## BROKE HIS NECK.

### Blown From a High Bridge.

### General Reece at the Point of Death.

### Another St. Louis Officer Failed to Appear for Trial.

### BANK ROBBERED.

Special to The Citizen.  
Barstow, Cal., April 7.—J. K. Morgan, manager and lineman for the Postal Telegraph-Cable company at Barstow, Cal., was blown from his railroad velocipede while crossing a high bridge near Barstow at 3 o'clock this afternoon. The fall broke his neck, death ensuing instantly.  
Morgan had just asked for and been granted a vacation, beginning tomorrow.

### GEN. REECE DYING.

### An Invalid Daughter is Now in This City.

Springfield, Ill., April 7.—Adjutant General Jasper N. Reece, who has been confined to his home several months, is rapidly growing weaker and at noon today apparently was at the point of death. Mrs. Reece has arrived from Albuquerque, N. M., but Miss Cora Reece, a daughter, who went there for her health, is not strong enough to return.

### ANOTHER ONE MISSING.

### Another St. Louis Indicted Officer Failed to Appear.

St. Louis, April 7.—Charles Kratz, another of the men indicted for bribery in connection with the alleged corruption in the municipal assembly and who was cited to appear in court this forenoon for trial, failed to respond. His bondsman was notified to appear in court tomorrow and the case was laid over until that time.

### BANK DYNAMITED.

### Robbers Secure \$1,100 From the Bank of Fowler.

Pueblo, April 7.—The bank of Fowler was dynamited at 2 o'clock this morning and the robbers got \$1,100. Four men, the supposed robbers, were fired on by citizens. It is supposed they took the train for Pueblo at Nepeseta, seven miles west of here. Deputy Sheriff Thomas was reached by telephone and arrested two men on the train. They had \$288 and several coin sacks, but have not yet been identified. It is believed the others will be captured as bloodhounds are on the trail.

### COMMITTED SUICIDE.

### President of Western Baseball League Dead.

Kansas City, April 7.—James Whitfield, president of the Western Baseball league, committed suicide at his home here early today.

Whitfield was well known in sporting circles throughout the west. For the last ten years he has been in charge of the sporting department of the Star and in that capacity always kept in touch with the politics of the national game. He was actively engaged in the game and as early as the 80s was one of the organizers of the original Western league and was its first president. He was elected president of the present Western league at St. Joseph last winter.

The work of organizing the new league proved very great and Mr. Whitfield worked night and day. Recently the tax upon him began to tell and for the past two weeks he has been under a physician's care.

Last week at the Great American Handicap shoot Mr. Whitfield, by sheer force of will, attended the six days' contest.

Saturday last found him on the verge of nervous prostration and on Sunday he was out of his head a part of the time, but nothing serious was thought of the case, however.

Early this morning he arose from his bed and ended his life with a revolver. He was 45 years of age.

### CONGRESS AGREED.

### The War Revenue Repeal Bill Ready For the President.

Washington, April 7.—The conferees on the war revenue repeal bill today reached an agreement. The senate receding from its amendment which retained the tax on "bucket shops."

The conference report on the war revenue repeal bill was agreed to by a vote of 36 to 20 in the senate. The house also adopted the report and it goes to the president.

### BREAKING IT UP.

### Receiver Appointed in Order to Reorganize a Company.

Boston, April 7.—Judge Colt, in the United States district court today appointed Robert M. Burnett temporary receiver of the New England Gas and

Coke company upon application of the United Gas and Coke company of West Virginia, creditors. It is understood the receivership proceedings are a part of a plan for the reorganization of the company and Kidder, Peabody & Co. and Seligman & Co. will finance the new concern. The liabilities of the New England Gas & Coke company are placed at \$123,000 and it is said the operations of the company showed a loss of \$100,000 last year.

### SENTENCED TO DEATH.

### Albert T. Patrick Will Appeal His Case to Higher Court.

New York, April 7.—Albert T. Patrick, convicted murderer of William M. Rice, was today sentenced to death by Recorder Goff. The date of execution is fixed for Monday, May 5.

An appeal to be made to the court of appeals by Patrick's counsel will act as a stay of execution pending the decision of the higher court. The chief counsel for Patrick, Mr. House, made a motion for a new trial which was denied. The sheriff said he would take Patrick to Sing Sing this afternoon.

### CAPTURED A TOWN.

### Number of Revolutionists in Hayti Make a Short Stay.

Port au Prince, Hayti, April 7.—A number of revolutionists commanded by General Nicolas Baptiste attacked and captured Jacmel, a town on the south coast of Hayti, Saturday, and occupied it twenty-four hours. They released all persons imprisoned there and then retired to the hills, taking with them all the arms and ammunition. During the fighting preceding the capture two men were killed and a number were wounded. All is quiet here.

### MERCHANTS SURPRISED.

### Did Not Know Clothing Had Been Stolen.

### ONE PRISONER ESCAPED.

The desk in front of Judge Crawford in police court this morning looked like the counter in a clothing store and the court room looked as though a meeting of retail clothing dealers had been called. The cause of it all was Frank Davis, who for a week is said to have been helping himself to goods in clothing stores here. Not a merchant knew anything had been stolen until notified by the police that the stolen goods had been recovered.

Up to this morning the police had recovered ten pairs of pants and three full suits of clothes. They were identified as having been stolen from E. L. Washburn, B. Ildred & Co., Mandell & Grunfield, L. Kenpenich and Solomon Benjamin. How many more were visited is not known.

The police department closed the case Saturday evening when Davis was arrested. He claimed he had no clothing except that which he had on and Marshal McMillin ordered his room searched. Four pairs of pants and an entire suit of clothes were found, all new and never worn.

It was known that two and possibly three had been working together and Marshal McMillin discovered that Harry McCord, who was sentenced to five days or Saturday morning for being drunk, was probably one of the gang. As soon as Davis was arrested, McCord, who is a young boy, was transferred to the woman's department. During the night Saturday he tore the plastering off the ceiling, broke enough lath to make a hole large enough to crawl through and escaped through the roof.

Yesterday a hunt was made through Babelas, where it was understood Davis had been selling clothing. In court this morning one Mexican appeared who bought two pairs of pants from him, one of which he was wearing. Another Mexican appeared who had bought three pairs of pants, a coat and a vest.

After representatives of the different firms had examined the recovered property it was found most of it was stolen from Ildred's and the affidavit against Davis was filed by B. Spitz, of that firm. It charged him with larceny from the store and placed the value of the goods taken at \$35. Davis, who was wearing a stolen pair of pants which were identified, denied everything flatly. In spite of it he was bound over to the grand jury under a bond of \$500. Davis claims to hail from Denver, but the papers taken from him indicate he is from Trinidad.

John McKenzie, a waiter at the Harvey house, was fined \$5 for assaulting R. E. Pellow, the manager. The two men got into a dispute Saturday as to McKenzie's work.

Padro Ortega was fined \$5 for being drunk and Clarence Smith was given ten days for vagrancy.

### ANOTHER IN LINE.

### State of Washington Wants to Fight the Merger.

Washington, April 7.—Attorney General Stratton of the state of Washington, today brought to the attention of the United States supreme court the desire of that state to bring suit to prevent the merger of the Northern Pacific and Great Northern railroads, by moving for leave to file a bill of complaint on behalf of the state versus the Northern Pacific and Great Northern Railroad companies and the Northern Securities company.

The regular session of probate court opened this morning.

## A FREIGHT WRECK.

### Train Derailed Near Las Vegas.

### Peculiar Wreck on the Great Northern.

### Five Men Were Killed and Two Mortally Wounded.

### MUST USE ROAD.

Las Vegas, N. M., April 7.—Santa Fe freight train south bound was wrecked ten miles south of here last night. Ten cars of merchandise are in the ditch. An unknown tramp was killed and a brakeman, whose name could not be ascertained, had an arm cut off. The wreck was caused by a drawbar failing from a coupling.

