Los Angeles is becoming a city, hav-
ing 1,415 manufacturing establish-
ments.

The people of Raton will do a good
thing for themselves by electing Char-
lie M. Bayne mayor.

If the city of Santa Fe would expend
a few dollars for new sidewalks, it
would be money well invested.

The Citizen is doing its full share in
advertising to the world the resources
of every part of New Mexico.

The single tax is a tax on the value
of land irrespective of improvements.
Its advocates favor the abolition of all
other forms of taxation.

It is rumored that Mayor Marron
will not accept the democratic nomina-
tion. He has served three terms as
mayor and thinks that he has had
enough.

The Tucumcari Pathfinder predicts
that Albuquerque will be a second Den-
ver. We hope not. Denver is the
toughest city in America, and has a
murder every morning for breakfast.

The national irrigation congress will
meet this year at Colorado Springs on
August 11, 12, 13 and 14. The Trans-
mississippi commercial congress will
meet at St. Paul, Minn., on August 13,
20, 21 and 22.

This territory is making rapid
growth. The towns of Santa Rosa,
Tucumcari and several others have
sprung into existence within the past
year. New Mexico will have a half
million inhabitants when the next cen-
sus is taken.

A billion does not strike the average
mind as being a very great number in
this day of billion dollar trusts, yet a
German scientist has computed that at
10:40 a. m., April 29, a billion minutes
will have elapsed since the birth of
Christ.

So far the Boer war has cost Eng-
land an amount equal to the reduction

of the British public debt during the
long reign of Victoria. The end is not
in view, either, though more than two
years and a half have passed since
hostilities began.

An arithmetic man calculates the
newspaper and periodical output in the
United States at 2,855,465,000 dailies,
1,208,190,000 weeklies and 263,452,000
monthlies; total, 4,337,108,000 copies,
an amount of printed matter equal to
2,900,000,000 average novels.

The Pennsylvania railroad's example
in pensioning its employees has been
followed by the Metropolitan street
railroad of New York city, the first
street railway company to establish
such a system, and its pension system
will go into effect July 1.

The steel trust officially announces
that its books now carry orders for six
million tons of various finished prod-
ucts, representing an average price of
\$50 a ton. If no new orders were re-
ceived, these would keep its mills busy
for the next nine months.

The utilization of former waste mat-
erials has become a vast side issue in
the progress of industry. An example
is cotton seed, which, until recent
years was thrown away as worthless.
Now two and a half million tons of this
seed are used every year in several
hundred factories which extract the
oil, the total value of the product be-
ing upwards of forty million dollars.
The cotton seed alone is worth about
thirty million dollars.

No census has ever been taken of
Constantinople, and the population is
unknown. Estimates range all the way
from 875,000 to 1,250,000, and the latter
figure is probably somewhere near the
truth, judging from the dense manner
in which the people are huddled to-
gether and the enormous area covered
by the city. The floating population is
very large. Thousands of men are
constantly coming and going, spending
a portion of each season in the city
and the remainder of the year in the
provinces of Turkey or in some neigh-
boring state.

FRIEND OF LABOR.
Few men in the United States are
better friends of labor than Senator
Mark A. Hanna. No one can point to
ill-paid workmen in his employ. No
strikes have blackened his record and
he has been a big employer for many
years. His men have no grievances
and it is his desire that all who toil
should come in for the fruits of their
labor. He is not the kind, however,
that talk for effect. He is not an agi-
tator, but a true friend of the toiling
man.

Notes from Correspondents

ALGODONES.

Special Correspondence.

Algodones, N. M., March 22.—On Sunday last, during a drunken spree, Toribio Miera stabbed Jose Antonio Coble with a pocketknife in five places. None of the cuts are dangerous and he will be all right in a short while again. The cause was too much native wine.

Monday Fideocio Apodaca and Maria Francisco Sandoval were married by Justice of the Peace Polacarpio Griego.

Everybody is busy planting who has ground to plant. We are in hopes that the fruit is not so badly damaged as was first thought. Grapevines are being uncovered now and they are all right, as far as frost is concerned.

Can't Keep It Secret.

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Try them. 25c at all druggists.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

RATON.

Special Correspondence.

Raton, N. M., March 23.—Lacey Everett, a young attorney of this city, was indicted yesterday by the grand jury for the rape of a little 13-year-old girl. He was immediately arrested and will be arraigned Monday. The details in connection with this case make Everett out as abnormal a specimen of the genus homo as was Oscar Wilde.

Will Allen and Jess Stewart, two youths who were arrested on the night of the 9th inst. for breaking into the home of Mrs. T. J. Bourne with intent to burglarize, pleaded guilty Saturday. They have not yet received their sentence.

