NUMBER 105

HANNA AGAIN.

Is Once More Settling Labor Troubles.

Pierpont Morgan Not a Health Seeker.

Wool Growers of the Northwest Form a Trust.

MILLERS ORGANIZE.

New York, March 26.—The industrial department of the National Civic Federation met here today to hear the plea of the United Mine Workers for assistance in adjusting their differences with mine operators. Senator M. A. Hanna, Oscar S. Strauss, Bishop Henry C. Potter, Franklin MacVeagh, Lewis Dixon, Charles A. Moore, Marcus M. Marks, William H. Pfahler, Ralph M. Easley, Frank P. Sargent and James Duncan acted for the Civic Federation, and the Mine Workers were represented by John Mitchell, president of the national organization; Thomas Nicholls, John Fahy and Thomas Duffy, district presidents of the Mine Workers and participants in the Shamokin convention which formulated the demands of the men.

The meeting was held at the church mission house behind closed doors. It began at 10:30 o'clock and it was announced that after John Mitchell and his assistants had stated their case, the industrial committee would hold another executive session to decide upon its course. Before the conference began John Mitchell said there were 140,000 miners who wanted better pay and a yearly contract, covering the terms of their work with the mine owners. This would mean their recognition as organized labor. Mr. Hanna expressed hope there would be peace, and said he saw nothing in the situation that could not be adjusted.

The conference adjourned at 1 p. m. and Senator Hanna made the following statement:

"We have talked with the representatives of the miners and got at their desires. We do not anticipate trouble and the best spirit was manifested here today. A sub-committee of three was appointed which will report back to the industrial department of the National Civic Federation tomorrow. The committee is composed of myself, former Minister Strauss and Mr. Duncan."

Trouble in Iowa.

Des Moines, March 26.—Unless the unforeseen transpires, every miner in Iowa will walk out at midnight of March 31 and a strike will be instituted, the consequence of which cannot be foretold.

At a joint conference of miners and operators this morning the issues were squarely drawn and the operators formally announced they will not agree to employ shot fliers, nor will they agree to the uniform day wages scale demanded. The joint conference adjourned to reassemble at 2 o'clock for final action.

MORGAN A WITNESS.

Is Not in Business for His Health Exclusively.

New York, March 26.—J. Pierpont Morgan was a witness today before Special Examiner Mabey in the suit of Peter Power against the Northern Pacific Railroad company to test the legality of turning over the control of that company to the Northern Securities company. Mr. Morgan was questioned by George Alfred Lamb, of counsel for Mr. Power. Mr. Morgan said it was the business of the firm of J. P. Morgan & Co. to take up anything in the financial line that was creditable and which might suggest itself as profitable. The firm had much to do with the reorganization of the Northern Pacific in 1896.

WOOL GROWERS' TRUST.

Seventy Leading Sheepmen of Utah Have Joined the Organization.

Salt Lake, March 26.—According to the Herald, the wool growers' trust is being organized throughout the west. Already, it is stated, seventy leading sheepmen of Utah have gone into the organization while many principal wool growers of Oregon, Nevada and Idaho have also joined forces with the new organization. The abolition of the middlemen's profit is stated as the object for the new association.

ALL ARRANGED.

Complete Organization of Millers with Capital of \$400,000,000.

Chicago, March 26.—The final steps in the formation of the National Millers' Federation, representing a total capital of \$400,000,000, and an annual flour output of 100,000,000 barrels, were taken at a meeting held here today. The federation is a national organization of various state associations and in addition, it will include the National Millers' association and the National Winter Wheat Millers' association.

Struck a Buggy.

Pueblo, March 26.—The incoming Rock Island train struck a buggy east of Pueblo at 1:30 this afternoon, killing Mrs. John Clase and infant, and injuring fatally Mrs. Ella Hines.

HAVE NO SHOW.

Deserters Will Waste Time in Appealing to Roosevelt.

Washington, March 26.—President Roosevelt declared today that so long as he is in office, no deserter from the army or navy would find favor with him. The statement was made to Captains Frank Bruner and Fred McDonough, of Little post, G. A. R., of Cincinnati, who handed him a set of resolutions from the ex-union soldiers of Cincinnati, condemning the restoration of deserters to the rolls and approving his course in vetoing certain bills recently passed by congress.

CAPTURED A FEW.

General Delaney Successfully Evaded Lord Kitchener's Columns.

London, March 26.—The reports of the result of the combined movement of British columns against General Delaney have enabled Lord Kitchener to announce the capture of about 100 prisoners, three 15-pound guns, two pompons and quantities of stock, weapons, etc. Delaney appears to have successfully evaded Kitchener's cordon at the offset.

Lord Kitchener, in a later message, says: "All reports are now in. Total number of prisoners is 135."

TRAIN WRECKS.

Pueblo Indians Killed in Freight Wreck and a Tramp in a Passenger Wreck.

OCCURRED LAST NIGHT.

Santa Fe, N. M., March 26.—It has been definitely determined that two Santo Domingo Pueblo Indians were killed and three white men, who were riding a ride, were seriously injured in the freight wreck on the Santa Fe at Galisteo, Santa Fe county, last night. The wreck was caused by a broken axle. Nine cars were derailed and traffic was delayed fourteen hours, causing damage of \$6,000.

Late yesterday afternoon the daily local freight train from the north was wrecked a few miles this side of Lamy Junction by the breaking of an axle on a car loaded with tiling. Three Pueblo Indians were killed and two Indians and three hobos were badly injured. Five cars loaded with railroad building material were badly wrecked. The Indians had boarded the car loaded with tiling and were coming south to Thornton. It was this car that caused the accident, and as other cars were loaded with heavy material the force smashed it to splinters. One Indian escaped unhurt.

The north end wrecking crew left this city last night at 9 o'clock for the scene of the disaster and by 8 o'clock this morning the track was cleared.

Passenger trains Nos. 1 and 7, which should have arrived last evening, were held beyond the wreck and did not get in until after 11 o'clock this morning. Passenger train No. 8, which left the city last night was held at Cerrillos.

CHICAGO LIMITED WRECKED.

At Hobson, the first station this side of Winslow, passenger train No. 4 ran head-on into a light engine, derailling and badly smashing the combination baggage and buffet smoker, and killing one tramp. It is not known whether he was riding on the blind baggage or the engine. No trainmen were hurt. The track was cleared and the delayed train arrived here about 3:15 this morning.

SECRETARY DROPPED DEAD.

Was Connected with the Mexican Embassy in Washington.

Washington, March 26.—Enrique Santibanez, second secretary of the Mexican embassy in this city, dropped dead on the street here this afternoon. He was a consumptive and his health had been very poor of late. He had been stationed at the embassy at Washington for about sixteen years.

CECIL RHODES DEAD.

He Quietly and Peacefully Slept Himself Away.

Cape Town, March 26.—Cecil Rhodes is dead. Mr. Rhodes died peacefully at 5:57 p. m. He slept during the afternoon, but his breathing became more difficult and his strength perceptibly diminished till he passed away.

BREWERY COMBINE.

Buffalo Beer Makers Will Consolidate With \$2,000,000 Capital.

Buffalo, March 26.—A story published today says the brewing interests of Buffalo are on the eve of consolidation on an extensive scale, with a capitalization close to \$2,000,000. It will result in the closing of six or seven of the score of breweries in this city.

Miss Stone Starts.

Salonica, Roumania, March 26.—Miss Ellen M. Stone, American missionary, has started for London and from thence she will sail for America.

Tonight! Don't forget it! Byron W. King, the elocutionist and specialist. Hear him in Irish, German, Scotch and American dialects. Colombo hall.

Delicious ripe olives 25c pint.—San Jose Market.

FUNSTON COMES.

Expected in This City Tomorrow Night.

President Roosevelt Must Tell Us Why.

Texas and Arkansas Cattle Barred From the Cherokee Nation.

PATRICK TRIAL CLOSING.

Brigadier General Frederick Funston will probably pass through Albuquerque tomorrow night. After telegraphing in all directions, Mayor O. N. Marron this morning received word that the general left Kansas City this morning for Oakland, Cal., and it is presumed he will arrive here tomorrow evening. No formal committee will be appointed, but it is expected that many representative citizens of Albuquerque will meet him at Las Vegas and try to persuade him to stop over here for at least a day.

General Funston is on his way to Oakland to rest with his family before he assumes command of this department.

Mayor Marron is keeping wires hot trying to secure more exact information.

ALL FROM MISSOURI.

Must Be Shown Why Gen. Miles Was Turned Down.

Washington, March 26.—When the house met today Mr. Cooper, of Wisconsin, chairman of the committee on insular affairs, presented the Bureau resolution of inquiry, calling upon the president for information relative to the reported application of Gen. Miles to be assigned to duty in the Philippines for the purpose of putting in operation a plan prepared by him for the pacification of the islands. The resolution was adopted without debate.

The house then went into the committee of the whole and resumed the general debate on the army appropriation bill.

The senate today resumed consideration of the oleomargarine bill and Mr. Hansbrough, of North Dakota, continued his speech in support of the measure.

QUARANTINE ENFORCED.

No Texas or Arkansas Cattle for Cherokee Nation.

