FOUND DEAD IN BED.

Dr. Van Cleve of Silver City.

Tommy White is Getting Better.

Brewery Workers Say They Will Continue the Fight.

THE METEOR DAMAGED.

Special to The Citizen.
Silver City, N. M., March 31.—Dr. A. H. Van Cleve, one of the prominent physicians here, was found dead in bed yesterday morning. He is supposed to have died of heart failure during the night.

NOT THE BLOW.

Tommy White, who was injured, is improving nicely.
Philadelphia, Pa., March 31.—The condition of Thomas Hornkertz, "Tommy White," as he is known in the prize ring, who was rendered unconscious Saturday night while sparring with Tommy Market at the Knickerbocker Athletic club, is reported to be improved slightly. The doctor announced today that Hornkertz was suffering from apoplexy and his condition is not the result of a blow.

REJECT THE PROPOSITION.

Brewery Workers are Determined to Fight It Out.
Cincinnati, March 31.—Following the investigation and decision of President Samuel Gompers of the American Federation of Labor last week, it was thought the lockout of brewery workers in Cincinnati, Covington and Newport was ended, but the United Brewery Workers yesterday rejected all propositions and renewed the boycott fight on the engineers. Today the brewers reinstated many men who returned individually. Of the 1,500 originally out, the brewers report all have resumed except 200 or 300, and all breweries today are operating with the usual capacity.

The Meteor Damaged.
New York, March 31.—The Meteor III, the yacht of the German emperor, was damaged while being towed to a clear berth at Shooter's Island for a trial spin today. The port rail was stove in and a large counter plate at the stern was badly dented. The yacht is not badly damaged, however.

CAN NOT INTERFERE.

Parents Can Not Interfere if a Minor Deserts.
Houston, March 31.—An important decision was handed down in the United States circuit court of appeals in the case of Dan Miller, a minor from Texas, who enlisted at San Antonio without the consent of his parents. He deserted, and was arrested. The court holds the prisoner was a soldier and liable to military law just as a citizen, who is a minor, is amenable to civil laws. The parents cannot interfere in either case.

MURDERER MARRIED.

Contract Entered Into Without Knowledge of the Guards.
New York, March 31.—Albert T. Patrick, the convicted murderer of Millionaire William R. Rice, of Texas, married Mrs. Addie Francis in the matrimonial rooms of the Toms. The marriage was by contract, which is legal here, and was without the knowledge of the guards. The woman has been faithful throughout the trial.

WITH A WOODEN KEY.

Six Prisoners Escaped From the St. Louis Workhouse.
St. Louis, March 31.—By means of a wooden key, six prisoners escaped from the workhouse early today, after ten hours' work breaking shackles and opening the inner and outer doors of cells. The escaped men climbed the rear fence of the workhouse grounds and took a skiff to the Illinois side of the Mississippi river.

ENCAMPMENT IN THIS CITY.

The Santa Fe Railway Has Granted a Special Rate.

The Woman's Relief Corps of this city has received a cordial invitation from the Woman's Relief Corps at Albuquerque, through their secretary, Mrs. T. A. Whitcomb, to visit with them during the Grand Army of the Republic encampment at the Duke city on April 10 and 11, and to join with them in the pleasure and festivities of the encampment and especially in the camp fire on the evening of April 10.—New Mexican.

The Citizen has already stated that the Santa Fe railway company had granted a special rate of one and one-fifth fare for the round trip for delegates to the annual encampment of the New Mexico division of the G. A. R., which meets in this city on April 10.

AN INJUNCTION.

Testing the Law of Registration.

Claim That the Time Expired March 20.

Suit Extended so as to Include all Wards.

CASE ON HEARING.

J. W. Edwards, post commander of the G. K. Warren post, received notice of the rate the other day. The tickets will be issued in certificate and will have to be countersigned by the secretary of the encampment. The low rate will doubtless help to swell the number in attendance at the annual camp fire. Considerable preparation is being made for the event by Commander Edwards and his assistants and the veterans are assured of a rousing good time.

SMALL BUSINESS.

Dr. Harrison Deserves Support for His Work for the City.
Attempts are being made to secure votes against Dr. G. W. Harrison in his candidacy for alderman for the Fourth ward, on account of his advocacy of the act of the last legislature relative to the removal of the houses of prostitution in the vicinity of Third street and Tijeras road. The principal ground of complaint was that he was working in the interest of the opera house in securing the passage of that act. There were others equally interested in the passage of the act, the German Lutheran church and the Masonic lodge of this city, both of which institutions own valuable property in that neighborhood, as well as all respectable people of the city. The German church and Temple lodge did everything in their power to secure the passage of that act, by petition and memorials. The attempt to make political capital out of matters of this kind should receive the rebuke of all the respectable element of the city, and more especially the people of the Fourth ward.

SLASHED TO KILL.

Constable Placido Salazar the Victim of 21 Stabs and Cuts.

DR. PEARCE ATTENDING.

Placido Salazar, the well-known constable of precinct 5 (Barelas), lies at his home just south of the city limits in a dangerous condition.—In fact, Dr. J. F. Pearce, who was called to see him early this morning, gives the information that if he survives it will be a miracle.
Last night, the new adobe dance hall recently erected by Thomas Gurule on south Second street, just beyond the city limits, was initiated by a dance, and everybody in that neighborhood was invited and expected to attend. A large crowd was present and everything went along merrily until Constable Salazar, with a party of young men, left the hall. This was about 2 o'clock this morning, and from all accounts they entered the house of Francisco Molino, No. 1319, adjoining the hall on the south.

No special noise was heard after the departure of these men from the hall, but an hour later Salazar was found lying on the ground, in the small passage between the hall and Molino's house, in an unconscious condition, blood flowing from many cuts on his face and body, and no one around to tell the tale.