Robert Love was indicted for the murder of Bert Parsons, and will plead to the indictment Tuesday. If he is able to appear in person before the court. He has been ill, but is reported by physicians to be convalescing.

Saturday night the republicans of the city met in mass convention at the opera house and placed in nomination a strong ticket for the city election which will occur on April 1. Notwithstanding the fact that the night was stormy it was the most largely attended city convention ever held in Raton. After the organization of the meeting with Dr. Hart as chairman and C. E. Stivers as secretary, a recess was taken to allow the different wards to make their nominations for aldermen and members of the school board, and the following nominations were made:

First Ward—For alderman, long term, Alfred Peterson; alderman, short term, James Mackie; for member of school board, George Porter.
Second Ward—Alderman, Daniel Troy; school director, Dr. Connett.
Third Ward—Alderman, Henry Jones; school director, T. B. Thompson.
Fourth Ward—Alderman, Meliton Narvais; school director, Francisco Gama.

After ratifying the above nominations the convention proceeded to the selection of candidates for mayor, city treasurer and clerk.

For mayor, Judge C. M. Bayne was nominated by acclamation; John C. Orrin, the present efficient city clerk, was nominated by acclamation for re-election, and on ballot J. F. White, the storekeeper for the Santa Fe Railroad company at this place, was almost the unanimous choice of the convention for city treasurer.

Judge Bayne, the nominee for mayor, was not present at the convention, but was notified of his nomination by a committee sent out by the chairman. He accompanied the committee to the hall and being introduced by D. J. Leahy came to the platform and made an earnest talk on the municipal situation, which is of general local interest. He said a steady hand and cool judgment should be demanded by the people in the next head of city affairs, but that he did not feel equal to the exigencies that would have to be met as a result of the mistakes of former administrations. He was inclined to decline the nomination, but the unanimity of the convention in tendering him the honor caused him to consider the matter further before so doing. It is confidently believed that he will consent to make the race, and if he does he will be elected by the largest majority ever accorded to a candidate for mayor in this city. He is a level-headed business man and is personally very popular. It is an excellent ticket throughout.

George A. Reese, a life insurance man of Trinidad, and Miss Gussie L. Giller, a popular young lady of this city, were married here yesterday.

SAN MARCIAL.

Special Correspondence.

San Marcial, N. M., March 24.—The fruit trees in and around San Marcial are showing their beautiful blossoms now of peaches and apricots, also a few apples are peeping out. The people of San Marcial say they are going to have plenty of fruit this year if no hard frost comes.

ONE WORD IN TIME.

Is Better Than Two Afterwards—A Chance to Profit by a Kansas City Man's Experience.

It is a strange thing how people will put away an opportunity until too late; it's only little things that go to make up our every day existence; the trouble is we don't pay sufficient attention to them. Backache is a little thing. Sometimes it comes after a hard day's work, or a slight cold. It will pass off, you say; it's only the result of overtaxing my back. It isn't the fault of your back, but your kidneys. The exertion of straining has interfered with their delicate mechanism. You call it backache, but it is really kidney ache. If the kidneys are not relieved, chronic disorders set in, and this is where the "little thing" should not be passed over. A Kansas City man has learned to appreciate what delay means.

Mr. James Egan, of 1612 St. Louis ave., Kansas City, Mo., employed by the Abernathy Furniture company, says: "I first felt kidney complaint six or seven years ago. I paid little attention to it, but it kept growing worse, and any slight cold caused severe pain across my back. In my work it greatly inconvenienced me and I could not rest at night, and rolled and tossed about so that when morning came I was as tired and unrefreshed as the night before. I took every kind of medicine I knew of, or that was recommended to me, but without relief, until I used Doan's Kidney Pills. I soon noticed a decided improvement, and continued the treatment until the backache disappeared; my general health improved and I felt better than for years."

Just such emphatic endorsement can be had right here in Albuquerque. Drop into the Alvarado Pharmacy and ask what his customers report.

OLD SOLDIER DEAD.

George Sunday Dies at California Soldiers' Home.

News comes from the United States Soldiers' Home at Santa Monica, Los Angeles county, California, of the death on Thursday last of a veteran well known in New Mexico, George Sonntag, or better known as George Sunday. Sunday was born in Bavaria. He enlisted as a private in company I, First mounted rifles on August 1, 1855. He was discharged a sergeant on June 1, 1860, at Albuquerque. Character "excellent in every respect." He reenlisted on June 1, 1860, in company E, Third U. S. cavalry. He was discharged at Little Rock, Arkansas, as first sergeant with the same character. He reenlisted on the same date in company B, Third United States cavalry as first sergeant and was discharged on July 14, 1867, at Fort Bascom, Montana, with good character. Having served twelve years with the Third cavalry he was recommended for a commission by all his senior officers

of the regiment. He reenlisted on September 16, 1867, as first sergeant of company B, Third cavalry. He was discharged at Camp Date Creek, Arizona, on June 30, 1871, with the same comment of "character most excellent in every respect." He joined Carleton post, G. A. R., at Santa Fe, on January 6, 1887, but when he went to the Soldiers' home he affiliated with the post there and was buried there with military honors.