Vinita, I. T., March 26.—Guy B. Cobb, United States revenue inspector for the Cherokee Nation, issued an order prohibiting the importation on Texas or Arkansas cattle into the Cherokee Nation for grazing purposes. The order is to prevent the introduction of Texas fever. Herds now en route have been stopped and the quarantine will be strictly enforced.

GOES TO THE JURY.

Noted Patrick Trial in New York Nearing the End.

New York, March 26.—The trial of Albert T. Patrick, lawyer, on an indictment charging him with the murder of William M. Rice, was concluded today. The addresses of the counsel were finished yesterday and today Recorder Goff began to charge the jury. He said the defendant was not obliged to prove his innocence; it was for the prosecution to prove his guilt and he was entitled to the benefit of every reasonable doubt. The only thing for the jury to decide was the guilt or innocence of the defendant on the charge of murder. The case was given to the jury at 1:54.

TWO MILLS FOR BLAND.

Money Subscribed for the Home Milling Company Plant.

WOODBURY MILL TO START WORK.

From the Bland Herald.

S. W. Young and A. Horne, who went to Albuquerque last week in the interest of the Home Milling & Mining company, returned last Wednesday.

Their trip was a most successful one, and enough has been raised to insure a custom mill for Bland. A meeting was held Wednesday night at John O'Connor's hospitable quarters and the matter thoroughly discussed. V. V. Clark, president and general manager of the new enterprise, has been instructed to purchase the McKinney ten-stamp mill in Hell canyon and in a few days teams and wagons will be put on the road to haul the plant to Bland. When it arrives its erection will immediately be begun. One enough has been engaged to keep the mill going steadily.

These are the lowest possible figures and we have every chance of successfully treating 10,000 tons annually, thus realizing 100 per cent on our money. It will be demonstrated in a

very short while after the mill starts, that these figures are correct and those who put in their money now, will realize that they have made the best investment ever. The new enterprise is to be incorporated as soon as possible. Its capitalization will be \$10,000, probably \$12,000, and C. A. Scheurich has been appointed a committee of one to go to Santa Fe to raise the balance. There be great things in store for Bland and those who have been its friends in its darkest days will reap their just reward in the bright future.

Another mill is assured for us. The Woodbury mill at Allerton is to begin operations. It will also be managed by V. V. Clark. This mill will treat the ore from the Iron King mine and do custom work also. We will have more to say about this matter later on.

AMERICANS AHEAD.

Otutlook is Bad for the British Tobacco Trust.

London, March 26.—Local representatives of the American Tobacco company took important steps this morning towards gaining the support of the wholesale dealers, by practically promising them a 5 per cent profit on all deals with them. The chairman of the Wholesale Tobacco Dealers' association says that unless the Imperial Tobacco company meets them in a similar spirit, there will be a bad outlook for the British tobacco trust.

RANK SWINDLES.

How to Open a Cash Register Without the Aid of a Key.

POTATO BUG SWINDLE.

The assistant attorney general for the postoffice department had his attention called recently to an advertisement which has been appearing in various newspapers offering for "the small sum of \$2" to teach by a "quick, safe, sure, and easily learned method" how to open a cash register without the aid of a key.

The attorney general investigated the case, and now believes that whatever the character of the promoter of the scheme may be, his sense of humor is abnormally developed.

Advice Is to Use an Ax.

The circular sent to those who remitted \$2 instructed the pupil to secure an ax, weighing, "in order to secure best results," in the neighborhood of ten pounds. The circular then tells the pupil to take a position before the register, advance the left foot, stand firmly, "swing the ax with both hands around the head three times, and smite the cash register with might and main—location of blow immaterial. Repeat until result is obtained."

The circular closes with the remark that for the successful operation of the "quick, safe, sure, and unfailing" method it is essential to be alone with the cash register. The case was settled without the necessity of a fraud order.

Relative to Potato Bug Game.

This case is a near approach to the ancient "potato bug exterminator," which guaranteed for \$1 a method of eradicating the potato vine pest, and sent two little blocks of wood, numbered 1 and 2, and a printed circular. The circular read as follows: "Catch the festive bug, place him carefully on block No. 1 and smite with block No. 2. Wipe and proceed as before."

Forbids Mails to Ring Swindle.

The postmaster general issued an order denying the use of the mails against the Central Agency Pawnbrokers, Baltimore Building, 21 Quincy street, Chicago, Ill., the operators of an ingenious scheme. People all over the United States have been receiving letters reading:

"My Friend of Long Ago: My ring deserves a better fate than that to which it seems to be doomed, and, rather than have those horrid Jews keep it, I send the ticket to you. So get it out, if you care to, and keep it as a lasting memory of dear old times and of a GRATEFUL FRIEND."

Inclosed in the letter was what appeared to be a pawn ticket showing that \$22.50 had been loaned on a diamond ring deposited with the Central Agency Pawnbrokers. Those who sent for rings received a "flash" diamond worth about \$1 a gross, wholesale.

SCHWARTZ ARRESTED.

Is Said to Have Secured \$100,000 by Forgeries.

Philadelphia, Pa., March 26.—Moses Schwartz, who is wanted in New York for alleged forgeries on the Seventh National bank aggregating \$100,000, was arrested here today by Detective Sergeant McNaught, of New York, and Detective Meyer, of Philadelphia.

John James Better.

John M. McIntire, of San Antonio, who was called to Santa Fe on account of the dangerous illness of his uncle, John James, is in the city today, coming in from Santa Fe on the delayed passenger train this morning. Mr. McIntire was a pleasant caller at this office, and reports Mr. James somewhat better when he left Santa Fe last night. The gentleman will continue south to San Antonio tonight.

A new ore roaster with a device for saving all fumes has been invented by a Colorado mining man, which it is claimed is a great economizer of time and fuel.

Kansas apples 6c lb.—San Jose Market.

STRUNG HIM UP.

Wallace Lynched at La Junta.

Miss Harriman's Adventure at Phoenix.

Respite May Not Reach Condemned Murderer in Time.

CECIL RHODES DEAD.

La Junta, Colo., March 26.—W. H. Wallace, a negro sleeping car porter, was lynched at 8 o'clock last night in a corner of the court house square, being hung to an electric light pole by a howling mob of 4,000 people, who had been wildly hunting for him all day. After the hanging the body of the negro was riddled with bullets.

Wallace had been kept out of town all day by Sheriff Farr, in an attempt to save him from the mob. The prisoner made no resistance to the lynchers and died protesting his innocence. The deed for which the porter was hung and shot was a brutal outrage at about 10 o'clock Monday night on Mrs. Henrietta Miller, a woman 60 years old, who was traveling from Los Angeles to Denver. After Mrs. Miller recovered consciousness she made her way up town, told her story and it increased the excitement already prevailing on account of a similar crime committed a few nights ago, of which a boarding house keeper had been the victim. A reward of \$500 offered by the authorities following the previous case had been permanently published. The community was in a fever of indignation and this only increased the horror of families and the determination to execute vengeance if possible. The evidence against Wallace was all circumstantial, but it is stated to have been very strong.

Mrs. Miller is better today and will be able to go to Denver in a few days. Coroner Green has come from Rocky Ford to hold an inquest over Wallace. The body was taken down this morning by order of the mayor, and is now at an undertaker's establishment.

Who She Is.

Los Angeles, Cal., March 26.—Secretary Stewart of the Associated Charities, said today that Mrs. Miller had become stranded here and applied to the association for a loan to enable her to return to her old home at Denver. The loan was made, and the association purchased the ticket for her. The old woman was very deaf and also had an impediment in her speech. Mrs. Miller came to Los Angeles from San Francisco, but had lived in Denver and also in Pueblo. She was a native of Canada.

ALMOST A TRAGEDY.

Daughter of President Harriman Has an Exciting Adventure.

Phoenix, Ariz., March 26.—The visit of President Harriman of the Southern Pacific here nearly resulted in a tragedy for his daughter, Miss Mary. The young lady started horseback riding with a party when the broncho on which she was mounted began to buck. Others tried in vain to assist her. Miss Harriman is a fine horsewoman and tried to control the horse, which finally slipped, fell and rolled over her. She escaped with an injured ankle.

RACE FOR LIFE.

Can Not Notify Sheriff of Respite for Murderer.

Cheyenne, Wyo., March 26.—Wires are down to Casper, and the stay of execution granted to Woodward is not known there yet and he may be hanged Friday. One of Woodward's attorneys started overland with the stay, but owing to snow he may not get there in time.

MAGIC WATER.

Bubbles Told Martinez of His Wife's Unfaithfulness.

WONDERFUL SUPERSTITION.

In connection with the acquittal at Santa Fe of Jose Rafael Octaviano Martinez, who was accused of murdering his wife, Ramon Martinez, the stories of some things relating to the case are interesting.

The trial lasted four days and the testimony gave a glimpse of superstition and startling occurrences which took place before the murder and which formed the chain of circumstantial evidence with which it was sought to convict Martinez. The woman died on June 7, last year. She had been at a neighbor's house and was brought to her husband's house four days before her death. On her back was a large sore said to have been caused by a blow inflicted by her husband and which caused her death. Before her death Martinez had asked two men to examine the woman's wound so that he would not be accused of her death should she die. No medical aid was summoned, however. It was testified that the defendant

had refused to permit a relative to see the dead woman after she died. To Jose de la Angeles, Martinez, the defendant, had said that he intended to kill his wife, but that he was putting off the deed on account of the youth of his children and would not kill her until the children had grown up.

