STILL FIGHTING.

War Before Peace in Africa.

Unusual Rain and Wind in Berlin.

Clarkson Selected for Surveyor of Customs for New York.

RYAN APPOINTED.

London, April 14.—Lord Kitchener reports severe fighting in the Transvaal the end of last week. About 200 Boers were killed, wounded or captured and a hundred were the British casualties. The British captured three guns and a quantity of supplies. Commandant Potgieter was among the Boers killed.

Colonel Colenbrander, after locating Commandant Beyer's laager at Pzel Koh, moved his force, by different routes, from Pietersburg, Transvaal colony, blocking the principal lines of retreat. The fighting commenced April 8, when the Inlandskiln Fusiliers attacked Mollopport, covering the Boer position, and by dusk had seized the hill eastward of Poort, after considerable opposition, resulting in Colonel Murray being wounded and Lieutenant Lincoln being killed. Another officer and five men were wounded. Since then operations were continued daily. The most severe fighting occurred on April 11 in western Transvaal. The Boers attacked Colonel Kekewich's force near Rooival, but were repulsed, leaving on the field 44 men killed, including Commandant Potgieter, and 84 wounded. The British captured 20 unwounded prisoners. According to the last accounts, General Ian Hamilton is pursuing the remainder of the Boer command. The British losses in this fight were six men killed and 52 wounded. A force of Boers recently overwhelmed a strong British patrol sent out from Bloemfontein, Orange River colony, to clear distant farms. An officer and two men were killed, 14 men were wounded, and the remaining members of the patrol were surrounded and captured. Lord Kitchener mentions holding an inquiry into the reverse.

The British Deficit.

London, April 14.—The chancellor of the exchequer estimated the total deficit for the present year at £26,824,000. To the deficit must be added £16,000,000 to £17,000,000 additional in war expenditures. The chancellor of the exchequer said he had hopes for a happy result from the conference in South Africa, but had put them aside. Preparations for the continuance of the war were the best guarantee for peace. He estimated the war revenue this year on the basis of the present taxation at £147,785,000, not including the cost of gratuities, transporting troops home, etc.

Wanted the Cable.

London, April 14.—It is said the communication of the Boer leaders to Lord Kitchener amounted to little more than a request for permission to use the cable for consulting President Kruger and the Boer delegates in Europe regarding the basis of peace settlement. There is a distinctly hopeful feeling in official quarters.

No Official Word.

London, April 14.—Replying in the house of commons today to the liberal leader, Sir Henry Campbell-Bannerman, who asked whether terms of peace had been suggested by the Boer leaders in South Africa, the government leader, Mr. Balfour, said it was impossible at present to say more than a message was received Saturday from the Boer leaders, through Lord Kitchener, and a reply had been sent to them. Further communication was expected.

STORM IN BERLIN.

Fire Brigade Called Out Over Three Hundred Times.
Berlin, April 14.—A violent thunderstorm, accompanied by torrential rain, struck Berlin and vicinity early today and caused great damage. Many buildings were struck by lightning. The fire brigade was summoned to upwards of 300 places to extinguish fires and cope with floods.

CLARKSON SELECTED.

Will Be Appointed Surveyor of Customs of New York.

Washington, April 14.—The president has determined upon the appointment of James S. Clarkson, of Iowa, formerly first assistant postmaster general, as surveyor of customs of the port of New York. It is also announced at the white house today that Lieutenant Sharkey, naval officer at New York, will be reappointed.

TALMAGE'S FUNERAL.

It will Take Place Tomorrow Afternoon and Be Simple.
Washington, April 14.—Arrangements have been completed for the funeral services over the remains of Rev. Dr. Talmage. The funeral will take place at 4 o'clock Tuesday afternoon from the Church of the Covenant,

and will be very simple. At 9 o'clock Wednesday morning the interment will take place in the family lot at Greenwood cemetery, Brooklyn.

Ryan Appointed.

Washington, April 14.—The president has appointed Archbishop Ryan, of Philadelphia, a member of the Board of Indian Commissioners.

RICH ORE PROSPECT.

Chicago Capitalists Investing in the Rociada District.

RUNS \$35 TO THE TON.

L. J. Smith, L. A. Pease, Charles E. Erby and R. Friedlander returned to Las Vegas from a twelve days' visit at Rociada, investigating the mining situation, says the Record. These gentlemen represent the Rociada & New Mexico Mining & Milling company, of Chicago.

They are very happy over the outlook and say there is going to be a regular sensation before a great while. The expert of the party, Mr. Pease, says there is no doubt about the quantity and quality of ore, and they are shipping twenty-one bags of it to Denver for assay and twenty-one duplicates to Chicago for the purpose of verification.

They figure on striking the bed of ore at about 75 to 100 feet in the claim they have there, and on some are already from 50 to 75 feet down. They have four claims at present and say they figure on spending something like \$45,000 on development work, and are ready to put in the machinery as soon as they know exactly what they want. Mr. Erby estimated that on three of the claims the ore would run nearly \$35 to the ton.

The gentlemen are very happy over the outlook. Their report will certainly boom New Mexico mining propositions in Chicago and hurry the opening here.

In their company is A. S. Hartman, a multi-millionaire, and funds seem to be a secondary matter with them. Mr. Erby has been here several times and will return in a couple of months or so. The gentlemen say they have no stock for sale and are here only in the interest of the limited company they represent.

The officers of the company are L. J. Smith, president; R. Friedlander, vice president; Charles E. Erby, secretary, and L. A. Pease, expert.

WHITE OAKS BLAZE.

A Bursting Lamp the Cause—House and Entire Contents a Total Loss.
An alarm of fire was sounded Tuesday evening about 6:30 o'clock, and there was hurrying to and fro, when the fire was located at J. A. Cooper's place, about one-half mile above town, says the White Oaks Eagle.

It is said that a lamp, filled with oil, but not lighted, was on the mantel, that a hot fire was blazing in the fireplace, and without any warning the lamp bursted, the oil running down the wall, saturating paper and everything with which it came in contact. When discovered an attempt was made to guard against the danger, but it was too late; for the oil reached the fire immediately igniting the paper on the walls and ceiling, and it was all so instantaneous that it was only by a great effort on the part of Mrs. Cooper and Harry Comrey that George Cooper, who was confined to his bed with pneumonia, was borne from the burning house.

The house and contents a total loss—no insurance. This is the second house Mr. Cooper has lost by fire in the same spot, and in addition to these a similar disaster occurred at his ranch the first of the year in which he lost a number of goats, corals and a large quantity of hay, involving a loss of several hundred dollars.

Notice of Dissolution.

The partnership heretofore existing between Louis Gutman and M. Pascual, doing a grocery business, is hereby dissolved by mutual consent, and will be continued in the future by M. Pascual, he assuming all indebtedness of the firm and collecting all outstanding accounts.

LOUIS GUTMAN.
MATEO PASCUAL.
Albuquerque, N. M., April 14, 1902.

A BRUTAL MURDER.

Young Boy and Girl Killed.

Denver Employees Will Get Their Pay.

President Strongly Endorsed Governor Dole's Administration.

MAJOR WALLER ACQUITTED.

Des Moines, Iowa, April 14.—While returning from church north of the outskirts of the city last evening Mary Peterson, 15 years of age, and Thomas, aged 11 years, the children of Peter J. Peterson, a well-to-do dairyman, were murdered by some unknown person. An examination revealed that both had their heads crushed in by what is believed to have been a brickbat.

The police so far are without a clue. The body of the girl was found in a ditch. She had been ravished by her assailant and her underclothing was badly torn. At the base of the head she had been hit by some hard instrument resulting in fracturing the skull. On the crown of the head were four or five indentations, all of which would have proven serious if not fatal. Not a brick or instrument can be found within the region where the murders occurred. The boy, who was found in a ditch on the opposite side of the road, had been most cruelly treated. Full a half dozen indentations were made on the skull and the face also showed evidence of being pounded. Two other girls of the Peterson family declare a week ago they were chased at the same spot by a man, but they are unable to give any description. Not far from the scene of the murder are the Marquisville coal mines, in which colored coal miners are employed and the impression of the police is the murderer is a resident of Marquisville. The tracks of two men were found leading from the scene but they soon led into a path where all trace was lost.

