THREE SENATORS

Present When the Gavel Fell.

Amendments to the Chinese Exclusion Bill.

Serious Fighting Between Russians and Chinese Robbers.

THE BRITISH LOAN.

Washington, April 16.—Pursuant to yesterday's agreement, the senate today was called to order at 10 o'clock, two hours in advance of the usual hour of meeting. This hour was fixed in order to permit a more extended debate on the Chinese exclusion bill prior to voting on that measure. The attendance was very slow. Only three senators—Pettus, Kean and Kittredge—faced President Pro Tem Frye, when he called the senate to order.

The president pro tem laid before the senate a number of telegrams bearing upon the Chinese bill. These messages were all from the Pacific coast, sixty-one being favorable to the Platt substitute and twelve opposed to it. Mr. Turner then took the floor to reply to Mr. Spooner, but before he could proceed Mr. Culberson suggested the absence of a quorum. It took twenty-five minutes to get a quorum. Mr. Turner, of Washington, then proceeded, explaining a casual remark made yesterday concerning the republican party. He said he had not any bitterness toward the party and had been a member of it as long as it was true to its principles. He declared the party now on all occasions prefers the dollar to the man and this fact was demonstrated by the republican organizations attitude toward the Philippines. He then entered into a discussion of the merits of the Chinese exclusion bill.

Mr. Patterson spoke with especial reference to the Platt amendment calling attention to the fact that as present constituted the amendment fails to prohibit Chinese from going to the Philippines.

Mr. Patterson also defended that section of the Mitchell bill excluding the Chinese from American ships, declaring it was essential to the protection of American labor on the sea. In opposition to this provision meant, he said, it was intended to subsidize ships and then allow owners to go to the cheapest markets to secure labor, leaving American seamen to their fate. The effect would be to drive American sailors from American ships which would be contrary to the policy of the American people who want American ships under the American flag manned by American sailors. As for the flag it was a mere piece of cloth, its only significance being attached to what it stood for. It was to be raised to the masthead of ships manned by yellow skinned and white livered men, representatives of a cowardly race, it was far better it be taken down and should not float on the seas at all.

Mr. Hanna said he thought all the essential features of legislation necessary for the exclusion of Chinese are embodied in the existing law which it was proposed to re-enact by the Platt amendment.

The first vote was on Mr. Lodge's amendment to strike out the clause in the committee bill prohibiting Chinese sailors on ships carrying the American flag. It was carried by 47 to 29.

The Dillingham amendment allowing five representatives of Chinese mercantile houses to come to the United States was defeated by 13 to 57.

Mr. Platt, of Connecticut, offered his substitute for the pending bill, extending the present exclusion law, and Mr. Mallory offered what is known as the seaman's clause as an amendment to the substitute. Mr. Mallory's amendment was defeated by 29 to 50. The Platt substitute was amended by a provision that nothing should interfere with the exhibits at the St. Louis exposition.

CHINESE SURROUNDED.

Only Thirty Out of 800 Escaped From the Russians.

St. Petersburg, April 16.—An official dispatch from Port Arthur, under date of April 12, announces serious fighting in the vicinity of the boundary of the provinces of Mukden and Kiran, Manchuria, between Russian frontier guards and Chinese robbers, who have been raiding railroad stations. The Russian loss was very small.

Morgan Loans Some.

London, April 16.—It is said today that J. Pierpont Morgan, the Barings and the Rothschilds have secured an aggregate half of the new British loan of £22,000,000.

Back From Torrance.

J. E. Saint, the secretary of the Albuquerque Eastern and Santa Fe Central railways, returned to the city this morning, accompanying home his daughter, Miss Louise, who spent the winter months with relatives at Winfield and Medicine Lodge, Kansas. Miss Louise came over the new El Paso-Rock Island railroad, from Kansas to El Paso, where she was met by her father, and thence home over the San-

ta Fe. She reports having had a splendid visit.

Mr. Saint was at Gallup the past week, in charge of the commissaries of the two railway companies of which he is secretary. He will remain today with his family, expecting to leave either tonight or tomorrow morning for Santa Fe.

DEPOT MASTER BARTON.

Two Hoboes Gave Him a Lively Chase, But He Landed His Birds.

Frank Barton, the heavyweight who wears a star indicating that he is the official depot master, enjoyed a lively sprint this morning. During the night he kept his optics on two suspicious appearing hoboes, who were evidently attempting to break into a car for a free ride out of town, but the hoboes kept at a good distance. At 8:30 this morning, just before the delayed passenger train from the south pulled in, Barton noticed the two hoboes monkeying with a seal on a merchandise car. He promptly gave chase, with the two hoboes running in opposite directions. One of the tramps came up the yards, and passed the depot at a 11-second gait. When Barton hailed in few, with one of his limbs incapacitated, the hobo was out of sight. Barton, however, staid up and finally captured the two tramps near the Crystal city works, landing the fellows in the city jail. Barton says the reason he was distanced in the race was the fact that one of his huge brogans came in contact with a rail, partially wrenching the foot, and thus preventing him from making any faster time than a cow could run. The hoboes give the names of Harry Wright and Richard Smith.

COIN FOR COURT.

Another Year Will be Allowed for Settlement Land Claims.

TO BE EXTENDED.

