NOT HOPEFUL.

British are Waiting for Peace Proposals.

Woman Appears in a New Role.

Portland Mine at Colorado Springs May Not Close.

SUPREME COURT ADJOURNS.

London, March 24.—There is little disposition in London to regard the news of the Boer governments' visit to Pretoria, any too hopefully. Official circles express doubts of the ability of Acting President Schalk-Burger and other civilian leaders of the Boers to induce such men as DeWet and Delarey to surrender. Possibly, they think, the representatives of the Transvaal government are desirous of suiting for peace, but there is nothing to show that they have any authority to impose submission on commanders in the field. The most hopeful sign is the announcement that Lord Kitchener permitted Schalk-Burger and his companions to proceed to Orange River colony. The Westminster Gazette this afternoon urges that any peace proposal should be regarded on its merits, pointing out that the ungenerous assumption that previous Boer overtures were signs of weakness, contributed largely to the failures of negotiations. The Pall Mall Gazette would "like to think that the brave and skilful commanders, DeWet and Delarey, have arrived at the height of moral courage, once attained by General Lee, and have realized that the truest patriotism does not consist in the prolongation of a hopeless struggle." The paper confesses, however, that the military situation is not auspicious for such a change of mind.

The Associated Press has good reason to believe that Lord Kitchener, in his interview with Schalk-Burger, agreed to withdraw the banishment proclamation issued last September if General DeWet and other Boer leaders surrendered.

In the house of commons, War Secretary Broderick announced that a fortnight ago Schalk-Burger intimated to Lord Kitchener the desire to be granted a safe conduct through the British lines and back, in order to see President Steyn with reference to the possibility of peace proposals.

Lord Kitchener, with the consent of the government, has acceded to the request.

THE NEW WOMAN.

Four Break Jail and One is a Horse Thief.

Fort Scott, Kan., March 24.—Four women prisoners broke jail here last night and were captured today. One, Birdie McCarty, a horse thief, was found hidden under a blanket in the bottom of a wagon being driven by Peter Sheffay, twelve miles from here. The others were captured near Hammond after being chased three miles.

A PERSONAL OPINION.

President Burns was Not Speaking for the Directors.

Colorado Springs, March 24.—James F. Burns, president of the Portland Sugar Refining company, explained today that the statement credited to him that the Portland mine would close down April 1, awaiting the opening of the new mill at Colorado City on June 1, was an expression of private opinion and not representing the sentiment of the board of directors, who have taken no action in the matter. Another officer of the company says the mine will not close down.

Court Adjourned.

Washington, March 24.—After announcing a few opinions the United States supreme court today took a recess until Monday, April 7.

MAKES A MOVE.

Sugar Trust Will Take Up Sugar Beet Industry.

Denver, Colo., March 24.—The American Sugar Refining company has made its first move to take up the sugar beet industry in Colorado. Henry Ernst Niese, of New York, superintendent of construction and refineries of the American Sugar company, after a two weeks' investigation, says the Denver Republic, has secured an option on land for beet culture and a refinery will be erected.

STRIKE AUTHORIZED.

Mine Workers Are Determined to Enforce Their Demands.

Shamokin, Pa., March 24.—The joint convention of districts Nos. 1, 7 and 9, United Mine Workers of America, today adopted the report of the special committee appointed Saturday to draft resolutions covering the demands made in the report of the scale committee. President Mitchell declined to state the nature of the report but said after the final adjournment, which will take place this afternoon, he would make public a statement concerning

the work of the convention and the demands made.

This afternoon it was announced the United Mine Workers' convention today adopted resolutions declaring for a strike to take effect on a date to be fixed by the district executive boards, providing the final effort at reconciliation with the operators through the medium of the civic federation proves unavailing.

IT GETS IN.

The Pennsylvania Will Probably Get Into New York Now.

New York, March 24.—Mayor Lowe today signed the bill authorizing the Pennsylvania railroad to construct a tunnel under North river and to build two railroad stations in the borough of Manhattan. The bill now goes to the governor for final action.

Enjoined the Roads.

Chicago, March 24.—With the consent of the defendants, Judge Grosscup in federal court today issued the temporary restraining order asked for by the Interstate Commerce Commission against the railways entering Chicago. The order holds good until June 1, or until further orders from the court.

Pedro Sandoval, a guard at the penitentiary at Santa Fe, and Frank Romero were refused admission to a Santa Fe saloon Saturday night and in attempting to force an entrance one of them cut John Glass, a colored hack driver, who was in the saloon. On leaving the saloon they met W. A. Bell, of Tres Piedras, N. M., at the entrance of the Claire hotel and without provocation seriously cut him in the neck and in the back. Both men were arrested.

A. O. U. W.

Meeting at hall this evening at 7:30 sharp. All members are urged to be present. Visiting brothers invited. At 8:30 door will be open to Degree of Honor and friends of the order, followed by social evening at cards and refreshments. By order of lodge, Frank Hart, recorder.

PARAFFIN BASE.

Gallup Oil is of the Most Desired Quality.

DEVELOPMENTS EXPECTED.

R. J. Turnbull was in this morning from the oil fields of McKinley county and he is enthusiastic over the prospects and over the country. The oil has a paraffine base beyond doubt and Mr. Turnbull is elated thereat. "We were sure it was of a paraffine base," he said, "but there were many who believed it was of an asphaltum base. We have had many chunks of almost pure paraffine come up and the quality is established without a doubt. The oil from a paraffine base makes the very best illuminating oil and it is the kind the Standard Oil company is particularly active after. They buy every paraffine base well they can possibly get hold of as it is so superior for refining. This well is four miles south of Gallup. We went through about eight feet of shale and then struck the oil sand, four feet thick. It was there we struck the oil and we estimated the flow to be about a barrel a day. It was some eight or ten feet on down that salt water was struck. On Saturday night the drill reached another bed of shale just like that above the first oil sand bed. We expect to strike the second layer of oil sand under this sand and to make a heavy strike of oil there. The layer of shale is, we know, fifty feet thick and if everything goes well, we ought to know by Wednesday or Thursday what we have. The prospects are the brightest."

Mr. Turnbull had with him this morning a number of curiosities of petrified nuts, leaves, fruits, etc. He had a number of tropical nuts, petrified, and some of them were broken so as to show the meat. One of the petrified nuts also had wood clinging to it, which was petrified. All fossil signs clearly show that was at one time a tropical country. One of the curiosities they have is a petrified snake, three feet long, found imbedded in sand stone.

MRS. T. J. WRIGHT.

Her Death Occurred at St. Louis Last Saturday.

Mrs. Georgia Kern, residing at No. 123 North Walter street, received the following sad message this morning: "St. Louis, Mo., March 24.—Carrie passed away Saturday. Burial services at 3 p. m. today. T. J. WRIGHT."

The deceased, with her daughter, left for the Pan-American exposition at Buffalo, N. Y., last summer, meeting Mr. Wright, who had preceded them, either at Baltimore or Buffalo. After attending the exposition for a few weeks they visited relatives and friends in other eastern cities, and then came on to St. Louis, where Mrs. Wright resided before taking up her home in this city and where a number of relatives are now living.

It is true that reports, since her departure for the east last summer, have reached this city that Mrs. Wright was in poor health and that she had submitted to an operation, but no one thought that her case was alarming and the above announcement of her death will be a surprise to her many friends here.

The deceased was one of the largest property owners of this city, and a highly respected lady.

CHINESE LABOR.

Declared a Necessity in Philippines.

The House Considers Pure Food

Hitchcock Says He is Not Going to Resign.

CLAYTON'S CASE.

Washington, March 24.—Soon after the senate convened today, Mr. Hale offered a resolution, which was adopted, directing the committee on fisheries to inquire into the destruction by dynamite of sea fish along the eastern coast of the United States and report, by bill or otherwise, a remedy for the trouble.

By a resolution of Mr. Lodge, which was adopted, the attorney general was directed to transmit to the senate a list of claims he is defending before the Spanish treaty claims commission, together with the particulars as to each claim and the gross amount of all claims.

Mr. Dubois, of Idaho, presented a petition from the American Chamber of Commerce at Manila, saying it was "a significant fact" that this was the second petition from that organization urging that the restriction of Chinese coolie labor be removed. Mr. Dubois added that the testimony before the Philippine commission indicated that the Philippine islands could not be developed without Chinese labor. The memorial was referred to the Philippine committee.

The river and harbor bill was received from the house and referred to the committee on commerce. Mr. Frye, chairman of the committee, gave notice of hearings on the bill would be given senators for four days, beginning tomorrow morning, and there would be no further hearings.

THE HEPBURN BILL.

House Will Consider the Authorized Pure Food Bill.

Washington, March 24.—This was District of Columbia day in the house and some time was spent at the opening session in the transaction of district business. The senate amendments to the bill to repeal the war revenue taxes were non-concurred in and the bill was sent to conference. A similar course was taken with reference to the legislative, executive and judicial appropriation bill.