Bloodhounds will be put on the trail of the murderer. Governor Cummins will offer a reward of \$500 for the capture of the criminals.

James Hutchins, a dark colored negro, was arrested this afternoon. He had on the back of his coat the imprint of a bloody hand. A crowd of several thousand gathered in front of the city jail and while considerable talk of lynching Hutchins was indulged in, no effort was made to take him from the officers. Excitement is running high in the city.

DECISION REVERSED.

Denver City Employees Will Now Receive Their Salaries.

Denver, Colo., April 14.—In the mandamus suit of the fire and police board against the city council to compel them to appropriate the sums asked for the maintenance of the departments, the court of appeals today decided in favor of the city council, reversing the lower court order for a mandamus appropriation. The bills which the council had prepared for the two departments will now be passed. They give a total of over \$160,000 less than in previous years. Owing to the suit the salary of city employees has been held up for several months.

DOLE ENDORSED.

President Says He Will Have the Administration's Support.

Washington, April 14.—The following official statement was made at the white house today: "The president, after a most careful investigation and hearing as many men as possible and conclusion that Governor Dole's course has been such as to warrant his continuance as governor of Hawaii and to entitle him to the respect and hearty support of the administration."

Major Waller Acquitted.

Manila, April 14.—Major Littleton W. Waller of the marine corps, who was tried by court martial on the charge of killing natives of the island of Samar without trial, has been acquitted. The court stood 11 to 2 for acquittal.

YESTERDAY'S SPORTS.

The Browns Defeat a Strong Team of Picked Ball Players—Races Were Excellent.

A large sized crowd assembled at the fair grounds yesterday afternoon to witness the day's sports arranged for their amusement by the Gentlemen's Driving association and the ball players of the city. The attractions were far better than have been seen in this city in some time. The ball game was exciting and the races hotly contested, and cheers continually rent the air.

In the ball game Wynkoop, who was injured in a game last season, started in to pitch, but after three innings of bombarding was driven to the tail pins when Hale, who is gaining somewhat of a reputation as a twirler, relieved him and turned defeat into victory by hard and steady work. McDonald caught in his usual brilliant

style. The support given by the Browns was very fair.
For the Barrels team, who had several of the strong players from other teams assisting them, Lyles started in to pitch, but like Wynkoop, he too went the way of a has been and was relieved by Chaves, the heavyweight slab artist of the Old Town Tigers. He pitched a very good game and was well supported all around especially by Petus behind the bat.

The score at the end of the ninth inning was: Browns, 14; Barrels, 11.
The horse races took place between innings of the ball game and what the ball game lacked was fully made up by the hotly contested races.

Each horse seemed to win a heat and none had a cinch. The last race, however, proved to be the finest on the program and was between Lady Margaret and Bonnie Treasure. At the start they got off like one horse and kept each other hustling in this manner all the way round the track until the finish when Lady Margaret forged to the front and came under the wire by a head length to the good amid the cheering of the crowds.

Every city in the country has not the ball teams and race horses that Albuquerque has as was proven by yesterday's sports and it is indeed a rare treat to spend an afternoon in a shady seat in the grand stand. More races and more ball games will be played this year and when visiting ball teams and visiting horsemen participate in these contests the people generally will turn out and show their appreciation of these entertainments which are being given free of charge.

H. U. MUDGE.

He Says the Choctaw Sale Will Not Affect the Santa Fe.

PROPOSED AMARILLO CUT-OFF.

"The absorption of the Choctaw by the Rock Island, if it has taken place, will not interfere with any plans which the Santa Fe may have concerning the proposed cutoff from Amarillo to Albuquerque," said General Manager H. U. Mudge, of the Santa Fe, speaking of the sale of the Choctaw to a Topeka State Journal representative.

"I am inclined to believe," continued Mr. Mudge, "that as far as the Santa Fe is concerned, it would prefer to have the Choctaw in the control of the Rock Island than operating as an independent line. I do not consider that the absorption of the Choctaw has blocked the plans of the Santa Fe. The Santa Fe has several surveying parties in the field between Amarillo and Albuquerque. Further than that I can not say what progress is being made on this possible extension."

"Will the Choctaw carry out its plan to build from Weatherford to Albuquerque?"

"I can't say as to that," replied Mr. Mudge, "but I would judge that the extension to Albuquerque is not likely to be built if the Rock Island owns the line. The extension from Weatherford to Amarillo is well under way at the present time, and is under contract for the whole distance, so it will undoubtedly be completed."

It is evident from the statements of General Manager Mudge that the Santa Fe does not propose to abandon its proposed short line to California by way of Amarillo and Albuquerque simply because of the reported absorption of the Choctaw by the Rock Island. If it is decided by the Santa Fe to build from Amarillo to Albuquerque it will mean much to the country on the Pecos Valley lines. The great bulk of the California travel will then go via Amarillo instead of La Junta and Las Vegas.

LOCAL PARAGRAPHS.

R. L. Baca, of Santa Fe, is in the city today.

On Wednesday, April 16, the territorial medical board will meet in annual session in this city.

George H. Kraus, a well known representative of a Denver wholesale house, is in the city today.

Capt. E. M. Supplee is in the city for a few days. He is stationed with his troop at Fort Grant, Arizona.

Fred Fornoff and George Kaseman, United States deputy marshals, have returned to the city from Las Cruces.

G. Vargas & Co., music dealers, have dissolved as a firm and Mr. Vargas is now connected with Hall & Learned.

Charles Conroy has purchased the grocery stock and business of A. M. Brimm at the corner of Coal avenue and Arno street.

Antonio Joseph, Jr., son of Hon. Antonio Joseph, ex-delegate to congress, is in the city today from one of the northern counties.

C. E. Coram, wife and lady friend, who have rooms at Sturges European, entertained a few friends at the hotel at a lunch last Saturday night.

It is understood that the new council will retain the service of Harry Cooper as one of the policemen. Cooper is a good man and has made a first class officer.

Carlos Baca, sheriff of Valencia county, is in the city on business. He reports his flocks of sheep in the vicinity of Pinos Wells, and says they are in fine condition.

John H. Stingle, accompanied by his sister, Miss Mary L. Stingle, visited Camp Whitcomb yesterday. They report quite a number of city folks in the mountains yesterday.

GENERAL STRIKE.

A Serious Situation in Belgium.

Mr. Packard is Selected as President.

Attorney General Will Investigate the Alleged Beef Trust.

CONTRACT IS VALID.

Brussels, April 14.—A dispatch from La Louve, in the province of Hainaut, announces that in accordance with the decision of the labor leaders, a general strike was commenced in the coal mines. The glass works factories control the districts, including Marimont and Bascoup. Advice from Liege say a general strike was started in the coal mines in the Seraling district and Kettin foundries at Solesmin.

The quarries in Ambie valley also struck. There has been rioting at Poul where the convent of the Little Sisters of the Poor was stoned.

The strike began fairly in the mining regions of the country, which is divided into four coal fields, surrounding Mons La Louviere, Charleroi and Liege. No serious incidents are yet reported anywhere. Strong military precautions have been taken in every part of Belgium.

The Mons troops started for different points in the Borinage district. At Cuesmes, the town province of Hainaut, 5,000 strikers assembled around the state arsenal, for the object of stopping work. The weavers of Ghent ceasing work, a general strike in the weaving trade is expected to be declared tomorrow. A great strike has commenced at Charleroi and 15,000 of the 40,000 coal miners have already stopped work.

A general strike was declared in most of the large boot and shoe factories. Adequate measures have been taken to enable soldiers to reinforce the police at a moment's notice. About 18,000 men are now out on strike in the Mons district.

PACKARD SELECTED.

He Will Be President of the Western League.

Omaha, Neb., April 14.—Manager Rourke, of the Omaha base ball club, said today that D. C. Packard, of Denver, has been practically agreed upon by the board of control to become president of the Western League.

THE BEEF TRUST.

Attorney General Will at Once Begin an Investigation.