A special dispatch to the Denver News from Washington, under date of April 14, says:

It has been settled that the court of private land claims, now sitting at Santa Fe, N. M., will have another year of existence. This was provided for in the legislative, judicial and executive appropriation bill, which has passed both the house and the senate and is now in the hands of a conference committee. Inasmuch as the appropriation for the court of private land claims was passed on by both branches of congress it will not be tampered with by the conference committee and therefore is already as good as a law. The provision extends the powers and functions of the court to June 30, 1903, and grants \$5,000 as yearly salary to one chief justice and four associate justices.

In addition to this provision is made for a clerk, stenographer, attorney, interpreter and translator, deputy clerks and other necessary attaches of the court.

The annual report of the attorney general sets forth the necessity of continuing the life of this court for another year after the expiration of its present term of existence. On the 5th of last October there were pending in the New Mexico district, where the court had been in session for a year, including cases on appeal, thirty-one claims, involving an area of 562,019.36 acres, and money claims against the United States aggregating \$3,710.79, for 2,538.64 acres, sold or disposed of by the United States within confirmed land grants. Inasmuch as but seven cases were decided during the year it is evident that the court needs some time yet to complete its work.

THE MESILLA VALLEY.

Prosperity in the Air—People Looking for Investments.

Judge John R. McFie, who returned to Santa Fe from a visit to Las Cruces, informed a representative of the New Mexican that the vegetation in the Mesilla valley is well advanced, fruit trees being in full bloom and alfalfa having attained a growth of six inches already. District court is in session and there are a good many strangers in the valley, some of them looking for investments and for homes. Five murder cases will be tried at the present term of the district court, amongst them the case against Childers for the murder of Thomas S. Hefflin, a Silver City attorney. The outlook for a fine fruit crop for the present year is very good and people are hopeful for the future. The mining industry in eastern Dona Ana county is active and prosperous and Las Cruces is growing and increasing in population.

Unknown Man Killed.

San Antonio, Texas, April 16.—An unknown man was shot and killed by officers in a saloon this morning. He was acting suspiciously and officers started to arrest him. The man opened fire and the officer returned it with the above result. Two revolvers and a large amount of money were taken from the person of the dead man.

Miners on Strike.

Tarentum, Pa., April 16.—Three hundred miners in the West Pennsylvania district are on strike and all mines are shut down. No trouble is feared. The McPetridge, Iseman and Creighton mines are all closed. The miners are confident the operators will sign the scale this week.

Nelson King, expert well driller, left for Kennedy, where he will meet Hon. W. S. Hopewell. Mr. King will drill wells along the Santa Fe Central line.

Washington, D. C., April 16.—The president desiring to make a personal appointment of postmaster at Clayton, has named Otto F. Menger.

MALVAR SURRENDERED.

Organized Resistance in the North Philippines is Ended.

Washington, April 16.—The war department received a cablegram from General Chaffee dated Manila today, in which he says:
"Unconditional surrender of Malvar today to Brigadier General J. Franklin Bell. Organized armed resistance to the United States has terminated in the department of the North Philippines."

REPUBLICANS SURPRISED.

Majority in the House Tangled Up in Voting.

Washington, April 16.—In the house Mr. Payne, the majority leader, attempted to secure an agreement that the general debate on the Cuban reciprocity should close Friday afternoon at 3 o'clock. Objection being made, Mr. Payne put it in the form of a motion and demanded the previous question. This was sustained, but on a rising vote the Payne motion was lost. The republican leaders were surprised and Mr. Watson, of Indiana, the republican whip, demanded the ayes and noes. The voting was followed with intense interest, but resulted in Mr. Payne's motion carrying easily. Thirty-three republicans voted against the motion and thirty-two democrats for it.

MATTHEW TONGUE DEAD.

He was a Well Known Resident of Clarkville.

Special to The Citizen.
Gallup, N. M., April 16.—Matthew Tongue, a well known resident of Clarkville, was found dead in his bed this morning, probably of heart disease.

TWO MEN ACQUITTED.

District Court Jury Disposed of Cases Rapidly.

This morning Judge Baker called the civil docket in district court and assigned the cases for trial.
Juan Antonio Garcia, charged with assaulting Tranquilino Sedillo was acquitted. Just after the jury had rendered the verdict and retired enough plastering fell from the ceiling into the jury box to have rendered half of them insensible.

David Chaves and Vicente Martin, who was charged with larceny from the person by Meliton Garcia, were promptly acquitted. They admitted having thrashed him but denied having robbed him.

Judgment in favor of the plaintiff was given in the case of Martin P. Stamm against Ann E. Carter et al, and the case of the First National bank against S. Lewinson was dismissed on the failure of the plaintiff to plead within the time ordered.

THE CHOCTAW.

Ownership Settled by the Deposit of Stock.

Over 155,000 shares of the stock of the Choctaw, Oklahoma & Gulf railroad had been deposited with the Girard Trust company in favor of a sale of the road to Speyer & Co., New York, up to the close of business April 14. The total shares of Choctaw issued is 296,000. This settles finally the question of ownership of the road, which goes to a New York banking house, and is expected will be turned over to the Rock Island system.

Bitten By a Dog.