Having a Run on Chamberlain's Cough Remedy.

Between the hours of eleven o'clock a. m. and closing time at night on January 25, 1901, A. F. Clark, druggist, Glade Springs, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all druggists.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe thorough and gentle. "One very best pills." J. H. O'Reilly & Co.; B. H. Briggs & Co.

Las Vegas Elks.

Last night was Elk night. A large herd of the faithful met at their corral, installed a new set of officers and afterwards celebrated the event in true Elk style at Duvall's restaurant. B. Ruppe, of Albuquerque, the district deputy for New Mexico, was the installing officer, and put the following officers through in the latest approved style:

W. B. Bunker, exalted ruler; L. J. Marcus, esteemed leading knight; B. C. Pittinger, esteemed loyal knight; A. A. Maloney, esteemed lecturing knight; T. E. Blauvelt, secretary; W. G. Benjamin, treasurer; J. S. Clark, trustee; George Markham, tyler; C. J. Gavin, representative to grand lodge, and E. J. Murphy, alternate representative to grand lodge.

At about the "eleventh hour" the herd stampeded to Duvall's popular establishment and to the strains of music a very elaborate menu was served, consisting of all the dainties that tickle the palates of all good Elks.

C. J. Gavin acted as toastmaster in a most efficient way and tacked the fines on the different members, that is always a feature of Elk banquets, in a way that caused considerable amusement. Many toasts were honored, and the reign of a jolly good fellowship held undisputed sway until after 1 o'clock this morning.—Las Vegas Record.

Lockjaw From Cobwebs.

Cobwebs put on a cut lately gave a woman lockjaw. Millions know that the best thing to put on a cut is Bucklen's Arnica Salve, the infallible healer of wounds, ulcers, sores, skin eruptions, burns, scalds and piles. It cures or no pay. Only 25c at all druggists.

A full line of boys' suits, hats, shoes, pants, shirts, waists and underwear, just received. Simon Stern, the Railroad avenue clothier.

Will Win Friends.

An issue of the Albuquerque Citizen of recent date contains an excellent write up of Socorro, also one of the School of Mines. The idea of advertising the attractions of the different communities of the territory is but one feature of the broad policy lately adopted by The Citizen, which is sure to win that excellent paper many friends.—Socorro Chieftain.

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. THE CHOCTAW.

Will the Santa Fe Use the New Choctaw Line?

RUMOR OF TRAFFIC DEAL.

The latest rumor to come out of the west is that the Santa Fe has decided to postpone its Roswell extension to El Paso and its Roswell extension to Albuquerque, and will instead make a traffic arrangement with the Choctaw for the use of the road which the latter road proposes to build from Amarillo, Texas, to Albuquerque, says the Topeka State Journal.

If this arrangement is finally made it will reestablish the Santa Fe as the shortest line to Los Angeles and enable it to win back the big mail contracts it lost to the Rock Island when the Rock Island commenced to send its trains to El Paso several hours quicker than the Santa Fe has been doing.

In return for the use of its track by the Santa Fe, the Choctaw will be allowed to run its trains over the Santa Fe Pacific and thus have a direct coast connection.

Reports of recent date had it that the Santa Fe would build from Roswell, N. M., to Los Lunas, a small station south of Albuquerque on the Rio Grande division, and from that place through to Rio Puerco on the Santa Fe Pacific, which would materially shorten their route to Kansas City. Now that the Choctaw & Gulf people have announced their intention to build from Weatherford, Oklahoma, via Amarillo to Albuquerque, it is understood that the Santa Fe will abandon its Los Lunas plans.

The Choctaw road was built a few years ago merely for the purpose of delivering coal to the Missouri, Kansas & Texas, at South McAllister, for a Pennsylvania company which was operating coal mines in the southern part of the Indian Territory. Later on the road was built to Oklahoma City on the west, connecting with the Santa Fe and to Webster station on the east, connecting with the Frisco road.

At this juncture it was seen that the road could be made of great importance and a powerful company was formed and the road extended to Little Rock, Arkansas, on the east to Weatherford, Oklahoma, on the west.

Last fall the eastern end of the road was extended until it now operates trains into Memphis, Tennessee. A few days ago the stockholders determined to build to Albuquerque at a cost of \$13,000,000.

The building of an extension west from Weatherford to connect with the Santa Fe will thus make that road a transcontinental one and place it in the fore front of the big railroad concerns of this country.