The house committee on interstate and foreign commerce today voted to report the Hepburn pure food bill. The bill was framed by the national pure food congress. Today's vote was practically unanimous for reporting the Hepburn bill.

After the conclusion of district business the debate upon the contested election case of Moss vs. Rhea from the Third Kentucky district was resumed.

Hitchcock Denies It.

Washington, March 24.—Secretary Hitchcock has returned from St. Louis where he was called by the serious illness and subsequent death of his brother. He denied he had any intention of resigning his cabinet portfolio or ever had contemplated retiring.

HAD NO TROUBLE.

Captain Powell Clayton was Not Challenged to Fight.

Washington, March 24.—Official contradiction has been received at the state department of the report that Powell Clayton, Jr., a son of Ambassador Clayton, and former military attaché to the United States embassy at Mexico, was forced to leave his post because of his refusal to fight a duel. The report to the department shows that instead of being involved in a Christmas brawl, which was supposed to be at the bottom of the challenge, Captain Clayton really quitted the City of Mexico on August 8 last.

THE CITY DEMOCRATS.

Few Names Mentioned in Connection With Nominations.

The democrats of the city will hold their ward primaries tonight, and their convention for the purpose of nominating a ticket and to ratify the ward nominees will be held at Grant hall tomorrow night.

The democrats are talking of several names for the nomination for mayor and among those mentioned are good running timber are O. N. Marron for renomination; Dr. J. F. Pearce, A. B. McGaffey, Dr. P. G. Cornish, C. G. Hall, J. H. O'Reilly and others. They are pretty strong but not strong enough by several hundred votes to win this spring.

The names of C. W. Medler and J. H. McCutchen are heard on all sides for city clerk. "Mac" can down the whole push when it comes to telling stories that never happened, but it is quite certain that Medler will be renominated for the clerkship.

No name is heard in connection with the city treasurer's post but as democrats seldom, if ever, refuse an office, there will be half a dozen candidates in line

by tomorrow night when the convention convenes.

Although C. C. Hall is slated as a possible nominee for the office of mayor, the democrats of the First ward are seriously considering his name as a candidate for alderman of that ward. No name is being considered for school trustee of that ward, but some one will be in plenty of time to be nominated.

Over in the Second ward, John S. Heaven will be renominated for alderman, and one of the Hopping brothers for school trustee.

The democrats are finding it a hard matter to name a candidate against Hubbs for alderman in the Third ward, but have E. H. Dunbar slated for school trustee.

The Fourth ward democrats are keeping quiet on their candidates for alderman and school trustee, and intend to spring some surprises on the public in the selection of their candidates. It is rumored that they will endorse the candidacy of Dr. Harrison for alderman and R. W. Hopkins for school trustee, but one dyed-in-the-wool democrat says that no endorsement of other candidates will be made this spring election.

All these names were talked over at the informal caucus of democrats held at the office of Mayor Marron yesterday afternoon.

Feast of Purim.

The feast of Purim was observed by all the Jewish people here and everywhere last Saturday and yesterday. It is a day of joy and happiness, and is kept in commemoration of the deliverance to the Jews by Mordecai and Esther from the evil intentions of the wicked Haman minister of the Persian king, Ahasuerus. In the book of Esther can be found the entire occurrence. There were services at the Gold avenue temple last Saturday night and yesterday.

Important to Miners.

The El Paso smelter will be in operation by the middle of April, and will employ 900 men. It is one of the largest smelters in the world.

OFFICIAL MATTERS.

Supreme Court Decisions in a Number of Private Land Cases.

LAND OFFICE BUSINESS.

W. H. Pope, assistant United States attorney of the court of private land claims, received word from Washington that the United States supreme court has affirmed the decisions of the court of private land claims in three private land grant cases from Arizona. One case involved the San Pedro grant of 30,000 acres, claimed in Cochise county, Ariz., by the Beloit Cattle company. The court of private land claims rejected the grant on the ground that it is entirely located in Mexico. The United States supreme court affirms this decision.

The second case is that of the Agua Prieta grant, claimed for 70,000 acres in Cochise county, Santiago Alsina, administrator, is the claimant. The court of private land claims rejected this claim because the grant is situated in Mexico. The United States supreme court affirms this decision.

The third case is that of the San Rafael del Villa grant also in Cochise county. The court of private land claims had originally rejected the grant. The United States supreme court ordered the confirmation of the grant if it could be located. The case came up again in the court of private land claims and the grant was located for four square leagues or 17,000 acres. The United States then appealed the case to the United States supreme court which affirms the last decision of the court of private land claims.

Land Office Business.

Homestead Entries—March 21: William Lee Hobbs, Aztec, 40 acres, San Juan county; Walter Hallman, Bloomfield, 160 acres, San Juan county; David Urban, Pintada, 160 acres, Guadalupe county; Faustina Garcia, Tremontina, 160 acres, San Miguel county; Francisco Garcia, Sanchez, 160 acres, San Miguel county.

Final Homestead Entries—March 19: Pedro B. Garcia, Wagon Mound, 160 acres, Mora county.

Fire This Afternoon.

The fire for which an alarm was turned in at 1:45 this afternoon proved to be only a scare. It occurred in a house on West Railroad avenue, occupied by A. E. Landenslager and family. Mrs. Landenslager started a fire in a fireplace in the dining room. About ten feet from the floor is a stovepipe hole. The hole was covered with a piece of pasteboard. This pasteboard took fire and had it not been for a 13-year-old girl who had the presence of mind to dash a bucket of water on it, the house would have burned. The older folks who were in the room when the fire was discovered were so frightened that they ran out of the house. The department arrived too late.

Frank Whitten Selected.

F. S. Whitten, of this city, was one of the cadets of the naval academy selected to represent that institution in the annual fencing contest with the Washington Fencers club last Saturday. The best fencers of the academy are selected and the champions of the club. Count Cassini, the Russian ambassador, presided at the contest and the president and Mrs. Roosevelt were present. The Annapolis fencers were entertained after the contest by Mrs. Henry May.

HORSE WHIPPED.

Something Doing to Topeka's Mayor.

A Locomotive in State of Utah Exploded.

Bad Wreck on the Pennsylvania Road in Ohio.

CHICAGO ROADS ENJOINED.

Topeka, Kan., March 24.—Miss Blanche Boise, a protegee of Mrs. Nation, horsewhipped Mayor Parker in his office at city building this morning about 9 o'clock. Three times she slashed the mayor and then he sprang at her, gripped her by the throat, choked her, tore the rawhide from her hand and pushed her into the hall, as she exclaimed: "Thank God, I've done it. I've horsewhipped you and now I'm going to horsewhip the governor." She claimed he was responsible for running the joints open.

ENGINE BLEW UP.

Three Men Were Killed and One Badly Injured.

Salt Lake, Utah, March 24.—A helper engine on west bound freight train No. 205, blew up about 3 o'clock this morning while going up Lake hill, seventy miles west of Ogden. The dead are: William Wilton, engineer, of Ogden; E. A. Uphoff, brakeman; and an unknown tramp.

Fireman Roy Munsey was terribly burned and scalded and will probably die. The cause of the explosion has not been ascertained.

CONFLICTING ORDERS.

Two Trains Come Together and Four Are Killed.

Youngstown, Ohio, March 24.—In a head-on collision between two freight trains at 7:10 o'clock this morning on the Pittsburgh, Youngstown and Ashtabula division of the Pittsburgh, Fort Wayne & Chicago road, four men were killed and three injured. The dead are: Norman Graham, fireman, who lived near New Castle, Pa.; James Thomas, fireman, of Ashtabula, Ohio; —, brakeman, name not yet known; and Charles Blackburn, target tender on the Erie road, whose body can be seen in the wreck. The trains crashed together in a heavy fog, completely wrecking both engines and piling cars up so that traffic will be suspended for hours. The cause of the wreck is not yet determined, the engineers of both trains claiming they had orders to go ahead.

DIDN'T BLAME HER.

Judge Baker Took the Mother-in-Law's Part.

This morning Judge Baker took a stand on the mother-in-law question. Lupe Nieto de Lucero asked for an absolute divorce from Severiano Lucero. They were married in 1897 and she charged him with having abused her, of failing to provide for her and of being habitually drunk. Severiano had a defense on file. He denied that he ever abused her or that he is a drunkard, or ever went home drunk, and he protested that he loved his wife and always treated her as an affectionate husband should. Then Severiano says his troubles are due to his mother-in-law, who has taken a violent dislike to him, has picked out all little faults and dilated on them so as to prejudice his wife against him. In this he says she has been successful. He vowed that he still loves his wife and stands ready to take her back as his wife and that "on his bended knees" he has begged her to come back but the influence of his mother-in-law is too strong. The plea was without effect, for Judge Baker gave the plaintiff an absolute divorce and the custody of the one child.

