ALBUQUERQUE, NEW MEXICO, SATURDAY AFTERNOON, APRIL 12, 1902

NUMBER 120

TWO PROMINENT ALBUQUERQUE ODD FELLOWS

PAST GRAND MASTER NOEL EUGENE STEVENS.

PAST GRAND MASTER SAMUEL VANN.

THE COMMANDER.

The Military Career of Department Commander J. W. Edwards.

FOUR YEARS' SERVICE.

J. W. Edwards, the new department commander of the Department of New Mexico, G. A. R., was an Indiana soldier. In 1861, when a little past 17 years old, he enlisted in a company on the Tuesday following the attack on Fort Sumpter and was sent to Indianapolis. On account of his youth and small stature he was rejected and sent home. Two weeks later he enlisted in another company and was sent to another camp at Terre Haute, where he was accepted and was mustered into the three years' service with company F, Fourteenth Indiana volunteer infantry. With his regiment he was in all principal battles of western Virginia and the Shenandoah valley. He was with the Army of the Potomac down to Grant's last campaign in the Wilderness and was severely wounded at Spotsylvania, Va., on May 18, 1864. This was just nineteen days before his three years of service expired and he was not discharged until June 17, 1864, as he was in the field hospital.

After nursing his wound for nine months he became restless and again enlisted, this time in the Fourth United States Veteran regiment. Under General Hancock for the year. When Lee surrendered at Appomattox the command was on its way to the Shenandoah valley to cut off his retreat and in the excitement of the hour the command was forgotten for some time but it was then returned to Washington to guard government property including the arsenal prison where military prisoners were confined. Among them were those implicated in the murder of President Lincoln.

Mr. Edwards was sergeant and was in command of twenty men and a corporal and on the day of execution was in immediate charge of the prisoners. The regiment was stationed at various points guarding prisoners and mustering out volunteer soldiers. On March 3, 1866, Mr. Edwards was mustered out at Columbus, Ohio, after having served four years and two months. He went to Kansas, where he took up a homestead, but on account of trouble from his wounds he was unable to farm. He then went to Newton, Kas., and went into the mercantile business and stayed there for twenty-nine years.

He came here in June, 1900, and identified himself with G. K. Warren post. In December, 1900, he was elected a delegate to the department encampment in Santa Fe and at that meeting in May, 1901, was elected senior vice department commander. In the following December he was elected post commander of G. K. Warren post.

He held all the offices of his post at Newton, Kas., and has attended as delegate many of the national encampments and has served on the staff of the commander in chief. Politically he is a republican and in Newton served in the council four years. He was president of the council when he came here.

Helen Parks, a pupil at the Fourth ward school fell while at play during recess yesterday and sprained her ankle.

BANK ROBBERS.

Vaults and Safes Were Wrecked in Two Banks. Acety. Ind., April 12.—Six men broke into the Commercial bank here early today, drilled a hole in the safe and touched off a heavy charge of nitroglycerine. The explosion awakened the citizens, who appeared before the robbers could gain an entrance to the money vaults. Many shots were exchanged but the robbers got away. The damage caused by the explosion is \$12,000.

Got \$1,000.

Dearborn, Mich., April 12.—D. P. Lapham's private bank here was entered by burglars last night, who blew open the vault and stole about \$1,000 in cash. The vault is completely wrecked. There is no clue.

TALKING FINANCES.

Great Britain Needs More Money for the War. London, April 12.—At the cabinet meeting today, it is supposed the best means of issuing a war loan was discussed. In consequence the afternoon papers are asserting a cabinet crisis, owing to a breach between Chamberlain and Hicks-Beach on the method of raising war funds. Chamberlain issued a signed statement absolutely denying the report.

CANNOT APPEAL.

Rev. Granville Lowther Must Take His Medicine. Wichita, Kan., April 12.—Rev. Granville Lowther, who was convicted here at a recent session of the southwest Kansas conference of the Methodist church and who announced his determination to appeal the case, cannot have that privilege according to the statement of Rev. W. H. Rose, who was junior counsel for Rev. Lowther during the trial.

A JOYFUL TRIP.

Miller on the Road to the Penitentiary for Life. Detroit, Mich., April 12.—Prof. Joseph M. Miller, the music teacher who confessed he murdered Miss Carrie N. Jennett with a hatchet, was arraigned in the recorder's court this afternoon. After an examination for sanity his plea of guilty was accepted and by night he will be en route to the penitentiary.

Mora County District Court.

The April term of the district court for Mora county will convene at the town of Mora on Wednesday, April 28. The business to be done is light and it is probable two or three days will finish the term.

Strike Settled.

St. Joseph, Mo., April 12.—The strike of union carpenters, which began two weeks ago, is settled. The men got 35 cents an hour, an increase of 5 cents. Hundreds of buildings in the course of construction were affected.

Talmage Sinking.

Washington, April 12.—A bulletin issued late this afternoon by the attending physicians says: "Dr. Talmage is gradually sinking. He may last through the evening. He is profoundly unconscious."

Will Wait Awhile.

Washington, April 12.—The president said today that Eugene Ware will not be sworn in as commissioner of pensions for two or three months.

A NATURAL PARK.

House Favors Saving the Petrified Forests of Arizona. Washington, April 12.—This was private pension day in the house. Before the regular order was taken up, some business was transacted by unanimous consent. Among the bills passed was one for the creation of a Petrified Forests National Park in Arizona. The house then went into committee of the whole and proceeded on the consideration of private pension bills.

Social at Baptist Church.

The young people of the Baptist church will give a literary social called "An Evening with Longfellow," at the church next Friday night. An excellent musical and literary program has been arranged, consisting entirely of selections from Longfellow. The program will also include a pantomime of ten men representing the characters of "A Wayside Inn."

Important Mining Items.

Col. Craig, manager of the Last Chance Mining & Milling company, in the Mogollon mountains, with his wife, passed up the road for Denver, thence to the east, this morning. The colonel has demonstrated that the cyanide process for the treatment of Mogollon ore is a great success and can be done on less than \$2 per ton. It was also learned this morning that the Little Fanny mine, one of the best producers of southern New Mexico, has just been sold for \$750,000.

Nearly Two Months.

Judge Crawford disposed of nearly two months in police court this morning, as each of the five prisoners was given ten days. Joseph Kelly, who was a porter at the Harvey house, got drunk yesterday afternoon and tried to thrash everyone around the place. His face was skinned this morning and the top of his head, which is devoid of hair looked as though he had tried to slide down a rock pile while on his head. The other four were vagrants.

Frediano Alessandri Dead.

Frediano Alessandri, for many years a well known resident of Old Town, died yesterday morning at his home of pneumonia. He was a member of several societies and his funeral will be held tomorrow morning at 10 o'clock at San Felipe de Neri church. It is probable many societies will attend and the funeral will be a large one.

Chicago Grain.

Chicago, April 12.—Wheat—April, 72½¢; May, 73½¢. Corn—April, 61¼¢; May, 61½¢. Oats—April, 41¼¢; May, 42¢. Pork—April, \$16.72½; May, \$16.77½. Lard—April, \$9.75; May, \$9.75½. Ribs—April, \$9.05; May, \$9.07½.

Resignation Demanded.

Washington, April 12.—The secretary of the treasury sent a letter to Assistant Commissioner of Immigration McSweeney, of New York, calling for his resignation.

Scandinavians Coming.

Christiana, Norway, April 12.—The present week has broken all records in immigration to America. Thirteen hundred Scandinavians sailed from this port.

GOVERNMENTS AHEAD.

Revolutionary Forces in Hayti Were Badly Routed.

QUIET IN BRUSSELS.

Port Au Prince, Hayti, April 12.—The revolutionary forces, commanded by General Baptiste, which captured Jasmel, April 5, were pursued by the government troops, commanded by the minister of war, General Guillaume, and completely defeated yesterday. General Baptiste was captured and immediately shot. The revolutionists lost twelve men killed and a number wounded. The government troops sustained no losses.

Quiet in Brussels.

Brussels, April 12.—The rioters have been temporarily awed by the overpowering display of armed force. Up to noon today no further disturbances had occurred here. The strike continues to spread to central coal districts. Elsewhere the socialist leaders are trying to keep the men at work until Monday or Tuesday, when they contemplate an important movement.

A dispatch from Mons announces that preparatory to a general strike at the Borinage coal mines on April 14, the men from the several pits have already brought their tools to the surface.

Dried Leaves for Insomnia.

The fair insomnia sufferer will be glad to know that a sympathetic genius has been catering to her wants and has placed on the market what is termed a "sleeper's riddle" made of bright colored muslin or silk in the old fashioned reticule shape; it is lace trimmed and drawn up with ribbons. It is hung within easy reach of the bed and contains a handkerchief, a tiny jar of cold cream, a bottle of smelling salts and a linen covered sachet filled with fragrant dried leaves from an Oriental shrub. The odor from this sachet is said to cause nervous and excitable persons who are inclined to be wakeful to fall into a sweet and refreshing sleep.

Cattle Shipment.

On the 22d of this month a car load of cattle will be shipped from this point by Del Holson and W. H. Jack, the latter of the Crowfoot Cattle company. Mr. Holson will ship 500 and Mr. Jack, 300, the price being \$15 straight delivered at Fresno, Cal. J. Well is the purchaser. This is the first time in many years that a sale of cattle has been made in this section with the price to include delivery. If it becomes popular the cattlemen of the county seat by making this their shipping point. Mr. Holson will accompany the car to California and later will be joined by Mrs. Holson, when several weeks will be spent at the coast resorts.—Silver City Enterprise.

Up to 3:30 o'clock this afternoon the special committee of the territorial fair board of directors, appointed to select a president, had not received an answer to their telegram to Joseph H. O'Reilly informing him that they had unanimously selected him for the presidency. The committee, however, believe that Mr. O'Reilly will accept, and the board of directors, at their adjourned meeting late this afternoon, will no doubt take the same view and ratify the selection.

ROCK ISLAND.

Absorbed the Louisville and Nashville.

Wreck on the Illinois Central Road.

First Move to Fight the Minnesota Anti-Trust Suit.

REPORT IS DENIED.

New York, April 12.—The Evening Post, discussing the situation in Louisville & Nashville stock, says: "All indications seem to point to the fact the control of the Louisville railway is now so held it can be turned over to the Rock Island railway. The matter had not been determined at the close of business today and facts are as lacking as they have been since the excitement in Louisville & Nashville shares began some time ago. The opinion in Wall street is in a nebulous condition as to who now controls the company, but there is a conviction that control has passed from the Belmont interests and John W. Gates has been a factor in the passing. According to the Post the Choctaw road was purchased for the Moore interests with Gates as part of the plan for the Rock Island extension."

HALF AN HOUR LATE.

Limited Passenger Train Ran Into a Switch Engine. Memphis, April 12.—The north bound New Orleans limited train on the Illinois Central, due here at 6:35 a. m., ran into a switch engine in the Illinois Central yards. The passenger engine, two baggage cars, mail and second class coach were derailed. Fireman William Goodloe, colored, was killed; Engineer Charles J. Barnett was badly injured about the body; Express Messenger William E. Pink sustained a fracture of the skull and severe bruises; and an unknown man, supposed to be a tramp, lost a hand and one eye. The accident was due to the passenger train being half an hour late and the engineer of the switch engine thought it had already passed.

