-
mand. He came, he saw, and he knew
a good thing when he saw it. The
shaft was sunk to the depth of 300 feet,
and drifts and crosscuts were run. In
a short year 2,000 feet of work was
done, for all the haste was made that
money and muscle could command. To-
day it is acknowledged to be the big-
gest gold property in Arizona, if not in
the world, and in a short time the out-
put of a 100-stamp mill, working on
ores of remarkable value, will be find-
ing its way to the United States mint.

But the returns will not go to Hat-
field, for he has made his clean-up. He
came to Arizona to get \$100,000, and he
got it. The expense of developing the
mine had reduced his interest to one-
sixth, but that was enough in a prop-
erty of such wonderful value. When
he intimated to his partners that \$100,
000 in hand was worth a million in the
ground they took a different view of
the case and told him his money was
ready.

That is the story of Ben Hatfield and
what makes him the happiest miner in
the west. After a short stay in Los
Angeles he will go back to his Montana
home for a visit with the old folks,
and it is safe to say no wolves will
hover near their door in their declin-
ing days, for Ben Hatfield is a loyal
son, as free-hearted, open-handed and
generous as he is good-natured and
strong. And after his summer's outing
he will return to Arizona. There are
other fish in the sea, and Hatfield now
has bait for his hook. And Mrs. Hat-
field likes the fishing.

THE SIX SHOOTER.

Capt. Jack Crawford Writes About
Cowards and Braggarts Who
Carry Weapons.

A STRONG APPEAL.

In the San Marcial Bee, writing from
Socorro, under date of April 22, Capt.
Jack Crawford has the following time-
ly communication on the subject of the
carrying of deadly weapons:

Socorro, April 22.—I have no lan-
guage in my humble vocabulary suffi-
ciently strong to convey my contempt
and disgust for the high-heeled, swag-
gering, swashbuckler ignoramus who
picks a six-shooter hanging to his belt,
at this late day of peace and advanced
civilization in this (soon to be) Sun-
shine State. And my experience in the
past twenty-four hours convinces me
that such a man should be treated
—I was about to say as a wolf, but out
of respect and admiration for a brave
animal, I will say coyote. In all my ex-
perience on the frontier in the last
thirty years I have never known a
man, except an officer of the law or a
guardian of property, who carried and
glared a six-shooter who was not at
heart a coward and a lully, otherwise
a conceited ass and fool. Lying dead
today at San Marcial is somebody's
darling boy, who, an hour before his
spirit took flight, when asked by a
Christian lady who held his hand and
smoothened back his golden locks, what
do you want, Honey? replied as he
opened his great brown eyes, "Yes, I
want my Honey." Orange Aldrich was
probably an assumed name, but nothing
in his clear, honest eyes and gen-
tlemanly deportment would indicate
that he was not all that he appeared
to be. But, whatever his history, his
young life was sacrificed through the
criminal disregard of the laws of God
and man by one of these would-be
men, who for the last forty hours has
not taken sufficient food nor sleep to
sustain a small child, and who has
wept like a woman half that time while
in my charge for his foolish act, and
stands today charged with murder,
while his wife and five innocent, flaxen
haired boys whom he loves with all his
heart, must suffer far more than it is
possible for him to do. I am a deputy
sheriff of this county and the law al-
lows me to carry a gun; yet for over a
year I have not had a gun in my belt
until I loaded my revolver two days
ago—and then not to intimidate or pre-
vent my prisoner from escaping, for he
voluntarily surrendered himself to me,
but rather to protect him from possible
mob violence. And why I write these
lines at this time, is that the press and
the law abiding citizens of this terri-
tory and the neighboring territories
may inaugurate some movement that
will forever put a stop to such out-
lawry and savagery, and to look with
contempt and derision upon every in-
dividual who carries a six-shooter for
show or bragadocio, and I sincerely
trust that editors will comment in
strong language on this subject.

CAPT. JACK CRAWFORD.

MARKET QUOTATIONS.

[Market quotations and review fur-
nished by W. P. Metcalf, No. 5 Crom-
well block, received over the private
wire of Logan & Bryan, Chicago.]