Rev. Thomas Harwood, superintendent of Spanish missions of the Methodist Episcopal church for New Mexico and Arizona, is carrying his left hand in a sling, and the hand is in a bad condition. Yesterday, the kind hearted gentleman visited the Harwood ranch on North Fourth street to have a talk with the man in charge, when a dog ran out to greet the reverend gentleman. The dog, although he barked, did not show any special signs of viciousness, and in order to prove that the greeting should be friendly Rev. Harwood put out his left hand for the purpose of patting the canine on the head. In a twinkling the animal nipped the hand and b. savagely. The owner of the dog drove the vicious brute off, after which Rev. Harwood hurried to town and saw a physician. The wounds were cauterized and the

gashes sewed up. Report to the effect that the dog was ordered killed has not reached The Citizen office but his dogship should not be allowed to remain on earth very long.

A Dry River.

Rev. J. J. Gilchrist, of Raton, N. M., says that the Rio Grande is now five inches lower at Rincon than one week ago. The river is dry from Dona Ana to Anthony. Just below Anthony is a small amount of slough water that has its source in a spring. "Unless there comes a freshet to break the dam there will be no water in El Paso for a long time," Mr. Gilchrist concluded.—El Paso News.

Miss Paddock Chosen.

Fort Worth, April 16.—Miss Virgie Paddock was selected by the local camp of Confederate veterans, at the request of General Gordon, chief maid of honor for the re-union at Dallas next week.

"PORTALES CUT-OFF."

Three Surveying Corps in the Field for the Santa Fe.

THE SHORT LINE.

The Citizen was informed this morning, and the news comes from a source which is strictly reliable, that the Santa Fe Railway company has three surveying corps in the field between Portales, Chaves county, and the Rio Grande below Sabinal.

This survey is for the Santa Fe "short cut-off" not what is known as the "Roswell cut-off," and instead of Roswell the survey was now outlined will run from or near Portales south around the divide between the Rio Puerco and the Rio Grande to a point just below Sabinal, thence up the Rio Puerco to the Santa Fe Pacific.

The middle division corps were in camp at Torrance and were to break camp today. They have surveyed from Torrance to the head of Yesso canyon, following it to the Pecos, thence seven miles south of Fort Sumner, and from there over the plains to or near Portales.

The eastern division is surveying from Portales to Fort Sumner, while the western division is operating from Abo Pass to the Rio Grande below Sabinal, thence up the Rio Puerco to the Santa Fe Pacific, south and around the divide between the two streams.

This "Portales cut-off" will, so it is understood, lessen the distance over the Santa Fe between Chicago and the Pacific coast materially; in fact will give the Santa Fe the shortest route to the Pacific coast, and that's one of the big reasons why the Santa Fe is so stirring itself in the matter of beating out the Rock Island in its claim that the shortest route to the western coast from Chicago is over the Rock Island.

Situation in Belgium is Critical.

Queen Wilhelmina is Growing Worse.

Boer Leaders Make a Definite Statement of Position.

CHINESE TROOPS AMBUSHED.

Brussels, April 16.—The number of strikers in the chief industrial centers is estimated as follows: Charleroi, 50,000; Central district, 25,000; Borinage, 25,000; Liege, 30,000; Verviers, 8,000.

Later in the day large accessions to the ranks of strikers in Charleroi brought the total for the district close to 66,000.

The glass works at Courcelles was practically destroyed by fire last night. The estimated damage is 600,000 francs and it is believed the fire was started by an incendiary.

Disturbances are reported from various parts of the country today and small bombs were exploded at Liege and elsewhere. A bottle filled with gunpowder was exploded at the door of a residence and at the glass works in Mariemont, near La Louviere. Only trifling damage was done by the explosion of bombs. At Renais an earthquake jar with a fuse attached to it was discovered on the threshold of the Catholic club. The fuse was extinguished by a passerby. The only other incident at Renais was the throwing of a piece of lighted tow into a school. The strike is spreading in Brussels. About 10,000 men are now out. A detachment of civic guards on duty in the suburb of Etterbeek became disgruntled yesterday evening on account of being kept on duty in a heavy rain and protested against remaining under arms longer. Several threw their cartridges into the gutter and shook their fists in the officers' faces. This, however, was an isolated attack. The civic guards, generally, are thoroughly reliable and on their behavior depends the tranquility of this city.

The cabinet ministers meeting today discussed the situation growing out of the popular demand for a revision of the constitution and measures for increased stringency, both in the city and suburban towns, were taken in anticipation of today's debate in the chamber of deputies on the proposals looking to a revision of the constitution.

Dispatches announce that 2,000 strikers miners and steel workers at Seraing were in conflict with troops there. The soldiers charged the strikers, who retaliated with a fusillade of stones. Some of the rioters finally sought refuge in three taverns, which were wrecked.

The explosion of a dynamite cartridge on the railroad track near Arlon badly damaged the railroad bridge. A serious disorder occurred in the coal fields of S. E. Raing. A detachment of Lancers was compelled repeatedly to charge the mob and many people were injured. A cafe was sacked.

LOOKS OMINOUS.

Bulletins Regarding Queen Wilhelmina Rapidly Growing More Serious.

Amsterdam, April 16.—The official newspaper here, this morning, published the following bulletin:

"Queen Wilhelmina has been indisposed for some days. Her majesty keeps to her bed and experiences a feeling of general lassitude. There is an increase in her temperature."

Is Worse.

London, April 16.—A special dispatch from Amsterdam says:

"Queen Wilhelmina's condition is growing more serious."

PROSPECTS BRIGHTER.

Boer Leaders Make a Definite Statement of Position.