It was then a messenger was dispatched for a deputy sheriff and E. C. Newcomer appeared, who soon put under arrest Estanislao Sals, followed shortly afterwards by the arrest of Solomon Armijo, Celso Romero and Francisco Molino. As the crime was committed outside of the city limits, the men arrested were put in the county jail, and Sals says that the real culprit—the man who used the knife—is Juan Armijo. He escaped after the cutting and up to 4 o'clock this afternoon had not been apprehended.

A citizen representative, accompanied by Policeman Martinez, visited the Salazar home in Barelas this afternoon, and found him too ill to talk. Dr. Pearce had been there, and had skillfully sewed up twenty-one wounds, a majority of them being dangerous. Fourteen wounds were found on the body, the abdomen being ripped open for several inches, and seven wounds on the face and neck. The cut in the abdomen is very dangerous, likewise the cut in the left side of the face, the knife penetrating the mouth and clipping off a portion of the tongue. This cut extends almost from ear to ear.

It appears that Salazar was field for his antagonist's knife, and that the left side of his body got the majority of the wounds.

Sals is accused of holding the victim, and Juan Armijo, who has evaded arrest, is accused of handling the knife.
The victim is a well-known citizen of Barelas, and, while he had his enemies, he was nevertheless a good constable for that precinct where so many tough characters reside and characters who are always ready to use the knife or the sandbag. Salazar is a married man, with a wife and a son, the latter aged about 12 years, and an aged father, who has the esteem of everybody in that precinct. These people have the sympathy of their friends over the fate which has overcome Placido Salazar—son, husband and father, and if he survives his dangerous wounds it will be through the skillful work of Dr. Pearce, who is watching his patient carefully.

The Guthrie Fire.

Guthrie, Okla., March 31.—As the result of the fire Sunday noon, the total loss will amount to \$250,000. Frank H. Green, owner of the State Capital printing plant and buildings, places his loss at \$225,000, with only \$25,000 insurance. He will rebuild at once. In the meantime the Capital will be published from the Leader plant.

be delivered to the city clerk. Dr. Harrison said he had heard from Mr. Walton and from many democrats, among others Pete McCanna, that the majority of democrats would be registered last Saturday. Dr. Harrison said the list was not posted outside the store and Mr. Walton told him he did not put the book out because he feared it would be stolen.

Sheriff Thomas Hubbell said he took some names to Mr. Walton to be registered Saturday morning but Mr. Walton told him the book was not there. He left the names with Walton, who said he would register them. In the evening Walton told him he had lied to him about the book and McCutchen did not have it but it was in his safe. He said he had told him he did not have it because he was afraid Hubbell would demand it as sheriff of the county.

John H. Stingle said that Saturday afternoon he and Mr. Childers went to the Second, Third and Fourth wards and in the Fourth ward they saw Mr. Walton. They went, said Mr. Stingle, to verify rumors about adding names. They asked Mr. Walton if they intended to erase and add names and Mr. Walton said the board had been instructed that it had the right to erase and add names and intended to do so. Mr. Stingle asked him if he considered the books closed and Mr. Walton said: "No, sir." Mr. Stingle said no threats were made. Mr. Stingle said they went to the Third ward and the only place they found a book posted was in the Second ward.

W. B. Childers, United States attorney, said he was retained Friday evening and on Saturday made the trip as described by Mr. Stingle. He corroborated what Mr. Stingle had said and said Mr. Walton told him he was acting under the advice of the city attorney. Mr. Childers said he did not care so much about the dates, but his chief objection was to revising the registration books in secret.

Mr. Stingle was recalled and said he had employed a Mr. Bingham to make a canvass of the Fourth ward and he could furnish a list as it was at the close of March 20 and March 27.

Judge Baker said it would seem to him that the law allowed ten days for registration and from March 3 that would bring it to March 13; allowing one day and six for posting would bring it to March 20.

Mr. Bingham was called and said he was engaged to make a canvass of the Fourth ward by the republican committee and was instructed to get his names in before the evening of March 20. He said he took them in the evening of March 20 and copied them into the registration book. He said Mr. Walton told him the books would be open until the night before election.

Mr. Moore cross examined Mr. Bingham and asked him if he wrote the names in himself. Mr. Bingham said he did and they are all in the book in his handwriting. Mr. Moore asked how many of the board were there and he said Mr. Walton only. A part of the time Mr. Walton was chatting with him, but most of the time he was attending to his business. Bingham said on that one day he put 248 names on the book.

Mr. Moore at once raised the point these names were illegally put on, as they were not written by the individuals themselves, were not put on by the board, in the presence of a majority of the board or under the supervision of any member of the board. The point was not pressed.

Judge Baker asked if there was any means of knowing the names in the books on March 20 and Mr. Stingle said he thought they could tell. Mr. Moore explained his instructions by saying he thought the intent of the law was for the board to begin twenty days before election and not when appointed. Judge Baker remarked he thought there was a good deal in Mr. Moore's view. A recess was then taken until 2 o'clock.

TO THE GRAND JURY.

"This Knife Business in Albuquerque Must Be Stopped."

J. T. Wallace was this morning brought over to the grand jury by Judge Crawford on the charge of assaulting and killing his brother in law, R. P. Nicholas. Nicholas sister, who is Wallace's wife, has a suit for divorce from him now pending. She lives with her brother, Wallace has been warned to keep away from the house, but last night he went there and Nicholas put him out. Wallace claimed he went to see his little daughter, but Judge Crawford said "This knife business must stop in Albuquerque." He released him on his own recognizance.

George Warren got ten days, Theodore Rasmussen \$5 or five days and P. J. Smith the same for being drunk; and Fred Wilson five days for vagrancy.
The receipts of the police department for March were \$510.

The Encampment.

The committee in charge of the Grand Army encampment, which will be held here on April 10 and 11, is trying to arrange for a parade the first day. The White Oaks delegation will come overland and the Santa Fe delegates may do the same by riding over in an old army ambulance. The committee is trying to raise money to hire a band and meet them. Tonight the committee will meet at J. W. Edwards parlors at 7:30 to arrange the program for the camp fire.