Nek York, April 28.—A marked re-
ature of the stock market today was
the strength and activity of New York Cen-
tral, Pennsylvania and New Haven.
This fact strengthened the belief some-
sort of a deal was pending between the
two last named. The buying of New
York Central was perhaps based to an
extent upon the fine showing made by
the Lake Shore. Other high priced
stocks, such as Northwestern, Dela-
ware & Hudson, Delaware, Lackawan-
na & Western and Jersey Central were
in demand. There were no rumors to
account for the strength of Reading,
and especially in the last hour, but it is
generally believed that the labor
trouble will be adjusted. Still it is well
to remember that such matters usually
take time and it is not improbable that
disquieting rumors will be afloat to-
morrow when the meeting of the sub-
committee is to be held. The general
market was strong though at times
very quiet. London sold probably about
30,000 shares on balance. The money
market remains about the same.

W. A. Givens is laid up with an attack of tonsillitis.

Bernard Sleyter, a popular and successful real estate dealer and insurance agent of Albuquerque, is in the city on a visit to his sister, Mrs. Davis.

An ejectment suit has been filed by Felipe Bustamante against Fernando Baca, over land at Penasco Lizo, on the Pecos in San Miguel county; \$500 is the sum asked for in damages.

The forest fires are still raging in the surrounding mountains. The fiercest fires are in the Mineral Hill district where thousands of feet of lumber are being ruined by the undisturbed flames. There seems to be no effort to stop the course of the flames.

H. A. Thornly has sold his cows and dairy apparatus to Travis Jones, of Los Alamos, and Billy Adlon has been at the latter place putting in the necessary machinery for Mr. Jones. The Thornly dairy was where the old Wiegand ranch used to be, just beyond Kearney's gap.

Simon Bitterman, one of Las Vegas' bright young business men, has received a call to El Paso in a business way and will sever his connections with this city and accept the flattering opportunities offered him in the Pass City. For the past two years he has been connected with the firm of Bacharach Bros., holding a responsible position. He has made a host of friends in this city who will regret his departure. He will accept a position with Lesinsky wholesale house there.

From the Record.

Sheriff Romero now has twenty-two boarders at his county hotel. He is doing a land office business.

T. A. Ackers, of Tiffin, Ohio, has arrived here with 2,000 hens for D. J. Osborn's henery and they are being placed in the new home west of town today.

C. S. Onderdonk and family left for Denver, where they will make their future home. Las Vegas regrets to lose such friends, and it is hoped they will return some time in the future, for a visit at least.

A letter from Willie Doll in Mexico City says that he arrived there in time to enjoy the earthquake. He said it lasted about thirty seconds and that it fairly made him stagger. The natives, he said, all fell on their knees and began praying, being terribly frightened. Mrs. Fred Greenier was in to see Judge Wooster to get him to guide her husband back into the virtuous beaten path good husbands should follow. It seems he has been neglecting her, of late, for other women, and colored women at that. Mrs. Greenier is a nice looking Mexican woman and her husband is an "American."

Could Fill the Paper With Them.

This paper might be filled with items like the following, and everyone be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which have cured me. It is the best medicine I ever used.—Philip E. Rhoads, Pennville, Mo. Pain Balm is for sale by all druggists.

C. E. Mead has succeeded Harry Roseberry as druggist at the store of J. W. McCoach. Mr. Mead appears to have cosmopolitan ideas and the experience that begets success.

D. W. Hitchcock was knocked silly for a few seconds by a ladder falling and striking him upon the head. Like Richard, he soon was himself again. Fred Sweet was moving a trunk from the Maine hotel to the station. It broke away from him, took some peculiar curves, hit him one square in the eye and marred his smiling countenance for several days.

Miss Lina Millard, the competent principal of our schools during the recent term, left for a visit with friends in Paris and other points in Texas. The lady should be given the preference over all other applicants for the San Marcial school during the coming term.

The store of H. Bonem & Co. narrowly escaped destruction by fire. A large hanging lamp dropped from its fastenings and the oil blazed up about the great piles of merchandise near by. People rushed in and assisted Messrs. Bonem and Moore to smother the blaze with blankets and such like goods. Very little loss in consequence.

A Nearly Fatal Runaway

Started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Bucklen's Arnica Salve cured him. Just as good for boils, burns, bruises, cuts, corns, scalds, skin eruptions and piles. 25 cents at all drug stores.

Each lady was presented with a bouquet and each gentleman with a boutonniere. Those present were Mrs. Otero, Mrs. Solomon Luna, Mrs. Berger, ex-Chief Justice and Mrs. Thomas Smith, Judge and Mrs. H. S. Baker, Judge McMillan and Miss Nina Otero.

