VOLUME 16

ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, APRIL 24, 1902

NUMBER 129

THE POLITICAL POT

Indiana Republicans in Session.

Queen Wilhelmina's Temper- ature Increased Slightly.

Polygamy is Said to Be Increasing in Utah.

RELIEF FOR KANSAS.

Indianapolis, April 24.—The republican state convention was called to order at 9:30 this morning. The first business was the presentation of the report of the committee on resolutions. The committee was not able to report promptly because it was unable to agree on some planks. There is a hot fight over the insertion of a clause endorsing the gold standard. It had been decided to advocate a plank in which some members of the committee thought they could detect the approval of a bank asset currency. It was stricken out after a lengthy debate and the plank found in the platform adopted. The resolutions committee reported at 9:45 and the report was read and unanimously adopted.

The platform affirms the Philadelphia platform; congratulates the party on the harmony within it; mourns the death of McKinley who was an "ideal citizen, a statesman of profound wisdom, and a patriot of the most exalted purpose;" deprecates the death of Harrison who was a "brave soldier" and one of the nation's "purest, wisest, most trusted statesmen;" and "Indiana's most illustrious citizen;" cordially endorses the "able and apt administration of President Roosevelt and pledges his administration the support of the republicans of Indiana; expressed gratification that Cuba will soon pass to the control of her own people and favors just and liberal reciprocal relations between the United States and Cuba; approves the course of the administration in the Philippines; opposes all trusts or combinations of capital "whose purpose or effort is to restrict business or control prices;" and especially denounces those "whose tendency is to increase the cost of living;" adheres to the policy of protection; favors reciprocity wherever it can be done "without interrupting our home production;" renews faith in the gold standard; expresses gratification at the abrogation of the Clayton-Bulwer treaty "enabling the government to proceed with the construction of a ship canal between the Atlantic and Pacific oceans;" favors the most stringent legislation for the suppression of anarchy; approves the Chinese exclusion law; and favors liberal pensions to survivors of the Mexican, civil, and Spanish wars.

There being no contests for the positions, the rules were suspended and nominations were made by acclamation as follows:

Secretary of State—Dan. B. Storms, of Lafayette.

Judge of the Supreme Court—John H. Gillett, of Hammond.

Judges of the Appellate Court—W. D. Robinson, of Princeton; William Hendly, of Rushville; James B. Black, of Indianapolis; Daniel W. Comstock, of Richmond; U. Z. Wiley, of Fowler; Frank S. Roby, of Auburn.

State Statistician—B. F. Johnson, of Fowler.

State Geologist—W. H. Blatchley, of Indianapolis.

For attorney general, Charles W. Miller, of Goshen, was nominated on the third ballot. David Sherrick, of Noblesville, was named for state auditor on the third ballot, and N. U. Hill, of Bloomington, for treasurer on the second ballot.

HIGHER TEMPERATURE.

Queen Wilhelmina Had a Recurrence of Higher Temperature.

The Hague, April 24.—The bulletin issued from Castle Loo at 3 o'clock this afternoon says: "A recurrence of high temperature this afternoon makes it manifest that every care is still requisite."

CRISIS IN UTAH.

Polygamy is Now Being Taught With Renewed Vigor.

Omaha, Neb., April 24.—At today's session of the Woman's Presbyterian Board of Missions of the Northwest, synodical reports were heard. The report from Utah said:

"Conditions in Utah have come to a crisis, and polygamy is being taught with renewed vigor. Mormon children are being prohibited from going to Gentile schools and religion and the state are being too closely identified."

Relief for Kansas.

Kansas City, April 24.—Soaking rains are falling at Emporia, Fort Scott, Chanute and Independence, Kan. The prospects are it will continue all day. Showers and light rains are reported from other Kansas points.

Congressional Proceedings.

Washington, April 24.—The house today resumed consideration of the house amendment to the oleomargarine bill. Amendments offered by opponents of the bill were rejected and the senate amendments, with such

amendments to those amendments as were proposed by a majority of the agricultural committee, were adopted.

The Philippine government bill was taken up in the senate and Mr. Rawlins continued his speech in opposition.

ARMED WITH A PRAYER BOOK.

A Frenchman Attempted to Enter the Royal Palace.

Madrid, April 24.—Considerable excitement was caused here by the arrest of a Frenchman who attempted to enter the royal palace. The prisoner gave the name of Sauri. Nothing but a prayer book was found in his possession. Sauri was handed over to the French embassy.

Incendiary Fire.

Oskaloosa, Iowa, April 24.—Freemont, a town fifteen miles southeast, was visited by a disastrous fire today which destroyed three-fourths of the business part of the town. The total loss is \$35,000, and the fire is thought to have been incendiary.

No Disorder Today.

Patterson, N. J. April 24.—The operators of silk dye houses made no general attempt to resume business today and no disorder occurred in any strike districts.

Passed It Again.

Copenhagen, April 24.—The Landthing today passed the second reading of the majority report on the treaty providing for the sale of the Danish West India Islands to the United States by a majority of 32. Twenty-eight members abstained from voting. The treaty will now be discussed by the folkething.

One Block Burned.

Des Moines, Iowa, April 24.—A fire at Red Oak today burned a whole block, entailing a loss of \$225,000.

THE BEALS GRANT.

Some History Recited in Condemning the Contemplated Steal.

IT SHOULD BE WATCHED.

A recent Washington special stated that certain members of the Kansas congressional delegations are making an attempt to revive, by legislation, the Beal grant, as it was formerly called, and thus unsettle the titles to large areas of land in Kansas, Colorado, Oklahoma and New Mexico, says the Denver News. This Beal claim is fully as fictitious as the Peralta-Reavis claim, although as yet no such fraudulent testimony has been manufactured to sustain it as was done in the Peralta-Reavis case. There appears to be no immediate danger that congress will enact the desired legislation, but the matter will bear constant watching. As was remarked in connection with the Chaves grant, which has been adjudicated by the court of private land claims, any interference by congress with titles which the courts have determined is always to be deprecated. So far as we can recall the history of this so-called Beal grant, it is a myth, and congress will do an act of gross injustice to thousands of people who have farms and homes within the limits claimed by these heirs. The very extent of the area claimed is ample evidence that it is fictitious, and if there be any claimants who actually believe they have rights to the land in question they are simply deceived.

The danger of congressional action in the matter of grants may be instanced by stating the narrow escape from confirming the old Vigil-St. Vrain grant which once comprised most of southern Colorado. Colonel St. Vrain was in Washington urging the confirmation of the grant and the senate committee on public lands was about to make a favorable report. St. Vrain has a fine map of the grant made, and unfortunately for him showed it to Judah P. Benjamin. Putting his finger at the junction of the St. Charles with the Arkansas, Senator Benjamin asked: "Colonel, how far is it down to that point?" indicating the mouth of the Purgatoire.

"About seventy-five miles," replied St. Vrain.

"And how far is it to this point?" continued Benjamin, tracing the line along to the summit of the Ratons.

"Upwards of 150 miles," said St. Vrain.

"My God," said Senator Benjamin, "that is a princely price. We can confirm no such grant as that."

The map saved for the public domain several hundred thousands of acres of what now constitutes the finest portions of southern Colorado.

He Has No Rheumatism.

Joe Barnett is now convinced The Citizen has a large outside circulation. Yesterday he received a letter from a firm in New Jersey, stating that the information had been received through an item in The Citizen that he (Barnett) was suffering from rheumatism, and offering a "quick, safe and sure cure for the malady. Mr. Barnett did not answer the letter—he consigned all to the waste basket, and he is now trying to find out whether he has rheumatism or not. He never had a touch of such a disease in his life and thinks he is free from the annoying aches. In the first place, The Citizen had only stated that he was at Santa Rosalia Springs taking the baths, and the New Jersey firm, seeing the item, probably inferred that Mr. Barnett had the rheumatism.

Fresh fish.—San Jose Market.

CARVED HIM, SAH!

Senator Money Slashed a Conductor.

A Serious Loss of Burned Church Property.

Confederate Veterans Were Wildly Cheered in Their Parade.

PATTERSON IS QUIET.

Washington, D. C., April 24.—Senator Money, of Mississippi, had an altercation with a conductor on a street car today, which resulted in the senator receiving two severe blows from the conductor, the latter being cut severely with a knife. According to the senator, he got on the wrong car, and did not notice it in time to get a transfer ticket. The car he should have boarded was in the rear of the other. When seated in the latter, the conductor asked for a ticket, although Mr. Money says, he had seen him go from one car to the other. Mr. Money refused to pay his fare, and the conductor tried to eject him. He struck him a blow, and Money took out his knife to protect himself. The conductor and a passenger tried to throw him off of the car and doing so the conductor received several cuts. After they had ejected him, Mr. Money says, the conductor struck him a vicious blow and appeared at the capitol later.

Later in the day the conductor was arrested on a warrant sworn out by Senator Money. He says he did not strike the senator until the latter drew a knife and did not make any effort to put him off the car while in motion.

CHURCH LOSSES.

Quarter of a Million Dollars Worth Burned Up.

Lolowville, N. Y., April 24.—Fire today in the village of Croghan caused losses estimated at from \$250,000 to \$300,000. Twenty-one buildings were destroyed, among them being the property of St. Stephens Catholic Society, including the church, monastery, convent school building and college. Twenty families were made homeless.

WILDEST ENTHUSIASM.

Confederate Veterans Marched Along the Streets of Dallas.

Dallas, Texas, April 24.—With blood-stirring steps and to the same airs by which they marched and fought two score years ago, the veteran remnant of the confederate armies represented at the Dallas reunion marched through the streets of the city today, the object of a wildly cheering multitude. It was a holiday, public buildings and stores in general being closed. Thousands of visitors, coming for the sole purpose of seeing the old soldiers, added to the throng already on the streets. Some veterans, too feeble to march, found places along the route and waved their hands and screeched the famous rebel yell.

Big Fire at Sarcoxie.

Sarcoxie, Mo., April 24.—The business of Sarcoxie was wiped out by fire last night and fifteen business houses were destroyed, entailing a loss of \$100,000. Several persons were injured.