Another divorce granted was to Anna Freckmann from Albert Freckmann. They were married in Colorado Springs and she charged him with drunkenness and cruel treatment for many years. On February 17 last she said he assaulted her, beat her up and is now serving a sentence of ninety days in jail for it. She was given the custody of the child.

This afternoon the empanelling of the United States petit jury was taken up. The first case set for trial is that of Dan Miller for selling liquor to Indians. Woodward, charged with counterfeiting, will be tried tomorrow. The Baca murder trial is set for tomorrow afternoon.

LOCAL PARAGRAPHS.

Undertaker Edwards is in receipt of a letter from parties at Edmonton, Alta, Northwest Canada, stating that the body of Daniel Squirebriggs, which was buried here about three weeks ago, would have to be exhumed and shipped to that place.

The slope of the Manzano mountains is proving to be fertile and productive. A ranchman in the city a day or two ago from there said that last year he raised over 800 pounds of beans from planting five pounds. The

American corn was a greater success than the Mexican with him. He alternated the rows and every other row of Mexican corn was a failure, while all the American corn bore well. Some of the ears were eighteen inches long and some of the stalks were ten feet high.

It is understood that Santa Fe wants twelve ball games with the Browns.

Dr. D. W. Manley of Santa Fe, and Dr. F. E. Olney of Las Vegas are in the city attending the annual meeting of the territorial board of dental examiners, which is in session this afternoon in Dr. L. H. Chamberlin's office. Dr. Chamberlin is president of the board.

On the evening of Easter Monday at Grant's hall will occur Mrs. Walton's annual Easter dance. This will be the last social dance of the season, given by Mrs. Walton, and promises to be a very enjoyable affair. Tonight at Grant's hall will occur her regular weekly class dance.

A. O. U. W. will meet this evening at 7:30 sharp in regular session. All members and visiting brothers are requested to be present. The doors will be thrown open at 8:30 to all members of the Degree of Honor, families of members, and friends of the order. We will be glad to see a good turn out. Frank Short, Recorder.

Mrs. Laura Hart of San Antonio, Tex., grand master for the O. E. S. lodge, will be here on April 10, 11 and 12, for the purpose of instituting a grand chapter. There are nine chapters in this territory and each will be represented. On the evening of the twelfth Adah Chapter No. 5, will tender a reception to the visitors.

David Denham, a well known republican politician of the Second ward, was threatened with pneumonia several days last week. He rallied, however, and attended the primary of republicans of his ward, followed by attending the republican convention last Saturday night. Denham says his ward will be in the right column at the approaching city election.

TERRITORIAL MINERS.

Senator Clark, of Montana, Reports Favorable on House Bill.

IMPORTANT MEASURE.

Senator Clark, of Montana, from the committee on mines and mining, on Thursday favorably reported the bill already passed by the house amending the act for the protection of lives of miners in the territories. The bill provides that owners or managers of every coal mine at a depth of 100 feet or more shall provide an adequate amount of ventilation of not less than 53 1-3 cubic feet of pure air per second for every fifty men at work in the mine, and in like proportion for a greater number.

The bill as reported to the senate strikes out the house provision that workings shall be kept clear of standing gas, and also strikes out the provision that all owners shall employ shot firers to fire shots once a day on each day when the mine is in operation, but they shall not be fired until after all miners and other employees shall have been hoisted out of the mine. Violation of the act constitutes a misdemeanor.

Senator Teller had a conference with the commissioner of Indian affairs Thursday morning, the outcome of which will be an amendment to the Indian appropriation bill giving the commissioner the power to purchase water for the use of the Southern Utes on their lands in southwestern Colorado and northern New Mexico. At the present time the Indians there are absolutely dependent upon waste waters which come to them and the seepage from other irrigated lands above. All the water for the region comes from the Dolores river, and the ditches are controlled by the Montezuma Ditch company. This company annually asposes of practically all the water it can get from the river to white settlers above the reservation. If the company is to be called upon to supply the Indians it will be necessary to construct a dam.

The Kids Lost.

Bad weather and a very light crowd greeted the ball players at the fair grounds yesterday. The Santa Fe Pacific team went down before the Albuquerque Browns by the awful score of 10 to 1. In the first inning each team scored one run. The second and third were each goose eggs. In the fourth the onslaught began. The Browns played some of the best ball players in the southwest and of course had the kids handicapped to a considerable extent. Shepard, although suffering from a severe cold, had quite a large list of strikes out to his credit. McDonald and Hale were the battery for the Browns and were backed up by such stars as Vorhes, Cosgrove, Breen, Brown, Ortiz, Quier and Smith, all of whom put up an excellent game, as is evidenced by the score. Hale struck out quite a large number and had the batters from the shops at his mercy continually.

A game between the Santa Fe Central surveying corps team and the Browns, to be played in the near future, will be watched for with some interest.

Sneak thieves stole three hats from the dressing room in Colombo hall last Friday night, while the dance and basket ball game was going on.

REPUBLICAN CITY TICKET.

CHARLES F. MYERS,
For Mayor.

HARRY F. LEE,
For Clerk.

L. H. CHAMBERLIN,
For Treasurer.

First Ward:
SEIGFRIED GRUNSFELD,
For Alderman.

E. J. ALGER,
For Board of Education.

Second Ward:
J. H. HOLMAN,
For Alderman.

F. G. PRATT,
For Board of Education.

Third Ward:
JAY A. HUBBS,
For Alderman.

FRED H. NEWMAN,
For Board of Education.

Fourth Ward:
GEORGE W. HARRISON,
For Alderman.

R. W. HOPKINS,
For Board of Education.

Charles F. Myers will make a good
mayor.

The city election will be an April
fool affair to the democrats.

The railway map of New Mexico will
be greatly changed this year.

F. G. Pratt will be a good assistant
to President Hopkins of the city school
board.

The Southern Pacific denies that it
has any intention of buying the Bis-
bee railroad.

President McGowan, of the Choctaw
& Gulf railroad expects to visit Albu-
querque in April.

Las Vegas will furnish the site and
appropriate \$1,000 a year for the Car-
negie public library.

The democrats of this city will hold
a convention tomorrow evening, and
nominate a municipal ticket.

The republicans have a good city
ticket, and the best thing the democ-
rats can do is to endorse it.

The Las Vegas Record censures Del-
egate Rodey for appointing a non-resi-
dent of New Mexico to a cadetship at
the Annapolis naval academy.

Arbor day will occur on April 11.
This city should observe the day by
planting hundreds of shade trees.

No other city of its size in the United
States has daily newspapers equal
to those published in Albuquerque.

This city is destined to grow during
the coming year. It will help things
in that direction to elect the republi-
can city ticket.

The El Paso News says that the
New Mexico people will never vote
to change her name. She has no rea-
son to be ashamed of it.

Colonel R. T. Clowry, once a mes-
senger boy, now the president of the
\$125,000,000 corporation known as the
Western Union Telegraph company,

says that four attributes are neces-
sary for success: industry, perseve-
rance, integrity and intelligence. These
are good words to remember.

Congress has authorized the sec-
retary of war to loan tents for the
use of Knights of Pythias encampment
to be held in San Francisco.

The Frisco road will be extended
from Quanah, Texas, to Phoenix, Ari-
zona. The road will pass either
through Albuquerque or Socorro.

"I am in favor of a law," said He
who is Always Broke, "which shall
require each corporation, firm, part-
nership and individual employer to
pay off every hour."

The republicans by resolution favor
the issuance of bonds to enlarge the
public school buildings of this city.
The republicans always favor the edu-
cation of the children.

Dr. George W. Harrison has made a
faithful member of the city council
and the Fourth ward will help the
whole city by reelecting him.

The democratic weekly sheet says
that Holman will not run for alder-
man. "Mose" will not only run but he
will be elected by the people of the
Second ward.

A public park is needed in the south-
ern part of the city, and if the republi-
can ticket is elected one will be creat-
ed. The republican party is in favor
of the improvement of the city.

The republicans and socialists have
each strong tickets in the field for the
city offices. If the democrats succeed
in nominating a strong ticket tomor-
row evening, a lively election is as-
sured on April 1.

Sig. Grunsfeld will carry the First
ward with a whoop, and he will be one
of the best members of the city coun-
cil for the ensuing two years. He is
a worker and the First ward will get
things done when he is in the coun-
cil.

The republicans of the Second ward
were in favor of Dr. Chamberlin for
mayor, but the other wards were en-
thusiastic for Chas. F. Myers, and in
the interest of harmony the doctor's
friends withdrew his name for mayor
and secured his nomination for city
treasurer.

The Las Vegas Optic says that it
cannot understand Albuquerque poli-
tics. Neither can we understand Las
Vegas politics. How a live, progress-
ive city like Las Vegas can be satis-
fied with a democratic mayor from the
mossback state of Mississippi is be-
yond our comprehension.

The republicans of this city have
nominated an exceptionally strong tick-
et. It is composed of well known
and reliable business men, who de-
serve the support of the people. The
republicans are harmoniously united,
and intend to make a clean sweep at
the polls at the election on April 1.