The installation of Rev. W. Hayes Moore took place yesterday forenoon at the Presbyterian church. In the evening the newly elected elders were ordained and installed. The new elders are Judge John R. McFie, W. H. Pope, Esq., and Messrs. Alan R. McCord and Robert J. Crichton. Rev. Norman Skinner, of Las Vegas; Rev. H. C. Thompson, of Albuquerque, and Rev. Gabino Rendon, of Santa Fe, took part in the services.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more gentle and mild in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by all druggists.

Misrepresented by Home Papers.

A few days ago the Las Vegas Record contained an item in its New Mexico news, stating that District Attorney Llewellyn held that "one license covers all games, so long as only one game is played at one time." The other evening that paper received the following dispatch in reference to the matter:

"Las Cruces, April 24.—I do not hold that one license covers all gambling games and never rendered such opinion. The statement is absolutely untrue.

"W. H. H. LLEWELLYN."

The Record condensed the item from a statement which appeared in a couple of the local newspapers of Mr. Llewellyn's district, and published it as a matter of news, supposing it to be correct. We are pleased to publish Mr. Llewellyn's correction, however.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by all druggists.

Stage Robber Arrested.

Sheriff Romero did a quick and quiet \$700 worth of business this morning, says the Las Vegas Record. He received a tip that Ben West, wanted there for stage robbery, was working in the mines just north of Tecolote. The sheriff went out there early this morning, before the miners had gone to work, and stationed himself among the rocks near West's tent. When West went from his tent to get some wood for a fire the sheriff slipped around and took possession. When West returned the sheriff "got the drop" on him and placed him under arrest. Mr. Romero brought him into town and landed him safely in the county jail. The California authorities were wired of the capture and an officer will be sent here for identification.

The prisoner answers the description of the man wanted for whom there is \$700 reward.

Wants To Help Others.

"I had stomach trouble all my life," says Edward Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. J. H. O'Reilly & Co., B. H. Briggs & Co.

Supreme Court.

Before adjourning Friday evening, the territorial supreme court ordered briefs of the attorneys for Hall, in the case of the Territory vs. Hall, for murder, stricken from the files and granted thirty days' time for the filing of a new brief.

Hall has been twice convicted for murder, first time in the first degree in Chaves county when he was sentenced to death for murdering a saloonkeeper with whom he had quarreled over a negro woman with whom both were infatuated. An appeal to the territorial supreme court was taken and the case was remanded to the lower court and upon a change of venue was tried at Lincoln where Hall was convicted of murder in the second degree and sentenced to the penitentiary for life. The case is at present pending in the territorial supreme court on a motion for a rehearing.

STOCK NOTES

The Cattle and Horse association will meet at Magdalena on May 15. A strong petition will come up for consideration protesting against the removal of drift fences by the government.

The Denver Field and Farm says: The Aztec land and cattle company of Arizona—one of the most prominent cow outfits doing business on the map—has finally thrown up its tail by closing out every hoof and is now squaring itself to go into the sheep business.

The Utah output of wool this year will be 20 per cent greater than it has been for years past. Fully 15,000,000 pounds of fleece will be shipped each season, 3,000,000 pounds more than last year. The prospects for the wool industry in Utah are now brighter than they ever have been before.

The Denver Field and Farm says: There are a few good ones at Albuquerque, N. M., this spring, including the mare Action 2:28, daughter of Onward, dam of three in the list. She holds the record for New Mexico and Arizona by a half-mile trotted in 107 on a long soft track. There are also Lady Margaret 2:17 1/4, pacing; Bob Collins 2:18, Black Ike 2:22, Boone 2:23, a green horse; Nimble Jim 2:30, Deck 2:26 1/2 and several other raw ones that can show 2:25.

Senator Money, of Mississippi, says that every pound of butter that goes to the West Indies is colored a brilliant red. The dardies down there will not have any other color. They like red butter just as they adore red shirts or carmine cravats. We would have been just as pleased if the new oleomargarine bill in congress had contained a clause requiring all bull butter to be colored pink under government supervision. This would have put it in a class by itself and its friends would have been required to stand by it as a good thing, the same as strawberry ice cream.

