VOLUME 16

ALBUQUERQUE, NEW MEXICO, SATURDAY AFTERNOON, APRIL 5, 1902

NUMBER 114

SILVER CITY HAUL.

Temporary Bartender Robbed the Safe.

Colonel Lundlum Killed at Telluride.

Ambassador Clayton Clears His Skirts of all Charges.

JUDGE M'ATEE RESIGNED.

Special to The Citizen.

Silver City, N. M., April 5.—One of the boldest robberies ever in Silver City happened last night when the Cottage saloon was robbed of about \$350 by a young man named Van Hess. He was recently discharged from the United States hospital at Fort Bayard and came to this city and for the past two months has been loafing around the saloons doing odd jobs. The proprietor of the Cottage last night put him on the night shift behind the bar and late went home and to bed. When he came down this morning he found that Van Hess, during the night, had skipped out and taken with him all the cash he could find in the safe and money drawer, which amounted to \$350. The sheriff will undoubtedly capture him before he gets far away.

INSTANTLY KILLED.

Colonel L. B. Lundlum Instantly Killed and Operator Injured.

Telluride, Colo., April 5.—Colonel L. B. Lundlum, superintendent of the Keystone placer, was instantly killed by being struck by water from the hydraulic giant, and Peter Epswich, the operator, was seriously injured. Colonel Lundlum was hurled fifty feet down the mountain side. He was one of the most distinguished hydraulic engineers in the United States and had thirty years' experience in hydraulic mining in California.

CLAYTON EXONERATED.

Government is Satisfied With His Conduct in Mexico.

Washington, April 5.—An authoritative statement was made today that United States Ambassador Clayton has explained fully and to the satisfaction of both the president and Secretary Hay all charges that have been made against him in regard to cases pending before the Mexican courts and also concerning his own personal conduct. In the court cases it is stated Mr. Clayton acted under exact instructions from the department of state, showing great zeal, industry and ability in defense of the rights of American citizens. Mr. Clayton will return to his post at the City of Mexico after a brief holiday spent in Washington with his daughter.

JUDGE M'ATEE RESIGNED.

Charges Had Been Preferred Against the Oklahoma Judge.

Washington, April 5.—Judge John L. McAttee, associate judge of the Eighth district circuit court of Oklahoma, tendered his resignation to the president and it has been accepted. Charges had been preferred against Judge McAttee.

IN CONGRESS.

Philippine Government Bill and Financial Bill Are Next.

Washington, April 5.—The republican steering committee of the senate today decided to recommend a bill providing a form of government for the Philippine Archipelago should be made unfinished business, which is a place of preference on the senate calendar. After the disposal of the Chinese exclusion bill and the Nicaragua canal bill it should be the next assigned.

The bill to supply additional urgent deficiency appropriations and carrying \$200,000, was reported from the committee on appropriations and passed. The Indian appropriation bill was passed and the bill for the exclusion of Chinese was taken up. Mr. Fairbanks, of Indiana, spoke in favor of the bill.

The House.

Washington, April 5.—The house committee on banking and currency, by a vote on party lines, today ordered a favorable report on the financial bill framed by the republican members of the committee and introduced by Chairman Fowler "to maintain the gold standard and provide an elastic currency, equalize rates of interest throughout the country and to further amend the national banking laws."

LOSS WAS HEAVY.

Casualty List of British and Boers at Doornbait.

Pretoria, April 5.—The British losses in the engagement in the neighborhood of Hartz river, in the southwestern extremity of the Transvaal, on March 31, were three officers and 24 men killed, and 16 officers and 141 men wounded. The Boers admit they lost 137 men killed or wounded. The action

occurred at Doornbait farm, a few miles south of the scene of General Delarey's defeat of General Methuen. The casualty list shows the Second Canadian Mounted Rifles had four officers wounded, nine men killed and 40 men wounded.

A RICH HAUL.

Blew Open the Vault and Got \$16,000 Cash.

Beatrice, Neb., April 5.—The state bank at Ruskin, Neb., was robbed of \$16,000 cash at midnight last night. The bandits, supposed to be five in number, gained an entrance to the bank and blew open the vault. The robbers took all the currency and paper money in the bank.

The noise of the explosion aroused the inhabitants and they discovered three robbers making off westward. The Beatrice bloodhounds were telegraphed for and went to Ruskin on a special train. They at once took up the trail to where the entire party mounted horses. The dogs are still trailing in a westerly direction and it is thought the robbers are riding in an effort to reach the main line of the Burlington toward Denver.

KINDERGARTEN CHILDREN.

Evidently Are in Charge of St. Paul Chicago Lines.

St. Paul, April 5.—Passenger officials of the St. Paul-Chicago lines running southwest into Iowa and Nebraska decided to cancel all rates made for the benefit of settlers and homeseekers. The special rates were all withdrawn today. This action is due to the recent injunctions issued at the instance of the interstate commerce commission and served on various roads running west from Chicago.

WILL INVESTIGATE.

Government Wants to Know About the British Camp.

Washington, April 5.—In response to Governor Heard's request for a statement of the law bearing upon the operations of British officers at Chalmette, La., Secretary Hay has responded that by direction of the president he has ordered a thorough investigation to be made into the operations at that camp.

Unusual Depravity.

In police court this morning Judge Crawford had a case of unusual depravity before him. Myrtle McPherson, an unusually good looking white girl, and Louis Ward, a negro of unusual blackness, were charged with vagrancy. They acknowledged they were living together and each was fined \$10. They were ordered to separate at once or leave town. Harry McCord, charged with being drunk and disturbing the peace, was fined \$5.

WONDERFUL SHOOTING.

Great American Handicap Closed Today at Kansas City.

HIRESCHY CHAMPION.

Kansas City, April 5.—Today at Blue River Park, fourteen men competed in the last of a four days' race for the wing shot championship of America. The winner will not only become the champion shot of the United States, but will receive the handsome trophy captured last year by E. C. Griffith, of Pascoag, R. I., and \$688 as his portion of the prize money. The balance of \$11,401 prize money will be divided among the remaining sixty-two high guns.

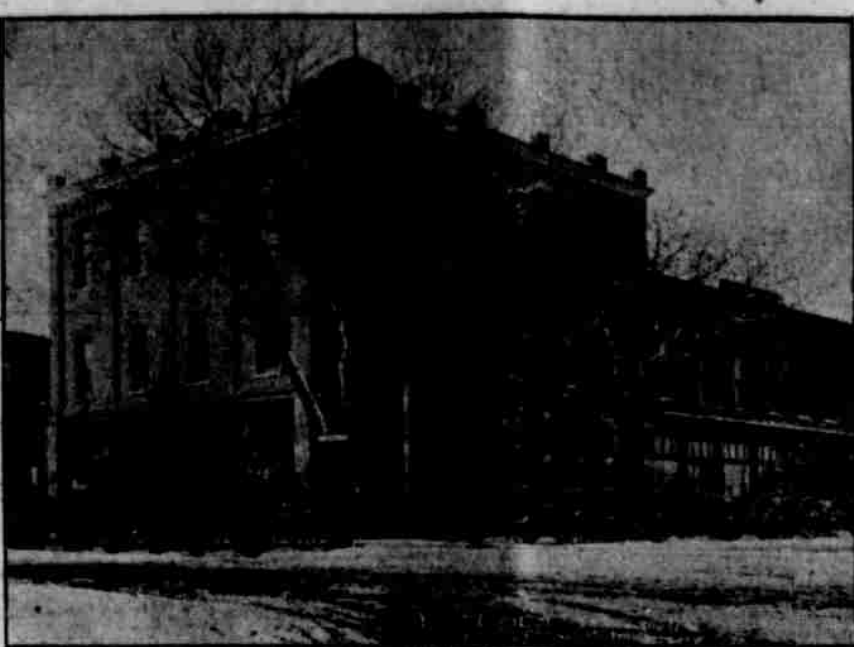

The shoot has proven the greatest ever held by the association, and perhaps has brought together the most imposing array of crack shots ever convened.

In the shoot-off today all fourteen men made clean scores through the eleventh round. In the twelfth round, R. W. Cool, of Aledo, Ill., and G. B. Darby, of Philadelphia, lost out. In the thirteenth, Fred Gilbert, of Spirit Lake, Iowa, missed a hard left quartering driver. The bird was hit but was able to fly away. In the fourteenth, L. J. Squier, of Cincinnati, J. L. Morrison, of St. Paul, and G. W. Clay, of Austertitz, Ky., missed. This left but eight men in the race, all of whom shot clean in the fifteenth and sixteenth rounds. In the seventeenth, Guy V. Deering, of Columbus, Wis., and F. Snyder, of Crawfordsville, Ind., lost out.

The six remaining men shot straight in the eighteenth, nineteenth and twentieth rounds. Roll lost his place in the twenty-first. There were no misses in the twenty-second and twenty-third rounds. Over lost his place in the twenty-fourth. Spencer, Helkes, Hireschy and Pollard were straight at the end of the twenty-fifth. No misses were made in the twenty-sixth and twenty-seventh, but Pollard lost in the twenty-eighth. This left Spencer, Helkes and Hireschy alone in the race. All three killed their twenty-ninth and thirtieth. Helkes finally lost out on the thirty-first.

This left but two men in the race, C. S. Spencer, of St. Louis, and H. C. Hireschy, of Minneapolis, each with a handicap of twenty-nine yards. Hireschy had not missed a bird since the tournament began on Monday, including two preliminary events. Both men were straight at the forty-fifth round, each grasping the birds with ease and regularity. H. C. Hireschy, of Minneapolis, won the Great American Handicap, Spencer, of St. Louis, losing his fifty-second bird.

A fine free lunch at the White Elephant resort tonight.

STATEHOOD BILL.

For Some Reason There is Opposition to Bill in Congress.

POLITICS SHOULD NOT CONTROL.

It seems that Speaker Henderson has agreed to set a day for the consideration of the bill for the admission of Arizona, New Mexico and Oklahoma as states, and it is probable that when the measure comes up it will pass the house by a good majority, says the Denver Republican.

For some reason, difficult to understand, there is considerable opposition to this measure in congress, whereas it ought to receive the unanimous vote of both houses. It should not be a question of the political control of the proposed state governments, for the right of the people to govern themselves is a more important consideration than whether they ally themselves with the democratic or the republican party. However, it is well for republican members of congress to bear in mind that whatever may be true of Arizona, New Mexico and Oklahoma may be counted in the republican column.

There is more to be feared from the opposition in the senate than in the house of representatives. But in either case the opponents of the bill will take a narrow view of the question at issue, for any other would cause them to vote for admission. Every argument against enabling the inhabitants of these territories to establish governments of their own is based on selfish considerations in behalf of the east.

Statistics show beyond all question that the proposed states are fully entitled on the score of population and taxable property to admission, and to keep the door closed against them is but to perpetuate unjustly and selfishly a condition of subjection to the federal government under which they should not be compelled to exist. Let them in and they will grow and prosper even more rapidly than in the past, and each year will demonstrate the wisdom of congress in permitting them to come in.

With the admission of these three new states all the country outside Alaska and the insular possessions would be placed under state rule except the Indian Territory and the District of Columbia. Thus the problem of territorial government in the main part of the national domain would be eliminated in nearly every respect. The Indian Territory would remain, but it differs so much from the other territories that it should be considered by itself. The union will not have reached full growth until all the prospective states are admitted, and this of itself should stimulate the desire to bring in the new commonwealths as rapidly as they may show themselves fit for the burdens and responsibilities of a statehood.

THE FAIR.

Officers Will Be Elected on Next Wednesday Evening.

The fair association will hold a meeting Wednesday evening at 8 o'clock over Zeiger's cafe to take up the work of organizing and arranging for the fair next fall. The association is in better financial shape than ever before and the great success of last year has left such enthusiasm that this year's fair will exceed any previously given. Letters are already pouring in on Secretary McCanna from all over the country about shows, amusements, and exhibits of all kinds. The shows tendered are of an unusually high class. Many letters have been received from those who wish to visit here at fair time. The meeting of Wednesday night will be for the election of officers who will have charge of the exhibition.

Highland Buffet.

A. J. Robinson, proprietor of the Highland Buffet, extends an invitation to the patrons of his pleasant resort to visit him tonight and partake at his expense a fine free lunch. The best of liquors handled and served to customers.

DISTINCT RIVERS.

Such is the Character of the Rio Grande From Source to Mouth.

THE WATER PROBLEMS.

For the last few years the United States geological survey has been investigating problems relating to the water resources and supply of New Mexico. One of the facts of general interest brought out by these investigations is that the Rio Grande, the largest stream in the region, is, between its source in Colorado and its mouth at the Gulf of Mexico, in reality three separate streams occupying different sections of a continuous channel.

The upper Rio Grande rises in the mountains of Colorado above Del Norte, but in passing through the San Luis valley near the New Mexican border, its waters are almost entirely consumed in irrigation, so that it enters the latter territory a comparatively insignificant stream.

The Rio Grande in New Mexico receives its waters principally from the drainage of the northern part of the territory, there being no important tributaries below the central portion. In crossing southern New Mexico and western Texas the waters of the stream are again largely used in irrigation, and are lost by seepage in the wide, sandy river bed characteristic of this part of its course, until below El Paso, Texas, there is comparatively little flow.

The lower Rio Grande, comprising that section between the Concho river and the Gulf of Mexico, receives its supply mainly from Mexican states of Chihuahua and Coahuila from southeastern Texas below the Pecos river. Thus in its course the stream is twice exhausted and twice renewed, and furnishes an interesting example of the behavior of a river traversing successive stretches of desert and arid regions.

DIED OF EPILEPSY.

Mystery Which Has Surrounded a Well Known Musician.

This morning at 4 o'clock Enrique Callejo, a Mexican musician who was well known among men around town and in band circles, died in a room on First street. Considerable mystery has surrounded him and he has carefully concealed his last name. So far as known but one person in town knew it.

He came here from El Paso just after the carnival, where he played in the Chihuahua band. He let it be understood he was from Chihuahua and he made his living here by doing odd jobs and playing in the band. He was subject to epilepsy and last night was seized with one of the attacks. He was taken to a room over Bachechi & Gion's, where he was most violent until his death. He broke the bed to pieces and it took several men to hold him. He never drank and was a steady workman.

This afternoon Undertaker Borders succeeded in finding a man who knew his full name. He also found where he lived on the Highlands and an examination of his effects showed that his home was in Zacatecas, Old Mexico, and that he has served in the Mexican army. Callejo was very fair and it is believed belonged to a high Mexican family. No one knows why he tried so hard to conceal his identity. A telegram was sent to Zacatecas this afternoon.

GUILD ENTERTAINMENT.

Closed Last Evening in a Blaze of Glory.

Grant hall was crowded last night for the close of the bazaar by the ladies of St. John's Guild and the crowd stayed until midnight. The entertainment has been a success in every way and the ladies will be able to make a good payment on the rectory. In the early part of the evening the Mandolin club played and Miss Julia Renison sang a solo. Miss Morehead gave a charming reading. George L. Patterson sang the Bedouin Love

Song as a bass solo and Duncan Bell sang an unusually pretty tenor solo.

The sale of feet was an unqualified success and T. N. Wilkerson and J. H. O'Reilly acted as auctioneers. The few remaining articles at the fancy booth, which was in charge of Mrs. J. F. Pearce, Mrs. W. J. Johnson and Mrs. Felix Lester, were sold off by J. H. O'Reilly and E. L. Medler as auctioneers with great success. The ladies of the Guild are highly appreciative of the generous and liberal support given to the entertainment.

HERE IS NEWS.

The Cochiti Electric Light Plant to furnish Albuquerque Power and Light.

The subjoined interesting article touching on Cochiti matters and letting the people of Albuquerque into an heretofore unpublished secret, to the effect that the electric plant in the Cochitis will furnish power and light for this city, was clipped recently from an exchange. For the truth of the old adage, "Go away from home to hear the news," read the following:

It begins to look as though the stockholders of the Cochiti Gold Mining company are in a fair way to learn something regarding the condition and prospects of that company at an early date. Arthur W. Halle, a Boston banker, and a well known outside business man constitute the new protective committee, who met Tuesday afternoon, and will at once issue a circular, calling upon the stockholders for the deposit of their stock with the Federal Trust company, which will issue negotiable receipts. The committee expects to have a definite plan for reorganization in shape at an early date. It is understood that the company's electric plant will be utilized for furnishing power and light in the city of Albuquerque, about twenty-five miles distant.

Bowling at Belen.

The "Senators" and "Owls" contested for honors at Belen last night, but owing to the telephone wires between the metropolis and Belen not working well this morning The Citizen is unable to report the result of the game. The list of bowlers is as follows:

Senators—Messrs. C. A. Dalles, A. Didier, John Becker, Ed. Kramer, Jessames A. Didier, M. Rigney, Misses Laura Zinth, Lola Dorman.