A HEAVY LOSS.

Forest Fires Caused a Loss of Nearly \$300,000.

Clarion Pa., April 24.—The fire at Maroonville in the forest country yesterday raged until last night, consuming 150 buildings and entailing a loss of nearly \$300,000 with not over \$75,000 insurance. About half the town is in ashes and five hundred people are homeless. Several persons were injured and John Johnson, a tailor, is missing.

TELEGRAPHIC MARKETS.

St. Louis Wool.

St. Louis, April 24.—Wool—Weak; territory and western mediums, 14@16; fine, 11@15; coarse, 11@14.

New York Metal.

New York, April 24.—Copper—Quiet and unchanged. Lead—Quiet and unchanged.

New York Money.

New York, April 24.—Money on call steady at 4 per cent. Prime mercantile paper at 4@5 per cent. Silver, 51½.

Kansas City Live Stock.

Kansas City, April 24.—Cattle—Receipts, 2,800 head, including 200 Texans; market steady; native steers, \$5.50@7.10; Texans and Indians steers \$5@6; Texas cows, \$3.50@5.50; stockers and feeders, \$3.50@5.10; bulls, \$3.50@6; calves, \$4@6. Sheep—Receipts, 1,000 head; market a shade higher; muttons, \$5.50@5.80; lambs, \$6.50@6.85; western wethers, \$5.60@5.90; ewes, \$5@5.50.

Chicago Live Stock.

Chicago, April 24.—Cattle—Receipts 5,000 head; market 10c higher; good to prime steers, \$6.80@7.50; poor to

medium, \$4.75@6.50; stockers and feeders, \$2.10@5.30; cows, \$1.50@6; heifers, \$2.50@6.25; canners, \$1.50@2.50; bulls, \$2.50@5.00; calves, \$2@5.50; Texas fed steers, \$5.25@6.25. Sheep—Receipts, 22,000 head; sheep 10c lower; lambs 10c lower; good to choice wethers, \$5.50@6.20; fair to choice mixed, \$4.75@5.50; western sheep, \$4.50@6.25; native lambs, \$4.75@6.50; western lambs, \$5.50@6.55.

Chicago Grain.

Chicago, April 24.—Wheat—April, 75½c; May, 75½@75¾c. Corn—April and May, 63¼c. Oats—April, 43c; May, 43¼c. Pork—April and May, \$16.80. Lard—April and May, \$9.87½@9.90. Ribs—April and May, \$9.25.

Boston Copper.

Boston, April 24.—Copper got another start today and looked at the closing as if they would be a good deal higher before the end of the week. The advance in A. C. P. is coming along all right, and its strength is helping all of the better class of coppers. We continue to favor the long side of coppers.

Railroad Officials.

A special train of Santa Fe officials is sidetracked at the local depot. J. E. Hurley, general superintendent of the western division with headquarters at La Junta, Col. in coach No. 218, F. C. Fox, division superintendent of the New Mexico division, with headquarters at Las Vegas, in coach No. 212, and J. F. McNally, division superintendent of Rio Grande division, with headquarters at San Marcial, in coach No. 135, are here, coming up from the south yesterday. They are here to meet H. P. Cheney, of Boston, one of the directors of the Santa Fe railway company, who will arrive tonight from the west.

STOCK SHIPMENT.

Heaviest Movement in History of Santa Fe Road.

PLENTY OF EQUIPMENT.

The heaviest stock movement in the history of the Santa Fe road is now on. Hundreds of carloads of beefsteers are coming north from Texas and New Mexico every day, to be fattened for market on the pasture lands in Kansas and Oklahoma.

From carefully prepared estimates of men in the field it is given out by the Santa Fe that the movements of stock this spring will aggregate 8,500 carloads, or about 189,000 head. This is about 20,000 head above any previous record.

Since April 1 the Santa Fe has hauled 3,000 cars over the Gulf, Colorado & Santa Fe, via Purcell, and it is estimated that this is only a little over 50 per cent of the total movement for the season. So far most of the shipments have been coming to Red Rock, White Eagle, Elgin and Davidson, four cattle towns of immense importance situated in Oklahoma and southern Kansas. The town of Elgin is the greatest shipping point in the world for fat cattle, or cattle fattened on grass and ready to be finished off with Kansas corn.

Before May 1 it is estimated that the Santa Fe will haul 2,000 carloads of cattle over the Pecos valley line and 600 cars more from the big ranches in New Mexico.

In anticipation of this stupendous movement of cattle, the Santa Fe has for months been gradually preparing for the rush and now the officials of the transportation department are jubilant at the record they are making for the abundance of equipment where it is needed.

"Plenty of equipment," said George Heathington, the transportation department to the Topoka State Journal. "We have not had a bit of trouble so far through lack of cars. This is simply because we have for weeks been getting ready for the movement, and have been sending cattle to the country where the cattle are shipped from. The movement is now at its height, and we are taking care of the cattle as fast as they come. We will have the heaviest movement we have ever had."

The cattle now being shipped north are not for market. They have been spending the winter on the pasture lands in southern Texas and New Mexico. They are leaving the exhausted pastures of that country now and are coming to the north, where the pastures are beginning to get green. They will be kept on grass during the summer and then sent to market.

The unusually heavy movement of cattle is said to be due to the fact that the cattle are now pretty well cleaned out of the north, having been rushed to market last fall when the corn crop fell short.

Rock Island Also Rushed.

The unprecedented rush is not confined to the Santa Fe. The Rock Island traffic officials state that their business this year will eclipse anything in the history of the company. This is due to a considerable extent, no doubt, to the completion and operation of the El Paso extension. It is stated that over 2,000 carloads of cattle were hauled over the El Paso line last week. The Rock Island will haul a great many cattle to the summer pastures of Wyoming and Idaho, but this movement has not started yet. The cattle for these points will be taken to Dolhart, and there transferred to the Colorado & Southern. It is estimated at the present time that about 150,000 head will go north by this route.

RELEASED ON BOND

Bob Parsons is Temporarily Free.

New Reason for the Irrigation Law.

A Crushing Defeat of Government Troops in Venezuela.

DIAZ MAY TRAVEL.

Special to The Citizen.

San Marcial, April 23.—Bob Parsons who was in jail at Socorro on the charge of shooting Orange Aldrich, was released on giving a bond of \$1,500. Parsons has wired for some of his family.

The sufferings of Aldrich as he was being taken from the ranch to town were intense. He begged to be lifted from the wagon and permitted to die on the plains.

A SOUND REASON.

States Bordering Arid Lands Want the Irrigation Bill Passed.

Washington, April 24.—William E. Chadwick, chairman of the transportation committee of the Board of Trade at Chicago, has written a letter to Representative Newlands of Nevada, author of the pending irrigation bill, presenting a new reason why this measure should be passed.

Mr. Chadwick holds the states lying east and northeast of the arid lands suffer enormous loss as the result of the burning heat coming from the arid quarters.

A CRUSHING DEFEAT.

Rebels in Venezuela Routed the Gov- ernment Troops.

Port of Spain, Island of Trinidad, April 24.—News by a special steamer from Cumana, State of Bermudez, Venezuela, says on Tuesday morning the Venezuela government troops numbering 2,200 men under General Ramon Castillo, attacked the revolutionists between San Antonio and Guanabana, distant about thirty leagues from Cumana, in a mountainous district, well known to the revolutionists. Gen. Castillo personally led the advance of the government guard.

An hour after the opening of the action Gen. Castillo was wounded. Immediately after this all the recently recruited Venezuelan soldiers disbanded, deserting in all directions and eventually reaching San Antonio. The government officers tried to rally the troops but their efforts were vain and ended in a complete retreat of the Venezuela soldiers.

The whereabouts of Gen. Escalante who was second in command of the government army are unknown. Gen. Castillo died later from his wounds.

The situation in Venezuela is again critical.

WILL GO ABROAD.

President Diaz Expects to Visit Europe in May.

Berlin, April 24.—According to a dispatch received in Hamburg from a Mexican banker, President Diaz, of Mexico, intends to ask the Mexico congress for leave of absence to make a trip to Europe next May. President Diaz purposes to install Senor Limantour, minister of finance and commerce, as executive during his absence.

Reaching Out.

The fame of Jacob Korber & Co. is reaching north, south, east and west from this city, and they are receiving orders almost every day. Yesterday they shipped a two-seated "Trap" vehicle to J. W. Weatherford, the hotel keeper of Flagstaff, Ariz., and the day before sent a nobby milk wagon to J. K. La Prade of Winslow. These goods are the best manufactured, and can be purchased from Jacob Korber & Co. of this city.

SCOTT KNIGHT.

He Would Make a Most Excellent Fire Chief.

It is understood that Mayor Myers is considering several names for the office of chief of the Albuquerque Fire department. The Citizen has no official information as to what names the mayor has under consideration, but desires to state that the best informed man today in Albuquerque on fighting fires, with all due respect to ex-Chief Ruppe and Captain Sutherland, is Scott Knight. For many years he was the efficient foreman of Scott Moore hose company, (then in existence), and his valuable aid and advice, in those strenuous times, when a run of the real kind had to be made to a fire, saved many a residence and store building from being consumed entirely by fire. He was the embodiment of everything that pertained to fire fighting in those days, and could locate the fiercest elements with a precision that was admirable to behold. In those days, his counsel was sought after by the unpaid fire chiefs, and, knowing his ability to do much excellent work, his advice was more often accepted

than rejected. The Citizen thought one time it had a fire fighter, because a certain member had filled divers' positions in the volunteer service and was up all day and all night, but as a true fire fighter, one who can give pointers to the best of them, this paper in all friendship tips its \$5 Stetson to Scott Knight. If he can be prevailed upon to accept the position, Mayor Myers could not find a better man.

CLEARING THE DOCKET.

All Cases Ready for Trial Will Be Tried.

The case of M. C. de Baca et al vs. Wm. Jenks was concluded yesterday afternoon and the jury instructed to return a sealed verdict to be delivered to the clerk of court and opened on the return of Judge Baker from Santa Fe. Every civil case on the docket in which either party was ready for trial asked for a jury has been tried at this term of court, with the exception of the case of George R. Buck vs. G. M. Bowers et al, for which case the petit jury has been called back on May 12.

