NUMBER 99

IS NOT KNOWN.

Number of Killed in Hoboken Fire.

One Garfield Wont, Another May.

Tommy Burns, Once a Popular Ball Player, Dead.

CECIL RHODES PLEASED.

New York, March 19.—No estimate could be made today of the loss of life in the fire which started last night on the Phoenix Line pier in Hoboken, and it is thought the number of dead will never be known. Patrick Hussey, a longshoreman who was burned while trying to escape from the pier, died today from the effects of his injuries. Chief Engineer Scott of the steamer British Queen is believed to have lost his life on that vessel. Third Engineer Verrick of the same vessel says that Scott, who was suffering from rheumatism, went to the cabin to lie down before the fire started. Verrick was in the engine room when the alarm of fire was given. He tried to reach Scott, but was headed off by the flames and had to leave the chief engineer to his fate. Dr. Helfer, health officer of Hoboken, says all the men of the British Queen, with the exception of Scott, have been accounted for.

Besides Hussey, four longshoremen were taken to St. Mary's hospital and are now under treatment. All are more or less burned. Some longshoremen who saved themselves by swimming, say they saw twenty or thirty men leap into the river.

Although some of those who jumped into the water were picked up by tugs it is feared a number sank before they could be reached by the rescuers. Many longshoremen are single and have no relatives to report them if they are missing or perished in the fire. The police say no one except Engineer Scott is reported to them as missing. The British Queen has been beached and a search will be made as soon as possible for the body of the missing engineer.

Superintendent Mason, of the Phoenix Line, and it will be impossible to definitely state the loss by the fire in less than two weeks. He thought \$1,250,000 would not cover the loss. The British Queen was worth \$800,000 and there was a great quantity of valuable merchandise on the vessel, on the piers and on the lighters that were destroyed. There was a rumor today that the fire was incendiary, but Mr. Mason said he was positive it was not true. He thought the blaze started in a quantity of Belgian wicker baskets on the Phoenix pier, and this is confirmed by Charles Christianson, who was at work on the lighter Castleson, which was lying forward off the dock. Christianson said the flames seemed to burst forth from a pile of wicker baskets that had been unloaded from the British Queen on Monday. The British Queen was soon ablaze and the men on board had to leap into the water. The ruins of the pier were still smoldering today.

Engineer Scott, who was supposed to have perished in the fire, walked into the Hoboken hotel today. He was badly burned about the face and said he had a dreadful experience. It was learned today that Fireman Thomas Cooney of the fireboat David A. Boody, fell off his boat last night and was drowned.

WANTS A GARFIELD.

One Son Declines to Serve as Civil Service Commissioner.

Washington, March 19.—Harry A. Garfield, of Cleveland, son of President Garfield, has been offered the position of civil service commissioner to succeed William A. Rodenburg, who resigned. Mr. Garfield declined the appointment.

James R. Garfield, also a son of the late president, will be given the appointment if he will accept it. The president at one time favorably considered the name of Harry Garfield, but was informed that the latter would not accept.

TOMMY BURNS DEAD.

Old Time Ball Player Found Dead in Bed.

New York, March 19.—Thomas E. Burns, manager of the Jersey City Baseball club and an old time player, was found dead today at the home of P. T. Powers, president of the Eastern league. Death was due to heart disease. Burns was a member of the Chicago National League club during the period in which that organization won the championship for several years in succession. Afterwards he was manager and player for the Pittsburgh National League club for two years.

RHODES IS PLEASED.

Messages of Sympathy From King Edward and Queen Alexandra. Cape Town, March 19.—Cecil Rhodes was slightly weaker today. He passed a quiet night, and was much pleased at the receipt of messages of sympathy

from King Edward and Queen Alexandra.

SUES MEXICAN CENTRAL.

Sol. Luna Files Suit for Injuries Sustained in a Wreck.

Hon. Solomon Luna, of Valencia county has brought suit against the Mexican Central railroad through his attorneys, Clark, Fall, Franklin and Hawkins. He wants \$6,000 for injuries sustained in a smash-up at Ojo Caliente, or Mottezuma, on the 22d of last July.