Owls—E. C. Zivver, Henry Davis, George Oshkosh, M. Rigney, Messames Fred Becker, John Becker, Misses Francis Graves, Bertha Rutz, Nowlin.

Bank Robbers Get \$4,000.

Pennville, Ind., April 5.—The Bank of Pennville was entered by burglars early today. The safe was wrecked with a powerful explosion and the sum taken is estimated at \$4,000. The robbers escaped.

OFFICIAL MATTERS.

Territorial Funds—Court of Private Land Claims.

LAND OFFICE BUSINESS.

Territorial Treasurer J. H. Vaughn received \$8.50 for a copy of the compiled laws, and \$273.20 from District Clerk A. M. Bergere, fees for the quarter ending March 31.

Court of Private Land Claims.

The court of private land claims held a forenoon and an afternoon session yesterday. Arguments were heard on the objections of the claimants of the Santo Tomas de Yturbe private land grant in Dona Ana county, against the confirmation of the survey as to the eastern boundary of the grant which is alleged to be in conflict with the Bracito or Hugh Stevenson grant. H. B. Holt, of Las Cruces, represents the claimants.

Land Office Business.

Homestead Entries—April 3: Frank Walker, Raton, 80 acres, Colfax county; Robert E. Bryant, Santa Rosa, 160 acres, Guadalupe county; Victoriano Sanchez, Puerto de Luna, 160 acres, Guadalupe county; Margarita C. de Arias, Puerto de Luna, 164.36 acres, Guadalupe county; Maria Chavez, Puerto de Luna, 162.09 acres, Guadalupe county.

Final Homestead Entry—April 3: Guillermo Chavez, Puerto de Luna, 160 acres, Guadalupe county.

Final Desert Entry—April 3: Lillie Lewis, La Plata, 320 acres, San Juan county.

ANOTHER ARRESTED.

George Massagee Taken to Arizona to Testify and Identify.

George Massagee, who has been in jail for some time charged with being implicated in the Ft. Sumner postoffice robbery, has been taken to Arizona to testify in the case of Whit Neal at Solomonsville. Neal is believed to be the leader of the gang.

Jim Smith, alias Sam Bass, was arrested at his camp on the Blue Water by Deputy Sheriff John Parks and Pollard Pearson of the Arizona Rangers. He was surprised at his camp and gave up without a struggle. He is believed to have been a member of the gang and was with Neal and the others, but was absent from camp when the arrests were made. Massagee will be called on to identify him.

Cordial invitation extended to old customers and visitors to partake of the free lunch at Zeiger's Cafe tonight.

Nice lunch at the Metropolitan tonight.

BEYOND BELIEF.

Corruption Among St. Louis Officers.

Prince of Wales May Come to United States.

First Case to be Submitted to the Hague Tribunal.

NO APPROPRIATION WANTED.

St. Louis, April 5.—The most sensational charges were made by the February grand jury which has been investigating the bribery and official corruption of the municipal assembly, in its final report to Judge O'Neill Ryan, in the criminal court, at noon today. The report declares the people of St. Louis have but a vague conception of the extent to which corruption and venality have for the past ten years existed among their sworn officers and public servants. It finds the true condition of affairs almost too appalling for belief.

WILL INVITE THE PRINCE.

New York Chamber of Commerce May Entertain Him.

New York, April 5.—There is highest authority for the statement the Chamber of Commerce of New York will invite the Prince of Wales to attend the dedication of its new home in August or September. Negotiations of semi-official character have been under way for the last two months, but nothing definite will be known until May or June.

THE FIRST CASE.

Claim Against Mexico Will Be Submitted to Arbitration.

Washington, April 5.—Powell Clayton, United States ambassador to Mexico, is the first person to secure submission of the first case to The Hague arbitration. For a third of a century, the United States government has been trying to effect a settlement with the Mexican government of the celebrated Plus claim involving about \$1,000,000. Just before leaving the City of Mexico Mr. Clayton succeeded in reaching an agreement with the Mexican government for the submission of this claim to The Hague tribunal for arbitration. The claim involves a dispute between the Catholic church of California and the government of Mexico as to the liability of the latter for interest upon certain church lands which the Mexican government undertook to hold as trustee for the church.

WASTED HOWLS.

No Appropriation is Wanted for the Special Embassy.

Washington, April 5.—It is said congress will not be asked for an appropriation to defray the expenses of the United States special embassy to the coronation of King Edward. These expenses will be defrayed by the civilians of the party out of their own pockets, and the army and navy attaches will be ordered to London in the course of duty and thus will have to depend upon their ordinary mileage.

Madrid Will Celebrate.

A grand ball will be given by Friendship lodge, No. 18, I. O. F., of Madrid, N. M., in honor of the eighty-third anniversary of Independent Order of Odd Fellows at the Madrid opera house, April 26, 1902. The following committees will have charge of the affair:

Arrangement—W. Anderson, George Bartsch, Eli Perrett, George Partridge, James Rolando.

Reception and Introduction—George Partridge, James Rolando, Eli Perrett, John Shaeffer.

Refreshments—Joe Davitto, Joe Baca.

Supper—George Bartsch, Karl Schroeder, James Nenette, George Pugh, George Partridge.

Floor Managers—W. Anderson, George Bartsch, Aldorf Haske.

Prompter—Frank Rudeen.

The committees have arranged a program of twenty-four dances, and they expect a large crowd to attend the dance from the adjoining towns.

Spanish American War Veterans.

You are cordially invited to take part in the Grand Army parade Wednesday evening, April 10, at 7 p. m., from their hall to Grant's hall; also to attend the banquet. Fraternally yours,

JOHN BORRADAILE, Ex-Volunteer and A. D. C.

Stand Collapsed.

Glasgow, April 5.—During the international foot ball match between England and Scotland here this afternoon, the stand collapsed and two persons were killed and fifty injured.

Special sale of pocketbooks, purses and leather goods tomorrow from 10 to 2 and 3 to 5 at Newcomer's book store. Hereafter watch for Saturdays' special salesday.

Daily, by carrier, one month......75
Weekly, by mail, per year.....2.00
THE DAILY CITIZEN will be delivered
in the city at the rate of 20 cents per
week, or for 75 cents per month, when
paid monthly. All rates are less than
those of any other daily paper in the
territory.

During the month of March the total
circulation was \$3,183,734.

The enterprising town of Roswell
will establish a free public library.

On April 1 the total circulation of
national bank notes was \$35,476,402.

During the past nine months 967
vessels were built in the United States.

The United States will spend next
year over \$6,000,000 for coast fortifica-
tions.

The Citizen is doing its whole duty
in helping develop New Mexico enter-
prises.

The best thing Silver City can do
to insure prosperity is to build a home
smelter.

The public schools of New Mexico
will favorably compare with those of
any state in the Union.

Let's get together and make the ter-
ritorial fair the very best exhibition
ever held in the west.

Next to Texas New Mexico has the
largest number of goats of any state or
territory in the United States.

President Diaz in a message to the
congress of Mexico reports that repub-
lic in a prosperous condition.

The passenger ships are crowded
with people going to England to wit-
ness the coronation of King Edward.

The Indian appropriation bill calls
for \$9,415,539, an increase over the
amount called for by the house bill of
\$973,834.

English capitalists have bought the
Camp Bird mine at Ouray, Colo., pay-
ing Thos. F. Walsh \$5,500,000 for the
property.

Friday, April 11, is designated by the
governor as Arbor day. This city
should plant several hundred trees on
that date.

The total government receipts for the
month of March were \$46,501,413,
which left a surplus for the month of
\$8,298,976.

The public debt on April 1, less cash
in the treasury, was \$997,732,332, which
is a decrease for the month of March
of \$6,823,720.

During the past fiscal year the Steel
Trust netted profits to the amount of
\$11,067,195. It is going to be rather
difficult to down that octopus.

The advocates of statehood for the
three territories have resolved to force
the fight in the house regardless of the
opposition of Speaker Henderson.

It is predicted by a number of prom-
inent democrats that the socialists will
never again cast 300 votes in this city.
Upon what they base their opinion
can only be conjectured.

Col. J. W. Fleming has served fifteen
consecutive terms as mayor of
Silver City. He has never had any op-
position. No other man in the United
States has had a similar experience.

Delegate Rodey has taken the Las
Vegas Record to task for its unjust
criticism for his appointment of young
Glassford to the naval academy. Mr.
Rodey shows that the boy was born in
Las Vegas and is now a student in the

SENATOR BEVERIDGE.

Personality of the Chairman of Com-
mittee on Territories.

After the statehood bill passes the
house and gets into the senate, it will
be in the hands of Senator Beveridge,
of Indiana, as chairman of the senate
committee on territories. Concerning
his personality the St. Louis Post-Dis-
patch says:

Senator Beveridge, of Indiana, is un-
doubtedly the most popular man in the
senate in a social way. He is really
the only one in his class. He is young,
good looking—the women say very
good looking—a widower, well dressed
always, knows which forks to use, is
an entertaining dinner companion—
again the women say "a brilliant con-
versationalist"—and with about as
good prospects as a reasonable woman
could ask. In a word, he is looked
upon as eligible. He has no large
amount of money; but with his salary,
and writing, and perhaps a few law
fees on the side, he manages to get to-
gether between \$10,000 and \$15,000 on
which to live. And he believes in living
well.

He has unusually good taste in the
matter of furnishing, and his apart-
ment at the Portland, is known for its
rugs, hangings and bric-a-brac collect-
ed in his travels. The gossips are all
watching and chattering, ready if he
looks twice at a girl to predict some-
thing in the matrimonial line. Some
of the dowagers and senators' wives
have taken him in tow and are doing
their prettiest to match him with some
very rich and very good looking girl.

One foolish story has been started
that he is to marry Miss Alice Roose-
velt. It is founded on the fact that he
has met her and dined with her at the
same table once or twice; this added
to the idea of some tabby that it would
be a good thing to do.
There are two or three rich widows
in the Washington smart set who
would not be likely to be Mrs. Sena-
tor Beveridge; but none of them has
been given any appreciable reason to
expect such a change of state. The
young senator expects to scorn all soci-
ety with a high and mighty scorn, but
his professions are not entirely sup-
ported by his conduct, for he goes
about seven days in the week.

COURT AT CARLSBAD.

Manning and Wilburn Murder Cases
Were Set for Trial This Week.

The criminal docket was called in the
Carlsbad district court last Tues-
day. Three cases were nolle prossed.
The case of the Territory vs. James M.
Manning for murder, was set for Wed-
nesday morning, April 2. Messrs. Gate-
wood and Bateman, on behalf of the
defendant, filed a plea in abatement, on
the ground generally that the grand jury
bringing the indictment had not
proper and competent evidence before
them upon which to found the indict-
ment; to which plea the territory en-
tered a general denial. Testimony was
adduced on behalf of the prosecution
and the defense and the plea was over-
ruled. What is known as the Wilburn
case was set down for Friday morning,
April 14. This is the case in which a
young man, Church Wilburn, living in
the vicinity of Hope, Eddy county, was
killed while returning from church one
evening in the early part of June, 1900.
The defendants are Luther Foster, El-
der Miller and Eli Foster. Two indict-
ments were returned by the grand jury
today. Also three new bills.

GOLD FIND IN NEW MEXICO.

Denver Investors Have \$80 Ore in Old
Placer Camp.

Bernalillo county, New Mexico,
boasts of the very latest brand new
gold camp. It is located in the Sandia
mountain range, about twenty-five
miles east of Albuquerque, says a writer
in the Denver News.

Placer digging has been operated
there for over a century by the Mexi-
cans. A month ago a representative of
the Treasure Hill Mining company,
operating at Kingman, Ariz., and com-
posed of Colorado and eastern capital-
ists, visited the section and secured a
group of claims for his company on a
reef of rocks which he thought to be
the source of the placer gold. On Sat-
urday last the company received word
that gold had been found in one of the
claims. Some of the mineral arrived
in Denver Tuesday. Eight tests were
made averaging over \$80 per ton. E.
Chapin Gard, secretary of the com-
pany, leaves for the new field tonight
to superintend work on the properties.
He will be accompanied by a party of
Denver capitalists.

Business Opening, \$5,000.

Here is a chance for some one to
purchase a well established and very
profitable business in a first class min-
ing town in Arizona at a bargain. It is
about a \$5,000 proposition, including
fine up to date stock, three lots, large
store room with cellar, stable, five-room
dwelling house, finely furnished, etc.;
monthly sales, \$2,750, mostly cash;
terms easy; death of wife and child of
proprietor, reason for selling. At a
glance it will be seen that this is a rare
chance to make an exceptionally good
investment, or full particulars and
terms, address or see H. S. Knight at
once, Albuquerque, New Mexico

ALBUQUERQUE & JEMEZ SPRINGS

CERTIFICATE OF PUBLICATION.

For the Year Ending December 31st,
1901.

Territory of New Mexico—Insurance
Department—Office of Auditor of
Public Accounts—Santa Fe, N. M.,
March 3, 1902.

It is hereby certified, That the Equi-
table Life Insurance company, a corpora-
tion organized under the laws of the
state of New York, whose principal
office is located at New York City, New
York, has complied with all the re-
quirements of the laws of New Mexico,
so far as the said laws are applicable
to said company, for the year of Our
Lord, One Thousand, Nine Hundred
and Two.

In testimony whereof, I, W. G. Sargent,
auditor of public accounts for the
territory of New Mexico, have hereto
set my hand and affixed my seal of of-
fice at the city of Santa Fe, the day
and year first above written.
W. G. SARGENT,
Auditor of Public Accounts.

Notes from Correspondents

ITEMS FROM DEMING.

Col. Smith in New York—John Cain's Scheme—Local Notes.

Special Correspondence.
Deming, April 4.—The spring seems to have set in in earnest here at Deming, and it is a joy to live. Buds and blossoms are everywhere and the balmy breezes have tamed down so that no sand blows.

Col. P. R. Smith writes from New York that he has about completed a big transaction in copper properties, the details of which we are as yet unable to give. It may, however, be said that there is an independent smelter in the deal which is backed by prominent Philadelphia and New York capitalists, and this should be interesting news to the various mining communities around Deming.

Mr. Irvine, manager of the Deming opera house, gave a home talent entertainment last Wednesday evening which was well attended and well worth attendance. Every thing went off well and the crowded house enjoyed the whole performance to the utmost. This is to be followed by a dance to-night to be given free to holders of reserved seat coupons for last Wednesday's entertainment.

Mr. Choate, manager of the El Paso & Southwestern, was in town Wednesday on business relating to the new depot contemplated by the Bisbee road at Deming.

A. J. Clark will begin the erection of a large new building on the corner of Gold avenue and Pine street, next to his grocery, in a very short time now. From what Mr. Clark says you would think he had no faith in the future of this town, but actions speak louder than words.

John M. Cain is thinking of moving the Kingston Mountain View hotel to Deming and setting it up near the Herald printing office. Mr. Cain is a progressive business man and knows a good thing when he sees it. He has seen Deming and has decided to throw in his fortune with those of the best little town in New Mexico and with confidence in the result of his venture, too. When men of his kind from the immediate neighborhood begin to take stock in the town and put their money into it, it is a pretty good indication of what is there.

Mrs. Margaret Thwaites, of White Signal, Burro mountains, has been spending a week or so with Mrs. G. A. Anderson, of this city, her niece.

Prof. Leon Godshaw, the great tonorial artist of Deming, has returned from the Mimbres springs where he has been recuperating for several weeks and his genial countenance now smiles again over his barber chair.

MASS MEETING.

To be Held in Silver City on Local Smelter Proposition.

Special Correspondence.
Silver City, N. M., April 4.—A mass meeting of the business men and mining men of Grant county and everyone interested in the enterprise of erecting a smelter and concentrating plant in this city has been called by Mayor J. W. Fleming for next Tuesday afternoon.

Ever since the closing down of the trust smelter here a short time ago the leading business men of the city and others have been agitating the project of erecting a smelter and concentrator owned and operated by local men. It is the idea of the men interested in the project if the mills are erected to treat the vast bodies of all kinds of ores in this section at a very small milling rate, thereby enabling the operators of mines who have a low grade proposition to mine and mill their ores at a profit and thereby hold all kinds of business in this county. The treatment rates charged by the trust smelter at this point were so high that it made it impossible for operators of mines which were a low grade proposition to ship their ores to the smelter and have them milled at the high rate charged paid the biggest part of the profit to the trust.

Most of the prominent business men of Silver City have signified their willingness to take up considerable stock in the erection of the local mills and the mining men of the county will eat up the balance of the stock. From the present indications the enterprise will be carried through and will greatly improve the local mining and business conditions of this city and surrounding country.

The city council at their last meeting ordered the erection of a steel bridge across Main street on Broadway and gave the contract to the American Bridge company at a figure of \$683. It will be a seventy foot span steel bridge and have a sixteen foot roadway.