The court announced that on Monday, the 28th inst., all cases on which jury has been waived, will be set for trial before the court on a certain day at the present term, so that every case on which the issues have been made up may be tried if either party demands trial.

Miss Mabel Farrington, a pretty young lady of Los Angeles, passed through this city this morning for Rochester, N. Y., where the young lady will visit relatives and friends for a few months. Miss Farrington is a particular friend of Miss Cote Hyde, who, together with her mother and Mrs. A. E. Walker, was at the depot to meet the lady.

ABSCONDER LOCATED.

Fleishman, the Former Los Angeles Banker, at Hermosillo.

SEEN AND RECOGNIZED.

Henry J. Fleishman, the Los Angeles absconder, is now, or has been, at Hermosillo, Mexico. He was reported to have been seen in several Mexico cities, but detectives have so far failed to locate him. It is now alleged that he is living in Hermosillo, and although he does not try to hide his whereabouts, he does not relish the idea of meeting people from his old home.

It will be remembered that several months ago he took a small grip filled with \$200,000 of money belonging to a Los Angeles bank of which he was cashier, and skipped to parts unknown.

F. H. Rogers, of Los Angeles, who knows Fleishman well, saw him in Hermosillo and had the following talk with him, says the Bisbee Review:

"When I caught sight of Fleishman I recognized him without any difficulty because he wears his moustache and looked as he did when he was in the bank."

"In order to make sure, however, I went up to him and said: 'This is Mr. Fleishman who used to reside in Los Angeles, is it not?'"

"He assured me that I was right. I then introduced myself and we held a social conversation touching many subjects of mutual interest. He asked me how Los Angeles was getting along and I told him the city was booming. I asked him what he was doing and he said: 'Nothing at present. I am here for a few weeks.'"

"I did not say anything to him about his affairs farther than to ask him how he was getting along. I did not mention the bank at all. Mr. Fleishman appeared to be in excellent health and in his customary good spirits. I am absolutely certain that it was he whom I saw. I could not possibly be mistaken, especially since I introduced myself and inquired specifically if the gentleman I was addressing was not Henry J. Fleishman."

"Are you going to inform the officers and claim the reward in the event that they are able to arrest the defaulter?" was asked.

"What's the use?" inquired Mr. Rogers. "I am pretty well satisfied that the bank does not want to catch Mr. Fleishman, anyway. As a matter of fact, it has lost nothing in a financial way, and Fleishman is merely a scapegoat. Moreover, I have heard that the \$5,000 reward has been withdrawn. I am not after blood money. In any event, and I do not know that I care to see Fleishman captured."

Afternoon Dinner.

This afternoon, at 5 o'clock, at their pleasant home on the Highlands, Mr. and Mrs. M. W. Flournoy will give a dinner to Mr. and Mrs. J. A. Coram, Mr. and Mrs. C. E. Coram and Miss McCaffery, and William Spencer, of Boston; Mr. and Mrs. C. K. Newhall, Dr. E. J. Alger, and Miss Nell Flournoy. The decorations will be pink and white, and Mr. and Mrs. Flournoy, who are among Albuquerque's select set, will show their guests true, royal western hospitality.

H. D. Anderson, one of Boston's heavy weights, is in the city and will probably remain during the summer. Mr. Anderson is a brother-in-law of A. W. Haygen, the well known carpenter and contractor, and as Mr. Anderson is a skilled carpenter his services will be valuable here.

Buffalo Bill's Wild West show will visit New Mexico and Arizona this season.

The man who makes no mistakes is the man who never does anything.—President Roosevelt.

Congress may not adjourn until the middle of July, and, like the weather, it grows warmer as the days go by.

The El Paso people admit that their international dam water deal will not be considered by congress this session.

This city has enjoyed one advantage since the burning of the opera house. No "Uncle Tom's Cabin" company has reached town.

If you can arouse curiosity by an advertisement it is a great point gained. The fair sex don't hold all the curiosity in the world.

The statehood advocates have had another conference with Speaker Henderson, and the bill will probably be called up in the house next week.

Since Roosevelt has padlocked General Miles and Funston, the prize fighters are the only warriors who will be permitted to fight with their mouths.

The estimated British deficit for the coming year is \$220,000,000, and as the new taxes will not yield more than \$50,000,000, the rest must be provided for by a loan.

For the first time in many years there is no man from Ohio in the president's cabinet, and none holding high diplomatic office or on the bench of the supreme court.

The announcement has been officially made at the war department that General Miles will be retired at an early date and it is further understood that General Brooke will succeed the present general commanding the army.

The University of Pennsylvania is said to possess the oldest piece of writing known. It is on a fragment of vase taken from the ruins of Nippur, Mesopotamia, and dates back to centuries B. C., being, in other words, 6,400 years old.

After all expenses were paid for the great Columbian exposition in Chicago in 1893, the sum of \$450,000 remained in the treasury. This money is now to be divided among the stockholders, who will get a dividend of 45 cents on each \$10 share.

According to the last census there are 266,760 Indians in the United States, including those taxed and not taxed, those in military and naval stations abroad and those living in Alaska. There are 137,242 Indians taxed, 129,518 not taxed.

The real cause of the present rise in beef is said to be the drought that prevailed through the west last summer, which has made feed high. Cattle on the hoof have brought \$7.50 a hundred pounds in Chicago lately, the highest price since April, 1882.

Senator Hanna, in an address at Philadelphia, said recently: "The necessities growing out of the vast productive power of this country have forced the aggregation of capital, the creation of wealth in concrete form. To absorb and render it valuable as an industrial investment we must have industrial peace."

Arizona is one of the largest political subdivisions of the United States. Leaving out Alaska, only four other states and territories—California, Montana, Texas and New Mexico—exceed it in size. With its 113,000 square miles, it is more than twice as large as England and Wales, 25 per cent larger than England, Wales and Scotland, almost as large as Great Britain and Ireland, and larger than the kingdom of Italy.

ABSURD SCHEME.

The people of El Paso think that it is right to stop the building of a dam at Elephant Butte by private capital and urge that the government acquire \$2,500,000 for a dam at El Paso.

They object to the dam at Elephant Butte because they say that it might interfere with the navigation of the stream, but think that a dam at El Paso would not stop the passage of boats. In addition the people of El Paso want the government to prevent the people of New Mexico from using the waters of the Rio Grande.

The position of the people of El Paso is the acme of selfishness, and it is not probable that congress will ever listen favorably to the ridiculous international dam scheme.

MINING BUSINESS.

Mining pays a larger percentage on the amount invested than any other form of industry. If dealt in along business lines, it is as safe as any other form of investment. It is only unscrupulous promoters who desire that mining should be considered a gamble so that men will invest their money foolishly, lavishly and without thinking of their investment other than as a gamble. By regarding it in this light the investing public is more susceptible to the foolish and unreasonable claims made by the unscrupulous promoter. The business man who does not use business methods when investing in mining deserves to lose his money.

ARIZONA'S PETRIFIED FOREST.

Representative Lacey, of Iowa, has a bill pending in congress to set apart the petrified forest of Arizona as a national park. The proposed park would comprise about 2,000 acres, absolutely a desert and lying about 7,200 feet above the sea. The petrified forest is one of the wonders of the world, being the largest and most perfect curiosity of its kind in existence. The trees are of an extinct variety, coniferous in character, with a diameter of four to five feet at the base and two or three feet at the top, and many of them 150 feet in height. In the opinion of scientists, these trees are not standing where they grew. They probably were carried by some gigantic prehistoric flood, and submerged for centuries at the bottom of a great sea or lake, where they gradually became petrified. A deposit of soft sandstone forty feet deep in places covers portions of the forest.

"Now good digestion waits on appetite, and health on both." If it doesn't, try Burdock Blood Bitters.

HOTEL ARRIVALS.

Metropolitan.
Dr. Ratterman and wife, Cincinnati, Ohio.

Try Chamberlain's Stomach and Liver Tablets, the best physic. For sale by all druggists.

Will Not Dance.

An aggravated case of spring fever and its consequent mental derangement caused the announcement to appear in this paper last evening that the Vivace club would give a dance at the Congregational church on Saturday evening. It will not be a dance but a concert. The dancing was done today in this office.

A Chattanooga Druggist's Statement.
Robert J. Miller, proprietor of the Read House Drug Store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Alvarado Pharmacy.

OFFICIAL MATTERS.

Gordon T. Noah, of Fort Bayard, Grant county, has been granted a pension of \$30 a month.

Pension Granted.

Concepcion D. Martinez, Old Albuquerque, N. M., \$8 per month.

Territorial Funds.

Territorial Treasurer J. H. Vaughn received from Adolf F. Wetzel, collector and treasurer of Grant county, \$427.26 of 1901 taxes, and \$332.33 of 1900 taxes.

Land Office Business.

Homestead Entries—John J. Daly, Springer, 160 acres, Mora county; S. C. y Montoya, Torreon, 160 acres, Valencia county; Lucas Gallegos, San Rafael, 160 acres, Valencia county.

Pneumonia is Robbed of its Terrors.
By Foley's Honey and Tar. It stops the racking cough and heats and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

Commercial Club Dance.

An ideal night and ideal temperature combined to make the dance at the Commercial club last evening one of the most delightful of the season. It was an unusually jolly dance and dancing was kept up until a late hour. Those present were Mr. and Mrs.

Flournoy, Mr. and Mrs. McKee, Mr. and Mrs. E. L. Medler, Mr. and Mrs. A. Grunsfeld, Mr. and Mrs. I. Grunsfeld, Mr. and Mrs. Borradaile, Mr. and Mrs. Matson, Mr. and Mrs. Harrison, Mr. and Mrs. Kent, Mr. and Mrs. Chamberlain, Mr. and Mrs. Mandell, Mr. and Mrs. C. D. Coram, of Boston; Mrs. Overton, of Fort Grant; Mrs. Kent, Mrs. Mandell, Misses Lewinson, Fitch, Welter, Stevens, Hayes, Flournoy, Walton, Armijo, McCaffrey, of Boston, Hawks, Willey, Saint, Jaffa, Mandell; Messrs. Pickard, Spencer, of Lawrence, Kas., Brooks, Alger, Frost, Kuhns, Dolan, Newcomer, Booz, of Chicago, H. Weller, Newman, Wilkerson, Hertzog, Lewinson, Faber, Lieutenants Day, Lippincott and Read, of Fort Wingate.

Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Joseph Coffman, of Montmorency, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Alvarado Pharmacy.

Family Skipped Out.

H. W. Way and family, of Las Vegas, have skipped out on the furnishings in their apartments for the creditors to squabble over. H. C. Coleman, a nephew, who was driver at Grant & Hayward's, left with them. Their destination is unknown, but it is supposed that they went to greener fields.—Record.

Her Son's Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by all druggists.

Bankruptcy.

William L. Standish has filed a petition in bankruptcy in the United States court. He has a suit pending against him for \$2,086, brought by Essinger & Judell on a promissory note, and this brought the matter to a focus. Keller, Miller & Co., of Lake Valley, have a debt of \$250, also, making a total liability of \$2,337, with no assets.—Las Vegas Record.

The Great Dismal Swamp.

Of Virginia is a breeding ground of malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and induce dangerous maladies. But Electric Bitters never fail to destroy them and malaria troubles. They will surely prevent typhoid. "We tried many remedies for malaria and stomach and liver troubles," writes John Charleston of Byesville, Ohio, "but never found anything quite so good as Electric Bitters." Try them. Only 50 cents at all druggists. Guaranteed satisfaction.

Bowie in Washington.

Alexander Bowie, a mine owner of Gallup, is in Washington in relation to a bill now pending in conference committee for protection of lives of coal miners in the territories. The mine owners and miners of Indian Territory mines desire that the bill shall contain a provision requiring mine owners to retain professional shot-firers. The New Mexico mine owners object to this provision, contending that it is unnecessary in mines of the character of those in their territory. The conference committee will defer action until testimony can be had from both the territories.

Saved Many a Time.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for colds, croup, whooping cough, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. J. H. O'Reilly & Co., B. H. Briggs & Co.

Outlaws at Fairview.

Tuesday evening at 9 o'clock the store of F. H. Winston & Co., located at Fairview, Sierra county, New Mexico, was held up by two men who had handkerchiefs over their faces, and at the muzzle of their revolvers compelled F. H. Winston, a member of the last legislature, to open his safe and hand over to them \$75 in cash. They also took considerable clothing. When they were ready to remount their horses one of the horses broke and ran away. They stole a horse out of Winston's corral and rode off. Their horse was recaptured and identified. A posse is in pursuit.—Deming Herald.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

JEMEZ HOT SPRINGS STAGE LINE.

Stage leaves Trimble's stable on Second street, every Tuesday, Thursday and Saturday at 6 a. m.; quick time. A relay of stock is kept at Zia. Arrives at the Springs in time for supper. Don't be deceived by people who tell you they will take you just as quick as the stage, for they won't. Nobody else has any change of stock on the route. Tickets for sale at Trimble's. J. B. BLOCK, Proprietor.

Mrs. Albright, the Artist.

Is again in her studio, 114 North Third street. Parties who wish fine work in artistic photography, should call and leave their orders for the new carbon photo, the latest in photographic art. Deming has just been incorporated.

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.
There was a light frost last night, but no damage was done to fruit.

B. A. Sleyster, of Albuquerque, an insurance agent, who spent a day in Santa Fe, left for Las Vegas.
Ex-Probate Clerk Atanasio Romero is very proud of a blanket in his possession woven in 1770 by his great grandfather.

C. J. Gavin and son, of Raton, are in Santa Fe. Mr. Gavin is one of the best known citizens of northern New Mexico, who is a great worker for the welfare of the territory.
S. H. Elkins, who has been in Santa Fe county the past few weeks looking after his mining interests in the southern part of the county, will leave for his home at Columbia, Mo., of which city he is postmaster.

Hugh Murray arrived from New York to take charge of the remains of his brother, who died in Santa Fe on Sunday night. The remains will be taken to New York for interment.

Shot in His Left Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles, cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." J. H. O'Reilly & Co., B. H. Briggs & Co.

LAS VEGAS.

From the Record.

Mrs. George Noyes and mother, Mrs. Day, left yesterday for Carbondale, Ill. P. E. Garcia was in yesterday from Rock Ford looking for laborers for his sugar beet farm.

There are a large number of hides coming into market here, which means that the cattle are dying freely.

Captain Da Costa, of the infantry, has appointed R. Ullbarri second sergeant and Frank Morgan third sergeant of company K.

The Masonic cemetery is to have 200 new shade trees planted therein and the walks and driveways are to be graded and repaired.

Adolph Vorenberg and family have moved from Philadelphia to Watrous, and Simon Vorenberg, a brother, of the Vorenberg Mercantile company, has departed for the east on a buying trip.

John Hobart and wife, formerly of Boston, who had been in the city for a couple of weeks, left this afternoon for Colorado Springs, where they will make their future home.

William Boylan is in from his ranch near Cabra Springs and reiterates the drouth story. He said that one of his neighbors had lost forty out of ninety-five cattle on account of the drouth.

The arrest of Louise Trujillo for assaulting Amelia Vorrege with naughty words was settled by Louise apologizing and paying the costs. In addition, she was put under a \$100 peace bond to keep her tongue quiet.

From the Optic.

Ralph Oldham is around again after two weeks of confinement from an injured leg.

There are some who think that Las Vegas should have an inspector of butchered cattle. Every one is interested in pure foods and healthful meats.

Yesterday was somewhat dusty, it must be confessed; but it was nothing to compare in disagreeableness with the cold snow storms north of us or the warring hot air storms east of us. Rev. S. W. Byrd is here from Pueblo. He is presiding elder in the colored Methodist church and is looking after the church interests of his people in this city. Rev. Smith, the pastor, has placed his resignation in the hands of the elder, but as yet it has not been accepted.

E. E. Perry, who will be remembered as a Santa Fe engineer here for a number of years, and subsequently as a partner of John Pace in the Opera bar, writes to friends in this city from Helper, Utah, where he is again a railroad engineer. He wants to know whether the Las Vegas lodge of Elks

will send a delegation to the grand lodge at Salt Lake, during the coming summer; and adds: "We Mormons are making great preparations for that occasion."

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

SAN MARCIAL.

Special Correspondence.

San Marcial, N. M., April 23.—L. M. Lasley has returned from Rosedale, where he has been on special business.

A. H. Hilton, of San Antonio, passed through here today for the south.

E. W. Brown and some other parties sold quite a number of fine horses to the British government at a fair price.

The passenger train for the north was about six hours late this morning.

The crops around San Marcial seem to be smiling very lively as the 365 days in the year sun shines on them.

A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by all druggists. 50c and \$1. Trial bottles free.

Russell—Brusoe.

Yesterday morning at 7 o'clock at the Church of the Immaculate Conception Harry E. Russell and Miss Jennie Brusoe, well known and popular young people of this city, were united in the sacred bonds of matrimony. Rev. Manalari pronounced the simple and impressive words that made the happy young couple husband and wife.

Sam D. Stevens, the obliging day clerk at the European hotel, acted in the capacity of "best man" for the groom, and the bride was attended by Miss Anna Hill.

At the conclusion of the ceremony the party repaired to the home of the bride, on East Railroad avenue, where a delicious wedding breakfast was served.

Mr. and Mrs. Russell will soon go to housekeeping and continue to make Albuquerque their home.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Robert Simpson Dead.

Robert Simpson, of Watertown, New York, died at 1 o'clock this morning of consumption, a short distance north of the city. He was 30 years old. The body has been prepared for shipment and is held awaiting instructions from his brother who is expected to arrive tonight.

Wants To Help Others.

"I had stomach trouble all my life," says Edward Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. J. H. O'Reilly & Co., B. H. Briggs & Co.

A Pleasant Surprise.

Miss Lena Faber was royally assisted by her friends in celebrating her 16th birthday last evening. About 7:30 many of her schoolmates invaded her home at the corner of New York avenue and Sixth street and spent a most enjoyable evening. Those who joined in the surprise were Misses Edick, McClure, Hayden, Stanford, Rankin, Gonzales, Harsch, Kike, Faber, Messrs.

A BREATHING SPELL.

If the consumptive could only keep from getting worse it would be some encouragement.

Scott's Emulsion at least gives tired nature a breathing spell. The nourishment and strength obtained from Scott's Emulsion are a great relief to the exhausted system.

This treatment alone often enables the consumptive to gather force enough to throw off the disease altogether.

Scott's Emulsion brings strength to the lungs and flesh to the body.

Send for Free Sample.

Could Fill the Paper With Them.

This paper might be filled with items like the following, and everyone be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which have cured me. It is the best medicine I ever used.—Philip E. Rhoads, Pennville, Mo. Pain Balm is for sale by all druggists.

Relief Corps Social.

A delightful social was given yesterday afternoon by the members of the Woman's Relief Corps and Grand Army at the home of J. N. Warren, 524 North Fourteenth street. The social was from 3 to 5 and an impromptu musical program was given.

Dreadful Attack of Whooping Cough.

Mrs. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Alvarado Pharmacy.

The order of the Mystic Shrine has selected the Rock Island as the official route to their imperial council which will be held in San Francisco in June. The route will be through Ogden, using Rock Island, Central Pacific and Colorado Midland lines. The competition between the California lines was very keen.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by all druggists.

Work on the superstructure of the new depot and office building of the Santa Fe at Chillicothe, Ill., has begun. There has been a long delay in getting this part of the job started on account of the slowness with which material for the foundation has arrived.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Alvarado Pharmacy.

A south bound freight met with a slight wreck on the Glorietaas Monday. Two cars were telescoped, but no one hurt.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." J. H. O'Reilly & Co., B. H. Briggs & Co.

Fireman Monks has tendered his resignation on account of the high altitude. He was assigned a run between this city and Las Vegas over the Glorieta mountains.