He also told Angeles that he had a bottle with magic water which would tell him by a number of bubbles it contained how many times his wife had been untrue to him. It was also testified that the woman suffered from temporary insanity and upon one occasion she jumped upon a horse astride and rode like a fury through the settlement and that again one evening she waded across the Santa Cruz river with the water up to her waist and a child at each hand. All wet, she stopped at the house of Benito Maestas and stayed three days uttering nothing but loud cries of "miseri cordia." She was then carried to her husband's house, where he roughly dragged her in through the door.

OFFICIALLY ANNOUNCED.

Colorado & Southern Railway Has Been Sold.

New York, March 26.—Edward Hawley, president of the Iowa Central & Minneapolis and St. Louis roads, said today he and his associates had acquired control of the Colorado & Southern railway.

JURY SECURED.

Testimony Commenced in the Jose Baca Murder Trial.

WOODWARD SENTENCED.

After a struggle which lasted all of yesterday afternoon and the greater part of this morning, a struggle in which the regular panel of jurors was exhausted and three special venirees were issued, a jury was secured in the United States court a short time before noon to hear the Baca murder case. The jury as accepted consists of two Americans and ten Mexicans. The Americans are William Hart and J. W. Edwards. The Mexicans are Emilio de la O, Reperto Jaramillo, Donaciano Lobato, Rafael Gabaldon, Justimano Martinez, Benito Gallegos, Manuel Artiga, Tormio Garcia, Daniel Torres, and Rafael Armijo.

This is the second trial of Jose Baca on this charge, the jury in the first trial having disagreed. Four years ago, John Maxwell, L. E. Densmore and Antonio Esquivel started from Gallup on a trip through the Navajo reservation. It is said there had been drinking in the party and many alterations. One of these wound up in a shooting affray, in which Densmore was wounded in the leg and Maxwell was killed. Densmore is under sentence of five years for murder in the second degree but his case is appealed to the supreme court. Baca is charged with the murder of Maxwell.

The first witness called was Dr. E. D. Harper, of Gallup, who described Densmore's wounds and explained how Densmore and Maxwell were lying on the ground. George H. Pratt testified that the place where the murder took place was due north from Gallup and six miles within the limits of the reservation. Harry Coddington, a liverrman of Gallup, was called by Judge Baker ordered the noon recess before his examination was commenced.

H. T. Woodward, who was convicted of passing counterfeit money at Bland, was sentenced to serve six months in the jail of this county.

The territorial grand jury returned many indictments which were ordered withheld for the present. It is expected the grand jury will complete its work tomorrow.

In the suit of F. G. Albright against Mrs. R. C. Baca and the executors of the estate of Cristobal Armijo, a judgment was rendered for the defendant as none of the plaintiff's witnesses were present at the time set.

NO NEW MANAGER.

Darby Day Is Superintendent of Agents Under W. L. Hathaway.

An item, published in The Citizen yesterday afternoon and clipped from the Phoenix Gazette, conveys the impression that Darby Day is transferred to this city as manager or general agent of the Mutual Life Insurance company, W. L. Hathaway, on account of ill health, retiring. This is wrong. Mr. Day is working under Mr. Hathaway's direct supervision and was appointed as superintendent of agents by Mr. Hathaway. The trip that Mr. Day is now taking has been planned since November last. Mr. Day is now in East Las Vegas, where he is writing insurance, and has the authority, through Mr. Hathaway, to appoint agents and look after the field generally. H. M. Rogers, at Phoenix, has no authority. Mr. Hathaway is still the worthy and competent manager or general agent of the Mutual Life Insurance company, and The Citizen takes great pleasure in correcting the impression that he had retired. This paper also learns that his health has greatly improved, and that he and his estimable wife will soon return to Albuquerque from their sojourn in southern California.

Committee Meeting.

The city republican central committee will hold a meeting this evening at 7:30 o'clock, at Rankin & Rowman's office in the N. T. Armijo building.

BUREAU OF MINING.

The new department which, it is now
practically settled, will be created by
the present congress, will include a bu-
reau of mining, and this will be the
first opportunity that the industry has
had to be represented in the executive
administration of the affairs of the na-
tion. Friends of the industry ought
therefore, says the San Francisco
Chronicle, to give the measure their
heartiest support. Mining can scarcely
expect to be accorded a separate de-
partment in the cabinet, for that would
pave the way for every other special
industry to demand equal representa-
tion, which, if allowed, would convert
the president's official advisory board
into a very top-heavy and unwieldy
body and defeat the purpose of its
creation. There is, however, plenty of
work for a bureau to do in the depart-
ment of commerce which will inure to
the benefit of the mining industry and
relieve it from the complications and
embarrassments, with which it is now
surrounded through the control of its
interests in the public domain being
under the jurisdiction of the interior
department. Not the least important
of the changes which will follow the
creation of the bureau will doubtless
be the segregation of the mineral lands
from the public domain, a result which
the mining industry has devoutly de-
sired for many years past. When that
is done much of the friction between
agricultural and mineral land locators
will disappear. It is to be hoped,
therefore, that the bill will become a
law.

WEeping DEMOCRACY.

Democracy has always extended
much sympathy except to those for
whom it should have sympathy. De-
mocracy is always worrying about
things it cannot help and which do not
need help.
Back in the 60's democrats were
greatly exercised to know, "Do you
want your daughter to marry a nigger?"
Later on they were very much
worried because the war was going to
be the failure which they predicted it
would be in their national platform in
1864.
In all the years since then the dem-
ocracy has been a prophet of evil, a
bird of ill omen. Dire catastrophe has
been freely predicted by the male Cas-
sandrads of the democracy from the
days of the first Lincoln administra-
tion to this day of the administration

of Theodore Roosevelt, while the truth
must be confessed that at no time in
all these years has any special disaster
attended the nation except during the
only time, since the days of Buchanan,
that the democratic party was in ab-
solute control of the affairs of govern-
ment.

Just now, for lack of anything else,
upon which to bestow their sympathy
and affection, they are suffused in
tears because of the wrongs of the
Filipinos and the Boers, intimating
thereby that in some manner a repub-
lican administration is responsible for
Filipino rebellion and Boer stubborn-
ness.

Overlooking the hundreds of thou-
sands of American citizens whom it has
disfranchised democracy is so much
bowed down with grief at the wrongs
of the Filipinos that it forgets the
villainous outrages and murders per-
petrated upon Uncle Sam's boys in the
Philippines.

In its agony over the war in South
Africa in which the United States has
no more right to interfere than Eng-
land would have had to interfere with
our war with Spain, the democracy
fails to remember that during the last
generation more American citizens
have been denied political and civil
liberty and have been murdered in the
states which produce democratic
majorities by the suppression of the
negro vote than there are Boers in
South Africa.

Democracy is surcharged with sym-
pathy and tears, but never lets go of
them at the right time.

Production of rubber is one of the
expanding industries of the far south
in which various Americans are en-
gaged. It is a very profitable business,
and considerable plantations are being
set out in lower Mexico and other lo-
calities in the tropics by companies or-
ganized in New York, Milwaukee and
Chicago.

The average bilious democratic law-
yer can make figures out a populist
ward politician. This was proven by
Summers Burkhart at the city demo-
cratic convention last evening.

Last night the socialists invited the
democrats to attend the meetings of
their club. It is supposed that some-
thing in the line of reformation is the
object.

The city taxes were largely increased
last year, and the county officials had
nothing whatever to do with the cause
of the increase.

The republicans can make a clean
sweep next Tuesday by a little active
work.

The socialists have determined to
absorb the democratic party of this
city.

Notes from Correspondents

WINSLOW.

Special Correspondence.
Winslow, A. T., March 24.—The home of L. H. Kluse was made happy by the arrival of a baby boy. A baby boy also brightened the home of Mr. and Mrs. J. R. Sutherland. All concerned are doing well.

Mrs. Wm. Nelson, wife of Wm. Nelson, chief clerk to Master Mechanic Parks, left for Los Angeles for a brief stay with relatives and friends.

Edward Clark, one of our popular engineers, running between Winslow and Gallup, has moved to the latter place and taken up his residence there. Thus goes another good citizen from Winslow.

The company is building a large addition to the railroad surgeons office, south of the railroad company's tracks.

The card party given at the engineers' hall last Friday evening was well attended. Those present were as follows: Mr. and Mrs. McGinty, Mr. and Mrs. G. R. Bauerback, Mr. and Mrs. C. A. Flickenger, Mr. and Mrs. F. P. Sechrist, Mr. and Mrs. W. H. Burbage, Mr. and Mrs. J. Embury, Mr. and Mrs. D. B. Thurston, Mr. and Mrs. Freeman Stewart, Mrs. C. Daze, Mrs. Sarah Grubb, Misses Bertie Kreutz, Leona McCann, Julia Mahoney, and Messrs. J. Kreutz, J. F. Mahoney, Milton Todd, W. R. Campbell, Ed Wolff, George Kreutz, Dr. Sampson and Father Connolly.