The above dispatch was received at The Citizen office this morning. Trains Nos. 1 and 7, which were due to arrive here last evening, were held at Las Vegas and did not get in till 10 and 10:30 this morning.

### GREAT NORTHERN WRECK.

### Railway Officers Refuse to Give Out Any Information.

Spokane, Wash., April 7.—Great Northern passenger train No. 4, east bound, was wrecked this morning at Winchester, 133 miles west of this city. Railway officials here refuse to make any statement, except to assert no one was killed. The best advice obtainable are that a high wind this morning blew a freight car out on the main track. The passenger train struck it at full speed, derailing the engine and seven cars. A fireman is reported badly injured and it is believed many passengers were hurt. A wrecking train carrying doctors left here about 9 o'clock.

### A BLOODY FIGHT.

### Five Men are Dead and Two are Mortally Wounded.

Tusculum, Ala., April 7.—Five men are dead, two mortally wounded and two seriously hurt as the result of the work of a negro, Will Randle, with a rifle yesterday while resisting arrest. Randle was burned to death in his own house after being fatally shot. Sheriff Charles Gassaway is dead. Bob Wallace, who was killed, fell into the fire. Hugh Jones and P. A. Prout were shot through the stomach and Jesse Davis was shot in the head. Will Gassaway and Payne cannot live through the day.

### MUST USE IT.

### Railroads Cannot Hold Land for Useless Track.

Denver, April 7.—By a decision of the supreme court this morning in the case of the Denver Power & Irrigation company against the Denver & Rio Grande and Colorado & Southern railroads, it was held the railroads cannot hold tracks on land unless actually put to railroad use. This is a set back for the Cripple Creek short line from Denver.

The court also decided the Postal Telegraph may construct a line along the right of way of the Union Pacific railway.

### BRANCHING OUT.

### New Quarters for S. Vann & Son and E. A. Page.

The Barnett building next to the postoffice is soon to be occupied by S. Vann & Son, jewelers, and E. A. Page with a stock of drugs. The building which originally was built for the Whitney company, who occupied it for more than two years, has a very large room on the ground floor. This room will be cut in two by a partition. It will be renovated and thoroughly overhauled and repaired. The Vann jewelry stock will have the south side of the north room and E. A. Page, of Girard, Ohio, will occupy the north side of the north room with a complete new stock of drugs. Mr. Page comes highly recommended, having been in the drug business for a number of years. His fixtures will be made here and his stock will be entirely new. He with his family is now residing at 410 South Arno street. Mr. Vann and Mr. Page expect to be ready for business in the new building May 1.

### Investigating Perkins' Scheme.

S. L. Swartz and B. F. Jones, Jr., capitalists of Chicago, who arrived in the city on Saturday and have since been quartered at Sturges' European hotel, went down to Paul B. Perkins' pumping plant this morning to look over the ground. These gentlemen are backing the Perkins proposition and its future will be definitely known tonight. If the visiting capitalists think the scheme favorable the work will be pushed and 300 acres will immediately be put under irrigation. The gentlemen, accompanied by Mr. Perkins, expect to return to Albuquerque this evening.

### Lost an Eye.

One of the hoboes ordered out of town by Judge Crawford on Saturday morning returned Saturday night, but he did not bring back with him as

much as he took away. He got as far as Isleta, when he saw several peculiar looking brown discs at the side of the track. He began an investigation, tried to pull one to pieces and finally put it on a rail and hit it a blow. It was a torpedo and the investigator was thrown over backward. One of his eyes is injured and he was brought to this city. Dr. Pierce turned him over to Dr. Groves, the oculist, who has little hopes of saving the eye. The injured man gives his name as that of William Smith and says that his mother resides in Chicago.

### DISTRICT COURT.

### Territorial Petit Jury Gets Ready to Begin Work.

The territorial petit jury was called this morning in the district court, but it was necessary to excuse them until afternoon in order to complete the panel.

The case of M. S. Otero against Esperidon Lueras was taken up. The suit was to recover the value of 200 sheep alleged to have been converted. The defendant failed to appear and the plaintiff waived a jury. Judgment was given for the plaintiff for the value of 200 head of sheep or \$600 and interest from February, 1893. N. B. Field appeared for the plaintiff.

In the matter of the taxes for 1900 and 1901 of Peter Tole on his mining claims, Judge Baker ordered they be abated as having been erroneously assessed; and the collector was enjoined from issuing tax sales certificates. H. P. Owens appeared for Tole.

Deputy United States Marshal Fred Fornoff and Postoffice Inspector Smithers were passengers for Las Cruces this morning.

### OIL AT GALLUP.

### A Good Flow Struck in the Manuelito Oil Company's Well.

### THROUGH OIL SAND.

R. J. Turnbull, one of the directors of the Manuelito Oil company, being a few miles from Gallup, received a most important letter from L. E. Densmore, who is in charge of the boring. The following extracts from the letter are taken:

"Friday afternoon we dropped through the fire clay into the first genuine brownish yellow oil sand and have drilled four feet into it. This sand is of the very best quality and we heard the oil coming out in the buckets before we knew we had struck the oil sand. The oil is of a very light brown, nearly white, and of an entirely different character from the oil we had when you were here."

"The public would not have known anything of it had not a California man been present when the first oil came up, and of course the report got out."

"Great excitement is prevailing here now."

"Should this oil sand continue for fifteen or twenty feet, we may look for unexpected results."

"I am sorry you are compelled to go east just at present. I would like to have you here."

"One of two things is sure—either the oil is equally distributed over a large area of country or we are drilling over an immense reservoir that will unexpectedly flood the whole valley one of these days."

"Make your trip as soon as you can and get back, at least where I can reach you on short notice."

Mr. Turnbull was scheduled to go east on business tonight, but will, instead, leave tonight for Gallup.

### NEWS CONFIRMED.

### The Strike of Oil by the Manuelito Company.

Special to The Citizen.  
Gallup, N. M., April 7.—The Manuelito Oil company have struck another body of oil sand in their well southwest of Gallup, in which they have drilled five feet, and the indications are that they will have a paying well at this sand. They have now ten barrels of oil per day.

### Death of Mrs. Bogn.

D. A. MacPherson received a telegram this morning conveying the sad news of the death of Mrs. H. T. Bogn, which occurred at Macungie, Pa., at 11:25 Sunday night. Mrs. Bogn had been in poor health for some time. About two months ago she left Albuquerque for her old home in Pennsylvania with hopes that a lower altitude would afford her benefit. For awhile reports were received by her many friends that the change was agreeable and she was steadily improving, and the news which came this morning was received with a shock.

The funeral will occur at Macungie next Friday afternoon. When it was learned that the body would be held until Friday it was supposed that burial would be made in this city, but later reports state that the body was being held until relatives from Indiana could arrive.

## COLORADO LOST.

### Contest for the Arkansas River.

### Threatened Lockout of 10,000 Men.

### Senator Depew Testified in the Danish Island Matter.

### STORMS ARE GENERAL.

Washington, April 7.—The United States supreme court, in an opinion by Chief Justice Fuller today, overruled the demurrer of the state of Colorado in the case of the state of Kansas versus the state of Colorado, involving the right of Colorado to appropriate for the purposes of irrigation the waters of the Arkansas river, which Kansas sought by the original action to restrain on the ground the stream flows through Kansas and the people of the latter state are injured by such an appropriation of water. Colorado contested the jurisdiction of the court in the case and filed a demurrer. The chief justice said the case is one in which the court can properly assume jurisdiction. He said also the action of the court in overruling the demurrer was intended to be without prejudice, but was taken because of the importance of the case.

### A BIG STRIKE.

### Manufacturers' Association Threatened to Throw 10,000 Men Out.

Boston, April 7.—Eight hundred men employed in the King Cotton mills here went on a strike today for a 19 per cent increase in wages. All other mills in this district will continue to run until Tuesday night. If by that time the trouble is not settled the Manufacturers' Association will close every mill in Vauluse, Aiken, Augusta, Graniteville, Wareville, Bath, Langley and Clearwater, throwing 10,000 people out of employment.

