ALBUQUERQUE, NEW MEXICO, SATURDAY AFTERNOON, APRIL 26, 1902

NUMBER 131

WIND IN MISSOURI

A Tornado Swept Over Joplin.

Three Were Killed and Many Injured.

A Heavy Rain Fell in Missouri, Nebraska and Illinois.

WIND AT ST. LOUIS.

Kansas City, April 26.—Three persons are dead and fifteen injured, some of them fatally, at Joplin, as victims of a tornado that struck that city late yesterday. Twenty residences in Joplin were wrecked and several others in the suburbs, on Moonshine hill and Villa Heights were demolished. A conservative estimate today places the aggregate loss in buildings, wrecked and mines flooded at \$100,000.

A special to the Star from Joplin, Mo., says: A revised list of the casualties from yesterday's tornado is as follows: The dead: Ester Hunter, 2 years old, Jo. Jones and Martha Cooper, colored frightened to death. The fatally injured: John Kuger, Villa Hughes, Mrs. Thomas Smoth, of Newburgh, Mo., an unknown woman, of Byersville and Anna and Bidwell Hunter. Twenty-five others are more or less hurt.

The residences of Thomas Smith, Mrs. Nellie Sullivan, Mr. Babbs, S. D. Brower, Mr. Richards and Mr. Thomas were completely demolished, while a score or two of others were more or less badly damaged. I. W. Reynolds' house was overturned and badly damaged, but five members of the family were released unharmed. The Frisco round house was partly destroyed, the roof was blown off the Joplin Roofing company's building and the Joplin Ice & Cold Storage Supply company's suffered and the Joplin Hay company's barns were demolished. The new Baptist church was completely demolished and the base ball grand stand was blown away. The office of the White Lead works, Cooper's carriage shop and the buildings on Plymouth river, the Blackburn mine and the Cumberland Lead & Zinc company's mine were destroyed. Albert Frey's mine suffered heavy damage and the American Concentrating company's mill was badly damaged. St. John's hospital was damaged to the extent of \$1,000. The Mineral Belt Telephone company suffered a loss of \$3,000 in poles and wires, the Bell Telephone company \$1,000, Stevens hotel \$2,000, and the Roosevelt flats and the Joplin Gas company's plant were badly damaged. The houses of John Windburn and Walter Chapman were blown completely away, but the families escaped. At least fifty families are homeless.

More or less damage resulted throughout western Missouri from last night's windstorm. At Nevada a large smokestack on the state insane asylum crashed through the roof of the main building, doing several hundred dollars worth of damage. No one was hurt in Nevada and vicinity a number of barns were demolished and hundreds of orchard and forest trees were uprooted. At Lexington the Baptist church was unroofed, a huge smokestack at the water works pump house was blown down and trees and fences were laid low. In the vicinity of Warrensburg great harm was done orchards and shade trees and numerous outbuildings were blown over. Near Centerville the residence on the Robinson farm was demolished by the occupants escaped injured.

Damage at St. Louis.
St. Louis, Mo., April 26.—A wind storm that gained a velocity of forty miles or more raged in St. Louis and vicinity the most of last night and this morning. It was accompanied by a heavy rain. Havoc was wrought in various parts of the city. Trees were uprooted and broken, bill boards and fences were blown down and chimneys were wrecked. In some parts of the city sheds were demolished.

Telegraphic reports to the Post-Dispatch say rains have fallen generally throughout Missouri and Illinois. The precipitation is sufficient to relieve the suffering from drouth. Considerable damage was done in some sections and one farmer was killed near Chillicothe by a limb blown from a tree. Telephone and telegraph communication is broken in many sections of the state.

Wind at Omaha.
Omaha, Neb., April 26.—The damage from last night's storm appears today to have been general throughout the city, although no great individual loss occurred. The greater of large plate glass windows and immense skylights blown in and to pieces. Probably 100 buildings suffered the loss of roofs and cornices are off the porches. A large number of accidents, some more or less serious, occurred.

Electric wires, telephone, telegraph wires and fire and police alarm systems are badly demoralized.

Reports from outside indicate a similar damage in other nearby towns.

The rains last night were heavy and evenly divided throughout the state.

Wind in Iowa.

Marshalltown, Iowa, April 26.—A terrific wind storm did several thousand dollars damage in Marshall and Jasper counties last night.

A FIENDISH PLOT.

Dynamite Placed in a Tunnel at Niagara Falls.

Buffalo, April 26.—A special to the News from Niagara Falls says:

As the night shift went to work last evening in the tunnel of the Canadian Power company, the discovery was made of an attempt to wreck the tunnel and kill the men, thirty in number, working 160 feet below the surface of the earth. The shaft leading down to the tunnel is 160 feet deep. From the bottom of the shaft a tunnel runs north and south and men are working at both headings. Blasts were discharged by means of batteries which are operated at the foot of the shaft, the wires extending to the headings. One of the "nipper" boys discovered that one of the batteries had been cut and a cartridge cap connected and placed in a stick of dynamite. The dynamite had been placed between two boxes of dynamite, letting seventy-five pounds of the material down to the cap. Had the explosion occurred the havoc wrought would have been fearful. No motive can be ascertained for the plot.

Champ Clark Renominated.

Kansas City, April 26.—A special to the Star from Mexico, Mo., says that Congressman Champ Clark, of Bowling Green, was today renominated by the democratic convention of the Eighth district without opposition.

RIOTS IN RUSSIA.

Strikers Were Dispersed by Troops With Much Bloodshed.

SITUATION IS CRITICAL.

Vienna, April 26.—A dispatch to the Allgemeine see Zeitung from St. Petersburg, published today, announces that six riots of strikers have taken place at Moscow and the military dispersed the rioters with much bloodshed. One report says fifty persons were killed or wounded. Revolts of the peasantry in the provinces of southern Russia, the dispatch adds, are causing a more critical situation, particularly at Kieff and Poltava, where troops are required to suppress the outbreak.

CONCESSIONS MADE.

More Favorable Terms Granted to the Striking Car Men.

San Francisco, April 26.—After a conference between the United railroad and a committee from the striking car men today the committee retired to submit the concessions offered by the company to the union. They are: Flat rate of 25 cents per hour without bonuses or a rate of 23 1/2 cents per hour with bonuses; a reinstatement of the carmen discharged by Superintendent Vining; and an offer on the part of the company, when grievances arise between the company and employees, to receive a committee from the union or one from its employees. These concessions will be submitted immediately to the striking carmen.

Presidential Appointments.

Washington, April 26.—The president today sent the following nominations to the senate:

Postmasters—Texas: Dallas Herbert, Commerce; William M. Nagle, Denison; Henry L. Somerville, Richmond; William P. Riley, Willis Point; Hiram T. Andrews, Wolfe City; Anna F. Crawford, Cameron.

Steamer on Fire.

Milwaukee, Wis., April 26.—At 2:40 p. m. the steamer Indiana of the Goodrich line caught on fire at her dock here. It started in the hold and seems hard to control. There is little freight on the steamer. The loss up to 3 p. m. will probably reach \$50,000.

Building Blew Up.

Pottsville, Pa., April 26.—One of the buildings of the Shenandoah Powder company at Krebs station, this county, blew up today. Four men were killed, Amos Yarnell, Irwin Wolfe, W. J. Lindemuth and Elmer Stauffer. The body of Wolfe only was recovered.

Fourteen Houses Burned.

Norfolk, Va., April 26.—Fire today destroyed fourteen houses in the negro settlement and twenty-five families were rendered homeless. There was one fatality, a small negro boy whose name is unknown.

Failed to Agree.

San Francisco, Cal., April 26.—The jury in the case of Walter N. Dimmick accused of taking \$300 from the mint, failed to agree and was discharged.

Copper Property Absorbed.

New York, April 26.—It was announced today that all the Helms copper properties in Montana have been taken over by the United Copper company.

Mr. Ripley's Suite.

Manager Vizzetti, of the Alvarado, has set aside a suite of rooms in the hotel for President Ripley of the Santa Fe. It will be occupied on May 5, and Mr. Ripley will remain until the hotel opens on May 10.

COMMERCIAL CLUB BUILDING, ALBUQUERQUE.

GETTING TOGETHER.

Civic Federation Trying to Settle the Miner's Disagreement.

SUBCOMMITTEE NAMED.

New York, April 26.—The conciliation committee of the National Civic Federation, which is endeavoring to compromise the differences between the anthracite mine operators and their miners, met here today with the representatives of both sides of the controversy. The conference adjourned until 2 o'clock and the announcement was made that no definite results had been reached. A subcommittee of employers and men was appointed to take up the matters in dispute and will report Tuesday next. Secretary Easley of the civic commission said the speakers went over the situation very carefully. He said the general tone of the discussion was very friendly, but no prediction as to the final outcome could be made.

Senator Hanna, who was president of the meeting, said on its conclusion: "We had a very satisfactory and interesting meeting. We boiled the matter down pretty thoroughly, and it is now in shape for further discussion by the subcommittee."

WILL RUSH IT.

All Obstacles to the Construction Have Been Removed.

Los Angeles, Cal., April 26.—As the result of E. P. Harriman's visit to Salt Lake and his inquiry into the cause of the delay of work on the Oregon Short Line's extension to Los Angeles, it is now given out from a reliable source in this city all obstacles to the construction have been removed and the new railroad between this city and Salt Lake will be completed and in operation before the end of the present year.

The Referee's Statement.

W. L. Bradley, who was referee at the Probst-Wilson fight last night, today said:

"Had the seconds kept their places and allowed me to give the principals instructions or call for the second round the fight would have been continued, or the man failing to respond would have lost the contest. Wilson's men crowded around him and started to remove his gloves, which would have been no fault had he been able to respond properly for the time of second round. Wilson did not come to the center at the call of time in the second round, and while it was not his excuse I could not decide him loser, as the crowd had jumped in the ring and he had the privilege to decline. According to my best judgment of rules and fairness I decided the contest a draw."

Foresters Here.

An excursion train of over 200 members of the Independent Order of Foresters stopped here yesterday afternoon for two hours. They are on their way to Los Angeles and on the train were prominent members of the order from many countries.

Miss Ethel Fluke, daughter of Mr. and Mrs. E. D. Fluke, who was seriously ill the past few days, is reported up and around today.

The No. 2 passenger train from the west this morning came in in two sections, and all coaches were pretty well crowded.

VIEW OF NORTH FOURTH STREET, ALBUQUERQUE.

DELUGE OF TALMAGE.

Market to Be Filled With Biographies of the Minister.

ALL "AUTHENTIC" MEMORIALS.

Typewriters, pens and pencils are hurrying across fooscap, scissors are clipping out items from the daily press, and men and women are searching through files for cuts and pictures that the public may be deluged with "authentic," "authorized," and "memorial" lives of the Rev. Dr. T. DeWitt Talmage, says the Chicago Dispatch. Within ten days thousands of volumes of from 200 to 400 pages each will be pushed on the market, and already as many prospectuses have been sent broadcast.

There is hardly a daily or weekly paper and religious magazine but has in its columns advertisements of books which are heralded as "the only authorized edition." Handsome profits are held out to agents if they will go out to sell the volumes. "Magnificently illustrated, splendidly written, and in fact the largest book of its kind," is the glowing description presented to the prospective purchaser. Those who are getting out the editions are dreaming of enormous profits.

Yesterday the morning papers had a weird array of advertisements under the "Agents Wanted" column. There were seven "ads," and each purported to be the description of the only authentic and authorized version of the life of Mr. Talmage.

Some Weird Advertisements.

The following are extracts from the alluring advertisements announcing the coming flood:

The only authorized life of Talmage. Magnificently advertised; contains 500 pages. No capital required; experience unnecessary; any one can make from \$10 to \$25 a day. Beware of other Talmage books. The people want the "only authorized book," and will have no other.

Agents, don't be fooled. "Every circus has its side show—even the world's fair has its midway plausance." We mean by this that every successful enterprise has its imitators. I am publishing a "Life and Work of Dr. Talmage."

"Life of the Rev. Dr. T. DeWitt Talmage" free. The book war is on. Beware of misleading advertisements. Don't waste time with "fake" books. Large volume, finely illustrated.

Result of years of labor; not the product of scissors and a week. Agents, beware of bogus, unauthorized lives of Talmage. Book buyers will likewise beware of them.

Another bonanza for agents. Life of Rev. Dr. T. DeWitt Talmage.

Sell life of Rev. Dr. DeWitt Talmage.

Talmage, Talmage, Talmage.

The ministerial edition.

None of the books is on the market yet, though the publishers have to have them out soon. A prospectus—in itself a book of fifty pages and twenty-five cuts—was out on Tuesday, although the minister died on Sunday. In the mad haste to get these volumes out, two books, "The Trumpet Blast," a gathering of sermons and anecdotes, and "Live Coals," a compilation of sermons, have been decked with prints, embellished with a few fancy pictures and a new introduction.

Eastern Firm's Enterprise.

It was admitted by one of the publisher that an eastern house had the

"bulge on them all," for it is using cuts of Adam and Eve, Jacob, and various kings and judges of old, whereas he did not have these in stock and so had to order original ones dealing with the life of the man.

The publishers have gone wild over the sale of these "large, magnificently illustrated volumes." One company sold over 700,000 copies of the "Life of McKinley" and paid to Murat Halstead, its author, a royalty of 1 cent a copy. The same firm sold 150,000 copies of the "Life of Miss Willard," and claims to have paid the W. C. T. U. \$30,000 for the same. No one knows what the lives of Moody and Spurgeon netted, but the sum is large.

Court Notes.

Judge Baker this morning received the verdict of the jury in the case of Marcus C. de Baca against William Jenks. The verdict was for the defendant.

The court appointed as jury commissioners for the United States jury at the next term, Wiley M. Weaver, of Gallup; Martin Sanchez, of Punta de Agua, and L. H. Chamberlin, of this city.

Formal judgment was entered in the case of Rosalie Armijo and others against Sofie Alexander for \$1,352.

Grunsted Brothers brought suit against Marcus P. Sawtelle for \$287.84 for goods said to have been furnished.