It has just leaked out that some horses employed in carrying mails in the rural districts of Colorado, Wyoming, New Mexico and Texas are cruelly abused. In most cases horses employed are bronchos that may be bought for a small sum and the contractors care little whether they die or not. They often drive them thirty miles with mail and return without giving them any feed. If they give out are used in their stead and the worthless ones are turned out to graze until the relay plays out and in turn these are brought back into service. They get nothing to eat but grass and there are times during the year when they do not have a sufficiency of that. Affidavits show that in many cases the animals suffer with sores on their backs and shoulders. They are required to draw heavy loads with raw sore places as large as a man's hand. The postal authorities propose in the future to include a clause in the contracts with star routers requiring them to take proper care of their steeds while in service.

MAIL CLERK ARRESTED.

Postal Clerk Fred. Bartlett Charged with the Crime.

For some time people have been losing small amounts of money that have been sent through the mails; letters containing this money never reaching their destination. route running out from here, the inspector and an officer boarded the Wednesday morning train. When the train arrived here the inspector at once opened the bags and began a search for the catch letters, and they were not to be found. He immediately telegraphed to the officer to arrest Fred Bartlett, the railway mail clerk, which he did, and the money, which was marked, was taken off his person. Bartlett will be remembered as the mail clerk who was shot by Black Jack in one of the hold-ups near Folsom.—Clayton Enterprise.

Rev. Father Juillard, for the past ten years pastor of the Catholic church at Gallup, stopped over here yesterday, the guest of Father Vabre. Father Juillard was on his way home from a visit to the Grand Canyon.

The Grand Canyon forest reserve north of the Colorado river has been placed under the supervision of Ranger J. H. Sparklin. He will have the assistance of one ranger. Mr. Sparklin's salary has been increased to \$75 per month.

The president Wednesday sent to congress a message vetoing the bill granting the Central Arizona Railway company a right of way through the San Francisco forest reserve. He says this action was taken on the advice of the secretary of the interior and the commissioner of the general land office, who say the bill does not properly safeguard the government from the destruction of property in the reserve.

CAUSE OF FALLING HAIR.

Dandruff, Which Is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing in to the root of the hair where it destroys the vitality of the hair, causing the hair to fall out, dig up the cuticle in little scales, called dandruff, or scurf. You can't stop the falling hair without curing the dandruff and you can't cure the dandruff without killing the dandruff germ. "Destroy the cause, you remove the effect." Newbro's Herculide is the only hair preparation that kills the dandruff germ. Herculide is also a delightful hair dressing.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S. S. S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system **A CONSTANT DRAIN UPON THE SYSTEM.**

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Teller, Lock Box 245, Winona, Minn., says: "Six years ago my leg from the knee to the foot was so sore that physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been a perfect well man ever since."

SSS is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

ATTEMPTED HOLD UP.

E. H. Harding Was Stopped on the Street Last Night.

At 1:30 this morning E. H. Harding, night ticket agent at the Santa Fe was held up at the corner of Fourth street and Railroad avenue. He had been telephoned by his wife early in the evening and started home. As he passed Third street two men came around the corner from North Third street on to Railroad avenue and called to him to stop. Mr. Harding paid no attention to them and they called to him a second time and followed their demand with a shot. Mr. Harding stopped and the men caught up with him in front of the Myers-Abel store and started to go through his pockets. At that moment a man on a bicycle came down Fourth street and Mr. Harding called to him for help. The two men disappeared at once down Fourth street and the police were at once notified. Mr. Harding was able to give an accurate description of the men.

Judge Crawford Had a Goodly Bunch Before Him.

Judge Crawford this morning had a big grist of cases. Girard Gabaldon, who seldom fails to appear Monday mornings on the charge of beating his wife, was on hand again and got \$5 or five days. John Sherman was boxing yesterday, so he said, and hit too hard. Assault and battery was the charge and he got \$5 or five days.

Twelve charged with vagrancy were sitting in a row. Four were discharged and seven were given five days each. One, John Smith, who was begging, and threatened to take a man's watch if he did not give him money, was given ten days.

The Great Usmal Swamp

Of Virginia is a breeding ground of malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and malaria troubles. They will surely prevent typhoid. "We tried many remedies for malaria and stomach and liver troubles," writes John Charleston of Byersville, Ohio, "but never found anything quite so good as Electric Bitters." Try them. Only 50 cents at all druggists. Guaranteed satisfaction.

Kodol Dyspepsia Cure

Digests what you Eat

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."