THE MERGER FIGHT.

First Motion Filed in Court—Iowa Hits Hard. St. Paul, April 12.—The first move of the interests concerned in the railway merger as against the suit instituted by the State of Minnesota in the Ramsey district court, has been taken by President Hills' attorneys. They have served notice upon Attorney General Douglass, of a motion to vacate the service in the summons and complaint of the State of Minnesota against the Northern Securities company and against President J. J. Hill of that corporation and the Great Northern road. The motion will come before the Ramsey district court on argument one week from today. The argument next Saturday will not affect the main question as stated in the bill of complaint filed by the attorney general.

The Iowa Law.

Des Moines, April 12.—Governor Cummings today announced that he is known as the Hubbard railway merger bill, authorizing railways organized in Iowa to absorb connecting lines anywhere in the United States and enjoy the same privileges as have heretofore been limited to lines wholly in Iowa and adjoining states. The bill is amended so as to prevent the merger of competing or parallel lines.

Erroneous Report.

Chicago, April 12.—It was stated by men high in the management of the Western Passenger association, the report that Chairman Eben McLeod is to resign and be succeeded by C. A. Parker is erroneous. Mr. McLeod said the report that he was to be succeeded was news to him.

Signed the Scale.

Wheeling, W. Va., April 12.—At a conference here between the officers and a committee of the Amalgamated Association of Iron and Steel and Tin Workers and the officials of the Republic Iron and Steel company, on the scale for the year beginning July 1, 1902, was signed. It is the same as last year and affects 25,000 workers in the bar iron mills of the country.

Want the Documents.

Washington, April 12.—The senate committee on Philippines began proceedings today by adopting a resolution offered by Senator Carmack, calling upon the secretary of war for all orders, circulars and official reports received from the commanders and their subordinates in the provinces of Tayabas, Batangas, Samar and Laguna.

The Senate.

Washington, April 12.—When the senate convened today Mr. Mason, of Illinois, presented the conference report on the postoffice appropriation bill and it was agreed to. Consideration of the Chinese exclusion bill was resumed. Mr. Vest speaking against some features of the bill.

FIRE BUG WORKED.

Valuable Property Destroyed in Chicago.

The County Officers Get Into Trouble.

Court Martial Finishes Hearing Case of Major Waller.

MRS. M'KINLEY'S PENSION.

Chicago, April 12.—After extinguishing ten fires yesterday, most of them close together and apparently incendiary, the firemen of South Chicago, at daybreak today, were called upon to extinguish a long string of blazes. The first of this morning's fires consumed a barn containing several horses. St. Patrick's church came next and was destroyed before the firemen could reach it. Scarcely had they reached the church when they were called to fight a dangerous looking fire at Willard Sons & Bell's targe works. After a hard fight here the flames were checked. Meanwhile the warehouse of the Washington Ice company caught fire and before the flames were subdued, \$5,000 damage was done. The Calumet theater came next, sustaining \$10,000 damage. A four-story structure having a feed store on the ground floor and dwellings above was discovered burning before the theater fire was out. Two families escaped in their night clothes and the building was destroyed. Meanwhile Nicholas Schroeder's saloon was burned down. The total loss of this morning's fire is put at \$50,000. The buildings were not near each other and the firemen declare the fires were incendiary. The people of South Chicago are greatly alarmed by the work of the firebug and a careful watch is being kept today. A wanted boy, supposed to be a pyromaniac, is said by several residents to have been seen at all the fires. He is about 17 years of age and wears a red sweater and derby hat. Three residents say they could identify him and the police are looking for him.

COUNTY OFFICERS.

Oklahoma Follows the Example Set By St. Louis. Pawnee, Okla., April 12.—As a result of an expert examination of the offices of county officials, the grand jury returned accusations in the district court against the following persons: John C. Hughes, county attorney; L. F. Lacy, county assessor; J. D. Ramsey, K. H. Manning, Edward Strange and L. S. Davis, members of the Pawnee city council. The accusations are alleged maladministration in office. District Judge Hainer has suspended County Attorney Hughes, against whom there are seven counts, and appointed a man to succeed him.

Doubled the Bonds. St. Louis, April 12.—Judges Ryan and Douglas, sitting on the bench in criminal court, announced they had taken judicial cognizance of the fact the bonds heretofore taken in the "boodle" cases are not sufficient to hold the defendants and accordingly bonds were doubled all along the line.

TRIAL FINISHED.

Mayor Waller Charged With Executing Natives Without Trial.

Manila, April 12.—Judge Advocate Major Henry P. Kingsbury replied today to the summing up before the court martial yesterday by Captain Arthur T. Marx, representing Major Lyleton W. T. Waller, who is being tried for executing natives of Samar without trial. Major Kingsbury made an eloquent address. He contended Waller was under military and not martial law and there was nothing in the conduct of the men who were shot deserving of such punishment. The judge advocate blamed Waller himself for the disasters which befell the marines and accused him of abandoning his helpless comrades, "whose bones were now bleaching on the banks of the Lanang," to die of hunger. Captain Marx requested permission to make a short reply. He protested strongly against criticism of the way in which Waller conducted the campaign, which, he said, was outside the case, and again insisted that martial law ruled by the mere nature of conditions. The court deliberated less than half an hour. No decision was announced.

Unanimously Pensioned.

Washington, April 12.—The house, in committee of the whole, unanimously adopted the bill pensioning the widow of President McKinley.

He Will Do That.

Charles F. Myers, the newly elected mayor of Albuquerque, is manager of the Post Hardware company, and is one of the best known, most popular and at the same time most conservative business men in that city and should put up a strong administration.—Silver City Enterprise.

tively engaged in mining that material
and are placing it on the market, ac-
companied by their respective trade

changed for others. New Mexico is the
chief source of the turquoise supply.

In County Mayo, Ireland, a wooden
boat believed to be near 2,000 years
old was recently dug up by some la-
borers. The boat, beautifully carved
from the trunk of a tree, of oak, forty-
six feet long, and in a perfect state

of preservation. So hard is the wood
that the hatchets of the men scarcely
left an impression. Provision will be
made to receive the relic in the Dub-
lin museum.

PENSION COMMISSIONER.

The appointment of Eugene Ware,
of Kansas, as pension commissioner in
place of Mr. Evans, is heartily ap-
proved by the people of New Mexico. Mr.
Ware is a western man, and a gentle-
man in every sense of the word. He is
a lawyer with poetic instincts. The
editor of The Citizen has known him
since 1870, and is proud of his advance-
ment. He was then the apprentice in
a harness shop at Fort Scott, Kansas.
That fall he became a reporter on the
Fort Scott Monitor, and wrote "poetry"
to please the printers. He then became
a lawyer and is now located at To-
peka, Kansas, where his law firm en-
joys a large and lucrative practice.
The old soldiers can rest assured that
they will get full justice at the hands
of Mr. Ware as pension commissioner.

ROSS IS HERE.

It is said that of the seven republi-
cans who voted in the United States
senate against the impeachment of
Andrew Johnson in 1867, John B. Hen-
derson, formerly of Missouri and now
a resident of Washington, is the only
survivor. One of the seven was Joseph
Smith Fowler, who died at his home in
Tennessee last week. He was a friend
of Johnson, having been comptroller of
the state when Johnson was governor.
He was 82 years of age at the time of
his death.—Albany Argus.

Truly is Edmund G. Ross forgotten?
He who was the most important figure
of that critical time has dropped so
completely out of sight in his New
Mexico abode that he is reckoned
among the departed.—Topeka Jour-
nal.

Ex-Governor Ross is a resident of
this city and he is in good health, and

UNIVERSITY NOTES.

Tuesday morning Dr. Bunker gave
the last of his lectures on "Biblical
Archaeology" before the students at as-
sembly. The lectures have been of a
high tone and very much enjoyed by
the students.

President Tight is giving a series of
talks on "The Development of Print-
ing" which are very interesting and
instructive.

The normals held the first rehearsal
for their commencement play Wednes-
day night at Mr. Bittner's. The play is
progressing finely and the cast is an
excellent one. It is to be called "Twenty
Years Hence" and is an imaginary
picture of the lives of the graduates
in 1922. The scenes are well placed
and it promises to be a fine production.
Miss Brewer, a member of the normal
class, wrote the play which speaks well
for her ability.

The Mirage was delayed in printing
and will be out Monday morning.
Miss Jaques and her cousin, Miss
Erwin visited the University this
week.

MARKET QUOTATIONS.

[Market quotations and review fur-
nished by W. P. Metcalf, No. 5 Crom-
well block, received over the private
wire of Logan & Bryan, Chicago.]

New York, April 12.—The announce-
ment by the president of the Stock Ex-
change yesterday that he had been as-
sured that there would be no corner
in Louisville & Nashville quieted ap-
prehension of the street and was one
underlying cause for the strength of
the market today. The position of
Louisville & Nashville is still an un-
solved mystery and course of the stock
today might be taken to indicate fur-
ther buying with a view of control. Can-
adian Pacific developed considerable
activity and strength and some of the
lower priced stocks like Colorado
Southern reflected a good demand.
Toward the close American Locomotive
became active and advanced on the
buying of a large block. The bank
statement was an agreeable surprise.

Delegates Went Home.

The White Oaks delegation to the
encampment left for home this morn-
ing, going overland. Three days will
be required for the trip.
Yesterday afternoon the delegates
were taken for a trolley ride over the
city and a call was made on ex-Gov-
ernor Ross. He was not at home, but
as they were coming up from his house
Governor Ross was met going home.
He was held up, made to climb into
the trolley and joined the party.

STOCK NOTES

I. S. Osborne, a well known cattle raiser of Carlsbad, is fattening 200 steers for the spring market.

The Santa Fe road has cut the rate on cattle shipped out of Silver City to \$5 per car. This is just half the rate charged last year and the Grant county cattle raisers appreciate the cut.

Jerry Simpson was in attendance at the Panhandle Stockmen's association at Quanah the other day and gave the cattlemen many ideas about the way in which the cattlemen could be protected in congress.

Scott & March, the well known Hereford breeders of Belton, Mo., took 58 grade Hereford yearling heifers to the Kansas City market which averaged 820 pounds, and brought \$6.25, or an average of \$52.07 a head.

Dr. J. H. Miller, of Paris, Texas, who has been feeding a number of cattle at the mill pens, near Carlsbad, made the last shipment March 29. Four hundred head were sold at \$50 a head at the pens to a St. Louis commission firm. The rest brought \$40 per head.

The Carlsbad Argus says that Capt. W. R. Rayner, of Rocky Arroyo, has turned his attention to fine stock raising, having purchased a number of high grade Durham Long S cows which he will breed to thoroughbred White-face bulls, thus giving him a first class high grade range animal.