Winslow lodge, A. F. & A. M., No. 13, met Tuesday evening of last week and conferred the entered apprentice degree on Frank Thomas. They met again and conferred the master's degree on Homer H. Kendall. The work in the above degree is very active.

The sad death of one of our oldest residents and best friends occurred Friday evening about 4 o'clock, when the spirit of Thomas Henry Fee took its flight into the unknown world, where many have gone before us. Mr. Fee was a well known and good citizen and a loving father. He, like many of us, has had his ups and downs in life. He leaves three children to mourn the loss of a loving and careful father. The wife of Mr. Fee preceded him to the grave fifteen years, leaving a baby girl only one year old, now Miss Ethel, 16 years old, and two sons, Chester, 18 years old, and Ira, 20 years old. Mr. Fee came to Winslow shortly after the death of his wife from Knoxville, Arkansas, and took a position with the railroad company as teamster, which position he has held ever since, during which time he took good care of his children, educated them and put the boys to trades, and by economical engineering of his financial affairs managed to lay aside for a rainy day some money that his family may have some comfort in the future. The deceased was a prominent member of Winslow lodge No. 13, A. F. & A. M., holding the office of junior warden. He was a member of Court Ruby Hill No. 4066, Independent Order of Foresters, where he held a policy for \$500; also the Mutual, where he held a policy for \$1,000. The funeral took place from the residence at 2 o'clock Sunday afternoon, under the auspices of Winslow lodge, A. F. & A. M., Chapter No. 3, O. E. S., and the Independent Order of Foresters, and a large congregation of friends. After the different societies performed their burial rites the Rev. E. G. Decker, of the First Methodist Episcopal church, preached a funeral sermon. Chester Fee, who is engaged finishing his trade in the Albuquerque machine shops, came in Saturday morning and will remain here until he can see his brother and sister settled in their home, when he will return to Albuquerque. Thomas Henry Fee was born in Chester, South Carolina, in 1852. He joined the Masonic fraternity at Knoxville, Arkansas, in Knoxville lodge No. 230.

P. A. Ward received a telegram late afternoon from his father, P. T. Ward, that his brother Ed was lying at the point of death at Oakland, California, and to meet his mother—ere at once. He leaves tonight on the flyer for Oakland.

Homer L. Kendall, engineer left on Sunday for La Junta, Colo., to visit his baby and friends. Mr. Kendall lost his wife about a year ago, leaving him with a young baby, which is being cared for by a La Junta family. He will return in the near future.

The Rev. Peck is having a success at the revival meeting at the Methodist church, a good congregation attending each night and fruits of his labors are in sight.

A snow storm is raging in Winslow, and the people of the town are wishing it will continue all night. More snow and less dust is what the stockmen want.

C. C. Bryant was in town the latter part of the week from Springerville, doing business with our merchants. Mr. Tardy was in from Fort Defiance Sunday on business.

Peru Robbins leaves this evening for San Francisco and other points in California, to take in the sights and to visit friends. He will be away about thirty days.

Jacob Loeb and Jacob Korber, of Albuquerque, are in town looking after business.

The following are registered at the Hotel Navajo: W. H. Powers, Williams, A. T.; Chapple Miller, Jerome, A. T.; Jacob Korber, Jacob Loeb, Albuquerque; N. P. Sissons, San Francisco; K. K. Scott, Gallup, N. M.

SILVER CITY.

Special Correspondence.
Silver City, N. M., March 25.—Cattlemen in this section of the country are very much pleased over the recent reduction in the freight rate on stock shipments from this point. Formerly the difference in rate from this point to Deming was \$10 per car, which would justify in many cases the stockmen driving their cattle to Deming or Lordsburg for shipment. The rate has been reduced by the Santa Fe to \$5 per car, just half of the original charge. This will greatly benefit the merchants of Silver City as it will greatly increase the stock shipments from here and therefore make more business.

The cantata, "Queen Esther," will be given by some of the leading singers of the city in Morrill opera house on the 4th of next month.

The military ball given at Newcomb hall last night to the members of the military company and a few of their friends by Col. J. W. Fleming, was a very pleasant social event.

The A. O. U. W. lodge of this city is experiencing quite a boom these days. Last Friday twenty-nine new members were initiated into the society, which now has a membership of 139.

The elegant spring and summer weather was cut into by a rather heavy snow last night and surprised the entire populace, as the temperature has been exceedingly high during the past few weeks.

Judge Frank W. Parker last Monday evening excused the petit jury from further service at this time of court, and it is the opinion of the court officials that court will be adjourned the latter part of the week.

At a meeting of the directors of the Silver City National bank the other day, W. D. Murray, of Central, was elected vice president to fill the vacancy of James S. Carter, deceased. Thos. L. Lowe was advanced to assistant cashier.

The Silver City reduction works was closed down last Saturday evening and all work was stopped. Several of the boys employed at the works were transferred to the El Paso smelter. Mr. Harries, the superintendent of the smelter here since the trust bought it, will go to El Paso, where he will be given a very prominent position. W. E. Hunt has been appointed to act as agent of the company and will reside in this city and look after the shipments of ore to the smelter in El Paso and attend to their other business in the locality.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

Doan's Ointment never fails.

IN THE SPRING

When you have that tired feeling, and are nervous and sleepless, is a good time to take a few doses of Hostetter's Stomach Bitters. It is an ideal spring medicine and blood purifier, and will cure dyspepsia, indigestion, malaria or liver and kidney troubles. Try it. Our private stamp is over the neck of the bottle.

HOSTETTER'S STOMACH BITTERS

The efficiency of the troops will be greatly increased, and now, since it is conceded that the effectiveness of troops is in proportion to their marksmanship, no effort will be spared to perfect these troops.

F. R. Burns, of Pueblo, Colorado, and R. C. Prewitt, of Farmington, N. M., agents of the New York Life Insurance company, recently passed through here from Durango, Colorado, to St. Johns, Arizona. They are on a pleasure trip and business worries have been left behind for the time being.

I have been told that the forts in this vicinity have in times past been frequently surprised and have been the scenes of bloody encounter, but the greatest surprise to the Fourteenth cavalry came yesterday, when First Sergeant Randall, of troop G, went to Gallup and married one of the fair and charming inhabitants of that town, Miss Bessie Churchill. The happy pair returned to the fort today when they were the recipients of hearty congratulations and good wishes. Heretofore Sergeant Randall has obeyed only the orders of his superior officers, but now we opine the commanding officer is outranked, though the orders will be of Cupid's bidding. Tonight he and his bride were given quite an ovation by the troop, with whom he is very popular, and deservedly so, which he acknowledged in a few appropriate words.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe thorough and gentle. The very best pills. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Struck Oil Near Gallup.

On Thursday evening the Manuella Oil company struck a good grade of oil with a paraffine base in their 200 foot well, four miles west of here; the oil has been drawn out since at the rate of a barrel a day. The indications are very favorable for striking a large body of oil soon.—McKinley County Republican.

Can't Keep It Secret.

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Try them. 25c at all druggists.

Lockjaw From Cobwebs.

Cobwebs put on a cut lately gave a woman lockjaw. Millions know that the best thing to put on a cut is Bucklen's Arnica Salve, the infallible healer of wounds, ulcers, sores, skin eruptions, burns, scalds and piles. It cures or no pay. Only 25c at all druggists.

JARILLA MINES.

May Prove to Be Greatest Camp in New Mexico.

A representative of the Alamogordo News met F. B. Schemmerhorn, manager of the Jarilla Copper company, composed of several capitalists of Philadelphia, who are now developing mining properties in Jarilla and Organ camps, which they purchased and patented about fifteen years ago. Mr. Schemmerhorn said that depth and development are all that is needed to make Jarilla the greatest camp in New Mexico. "The development work," he continued, "which we have been pushing on the Three Bears for the past ten months is beginning to prove up conditions that will be of interest to the many who own claims in the district."

"We have done about 800 feet of development work in sinking, drifting, uprisings and cross-cutting and are now feeling satisfied that it only requires time, patience, money and well directed labor to make it one of the greatest mining camps in the country. In drifting from our No. 1 station, we cut several leads that only showed small values, just enough to tempt us to go deeper in hopes of finding pay ore in quantity. Last week in drifting from our No. 2 station we cut through the secondary line, encountering five feet of salicific oxide ore that shows from 2½ to 5½ per cent copper, carrying \$150 to \$5 per ton in gold and for twenty additional feet we cut through decomposed iron and quartz showing small copper values which we have not yet assayed, and no visible evidence of a wall as yet. This is evidence that we are just encountering the iron cap to our vein, down into which we are sure to encounter large bodies of gold ore."

"It is an ideal fluxing ore, which in time will be the basis for handling the products of the camp. So far we have no sign of water and the conditions are liable to exist for some distance in depth, but sooner or later the ores will change to a sulphide."

"These conditions that now exist prove as far as it is possible to prove anything without actual demonstration that the Jarilla camp only requires judicious development to make it a great camp. Everybody in that locality owning mining property should go down and cross-cut their ore bodies if they want to prove their real value."

Chronic Diarrhoea.
Mr. C. B. Wingfield, of Fair Play, Mo., who suffered from chronic dysentery for thirty-five years, says Chamberlain's Colic, Cholera and Diarrhoea Remedy did him more good than any other medicine he had ever used. For sale by all druggists.