London, April 16.—The British cabinet held another meeting today for the purpose of considering a communication from the Boer representatives now at Pretoria, and a message from Lord Milner, British high commissioner in South Africa.

It is asserted the communication from Lord Milner contained the first clear statement of the attitude of the Boer leaders, who hitherto had not agreed on the peace terms they would accept.

The St. James Gazette predicts an early public announcement of the progress of peace negotiations.

The paper says there is little doubt if the British and Boers arrive at an understanding on the main points of the proposals for peace, the banishment proclamation will be withdrawn and minor points, like re-stocking the farms, be referred to a board composed of British and Boer representatives.

TROOPS ARE SURROUNDED.

Revolutionists in China Seem to Have Their Own Way.

Hong Kong, April 16.—A courier who has arrived in Canton reported over 2,000 imperial soldiers, sent by Mar-

shal Su against the rebels, were ambushed in a narrow defile and all killed or captured. The situation in the rebellious districts of southern China is increasingly alarming. The viceroy of Canton urges reinforcements. A lack of news from General Ma and Marshal Su is taken as an indication the rebels have surrounded the imperial troops and cut off all communication with them.

LOCAL PARAGRAPHS.

Ernest Tusher and wife are at Raton visiting friends. Mr. Tusher is a machinist in the local shops.

The inside of the depot—the waiting room—was in the hands of painters today, who are using the brush to good advantage.

The Woman's Circle of the Baptist church will meet for special work tomorrow afternoon at 2 o'clock with Mrs. Wolvin, 214 South Arno street.

The museum building at the depot, just in the rear of the big Alvarado hotel, is assuming some proportions. The force of workmen expect to have the building in good shape in a few days.

It is said the Firemen's Herald, published in New York, contained in a recent issue the history of the Albuquerque Fire Department from its beginning as volunteer members to its present paid department. A copy of the Herald has not been received at this office. In fact, the old fire fighters of ten, fifteen and twenty years ago would be pleased to read said article, which, so it is understood, is handsomely illustrated with a half tone cut of the present chief, B. Ruppe, and a picture showing the department ready to make a run.

SAMUEL WHITE.

Run Over and Fatally Injured by Train Near Fresno.

WELL KNOWN HERE.

Yesterday, James L. Bell received a telegram from Charles L. Flynn, of Winslow, stating that the latter had received a telegram from Mrs. Samuel White, of Fresno, Cal., saying that her husband had met with an accident on the train and that he had been run over, both legs being severed from the body. Mr. Flynn concluded his telegram by saying that he would leave on the flyer for Fresno.

In the afternoon Mr. Bell received another dispatch—this time from Mrs. White, giving the information that her husband was dead.

No other particulars have reached the city today, up to the hour The Citizen goes to press this afternoon.

Mrs. White is a sister of Mrs. Bell, of this city, and Mrs. Flynn, of Winslow, the latter now on a visit to the bereaved wife, and they were expected in a few weeks to have visited Mrs. Bell here.

The deceased, up to several years ago, was employed on the Santa Fe Pacific as passenger and freight conductor, and on leaving here went to southern California, where he again entered the service of the Santa Fe company. He had a freight run between Fresno and San Francisco. The deceased was well known, not only in this city but all along the Santa Fe from this city to the coast, and many friends will join The Citizen in extending its condolence to the bereaved wife and her two fatherless sons.

The St. Louis World's fair will be postponed till 1904.

That lion and bull fight at El Paso was a fake pure and simple, but it caught a lot of suckers.

After all is said and done isn't \$45,000 a considerable sum of money to expend in one year in the running of a small city of a mile and a half square.

The cause of the high price of meat is now apparent. The Grau Opera company has taken \$130,000 out of Chicago and the town had to make it up somewhere.

President Roosevelt has just placed his signature to the bill which is soon to sweep away all of the remaining war revenues. This will mean a cut of from \$70,000,000 to \$80,000,000, it is believed.

It costs twice as much to maintain the city government as it does to pay the expenses of this county. Expenses should be reduced. The sum of \$5,000 is considerable more than is necessary to expend on the streets. Cut down the expenses.

One of the New Haven newspapers in the pocket borough state of Connecticut opposes statehood for New Mexico and Arizona because of the small population of these territories. If given statehood, New Mexico and Arizona will each exceed Connecticut in population inside of a decade.

The New York Mail and Express is very much mistaken when it asserts that the Mexican population in this territory is increasing. In fact the Mexican people have steadily decreased during the past twenty years, while the American population has increased during the past two decades at least 100,000.

According to the census of 1900 there are only 119,950 Chinese in the United States out of a total population of 75,000,000. Of these 45,753 are in California and 25,767 in Hawaii. Thus there are only 83,283 Chinese within the limits of our continental domain. The Chinese population of California has fallen from 75,132 in 1880 to 45,753 in 1900.

The ignorance of New England about things in the west is absolutely astounding. Even the newspaper men in that section cannot write accurate paragraphs about anything in New Mexico and Arizona. Their ideas about these territories have been formed from reading blood and thunder stories written by men who were never west of New York.

One of the remarkable objections urged against Arizona's admission by the New York Mail and Express is the fear on the part of that state that it may become a Mormon state—a second Utah. That paper has a most vivid imagination. There are not 500 Mormon voters in Arizona and they are poor white trash located up the remote canyons in the northern portion of the territory adjoining Utah.