The securing of the Amarillo extension of the Santa Fe Pacific would indicate that the Roswell extension to connect with that line will be abandoned and the road built from Roswell to El Paso instead. This would not only give the Atchison system the shortest route to the Pacific coast but would also give them the shortest route to El Paso and southwest points and Mexico also.

It is a well known fact that the Santa Fe people meant to build to El Paso from Roswell, but upon the sudden announcement of the Rock Island to build to this place they postponed their arrangements.

GALLUP POLITICS.

The Republicans Getting in Line to Carry That Town.

DEMOCRATS NAME CANDIDATES.

Meeting was called to order at the Kitchen opera house, on Monday evening, by Chairman S. E. Aldrich, who announced the purpose of the meeting and declared the selection of a permanent chairman next in order. Upon motion duly made and carried, Hon. J. C. Spears was nominated and elected chairman, and was escorted to the chair by Messrs. Cotton, Page and Smith. J. H. Young was chosen secretary.

A general discussion took place as to manner of nominating the candidates for the several town offices, and it was first agreed to nominate a committee of three to be a central committee for the town of Gallup, with full power to appoint all necessary sub-committees. Messrs. W. W. Risdon, S. E. Aldrich and J. C. Spears were duly selected as said committee. A committee of seventeen was then selected, consisting of J. C. Spears, W. W. Risdon, S. E. Aldrich, Gregory Page, C. N. Cotton, Victor Barrella, Alex. Bowie, Jose Corris, James Barrella, D. C. Russell, Charles Martinelli, W. H. Wolff, L. L. Henry, R. B. Lanigan, Concepcion Gonzales, B. L. Holmes, and Harry Coddington; this committee to select candidates who will serve as town officers, if elected, said committee to report their deliberations to a republican mass convention, to be called by the chairman, for the purpose of endorsing the action of the committee or not.

Moved by Hon. Alex. Bowie, and duly carried, that a resolution be drawn up and circulated in the different precincts of McKinley county, opposing the abandonment of Fort Wingate, and that a copy of the resolution be furnished to the democratic convention for their action on the matter. Resolution was unanimously adopted. The convention then adjourned, subject to the call of the chairman.

Over one hundred and twenty-five republicans were present and the convention was the most harmonious in the history of the party in Gallup—Gallup Republican.

Note—The republicans of Gallup held their convention last night, and nominated a winning ticket.

The Gallup Democrats.

The democrats of Gallup held their convention last Saturday night, being organized by the election of Thomas N. Hinch as chairman, and W. F. Kuchenecker as secretary. The following town ticket was nominated:

For Town Trustees—Thomas N. Hinch, C. S. McIntyre, James Kavenaugh, Simeon Frost, E. M. Clayton.
For Town Treasurer—Joseph Morrello.

For Members of the Board of Education—William Stewart, for three years; A. F. Ries, for one year.

The democrats of Gallup have put before the voters of that town a strong ticket, and the republicans will have to hustle to defeat them.

Prof. King, who will be at Colombo hall Wednesday evening, March 26, has established a splendid reputation wherever he has been heard. THE NEW MANAGER.

Darby Day Succeeds W. L. Hathaway at This Place.

Darby Day, who for several months past has had charge of the Mutual Life Insurance company's work in this territory, has received an order transferring him to Albuquerque, where he will take up the work as superintendent of agents for New Mexico and Arizona. H. M. Rogers succeeds Mr. Day in the local field. Mr. Day's promotion was occasioned by a general promotion of all men in the Mutual Life work in this general agency. W. L. Hathaway, the general agent retiring from the head, owing to illness and his position being filled by his chief clerk. Mr. Day left this morning for his future home.—Phoenix Gazette.

Mr. Day was here the other day, and, although he was a visitor at The Citizen office, he did not intimate that he would be transferred to this city, taking the position of Mr. Hathaway. He went west to Phoenix the other evening, and now the news comes from that city that he will be transferred to this point. Mr. Hathaway is still in southern California, and reports have it that he is somewhat better but still very ill.

Hon. George H. Wallace, secretary of the territory, introduced Byron W. King, and he held the audience spellbound for two hours and a half, the silence on their part being broken only by outbreaks of applause. No audience at Santa Fe was ever better entertained than that of last night.—New Mexican.

SANTA FE CENTRAL.

President Andrews Returns to Santa Fe After Visit to Torrance.

IMPORTANT FACTS.

President W. H. Andrews and Vice President and Manager W. S. Howell of the Santa Fe Central Railway company, who have returned to Santa Fe from a trip over the line, report that great progress is being made towards completing all the work preliminary to actual grading operations which are to commence at Torrance next week. The telephone line from Torrance to Santa Fe is to be completed in from two to four weeks and has been delayed only by the difficulty to get wire for the line. All the buildings for stores, stations, stock, etc., will be finished by next week along the entire line. A house for the diamond drill has been constructed five miles this side of Torrance, Lincoln county, and there a well will be bored through sandstone, the indications for good water being very favorable. All these preparations are preliminary and necessary to the actual grading operations which will, when once begun, be interrupted by reason of this extensive preparatory work.