Town Burned Out.

St. Joseph, Mo., April 26.—A special to the Journal from Marysville, Kan., says: The town of Herkimer, six miles west of here, was almost entirely destroyed by fire which broke out shortly after midnight. The place had a population of about 500. The origin of the fire is unknown. The property loss is estimated at \$100,000.

SUPREME COURT.

Remands the Elephant Butte Dam Case to District Court.

OTHER IMPORTANT CASES.

In the territorial supreme court Thursday afternoon, the case of John W. Rush vs. T. J. Fletcher, an appeal from Eddy county, was argued and submitted. The dispute involves a parcel of land in that county.

The case of the United States vs. Lewis E. Denmore, from the Second judicial district, was continued to the next adjourned session.

Yesterday afternoon the case of the Territory vs. Joseph Taylor, from Chaves county, was argued and submitted.

In case No. 879, the United States vs. America vs. The Rio Grande Dam & Irrigation company, the mandate of the supreme court of the United States, was presented and the court reversed and remanded the case to the district court of the Third judicial district with instructions to proceed in accordance with the mandate of the supreme court of the United States. The intervening petition of the territory herein was denied.

Yesterday forenoon the judges devoted to consultations on opinions which were handed down in the afternoon. The court adjourned late yesterday afternoon.

Opinions were handed down in the following cases:

Territory vs. Jose Manuel Gonzales, from Guadalupe county, the decision of the lower court was affirmed.

The appeal of Frank Aldrich, receiver, etc., appellant, vs. Edgar M. Young, appellee, from Grant county, was dismissed and remanded. Attilano Leyba, appellant, vs. Manuel Armijo, justice of the peace, appellee, appeal from Bernalillo county, was remanded.

Emil Conway, minor, et al., appellee, vs. James S. Carter, administrator, et al., appellants, from Grant county, affirmed.

Edward C. Machen, appellant, vs. Arthur B. Keeler, appellee, appeal from Socorro county, dismissed and remanded.

The United States of America, appellee, vs. Benito Griego, appellant, from the First judicial district, affirmed.

Fred H. Jung, appellant, vs. Ben Myer, appellee, from Bernalillo county, dismissed and remanded.

The Territory of New Mexico, appellee, vs. Lazario Cordova, appellant, from Socorro county, affirmed.

The Board of County Commissioners of Socorro county and Socorro county, plaintiffs in error, vs. Charles F. Blackington, defendant in error, from Socorro county, remanded for further proceedings.

Ambrosio Armijo, et al., plaintiffs in error, vs. George K. Neher, defendant in error, from Bernalillo county, plea overruled.

Razora L. de Baca, administratrix, et al., plaintiff in error, vs. A. G. Wilcox, defendant in error, from county, reversed and remanded with instructions to dismiss writ of sciens facias.

Territory of New Mexico, appellee, vs. C. C. Berry, et al., appellants, from Chaves county, motion for a rehearing overruled.

Melton Chaves, appellant, vs. Ernest Myers, appellee, from Bernalillo county, affirmed.

Territory of New Mexico, appellee, vs. Catarino Gonzales, appellant, from San Miguel county, affirmed. Gonzales was sentenced for murder.

The suspension of Attorney E. O. Neal, of Tularosa, by Judge Parker for unprofessional conduct, was approved but Neal was authorized to resume practice on May 5. Court adjourned to August 28.

SOMETHING NEW

Wild Report About the Alvarado.

Bank Robbers Worked for Nothing.

Action May Be Brought Against the Beef Trust.

WHITE STAR LINE FREE.

Topeka, Kan., April 26.—The Santa Fe has offered the new hotel at Albuquerque to the Seventh Day Adventists with the understanding they will establish therein a sanitarium to be operated on the same principles as the one at Battle Creek, Mich. The hotel in Albuquerque has not been a success financially and the Santa Fe made the offer to attract travel for free treatment in case the sanitarium should be re-opened.

The above Associated Press telegram was news to the Santa Fe and Harvey officers here. Mr. Vizzetti, the manager of the Alvarado, said: "I don't know anything about that. I am satisfied it must mean the Montezuma hotel at Las Vegas. This hotel has not yet been opened. How could it be a financial failure? It must be the Montezuma."

VAULT WAS FORCED.

Citizens Were Awakened and the Robbers Got Nothing.

St. Louis, April 26.—A special to the Post-Dispatch from Cairo, Ill., says:

"The vault of the First National bank of Wickliffe, Ky., was blown open by robbers at 2 o'clock this morning. The sound of the explosion awoke the citizens of the town, who drove the robbers off. The robbers, who were four in number, did not succeed in getting in getting any money."

AFTER THE BEEF TRUST.

A Special Attorney is Investigating Conditions in Chicago.

Chicago, April 26.—William A. Day, assistant to Attorney General Knox and special counsel to the interstate commerce commission, arrived in Chicago today to confer with District Attorney S. H. Bethea relative to taking action against the so-called beef trust. Mr. Day said he did not bring with him the application for an injunction which the attorney general has ordered filed against the packing firms of Armour & Co., Swift & Co., Nelson, Morris & Co., G. H. Hammond Packing company, the Cudahy Packing company, and the Schwabach & Sulzberger company. Further he said no bills will be filed by him today. The matter of investigation, he said, has been placed entirely in the hands of District Attorney Bethea.

White Star Line Out.

Liverpool, April 26.—J. Bruce Ismay, chairman of the White Star line, in an interview this afternoon, positively denied the report the White Star line has been sold and also denied the American Shipping Syndicate held any shares whatever in the company.

FIGHT A DRAW.

It Promised to Be a Rattling Good Mill.

The sparring contest at Orchestra hall last night was not a howling success, although the howls were there. A preliminary bout between Kid Darwin, of Brooklyn, and George Wilson, of this city, furnished some amusement and some clever boxing was done.

The main bout was between Walter Probst, of Chicago, and James Wilson, of this city, but it only lasted a round and both men claimed the decision, so it was declared a draw.

Probst claimed Wilson delivered a blow after the gong sounded, and he may have done so as no one could hear it.

Wilson claimed it on the grounds that Probst had left the ring.

In spite of the unsatisfactory ending the one round was a good one. The men started in well and mixed up from the beginning. Both are good boxers and early in the round Probst landed on Wilson several times. In the latter part of the round Wilson knocked Probst down twice. As Probst got up from the second fall he claims Wilson hit him after the gong sounded and at once the seconds and the audience commenced to argue and the argument was kept up for half an hour. The decision of a draw ended it.

Fred Shackelford Dead.

Fred C. Shackelford, who came here last October from Marysville, Ky., for his health, died this morning at 11 o'clock. He and his wife have made many warm friends since coming here. His brother-in-law is on his way here from Kentucky, and until he arrives no arrangements will be made.

Beck beer and bock wurst at the Zeiger Cafe tonight.

Scott's ice cream parlor will be open all day Sunday.

Daily, by mail, three months, \$1.10
Daily, by mail, one month, \$0.40
Daily, by carrier, one month, \$0.75
Weekly, by mail, per year, \$2.00
THE DAILY CITIZEN will be delivered in the city at the low rate of 20 cents per week, or for 75 cents per month, when paid monthly. The rates are less than those of any other daily paper in the territory.

Sheep averaged 60 cents lower in the Chicago market for 1901 than they did for 1900.

Everything points favorably to the holding of a big Territorial fair in this city next fall.

Delegate Rodey thinks the statehood bill will pass the house in May and the senate in June.

The El Paso newspapers are making a hot campaign against the gambling dens in that city.

Dr. Talmage left \$300,000 which indicates that syndicate preaching pays better than heart to heart talks.

It costs more to run the city of New York than it does to pay the expenses of Denmark, the Netherlands or Turkey.

The Fort Marcy military reservation should be sold and the proceeds devoted to the public schools of the territorial capital.

The people of New Mexico should grow their own food products this year. The lazy way of sending to eastern states for provisions should be stopped.

"We are opposed to all trusts or combinations of capital whose purpose or effect is to restrict business or control prices."—Indiana republican platform.

New Mexico and Arizona are drained each year by the gad-about habit. The Tucson Star estimates that over 5,000 people of southern Arizona will go to California during the present summer, and that they will spend \$1,250,000.

Three thousand street car employees are on a strike in San Francisco. Mayor Schmitz has given instructions to the police to carefully guard the property of the company, but has refused to permit of details being made to guard each particular car and keep it in operation.

The Santa Fe New Mexican says that some well meaning but misled eastern missionary societies class New Mexico with darkest Africa, probably for the same reason that they know as little about actual conditions in New Mexico as they know about the state of civilization of the inhabitants of the moon.

The newspapers are determined to postpone the St. Louis exposition for a year. Despite the persistent denials of the exposition officials that no postponement is intended, a recent telegram states emphatically that such is the case and that the announcement will be officially made postponing it until 1904.

The Flagstaff Gem has the following excellent business pitfall: "No man who is financially able to take this paper, and who neglects, or refuses to take it, can expect any favor, influence or patronage in any way from the editor hereof. We are for those who are for us regardless of everything else."

Quincy, Mass., has been a prohibition town for twenty years. During that period the population has more than doubled, having increased 120 per cent; the valuation of property has increased nearly three fold, the deposits in the savings banks nearly fivefold, and the number of new houses more than fivefold. Notwithstanding the big increase in population, the amount expended for the poor department has actually decreased 12 per cent in twenty years.

THE BEEF COMBINE.

Apparently there is no beef trust, in the sense that there is a steel or a sugar trust, but the beef combine is operating in great part upon the same principles as these. If reliable newspapers of the east are correctly informed the combination which has caused so great an advance in the prices of beef centers its interests in Kansas City, and to each member of it is allotted a certain territory in which he has entire control of the business. Hence there is no competition, and of course no reduction of prices; on the

contrary, they all the time tend to advance toward the top notch. It is stated that the trade of this combine amounts to \$600,000,000 annually, and it is no very wild estimate that its profits reach \$100,000,000 a year. This combination for the atrocious purpose of making meat unnaturally dear to consumers is said not to be within the purview of the law for the regulation of trusts. Its business is not done from a single office and the price lists that are distributed over the country slightly differ one from another.

In Scotland 50,000 people have signed a protest against the title Edward VII being assumed by the king at his coronation. The protestors declare that "to allow such a title to be assumed without protest is practically to endorse the claim of lordship over Scotland, which the English Edwards set up, to represent Scotland as a conquered country, and her history a mere chapter of English history." Evidently the spirit of Wallace and Bruce has not yet entirely departed from their countrymen.

ONLY A FEW LEFT.

The Lordsburg Liberal says that the democratic party in the territory is going fast. Following the conversion of James Fielder comes the announcement that Dr. Pearce, of Albuquerque, had abandoned the old party, and now the New Mexican says that J. H. Crist has been appointed postmaster at Monero, Rio Arriba county. It will be remembered that Crist was the chief push of the democratic party during Thornton's administration. He was editor of the party organ at Santa Fe and district attorney. He it was who convicted the Borregos just to spite Tom Catron. With Pat Garrett holding down the collectorship at El Paso and Crist far enough into the party to be appointed postmaster it will be seen that the rush has started in good shape. If it continues like this the democratic territorial convention of 1904 will consist of ex-Governor Ross and Harvey Whitehill, who will have to draw cuts to see which of them will receive the nomination as delegate to congress—this, of course, providing Delegate Rodey does not make a state of us before that time, in which case these two will have to be the candidates for senators.

THE ARID LANDS.

The plans for reclaiming the arid lands of the west through irrigation, suggested by President Roosevelt and Secretary Hitchcock, have directed public attention to the extent to which the once sterile wastes have been transformed by this process into productive areas and the amount of arid soil that is yet to be reclaimed.

It is estimated that one-third of the whole United States, exclusive of Alaska and outlying possessions, consists of vacant public lands. This vast area under proper irrigation and good management is capable of sustaining a large population. As much of this area has a rich soil its utilization is one of the most important economic questions before the people, and congress must soon give it consideration.

Writing in the current World's Work Robert T. Hill of the United States geological survey calls attention to some instances of the marvelous transformation of the desert into "emerald oases" by irrigation. The hopeless looking soil of the desert, when artificially watered, when watered, is apparently more fertile than that region where rainfall is abundant. Proof of this may be seen in the wheat fields of Utah, the great cotton farm of Coahuila, the alfalfa valleys of the Rio Grande and the orchards of California.

Frederick Haynes Newell, who has been engaged for many years in conducting investigation of the extent to which arid regions can be reclaimed by irrigation and has written an exhaustive book upon the subject, declares that enough land can be reclaimed in this way to "provide food and homes for a population greater than that of our whole country today."

Notice.

The attention of tax payers of the county of Bernalillo is called to the fact that after Wednesday, the 30th day of April, all those who have not made a return of their property for assessment purposes, will according to law be assessed and 25 per cent penalty added. Therefore call at the court house, upon the assessor immediately, make your return and avoid unnecessary expense.

ALEJANDRO SANDOVAL,
Assessor of Bernalillo county.

By the Thousand.

WHITE SHIRT WAISTS. IDEAL IN THEIR Daintiness and NOVELTY.

ROSENWALD BROS.

Deming water is chemically pure—equal to Polan Springs.

COL. BRODIE.

Sketch of the Life of a Gallant Rough Rider.

Col. Brodie has a very interesting history. He was graduated from West Point in 1870, and promoted to a second lieutenant in the same year. He served on the frontier duty up to 1877, when he resigned from the service. In 1871, he was especially commended for gallantry in action with the Apaches, and was recommended for brevet by General Cook, for his services against the same tribe in the winter of 1872-73. When the Spanish American war broke out he organized the Arizona quota of the First United States cavalry, familiarly known as the Rough Riders. He organized, drilled and equipped the first squadron of the regiment at San Antonio, Texas, in May, 1898. He was wounded in the action at Los Guasimol, Cuba, on June 24, his forearm shattered by a Mauser bullet. In this engagement he was in command of the left flank. In August he was made lieutenant-colonel of his regiment. He was especially commended by Generals Shafter, Wheeler, Young and Wood and Col. Roosevelt.