Hermann Ganswindt, a noted Berlin inventor, is coming all the way from Germany to race with his airship in the aerial contests at the Louisiana Purchase Exposition. For ten years Ganswindt has been experimenting and has finally produced an airship which flies successfully by means of a motor and without the use of a balloon. Ganswindt has repeatedly demonstrated the practicability of his invention before the chief of the general staff of the German army. Several officers of the airship division of the German war department have expressed themselves most enthusiastically about Ganswindt's invention, and consider the same both practical and feasible.

A little democratic weekly paper in this city has insisted for two years that the republican leaders of this county are not in harmony. How harmonious does that sheet wish the republicans to become? The republican majority two years ago was over 1,200, and it bids fair to be over 2,000 in the fall. If this is not enough harmony to suit the democratic organ it is certain that that sheet is hard to please.

In 1840 the sugar production of the world was 1,150,000 tons; in 1900, 8,300,000 tons—a gain of about 650 per cent, while the number of consumers had increased by only 50 per cent. In this country each person now eats three pounds of sugar where formerly he ate one. In 1840 all but 4 per cent of the sugar came from beets; in 1900 cane yielded 2,850,000 tons, and beets yielded 5,950,000 tons, or about 68 per cent of the whole. This change has not come about in the ordinary course of commercial enterprise. It has been caused by the bounty system. More than half of the yield of beet sugar is in Germany and Austria. Nearly all the rest is in Russia, France and Belgium, all of which pay bounties.

BOY FOUND IN WELL.

Epileptic Mexican Who Disappeared From Georgetown Last November.

Word reached the city Monday that a body of a Mexican had been found in an abandoned well at Georgetown last Saturday. The body was so badly decomposed that parties were attracted to the place by the stench when they made the gruesome discovery. Decomposition had set in so far that removal was impossible, consequently the body was covered over with dirt and the well filled up, but not until an examination had been made by the proper authorities and a coroner's report sent in to Silver City. From the clothing and other marks of evidence the body was recognized as that of Jose Martinez, who disappeared from Georgetown last November and for whom a diligent search was instituted but without success. Martinez was subject to epileptic fits and it is supposed that he was seized with a convulsion while he was in the vicinity of the well and fell over the brink, probably being killed in the fall. So far as discernable there were no marks of violence on the body.—Silver City Enterprise.

All bowel troubles, like diarrhoea, cholera morbus and dysentery are overcome by Painkiller.

Accidentally Shot.

James Duran, a brother of Juan Duran, of this city, was brought in Sunday morning from the Corrupa, where on Saturday night while attempting to place his pistol in the scabbard the hammer caught and the weapon was discharged, the ball striking him in the upper part of the right leg ranging downward and passing out several inches below. Drs. North and Charlton dressed the wound and he is reported to be getting along nicely.—Clayton Enterprise.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Leavelle James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

MILWAUKEE PEOPLE

Could Hardly Believe It. A Prominent Woman Saved From Death by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suppose a large number of people who read of my remarkable cure will hardly believe it; had I not experienced it myself, I know that I should not.

MRS. SADIE E. KOCH.

"I suffered for months with troubles peculiar to women which gradually broke down my health and my very life. I was nearly insane with pain at times, and no human skill I consulted in Milwaukee could bring me relief.

"My attention was called to Lydia E. Pinkham's Vegetable Compound; the first bottle brought relief, and the second bottle an absolute cure. I could not believe it myself, but felt sure it was only temporary, but blessed fact, I have now been well for a year, enjoy the best of health, and cannot in words express my gratitude. Sincerely yours, SADIE E. KOCH, 124 10th St., Milwaukee, Wis."

Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women.

Women should remember that they are privileged to consult Mrs. Pinkham, at Lynn, Mass., about their illness, entirely free.

ORGANIZED FOR VICTORY.

The Santa Fe Champions Will Be Known as the Santa Fe Central Team.

An enthusiastic meeting was held last evening at the Palace hotel by the base ball players of the city and a team to be known as the Santa Fe Central was organized as follows: Simon Nussbaum, treasurer; Charles C. Catron, secretary; R. E. Gortner, official umpire; A. M. Dettelbach, official scorer, and Edwin Lyon, captain. The following is the personnel of the Santa Fe Central and there is no question but that it is one of the strongest teams ever organized in the city: E. Lyon, who pitched three seasons consecutively for Princeton; W. E. Paul, who held the box for the Nebraska Greens, and David Shoemaker, the "old timer," will do the twirling, while George Parsons, who distinguished himself by holding Harris, the Denver pitcher last season, will be behind the bat. Charles Parsons, after much persuasion, has consented to again enter the ball arena, and will hold down the first bag in his old time graceful style; while Santa Fe's favorite, William Parsons, who never had an equal as a ball player in that position, will shine on bag No. 2; Charles C. Catron, who played third base for the Chicago university, will hold down bag No. 3 in his usual clever way; Lynn Shirk, whom everyone knows to be one of the best all around players in the west and a noted base runner, will play short stop; while the outfield will be taken care of by little Peter Alarid, who gained quite a name for himself with the Chillicothe nine; W. H. Woodward, who played with Raton, and Richard Fost; W. D. Newcomb and Felix Sandoval to be substitutes. It is understood that W. E. Martin, who piloted the Santa Fe Champions to victory in fifteen straight games last season will manage the Santa Fe Central. This calls to mind a statement from Mr. Martin not long since to the effect that there will be more ball and better ball in Santa Fe this season than in any previous year.—New Mexican.