NEW MEXICO TOWNS

DEMING.

From the Headlight.
N. E. Stevens, representing the Montezuma Savings, Loan and Building association of Albuquerque, was here in the interest of that company.

W. J. Wamel, one of Deming's hustling business men, has secured the contract to furnish Orman and Crook's grading camps with beef and is now in Mexico looking for cattle to fill his contract.

Contractor Mitchell still remains at the bedside of his mother and sister, who are in the hospital at El Paso, suffering from the injuries they received lately from the wrecking and burning of a train of the Gulf & Houston road at Sanderson, Texas.

G. D. Brown and T. R. Colvin, of Houston, Texas; J. P. Bolland, Alamogordo, and W. Shirren, El Paso, formed a party of capitalists that visited this city. These gentlemen looked over the city pretty thoroughly and left for Douglas, Arizona, expressing their intention to return to Deming again.

There is every prospect that on their return they will make some investment here, as they stated that they were highly pleased with Deming and its future outlook.

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years."

Never gripe or distress. Safe thorough and gentle. The very best pills. J. H. O'Reilly & Co.; B. H. Briggs & Co.

ALAMOGORDO.

From the News.
Many about Weed are materially extending their orchards this spring. Apples seem to be their choice fruit.

A. J. King spent several days examining into the water proposition of Tulare and the canyon.

F. B. Stuart, president of the Union stock yards of El Paso, spent a couple of days at the county seat.

Tin can roofing is the latest economical device introduced by a carpenter in Alamogordo. A leather medal is in order.

Born to Mr. and Mrs. John McBride of Monticello, Otero county, triplets. The father is in despair, the mother joyful.

Cattle buyers are around but are having poor success in purchasing, owing to stockmen holding for an advance in prices.

J. P. Odom has sold his interest in the Commercial restaurant to Messrs. C. T. and L. M. Risher, two young men who came here some time ago from Mississippi.

W. M. Babb, who has been employed by the Estey City company, was brought down to Alamogordo. He is suffering from congestion of the bowels and is a very sick man.

Can't Keep It Secret.

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Try them. 25c at all druggists.

SAN MARCIAL.

From the Bee.
The next meeting of the Guild will be held at the residence of Mrs. E. B. Rowe.

The Easter ball, March 31, is the next event in the dancing line to claim attention.

The gentleman who occupied the tent abode for the past couple of months, practicing the open air cure for tuberculosis, has moved to Phoenix.

Mr. Rodey's enabling act provides that personal property shall be taxed in counties where found. It is a good proposition and Dr. C. G. Cruickshank and other prominent citizens here have so expressed themselves in letters to Delegate Rodey.

Dr. A. F. Bonney delivered his interesting lecture on archeology last Saturday evening. After his delivery at Rosedale, he will favor Magdalena, Kelly and Socorro with visits, and then Albuquerque and towns beyond will catch him for an evening, if his present plans suffer no change.

Joe Sweeney has two or three acres of rich land ready for planting, but the ditch owners have refused to sell him water at reasonable rates. His inquiries concerning pumps has resulted in Chas. E. Owings ordering for him from Kansas City a horse power pumping outfit with a capacity of 250 gallons per minute.

Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeiters. J. H. O'Reilly & Co.; B. H. Briggs & Co.

LAS CRUCES.

From the Progress.
E. A. Herron, of La Mesa, has sold a 140 acre farm to an El Paso party for \$1,500.

H. L. Philpot, who conducted a real estate office on Main street left for Baltimore, Maryland, for a short visit. Huln was given his preliminary trial for the murder of Gardiner. He waived an examination and was released on \$3,500 bond.

A representative of eastern capital was in Las Cruces looking over the field for the electric light plant. He stated that he would make a favorable report on the situation.

It is gratifying to see that the leaders of both parties have united in favor of incorporation. This means that the question is to be taken out of politics. Any one who tries to gather a following by opposing incorporation

IN THE SPRING

When you have that tired feeling, and are nervous and sleepless, is a good time to take a few doses of Hostetter's Stomach Bitters. It is an ideal spring medicine and blood purifier, and will cure dyspepsia, indigestion, malaria or liver and kidney troubles. Try it. Our private stamp is over the neck of the bottle.

HOSTETTER'S STOMACH BITTERS

A number of outlaws have been stopping in the vicinity of the hot springs. An official of the Gila river forest reserve has been fully initiated and is no longer a tenderfoot. A few days ago, it is said, that the official had occasion to go to the Adobe ranch of the V Cross T and several of the boys decided to introduce that gentleman to the mystic art of true western gallantry by shooting at his boot heels to induce him to dance, to shoot the pipe from his mouth without making him wink and put a rope around his neck and strung him up. After all the pleasant had been carried out, in true western good humor the candidate was pronounced a full fledged knight of mountain and plain.

Having a Run on Chamberlain's Cough Remedy.

Between the hours of eleven o'clock a. m. and closing time at night on January 25, 1901, A. F. Clark, druggist, Glade Springs, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all druggists.

SOCORRO.

From the Chieftain.
Socorro was visited Thursday by the worst wind and sand storm of the season.

Mrs. M. Loewenstein was quite ill the first of the week, but at last reports was considerably improved.

Five inches of snow in Santa Fe, and peach trees in full bloom in Socorro, such were the conditions Thursday morning.

Mrs. Homer Hill had the misfortune to be badly stung on the face and arms while trying to give some bees.

Mr. and Mrs. Simon Stern, of Albuquerque, were called to Socorro on account of the serious illness of Mrs. M. Loewenstein.

Lorenzo P. Garcia returned from a visit in Magdalena. He reported high winds in the mountain town, but not so much dust as in Socorro.

Miss Mary Wickham arrived at the home of her parents in this city from Craig, Arizona, where she had been teaching school for several months.

Attorney W. E. Kelly has been out of town a great deal of late visiting the cities of the territory in his capacity as grand master of the Odd Fellows organization of the territory.

J. A. Beal, of Albuquerque, was in town three or four days representing the interests of The Citizen. He did a satisfactory amount of business for the excellent journal that he represents.

Dr. C. R. Keyes, of Des Moines, Iowa, was in the city. Dr. Keyes is one of the foremost geologists of the country. He was at one time state geologist of Missouri. The doctor is visiting the Magdalena mining camp today and will spend a day or two more in Socorro before his return home.

Miss Ruby Berry has received an invitation to the marriage of Dr. F. L. Coates to Miss Bessie Blanche Chipley, at the home of the bride's parents in Denver, April 2. Dr. Coates visited Socorro five or six years ago and became well and favorably known here.

Mrs. James G. Fitch entertained a large number of her lady friends very pleasantly at her home on McCutchen avenue. Progressive high five was a feature of the occasion. Mrs. F. G. Bartlett being awarded first prize and Mrs. Charles Sperling triumphantly carried off the consolation prize. Delicate refreshments were served and a profusion of cut flowers added to the attractiveness of the decorations.

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample.

Pleasant Summer Resort.
There are few communities in the world where the residents take more genuine pleasure out of life during the summer season than do the people of this mountain town. The near-by opportunities afforded on every hand for an outing, where clear, cold streams, mountain trout and wild game abound, are irresistible, and during the months of August and July there is a perfect exodus of families from town to the surrounding mountains and canyons, where they pitch their tents beneath a pine and enjoy a season of fishing, hunting, "kooking," eating, resting and—more eating; for the appetite gets to be a very prominent feature and insistent upon the claims for recognition.

Raton Water Works.
The Raton Water Works company supplies the city with pure, soft mountain water from a reservoir with a capacity of 52,500,000 gallons, which is located in a canyon seven miles from the town. The great pressure afforded by a 500 foot fall, together with an alert fire department, gives the city ample protection against fire.

Las Vegas Grant.
The executive committee of the board of trade is considering the matter of asking congress to appoint a commission to settle the final status of the Las Vegas grant. The question has become of vital importance of late, owing to the mining developments going on in the district in question, and

it is necessary that the title should be settled as soon as possible. Just how the matter will be brought to the attention of congress has not been determined.

Hon. Alonzo Hart, the attorney, who represents the Las Vegas grant in Washington, is still here and something definite will be decided on soon regarding the action that will be taken to have congress finally settle the long disputed title.—Las Vegas Record.

THE GEM CITY.Prospects of Socorro are Brighter
Now Than For Many Years.

WHAT A. D. COON SAYS.

"The present prospects of Socorro are brighter than they have been in years," says A. D. Coon, one of the oldest settlers and largest property owners of that city. "Things have been looking up for the past year, but not quite so bright as they are just now. The present city administration is composed of wide-awake business men, who are making every effort possible in behalf of building up the town and advertising the natural resources of the wealth and beauty of its surroundings. Our prospects for a glove factory, I must say, are real flattering. We may have to club together and furnish the money for a building, but it will be a good proposition at that. It will not advertise the town but will serve as an incentive to bring something else here. A company is being formed to raise money to sink a prospect well on the mesa about two miles above town. There is a possible chance of striking either oil, mineral or artesian water. The city now owns its own water works. The water is obtained from artesian springs at the foot of the Socorro mountains. It is especially pure and the supply is sufficient to accommodate a city three times the size of Socorro.