The branch of ten miles to run west from the main line to San Pedro is also to be built at once. The branch east for seven miles to the salt lakes is not yet definitely decided upon. Its construction will depend upon the amount of salt that is to be taken out of the principal lake which has been acquired by the railway company. The line through the O'Mara coal fields will be constructed before the Galisteo cut-off. The permanent survey of the Albuquerque Eastern from Moriarty's to Albuquerque is about completed and the plat is to be filed in the federal land office in Santa Fe within a few days. The grade is an easy one except for six miles through Tijeras canyon. It is practically a plain road, unbroken by arroyos and heavy grades and very easy of construction excepting the six miles above indicated.

The following are the stations on the Santa Fe Central determined upon, their elevation and their distance from Santa Fe: Donaciano, 6,550 feet, 6 miles; Vega Blanca, 6,400 feet, 17 miles; Kennedy, 6,050 feet, 23 miles; this is the station at the junction with the main line of the Santa Fe railway; Clark, 6,125 feet, 29 miles; this is the station in the O'Mara coal fields; Stanley, 6,370 feet, 41 miles; here the branch to San Pedro will probably be built; Moriarty, 6,250 feet, 53 miles; here the Albuquerque Eastern will be built and also the Galisteo cut-off. The above stations are all in Santa Fe county. In Bernalillo county is McIntosh, 6,175 feet, 62 miles. In Valencia county, Estancia, 6,140 feet, 69 miles; Willard, 6,125 feet, 82 miles; Progreso, 6,210 feet, 93 miles; Blanca, 6,285 feet, 100 miles; from Blanca or Progreso the branch is to be built to the salt lakes. In Lincoln county are Camaleon, 6,425 feet, 110 miles; and Torrance, the junction point with the Rock Island, 5,475 feet, 116 miles.

How to Prevent Pneumonia.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this remedy for colds and the grippe, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventative of that dangerous disease. For sale by all druggists.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Alvarado Pharmacy.

The executive committee of the board of trade has passed a resolution authorizing President Browne to sign a petition to congress asking that Chief Justice Mills be authorized, by special act of congress, to appoint trustees for the administration of the Las Vegas grant. It has been decided by those who have given the mat-

ter closest attention that this is the correct step to take. In addition to this petition to congress for a special act in the matter, Judge Mills will be asked to proceed at once with the appointment of such trustees. Many of the attorneys consulted in the matter are of the opinion that it is the legal right of Judge Mills to do this without any order or authority from congress. However, to make sure, it is agreed to go at the matter both ways. The petition was prepared yesterday and last night and is being signed by the leading business men of the city and of the municipal and county precincts today.

SANTA FE.

From the New Mexican.
N. B. Field, Esq., of Albuquerque, arrived on the noon train and is a guest of District Clerk and Mrs. A. M. Berger.

John James, of Las Vegas, son of Assistant Superintendent John James of the territorial penitentiary, is in town on a visit to his father, who is reported quite ill.

A woman and little girl, who came from Las Vegas on the Santa Fe on Saturday evening to visit relatives and could not speak English, lost their way and wandered about until late in the evening before they found some one who directed and accompanied them to their destination. The good Samaritan in this instance was William Schnepfle.

Miss Mamie Morrison, daughter of Judge A. L. Morrison, who has been spending the winter at Washington, will return to Santa Fe week after Easter. She writes from New York that for thirty-six hours a cold, high wind has been blowing and the longer she stayed in the east the more convinced she was that Santa Fe has the finest climate in the world.

Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. FRANK WHITTEN.

Fencing Contest in Which He Participated at Washington.

The fencing bout which was held at Washington on Saturday and in which F. S. Whitten of this city was one of the cadets who represented the naval academy at Annapolis, is thus described in the Chicago Tribune of Sunday: President Roosevelt witnessed two rounds of the fencing contest between three members of the Fencers' club of Washington and three crack swordsmen from the naval academy at Annapolis at the headquarters of the club. Mrs. Roosevelt was to have accompanied the president, and two handsomely upholstered seats were in waiting for them, but Mrs. Roosevelt instead took a drive with her invalid son, Theodore.

The president was met at the door of the clubhouse by Henry May, the vice president, and was at once taken to his seat in the improvised gallery. Count Cassini, the Russian ambassador, president of the club, and Herr von Holleben, the German ambassador, occupied the seats either side of the president.