A. G. Joyce, manager of the X. I. T. ranch, Eddy county, says it has been very dry on their range but there has been plenty of cured grass and with 350 wind mills, and going at a lively rate their stock has abundance of water. He reports the following sales: 5,000 twos for May delivery at \$28, 3,000 threes at \$32.50 for May delivery and four at \$35.

John W. Rush and J. J. Russell closed the last week for the purchase of the A. C. Hawse ranch in Crow Flat, west of the Guadalupe, says the Carlsbad Argus. The sale includes a fine well of water, ample range and about 200 head of cattle. Messrs. Rush and Russell are now at the ranch inspecting their purchase and receiving the stock. Administrator Ben Sherod conducted negotiations for the Hawse estate.

The Denver Field and Farm says: Along the border line between Colorado and New Mexico, where the herds perambulate back and forth as the seasons come and go, the matter of tax assessment has been one of great perplexity to the county officers. It has been agreed by the assessors representing each county to divide the taxes collected on this class of property equally between the two counties involved. Many of the stockmen were last year compelled to pay full taxes on their stock in each county.

The Drover's Telegram, in commenting on the stock at the Kansas City yards, says: Among the fine bulls at the yards was one that was not offered to the butchers, although he would have met with good bids from all sides. The animal in question was a pure bred Shorthorn, Good Cross, a bull from the herd of Adair & Ewart, of Paris, Ky. He is 22 months old, and weighs 2,200 pounds, gaining 100 pounds per month or three pounds per day from the time he was born. The animal was consigned to J. J. Hagerman, the millionaire cattleman of Roswell, N. M. Mr. Hagerman has been a heavy purchaser of blooded stock of late, securing a load of heifers and several fine bulls at the recent Shorthorn sales at this point. The first part of this week a train in the city shipped him eight car loads of well bred grade heifers, and he is not through buying yet.

Won't Have to Pull Down Fence.
Col. C. W. Merchant, of Abilene, Texas, superintendent and general manager of the San Simon Cattle company of New Mexico and Arizona, father of Mrs. Ed. S. Seay, of Carlsbad, in conversation with several stockmen at Pecos on Wednesday of last week, said:

"If the cattlemen of New Mexico can once get together and agree on drift fences, to the benefit of all, there will be no trouble getting a bill through to that effect. I have assurances sustaining my statements from prominent officials whose influence insures success. We have removed none of our fences, and I do not believe we will be forced to tear down any. The drift fence trouble has been brought about by misunderstandings with the cattlemen between themselves and it now behooves every individual stockholder to come to terms with his neighbor and agree

to certain drift fences to the benefit of all. I firmly believe this matter will be adjusted to the satisfaction of all concerned, and the fence will be permitted to stand."

In commenting on the matter, the Pecos Times says: "Colonel Merchant is considered one of the longest headed stockmen in the west, and his opinion as given above will be of interest to stockmen generally."

EX-CONFEDERATES MEET.

Valverde Camp Transacts Considerable Business.

There was a large attendance at the meeting of Valverde camp No. 1419, United States Veterans, and much business was transacted, says the Roswell Record.

The following names were added to the membership roll:
Daniel Martin, company C, Tenth Alabama.

Felix C. Smith, company K, Sixth Arkansas, Pat Claiborne division.
J. H. Fox, company I, Shank's regiment, Shelby brigade.

Capt. J. C. Lea, J. T. Evans and J. A. Poage were elected delegates to the reunion at Dallas; George Cleveland, J. A. Foreman and A. J. Ballard were named as alternates.
It was resolved that the widows, wives and mothers of the ex-confederates may, upon application to the secretary, become honorary members of the camp.

The annual dues were fixed at \$1 per capita.
W. M. Ferguson, J. T. Evans and I. A. Wallace were appointed to draw up by-laws for the camp.

Miss Alma McConnell, sponsor, was present and thanked the camp for the honor of her selection.

It was resolved by the camp that the expenses of the sponsor to the Dallas reunion and return shall be paid by the camp.

The next meeting of the camp will be held on the 12th, at 2 p. m., when arrangements will be made for the pilgrimage to Dallas on the 20th. All members are requested to attend.
The camp is now chartered by Gen. J. B. Gordon, general commanding.

LIBRARY LEVY CARRIED.

One Mill Tax Proposition Won Out With Ease at Roswell.

The members of the Woman's club and all friends of the movement to secure a Carnegie library for the town, are jubilant over the result of the recent election as to the proposition to authorize the board of town trustees to levy a yearly tax of one mill on the dollar for its maintenance, says the Roswell Register. It carried by a vote of 558 for to 15 against it. Long before the middle of the afternoon it became certain that it was going to be carried beyond a doubt and the contest over the election of the board of town trustees became so intense that many who insisted on every voter casting a ballot for the library dropped that work and turned their entire attention to the doubtful issue, which explains the fact that while there were 498 votes cast there were 125 who did not vote on the library proposition. There is general rejoicing over the result by all classes of people, and the ladies are already at work, trying to secure a favorable location. Steps have been taken to induce Mr. Carnegie to make an exception in the case as he has in a few others and make his donation to Roswell \$10,000 instead of \$5,000.

Fire! Fire!!

When that cry sounds how people rush to help and sympathize! And when some fireman rescues a woman from the flames, the streets echo with applauding shouts.

And yet if that woman had perished in the flames it is possible that she would have suffered less than she suffers all most daily from the inflammation which disease has lighted in the delicate womanly organism.

That fire of inflammation can be put out. The gnawing ulcer can be cured. Dr. Pierce's Favorite Prescription not only establishes womanly regularity and dries enfeebling drains, but it heals inflammation and ulcerations and cures female weakness. It makes weak women strong and sick women well.

"I suffered for four years with what four physicians pronounced ulceration and prolapus of the uterus," writes Mrs. Ada Brooks, of Kirbyville, Taney Co., Missouri. "Also inflammation of bladder and urethra. My case was chronic and complicated. Had several good physicians, but kept getting worse. Had been confined to my bed five months when I wrote to you. I received your reply very soon and then dismissed my physician and began taking Dr. Pierce's medicine. I took eight bottles of his 'Favorite Prescription' and 'Golden Medical Discovery,' and began to get better at once. In two months I could sit up in a chair, and kept getting better. In four months could do all my house work, including washing and sewing."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

and Miss Heimbeck will sing. In the evening the new chorus choir under the leadership of Miss Braithwaite render an anthem. All cordially invited.

"The Boys Who Won Gettysburg, or the Worth of Character," is the evening theme (the first of a series) at the Baptist church tomorrow. "Ten Candles," sermon for boys and girls at 11 a. m. Welcome to all not members elsewhere.

IN DISTRICT COURT.

Two Men Given Eighteen Months in the Penitentiary.

This morning, in district court, T. F. Wallace changed his plea of not guilty to guilty and was given eighteen months in the penitentiary by Judge Baker. He was charged with the theft of a bicycle belonging to Professor Paxton. There was some question as to the value of the wheel and it seems to have been based on its antiquity and historical interest.

Scott Connelly, alias "Sugar Foot," was given eighteen months for stealing a raglan coat from a waitress at the Highland hotel.

The case of Manuel y de Acuna is on trial today. He is charged with obtaining money under false pretenses by making a contract to deliver 100 sheep to Maxiano Gutierrez for which he received \$150 on account. He owned no sheep and claims to have acted as agent for one Pedeu, who represented he had them, but when delivery was to be made neither the man nor sheep was found.

Yesterday Mrs. Levy was granted a divorce from Jacob Levy. She was also given \$250 alimony to be paid at \$50 a month. The testimony was sensational.

LOCAL PARAGRAPHS.

The smelter at Kelly Socorro county, expects to start up May 1.

At Santa Fe yesterday a McKinley tree was planted in the historic plaza. Ralph Halloran, of the New York Life Insurance company, left for the south last night.

Mrs. Solomon Luna, of Los Lunas, is in the city and will remain a few days with her city friends.

Ernest Meyers, the heavyweight of the firm of Meyers-Abel company, returned to the city last night.

Carey D. Richards is in the city again, after a business visit to the Indian village north of this city.

Fred B. McKeehan, a well known United States deputy marshal, was a south bound passenger last night.

Rev. Selby and C. H. Sporleder, who attended the Eastern Star meeting, returned to Las Vegas this morning.

Hon. Alex Bowie, who made a flying business trip to Denver, arrived in the city today, and will continue west to Gallup tonight.

Hon. Chas. A. Spiess passed through the city for Silver City last night. Mr. Spiess is the district attorney for the San Miguel judicial district.

John H. Reddin, J. D. Rogers, C. M. Woods, Joseph Newman and Frank Towers, Denver Knights of Columbus, left last night for El Paso. The Albuquerque delegates, thirty strong, will leave for El Paso tonight.

The White Oaks delegation to the territorial Grand Army encampment left the city this morning on the overland return to their homes in Lincoln county. It will take them three full days to make the trip.

B. B. Borden and son, Fulton, who were scheduled to leave this morning on an overland trip to Gallup, postponed their going until Monday morning. With good weather and the roads in fair condition they can make the trip of 160 miles inside of four days.

Rapid Growth of Secret Societies.
The growth of the many secret societies in this country has been so rapid within the last ten years that it is difficult to find men who do not belong to some kind of a secret society. One of the reasons why the membership of societies and the number of new societies has increased is the growth of Catholic orders. A few years ago it was difficult to find many Catholics who belonged to orders supposed to be secret. Now there are several powerful societies composed entirely of Catholics.

A FINE DISPLAY.

Of Pneumatic Tire Buggies, Phaetons and Carriages.

One of the largest invoices of pneumatic tire buggies, phaetons and carriages ever received in the southwest was unloaded by Jacob Korber & Co. of the big carriage repository, today. The stock represents the finest manufactured, and even before they had been put into the repository several sales were made to local people. A general inspection of these handsome turnouts is requested by the well known and popular firm. See them by all means—they cannot be excelled in the country.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. ASH FORK.

From Williams News.

Miss Katherine Keat, of South Dakota, is spending two or three months with her friend, Mrs. Will Myers.

Mrs. Her left for Gallup, being called there by the sudden death of her sister, Mrs. Harding.

K. Gillett moved his family to Winslow the first of the week. Mr. Gillett has secured the position of cashier in the depot at that place.

The dance held Saturday evening at the hall in this place was not largely attended, there being just a nice crowd present. Those who were there report a very enjoyable time.

D. E. Showers and daughter, Gertrude, of Whiting's Point, New York, spent several days with his daughter, Grace, the teacher of the Ash Fork school. They left for Prescott.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more gentle and mild in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by all druggists.

ST. JOHNS.

From the Snips.

Miss Irma Udall left for Salt Lake, where she will spend a couple of years in school.

Miss Pearl Miller, who has resided in Winslow the past few weeks, returned to her home in St. Johns.

Messrs. J. W. McDaniel and Samuel Hale, of Greer, were in the city completing the details incident to the transfer of the title of Mr. Hale's ranch to Mr. McDaniel. Mr. Hale then departed for the San Juan country in New Mexico.

A committee of ladies of the Catholic church, under the supervision of Prof. Lazaro Acosta, is perfecting arrangements for presentation, in the near future, of a three act drama, entitled "Flower of a Day." The proceeds will be appropriated in the interest of the parish church.