Jones Unhorsed.

Little Rock, Ark., March 31.—Returns from democratic primaries show ex-Governor Clark is endorsed for United States senator to succeed Jones.

WRECKED.

Remarkable Effects of Eastern Storm.

Results Were in State of Pennsylvania.

Storm Extended Over Into Ohio With Heavy Frosts.

OTHER STORM NEWS.

Pittsburg, March 31.—A fierce wind struck this vicinity yesterday noon and scores of houses were unroofed and a number of people injured, some fatally. The Presbyterian church at Knoxville, was unroofed. During the panic at least forty persons were injured and five are believed to be fatally hurt.

The United Presbyterian church near McDonald was struck by lightning, toppling over the steeple and crushing a number of people, two fatally.

At Jamestown one end of the United Presbyterian church was torn out. Rev. J. M. Jameson was fatally injured but the congregation escaped. The Franklin Methodist Episcopal church near Wellsburg, W. Va., was destroyed and two of the congregation were killed, while many others were injured, including the aged pastor. There was much other damage.

The damage by the storm will probably reach several hundred thousand dollars. The effects of the winds can be seen on all sides today. Houses, churches and many large plants are unroofed, bridges partly dismantled, fences and trees down, and trolley, telegraph, telephone and fire alarm wires are prostrated. A remarkable feature of the storm is the number of churches that were injured. In Pittsburg and Allegheny and immediate vicinity eleven houses of worship were more or less wrecked, but in only one of them—the Knoxville Presbyterian church—did any casualties result. At the latter place, through the chimney coming through the roof probably thirty-five persons were injured. The local churches damaged are St. Peter's Protestant Episcopal, Bellefield Presbyterian, St. John's the Evangelist Roman Catholic and the Eighth street temple of Pittsburg; African Methodist Episcopal and St. Wenceslaus Bohemian Roman Catholic of Allegheny; First English Lutheran and United Presbyterian of Braddock; Knoxville Presbyterian and St. Mary's Roman Catholic of McKees Rocks, and the Robinson Run United Presbyterian church of McDonald, Pa. The casualties so far as reported do not number more than sixty persons injured, of whom five or six are probably fatal.

Those probably fatally hurt were injured at the Knoxville Presbyterian church and the Robinson Run United Presbyterian church. A peculiar feature of the storm was that the weather bureau records show only a maximum velocity of wind of thirty-six miles an hour. Col. Frank Ridgway, chief of the weather bureau of Pittsburg, Pa., says it was only a squall and likely to occur at any time during this season. Dispatches from surrounding towns of western Pennsylvania, eastern Ohio and West Virginia report heavy damage from the storm but no fatalities.

Columbus Suffers.

Columbus, Ohio, March 31.—A terrific wind and snow storm has been raging here since 6 o'clock and the wind attained a velocity of thirty-five miles an hour. Telephone, telegraph, trolley and electric light wires are reported down in all sections of the city. Plate glass windows were blown in on the north and south ends. Reports show the storm is general in Ohio but the trains here are but slightly delayed so far.

Trains Run Again.

New Orleans, March 31.—Service over the roads which recently have been badly crippled by storm and flood, is gradually being resumed. The first through train from the east on the Northeastern since Thursday pulled in the city today. The Mississippi valley and Illinois Central trains are running again but are late owing to the slow time being made in the recently flooded district.

London Gets It.

London, March 31.—Fogs on the coast today resulted in a number of minor mishaps to shipping. The French brig, *Ressie*, bound for New Foundland and having on board a crew of thirty-one men, was wrecked on the rocks west of St. Catherine's, Isle of Wight. The crew was safely landed.

Industries Resuming.

Hariman, Tenn., March 31.—The Emory river flood is receding and six of the twelve industries at this place that were invaded by high water resumed operations today. The aggregate damage is now placed at \$75,000.

Cincinnati Gets It.

Cincinnati, March 31.—Unusually low temperatures with frosts are reported throughout the Ohio valley to-

day with much damage from high winds. Numerous fires in this section last night were due to the lightning.

River Will Fall.

Chattanooga, Tenn., March 31.—The river at this point is stationary, but the fall will begin tomorrow. Traffic on the railroad is still blocked.

PRETTY MARRIAGE.

Fred W. Fisher and Miss Katherine Elizabeth Harsch.

Yesterday afternoon at 3:30 o'clock, at the home of the bride, on South First street, a quiet but very pretty wedding occurred, the contracting parties being Miss Katherine, eldest daughter of Mr. and Mrs. A. Harsch, and Fred W. Fisher, the popular young superintendent of the Albuquerque gas works. The marriage ceremony was solemnized by Rev. Robert Renison, of the Episcopal church, in the presence of the immediate family and a few friends.

After the simple but impressive ceremony was performed and congratulations were tendered by those present, the party proceeded directly to 216 South Broadway, the new and cozy home of the young couple, where a delicious wedding supper was served. Mr. and Mrs. Fisher are receiving the congratulations of many friends today.

Dr. P. W. Jacobs, rabbi of the Congregation Albert, has signified his intention of accepting a call to the Jewish temple at Huntsville, Ala., and has notified the members of his congregation here that he will leave in about two weeks.

A most enjoyable party was given on Saturday evening by Mrs. William Allen and Miss Olive Fleming, in honor of Mrs. De Busk and Miss Spencer, of Cabezón. The rooms were artistically decorated with carnations and American beauty roses. Games were played and delicious refreshments served. Those present were Misses Samson, Shorwin, Moore, Dudley, Collins, Winston, Spencer, De Busk, Craig, Elder, Menaul, Adams, Olive Fleming, Carrie Fleming, Addie Fleming, Ray Allen, Messrs. Heald, Young, Egan, Elder, McKee, Nicholson, Basuett, Anderson, Brennan; Mrs. Collins, Mrs. Bretwald, Mr. and Mrs. Allen, Mr. and Mrs. Tingley, Mr. and Mrs. Nichols, Mr. and Mrs. Heald, Mr. and Mrs. Marsh.