After Brodie left the regular army he worked for a time as a day laborer in the mines of Arizona. His climb to the top, however, was rapid, and a few years later he was put in charge of the great Walnut Grove dam, on the Hassayampa river, north of Wickenburg.

In 1884, when the dam was about completed, an immense flood washed it out, causing the loss of eighty lives and damaging property worth millions of dollars, in the valley below. Brodie's promised wife was the sole survivor of her family, who were camped below the dam. She escaped by climbing a cliff and a few months later became Mrs. Brodie.

JEMEZ HOT SPRINGS STAGE LINE. Stage leaves Trimble's stable on Second street, every Tuesday, Thursday and Saturday at 6 a. m.; quick time. A relay of stock is kept at Zia. Arrives in the Springs in time for supper. Don't be deceived by people who tell you they will take you just as quick as the stage, for they won't. Nobody else has any change of stock on the route. Tickets for sale at Trimble's. J. B. BLOCK, Proprietor.

Penitentiary Bids. Santa Fe, N. M., April 21, 1902.—Sealed proposals will be received by the board of New Mexico penitentiary commissioners at the office of the superintendent, until 10 o'clock a. m., Monday, May 5, 1902, for furnishing and delivering at the New Mexico penitentiary the supplies hereinafter mentioned, or so much thereof as the board may deem sufficient. Payment for said supplies will be made in cash. Delivery of all supplies except perishable articles must be made within sixty days after date of award.

Samples will be required of all the articles marked with an asterisk, and these should be labeled, showing name of bidder, price, etc., and must be delivered to the superintendent not later than 9 o'clock on said day.

All bids must be made strictly in accordance with conditions on blank proposals, which will be furnished by the superintendent on application; no bid otherwise made will be entertained.

A bond will be required from all successful bidders for the faithful fulfillment of contracts within ten days after date of award.

50,000 lbs. fresh beef, prime quality, necks and shanks excluded.
25,000 lbs. flour.
5,000 lbs. potatoes.
20 cases laundry soap, good quality.
10 cases tomatoes, 3-lb. cans, eastern or New Mexico.

5 cases corn, good quality.
500 lbs. evaporated apples.
200 lbs. evaporated prunes.
1,000 lbs. rice.
1,000 lbs. granulated sugar.
120 lbs. baking powder.
2 cases salmon, flat.
400 lbs. lemon extract, (pint bottles.)
500 lbs. native ground chile.
1,000 lbs. roasted coffee.
25,000 lbs. oats.

The board of New Mexico penitentiary commissioners reserves the right to reject any and all bids.

In submitting bids for above supplies bidders should write plainly on envelope the following: "Bids for Supplies for New Mexico Penitentiary," with name or names of bidder or bidders, to avoid the opening of same by mistake.

By order of the board of New Mexico penitentiary commissioners.

H. O. BURSUM, Superintendent. Samples may be sent separately, duly marked and numbered, to the superintendent.

WEEKLY CROP BULLETIN.

Condition of Crops in Various Parts of the Territory.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, New Mexico, April 22.—The past week has been warm, with high, drying winds. Light rains over northeastern counties have relieved the drought conditions somewhat, but the showers were scattered and in western Mora county and some neighboring localities the drought remains unbroken and the conditions of stock and crops is discouraging. Conditions in the lower Rio Grande valley have improved considerably as there is plenty of water now in the Rio Grande at Mesilla Park. Corn is being planted throughout the territory, and oats and spring wheat are showing green and promising in many fields. Alfalfa has started well in all sections. As a rule cattle and sheep are in very fair condition for the season, and generally have begun to improve, although grass is starting very slowly on the ranges. Good, general showers are needed before the approaching lambing season sets in.

The following remarks are extracted from the reports of crop correspondents:

Albert—H. M. Hanson—Remarkably dry winter, but drought relieved by good rain this week. Grass is well started but it is too cool for fast growth. Alfalfa doing well. Spring work has begun. In some localities stock is poor; in others quite fair. Highest temperature, 75; lowest, 34; rain, 0.58.

Bell Ranch—C. M. O'Donel—Owing to the absence of winter moisture the range is backward. However, grass has started. Some fruit was killed by the late frosts. Rain, 0.18.

Carlsbad—H. F. Christian—Alfalfa has been well irrigated and is growing finely. Some corn has been planted. Stock is in fair condition but rain is badly needed for the ranges.

Folsom—Jackson Tabor—Favorable weather for grass and alfalfa and they are coming on nicely. The range is getting very dry and water is short. Rain, 0.14.

Frisco, Socorro County—Clement Hightower—Crop conditions favorable; dry weather with light winds and warm nights. Small grain and alfalfa are making good growth. Plenty of water for irrigation so far, but there is no snow in the mountains, and unless early rains come the grass and some of the crops may suffer. The range is fair and stock is in thriving condition. Peaches in bloom.

Fruitland—C. J. Collier—The first irrigation is bringing vegetation out fast. Owing to the dry winter and spring water is needed badly. Alfalfa and wheat are up; early gardens out of the ground, and everything growing fast. Plums and apricots blossoming; pears and apples leafing out. No feed on the range, but there is plenty of irrigation water. Highest temperature, 80; lowest, 23; no rain.

Gallinas Springs—J. E. Whitmore—Grass makes little progress on account of the drought, and planting is very backward. Fruit is coming on nicely. Cattle have begun to improve. Highest temperature, 81; lowest, 35; rain, trace.

Los Alamos—Wm. Frank—A good local rain on the 12th. Alfalfa has a good start when irrigated. No more seeding done, awaiting rain. Peas are up. A few leaves showing blossoms and crabapples show a few leaves; otherwise everything is dormant.

Lower Penasco—H. S. Creswell, Jr.—Spring crops are well advanced; corn is nearly all planted on the Penasco. Grass is coming slowly. Alfalfa is doing well; will be ready to cut in some fields within fifteen or twenty days. Gardens are nearly all planted. Fruits

in full blossom. Cattle are mending slowly; there has been small loss thus far.

Mesilla Park—A. M. Sanchez—Much activity this week as water has become plentiful and there are good prospects for heavy crops. Season thus far particularly favorable for fruits. Rain is needed badly, especially for the ranges. Corn is being planted; wheat is growing well. Alfalfa has been somewhat backward, but has made good progress during the past week. Apples, pears and plums are in full bloom and apricots and peaches are out. Highest temperature, 91; lowest, 36; no rain.

Miera—Francisco Miera—Cloudy weather with rains the past week wet the ground about three inches, enough to start the grass. No frosts. Sheep in poor condition; cattle not so bad.

Ojo Caliente—Antonio Joseph—A backward spring. Corn is being planted and more than an average crop will be put in. Alfalfa is doing well; wheat and oats look promising. Streams are quite high and a good supply of water is assured. Highest temperature, 70; lowest, 40.

Roswell—W. M. Reed—Prospects never better for a large fruit crop. Range is in good condition; cattle and sheep are doing nicely. No frost this month. Highest temperature, 80; lowest, 46; no rain.

Roy, Mora County—A. S. Bush—Light showers on the 14th. Apricots and some peaches were killed by the recent frost. Grass is coming nicely; thus far the prospects are good for lambing.

Santa Fe—U. S. Weather Bureau—Continued warm weather but without appreciable rain. Apricots and many cherries and peach trees in full bloom. Old alfalfa has a fair start already. Gardens generally are made and some early plants are beginning to break ground. There seems to be no present scarcity of water. Highest temperature, 73; lowest, 37.

Silver City—Chas. H. Lyons—All fruits promise excellent crops. Alfalfa is growing finely; planting has begun. The range is very dry and cattle are falling off rapidly.

Socorro—Prof. F. A. Jones—Fruit crop will be large, excepting apricots, which will make only half a crop. Alfalfa is growing rapidly. Gardens are all in and some are up. Wheat looking well. Cattle look well; the range is fairly good, excepting some localities near Socorro. Water is beginning to be a serious problem; there is very little in the Rio Grande.

Teel, Grant County—Hugh A. Teel—Warm weather; no frost since the 1st of April. Prospects for fruit are good; all in full bloom excepting apples. Planting corn and beans; alfalfa is six inches high. Ranges are dry; very little snow in the mountains, but the ditches are full so far.

Watrous—W. C. Needham—A dry week; little progress in spring work owing to the scarcity in irrigation water. Highest temperature, 77; lowest, 27; no rain.

Weber—E. H. Biernbaum—The week started with cloudy weather, but no rain. There is no rain; the river is very low, and very little planting can be done. Pasture is poor; stock in poor condition, and farmers are discouraged at the prospect.

Woodbury—A. J. Woodbury—Highest temperature, 80; lowest, 34; no rain.

R. M. HARDINGE,
Section Director.

UNIVERSITY NOTES.

Douglas Johnson visited the school yesterday morning and was warmly greeted by his old friends.

Prof. Tight has given a series of fine lectures this week on "The Development of the Modern Half Tone." He traced the history of the art of making half tones and on Friday morning concluded with a talk on "Modern Color Printing." The president's lectures show that he is well acquainted with his subject and has had much experience in printing and engraving.

The senior class have decided to

A great many women are subject to spells of dizziness, spots before the eyes, and a ringing noise in the head. These symptoms are commonly associated with liver "trouble" as the result of a diseased condition of the stomach and other organs of digestion and nutrition.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and the allied organs of digestion and nutrition. It cures through the stomach diseases seemingly remote from that organ, but which have their origin in a diseased condition of the stomach and digestive and nutritive system. Hence, cures of heart, lungs, liver, kidneys, and other organs are constantly effected by the use of Dr. Pierce's Golden Medical Discovery.

There is no alcohol in the "Discovery" and it is free from opium, cocaine, and all other narcotics.

Some dealers may offer a substitute as "just as good" as Dr. Pierce's Golden Medical Discovery. There's more profit in substitutes for the dealer. There's more health in the "Discovery" for you. Don't be imposed on.

"It is with the greatest pleasure I write you the benefit my mother has received from your 'Golden Medical Discovery,'" says Miss Carrie Johnson, of Lovessville, Amherst Co., Virginia. She suffered untold misery with uterine disease and nervousness, and had a constant roaring and ringing noise in her head. After taking six bottles of Dr. Pierce's Golden Medical Discovery she was entirely cured."

When a laxative is required use Dr. Pierce's Pleasant Pellets.

have their graduating photos. FORMED IN ARIZONA.

Fifteen Million Dollar Concern Incorporates, as Does a Big Financial Corporation.

Articles of incorporation have been filed with the county recorder at Phoenix, Arizona, of the Western Iron and Steel company, with a capital stock of \$15,000,000, divided into shares of \$100 each. The incorporators and directors are B. F. Brenning, Marcos Pollock, William H. Bridges, William G. Bussey, Henry W. Hodge, Irwin C. Stump, Joseph W. Stanford, Seymour P. Thomas and A. E. Pierkowski. Acknowledgments were taken in New York.

The articles named Phoenix as the principal place of business, with an executive and business branch office in San Francisco. The business proposed is smelting and working of steel and iron in any form, making armor plate, building ships, railroad locomotives, etc.

The American Security and Trust company, with a capital stock of \$10,000,000, has filed articles of incorporation, also at Phoenix. The incorporators are Roger O. Olds, Elijah E. Stanley and Melvin C. Gray. The principal office is to be Phoenix, with a branch at Detroit, Mich. The section defining the incorporation is a very long one and includes every conceivable business that could be carried on in this country, Hawaii, Philippines, Nicaragua and Central America, including the improvement and construction of waterways, harbors, reservoirs, etc.

Fire in Mountains.

There has been a fire today in the mountains above the hot springs. The smoke from it could plainly be seen sweeping across the horizon to the north of town. How it originated could not be learned.

Since the foregoing was put in type word comes to the Optic office that at 9 o'clock this morning fire started in the mountains near Mineral Hill, and is still raging, a large scope of country being included in its ravages.—Las Vegas Optic.

RAILROAD OFFICIALS.

Messrs. Biddle, Gorman and Others
Now in the City.

CONFERENCE THIS AFTERNOON.

The following prominent Santa Fe
railway officials are in the city today,
arriving from the south this morning
in special coach No. 218:

W. B. Biddle, freight traffic man-
ager of the system, Chicago; J. E. Gor-
man, general freight agent of the sys-
tem, Chicago; Charles H. Morehouse,
division freight agent, Denver; George
E. Roe, division freight and passenger
agent, El Paso; Don A. Sweet, traffic
manager of the Pecos Valley & North-
eastern at Amarillo, Texas.

L. Elmslie, of Mr. Biddle's office,
and Robert and Walter Biddle, sons of
the freight traffic manager, are with
the party.

They are returning from an official
trip over the Texas lines and the Pe-
cos Valley road of the Santa Fe sys-
tem, and are here today to consult
with merchants and to make an official
inspection of certain facts that come
within their duties.

Mr. Biddle was seen by a Citizen
representative and he stated that he
had no important railroad news to give
to the public. He thought Albuquer-
que was all right, and that the town
would continue to grow.

President O'Reilly and other territo-
rial fair officials called on Mr. Biddle
this morning, and he assured them he
would do all he could toward making
the fair this fall a great success.

The Citizen reporter asked him if
the traffic managers of the Santa Fe
system intended to meet in Albuquer-
que when the new Alvarado hotel was
ready for business. He remarked that,
on account of the delay in opening
the hotel, the proposed meeting of
traffic managers had been declared off.
However, he stated that himself and
family would be here some time in
May and would stop at the new hotel
several days.

This afternoon at the Commercial
club, the railroad officials are holding
a conference with the Albuquerque
Jobbers' association as to freight rates
south of this city.

Messrs. Biddle, Gorman, Elmslie and
Morehouse will go north tonight, while
Messrs. Sweet and Roe will return to
the south.

Notice This.
Let all the members and friends of
the various protestant churches in the
city bear in mind that there will be
union prayer services next week. On
Tuesday night, April 29, at the High-
land Methodist church, Rev. Bunker
leader. On Thursday night, May 1, at
the Presbyterian church, Rev. Powell,
leader. These services are to prepare
the way for the union meeting to begin
Sunday, May 4, led by the noted evan-
gelist, Merton Smith. "Prepare ye the
way of the Lord." M. Hodgeson, sec-
retary Ministerial association.