A Nearly Fatal Runaway

Started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Bucklen's Arnica Salve cured him. Just as good for boils, burns, bruises, cuts, corns, scalds, skin eruptions and piles. 25 cents at all drug stores.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

VELVET RIBBONS. FOR PARTICULARS READ OUR AD. ROSENWALD BROS.

WANTED IN WALSENBURG.

What a Trinidad Paper Says of the Jap Held Here.

In regard to Kee Kuno, the Jap who is held here awaiting an officer from Colorado, the Trinidad Chronicle-News says:

Thursday night of last week the Colorado Supply company's store at Walsenburg was burglarized, and several revolvers, pocket knives, razors, shears and other articles were carried off. Monday evening Marshal Dailison received a letter from Thos. McMillin, chief of police at Albuquerque, N. M., saying he had run in a "Jap" who was trying to dispose of some articles as described above and aside from being new, the blades of the pocket knives, shears and razor cases had Colorado Supply company on them in gilt letters. The marshal wired the Albuquerque officer to hold the man until he could investigate. Further inquiry brought out the late robbery of the Walsenburg store. An officer will probably be sent to New Mexico for the man today. It is remarkable, to say the least, that the Walsenburg officers did not notify the Trinidad police of the robbery when it occurred, and not wait for an officer in Albuquerque to run a man in on suspicion and then inquire all over the west to see if he was wanted, before the Trinidad police knew about it. If our city officers were given timely notice of depredations committed by law breakers might be apprehended at once, or shortly thereafter, and would result in their becoming less frequent.

Stopped His Paper.

Nowadays when a subscriber gets so mad because the editor differs with him on some trivial question that he discontinues his paper, we remind him of a good anecdote of the late Horace Greeley, the well known editor of the New York Tribune. Passing down Newspaper Row in New York City one morning he met one of his readers, who exclaimed:

"Mr. Greeley, after the article you published this morning I intend to stop your paper."

"Oh, no," said Mr. Greeley, "don't do that."

"Yes, sir, my mind is made up. I intend to stop the paper."

The angry subscriber was not to be appeased and they separated. Late in the afternoon the two met again, when Mr. Greeley remarked:

"Mr. Thompson, I am very glad you did not carry out your threat this morning."

"What do you mean?"

"Why, you said you were going to stop my paper, didn't you?"

"And so I did. I went to the office and had your paper stopped."

"You are surely mistaken; I have just come from there and the press was running and business booming."

"Sir," said Thompson, very pompously, "I meant I intended to stop my subscription to your paper."

"Oh, thunder!" rejoined Greeley, "I thought you were going to stop the running of my paper and knock me out of a living. My friend, let me tell you something: One man is just one drop of water in the ocean. You didn't set the machinery of this world in motion and you can't stop it; and when you are underneath the ground things will wag on the same as ever."

Organization.

The following comment from Harper's Weekly was written by one whose vision covers the field and sees the tendency of the age:

"There is something about organization that seems to be in conflict with morality. Gather ten honest, reputable men and form them into a gas company, and the chances are that within a month they will try to buy the common council; gather a hundred God-fearing people and form a church, and in proportion to its vigor as an organization will be the need of careful restriction of its power; gather a multitude of people and form a nation and organize a government, and the richer and bigger the nation grows, the more its government will tend to a course of conduct regulated by consideration of the main chance. Government, even when conducted by decent men for well intentioned people, seems to care not much more for moralities than dynamite does for municipal ordinances. Governments tend to do what the times seem to prescribe, and to let history make their explanations. And yet nothing much can be accomplished without organization, and gas companies, churches and governments, needful as it is to watch them, are indispensable."

For Home People.

Those who go off to foreign cities to buy their wearing apparel and spend their money for the necessities and luxuries of life, or send their mail orders to foreign dealers, should ask themselves first: Who sympathized with you in your times of sickness or trials or dropped tears with you in your bereavements? Was it the home merchants and their families or the foreign merchants? Who carries you through on credit during hard times? Is it the dealer of Denver, Kansas City or Chicago? When you want to raise money for the church or other worthy object do you beg of the foreign merchant? When sick did the foreign merchant sit up with you or manifest any interest in your welfare, or care whether you died or not? Do the foreign dealers aid in the building of your sidewalks or help in any way to enrich the town? If not, why do you not trade with your home merchants and thereby do good by them that are of such inestimable value to your town? Glance over the advertisements in The Citizen and you will find just what you want right here at home in any line of business. Don't take or send your money away and help to enrich railroads, express companies and foreign merchants, who care not whether you or your town and people thrive so long as they get your money; and while on this subject the home merchants, schools, churches and all societies should remember and give their job printing to newspapers who are constantly giving them annually several hundred dollars worth of free puffs.

Be sure you have the children see Newcomer's window Saturday.

SANTA FE VS. BROWNS.

Manager Martin, of the Santa Fe Central Ball Team, Writes for Dates.

The following letter was received this morning from W. E. Martin, manager of the Santa Fe Central base ball team:

Herman Wynkoop, Esq., Albuquerque, N. M.

Friend Herman:—The boys have pressed me into service again and we have a good team. I am working hard to secure rates and think we will have a good rate all around. When can we have a game from you? We will start off a little different and with better feeling, I know. You can bring your own umpire, or if you would rather we can have two umpires. All we should strive for is harmony and good ball and make our visits mutually agreeable. Can't you come up a week from Sunday. That will be June 4. We can advertise if in good shape. We will pay your expenses and then go down and make you a visit on the same basis. From your line up published you have a splendid team. Give my best to the boys.

Truly yours,
W. E. MARTIN.

After the receipt of the letter word was wired Mr. Martin asking if the game could not be arranged for next Sunday, as some of the best players on the Browns would be absent from the city on June 4, and it would be useless to go up against a team such as Santa Fe has this year with a weakened team. In the event the game is arranged the Santa Fe team will probably appear here on June 11. The fans of both cities would hail with delight an announcement of dates.

MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, April 24.—The volume of business was smaller again today, largely because of the smaller trading in stocks that had been favorites in this upward movement. In Readings in the last hour there was practically no business. Colorado Fuel & Iron and Tennessee Coal & Iron were the features and there was good advance in Brooklyn Rapid Transit. The move in all three was ascribed to pool manipulation. Rains in the wheat growing states had a favorable effect on the grain carrying roads. There was an unusual amount of trading in some of the high priced stocks like N. H. and M. C. The rise in Con. Gas was accompanied by rumors of new buying for control as well as the old story of consolidation. Commission house business was small. London was a buyer of stocks in this market. Money was easier.

WILL BUY A DRILL.

El Porvenir Coal Field—Veins to Be Located by Modern Diamond Machine.

An order will be sent east for a diamond drill to locate the veins of coal in the El Porvenir fields, says the Las Vegas Optic. The El Porvenir Coal & Fuel company will invest \$1,500 or more in this machine. It will have a capacity of ten feet or more per day. As soon as all the company's properties have been tested the drill will be sent to the San Pablo and Tecolote copper districts for use in the copper mines. This drill is the greatest of prospecting machines. It brings up from the hidden recesses of the earth whatever is hidden there, registering quality and quantity. It is absolutely necessary to have the machine in the coal fields of this company because it is too expensive and uncertain to sink a big shaft in each place that promises well. After the drill locates the beds of coal then the regular mining shafts will be sunk.

The El Porvenir coal is a fine coking coal. A wagon load of as fine coking coal as was ever brought to this city was brought to Winters' drug store from El Porvenir this morning and is now on exhibition. Samples of excellent coke produced by this coal are also to be seen.

ESTEY CITY.

A Lively Mining Town in Socorro County.

The growth and development of Estey City, Socorro county, has been remarkable even among mining camps, some of which spring up almost in a night.

Toward the close of April, 1901, D. M. Estey, with workmen, tools, lumber, tents and provisions, arrived at the town and mill site of Estey City. All material had been hauled sixteen miles from the railroad at Oscura. Today the reduction works, boiler and engine rooms, ore bins, two-story store and office building, commodious boarding house and dormitories, blacksmith shop, laboratory, magazine, stables, carpenter shop and dwellings for employees and their families are complete. The reduction works have a capacity of 300 tons of ore per day. One-half of the reduction is of stone,

What Is the Use

of suffering from indigestion if you eat what you want, or of starving yourself to avoid such distress? Acker's Dyspepsia Tablets taken after eating will digest your food perfectly and free you from all the disagreeable symptoms of indigestion and dyspepsia. Eat what you want at any time and take an Acker tablet afterward. Positively guaranteed. Your money will always be refunded if you are not satisfied. Write to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

raging in thickness from 20 to 42 inches. Above these walls is the frame structure that required 25,000 feet of timber and lumber. One of the walls is 200 feet long and 15 feet high. The boiler house, engine room, laboratory and powder magazines are entirely of stone, and the foundations of all the other buildings are of the same material. The engine room and the main mill are separated by a massive stone fire wall. It requires 300-horse power to drive the reduction and electric machinery. A portion of the first, the crusher, is a massive machine, built according to special design, and weighs thirteen tons. All the motive power, electric lighting and other machinery, is installed, and in a few days the arc lights will shine like stars at night, and will be visible a long distance.

Mrs. M. S. Otero left on the flyer today for Los Angeles, Cal., where she will spend the summer months.

William Noedel, the Bernalillo general merchant, who was here the past two days interviewing local wholesale merchants, returned to Bernalillo this morning.

Penitentiary Bids.

Santa Fe, N. M., April 21, 1902.—Sealed proposals will be received by the board of New Mexico penitentiary commissioners at the office of the superintendent, until 10 o'clock a. m., Monday, May 5, 1902, for furnishing and delivering at the New Mexico penitentiary the supplies hereinafter mentioned, or so much thereof as the board may deem sufficient. Payment for said supplies will be made in cash. Delivery of all supplies except perishable articles must be made within sixty days after date of award.

Samples will be required of all the articles marked with an asterisk, and these should be labeled, showing name of bidder, price, etc., and must be delivered to the superintendent not later than 9 o'clock on said day.

All bids must be made strictly in accordance with conditions on blank proposals, which will be furnished by the superintendent on application; no bid otherwise made will be entertained.