Although the Albuquerque Browns have not yet organized for the season it might be well to size up the players who are available and see how they compare with the strong Santa Fe Central team. Games between the Browns and Santa Fe are always very exciting and are looked forward to by the fans of both cities. A number of games will no doubt be arranged between the two clubs, and the first will probably be played in Albuquerque, as the Browns played their first game against the Santa Fe team in that city. It now looks as though the Albuquerque aggregation will size up as follows: Roy McDonald, whose ability as a catcher is known all over the southwest, and whose services are being sought by several of the big league clubs, will

don the big mitt and the wind pad; Sonier, who pitched in the Interstate and Eastern leagues and who has been offered a berth with the Washington American league team, but declines on account of rheumatism, will occupy the center of the diamond; Brown, who has played with the strongest teams in the west and who, when playing with Santa Fe, was the star hitter of the aggregation, will hold down the initial sack on the infield; Bert Forbes, who needs no introduction to the fans, and who is being claimed by the Philadelphia National league team, will cover a world of territory around sack No. 2; a young man by the name of Breen, who is undoubtedly a comer, will play third base; Barrett, who is employed in the Santa Fe Pacific shops, and who played on the strong Topeka Reds team, will play short stop; and such favorites as Hale, who is receiving offers from the Texas, Western and Utah State leagues; Jas. Cosgrove, Chas. Quier, Arthur Cavanaugh, Tony Ortiz and Orrie Smith will make up the out field and substitute for the team. A manager has not yet been selected, but it is expected that something will soon be done toward organizing for the season.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwell, Valley street, Saugerties, N. Y.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more gentle and mild in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by all druggists.

WOMEN WAR AT WEAVER.

One Miner's Wife Takes a Shot at Another Miner's Wife—A Painful Wound.

On Wednesday morning, at Weaver, Mrs. M. Halsey, a miner's wife, shot Mrs. Miller, another miner's wife, in the thigh with a small calibre pistol. The bullet missed the bone, but made a painful wound seven inches in length. The cause of the trouble is said to have been on account of the children of one of the parties. Mrs. Halsey, who was arrested, claims that her life was threatened and that she was assaulted with lumps of coal before the shot was fired.

The examination was set by Judge Welsh for Thursday last, but on motion of L. L. Henry, who appeared for the defense, the case was adjourned until Monday. K. K. Scott will appear for the prosecution.—Gallup Republican.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." J. H. O'Reilly & Co., B. H. Briggs & Co.

Mrs. Katie A. Jones has filed suit for an absolute divorce against Leslie H. Jones on the grounds of abandonment and non-support. The parties live in Union county.

Judgment has been granted in Colfax county district court to J. M. O'Rourke Construction Co. against the city of Raton for the sum of \$5,179.47, for work done on a sewerage system there. The sum is to be divided into six semi-annual payments, beginning February 1, 1903, and to draw 10 per cent interest from date of judgment.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by all druggists.

SAN MARCIAL.

Special Correspondence.

San Marcial, N. M., April 15.—The Rio Grande here is swelling its bed pretty full nowadays, and the Mexicans are rejoicing over a fine crop this year if the river keeps up its strength.

Jean Carney, a little boy of about 10 years of age, staying with Mr. and Mrs. L. C. Brown, was badly bitten by a dog on the arm yesterday afternoon while playing around. Cause for the dog biting him is not certain, but the little boy says he went to pet him and he snapped him, making an ugly cut. The physician who carefully attended to the arm was Dr. C. G. Cruickshank.

Last night while train No. 33 was getting ready to pull out of town, backing up while there was two cars of merchandise not in the clear, ran into the cars, smashing way car No. 78 very badly. There was no one hurt.

The McCouch drug store opened their soda fountain with lots of soda trade last week.

The green leaves of the cottonwood trees and white and purple colors of fruit blossoms makes the people of San Marcial feel at home again.

Capt. James G. Fitch was down from Socorro last Thursday and Friday on special business.

L. M. Lasley, of the Golden Bell Min-

ing company went to Rosedale a few days last week on special business.

W. A. Greenwood's family have returned to San Marcial again, where Billy will work in his old place as yardmaster of the railroad yards here.

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

LAS VEGAS.

From the Record.

W. A. Givens is on the sick list. H. E. Blake is still confined to his bed, seriously ill.

Miss Josephine Young is able to be around again, after her siege of diphtheria.

B. F. Foreythe returned from La Junta yesterday afternoon and reports the purchase of a fine horse.

Miss Jennie Hedgecock, who had been visiting her brother, C. V. Hedgecock, returned yesterday to her home in Frankfort, Ind.

Mr. and Mrs. H. J. Ryan and Miss Marguerite Cluxton left yesterday evening for a three weeks' stay at El Paso and a trip through Mexico.

There are three firms on the west side that will quit business soon. Two of them will go down in the country being opened up by the new railroads. Mr. Grounds and wife, of Beulah, is here en route to Fort Worth, Texas, where they are going to a lower altitude for the benefit of Mrs. Grounds' health.

The southern part of the county has had a fine rain. The clouds were not so strong there as here and the ground was soaked. This will perceptibly relieve the sheep situation, by bringing out the grass.