"As a health resort, we defy any city in the southwest to produce such a climate as we have here. Although we are pretty well down in the southern part of the territory, the summers are cool and the winters are warm. Socorro is protected on both the east and west by mountains. From the sun in summer and from the wind in winter. The fruit and mineral resources of this part of Socorro county are unquestionable. Orchards are to be found in every direction.

Byerts' Enterprise.

"W. H. Byerts, one of Socorro's most prominent and progressive citizens, who is also a large merchant and property owner, has a fine peach and apple orchard of 35,000 trees on his ranch on the mesa. Mr. Byerts has, with considerable trouble and expense, installed an irrigation system with water brought down from the mountains, which covers the entire orchard. He has also gone to the expense to buy an engine and drill, and will try for oil or artesian water.

"I have a twenty-acre orchard," said Mr. Coon, "in the valley, south of town, that I consider the finest in the Rio Grande valley. The peach trees are in bloom and the apple tree buds are beginning to swell, and the prospects for an extraordinary fruit crop are exceedingly good.

"Capt. Cooney, the present mayor of Socorro, and who will likely be re-elected at the next election, recently sold some mining property for \$15,000. This property is less than twenty miles from the city and will be worked during the summer. There are several other mining deals on, when, if close will bring about \$60,000 into the town. There is more life in Socorro today than there has been in many years. The present city administration will be re-elected at the coming election."

Short Notes.

Glen Blavash is making some repairs in his business house in the National bank building.

S. C. Meek, an old timer in Socorro, says that that city has more life now than at any time since the boom.

E. M. Keeler, the Socorro windmill man, is out at Hon. Solomon Luna's ranch putting up a new 90,000 gallon steel water tank.

Members of the Weary Willey fraternity are not allowed to camp long in Socorro. Dr. Blackington, sheriff of Socorro county, makes them hit the pike.

C. T. Brown has sold his feed and livery stable and is devoting all his time to mining. Mr. Brown is secretary for the Mine Development association, composed of Boston capitalists. The association is at present working the New Year group of silver mines, located in the Black range. This group is about twenty miles from Socorro and ten miles from Magdalena. The ore is hauled to Magdalena by wagons and shipped to El Paso, where it is milled. The following members of the association are expected to arrive in Socorro April 1: W. H. Buller, president; C. Hazeltine and H. A. True, all of Boston.

Change of Physicians.

Dr. I. Saylin has been appointed superintendent of the local Santa Fe hospital to succeed Dr. Russ. Dr. Saylin has been assistant under Dr. Russ for some time and is very popular among the men. Dr. Russ will soon return to his home in San Francisco. Dr. Saylin has had experience in the hospitals of Germany and this country. The position of assistant has not been filled, although W. W. Spargo is mentioned in connection with the place. He recently came here from Wheeling, W. Va.

A Benefit Dance.

On April 1, according to tickets sold around town by a Mrs. Valentine, from New York, there will be a benefit dance at Colombo hall, and the proceeds will go toward getting out of jail a young man, said to be the lady's brother, held upon the charge of larceny. The prisoner gave his name, when arrested as Ed. May, while his sister says his right name is Ed. Mahaley. The tickets say he is held on a "trivial" charge, when in fact May or Mahaley was arrested, with several pals, for holding up and robbing a young boy at the depot for all the money on his person and his railroad ticket. Instead of a "trivial" charge, May was sent to the county jail to await the action of the grand jury on the charge of larceny. Mont Dean and another man were arrested with May and they are also in the county jail waiting the action of the grand jury on the same charge.

Police Court Notes.

Lucas Mora, a warlike native from the Manzano country, appeared before Justice Crawford this morning to answer to the charge of carrying deadly weapons. The judge found him guilty and he will serve sixty days in the county jail. Mora carried an ugly looking knife and a six-shooter, made in 1876. The gun is old style but one of the best shooters ever made. His ribs appeared at the New Metropolitan saloon yesterday about 1 o'clock, with half a jag and looking for trouble. An officer was called who escorted the terror to the calaboose.

George Warner, a good for nothing tramp and hobo, who did five days on the chain gang last week, was given an additional ten days this morning.

Attempted Suicide.

Last Tuesday morning Peter L. Brown of this city attempted to do away with his existence by the use of a six-shooter, and it was only owing to the fact that he held the gun at the wrong angle that he did not succeed. As it is, young Brown now lies at the home of his parents in this city with a gunshot in his left side, just over the heart, that will cause him trouble for some time to come.

Brown has resided in Deming since his early boyhood with his parents, Mr. and Mrs. S. W. Brown, and was educated in the high schools of this city. He has at two or three different times worked in the Headlight office and shown considerable adaptability for the business.

The cause for attempting such a rash act is not stated, but whatever his grievance against this good old world, we would advise our friend Peter to try in the future to overcome them in a different manner than by putting an end to his life. Surely a young man of 22 should find life worth the living, for a few decades more at least.—Deming Headlight.

Mr. King is a philosopher of wit as well as a reader. He is, besides, a matchless orator and eloquentist, and gave some readings during the evening that were without doubt the finest ever heard in Clarinda.—Herald, Clarinda, Iowa.

EASTER DRY GOODS NEWS

ONLY A FEW DAYS TILL EASTER; DAYS WHICH WILL BE BUSY ONES FOR THIS POPULAR STORE, BECAUSE WE ARE UNUSUALLY WELL PREPARED TO SUPPLY THE EASTER DRY GOODS NEEDS OF THE PEOPLE OF THIS COMMUNITY. IN EASTER GLOVES, EASTER NECKWEAR, EASTER PARASOLS, SILK AND WASH WAISTS AND A NEW LINE OF BELTS OUR SHOW WINDOWS GIVE A HINT OF THE SUPERIORITY OF OUR STOCK.

New Belts for
Women—
Phoebe, Royal
and Cameo.

The belts themselves are in the popular styles of plaited moire antique, taffeta, taffeta and satin. The innovations lie in the clasp, which holds firmly, and in the back piece, with its invisible skirt supporter.

They give the much desired long waist line, without allowing the belt to sag.

The buckles show a variety of pretty designs and the favorite finishes—gun metal, oxidized, French gray and black. Prices follow:

Silk Elastic Belts one and one and a quarter inches wide, decorated buckles and back pieces to match, \$1, \$1.25 to \$2.

Belts of Double Faced Black Satin Ribbon, heavy Oxidized and French Gray Metal Clasps, \$1.25, \$1.50 and \$1.75.

Belts of Antique Moire with Oxidized and French Gray Clasps and Back Pieces, at 50 cents, 75 cents, \$1 up to \$2.50.

Laces, Lace Collars, Lace Robes.

Designs beautiful, artistic and diversified, for every conceivable need. Never have we shown such a variety of exquisitely neat effects—such dainty styles—all along the line, up to the showy, elaborate combinations. This stock is always bright and interesting, but particularly attractive this season—and there is a popular price inclination.

Laces in Irish crochet, Venice, Alencon and Chantilly, in Alencon, Edges, Gallons, Insertions and Medallions. Robes in black, white and linen shades, \$5.00, \$25.00 and \$50.00. Superb and handsome effects, all ready to slip over your foundation costume, requiring only a stitch or two before they are ready to wear.

Veilings and Neckwear.

The new ideas of the season are here in profusion. Veilings of Net, Chiffon and Moline; plain, spotted, dotted or figured, in every whim or caprice of fashion, all at moderate prices.

Neckwear, in Silk, Cotton, Lace and Chiffon, at 35c, 50c, 75c, \$1.00 and \$1.50.
Ruffs and Collarettes at 98c, \$1.50, \$2.50, \$3.50 and \$5.

Parasol Headquarters.

Everybody said last year we had the finest line of Parasols in the country, so if you are looking for Parasol Headquarters—the place where you can buy the latest conceit in this line, without paying a fancy price, come here.

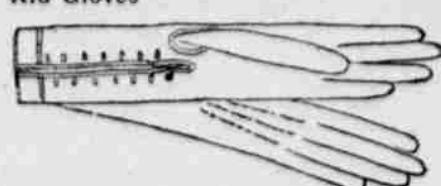

We can show you a score of beautiful styles, no two alike, for of course every lady wants one different from other peoples. Prices:
White China Silks, at \$1 up to \$5.
Black China Silks, \$1 up to \$5.

Fancy Colored Parasols

In all the newest makes and styles, such as "The Raisin," "Dolly Varden," etc. These and many other beautiful designs on exhibition.

We also have a nice line of childrens and misses' parasols, an exact counter-part of ladies', only in smaller sizes. Prices from 50 cents up.