### DEPEW ASTONISHED.

### So Far as He Knows He Never Saw Christmas.

Washington, April 7.—Senator Depew, of New York, appeared today before the special house committee investigating the charges in connection with the Danish West Indies negotiations. His statement was brief. He expressed astonishment at having seen his name in the Christmas report. He did not know Christmas and had never seen him, so far as he was aware, although he had met thousands of people and could not say just who he had seen. But as to the Danish islands he had never had any discussion with any one on the subject.

C. W. Knox, of Glenelg, Md., whose name is mentioned in the Christmas report, told of meeting Christmas, whom he considered a cultured man who had become entangled with sharpers. The witness said he consented to assist Christmas and the contract was submitted to the committee by the terms of which Knox was to assist in any proper manner in bringing about the transfer, Knox to receive \$15,000 on a cash sale and \$350 per month. The witness said he had never bribed any one and nothing of the kind was ever contemplated. "I never received any money from Christmas," said he.

Senator Bacon, of Georgia, told of two casual conversations with Christmas. Chairman Dailzell read a letter from Secretary Hay, telling how Christmas approached him in December, 1899 and informed him that through his private information he was aware the Danish government would regard favorably overtures from the United States for a transfer of the islands. He came in officially. He told him he would need a private person for the negotiations which might be taken up between the two governments.

### A TEXAS STORM.

### Swept Over a Small Part of the Country.

Paris, Texas, April 7.—A special from Prattville, Delta county, says a destructive storm swept over this place between 8 and 9 o'clock last night. No lives were lost but much property was destroyed. As far as known it extended only between Prattville and Prairie, eight miles apart.

### All Around Us.

Washington, April 7.—Storm warnings are displayed on the Pacific coast from the Columbia river to the Straits of Juan De Fuca; and on the Atlantic and Gulf coasts from Cape Hatteras to Mouldie.

### Railroad Officials.

A general assembly of Santa Fe officials occurred in Albuquerque last night.

Third Vice President J. W. Kendrick General Superintendent A. G. Wells and Division Superintendent I. L. Hibbard came in from the west attached to No. 8. The officers with their families have been recreating at the Grand canyon. There was also some business connected with the visit. It is reported

ed that the Grand Canyon road will be improved and that two new hotels will be built, one at Grand canyon and one at Williams. The officers also inspected the water supply at Williams. General Superintendent J. E. Hurler and Division Superintendents F. C. Fox and J. F. McNally were here to swell the crowd.

Mr. Kendrick, accompanied by the last three named gentlemen, went south this morning, their private cars being pulled by a special engine. They are on a general tour of inspection of the Rio Grande division. Chief Engineer R. B. Burns is also with the party.

### NEW FIRE BOXES.

### Santa Fe Property will be Marked by Fire Boxes.

The Santa Fe railroad company has decided to comply with the suggestion of Chief Ruppe, of the fire department, to connect all parts of the property here with the city fire alarm system and put boxes at different points. This morning a letter was received from C. H. Gaunt, superintendent of telegraph, asking for details as to the present system so the railroad system will correspond to it.

The new hotel will have auxiliary boxes in all parts which will connect with the box at Railroad avenue and Second street, so that an alarm can be turned in from any part of the hotel and be so indicated. Another box will be for the depot and express office, a third for the freight offices and two down in the shops. The railroad pumping station will also be connected and the department will be able to get a 120 pound pressure in the railroad mains within five minutes.

### THE PARADE.

### Arrangements Completed for the Camp Fire Thursday Night.

### EX-CONFEDERATES INVITED.

Preparations are well in hand for the Territorial Encampment of the Grand Army which will be held here on Thursday and Friday. The parade will be held on Thursday evening and will start at 7 o'clock. The First Regiment band will form on Gold avenue, west of Second street, and Company G, National Guards, will form just west of the band. The members of the G. A. R. and all old soldiers will form in front of the K. of P. hall and the Spanish war veterans in front of Colonel Borradaile's store. The fire department will form on Second street, just south of Gold avenue. The W. R. C. will meet at Mrs. Whitson's music store. The W. R. C. will go direct to Grant hall where the campfire will be held. The procession will move with the First Regiment band leading, Company G, G. A. R. and all old soldiers, Spanish war veterans and fire department. The line of march will be east on Gold avenue to First street, north on First to Railroad avenue, west on Railroad avenue to Fourth street, countermarch to Grant hall.

The ex-confederates have been invited to join in the exercises and it is expected the encampment will be a great success. The Eagles have generously donated their hall to the G. A. R. if its use is desired.

What White Oaks will do is indicated by the following letter from Lee H. Rudisill:

Capt. J. W. Edwards, Post Commander G. A. R., Albuquerque, N. M.—My Dear Comrade: The White Oaks "delegation" consisting mainly of three "Sherman Bummers" and a paper collar dude from the army of the Potomac expect to drive in your pickets late Wednesday night or early the following morning and appropriate to their own use a large portion of your yams, hams, cold chicken and other commissaries. No vouchers given. This detachment expects to join the Santa Fe squadron under the command of Col. W. S. Fletcher—now also on a cold-somewhere near the heart of your city and quarter themselves on the town for a period of two days or more, unless sooner driven out by the Home Guards and Relief Corps.

Owing to the lateness of the season, no fires will be required, other than those of patriotism, and no shelter except the brooding wings of the great American bird. Yours with lively anticipations and no dissipation, LEE H. RUDISILL.

### Ex-Confederates.

All ex-confederate soldiers are cordially invited to attend the campfire on Thursday evening. COMMITTEE.

### Notice.

All soldiers and sailors are requested to meet at the K. of P. hall Thursday evening at 7 o'clock sharp to march to Grant hall. Also all soldiers of the Spanish war.

### Want a Conference.

Washington, April 7.—A petition was circulated among democratic congressmen today for a conference on the Cuban reciprocity bill tomorrow night. The petition is numerously signed and the conference probably will be held. The movement for a conference is understood to have been inaugurated by those democratic members who are opposed to reciprocity.

Harry W. Myers, formerly cashier of the Santa Fe here, has been appointed chief clerk and his former position has been taken by E. M. Cory, who came here from Chanute, Kas.

The people of Deming can get rich

rial fair.

Marconi has literally dug a fortune

states that the Marconi Wireless Tele-  
graph company has sold its American

reported a bill to reorganize and equip  
the national guard of the country like  
the regular army and to provide for its  
calling out by the president, to become  
at once a part of the regular national  
forces.

According to the census there are  
1,600 shoe factories in the United  
States, employing 143,000 men, using  
\$170,000,000 worth of material in a  
year and turning out a product worth  
\$261,000,000. The wholesale price of a  
pair of shoes represents about 22 per  
cent in wages, 65 per cent in materials  
and 13 per cent in minor expenses and  
profits.

### ABANDONED THE FARMS.

While land values go up in the west  
they go down in the east. It is said  
that in parts of New York land is worth  
only 30 to 40 per cent, of what it was a  
generation ago, numerous farms are  
for sale and agriculture and all farming  
pursuits have become careless and  
shiftless. The cream of the rural popu-  
lation has gone west, leaving behind  
the unprogressive, unventuresome  
ones. Farms are neglected, prosperous  
farming is a thing of the past, and a  
cloud of gloom has settled down on the  
country. This condition probably will  
lead to the land passing into the pos-  
session of the wealthy classes, who  
will let it rest until it again becomes  
productive.

### THE RIGHT TO WORK.

Judge Baker, of Indianapolis, is de-  
serving of commendation for rigidly  
upholding one of the fundamental  
rights of men—the right to work. In-  
credible as it would seem if we did not  
know it to be a fact, this inherent and  
inalienable right is often denied to free  
born American citizens, and the denial  
is enforced by violence and threats of  
violence, without restraint from the  
laws which guarantee equal rights to  
all citizens, and full protection in the  
enjoyment and exercise of these rights.  
Judge Baker is evidently a man who is  
not afraid to uphold and enforce the law.