Washington, April 14.—Representative Ray of New York, chairman of the house committee on judiciary, to whom was referred the Bayer resolution calling upon the attorney general for information relative to the prosecution of the alleged beef trust, has written a letter to Attorney General Knox concerning the matter and has received a reply which he will lay before the judiciary committee at a meeting tomorrow. The attorney general's letter will not be made public until presented to the committee. Mr. Ray said today: "I have no doubt the attorney general of the United States will immediately probe the matter of the alleged beef trust to the bottom and prosecute all offenders vigorously if there is substantial evidence the law has been or is being violated."

Reliable information is to the effect the department of justice, in the alleged beef trust matter, has not gone beyond the point of investigating the question whether or not the trust has violated the federal law. No prosecution has been ordered and no grand jury has been summoned to determine the question so far as the department knows.

Contract is Valid.

Denver, Colo., April 14.—The court of appeals today decided the Lacombe Electric Light company's contract with the city is valid. The suit to break the contract was brought in the interest of the Denver Gas & Electric company.

HOLBROOK FIRE.

The Enterprising Town Out West Pretty Badly Scorched.

THE FULL PARTICULARS.

Special Correspondence.
Holbrook, A. T., April 13.—At about 2 o'clock this (Sunday) morning, pistol shots and cries of "fire" rang out upon the still night, announcing to the citizens that their little town was once more threatened with destruction by the insatiable demon that only a dozen years previous had laid in ashes the pretty little town.

In a few moments hastily dressed people began to arrive upon the scene of the conflagration which was discovered to be the west end of A. M. Boyer's livery and feed barn and in the apartment filled with loose hay and other inflammable material. The barn, being located almost in the center of the town and immediately surrounded by the ware house and store of Wetzler Bros. on the north, just across the alley, the Argus office on the east and closer than any of the others on the south, only a few yards away, was the two story dwelling house of Mr. Boyer and on the next lots adjoining the residence of W. B. Woods, in which is located the United States military and the Postal telegraph offices.

It was at once seen that it was impossible to save the livery barn, and the little band of workers went methodically to work to remove fences and out-buildings from the reach of the flames, hoping to confine them to the livery barn if possible, but the flames gathering strength and every moment leaping higher and higher, seeming to mock in their fiendish glee the efforts of the plucky band to hold them in check, and within a few moments had crossed the alley, consuming Wetzler Bros' ware house and contents, consisting mostly of a large stock of Navajo blankets to the amount of about \$1,500 totally destroyed. Wetzler Bros. estimate their loss at about \$2,000 including the warehouse. Amount of insurance carried on warehouse \$500.

The next building in the line of march was the frame house occupied by the Holbrook Argus. Mr. Pease, however, succeeded in saving most of the office fixtures and furniture, with the exception of the press, which being very heavy could not be moved in the short space of time allowed. Mr. Pease's loss is about \$400, but he states he will leave for Los Angeles in the morning to arrange for a new press and that the publication of the Argus will not miss a single number.

Mr. Boyer's livery barn and its contents were totally destroyed, including wagons, buggies, harness, hay, etc., representing a value of about \$1,600. It was only by a great effort that his dwelling and that of Mr. Woods were saved. Mr. Woods sustained a loss of about \$100 in damage to windmill, out buildings and fences.

By daylight the flames had licked up everything within reach and suddenly died, leaving a black and charred district in the center of our little town that seems all the more hideous in the light of this calm, peaceful Sabbath morning.

The cause of the fire is unknown.

Superintendent Appointed.

Washington, April 14.—The president today nominated John H. Landle superintendent of the mint at Philadelphia, vice H. B. Boyer, resigned.

Two Weeks' Debate.

Washington, April 14.—The second week of the debate on the Cuban reciprocity bill began in the house today.

People of mining states and railroad centers may be mistaken in supposing their localities to be prolific of most disaster to human life and limb. In the state of Massachusetts are 1,384 persons who have been permanently lamed, and 1,509 persons who have

been permanently maimed in the pursuit of their occupations in the industrial employments. In the ten years from 1890 to 1900 over 6,000 accidents have happened among those engaged in industrial employments.

MAYOR MARRON.

Republicans and small cities are proverbially ungrateful and this city is in some respects no exception to the rule. However, it is certain that the people of Albuquerque are grateful to O. N. Marron for his excellent administration of the office of mayor during the past three years. While a few mistakes were made on the whole his efforts were intended at all times for the best interests of the city. It is no small job to fill the office of mayor of this city satisfactorily, even to a majority of the people, and Mr. Marron has the satisfaction of retiring with the best wishes of nearly everybody.

THE CHRONIC KICKERS.

One kicker says the church is doing nothing for the poor. Another laments that the church is doing nothing to save the rich. We hear one day that the women of this country are learning to smoke cigarettes and drink whisky, somebody else cries out that the church is not reaching the men of the country. One fellow says that the bar-tenders in heathen countries are a disgrace to the world; another kicks because the church sends missionaries to those heathen. All these querulous complaints, mostly by infantile minds and opinionated bundles of high-pressure conceit, says the Pueblo Chief-tain, are only new forms of the same old walls that have been echoed ever since the time that well-headed children, whose bones have molded in the mud of centuries, threw bricks at Elijah.

BELGIAN SOCIALISTS.

The present outbreak in Belgium appears to be anti-clerical and socialistic—a combination of hatred for the Roman Catholic church and of communistic sentiment. The mob that surrounded King Leopold howled for universal suffrage and a republic, evidently desiring to make the impression that universal suffrage would make things better in Belgium, and that a republic would remedy whatever wrongs are complained of. The Colorado Springs Telegraph says that the same people who are howling for universal suffrage in Belgium, if they were in this country, would be shouting for the initiative and referendum, and for the election of senators by direct vote of the people. So long as everybody is not the equal of everybody else in social position and in wealth—so long as some men have more brains and more ability than others—there will be a socialist movement, not only in monarchies, but in republics.

MORMONS REACHING OUT.

The navy department is confronted with an educational problem in Samoa in which is mixed up a question of religion. It is evidently to be a race between the American government and the Mormons to control the situation. It is important that this government at once establish schools at Samoa, and there has been so much promptness in the preparation that the navy department and the bureau of education both have submitted estimates for the equipment of schools and the employment of teachers.

The situation which gives the matter importance is that the Mormons have begun their campaign of conversion in Samoa. The missionaries of that sect are industrious and are establishing schools. It is considered important that the country take action without delay.

Reports from Tutuila indicate that the Mormon missionaries are making substantial progress, and, naturally, those who have a regard for the progress of the islanders do not wish to see them adopt Mormonism.

HOME INDUSTRIES.

One of the best methods whereby to build up a live city is to patronize home industries. A man who pays out more than he earns, must soon borrow or go to the wall. A country which sends its money out to foreign localities, or distant states, will soon become poor. Keep money at home and in circulation here. Five dollars may in business pay a hundred debts and relieve as many people in a small way. Five times that amount will do just five times as much. If we could raise our potatoes and vegetables right here, produce our own eggs and poultry, the money that goes abroad daily, making us poorer and some other locality richer, would remain at home, circulating from man to man, and would keep business moving. We have at home our own cigar factories, roller mills, florists, and other establishments, merchants and local business men. Give them your patronage. Keep home money for home circulation. Every dollar kept here passing around helps the town and country. There are reciprocal duties between our home enterprises and our local consumers. The home manufacturer owes it to his customer to give as good an article for the money, as the customer can get elsewhere, local conditions considered. The home merchant owes it to his patron to give him the best bargain he can, and the entire people owe to their local establishments patronage and local support. Let us stand together for everything of local advantage.

The Los Angeles Express thinks that New Mexico went republican at the recent city election to help the statehood bill. Nothing of the kind. This territory has been reliably republican for many years. Four years ago the republican candidate for delegate received over 2,000 majority, and two years ago Delegate Rodey received nearly 4,000 majority. It was a free trade notion of the democratic party under Cleveland that destroyed that party in this territory.

JOINS THE REPUBLICANS.

Hon. James S. Fielder Renounces the Democratic Party.