Kid Gloves

Kid gloves for spring are now here. All the correct shades in complete line of sizes. Hardly necessary to say that the quality will prove reliable, and if a pair happens to prove defective we replace them with a new pair. Our kid glove trade demonstrates our leadership in this line.

Every pair guaranteed and every pair fitted while you wait.
Special Easter prices:
\$2 gloves reduced to.....\$1.50
\$1.25 gloves reduced to.....\$1.00
We have a nice line of the new lace mitts in black and white—the latest fad.

See window display of the newest in Wash Waists—THE GIBSON, THE MEDALLION—in white and linen effects, short and long sleeves, made of India Linen, Batiste, Silk Linen and Pique. The colored waists made of Chambrays, Percale and Mercerized effects. Prices range from \$1 to \$7.50 each.

A NEW CHURCH.

St. John's Episcopal Church to be Greatly Enlarged.

A BEAUTIFUL STRUCTURE.

The members of St. John's Episcopal church have again actively taken up the subject of completing the church building and the plans have been prepared by Architect Edward B. Cristy toward which the members are working. The cost of the improvements under the plans will be about \$10,000 and the completed building will have a seating capacity of between 500 and 600 and will be the largest church in the city. It is expected the rector, Rev. Robert Remson, will leave for the east soon after Easter and will deliver a series of lectures on New Mexico and life in the territory. These lectures will be delivered in Boston, New York, Philadelphia and Washington, and the proceeds will be applied to the building fund.

The addition will be constructed of the same stone which now is in the building and the new building will be an exact cross. The present building is 58½ feet long from north to south and at the present south end the arms of the cross will be built out 19 feet east and west from the present walls. These arms will be 30 feet wide from north to south and in the east and west ends of them are projecting entrances of artistic stone work. This will give as additional seating room, that part of the present room now occupied by the chancel and 30 feet additional. In the two arms of the cross seats will be placed which will be at right angles to those in the main body of the church. The south extension or head of the cross will be 22 feet from the south wall of the arms and the same width as the main body of the church. This will give the church a total length of 110½ feet instead of 58½ as at present. The extreme width, from end to end of the arms of the cross will be 69 feet. At the southeast corner will be the vestry room, 16½ feet square with an entrance from the east arm of the cross and from the outside. A door leads from it into the chancel.

The south end or head of the cross is given up entirely to the chancel. The steps leading up to it are a few feet north of the south line of the arms of the cross, an arrangement whereby the pulpit and reading desk are in full view of all parts of the church. The reading desk is at the east side of the chancel and the pulpit at the west. The pulpit is elevated and just back of it is a sounding board which will add to the ease of speaking in the church. Back of the pulpit and reading desk, twelve feet is given to the choir. The choir seats are on both the east and west sides of the chancel and so arranged that the choir will be divided and each half will face the other. A railing will separate the chancel from the sanctuary and the altar will be 13 feet broad. Just east of the altar is the bishop's chair.

The artistic has not been lost sight of and the church will be one of the most beautiful in the west. Above each entrance will be a round rose window of most dainty design. The same style of windows that are in the present building will be followed and the general design of Trinity church, New York, has been adopted for the chancel. At the rear will be a large stained glass window coming to a point to conform to the sloping roof. The railings and woodwork will be artistically carved while the ceiling will be of ornamental metal.

The tower at the northwest corner will be finished by adding to it and placing in each of the four sides a window of the same style as the other in the building. Each corner of the tower will end in a short tower tapering to a point.

The main entrance will be, as now, at the tower corner.

The plans as drawn call for seven stained glass windows in the east side, two and the chancel window on the south and eight on the Fourth street side. On the Silver avenue and the Fourth street sides, there will be two windows in the tower.

The roof over the main body of the church and on each of the wings tapers to a point and on each point a cross is placed. The church, as enlarged, will be of the cathedral style and will be majestic, imposing and churchly. While such an extensive enlargement may not be necessary just now, the members believe it would be necessary within a few years and they desire to now make such a church as will meet the needs for some time to come.

How to Prevent Pneumonia.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this remedy for colds and influenza, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventative of that dangerous disease. For sale by all druggists.

Leased Printing Office.

It is understood that the Allen brothers, of the Las Vegas, N. M., Optic have leased the El Paso Herald's job department and one of them, perhaps C. W. Allen, of the business end of the Meadow city newspaper, will come down to the Pass city and take personal charge of the plant.—El Paso News.

When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take, being sugar coated, and pleasant in effect. For sale by all druggists.

Surveyor's Office at Belen.

The Santa Fe Railway company has established a surveyor's office at Belen, N. M., and has a large corps of surveyors out surveying the proposed new route from Rio Puerco station on the Santa Fe Pacific, through Belen and Abajo Pass, to connect with the Pecos Valley & Northeastern railway to Roswell. This they declare is the most feasible short route from Chicago to the coast and will enable them to

beat the Rock Island through their El Paso connections by 200 miles to Los Angeles.

The Vice of Nagging.

Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. All druggists guarantee satisfaction.

UTAH AND ARIZONA.

Utah Wants a Slip Out of Arizona Near the Grand Canyon.

Utah wants to annex that part of Arizona which lies north of the Grand Canyon of the Colorado river, and there is no good reason why this should not be done. A bill has been introduced in the house of representatives by Mr. Sutherland, of Utah, providing for the annexation to his state of the area in question.

The land referred to is separated from Utah by a political line, the course of which can be ascertained only by observing certain monuments erected by surveyors or by determining the degree of latitude. But from the main part of Arizona it is separated by a deep, wide gorge, impassable except in a few localities, and so deep and precipitous that it may well be included among the wonders of the world. This enormous depression in the surface of the earth makes a natural state boundary. No better could be found, for it is more difficult to cross than a mountain range, more wonderful than any ordinary body of water.

Pride on the part of the people of Arizona may prompt them to hold fast to this tract of desert land lying north of the canyon and closely related to all physical respects to Utah. But it is a pride without excuse, for there are no historic associations to endear that country to the inhabitants of Arizona. It is in no special way connected with their efforts to develop their territory and fit it for statehood. It is so barren and, naturally, so unproductive, that it could be surrendered without loss to the Arizona government and administration.

Congress has full power to make the change as long as Arizona remains a territory. But let it once enter the union and the power of congress over the area under consideration will cease as far as determining its political relations may be concerned. The change must be made soon or all thought of establishing a natural boundary will have to be abandoned; for let Arizona once become a state and it will never consent to the proposed surrender.

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing in the root of the hair where it destroys the vitality of the hair, causing the hair to fall out, dig up the cuticle in little holes called dandruff, or scurf. You can't stop the falling hair without curing the dandruff and you can't cure the dandruff without killing the dandruff germ. Destroy the cause, you remove the effect. Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing.

The Trout Streams of the Gila River Country.

"Up near our ranch," said C. A. Ament, the well known cattleman of Deming, whose ranges are on the lower Gila, about 100 miles northwest of Deming, to the El Paso Herald, "we have some of the finest trout fishing and hunting in the west. It is beginning to be quite a summer resort for a few people in that neighborhood. We have near there boiling hot springs, and they have medicinal qualities, too."

"We are near the alleged headquarters of a band of thieves on the Gila reservation, which have been written about a great deal lately, but we do not suffer from them. Something like a year ago we suffered from occasional depredations, when they would confiscate all the artillery and a fair per cent of the supplies on the ranch, but that is all over now."

"Thus far we have been having dry weather and, though the cattle have wintered well, we are much in need of rain right now."

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief. You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. J. H. O'Reilly & Co., B. H. Briggs & Co."

Buying Goats.

The El Paso Herald says C. S. O'nderdonk, general manager of the O'nderdonk Live Stock company, of Lamy, New Mexico, has gone to Guadalajara, Mexico, where he will buy some very fine goats for his New Mexico ranch.

FLAGSTAFF.

From the Gem.

Mayor T. E. Pollock has issued a legal proclamation for an election to be held on the 7th day of April for the election of a full set of municipal officers for the town of Flagstaff.

William Sparks died at the county hospital Friday morning of erysipelas. His sickness only lasted a few days. He was about 59 years old, and had resided in this section for the past twenty odd years.

The mining fever is raging in Flagstaff at present, and the old miners and prospectors are looking wise and saying nothing. M. A. Black has discovered some mineral in the Sycamore Canyon, twenty miles southwest of Flagstaff. If there is anything of value in the discovery it will be a bonanza, from the fact there is plenty of wood and water near the location.

Flagstaff has the best equipped saw mills in the west, box factory, planing mills, electric lights, water works and sewage, telephone system, two telegraph offices, Lowell Observatory, Normal, public and Catholic schools, Presbyterian, Catholic, Methodist and Seventh day Adventist churches, two newspapers, five physicians, two dentists, seven lawyers, two general merchandise stores, one dry goods store, one grocery store, two drug stores, two confectioneries, one millinery store, two meat markets, one bakery, one furniture store, one tailor, three barber shops, one livery stable, five restaurants, five hotels, several lodging houses, one saddle and harness shop, several plumbers, tin shop, one bicycle and repair shop, three fire companies, undertakers' establishment, several carpenters.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Ayer's Blood Purifier, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1.