The El Paso Herald says that he was a passenger on a south bound train which stopped at that station, he says, and his coach, the last of the lot, was detached in switching. In some manner the rest of the train ran into it, and started the coach down the track, which was, at that point, very much down grade.

Then something of a hurry scene was enacted. Trainmen, he alleges, wildly ran after the coach, and finally the engine started the train after the fast flying runaway which was making, at that time, about thirty-five miles an hour. When the train did overtake the coach, it didn't stop for breakfast, but smashed up about everything in sight on the car ends.

Then it was, the plaintiff alleges, that he was thrown on his nose and his ear and his face, and had several bones broken, the market and punitive value of which he figures up at about \$6,000.

SURPRISED.

Judge Baker Insists on Attorneys Being on Time.

DISTRICT COURT NEWS.

Judge Baker surprised dilatory attorneys this morning by the promptness with which he opened district court. When the hour fixed upon arrives, court is opened regardless of whether interested attorneys are present or not. The morning was occupied by the trial of the case of the Queen City Printing & Ink company against J. G. Albright and others. The plaintiff seeks to recover \$500 for ink sold when Mr. Albright was publisher of the Democrat. The plaintiff seeks to show that the property at Third street and Copper avenue was, in contemplation of the law, the property of J. G. Albright, although the title is vested in others. It is also claimed by the plaintiff that the property was transferred to avoid claims of creditors. The case was not finished, but will be again taken up at 2 o'clock tomorrow afternoon.

Anna Miller was granted an absolute divorce from Sylvester Miller. The United States grand jury returned an indictment against Miss Jennie Turner for violation of the postal laws. She is charged with having sent obscene letters through the mails. In the suit against the Southwestern Brewery & Ice company, Judge Baker did not dissolve the temporary injunction previously issued. The time for taking testimony was extended for thirty days and this was made a part of the records. The defendants then informed Judge Baker that the machinery and supplies for the new plant were here and on the side track and permission was granted to remove it from the cars but it was not made a matter of record.

The case of the Territory against Henry Yanon, charged with assault and battery, was appealed. Inez Rodriguez also brought suit against John Cornetto to recover property which had been replevined.

SLOW REGISTRATION.

Books Close Friday—Few Names on the Lists.

The registration books for the approaching city election have been opened since last Saturday at the various assigned places, and an inspection of them show a lukewarmness on the part of the politicians, for not one-third of the names of the voters of the city have been registered up to 3 o'clock this afternoon.

The book for the First ward is at the cigar store of Joe Richards, on Railroad avenue, the board of registration being P. McFarland, L. A. Tesser and J. H. Schroeder.

For the Second ward the book is at the Boswell barber shop in the Lindell hotel on South Second street, with Richard J. Sweeney, J. B. Boswell and C. E. Burg as registers.

E. H. Dunbar, J. D. Tolina and L. J. Delaney constitute the board of registration for the Third ward, the book being at the drug store of J. H. O'Reilly & Co.

The Fourth ward book is kept at the drug store of W. Y. Walton and is in charge of H. E. C. Pickard, W. Y. Walton and J. H. McCutchen.

LIBRARY COMMISSION.

Interesting Meeting of the Board at Library Building Last Night.

The plan of charging 5 cents each for the use of volumes of recent fiction at the Reynolds library is a great success, according to the report of the librarian. The system has met with such favor that another order for new books has been sent in. There are now on file in the reading room twenty-eight magazines and ten daily papers.

An effort will be made to fix up the grounds around the building as an attractive little park and a committee of the commission was appointed to confer with the city park commission regarding it.

IT IS FUNSTON.

Ordered to Command This Department.

An Attack by a Coward in Trinidad, Colo.

Conflicting Stories of What Happened in an Illinois Town.

VICTORY FOR LABOR.

Washington, March 19.—By direction of the president, Major General MacArthur was today assigned to the command of the department of the lakes, with headquarters at Chicago, Ill.; Brigadier General Frederick Funston to the command of the department of the Colorado, with headquarters at Denver; and Brigadier General William A. Kobbé to the command of the department of Dakota, with headquarters at St. Paul, Minn. These changes will take effect on the 25th inst.