The Santa Fe has granted a rate of one fare and one-fifth from this city to Albuquerque during the Grand Army of the Republic encampment in that city on April 10.

Ernest Harnes and wife left last evening for El Paso. Mr. Harnes for some time past has been superintendent of the smelter located here and on account of its close down was transferred to the El Paso works.

FLAGSTAFF FLASHES.

Interesting Topics From the Skylight City of Arizona.

Special Correspondence.
Flagstaff, April 3.—The municipal office seekers of this city are pretty busy these days. Although there is only one ticket in the field, the strife is as great as if there were three. T. E. Pollock, the present mayor will probably be re-elected. The councilmen on the ticket are T. E. Pollock, David Babbitt, E. S. Gosney, J. C. Lake and J. A. Vail. The votes will be cast next Monday, April 7.

The Arizona Lumber company has 18,000,000 feet of lumber in their yards and has not yet enough to meet the demand.

The Albuquerque Daily Citizen is now to be found at C. A. Keller's news stand, next to the postoffice.

Flagstaff has an organization termed the Coconino Commercial club, which is a pretty lively institution. The two story building opposite Babbitt Bros. general store, has been added up into quite a lively club room. Bowling alley, billiards, billiard parlor, reading room and reception room, and all the

conveniences necessary for the entertainment of the members and its guests. The membership is now about eighty.

RATON HAPPENINGS.

Many Social Events in the Lively Little City.

Special Correspondence.

Raton, N. M., April 5.—Mr. A. A. Jones, of Las Vegas, gave a champagne supper last Friday night at the Harvey house. Covers were laid for eight and the guests included Judge Mills, Mr. Gortner, C. N. Blackwell, Mr. and Mrs. C. J. Gavin, Mesdames Hamblin and an Honen. Afterward Mr. Jones and guests went to the court room to attend an interesting evening session of the court.

Court adjourned at noon on Thursday, when the court and its officials, as well as all out of town lawyers took their departure.

Mrs. Van Houten was called to Las Vegas Tuesday, by the illness of her parents, Mr. and Mrs. Chris Weigand. She will be absent a week or ten days.

The Seven Hand Euchre club met with Mrs. A. R. Streicher last Wednesday afternoon. A pleasant meeting was held. Mrs. Hobbs and Mrs. Price were the prize winners.

Mr. and Mrs. Streicher entertained a few friends at cards last Monday evening. Carnations were used to trim the rooms and a Dutch lunch was served. The guests were Mr. and Mrs. Van Houten, Mrs. Hamblin, Mr. and Mrs. Hobbs and Mr. and Mrs. Leahy.

Mrs. H. P. Roseberry gave a party in honor of Miss Nina Anderson, of Trinidad, who is the guest of Mrs. Whigham, Friday afternoon. Besides Miss Anderson there were present Miss Blackwell, Miss Marion Blackwell, Miss O'Brien, Miss Alice Thomas and Miss Ruby Grey. After playing some jolly games, the young ladies partook of a delicious supper.

Mrs. Chas. and Mrs. Dwyer gave a sewing party to a large number of ladies this afternoon. The ladies of the Baptist church gave a supper in the Investment hall Thursday evening, which was very liberally patronized. About \$50 was cleared. Everyone speaks highly of the supper and it was evident from the variety of good things to eat that the ladies had done their best to cater to the taste of their patrons.

Thursday night was a night of church socials. At Blackwell's the Christian Endeavorers held forth and with serving ice cream and cake made \$4.40 for the society. The young people made merry playing games and having music, besides partaking of refreshments.

At the residence of Mrs. Mamie Howells was held a Methodist social, which was generally patronized and a goodly sum realized.

Dr. Tansy, a prominent Chicago physician, is here visiting his wife, who is here for health reasons.

FARMINGTON.

From the Hustler.

The many friends of William Locke are happy to see him out again, after suffering a broken rib, due to a fall from a load of hay.

The Masonic fraternity of this vicinity are promised a rare treat, beginning on April 8, when Deputy Grand Lecturer of New Mexico Robert White will be here for three days to deliver a series of lectures.

The 83rd anniversary of the institution of the first Odd Fellow lodge in the United States, will be celebrated jointly by the Odd Fellows and Rebekahs of San Juan county, at Farmington, April 26. Committees from the various lodges are now arranging a program.

Farmington can now probably boast of having the finest and most modern department store in all New Mexico, thanks to the enterprise and efforts of the Hyde Exploring Expedition and the very able local management of George H. Browne. The main building, 50x115 feet, two stories and basement, is divided into five departments.

The elocutionary contest held last Saturday evening was a decided success in every detail. Every one of the ten contestants showed a marked degree of gift and study, entitling each to individual mention, would space permit. Miss Lucille Thomas, of Farmington, carried off the first prize, consisting of a handsome gold medal, the second prize falling to Carrie A. Bates, of Aztec.

ALAMAGORDO.

From the News.

Building steadily goes on and still there is not a vacant house to be had in Alamogordo.

The postoffice at Pine Springs, Otero county, is to be discontinued, the mail to go to Clouderoff.

The court house is finished and will be turned over to the commissioners at their next meeting.

Editor Kehoe, from Tularosa, was in town yesterday and reports that the recent gold find north of that place is looking well.

Alamogordo is now included in the itinerary of the circus companies and the small boy will see the elephant and revel in popcorn and red lemonade this season.

James Sutherland and James Ferrell have sold their ranch on the Penasco to Boyd Williams and H. Hollingsworth for \$12,000. This deal includes 480 acres of land and about 300 head of cattle.

The engineering department of the El Paso-Rock Island railway company are now engaged in running levels for a canal around the foothills of the Sacramento mountains to the east of Alamogordo to carry off the rain and flood waters. The canal will be about three miles long, twenty feet deep at the top, sixteen feet at the bottom and four feet deep. The amount to be expended in this improvement will be at least \$5,000.

SANTA FE.

From the New Mexican.

Judge John R. McPhe is busy at work upon opinions for the sessions of the territorial supreme court which convenes at Santa Fe on April 24. No

cases will be heard in chambers until after the adjournment of the supreme court.

District Attorney Frank W. Clancy of Albuquerque, is in Santa Fe on business before the court of private land claims.

N. E. Stevens, of Albuquerque, prominent in Odd Fellow circles, is in Santa Fe on building and loan association business.

Cordelia LeBow, aged 3 years, died at the home of her grandparents, Mr. and Mrs. Charles L. Thayer, of acute pneumonia. The funeral took place yesterday at 2 o'clock.

Rev. R. M. Craig, superintendent of Presbyterian missions, was an arrival from the south and left overland for Chihuahua. He returned recently from the east, where he made sixty-four missionary addresses in less than sixty days. He says that a new mission school will be built at Las Truchas and at other points in Taos and Rio Arriba counties.

C. C. Clark, of Kelly, Socorro county, past grand chancellor of the Knights of Pythias of New Mexico, is in Santa Fe today on a business visit. Mr. Clark has just recovered from a long siege of illness that confined him to his home all winter. He reports that a new company will take hold of the Cavern mine at Kelly and will probably erect a smelter. There are about 20,000 tons of ore in sight at the mine.

LAS VEGAS.

From the Record.

Miss Maud McIntyre, of Santa Fe, is here visiting Mrs. John James.

Mrs. Sederro Baca came in from San Miguel to visit her daughters who are in school here.

Arthur Iffeld is sporting a new handsome rig. He must be preparing for a "campaign" this summer.

Miss Rosie Frank, who had been visiting Mrs. Isaac Apple, returned to her home in New York City.

Herman Iffeld expects to leave for Santa Rosa, where he will remain several months looking after his father's interests in their branch house.

Word has been received from Prof. McNary, at Pittsburg, that his mother, while resting easily, is still very low and the doctor holds out no hope for her recovery.

J. B. Lewis, wife, and sister in law, Mrs. Good, who had been in Las Vegas and Socorro for some time, returned to Boise City, Idaho.

An old Mexican lady was found early the other morning near the home of Antonio Lucero almost frozen to death. She was very weak and could scarcely stand. She was taken to the Ladies' Home.

Mrs. Donald Stewart is packing her household goods preparatory to moving to Tucuman, where Mr. Stewart has been for some time as manager of the store of Gross, Kelly & Co., of which firm he is a member.

Dr. N. Judd is expected back from Topeka, and the present program is for the preliminary hearing of Mrs. A. M. Walker to take place the day after his arrival. This may be changed, however.

"CAPT. JACK."

The Post Scout, "Capt. Jack" Crawford, Writes About Horse Market.

San Marcial, N. M., April 2.—Just returned from Denver, where I took a car load of as good horses as was ever loaded from a New Mexico range, but was misled, inasmuch as I was informed that the horses only needed to be rode once or twice and broke to lead, with the result that I had to wait three days for inspection and then only seven head out of the twenty-six was acceptable at \$35 per head. I refused this and tried to find riders to break and ride them, and after waiting a week finally took \$37 for seven head. Then seeing that it was going to cost considerable to get the balance, I traded for a thoroughbred Kentucky jack, 7 years old and fifteen hands high, together with a thoroughbred combination saddle and buggy horse.

The jack is valued at \$1,000 and I refused \$150 for the horse, and I want you to say in The Citizen that anyone contemplating shipping horses must have them perfectly gentle, blocky built and serviceable, fourteen hands one inch to fifteen hands high, 5 to 8 years old, and without a blemish of any kind. I had one fine horse turned down because a little hair had been rubbed off with the hobbles. Every inducement is made to ship and when they get you there under heavy expense you are compelled to take what they offer or ship back, which I should have done, had I had a bank account. I am going to ship two or three more loads, but I know just what is wanted and have a guarantee.

"CAPT. JACK."

Carpenters' and machinists' tools of all kinds. Albuquerque Hardware company.

In Deming the demand for rental houses is five times in excess of the supply.

Have you seen that blue enameled steel ware at the Albuquerque Hardware company's store. It is the most beautiful and ornamental ware ever seen in Albuquerque.

Notice.

Sympathy

Is a good thing for the young husband to give the young wife. But sympathy will not abate one jot of her nervousness or lift her to that plane of sound health where alone the wife and mother can find happiness.

Dr. Pierce's Favorite Prescription

gives the mother abundant nutrition for her child. "Favorite Prescription" is a woman's medicine and has no equal as a cure for womanly diseases. It establishes regularity, drives weakening drains, heals inflammation and ulceration and cures female weakness.

Accept no substitute for "Favorite Prescription." No other medicine is "just as good" for weak and sick women.

"It affords me great pleasure to be able to say a few words in regard to the merits of Dr. Pierce's Favorite Prescription and Golden Medical Discovery," writes Mrs. Flora Ann, of Dallas, Jackson Co., Mo. "I was tempted to try these medicines after seeing the effect upon my mother. At an early age of married life I was greatly bothered with painful periods, also a troublesome drain which rendered me weak and unfit for work of any kind. I became so thin there was nothing left of me but skin and bone. My husband became alarmed and got me a bottle of 'Favorite Prescription.' After he saw the wonderful effects of that one he got two more, and after I used those up there was no more pain, and I began to gain in flesh very rapidly."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Chicago paper asserts that more than 15,000 lame and broken down horses are annually slaughtered in that city for sausage purposes. Before purchasing your hologna or Frankfurter it will be well to see that a home brand is blown upon the envelope.—Denver Post.

We carry the largest variety of linoleums and oil cloths in this city. Albert Faber, 305 Railroad avenue.

ORDINANCE NO. 188.

Regulating salaries of elective officers for ensuing year.

Be it ordained by the city council of the city of Albuquerque:

Section 1.—That the salaries of the city officers to be elected at the next annual election to be held on Tuesday, the first day of April, 1902, shall be for the period of one year ending the second Monday after the first Tuesday of April, 1902, as follows: City treasurer, \$25 per month; city clerk, \$75 per month, and it is further provided that the city clerk, in addition to said sum, shall receive and hereby is empowered to collect from every licensee the sum of 50 cents clerical fee for the issue of each and every city license now provided by ordinance.

O. N. MARRON, Mayor.
C. W. MEDLER, City Clerk.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.

As to teas: Everyone knows that we keep the very best to be had in the territory.

W. L. HATHAWAY RESIGNS.

E. A. Linn in Charge of Office Here—
New Manager Soon Expected.

E. A. Linn, who arrived in the city some time ago, is now the acting manager for New Mexico and Arizona of the Mutual Life Insurance company of New York, vice W. L. Hathaway, manager, who has resigned on account of poor health, the resignation taking effect on April 1. The Citizen representative called on Mr. Linn this afternoon, and the gentleman stated that he had been sent here to get the office in working order, after which, possibly in a month, a gentleman will come on who will take charge of the office as its manager. Mr. Linn has been with the Mutual for a number of years, and is the company's inspector of agents, with headquarters at the home office in New York. He says that the company, after Mr. Hathaway's health has been restored, will look after his welfare and place him in a good position, at some point where the altitude is not as high as here at Albuquerque.

During Mr. Hathaway's absence in southern California, his affairs here have been looked after by his brother, F. C. Hathaway, to whom all accounts and other papers demanding attention should be sent. He says his brother's health is improving, but that he will be kept from any business cares for several months yet.

MIDDLE OF MAY.

St. Joseph Sanitarium May be Opened at That Time.

The second week in May has been selected for the opening of St. Joseph's sanitarium. It is possible that delay in the interior furnishing of the building may compel the Sisters to defer the opening until June, but at present it looks as though it will be opened next month.

Gifts have come in and continue to come in so that it seems the building will not only be opened by May 15, but it will be furnished as well. Seventeen rooms have been furnished by individuals and many other gifts have been made toward the general furnishing of the building. The response has been far beyond the expectations of the Sisters.

William Farr of the Farr market will furnish one room and it is expected he will select one of the private rooms. Another private room will be furnished by the proprietors of the San Jose market.

W. V. Putrelle, of the Putrelle furniture store, will furnish one of the most attractive rooms in the building, the guests room on the first floor. This room will be reserved for visitors to the institution. Albert Febar has given \$20 worth of carpet to be selected from his stock by the Sisters.

HOTEL ARRIVALS.

Sturges' European.

R. P. Oliver, Denver; J. W. Miller, Jones Hot Springs; E. S. Waddles, St. Joseph; N. Tillotson, Racine, Wis.; Fred A. Bush, Williams, Ariz.; A. C. Teichmann, Charles Westpheling, H. D. Knight, W. D. Scott, St. Louis; R. E. Russell, Los Cerrillos; J. W. Akers, M. A. Otero, Santa Fe; Charles Sellers, Denver; W. D. McCoy, San Rafael; J. T. Lindsley, St. Louis; J. Thomson, Denver; G. F. Pitts and wife, Algonquin, N. M.; F. B. Melroy, M. A. Sullivan, Chicago; A. H. Shiehl, Los Angeles; C. A. Farr, New York; John D. Wilson, St. Louis; W. M. Claypool, Preston, Ariz.; Mrs. W. E. Clark, El Paso; J. T. Brown, city.

ALBUQUERQUE

NEW MEXICO

ARIZONA TOWNS

ST. JOHNS.

From the Herald.

Captain Hogue is still out in rural districts looking after the interests of the public schools.

Miss Caroline Desmont and Miss Teresa Wahl of Springerville, were in the county seat this week.

Peter Peterson, J. R. Armijo and Jose Angel Chavez will commence shearing 12,000 head of sheep at the Little McIntosh spring next Wednesday.

The Concho Dramatic association played to a fair sized house last Friday night and met with a cordial reception by the citizens of St. Johns.

County Treasurer Hill reports that by virtue of the compromise effected with the Santa Fe Pacific railway Apache county will receive about \$4,000 in excess of the amount obtained from that source last year.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

WINSLOW.

From the Mail.

Rev. Seaborn, of Gallup, held services in the Episcopal church last Sunday.

P. A. Ward was called to Oakland, Cal., last Monday by the serious illness of his brother.

Last Sunday afternoon at 2 o'clock Winslow Masonic lodge, the Chapter of the Eastern Star and the Court of Independent Foresters formed a procession and proceeded to the residence of the late Thos. H. Fee. The fraternal bodies took charge of the remains, re-formed in procession and proceeded to the opera house. The pall bearers were Messrs. W. H. Cooley, Frank Thomas, L. E. King, W. S. Bennett, W. J. Watson and N. S. Sloan.

After the audience and brethren were seated the Masonic funeral services were conducted by Worshipful Master W. A. Parr; Brother F. M. Zuck, of Holbrook, officiating as chaplain. Rev. E. G. Decker then delivered the usual sermon and admonished his hearers that death is coming and we should prepare to meet it.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more gentle and mild in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by all druggists.

HOLBROOK.

From the Argus.