Police Department.

The least money ever collected in this city in any one year was under Field's administration. No republican marshal of the city ever skipped out or was short. Under Marshal Fornoff the receipts were over \$3,000 a year, when the former democratic administration had run the city so much in debt that warrants were only worth 50 to 60 cents on the dollar. No one is seeking Marshal McMilla's job and he has made a good marshal, but he has not had so disagreeable a position to fill as had Marshal Fornoff. The figures in the weekly democratic sheet are so utterly false that they do not deserve serious attention.

Mexican Central Affairs.

New York, March 31.—The announcement of the reorganization plan for the Mexican Central railway is expected in a few days. The directors, it is understood, have not passed final judgment on the scheme to refund the general mortgage 4 per cent and first and second mortgage bonds. Some definite statement of dealing with the new interests in the Mexican Central is looked for after the return to the city of E. H. Harriman.

Notes from Correspondents

SANTA FE POLITICS.

The Democrats Hold Convention and Name a Ticket.

Special Correspondence.
Santa Fe, N. M., March 30.—The democratic city convention met last night at 8 o'clock at the court house and proved to be an enthusiastic gathering. Hon. Marcelino Garcia, was temporary president; John C. Sears, temporary secretary, and F. Tafuya, temporary interpreter.

The following committee on credentials was appointed: First ward, A. M. Dettelbach; Second ward, P. Quintana; Third ward, Francisco Gonzales y Baca; Fourth ward, C. Rodriguez. There being no contest roll was called. The permanent organization of the convention was as follows: President, F. S. Davis; vice president, Chas. Wagner; second vice president, E. Sena; secretary, A. M. Dettelbach; interpreter, F. Tafuya.

The following committee on resolutions was appointed: Juan Delgado, C. F. Easley, A. B. Rencan and J. L. Seigman. Resolutions were read and approved.

Amidst great cheering nominations were made as follows: Judge N. B. Laughlin, for mayor; city clerk, Pablo Delgado; city treasurer, Chas. Haspel math.

The nominations made by the primaries were ratified by the convention. Judge Laughlin being called on accepted the nomination for mayor, with an enthusiastic speech, after which the convention adjourned sine die.

The Vice of Nagging.

Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. All druggists guarantee satisfaction.

WINSLOW.

The Navajo Indian Murderer Arrested.—The Citizens' Convention.

Special Correspondence.
Winslow, Ariz., March 28.—The Navajo Indian, commonly called Christman, has been found and arrested and brought to town and is now in jail at Winslow. He was discovered by Wm. Lee, who was north of town after a load of wood. Mr. Lee only noticed him when he was in a few feet of him with a large club drawn as though ready to strike. Mr. Lee at once faced him and the Indian cried out "Don't kill me." Mr. Lee took charge of him and brought him to town and turned him over to Marshal D. E. Hawks, and today he had a preliminary hearing bound him over to await the action of the grand jury, which convenes next October. The Indian's name is John Stott. He declares that he has not eaten anything since he killed his wife on March 12, and his appearance verifies the story, he being just able to walk, and is almost naked and very weak.

The city convention took place last night and nominated the following citizens to fill the general offices: Councilmen—G. A. Wolff, F. T. La Prade, F. F. Flickenger, Arthur Henderson, R. C. Cressell, G. R. Bauerback, F. M. French. For city clerk—Warren Briton. City marshal—D. E. Hawks. Supervisor of streets—C. A. French. The convention then adjourned.

The mayor then called a meeting of the council and appointed the following judges and clerks of election: Judges—W. A. Parr, U. Z. Rand and Milton Todd. Clerks—Ben Downs and A. W. Flickenger.

Would Smash the Club.

If members of the "Hay Fever Association" would use Dr. King's New Discovery for consumption, the club would go to pieces, for it always cures this malady—and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1.00. Trial bottles free at all druggists.

Belen Brevities.

Special Correspondence.
Belen, N. M., March 31.—The clerk at Becker's big store enjoyed a holiday on Good Friday.

The Heyday club has just received a new and up-to-date gas plant for its club rooms. The bowling alley has also been refitted with new balls and pins. Louis Becker expects to have his tennis court ready in a few days.

Three surveying gangs, under the following engineers, Jones, Stewart and Wallace, left Belen this week for a survey from here through the pass in the mountains to the Pecos river. The party consists of twenty-five men, with five well equipped outfits drawn by mules. They expect to be absent about six weeks and will make Belen their headquarters.

Douglas Johnson, a former New Mexico University student, expects to be in Albuquerque a few days of next month. He is on his way to Clement's ranch near Magdalena on a bear hunt.

Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

A Statement.

San Rafael, March 29.
To the Daily Citizen:

In reply to a letter of recent date, accusing the sheep owners of San Rafael of wanting to drive the Navajo Indians to the reservation, was not the intention of us at all. We complained of a few Navajo Indians stealing sheep

from us, and whipping some of our herders. Yours truly,
SHEEP OWNERS, SAN RAFAEL.

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe thorough and gentle. The very best pills. J. H. O'Reilly & Co.; B. H. Briggs & Co.

LAS VEGAS.

From the Optic.

Miss Frances Hartzell will visit Colorado Springs for a few weeks. She leaves for that point on next Wednesday.

W. W. Wallace, the stone contractor, today, closed the deal by which he comes into the ownership of the pretty Eleventh street cottage, formerly owned and occupied by Mr. and Mrs. C. W. Allen. Mr. Wallace will occupy his new home immediately.

David B. Hill, of Boston, is in the city today. Mr. Hill is the typical box car tourist. He makes a circle of the United States and Mexico on an average of once every six months. Unlike the average professional tramp, David is shrewd and provident and was never known to be on the "turf broke."