BUSINESS LOCALS.

Economize by trading at The Economist.
Deming has increased 50 per cent. in population in four years.

Copper, tin and galvanized iron work.—Whitney company.
Deming water and pure ozone make strong and healthy people.

It will pay you to see Hall & Larnard before purchasing a piano.
Lap robes from 35c up at Albert Faber's, 305 Railroad avenue.

No tuberculosis preservative or coloring in Matthews' Jersey milk.
Kleinwort's is the place to get your nice fresh steak. All kinds of nice meat.

Call at the Court House
on the assessor, and make a return for your property for taxation, if you wish to avoid paying 25 per cent penalty.
ALEJANDRO SANDOVAL,
Assessor.

We offer subject to prior sale \$50,000 5 per cent. 20-year first mortgage electric bonds. For further particulars, address Stephen D. Demmon & Co., 100 Washington street, Chicago, Ill., or Moscow E. L. & P. Co., Moscow, Idaho.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

A full line of boys' suits, hats, shoes, pants, shirts, waists and underwear, just received. Simon Stern, the Railroad avenue clothier.

Drying preparations simply developed by catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid drying inhalants, fumes, smoke and snuff and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

OFFICIAL MATTERS.

Several Appointments by Governor—
Land Grant Decisions.

NEW INCORPORATIONS.

Governor Otero has appointed W. W. Jones surveyor of Socorro county. L. J. Otto had been elected but failed to qualify.

Notaries Public Appointed.

Governor Otero appointed Theodore W. Heman, of Tucuman, Guadalupe county, and H. L. Ortiz, of Santa Fe, Santa Fe county, notaries public.

Appointed Trustee.

Governor Otero appointed T. B. Hart, of Raton, Colfax county, a member of the board of trustees of the New Mexico Insane asylum at Las Vegas, to succeed Benigno Romero, of Las Vegas, resigned.

Land Office Business.

Homestead Entry—March 24, Isabel Sena de Padilla, Pintada, 160 acres, Guadalupe county.
Final Homestead Entries—March 24, Ramos Valencia, Galisteo, 160 acres, Santa Fe county; J. Franklin Lime, Perea, 162.50 acres, Bernalillo county; Hugh Murray, Perea, 160 acres, Bernalillo county; William H. Lawrence, Cuba, 160 acres, Bernalillo county.

Land Grant Decisions.

The United States supreme court affirmed the decision of the court of private land claims rejecting the Arizaca land grant in Pima county, Arizona, claimed by the Arizaca Land and Cattle company, for 26,509 acres. The grant was rejected because the evidence of the claimants did not establish the location of the grant. There are quite a number of settlers and considerable mine development on the grant.

The Santa Teresa grant case was submitted to the United States supreme court last Thursday upon an appeal to the government from the decision of the court of private land claims which had confirmed the grant which is situated in Dona Ana county northwest of El Paso.

Incorporations.

The Felix Mercantile company filed incorporation papers. The incorporators are Milton H. Elford, Charles F. White and Mary E. White. Headquarters at Hagerman, Chaves county. Capital, 10,000; divided into 100 shares.
James M. Winegar, Robert B. Anderson, Frank G. Thrall, Edwin Walters, Roland E. Bruner, Clement L. V. Hedrick, John C. Walters, Lorenzo D. Walters, Charles E. Wilson, Obadiah H. Riggs, Thomas M. Noble, Charles M. McAllister, Bennett R. Melvin, Orin Martin and John W. Firebaugh today incorporated The Palomas Canyon Mining company. Capital, \$1,800,000, divided into 1,800,000 shares. Headquarters at Kansas City, Missouri. The directors are James M. Winegar, Frank G. Thrall, Obadiah H. Riggs, John W. Firebaugh, Thomas M. Noble, Clement L. V. Hedrick, Edwin Walters, John C. Walters and Lorenzo D. Walters.

CITY DEMOCRATS.

Their Convention Held Last Night.

Dr. J. F. Pearce for Mayor, C. W. Medler for Clerk.

J. H. O'Reilly for Treasurer and Alderman Nominees Named.

A FEW VACANCIES.

The democrats of the city of Albuquerque met at the Grant hall last night in convention, and every ward in the city was largely represented by the delegates.

As chairman of the city democratic central committee, C. O. Young called the convention to order, Horton Moore announcing the object of the gathering and reading the call.

R. W. D. Bryan was named a temporary chairman, and George Hopping as temporary secretary.

Mr. Bryan stated that the time was not ripe for speech-making, and in lieu thereof, entertained motions for the appointment of the necessary committees.

On motion of Jack McCutchen, which motion was seconded, the following committees were named, one member from each ward constituting the committees:

Credentials—J. H. McCutchen, Jerry Monahan, J. J. Tierney, P. T. McFarland.

Permanent Organization—Dr. D. H. Carns, P. F. McCanna, James McCormiston, James Cosgrove.

Resolutions—Summers Burkhardt, Thomas Isherwood, J. W. Records, B. H. Thomas.

On motion, a recess of fifteen minutes was taken in order to enable the above committees to get together and prepare their reports.

On the reconvening of the convention, the committee on credentials reported, stating that there was no contesting delegates and that all the names as read be entitled to seats in the convention.

The permanent organization committee then reported, naming the temporary chairman and temporary secretary as the permanent officers of the convention.

In a few words, Chairman Bryan thanked the convention for calling upon him as its presiding officer, and then called for the report of the committee on resolutions. This committee not being ready, it was passed for the time being, and nominations were then taken up.

Mayor Marron arose and in a first class campaign speech, in which he complimented himself and his administration for the manner in which the affairs of the city have been conducted for the past three years, placed before the convention the name of Dr. John F. Pearce for the office of mayor.

The nomination was seconded, and on motion Dr. Pearce was accepted as the convention's candidate for mayor by acclamation, and by a rising vote, which was followed by three cheers from the delegates.

A committee of three, consisting of Messrs. McGaffey, Bixler and McClellan, was appointed to go and find Dr. Pearce and bring him to the convention. They returned shortly afterward and stated that the doctor accepted the nomination, thanked the delegates and convention for naming him as their candidate for mayor, but, owing to a pressing call from one of his patients, he could not appear in person at the convention.

The committee on resolutions here appeared and nominations closed, in order to allow the chairman, Summers Burkhardt, to read the resolutions. They praised the present mayor and the democrats in the city council, denounced the county officials, made comparisons between the city and county bonds, and intimated that all the prosperity of the county was brought about by the democrats of Albuquerque.

The resolutions were adopted as read.

Nominations being continued, Horton Moore placed the name of C. W. Medler before the convention for re-nomination as its candidate for city clerk.

Medler's nomination was made by acclamation.

After shooting it into the county officials, for their alleged interference in city affairs and making many other inaccurate statements, especially as to the financial condition of the city, Summers Burkhardt arrived at the point where he named J. H. O'Reilly for the office of city treasurer, and his nomination was also made by acclamation.

The slate for the ward nominees having been somewhat shattered before the convention hour arrived, the democrats found themselves short on three candidates for school trustee, namely, in the First, Second and Fourth wards. However, the following ward nominees were ratified by the convention:

For Aldermen—First ward, David A. Bittner; Second ward, John S. Beaven; Third ward, R. J. Turnbull; Fourth ward, A. B. McGaffey.

For School Trustee—Third ward, E. H. Dunbar.

The following city central committee was named and ratified by the convention: A. B. McMillen, C. C. Hall, First ward; George Hopping, George Fraser, Second ward; Dr. D. H. Carns, P. J. Murphy, Third ward; S. Burkhardt, Felix Lester, Fourth ward; P. F. McCanna, at large.

The chairman of the convention then read the following invitation from A. J. Mitchell, secretary of the socialist party:

"The Socialist club, now in regular session, recognizing that their democratic brethren, now in convention, have for their object the attainment of the best possible form of government, cordially invite them to be present in a body at the series of lectures to be given at Colombo hall by Rev. J. Stitt Wilson on Thursday, Friday, Saturday and Sunday next, under the auspices of the Socialist club."

On motion the convention adjourned.

joined, after which the central committee met and talked over the vacancies in their ticket. Arriving at no conclusion, the committee adjourned to meet again this evening at the office of P. F. McCanna in the Grant building, when it is thought that candidates will be named for the vacancies as to nominees for members of the board of education.

Election Proclamation.
I, the undersigned, mayor of the City of Albuquerque, hereby give notice that the annual election of the officers for the City of Albuquerque in the County of Bernalillo, Territory of New Mexico, will be held on Tuesday, the 1st day of April, A. D. 1902, between the hours of 9 a. m. and 6 p. m. of said day.

The officers to be elected at said election are as follows:

One Mayor to serve for the full term of one year;

One City Clerk to serve for the full term of one year;

One member of the City Council, from the First ward, to serve for the full term of two years;

One member of the City Council, from the Second ward, to serve for the full term of two years;

One member of the City Council, from the Third ward, to serve for the full term of two years;

One member of the City Council, from the Fourth ward, to serve for the full term of two years;

The Mayor, Clerk and Treasurer to be elected by a plurality of the qualified electors of the City of Albuquerque, N. M. And each of said members of the City Council to be elected by a plurality of the qualified electors of the respective wards of said city.