The subjoined letter was received at the Silver City Enterprise office last week and is from the pen of Hon. Jas. S. Fielder, congressman from that district, and one of the most prominent attorneys in the territory. That Mr. Fielder is a deep thinker none, not even his enemies, will dare to deny, and that he reached his present conclusion after months of careful, hard study, is shown by his logical statement, given as follows:

Mr. Editor:—It is not to be presumed that the change of one little pebble on the beach is of any importance to the public; and, but for the fact that I have been elected as a democrat to the office of congressman, I should not deem it proper to mention the fact that I have abandoned the democratic party, so far as my future allegiance to, or affiliations with, any political party is concerned. I am satisfied that democratic principles were the safer upon which to build a republic. It is not due to any dissatisfaction with democratic principles that I now abandon the democratic party, but it is due to a dissatisfaction with the party itself and what appears to me to be its dog in a manger tactics. In its effort to stand still, while scientific research and industrial development keep the world in constant motion and new conditions have developed, it appears to me the democratic party has become a party of obstruction; and it appears to me that the republican party represents what should be the progressive democratic party. Therefore, I have abandoned the party of obstruction, and shall consider myself a republican. I make this statement to the public simply because I am holding office as a democrat. Very respectfully,
JAMES S. FIELDER.

Mines and Minerals

The Haboro Advocate says: We are informed that Mrs. E. F. Pearson, who is operating the Mamie Richmond mine in this district, is in the east forming a company composed exclusively of women to develop that property.

Hunt, Brown & Son, from Arizona, has leased the Calamity dump and are going to try the Russell leaching process, says the Hillsboro Advocate. Their chemicals arrived the early part of the week. There is plenty of rich ore to be had and we wish these gentlemen success in their new line of business.

A writer from Grafton says: The most active mine development being carried on in this portion of Sierra creek is now in progress on Chloride creek, in the Apache mining district. C. F. Brown came in with some Boston capitalists and went to the New Era. This mine employs fourteen miners and a large amount of development work is being done.

O. E. Connor & Co. have commenced operations on their group of claims on Animas Peak. They propose to do a large amount of development work. We understand they have commenced a cross-cut tunnel to be run several hundred feet in length for the purpose of cutting seven or eight leads. We understand also that they intend to sink a 500-foot shaft in connection with the tunnel and also to put up a large stamp mill.—Hillsboro Advocate.

Drs. Sinclair and Fulton brought to Lordsburg some mighty fine ore from the Gold Brick claim in the Malone district. Assays show it went \$73 in gold and \$286 in silver, the silver being estimated at 50 cents per ounce. They have a fine showing of this ore, and contemplate organizing a company to develop the property and erect a mill for the treatment of the ore if development proves a sufficient body. They expect to return east in a few days.

M. F. Nagle and Frank Daniels, of Shamokin, Pa., were in the city this week, says the Lordsburg Liberal. They are both large stockholders in the Aberdeen Copper company. Monday there was a meeting of the stockholders of the Aberdeen company, at which meeting about 95 per cent of the stock of the company was represented. A resolution was passed by which the company goes into liquidation. All of the assets of the company are to be sold, and the proceeds divided pro rata among the stockholders. Messrs. Nagle and Batchelor were appointed a liquidation committee to wind up the affairs of the company. A new company will be formed which will take over the property of the Aberdeen company, and will be called the Aberdeen Consolidated gold and copper company. This reorganization will have no effect on the work at the concentrator and mines. This work will be pushed under the management of E. McCormick. Messrs. Nagle and Batchelor returned east yesterday, and Mr. Daniels started for San Francisco. This was Mr. Nagle's first visit to the Aberdeen property, and he was greatly pleased with the outlook. Mr. Daniels has visited it once before, and is better pleased with it than on his first inspection.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

A Smeiter for the Tecolote District. At last something definite has developed in the mining circles, though it is not on a grand scale, says the Las Vegas Record.

Tecolote district is to have a reduction mill, a ten-ton one, and the machinery will begin to go out there the first days of next week. The engine and boiler will be sent from here, and one of the party will go to Denver at once to buy the rest of the machinery. In the company erecting the mill are

A Bad Disease

There is a certain disease that has come down to us through many centuries and is older than history itself, yet very few outside of experience know anything of its nature or characteristics. At first a little ulcer or sore appears, then glands of the neck or groin swell; pimples break out on the breast, back or some other part of the body and fill with yellow pustular matter; the mouth and throat become sore and the tongue is at all times badly coated. Headaches are frequent, and muscles and joints throb and hurt, especially during damp, rainy weather. These are some of the symptoms of that most loathsome of all diseases, Contagious Blood Poison. This strange poison does not affect all alike; some are literally eaten up with it within a short time after being inoculated, while others show but slight evidence of any taint for a long time after exposure, but its tendency in every case is to complete destruction of the physical system, sooner or later.

S. S. S. is a safe and infallible cure for this bad disease—the only antidote for this specific poison. It cures Contagious Blood Poison in every form and stage, thoroughly and permanently. S. S. S. contains no Mercury, Potash or other harmful minerals, but is strictly and entirely a vegetable remedy, and we offer \$1,000.00 reward for proof that it is not.

OUR MEDICAL DEPARTMENT is doing a noble work in relieving suffering. Give our physicians a short history of your case and get their advice. This will cost you nothing, and what you say will be held in strictest confidence. With their help and a copy of our book on Contagious Blood Poison you can manage your own case and cure yourself at home.

SWIFT SPECIFIC CO., Atlanta, Ga.

Messrs. Greenberger, Baker, Quinley and W. B. Twitchell.

The ball has started rolling now and Las Vegas will soon know if the sensational rumors as to the copper hereabouts is true. These pioneers merit congratulations on their start and we hope to see them push their mill to success and wealth.

A BALD NEWSPAPER MAN.

Getting a New Crop of Hair and Has No More Dandruff.

Everybody in the northwest knows Colonel Daniel Searles, the veteran journalist and publicist of Butte. January 10, 1900, the colonel writes: "I used a couple of bottles of Newbro's Herpicide with marvelous results. The dandruff disappeared; a new crop of hair has taken root and the bald spot is rapidly being covered." Herpicide is the only hair preparation that kills the dandruff germ that digs up the scalp in scales as it burrows its way to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out. Kill the dandruff germ with Herpicide.

The Elks.

Saturday evening the Elks had a big time in taking in a large class. A supper was served after the work was over and that it was an Elks affair is enough to show there was a good time. The candidates were: J. F. Cook, W. H. Hill, John E. Griffith, Geo. E. Cook, Abram Abeytia, H. M. Dougherty, of Socorro; A. E. Rouiller, of Paraje; B. A. Sleyter, W. W. Strong, G. F. Albright, H. E. Fox, Noa Hfield, Louis Hfield, D. J. Abel, O. A. Matson, G. W. Harrison, R. W. Hopkins, R. W. D. Bryan, Chas. W. Campbell.

In Police Court.

Librado C. de Baca was this morning bound over by Judge Crawford to the district court on the charge of forgery. His bond was fixed at \$500. He is charged with forging the name of Santos Ortiz, of Santa Fe, to one check for \$2, which was cashed by Bachechi & Glom, and one for \$11, which was cashed by the Horseshoe.

Fernando Garcia, who was charged with assaulting Antonio Anaya in "downtown" was given ten days.

Taken Back Home.

The body of Frank Bartn Folsom was sent back to Emporia, Kas., last night for burial. He was the 8-year-old son of the night yardmaster for the Santa Fe and his death was due to five weeks' sickness from scarlet fever and diphtheria. His father only accompanied the body back.

Territorial Fair Officers.

The meeting of directors of the Fair association will be held tomorrow afternoon as there was no quorum Saturday. While nothing positive has been heard from J. H. O'Reilly regarding accepting the presidency, it is thought he will accept, and that P. F. McCanna will again be secretary.

The School Bonds.

The board of education in special session Saturday night decided that the bonds recently authorized should bear four per cent and be for thirty years with a twenty year option. Architect Cristy is preparing plans.