STOCK NOTES

The noted Guernsey cow, Mary Marshall, the leader in the model dairy at the Pan-American exposition has been sold by her breeder and owner, Ezra Michener, of Pennsylvania, for \$1,000, to Albert C. Loring, of Minnesota, who is starting a herd of Guernseys.

Ever since George Washington made the Hessian fly it has been coming westward and this spring some of the Kansas farmers would have been better pleased if the worthy father of his country had not been quite so brash, as they are losing their wheat crops by the pest.

A company backed by New York capital has obtained options on 30,000 acres of the finest grazing land in Cuba and will embark in the extensive raising of cattle for export to the Atlantic ports of the United States in competition with the cattle interests of the west.

The first of May is the time when lambing will commence in this country, although many sheepmen begin in April while others do not commence until the middle of May. Many of the wool growers are already beginning to make preparations for lambing in the way of fixing up the sheds and corrals and laying in supplies, for during lambing there is not much time to come to town and many of the successful sheepmen do not leave their flocks for even a day during lambing.

In order to make some tests as to the keeping qualities of certain butters, officers of the department of agriculture purchased forty-four tubs out of the sixty tubs exhibited at the Kansas state dairy meeting held last month. The best of this butter made from pasteurized cream which had been heated to 190 degrees F. and immediately cooled. Some of it came from skim stations fifty miles away from the central plant. The average score was 96.9, the highest being 98 and the lowest 95 1/2.

Farmers throughout the country who are enjoying the blessing of the rural free delivery system will be interested in a ruling of the department. A wealthy farmer, whatever that may be, erected a home-made box on his premises and held that the carrier was compelled to deposit the mail there. The department had provided fourteen different styles of boxes. The carrier wrote for instructions in regard to the matter and was told that the government boxes must be used in the place of the home-made article.

The cattlemen doing business in Mexico and the collector of customs of El Paso are at variance and to such an extent that the matter in dispute will be called to the attention of the treasury department. Already an appeal has been filed by Britton Davis and in his contention he is supported unanimously by the cattle raisers and dealers, a large number of whom have made their affidavits in the matter that Collector Garrett acted in an arbitrary manner in levying assessments on cattle under one year of age exported from the southern republic.

The Denver Field and Farm says: A cow that will give five gallons of milk a day is a good one and the kind which a dairyman likes to own. Milk usually retails at fourteen cents for a dollar where quarts are taken and twelve cents for a dollar where pints are taken. Wholesale milk goes at 20 cents a gallon which is considered very cheap. Milk is somewhat higher here than in the east, but the difference in the price of feed naturally increases the price of milk. Cows are easily kept in this country as there is rarely any severe weather and barn room is not always a necessary provision although the best milk dealers have barns containing the modern dairy appliances, such as separators, coolers, strainers, etc.

"Now good digestion waits on appetite, and health on both." If it doesn't, try Burdock Blood Bitters.

Cattle Thief.

Milt Elliott, indicted on six counts at Las Cruces for stealing cattle, has absconded the realm. He was under bond in El Paso and also in the territory of New Mexico.

The two men, Wilson and Rucker, who were arrested at the same time Elliott was, and on the same offenses—bringing stolen cattle into the state of Texas—skipped some time ago, but their bondsmen have for some months been using every effort to have them apprehended, but without success.

Elliott played the part of injured innocence, and when arrested here said he would willingly go to the territory of New Mexico without extradition papers. He went and upon arriving at Las Cruces got Gene Baird to go on his bond. Subsequently the grand jury met and returned six indictments against him for cattle stealing. Before the juries were found, however, Elliott left the territory and his whereabouts are unknown. The officers here have been notified to be on the lookout for him.

Her Son's Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by all druggists.

YOUNG GOULD IN PIN TRADE.

Begins Business for Himself at Age of Eight Years.

Edwin Gould, Jr., has set up in business for himself. He is 8 years old and very much in earnest. He is in the retail pin business.

For every 200 pins he collects from carpeted floors or unpainted crevices young Gould receives from his father the sum of 1 cent.

And 1 cent every Gould, and, in fact, almost everyone worth a million dollars knows, is a sum not to be despised.

Rattraps turned the tide of fortune for Jay Gould. Matches have added to Edwin, Sr.'s, millions. And undoubt-

edly pins will do as much for Edwin, Jr.

How did he go into the pin business? The explanation is very simple. Young Edwin is a serious child. Among his earliest reflections there were grave ones on the waste of things in general, and particularly pins.

First he was only a collector. It was pins for pin's sake, as it were. Then heridity asserted itself. A thing could not be pleasurable unless profitable. So he put a price upon his labors—200 pins 1 cent, surely not an unreasonable one.

It was at a dressmaking establishment in Fifth avenue that the child's pin collecting fad became generally known. The head clerk noticing that he was picking them up she smilingly offered to give him more.

"No," explained Mrs. Gould, "he enjoys collecting them."

"At home I sometimes strew them over the floor just to give him the pleasure of picking them up."

The boy's father, Edwin, has been the least written about of the Gould children. He is now about 35 years old and in appearance greatly resembles his father and inherited much of the capacity for money making, which turn he seems to have transmitted to his son.

As a young man he left college against his father's will and became a figure in Wall street. In a few months he is said to have made over \$1,000,000 in stocks.—St. Louis Post Dispatch.

Saved Many a Time.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, colds, croup, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. J. H. O'Reilly & Co., B. H. Briggs & Co.

WINTER IRRIGATION.

Bulletin Issued by Agricultural College, Mesilla Park.

The value of winter irrigation is apparent even at this early date. Fields of alfalfa un-irrigated up to the present time are almost as brown as in midwinter, while the fields that were winter irrigated are in fine growing condition.

The difference in the growth of alfalfa, with winter irrigation and without it, is strikingly illustrated with plots of alfalfa under experiment on the agricultural experiment station farm. Two plots were selected of as nearly the same type of soil as possible. One plot was winter irrigated, while the other was not. The un-irrigated plot is at this time apparently almost lifeless, while the plot receiving winter irrigation has made a fine growth of from six to eight inches.

The late frosts have injured the growing alfalfa slightly, but this damage is insignificant, when the two plots are compared. One year ago we had severe late frosts and the alfalfa receiving winter irrigation was damaged considerably, yet the yield of hay was decidedly in the favor of the plots which received winter irrigation.

There is, however, another point which should be carefully considered when weighing the value of winter irrigation. That is, the benefit derived from re-establishing capillarity with the ground water. Capillary action is the name given to the passage of moisture up through the interstices of the soil, which is nicely illustrated in the passage of oil up through the interstices of the lampwick. Evaporation carries moisture off from the surface of the soil much as oil is burned off from the lampwick. The loss of moisture from the surface soil is replaced by the movement of moisture through capillarity from the soil below and this, in turn, is replenished from still lower layers of soil, until, finally, the draft upon the moisture may reach the ground water. Drouthy spells dry out the soil to quite a depth, sometimes several feet deep, and, therefore, the capillary action is broken and will not reach the surface again until it is re-established by making the soil wet from the surface down to moisture.

This wetting of the soil seems to be a sort of priming of nature's pumps which she attends to herself in rainy belts by frequent showers, but leaves to the care of man in all irrigation sections. The re-establishment of capillarity can best be done in winter when evaporation from the surface soil is at a minimum and at a time when water is abundant. If the soil is well charged with water for several feet in depth during winter, much of the water will be available for the crop during the growing months of spring and summer. The roots of the plants will push down into the moisture and capillary attraction will bring the moisture towards the surface, thus rendering it available to the plants.

In sections where water is not plentiful for irrigation purposes during all seasons of the year, the question of the storage and conservation, in the soil, of the flood waters of winter is of great importance, and the writer believes that more attention should be given to it, at least until dams, reservoirs, or other larger storage systems can be established for the conservation of the waste waters of winter and flood seasons.

SICK MADE WELL; WEAK MADE STRONG

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy is Free to All Who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, 2757 B. Bites Building, Fort Wayne, Ind., makes the startling announcement that he has surely

DR. JAMES WILLIAM KIDD.

discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free, to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

Care of Trees.

Mayor Myers is in correspondence with the water company and trying to make a more suitable arrangement in regard to the watering of trees. The present arrangement is unsatisfactory and those whose trees are thriving have looked after them themselves. This has made practically a double cost and the mayor is trying to figure out a better plan.

Try Chamberlain's Stomach and Liver Tablets, the best physic. For sale by all druggists.

A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by all druggists. 50c and \$1. Trial bottles free.

Scouring Mills Started.

The wool scouring mills got up steam and started a full force at work. At present Arizona wool is being received and it is not expected New Mexico wool will begin to come in before the middle of May.

Wants To Help Others.

"I had stomach trouble all my life," says Edward Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. J. H. O'Reilly & Co., B. H. Briggs & Co.

Your sewing machine is not worn out; all it needs is the attention of a skilled mechanic who is not an agent "for the other kind." See that man at the Desert Gun & Wheel Shop, 107 North First street.

Wanted, everyone to count the dots for a \$500 piano. See advertisement on page 6.

Mines and Minerals

The water shaft at the Treadwell camp, near Kingman, was destroyed by dynamite the other morning and a miner named Fred Jennings has been accused of the deed. A warrant has been issued.

At a meeting of stockholders of the South Blisbee company forty-six mining claims near the Copper Queen property were sold to Gordon R. Campbell, of Calumet, Mich., for \$1,200,000, \$150,000 in cash and the balance within two years.

Marguerito Romero and wife have sold to the El Porvenir Coal & Fuel company, for the sum of \$1,000, all the coal, lignite and minerals lying under certain ground around El Porvenir, and the use of such surface as is needed for the operation of mines.

The Iron Age says: A better feeling is prevailing in the copper trade. One point, however, is being overlooked, and that is that the Greene company in Mexico is rushing into line as a great new producer. This company is now sending to market over 3,500,000 pounds fine per month, and is soon expected to reach close to 5,000,000 pounds.

S. H. Elkins, postmaster of Columbia, Mo., while at Dolores, southern Santa Fe county, last week, gave a contract to James A. Jackson to sink 90 feet of shaft and do 525 feet of drifting on the Cunningham mine on the Ortiz Mine grant. Jackson will commence work on May 1 and expects to have the work completed in 120 days.

The Mohave Miner says: John P. Jacobson has organized a mining company among his friends in Minnesota and is now at work on the Eldorado mine. It is the intention of the new company to work the mine and reduce the ores in the Gold Basin mill. William Grant and Frank O'Dea are interested in the company. The Eldorado is one of the best mining claims in the Gold Basin country.

The Florence (A. T.) Blade says: County Treasurer A. F. Barker has discovered molybdenite ore in small quantities about twelve miles east of town. It is probable that this valuable ore exists in small quantities in this district. It has not been found here before because very few prospectors would recognize the ore if they should see it. While a good grade of this ore is worth about \$200 per ton, the demand for it is limited.

A concession has been obtained from the state of Zacatecas, Mexico, by A. H. Norwood and John Erickson for the construction of metallurgical works and smelters in the district of Sombrerete, at a point between the city of that name and the town of Chalchihuites. The concessionaires own mines in the district, but will reduce the ores of other mines as well as their own. The minimum capital to be invested in the works and mines is \$1,000,000, which obligation the concessionaires have guaranteed to the satisfaction of the state executive. The concession is for a term of ten years.

The Tucson (A. T.) Citizen says: A large damage suit has been transferred from the district court of Yavapai county to the district court of Pima county. John T. McGee has sued the United Verde Copper company for \$26,000 damages for injuries received while working on the electric railroad between the smelter of the United Verde company and the slag dump. McGee is a resident of Maricopa county and he has employed Robert E. Morrison, of Prescott, and Thomas Bennet, of Phoenix, as his attorneys. The company is represented by Herndon & Norris, of Prescott.

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

At no time is Man Secure from Attacks.

of such disorders of the stomach as cholera morbus, cramps and diarrhoea; but these complaints are common during the heated term, when it is dangerous to neglect them. Painkiller is a remedy that has never failed and the severest attacks have been cured by it. Avoid substitutes, there is but one Painkiller, Perry Davis'. 25c and 50c.

Shipped Wool to Durango.

Frank G. Townsend, of Bloomfield, San Juan county, last week shipped 10,000 pounds of wool to Durango from where it was shipped to Trinidad. The price received was 11 cents a pound on the cars at Durango.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Alvarado Pharmacy.

Fort Wingate.

Naturally the people of McKinley county desire that the post at Fort Wingate be continued in existence. There is more reason for a post at Fort Wingate than there is at Whipple Barracks, in Arizona, and the war department should reconsider its intention to abandon Fort Wingate.—New Mexican.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Alvarado Pharmacy.

Struck by Train.

Word comes to the city that John Hull, an old time freighter for B-field's, in taking a shipment of goods to Ft. Sumner, was struck by a Rock Island train at Los Tanos crossing and

nearly lost his entire outfit. As is known to most of the readers of The Optic, Hull drives three teams of mules tandem and draws two wagons. He was heavily loaded and while making the crossing was struck by the engine. The team hitched to the wagon was killed and the two wagons were completely demolished. Mr. Hull himself was not injured, but the wonder is that he was not for he is always on one of the wheel mules. The loss will be a severe one to him. The next time he will look carefully for the signs.—Las Vegas Optic.

Could Fill the Paper With Them.

This paper might be filled with items like the following, and everyone be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which have cured me. It is the best medicine I ever used.—Phillip E. Rhoads, Pennville, Mo. Pain Balm is for sale by all druggists.

PREHISTORIC CIVILIZATION.

Order Issued for Protection of Relics of Ancient Race in Arizona.

A correspondent writing to the El Paso News, from Phoenix, Ariz., says: The government, finally awakening to the necessity of steps to prevent the utter ruin of remains of a prehistoric civilization in the southwest, has issued orders for the protection of the ancient relics scattered through Arizona.