And, also, is hereby given notice, that in addition to the election of the city officers as aforesaid there will be elected four members of the Board of Education of said City of Albuquerque, for the terms of two years each, to-wit:

First ward, one member;

Second ward, one member;

Third ward, one member;

Fourth ward, one member.

Each of whom shall be elected by a plurality of the qualified electors of their respective wards in said city.

And notice is further given that the following places have been designated by the City Council of said city, where said election shall be held in the respective wards, to-wit:

In the First ward, at the City Building.

In the Second ward, at the vacant storeroom belonging to M. P. Stamm, at the N. E. corner of Silver avenue and Second street.

In the Third ward, at the office of E. H. Dunbar, S. E. corner of Gold avenue and Third street.

In the Fourth ward, at Grant hall.

And, whereas, I, said Mayor of the City of Albuquerque, have been requested by the Board of Education of the City of Albuquerque, to call an election for the purpose of taking the sense of the qualified electors of the School District of Albuquerque upon the question of issuing bonds in the sum of \$35,000, for the purpose of raising funds to pay for enlarging the First ward, Second ward, Third ward and Fourth ward school houses in said district and to provide proper heating apparatus and sanitary closets therefor, said bonds to bear interest at a rate not to exceed six per cent per annum, payable semi-annually, and to be payable not less than twenty years nor more than thirty years from their date;

Now, therefore, I, said Mayor, do hereby call an election of the qualified electors of the School District of Albuquerque, N. M., to be held on Tuesday, the first day of April, and the first Tuesday of April, 1902, between the hours of 9 a. m. and 6 p. m. of said day, at the following places, which are hereby designated as the polling places for said election, to-wit:

In the First ward, at the City Building.

In the Second ward, at the vacant storeroom belonging to M. P. Stamm, at the N. E. corner of Silver avenue and Second street.

In the Third ward, at the office of E. H. Dunbar, S. E. corner of Gold avenue and Third street.

In the Fourth ward, at Grant hall, for the purpose of voting upon the question as to whether or not bonds in the sum of \$35,000 to bear interest at a

rate not to exceed 6 per cent per annum, payable semi-annually and to be payable not less than twenty years nor more than thirty years from their date, for the purpose of enlarging the First ward, Second ward, Third ward and Fourth ward school houses in said district, and to provide proper heating apparatus and sanitary closets therefor, shall be issued by the Board of Education of the City of Albuquerque.

Ballots in favor of the issuance of said bonds shall read: "In favor of issuing \$35,000 of bonds for school house improvements." and ballots against the issuance of said bonds shall read: "Against the issuance of \$35,000 of bonds for school house improvements."

In witness whereof I have hereunto set my hand and caused this proclamation to be attested by the signature of the City Clerk of the said City of Albuquerque, with corporate seal this 21st day of March, 1902.

(Seal) O. N. MARRON, Mayor.

C. W. MEDLER, City Clerk.

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

SILVER CITY IS PROSPERING.
New Concentration Plants and Modern Appliances the Rule.

A correspondent writing to Denver News, from Silver City, says: The Willson Mining & Milling company of the Volcano district has operations in full swing now. A five-mile pipe line for water supply has just been completed from the Animas valley to the mine, and a ten-stamp mill started. Gold and silver are in the ores and carry good values. Ample ore reserves have been opened to insure the keeping of the mill in operation for some time.

A rich strike was made this week on a claim north of the Willson company's claims, owned by Morris and Ross, with returns of \$1,000 per ton. The vein was discovered fifty feet down while sinking a shaft. Many are examining the property and a big deal may be brought about as a result.

The new concentrator of the Lena Mining & Milling company, located in Lordsburg, has been completed, and has a daily capacity of 100 tons. There are also three large ore cars, each of sixteen tons capacity, which are run by a traction engine. The stockholders of this company are Texas people. About \$100,000 worth of gold and silver ore is blocked out in the Arizona mine, and regular shipments are being made under the management of the lessee, William McAllister.

The Pacific Union Mining & Smelting company will shortly remodel its smelting plant to treat the ore from the Shakespeare, and surrounding mines.

The General Concentrates company of New York has closed a deal for the rich lead property in the Cook's peak district, formerly owned by Jasper Onstot. A \$30,000 concentrating plant will be immediately erected and the ore treated by a patent process. The company will spend thousands of dollars locating other mines.

Two new claims which are believed to contain a bonanza have been located two miles east of Pinos Altos by William Easton, under the name of the Rough Rider mines. Assays show a value of \$81 to the ton in gold.

A new corporation has been formed by local stockholders with a capital of \$100,000 to operate at the outskirts of Silver City and will be known as the Silver City Mining & Development company. Work will be commenced at once and in all probability we will have a flourishing copper camp almost in our midst.

Practically Starving.
"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief. You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. J. H. O'Reilly & Co., B. H. Briggs & Co."

Having a Run on Chamberlain's Cough Remedy.
Between the hours of eleven o'clock a. m. and closing time at night on January 25, 1901, A. F. Clark, druggist, Glade Springs, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all druggists.

A Few Facts.
The Citizen job department desires to call your attention to its ability to please customers. We have added this week new material to our already well appointed job department. This is done in order that we may keep abreast the best and most stylish thing in artistic display, combined with neatness. As to quality of stock used, we carry grades of paper from the best manufacturers and just such grades as we have found, from experience, to be the most satisfactory, both in quality and weight. In the style of work it is a "snap" for us to guarantee that you are pleased. We have in this department a man who understands his business—and his business is neat and artistic job printing. We invite comparison with any reputable concern. The binding department is complete and also in the hands of a competent man who understands his work thoroughly. In the face of these facts, we ask the merchants, in the same spirit they appeal to their customers, to have all their job printing, binding and special ruling done at home. When we get all

We invite comparison with any reputable concern. The binding department is complete and also in the hands of a competent man who understands his work thoroughly. In the face of these facts, we ask the merchants, in the same spirit they appeal to their customers, to have all their job printing, binding and special ruling done at home. When we get all

rate not to exceed 6 per cent per annum, payable semi-annually and to be payable not less than twenty years nor more than thirty years from their date, for the purpose of enlarging the First ward, Second ward, Third ward and Fourth ward school houses in said district, and to provide proper heating apparatus and sanitary closets therefor, shall be issued by the Board of Education of the City of Albuquerque.

Ballots in favor of the issuance of said bonds shall read: "In favor of issuing \$35,000 of bonds for school house improvements." and ballots against the issuance of said bonds shall read: "Against the issuance of \$35,000 of bonds for school house improvements."

In witness whereof I have hereunto set my hand and caused this proclamation to be attested by the signature of the City Clerk of the said City of Albuquerque, with corporate seal this 21st day of March, 1902.

(Seal) O. N. MARRON, Mayor.

C. W. MEDLER, City Clerk.

SILVER CITY IS PROSPERING.
New Concentration Plants and Modern Appliances the Rule.

A correspondent writing to Denver News, from Silver City, says: The Willson Mining & Milling company of the Volcano district has operations in full swing now. A five-mile pipe line for water supply has just been completed from the Animas valley to the mine, and a ten-stamp mill started. Gold and silver are in the ores and carry good values. Ample ore reserves have been opened to insure the keeping of the mill in operation for some time.

A rich strike was made this week on a claim north of the Willson company's claims, owned by Morris and Ross, with returns of \$1,000 per ton. The vein was discovered fifty feet down while sinking a shaft. Many are examining the property and a big deal may be brought about as a result.

The new concentrator of the Lena Mining & Milling company, located in Lordsburg, has been completed, and has a daily capacity of 100 tons. There are also three large ore cars, each of sixteen tons capacity, which are run by a traction engine. The stockholders of this company are Texas people. About \$100,000 worth of gold and silver ore is blocked out in the Arizona mine, and regular shipments are being made under the management of the lessee, William McAllister.

The Pacific Union Mining & Smelting company will shortly remodel its smelting plant to treat the ore from the Shakespeare, and surrounding mines.

The General Concentrates company of New York has closed a deal for the rich lead property in the Cook's peak district, formerly owned by Jasper Onstot. A \$30,000 concentrating plant will be immediately erected and the ore treated by a patent process. The company will spend thousands of dollars locating other mines.

AFTER
The guests are gone the smile slips from the face of the hostess and she gives up to the pain which racks her body. Many a woman entertains and wears a smile while her back aches and her nerves quiver with pain. Surely any medicine which offers relief to women would be worth a trial under such conditions. But when the woman's medicine, Dr. Pierce's Favorite Prescription, is offered with the proof of efficacy in thousands of well attested cures, what excuse can then be offered for suffering longer?
Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It dries enfeebling drains, heals inflammation and ulceration and cures female weakness.

"It is with the greatest pleasure I write you the benefit my mother has received from your 'Favorite Prescription' and 'Golden Medical Discovery.'" says Miss Carrie Johnson, of Lowell, Mass., U. S. A. "She suffered untold misery with uterine disease and nervousness, and had a constant roaring and ringing noise in her head. After taking six bottles of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' she was entirely cured."