A Chattanooga Druggist's Statement.

HOLBROOK.

From the Argus.

J. Korber and J. Loebes were business visitors from Albuquerque last Saturday.

J. A. Beal, of the Albuquerque Citizen, was here in the interest of that valuable paper.

Miss A. M. Patten, of Philadelphia, came to Holbrook and left for Moqui to visit a missionary friend of hers.

Isaac Barth and E. S. Perkins, of St. John's, and R. C. Smith, returned from Prescott, where they have been attending court.

Julius Wetzel arrived from San Francisco, where he has been on a vacation. We understand that he will take charge of the business while his brother, Fred, will take a much needed rest.

Jas. Scorse came down from Flagstaff, where he has been employed in the lumber mill for the past three months. Since leaving here James has traveled all over the southern part of the territory, and seems to think there are great mining prospects for the mining districts of Arizona.

Wields a Sharp Ax.

WILLIAMS.

From the News.

J. A. Beal, representing the Albuquerque Citizen, spent a day or two in the city.

E. Lamb has been suffering the past week from a severe attack of lumbago.

A. Mickey, for the past three years principal of the Winslow schools, was a visitor in the city on his way to Prescott.

Franklin B. Dorr, who ran on the republican ticket last election for district attorney of this county, was married at Bisbee to Miss Jennie Mae Breckenridge, recently of Los Angeles, Ca. Mr. Dorr is employed on the editorial staff of the Bisbee Daily Review. He is well known here and congratulations are extended.

The private school, which has been conducted the past week by Mr. Gifford and Miss McIntyre, will on next Monday be converted back to a public school and all money paid for private instruction will be refunded. Clerk Nellis received notice this week that a new apportionment of school funds was on hand to continue for three weeks longer. Send the children to school on Monday so that they may derive all possible benefit from this additional term. Miss Marline will assist the teachers first mentioned.

WINSLOW.

From the Mail.

The Navajo hotel has put in a new acetylene plant.

Newton Greenleaf and sister will make their future home in Flagstaff.

Harry Anderson, the brickmaker, has accepted a position at Gallup and will leave for that place in a few days.

Mrs. E. Weise left for Albuquerque to visit her friends, Mrs. J. H. Fenner

and others, and will be absent about a month.

The pleasing face of J. H. Beal, of the Albuquerque Citizen, was seen on our streets looking after the welfare of that newsy paper.

H. A. Pease, of the Holbrook Argus, has taken charge of the Mail this week and will attend to its publication until the estate is settled by the administrator.

Mr. and Mrs. Millard, who have been residents of Winslow for some time, left for Milwaukee, Wis., where they expect to make their future home.

J. H. Willis, of Snowflake, was down to the metropolis on business. Mr. Willis has the government contract for furnishing grain between Holbrook and Ft. Apache.

Colin Campbell and family, who have been in California for some months, returned. We have not learned whether Mr. Campbell will locate here permanently or not, but hope he will decide to do so.

KINGMAN.

From the Miner.

It is reported from Los Angeles that Charles Hand, who was taken in there for special medical treatment, is almost recovered.

Mrs. Rebecca Gann, who will be remembered by all the old timers in and around Cerbat and Mineral Park, died in Los Angeles Thursday afternoon, aged 85 years. She was a great-grandmother and leaves more than 100 descendants.

Last Saturday an election of trustees was held in Kingman precinct. There was but little interest taken and about one hundred votes cast. John Mulligan was elected over Jeff D. Lane by two majority, the vote standing Lane 47, Mulligan 49, Major Mensch 18, scattering 10. It is thought the present teachers will be retained by the trustees.

Monday the April session of the district court convenes in Kingman. The calendar is very small and it is not expected that the session will be of more than three days in length. There are only a few cases for the action of the grand jury and if that body does not investigate county affairs one day probably will be sufficient to enable them to transact all business before them.

Last Monday afternoon Capt. W. H. Hardy was severely burned about the face and head by the explosion of an oil lamp used in his incubator. The flames from the burning lamp communicated to the walls of the room and for a few minutes it looked as though Hardy's face would be entirely destroyed. Neighbors rushed in and with a few pails of water quenched the flames. The captain goes around town swaddled in oiled lint and banding.

Wants To Help Others.

"I had stomach trouble all my life," says Edward Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. J. H. O'Reilly & Co., B. H. Briggs & Co.

FLAGSTAFF.

From the Gem.

Miss Lou Anderson, sister of L. B. Anderson, arrived from Prescott the first of the week. Mr. Anderson will occupy the Wells Taft residence in the west part of town.

County Treasurer George Hoxworth remitted to the territorial treasurer \$3,072.20, amount due the territory from this county for the quarter ending March 31, 1902.

A. C. Reinwand, an employee of the Arizona Lumber and Timber company, happened to quite a serious accident on Monday last. He was braking on one of the company's logging trains and in trying to make a coupling was caught between the bumpers, and his hips were considerably mashed. He was taken to the company's hospital, and Dr. D. J. Brannen was summoned at once. He is getting along nicely under the doctor's care, and will recover from his painful injuries.

of the Albuquerque Daily Citizen, spent several days here in the interest of that lively afternoon daily.

Major Ernest Meyers, of Albuquerque, N. M., was here. Mr. Meyers is the only traveling representative of an Albuquerque wholesale house that visits this place. A few years ago the Duke city supplied the trade along the Santa Fe Pacific and a half a score of traveling men hailed from that city.

E. F. Greenlaw has returned from a trip to Albuquerque and an inspection of the timber on the Mitchell land tract in New Mexico. Eastern parties are contemplating the cutting of the timber on this tract of land. The enterprise embraces the erection of a large sawmill in Albuquerque, the logs to be hauled by rail from the timber to that place.

Plans have been made for the building of a new academy in connection with the Sisters' school. The building will be two stories in height, brick on stone foundation with ornamental roof. There will be an assembly room, chapel, class rooms, sisters' and girls' dormitories, kitchen and dining room, with all modern improvements. The contract will be let by the first of May. A building boom may strike Flagstaff within the next month.

Cleaning up and repainting buildings is now in order.

The agriculturalists of this locality contemplate putting in large crops. District court will convene Monday and litigants and witnesses will then be in evidence.

C. A. Bush and family, who have been residing the past few years at Clifton, came in Sunday and will reside in Flagstaff.

Messrs. Smith and Evans finished shearing about 5,000 sheep at Ash Fork yesterday. They were shorn by Chas. Goddard's new shearing machine.

The following were elected for the town council: T. E. Pollock, J. C. Blake, T. E. Puhnam, S. Millsap and J. A. Vail. Larry W. Quinlan was elected clerk; W. C. Bayless marshal, and C. A. Green street supervisor.

Could Fill the Paper With Them.

This paper might be filled with items like the following, and everyone be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which have cured me. It is the best medicine I ever used.—Phillip E. Rhoads, Pennville, Mo. Pain Balm is for sale by all druggists.

A Bill to Sell a Railroad.

The house committee on Pacific railroads has decided to report favorably a bill introduced by Representative Curtis, authorizing the Santa Fe Pacific railroad to sell or lease its franchises or other property. The railroad was incorporated under an act of congress of March 3, 1897. It extends from a connection with the Atchison, Topeka & Santa Fe at Isleta, N. M., to the Colorado river and is practically a part of the Atchison, Topeka & Santa Fe system. The Atchison, Topeka & Santa Fe owns all of the capital stock and bonds of the Santa Fe Pacific company and the object of Mr. Curtis' bill is to enable the road to acquire with the sanction of congress, formal possession.

MANNING ACQUITTED.

Murder Trial at Carlsbad Came to a Close Wednesday Evening.

The Manning case was argued at Carlsbad on Wednesday by District Attorney Colonel George W. Pritchard and was represented by Messrs. Gatewood and Bateman. The case was submitted at 3 p. m. and at 6:30 o'clock a verdict of not guilty was rendered by the jury.

The Carlsbad Union club on Wednesday evening gave a very enjoyable dance which was largely attended. Among those present were Judge and Mrs. Daniel H. McMillan and Earl E. Sidebottom, of Santa Fe.

Her Son's Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by all druggists.

INDIAN SCHOOL NOTES.

Arbor day was celebrated here by our farmer planting seeds in the garden with his force of boys, and by Miss Richards, one of the teachers, who had her pupils plant three nice fruit trees. There were Arbor day exercises and talks in the school rooms, but Mrs. Richards was the only one who impressed her talks by actual work in planting trees in the school yard.

SECRETARY GLEASON

Of The Woman's Catholic Order of Forrester, Chicago,

St. Francis Xavier Court No. 174, Endorses Lydia E. Pinkham's Vegetable Compound.

Some women are tireless in their home work, others in their work in the church or their favorite society or club; they laugh and sing and are happy. But think of the poor one who is left at home, utterly unable to make any effort whatever, broken hearted and despondent.

The horror of female complaints is upon her; she is oppressed by that distressing bearing-down feeling, backache, her nerves are all gone, don't care to move and wants only to be left alone.

O, dear sister, don't you know by this time that Lydia E. Pinkham's Vegetable Compound will surely reach the cause of all this trouble and make you well and strong! It certainly will cure you as certainly as the sun shines. Read what Mrs. Gleason says:

MRS. M. GLEASON, Chicago, Ill.

"I want every woman to know that Lydia E. Pinkham's Vegetable Compound has been of untold value to a large number of women of our order. I know positively that it has cured many of the most distressing diseases of the pelvic organs, falling of the womb, ovarian troubles, and painful menstruation. There is no question in the world but that it is superior to any medicine for women. I have used it myself and know whereof I speak. — Yours truly, Mrs. M. GLEASON, 654 West Taylor St., Chicago."

Two More Sufferers Cured.

"DEAR MRS. PINKHAM:—I WAS sick with female weakness. I took all kinds of medicines, you might say, and was operated on by doctors, but they did me no good. After taking five bottles of Lydia E. Pinkham's Vegetable Compound I found relief and am now enjoying good health. Since taking your medicine I have become the mother of a little boy. I will praise your medicine as long as I live."—MRS. SARAH E. REEDER, Amsden, Ohio. (Dec. 27, 1900.)

"DEAR MRS. PINKHAM:—I suffered daily from backache and stomach ache. Menstruation was suppressed for six months, and then appeared again, but very painful and irregular. Instead of consulting a doctor I thought I would try Lydia E. Pinkham's Vegetable Compound. I now feel as well and strong as ever I did, and since taking it I have given birth to a little boy, and we do bless your medicine. I will advise all sick women to use it."—MRS. IDA PETERSON, Box 93, Amsden, Mich. (March 1, 1901.)

Mountains of gold could not purchase such testimony as we are constantly publishing; only the unquestionable merit of Mrs. Pinkham's great medicine can accomplish so much. Write to Mrs. Pinkham, at Lynn, Mass. if you are ill. The efficiency of her advice is proven by thousands of letters from women who have been cured of female troubles by her guidance and medicine.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

will take place tomorrow afternoon. Interment in Rosario cemetery.