The first two rounds were exciting in the extreme, though a tie in each case, and the president was quite enthusiastic, being himself a fine swordsman. Though but few of the fair on-lookers were able to understand the scores posted they were just as excited, and thought it all in favor of Mr. Cranchanthorpe of the British embassy, who is really a professional in

When a man is drowning his rescue is a question of timely help. It is the same thing in disease. Many a time the doctor says of a man whose condition is hopeless, "If you'd begun in time you might have been cured."

This is especially true when the disease affects the lungs. Delay is dangerous. The timely use of Dr. Pierce's Golden Medical Discovery will result in a quick cure of deep-seated coughs, bronchitis, and weak lungs. Even when hemorrhages have been frequent and profuse "Golden Medical Discovery" has been used time and again with the result of a perfect and permanent cure. Mr. McCauley, of Leechburg, Armstrong Co., Pa., had eighty-one hemorrhages and after other medical aid had failed he was completely cured by the use of "Golden Medical Discovery."

Accept no substitute for "Golden Medical Discovery." There is no other medicine just as good for "weak" lungs.

"I was in poor health when I commenced taking Dr. Pierce's medicine," writes Mr. Elmer Lawler, of Volga, Jefferson Co., Ind. "I had stomach, kidney, heart, and lung troubles. Was not able to do any work. I had a severe cough and hemorrhage of the lungs, but after using your medicine a while I commenced to gain in strength and flesh, and stopped coughing right away. Took about six bottles of the 'Golden Medical Discovery,' then, and last spring I had Grippe and it settled on my lungs, leaving me with a severe cough. I had the doctor, but he didn't seem to help me any; so I commenced your medicine again and took three or four bottles of the 'Discovery' and two vials of Dr. Pierce's Peppermint, and that straightened me up. I feel like a different person. I gladly recommend your medicine to all sufferers, for I know it cured me."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Ernest Tuscher, a machinist at the local shops, quit yesterday, and will return to Topeka.

Passenger train No. 2 from the west encountered heavy snow out on the divide this morning.

W. H. Phillips will leave tonight for Bakersfield, Cal., where he will again enter the service of the Santa Fe company.

D. Patterson, division master mechanic, was here yesterday, leaving last night for his headquarters at Las Vegas.

Mrs. George Henry and children expect to leave this evening for Topeka, where Mr. Henry is employed in the Santa Fe railway shops.

The Santa Fe Central railway is preparing to send out a force of men to commence construction of its telegraph line from Torrance to Santa Fe.

Division Superintendent F. C. Fox and Mr. R. Williams, superintendent of bridges and buildings, between Albuquerque and Winslow, arrived from the north last night in Mr. Fox's private car.

Hon. W. H. Andrews, president of the Albuquerque Eastern and Santa Fe Central, and W. S. Hopewell, the vice president, are in the city today, consulting with the secretary of the company, J. E. Saint.

Two special trains passed through the city this morning bound for the coast. The first arrived about 9:15 and was a Gates excursion, and the second which arrived at 10:45 was loaded with soldiers en route to the Philippines.

A subscriber writes the New Mexican from Tucuman, that there are now in that Guadalupe county town at the junction of the Rock Island and Dawson railways, one dry goods store, three groceries, three fruit stands, two wood yards, five restaurants, two hotels and eight saloons.

O. E. Stout, a packer in the Topeka storehouse, quit Friday and will leave at once for Hot Springs, near Las Vegas, N. M., where he will take a position in the Santa Fe hospital as nurse. He has been in the store department about a year, previous to which he served a year's time as an employee of a sanitarium.

A bill has just passed the congress granting a right of way across the forest reserve to a railroad to be built to the Colorado river near the mouth of Bill Williams Fork from a point in Coconino county. The road will cross southern Mohave county, Arizona, and will open up one of the richest mineral fields in the southwest. Already a preliminary survey of the line has been made.

The Topeka State Journal says: Lewis Steinrauf, foreman of the painters on the second floor of the paint shop, is now in the western part of the state recuperating from an illness which has caused his absence from his men for several weeks. He was on the point of having serious trouble with his throat and lungs and may yet have to be sent to the climate of New Mexico to complete recovery.

Recently an order was received at Topeka to ship from that part of the system eight or ten Wells, Fargo Express company refrigerator cars to points in Texas, where the crop of strawberries will be picked shortly. They will be sent down at the rate of three or four a day. For several weeks a large number of them have been in the shops there for overhauling, receiving roof repairs and a touch of paint.

At Guthrie, Oklahoma, the recent rains washed out a dam for the Santa Fe and temporarily the water supply there is considerably disturbed. A plant for bringing down the substances which form an incrustation on the lines of engines, was recently installed there, and has been a success, and since the supply was lowered a method has been found practicable for clarifying the waters of the immense quantity of silt which is in it since the rains.