A bond will be required from all successful bidders for the faithful fulfillment of contracts within ten days after date of award.

35,000 lbs. fresh beef, prime quality, necks and shanks excluded.
*25,000 lbs. flour.
5,000 lbs. potatoes.
*20 cases laundry soap, good quality.
10 cases tomatoes, 3-lb. cans, eastern or New Mexico.
5 cases corn, good quality.
*500 lbs. evaporated apples.
*200 lbs. evaporated prunes.
*1,000 lbs. rice.
1,000 lbs. granulated sugar.
*120 lbs. baking powder.
*2 cases salmon, flat.
4 doz. lemon extract, (pint bottles).
500 lbs. native ground chile.
*1,000 lbs. roasted coffee.
*25,000 lbs. oats.

The board of New Mexico penitentiary commissioners reserves the right to reject any and all bids.

In submitting bids for above supplies bidders should write plainly on envelope the following: "Bids for Supplies for New Mexico Penitentiary," with name or names of bidder or bidders, to avoid the opening of same by mistake.

By order of the board of New Mexico penitentiary commissioners.

H. O. BURSUM,
Superintendent.

Samples may be sent separately, duly marked and numbered, to the superintendent.

Railroad Topics

Superintendent of Santa Fe telegraphs, C. H. Gaunt, was in the city on inspection.

J. H. Booth will return to Kansas City. He was a passenger brakeman north of this city.

Dr. J. P. Kaster, surgeon-in-chief for the Santa Fe, with headquarters at Topeka, is in the city on official business.

Fred Schultz, fireman on the Santa Fe branch, in place of the regular fireman, is laying off on account of a mashed finger.

Joe Brown, the janitor at the Las Vegas depot, has been in the employ of the Santa Fe for more than sixteen years, and he looks but little older today than when he began that service.

The No. 2 went north this morning in one section, and every coach was loaded with passengers, who are returning to their eastern homes after a winter's sojourn in the southwest and on the Pacific coast.

The Santa Fe railway company has granted a franchise to an advertising company for the placing of advertising matter on the cars of this railroad. In the past it has been possible to secure an advertisement on a car only where the car itself was leased by the firm using it.

The Fort Smith & Western and the Ozark & Cherokee railway construction corps are racing for the most available route into and from Okmulgee, I. T., where the two roads will cross. Both are routed through portions of Indian Territory not traversed by other roads.

The Topeka State Journal says: George Groul, who learned the trade of blacksmith at Topeka and who was on the payroll of this company at San Bernardino, Cal., about a year ago, has returned to the west, leaving recently for Albuquerque. He has been stopping in Topeka two months.

Three hundred axes for the 75 logging cars which the Santa Fe is to build in its shops at Cleburne, Tex., are being turned out by the blacksmith department of Topeka. This equipment is to be used on the southern lines of the company in handling the output of the pineries, and each will have a capacity of 60,000 pounds.

Boilermaker Jameson, who recently left the Gulf & Houston shops at El Paso to go to Alamogordo to work in the Rock Island shops at that place, sustained a painful injury by falling in front of the New Commercial barber shop, says the El Paso Herald. The fall was caused by stepping on a round rock which turned and threw him forward on his face. Besides spraining an ankle his nose was mashed also. He has been in El Paso a day or two visiting Pete Broom, a machinist in the Gulf & Houston shops.

The Topeka State Journal says: There is a call for boilermakers at Needles, Cal., and some of the boys here have been indulging in threats to go there. Needles, according to common report, has been one of the most unfavorable places on the whole system to work, partly because of the excessive heat in summer, and also on account of the comparatively poor way in which the point was equipped with machinery and apparatus for tradesmen. But plans are being made to bring it up to the level of all the other places on the road so far as is in the power of the management.

The Kansas City Journal says: The Santa Fe has scheduled seven special trains out of Kansas City to California for the Federation of Women's clubs, and, in addition, has ordered twenty extra sleepers to be run out of Kansas City on regular trains for that convention. Next Thursday the Foresters train will leave Kansas City at 7:30 a. m. with nine sleepers, composite car and two dining cars. On the same day the Kansas club women's train will leave Kansas City at 2:45 p. m., this train consisting of observation sleeper,

four Pullman sleeping cars, diner and composite car. Friday Minneapolis, Iowa and Nebraska parties will leave Kansas City at 11 a. m. in seven sleepers, as second section of train No. 1. Saturday Pennsylvania, Delaware and Washington, D. C., people will leave here about 8:45 a. m. This train will have four standard sleepers, observation sleeper, diner and composite car.

FUNERAL YESTERDAY.

The Remains of Harrison Onderdonk Were Taken to New Jersey.

The funeral of Harrison Onderdonk, conducted by Rev. Norman Skinner, took place at the family residence in Las Vegas yesterday morning, and in the afternoon the remains were taken to New Brunswick, N. J., for burial. More of the particulars concerning the death of Harrison Onderdonk were gathered after the paper went to press Saturday evening, says the Optic. It seems that he with playmates went to the Trembly mill and finding the premises vacated began playing in the water wheel, which is an old fashioned overshot wheel about ten feet in diameter. Here the boys got to treading and so made the wheel start, which was great sport for them. While the wheel was moving Harrison tried to climb out on a heavy sill which supports the wheel, and was caught by a heavy iron spoke which pulled him to the sill, breaking his neck and crushing the skull. Dr. Black was passing the road in front of the house and Dr. Rice was in the neighborhood. Both were called, but on reaching him it was found that life had already become extinct, and that he had died instantly.

Harrison Onderdonk was the youngest of a family of four children, two boys and two girls. He was a bright, heavy set little fellow of 8 years, a favorite with all who knew him. The sorrowing parents have the deep sympathy of a large number of friends, whose hearts are deeply touched by the sad accident.

Bad Men Disappeared.

Billy Smith, special officer of the El Paso-Rock Island route, has returned from a two weeks trip to the towns along the Rock Island and says the bad men that operated so freely up there several months ago are gone.

A BURNING BLACKSMITH

Changed Food and Put Out the Fire. Even sturdy blacksmiths sometimes discover that, notwithstanding their daily exercise and resulting good health, if their food is not well selected trouble will follow, but in some cases a change of food to the right sort will quickly relieve the sufferer, for generally such active men have fine constitutions and can, with a little change of diet, easily rid themselves of the disease.

I. E. Overdorf, Vilas, Penn., a blacksmith, says: "Two months ago I got down so bad with stomach troubles that I had to quit my business. About 10 o'clock each morning I was attacked by burning pains in the stomach, so bad I was unable to work."

"Our grocerman insisted upon my changing breakfasts and using Grape-Nuts Breakfast Food instead of the ordinary breakfast of meat, potatoes, etc. So I tried and at once began to mend. The new food agreed with my stomach perfectly and the pains all ceased. I kept getting better and better every day and now I am able to follow my business better than before in years. I am a thousand times obliged to the makers of Grape-Nuts for the great benefits the food has given."

says the El Paso Herald. The reign of lawlessness that characterized the building of the new road has ceased and in most towns every thing is serene itself. "This is caused by the brave efforts of the officers," said Billy today. "You see, when the governor ordered the sheriffs to drive out the toughs at whatever cost, they set about it and have not been very long accomplishing this object. There is no doubt that several very tough gangs operated along the Rock Island route and for quite awhile had things their own way, but it is all off now. Most of them are either killed or captured and the balance have gone east to run for congress," and Billy ended the talk with that remark.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more gentle and mild in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by all druggists.

RICH IN RESOURCES.

Western New Mexico a Country of Vast Undeveloped Resources.

Judge McMillan informed the El Paso News that the projected railroad from Durango, Colo., south of Clifton, Ariz., will develop one of the most resourceful regions in the United States—that part of New Mexico through which it is proposed to construct the road.

"On the route of the projected railway is an extinct volcano, save that an emission of water still comes forth," said Judge McMillan.

"Adjacent to this volcano are immense deposits of salt, the accumulation of perhaps almost innumerable years of continuous eruption. One of the professors of the school of mines viewed the salt beds and estimated that the mass aggregated, approximately, 750,000 tons.

"Naturally, the region all about this mountain contains salt in unlimited quantities.

"Throughout all this vast and practically undeveloped territory, are great forests of timber, especially the finest pine; coal in unlimited quantities and hematite iron in great ledges, oftentimes found sixty feet in thickness.

"Mexicans drive under a big ledge of coal," continued the judge, "and dig out with a pick in a few minutes a sufficient amount to last them for days."

Wielos a Sharp Ax.

Millions marvel at the multitude of maladies cut off by Dr. King's New Life Pills—the most distressing too. Stomach, liver and bowel troubles—dyspepsia, loss of appetite, jaundice, biliousness, fever, malaria, all fall before these wonder workers. 25 cents at all drug stores.

ORIENT BUYS LAND.

Acquires 90 Acres in Kaw Valley Near Armourdale.

The promoters of the Kansas City, Mexico & Orient railway purchased ninety acres of land in the Kaw valley west of Armourdale from Henry McGraw of the Home Real Estate company, of Kansas City, Saturday afternoon. The land was purchased for the terminals of the railway on the Kansas side of the state line. It has connection with the Kansas City Belt railway and also with the Union Terminal railway, and also adjoins the Rock Island lands. The purchase price agreed on was not made public, however. The Peet Brothers Manufacturing company on Monday purchased twelve acres adjoining the tract for \$12,000 cash.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Alvarado Pharmacy.

GLASGOW'S NEW PLACE.

Leaves the Santa Fe to Go Into Transit Inspection Bureau.

Walter G. Glasgow, interline clerk in the offices of Auditor of Freight Receipts v. J. Healey, has accepted a position as traveling auditor for the Transit Inspection bureau, a bureau maintained by the joint support of western roads which has for its business the inspection of the mining in transit business, says the Topeka State Journal. The work is with reference to the privileges allowed by railroads to millers to delay wheat in shipment and mill it before shipping on to its destination.

Mr. Glasgow will begin work in his new position on May 1. His headquarters will be in Topeka, but the headquarters of the bureau are Kansas City.