One of the most unexpected discoveries in the way of a copper prospect has been made by Mrs. John Loebeck, Frank Quinley and Ben Wooster. They have discovered that the waters flowing from the Tres Hermanos mine and flowing through the Tres Hermanos canyon are pregnant with copper. They are now making arrangements with eastern promoters to treat this copper fluid. If the very rivers are to flow with copper Las Vegas should certainly do well as a mining center.

From the Record.

Work will start on the new business block at the corner of Sixth street and Lincoln avenue, and will be rushed to completion.

His many friends will regret to learn that Col. R. E. Twitchell has had a relapse, and is much worse today. He is a very sick man.

The shooting match between Charles Emmerick and Griffith Roberts resulted in a victory for the former. There was a purse of \$25 up on the match.

Mr. and Mrs. C. L. Harris will leave for Goodland, Indian Territory, where Mr. Harris owns a general store and a valuable ranch near the town. They will be absent a couple of months.

L. A. Bond, of Espanola, brought his wife to Las Vegas to receive medical attention. Mrs. Bond was thrown from a horse and her ankle broken a short time ago and the injury has not healed properly.

B. C. Pittinger has just received the mounted skin of the bear he killed some time ago. It makes a fine rug, the head having been preserved and touched up by a taxidermist. It makes a fine trophy and reminder for a "bear tale" each time a guest arrives at the Pittinger home.

Hon. James S. Duncan, accompanied by James S. Duncan, Jr., returned from Los Angeles, Cal. The many friends of the family will be pleased to learn that Miss Beulah Duncan, who had been seriously ill for many months, is recovering and will soon be restored to perfect health.

Word has been received from Governor and Mrs. Otero that they will be here on April 11, with the governor's staff, to attend the cavalry company's military ball at the Montezuma, Hot Springs. It promises to be quite a social event. A special train of four coaches will take the dancing party to the springs.

An Indian Killed.

There was a murder committed at La Garita last Monday night in which Marcelino Montoya, an Indian, was killed and Axel Hummel was injured. STABBED TO DEATH.

A Jealous Husband Fatally Attacks His Wife With a Knife.

Rafael Montoya, at Dona Ana, on Wednesday stabbed and killed his wife in a fit of jealousy, and then attempted to kill himself.

From all accounts the murder was premeditated. Montoya hiding under the bed awaiting his wife's return from a visit to a neighbor. She returned in company with another woman and while talking to her, her husband crawled from under the bed, pushed the other woman out of the house, then stabbed his wife through the heart.

With the same weapon he made an unsuccessful attempt to take his own life.—Las Cruces Republican.

GLOVE FACTORY.

Socorro Working for an Establishment of This Industry.

REPRESENTATIVE NOW THERE.

A short time ago The Citizen announced that Socorro was in line for a glove factory, and that a movement was on foot among the people of that town to secure an establishment of that important industry. A representative of the firm figuring on locating in Socorro is now on the ground, and in connection with the enterprise the Socorro Chieftain says:

"The establishment of an extensive glove factory in Socorro is now assured. The bonus is practically pledged and A. R. White, of the firm of Fear & White, of Gloversville, N. Y., arrived in the city yesterday morning to take the preliminary steps for the erection of the necessary plant."

"At a public meeting held Thursday night in the city council room, presided over by Mayor Cooney, who has been especially active in promoting this enterprise, a finance committee was chosen consisting of M. Cooney, Joseph E. Smith, Abran Abeyta, and Estevan Baca, whose especial duty should be to raise by popular subscription the \$1,200 or \$1,500 necessary to comply with the conditions imposed by Messrs. Fear & White for the establishment of the proposed glove factory in the city. This committee began a canvass of the business men of the city yesterday afternoon and quickly found that they had an easy task before them, for in only one or two instances did they meet with a refusal to contribute the sum asked. Here is substantial evidence that Socorro's business men are not slow to promote a beneficent enterprise when it is once brought within their reach."

"The conditions required by Messrs. Fear & White are those that were contained in an article in the Chieftain some time ago on this subject, viz.: That they be furnished two acres of ground adjoining the railroad, on which shall be erected the walls of an adobe building 20x70 feet; that they shall pay only a nominal tax and have the free use of the city water for a period of five years; and that they be furnished transportation for two men and a car load of machinery from Chicago. On the other hand it is understood that the firm will put the factory into operation as soon as practicable, employing fifteen hands during the first six months, double that number during the second six months, and increasing the number thereafter as the needs of the business may require. The city's interests will be carefully protected in the enterprise in all respects. Mr. White arrived in the city yesterday morning and if all goes well will remain to put Socorro's glove factory into operation."

A BEAUTIFUL EASTER.

All Churches Celebrated the Day With Music and Flowers.

A more beautiful Easter day than yesterday could not have been imagined. The result was that all churches were crowded and in nearly all of them there were special musical features. Flowers were used in decorations and many of the churches were lavishly and elaborately trimmed.

The Presbyterian.

The leading musical feature was the contralto solo which was sweetly sung by Mrs. L. H. Chamberlin. The church was decorated with flowers and an appropriate sermon was preached both morning and evening.

The Baptist.

Carnations and Easter lilies were used in decorating the church and the music was unusually fine. The Rev. H. J. Powell gave a short illustrated talk to the children and then preached from the text, "And I was dead and behold I am alive forevermore." In the evening he preached on "The Risen Lord."

The Congregational.

In the morning a mixed quartet sang two beautiful numbers. Rev. Dr. Thompson delivered a sermon on "Christ, the Good Samaritan." In the afternoon the woman's annual missionary meeting was held and in the evening Rev. J. Stitt Wilson preached.

Highland M. E. Church.

Special music was given in the morning and a sermon appropriate to the day was delivered. In the evening a special Easter program was given by the Epworth League.

Lead Avenue M. E. Church.