There is a fairly heavy shipment of oranges eastward over the Santa Fe lines from California, notwithstanding the reports that the fruit crops were reported badly damaged the first part of the season. That class of stuff is still being handled under ventilation, it being unnecessary to use ice in transporting it across the country to market. The lemons will not be shipped in large quantities until later, the general demand for them being when the weather gets warmer.

Information has been received by the passenger department of the Santa Fe that Charles J. Allard and John R. Nelson, two ticket brokers having headquarters at 186 Clark street, Chicago, have been indicted by the grand jury on the charge of forgery, and are now confined in the Cook county jail under default of \$6,000 bail. These two brokers will be tried before the criminal branch of the superior court of Cook county, and it is stated that the chances are good that they will be convicted. Ticket scalping may be all right if it is honestly conducted, but indications are that it is very difficult to conduct the business in that way.

J. E. Bayles, traveling watch inspector for the Santa Fe, is in Topeka holding forth with his biennial rating of timepieces at the office of General Yardmaster Kennedy. By "rating" a watch its efficiency as a timekeeper is determined after it has been given a close examination individually from the inspector. There are three positions in which it is placed while undergoing this test: pendant up, as when carried in the pocket of a trainman; dial up and dial down, as when lying under the pillow of its slumbering owner. In all of these positions it is kept for hours and if there is a variation from the standard chronometer.

The Las Vegas Record says: The conference of Santa Fe railway officials that has been going on at the Montezuma for the past few days, ended Saturday evening and many of the officials have departed. The convention was just a general getting together, to talk over matters for the good of the service, and nothing of special importance was done. Those present were the superintendents, master mechanics, road foremen and traveling engineers of the western grand division and are as follows: J. E. Hurley, O. M. Taylor, A. McCready and H. Giegold, of La Junta; F. C. Fox, C. H. Bristol and G. A. Ross, of Las Vegas; D. A. Suller, D. Patterson and R. C. Wescott, of Raton; F. P. Rorsch, of Denver; R. J. Parker and W. S. LeBaron, of Pueblo; J. F. McNally, of San Marcial; T. J. Whisenand and H. G. Peyton, of Wellington, and G. E. Ayer, of Dodge City.

Would Smash the Club.

If members of the "Hay Fever Association" would use Dr. King's New Discovery for consumption, the club would go to pieces, for it always cures this malady—and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1.00. Trial bottles free at all druggists.

APPLICATION FOR A DIVORCE.

S. P. R. R. Co. Serves Notice of Dissolution of Joint Agency.

It is given out officially that the Southern Pacific has notified the Santa Fe that they desired to do away with the joint agency and yard work at this place, at once, or at the latest on the first of the coming month.

While acquiescing in this dissolution, the Santa Fe finds that they cannot arrange for this change to take place before the 15th of April, and have so notified the Southern Pacific.

This much is certain, that within a short time we shall see two station and ticket agents, two sets of clerks, two crews in the yards, and two everything else at this point, where there is now but one of each. These two great corporations never have, and probably never will, agree, except upon one point, and that is to disagree upon every business proposition that has ever come up between them.—Deming Headlight.

A Printer Greatly Surprised.
"I never was so surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Cook, pressman of the Asheville, N. C. Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by all druggists.

Pneumonia Follows a Cold
But never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes, Alvarado Pharmacy.

Seven Branch Lines to Be Built.
Following a special meeting at Guthrie, Okla., of the stockholders of the eastern Oklahoma lines of the Atchison, Topeka & Santa Fe railway system, an amended charter was filed by the company with the secretary of the treasury and was approved by him. Under the amended charter the company provides for the construction of seven branch lines. The capital stock is \$2,200,000.

Could Not Breathe.
Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." J. H. O'Reilly & Co.; B. H. Briggs & Co.

Contract Re-Signed.
The year's contract between the Caledonian Coal company at Gallup and the United Mine Workers has been completed and no other contract entered into. The men are working for the same price paid by the Colorado Fuel and Iron company and W. A. Clark, 58 cents per ton.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Alvarado Pharmacy.

Roper-Stevenson.

Miss Ivy Stevenson and Mr. Frank Roper, both of Las Vegas, were married Tuesday evening in Albuquerque at 6:40 by the Rev. T. C. Beattie, pastor of the Presbyterian church of that city. The wedding was a very quiet one and will be a surprise to the many friends of the young couple. Mrs. Roper, after the wedding, proceeded to Rosedale, where she is now visiting.

and Mr. Roper returned to his duties here. Miss Stevenson came to Las Vegas from Topeka, Kansas, last June, and for awhile was employed by the Las Vegas telephone company. Mr. Roper is a machinist in the round house, and one of the best skilled workmen in the department.—Optic.

A Severe Cold for Three Months.
The following letter from A. J. Nussbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a terrible cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and eight doses cured me." Refuse substitutes. Alvarado Pharmacy.

HIS HAND CRUSHED.