Dr. Pierce's Pleasant Pellets stimulate the liver.

their work—a big portion of which is sent to outside printing offices—it will enable us to return more revenue back to the merchants than now, and give us an opportunity to increase our force of workmen, who, securing their wages every Saturday evening, patronize the home merchants. Try this scheme, and in the future do not send to Atchison, Kansas, and other towns for job printing and binding that can be done here just as easy and almost as cheap.

Our Tenth Anniversary Sale.

Railroad Topics

Traveling Auditor Pfundstein, of Trinidad, was here yesterday.

A hospital is being built on the south side of the railroad at Winslow.

J. A. Watson is again employed in the machine shops as stationary engineer.

A large addition is being built on to the office of Dr. O. S. Brown, the railroad surgeon at Winslow.

The first rails on the Dawson extension of the Rock Island railroad were laid from Tucumcari, Tuesday of this week.

Ed. Clark, Santa Fe section foreman at Gallup, has been promoted to the position of yardmaster at Winslow, to take effect April 1.

Engineer Watkins, of the Rio Grande division, was called to Montana last night by a telegram notifying him of the extreme illness of his wife.

A bouncing baby boy made his advent into the Kluge family the first of the week. L. H. Kluge is one of the railroad company's operators at Winslow.

Mrs. J. Sullivan, mother of George E. Sullivan, the efficient railroad agent at Flagstaff, left for Los Angeles, Cal., where she will visit for the next two months.

J. H. Conlen is the new superintendent of the western division of the Rock Island railway, from Herrington, Kan., to Santa Rosa, with headquarters at Dalhart, Texas.

The Winslow Mail says: A number of our firemen left here on Tuesday; some going west to see the Pacific ocean and others in easterly direction—homeward bound.

Engine 331 of the Santa Fe will be transferred to the Santa Fe Pacific and eventually will be sent to San Bernardino to be converted into an oil burner and used on the Valley line.

W. H. Phillips, who has been here for four years in the time keeper's office, left last night for Bakersfield, California. The time keeper's office is now in charge of W. B. Booth.

Freedom J. Hopkins, a locomotive engineer, died at El Paso, Texas, last Sunday. He was a son of Mrs. Cynthia A. Hopkins, of Deming, N. M., and was about 39 years of age. Funeral took place this morning at the residence of I. Brown, Deming.

The Williams News says: Leslie Wattles, formerly conductor on the Grand Canyon railroad, came in Thursday evening from Phoenix on a short business trip. Mrs. Wattles is visiting with her sister, who is a teacher at the Phoenix Indian school.

The Holbrook Argus says: Bert Woods came from Albuquerque, where he has been receiving treatment in the Santa Fe hospital for injuries received while in the employ of the company. He is looking much better and will probably get back to work in a few days.

Fred Kioler, aged 62 years, for some time employed by Lantry Bros., railroad contractors, near Winslow, was taken to Williams on March 11, suffering from an acute attack of double pneumonia. He was placed in the hospital, and after lingering for several days, was called to his reward last Sunday. Nothing is known as to his history or where he is from.

G. D. Cash, the superintendent of the La Cienega railroad, in Sonora, was at Williams last Thursday. Mr. Cash was for a number of years chief clerk in the office of R. B. Burns, the resident engineer of the Santa Fe Pacific when his headquarters were at Williams. A few years ago Mr. Cash was offered a responsible position with the Colbre Grande company, and he rose step by step to his present position.

Mrs. William Ergmann, of Williams, A. T., received a letter from her husband, who is now located at Naco, having a position as foreman of the painting outfit for the railroad company at a salary of \$10.50 per day (Mexican money). He is very favorably impressed with that section, and though unfortunate enough to contract a severe cold, which necessitated his entering the hospital for a few days, is again at work and will remain there.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixer, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50c cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence. It is the remedy of all remedies for every form of throat and lung disease.

TWO BOYS KILLED.

Sad Ending of Life of Youthful Vagrants.

El Paso Herald.

Saturday afternoon about 3 o'clock two boys were run over and killed by a freight train on the Gulf Houston road near Ysleta.

The name of one of the boys cannot be learned the other's name being J. J. Johnson, whose home was Abilene, Texas, according to his statement.

The home of the unknown boy is supposed to have been in Los Angeles. With the two boys was Freddie Winchester, of Brunswick, Georgia, who owes his life to the fact that he had rolled a few feet away from the track before falling asleep.

According to the statement of the Winchester boy, the three were trying to get east and had boarded an east bound freight Friday night in El Paso, but were put off at Ysleta.

Saturday they stayed around Ysleta and finally went down the track about three quarters of a mile and were sitting on the track playing cards. Winchester finally became tired and rolled a few feet away from the track and fell asleep, leaving the other boys to finish the game.

When he awoke, it was by the noise of the train, the caboose of which was passing over the bodies of his companions.

The bodies of the boys were terribly mangled and scattered for several feet along the tracks. The head of the unknown boy was completely severed from the body and he was otherwise frightfully cut to pieces. The Johnson boy was alive when he was found and lived for quite awhile; he died on the train which brought him to El Paso.

The boys were held in the police court recently as vagrants and it was only Friday that they were turned loose.

Freddie Winchester is a jockey and came to El Paso from his Georgia home with a man who was on his way to California with some race horses.

SOFT, GLOSSY HAIR.

It Can Only be Had Where There is No Dandruff.

Any man or woman who wants soft, glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy."

R. A. Nickle, of Hillsboro, went over to the Machio to superintend the putting up of hoisting machinery being removed from the Enterprise mine at Kingston to that property.

Do Not Expect Miracles.

If a cold, long neglected, or improperly treated has clutched you by the throat, you cannot shake it loose in a day, but you can stop its progress and in a reasonable time get rid of it altogether, if you use Allen's Lung Balm. There is nothing like this honest remedy for bronchitis, asthma, and other affections of the air passages.

The Salinas Mining company in the San Andreas mountains, New Mexico, is pushing work on its properties. A road has been constructed to the camp, a well dug and machinery is on the way. It is the intention to take out 100 tons of concentrating ore daily.

When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take, being sugar coated, and pleasant in effect. For sale by all druggists.

The mill of the Theima company at Baldy, Colfax county, New Mexico, is running night and day, crushing twenty tons of ore every twenty-four hours. On the mine a day and night shift is also at work.

The Vice of Naggings.

Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. All druggists guarantee satisfaction.

A New York investor in stock of the Horse Shoe Copper company, of Graham county, Arizona, has had the officers of the company arrested, alleging that he has been swindled by false representations as to the real value of the stock.

How to Prevent Pneumonia.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this remedy for colds and influenza, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventative of that dangerous disease. For sale by all druggists.

Isn't it about time the backcapper and the blackmailer should go? These parasites which attack common decency are found in every mining town and are a menace to honest dealings and beneficial enterprises.—Hillsboro Advocate.

Would Smash the Club.

If members of the "Hay Fever Association" would use Dr. King's New Discovery for consumption, the club would go to pieces, for it always cures this malady—and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1.00. Trial bottles free at all druggists.

TUCUMCARI.

From the Pathfinder.

It is confidently believed that within two years the population of Tucumcari will be 2,000 people.

The elevation of Tucumcari is 4,500 feet above sea level. This is a desirable medium between the high and low altitudes.

Precinct No. 19, Guadalupe county, which is Tucumcari, has elected W.

T. Fourshee justice of the peace, and Melvin Thord constable.

Our new postmaster, Mr. Adams, has straightened out things and with the mails coming in regularly we are in touch with civilization.

Attorney Simon jumped the claim of Mr. Goldenberg and Mr. Goldenberg, in retaliation, jumped on the frame of Mr. Simon—whereupon Mr. Simon jumped out for El Paso.

The land around Tucumcari is being rapidly settled upon. It is the same for miles around every railroad town in the territory of New Mexico. Three years ago there was an endless amount of free pasturage in the territory. Today the land is being taken up by the 160 acres.

New faces are seen on our streets every day and new buildings are numerous. Tucumcari is now the chief town of the great staked plains and has already outgrown Santa Rosa. Passenger trains of seven or eight day coaches on the Rock Island are well filled and through freight is moving rapidly. Fully 500 people at present call Tucumcari their home.

A Printer Greatly Surprised.

"I never was so surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Cook, pressman of the Asheville, N. C., Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by all druggists.

Lucas Brothers have secured a three year lease on the Aztec extension at Baldy, N. M., from the Maxwell Land Grant company and will put a force of men to work at once.

Could Not Breathe.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a temporary expectorant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." J. H. O'Reilly & Co.; B. H. Briggs & Co.

A movement is on foot to have mine owners combine and establish lead smelters in the west to defeat the intention of the great smelting trusts of the east.

Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Six different men have recently been granted patents for improvements on concentrators.

Business Opening, \$5,000.

Here is a chance for some one to purchase a well established and very profitable business in a first class mining town in Arizona at a bargain. It is about a \$5,000 proposition, including fine up to date stock, three lots, large storeroom with cellar, stable, five-room dwelling house, finely furnished, etc.; monthly sales, \$2,750, mostly cash; terms easy; death of wife and child of proprietor reason for selling. At a glance it will be seen that this is a rare chance to make an exceptionally good investment, or full particulars and terms, address or see H. S. Knight at once, Albuquerque, New Mexico.