Special music was given at both services. In the morning two beautiful anthems were sung by the choir and Miss McCune sang a solo. The morning sermon was on "The Power of the Resurrection."

St. John's Episcopal.

No more beautiful services were held in the city than at St. John's. The church was beautifully decorated with flowers and a largely reinforced choir gave a most elaborate musical program. The solos were sung by Miss Heimbeck and Miss Julia Renison. The sermon was appropriate to the day. The evening service was also an elaborate one.

Immaculate Conception.

Easter lilies and other beautiful flowers adorned the church and the musical part of the service was one of the finest ever heard here. The regular choir was much strengthened and it was further reinforced by the Sisters' choir. The program given was the most elaborate ever heard here. Vespers last evening was a most impressive service.

JERRY SIMPSON.

The "Sockless Statesman" is Now a Cattle Raiser.

HE MAKES PREDICTIONS.

"Jerry Simpson, Roswell, N. M.," is the apparently misleading name and address that appears on the register of the Albany hotel, says the Denver Republican. There was considerable discussion in the lobby last evening as to who this unknown Jerry might be, but investigation revealed the fact that he is none other than the "Sockless Statesman" of Medicine Lodge. "No, I don't live in Kansas any more," said Mr. Simpson last night. "I have gone into the cattle raising business in New Mexico, where I and my son are stocking a ranch and I expect to make that territory my future home. I am a full fledged cattleman now, and I am entirely out of politics. The fact that I have moved into a territory ought to prove that statement absolutely true. What show will I have in politics down in New Mexico, I would like to know.

"It isn't much use for me to say anything about politics since I am out of the swim. Still I have opinions as to what I think will happen. I don't think Bryan will be the candidate for president in the next campaign. What the democrats want is a man from the middle west who hasn't expressed himself definitely as to the issues of the party. Carter Harrison might do, or Dockery, of Missouri. I think it will be difficult to eliminate Bryan from the fight, but his ideas are too definite for the democrats in the next campaign."

Likes Roosevelt.

Mr. Simpson also said that he did not believe that Theodore Roosevelt would be the republican candidate in 1904. "I like Roosevelt," he said, "but I think the republican leaders are afraid of him. He has the unhappy faculty of doing what he believes is right without consulting the party leaders. But, as I said before, I am out of politics and am not supposed to know anything about it."

Jerry Simpson is emphatically against the oleomargarine bill, which puts a tax of 10 cents a pound upon oleomargarine and butterine. "It means," he said, "that it will turn the entire butter business of the country over to the creamery men, and all substitutes will be driven out of the market. It is liable to send the price of butter up to 50 cents a pound. I was surprised that two of your Colorado congressmen, Shafroth and Bell, voted for the bill, and I am unable to understand why they did this. The bill is decidedly against the consumer and is entirely in the interests of the creamery trust. I was forced out of congress two years ago because I would not agree to support such a bill. Because I would not promise to do this I was refused the nomination, and it was given to another man. I have been fighting this proposition ever since I went to congress, and I shall continue to oppose it.

"I shall be in Denver for a day or two. I am interested in the work of the National Live Stock association, and today I met John C. Springer, the president of that organization. We propose to make the next convention in Kansas City the greatest in the history of the association. I am going from here to Ogden to address the state convention of cattlemen of Utah, and from there I go into South Dakota and Idaho and other western states for the same purpose. My object is to stir up interest in the association and to urge upon the cattlemen of the northwest the necessity of getting together. They are realizing more and more that if they want to accomplish anything in congress or anywhere else they must pull together and exert their influence as a body. It is through this method that other interests have been so successful, and the stock growers must adopt the same tactics.

Wants a Western Man.

"What we need more than anything down in Washington is a secretary of the interior who is from the west. Nearly all the business of that department has to do with the country west of the Missouri, and the man who is at the head of that department should come from this section. Just now we are fortunate in the fact that the man who is in the president's chair understands the west, and I believe he will do great things for us before his term expires.

"I speak of this especially in regard to the order of the secretary of the interior for the removal of fences from the public domain. Down in my part of the state the summary removal of the fences from the public land will work great hardship to the small cattlemen, the very man whom it is the declared intention to protect. It will mean that the man with a small herd will have to hire herders, which he is unable to do, and that he will have to sell out to the big cattlemen, who will in a short time have complete control of the range. I think the leasing system that is advocated in the west will solve the difficulty to a large extent, but of course that is experimental."

Jerry Simpson dresses much as any westerner who is used to the hardy life of the plains, with a serviceable suit, a turned-down collar, and socks. As the statesman from Medicine Lodge sat in his room with one foot thrown over the other knee he flaunted a pair of socks that were quite up to the requirements of the style of the present year. Whatever his falling may have been during the days of his political glory, there is no disputing the fact that now he has recognized the demands of society in regard to the clothing of his pedal extremities.

Cancerous Sores

are most frequently to be seen upon the face, neck or breast, though they are liable to appear upon other parts of the body. When they begin to spread and eat into the flesh, sharp, piercing pains are felt as the underlying tissue is destroyed and the tender nerves exposed. Cancerous sores develop from very trifling causes; a carbuncle or boil, swollen gland, a little watery blister on the tongue or lip, a wart, mole or bruise of some kind becomes an indolent, festering sore, which in time degenerates into cancer.

"Ten years ago I had a sore on my left temple, which the doctors pronounced a cancerous ulcer. It would itch, burn and bleed, then scab over, but would never heal. After taking S. S. S. awhile the sore began to discharge, and when all the poisonous matter had passed out it got well. I took in all about thirty bottles, continuing it for some time after the sore had healed, to be sure all the poison was out of my system. Have seen no sign of the cancer in ten years."

KILLING OF JUDD.

More Particulars of the Crime Committed by Mrs. G. B. Walker.

LAS VEGAS TRAGEDY.