The surveyor general of the territory is preparing a report on all tracts of public land which contain natural wonders, ancient ruins, or other objects of scientific interest.

Work has already been begun in the guarding from the relic-seeker and the vandal the great piles of ruined buildings scattered about the Salt river valley, the Casas Grande remains near Florence, and the great cliff dwellings in the mountains to the north.

Scientists agree that the valley of the Salt river and the adjacent country once supported an immense number of people of a superior intelligence.

Fifteen miles southeast of Phoenix lies the most important pueblo, named "Los Muertos," roughly "City of the Dead," by Frank Hamilton Cushing, who spent several years of archaeological research in the valley, in the late 80s. Cushing believed that the pueblo of Los Muertos undoubtedly had been the central one in the southwest.

Within talus-covered concrete walls he found much to confirm his belief, and much that told of the customs and identity of the tribes long departed. It was made plain that the government of the ancient dwellers was theocratic; that they possessed a high grade of intelligence; that they were agriculturists, tilling the earth by the aid of water brought through artificial works of magnitude from the Salt river. They were not Aztecs, but of the Toltec period, of antiquity far more remote. The greater number of the dead were cremated and the ashes buried in jars. In broad, yet closely packed cemeteries. Some, probably of the priesthood, were interred within the houses. In cemented crypts that often must have been used as divans by disconsolate relatives. The skeletons thus secured are mainly those of large stature and superb cranial formation, in almost all respects equal to the best Caucasian types of today.

Nearer to Phoenix is the great ruin in the Tempe road, five miles east, near the railroad. Here, under the auspices of the Antiquarian society of Arizona, have been begun systematic excavations that are bringing to light trinkets and pottery. The building seems almost a common hillcock and no photograph can convey a suggestion of an edifice. But, within the talus are the walls of a structure far greater in size than even the famed and better preserved Casa Grande, near Florence, sixty miles to the eastward. The building is 380 feet in extreme length, by 180 feet in width. Its original height can only be conjectured, but at least three stories remain standing. It is hoped to clear away about half of the building, that within it, under a protecting roof, may be established a museum of southwestern archaeology. Probably within the building will be housed slabs and rocks from the Salt river mountains south of Phoenix a few miles, where the artists of old have left, on boulders and cliffs, quantities of photographs of exceeding interest yet of unknown meaning.

On the extreme eastern line of Maricopa county, is a group of the finest cliff dwellings in the southwest. The ruins are in two groups on either side of a precipitous canyon. The walls are of good concrete without outside doors, entrance being made from the top by means of ladders. One fortress well filled a shell-like cave, 140 feet long by forty feet in extreme depth and thirty feet in extreme height. The building is three-floored even now. There yet remain many of the floor joists, small, red cypress, logs, rough hewn with obsidian or stone axes.

In the valley of the Verde, also, may interesting ruins be found. One of them, near the mouth of Deadman canyon, fifty miles northwest of Phoenix, is of white stone, with three stories still standing.

Tired Out

That's nothing. Every one is tired at times. The trouble is you can't get rested. It's your impure blood that makes the disturbance. Try Ayer's Sarsaparilla. Your doctor will tell you what is in it, and why it will help you so promptly.

"I suffered terribly for 12 years. The doctors said my blood was all turning to water. At last I tried Ayer's Sarsaparilla, and was soon in the best of health again."

Mother Gray's Sweet Powders

for children. Mother Gray, for years a nurse in the Children's Home in New York, treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists 25c. Don't accept any substitute. Sample sent free. Address Allen S. Olmstead, Le Roy, N. Y.

Upper County Court Notes.

In the district court for Rio Arriba county, suit was filed yesterday by Judge N. B. Laughlin for Edwin B. Hendric vs. The Monero Coal Mining company to recover on a note for \$1,822 given on April 27, 1896, with interest, and \$300 attorney's fees.

Abbott & Abbott, attorneys, yesterday filed a suit in the district court for Rio Arriba county for Alexander Reed vs. S. Candelario, Manuel Valdez y Medrano and Juan Trujillo, to recover on a note for \$300.

In the case against the 15-year-old boy named McCann, of Tres Piedras, for aggravated assault, Judge McFie bound the defendant over to the grand jury. McCann explained that he was merely a spectator of the assault upon Ospicio Gallegos at Tres Piedras. The two men who really had committed the assault have not yet been captured.

A Nearly Fatal Runaway

Started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Bucklen's Arnica Salve cured him. Just as good for boils, burns, bruises, cuts, corns, scalds, skin eruptions and piles. 25 cents at all drug stores.

We sell more shoes than all other stores combined. You know the reason. Leon B. Stern.

Have You Anything To Exchange?

Have you a farm and do you want to trade it for a grocery store?

Have you a horse and do you want to exchange it for a piano?

Have you a bicycle and do you want to exchange it for a camera?

Have you a gun and do you want to trade it for a book-case?

Have you a wash boiler and do you want to exchange it for a rug?

Have you a pair of skates and do you want to trade them for a punching bag?

Have you a spring overcoat and do you want to exchange it for a baby carriage?

Have you a stove and do you want to trade it for a refrigerator?

Have you a dog and do you want to exchange him for a rooster?

It Costs You Only 1c a word

Want Columns

We Will Pay You A DOLLAR A DAY FOR LIFE!

For securing the greatest number of \$1 subscriptions to FRANKLIN'S MAGAZINE before December 1st, 1902, besides paying you a generous commission on every order. An income of \$500 a year for life, payable in monthly or quarterly installments. This is the largest prize ever offered in the world for work which need interfere with no one's regular pursuit. Under the Life Expectancy Tables (N. Y. State) it means \$15,000 in the boy or girl of 18 years; \$9,000 for the man or woman of 40; adequate provision for old age to all. FRANKLIN'S, though not yet three years old, has over 500,000 circulation and is the highest dollar-a-word in the magazine field. To simplify these a copy and explain the method of securing the great majority of any age who want to get on in the world are actually requested to write at once to the undersigned for full particulars. Give local reference. No experience required. Sample copies and subscription blanks furnished. Agents Wanted, Now!

Gallup, Cerrillos and Bland

Newsy Notes From Exchanges

GALLUP.

From the Republican.

Charles Varella resigned his position in the local repair shop and left for Colorado last Monday.

George Sampson has sold his trading store located thirty miles south of here, to Dan Duboise.

Mrs. Theodore Maxwell is reported very ill at Marysville, Cal. She will return in a short time to Gallup.

Three car loads of new and improved machinery for the Gallup mine of the Colorado Fuel & Iron company were sent up to Gibson yesterday.

J. G. Walker, of the firm of Osborne & Walker, Indian traders of Cienega, was in town this week on business. He also paid a business visit to Albuquerque.

The Weaver mine turned out 1,480 tons of coal on the 10th inst. This is the biggest showing ever made by a mine in the Gallup district.

L. L. Henry was at Wingate on business two days this week. The Bernalillo Oil company will start their drill at work as soon as they get enough water in their reservoirs.

E. F. Kenney filed an order for lumber at Fort Wingate this week. The government mill at that place has not been rebuilt since it burned down something over two years ago.

Doc B. Sylvester, the well-known Indian trader located twelve miles south of here, has opened another store on the Nutria, about twenty-five miles south of his present location. Frank Harker, an experienced trader, has charge of the new store.

John White, of Minneapolis, who was here two years ago in charge of the contract buildings at Fort Defiance, came in on Tuesday morning and left for Cienega to take charge of the mason work on the school buildings to be erected there by Contractor Owen.

Manuelito oil stock in Albuquerque is now held at 25 cents instead of 10 cents. R. J. Turnbull, president of the company, has taken his family to Alabama and will return immediately to take charge of the work. In the meantime a California expert is looking out for matters on the ground.

Andy Vitiger, who owns a ranch near the Manuelito Oil company's oil well, commenced drilling a three-inch well some time ago for water. He is now down 100 feet with plenty of water so impregnated with oil that it cannot be used. He claims that he went through the oil near the surface, about sixty feet before he struck the water.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, Ohio.

CERRILLOS.

From the Register.

Don Sperry, of Las Vegas, has been visiting friends here the past week.

J. L. Wells and wife were Albuquerque visitors a few days the latter part of last week.

William Swyers, of San Pedro passed through here on his way to Santa Fe.

Miss Mary Pletz is the charming waitress who has charge of the dining room at the Palace nowadays.

James Rogers is building an 18x28 foot addition to his residence, which will add greatly to the appearance and comfort of his home.

A. Young came over from Pecos and remained a few days, shaking hands with friends and looking after his business interests here.

Aziz Michael, junior member of the firm of R. Michael & Brother, left for his old home in Syria, Asia, for a few months' visit amid the scenes of his boyhood.

The other night R. Green was taken with a severe cramp in the leg which spread over the entire right side, causing a numbness almost like paralysis, from which he has not entirely recovered.

The work at the smelter is making a good showing now and our people are taking a great interest in its progress. A few days ago a strong flow of water was opened in the big well so that the water question is practically settled. Ore is being received regularly and the outlook for a plentiful supply is good. In a talk with the writer a few days ago, a business man who has been traveling in the southern part of the territory, said that the mining men in that region are watching with great anxiety for the works here to start up, and that large quantities of ore will be shipped here by them. If reasonable freight rates can be secured.

Shot in His Left Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." J. H. O'Reilly & Co., B. H. Briggs & Co.

BLAND.

From the Herald.

Mrs. Joseph Routledge was quite ill. Wild turkeys are reported to be plentiful hereabouts and local nimrods are preparing to go forth and kill.

Messrs. Jack Carpenter and George Adams were over from Jenks' tunnel "howdy-ing" with the boys.

George Mundenschauer went to Albuquerque on business. George is the youngest man in town for his age.

Winfred Bletcher, son of B. Bletcher, came in from Rogers' ranch last week to assist his father in moving to Senorito.

Mrs. William Jones, who resides at the Pearl Valley ranch, was in town the first of the week, the guest of Mrs. Hank Ritter.

Harold Giles, the energetic young miner from Peralta canyon, was in town and stated to the Herald that the future is bright enough for Peralta.

He says they are not making any boasts, but are going to first discover the proper process to treat their ores, and then they will get a mill.

Charles Loudie came in from his ranch ten miles above Bland. He carried out a big lot of supplies for himself and F. G. Blake.

B. Bletcher and family departed for their ranch at Senorito about forty miles above Bland. They will spend the summer there.

Steps should be taken at once to organize a fire company in this town. The recent small conflagrations serve to warn us of the danger from fire and some kind of protection is needed.

A picnic party composed of Misses Agnes Greff, Jennie and Hattie Arnett, Messrs. Frank Greff, Wilbur Crowell, Oliver Overhul, Clarence and Wayman Callendar, visited the cliff dwellers' ruins five miles east of Bland, last Saturday, and found many interesting relics of the extinct race.

A mountain lion has been making the nights hideous with its cries during the past week. It ventured within the town limits at times, and several attempts have been made to capture the beast, but all have failed so far.

A log cabin near the compressor, belonging to the Navaho company, was destroyed by fire last Friday night. It was evidently the work of an incendiary, as the cabin had been vacant for a long time. This makes the second fire in that neighborhood within the past three weeks, and the people of this camp are justly indignant over the outrage. Someone in this community is responsible for these fires and the culprit will be caught sooner or later if he persists in the nefarious practice.

A report came to town that William Jones had been seriously injured at F. G. Blake's ranch while riding a bronco. As near as we can learn, the horse fell, catching Mr. Jones underneath and crushing his leg in a horrible manner, the bone protruding through the flesh. Amputation may be necessary. Dr. Grace is with the sufferer.

EVERY WALK IN LIFE.

Albuquerque Citizens Appreciate "The Little Conqueror."

Every class of citizens has sick kidneys. The busy business man rushing through life on the run fails to realize the constant strain he daily puts upon the kidneys. The mechanic forced to assume unnatural positions, stooping and straining at his work, does not know that his backache is simply kidney ache. The clerk on his feet continually, leaning over a counter or desk; railroaders, conductors, engineers, street car men subject to constant jarring, all have backache from the kidneys. Women at their household duties, boys and girls at play overtax the kidneys and give them more work than they can do. "Tis a fortunate thing the kidneys warn you when in trouble; that they cry out for help. Don't neglect the warning. Don't neglect a bad back. A lame, weak or aching back if neglected means future trouble, kidney trouble, urinary trouble. Doan's Kidney Pills cure every form of kidney ill, cure a bad back and make sick kidneys well. Doan's Kidney Pills are endorsed by people you know. Read what a Kansas City citizen says:

Mr. H. T. Hazen, of 1007 Grand avenue, Kansas City, blacksmith employed at the Urie Mining & Machinery Co., says: "I suffered from most depressing pains in my back, so much at times that I could scarcely attend to my work, could hardly get out of bed mornings and could not ride on street cars, for the least jar meant excruciating pain. There was also a weakness of the kidneys which caused me inconvenience and distress, besides breaking my rest at nights. I saw Doan's Kidney Pills advertised, and tried them. The treatment effectively and promptly relieved me of the pain in my back, and the other annoyances entirely disappeared. There has not been the slightest recurrence since."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

SLANDERING THE TERRITORY.

Presbyterian Missionary Society Oppose Statehood for New Mexico.

A special dispatch from Washington to the Denver News says that the Presbyterian Missionary society has decided that Arizona and New Mexico are not fit to be admitted to the union as states. From the society headquarters in New York have come letters to nearly every member of the house except the delegates from the territories in question, containing resolutions recently passed by the society to the effect that the majority of the people in Arizona and New Mexico were too ignorant and uncivilized to be allowed statehood citizenship.

The letters request the congressmen to use all their influence to defeat the statehood bill. Delegate Mark Smith, of Arizona, on gaining possession of one of these letters, wrote a scathing letter to the head of the society, calling attention to discrepancies and general unfairness of the statements.

Delegate Rodey, of New Mexico, said today that the animus of the attack was undoubtedly due to the displeasure of the society over the appointment of Otero as governor of New Mexico. The headquarters of the society in the west is at Albuquerque, N. M. It is said the work of the mission lies largely among the Indians.