Dr. William Sparks, of Pecos, Had His Arm Amputated by Dr. J. A. Massie.

Dr. J. A. Massie, of Santa Fe, was called to the upper Pecos country on Friday evening last by the sad accident to Dr. William Sparks, who had his left hand crushed at Hesch's saw mill. Dr. Massie found it necessary to amputate the arm below the elbow. Dr. Sparks was brought to St. Vincent's hospital at Santa Fe on Sunday where he is receiving the best of attention and care and will doubtless recover soon. He was accompanied to Santa Fe by his children, C. N. Sparks of Rociada, and Addie Sparks, of Willis.

Dr. Sparks is an old veteran. He enlisted in August, 1862, in company I, Seventy-Second Illinois volunteers, and was discharged as a sergeant in the same company after three years' service. He formerly belonged to Thomas post No. 1, Grand Army of the Republic, at Las Vegas, but has always affiliated more with Carleton post No. 3, Santa Fe, as it is nearer to his residence.

LOCAL PARAGRAPHS.

Ed Lavelle, the well known railway grading boss, is in the city. Rumor has it that he comes to begin early work on the Albuquerque Eastern railway.

Miss King, the Broadway music teacher, who has been spending the winter in Albuquerque, left this morning for her home at Kansas City, Missouri.

J. G. Creagher, a general merchant of Bland, and Phil Barber, both of whom were here the past few days on court matters, will return to Bland tonight.

Dr. E. D. Harper, Harry Coddington, T. N. Finch, Steve Canavan, J. C. Maloney and other Gallup citizens, are here to attend district court. They will remain several days.

Mrs. M. V. Hindman, of Brookfield, Pennsylvania, who has been spending the winter in this city enjoying this delightful sunny climate, left on her return home this morning.

H. A. Pease, the editor and publisher of the Holbrook Argus, came in from the west this morning, and is around mixing with city friends today. He expects to return to Holbrook tonight.

Miss Olive Everitt was thrown from her bicycle this morning, while riding on South Second street and received some rather painful injuries. The street had just been sprinkled and was very slippery.

A most pleasant crowd turned out at Grant's hall last night to enjoy Mrs. Walton's regular weekly class dance. After an hour devoted to class instruction, a pleasant two hours of social dancing was had.

The city central committee of the republican party held a very enthusiastic meeting at the office of Rankin & Co., in the N. T. Armijo building last night, and mapped proceedings for a vigorous, aggressive city campaign.

B. B. Borden and son, Fulton, who left Gallup to drive overland to this city about ten days ago, arrived last Sunday night, and it is stated that the trip was not a very pleasant one, for they were caught in a sand storm that raged several days.

Dr. James A. Wroth was a passenger for Santa Fe last night, having been called there to consult with other physicians as to the present illness of John James. The Citizen understands that Mr. James is considered a little better, although still dangerously ill.

The race pulled off at Los Lunas on Sunday between the Luna horse and a brown mare owned by Trinidad Lucero, of Bernalillo, was won by the Luna horse. The mare was beaten by forty yards. Only a small amount of money changed hands, as the mare had very few backers.

A grand program of the ladies' auxiliary to the Guards will be given Friday evening, March 28, at Grant's hall, followed by a dance. The following talent has been engaged: Miss Heimbeck, Mrs. J. O. Frost, Mrs. Berry, the colored quartet, W. E. Grimmer and W. T. Bramlett. Admission 50 cents, including gentleman and ladies.

The Workmen last evening royally entertained their friends at their hall. Cards and games of various kinds, an exhibition of stereopticon pictures and songs and recitations made a most enjoyable program. An elaborate supper was served. The room was crowded by the ladies of the Degree of Honor and friends of both orders.

The plans of Architect J. L. La Driere for the new academy at Flagstaff, Arizona, which will be in connection with the Sisters' school, were accepted. The building will be two stories high and of brick and will contain an assembly room, chapel, class rooms, sisters' and girls' dormitories, kitchen, dining room, guest chambers, etc. The contract will be let soon.

A check for \$4.50 was cashed Saturday night by Lix & Motzenbacher for a young man who gave his name as Charles Mueller. It bore the purported signature of George F. Albright, manager of the Journal-Democrat, but it was a miserable attempt at forgery. Mueller claimed to be a printer and showed a membership card in the Typographical union and one in the Odd Fellows.

The El Paso News says that Mrs. B. K. Luna and her sister, Miss Keyes, daughters of Major Keyes, of the United States army, are stopping at the Palacio, in Chihuahua, Mexico. Mrs. Luna is the widow of Capt. Max Luna, of Los Lunas, who served with the Rough Riders at the battle of San Juan and lost his life in the Philippines. Mrs. Luna's brother, Lieutenant Keyes, was also killed while fighting in the Philippines.