The Citizen last Saturday afternoon, in a special telegram from Las Vegas, gave some facts of the shooting and killing of J. S. Judd in that city by Mrs. G. B. Walker, a visitor from Miles, Iowa. The following facts, published the day after the tragedy, is clipped from the Las Vegas Record:

"Mrs. G. B. Walker has been charged with murder in the first degree and held under a \$5,000 bond to appear at the preliminary hearing. The bond was furnished by L. C. Fort, W. G. Haydon, Maud C. Haines, J. N. Furlong, James A. Dick and J. H. Stearns, and Mrs. Walker remains in her apartments over Furlong's photograph gallery, where she has three rooms and where she does light housekeeping. Mrs. Walker rents the entire upper floor over the gallery, and occupies the two front rooms to the Misses Haines for a musical studio and bed room.

"Yesterday, when the killing took place, the Misses Haines were away, being up at the Springs, and there was no one on the same floor. It is supposed that Mr. Judd had cognizance of the fact that the Misses Haines were away, probably saw them at the Montezuma hotel, and knew that Mrs. Walker would then be alone.

"Yesterday was not the first time Judd had been at the apartments of Mrs. Walker, he having been there several times this week, but during the visits previous to yesterday Miss Haines says that she was always in the room.

"Miss Haines refused to state whether Mrs. Walker had ever told her about Judd's actions toward her, but from her silence it is naturally presumed that she had, and the fact that she always remained in the room during Judd's calls corroborates Mrs. Walker's allegation that she feared him.

"Mrs. Walker refused to see a Record reporter this morning when he called at her apartments, saying that the Record's report yesterday was quite correct and embraced all the facts as they were, so she had nothing further to say.

"A couple of telegrams have been sent to Mr. Walker, but as the second one elicited no reply, it is presumed that he has left for this city already, in which event he should arrive here Monday afternoon.

"The coroner and his jury viewed the remains of Mr. Judd yesterday evening, about 6 o'clock, and the regular inquest will be held in Judge Wooster's office on Monday afternoon at 4 o'clock, it having been deferred until that time at the request of Mrs. Walker, so that her husband could be here with her.

"Assistant District Attorney Davis will prosecute the case and Lawyers Fort, Long & Haydon will act for the defense.

"Mrs. Walker has been here for several months and at first roomed at Mrs. Herzog's, later removing to Mrs. Kistler's. The Judds had three rooms at Kistler's and sublet one of them to Mrs. Walker, some time in January. When Mrs. Kistler was seen by a Record reporter yesterday evening she had not heard of the killing and was perfectly astounded at the news. She said that Mr. Judd and Mrs. Walker seemed to be friends, but she had never seen anything of a compromising or improper nature during their stay at her house. Mrs. Walker left Kistler's about eight weeks ago, two weeks before Mr. and Mrs. Judd did.

"Mrs. Walker is a good looking woman, a brunette, slightly under middle age, has dark eyes and is of an attractive appearance. No one has been found who can say a word against her character or actions during her stay in our city.

"Mr. Judd was a gray-haired man of medium build, 68 years of age, and was well and favorably known around town.

"It seems, though, that his acquaintance lately have led some of those who knew him well to question his sanity, as it is known that he has endeavored to criminally assault more than one of the chambermaids at the Montezuma hotel, who have volunteered to appear as witnesses for the defense at the proper time. It is claimed that, only a few days ago, he attempted to assault one of the chambermaids in a bed room at the hotel, having her at his mercy until her screams caused him to desist from his foul purpose.

"Mr. Judd's body will be shipped to Topeka, Kan., tonight on the midnight train. On Tuesday it will be taken for burial to Whitehall, Ill. Mrs. Judd and son, Dr. N. W. Judd, came down from Ho Springs today and they will accompany the remains east tonight.

"G. B. Walker is a prosperous land owner at Miles, Iowa. Mrs. Walker has one son, about 9 years of age, at home with his father, she having come out to Las Vegas alone last December.

"Public sympathy has generally been with the woman so far, although today the feeling is that a close investigation is advisable."

Between the hours of eleven o'clock a. m. and closing time at night on January 25, 1901, A. F. Clark, druggist, Glade Springs, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. MURDER AT MONERO.

Alexander Clark Was Found Dead Yesterday Near the Coal Mines. J. H. Crist, of Santa Fe, manager of the Monero coal mines in Rio Arriba county received a telegram to the effect that his mine foreman, Alexander Clark, had been found near the coal mines dead, and with a bullet hole in his side near the shoulder. Clark was a sober, industrious and well liked man. Mr. Crist left for Monero on Sat-

Piecing.

That's a word which may not be in the dictionary in this sense of its use, but which is in very common use in some sections of the country. "She's always piecing" they say of the woman who runs to the cupboard at irregular hours and eats a piece of pie, cake, or some other dainty. This irregular eating is one of the chief causes of dyspepsia and "weak" stomach.

Diseases of the stomach and other organs of digestion and nutrition are completely cured by the use of Doctor Pierce's Golden Medical Discovery. It increases the supply of rich, pure blood, and gives the body vitality and vigor.

"A year ago I was feeling very badly," writes Mrs. Lizzie Abrams, of 18 Johnson Avenue, Brooklyn, N. Y. "I had a very poor appetite and when I sat down at the table I could not eat, but would have to go away without even tasting the food. Chancing to hear from a friend who used your 'Golden Medical Discovery' for a disease similar to mine, I thought I would give the medicine a trial, and I can hardly express the benefit received from it. The first dose seemed to do me good. My appetite returned and I was able to eat heartily. I have improved so much since taking the 'Golden Medical Discovery' I do not look like the same person. Am today well and strong—the result of taking six bottles of Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

WHAT CAUSES DANDRUFF.

Greatest European Authority on Skin Diseases Says It's a Germ.

The old idea was that dandruff is scales of skin thrown off through a feverish condition of the scalp. Prof. Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle and carrying the vitality of the hair at the root. The only hair preparation that kills dandruff germ is Newbro's Herpicide. "Destroy the cause, you remove the effect." Not only cures dandruff, but stops falling hair and causes a luxuriant growth. Delightful hair dressing.