F. H. Althorn and little son paid Winslow a visit.

District Attorney J. E. Jones, of Flagstaff, was in town.

John Murray and Mrs. S. E. Sharp left for Salt Lake City.

District Attorney Bourbage was down from Winslow on business.

Mrs. Trujillo, sister of Jose Nunez, of this city, died at Winslow.

Wool has commenced coming in, considerable having been shipped this week.

W. H. Clark, Will Wooster and R. C. Smith were attending court at Prescott.

President Jesse N. Smith, of Snowflake, and several others from the upper country, left for Salt Lake City to attend the conference.

Adolf Schuster came in from Los Angeles on the flyer to look after his extensive interests in this and Apache counties.

Eljah Thomas and family, who went to Utah some time ago, in quest of a new home, returned and will go back to their old home in Pinedale. They seem to think there are worse places than Arizona.

The district school has closed for the term. A very interesting program was rendered by the pupils and each and all did their part exceedingly well. All of the recitations were picked out by the pupils and they showed their good taste by their selections.

Could Fill the Paper With Them.

This paper might be filled with items like the following, and everyone be the absolute truth. I had rheumatism for years and tried almost everything, but got no permanent relief until I used Chamberlain's Pain Balm, three bottles of which have cured me. It is the best medicine I ever used.—Philip E. Rhoads, Pennville, Mo. Pain Balm is for sale by all druggists.

KINGMAN.

From the Miner.

John F. Phelan, of Kingman, has purchased one of the finest butcher shops in the state of Oregon at a place named Union, in Union county, and has gone into the business.

Andy Lancer was indicted at Prescott by the United States grand jury on the charge of tampering with the mail of W. H. Hall. Mr. Lancer had been the mail carrier between White Hills and El Dorado canyon, Nevada, and it is alleged opened the mail addressed to W. H. Hall, without the knowledge or consent of that gentleman. The trial will take place in Prescott.

Anson H. Smith received a letter from Pendleton Hunter, of Rico, Colorado, inquiring for particulars of the death of his brother, David Hunter, which occurred in the Golden Gate mine a month ago. Mr. Fagin, superintendent of the mine, also received a communication regarding the matter. Deceased had two brothers and two sisters.

The snow and rain storms of the past week have done a world of good to the ranges in this county and have helped out the water in the mountains, making the work of the prospector much easier. Since 1884 the springs in the mountains of this country have been drying up and it will require many wet seasons to replenish them. In mines where the water was so strong a few years ago that it was impossible to

sink with a windlass there is now hardly enough to make good drilling.

The Kingman lodge of Elks elected the following officers for the ensuing term: J. R. Halsey, exalted ruler; Ira M. George, leading knight; John Hamilton, loyal knight; John Mulligan, lecturing knight; Charles Metcalfe, secretary; C. E. Bowers, treasurer; Wm. Satori, tyler; J. R. Russell, trustee; delegate to grand lodge, E. F. Thompson; alternate, Howard W. Kemper. The lodge is in an excellent financial condition and has a membership of ninety.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." J. H. O'Reilly & Co., B. H. Briggs & Co.

WILLIAMS.

From the News.

Frank Watkins arrived in the city from Prescott, and after spending a few days here with his friends left for Los Angeles.

Dr. A. Tyroler received his mountain lion skin a few days since from the hands of a taxidermist. It is a beauty and Doc is justly proud of it.

Isaac Barth, a prominent merchant of St. Johns, Apache county, passed through the city last Sunday en route to Prescott, to attend court. "Ike" has many friends in Williams who would be glad to see him make them a visit.

M. Salzman has established a branch of his large Williams store at Seligman, D. G. Payne, for some months past employed by the Williams Hardware and Stationery company, has accepted the position as manager and left for Seligman to take charge of the business.

Mr. and Mrs. O. C. Strait returned to the city last Sunday from Albuquerque. They prefer Williams to any place they have visited in the west and their many friends would be glad to have them locate permanently among us.

A small fire occurred at the office of the Saginaw and Manistee Lumber company, the roof catching fire from a cinder, but prompt work by the company's fire department soon extinguished the blaze.

The mutilated body of a man was found on the Santa Fe Pacific track at Ash Fork last Tuesday. It is stated that it is not known when he was ran over by the train. A couple of grips were found near the body. The man was a stranger and about 35 years of age. An examination of his effects showed that his name was T. C. Hill and that he was from Italy, Texas.

Prof. J. R. Hinton and family left for Oakland, Cal., where Mr. Hinton goes to accept a position as traveling salesman for a supply house. For the past three years he has been principal of the Williams public schools and during vacation has traveled over the country selling school supplies, so that while the field he now takes will be larger he feels he has ample experience to fit him for the place.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

FLAGSTAFF.

From the Sun.

E. S. Clark was in Prescott on important legal business.

J. J. McMurtrey has been confined to his home with an attack of erysipelas this week.

Mrs. D. S. Lewis, Mrs. E. Creech and Mrs. M. T. Piper left for a few weeks stay in Phoenix.

J. C. Mudersbach has purchased the ranges and sheep owned by J. C. Moritz, and he left for the range on the catarract to take charge of the outfit. Charles Clark left to join Mr. Mudersbach.

The following are present officials of the Flagstaff fire department: J. J. Donahue, chief; L. W. Quinlan, first assistant; B. A. Cameron, second assistant; Geo. Hochderfer, third assistant; L. W. Quinlan, secretary; George Babbitt, treasurer.

Thos. Carroll was in town this week with a band of 250 horses, which he delivered at the stockyards to a party of eastern horse buyers for shipment to Kansas City. The horses were sold at fair prices and it is said that they were bought for shipment to South Africa for use in the English army.

The Flagstaff Electric Light company have ordered a new 60-horse power engine, the latest improved dynamo and a new switch board. When the new machinery is installed the capacity and efficiency of the plant will be largely increased and an improved service will be given the patrons of the electric light company.

C. E. Goddard was in town recently. He has a plant for shearing sheep by machinery, and has clipped 100,000 in the southern country this season. His plant has been moved to Ash Fork and he expects to commence the shearing of the bands of sheep in that vicinity next Wednesday. Two thousand sheep can be relieved of their fleecy covering in a day by the shearing machine.

W. W. Wray, of the Navajo mission, on the Little Colorado river, was in town recently. He has been laid up for the past few weeks with a broken leg, but is now able to be around with the aid of crutches. The dam across the river, which was washed away last year, has been rebuilt. The government has furnished five windmills, with pumps, to be used in pumping water for irrigation purposes and Mr. Wray believes the Indians will be successful in raising fair crops this year.

T. Herrington, treasurer; S. F. Quay, tyler; Dr. E. S. Miller, Dr. D. J. Brannen and Thos. Devine, trustees. J. E. Ruffin was elected delegate and Dr. E. S. Miller alternate to the grand lodge, which holds its session in Salt Lake City, Utah, in June next.

From the Gem.

J. A. Lamport left for a visit to Albuquerque.

Ed Theiss left for southern California, where he will reside in the future. Joseph Dent and John Marshall returned from Yuma county, where they had been to look at some mining property belonging to the first named gentleman.

M. S. Beal and J. W. Francis returned from the mines on the reservation. Mr. Francis was real sick when he arrived home, but is now recovering.

Sanjo "Bill," who left here in 1887 and of this section, arrived in Flagstaff the first of the week. He is accompanied by one of his brothers.

J. W. and R. C. Jones returned from the southern part of the territory. They had some varied experiences, but they have located a rich mine if the specimens indicate anything.

Wields a Sharp Ax.

Millions marvel at the multitude of maladies cut off by Dr. King's New Life Pills—the most distressing too. Stomach, liver and bowel troubles—dyspepsia, loss of appetite, jaundice, biliousness, fever, malaria, all fall before these wonder workers. 25 cents at all drug stores.

Q. AKER REFLECTIONS.

Hook—Scribbler says his drama is a play without a villain. Nye—I struck me as being altogether villainous.

Biobbs—How is your mother in law? Slobs—Well, she's improving, but very slowly. Biobbs—I'm glad to hear that.

De Tanque—Guzzler never wears a full dress suit, does he. O'Soque—No, he generally gets full before its time to put it on.

...hat part of my sermons do you enjoy most?" asked the Rev. Dr. Longwind. "The conclusions you reach," replied Deacon Kandid.

Hubbubs—I suppose you will soon see lots of blooming things out your way. Sububs—I have seen lots of blooming idiots all winter.

Wigg—Your actor friend is rather eccentric, isn't he? Wag—Eccentric is no name for it. He actually admits that there are other actors as good as he is.

"Some people believe in honesty because it is the best policy," says the Manayunk Philosopher, and others because they haven't the nerve to take a chance."

Mrs. Muggins—Is your husband interested in the race question? Mrs. Ruggins—I should say he is. That's the way he loses all his money. He bets on them every day.

—Philadelphia Record.

Shot in His Left Leg.

For all kinds of sores, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." J. H. O'Reilly & Co., B. H. Briggs & Co.

Spring Fashion Notes.

Sleeves are increasing every day in size, and it seems not at all unlikely that before the summer we shall be wearing the flowing sleeves so fashionable in the early forties.

The prominence of stripes and small checks in all the new spring and summer materials is very marked, and applies to silks and washable fabrics as well as to woolen goods.

White skirts will prove popular again during the coming white and cotton season, for such goods are in full way, and cool, dainty, freshly laundered frocks will this summer reign supreme.

Braid laces describe well the new laces made of white washable braids for summer gowns. These laces come in lovely patterns and various widths suitable for skirt as well as for bodice trimming.

For morning and all informal occasions pretty and sensible blouse and skirt gowns will be much more worn than they were last year. Linen, madras, duck and Hollana will be used in evidence of these gowns.—April Ladies' Home Journal.

The Great Dismal Swamp

Of Virginia is a breeding ground of malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and malaria troubles. They will surely prevent typhoid. "We tried many remedies for malaria and stomach and liver troubles," writes John Charleston of Byesville, Ohio, "but never found anything quite so good as Electric Bitters." Try them. Only 50 cents at all druggists. Guaranteed satisfaction.

Progressive Merchants.

Last Saturday's Albuquerque Citizen was an exceedingly interesting newspaper of sixteen pages. The Citizen is fortunate in being supported by a progressive class of business men, who appreciate the enterprise and energy of its genial publishers. Certainly, Albuquerque ought to feel proud of its two daily newspapers, and the newspapers give ample proof that they ap

THE CLEANSING AND HEALING CURE FOR CATARRH

ELLY'S CREAM BALM

Easy and pleasant to use. Contains no injurious drugs. No scratching. Gives Relief at Once. It Opens and Cleanses the Nasal Passages. Alleviates Inflammation. Heals and Protects the Membrane. preciate the generous support accorded them by the shrewd and progressive business men of that city.—Las Vegas Record.

Pneumonia is Robbed of its Terrors
By Foley's Honey and Tar. It stops racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

MILT PLAYER'S PLACE.

He is Master Mechanic of Fort Worth & Denver.

Milton Player, who Monday retired from the position of master mechanic of the Eastern division of the Santa Fe, has been placed at head of machinery department of the Fort Worth & Denver railroad, having the title of master mechanic and maintaining his headquarters at Fort Worth, Tex., says the Topeka State Journal. The appointment was effective on April 1 and Mr. Player will leave at once to take up his new duties. He has been connected with the Santa Fe one way and another since 1891, when he came here to complete his apprenticeship as a machinist. He was promoted steadily until June he was given the place of master mechanic here, succeeding G. T. Neubert.

The Fort Worth & Denver is a new, but excellent road, having a mileage of about 500, and owning the neighborhood of 45 locomotives and 1,100 cars. The general offices are in Fort Worth, the president being Frank Trumbull of Denver, Col. George H. Jackson has been master mechanic until now.

Mr. Player is one of the best liked of the officials who have come in touch with the ropeka shopmen, and his removal from Topeka is generally regretted. His family will remain here indefinitely.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Alvarado Pharmacy.

High Grade Bulls for Sale.

The undersigned has for sale on his farms near La Junta, Colorado, about forty three year old, 150 2 year old and 150 yearling high grade Hereford bulls; all of them better than 15-16. Also about ninety yearlings out of full blooded non-registered cows, sired by imported registered bulls. Parties wishing stock of this kind will get prices by corresponding either with J. S. Crosley, La Junta, Colo., or myself, 830 Equitable building, Denver. These bulls have been well wintered and are in fine condition for turning on the ranges, not having been overfed, but are in good flesh, strong and active. They will do much better service than any bulls of the same ages brought from the eastern farms.

A. E. REYNOLDS.

Notice of Removal.

C. A. Lampman has moved from No. 315 South Second street to No. 307 South First street, where he will be found by all wishing WALL PAPER, paints, oils, estimates on work, etc.

Deming has a magnificent school system.

The Mexican Central Railway Co., Limited

Calls attention to the fact that:

It is the only Standard Gauge Route from the United States frontier to Mexico City.

It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas.

It is the only line by which you can travel without change from Kansas City, Mo., to Mexico City.

It is the only line by which you can travel without change from St. Louis, Mo., to Mexico City.

The lines of the Mexican Central Railway pass through 15 of the 27 states of the Republic. Eight million of the thirteen million inhabitants of Mexico are settled contiguous to them.

The principal mining regions receive their supplies and export their products over it. Chihuahua, Sierra Mojada, Mapimi, Fresnillo, Parral, Guanacavi, Durango, Zacatecas, Guanajuato, Sombretete, Pachuca, etc., etc.

When You Travel for Business, Go Where Business is Done.

There are only five cities of over 35,000 inhabitants in the Republic of Mexico that are not reached by the Mexican Central line.

The following ten cities are reached only by the Mexican Central Railway:

Chihuahua 30,098 inhabitants; Parral 16,382; Zacatecas 34,438; Guanajuato 40,580; Leon 63,263; Guadalajara 101,208; Queretaro 38,016; Zamora 12,533; Aguascalientes 37,816; Irapuato 19,640.

It also reaches the cities of Torreon 12,845; San Luis Potosi 60,558; Tampico (Mexican Gulf port) 16,513; Celay 25,565; Pachuca 37,487; City of Mexico 368,777.

Daily Pullman service between St. Louis, Mo., and Mexico City, also between Kansas City, Mo., and Mexico City, and vice versa.

C. R. HUDSON, G. F. & P. A.

W. D. MURDOCK, A. G. P. A., Mexico City.

H. BROCKMEIER.

ALBUQUERQUE, - - - NEW MEXICO.

BROCKMEIER & COX, "Honest Plumbers," Same Place.

SENATOR ELKINS.

"Gath" Sketches the Remarkable Career of Our State.

HIS LIFE ALMOST ROMANTIC.

The case of Senator Elkins is in point, that to come east is to go west. Benton's statue pointed him to New Mexico, saying, "There is the East. There is Europe!" He returned to West Virginia as his father came from old Virginia, and has just sold out his railroad, it is believed for some \$17,000,000.

Old Elkins, of about Fredericksburg, Va., moved on to the Kanawha and up the Hocking and settled in Perry county, Ohio, where Phil Sheridan was bred. Knowing more about the constitution than John Marshall, less about the law of gravity than a prophet, old Elkins went on to Missouri, and his son got an education there and settled on the border, where his friends were the Younger boys, who finally graduated at the Minnesota penitentiary. They believed in force, Elkins in friendship. Just as he sells his railroad for \$17,000,000, they are applying for civil rights so as to be wedded.

The war on the border drove Elkins afar, to New Mexico, where he studied Spanish during our civil war and entered the legislature and was public attorney till he came to congress a delegate. Here Blaine was approached by him with courtesy and became his friend. Elkins married for a second wife the daughter of Henry Davis, senator from West Virginia, who has been everything on a railroad, and was a cousin of Senator Gorman. Davis was working upon a lumber "boom," or torrent navigation on the upper Potomac. "What's this?" said Elkins. "Let's see what it comes to." Lumber was above the surface; coal and iron below. They abandoned the boom and began to build a railroad across the high divide from the Potomac to the Monongahela. It was and is a terrible grade, sometimes 1,500 feet above the Blackwater. The little railroad taxed the small resources of the town. Elkins began to sell mines and Mexican grants. Thus they played the west into the east till finally they had a railroad over a hundred miles long, which hooked on at the west with other little railroads to the Ohio and stopped east at Cumberland, Md. Now and then they sold a bond. A train of lumber met an obligation.

They founded the town of Elkins, Richard Kerens, of Missouri, helped them out and all three built mansions in that pleasing wild beneath the effigy of Rich mountain, where McCrellan made fame. When the big railroads began to buy the little ones a year or two ago they left the West Virginia Central out. So it stood ready for other promoters to take it in.