The 4-year-old daughter of Mr. and Mrs. Thomas Smith died last night of whooping cough. The funeral will take place tomorrow afternoon. Interment will be made in Rosario cemetery.

The infant son of Mr. and Mrs. T. A. Herlow, on Water street, died early this morning of congestion of the lungs. The child was aged 10 months. The funeral will take place tomorrow. Interment will be made in Fairview cemetery. Two other of Mr. and Mrs. Herlow's children are critically ill with congestion of the lungs.—New Mexican.

High Grade Bulls for Sale.

The undersigned has for sale on his farms near La Junta, Colorado, about forty 3 year old, 150 2 year old and 150 yearling high grade Hereford bulls; all of them better than 16-16. Also about ninety yearlings out of full blooded non-registered cows, sired by imported registered bulls. Parties wishing stock of this kind will get prices by corresponding either with J. S. Crosley, La Junta, Colo., or myself, 830 Equitable building, Denver. These bulls have been well wintered and are in fine condition for turning on the ranges, not having been overfed, but are in good flesh, strong and active. They will do much better service than any bulls of the same ages brought from the eastern farms.

BERNALILLO COUNTY.

Hon. E. A. Miera Talks on the Finances of This County.

IN EXCELLENT CONDITION.

Hon. E. A. Miera, chairman of the board of county commissioners of the county of Bernalillo, is in the capital on a visit to his mother and to his sisters residing there. To a representative of the New Mexican Mr. Miera stated that the financial condition of the county of Bernalillo was steadily improving and that at the meeting of the board of commissioners on Monday last the county paid all the obligations dollar for dollar and that such had been the case for some time; that the county expenses are being kept down by the county commissioners as low as possible and every effort is being made for a just, honest assessment and energetic collection of taxes. He thought that the county would be able to pay cash for all its expenses right along. He is now serving his fourth year as chairman of the board and his term does not expire until January 1, 1905.

Mr. Miera speaks in very high terms of Judge Baker and says that it is being demonstrated that the judge is a learned and able jurist, hard working and fair and impartial. The people of the district become more satisfied with the judge's official action the better they know him and the more business they do in his court. Personally, the judge is a very courteous and agreeable gentleman and makes friends rapidly.

Mr. Miera is one of the largest taxpayers and property owners of the county. He is a sheep raiser, owning many of the fleecy animals, conducts a sawmill and a grist mill in the Nacimiento mountains, and in the western part of the county owns several stores at which general trading is done and from which he supplies his many employees with food, clothing and the necessities and luxuries of life. Politically, Mr. Miera is a power in the county. Although quite a young man, he is certainly one of the leading men and citizens of his section. His home is in Cuba, about 100 miles from the town of Albuquerque, and he represents the first district of the county on the board of county commissioners.

The range in western Bernalillo county is fair, and while there is not as much water as he should like to see, still he is of the opinion that the coming lambing and shearing season will be good and that the losses of young lambs will be small. He goes from here to Santa Fe on the Santa Fe Pacific railway and will be busy for the next six weeks superintending the lambing and shearing of his sheep herds. He is active, energetic, and full of life and attends to many of the details of his business in person and that is likely one reason for the success he is achieving.

INTERESTING DATA.

Notes of a Geological Reconnaissance in Valencia County, N. M.

In the February number of the American Geologist occurs a long article on the geological features of eastern Valencia county, by Douglas W. Johnson, formerly a student at the University of New Mexico. Following are extracts from the article:

Southeast of Albuquerque, N. M., and east of the Manzano mountains lies a region of low plains bounded on the west by the wooded foothills of the Manzanos, and on the east by a low and barren ridge terminating at the north in the hills of Pedernal and at the south in the Animas hills. The abrupt exposure of the Jemez mesa bounds this broad valley on the south, while on the north the plains continue almost unbroken to the San Pedro and Ortiz mountains and the rough country east of these groups. The whole southern portion of this valley is comprised in what is known as the "Antonio Sandoval grant," and is especially noted for the salt and alkali basins which occupy its central portion.

The low ridge referred to as marking the eastern limit of the southern portion of this valley is not a well defined boundary line, but merely a gentle rise above the general level of the valley, east of which the plains stretch unbroken by any prominent landmark to the horizon. In two localities on these plains east of the dividing ridge are found basins more or less alkaline and saline; the first near the Mexican village of Pinos Wells, southeast of the Animas hills some twelve or fifteen miles; the second northeast of the village about fifteen miles. During the summer these different basins were visited by the writer in company with Harry N. Herrick, in the interest of the university geological survey.

The geological conditions are extremely simple. There is a constant dip to the east, or possibly a little south of east, quite marked along the western border of the valley, but becoming less noticeable as one passes further east and away from the axis of the carbiferous uplift, which produced the Sandia, Manzano and more southern ranges, until it is almost if not quite imperceptible at the exposures about the most eastern of the saline basins. A few miles northwest of Berrondo springs there are several imperfect exposures alternating lime and one of the low rises and looked down into the basin, with its level floor covered with snow, while saltstretching far away to the south, did we realize that we were in the vicinity of the lakes. The lake bottom is usually from some 30 to 50 feet below plain level, or from 50 to 100 feet below the top of the surrounding ridge.

As we journeyed further southward we passed beyond the limits of the territory affected by the storms, and reached the so-called Salinas. This is evidently the great salt lake of the whole basin, and furnishes the salt for the ranches within the radius of 100 miles or more. The almost pure product is hauled in wagon loads to Albuquerque, Santa Fe, White Oaks and

other places equally distant. The lake is somewhat round in shape, and perhaps a quarter of a mile in diameter. The water, which attains a depth of some three feet or more in places, is a supersaturated solution of sodium chloride.

On the surface of the lake float thin particles or scales of salt, and from the top of the basin, the bottom covered with snow. At the bottom of the lake is a thick deposit of pure crystalline salt, the cubical crystals being very large and well preserved. The salt is secured by driving well out into the lake and loading the wagon from the rich deposits on the lake bottom.

CHOCTAW SOLD.

Rock Island Is Believed to be the Purchaser.

A telegram in the Denver News from Philadelphia says:

Announcement was made today by Edward B. Smith & Co., of this city, bankers, that the Choctaw, Oklahoma & Gulf Railroad company has been sold to Speyer & Co., bankers, of New York.

Francis T. Gowan, president of the Choctaw, said tonight that he was not in a position to talk in detail on the subject. He said the transfer would mean a revolution in the management of the road, but in what way he could not say. When asked if the Pennsylvania Railroad company was interested in the sale Mr. Gowan said:

"You are coming too far east." The stock issue of the Choctaw amounts to 176,000 shares of common, par value \$8,800,000, and 120,000 shares of preferred, par value \$6,000,000.

Announcement of the sale was made after the stock exchange had closed and little information could be had as to the prospective purchaser. During the last six months rumors have connected the Atchafalaya, Topeka & Santa Fe railway, the Missouri Pacific railway, the St. Louis & San Francisco railroad and the Rock Island railroad. There is a strong belief that the last named road is the real purchaser. This belief is strengthened by the fact that the board of directors of the Rock Island road are about to issue \$15,000,000 in new capital stock.

A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarborough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by all druggists. 50c and \$1. Trial bottles free.

Railroad Signals.

Railroad signals are made with the arms, with a lantern or with the whistle. One whistle signifies "down brakes;" two, "off brakes;" three, "back up;" continued whistles signify "danger;" rapid short whistles, "a cattle alarm;" a sweeping parting of the hands on a level with the eye signifies "go ahead." A downward motion of the hands with extended arms signifies "stop." A red flag stuck up by the roadside signifies "danger ahead." A red flag carried on a locomotive signifies "an engine following." A red flag hoisted at a station is a signal to stop. A lantern at night raised and lowered vertically is a signal to start. A lantern swung at right angles across the track means "stop." A lantern swung in a circle signifies "back the train."

Hope for Consumptives

A POSITIVE CURE FOUND BY A CELEBRATED MICHIGAN PHYSICIAN.

He Send a Trial Package Free With Full Information How to Quickly Cure Consumption in Your Own Home.

For years physicians and scientists have sought a positive cure for consumption, the one stubborn disease which has defied the skill of all to check its course of death, even in a single case.

DR. DERK P. YONKERMAN.

At last a cure has been found. Incredible as it may seem, after the centuries of failure, a positive and certain cure for the deadly consumption has at last been discovered. It remained for a great physician of Michigan to find the only known cure for consumption, after almost a life's work spent in experimenting and study.

Dr. Derk P. Yonkerman, the discoverer of this great remedy, sought to destroy this dreadful disease by destroying the germ that causes consumption. By destroying the germ in the blood, the cause is removed and a speedy, permanent cure is soon effected.

Consumption has claimed more lives than any other disease. Smallpox, yellow fever, cholera and other contagious diseases have caused more terror and more panic, but consumption is always with us. Tuberculozine, as this great remedy is known, acts greatly upon the diseased germs in the blood. It kills all impurities and nature rebuilds the body to its intended proportion. Tuberculozine turns the wheezy cough to a full toned, resonant voice. It transforms the skeleton to the robustness of perfect health.

If you are a sufferer from lung or throat trouble do not fail to take Tuberculozine. Consumptives who have returned from the west—came home to die because they thought nothing could be done with them—have taken Tuberculozine and are now well and strong. Tuberculozine will cure the worst case of consumption. If you are afflicted with throat or lung trouble do not fail to send at once to Dr. Derk P. Yonkerman, 282 Shakespeare building, Kalamazoo, Mich., for a free trial package and proofs and testimonials. It costs nothing. The doctor does not ask anyone to take his word or anyone else's, as he sends a trial package free and a few days use will show you how easily and quickly you can be cured. Dr. Yonkerman will give your case his personal attention. Delay is dangerous. There is no time to lose when the death hand of consumption is tightening its clutch upon you. Write today.

GALLUP.

From the Republican.

Miss Gertie Shald is visiting friends in Albuquerque.

Frank Burke, of Lordsburg, N. M., is visiting his friend, Thomas McGinn, at Gibson.

Mrs. John McClain and family left for California where they will reside in future.

Deputy United States Marshal McKeehan came out from Albuquerque on the trail of a Chinaman who had no certificate.

On the night of the 2d Mrs. Finger, of Gibson, gave a dance and supper to a number of her friends.

Mrs. M. Driscoll and family left for Colorado, where Mr. Driscoll is employed in the mines.

At an election held by the Otero miners last Saturday, it was decided that Dr. E. M. Clayton should fill the position of surgeon.

Probate Judge Apodaca is unable yet to leave his room. His leg was broken three months ago by a mine accident.

Herman Kautz closed the Opera House cafe and left for San Francisco.

D. C. Russell left on the flyer for a three weeks' business trip west. He will go to San Francisco, and by steamer from there to the state of Washington.

Hon. Lorenzo Hubbell, the prosperous trader and politician from Ganado, Ariz., stopped over here while on his way to Albuquerque.

Another one of our good citizens moved out of town on Wednesday. S. Michaels, the jeweler, who has been in business here for a number of years, took his stock to El Paso.