Election Proclamation.

I, the undersigned, mayor of the City of Albuquerque, hereby give notice that the annual election of the officers for the City of Albuquerque in the County of Bernalillo, Territory of New Mexico, will be held on Tuesday, the 1st day of April, A. D. 1902, between the hours of 9 a. m. and 6 p. m. of said day.

The officers to be elected at said election are as follows:

One Mayor to serve for the full term of one year;

One City Clerk to serve for the full term of one year;

One City Treasurer to serve for the full term of one year;

One member of the City Council, from the First ward, to serve for the full term of two years;

One member of the City Council, from the Second ward, to serve for the full term of two years;

One member of the City Council, from the Third ward, to serve for the full term of two years;

One member of the City Council, from the Fourth ward, to serve for the full term of two years;

The Mayor, Clerk and Treasurer to be elected by a plurality of the qualified electors of the City of Albuquerque, N. M. And each of said members of the City Council to be elected by a plurality of the qualified electors of the respective wards of said City.

And, also, is hereby given notice, that in addition to the election of the city officers as aforesaid there will be elected four members of the Board of Education of said City of Albuquerque, for the terms of two years each, to-wit:

First ward, one member;

Second ward, one member;

Third ward, one member;

Fourth ward, one member.

Each of whom shall be elected by a plurality of the qualified electors of their respective wards in said City.

And notice is further given that the following places have been designated by the City Council of said City, where said election shall be held in the respective wards, to-wit:

In the First ward, at the City Building.

In the Second ward, at the vacant store room belonging to M. P. Stamm, at the N. E. corner of Silver avenue and Second street.

In the Third ward, at the office of E. H. Dunbar, S. E. corner of Gold avenue and Third street.

In the Fourth ward, at Grant hall.

And, whereas, I, said Mayor of the City of Albuquerque, have been requested by the Board of Education of the City of Albuquerque, to call an election for the purpose of taking the sense of the qualified electors of the School District of Albuquerque upon the question of issuing bonds in the sum of \$35,000, for the purpose of raising funds to pay for enlarging the First ward, Second ward, Third ward and Fourth ward school houses in said district and to provide proper heating apparatus and sanitary closets therefor, said bonds to bear interest at a rate not to exceed six per cent per annum, payable semi-annually, and to be payable not less than twenty years nor more than thirty years from their date;

Now, therefore, I, said Mayor, do hereby call an election of the qualified electors of the School District of Albuquerque, N. M., to be held on Tuesday, the first day of the first Tuesday of April, 1902, between the hours of 9 a. m. and 6 p. m. of said day, at the following places, which are hereby designated as the polling places for said election, to-wit:

In the First ward, at the City Building.

In the Second ward, at the vacant store room belonging to M. P. Stamm, at the N. E. corner of Silver avenue and Second street.

In the Third ward, at the office of E. H. Dunbar, S. E. corner of Gold avenue and Third street.

In the Fourth ward, at Grant hall.

For the purpose of voting upon the question as to whether or not bonds in the sum of \$35,000 to bear interest at a rate not to exceed 6 per cent per annum, payable semi-annually and to be payable not less than twenty years nor more than thirty years from their date, for the purpose of raising funds to pay for enlarging the First ward, Second ward, Third ward and Fourth ward school houses in said district, and to provide proper heating apparatus and sanitary closets therefor, shall be issued by the Board of Education of the City of Albuquerque.

Ballots in favor of the issuance of said bonds shall read: "In favor of issuing \$35,000 of bonds for school

Retrospect.

It is an evil day for the wife and mother when she scans her worn face in the mirror, and asks the question, "Does it pay?" Does it pay to sacrifice health and happiness to wedded love? But there is another question which rightly takes precedence of Does it pay? It is this: "Is it necessary to sacrifice health and happiness to wedded love?"

Half a million women answer, No! They have been weak and have been made strong by Dr. Pierce's Favorite Prescription. They were sick and "Favorite Prescription" made them well. It will do the same for almost every woman who gives it a fair and faithful trial. It stops weakness, drains, heals inflammation and ulceration and cures female weakness. It tranquilizes the nerves and encourages the appetite.

"I expected to become a mother, and a threatened miscarriage greatly weakened me," writes Mrs. E. A. Nations of Wits Springs, Searcy Co., Ark., "and my old disease returned. My husband got another doctor for me but I seemed to just drag along and get no better. At last I told the doctor that if his medicine did not help me I would go back to Dr. Pierce's medicine. I did so, and by the time I had taken them one month I could do my own housework, except washing, and tended my garden too. I was stouter than I had ever been while waiting baby's coming, since my first baby came (this one was the sixth child). She is now eleven months old and is a healthy child. As for me, I feel as young now as I did at eighteen years of age; am thirty now. I can cheerfully recommend Dr. Pierce's medicine to all suffering woman-kind."

Doctor Pierce's Pleasant Pellets cure biliousness and sick headache.

house improvements," and ballots against the issuance of said bonds shall read: "Against the issuance of \$35,000 of bonds for school house improvements."

In witness whereof I have hereunto set my hand and caused this proclamation to be attested by the signature of the City Clerk of the said City of Albuquerque, with corporate seal this 21st day of March, 1902.

(Seal) O. N. MARRON, Mayor.

Business Opening, \$5,000.

Here is a chance for some one to purchase a well established and very profitable business in a first class mining town in Arizona at a bargain. It is about a \$5,000 proposition, including fine up to date stock, three lots, large storeroom with cellar, stable, five-room dwelling house, finely furnished, etc.; monthly sales, \$2,750, mostly cash; terms easy; death of wife and child of proprietor reason for selling. At a glance it will be seen that this is a rare chance to make an exceptionally good investment, or full particulars (terms and address) or see H. S. Knight at once, Albuquerque, New Mexico.

Notice to Housekeepers.

We employ both processes of cleaning carpets. The steam power method of thoroughly removing all dirt and the scouring on the floor method which rejuvenates old carpets. If you contemplate having your carpets cleaned or scoured and do not know which method is the best for your particular carpets, secure my conscientious and expert advice which I will freely and frankly give. Railroad Topics

J. Considine took his old position as station agent at Mesilla Park. Mr. Lammie, who was the agent, goes to Las Vegas.

W. D. Finney, a San Marcial telegraph operator, has been transferred to Albuquerque, and his successor at San Marcial is Fred W. Sexton.

Checks for \$95,000 were issued yesterday from Auditor Harter's office, representing the El Paso & Northeastern pay roll for the month of February.

B. P. Cheney, one of the largest stockholders in the Santa Fe is at San Bernardino, Cal. He is accompanied by his wife, who was Julia Arthur, the actress.

A. Hansen, formerly manager of the San Marcial and Rincon Harvey houses, and until recently in the same capacity at Lamby, has been promoted to a superintendency.

D. P. Johnson, recently of the Denver & Rio Grande, has accepted a position with the El Paso-Rock Island, as porter. He is a pleasant, accommodating gentleman and understands his duties thoroughly.

Charles Rullman, a civil engineer of the El Paso-Rock Island, is in El Paso from Alamogordo, accompanied by his family, visiting the family of W. C. Sorsby, a stenographer in the city office of the Southern Pacific.

J. C. Stubbs, third vice president and traffic director of the Harriman roads, including the Southern Pacific, arrived in Alamogordo in his private car over the Rock Island, accompanied by his general secretary, S. S. Booth.

Charles H. Walker, who was night man at the San Marcial Harvey house for nearly two years, has enlisted in troop M, Fourteenth cavalry, and is now stationed at Fort Grant, Ariz. His enlistment term is three years.

The rumor that the Rock Island management will double its capital stock and increase the amount to \$120,000,000 is generally believed. The annual meeting will be held June 4 and a definite announcement is expected then.

Engineer Emory Comstock has purchased of the Armstrong Bros. a strip of land adjoining his residence in San Marcial that formerly was a part of the A. B. Ely estate. Mr. Comstock has confidence in the future of that town.

Harley E. Foults, Superintendent McNally's stenographer, has gone to Winfield, Kan., to visit relatives and friends. Harley is a very competent employee and will undoubtedly be in line for promotion one of these sunny mornings.—San Marcial Bee.

The El Paso-Rock Island road will endeavor to secure more visitors to Cloudercroft this summer than ever. Thousands of dollars are being spent in distributing descriptive matter in the east and more than likely the influx to Cloudercroft will be far ahead of anything in the past.

Royal A. Prentice, of Las Vegas, N. M., will probably not accept that proffered appointment by President Roosevelt in the customs service, he having just been promoted from stenographer to Manager Greig, of the El Paso-Rock Island to be chief clerk of the transportation department.