This Store Offers Greatest Attractions to Economical Buyers

We don't mean by that that we quote smaller prices than any other store. To do so it would be necessary to handle trash, and we won't offer trash to our customers AT ANY PRICE. We do claim, however, to quote relatively lower prices on thoroughly reliable and desirable dry goods than any local dealer. We never make an assertion of this kind in our advertisement without offering proof by quotation of prices. Those we quote below will prove profitable reading:

AN ANSWER.**"Public School" Given Some Points
by a Citizen.****THE SCHOOL SUBJECT.**

Editors Citizen:

"Public School," in yesterday's Democrat, writes on the school house question and gives some interesting details.

Before final action by the Board of Education is taken on the matter, it is to be hoped that all the facts will be given to the public. The people are to be trusted especially where the health and comfort of their children is concerned. The referendum is desirable in these matters.

The writer of the article, perhaps unintentionally, does the members of our Board of Education an injustice. He seems to think that they regard themselves as infallible and that they resent anything like advice. He writes as though they were merely the adventitious bubbles on the scum of politics which, when foisted into office, become officially humptious. "Public School" places the present members of the board in a false position. They are public spirited citizens, acting for the public, and to the utmost extent of their knowledge and ability for the best interests of the public. They do not regard themselves as inerrant and gladly invite and receive suggestions. They will profit by information and will not be hostile to it, even if it should come from outside their own body.

"Public School" admits fully the contention of "Citizen." School houses need "roomy" grounds, he says. He claims, however, that because former boards made a mistake in not securing them, the present board is justified in making the present grounds still smaller. He defends this action because it saves money. If the board needs more land, it can get it either by gift or purchase. It can be confidently asserted that sufficiently large grounds for four new school buildings will be presented to the board by public spirited citizens. If not, the board can purchase land. The people will not hesitate to vote \$70,000 in bonds if necessary. The board asked for \$35,000 and the people voted in favor of the issue of that amount. They would have granted whatever the board asked. Even now a new election could be held if the board wanted more money. The people want good educational facilities for their children.

"Public School" attempts to show that, after all, play grounds are not necessary. The efforts made to give the children exercise to take the place of ample grounds are commendable. In cities they are driven to all sorts of expedients to supply the great lack of space. But to claim that their devices can take the place of good healthy play in the open air is to champion a city gutter full of water rather than a babbling brook in a mountain dell or a roof garden on a skyscraper rather than the Garden of the Gods.

Physicians all agree that children are healthier when not crowded or massed together in large numbers. If the good of the children is the consideration, instead of one, there should be four school houses in each ward. In fact it were better for each grade to have a building of its own.

Undoubtedly the teaching force could be utilized to better advantage and the schools could be conducted with less expense, if all the children of the city could be gathered into one large building, but it would not be for the highest good of the children.

The present board has before it the problem of utilizing its means to the best advantage. They should look to the future and to the certain growth of the city. The people will not scribble them if they are satisfied that the interests of their children are being considered.

Another important consideration is the architectural features of the question. Public officers too often, from a mistaken notion of economy, or otherwise, erect public buildings that are utterly devoid of architectural beauty. An effort should always be made to beautify the city by public structures and to educate the people by their attractiveness. It is economy of the right kind to spend some money to put these piles of brick and mortar into enduring forms of beauty and gracefulness.

It is of course possible to add to the present school buildings so as to make them desirable from an architectural standpoint but it will not probably be done with the means at command.

They will doubtless serve the purpose, but will look like the old fashioned factory building without a line or feature of beauty about them. Compare the new brewery building with the old ones. The few extra dollars that the new one cost was well expended, for it pleases the eye and is admired by all who visit our city.

It can be asserted without fear of contradiction that if the Fourth ward building gets only its legitimate share of the \$35,000 it will be impossible to put a second story on the present building so as to produce as good an architectural effect as it does now. It is now regarded by all as the handsomest of the school buildings and it would be a shame to mutilate it.

The question of the form and shape of the buildings to be erected is, of course, one of detail and will undoubtedly be left by the board to a competent architect and it is only referred to here because it is conceded that buildings are not as a rule improved by additions.

The first plans of the present ward buildings contemplated additions but they were placed differently from the original design, owing to the smallness of the lots and it is doubtful now if it is practicable to carry out the original plans.

"Public School" may be assured of one thing and that is that however capable the board may be, it is sufficiently broad-minded to know that it is possible for it to be benefited by laying fully its plans before the public, having them discussed, and inviting suggestions.

PRESBYTERY OF SANTA FE.

An Interesting Session at Raton—Progress of Church Work was Reported.

The Presbytery of Santa Fe met on Tuesday evening last in the Presbyterian church of Raton, of which Rev. Samuel Magill is pastor. The session began with devotional exercises and a sermon by Rev. W. Hayes Moore, of Santa Fe. Rev. Gabino Rendon, of the Santa Fe Spanish church, was elected moderator, and Rev. Samuel Magill, temporary clerk. There was a large attendance of ministers, evangelists and elders from all parts of the Presbytery which covers the northern half of the territory. Reports were given from all the churches which showed a year of unprecedented activity and progress, especially among the native people. One new church has been organized at La Tremontina, San Miguel county, and many new preaching stations have been established. Several new schools are to be opened with the beginning of the fall term. One fine new building has been erected at Chiriquito and another at Santa Fe. The contributions to all the churches have very materially increased during the year, the church at Santa Fe having made the largest advance in becoming self supporting. The Presbytery expressed its appreciation of this step forward by a unanimous rising vote.

Rev. J. M. Whitlock, of Lumberton, was elected delegate to the general assembly, which meets on May 15 in New York city, with Rev. S. W. Curtis, of Las Vegas, as alternate. J. M. Reid was elected delegate from among the elders and Charles L. Bishop, of Santa Fe, alternate.

The Presbytery adjourned to meet at Santa Fe on April 2, at which time Mr. Moore will be installed as pastor of the church.

The Presbytery made arrangements for services and regular work in the camps and new towns now growing up along the Rock Island railroad. The whole meeting was auspicious of still greater growth and usefulness on the part of the Presbyterian church.

HILLSBORO.

From the Advocate.

There is yet a chance for the fruit crop.

The mother of Probate Judge Procopio Torres died at her home in Monticello on March 30.

Moses Adams, one of the well known pioneers of this county, died at his home at Hermosa on the first day of April, at the age of 73 years. Up to a year ago Mr. Adams enjoyed good health. Mr. Adams was a useful industrial citizen and his death is regretted by all who knew him.

Miss Julia Beals, from Tierra Blanca, while visiting Mrs. Wulgemuth and others, at Kingston, was suddenly taken with paralysis. One side was entirely paralyzed. It was her first visit to Kingston and she was having a delightful visit up to the time she was taken ill, and made many friends who regret her misfortune. Dr. Beals was hastily called and took her home as soon as possible.

LORDSBURG.

From the Liberal.

C. M. Berkeley, who has been putting in some oil burners for Lordsburg steam plants, left for Benson.

Mrs. J. Wright is in St. Luke's hospital at El Paso, where she successfully underwent a surgical operation, and is now reported to be rapidly recovering.

Drew Windham was in the city with a bunch of seventy five saddle horses which he took east. If he happens to run across an English horse buyer he will sell them. If not he will take them to his ranch in Colorado. Mr. Windham is rather tired of the climate in Colorado and would like to be back on the river again.

Harmon D. Wright died at his home, about twenty miles north of Lordsburg, from an attack of pneumonia. He was 34 years old and leaves a wife and two children, besides his father, mother and seven brothers to mourn his death, all of whom were at his bedside when the grim reaper came. Mr. Wright had lived in this section of the country for several years, and was a well known and respected citizen.

George Hartman, who works in the Vendome dining room received this week a number of letters which had followed him half way around the world and back again. They were written last July, and sent to him at Manila, where he was serving in the United States army. They chased him around the Philippines, but before they reached him he had been transferred to the hospital at Fort Bayard, where they followed him, and from where they were sent him at Lordsburg.

Her Son's Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by all druggists.

LAS CRUCES.

From the Republican.

The firm of Llewellyn & Bonham have dissolved partnership by mutual consent. They will continue business in the same office rooms.