Mr. Rodey announces that further opposition to the statehood of New Mexico, Arizona and Oklahoma has come from an organization known as the Boston Merchants' association. This association recently passed resolutions to the effect that the territories ought not to be admitted as states. Upon receipt of these resolutions Mr. Rodey sent many convincing arguments to Boston, and has been gratified by the announcement that the association will probably reconsider its action.

The Great Usmal Swamp

Of Virginia is a breeding ground of malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and malaria troubles. They will surely prevent typhoid. "We tried many remedies for malaria and stomach and liver troubles," writes John Charleston of Byesville, Ohio, "but never found anything quite so good as Electric Bitters." Try them. Only 50 cents at all druggists. Guaranteed satisfaction.

Everyone in the family try it. Count the dots for a \$500 piano free. See advertisement on page 6.

NEWBRO'S HERPICIDE
Destroys those parasitic germs; and it is the only hair preparation that does. "Destroy the cause, you remove the effect."
FOR SALE BY DRUGGISTS.

NEWBRO'S HERPICIDE

ROCKY FORD.
Wanted, men and boys to thin, weed, hoe and harvest sugar beets.

Work in the beet fields from the first of May until the end of July. Then opportunity for employment in hay and melon fields.

Harvest time for sugar beet crop from middle of September until the end of November.

Farmers pay 15 cents per hour, but work usually contracted by the acre as soon as help is experienced. Industrious men can earn more by contracting for work.

Responsible parties wanted to arrange boarding camps, as farmers are not in position to board large crews. Peter Garcia, general contractor, will be in your locality during this month.

AMERICAN BEET SUGAR COMPANY
Rocky Ford, Colo.

Rocky Ford, Colorado.

SE NECESITAN.

Hombres y muchachos para podara desyerbar, escardar y cosechar betabeles de azucar.

Se comenzara el trabajo en los campos de betabeles desde el dia primero de Mayo hasta el fin del mes de Julio. Despues se sigue la oportunidad de poderse emplear en los campos de sacate y sandias.

Tiempo de cosecha para los campos de betabeles desde mediados de Septiembre hasta fines de Noviembre.

PLACES OF WORSHIP.

Highland Methodist church, South Arno street. M. Hodgson, pastor—Sunday school at 10 a. m.; Epworth league at 6:45 p. m.; preaching at 11 a. m. At 7:30 p. m. the Woman's Home Mission society will have charge and will render an excellent program. A cordial welcome to all.

Lead Avenue Methodist church—Preaching at 11 a. m. and 7:30 p. m. In the morning the pastor will receive a class of probationers into full membership. Sunday school at 9:45; Junior league at 3 o'clock; Epworth league at 6:30. All cordially welcomed.

Baptist Church, corner of Broadway and Lead avenue—Celebrates young People's day in the morning with papers by Wm. K. Preston and C. W. Ward, a solo by Joseph Napier and a talk by Pastor Powell. O. J. Van Wageningen presiding. At 7:30 p. m. song service, sermon to young men and women, on "Character Building and Foundation." Solo by Mrs. Chas. A. Booth. Welcome to all.

Congregational Church, east end of viaduct. W. J. Marsh pastor—The regular preaching services morning and evening at 11 a. m. and 7:30 p. m. Mr. Roberts, the blind musician, will preside at the organ and sing a solo in the morning. Sunday school at 9:45 a. m.; Junior Christian Endeavor at 2:30 and Y. P. S. C. E. at 6:00 p. m. All are cordially invited.

Immaculate Conception—Early mass at 7; high mass at 10; Sunday school at 11:30; vespers, instruction and benediction at 7:30 p. m.

St. John's Episcopal church—Services held by St. Agnes chapter, Daughters of the King, at 10:45, immediately following Sunday school, to give us an opportunity to attend other services if we so desire.

Presbyterian church, corner Silver avenue and Fifth street. T. C. Beattie, pastor—Services at 11 a. m. and 7:30 p. m. At the morning service the choir will sing an anthem and in the evening Mr. ... will sing a solo. Y. P. S. C. E. at 6:45 p. m.; Sunday school at 9:50 a. m. All cordially invited.

LOCAL PARAGRAPHS.

Jack Akers, a well known citizen of Santa Fe, is here.

Mrs. Louis Johnson died last night of consumption at her home on North Fourth street. She was 31 years old and leaves a husband and three months' old baby.

This afternoon the funeral of Charles Edward, the infant son of Mr. and Mrs. Thomas Breen, was held at the home, 42 West Lead avenue. Congestion of the brain followed whooping cough.

Mrs. Parker, wife of Division Superintendent Parker, of the Denver division of the Santa Fe, came in from the south this morning and proceeded on north to Denver. The lady visited the Nickersons at City of Mexico.

Ben Robertson, of mesa sheep fame, is in the city today. He says that portion of the mesa around his place looks fine, and although there has been no rain for several months, there is a good growth of grass all around.

Edwin Burke, the Los Angeles attorney, who is interested in timber lands in central and western New Mexico, is here today and will await the arrival here of officials of the American Lumber company, who are expected sometime next week.

Dr. C. R. Lutton and wife came in from Lordsburg this morning and will proceed on to their home at Grand Rapids, Mich., this evening. The doctor is a director of the Michigan and New Mexico Copper company, recently organized and operating mines near Lordsburg, N. M.

John S. Mactavish, manager of the Becker-Blackwell company, general merchandise store at Magdalena, is here today, and will enjoy the Sabbath with his wife, who arrived a few days ago. Mr. Mactavish formerly resided in this city, and friends here will make his stay a pleasant one.

An unusually good time was had at the home of Mrs. Warner, 524 North Fourteenth street, on Wednesday afternoon the 23rd inst., when Mesdames Warner and Horton entertained the Woman's Relief corps and several comrades of the G. A. R. Music and speeches of high class were listened to with marked attention. Delicious refreshments were served. At least forty people were present.

The Albuquerque Boys' brass band held its first meeting for instruction and practice Tuesday evening last. Mr. Patterson reports favorably concerning the progress of the young men. It has been decided to admit two more members. Early application should be made to Lawrence Dry, the president of the organization, or to George Leo Patterson, old Golden Rule building. The new instruments necessary to the completion of the set are expected in the course of a week through Hall & Larnard, music dealers.

R. W. D. Bryan, of this city, one of the New Mexico commissioners of the Charleston exposition, has received a picture of this territory's exhibit at the exposition sent him by J. W. Benham, who is in charge. The exhibit is next to the exhibit from Oregon, and is more admired than the latter, although Oregon expended so it is said, \$40,000 to get up its show. Over the curio department is a prominently displayed sign of the Hyde Exploring Expedition, while over the mineral, fruit and canned goods department is a sign reading, "New Mexico Exhibit, furnished by the citizens of Albuquerque and the Hyde Exploring Expedition."

A Small Audience.
There was a small audience at Colombo hall last evening to hear the lecture by Rev. J. W. Lundy of Stockton, Cal., on "California, the Wonder Land." Mr. Lundy had 200 fine stereopticon views.

Mrs. Walton's closing dance will be held on Monday evening, April 28, at Grant's hall. It will be a shirt waist dance.

We have just received a fine line of letter copy books; lowest price.—Matson & Co.

Cordial invitation extended to old customers and visitors to partake of the free lunch at Zeiger's Cafe tonight.

Genuine New England bakery bread is stamped.

First spring lamb of the season at Farr's Market.

What Is the Use

of suffering from indigestion if you eat what you want, or of starving yourself to avoid such distress? Acker's Dyspepsia Tablets taken after eating will digest your food perfectly and free you from all the disagreeable symptoms of indigestion and dyspepsia. Eat what you want at any time and take an Acker tablet afterward. Positively guaranteed. Your money will always be refunded if you are not satisfied. Write to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

A Blind Musician.

Those who were familiar with the streets in the Highlands about eleven years ago no doubt remember the little blind boy, Nevison Roberts, whose father was a tinner. "Neve," as he was familiarly called by his companions, was a bright, sunny little fellow, and seemed to have as much in common to live for as any of those that could see. He was taken away by his mother and put in a blind asylum in Lansing, Mich., where for several years he was a student. Among other studies, and one to which he took to more easily than anything else, was music. This was his one passion, and he was always at the piano or organ if it was possible. A few years ago he graduated in all his studies, but the one thing in which he excelled was the playing of the pipe organ. He is also a very fine performer on the piano and violin, as well as a good tuner of the piano. Mr. Roberts will play at the church service in the Congregational church on Sunday morning, in which he will play a voluntary.

Sunday night he leaves for Kansas, where he has been engaged to play in a concert. We remember little Neve as a small boy. Today Mr. Roberts is a tall, handsome young man.

MADAME PHILIPPS

216 South Second street is offering at a sacrifice the largest stock of human hair goods that ever came to this city. Bangs, janes, rats, wigs. Five hundred switches, assorted shades. Hair dressing, shampooing, manicuring for ladies and gentlemen. Dyeing and bleaching hair on the head most successfully done.

Pianos and Organs.
Hall and Larnard offer the following bargains in pianos and organs:

1 Howard	\$275.00
1 Kingsbury (used)	250.00
1 organ	35.00
1 organ, excellent condition	35.00
1 square	75.00
1 square	55.00
1 Pease & Cupright	150.00
1 Chickering & Sons upright, new hammers	225.00

Call or write for our terms for easy payments.

We also have a large stock of mandolins, banjos, guitars and violins. It is a pleasure to show goods.

HALL & LARNARD,
204 South Second street.

Zeiger's Cafe free lunch tonight. Everybody invited.

We spend fully one-half our lives in bed, therefore we should lie comfortably. To lie comfortably and rest well calls for a good, elastic mattress, a well made, noiseless set of springs and a substantial bedstead. When we say we have the largest stock, sell for the lowest prices and make the easiest terms it applies to mattresses, springs and bedsteads. A visit to our mammoth store at the corner of Second and Coal will convince you. You are invited to call. The Futrelle Furniture Co., end of viaduct.

Nice lunch at the Metropolitan tonight.

Milk shakes, ice cold lemonade and all the summer drinks at Scott's ice cream parlor.

Free lunch tonight at the White Elephant.

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

Clarence W. Hofheins, of the United States Indian school at Fort Lewis, Colo., was an arrival on the Denver & Rio Grande.

Mr. and Mrs. George W. Franklin and daughter, of Durango, Colo., arrived over the Denver & Rio Grande railroad, and left over the Santa Fe for Los Angeles.

Judge A. A. Freeman, of Carlsbad, who is in Santa Fe at present on supreme court business, has been requested to make the commencement address this year at the New Mexico School of Mines at Socorro, on May 29. He has accepted the honor.

It is charged that some improper work in the issue of city deeds to real estate contained within the Santa Fe land grant has been going on at various times since the passage of the act making the grant to this city. These charges should be thoroughly investigated.

Agent H. S. Lutz received instructions from the Santa Fe railway officials to push the case against E. Napoleone, the 15-year-old Italian boy who night before last stole a valise from the depot and hid it under a coal car. Police Judge C. M. Conklin sentenced Napoleone to twenty days in the county jail and to pay the costs of the prosecution.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Alvarado Pharmacy.

WHITE OAKS.

From the Eagle.

The Albuquerque Fair management have elected officers and are getting in shape for the fair next fall.

Messrs. Ulrick and Green are sinking a shaft on the Sager lode, one of the old claims on Baxter mountains, formerly known as the Black Prince. Chris Yeager was in the city Tuesday from his camp back of Lone mountain. Mr. Yeager has three men at work on his Greater New York claim, and says he is sure of finding something good.

A revival meeting is in progress at the Methodist church this week, having begun Sunday. Revs. Boyd of Nogal and Ray of Alamogordo are assisting the pastor, Rev. S. E. Allison in conducting the services.

Mr. M. Sorensen, special deputy of the order of Select Knights and Ladies, is in the town for the purpose of organizing a lodge and is meeting with much encouragement. He expects to get a sufficient number to organize the first of the week. The lodge recently organized at Alamogordo has sixty members and twenty more applicants.

The delegation from White Oaks to the G. A. R. encampment at Albuquerque, consisting of Messrs. Lee H. Rudisile, J. C. Crippenger and John Patton, returned Monday. They report a nice trip and splendid time in the "Duke City." They say the people of Albuquerque treated their visitors nicely, and that all matters pertaining to the reunion were interesting and pleasant.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Alvarado Pharmacy.

LAS VEGAS.

From the Optic.

Mrs. Charles Ifield gave a party in honor of Miss Beta Liebstadtter. J. A. Murray, who had been confined to his room for more than a week, was able to get out yesterday.

Thomas Hull, an old time Las Vegas, has moved back from Cerrillos and will occupy the Sellman house on the corner of Seventh and Main streets.

The remains of Miss Bessie Parrott were shipped for Raymond, Ill., being accompanied by her father and mother. The deceased was but 17 years of age, and arrived in this city last Saturday, seeking relief from consumption.

There was a practice run of the hose wagon last night. The start was made from the engine house. The wagon dashed down to Stearns' corner, where the hose was connected with the fire plug. Continuing down the street the hose was broken in front of Pittenger's and a nozzle was attached. The wagon then went to Rosenthal's corner, attached the hose to the fire plug there, returned to Pittenger's again and put on a coupler. The whole time occupied from the instant the horses were harnessed till everything was ready to turn the second stream on Pittenger's was two minutes and fifteen seconds. This certainly was very rapid and satisfactory action.

From the Record.

Mrs. George Moye's children are having a tussle with the mumps.

F. W. Hall, deputy United States marshal, is here from Albuquerque on court business.

Charles McGee and Epifanio Gallegos have withdrawn their charge of assault to kill against Joe Jeffries and now all is serene.

Mrs. Twitchell, of Hamilton, Ohio, who had spent the winter at El Porvenir, left for her home, much improved in health.

Professor Layton and his pupils, assisted by Professor McNary, Mrs. R. C. Rankin and Father Pouget, with Miss Ruth Reynolds and Mrs. Rapp as accompanists, will give a musicale on Monday evening, May 5, at the Normal university chapel.