At a little more than 60 years of age Elkins is senator from West Virginia for the second time, has been secretary of war and is probably worth some millions of dollars. He sold much Colorado land for notes to promote West Virginia. He is chairman of the interstate commerce committee. The railroad he sold out, or merged, has just offered over \$8,000,000 cash for the Western Maryland railroad, as an eastern outlet. Thus Elkins' father-in-law, Davis, once a conductor on the Baltimore & Ohio railroad, has become the parallel of that railroad and it is believed that the Goulds and Walash system are behind the purchase.

It is to be remembered that Robert Hayne and John C. Calhoun, of old senators, tried sixty years ago to carry railroads through the Alleghenies to the Ohio, but their politics was at the expense of their physics. They both failed. The work Washington failed in, to connect the Potomac with the Kanawha in 1785, the son of another man from Fredericksburg has achieved. Elkins' railroad passes in sight of the Fairfax stone planted by Washington in the springs of the Potomac. By the old prejudices of state rights the Baltimore & Ohio railroad was forced north and thus settled the northwest instead of the southwest. A stranger returns and duplicates it in a state seceded from Virginia, the only effective secession of the civil war.

Elkins has a dwelling at the county seat of Elkins, which is about 150x100, probably the most elaborate dwelling in both the Virginias. He made politics the Esau brother of astute physics. Through Herrick, of Cleveland, Ohio, he is linked with the Hanna. Herrick probably has the cash in his savings bank to pay for the eastern connection in ninety days. Real laborious development, with a financier's finesse in Wall street, has made Elkins both a capitalist and a senator. He has also kept up his reading, paid continuous attention to his library and lives in Washington in his own sumptuous residence.

A Doctor's Bad Plight.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio. "Then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by all druggists. 50c and \$1. Trial bottles free.

B. O. B. MINING COMPANY.

Prospectus of the Above Company Received in Albuquerque.

The Citizen has just received a large quarto eight page prospectus of the B. O. B. Mining and Milling company, which has mines and reduction works at Mogollon, Socorro county, and its principal office at Santa Fe.

The officers of the B. O. B. company are Miguel A. Otero, president; A. R. Burdick, vice president; H. O. Bursum, secretary and treasurer. The property of the company consists of the Deep Down, patented, Morace, Hillside, Henrietta and Rover lode mining claims in the Cooney mining district, Socorro county.

The deepest working on the Deep Down is 164 feet below the surface. About 3,000 tons of ore of an average value of \$20.13 per ton have been milled from this mine. The development consists of a main double compartment shaft of 164 feet below the surface; an air shaft down 70 feet, two

tunnels, a winze from the bottom of the lower tunnel 55 feet in depth and 90 feet in length. There are about 53,000 tons of ore in sight valued at \$1,062,540. The company has a 10-stamp mill with a capacity for treatment of 25 to 40 tons a day. The ore passes through the mill by gravity. The mill contains a crusher with a capacity of from 40 to 60 tons daily; two automatic ore feeders; two sets of 5-stamp batteries, slime tanks, elevators, setting tanks, four standard five foot pans, two eight-foot settlers, one 60-horse power engine, one retort and smelting furnace, two air compressors and other machinery. Substantial ore bins have been erected. About \$70,000 has been expended on the property in addition to the purchase price of the group. It is proposed to sink the main shaft to the 500-foot level and run levels of 100 feet apart. The company is capitalized at \$600,000.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

FINEST IN THE WORLD.

New Car of Charles M. Schwab is Unequaled.

The finest private car in the world is nearing completion in the shops of the Pullman Palace Car company at Pullman. The owner is Charles M. Schwab, president of the United States Steel Corporation, whose yearly salary is stated to be \$1,000,000. The cost of this magnificent coach will be \$40,000. The work on the car has been conducted with such secrecy that only recently did the facts leak out.

The Schwab travelling home is seventy feet of elegance. The whole is in Louis XV style. Every piece of furniture is of special and hand-carved design. The brass bedsteads—one in Mr. Schwab's private room, the other in his wife's cost nearly \$1,000 each, and are hand chased. The tapestries, damasks and velours used in the upholstery cover the finest curled white hair. Mr. Schwab's room is finished in red. His wife's is in blue. The dining room tone is green. Mahogany is the wood chiefly used, but there is much inlaid work which calls for maple, holly wood and birch. "Tiffany art glass is in the ventilating windows at the top of the car."

An artist was imported from Boston to do the elaborate ceiling and panel hand painting decoration. This artist is a woman, M. Annette Frisbie. Architect J. Frank Jobson is satisfied that no private car as handsome ever rolled over rails. A bathroom opens from the rooms of Mr. Schwab and his wife. The dining room will seat sixteen. The kitchen and refrigerating plant place every facility at the service of the chef. The observation end in this Louis XV home is twenty feet long and the window area is so great that the occupants will feel almost as if they were riding out of doors.

Mr. Schwab is expected soon to receive his palace on wheels.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Alvarado Pharmacy.

BROKE THE RECORD.

Roosevelt Shook Hands With 550 People in Eight Minutes.

President Roosevelt broke all previous records by shaking hands with 550 people in the course of eight minutes in the White House recently. While people were waiting outside of Secretary Cortelyou's office to see the president he quietly slipped down stairs and had greeted three delegations from various states before he was misled from the cabinet room. Of course, the hand shaking kept every muscle in the president's body continuously in motion, and he worked with his full energy until the task was over, but even then he had a word for every person that passed down the line. This is President Roosevelt's second reception to large delegations by special appointment since his residence in the White House. At this one he received several hundred school teachers from New York. Aside from the official receptions of last winter and the one official reception on New Year's day, when he greeted hundreds of people not of official rank, the president has confined his meeting to small companies in his executive office. During the spring months he will receive by special appointment delegations who may wish to touch his hand for less than a second. Before reaching the president at this reception the visitors had to pass a secret service officer and one of the White House ushers, while beyond him were several detectives, and back of all Secretary Cortelyou, who has been watching presidential crowds for ten years and who can spot a crank as far as he can see him.

Dreadful Attack of Whooping Cough. Mrs. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Alvarado Pharmacy.

John W. Gates Slept.

John W. Gates has long been in control of the Colorado Fuel & Iron company. The New York News has the following to say of him:

Judge Truax had a visitor yesterday. The visitor was interested in learning the amount involved in the case being heard was \$15,000,000. He asked who the various persons connected with the suit were, and they were pointed out to him.

"The man now talking is William D.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N.Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed just Nasal Catarrh and Hay Fever.

Guthrie. He is a bright young fellow. He represents the defendant, Colonel John W. Gates. The man to the left is Lawyer Fox, who represents the plaintiff. The group of interested spectators in the jury box number among them many American captains of industry.

"And who," interrupted the visitor, "is the large man who has gone to sleep over there?" "Oh, that is John W. Gates—the man who is being sued, you know."

Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Alvarado Pharmacy.

Will Take the 32nd Degree.

A number of Masons from this place are going to Wichita, Kansas, to attend the meeting of the consistory of the valley of Wichita, Scottish Rite, which is to take place on Monday, April 7, for purpose of taking the 32nd degree. A waiver of jurisdiction has been obtained from Inspector General Frost, 33rd degree, on account of the greater convenience of Wichita as a place of meeting, it taking only half the time and incurring only half the expense that a trip to Santa Fe would incur. If Roswell had a railroad to the central portion of the territory, the people of the Pecos valley and all eastern New Mexico could get to the other important points of the territory without having to go into Colorado or down through west Texas.—Roswell Register.

A Chattanooga Druggist's Statement.

Robert J. Miller, proprietor of the Read House Drug Store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Alvarado Pharmacy.

We offer subject to prior sale \$50,000 5 per cent. 20-year first mortgage electric bonds. For further particulars, address Stephen D. Demmon & Co., 100 Washington street, Chicago, Ill., or Moscow E. L. & P. Co., Moscow, Idaho.

HERPICIDE
Relieves Dandruff Immediately
and causes thick, glossy hair to supplant the former thin, brittle growth.
Newbro's Herpicide
performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbes, which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.
One bottle will convince that it is the only hair restorer that really restores.
For Sale by all First-Class Drug Stores.

Public Schools of New Mexico

The superintendent of public instruction, Colonel J. Franco Chavez, recently completed the eleventh annual report of his office to the governor on the school work of New Mexico for the scholastic year ending October 1, 1901. It makes a fine showing of the territory's progress in all lines of educational endeavor and is a most comprehensive and instructive document that will cover in type about 160 pages. It is quite too voluminous to warrant review in detail in The Citizen today, but the following "table of contents" conveys an idea of its wide scope and character:

Letter of transmittal.
School summary, statistics for school year 1900-1901, public school statistics for eleven years.

Report for the year, introductory, progress of school work, a top-heavy system, instructive comparative statistics, aid for rural schools—how best to provide it.

The new school laws, difficulties in gathering statistics.

Recommendations in general, election of directors, change in the school year, duties of county superintendents, changes in districts, needs of the department of education, examination, certification and qualification of teachers, normal institutes.

Improvement in school facilities, expenditures for same during the year.

Extracts from reports of county superintendents, city superintendents and private schools.

Statistical statements of public schools by counties, comparison for eleven years, the city schools, the kindergartens.

City high schools, collection of poll tax, compulsory education; the school lands and their revenues, necessity of free text books, school libraries and museums, the school population and age limit, physical development.

Territorial institutions, University of New Mexico, St. Vincent Orphans' school, College of Agriculture and Mechanical Arts, Asylum for the Deaf and Dumb, Normal Training School, School of Mines, Normal University, Military Institute, statistical recapitulation.

Sectarian institutions, Presbyterian, Catholic, Methodist and Baptist schools, resume.

Education of the Indians, reports from all government schools, statistical information.

Resume of all school statistics, annual catalogues and announcements, New Mexico Educational association's school exhibits.

United States census figures—defects therein, illiteracy, etc.

McKinley memorial fund—circular letter to schools, the pupils' response, pathetic recognition of American citizenship.

United States statute for territories on effects of alcohol and narcotics.

Official register—New Mexico board of education, county superintendents, principals of city schools, heads and regents of territorial institutions.

Following the official letter of transmittal appears this quotation: "There is not gold enough in the mines of the world to measure the value of a teacher who lifts the souls of children to the true dignity of life and living," and the opening pages of the report are devoted to an interesting summary of the territory's vital school statistics from which the following is taken:

School population, 62,864; increase over previous year, 9,855, or 18.6 per cent. Enrollment of pupils in all schools, 42,925; average daily attendance, 29,825.

Number of schools, 726; number of teachers employed, 1,046.

Average number of months taught in all schools, 7.35.

Total salary paid teachers, \$412,340.28.

Annual receipts, \$838,018.70; annual expenditures, \$723,048.32.

Value of all school property, \$2,071,702.25.

Enrollment in public schools proper: Year 1899, 21,726; 1900, 31,510; 1901, 35,227.

Enrolled in city schools, 7,243; enrolled in rural schools, 27,984; enrolled in territorial institutions, 907.

Expended in improvements on public school property during the year, \$242,617.60.

Present value of public school property, \$1,239,153.25.

Average number months of school for the public schools, 4½.

Average monthly salary paid teachers in public schools, \$54.30.

Average annual cost of educating children in public schools per capita, \$4.94.

Average number of months of school in territorial institutions, 9.17.

Average monthly salary paid teachers in territorial institutions, \$103.56.

In the public schools for eleven years the total enrollment of pupils has been 261,886; total average daily attendance, 179,693; number of teachers employed, 5,599; total school population, 533,638; total receipts, public schools proper, \$2,527,943.99; total expenditures, \$2,420,292.27; amount paid in teachers' salaries, \$1,155,645.72.

Eczema, scald head, bites, itchiness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

TOO MANY WIVES.

John J. Tobin, of Kingman, Charged With Adultery.

At Prescott, Tuesday last, John J. Tobin, of Kingman, was indicted by the United States grand jury on a charge of adultery, says the Miner. Tobin's wife came from San Francisco and appeared before the grand jury. It is thought that on the trial she will refuse to testify against the man, but there appears to be enough evidence obtainable to convict. Mrs. Elizabeth Starkey Tobin, the outraged wife, is said to be quite a handsome woman, and passes in the best circles in San Francisco. Tobin is connected with the wealthy Tobin family of San Francisco and they are opposed to seeing this man sent to prison on account of the disgrace it would entail. The story of the woman is to the effect that in the year 1888 she was married to John J. Tobin at Santa Rosa, California, and the couple lived together in San Francisco many years. At one time the father of John Tobin was private secretary to Governor Stoneham and the son was assistant. Young Tobin was af-

terward appointed a guard at Folsom prison and later an assistant supervisor of customs at the port of San Francisco. He was removed from the position for cause and remained in the city for nearly three years. In a quarrel with his wife he stabbed her in the breast, but the wounds were not severe and she recovered. Later Tobin went to Los Angeles, from which place he wrote two letters to the wife, since which time she has heard nothing from him for five years until she read of the murderous assault made by him upon George N. Conard, at Burns' ranch, and the arrest of Tobin and wife (?) By her attorney she made inquiry and ascertained that the man was her husband. Of course, woman like, she wanted to know who the other woman was and expressed her desire to have the two prosecuted. Now for the sake of the good name of the family, who are highly respected, she may refuse to prosecute.

Saved Many a Time.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, colds, croup, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. J. H. O'Reilly & Co., B. H. Briggs & Co.

NERVY BANDITS.

Thieving Gang in Southern New Mexico Send Defiant Message to Sheriff.

Reports from the southern part of the Capitan mountains just received at Alamogordo contain information that another gang of outlaws have been active for several days, stealing everything they can lay hands on. They have stolen all the horses belonging to the El Capitan Land & Cattle company, which were in the territory near Stevens Springs. It is reported that the leader is B. H. Hoffman, and he is supposed to have been connected with the robbery and murder at Fort Sumner some weeks ago. The gang has sent in word that they are prepared to kill or be killed if any attempt is made to molest them. Deputy sheriffs have left for the scene.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Alvarado Pharmacy.

At the Boston mining exchange last week 150 shares of Cochiti stock were sold at from 60 to 70 cents a share. Of Santa Fe Gold and Copper company stock 2,160 shares were sold at from \$2.75 to \$3.30 per share.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Alvarado Pharmacy.

Deming is the great mining center of the southwest.

PRINTING

There are different kinds, to be sure. Moreover the quality of stock on which it is done must be considered if you would create a good impression of yourself amongst your customers. You might think it would not make any difference, but if public opinion on that point was weighed you would find that it is quite a factor in drawing trade. Don't be behind the times. If you want to keep pace with civilization, you must follow customs which is naturally the greed of every man, now-a-days, who has genuine pride. The art of printing is something that few people can acquire. They may print, but the art is not present. Again, the art may be there, but the stock on which the printing is done is of the poorest quality, which entirely obliterates the art that would otherwise be apparent. Then again, the quality of ink and nicety and distinctness of color used are something that counts in bringing out beauty of art into display. The CITIZEN printing department carries nothing but the best quality of stationery, such as letter heads, note heads, bill heads, etc., as well as the finest of ink, and turns out daily evidence of the finest workmanship in the city. If you want cheap, tacky-looking prints, go to the places where you can obtain it; but if you want first-class printing, send it to The CITIZEN print department, or telephone to us and we will call and get your order.

RULING

requires an exactness that is much admired when accomplished. If your blank books are ruled properly they will always look neat, if in the hands of a first-class book-keeper. If they are not ruled with exactness they will never look neat, even though handled by an artist in book-keeping. To be exact requires skill and patience, which is acquired by long experience and perseverance. When a person possesses it his services are in demand in any first-class bindery. The CITIZEN has a first-class bindery and therefore employs the best skill.

Bill heads, letter heads, note heads, vouchers, invoices and blanks of every description are ruled with the same skill and neatness as the finest blank book that was ever turned out. If you want such work telephone to The CITIZEN.

BINDING

is everlasting when properly done. Every business man would like to preserve his books, but he cannot do it when they are in a dozen pieces after he uses them up. He does not want them to break, neither does he want them to be tight in the fold, if so, they cause him great inconvenience. There is much in the way a book is sewed. If it is not sewed properly the breaking of a single thread will occasion an entire section of twenty pages to come out, necessitating the rebinding of the book, causing loss of time and inconvenience. If you want a good blank book you should get one with a patent flat-opening back, thereby enabling you to utilize all the space in the fold, that you would otherwise not be able to do. Then the quality of paper used is just as essential in turning out a fine book as is the workmanship. The CITIZEN carries a full stock of the finest ledger paper manufactured. When you want any kind of a fine blank book telephone to The CITIZEN and our representative will call.