H. B. Holt and L. W. Lenoir returned Sunday from a trip to Santa Fe, where they had business before the land court and were successful in having the court grant a new survey in the Santa Tomas y Iturbide grant.

Henry Bennett, one of our old time Las Cruces young men, who has been in the city for about six years with the Mutual Life Insurance company, has recently been promoted as general manager for that company for Mexico.

Nicolas Galles, who has recently taken charge of the office of register of the United States land office here, expects soon to bring his family here. Mrs. Galles has been an invalid for years and is now with her two daughters in Minnesota for her health.

George DuBois is in El Paso organizing a company to develop some fine gold properties in this, the future Cripple Creek of New Mexico, and with a little capital will be good paying propositions.

From the Progress.

Sheriff Lucero has appointed William Rynerson deputy sheriff with the special duty of looking after the railroad camps.

Miss Nellie Mundy, who has been teaching the public school at Chamberino, was in the city on Sunday last, accompanied by her brother.

Collector P. F. Garrett, Capt. C. J. Mehan, Chinese inspector, and C. B. Dowd, were in Las Cruces from El Paso attending court.

Not only has Las Cruces a first class orchestra but she now has a band. Antonio Ruiz is the leader and organizer and practices are had three times a week. Three cornets, four clarinets, one piccolo, three altos, one bass, two trombones and one baritone are the various instruments. The boys are doing well under the leadership of Ruiz and we hope to see them make their first public appearance before long.

Misses Clara and Beth Foster very pleasantly entertained a few of their friends at their home on Thursday evening last. It was a "progressive" evening, different games being played at the various tables. High five, jack straws, historical cards and bean bags were the games. The prize in the shape of a cake was presented to the lady winning the most games during

the evening, also to the winning gentleman. The fortunate ones were Miss Metcalfe and Mr. Hunt. After light refreshments the jolly crowd parted, taking with them memories of a very pleasant evening.

A Nearly Fatal Runaway

Started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Bucklen's Arnica Salve cured him. Just as good for boils, burns, bruises, cuts, corns, scalds, skin eruptions and piles. 25 cents at all drug stores.

LAS VEGAS.

From the Record.

R. J. Taupert, a practical jeweler from the City of Mexico, formerly of Santa Fe, has taken a five years' lease of the building recently vacated by James A. Dick, for the purpose of engaging in the jewelry business.

In his speech declaring Mrs. A. M. Walker free last week, Judge Wooster made the remark that any decision but that of freeing her would cause condemnation throughout the country and today he received a letter from a Chicago man complimenting him on his decision, showing the force of his argument. In these days of modern newspapers every part of the country is watched closely and good deeds as well as bad ones are given national publicity.

Ben Ettleborg was the happy victim of a well planned surprise party given in the Methodist parlors by his friends of the Epworth League, of which organization he is the president. Mr. Ettleborg was completely surprised. He had been invited to a friend's house to practice singing and was purposely led by the church, which was lighted. He went in and was greeted with "What's the matter with Ettleborg? He's all right!" He was completely confounded, but soon realized the happy meaning of the assemblage. There were seventy-five friends present and light refreshments were served. A musical program was also rendered and the evening was one long to be remembered by the surprised.

From the Optic.

B. F. Spencer, a former citizen of Las Vegas, is reported as critically ill at Denver. Only a few days ago Mr. Spencer was in the city in the interest of Tecolote properties.

One of the "soiled doves" on the other side of town attempted suicide by the morphine route, but Dr. Shaw brought her back to life.

The Crystal Ice company has solved the water problem to its own satisfaction. It has struck a fine flow of water at a depth of forty-five feet. The water is fit for any kind of use and is so free from alkali that it can be used in the boiler. At the meeting of the people interested in the grant, held in the court house Eugene Romero was elected as chairman and Eusebio Lujan was secretary. The meeting was addressed by O. A. Larrazolo.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South-Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Salie Harris, Salem, N. J. For sale by all druggists.

SAN MARCIAL.

From the Bee.

Harley Foults has returned from his Kansas trip. The Sunday closing law is respected to the letter in this city of cottonwood trees.

The D. A. Shope property at the foothills is now in possession of Capt. Jack Crawford. It is a valuable piece of property and with the proper amount of care and good luck should become a profitable investment for the "poet scout."

W. W. Sentman, the Boundary commission representative at this point, reports the Rio Grande almost dry and his measuring machine out of a job temporarily.

Mrs. O. P. Coleman and children are now visiting friends in Raton. Later they will be with friends in Colorado and Kansas and may not return home for several months.

A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by all druggists. 50c and \$1. Trial bottles free.

ANOTHER CHANGE.

The Rock Island Having Trouble in Securing a General Manager.

The Chicago Inter-Ocean of April 12, says: Charles H. Warren, vice president of the Central railroad of New Jersey is to be the general manager of the Rock Island system within a short time. An official announcement to that effect was made today at the offices of the Rock Island road.

The meaning of this sudden change is not generally understood. Within the past week, official announcement has been made by the Rock Island of the appointment of C. A. Goodnow, of the Milwaukee, to succeed A. J. Hitt, the present general manager.

What basis there is for the announcement of the appointment of Charles Warren is not known.

The Central railroad of New Jersey, from which Mr. Warren comes, is a short line, but very remarkably equipped. George F. Baer, of New York, is the president. Mr. Warren is first vice president; 678 miles of road are operated with 411 locomotives, 465 passenger cars, and 18,222 freight cars. The extent of this equipment can be

recognized by comparison with the whole Rock Island system which has 3,645 miles of road, 572 locomotives, 430 passenger cars and 18,115 freight cars.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more gentle and mild in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by all druggists.

MAY LACK COAL.

Sale of the Choctaw Likely to Effect Santa Fe's Supply.

The sale of the Choctaw, Oklahoma & Gulf to the Rock Island created much comment here, says a dispatch from South McAlester, L. T. This city was for years the location of the general offices of the road and also its western terminus. It is now believed that the survey, which has been pushed by the Rock Island from Weatherstone via South McAlester to Chickasha, had much to do with the consummation of the deal. Two corps of Rock Island surveyors are now in the territory working on the second survey since the first of the year.

It is the impression of coal men that the Santa Fe, which has been largely favored by the Choctaw in its fuel supply, will have to look to other sources than the Rock Island owing to the bitter rivalry.

A Chattanooga Druggist's Statement.

Robert J. Miller, proprietor of the Read House Drug Store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Alvarado Pharmacy.

CHANCE EATING PLACES.

June 1 Time Card Will Affect Several Through Santa Fe Trains.

At the time the division superintendents are in Topeka working on the June 1 time card, it is said that several other important changes will be arranged for aside from providing for a semi-weekly schedule for the California Limited.

Train No. 1 and mail train No. 7 will be changed considerably. No. 7 will be run several hours earlier. The changes will make considerable difference in the places where these trains will stop for meals, and some of the Harvey eating houses on the Santa Fe may be abandoned.

Wields a Sharp Ax.

Millions marvel at Dr. King's New Life Pills—the most distressing too. Stomach, liver and bowel troubles—dyspepsia, loss of appetite, jaundice, biliousness, fever, malaria, all fall before these wonder workers. 25 cents at all drug stores.

CONFESSED THE CRIME.

Crippled, Emaciated and Senile Veteran Given Five Long Years.

After once defiantly pleading "not guilty," to the indictment against him for counterfeiting, the aged soldier, Mark J. Lemon, changed his plea to guilty and placed himself at the mercy of the court.

He was a pitiable object, indeed, as he came into court on crutches and with his sunken hollow cheeks and body wasted to skin and bones. Five years imprisonment and a fine of \$1 is the least punishment that can be imposed upon him, and this has been agreed to by the court and the district attorney.

Under the present arrangement all federal prisoners from this district are taken to the United States penitentiary at Fort Leavenworth, Kansas, or Columbus, Ohio, but owing to the state of Lemon's health, a petition will be sent to the attorney general asking that he be sent to Atlanta, Georgia. Instead, meanwhile Judge Maxwell suspended sentence.—El Paso News.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." J. H. O'Reilly & Co., B. H. Briggs & Co.

Important Business Change.