The water pressure at the court house has been so slight lately that the employees there have to go thirsty, or "go down the line." The court house is on quite an elevation, and if water is being freely used on the line below, it will not come through at the court house.

J. M. Reid is acting for his son, R. C. Reid, in the assessor's office while the latter is at Topeka for surgical treatment. Chester writes that an X-ray revealed the fact that one of the small bones in his fractured leg had never been set and that the main bone had never thoroughly knit. He will not return for several days.

In the case of Dolores Jaramillo, for assault with words, on complaint of J. B. Gallegos, tried before Judge Wooster, there was not sufficient evidence and the defendant was discharged. The law prescribes that in such cases the words must be said in

anger, to make a case, and it was not proven that Dolores was mad when he called Juan had names. In fact, he maintained that he was only reasoning with the wicked Juan in brotherly love.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." J. H. O'Reilly & Co., B. H. Briggs & Co.

RATON.

From the Range.

Raton is making greater substantial progress than any other town in New Mexico.

Tom Foley returned Tuesday from Hot Springs, Ark., where he has been for some months.

The Seven-Hand Euchre club was entertained by Mrs. Remsburg Tuesday afternoon, Mrs. Mendelson being the prize winner.

Judge S. E. Booth's foot is on his native heath once more, or words to that effect, he having returned from California, where he passed the winter with a son.

Mr. and Mrs. E. Tusher, of Albuquerque, but formerly of this city, have returned and will make Raton their home.

Mrs. Dr. George C. Bryan, nee Miss Minnie Collier, arrived in Raton Wednesday on a two months' visit with her parents.

Miss Alice Thomas gave a charming party to a number of her young friends last Friday evening at the home of her parents, Mr. and Mrs. G. J. Pace.

Miss Hannah Sawyer, formerly of Raton, on her way to Denver from Albuquerque, stopped off to visit with her friends, Misses Flora Whitfield and Olive Troy.

Mrs. Hobbs and Mrs. Van Houten leave on Sunday for a trip to California. They will stop in Los Angeles a couple of weeks to visit with Mrs. Schroeder, who is in that city for her health.

The Odd Fellows will hold their anniversary celebration at the I. O. O. F. hall Saturday evening. There will be a literary program, an address by Grand Master Alex. Bowie, of Gallup, followed by a banquet.

Mrs. C. J. Gavin and sister left Tuesday for Los Angeles, where they will spend several months. Mrs. Gavin's son, Flint, accompanied them as far as Santa Fe, where he will enter the Brothers' school.

The merchants of the city say that since the order of the Santa Fe company went into effect prohibiting its employees from gambling and the immoderate use of intoxicating liquors, that collections from railroad men have been much more satisfactory and business has greatly increased.

In the oratorical contest in Miss Massey's department of the public schools last Friday, Margaret Dawson won the girl's prize and the boy's prize was awarded to James Murphy. The donor of the prizes, C. J. Gavin, made an interesting address to the school on the occasion, as did also Rev. Armstrong and T. B. Leib.

LORDSBURG.

From the Liberal.

The Amalgamated Copper company has declared a quarterly dividend of four bits on the share. A year ago it was paying quarterly dividends of \$2 per share.

A. R. Gibson, of the Gibson Development company, left the first of the week for his Santa Fe home. While here he made arrangements for the sinking of a hundred foot shaft on the San Simon group near Lee's Peak, in the Virginia district.

The public schools have closed for the year after a very successful term. Instead of having no exhibition to show off the wonderful results attained by the children the school closed with a picnic last Friday, at which all the children had a good time. The school board is now on the lookout for new teachers. Neither of the young

LESS CANDY.

Better to Give Children Delicious Food Than Candy.

Some foods will cure dyspepsia and other foods will cause it. The safest way to get well is to use the food that agrees with the stomach and permits Nature to go along in a thoroughly natural way.

A lady says: "I have at last found a true way to get well and keep well, and that is by the use of Grape-Nuts Breakfast Food."

"For six years I suffered with indigestion and palpitation of the heart so that I could not sleep nights. I tried a great many different kinds of medicines and a lot of different kinds of cereals, but none of them helped me, and my stomach seemed to get worse and worse."

"I became very despondent and was at a loss to know what to do. One day I read in the paper that Grape-Nuts Breakfast Food would cure indigestion and build up the body. I wondered if it contained any medicine, but learned that it did not, but that it was only a food prepared so that the stomach could easily digest it."

"The next time I went down town I bought two packages. This was on Tuesday and it was all gone on Saturday for we all liked it so much, so I sent down and got three more packages and from that time I have been using Grape-Nuts steadily and my indigestion has entirely disappeared."

"Sometimes when my little girl has been playing extra hard after supper she will climb on my knee, pat my cheek and whisper in my ear, 'Mamma please give me something good.' I say (knowing all the time) 'What is good, dear?' She says, 'Grape-Nuts with cream on top,' and there is nothing, candy or anything else, that she enjoys better than this good, wholesome food. She eats it for breakfast every morning and prefers Grape-Nuts pudding for dinner. At night she has Grape-Nuts for her supper with a soft boiled egg, and she thrives wonderfully on this kind of food." Name given by Postum Co., Battle Creek, Mich.

Yours for Health
Lydia E. Pinkham

How Truly the Great
Fame of Lydia E. Pinkham's Vegetable Compound Justifies Her Original Signature.

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhoea than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development, and checks any tendency to cancerous humors.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yields to it.

Womb troubles, causing pain, weight, and backache, instantly relieved and permanently cured by its use. Under all circumstances it acts in harmony with the laws that govern the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, Faintness, sleeplessness, flatulency, melancholy or the "blues," and backache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures.

Kidney Complaints and Backache of either sex the Vegetable Compound always cures. No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

ladies who taught this spring will accept her old position.

A deal which has been in progress for some time was concluded last week and the money paid over. W. H. Small and Joe Raby sold the Ontario mine near Lee's Peak to a party of Wheeling, W. Va., people, represented by Professor Davis. The sale was made by Thos. O'Keefe, of El Paso. Professor Davis was out here the first of the week, and then returned to his home in Wheeling. He expects to return in a couple of weeks and put men to work on the property. Messrs. Small and Raby have hung onto this property and worked it for many years, confident that they had a good property, and that it would ultimately pay them well, which it has done.

TULAROSA.

From the Democrat.

Tularosa school bonds sold for \$1,044.55 to Denver parties.

Colonel P. Coghlan and wife will visit San Diego, California, some time in May.

There will be an abundance of fruit and vegetables raised in Tularosa this season.

The Vera Cruz mine in the Nogal district, which has been idle for some time, is to be reopened shortly.

A number of Tularosa families will visit the Los Palomas springs during the summer months. Las Palomas is quite a health resort.

John A. Shyrock has received the appointment of postmaster at this place and will enter on his duties in a short time.

We are informed by the agency people that the government will make an appropriation of \$2,000 for irrigation purposes on the reservation.

The Lucky Star mine, eight miles northeast of Tularosa, is holding its own as development progresses. Rock brought in here this week from the property shows considerable gold.

The ditches are full to overflowing and we are having an abundance of water this season. Everyone gets the full share without difficulty, consequently the whole earth around Tularosa presents a beautiful appearance.

STRUCK IT RICH.

Former New Mexican Promoter Gets Rich in Mexico.

W. C. Greene, who made and lost two or three fortunes in this territory, appears to have met with good fortune in Mexico. The Tucson Citizen says:

"W. C. Greene will erect a \$50,000 residence at Cananea. He has instructed Trost & Rust to prepare plans for a handsome structure to be erected at the great copper camp and in response to his request they have prepared a set of plans for an elegant residence of the Spanish mission style."

The residence according to the plans prepared will contain twenty-four rooms.

There will be a reception hall in the center extending through the entire building and ending in an arbor adjoining an Italian sunken garden. This reception hall will be 24x56 feet. There will be an elegant dining room, parlors a music room and library on the first floor. There are ten bedrooms on the second floor, each fitted with a private bath.

The plans call for an arcade veranda across the front of the residence and extending on each side. The building is to be constructed of brick and plaster and will be fitted with every convenience.

W. C. Greene will make a visit within the next two weeks when he will inspect the plans prepared and suggest any changes that he may see fit to make.

BERNALILLO.

Special Correspondence.

Bernalillo, New Mexico, April 25.—Ray Mondragon, our postmaster, was buried on Wednesday, April 23. A large funeral procession passed through Bernalillo on its way to the cemetery.

Last Sunday, April 20, the base ball game was a very close one, the score being 28 to 25.

C. L. Richard's visited Miss Gregg's Indian school the past week and se-

cured the promise of some Indian laborers for the beet sugar plantation in Colorado.

Quite a number of Bernalillo people have the whooping cough.

Mr. Freudenberg's new wareroom is about completed.

Miss Disette, supervising superintendent in the Indian work, was in Bernalillo Wednesday evening and Thursday. Mr. Lee and Miss Disette drove from Albuquerque to visit Miss Gregg's school.

Mrs. Sanders, sister of Mrs. I. Freudenberg, is here from Maral, Mexico. She expects to spend some time visiting her relatives here.

Mrs. Van Valkenburg and her sister returned from Napa, Cal., during the present week.

Two Frenchmen with a bear attracted quite a large crowd here, when they gave an exhibition of a bear dance.

Mr. Ellis, from the Sandia mountains, expects some visitors tomorrow at his summer resort.

J. A. Montoya left for his ranch today.

Fights in Santa Fe.

The Santa Fe correspondent sends the following item of news to the Denver Republican, dated April 24:

Two ugly fights occurred last night and several arrests were made. John Lane, a negro, attacked J. T. Forsha, proprietor of the Exchange hotel, with a knife. Forsha's life was only saved by bystanders. In a fight with A. J. Harris, a Denver baseball player, who was brought to Santa Fe last year, with federal and territorial officers, one officer got the worst of it. Harris was arrested.

Isidor Napoleone, aged 15 years, was arrested last night. He confessed having stolen a valise belonging to a dead man, whose body was being shipped from the Santa Fe depot to New York. He had hidden the valise under a coal car. He said he took it to await until a reward would be offered for its return.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

RIGHT STOCKS, RIGHT GOODS, RIGHT PRICES, ALL WAYS TO BE FOUND AT B. ILFELD & CO.

In Deming you can buy lots for \$100 which will pay you 100 per cent. in less than twelve months.

Railroad Topics

The pile driver of the Santa Fe Central Railway company commenced work this week near Galisteo.

Brakeman Council, who was one of the front end brakemen replaced at Las Vegas, has accepted a run on the Santa Fe branch.

The Santa Fe Central railway nine is endeavoring to arrange several games of ball with the Albuquerque Browns this season.

The Las Vegas Record says: William Holmes, the fireman, who has been suffering from "swollen cheeks," is again able to be around.

C. L. Lape, until recently master mechanic for the Santa Fe at San Bernardino, Cal., will retire from active railroad work to his old home in Springfield, Ill. He was formerly in the employ of the Wabash.

Vice President W. S. Hopewell of the Santa Fe Central Railway company, and R. L. McCance, treasurer of the Pennsylvania Development company, will return to Santa Fe today from Torrington, Lincoln county.

A mass meeting will be held by the ladies of Las Vegas railroad orders, on next Tuesday afternoon, April 29, at 2:30, at the Knight of Pythias hall, that city. All the railroaders' wives, mothers and sisters are requested to attend.

So far the tests as to the efficiency of the Caffery tie-plates which have been put under rails in Topeka yards, where the demands would be severest, have given excellent satisfaction, although the experiments are only well begun.

Rube McDonald, a well known Las Vegas boy, who has recently been on the ranch of his uncle, Parker Wells, has secured a lucrative position as bookkeeper at the construction camp on the Dawson coal road, nearest to Springer.

Several of the new 36-foot stock cars which the American Car & Foundry company is turning out for the Santa Fe, were in the Topeka yards Wednesday. There are in the neighborhood of 3,500 in the order of both box and stock.

The Choctaw, Oklahoma & Gulf Railroad company has decided to run an extension from Weatherford, Okla., to Taloga, the county seat of Dewey county, and north from there to Woodward, a total distance of 100 miles. No other railroad traverses that country which is very rich in cattle and agriculture.

Several samples of a new type of tank spring have been received and will be put in place of the former style which have an eye at the end. The new ones do away with this, which has always proven the weakest part of the spring, instead of it there being a casting in which the four pieces of the spring rest.

The Topeka State Journal says: Carl Joliffka, of the Santa Fe machine shop at Raton, N. M., was around here Wednesday, the guest of William Lauterbach, of this place. He is on his way to Hays City and Abbeville, S. D., at each of which places he will spend a short time visiting before returning to his work in the west.

Fred Batman, who used to follow the trade of boilermaker in Topeka shops, and A. O. Saunders, for about six months in train service out of Argentine, have gone to Alamogordo, N. M., where they expect to get jobs with the Rock Island. It is probable that they will find places in the department in which they have heretofore worked.

The president sent to congress a message vetoing a bill granting the Arizona Central Railway company right of way through the San Francisco mountain forest reserves. He says this action was taken on advice of the secretary of the interior and commissioner of the general land office, who says that the bill does not properly safeguard the government from destruction of property in the re-

serve. He also says there is a law which would permit the railroad to cross a forest reserve if the company desired to take advantage of it.

George W. Noyes, formerly superintendent of the Santa Fe wood preserving plant at Las Vegas, N. M., and for twenty-one years in the employ of the company, was in town Wednesday on his way to Carbonate, Ill., where he is to take the superintendency of a private institution of this kind. At that point one is just being built and when completed will furnish a large part of its output to the Illinois Central road.—Topeka State Journal.

"BLACK DIAMOND'S" TRIBUTE.

Says Complimentary Things About Ripley, of the Santa Fe.

The Lehigh Valley road published a neat monthly magazine called the "Black Diamond Express Monthly." The magazine is like the New York Central's Four Track News, and is filled with interesting matter for travelers and railroad people. In the April number of the Black Diamond Express Monthly is the following "front page" article about President E. P. Ripley, of the Santa Fe:

"Edward Payson Ripley, president of the Atchison, Topeka & Santa Fe railway, the man who has placed that system on the high road to prosperity, first saw the light in the historic town of Dorchester. In the grand old commonwealth of Massachusetts.