Work is being pushed on the cutoff the Southern Pacific is building between Rogers and Strauss, in southern New Mexico. The Nelson construction company has 1,000 men at work. A thousand teams have been secured and commenced work this month. Last month the company paid out over \$60,000 in wages.

Frank Martin writes the Armstrong Bros., of San Marcial, from Monclora, Mex., that on March 15 Frank Williamson, an old time engineer on the Rio Grande division, died at C. P. Diaz and was buried at Monclora the next day. He died in his chair in his place of business, a saloon, his interest in which he had disposed of the day before.

The Alamogordo News says: J. E. Saint, of Albuquerque, N. M., secretary of the Santa Fe Central Railway company, was in El Paso purchasing supplies for the commissary department at Torrance, N. M., at the intersection with Rock Island. A commissary has been located at Galisteo, where their line intersects the Santa Fe. Mr. Saint says the graders will be throwing dirt on the Santa Fe Central within ten days.

A Printer Greatly Surprised.
"I never was so surprised in my life, as I was by the results of using Chamberlain's Pain Balm," says Henry T. Cook, pressman of the Asheville, N. C., Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by all druggists.

Harriman's Latest Purchase.
A special dispatch from Chicago, under date of March 21, says: "In well informed railway circles today it was asserted that the Harriman interests had secured control of the Rock Island by a purchase of the Moore, Leeds and Reed holdings. The rumor came from sources which leave no doubt that great changes will take place in the western railway world within ninety days."

Color is lent to the rumor by the fact that announcement is about to be made that the Rock Island and the Southern Pacific have entered into a long term agreement whereby the former will be able to operate solid trains between Chicago and Los Angeles by the way of El Paso. This announcement precludes the possibility

of the Rock Island extending its lines from El Paso to the Pacific coast.

The plan would enable the Harriman and the Santa Fe interests to continue in absolute control of the western and southwestern situation from the Missouri river to the coast.

The Mofores have been credited with holding \$25,000,000 worth of Rock Island stock, which is said to have cost them an average of \$135. According to the rumor of the sale they are credited with having realized between \$8,000,000 and \$13,000,000 on their purchase.

NEW SANTA FE LINES.

Seven Extensions Proposed to Be Built in Oklahoma.

Following a special meeting at Guthrie, Okla., of the stockholders of the Eastern Oklahoma lines of the Atchison, Topeka & Santa Fe railway system, an amended charter was filed by the company with the secretary of the treasury and was approved by him. Under the amended charter the company provides for the construction of seven more lines, designated as Nos. 1, 3, 4, 7, 10, 12 and 15. The capital stock is \$2,200,000.

Line No. 1 will run from Guthrie east to Cushing, in Payne county, a distance of fifty miles.

Line No. 3 from Ripley in Payne county, northeast via Stillwater, Pawnee and Ralston to the Arkansas river, a distance of 53 miles.

Line No. 4 from line No. 3 in Pawnee county north through the Osage nation to Egin, Kan., 38 miles.

Line No. 7 from line No. 4 in Pawnee county, northwest through the Osage and Kansas Indian reservations to the Kansas state line, 28 miles.

Line No. 10 from line No. 3 in Pawnee county, south through Pawnee, Payne, Lincoln and Pottawatomie counties to line No. 12 in the Chickasaw nation, 115 miles.

Line No. 12 from line No. 10 in Chickasaw nation, southwest to Paul's Valley on the main line of the Gulf, Colorado & Santa Fe, 15 miles.

Line No. 15 from line No. 4 in the Osage nation northwest to Newkirk, in Kay county, 24 miles.

Guthrie is named as the principal place of business and the incorporators are Charles Steele, of New York; Edward P. Ripley and Edward D. Kenna, of Chicago, and F. H. Greer, H. E. Asp, U. C. Guss and W. H. Merten, of Guthrie.

Would Smash the Club.

If members of the "Hay Fever Association" would use Dr. King's New Discovery for consumption, the club would go to pieces, for it always cures this malady and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1.00. Trial bottles free at all druggists.

CITY REPUBLICANS.

In Convention Last Saturday Night.

A Winning Ticket From Top to Bottom Nominated.

Chas. F. Myers for Mayor and Harry F. Lee for City Clerk.

CHAMBERLIN FOR TREASURER.

The city republicans met in convention at the Grant hall on West Railroad avenue last Saturday night and nominated a ticket composed of candidates who will sweep the field tomorrow a week—Tuesday, April 1.

As chairman of the city central committee, Thos. Hughes called the convention to order and stated the purpose of the convention was to nominate a ticket for the city offices—a ticket that will be elected by large majorities.

On motion, H. E. Fox was chosen temporary chairman, and J. H. Stingle temporary secretary.

The first business was the appointment of committees, and, on motion, the chair made the following appointments:

Credentials—C. K. Newhall, E. B. Cristy, T. Apodaca, Noa Ifield, E. Ellisworth.

Permanent Organization—Don J. Rankin, J. H. Holman, H. H. Ribble, F. A. Hubbell.

Resolutions—E. J. Alger, Thos. Hughes, J. H. Kuhns, G. W. Harrison, F. A. Hubbell.

On motion of A. J. Crawford, which motion was promptly seconded, a recess of fifteen minutes was taken in order to allow the committees to meet and arrange their reports.

On the reassembling of the convention, the report of the committee on credentials was read and adopted, showing fifteen delegates from each ward entitled to seats in the convention.

The committee on permanent organization reported, naming Dr. G. W. Harrison for permanent chairman and Roy McDonald for permanent secretary.

The chair appointed Messrs. Alfred Grunsfeld, Henry Brockmeier and Henry Brantlett a committee of three to escort the permanent chairman to the platform, and on retiring Mr. Fox wished the success of the whole republican ticket, hoping to put the city back into the republican fold where it belongs and where it was up to three years ago.

The permanent organization committee also recommended the ward central city committee as follows: Don J. Rankin, F. H. Strong, First ward; J. H. Stingle, H. E. Fox, Second ward; D. A. Macpherson, B. F. Fillmore, Third ward; A. J. Crawford, J. W. Palmer, Fourth ward; Samuel Watson, at large, with Henry Brockmeier as chairman of the committee.

The report of the committee on permanent organization was accepted, and on taking the chair Dr. Harrison thanked the convention for conferring the honor of permanent chairman upon him, and proceeded to business.

The committee on resolutions then reported, the secretary reading the resolutions. They denounce in strong language the unnecessary extravagance of the present mayor and his administration in the expenditure of city funds; arraigns the present mayor for the interest he took in having passed a municipal law that deprived the city of exemption of \$200 on city property from taxation; denounces the methods used in exacting fines and licenses from certain classes; calls attention to increased salaries for officers; and shows up, in strong and forcible language, other shortcomings of the present mayor and his administration.

The resolutions were adopted unanimously.

Nominations being in order, Sheriff Thos. S. Hubbell, of the Fourth ward, in a few timely remarks, placed before the convention the name of Charles F. Myers for mayor.

The nomination, which was seconded by several delegates, was received with great applause, and on motion the chair put the question and the nomination of Mr. Myers was made by acclamation.

Messrs. Thos. Hughes, Thos. Hubbell and J. J. Sheridan were appointed a committee to find Mr. Myers and bring him to the convention. They soon returned and stated to the convention that Mr. Myers was seen at the meeting of the Elks, he being the exalted ruler, and that he sent word to the convention that he would accept the nomination. This announcement was received with cheers.

The name of Harry F. Lee was presented by Don J. Rankin for the office of city clerk. This nomination was seconded in a rousing speech from F. A. Hubbell, and on motion that Mr. Lee's nomination be made by acclamation the convention so declared.

Mr. Lee was called for and accepted the nomination in a few well chosen words.

Dr. L. H. Chamberlin was again nominated for the office of city treasurer by acclamation.

The convention then ratified the following ward nominees:

First Ward—Seigfried Grunsfeld for alderman; Dr. E. J. Alger for school trustee.

Second Ward—J. H. Holman for alderman; F. G. Pratt for school trustee.

Third Ward—Jay A. Hubbs for alderman; F. H. Newman for school trustee.

Fourth Ward—Dr. G. W. Harrison for alderman; R. W. Hopkins for school trustee.

A motion prevailed that the convention adjourn, after which the city central committee met and mapped out the campaign.

Deming has a magnificent school system.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man, to the extent of the underfeeding, is crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Leopold James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

High Grade Bulls for Sale.

The undersigned has for sale on his farms near La Junta, Colorado, about forty 3 year old, 150 2 year old and 150 yearling high grade Hereford bulls; all of them better than 15-16. Also about ninety yearlings out of full blooded non-registered cows, sired by imported registered bulls. Parties wishing stock of this kind will get prices by corresponding either with J. S. Crosby, La Junta, Colo., or myself, 830 Equitable building, Denver. These bulls have been well wintered and are in fine condition for turning on the ranges, not having been overfed, but are in good flesh, strong and active. They will do much better service than any bulls of the same ages brought from the eastern farms.