Mr. Glasgow's rise in railroad work has been very rapid. He entered the service of the Santa Fe road in the auditor of freight receipts office eighteen months ago as a \$40 clerk. He has been rapidly promoted. When Mr. Glasgow was asked about his rapid advancement he said with modesty, "Oh, it isn't any more than anybody could do who works hard."

Mr. Glasgow served in the 22nd Kansas, and was also for a time engaged in running a newspaper in Oklahoma.

GONE TO LAS CRUCES.

Over Fifty Silver City People Attending the Childers Murder Trial. Special to The Citizen.

Silver City, N. M., April 23.—Over fifty persons who are witnesses and otherwise interested in the Childers murder trial, which was taken from Silver City to Las Cruces, left this city the other evening for Las Cruces where the trial is in progress. Childers shot and killed Thomas S. Hoffman in the city last December. On both sides of the case are employed the best attorneys that can be secured in this section. The prosecution will be conducted by Albert B. Fall, of Las Cruces; S. M. Ashenfelter and Percy Wilson, of Silver City, and District Attorney W. H. H. Llewellyn. The defense is represented by Charles Patterson, of El Paso, and E. C. Wade, of Las Cruces. The old petit jury which has been serving at the present term of court at Las Cruces was discharged by Judge Parker upon the current talk of parties interested on the Childers side that improper influences had been used

Sewing as a business is an exacting and exhausting occupation. Long hours, fine work, poor light, unhealthy atmosphere—these are only some of the things which fret the nerves and hurt the general health. Often there is a diseased condition of the womanly organism which causes backache or headache and the working of the sewing machine under such conditions is akin to torture.

Thousands of women who work have written grateful letters to Dr. R. V. Pierce, whose "Favorite Prescription" has cured their womanly ills and established their general health. "Favorite Prescription" establishes regularity, dries unhealthy, dries and offensive discharges, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Sick women are invited to consult Dr. Pierce by letter free, and so avoid the indelicate questionings, offensive examinations and obnoxious local treatments deemed necessary by some physicians. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I take great pleasure in recommending Dr. Pierce's Favorite Prescription for female weakness," writes Mrs. Susanah Permenter, of Pauls Store, Shelby Co., Texas. "I was troubled with bearing-down pains in my back and hips for six years, and wrote to Dr. Pierce for advice. I tried his 'Favorite Prescription' and six bottles cured me. I feel like a new person and I thank Dr. Pierce for my health. Life is a burden to any one without health. I have told a great many of my friends about the great medicine I took."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

with the jury. The judge then gave instruction to secure an entire new jury, which was secured yesterday.

Different opinions are expressed in this city by those who are familiar with the facts in the murder, but it is the common opinion that Childers should receive the full limit of the law for the crime.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Alvarado Pharmacy.

World's Congress of Editors.

There will be a world's congress of editors at the St. Louis exposition. It is the intention of the exposition company to provide a special building on the fair grounds at no expense to the editors, to be devoted to the uses of the members of the press and their families. It is in this building that the world's congress of editors will meet and be entertained during the progress of the great international exposition. It is the purpose to have the building supplied with billiard and pool tables, a restaurant and reception rooms, cosy corners with couches where the tired and weary sight seeing editor, his wife and daughter can rest in a cool and quiet place.

THE INTERVENER.

Petition Against the Rio Grande Dam and Irrigation Company.

SOLICITOR GENERAL BARTLETT.

That New Mexico has great interests of a general nature at stake in the fight being made upon the elephant Butte dam project is generally admitted. But its interests as a territory are also of a very specific nature and are so vital that Solicitor General E. L. Bartlett yesterday, on behalf of the territory, filed a petition of intervention in the territorial supreme court, asking that the territory be made a party defendant with the Rio Grande Dam and Irrigation company in the pending suit of the United States against the latter, and which has again been sent back to the territorial supreme court by the taking of additional testimony and review. As is well known, the main point of objection of the United States against the construction of the Elephant Butte dam is the absurd allegation that it would interfere with the navigation of the Rio Grande about 1200 miles below the proposed dam site. The real purpose, however, of those pushing the case against the Elephant Butte dam is to clear the way for the construction of a so-called international dam at El Paso, with which it is proposed to rob the people of New Mexico of the use of any new appropriation of water from the Rio Grande river and its tributaries. The interests of New Mexico in this matter are well illustrated in the following petition asking that New Mexico be permitted to become party to the suit against the Rio Grande Dam and Irrigation company:

In the supreme court of the territory of New Mexico, January term, 1902.

Injunction.

United States of America,)
Plaintiff,) No. —

The Rio Grande Dam and)
Irrigation Company,) Defendant.

Petition for Intervention.

Now comes the territory of New Mexico, by Edward L. Bartlett, her solicitor general, for and on behalf of the said territory moves the court for an order allowing the said territory to intervene in this cause and be joined as a defendant herein, and be heard in opposition to the bill of complaint filed herein and for the grounds of such motion alleges that it has an interest in said litigation in the success of the defendant herein and desires to unite with it in resisting the claim of the plaintiff in this suit, and sets forth the following facts as grounds for such intervention:

1. That the construction of the defendant company's proposed storage dam at Elephant Butte and of its proposed distributing dams and other irrigation works below, in Sierra and Dona Ana counties of this territory, would be of great benefit to the people of the territory generally and especially to the land owners, farmers and others in the valleys below Elephant Butte.

2. That the congress of the United States by its act approved June 21, 1898, granting lands to the territory of New Mexico in section 6 thereof, provided as follows: "For the establishment of permanent water reservoirs for irrigating purposes, 500,000 acres; for the improvement of the Rio Grande in New Mexico and the increasing of the surface flow of the water in the bed of said river, 100,000 acres." That under said act there has been a large amount of land selected and located for the benefit of the purposes named. The territorial legislature has appointed and provided for the purpose of disposing of such lands and that a large amount of the same have already been contracted for by the said commission and the territory for sale or lease, and a considerable amount of money has been received by the territory on that account and that if the contention of the plaintiff in this case should prevail it would render such a grant of 600,000 acres of land utterly valueless, and of no use or benefit to said territory or any of its inhabitants, and would produce great complications and hardships upon those who have already paid money for the purchase and lease of said land.

3. That in seeking to enjoin the said defendant company from building its proposed storage dam and other irrigation works as above mentioned, on the ground that to impound the flood waters of the Rio Grande at Elephant Butte for irrigation in the valleys below would substantially diminish the navigable capacity of the Rio Grande within the limits of present navigation, i. e. between Brownsville and Rio Grande City, Texas, about 1,200 miles below Elephant Butte, measured by the sinuosities of the stream, the plaintiff seeks to draw an invidious distinction between the rights of the people of New Mexico, and those of the other states and territories of the Union.

4. That if the storage of the flood waters of the Rio Grande at Elephant Butte for such storage would substantially diminish the navigable capacity of that stream below Rio Grande City, Texas, then also the storage of flood waters at other points on the Rio Grande and its tributaries in New Mexico may likewise be inhibited.

5. That in New Mexico the annual rainfall is so light that successful cultivation of the soil is practically impossible without water for irrigation, and that therefore the right to impound and utilize for irrigation the flood waters of the Rio Grande and its tributaries is essential to the welfare and prosperity

SHAKE INTO YOUR SHOES

Allen's Foot Ease, a powder, it cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it today. Sold by all drug stores and shoe stores. Don't accept any substitute. By mail for 25c in Allen's S. Olmstead, Le Roy, N. Y.

of our people; for if denied such right there can be no substantial increase of the area of the territory's cultivated lands, which at present does not exceed 200,000 acres and consequently our people would forever remain dependent upon neighboring states for the bulk of their food supplies.

6. That "the reclamation and settlement of the arid lands" of New Mexico will tend to "enrich every portion" of the territory, "as the products of irrigation will be consumed chiefly in up-building local centers of mining and other industries, which would otherwise not come into existence at all," and that consequently the territory of New Mexico, as such, and the entire people thereof, have a vital interest at stake in this cause and are therefore entitled to intervene.

7. That prior to the inception of this suit, the general government had, by the survey and reservation of reservoir sites in the valley of the Rio Grande in New Mexico, clearly indicated its purpose to treat the waters of the Rio Grande and its tributaries as suitable for irrigation only.

8. That the general government has never attempted to inhibit the use of the flood waters of the Rio Grande for irrigation in Colorado, and that until the inception of this suit, no attempt had been made to restrain the citizens of New Mexico from appropriating and using the flood waters of the stream for irrigation and other beneficial purposes.

9. That the non-representation of the territory at the inception and during the progress of this suit has been detrimental to the clear presentation to the courts of the great interests of the people of New Mexico in the premises, and that it is essential to the safeguarding of the territory's best interests that it be directly represented, and be allowed to present arguments and evidence as to the true purpose of the defendant company (which counsel for the plaintiff has incorrectly stated) to the end that the real facts of the case may be placed clearly before all courts in which the cause may be heard hereafter.

10. That this honorable court should take judicial notice of the fact that from certain of the affidavits and reports presented in support of the plaintiff's contention in the premises—notably from the affidavit of General Anson Mills, of the international boundary commission, as subscribed and sworn to by him on the 23d day of June, A. D. 1897; from a letter of the said Anson Mills, dated El Paso, November 17, 1896, addressed to the Honorable Secretary of State, Washington, D. C.; from a letter of the Hon. Richard Olney, secretary of state, dated Washington, November 30, 1896, to the Honorable Secretary of the Interior; and from a letter of the said secretary of state dated Washington, January 29, 1897, to the said secretary of the interior, it is patent that "the objection to the building of the said defendant company's proposed dam grows out of the proposed construction of an international dam and reservoir at El Paso, Texas, thus evidencing the deliberate intention of the general government by its political department to take measures, not for the purpose of improving the navigability of the Rio Grande," but for the purpose of appropriating the flood waters of the river for the irrigation of certain lands lying below the southern boundary of the territory of New Mexico in the Republic of Mexico and in the state of Texas; and that in maintaining this suit against the defendant company the plaintiff seeks under the guise of a question of the navigability of the stream, to obtain an adjudication of the interests of rival irrigation projects, to the permanent injury of the territory of New Mexico.