An iron molders' strike has been in  
progress at Indianapolis for about a  
month past, and the strikers have re-

sorted to the usual methods of intimid-  
ation and violence in order to terror-  
ize those workmen who want to work.  
One of the manufacturing companies  
affected by the strike at length ap-  
pealed to the court for protection for  
its employees, who were terrorized by  
the striking unionists. Judge Baker re-  
sponded to the application by ordering  
the strikers whose names were given  
in the report to appear before him on  
April 15 and show cause why a re-  
straining order should not be issued.  
In announcing the order Judge Baker  
said, addressing the plaintiff:

"I want you to change your bill of  
complaint. I want you to include in it a  
prayer for damages. It does not mat-  
ter whether these men have any prop-  
erty or not. I will appoint a special  
master to fix the damages, and if you  
secure judgment against those strikers  
officers can, if the men are caught in  
bed, take away their clothing. They  
can have no property exempt under the  
state laws. The judgment will keep  
them in insolvency as long as they  
live, or until the judgment is paid.  
Things have come to a pretty pass  
when the city of Indianapolis will not  
give men who want to work protection  
from men who do not want to work."

### CITY POLICE.

This city has an excellent police  
force, and the force should be main-  
tained at its present high standard of  
usefulness by the republican mayor  
and city council. The present marshal  
and probably a majority of the police  
should be retained. Politics should  
not figure in the police department.  
A good policeman should pay little at-  
tention to political affairs. The mar-  
shal should be allowed to name the  
whole police force. Every member of  
the present police force has made a  
good record and if they are all retained  
during the coming year the people will  
not complain. Albuquerque is the most  
orderly city in the territory and this is  
largely due to the excellent police sys-  
tem.

The Methodists of this city deserve  
a better church building than they now  
possess. The old adobe church has  
served a good purpose, but a larger  
and better building is needed by that  
growing church.

Mexico has a law which provides  
that no man is eligible to serve as a  
juror unless he is actively engaged in  
some legitimate business enterprise or  
is pursuing actively a legitimate oc-  
cupation which yields himself a re-  
muneration sufficient to support him-  
self and family. Mexico has some good  
laws.

Be careful how you follow the advice  
of the man who never sets the exam-  
ple.

### A Bold Robbery.

Prof. Willis Cadwell, of the Mexican  
school, had a severe experience with  
burglars, Tuesday night. He was awak-  
ened about midnight by a man stand-  
ing over him flourishing a butcher  
knife. There were two of the burglars.  
Mr. Cadwell tried to catch the hand  
containing the knife, but caught the  
blade instead, which was drawn  
through the hand, cutting the fingers  
to the bone, severing several impor-  
tant tendons. The robbers then over-  
powered Mr. Cadwell, tied him up and  
stole all the money in his pockets, as  
well as a valuable watch and chain.  
There is no clue to the miscreants,  
save that Mr. Cadwell is pretty sure  
one was a negro, and one spoke Span-  
ish.—Carlsbad Argus.

### Saved Many a Time.

Don't neglect coughs and colds even  
if it is spring. Such cases often result  
seriously at this season just because  
people are careless. A dose of One  
Minute Cough Cure will remove all  
danger. Absolutely safe. Acts at once.  
Sure cure for coughs, colds, croup,  
grip, bronchitis, and other throat and  
lung troubles. "I have used One Min-  
ute Cough Cure several years," says  
Postmaster C. O. Dawson, Barr, Ill. "It  
is the very best cough medicine on the  
market. It has saved me many a severe  
spell of sickness and I warmly  
recommend it." The children's fa-

## OFFICIAL MATTERS.

Several Important Cases Heard by  
Court of Private Land Claims.

### LAND OFFICE BUSINESS.

Homestead Entries—April 4: John  
R. Buckley, Colmar, 160 acres, Mora  
county; Tomas Jaramillo, Sapello,  
151.79 acres, San Miguel county; Pe-  
trita Jaramillo, Sapello, 160 acres, San  
Miguel county; Jesus Maria Jaramillo,  
Sapello, 160 acres, San Miguel county.  
April 5: Jose C. Salazar, Maxwell  
City, 160 acres, Colfax county.  
Final Homestead Entry—April 4:  
Margaret H. Blattman, administrator  
of Francis Guillermo Williams, deces-  
sed, Ocate, 160 acres, Mora county.

### Court of Private Land Claims.

The court of private land claims last  
Friday afternoon announced its de-  
cision to set aside the survey of the  
eastern boundary of Santo Tomas de  
Iturbide grant in Dona Ana county, as  
surveyed by Deputy United States  
Mineral Surveyor Jay Turley and di-  
rected a re-survey of the eastern  
boundary of the grant so as to follow  
the old bed of the Rio Grande as it ex-  
isted in 1854 and as delineated on a  
survey presented by the claimants in  
this hearing. The effect of this deci-  
sion will be to include in the grant a  
considerable tract of land claimed by  
the Bracero or Hugh Stevenson grant,  
confirmed by congress but not yet offi-  
cially surveyed.

The court heard testimony in the ob-  
jections to the survey of the Los de  
Padilla grant, the Antonio Gutierrez  
grant and the San Joaquin Sedillos  
grant, all in Valencia county.

The court approved the survey of  
the Dona Ana Bend grant for 35,399  
acres, the Jose Manuel Sanchez Baca  
grant for 3,574 acres, and the Mesilla  
colony grant in two tracts, one with  
an area of 17,784 acres and the other  
having an area of 3,844 acres. These  
grants are all situated in Dona Ana  
county.

The court approved the survey by  
Deputy United States Surveyor Levi  
S. Preston of the Antonio Gutierrez  
and Joaquin Sedillos grant southwest  
of Isleta, it being surveyed in two  
tracts, one of 20,954 acres and the  
other of 2,583 acres. The survey of the  
Los de Padilla grant was approved ex-  
cepting where it adjoins the Antonio  
Gutierrez and Joaquin Sedillos grants.  
The order of the court is that its  
boundaries must conform with the  
boundaries of those two grants. The  
survey is by Deputy United States  
Surveyor George H. Pratt. The area  
of the grant is 53,870 acres.

The court adjourned to meet in May  
15, at Phoenix, Ariz., and on May 20,  
at Santa Fe.

### Business Opening, \$5,000.

Here is a chance for some one to  
purchase a well established and very  
profitable business in a first class min-  
ing town in Arizona at a bargain. It is  
about a \$5,000 proposition, including  
fine up to date stock, three lots, large  
store room with cellar, stable, five-room  
dwelling house, finely furnished, etc.;  
monthly sales, \$2,750, mostly cash;  
terms easy; death of wife and child of  
proprietor reason for selling. At a  
glance it will be seen that this is a rare  
chance to make an exceptionally good  
investment, or full particulars and  
terms, address or see H. S. Knight at  
once, Albuquerque, New Mexico.

**REAVIS' WIFE.**

She Seeks Divorce From James Addison Peralta-Reavis.

FROM LUXURY TO PENURY.

Mrs. Sophia L. M. Reavis, the wife of the notorious James Addison Peralta-Reavis, is suing him for divorce in the Denver county court, says the Times. Non-support and desertion are the charges. She claims that the famous swindler has not contributed to her needs for over a year, and that he has lived apart from her for nearly two years.

The deserted wife, who once lived in luxury, in the days of her husband's prosperity, is now living in a wretched little room in a cheap lodging house at 2319 Larimer street. She is abandoned by friends and fortune, and there is nothing left her of her former happiness but her twin sons, Carlos and Miguel. They are the apple of their mother's eye, and the solace of her heavy misfortunes.

Mrs. Reavis' divorce suit was filed last Tuesday, and every effort was made to suppress it and keep it secret. However, it came to light when Judge Lindsey yesterday issued an order allowing Mrs. Reavis to prosecute as a poor person, thus relieving her from the payment of the usual court costs.