On Wednesday the tippie at the Gallup mine caught fire accidentally and burned up completely. The loss is about \$10,000, which is covered by insurance.

An expedition will start out from here next week on a search for the "Adams Diggings." An Indian is to accompany the outfit who can show them the place they are looking for. A good many fortunes and lives have been lost in the past twenty-five years in fruitless search for these hidden treasures.

A very pretty wedding was celebrated at the Catholic church by Father Juillard.

The contracting parties were, Miss Francisquita Lopez and Jesus M. Lopez, two of our well-known and popular young people. The reception and ball at Morello's hall this evening will be attended by a large number of friends of the two families.

John Hubbard, the general manager of the New Mexico Consolidated Oil company, returned from a trip to the San Juan valley. He reports everything looking well in the fertile valley, the town of Farmington growing rapidly, and everybody prospering. He was assured by the people of that section that the Durango and Clifton road would be built to Farmington before fall.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by all druggists.

CERRILLOS.

From the Register.

The many friends of N. E. Crenshaw are pleased to see him at his old stand, after three weeks absence.

George Learnard, the popular music dealer of Albuquerque, was transacting business in our town.

K. S. Crenshaw left for Galisteo, where he has a position as carpenter on the Santa Fe Central.

Mrs. Charles Kimball and her sister, Miss Frances Gregory, left for their new home at Wagon Mound. The best wishes of their many friends here go with them.

Mert Wagoner passed through here Thursday enroute to Torrence. He has his entire outfit with him, and is going to work on the Santa Fe Central.

Professor Charles Durlith, of the State University at Boulder, Col., left here Thursday after several days visit with his old classmate, Superintendent McCaffery.

Dreadful Attack of Whooping Cough.

Mrs. Ellen Harrison, of 200 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Alvarado Pharmacy.

BLAND.

From the Herald.

Martin Hart is preparing to raise vegetables.

Mrs. H. Dorne, wife of the barber, arrived from Albuquerque.

George Stein was in from the Rogers ranch this week, shaking hands with his many friends.

Mr. and Mrs. Silas Johnson came up from the Cochiti pueblo and visited Mr. and Mrs. B. D. Wilson.

Messrs. William Lusk and Oscar Smith, two young capitalists of Los Angeles, Cal., have been spending the past week in the Cochiti district.

Mrs. William Ramsey and son Clyde, left Tuesday for Blaine, Ariz., where they will join Mr. Ramsey. Mr. and Mrs. B. F. Bruce accompanied them to Albuquerque.

David Springer, who ranches several miles north of Bland, was in town and reported that he had encountered a mountain lion near the head of the Media Dia pipe line. Wilbur Crowell and Wayman Callender went forth to slay the brute, but failed to find him.

The alarm of fire broke the usual quiet last Friday evening and brought forth the populace in a very short time. The fire proved to be a small outhouse near the compressor. As a high wind was blowing at the time the

town was in danger of the flames, but willing hands soon had the fire under control. Its origin is a mystery.

The young folks surprised Miss Agnes Greff at the home of Mrs. David Norman. Games, music and dancing were indulged in until late, and the affair proved to be a most pleasant one.

"Little colds." Thousands of lives sacrificed every year. Dr. Norway's Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

ARIZONA ICE CAVES.

Mr. Dulton, of New York, Thinks He Has a Sure Thing on the Ice Business.

The following story is going the rounds of the press in regard to the ice caves of Arizona:

"A company has been organized to put to a practical use the ice caves in northern Arizona. It is expected that enough ice can be secured to supply during the summer months nearly all the towns along the line of the Santa Fe railroad. The main ice cave lies at the head of Clark's valley, about fourteen miles southwest of Flagstaff. The earliest mention of it was made by Lieutenant R. R. Hill, who headed an exploring expedition through northern Arizona, southern California, Utah and Colorado early in the forties. He speaks of an immensely deep fissure where nature has stored many tons of ice. And where we descended part way into the fissure," says Hill, "the change from the terrific July heat was so quick and intense as to make many of us severely ill. Indeed, it was not less than 60 degrees drop in temperature which was encountered in the course of perhaps twenty minutes of our descent." Until late years few persons visited the caves. Until last August the main cave has been penetrated to a depth of only 200 feet. Then E. R. Dulton, of New York, succeeded in crawling through a narrow crevice and found the cavity gradually widening until it grew into a cavern much larger than that near the surface. He found several smaller caves leading out of the larger one, all in almost solid ice. Dulton is at the head of the company which is planning to put to commercial use the ice in the caves. He has planned a road to be built to the caves, where the ice will be mined or quarried out, and he declares that an output of several thousand pounds of ice a day may be secured."

In commenting on the above, the Flagstaff Sun says:

"The above, like many other stories about the ice caves, contains a lot of misinformation. In the first place, the cave, while it may be an unusually deep fissure, all the fissure is not filled with ice, only a few of the caves or crevices contain ice, and enough could not be secured for commercial purposes, although during the ice famine here last summer the town was supplied from these caves, but at a cost that made its use an expensive luxury."

"As to who discovered the ice caves, no one here seems to know, and during the past ten years hundreds of people have visited the caves, and they have been explored time and again and are as well known as are the Cliff Dwellings."

"A good wagon road leads to the mouth of the caves and the central Arizona railroad passes within a few yards of them. E. R. Dulton, of New York, has been talking through his hat about the ice caves, as any scheme to get ice from the caves in commercial quantities, were it practicable, would have been utilized long ago by Flagstaff's energetic ice dealers."

Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Alvarado Pharmacy.

Ben Doran Mine Sold.

This week the Ben Doran mine, owned by Jeff D. Lane and M. F. Wilkinson and located near the Boundary Cone, was sold for \$15,000 cash to A. V. and J. Bauman and Judge E. B. Smith, of Fremont, Ohio. The mine was recently located and on it was made the rich discovery of quartz and placer gold from which was taken a large amount of money by the locators. The mine has been but little worked, the owners having been laid up with rheumatism almost from the discovery of the property. The vein is quite close to the Treadwell mine upon which the German-American Mining company is now at work. The new owners are amply able to develop the

property and will soon have machinery on the ground to begin sinking the shaft. Messrs. Lane & Wilkinson are to be congratulated on having made the sale and are richly deserving of their luck. They own other mining property upon which they will soon begin active work.—Kingman (Ariz.) Miner.

READ ALL OF THIS.

You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Albuquerque to know the value and use of a medicine, for if there is no occasion to employ it, in the meantime, frail humanity is subjected to so many influences and unforeseen contingencies that the wisest are totally unable to gauge the future. Know then that Doan's Ointment will cure any case of hemorrhoids, commonly known as piles, or any disease of the skin or cuticle, generally termed eczema.

Mr. C. L. Kline, of 1851 Champa street, Denver, Colo., says: "In 1883, in Minneapolis, I had my feet frozen or suffered from chilblains or something akin to them, which drove me half crazy with it. I have often taken off my shoes, threatened to tear out my toes, and do what I could I was unable to check the aggravation, let alone cure it. I bought a 50 cent box of Doan's Ointment at my druggists, used it and it cured me. If anyone in Denver wishes to know anything about Doan's Ointment send them to me for a personal interview."

The High school minors last night defeated the team from the Albuquerque Guards in basket ball at Colombo hall, by a score of 18 to 11.

Morris Bowie, of the University, played with the High school team. The Guards played Albers and Watkins as forwards, Gochel center and Tierney and Fieldin as backs.

The minors played Strumquist and Bowie forward, Anderson center and Holman and Auld back.

Ralph Goodwin was referee, J. W. Travis and Harry Benjamin umpires, Tom Keleher scorer and Sam Vann timekeeper.

The hall was crowded with friends of both teams, and tin horns, megaphones and other noise producing instruments were out in force.

The first half was full of quick playing and was fiercely contested. Anderson threw four goals from the field and the score closed with a score of 12 to 7 in favor of the High school.

In the second half Anderson, Fieldin and Bowie threw goal and Albers made a goal on a foul.

Each team has now won a game and the rubber will probably be played next Friday night.

A dance followed the game, for which music was furnished by Mrs. Berry.

Sports at Fair Grounds.

The Gentlemen's Driving association will hold forth at the fair grounds tomorrow afternoon, the sports to begin promptly at 2:30 o'clock, and as there will be no admission fee a large crowd ought to attend.

The following races have been arranged:

Arbor Day Handicap—Elmo Wilkes, entered by Joseph Johnson; Dick Sanchez, by B. Ward; Allenwood, by Col. Kellerman; Lady H., by J. R. Haynes.

3:00 class, Trot and Pace—McGinty, by R. H. Greenleaf; Horse Shoe Club, by Col. Kellerman; Dr. Fowler, by M. W. Flournoy.

Free-for-all Trot and Pace—Action, by T. J. Shinkle; Boone, by Emil Mann; Bob Collins, by Joe Barnett.

1:15 class, Pace—Lady Margaret, by Joe Barnett; Bonnie Treasure, by W. L. Trimble; Deck, by F. E. Sturges.

All the horses entered are reported to be in good condition, and some fast time will be made at the races tomorrow afternoon.

There will also be a game of base ball between the Browns and the Barelas club. Half a dozen players, whose reputations are good for lining them out, will play with the Browns.

Concert and Ball.

The Italian band will give a grand concert and ball at Colombo hall on Tuesday evening, April 22. Admission, \$1, admitting gentlemen and ladies. The proceeds derived from the entertainment will be applied to the purchase of uniforms for the band. Tickets on sale at Matson's.

The following program will be rendered:

Medley Overture—"Pastime on the Yukon"

Waltz—"Venetian Nights"

Two-Step and Cake Walk—"The Kentucky Camp Fire"

Fandango—"Recuerdo de Cadiz"

Waltz—"Moonlight Fancies"

March Two-Step—"The New York Tribune"

SCHOOL OF EMBROIDERY.

Room 22, N. T. Armijo Building, Over Bank of Commerce.

Mrs. E. F. Griswold, a teacher of art embroidery for ten years in eastern cities, and the founder of the schools of embroidery which have become so popular in many cities, is now here for a short time. Mrs. Griswold opens a school here next Monday and will place on exhibition her collection of art needlework, which is said to be one of the finest ever shown. Mrs. Griswold is introducing new silks, new ideas and new methods of needlework and will give instruction free to all who call next week and purchase the necessary material. The exhibit of needlework is well worth seeing and every admirer of such work is invited to call whether desiring lessons or not. Room 22, Armijo building, over Bank of Commerce.

NEW MEXICO TOWNS

LAS VEGAS.

From the Record.

H. E. Blake was brought to the city from Mineral Hill, seriously ill. He is suffering from pneumonia.

Miss Pearl Rothgeb is to be married to Theodore Hoffmeyer, a traveling man from St. Louis, in a few days.

It was learned here from the "Three Wills" in El Paso, that Willie Doll and Willie Hansen will leave on Sunday, for the City of Mexico and that Willie Hayward is homesick, ready to remain in Las Vegas when he returns.

Edwin Z. Condit returned from the San Pablo district, somewhat discouraged with the mining business. He says he "don't believe there is any copper out there any more." He is going to try his luck elsewhere.