Wherefore, as New Mexico's right to appropriate and utilize for beneficial purposes the waters of her catchment area is of paramount importance to her people, the said territory, by its solicitor general, prays this honorable court to grant to the territory permission to intervene as aforesaid in this cause.

EDWARD L. BARTLETT,

Solicitor General of New Mexico.

HERE'S WHAT'S WANTED.

A Citizen of Denver Supplies the Information.

Over half the complaints of mankind originate with the kidneys. A slight touch of backache at first. Twinges and shooting pains in the loins follow. They must be checked; they lead to greater complications. The sufferer seeks relief. Plasters are tried and liniments for the back.

So called kidney cures which do not cure. The long looked for result seems unattainable. If you suffer do you want relief. Follow the plan adopted by this Denver citizen:

Mr. E. Stiles, of 936 South Fifteenth street, Denver, Colo., employed in Daniels & Fisher's department store, says: "Years ago I had trouble with my kidneys resulting in rheumatism. I was helpless for months, but in time it wore away as mysteriously as it came. Knowing what I suffered, when an attack of backache seized me and stayed with me for a month, it struck me that Doan's Kidney Pills prevented recurrence. I got a supply at my druggists, took a course of the treatment and they worked off the attack."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

It is stated from Guthrie, O. T., that more than 1,000 miles of new railroad are now being built in Oklahoma and in Indian Territory.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, Ohio.

Steadily and surely the big railroads of the country are absorbing the little ones regardless of restrictive legislation or legal action, present or prospective.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Alvarado Pharmacy.

High Grade Bulls for Sale.

The undersigned has for sale on his farms near La Junta, Colorado, about forty 3 year old, 150 2 year old and 150 yearling high grade Hereford bulls; all of them better than 15-16. Also about ninety yearlings out of full blooded non-registered cows, sired by imported registered bulls. Parties wishing stock of this kind will get prices by corresponding either with J. S. Crosley, La Junta, Colo., or myself, 830 Equitable building, Denver. These bulls have been well wintered and are in fine condition for turning on the ranges, not having been overfed, but are in good flesh, strong and active. They will do much better service than any bulls of the same ages brought from the eastern farms.

Only Safe Medicine for Babies.

The insides of babes-in-arms and little children are very delicate and tender. Mothers must not be reckless in the use of physics. There is only one gentle, perfect, safe medicine for babies;

"Cascarets are fine for babies with infants, as they keep both mother and child from becoming bilious. I give them to my baby."—Dr. A. E. Griffin, Stablefield, Tex. "I found Cascarets, in the case of my baby who is not very strong, the very best medicine I ever used. They do just what you recommend."—Mrs. Lida Corns, Jersey City. "I have become a firm believer in the efficacy of Cascarets. Even my baby boy likes them."—Mrs. Lida Corns, Jersey City. "I think Cascarets splendid. They have benefited me greatly. My baby was afflicted with colic and Cascarets afforded instant relief."—Mrs. Ella Ziegler, Delta, Ohio. "Cascarets are indispensable for young children and always bring best results."—Harry J. Coyne, P. M., Westley, S. D. "Cascarets work easy and without pain. I have given them to my babies with splendid results."—Mrs. K. Dettig, St. Louis, Mo.

Mamma takes a CASCARET, baby gets the benefit. Isn't that good sense? The sweet, palatable Candy Cathartic Cascaret, eaten by the nursing mother, not only regulates her system and increases her flow of milk, but makes her milk mildly purgative. Baby gets the effect diluted and as part of its regular, natural food;—no violence—no danger—perfectly natural results. No more sour curds in baby's stomach, no more wind, colic, restless nights.

Best for the Bowels. All druggists, inc, etc, etc. Never sold in bulk. Genuine tablet stamped C.C.C. Guaranteed to cure or your money back. Sample and booklet free. Address Sterling Remedy Co., Chicago or New York, Mo.

CITY NEWS.

Deming, the gateway to the best part of Old Mexico.

Window shades in all colors and widths at Albert Faber's, 305 Railroad Deming, the railroad center of New Mexico.

Fresh Cut Flowers.
IVES, THE FLORIST.

Do you eat meat? You ought to try some of that nice corn fed beef at the Union Market, 207 West Gold avenue.

ASK YOUR GROCER FOR "PRIDE OF RIO GRANDE" FLOUR FROM CALIFORNIA WHEAT. FLOUR IS EQUAL TO COLORADO'S BEST.

Simon Stern, the Railroad Avenue clothier, for Hagan shoes. Spring line now in.

Penny wise, pound foolish—buying cheap shoes for children. The growing generation likes physical exercise which requires footwear that is wear

proof and comfortable. Our lines of boys' and girls' shoes are made of solid leather, over correct lasts and we stand behind every pair that leaves our store. Call and examine them at C. May's popular priced shoe store, 208 West Railroad avenue.

Just received a large shipment of Japanese and Chinese matting. Albert Faber, 305 Railroad Avenue.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming, the coming city of New Mexico.

E. L. WASHBURN.

LOCAL PARAGRAPHS.

No police court was held this morning. The Sunday lecture at Odd Fellows' hall will be at 7:30 p. m.

The little son of Mr. and Mrs. Al Thellin, after a serious illness of a few days, is reported better today.

Mr. and Mrs. A. C. Thomas, residing on East Railroad avenue, are reveling in the smiles of a pretty baby girl.

S. W. Young, Andy Horne, John Evans and J. W. Carpenter, who were here on court matters, left this morning.

Several soldiers, who saw service in the Philippines, passed through the city to their eastern homes this morning.

Mrs. R. P. Hall, who has been residing at Hollywood, Cal., the past year or two, expects to return to Albuquerque in a few days.

H. H. Otten and wife after a pleasant visit to Mrs. A. Harsh and Mrs. Fred Fisher, have returned to their home in Philadelphia.

The Browns and Santa Fe Pacific ball teams will try conclusions at the fair grounds on Sunday afternoon. The game should be interesting.

Douglas W. Johnson, who attended the Columbia University, has returned to the city, and will spend the summer months in geological work.

Miss Grace Hahn, the pretty daughter of W. H. Hahn and wife, has returned to the city after her protracted visit to Brooklyn, New York, relatives.

Twenty-five Mexicans from the southern section of New Mexico, passed through the city this morning for the sugar beet fields at Rocky Ford, Col.

Mrs. Jay A. Hubbs and daughter, Miss Jean, were passengers last night for southern California, where they will sojourn during the summer months.

Mrs. John S. Mactavish is here to visit William Fraser and wife. The lady is the wife of the manager of the Becker-Blackwell company at Magdalena.

Miss Grace Hawks, who was at Fort Wingate visiting, returned last night, being accompanied to the city by Mrs. Overton, wife of the senior captain at Fort Grant.

There will be a regular convocation of Pilgrim commandery, No. 3, K. T., at Masonic hall, Thursday evening, April 24, at 8 o'clock. By order of E. C. L. H. Chamberlin, recorder.

Judge B. S. Baker and several attorneys left last night for Santa Fe, to attend supreme court. Attorneys Childers, Bobson and Burkhardt went up to the capital this morning.

Rev. Thomas J. Hagerty, Catholic priest at Las Vegas, will deliver a series of lectures for the Socialist club of this city. The date of the lectures will be in the near future.

Mrs. S. H. Mullegan, after a sojourn of a few weeks in southern California, and a stay of a day with Albuquerque friends, left this morning for Bland, where she was formerly in the hotel business.

A "mothers' meeting" of the Woman's Christian Temperance union will be held at the residence of Mrs. David Stewart, 307 East Coal avenue, tomorrow (Friday) afternoon. All members and friends invited.

R. S. Platt, a most efficient book-keeper, who has just returned to the city, is now located at the store of Brockmeier & Cox on Gold avenue, and will be in charge of that firm's books. Mr. Platt is all right.

Mrs. J. F. Wendel, who has suffered with something akin to the mumps the past few days and was considered quite ill, is reported today to be much better, and will be up and around among her friends in a few days.

Mrs. Bader and daughter, mother and sister of Mrs. W. E. Lynch, who formerly resided in this city, are here today, guests of Mr. and Mrs. A. Harsch. They are from Dodge City, Kas., and will continue to Los Angeles tonight.

Mrs. F. W. Hamm has returned to the city from her visit to California, accompanied by her daughter, Mrs. Stoneman of Globe, Ariz. Miss Josephine Hamm, who was also in California, is expected to return from San Francisco next week.

Capt. A. B. Fitch, of the Graphic smelter and mine, Magdalena, passed through the city this morning for the east on company business, and will return in about a week or ten days. He says the Graphic smelter or mill will be ready for business on May 4.

Friends are trying to find the immediate people of John Wickstrom, once acknowledged the "Swede King of Money," and when these facts are known the king, now debilitated and irresponsible, will be sent to them. John was all right a few years ago, but when he commenced to fall, it was fast, so today he is a charge on his local friends and they are helping along the mental and physical wreck the best they know how. His walk is from pillar to post, with a pittance from this and that friend, and this keeps his body and soul together.

"Sweet memories of childhood." See Newcomer's window.

It's Tomorrow Night. The Frost-Wilson contest. Don't miss it. Both men are expert with the gloves and the entertainment promises to be a pleasing one.

AUCTION.

Tuesday afternoon, April 29, at 1:30 o'clock at the residence of Mrs. Walter N. Parkhurst, 313 West Lead avenue, I will sell at public auction without reserve, at the above appointed time and place, the entire furnishings of Mrs. Parkhurst's elegantly furnished seven room home, consisting of kitchen and cooking utensils, linoleum, refrigerator, cabinet kitchen table, oak dining table, six dining chairs, sideboard, china, lamps, handsome book case, dictionary holder, cherry console and mirror, Rodgers group, pictures, chairs, couch, mahogany parlor mantle, mahogany writing desk, Mongust, Brussels and ingrain carpets, mahogany bed room suite, child's brass bed, bed lounge, two fine base burners, Domestic sewing machine, chiffonier, etc. Call Monday before sale and inspect the goods.