James Addison Peralta-Reavis was very much in the public eye in the years about 1896. He then engineered and well-nigh carried through one of the deepest and most adroit schemes ever perfected to defraud the United States government. He set up a claim to a government land grant of no less than 12,500,000 acres in Arizona, alleging that this land was the property of an old Spanish family of which he was the sole descendant. He went to Spain and made entries in ancient archives in that country, of which he took photographs, and by which he attempted to prove that this vast tract of land was his. This land was situated near Phoenix, and included the most valuable reservoir in Arizona.

The case was brought up before the court of private land claims in Santa Fe. The government succeeded in proving his fraud and in tracing his forged entries in archives in Spain, in Mexico, and California and Arizona. He was fined \$10,000 and given a sentence of two years in the United States prison in Santa Fe. After his release he went to California, where he has since remained. He is said to be very poor, and, on the last birthday of his children, he sent them each 1 cent, as a symbol of his poverty.

**A VENERABLE LADY.**

Mrs. B. Sleyter Celebrated Her Seventy-Ninth Birthday yesterday. Yesterday, at the home of Mr. and Mrs. E. F. Weed, No. 215 West Silver avenue, there was a small gathering of friends, and they were there to extend congratulations to Mrs. B. Sleyter, mother of Mrs. Weed, on her 79th birthday.

Bernard A. Sleyter, the well known real estate and insurance agent, who is the only son, was also present, and joined those congregated in making the day one of the brightest for his venerable mother.

A citizen representative called to offer his congratulations, and the old lady stated that had Mr. Sleyter lived until tomorrow (Tuesday) there would have been another celebration—that of their golden wedding, but he was called away in death in southern California about five years ago. Mrs. Sleyter was born in Nyneegen, Holland, and, with her husband and children, came to the United States twenty-seven years ago, nineteen of which have been spent in this city. She took a great interest in the South African war, and offers up a prayer occasionally that her native Hollanders (the Boers) will yet be victorious in the unequalled war now raging in that dark continent.

Mrs. E. W. Davis, wife of a well known engineer, and Mrs. F. S. Platt, of Beaumont, Texas, two daughters, were not present yesterday. It is understood, however, that Mrs. Platt and husband are expected here in a few days from Beaumont, and will make this city their home in the future.

## DISTILLING OF BRANDY.

Father Coudert, of Bernalillo, Tells History of a Bottle of Brandy.

MAKING OF CHAMPAGNE.

Rev. Father Coudert, of Bernalillo, Bernalillo county, writes Captain Solomon Spiegelberg, of Santa Fe, as follows:

"I find in The Citizen of Albuquerque a quotation from the Santa Fe Daily New Mexican, which interested me very much and I clipped it wishing to keep it. It says: 'Solomon Spiegelberg today opened a bottle of brandy presented to him in 1865 by Archbishop Lamy, etc.' I think that I can give the history of that bottle better than anybody else because I had many factored it at Albuquerque in 1862. I took it with me to Santa Fe in 1863 and bottled it after a trip to California in 1864. The brandy was pure and was distilled in an old copper still which has not been in use for over twenty years. It was pure excepting a few bits of cummin, which gave it a bitter aromatic, astringent taste, very agreeable and a good stomachic. The industry of making brandy in the Rio Grande valley has not gone out of existence. I could furnish you with 100 gallons of the same kind in packages of ten gallons. I do not engage in the manufacture of the brandy for profit or speculation, but only to lose the material I have and at the same time to encourage the industry that might be built up right here in New Mexico. I would be very much pleased to transfer it to somebody else and with pleasure I would teach him the experience I have acquired in the more than forty-five years I have spent in this territory. I would let my laboratory free to some industrial school together with an account of my experience in that industry which may be useful some day in the upbuilding of this industry, or such industry as the making of champagne, as the grapes here have the same properties as those of Champagne. Liquor of quince, etc., could also be manufactured and be made profitable."

## SANTA ROSA FIRE.

The "Mushroom Town" Suffers Serious Loss By Fire.

A special telegram sent to the Denver News, under date of last Friday, April 4, gives these facts about a fire which raged at Santa Rosa that night: Santa Rosa was in flames at 8 o'clock tonight. The fire started in the Shane building at this place, and in a few minutes almost the entire town was in flames. From the Shane building the fire spread to the right, to the Baca meat market and the barber shop, thence to the Coleman & Walsh saloon building. Both of these buildings were entirely destroyed.

In the east the fire spread to the Peterson saloon and restaurant, then to the Clanshaw general merchandise store and postoffice.

On account of the scarcity of water it was almost impossible to check the flames. The fire spread to the Marshall warehouse, then to the Gillespie place on the left of the Gillespie building, several small buildings and tents which burned up.

The last building to burn was a saloon owned by Mexicans. The men succeeded in checking the fire by going down the street and tearing down and dragging the buildings away, also the stores were stripped of the goods before the fire reached them and those which were not burned were stolen by the Mexicans. C. L. Marsh is the heaviest loser, his stock of merchandise was valued at \$10,000 with very little insurance.

The entire loss will reach \$30,000. The fire is supposed to have been the work of thieves. Although there was a large force of men at work for the merchandise firms, no one was hurt. If the wind had raised during the progress of the fire, not a building in Santa Rosa would have been left. The fire will bring the entire town to the new town.

In Deming good safe loans can be had at better rates than in the old established towns.

**Last Night's Lecture.**

A very large crowd was present at Odd Fellows hall last night to hear the lecture on "Modern Miracles." The lecturer held that the definition of miracles as given by modern orthodox religion is being exploded. The latter part of the lecture was a citation of facts from scientific sources and corroborated by similar facts from personal experiences. The audience was in hearty sympathy with the speaker.

**At Baretas Church.**

Yesterday there was high mass for the first time since services have been held at Baretas. The choir is composed of Mrs. J. Yrisarri, Mrs. G. Vargas, Miss Stella Boatright and Mr. G. Vargas, as violinist. The services were most satisfactory and the members of the choir cannot but praise Miss Boatright for her services as organist.

## LOCAL PARAGRAPHS.

Judge Baca, of Pena Blanca, came in last night and is holding probate court at the court house today.

Manager Pellow, of the local Harvey house, has a force of men busy today moving the stores from the old house to the new one. The lunch department will be transferred in about a week.

David Denham returned from the San Rafael country, where he has been sinking a well at the lifed Bros. ranch. Mr. Denham reports that they struck pipe clay at thirty-seven feet and thinks that a bountiful supply of water will be obtained at 100 feet.

## NEW MEXICO TOWNS

### SOCORRO.

From the Chieftain.

Rev. Di Palma, of Albuquerque, was in the city to consummate the sale of a part of the Armiño block to H. Chambon.

Report has it that Miss Mamie Bahney, an estimable young lady, who left Socorro three years ago to make her home in Missouri, was married recently to Mr. Scheneppe.

H. Chambon has bought the store building he now occupies and the one adjoining it on the west. The consideration was \$2,500. Mr. Chambon will add another story to the building.

Col. Nat. Stray, the champion bear hunter of New Mexico, arrived in the city from a visit in Missouri and will leave for the Mogollon mountains where he will give his best attention for a few months.

Carl J. Homme, of Wittenberg, Wis., formerly a student at the School of Mines, has accepted a position in Juarez, Mexico. It is a notable fact that graduates of the New Mexico School of Mines have no difficulty in securing and holding good positions.

Andy Wickham left for the mines in Mexico after a sojourn of two or three weeks at the home of his parents in this city waiting for a broken leg to heal. Andy always receives a hearty welcome from his many Socorro friends.

W. H. Byerts is solving the artesian water question for Socorro on his own account. He has just put a complete drilling outfit to work on his fruit ranch near the city spring and proposes to get a flow of water if it is to be had. Everybody will wish him success.

Socorro nose company No. 1 held a meeting at which officers were elected for the ensuing year as follows: Chief, C. Cortinas; foreman, P. N. Yunker; secretary, A. Winkler; treasurer, Edward L. Price; first assistant, Seferino Abeyta; second assistant, Page Savage.

Half the ill that man is heir to come from indigestion. Burdock blood Bitters strengthens and tones the stomach; makes indigestion impossible.