W. B. Twitchell has returned from Fulton, where he went on mining business. He says there is a great quantity of ore there, not fifty feet from the railroad track, and that everything is suitable for development, except water which will have to be pumped about a mile. He thinks the ore will average about 5 per cent, but there are streaks that run nearly 70 per cent copper.

From the Optic.

Mrs. Anna Corson is out after ten days of sickness. She will probably take a trip to Denver.

Miss Mary Raney, a relative of Mrs. I. K. Lewis and formerly a resident of Las Vegas, died a few days ago at her home in Chula, Mo.

S. R. Dearth, James Robbins and Dr. Hubbard left for Koenig's lakes, to hunt and fish, though the water of the lakes is a little too cold yet to make bass fishing satisfactory.

Cyrus H. Jones and wife have arrived from Rolla, Mo., for the benefit of Mrs. Jones' health. He is a prominent attorney of that section and brings letters of introduction to W. E. Crites from his brother, J. J. Crites, also a lawyer of Rolla.

Mrs. C. W. Allen, who will leave to join her husband in El Paso, was the surprised recipient of a handsome silver candelabrum, of five branches. It came from the Methodist church "in grateful appreciation of service rendered in the choir."

Col. W. H. Seevald and F. H. Knickerbocker, the latter formerly of this city but now of Los Angeles, Cal., passed the 66th mile stone on their life highways. For many years these annually recurring incidents of mutual interest were observed by these two gentlemen in common, but for the last three or four years each has had to go it alone. Here is wishing them many happy returns.

ROSWEEL.

From the Record.

G. A. Richardson returned from Denver, where he had accompanied Mrs. Richardson and their son, Donovan. Mrs. Richardson and son will remain some months in that city.

On March 28, there was filed in the district court a suit of more than usual importance. The case is styled Wootte Yates vs. Leon W. Martin, William T. Jones, James F. Patterson, and Mathew W. Flournoy. Damage is asked in the sum of \$500 for monetary loss, and \$25,000 for damage to character.

"Uncle Sam" Brown severed his connection with the firm of Joyce, Pruitt & Co., after a continuous service of over ten years with the same well known house. Mr. Brown gave up his position to enter business for himself and takes with him the best wishes of every member of the firm and employee of the house with which he has been connected so long.

From the Register.

Miss Irene Woodcock, of St. Louis, is visiting in the city, the guest of Mr. and Mrs. W. P. Lewis, at their pleasant home in South Roswell.

Rev. S. P. Becerra, the Mexican Baptist missionary, has \$124 in bank for the mission church building fund and over \$100 on the list uncollected. As soon as he succeeds in collecting \$300 he will begin the building.

Thomas J. Pridemore, range manager for the El Capitan Land & Cattle company, was here from Lincoln county to visit his two bright boys who are cadets in the preparatory department at the Military Institute and were excelled by only one cadet in average standing for the second term for 1901-02.

Jose M. Garcia, a clerk in the store of E. H. Williams & Co., was married to Miss Jesuita Torres last Sunday at 7 p. m. by Probate Judge J. T. Evans. A large number of their friends, with the orchestra leading, marched to the building in which the ceremony was to be pronounced and after the knot was tied greeted them with many warm wishes and congratulations.

RATON.

From the Range.

The public schools of the city will close on the 14th of May.

Within the last fortnight ten firemen on the Raton division have been promoted to engineers.

The development of the oil field near Raton will attract much capital and many people to this city.

L. S. Preston has purchased the Stockton house which his family has been occupying. The consideration was 3,000 acres of grazing land.

The sewer contractors have completed their work of building a sewer system in this city, and the work was inspected by the committee of the city council and was received by the city council at their meeting Wednesday night.

Last Sunday night a thief broke into the room on the south side of Cook avenue wherein Harry Fry had stored a number of tents, furniture, etc., and stole two new tents. The same night a number of tools were stolen from the blacksmith shop of Robert Love.

From the Gazette.

The band boys were out last Friday night serenading the newly elected city officers.

Simon Cohn has just returned from Chicago, where he bought the finest up-to-date summer goods ever brought to the city.

The Baptist people have leased property on Third street opposite Catholic church, for their pastor, Rev. Willett and family.

Mrs. J. R. Witherspoon, aged 19 years, died Tuesday, April 1, at the residence of E. Burch, where she and

her mother had been rooming for a short time.

Dr. W. M. Forster, late of San Francisco, has located with us in office rooms over the postoffice. He has traveled all over this and other countries and says Raton is the best place he has seen.

SANTA FE.

From the New Mexican.

C. H. Everts, stenographer of the surveyor general's office, is able to be about again after an illness of several days.

Letters addressed to Mrs. H. R. Anderson, Clinton, Ariz., and Tomas Atencio, of Albuquerque, are held at the postoffice for postage.

John Morrison, who spent a week with his father, Judge A. L. Morrison, left for the American valley, Socorro county, where he is engaged in the sheep business.

Rev. R. M. Craig, of Albuquerque, returned from a trip to Chihuahua. He is superintendent of the New Mexico missions of the Presbyterian church. He left for Albuquerque.

DEMING.

It Has a Bright Future, So Says a Traveler.

Special Correspondence.

Deming, April 10.—The Windmill city, to the casual observer or traveler passing through its suburbs on one of the three railroads, is only a cattle trading station, but to the observing eye, studying conditions of the great southwest it has a future that is promising. It is on one of the great transcontinental railroads of America. The Santa Fe road has a division point there. The Bisbee road will have one there in the near future. It is in the center of the richest grazing district of the southwest. Water can be found in bountiful quantities at a shallow depth in any direction within a large area. In some cases, when the gravel bed which underlies the earth's surface is struck, pure spring water bursts forth in such startling volumes that it

ness portion of the city cement sidewalks.

Work is plentiful and wages are high, and conditions promise a bright future to the growing railroad center of southern New Mexico.

WINSLOW.

Batch of Interesting Items from a Good Western Town.

Winslow, Ariz., April 6.—The Independent Order of Foresters met in regular meeting on Wednesday evening, and after the usual routine business proceeded to elect delegates to the high court to be organized at the city of Phoenix. The following were chosen: Dr. G. P. Sampson and Wm. Wagoner; alternates, W. A. Parr and Frank Jones.

The town election which took place Monday passed off nicely. The office of town clerk was the only office which was contested closely. The following gentlemen were elected to serve the town for the next two years: Councilmen, G. R. Bauerback, R. C. Cressell, F. T. LaPrade, F. E. Fickenger, J. L. Morse, George A. Wolf, F. M. French, and E. J. Wolff was elected town clerk. D. E. Hanks town marshal and C. A. French supervisor of streets.

Father Conley entertained friends at Booth's hall on the evening of April 9 at cards and refreshments. The following were present: Mrs. F. W. Nelson, Miss Leila Buchanan, Mr. and Mrs. J. Embury, Dr. J. J. Sampson, Mr. and Mrs. J. T. Krentz, Miss Bertie Krentz, Miss Lou McCann, Mr. and Mrs. Jacobson, M. A. Daze, Frank A. Luck, W. H. Bourbage, Joseph Krentz, Louis Krentz, G. A. Wolf, Mrs. Chas. Daze, Mrs. Null and Mr. and Mrs. William Daze. They all report a good time.

Hon. Wm. Morgan stopped off to shake hands with his many friends at Winslow when passing through on his way home at Pinetop from Phoenix.

Mrs. Mary Cap died at the residence of her son in law, Harry Dickson, on Monday. The remains were prepared by Undertaker Parr and shipped to Kansas.

An old favorite among the gamblers at Winslow, Johnnie Moore, died on Monday at his residence about 4 o'clock. Johnnie was well known in Winslow, having lived here for many

ODD FELLOWS.

Biographical Sketches of N. E. Stevens and Samuel Vann.

PAST GRAND MASTERS.

The Citizen publishes on the first page of today's issue the half-tone cuts of two well-known local and territorial Odd Fellows—Past Grand Master Noel Eugene Stevens and Past Grand Master Samuel Vann.

The following biographical sketch of the two gentlemen is taken from the pamphlet recently issued by the Grand Lodge, I. O. O. F., of New Mexico and published by the Gallup Republican:

Noel Eugene Stevens was born at Norway, Oxford county, Me., December 1, 1847. Was initiated into the I. O. O. F. at Coalmont Pa., Coalmont lodge, No. 561, at the age of 21 years and 3 months, and for thirty-four years has been an active member of the order, without a suspension or lapse. During this time he has held membership in Omaha, Neb., Leavenworth, Kan., and two lodges in Albuquerque, N. M. He was made a camp member in Kansas, and is now a member of No. 1 of Albuquerque. He was a member of the old U. D. camp, and at present a member of Canton Rio Grande No. 1, P. M. of Albuquerque, as well as Triple Link Rebekah lodge, No. 10. He is past high priest and past chief patriarch of the encampment and an active worker in all the branches of the order. Brother Stevens' work in the Grand Lodge of New Mexico is part of the history of that body, in which he has labored to advance the interests of the order at all times. After holding several minor offices he was elected grand master in 1894 for two years. During the trying times following the panic, when lodges of all orders were disbanded, Brother Stevens, by his hard work and constant attention to the duties of the office, as well as by personal visitation, not only stopped the backward movement of the I. O. O. F. in the territory, but succeeded in instituting three subordinate and three Rebekah lodges, bringing the membership to the highest figure ever reached, and placing the finances in a sound condition. is thought that artesian water can be obtained by sinking to proper depths. Deming, though situated pretty well down in the southern part of the territory, is visited with a most pleasant climate. Fruit and vegetables thrive under the natural fertile conditions. Although this is only the fore part of April apricots are set and the peach and apple trees are loaded with blooms and buds, and all kinds of green vegetables can be obtained from the numerous Chinese gardens.

Buildings are springing up in every part of town, both business and dwelling.

The thriving city is soon to have an ice and electric light plant. The buildings are now in course of construction and will be completed by the first of May.

A scheme is now on foot, that if pushed to success, will give the business

A NEW BABY.

Old One Made Over by Grape-Nuts.

A delicious food that is nourishing for both mother and infant may be depended upon to fit other people. This mother's story is interesting.

"My baby is now a fine, robust little fellow two years and six months old, but I had a dreadful time with him at first. I could not nurse him because I was so weak I did not have the milk for him, so I gave him different kinds of foods, but he was crying nearly all of the time and would vomit after every meal.

"His condition worked on my nerves dreadfully and I called in Dr. Campbell. After inquiring carefully into the case he said: 'You send at once for some Grape-Nuts, take four teaspoonsful in a cup of hot milk on going to bed, also feed your baby on some of the food in hot milk.'

"Well I followed the doctor's advice with good results at once. I could nurse my baby and he began to improve immediately. I, myself, got strong and well very rapidly.

"The neighbors were, of course, interested and they would always say: 'How fast you are improving.' 'How the little boy grows.' 'He don't look like the same baby, what are you feeding him?' So I have had to tell them one and all how Grape-Nuts have brought us both back to health. I wish other mothers knew of the value of this food."

years and was well liked by all who knew him. -- remains were prepared by W. A. Parr and interred in the Winslow cemetery, followed by a large concourse of friends.