There will be an operation performed on Salador Jaramillo tomorrow for bladder trouble. Mr. Jaramillo has been a sufferer for several years, and it is hoped the operation will afford the desired relief.

R. C. Reid had the misfortune to fall down stairs in the Roth building and fracture his broken leg again on Saturday and is now again laid up. Mr. Reid has had more than his share of misfortunes lately, and we trust he will soon be around again.

From the Optic.

George Noyes and family had expected to leave for the east today but three of the children were taken down with mumps Saturday and yesterday. There is another yet to have the disease, which may delay the leaving of the family till the end of the present or first of the next week.

George Giddings, son of James M. Giddings, one of New Mexico's pioneers, died at Puerto de Luna on the 9th inst., after long suffering from asthma. Deceased was a brother of John Lorenzo Labadie, Mrs. Ramon Campos, Mrs. Estolano Ortega, of this city, and Messrs. W. B. John, James and Dandy B. Giddings, all of whom survive him except Mrs. Labadie.

Mrs. Hart, the worthy grand matron of the national chapter of the Eastern Star, passed through the city on her way from Albuquerque to Idaho, where she will institute another grand chapter. Those returning from the organization of the grand chapter at Albuquerque speak of Mrs. Hart as one of the ablest speakers and most accomplished presiding officers they ever saw.

Mr. and Mrs. Dan Stern entertained the Sunday night whist club in honor of the sixth anniversary of their wedding. A number of guests were invited beside the club and a pleasant evening passed, with cards for the principal amusement. Mrs. Charles E. Kohn was the winner of the first prize and Mrs. H. Goldstein of the guests' prize. The guests were: Messrs. and Mesdames Sig. Nahn, C. L. Kohn, H. Goldstein, M. Greenberger, J. Stern, S. Kaufman, H. Graubarth, Rosenbert, Charles H. Spordler received a letter from Fred Walsen, a former well known Las Vegas, and one who still owns much property here, saying that on last Wednesday his daughters, Mrs. Freda Renshaw and Miss Cora Walsen were riding in an automobile in San Francisco when a dog ran out and upset the machine. Miss Cora had an ankle fractured and an arm broken, while Mrs. Renshaw was badly bruised about the face. Both were rendered unconscious. Mr. Renshaw, the son-in-law of Col. Fred Walsen, is in Pennsylvania, in very bad health, and they did not let him know about the accident to his wife, some 3,000 miles away.

HOW THEY MANAGE.

Doctors' Wives Trained to Arrange Things.

Sometimes the wife of a doctor can bring her husband around when he don't know exactly how to help himself. The wife of a certain well known physician in Washington, D. C., concluded that coffee was the cause of the doctor's sleepless nights. She says: "He would retire and lie for hours unable to sleep a wink. I thought perhaps he was nervous from the coffee which he drank at his meals and suggested that he try Postum. To my surprise he objected most decidedly. I said nothing but the next morning made Postum Coffee instead of the regular coffee and gave that to the doctor. I made it according to directions and it had a beautiful coffee color and flavor. He drank his cup and remarked that the coffee was unusually good that morning and asked for more."

"From that time I served him Postum at every meal, and in the course of a week or two he showed such remarkable signs of improvement in health and strength that I told him he had been drinking Postum from the time he had begun to get better."

"You never saw such a surprised man. He said, 'Well, if the good coffee I have had is Postum, and leaving off regular coffee has made such a change in my health, I never want any other kind in my house.' Since then he regularly prescribes Postum to many of his patients and with good results." Name given by Postum Co., Battle Creek, Mich.

Eat and Run.

There isn't a man who would be seen running through the street munching a piece of pie. Why not? Because it would mean dyspepsia and stomach trouble? Not at all; but because it wouldn't look well. As a matter of fact many a business man snatches a lunch in such a hurry that he might as well take it on the run. That is one reason for the prevailing "stomach trouble" among men of business.

There is a certain remedy for diseases of the stomach and other organs of digestion and nutrition. It is Doctor Pierce's Golden Medical Discovery. The worst cases of dyspepsia and catarrh of the stomach have been cured by this medicine. It cures where all other means have failed to cure.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Marcella Carney, Esq., Taylorsville, Louisiana, La. "I did me so much good that I didn't take any more. I can eat most anything now. I am so much pleased with it I would know how to thank you for your kind information. I tried a few things before I wrote to you. There was a gentleman told me about your medicine, and how it had cured his wife. I bought a bottle of it. I am now glad I did, for I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."

Doctor Pierce's Pleasant Pellets cure biliousness. They stimulate the sluggish liver, and cleanse the system of impurities. They should always be used with "Golden Medical Discovery" when there is need of a laxative.

His trial was had in the Fourth judicial district and he was from San Miguel county. He had served about a year and a half of his sentence.

The Great Dismal Swamp

Of Virginia is a breeding ground of malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and malaria troubles. They will surely prevent typhoid. "We tried many remedies for malaria and stomach and liver troubles," writes John Charleston of Byesville, Ohio, "but never found anything quite so good as Electric Bitters." Try them. Only 50 cents at all druggists. Guaranteed satisfaction.

NARROW ESCAPE.

Wagon Upset by Current in Chama River Near Abiquiu.