### LAS CRUCES.

From the Progress.

District Attorney Llewellyn left for the Guadalupe country to look after his oil interests there.

Leonidas Ruiz of Mesilla, died there at the age of 86 years. She was the mother of Mrs. Augustina Davis, of that place.

The gentleman who has put a roulette wheel in Bean & Nevarez' saloon to run during the coming term of court, had his outfit attached by a cigar salesman for a cigar bill. He promptly came to time and the outfit was released.

Reports were around that Charlie Miller, our popular county commissioner, had carried off one of Dona Ana county's handsome young lady's to Germany. Information from his store at Anthony, however, is to the effect that there is no truth whatever in such reports.

Miss F. E. Blakesley entertained a few of her friends at her home on last Tuesday evening with a "ghost" party. After giving the "ghosts" an opportunity to guess the shades of their companion shades, masks were removed and the remainder of the evening spent in social conversation and music, light refreshments concluding the evening's pleasure. Among those present were Mr. and Mrs. Holt, the Misses Foster, Miss Metcalf, the Misses Jacoby, Miss Davis, the Misses Combs, Messrs. McConnell, Center, Gerber, Jacoby, Deitch, Frenger Metcalf Kitchendoff and Hunt.

Try Chamberlain's Stomach and Liver Tablets, the best physic. For sale by all druggists.

### DEMING.

From the Headlight.

A measly sneak thief entered the sleeping apartment of A. A. Douglas, recently from El Paso, and took from that gentleman's pockets \$5.30 and a Barlow knife.

Miss Nina Johnston, who for the past year has been a guest of Mrs. Swope, of this city, left for Los Angeles, Cal. After a short visit in California Miss Johnston will return to her home in Kentucky.

Miss Maya Melas, of Stoughton, Wis., who has been spending the past winter with Mrs. L. Brown, of this city, left for Los Angeles, where she will remain for some months to come. Miss Melas is a very accomplished musician and her absence from the musical circles of this town will be greatly felt. While in Deming she had a large class of pupils whom she was instructing on the piano.

An Italian, a trained bear and a bugle made their appearance on the streets of Deming. The bugle sounded, a crowd ofurchins gathered and the bear was put through his paces. About the time the second performance was ended City Clerk Pennington appeared on the scene armed with a license book, which so scared the bear that he started off, dragging his master at the end of his chain. The last seen of them they were crossing the track, headed for Silver City.

### SAN MARCIAL.

From the Bee.

Dr. C. G. Cruickshank visited Paraje to attend Mrs. Juan Sedillo.

E. W. Brown returned from Denver, where he has spent several weeks negotiating for the sale of horses to British buyers.

The business of the San Marcial postoffice for the first quarter of the present year exceeded that of the same period for 1901. This is proof positive that our business men are enjoying a good run of trade, and that the town is forging ahead in commercial importance.

The Wigwam saloon, conducted by Messrs. Helm & Story, has changed hands. The new firm is J. B. Harry & Co. There are few people in this part of New Mexico who do not know Jess Harry and admit that he is a pretty good fellow. He has a good understanding of the liquor business and we

predict for him a liberal measure of success while in charge of the Wigwam.

Her Son's Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by all druggists.

### DESTRUCTIVE FIRE.

Box Factory at Alamogordo Burned Saturday Morning.

The box factory and planing mills department of the Alamogordo Lumber company burned early last Saturday morning.

The fire was discovered on the lower floor of the building and in two minutes the entire lower floor was a mass of flames. The building was quickly consumed. The cause of the fire is unknown.

Splendid work on the part of the employees saved the mill proper and the yards, which were filled with lumber and only twenty-five feet away. Superintendent S. S. Hopper has been drilling the men some time in the new water system and their heroic efforts last night saved the company from a great loss.

The loss caused by the burning of the box factory and the planing mill amounts to \$10,000, but \$6,000 insurance was carried.

The machinery which burned in the building will cause two or three months delay in getting the factory started again and as a consequence many men will be thrown out of employment.

### Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." J. H. O'Reilly & Co., B. H. Briggs & Co.

### A Busy Newspaper Office.

The business office and editorial rooms of the Albuquerque Daily Citizen generally present a busy scene, and the Bee man was quite impressed with the real bustle of the place when he called there last Thursday morning. The front office appeared to be the political center of the universe. Republicans, democrats, socialists, and men sworn to no particular political party were tripping each other up in an effort to get close to the paper's genial editors with aftermath stories of the election, and conjectures as to how the republicans turned the trick on the democrats. Brother Hughes' smile was full of deep meaning, and his partner, Mr. McCreight, displayed great diplomacy in telling the friends of the defeated candidates little white lies to convince them that the medicine is beneficial, even when taken in extremely large doses.—San Marcial Bee.

### Explosion at the Torpedo.

On last Saturday afternoon an explosion occurred at the Torpedo mine which tore the roof from the building, brought down some of the smoke stacks and dismantled the steam dome. The boiler injured was the west boiler, the one nearest the office. C. B. Rogers and J. H. May went out Saturday evening and they had the mill going again by 3 o'clock Sunday. The cause of the explosion is not known, but from the fact that the steam dome was blown in instead of out it looks very much as if the force of the explosion came from the outside, and many believe dynamite to be the cause. A new steam dome came up from El Paso Friday morning and will be put in place immediately.—Las Cruces Progress.

### DAILY BLOWS.

#### Brought on Appendicitis.

If a person will continue to put a little poison in the body daily, for instance like a cup of coffee each morning when coffee acts as a poison, and it frequently does, the result will be an attack some day in some of the organs of the body. The little disturbances each day pile up and finally become a big disturbance.

Many cases of appendicitis have been brought on by coffee drinking. It first affects the nerves of the stomach, and the disorder travels on down through the bowels and results in some kind of bowel trouble, frequently appendicitis.

A lady in Fredonia, N.Y., says: "During my school life, both as a student and teacher I drank coffee regularly. Most of the time I knew the coffee was injuring me but did not feel like giving it up. First my nerves felt the effect and later on constipation developed, and after that, the last year I had a severe attack of appendicitis. My doctor and friends all agreed that these troubles were largely caused by coffee drinking."

"While I was ill some Postum was sent me by friends. I supposed it was coffee and hesitated at the first cup, but when the difference was explained, and I drank as much as I cared for, with such good results, I concluded Postum was just what I wanted and have used it ever since. It greatly aids digestion, in nourishing and refreshing."

"My food and nourishment while getting well from appendicitis were Postum and Grape Nuts."

"If I had known of Postum years ago I might have been saved a tremendous amount of suffering brought on by coffee drinking."

"Rev. — is one of my converts to Postum. He suffered greatly from dyspepsia, but has entirely recovered since he quit coffee and began using Postum."

"Dr. —, who suffered a long while from nervous troubles says Postum brought him out when he quit coffee, and he constantly urges it on his patients who are coffee drinkers."

## HISTORY OF LAS CRUCES.

Wholesale Slaughter of Forty Mexicans in 1840.

### ORIGIN OF NAME.

Our village aggregating about 4,000 inhabitants, including its environs, is called Las Cruces, The Crosses, says the Progress. The name originated from an appalling tragedy that took place on the ground six years before the town was built. The revolting story handed down from the oldest inhabitants runs in about this way:

In 1840 a party of New Mexicans who lived north of Santa Fe, forty in number, were on a journey south to the state of Chihuahua with a train of pack mules laden with blankets such as the New Mexicans make by hand loom in their section of the territory. It was their custom to make these trips every year to barter their goods for such fabrics as they needed at home. For a series of years they were accustomed to make these excursions south for trading purposes. Hitherto nothing had occurred to mar the serenity of their travels, until they arrived at this point which was then nothing more than an ugly mesquite jungle, well adapted for an Indian ambush. The number of Indians in the party making the onslaught will never be known. The dash was sudden and overwhelming like the General Custer massacre, in as much as none escaped to tell the bloody story. It took some time in those days of crude civilization for the heartrending news to reach their homes in the north part of the territory.