Notice to Housekeepers.

We employ both processes of cleaning carpets. The steam power method of thoroughly removing all dirt and the scouring on the floor method which rejuvenates old carpets. If you contemplate having your carpets cleaned or scoured and do not know which method is the best for your particular carpets, secure my conscientious and expert advice which I will freely and frankly give. As my knowledge and long experience in all branches of the carpet business makes it of great value. All work positively guaranteed.

Allen W. Moore, Steam Carpet Cleaning Works, 510 North Third Street. Automatic telephone 591.

THREE CHICAGO DOCTORS

Failed to Do for Miss Mabelle L. LaMonte What Was Accomplished by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was in an awful state for nearly three years with a complication of female troubles which three physicians called by different names, but the pains were all the same. I dreaded the time of my

MABELLE L. LAMONTE.

monthly periods for it meant a couple of days in bed in awful agony. I finally made up my mind that the good doctors were guessing; and hearing from different friends such good reports of Lydia E. Pinkham's Vegetable Compound, I tried that. I bless the day I did, for it was the dawning of a new life for me. I used five bottles before I was cured, but when they were taken I was a well woman once more. Your Compound is certainly wonderful. Several of my friends have used it since, and nothing but the best do I ever hear from its use."—Yours, MABELLE L. LAMONTE, 222 E. 31st St., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine.

If Lydia E. Pinkham's Vegetable Compound could cure Miss LaMonte—why not you? Try it and see for yourself.

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

F. TOMEI & BRO.

High Grade Bulls for Sale.

The undersigned has for sale on his farms near La Junta, Colorado, about forty 3 year old, 150 2 year old and 150 yearling high grade Hereford bulls; all of them better than 15-16. Also about ninety yearlings out of full blooded non-registered cows, sired by imported registered bulls. Parties wishing stock of this kind will get prices by corresponding either with J. S. Crosby, La Junta, Colo., or myself, 830 Equitable building, Denver. These bulls have been well wintered and are in fine condition for turning on the ranges, not having been overfed, but are in good flesh, strong and active. They will do much better service than any bulls of the same ages brought from the eastern farms.

A. E. REYNOLDS.

In Deming you can buy lots for \$100 which will pay you 100 per cent. in less than twelve months.

See the newest in ladies' neckwear at The Economist.

Kodol Dyspepsia Cure

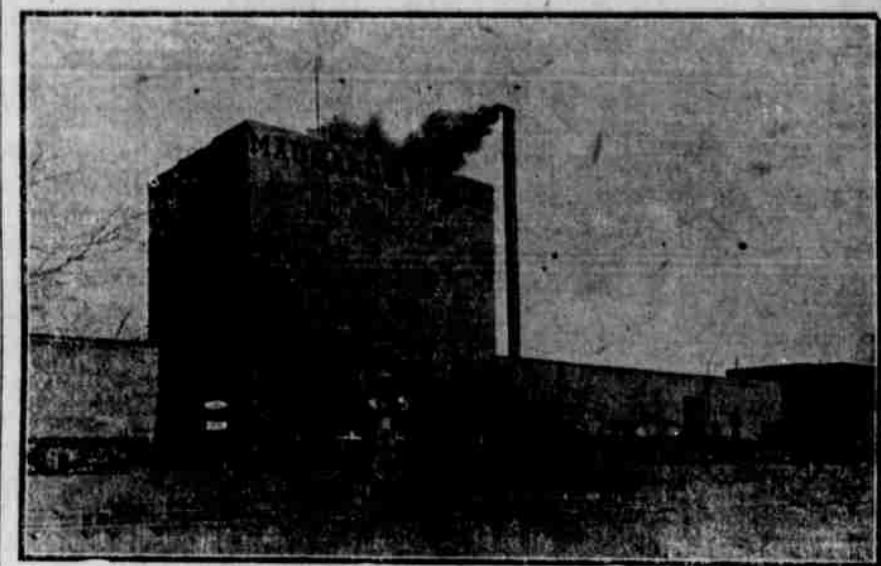

Indigestion effects so many organs besides the stomach, that the nature of the disease is sometimes mistaken. Headaches, giddiness, and so-called heart trouble are usually caused by indigestion alone. In such cases it is the stomach trouble which must be cured. Kodol Dyspepsia Cure restores health by digesting your food while the stomach rests. Dieting doesn't mean rest but starvation. You should relieve the stomach without weakening the system by denying yourself proper food. With a sound stomach your other complaints will soon disappear. "After seven years' suffering from indigestion" writes Mrs. Annie Alcorn of Merideth, Pa. "I was cured by three bottles of Kodol Dyspepsia Cure."

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The \$1 bottle contains 24 times the 50c. size. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is **ONE MINUTE Cough Cure**. It cures quickly. J. H. O'REILLY & CO., AND B. H. BRIGGS & CO.

THE CLOTHIER.

LOCAL PARAGRAPHS.

The first shirt waist of the season appeared on the street this morning. Mrs. J. E. Reiter and Miss Daniels, of El Paso, are visiting with friends in the city.

Work was begun this morning at the new Alvarado museum building. It will be finished in thirty days.

Passenger No. 2 from the west was thirty minutes late this morning, caused by bad weather on the divide.

Miss Ella McClure, who has been suffering the past week with a severe cold, is reported much improved.

John Kennedy, the Gallup clothing merchant, is in the city as an important witness in the Baca murder case.

Toney Ortiz had his fine Stetson hat taken from the A. O. U. W. hall the other night. He has instead an old soft felt.

Misses Nirla E. Lawson and Mary E. Sherwin, of San Mateo, are spending a few days in Albuquerque, visiting and shopping.

B. Ilfeld & Co. have favored the admiring public with another beautiful show window. This time the central figure is an angel.

The regular meeting of the ladies of the Maccabees will be held at the A. O. U. W. hall this evening. All members requested to be present.

Col. J. P. McGrorty, of Deming, who spent this winter at his old Kentucky home, passed through the city today on his return to Deming.

Dr. Raymond Russ, who recently resigned his position as surgeon at the local Santa Fe Pacific hospital left this morning for San Francisco, Cal.

Miss Marian Wallace, of Mesilla Park, passed through the city this morning en route to Denver, where she will visit friends during the summer.

Miller Weir, the national bank examiner, with headquarters in this city, was a passenger for the western towns on the delayed passenger train this morning.

Sam Locke, a prominent cattleman of Socorro county, and cattle inspector for this district, who has been spending several days in the city, went to Socorro this morning.

Thos. Hall is at Winslow, presumably superintending the delivery of a fine Chickering piano to Sherman D. Thompson, a well known engineer of the Santa Fe Pacific. Mr. Hall is of the music and piano firm of Hall & Leonard.

Duncan McGillivray, the prominent sheep man from the Catlin district, who has been spending several days in the city, left this morning on his homeward journey. Duncan wore a broad smile as he viewed the snow covered mountains.

Prof. Byron King, who will give an entertainment for the High school Athletic association tonight in Colombo hall, arrived last night. Today he visited the High school and gave a brief program, much to the delight of pupils and teachers.

Hon. Solomon Luna, the well known popular politician of Valencia county, is around today enlisting encouragement in the ranks of the local republicans. He made a bet of \$100 this morning that the entire city republican ticket would be elected.

A letter received by Orrie Smith from Frey Raymer says that he will remain in Los Angeles and play with that ball team in the California league. Fred also says that he was not released by the Chicago National league team, but was retained as utility infielder.

Col. E. A. Grunsfeld and wife, who were here the past few weeks visiting relatives and friends, intended to leave for the east last night, but owing to the freight wreck near Lamy concluded not to start on their eastern journey until tonight. En route to New York they will stop over in Chicago for a few days.

City Marshal McMillin pounced down upon the rendezvous of the Second street hoodlums last night, and grabbing the leader by the arm, looking the young tough square in the face, he told him that he would have him and his gang in jail if they continued to congregate, use indecent language, or play any of their mean tricks by throwing banana peelings on the sidewalks. It is hoped for the sake of decency that the gang of young hoodlums has been broken up.

John Keese, a gentleman of high standing in the Tenderloin district, appeared before Judge Crawford this morning and was given thirty days in the county jail. Keese hails from some mining camp in Arizona, where he says that he has been working, but when City Marshal McMillin asked the polished master to see his hands, they were too soft to have done much mining work. He claims to be the husband of a girl on the acre, but the girl says not. Only lonely drunk was given five days.

SALMON

Fresh by express Thursday morning, fresh salmon, sturgeon, shad, channel catfish, red fish, flounders, smelts, soles, lobsters, shrimps, patent case oysters, blue points and Houma select; Kansas apples 6c lb.—San Jose Market.

Although it was Byron W. King's second appearance in our city, he gave the people an entertainment that was in all respects equal to his first one, and those who heard him were pleased to a degree of delight. Dr. King is an elocutionist and orator of national reputation, and sustained himself fully before our people.—Carrollton (Ky.) Democrat. Hear him at Colombo hall tonight.

72 The McSpadden Transfer company has moved 72 pianos since January 1, 1902.

The finest kind of hams, sausages, bacon and fresh meats at the Union Market, 207 West Gold avenue.