News comes from Abiquiu, Rio Arriba county, that Bonifacio Montoya and family and Stephen Easton had a narrow escape from drowning in the Chama river last Friday. As it is they lost their wagon and a considerable amount of merchandise. In the wagon were Mr. and Mrs. Montoya, their 11 months old child, Mrs. Montoya's 12 year old niece and Stephen W. Easton. The Chama is high on account of melting snow in the mountains. The party attempted to cross it nine miles below Abiquiu, but in the middle of the stream the current upset the wagon. Stephen Easton managed to save the women and Montoya extricated himself. The traces of the horses were cut and the wagon was carried down stream. Montoya and Easton worked for two hours in the ice cold waters of the stream but were unable to save any of the merchandise nor a number of valuable papers they happened to have with them.

Drying preparations simply develop dry catarrh; they dry of the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and sun, and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and itchy surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed just Nasal Catarrh and Hay Fever.

BAPTIST CONVENTION.

Fine Showing Made of Work for the Past Year.

Yesterday afternoon the New Mexico Baptist convention board met in regular session with Dr. A. P. Ralston, of Omaha, Neb.; Rev. George E. Brewster, of St. Paul, Minn.; and W. W. Alger and C. W. Ward present. Dr. Ralston represented the board of home missions as he is general missionary for the western states.

The report of Rev. George E. Brewster, general superintendent, showed he has traveled 7,777 miles, preached forty-four sermons, delivered ten addresses and collected considerable money. The church in this city has become self supporting since the coming of the new pastor March 1, making four during the year.

New churches have been organized at Santa Rosa and Tucuman.

Last year the home mission board gave \$4,000 to New Mexico, but this year \$5,000 will be asked as the scope of work has been increased.

Yesterday \$1,725 was appropriated.

FAKE HAIR PREPARATIONS.

Do Hair No Good, But Often Cause It to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle and, finally, lifeless. Dandruff is the cause of all trouble with hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing the hair to fall out. To cure dandruff the germ must be killed. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly.

CRIME COMMITTED.

An Aged Man Coming to Las Vegas Is Beset by Highwaymen.

Yesterday while Isidoro Torres, 66 years of age, was coming from his home to Las Vegas for the purpose of trading, he was overtaken by two masked men who assailed him and beat him into insensibility, says the Optic.

The old man was robbed of \$70, which he was carrying. He also had a pension check of \$24, which was left with him.

He lives in Mora county and it was in that county that the crime was committed. He came to the city and had his wounds taken care of. He thinks he knows who the assailants are but on account of their being masked he does not know definitely. He gave notice to the sheriff, who at once telephoned the sheriff of Mora county to have the suspected characters arrested.

Her Son's Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by all druggists.

OFFICERS ELECTED.

The report was unanimously adopted and these gentlemen will serve as officers for the next fair. The officers will have the privilege of selecting the executive committee.

Mr. O'Reilly made an enthusiastic little speech accepting the presidency and extending his thanks.

A Doctor's Bad Pight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by all druggists. 50c and \$1. Trial bottles free.

BAD BLOOD TELLS

You have the most convincing evidence of this fact every day. Otherwise beautiful faces marred with black heads, blotches and pimples, muddy or sallow complexions, and red, rough or oily skins are some of the most common and conspicuous symptoms of bad blood.

You can hide these ugly and humiliating blemishes by glazing them over with face powders and rouge, and the rough and discolored skin is made white and smooth by a lavish use of cosmetics, but these artificial complexions and false skins only last for a day, when the eruptions and spots stand out as bare and brazen as ever. The natural beauty and smoothness of the skin cannot be permanently restored by the use of external applications, for the reason that these skin diseases are due to some poison or humor in the blood that must be antidoted and eliminated before the skin can or will return to a healthy state. Under the purifying and tonic effects of S. S. S. all impurities are expelled from the blood, the general health is invigorated, and all disfiguring and annoying eruptions promptly and permanently disappear from the skin, and it becomes as soft and smooth as ever.

Bad blood tells in many other ways. Itching and burning eruptions, rashes and sores, boils and carbuncles show the presence of some irritating poison or unhealthy matter in the blood, and these aggravating troubles will continue until the weak and slow circulation has been quickened and the deteriorated blood made rich and strong again. Some are born with bad blood, and it begins to tell in infancy; scrofulous affections, sore eyes, scalp diseases, nasal catarrh, stunted growth, brittle bones and soft, flabby muscles are some of the early manifestations of bad blood by inheritance. These symptoms, if neglected, may develop into some deep-seated and serious blood trouble later on in life, but the timely use of S. S. S. will check the disease in its incipency, remove all taint from the circulation, and the little sufferers grow into healthy manhood and womanhood.

When the blood is healthy and pure it tells a different story, a smooth and flawless skin glowing with health, a sound body and active brain, well nourished system, good appetite and digestion, and restful and refreshing sleep. S. S. S., combining both purifying and tonic properties, contains all that you need in the way of a blood builder and skin beautifier.

S. S. S. is Nature's Remedy. It contains no Arsenic, Potash, or other mineral, but is strictly a vegetable blood purifier and tonic that can be taken without fear of any hurtful effects, and with perfect assurance of a speedy and lasting cure. Our illustrated book on the Skin and its Diseases contains much plain and practical information about eruptive diseases, their cause and cure, how to take care of the skin, etc., that will be of inestimable value to all sufferers. We will mail you a copy free.

Write us about your case and our physicians will gladly furnish any information or advice desired without charge.