The scene of the bloody struggle was in a desert, far from human habitation, hence the delay of the relief party. Kind friends and kindred came as soon as possible to raise their bloody bodies to carry them home for burial. Their friends marked the place where each body was found in death and returned again with little boards fashioned into crosses, and planted one cross at each place where the life-blood of their friends ebbed away on the desert sands. Far from home and friends these forty men died at the hands of a savage horde with no eye to witness their horrible fate, or shed a tear over them in the last struggles of death. When I came to the territory in 1846 the "crosses" were still standing on the present site of the town which was built in 1848, two years after I came. The town was laid out and built jointly by Americans and Mexicans. The Mexicans being in the majority, the Americans left the naming of the town to them. They said we will name it Las Cruces, the Crosses, having reference to the great tragedy of 1840 and in remembrance of their countrymen who shed their blood on the ground. Las Cruces is the county seat of Dona Ana county and the largest town in the Mesilla valley, which produces corn, wheat, alfalfa, beans and every variety of vegetables, with apples and peaches and grapes in abundance.

SAMUEL G. BEAN.

### Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by all druggists.

### LAND UNDER IRRIGATION.

But a Very Small Part of Arid West Has Been Reclaimed Thus Far.

The irrigation committee of the house of representatives has compiled a table showing the area of land under irrigation in the western states and territories. Out of sixteen states and territories enumerated, New Mexico stands ninth in that respect with 204,508 acres or only one-third of 1 per cent of the total area under irrigation. Colorado leads with 1,611,271 acres or almost eight times as much as New Mexico under irrigation. California is second with 1,446,149 acres. The other western states make the following showing: Montana, 970,231 acres; Utah, 629,273 acres; Wyoming, 606,942 acres; Idaho, 602,548 acres; Nevada, 504,168 acres; Oregon, 388,198 acres; Arizona, 185,396 acres; Nebraska, 148,538 acres; Washington, 135,936 acres; South Dakota, 45,010 acres; Kansas, 26,497; North Dakota, 5,202 acres; Oklahoma, 2,761 acres.

### ROBBERY AT BURLEY.

Postoffice and Store of N. A. Field Robbed of Lots of Goods.

A correspondent of the Socorro Chieftain, from Burley, a small town in Socorro county, says:

"The postoffice and the store of N. A. Field were broken into Monday night by a lone Mexican robber who loaded up with all the shoes, calico and soap he could reach from the window. He then took a new saddle and some small tools from the stable. Mr. Field called up his two nearest neighbors, Navajos, in the morning and followed the robber's trail forty-five miles west, where they overtook the robber in camp. He showed fight at first, but soon took to the brush and was lost in the darkness. In his camp his pursuers found all the stolen goods besides two horses belonging to the American Valley Sheep company, also a sorrel horse branded X-B and an old Gallap saddle with hair pockets. Should Mr. Robber want his horse and saddle he will find the same at Burley, but he must be careful not to leave any tracks or the Navajo won't be so easy next time."

### Dying of Famine.

A telegram to the Denver News from Phoenix, Ariz., under date of April 4, says:

"Twenty thousand Indians on the Sacaton reservation are suffering from famine, which, if allowed to continue, is certain to result in fearful mortality among the Pima and Maricopa tribes. Agent Hadley came to Phoenix to secure temporary relief for the Indians and to urge that petitions be sent to congress asking the Washington authorities to provide means to avert the disaster which he says is sure to come unless the Indians are given water or

## The Art of Self-Defense.

The popular idea expressed in the phrase, "the art of self-defense," shows the opinion that the chief enemies a man has to defend himself from are visible and external. But the real danger of every man is from minute and often invisible foes. In the air we breathe and the water we drink are countless minute organisms leagued against the health of the body.

The one defense against these enemies is to keep the blood pure. Dr. Pierce's Golden Medical Discovery thoroughly purifies the blood, removing poisonous substances and accretions. When the blood is pure there is no harborage for the germs of disease which find a lodging only when the blood is impure and corrupt.

"I consider your 'Golden Medical Discovery' one of the best medicines on the face of the earth," writes Mr. Wm. Flower, of Red Oak, Montgomery Co., Iowa. "While in the southwest, three years ago, I got poisoned with poison ivy. The poison settled in my blood and the horrors I suffered cannot be told in words. I thought I would go crazy. I tried different kinds of medicine, tried different doctors, but all the relief they could give me was to make my pocket-book lighter. I then began taking Dr. Pierce's Golden Medical Discovery. Took four bottles without relief. Kept taking it. I took in all got entirely cured."

Dr. Pierce's Pleasant Pellets cure constipation.

supplies. White ranchers above the reservation have diverted all the water and the Indians have had none for many months. They are abandoning their ranches and their cattle are dying by scores for lack of feed. Relief has been sent from Phoenix and the desired petitions are going forward to Washington.

### Could Fill the Paper With Them.

This paper might be filled with items like the following, and everyone be the absolute truth. ## Gray Hair

Ayer's Hair Vigor doesn't suddenly restore color to your gray hair; but gradually the old color comes back—all the dark, rich color it used to have. It stops falling of the hair, too, and will often make the hair grow to be very long and heavy.

"Ayer's Hair Vigor is certainly wonderful. It has restored the natural color to my gray hair and has made a splendid new growth."—Miss Emma Calder, New York City.

## Railroad Topics

C. W. Merrilles, recently appointed agent at Silver City, left for that town last night.

The Rock Island announces regular meals along its route from El Paso to Chicago at only 50 cents.

Nearly 200,000 shingles were unloaded in the local yards yesterday, to be used on the new freight depot.

Brakeman Elmer Boyer, of San Marcial, has gone to Oklahoma and may decide to engage in farming there.

L. Fred Klooz, of Louisville, Ky., late of Las Vegas, will have charge of the new Alvarado hotel as its manager.

L. B. Miller, formerly a conductor on the Santa Fe Pacific, is here on a visit to his wife. For the past few months he was at work on the Bisbee road.

Eighty-five different engines were handled in the Las Vegas shops during the month of March. Altogether 959 engines were handled in those shops and 438 at Lamby.

Ben Manger, who was a few years ago in charge of the local Fred Harvey eating house, passed through the city yesterday. He is now superintendent of the Harvey dining car service on the Santa Fe.

A bridge and building gang from San Marcial are at work in the local yards today building a passenger service supply house, which is to take the place of the old one now located in the old Harvey eating house.

General Foreman D. W. Hitchcock has leased the Krenis residence at San Marcial and when Mr. Gaul completes the papering of the rooms, Mr. Hitchcock's family will move down from the foothills, says the Bee.

Vice President W. S. Hopewell and Chief Engineer A. G. Kennedy, of the Santa Fe Central Railway company, spent the greater part of last week in the O'Mara coal fields in southern Santa Fe county. They are expected to return to Santa Fe today.

On April 13 the El Paso-Rock Island route will put on a new solid through limited train to Chicago, leaving El Paso at 8 p. m. and arriving in Kansas City at 5 a. m. the second day, making a run in fifty hours.

Light says: General Superintendent Choate, General Freight Agent Styles and Dr. of the Bisbee road; F. B. Wilhelms, chief engineer of the Santa Fe, and H. Brown, cashier of the Bank of Deming, and J. A. Mahoney all left for Mr. Choate's private car for a trip over the new road to Bisbee, Arizona.

The Deming Headlight says: "What the Bisbee road is doing for this point in the way of business will be rather a surprise to many of our readers. Agent DeBarry reports that his receipts for tickets will run close to, if not quite up to, \$50 a day, while at the same time he is loading five or six cars of local freight for points south of here to say nothing of fifty or sixty cars of commerce received from the Santa Fe daily. All this goes to show that the Bisbee is the right road running from the right place."