COWARDLY ATTACK.

Wife of Trinidad's Postmaster Seriously Injured By a Thug. Trinidad, Colo., March 19.—Mrs. J. R. Miller, wife of the postmaster here, was attacked and very seriously injured by a thug last night. Mrs. Miller was on her way to the depot to meet a friend when the fiend struck her on the head with a blunt instrument and then ran.

SAFE BLOWERS' WORK.

Stole \$2,500 and Nearly Burned Down a Town.

Marissa, Ill., March 19.—Safe blowers are responsible for a \$150,000 fire this morning early. They blew open the safe in the Commercial Hotel shortly before midnight, obtaining \$2,500. They escaped, leaving the hotel in flames. The fire spread rapidly, till a dozen business buildings and several residences, with their contents, were destroyed. There were several narrow escapes.

Take Your Choice.

St. Louis, March 19.—A special to the Post Dispatch from Marissa, Ill., says two blocks of buildings were destroyed in last night's fire. The loss is \$80,000, with small insurance. The statement that the safe in the Commercial Hotel was blown open and robbed is denied. It is not known how the fire started.

GREAT VICTORY.

Labor Organizations May Boycott Corporations in Missouri. Jefferson City, Mo., March 19.—In the supreme court sitting en banc today an opinion was handed down declaring that courts of equity have no power to enjoin labor organizations from enforcing boycotts on corporations.

THEY GOT LEFT.

Spanish Bull Fighters Were in the City Yesterday.

Albuquerque yesterday failed to entertain Fuentes and Mazantini, the Spanish bull fighters who have been in Mexico. With their baggage and attendants they came in from El Paso in the morning and found the train from the west late. They strolled around down town streets and when they returned to the station, their car had gone on. They were not in the best of humor and sat around the depot, smoked cigarettes and gave an all-day concert of swearing by note in Spanish. They left in the evening and expect to sail from New York on Saturday. Both are great athletes and are among the best bull fighters in Spain. Fuentes said they had a good time during their five months' stay in Mexico, but Mazantini manifestly considered it a sad but glorious day for Spain as all he would say was that Mexico is on the bun and the United States is a hoodoo.

LUCILE WADE IN EL PASO.

Girl Who Was Kidnaped Eleven Years Ago Returns to That City.

Lucile Wade, the central figure in a romantic kidnapping case, has returned to El Paso, after an absence of eleven years. She is now 18, and when 7 years of age was kidnaped by her father from whom Lucile's mother, Mrs. Blanche Wade, of El Paso, had a short time before secured a divorce.

The dramatic recital of the child's wandering in Chihuahua, Mexico, in several of the commonwealths of the United States; the secrecy with which her whereabouts were concealed by her father and eventually the mother's finding her child recently in a fashionable boarding school at Bowling Green, Ky., have been told in these columns.

Lucile arrived in El Paso Saturday night from Kentucky. She will not return to school this season. Last evening she went to Ysleta to visit her grandparents, Mr. and Mrs. W. H. Witt, whom she has not seen since her disappearance from El Paso

eleven years ago. Miss Wade will return to El Paso next Saturday.

If Charley Ross had returned to his parents they could not have rejoiced more than did Mrs. Wade when Lucile returned Saturday night.—El Paso News.

MORE TROOPS.

Reinforcements Necessary to Suppress the Rebellion in China. Hong Kong, March 19.—Rebels in the southern provinces continue to crushingly defeat the imperial troops. General Ma and Marshal Su report that it is impossible to suppress the rebellion with the troops at their disposal, and the viceroy of Canton has requested Yuan Shi Kai, viceroy of Chi Li, to send reinforcements.

NOT THERE.

The St. Louis Delegate Was Not in Court.

St. Louis, March 19.—The case against J. K. Murrel, a member of the house of delegates, who is accused of bribery in connection with the passage of the suburban franchise bill, was called in Judge Douglass' court today, and the defendant did not respond.

Her Conjugal Rights. London, March 19.—The divorce court today granted the Countess De La Warr a decree providing for the restitution of her conjugal rights. The case was not defended.

STRUCK OIL.

The Manuelito Company Operating Near Gallup.