Advertising

The word itself is exhilarating to a man that has a high ambition, whether socially, financially or otherwise. It is the same with a business man. He has to obtain advertising in some way before he will be successful. There are different degrees of success. The more advertising you get the greater amount of business you transact, a fact that non-advertisers admit themselves. "All things do not come unto man." He has to go after them. If he wants advertising he pays for it just the same as any commodity. You may say some men obtain advertising for nothing, but the don't. They pay for it in an indirect, if not a direct way. Thus every man pays for his share. The world owes a man a living, but he has to earn it, and if a man wants advertising he must pay for it. It is better to pay in a direct way and obtain more results than to pay in an indirect way and obtain fewer results. The direct way for a business man to advertise is to talk to the people through an advertising medium that has a place by the fireside of every home within his field for business. The CITIZEN has that place and will always have it.

If the ability of its readers to buy articles of luxury as well as articles of necessity is questioned, then forever will The CITIZEN defend them. Regarding the comparative value of morning and evening papers, it is a fact that a morning paper is before its readers but for an hour or so, while an evening paper is before the public from 5 o'clock until bedtime, and is read by men who labor all day and who have not time to read the morning papers. Therefore the superior value of an evening paper over the morning paper as an advertising medium is quite evident.

The CITIZEN is a home paper. Why? Because the residence portion of the city being not more than ten minutes' walk from the business center, the business man has ample time to read the evening paper before going to lodge or to the club, and he does so. When he has finished reading his paper it is left at home and thoroughly read by the other members of his family.

The ladies of Albuquerque read The CITIZEN, and as it contains all the news, both foreign and local, why should it not command the circulation that it does? If you want results advertise in the

ALBUQUERQUE,

NEW MEXICO.

INDIANS TO IRRIGATE.

Western Tribes to be Made Self Supporting.

NAVAJOS ARE GOOD WORKERS.

The Phoenix Republican says that in view of the bills pending in congress for opening the Indian reservations in Arizona and New Mexico to mineral entries, and the policy of the government to make the Indians self supporting so far as possible, the information submitted by Secretary Hitchcock in reference to the conditions on the reservations is interesting. The information submitted comprises the reports of special agents and covers the situation pretty thoroughly.

As to the Navajo reservation, the reports show that it can be reduced as the Indians depend upon sheep for their main support. They sheared last year 400,000 sheep. Their industry is the manufacture of blankets and the sale of surplus wool. They have several thousand head of cattle, and are self supporting, industrious and good workers. They work on the railroad and any other work where they can earn money. They are not permanently located in homes, as they have to move their flocks to secure grass. In the winter they have some regular habitation, and in the summer a portion of them cultivate land wherever they can get a chance for irrigation. There is a contract or permit granted Mr. Hun of Pennsylvania, for ten years at a five per cent royalty on all output from mines he may discover and work in the Carrizo mountain district. This permit authorizes him to select 640 acres for mining purposes. It gives him two years to make his permanent location. It requires him to make a regular report, through the agent, of the work that is being done. There is a railroad projected from Durango, in Colorado, across the country, to Clifton, Arizona. It proposes to cross the Atchison, Topeka & Santa Fe in the vicinity of Gallup, New Mexico. Should this road cross the Navajo reservation it would be a benefit to these Indians. It would afford them opportunity for labor which they would readily take advantage of, and open up many coal mines in the reservation. There is an abundance of coal on this reservation. On the north side of the reservation, along the San Juan river, there are a succession of valleys, which, if irrigated, would make very fine farming land.

There is plenty of water for irrigation and there are only lacking ditches to take it out. The Indians are ready and anxious to do the work, and the few thousand dollars spent on each valley would open up sufficient farming land upon which to locate four or five thousand Indians. It is recommended that some sum of money be allowed for this purpose. The Navajos have no money; draw no annuities except a few wagons occasionally; they are self supporting and are willing to do any kind of work. If the government will appropriate fifteen or twenty thousand dollars for irrigating purposes on the San Juan river, a very prosperous farming community can be established there. On the north side of the river from the reservation, it is settled up by prosperous white farmers who are doing well; the only drawback on the southern side, where the Indians are, being a lack of ditches. The secretary recommends that ten or twelve thousand dollars be appropriated this year for that purpose.

As to the San Carlos, Arizona, reservation, it is reported that it is a large reserve, and occupied by different bands of Apaches. Less than twelve years ago they were an unruly, turbulent lot of Indians. Some of the bands were the most warlike and troublesome Indians in Arizona. They are now peaceable, very good workers, make good crops, are ready and willing to work wherever they can make some money. Frequently they are employed on the Bowie and San Carlos railroad to repair washouts, etc. They also work on roads both off and on the reservation. They are ration drawing Indians, but draw no annuities. Additional irrigation is needed here, and it is recommended that \$12,000 be given to this agency to extend and build ditches, which will increase the acreage of the agricultural land at least 5,000 acres. With this money and increase of irrigation they can supply themselves with subsistence, and their rations and annuities one year thereafter can be stopped. This reservation can then be reduced, and a portion, which is claimed to be mineral land, can be thrown out.

The Pima reservation lies along the Gila river country. The Indians are probably among the best, most reliable and deserving of any Indians under the government control. They have always been self supporting and friendly to the whites. Now they are without water for irrigation, consequently the farming is curtailed and they have difficulty in earning a living. All they ask is work to earn a living or water furnished them by the government. The proposition now before congress to build the San Carlos reservoir is granted and money appropriated, these Indians will be able to do a great part of the work. This will relieve them until they can get water from the reservoir and canals. They receive no rations and they ask for none. All they want to be a prosperous people, self supporting in every way, is water for irrigation.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

BITTERLY, SADLY TRUE.

The Death of the Two Mexicans of the Fourth Ward Was Not Intended as a Hoax.

A great many people thought the item in yesterday's Optic about the Mexican dying at the polls in the Fourth ward and another being found a corpse by those who had gone to solicit his vote, was an April fool joke. However, the item was only too true. The hand of Jesus Jose Barela froze in death almost upon his ballot and Senobio Lucero was a staring corpse in his adobe home in Chihuahua when the candidates' carriage arrived to carry him to the polls. He wanted to

vote worse than he wanted to die, but it was not to be and his last ride will be to the waiting grave in the consecrated ground in the west side Catholic cemetery. The nature of these deaths naturally invited remarks of rather grim humor on the part of partisans. An ardent advocate of the citizens ticket remarked: "Their death was a judgment because they were republicans." A republican said: "They received their reward for devotion to a good cause, immediately. One was justified by works and one by faith and together their spirits swept through the open portals of the waiting golden gate."

However this may be, sad and all unheeding lie the two silent forms in their little homes, while about the white shrouds gather those to whom they were dear and who shall know them in all their walks and ways in this life forevermore. The shadow of death since gentle Abel fell at the hand of Cain has been forever the same whether it has rested over the castle or over the hut; and since the coming of the Christ the light of his cross and his resurrection has been the one gleam of light through the night of sorrow in castle and in hut.—Las Vegas Optic.

Her Son's Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by all druggists.

SHE WAS CURED.

Chicago Woman Shot Exactly as Was President McKinley.

At the April meeting of the Chicago Medical association the physicians will view a patient who, in an attempt to commit suicide, wounded herself identically as President McKinley was wounded by the shot of Colquhoun. The patient is living and apparently well and will appear before the medical society at the time papers are read describing the surgical operation which saved her life.

The woman, May Skeels, 412½ State street, shot herself on February 27 while despondent. At the Samaritan hospital it was found that the wound was similar to the one which resulted in the death of President McKinley. A number of leading surgeons were summoned. Both the anterior and posterior walls of the stomach were found to have been perforated by the bullet, which had then cut through the left end of the pancreas, as had been the case in the wounding of McKinley.

A search for the bullet proved futile. A hemorrhage of the pancreas was allowed and the walls of the stomach were then united by double rows of stitches.

At the time of the operation the woman's condition was critical. Her pulse was low and her respiration was poor. The shock of the shooting and the operation made necessary the use of opiates for several days, and then came a sudden turn for the better and recovery.

Wants To Help Others.

"I had stomach trouble all my life," says Edward Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. J. H. O'Reilly & Co., B. H. Briggs & Co.

Canon Diablo Indian Village.

F. W. Volz, of Canon Diablo, was in Flagstaff last Thursday, says the Sun. Mr. Volz, aided by the Santa Fe railroad, is establishing an Indian village at that place, and a number of hogans have been built. It is expected that 200 members of the Navajo and Moqui tribes will take up their residence at the canyon.

It is the purpose of Mr. Volz to maintain the primitive industries of these tribes, who are expert blanket weavers and makers of baskets and pottery and workers of silver for jewelry and ornaments, giving them employment and an opportunity to sell their production. The Santa Fe railroad is aiding the project for the reason that it will give passengers over their line an opportunity to see the Indians in their primitive state, as these are the only tribes

of Indians in the country who still follow the customs of their fathers.

Mr. Volz will have the village completed some time next month and the railroad company is having a platform extended west from the depot 450 feet so as to allow passengers access to the village. When the arrangements are complete all passenger trains will stop thirty minutes, allowing passengers time to see Indian life as it is on the reservations. It will be a great attraction for tourists as few eastern people have ever seen the native Americans.

Try Chamberlain's Stomach and Liver Tablets, the best physic. For sale by all druggists.

DRIFT FENCES MUST GO.

Time Extension Was Granted Only to the Cass Company on So-Called Beales Grant.

A dispatch from Washington says: "The president has ordered the secretary of the interior to issue instructions to the United States district attorney of New Mexico and to special agents of the department, suspending until July 1, 1902, the order for taking down fences erected by the Cass Cattle and Land company in New Mexico."

The company claimed exemption from the operation of the law on the ground that it had received a land grant from the Mexican government, but the interior department held to the contrary. It was for the purpose of overcoming any hardship which might be entailed on the company that the suspension was made. In all other cases the department proposes to enforce the law rigidly in requiring the removal of fences on government lands and has issued instructions for the prosecution for those who fail to comply promptly therewith."

A Nearly Fatal Runaway

Started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Bucklen's Arnica Salve cured him. Just as good for boils, burns, bruises, cuts, corns, scalds, skin eruptions and piles. 25 cents at all drug stores.

Rich Claims in Red Cloud Camp.

F. S. Hostetter, C. E. Ames and W. H. Worden came in to Alamogordo from the Red Cloud mining district, in the Gallinas mountains, and report the new camp prospering. They brought in ore from a general mine test, which runs 55 per cent copper, twenty-eight ounces silver and \$8 in gold. This ore is from the Blue Cloud and has a six foot lead, turning out fine at twenty feet from the surface.

The Tellerore Mining company is doing extensive development work and expects to ship ore next month. The Tellerore mine is not a prospect, but a patent, and was worked fifty years ago, and the ore packed to Santa Fe on burros, as it was considered very rich. The Rock Island railroad is now within eight miles of the camp, whereas, heretofore, the camp was seventy miles from a railroad. There are five patented claims in the Gallinas and about fifty prospects. There is a general store, two saw mills, etc., and a population of 1150, with an abundance of good water. The altitude of the

Mrs. Annie McKay, Chaplain Sons of Temperance, 326 Spadina Ave., Toronto, Cured of Severe Female Troubles by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Being a mother of five children I have had experience with the general troubles of my sex. I was lacerated when one of my children was born and from that hour I date all my afflictions. I found that within a few months my health was impaired, I had female weakness and serious inflammation and frequent flooding. I became weak and dizzy but kept on my feet, dragging through my work without life or pleasure. A neighbor who had been helped by taking Lydia E. Pinkham's Vegetable Compound insisted that I take at least one bottle. I did so and felt so much better that I kept on the treatment. For seven months I used the Compound faithfully and gladly do I say it, health and strength are mine once more. I know how to value it now when it was so nearly lost, and I appreciate how great a debt I owe you. The few dollars I spent for the medicine cannot begin to pay what it was worth to me. Yours very truly, MRS. ANNA MCKAY, Chaplain Sons of Temperance."

\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes. Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

highest claim is about 9,000 feet. The outlook is good for the new mining district.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by all druggists.

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

We Will Pay You A DOLLAR A DAY FOR LIFE!

Brewer will preach in the morning. In the evening the pastor begins a series of services to young people, theme, "Making the Most of One's Self."

Presbyterian church, corner Silver avenue and Fifth street, T. C. Beattie, pastor—Services at 11 a. m. and 7:30 p. m. Sunday school 9:50 a. m. Y. P. S. C. E. at 6:45 p. m. At the morning service the sacrament of the Lords supper will be administered and members received. All are cordially invited.

MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, April 5.—The stock market was strong and active during the first hour this morning but advances brought in realizing orders and liquidation became still more pronounced after the appearance of the bank statement. Active trading in the Southern Railway's issues was one of the leading features of the day, the buyers having been stimulated by the announcement that the transfer of the Plant system to the Air Line would secure for the Southern Railway valuable track rights. It is quite probable that the recent advance in cotton had a favorable effect. The selling was on the theory that the banks might call their loans early next week in order to strengthen their position and so cause the money rate to advance. Sentiment on the street, however, was bullish in the main, though the bear interest is large enough to keep up a healthy short interest.

THESE ROBES ARE PRACTICALLY ALREADY MADE DRESSES, AS THE BAND SIMPLY NEEDS A HOOK AND EYE. THE WAIST, OF COURSE, IS TO BE MADE AS YOU DESIRE.

GALLUP PUBLIC SCHOOLS

If the progressiveness and intelligence of a community may be measured by its interest in public education, and the success of its schools, Gallup is, in these respects, one of the foremost places in New Mexico.

This town claims the honor of erecting the first public school building in Bernalillo county. She opened her public schools some eighteen years ago in the small frame building standing near the depot, now occupied by the Maxwell Lumber company. The schools were first graded and brought up to date by Superintendent D. M. Richards, who began the work in 1892. Mr. Richards labored faithfully and successfully in the schools for eight years, and to him, as well as to the liberal spirit of the citizens of the town, is due, in large measure, the efficiency of the schools. Another factor of their success is the policy, which has always been followed, of careful selection of teachers on merit alone; and their retention as long as possible. There are now in the schools, doing efficient work, teachers appointed from three to ten years ago.

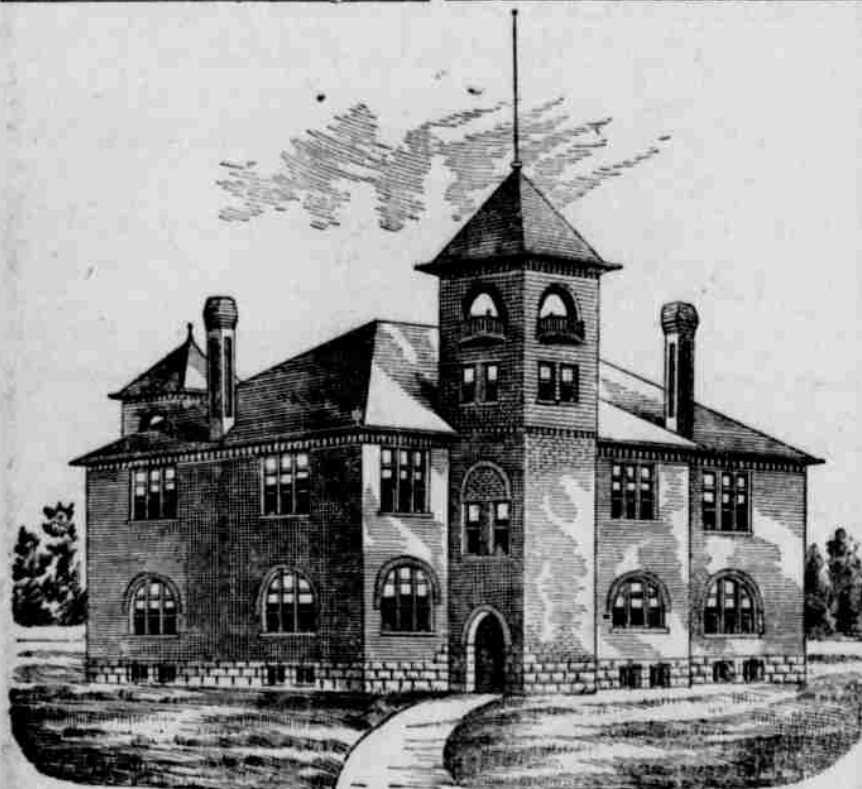

In striking contrast to their first home is the splendid building now occupied by the schools. It is a two story brick with stone foundation and trimmings, contains seven large well lighted

rooms and the fun of the evening began immediately by numerous games skillfully planned from Mother Goose lore. One game consisted of coining as many words as possible from the two words, Mother Goose, in which Mr. Bittner was successful in obtaining the prize, some very prettily mounted pictures of U. N. M. buildings. Another game was the writing of Mother Goose rhymes to describe pictures which had been placed about the rooms. Dainty Mother Goose refreshments were served during the evening, consisting of tarts, animal cookies, orangeade and lettuce sandwiches.

At the close of the evening each one went fishing in a tub of bran and obtained a unique and personal souvenir of the occasion. As the guests departed all were presented with Mother Goose dolls to remember the jolly evening by.