"A stalwart son of worthy sires, big in body and big in brain, he was, perhaps, the one man in railway circles physically and mentally capable of successfully accomplishing this gigantic task set before him.

"His career in the transportation service began in 1868, when in the first bloom of young manhood. After having served the Union Star line at Boston as contracting freight agent he became chief clerk to General Eastern Agent Bean, of the Chicago, Burlington & Quincy, having acted in that capacity for two years. His next step upward was to become the New England agent of that line.

"Well earned promotion next made him the general eastern agent, and in 1878, ten years from the time of his entrance into railway service, advanced him to the high and responsible position of general freight agent of the vast Burlington system and from thence to the general management of the same road was but a natural sequence.

"In 1890 he left the Burlington to become the third vice president of the Chicago, Milwaukee & St. Paul railway, which position he held until, in 1896, he was elected president of the Santa Fe.

"He is distinctly a man of affairs. Of strong personality, an indefatigable worker, somewhat brusque in his manner and democratic in his views, he is the worthy head of a great system and an example for the rising generation of railway attaches to look up to and pattern after, should they aspire to advancement, honor and prosperity."

WILL HURT HUTCHINSON.

Harvey Eating House There May Be Discontinued.

Newton thinks that there is a probability that the Santa Fe Harvey house at Hutchinson will be closed in a short time, says the Topeka State Journal.

The reason given for closing is that the Harvey people tried to buy the building so that they could remodel and improve it, and that failing in this they have decided to close the hotel and with the new time card arrange for feeding passengers at the Harvey house in Newton and Dodge City. Sooner or later it is almost inevitable that the Hutchinson house will be closed. It is not likely that the Harvey people will maintain houses in Hutchinson, Newton and Dodge City

when two hotels would fill every requirement. The Newton eating house is one of the most important on the system, feeding as it does the passengers on the early morning trains, the noon trains and No. 7 in the evening, and should one of the three houses be discontinued, Hutchinson would be almost sure to suffer.

IT MAY JOIN CLARK ROAD.

Rock Island Line Announces Its Western Extension.

R. R. Cable, chairman of the board of directors of the Chicago, Rock Island & Pacific Railroad company, gives the first official confirmation of the plans for western extensions of the Rock Island system, according to a dispatch sent out from Los Angeles, and in his interview Mr. Cable said that an extension from Denver west to Salt Lake would be the first undertaking of the Rock Island.

"That line will be built," said Mr. Cable. "I can't say anything about details, or tell how soon the work will be done. Those are matters to be determined upon further investigation and surveys. There is a rich country in northern Colorado not reached by any railroad that offers many inducements to railroad builders. The line projected to run directly west from Denver across the mountains would be shorter by at least 150 miles than the Denver & Rio Grande and shorter than the Union Pacific."

A line through to the Pacific coast, he said, would not be undertaken, because of the present joint traffic agreements with the Southern Pacific.

Denver railroad men believe it is significant of the Rock Island's connection either with the Denver & North-western proposed line to Salt Lake or more likely with the Colorado & Southern system.

There is also room for strong inference of an alliance between the Clark road and the Rock Island. During his winter's stay at Santa Barbara, Cal., Mr. Cable was frequently in conference with the Salt Lake officials of Clark's road, and it is said that the outgrowth of these conferences was the enlistment of the Rock Island's interest in the Los Angeles terminals of the Salt Lake road. All the building material and equipment for the Clark line have been and are being shipped over the Rock Island road.

WANTS 200,000.

President Roosevelt Interested in Pan-American Railroad Scheme.

The president Thursday transmitted to the senate a report made by the secretary of state concerning the action of the Pan-American congress recently held in the City of Mexico on the subject of the suggested Pan-American railway connecting the American continents. The secretary calls special attention to the request of the conference that the United States appoint a commission to investigate the question at issue, and urges that two commissions accordingly be appointed. The president endorses the suggestion and says:

"I recommend an appropriation by congress of the sum of \$200,000, or as much thereof as may be necessary to enable the president to appoint the commissioners to visit Central and South America to carry the purpose of the resolution into effect, and to investigate and report upon the means of extending the commerce of the United States with those regions."

NOT SOLD TO HARRIMAN.

Joseph Hampson Denies the Usual Rumor on Behalf of His Road.

Joseph Hampson, president of the Mexico, Cuernavaca & Pacific railroad, and a former resident of Denver, came in from Mexico in his private car and left over the Union Pacific for the east, says the Denver Republican. Mr. Hampson said there was nothing in the report telegraphed to the United States that E. H. Harriman, who recently went over the road, would purchase it. "Wherever Mr. Harriman goes," said Mr. Hampson, "the statement that he is going to buy some railroad property follows him. The Cuernavaca road is in a very prosperous condition and we are doing more construction work. There is no deal on for the property."

HOTEL ARRIVALS.

TELEPHONE LINE.

Grant County to Have Complete System from El Paso.

The Silver City enterprise says the Grant County Telephone company are thinking seriously of extending their line from Santa Rita to Paywood, there to connect with the line from El Paso which is now building and is now within a few miles of Deming. The new line will go down the Mimbres, via Swarts, providing enough subscribers can be obtained among the residents along that river to justify them in making the extension. Officials of the company say they mean business and if they are given the proper encouragement, the long talked of and yet to

Happy Childhood Knows What's Best

Medicine that a child dislikes, will not do it much good. Sensible parents will give the little darlings medicine that tastes good and does good, and don't grip or gripe; the kind they like themselves.

"I rely upon Casarets entirely in looking after my children."
—Mrs. Ellen Barwell, 1813 Division St., St. Louis.
"My little boy three years old was troubled with bleeding piles. We began to give him Casarets, and before he had taken one box, he was sound and well."
—W. A. Goin, Okmulgee, I. T.
"My little daughter complained of not feeling well and began to vomit and became very sick. A half Casarets tablet was given her and in less than half an hour she got up as well as ever. Casarets are a household necessity."
—Thos. L. Most, F.M., Trenton, Pa.
"My little girl was greatly troubled with worms, but after giving her a box of Casarets, she is entirely well."
—Mrs. John F. Biley, 8 Sudler St., Gloucester, Mass.

Medicine forced on the little ones loses half its power. Nasty, sickening medicine is an injustice to the dear little innocents who can't protect themselves, makes them peevish and afraid of the dose. When a child hates the medicine, it will not be effective. Children like Casarets Candy Cathartic, ask for them and are kept healthy always and easily against the damages of childhood's ailments.

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. Genuine tablet stamped C.C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Company, Chicago or New York.

The Mexican Central Railway Co., Limited

Calls attention to the fact that:

It is the only Standard Gauge Route from the United States frontier to Mexico City.

It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas.

It is the only line by which you can travel without change from Kansas City, Mo., to Mexico City.

It is the only line by which you can travel without change from St. Louis, Mo., to Mexico City.

The lines of the Mexican Central Railway pass through 15 of the 27 states of the Republic. Eight million of the thirteen million inhabitants of Mexico are settled contiguous to them.

The principal mining regions receive their supplies and export their products over it. Chihuahua, Sierra Mojada, Mapimi, Fresnillo, Parral, Guanacachi, Durango, Zacatecas, Guajuato Sombrerete, Pachuca, etc., etc.

When You Travel for Business, Go Where Business is Done.

There are only five cities of over 35,000 inhabitants in the Republic of Mexico that are not reached by the Mexican Central line.

The following ten cities are reached only by the Mexican Central Railway:

Chihuahua 30,098 inhabitants; Parral 16,382; Zacatecas 34,438; Guanajuato 40,580; Leon 63,263; Guadalajara 101,208; Queretaro 38,016; Zamora 12,533; Aguascalientes 37,816; Irapuato 19,640.

It also reaches the cities of Torreon 33,845; San Luis Potosi 60,568; Tampico (Mexican Gulf port) 16,513; Celay 25,565; Pachuca 37,887; City of Mexico 368,777.

Daily Pullman service between St. Louis, Mo., and Mexico City, also between Kansas City, Mo., and Mexico City, and vice versa.

CITY NEWS.

Deming, the gateway to the best part of Old Mexico.

Window shades in all colors and styles at Albert Faber's, 305 Railroad.

Deming, the railroad center of New Mexico.

Fresh Cut Flowers.

IVES, THE FLORIST.

Do you eat meat? You ought to try some of that nice corn fed beef at the Union Market, 207 West Gold avenue.

ASK YOUR GROCER FOR "PRIDE OF RIO GRANDE" FLOUR FROM CALIFORNIA WHEAT. FLOUR IS EQUAL TO COLORADO'S BEST.

Simon Stern, the Railroad avenue dealer, for Hanan shoes. Spring now in.

Have you stopped to think that the conditions of the shoe trade are mightily changed from those of a few years ago? Have you stopped to observe

that the tendency of all trades is toward specialties? Have you not come to the conclusion that the exclusive shoe store is the best place to buy your footwear and that C. May's, 208 West Railroad avenue, is the best shoe store in the city?

Just received a large shipment of Japanese and Chinese matting. Albert Faber, 305 Railroad avenue.

In Deming another good hotel is needed to accommodate the enormous increase of population. Deming, the coming city of New Mexico.

E. L. WASHBURN.

LOCAL PARAGRAPHS.

Chicken and ice cream at the Columbus hotel Sunday dinner.

Mrs. M. C. Mohlman, who visited her old home in Illinois, has returned to the city.

The manager of the Santa Fe Pacific base ball club is Timekeeper Booth. He is all right.

Will Moore, familiarly called "Spot," is doing some electrical work at the new Alvarado hotel.

Nathan Barth has gone to his sheep ranch in the Zuni mountains and will remain about a month.

J. L. Curd and wife, hailing from Hardin, Ky., are here, and will probably remain during the summer.

Richard Kelly was convicted in police court this morning of being drunk and disorderly and was given \$5 or five days.

William McIlvain and Pete Isherwood have gone to El Paso, where they have secured good positions in a factory.

R. B. Thomas, of the Cerrillos smelter, was here yesterday with his family. He returned to Cerrillos this morning.

David Denham has returned from western Valencia county, where he put in a pumping plant for a sheep ranch.

Mrs. Overton, wife of Captain Overton, has returned to Fort Grant. While here, the lady was the guest of Miss Grace Hawks.

Next Monday night at Mrs. Walton's dance at Grant hall, Prof. Di Mauro and Miss Hanthorne, as usual, will furnish the music.

Mrs. Zula J. Feeser and her sister, Mrs. Altha Jorg, assistants to Rev. C. Hall Cook, arrived on the morning train from Los Angeles, Cal.

Judge B. S. Baker and wife, who were at Santa Fe attending a session of the territorial supreme court, returned to the city last night.

Herman Hase, a well known wool buyer, who was up north on business, returned to the city last night, so as to enjoy the Sabbath with his family.

The remains of Robert Simpson were shipped to Watertown, N. Y., this morning. Mr. and Mrs. D. E. Sweet returned home on the same train, Mrs. Sweet being a sister of Mr. Simpson.

Be sure and attend the evening service at the Highland Methodist church Sunday and see the beautiful pantomime by ten little girls of "Jesus lover of my soul." Miss Heimbeck will be the soloist.

A delightful hay wagon party was enjoyed last night by members of the Christian Endeavor society of the Congregational church. About twenty young people went out to Atrisco and called on the teachers of the mission school.

J. M. Muggsley, formerly in the bakery business on South Second street, will take in Southern California for a few weeks. He went west with some of the Michigan Forresteres yesterday afternoon, of which order Mr. Muggsley is a member.

Frank Ackerman, a bright young lawyer from Chicago will open an office in this city next month. He has had nine years' practice in Chicago and will be a valuable addition to the legal profession of this city. He will bring his family here soon and erect a residence.

The New England bakery has been thoroughly renovated and repapered; a pretty ice cream parlor has been fitted up. Electric fans will be installed and after a few finishing touches are added Mr. Kydass expects to give an opening and invite the people to look through his place and inspect the inside workings of a first class bakery.

Antonio Maggio did not go away yesterday. He left this morning and a delegation of Italian friends were at the depot to safely see him on the train. He will first visit a brother at Kansas City and from there he will go to Baton Rouge, La., where his mother is now stopping. He expects to return to the city by fair time.

The Browns and Santa Fe Pacific ball teams will be the contestants at the fair grounds tomorrow afternoon. Both teams have made good records and a very interesting game will no doubt be the result. The races are between the best of Albuquerque's flyers and will contribute to make the day's sport one of the best so far this season. No admission will be charged and a large crowd will surely be in attendance.

Rev. C. Hall Cook will continue his Sunday lectures tomorrow, holding services at both hours, 2:30 p. m. and 7:30 p. m., at Odd Fellows' hall on 319 1/2 Second street. His subject will be "Psychic Photography and Kindred Themes." He will be assisted by Mrs. Feeser and Mrs. Jorg, Los Angeles, the latter giving evidential facts or tests in demonstration of the higher forces at both meetings. The usual collection will not be taken, but an admission of 15 cents at the door.

Messrs. Page and Voorhees are the members of the firm who will conduct the new drug store in the Barnett building, on South Second street. Carpenters and painters are at work putting in the shelves and fixtures. Part of the goods have already arrived and another shipment is on the road. Mr. Page, the senior member of the firm, hails from Ohio, and Mr. Voorhees is a former resident of the state of Iowa. Both are very agreeable gentlemen and will be welcome acquisitions to the city. They expect to open for business about the middle of May.

Don't forget that the Columbus hotel serves the best 25 cent dinner in the city.

Hot

Free lunch tonight at the Metropolitan saloon. Everybody invited. Bring your friends.

Just received 1,000 10 cent novels, splendid assortment, at Hawley's, on the corner.

A fine free lunch at the White Elephant resort tonight.

Fresh confections of all kinds at Scott's ice cream parlor.

A lunch, fit for royalty, will be served by Quikell & Bothe at Zeigler's Cafe tonight. Everything eatable free.

Try New England bakery bread.