E. G. Murphy has sold his west side drug store to Mrs. Cora Mann. Mrs. Mann is a experienced druggist and business woman, having been in business in Albuquerque and other places. She arrived in the city Thursday evening and is very favorably impressed with the city. Chris M. Christensen, who managed the drug store for Mr. Mann in Albuquerque, will be the manager here. He has been in the west some time and is very popular. He speaks Spanish fluently and will make himself agreeable to all customers. Here's to the new firm. May it be as prosperous as its predecessor.—Las Vegas Optic.

Wants To Help Others.

"I had stomach trouble all my life," says Edward Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. J. H. O'Reilly & Co., B. H. Briggs & Co.

Western Passenger Agents.

A party of general passenger agents occupied a special car last night on their way to San Diego to attend the annual gathering of western general passenger agents. The party was in charge of George T. Nicholson, of the Santa Fe. Many of the officers were accompanied by their wives. Those in the party were W. S. Kenner, Gulf, Colorado & Santa Fe; W. A. Lalor, Chicago, Burlington & Quincy; S. G. Hall Illinois Central; G. S. Fee, North

No one needs to be told to try to cure a cough. But any one will be glad to be told of a means of cure which will be thorough and lasting. Dr. Pierce's Golden Medical Discovery is a medicine which can be confidently relied on to cure diseases of the organs of respiration. It cures obstinate, deep seated coughs, bronchitis and bleeding of the lungs. It cures when nothing else will cure, and the local physicians say: "There is nothing more that we can do."

There is no alcohol in "Golden Medical Discovery," and it is absolutely free from opium, cocaine and all other narcotics.

The dealer, tempted by the little more profit paid by less meritorious medicines, will sometimes try and sell a substitute when the "Discovery" is asked for. No substitute medicine will satisfy the sick like "Golden Medical Discovery." It always helps. It almost always cures.

"Two years ago a severe cough started on me and I was also bothered with catarrh," writes Mr. F. Skjold, of Danewood, Chicago, Ill. "I could not sleep nights, as the cough got worse at night. I tried several cough medicines, but to no avail, until a year ago, when I got so bad I could not breathe through my nose at times. I then tried Dr. Pierce's Golden Medical Discovery. After taking eight bottles of Dr. Pierce's Golden Medical Discovery, and at the same time using Dr. Sage's Catarrh Remedy, I am a well man. I can thank Dr. Pierce for my good health, and will recommend his medicines to any one suffering from the same trouble."

Could Fill the Paper With Them.

This paper might be filled with items like the following, and everyone be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which have cured me. High Grade Bulls for Sale.

The undersigned has for sale on his farms near La Junta, Colorado, about forty 3 year old, 150 2 year old and 150 yearling high grade Hereford bulls; all of them better than 15-16. Also about ninety yearlings out of full blooded non-registered cows, sired by imported registered bulls. Parties wishing stock of this kind will get prices by corresponding either with J. S. Crosley, La Junta, Colo., or myself, 830 Equitable building, Denver. These bulls have been well wintered and are in fine condition for turning on the ranges, not having been overfed, but are in good flesh, strong and active. They will do much better service than any bulls of the same ages brought from the eastern farms.

The new Rincon Harvey house is under way, and a far better building than the former one is promised.

The Santa Fe has been getting most of the government business of transportation of troops to the coast.

Byron Harvey, of the Harvey eating house system, is to wed Miss Helen Dagget, of Pasadena, on Wednesday evening.

The Santa Fe settled with the families of the three Indians who were killed a few days ago up the road, for \$20 each.

Thomas W. Lewis, of the local railway shops, left last night for Tacoma, Wash., where he will probably reside in the future.

H. S. Van Slych, who was up north on business connected with his duties as live stock agent, returned to El Paso Sunday night.

Ben Johnson, who was east, came in last night and continued south to Mexico City. He is superintendent of motive power on the Mexican Central.

Owing to promotions and sickness at Las Vegas the division is short of firemen, and a telegram has to be sent to Raton to transfer six extra firemen.

Martin L. Kelley is at Kingston from Old Mexico. He was in the employ of the M. C. & P. railway and contracted malarial fever, so prevalent on the lower coast.

Nearly every train wreck winds up the career of one or more tramps. Yet the average tourist greatly prefers death to honest toil or the transportation of himself by walking.

It is rumored that Yardmaster Frank Mudge, of San Marcial, will be transferred to Deming, and that W. A. Greenwood, a former yardmaster at San Marcial, will succeed Mudge.

G. S. Stiles, newly appointed electrician for the Santa Fe shop plant at Topeka, has returned to that city from Needles, Cal., where he has been a few weeks on business for the company.

T. A. Jameson, who takes care of the lamps and tank washing at the Las Vegas shops, has received a sixty days' vacation for a visit to Santiago, Cal., and will leave for the coast in a few days.

Twenty Pittsburg engines are arriving for the Rio Grande division. The old machines are being removed. The new arrivals are in good shape and the spring rush of business is sure to be handled expeditiously.

Firemen McCann, Bursk, Langston and Selb have passed their examination and are now engineers. They will take their turns on the extra board, with the exception of Bursk, who will probably be on the switch at Las Vegas.

There have been distributed among the shop foremen within the last few days copies of a circular specifying regarding the granting of passes to employees. There is nothing particularly new about it, aside from what has been in force for a long time.

At Emporia, Kan., the Santa Fe is to build a new stand house directly west of the location of the coal chute which is now in process of construction. It will be 60x18 feet, with a tower thirty feet high, thus eliminating the old process of passing the grit up in buckets. Instead of that, gravity will be used in filling the sand box.

An outfit is at work between Lordsburg and Tucson sprinkling the Southern Pacific track and right of way with oil. It has been found that a liberal application of oil will keep down the dust for a long time. The sprinkling cart covers two miles a day, but as it has to give the road three coats of oil only covers two-thirds of a mile a day.

The Trisco system on March 23, put on two new trains known as the "Meteor" and the "World's Fair Special." Electricity has been adopted for illuminating purposes and for the operation of electric fans, and the cafe car service has gone under the management of Fred Harvey. The Trisco people are leaving nothing undone to please the traveling public.

The Record says: There are thirty-five engines on the Las Vegas-Albuquerque division of the Santa Fe, all of which are taken care of at the shops here. They are divided about as follows: Twenty engines in freight service, six regular passenger engines and four eight wheelers for extra passenger service and branch work, two switch engines and three mountain helpers.

H. Y. Baskin, a civil engineer, who has been working on the line of the Lordsburg & Hachita road, died of pneumonia Sunday afternoon, says the Lordsburg Liberal. Mr. Baskin was 28 years old, unmarried, and lived at San Antonio, Texas, where his body was taken for burial. He had been working with the surveying corps of the Lordsburg & Hachita road since last fall. He was popular with his associates and had made many friends in this section of the country.

H. J. Simmons has resigned his position as superintendent of the Arizona & New Mexico road, and has accepted the position of chief engineer of the E. Paso & Southwestern. His first work will be the building of the big bridge across the Rio Grande, and the road over the hills to the west of El Paso. This is about as complicated a piece of engineering as there is now in progress on any road in this section of the country. Mr. Simmons has made many friends in both Clifton and Lordsburg, who will be sorry to see him leave the Arizona & New Mexico, but who are glad he has been entrusted with so important a commission.—Lordsburg Liberal.

The Las Vegas Record says: R. D. Gibbons, the division foreman, who has

been indisposed for some time, was given a thirty days' vacation for a trip to California. Mrs. Gibbons and her two daughters will accompany Mr. Gibbons and they will take in San Francisco, Los Angeles and other points of interest. Round House Foreman Charles D. Chandler will act as temporary division foreman in Mr. Gibbons' place. Mr. Chandler is one of the Santa Fe's most faithful employees and, besides being personally popular, is a most competent man for the position. L. D. Webb, the general assistant round house foreman, takes Mr. Chandler's place temporarily.