The merry company left at a late hour with many cheers for the professor and rolled away down the hill. The Mirage was out the first of next week and will be a very good number, twice its usual size. The staff has been at work hard and feel that this number should be a credit to the institution.

The senior class of 1902 met Wednesday and decided to have the commencement pictures taken by Mr. Bert-

GALLUP, N. M. PUBLIC SCHOOL

rooms, wide halls and a large basement which is fitted up with swings and benches, and is used in stormy weather as a play ground for the children. The building is centrally located in one of the most desirable locations of the town, and its grounds occupy an entire block. It is fitted, largely, with adjustable desks, and its other equipment is of the best. A conservative estimate of the building and equipment places their value at \$15,000.

The school finances are in first class condition, there now being a balance of \$7,500 in the treasury. This is a remarkable showing in view of the fact that the present school year is drawing to a close.

There is probably no better or more harmonious corps of teachers in the territory than there is in Gallup. There has been absolutely no friction among its members and almost no criticism from its patrons.

The territorial institutions of higher education are well represented on the corps. Superintendent Larkin is a graduate of the territorial college at Mesilla Park, while two of the teachers are graduates of the Las Vegas and Silver City normals, respectively. The corps also boasts a classmate of the famous Kansas author, William Allen White.

The schools are thoroughly graded, there being the usual primary and grammar grades, and a two year high school course.

There are five members in the class to be graduated this year, and they are young people of whom the territory may well be proud—the product of her free schools.

A very interesting experiment in democratic government is being tried with considerable success, and a system of manual training is being gradually introduced.

The schools of Gallup are thoroughly modern in every respect. They are a credit to the town and to the territory; and are doing effectively their part in a grand work—a work that must convince the people of the country that New Mexico has emerged from her illiteracy, and is well worthy a place in the brilliant sisterhood of American states.

UNIVERSITY NOTES.

Monday opened school again with most of the students back. They were all rested by the spring vacation and ready for the remaining work of the year.

At the opening assembly after so pleasant a vacation, we were glad to have so noted a speaker as Rev. Stitt Wilson, who addressed us on "The Philosophic Basis of Education of the Twentieth Century." After his address many of the students met Mr. Wilson and at noon he took lunch with Professor and Mrs. Hodgkin.

Tuesday morning, Dr. Bunker spoke on "Petra" and "The Tabernacle of the Wilderness."

Tuesday being All Fool's Day even the wise people on the hill suffered and some of the professors were made to realize the fact that we are not always as sane as we might be.

In the evening the Normal girls and their gentlemen friends and the Freshmen class gave a surprise party on Professor Hodgkin in the form of a Mother Goose congress where every one came dressed as a Mother Goose character. The students arrived at Casa del Mesa just as the professor was retiring, which fact caused a great deal of excitement. Many busy hands soon decorated the rooms with Mother Goose pictures and university pen-

man. The class day program was amended and will soon be announced. Next week a class in descriptive astronomy will be organized under Professor Hodgkin to meet from 10.30 to 12.

LETTER LIST.

Las Vegas Laundry Fire.

The alarm of the fire bells at about 4 o'clock this morning brought out quite a crowd to the Las Vegas steam laundry, says the Record.

The fire caught in and was confined to the engine room, and completely destroyed all the inner fittings and tanks which were made of wood. How the fire caught is a mystery and can only be laid to spontaneous combustion. There was very little fire under the boiler, as it is permitted to die at night after working hours, and was hardly possible the fire could have arisen from that source.

The fire raged furiously for the time, but a brick wall between the engine room and laundry confined the flames to the rear and that part is one charred mass, the roof being entirely burned.

SHORT AND POINTED.

The Food Was Grape-Nuts.

It helps one to know the kind of food to select if they can learn the experiences others have had.

"I consider it my duty to let you know what Grape-Nuts Food has done for me. I was suffering from dyspepsia and daily stomach trouble. After taking many kinds of medicines without finding relief I saw a description of Grape-Nuts Breakfast Food and began using it regularly, and in less than two weeks my indigestion was entirely gone."

"When I began using the food I weighed 135 pounds. I now weigh 160 pounds and feel stronger than I have ever felt before. Thanks and praise to the makers of Grape-Nuts." Name and address given by Postum Co., Battle Creek, Mich.

off. Both fire companies made good runs and turned streams on the fire, working an hour and forty-five minutes. They did good work. The loss will probably reach \$2,000, but the laundry was able to resume work this afternoon.

THE WORK GOES ON.

Albuquerque People Are Interested—It Has Much to Do With Our Welfare.

Never out of work. That's the case with the kidneys. Twenty-four hours to the day is the time they put in. They're equal to it when they're well. But they get sick. Stopping positions of the body. Straining, a fall or over-exertion. Often makes the kidneys sick. But the work must go on. They ask for help through the back. The back aches. It's kidney ache. Doan's Kidney Pills are kidney helpers.

The daily work goes on. Mr. Jacob Wolfe, carpenter, of 1239 North Ninth street, 14th ward, St. Louis, says: "When I first came to St. Louis there was not a bridge across the river, there was only a ferry. I helped to build the court house over forty years ago and worked on nearly all the old buildings in the city. There was not a railroad in St. Louis, so a word or two from me to my many friends and acquaintances should carry considerably more weight than if I lived, say in the New England states. Mrs. Wolfe and I have had more than one attack of backache. Mine was not remarkably severe, but it was annoying. Noticing Doan's Kidney Pills advertised induced me to get a supply and Mrs. Wolfe and I commenced the treatment. If it had not performed absolutely what it promised, if the action of the pills were not a long way ahead of anything we ever before used, I would be the last resident in St. Louis to publicly recommend them."

Drop into the Alvarado Pharmacy and ask what their customers report. For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

IMMACULATE CONCEPTION.

News of the Week From That Lively Parish.

Palm Sunday services were well attended. At the 7 o'clock mass two boys (John Tierney and Joseph Brennan) read the passion of our Lord Jesus Christ according to St. Matthew chapter xxvi, xxvii.

The 10 o'clock services began with the blessing and distribution of the palms followed by a procession of the celebrant and acolytes. After the return to the altar the ordinary of the mass was begun.

Before the gospel, four of the acolytes (John Brennan, Michael McGinnis, Jose Armijo and Roger Galtin) read the passion.

On Thursday morning a solemn high mass was celebrated, commencing at 8 o'clock. Immediately after the holy services a procession was formed like that of Palm Sunday with very few exceptions.

A number of small boys and girls also took part in the ceremonies. All were dressed in white and each carried a basket of dainty flowers, scattering them as they went.

When the procession reached the street it found the day cloudless and calm.

The sun flashed his warming rays over the participants, and the scene presented a most edifying as well as pleasing sight.

The music was furnished on this occasion by St. Cecilia's choir, composed of young ladies from St. Vincent's academy. They acquitted themselves very creditably.

On this occasion the bells were silenced, not to be sounded again until the chanting of Gloria on Holy Saturday.

The repository was beautifully decorated by the Ladies' Altar society. Natural flowers brought from California were placed upon shelves, before the altar, presenting a magnificent sight to the beholder, who looked upon the beautiful contrast of colors displayed by different blossoms and their background of green foliage so grateful to the eyes of all people refined in taste.

Nothing unusual took place Friday. In the evening the stations of the cross were well attended. The same party who read the passion on Palm Sunday made a repetition of same, this time it being according to St. John.

On Saturday the services began as usual at 8 o'clock. The water was blessed and then the ordinary of the mass began.

At the "Gloria" a curtain in front of the altar was let down and the bells rung out a joyous peal, proclaiming our Lord's victory over death and devil.

The choir as before furnished excellent music. Sunday services were splendid. The altar was beautifully decorated with natural flowers, candles and other ornaments.

At 7:30 o'clock low mass was celebrated. About 200 persons partook of holy communion.

Strict silence and order was observed. Branch 378, C. K. of A. societies first in a body, and then the rest of the congregation.

High mass commenced at 10 o'clock sharp. It was an imposing sight when Father Mandalari, with his fourteen acolytes, entered and surrounded the altar. Prior to the beginning of mass, the choir burst into melody, whose echoes resounded clear among the arches of our beautiful church, sending as it were the united prayers of the devout suppliants present floating heavenward on the wings of angelic strains.

The music unquestionably shows the careful training our choir has received. At 8 o'clock p. m. solemn vespers were celebrated. The temple was so densely filled many had to stand up. The music as ever was beautiful.

School boys once more returned to their daily duties on Tuesday. You could not see a drowsy face anywhere around our premises.

As to Monday's hunt, cotton tail rabbit trapping in an old adobe shanty, croaking of barb wire fences and slimy sloughs, etc. For more particulars ask either William McClellan or Michael McGuinness.

When friends meet ceremony often goes up in smoke.

COPPER PLANTS.

A Denver Man Will Build Reduction Works in New Mexico.

LOCATE NEAR LAS VEGAS.

On next Tuesday evening P. W. McCaffrey, general manager of the Union Ore Extraction & Reduction company of Denver, leaves for Las Vegas, N. M., on some great enterprises, says the Times. He goes to complete arrangements for the erection of three 100-ton plants of his company's patterns. Two of them go into San Miguel county and the other is to be erected at Las Vegas. This latter is a business enterprise, fostered by the board of trade of Las Vegas, which has raised a bonus of \$10,000 and donated a site.

Mr. McCaffrey will also put men to work on copper deposits in Mora and San Miguel counties, which are among the richest in the territory besides possessing some wonderful features. In detail Mr. McCaffrey's company owns one deposit two and a quarter miles long in Mora county, one of nine claims and one of 320 acres near Las Vegas and one of four claims at Huerfano, San Miguel county. All these properties show ore in pay quantities if treated by the company's process and are susceptible to the treatment. The average shipping ore from the Burro hills property near Las Vegas runs 10 1/2 per cent copper, with small gold and silver values, but there are millions of tons and dykes of it twenty to thirty feet wide. The mill returns on precipitate have shown from 61 to 87 per cent, and when cleaned 94 per cent.

The property in the Coyote country of Mora county is a remarkable deposit in that after going through a conglomerate from eighteen to thirty feet a fossiliferous deposit is reached, giving the appearance that some time in past ages there was a great exudation of copper toward the surface enveloping a forest. These exudations altered the vegetable matter, turning it into a fossiliferous condition. From the fossilized state, which would be a stone effect, by and through the alterations which occur at this stage it is presumed that the oxidizing ensues; first to become a green oxide of copper, thence, assisted by some iron influence in the vicinity, it assumes the second stage, a black oxide of copper, and from the oxide, in course of centuries, it enters the present stage of copper glance or metalliferous copper.

Of this character the company is into a great deposit. It is estimated that there is enough of this high metallic ore (assaying 58 per cent copper, seven ounces in silver, and \$8 in gold) to keep any company busy an ordinary life time. The richer ore comes out in the form of nuggets (for want of a better word). They are hard, black, pebbly looking, still preserving the wood outline or contour. Mr. McCaffrey will arrange for the erection of one of his company's plants to treat the ore from this deposit.

To Mexico and Return for \$25.

On account of meeting of Knights Templar in El Paso, tickets will be sold to Mexico and return at above rate. Return limit 30 days. Tickets on sale 16th to 20th of April inclusive. This is less than one cent per mile. Clean Pullmans through El Paso to Mexico. The chance of your life time to see Mexico at this rate. Special rates to other points. Call at city office, or address W. S. Mead, El Paso, Texas.

Railroad Topics

J. E. Oliver and Walter O'Hara, firemen, have quit the service of the Santa Fe.

C. H. Bristol, the trainmaster, who makes his headquarters at Las Vegas, is in the metropolis today.

H. H. Hawthorne is the name of a new employee at the local round house under Foreman J. W. Records.

John A. Ross, in charge of engines on the La Junta-Albuquerque division of the Santa Fe, is in the metropolis today.

The Pennsylvania Railroad company is to begin its tunnel under the Hudson river, New York city and the East river in a short time.

C. M. Taylor, a popular Santa Fe official, is in the metropolis on business connected with his duties. His headquarters are at Raton.

George E. Roe, the district freight and passenger agent for the Santa Fe, with headquarters at El Paso, is on a visit to the northern towns.

Washington, D. C., is to have a new union railway depot which will cost \$5,000,000. It will be constructed of white marble and will have a frontage of 700 feet.

Fred Bateman, a boilermaker, who left Topeka shops about a year ago and went to San Bernardino, Cal., where he has since been drawing company money, has returned to Topeka.

Oil burning engines 674, 675, 677 and 694, on route from the Santa Fe Pacific division to Purcell, Kansas, passed through here yesterday. Special crews are taking them through the entire trip.

It is understood that four more of the new Pittsburgh compounds have been received at Fort Madison, Iowa, and will be set up at that place. There have been three erected and broken into service there.

R. J. Turnbull, the ex-railroad shop official, now devoting his time to boring for oil near Gallup, came in from the west last night. He is still of the opinion that a big gusher will be struck in a very short time.

Herbert T. Herr, recently appointed master mechanic of the Chicago division of the Santa Fe at Fort Madison, Iowa, was in Topeka the other day in consultation with the heads of the mechanical department of the road.

Half a million railroad ties are being sent from the shores of Lake Superior into Mexico, the longest haul shipment of such material ever made. They are consigned to the Mexican Central railroad for use in the central part of Mexico.

The Topeka State Journal says: John Barnes, a machinist apprentice in the south shop, who left Tuesday for Albuquerque, N. M., stopped off on his way long enough to capture a bride at Hutchinson. Barnes and his wife resumed their trip to the west at once.

Trainmen on the Southern Pacific say that the road is storing an unusual amount of coal at Deming and Lordsburg for some reason or other. Not only are the regular coal yards full, but other space is being used. At Lordsburg switch tracks are being filled with coal.

A. Walton, the day yardmaster at Las Vegas, has gone to Chicago to see his family for a week. Mr. Walton was informed that his son had been bitten by a dog quite severely. H. A. Hannon, the night yardmaster, is working in his place, and F. Frederick is attending to the night shift.

The San Bernardino sun says that C. F. Lope, division master mechanic, has been granted a patent by the United States government on an improved fire shield to be used on engine boilers. Mr. Lope is now trying to secure papers from the Canadian patent department, to protect his invention there.

President H. K. Bickford, of the Denver, Kansas & Atlantic chartered to build from Denver to New Orleans, was at Guthrie, Okla., relative to the construction of the line through Oklahoma. He states construction will begin very soon as the greatest portion of the road has been routed. It is proposed to build through the main cities of Oklahoma.

The St. Louis & San Francisco company has filed a map with the United States Indian agent of the proposed route from Minco to Muskogee, a distance of forty-eight miles. The map shows the line will cross the Arkansas river near Choska. This map was filed under the act of congress, approved February 28, which provides for the location of railways within the territory.

At the annual meeting of the stockholders of the Fort Worth & Rio Grande Railroad company elected the old directors. The officers elected are: President, B. F. Yonkum, of St. Louis; vice president, L. B. Comer, of Fort Worth; secretary and auditor, J. S. Jones, of Fort Worth; treasurer, L. O. Williams, of Fort Worth; assistant secretary and assistant treasurer, F. H. Hamilton, of St. Louis.

Division Superintendent Whisenand, of the Santa Fe at Wellington, Kan., has been notified that the company expects to shortly commence relaying its lines from Florence southwest to Wellington, with 75 and 80-pound steel. A building for a heavy eating house is also to be erected at Wellington, indicating that the company is preparing to make this a point on its new short line to California by way of Amarillo, Texas, and Albuquerque, N. M.

The Western Passenger association, the largest organization of the kind in the country, comprising railroads running west from Chicago and many others in territory east of the Missouri river, according to the Tribune, is doomed to dissolution. Formal notice of withdrawal from the association given by John Sebastian, general passenger agent of the Chicago, Rock Island & Pacific, in the Tribune's opinion, will be followed by some of the most important roads in the association.

The old city council of Chicago marked its last business session Thursday night by unanimously passing the Burlington track ordinance which requires the raising of \$8.53 miles of track of six railroads. The cost of the work is estimated at \$2,000,000. The roads must accept the plans within 90 days and the work must be completed by December 31, 1902. The following

companies are affected by the ordinance: Chicago, Burlington & Quincy, 27.33 miles of track; Chicago & North-western, 32.25 miles; Pan Handle, 10.15 miles; Chicago Terminal Transfer, 12.75 miles; Chicago Junction, 4.46 miles; Santa Fe, 1 mile.