Thomas W. Stevens, who is connected with the literary section of the advertising department of the Atchison, Topeka & Santa Fe railway system, and J. A. Hiller, an artist connected with the same department were in New Mexico on a capital gathering sketches for pamphlets to be distributed by the passenger department of the Santa Fe system and for magazines to appear in the leading papers of the country. They are along the entire line of the system for that purpose and have found Santa Fe a most interesting and valuable point for their purpose. The Santa Fe railway is doing great work for the territory in attracting the attention of tourists, health-seekers and immigrants by the distribution of thousands of pamphlets on New Mexico published by the road and also by distributing thousands of bulletins and pamphlets prepared and published by the territorial bureau of immigration.

"Little colds." Thousands of lives sacrificed every year. Dr. Norway's Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

### STERILIZED BARBER SHOP.

A Famous Shop in the Carrollton Hotel at Baltimore, Md.

The barber shop in the Carrollton hotel at Baltimore sterilizes everything it uses in the shop. The sterilizing is done by heat. The towels, the razors, the strops, the soap, the combs and brushes are all sterilized before being used on a customer. Where there is no sterilization, have the barber use Newbro's Herpicide. It kills the dandruff germ and it is an antiseptic for the scalp and for the face after shaving. All leading barbers everywhere appreciate these potent facts about Herpicide and they use it. "Destroy the cause, you remove the effect."

### Santa Fe Won.

The Santa Fe Pacific ball club yesterday defeated the Old Town club at the fair grounds by a score of 13 to 0. Shepard was a puzzle to the Old Town boys and they could do nothing with his delivery. It is probable the victors will play the Barajas team next Sunday.

At Barajas yesterday a picked team called the Rag-Times defeated a team from the Albuquerque Guards by 16 to

### KNIGHTS OF COLUMBUS.

Class of Fifteen Given Two Degrees Last Night.

The Knights of Columbus conferred the first and second degrees last night on a class of fifteen. On Thursday a degree team from Denver, captained by John Redden, will confer the third degree. On Friday night the Denver team will go to El Paso and on Saturday night about twenty-five members of the local council will follow them. Sunday afternoon and evening a large council will be instituted in El Paso by the visitors. Those in the class last night were: Ben Shupp, Ralph Harlan, C. E. Burg, James Cosgrove, Jr., Thomas Powers, J. J. Donnelly, Justo Montoya, J. P. Connelly, Joe Oliphant, Alberto R. Armijo, John H. Mason, M. S. Otero, R. B. Garcia.

### Wields a Sharp Ax.

Millions marvel at the multitude of maladies cut off by Dr. King's New Life Pills—the most distressing too. Stomach, liver and bowel troubles—dyspepsia, loss of appetite, jaundice, biliousness, fever, malaria, all fall before these wonder workers. 25 cents at all drug stores.

### Shot in His Left Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." J. H. O'Reilly & Co., B. H. Briggs & Co.

### ANOTHER CAPTURE.

Deputy Sheriffs and Rangers Arrest a New Mexico Outlaw.

On Friday last Deputy Sheriff John D. Parks, of Clifton, and Pollard Pearson, member of the Arizona Rangers, made an important capture at the O. L. D. ranch on Blue River.

The man arrested is named John Smith, alias Sam Bass, and is wanted for the same crime charged against Cook, Neil and Roberts, arrested in the same vicinity three weeks ago—robbing a postoffice in New Mexico and murdering a boy.

The prisoner was brought to the Solomonville jail Tuesday and after the usual process of law is complied with will be taken to New Mexico for trial.—Bulletin.

### The Great Dismal Swamp

Of Virginia is a breeding ground of malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and malaria troubles. They will surely prevent typhoid. "We tried many remedies for malaria and stomach and liver troubles," writes John Charleston of Byesville, Ohio, "but never found anything quite so good as Electric Bitters." Try them. Only 50 cents at all druggists. Guaranteed satisfaction.

### High Grade Bulls for Sale.

The undersigned has for sale on his farms near La Junta, Colorado, about forty 3 year old, 150 2 year old and 150 yearling high grade Hereford bulls; all of them better than 15-16. Also about ninety yearlings out of full blooded non-registered cows, sired by imported registered bulls. Parties wishing stock of this kind will get prices by corresponding either with J. S. Croley, La Junta, Colo., or myself, 830 Equitable building, Denver. These bulls have been well wintered and are in fine condition for turning on the ranges, not having been overfed, but are in good flesh, strong and active. They will do much better service than any bulls of the same ages brought from the eastern farms.

## More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Leuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

Tonight at Grant's hall will occur Mrs. Walton's regular weekly class dance. Miss Hanthorn will furnish the music and a good time is expected.

Gus Thelin, after a few days' stay in the city, left this morning on his return to his sheep ranch near Chilli. His wagon was loaded down with ranch supplies.

Oscar Liffing and Miss Claudie Bennett, of Sabin, who have been spending a few days in the city visiting and shopping, have returned to their home.

Montague Stevens and wife were here yesterday, the former returning to his ranch at Magdalena last night, while Mrs. Stevens left on a visit to southern California.

The county commissioners are in session at the court house today. Hon. E. A. Miera, the chairman of the board, reached the city from his home at Cuba yesterday morning.

A. J. Crawford and C. A. Hudson, two successful hunters of the city, spent the day yesterday hunting ducks in the vicinity of Los Padillas and Pajarito. They bagged quite a quantity.

R. H. Greenleaf, W. N. Taylor, W. H. Cobb and two young men, visitors from Philadelphia, returned this morning from La Joya, where they succeeded in killing forty-six ducks yesterday.

Rev. T. C. Beattie, pastor of the First Presbyterian church, went to San Antonio this morning. He will conduct the funeral services of the late John James, which will be held at Carthage this afternoon.

Hon. Solomon Luna left this morning for the Magdalena country, where he will spend a few weeks looking after affairs connected with his sheep ranch. Sheep shearing is going on in that district these days.

Frank H. Moore, of the house of L. B. Putney, is revelling in the smiles of a bouncing baby boy, which arrived at his pleasant home last Saturday night, and everybody around the Moore home are happy.

H. O. Bursom, superintendent of the territorial penitentiary at Santa Fe, passed through the city this morning en route to San Antonio to attend the funeral of the late John James, which will occur at Carthage this afternoon.

This evening at the handsome residence of Mr. and Mrs. Alfred Grunsfeld on West Railroad avenue, a private dance will be given to a party of young people by Mr. and Mrs. Alfred Grunsfeld, and Mr. and Mrs. Ivan Grunsfeld.

The New Mexican says: Frank W. Clancy, the efficient district attorney for the Second judicial district, who has been in the city several days on legal business before the United States court of private land claims, will leave this evening for Albuquerque.

Frank Fillmore has received the news of the marriage of his brother, George L. Fillmore, which took place at Joplin, Mo., the 7th of January. The affair was kept quiet until a few days ago. Mr. Fillmore has visited in Albuquerque and is quite well known here.

The annual vestry meeting of St. John's church will be held this evening at 8 p. m. All members and subscribers are requested to attend. Reports will be read and officers appointed for the ensuing year. The ladies Guild will hold their annual meeting for the election of officers on Wednesday next at the rectory at 3 p. m.

George Kaseman, a deputy United States marshal, was a south bound passenger last night. Mr. Kaseman is interested in the Mutual Automobile Telephone company, and yesterday informed The Citizen, in order to correct an item published last Saturday afternoon, that the long distance wire to Belen and other river towns were in most excellent working order last Saturday afternoon. This paper gladly makes the correction.

Early yesterday morning "Jumbo" left the city with a merry crowd bound for Bear canyon. After spending a pleasant day in the mountains they returned to the city at a late hour. Leigh Hutchinson gave the picnic. Those who attended were the Misses Adele and Barbara Hubbell, Gertie, Ressler, Gatlin, Winchick, Tierney, Edna Gibson, Eakin, Barrington, Gleason and Lena Seldomridge; Messrs. Bearup, Hutchinson, Powell, Maloy, Zirhut, Hughes, Fluke, Porter, Peltier and Dehn.

Degree of honor will give a dance at Odd Fellows' hall on Wednesday night, April 16. Price of admission, 50 cents, ladies free. Supper will be served.