The Lordsburg Liberal says: Charlie Hoy, an old time railroader who worked on this division for many years, was in town this week, shaking hands with old friends. He has recently been working as yardmaster at Naco, his work being done on both sides of the line separating Mexico from the United States. He has had the usual luck of men working for railroads in Mexico, and says he has been in jail seven times. One day the yard engine was standing still when a runaway team crashed into it, and the Mexican authorities arrested the entire yard crew because the engine had been run into. The yard crew commenced operations to have the driver of the runaway team arrested because the engine was damaged by the accident, several pieces of paint having been knocked off, when the matter was compromised and Charlie was turned loose.

MAKES GOOD TIME

Rock Island Beats Every Other Road Eight Hours from Chicago to

Los Angeles. Beginning yesterday, Sunday, the Rock Island railway cut down its schedule so as to land passengers in El Paso and Los Angeles in about eight hours' less time from Chicago and Kansas City, than is consumed by the journey over any other line and another cut from eight to nine hours is promised for next winter.

Railroad people generally thought the Rock Island would not be able to make the time allowed on their schedule, but they have made good the first month. Three mornings the train was late in Kansas City, and although it was late several mornings in El Paso, it did not fail to make the connections with the Southern Pacific but once. This speaks well for the road, when one stops to consider that all the road from Carlizo to Liberal, Kan., is new and unsettled. Not a wreck of consequence has occurred and in fact the service has been satisfactory all around.

Next fall the limited train service will be put on. These trains are already building at a cost of \$2,000,000, and it is said will be the finest trains in this country. The trains will be delivered to the Southern Pacific at El Paso and taken by that road to Los Angeles.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." J. H. O'Reilly & Co., B. H. ON TO NEW ORLEANS.

Rock Island Announces Another Proposed Extension.

The stationer recently made that the Rock Island had decided to extend its line to the gulf coast has been confirmed by the formal filing of an amendment to the charter of the Chicago, Rock Island & Texas Railway company, its Texas corporation, providing for the proposed extension. The route named in this amendment is from Fort Worth, passing through the cities and towns of Dallas, Corsicana, Centerville, Madisonville and Houston. The distance is about 295 miles. It is stated that the work of construction will begin as soon as the survey can be made and that the road is to be completed within twelve months. It is also officially announced that it is the intention of the Rock Island people to ultimately extend the line to New Orleans.

REPORT ON DECAPODS.

Superintendent Henderson Says New Engines Do Good Work.

George W. Henderson, superintendent of motive power of the Santa Fe road, has made a report on the work done by the new decapod engines, now in use on the road. In it he states that "a decapod in service on Cajon Pass, southern California, where the grade is 158 feet to the mile, pulls with ease 600 tons back of the tender. Another takes 1,100 tons back of the tender from Needles, Cal., to Seligman, Ariz., many of the intervening grades being 95 feet to the mile.

"As the average freight car weighs with its load about 33 tons, it can be

seen that the trains pulled are unusually large for such grades. Our new passenger engines, such as are hauling the important trains into Chicago, are doing remarkable work in the mountain country, hauling with ease twelve cars, where the grades are as heavy as 75 feet, and making fast schedule time. These latter engines are the largest and most powerful passenger engines in the world, being in the same class for passenger runs that decapods are for freight runs, viz., at the top."

Kodol
Digests what you Eat
Dyspepsia Cure

Indigestion effects so many organs besides the stomach that the nature of the disease is sometimes mistaken. Headaches, giddiness, and so-called heart trouble are usually caused by indigestion alone. In such cases it is the stomach trouble which must be cured. Kodol Dyspepsia Cure restores health by digesting your food while the stomach rests. Dieting doesn't mean rest but starvation. You should relieve the stomach without weakening the system by denying yourself proper food. With a sound stomach your other complaints will soon disappear. "After seven years' suffering from indigestion," writes Mrs. Annie Alcorn of Merideth, Pa. "I was cured by three bottles of Kodol Dyspepsia Cure."

LOCAL PARAGRAPHS.

Mrs. Thomas Wise left the other evening for Alamogordo, where Mr. Wise is employed in the railway shops.

Mrs. J. C. Muir and daughter, of Danville, Ill., are in the city on a visit to the Misses Lee on West Copper avenue.

Antonio Maggio will likely remain in the city and become a member of the Italian brass band. He is a first class musician.

Regular monthly meeting of the Shrine is this evening at 8 o'clock at Masonic hall. H. H. Tilton, potentate; L. H. Chamberlin, recorder.

J. E. Sain, secretary of the Albuquerque Eastern and Santa Fe Central, is now located at Torrance in charge of the commissary department.

Mrs. A. W. Hayden, wife of the well known carpenter and contractor, is enjoying a visit from her brother, S. D. Anderson, who is here from Boston, Mass.

P. A. Gullion, formerly in business here, has returned from a search for Aztec curios in Mexico. He is arranging to go in the curios business in Albuquerque.

Mrs. G. Pitman Smith, sister of Mrs. W. D. Clayton, and daughter, Miss Lulu, and two sons, will leave tonight for Montgomery City, Mo., after spending the winter in this city.

The Socorro delegation, who were here last Saturday and were initiated as members of the local herd of Elks, have returned to the Gem City. They were seen safely on the train last night and told to come again.

Charles Mann, a general merchant of Jarales, Valencia county, was here yesterday on a visit to relatives and friends, returning home in the evening. Mr. Mann is the owner of some fine Albuquerque real estate.

Mr. and Mrs. Joseph Price, of Socorro, came in from the south this morning and are spending the day with the families of Simon Stern and L. B. Stern. They will leave on the flyer tonight for New York City.

Deputy United States Marshal Fred McKeehan and Harry Cooper, of the local police force, have started for California as escort for a lot of Chinamen who will be deported. A number of stops will be made on the way.

Judge John Stansbury, special attorney, hearing testimony in Indian depredation claims against the government, stopped outside proceedings long enough last Saturday in order to visit the city and attend the meeting of the Elks.

Richard Wetherell, the well known general manager of the Hyde Exploring Expedition, after a business trip east, arrived in the city on the flyer today, and was noticed around with the local manager, A. B. McGaffey, this afternoon.

Pictures of Indian villages, of mountains and ornamented hotel buildings along the line of the Santa Fe are now in order and T. W. Stevens and J. A. Hillyer, of the company's advertising department, are attending to these duties nowadays.

J. A. Harlin, superintendent of bridges and buildings, is here today from San Marcial. The many improvements being made along the line by the Santa Fe company keeps Mr. Harlin constantly moving, but he is equal to the emergency.

Mrs. L. C. Van Vleck, of Nassau, Bahama Islands, is here on a visit to her parents, Mr. and Mrs. Henry Lockhart. It is understood that after the visit here Mrs. Van Vleck will go to French Lick Springs, Indiana, accompanied by her mother.

Noel E. Crenshaw, of Cerrillos, has returned to his barber shop in that town. He was recently indicted by the Santa Fe county grand jury for the shooting and killing of Ed Hull, and has just been let out on bail by Judge McFie in the sum of \$5,000.

R. J. Turnbull, with his wife and children, left Saturday night for their old home in Alabama, and for the time being there will be a lull in the Gallup oil excitement. Mr. Turnbull will return in a short time and assume personal charge of work now being prosecuted by the Manuella Oil company, of which he is a director.

It is understood that Mike Martinez, who has made a most excellent police officer, will retire from the force and accept a position in the local railway shops. In this connection, it is learned that the mayor-elect, Charles Myers, is considering the name of Jose Ignacio Salazar, who has been endorsed by the party leaders for the position.

Mrs. Laura B. Hart, most worthy matron of the Order of the Eastern Star, left yesterday for Boise City, Idaho, where she will establish a grand chapter. Saturday night she was given a reception at the home of Mrs. Jesse Miller, when she was presented with a handsome spoon. Mrs. Hart, on this trip, has established grand chapters in Arizona, New Mexico and southern California.

Ferdinando Alessandri, the old town general merchant, whose death was mentioned in The Citizen last Saturday afternoon, was buried in the Santa Barbara cemetery yesterday afternoon, the funeral taking place at the San Felipe de Neri church, old town. The old gentleman was well liked among the people, especially the Italian colony, and in consequence a large concourse of mourners followed his remains to the cemetery yesterday.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwell, Valley street, Saugerties, N. Y.