The Topeka State Journal says: Aaron B. Nuthall, formerly an engineer out of Topeka, surprised some of the older employees Wednesday by visiting the shops. He left here about ten years ago and was later division master mechanic at Raton, N. M., for a number of years. He has been running out of Salt Lake City, Utah, on the Union Pacific. There is this incident by which those who have been with the Santa Fe in Kansas remember Nuthall: It is related that while an engineer out of Nickerson he was caught one day west of that point without a sufficient supply of water to last him through. The snow was drifted high along the tracks and Nuthall promptly put this to good account by filling the tender with "white" and then cutting off the steam from the injector and turning it into the tank, thus melting the snow and getting enough water to keep the locomotive from "dying."

George L. Hodges, of Denver, passed up the road for the Colorado capital yesterday morning. He is the general attorney of the Mexico, Cuernavaca & Pacific railroad, and while in El Paso was interviewed as follows: "The road, which is of standard gauge, is now completed to Rio Bolinas, in the state of Guerrero, 182 miles from Mexico City. Much of the country is quite rough and difficult to get through. I believe the road will be the first to reach the Pacific coast from the capital of the republic. There will be two branches of the road; one will run to Acapulco and the other to the port of Tehuantepec, over 100 miles further to the north of Acapulco. The road will run through the capital of Guerrero. Acapulco is already an important seaport, notwithstanding it has no railroad communication with the interior. This road is being built by the Colorado corporation of which J. H. Hampson is the president and general owner."

TO PREVENT ACCIDENTS.

Santa Fe and Rock Island Among the Roads to Improve.

The railroads of the United States are gradually adopting new ideas for the prevention of accidents. The Illinois Central is putting electric lamps in all its switch lights at Fulton, Ky., and Fort Dodge, Iowa. The Catwampus branch of the Philadelphia & Reading is now worked by the telegraph block system, and the whole of the branch will be thus operated before long. The Colorado & Southern is now running its trains by the block system between Denver and Pueblo, 120 miles. The distance from station to station is usually four or five miles. Communication from station to station is by telephone.

The Big Four has been extending the use of the block system. All trains are now run under this system between Indianapolis and Muncie, fifty-four miles. The system will soon be extended eastward from Muncie to Cleveland. The Southern Pacific will soon put in a twenty-eight-mile interlocking machine at the drawbridge over Buffalo Bayou, near Houston, Texas. Another interlocking plant will be installed at the crossing of the Gulf, Colorado & Santa Fe at Galveston. The Rock Island is putting in interlocking signals at its crossing with the Fort Worth & Denver City at Bowie, Texas. The New York Central is completing a new interlocking plant at Oneida. The Alton is arranging to light all of its yards by electricity.

Every Healthy Boy likes to get himself into places of danger, rince bruises, strains and sprains. Mother scolds and brings out the bottle of Perry Davis' Painkiller and rubs it on the injured spots with an energy and frequency depending on the seriousness of the case. There is nothing like Painkiller to take out the soreness. There is but one Painkiller, Perry Davis'. Price 25c and 50c.

80 MILES AN HOUR UP GRADE.

Remarkable Run on the Burlington—Santa Fe Makes Fast Time.

A fast run from Akron to Denver was made on the Burlington railroad yesterday afternoon. At times a speed of 80 miles an hour up-grade was maintained and in view of the conditions operating against the bursts of speed, the run is remarkable.

Train No. 13 from St. Louis due in Denver at 3:15 o'clock yesterday afternoon, left Akron, 112 miles from Denver, at 1:39 o'clock. It was due to leave by schedule time at 12:11 o'clock. The time of arrival was marked on the bulletin boards at the Union station at 4:45. Instead, it made up 50 minutes, arriving at 3:55. The trip was made in two hours and 15 minutes, an average of 62 miles an hour. The usual time is 38 miles an hour. The train took water once and made five stops, one at a meeting point, where it was delayed somewhat longer than usual. The engine was of light build and the train, mostly of Pullmans, was heavy, consisting of five cars in addition to the baggage car. The wind was against the train. Engineer Avery was in the cab. The train was in charge of Conductor Wolf.

Another fast run was made last Tuesday by the Santa Fe train No. 607 from Pueblo to Denver on the joint track. The run was made in two hours and 44 minutes, including six stops. An average of 59 miles an hour was made. Conductor Hewitt and Engineer Stewart.

Use Allen's Foot-Ease.

A powder to be shaken into the shoe. Your feet feel swollen, nervous and hot and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures swollen, sweating feet, ingrowing toe nails, blisters and callous spots. Relieves corns and bunions of all pains and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Don't accept any substitute. Trial package free. Address Allen M. Olmstead, Le Roy, N. Y.

It's Just a Cough

that gets your lungs sore and weak and paves the way for pneumonia or consumption, or both. Acker's English Remedy will stop the cough in a day and heal your lungs. It will cure consumption, asthma, bronchitis and all throat and lung troubles. Positively guaranteed, and money refunded if not satisfied. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

AGRICULTURAL COLLEGE.

Interesting Notes About a First Class Territorial Institution.

Field day practice goes on briskly. The seniors are taking chafing dish lessons.

The stenography class is sporting new buttons.

The college pianos have had a thorough "going over."

Mr. Warren is a new student in the agricultural course.

The A. A. is negotiating the purchase of a new vaulting pole.

Not long ago Professor Vernon took twenty-seven fine young muttons to Swift, the El Paso meat man.

On the 22nd inst. the Mesilla Parkians met to discuss ways and means of improving their thriving little village.

George Horton, popular and self sacrificing basketball coach, left on Wednesday afternoon for Zacatecas, Mexico. Everybody misses him.

Miss Mary Wickham, of Socorro, an old college student, who has been teaching school at Craig, Ariz., on her way home, has stopped a few weeks to visit friends and relatives at the college.

The Liceo Cervantes rendered a fine program on Wednesday. The interest in the Liceo grows with each meeting. The assembly was held on Thursday, and those who performed did themselves proud.

We do most earnestly wish this college had a rich uncle who would die and leave it a lot of money. We need so many things. We have a good library, fine teachers, and well equipped departments. But the different student societies seem to be in a chronic state of financial embarrassment. And it seems that our affairs will never be in any better shape until we have a much larger enrollment than we have at present.—Las Cruces Progress.

BUSINESS LOCALS.

Economize by trading at The Economist.

Deming has increased 50 per cent. in population in four years.

Copper, tin and galvanized iron work.—Whitney company.

Deming water and pure ozone make strong and healthy people.

It will pay you to see Hall & Leonard before purchasing a piano.

Investments in Deming lots will double and treble in one year.

No tuberculosis preservaine or coloring in Matthews' Jersey milk.

Kleinwort's is the place to get your nice, fresh steak. All kinds of nice meat.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Look into Kleinwort's market on North Third street. He has the nicest fresh meats in the city.

We are sole agents for Wheeler & Wilson sewing machines.—Albert Faber, 305 Railroad avenue.

Why buy high priced lots when you can get them cheap in Deming now, with certain advance assured?

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Mrs. Isola Bambini, at her parlors at the corner of Railroad avenue and North Fourth street, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial.

ROSENWALD BROS.

Concise Statement of Fact.

E. M. Doe, one of the brightest lawyers of the Arizona bar, sent out to the people and boards of supervisors in the five northern counties, through which the Santa Fe railroad runs, a statement of the condition of the law, under which he holds that the road is now subject to taxation.

He calls upon the people and the supervisors to see to it that the road is placed upon the assessment roll by the territorial board of equalization and that if the said board failed or refused to do so to take steps to compel them to observe the law. The article is well timed and right to the point. The board of supervisors of Coconino county have been active in the matter of the railroad taxes and have enlisted the aid of three of the brightest lawyers in that county, E. M. Doe, E. S. Clark and District Attorney J. E. Jones. The men have been in Washington and have looked into the matter most thoroughly.—Kingman Miner.

MUST BE KIND.

Government Will Stop Cruel Treatment of Mail Horses.

NEW MEXICO INCLUDED.

Some time ago Secretary Whitehead of the Humane society wrote to Congressman Shafroth on the subject of cruelty to stock in the service of the United States government, says the Denver Times. The secretary referred to affidavits in his possession showing that horses employed in carrying mails in the rural districts of Wyoming, New Mexico and some parts of Texas, were cruelly abused. The evidence showed that in most cases the horses employed were bronchos that may be bought for a small sum of money and the contractors cared little whether they died or not. They would drive them thirty miles with mail and return without giving them any feed. If they gave out, others were used in their stead and the worthless ones turned out to graze until the relay played out and in turn these were brought back into service. They got nothing to eat but grass and there were times during the year when they did not have a sufficiency of that. The affidavits also show that in many cases the animals suffer with sores on their backs and shoulders. They are required to draw heavy loads with raw sores places as large as a man's hand under the collar.

Mr. Whitehead learned that nearly all of the abuses occurred where the horses were owned by the men who held star route contracts. These horses were practically in the employ of the United States government and Mr. Whitehead wrote to Mr. Shafroth suggesting that in the contracts for star routes a provision be inserted which would require the contractor to care for his horses. He also wrote to the second assistant postmaster general, Mr. Shafroth filed Mr. Whitehead's letter with the postoffice department with a recommendation. Mr. Whitehead has received the following letter from Second Assistant Postmaster General Shallenberger to Congressman Shafroth which shows that Mr. Whitehead's suggestion will be in due course adopted by the postoffice department: Postoffice Department, Second Assistant Postmaster General, Washington, March 11, 1902.—Hon. John F. Shafroth, House of Representatives, Sir: Some time ago you filed in this office a letter addressed to you by E. K. Whitehead, secretary of the State Bureau of Child and Animal Protection of Denver, Colo., in which he recited a number of cases of cruel treatment of the animals used in carrying the mails on mail routes, and suggested whether it would not be practical to incorporate in the contracts a provision requiring that the animals be well treated for their own sakes.

I have given this subject some consideration, and while it is a question as to how far the department can properly go in a matter of this kind, still I think it will be practicable to include some provision in future advertisements for mail service to the effect that the horses and mules used in carrying the mails shall be suitable for the purpose and properly cared for, and to impose some penalty for violations of such provisions. Such provision could not, of course, be applied to contracts heretofore executed, but it would be necessary to begin with some future general advertisement. Our next general advertisement will be prepared some time during the coming summer, and before it goes to press further attention will be given to the details of this subject, and I think we shall find it possible to take some action in the line of that suggestion. Very respectfully,

W. S. SHALLENBERGER, Second Assistant Postmaster General.

LOCAL PARAGRAPHS.

Hon. M. S. Otero, who was at Santa Fe on business the past few days, has returned to the city.

J. F. Pitts and wife, in the general merchandise and ranch business at Algodones, are in the city today.

Mrs. J. W. Coleman, wife of a well known citizen of Cerrillos, is in the city today, doing her spring shopping.

Jack Akers and Marcelino Ortiz, two Santa Fe citizens who have friends all over the territory, are here today.

J. W. Miller, a well known and popular citizen of the Indian village of Jemez, is in the city, taking in court and visiting city friends.

J. Thompson Lindsley and E. S. Wadley, two commercial travelers whose territory takes in the southwest, are here today with their samples.

Darby E. Day, superintendent of agents, Mutual Life Insurance company of New York, has returned to the city after a successful trip up north.

M. T. Moriarty, the Chillum ranchman, through whose ranges the Santa Fe Central has been surveyed and will pass when built, is in the city today.

Owing to some flaw in her transportation, Mrs. R. K. Gentry will not leave tonight for California. She hopes to bid her friends "adios" some time next week.

Special communication of Temple lodge No. 6, A. F. and A. M., Saturday, April 6th, 7:30 p. m. work in the M. M. degree. Visiting brethren cordially invited. By order of the W. M. Robert Abraham, secretary.

Mayor-elect Myers announces to his friends that "Richard is himself once more"—meaning that he has recovered from sleep, a good appetite and his nerves have become normal. He is now besieged by office hunters, but it is fair to the mayor-elect to say that he has made no promises, except in the case of City Marshal McMillin.

In the suit of S. B. Gillett against the estate of the late H. L. Warren for money claimed due from the partnership and as clerk hire, Judge Baker held that the question of indebtedness arising from the dissolution of partnership should be submitted to a court of equity and not a court of law. In regard to the claim for clerical work, he held the claim had not been sufficiently corroborated.

Ben Bothe, the Junior member of the Zeiger Cafe resort, who returned the other day from El Paso, reports J. S. Garcia, formerly deputy probate clerk of this county, as bookkeeper at Zeiger's hotel, El Paso; Charles Geach as the manager, and Captain George M. Cudiff as one of the gifted mixologists of the resort. Ben met a few other ex-Albuquerqueans and reports them getting along nicely.

The Albuquerque Dramatic Stock company, headed by Mrs. S. C. Berry, A. E. Morelock, Martin McDonald, J. Oliphant and others, will shortly present Hoyt's masterpiece, "A Texas Steer," as a benefit to the church of the immaculate conception. The original scene of the "Texas Steer" is set around and near El Paso, and is one of the funniest and cleanest farce comedies ever put on the American stage.

The Citizen has received an invitation to attend the military dance at Las Vegas hot springs. The invitation reads as follows: "Troop A, First Cavalry, N. G. of N. M., requests the pleasure of yourself and company to a military dance to be given at the hot springs Casino, on Friday evening, April 11, 1902. Special train leaves Las Vegas at 8:15 p. m." Patronesses are Mesdames L. W. Ilfeld, J. A. LaRue, A. H. Whitmore, R. C. Rankin, J. M. Cunningham, Charles Tamme and D. T. Hoskins.

Rumors throughout the city, today, give the information that City Marshal McMillin and Street Commissioner Tierney will be retained in their positions by the new council, although there are half a dozen applicants for the office of street commissioner. Rumor also has it that Dr. John Roger Haynes will be the next city physician, and that J. H. Stingle will be the new city attorney. There are half a dozen applicants for positions on the police force, also for plumbing inspector and for electrical inspector.

Lecture at 7:30 p. m., Sunday, in Odd Fellows' hall, 319 1/2 Second street. Subject, "Modern Miracles and How Explain Them." The lecturer will aim to show the insufficiency of all definitions of a "miracle" given by religions and will recite from authentic records, corroborated by personal observation, facts that are not explained by the laws and forces known to physical science. The latter part of the lecture will give hints or offer explanations of these phenomenal facts, some of which are instances of "independent psycho writing, flower production, etc. Everyone welcome.

Something new in lunch at the Metropolitan tonight.

Notice.

The regular meeting of the Fraternal Union of America will be held next Saturday evening, April 12, instead of tonight. By order of B. F. Davis, F. M.

Let's all talk over the railroad situation while enjoying the free lunch at Zeiger's Cafe. Call early.

We sell more shoes than all other stores combined. You know the reason. Leon B. Stern.

Hot lunch, free to everybody, at Zeiger's Cafe tonight. Don't forget the place.

Degree of Honor will give a dance at Odd Fellows' hall on Wednesday night, April 16. Price of admission, 50 cents, ladies free. Supper will be served.

A lunch, fit for royalty, will be served by Quickel & Bothe at Zeiger's Cafe tonight. Everything eatable free.

Curtain Cleaning.

Curtains, spreads, shams, etc., cleaned by Mrs. J. H. Martin. Best city references. Call or address, 101 Mountain road, city.

We make the best door and window screens. They are far superior to any made in the east at the same price. Albuquerque Planing Mill company, A. T. Telephone No. 463.

Do You Know?

That we can positively cure piles by the use of our wonderful PILE REMEDY, put up in collapsible tubes. Our catarrh balm will also give immediate relief and effect a permanent cure of all forms of catarrh. Write for a free sample of either and our terms to local agents. Do not put this matter off, but write at once.

Yours for health,

Spruce Chemical Co.,
KOKOMO, INDIANA.

Notice.

I desire to call attention to all persons who have not yet paid their 1901 poll tax that the same is now due and should be paid at once to avoid suit. Money can be left at Walton's drug store, where receipt will be given.

BE SURE IT'S RIGHT.

CROMWELL

THERE'S A LOT OF SATISFACTION IN KNOWING A SUIT IS RIGHT — TO YOU AND TO US. NOT A GARMENT GOES OUT OF OUR HANDS BUT IS SATISFACTORY TO THE CUSTOMER.

IT IS OUR BUSINESS PRINCIPLE TO GIVE SATISFACTION AND WE PLEASE MANY WHO ARE HARD TO PLEASE.

K. N. & F. SUITS ARE MADE RIGHT IN THE FIRST PLACE WHEN YOU BUY A SUIT YOU HAVE THE MAKER'S GUARANTEE, AND OURS.

A K. N. & F. SUIT IS MADE AS WELL AS ANY SUIT CAN BE MADE. THAT IS A GOOD THING TO KNOW WHEN YOU BUY. IT HAS AS MUCH STYLE AND QUALITY AS CAN BE PUT INTO A SUIT.

Come To Us and Save Money.

A Good Mixed Suit (well worth \$10.00)	\$ 8.50
A Dark Brown Cheviot Suit (were \$12.00 last season)	10.00