JAPS ON A STRIKE.

Santa Fe Track Hands Quit Work at Victor, Cal.

Fifty-two track layers and graders of the Japanese variety, walked out of the employment of the Santa Fe at Victor last week, creating one of the first strikes of its kind on the coast, says the San Bernardino Sun. The railroad people contemplate the ousting of Jap labor on this division in favor of Mexican road men. The little men heard of this and resolved to resort to the measures usually adopted by their white brothers, which was to strike. They talked the matter over with the boss Jap, and the result was a complete walkout. Already many of the men are beating their way into the valley, one of them being so unfortunate as to have his leg taken off by a Santa Fe train near Colton Wednesday.

Base Ball Yesterday.
The Old Town Tigers and the Santa Fe Pacific boys crossed bats yesterday afternoon at the fair grounds and treated a large crowd of spectators to a pretty good exhibition of ball playing. AGENT WALPOLE'S SALARY.

It Was Left Out of the Indian Appropriation Bill by a Misunderstanding.

Indian Agent Walpole, of Pueblo, who is stationed in New Mexico, is at Washington. Mr. Walpole's salary was left out of the Indian appropriation bill which passed the house and which is now in the Indian committee of the senate, and he has been in conference with the Indian commissioner and members of the Indian committee in reference thereto. The item was left out of the bill through a misunderstanding and it is understood will be inserted in the bill by the senate committee.

A Printer Greatly Surprised.

"I never was so surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Cook, pressman of the Asheville, N. C. Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by all druggists.

STATEHOOD BILL DELAYED.

Speaker Henderson Said to Be Opposed to Omnibus Measure.

A dispatch to the St. Louis Globe-Democrat from Washington says: Mr. Knox, of Massachusetts, chairman of the house committee on territories, stated that he had about completed his report upon the bill granting statehood to Oklahoma, Arizona and New Mexico, but that he would not present it to the house until he had held a conference with Speaker Henderson. Advocates of statehood legislation have been informed that the speaker is opposed to the measure and that he was much disappointed when it was announced that the committee had decided upon a favorable report.

Speaker Henderson has refrained from expressing an opinion on the bill, but it is generally accepted that he is opposed to the measure. The delegates who have been making a canvass of the house have become convinced that the speaker's attitude of hostility, although not pronounced, is having its effect upon members who are guided largely by the wishes of the house leaders. These members have declined to commit themselves on the measure, although none of them have openly declared their intention of opposing the bill. Enough republican votes have been pledged to secure the passage of the bill by the house, with the support of the democrats, who are unanimous in their support of the measure.

TERRIBLE TRAGEDY.

The Clayton Murder Caused by a Scurrilous Pamphlet Issued by the Murderer.

THE FULL PARTICULARS.

The Citizen has published several articles regarding the recent tragedy at Clayton, Union county, in which John R. Guyer shot and killed W. E. Searles, but the full particulars of the terrible tragedy are as follows, clipped from the Clayton Enterprise:

"Never before in its history has Clayton been shocked and startled as it was Wednesday at about 12:45 o'clock, when a perfect roar of gun reports was heard to issue from the postoffice on Main street. The day was a perfectly beautiful one, and, it being the noon hour, everything was as peacefully quiet as the Sabbath, when the shooting commenced. After the succession of reports had emanated from the postoffice building, W. E. Searles was seen to limp out of the front door and fall just off the sidewalk, as he had received two bullet wounds, that shattered the bone in the right leg. Falling in a sitting posture, he grasped his pistol, a Colt's 45, in both hands and fired one more shot at John Guyer, who by this time had dispensed with his revolver and was entering the front of the postoffice from behind the partition with a Winchester in his hands. Guyer pushed his Winchester out of the front door twelve or fourteen inches and fired two shots, the last taking effect in Searles' right side passing through the liver and intestines and out through the left side. This last was the fatal shot. Hardly had the firing ceased, before Mrs. Searles, who only lived a short distance from the scene, appeared running across the street, and her pitiful cries and moans would have wrung a heart of stone. Mr. Searles was removed to his home, and a messenger was dispatched for Drs. North & Charlton, but he was breathing his last when they arrived.

"The cause of the tragedy is without a parallel. Evidence goes to show that Guyer had written a pamphlet entitled, 'Elna, or The Lady From Hell,' in which he gives a most accurate and minute description of Mrs. Searles' personal appearance in 'Elna,' the principal character; tells of her birthplace, travels of herself and husband, and winds up with a history of how these people made their first appearance in a little border town of New Mexico. To read the book is like wading through a sewer, being a veritable cess-pool of slime. Mr. Searles came in possession of the book and went to the postoffice with the intention of avenging the wrong, but missed his mark every time he fired, and was himself killed, though he emptied his revolver at his antagonist. Guyer was immediately taken in charge by the officers and was allowed bail in the sum of \$10,000.

"W. E. Searles, the deceased, was born at Coldwater, Mich., August 14, 1865, and was married to Miss Ella McKinnon eleven years ago in the state of Illinois, while he was in the employ of a St. Louis telephone company. He and his wife came to Clayton five years ago, where they have since continuously resided, and by their frugal thrift had just finished paying for a little home. He was a quiet inoffensive man who had a reputation for attending to his own business, and was considered a good citizen. He leaves, besides his wife, a mother and sister, both of whom reside in Michigan.

"The funeral took place from the home Thursday afternoon at 3 o'clock. A large crowd of people followed the remains to the grave.

"John R. Guyer has lived in Clayton for six or seven years, where he has been engaged in the practice of law. He was a member of the territorial legislature in 1899, and was appointed postmaster at this place during the second administration of the late President McKinley.

Practically Starving.
"After using few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. J. H. O'Reilly & Co.; B. H. Briggs & Co.