F. W. Nelson went to Holbrook on legal business.

Mrs. E. J. Burner entertained a party of friends Wednesday evening, who indulged in games and other amusements until about 10 o'clock when the party were invited to the dining room, where all sat down to refresh the inner man. After supper the party continued their enjoyment until a late hour, when they all went home believing that life was still worth the living.

Those present were Mr. and Mrs. O. S. Reader, Mr. and Mrs. W. A. Parr, Frank Goldworthy, Thos. Dye, James Gounonde, Hansome Kelley, J. Crow, F. A. Frank, Lewis Hahn, Will Studer, Miss Allie Robertson, Miss Nellie Kelly, Miss Rose Seeger, Miss Gilleland, Miss Sebina Bancroft, Miss Isabella Parr and Arthur Bancroft.

Col. J. F. Wilson is in Winslow shaking hands with his friends, which are numerous in this part of the territory. Mr. Wilson says he is just hiding out from work and thought he would spend a part of his time in Winslow.

Col. Needham from the Blue Canyon, on the western Navajo reservation, is in town with several wag teams from the reservation for freight, but when he arrived was disappointed, finding that the freight house had been burned down last Monday, together with all the freight.

Fire broke out in the freight house near the depot and totally destroyed the building, together with the freight stored therein. The men done good work in fighting the flames with the limited means and kept the fire from spreading.

Hon. Colin Campbell has returned to the city looking hale and hearty and much better for his stay of a year in California. Colin will make Winslow his home, owning a great deal of property here. It is said that he will engage in the sheep business.

L. R. Bauerback says he is not a bit elated over becoming our next mayor, as he thinks that there are other and older heads that could do better than he, but people sometimes differ. While Mr. Bauerback thinks as above the people voted to the opposite and tendered him the position. He will make a good mayor.

was representative to the Sovereign Grand Lodge at Detroit in 1899 and at Richmond in 1900. His work was thorough and reliable; perfection in secret work and degree work was insisted upon and obtained.

Samuel Vann was born in Coventry, England, February 15, 1854. Was educated at home and adopted the business of a jeweler and optician. Came to the United States in April, 1881. Initiated into the Manchester Unity of Odd Fellows June, 1873. Joined Social Lodge, No. 140, I. O. O. F., at Rockford, Ill. Came to Albuquerque about ten years ago. Transferred membership to Harmony lodge, No. 17, I. O. O. F., at Albuquerque as a charter member. Is a past commandant of Canton Rio Grande, No. 1, past chief patriarch Albuquerque encampment, No. 4, past grand of Harmony lodge, No. 17, and a member of Triple Link Rebekah lodge, all of Albuquerque. Was elected grand treasurer of the grand lodge in 1896, deputy grand master 1898, grand master 1899. He is a prosperous business man of Albuquerque, where he conducts a fine jewelry store, also doing well as an optician.

Past Grand Master Vann hopes again to meet many of the brothers at the centennial celebration of the establishment of Odd Fellowship in New Mexico in 1951.

Railroad Topics

The Denver & Rio Grande has let a contract for forty-five miles of road in the Gunnison country.

Mrs. Fred Harvey came in from Kansas City last night, and with Mr. Harvey, continued on west to Los Angeles.

A part of the Eleventh infantry, United States army, arrived here this morning, and continued west to the coast, where they will soon embark for the Philippines. There were nine cars in the train.

Clarence Ten Eyck, of the local Santa Fe yards, is entertaining his sister, Mrs. Turner, wife of the vice president and general manager of the Pecos Valley & Northeastern railroad. The lady will remain here a few days.

English and American capitalists are to build a railroad which is to run from Eureka, Humboldt county, Cal., to Weiser, Ida., to connect with the Northern Pacific. Eureka is a town of 10,000 in a county without a railroad.

H. J. Simmons is the chief engineer of the Bixbee railroad in place of W. H. Leffingwell, resigned. Mr. Simmons comes to his present position from that of general superintendent of the New Mexico and Arizona railroad, with headquarters at Lordsburg.

The final and revised figures for the track-laying of the United States for the year 1901 have just been published. They show a construction of 5,222 miles of main track for the year as compared with 5,057, which was the estimate made just before 1901 closed. Texas led all the rest of the states and territories with 589 miles. Oklahoma was second with 427 and New Mexico was third with 259.

The New Mexican says: Elias Brevoort has negotiated the sale of nearly fifty acres of land embraced in two adjacent tracts, bounded north by the foothills, south by the Arroyo de los Mascarenes; east by the road leading to the National cemetery; and west by lands of Manuel Sandoval. The two tracts will be paid for by subscriptions from citizens interested in the growth of Santa Fe, for the use of the Santa Fe Central railway terminal, shops, depot and offices.

NEW GENERAL MANAGER.

Something About Charles A. Goodnow, Who is to Have Rock Island Place.

As has been stated, Charles A. Goodnow is said to be slated for the position of general manager of the Rock Island railway in place of A. J. Hitt.

Mr. Goodnow has been well known in railroad circles for many years, having grown up in the business. Beginning on the old Hoosac tunnel line as a telegraph operator in 1884, he came west and became an assistant train dispatcher on the St. Paul railroad. During the seventeen years that have since elapsed Mr. Goodnow has been steadily promoted until he became general superintendent of the St. Paul about two years ago.

Andrew J. Hitt is the present general manager of the Rock Island, and was appointed to this position on October 1, 1899. What disposition is to be made of Mr. Hitt could not be ascertained. The opinion is that he will again take the position of general superintendent, which he held for a number of years prior to becoming general manager.

HUDSON IS APPOINTED.

Wire Chief and Manager of the Quadruplex Relay Station.

J. W. Hudson has been appointed wire chief and manager of the Santa Fe's quadruplex relay station at Purcell, O. T., and O. O. Tracy has been named for night trick chief at the same station. Both men come to the Santa Fe from Dickinson, N. D., where they served at the Dickinson office. The Dickinson office is the most important relay station in North Dakota.

These appointments are made under the plan of reorganization of the Santa Fe telegraph department adopted by Superintendent Gaunt. They will take effect in a few weeks. Mr. Hudson is already in Oklahoma and other southern points, familiarizing himself with the lines which will be under his direction.

Another Runaway.

Wednesday afternoon Mrs. Smith of this city and her little girl started for the Tom Payne mine, in a two wheeled cart; when near the opera house the pony she was driving took fright and started to run. Mrs. Smith circled him and finally got him stopped near the Methodist church.

Some persons who gathered to see if she was hurt, then attempted to lead the pony across the railroad track for her, when the shipful nature of the animal exhibited itself again, this time a halt was called just opposite the horse corral of W. H. Musgrave. Mrs. Smith and the little girl then got out of the cart and two men, after a third short run, took the pony to the livery barn. Fortunately no one was hurt and no damage was done to the cart or harness by the run.—Cerrillos Register.

W. C. T. U. Officers.

The annual election of officers and superintendents of the local W. C. T. U. was held at the home of Mrs. C. T. U. on South Third street yesterday afternoon and resulted as follows: Mrs. Pitt Ross, president; Mesdames Grout, Elder, Hodgeson and Marsh, vice presidents; Mrs. Ralph Hill, secretary; Mrs. Boller, treasurer; superintendent of mother's department, Mrs. Stuart; rescue and purity work, Mrs. Parrshall; flower mission department, Mrs. Grout; parlor meetings, Mrs. Downs; superintendent Sunday school work, Mrs. Grout; superintendent temperance work, Mrs. Grout.

THE CHOCTAW ROAD.

Bought Up Either by the Rock Island or the Santa Fe System.

THE RAILROAD SITUATION.

The report that the Rock Island had bought the Choctaw is confirmed further by the following telegram from Philadelphia:

Announcement was made today by Edward B. Smith & Co. of this city, bankers, that the Choctaw, Oklahoma & Gulf Railroad company has been sold to Speyer & Co., bankers, of New York. The announcement is as follows:

"By authority of President Gowan it is stated that a majority of the stock of the Choctaw, Oklahoma & Gulf Railroad company has been sold to Speyer & Co. at the price of \$80 for the common and \$60 for the preferred, both April dividend. By the terms of the sale this made the purchasers agree to take at the same price all stock offered. A circular giving details will be issued to stockholders in the course of a few days, and they will be asked to deposit their stock with the Girard Trust company, Philadelphia."

It was not officially announced for whom Speyer & Co. are acting. As the April dividend amounts to \$1.25 on preferred stock, the price named is equivalent to \$61.25. The dividend on the common stock per share is \$1.50. Dividends are payable April 30 to stockholders as registered April 12. Mr. Smith intimated today that the sale would bring over \$21,000,000 to this city, where most of the stock is held.

Francis B. Gowan, president of the Choctaw, said that he was not in a position to talk in detail on the subject. He said the transfer would mean a revolution in the management of the road, but in what way he could not say. When asked if the Pennsylvania company was interested in the sale, Mr. Gowan said: "You are coming too far east."

Whether the bond issue recently projected would be forthcoming he could not say, though he expected the new management would see the advantage of the extension that had been contemplated. The decision to sell was taken after careful deliberation, and he thought that it was decidedly advantageous to the property. The proposition of Speyer & Co., he said, was the first bona fide offer made for the purchase of the road.

The stock issue of the Choctaw amounts to 176,000 shares of common par value \$8,800,000, and 120,000 shares of preferred, par value \$6,000,000.

The announcement of the sale was made after the stock exchange had closed and little information could be had as to the prospective purchaser. During the last six months rumors have connected the Atchison, Topeka & Santa Fe, the Missouri Pacific, the St. Louis & San Francisco and the Rock Island, with negotiations for the Choctaw. There is a strong belief that the last named road is the real purchaser. The belief is strengthened by the fact that the directors of the Rock

Island are about to issue \$15,000,000 in new capital stock.

The Colorado & Southern railroad, which recently passed into the control of Edwin Hawley and associates, is to be closely affiliated with the Choctaw, Oklahoma & Gulf railroad. The western extension of the Choctaw will be completed to a connection with the Fort Worth & Denver City railroad, which is the Texas division of the Colorado & Southern at Amarillo, Texas, about May 1, and it is stated that immediately thereafter a through freight and passenger service between Memphis, Tenn., and Denver, Colo., over the Choctaw and Colorado & Southern by way of Amarillo will be established. It is also stated that Mr. Hawley and associates are liable to secure an outlet from Memphis to Savannah, Ga., and that it is their purpose to ultimately have a through line between that port and the Pacific coast.

The transportation and traffic reports of the Colorado & Southern road are expecting notice from the Choctaw, Oklahoma & Gulf, naming a date when the Choctaw line will be connected with the Southern at Amarillo, Texas. Owing to difficulty in securing rails, the work on the Choctaw has not been completed as soon as was promised earlier in the year. This will be the most direct route into the Indian Territory from Colorado and northeastern New Mexico, and it is expected that a lucrative business between Colorado and New Mexico and points of Oklahoma will spring up as a result of the development of the railway system.