THE NEWS CONFIRMED.

W. H. Wolff, president of the Mariano Oil company, confirms the news of a strike of oil near Gallup in the following letter to The Citizen, which was received this morning:

"Gallup, N. M., March 18.—The Manuelito Oil company have struck a small flow of oil in the well visited by a citizen representative while at Gallup a few days ago. They are down to a depth of 140 feet and the oil comes in with a small flow of salt water."

"J. R. Turnbull, of Albuquerque, is on the ground and says the oil is of a good quality, and that they expect to find a large flow of oil within the next 200 or 300 feet."

"I would have wired this to you yesterday had I got the news earlier in the afternoon, but this letter will give you some idea of what they have and you can tell the people the news through The Citizen today."

The Manuelito Oil company is composed almost entirely of railroad officials and employees, and a short time ago, leased from President Wolff the drilling outfit of the Mariano Oil company, placing the machine on ground about five miles from Gallup, where they are now at work. This location is not that is generally known as the "McKinley county oil lands," which are located from ten to twenty miles from Gallup, but nevertheless the indications are just as pronounced and some say more so where the company is now drilling.

The Citizen hopes that oil will be struck in flowing quantities by some of the various companies of McKinley county.

DELIGHTFUL EVENING.

Miss Heimbeck's Pupils Entertained by Miss Bessie Thomas.

Miss Bessie Thomas entertained Miss Heimbeck's vocal pupils at her home on East Railroad avenue last evening.

The time was pleasantly spent in games and music besides the regular musical program arranged. Dainty refreshments were served after the recital. Owing to bad colds a number could not take part, but most of the pupils acquitted themselves most creditably. Miss Heimbeck has been bringing out several very good voices lately, among whom are the Misses Gertig, Jenks and Thomas, as high sopranos.

Miss Braithwaite played the accompaniments and several solos to the pleasure of all.

The following is the program: "Good Bye, Sweet Day".....Miss Jenks "Once in a Purple Twilight".....Miss Edie

"The Rosary".....Mr. Van Wagoner "The Swallows".....Miss Gertig

"Out on the Deep".....Mr. Bittner "Lullaby".....Mrs. Clark

"Under the Rose".....Mr. Napier "Wild Roses".....Miss Thomas

"Sleep Little Baby of Mine".....Miss Thomas "He Was a Prince".....Miss Heimbeck

"Margaret".....Miss Heimbeck The next recital will be held in the studio in the Commercial club building.

Little Boy Injured.

Late yesterday afternoon, Gordon Robbins, a little chap about 15 months old, while riding on the timbers used in moving one of the Beaven cottages from South First street to West Baca avenue, was badly injured. One of the rollers caught one of the legs of the little fellow, crushing it in a frightful manner below and above the knee. The unfortunate boy was taken to his home and a physician summoned, who bandaged the injured limb. It is feared that the limb will have to be amputated. An older brother was with Gordon, and narrowly escaped injury himself.

RECIPROCITY.

The House Bill Will Be Framed.

Chicago Postmaster Relieved From Loss.

Pennsylvania Miners May Fight to Weigh Their Coal.

EDWARD GREEN DEAD.

Washington, March 19.—Chairman Payne of the house ways and means committee, stated today he would frame the Cuban reciprocity bill as decided upon at the conclusion of the conference last night, during the day. The bill will have two sections. The first will give the president the authority to negotiate a reciprocity agreement with Cuba, granting 20 per cent on all goods. The second section will cover the so-called Sibley amendment limiting the duration of the reciprocity period to December 1, 1903.

Mr. Payne has not yet determined when the bill will be brought before the ways and means committee in order to be reported to the house. The leaders of the element opposing the reciprocity plan will hold a meeting during the day and consider their future plans.

This morning the general debate upon the river and harbor bill was resumed and Mr. Ransdell, of Louisiana, a member of the committee, defended the appropriations for the lower Mississippi.

COYNE RELIEVED.

Will Not Have to Pay for Stamps Stolen.

Washington, March 19.—Soon after the senate convened today, the house bill for the relief of F. E. Coyne, postmaster of Chicago, was favorably reported from the committee on post-offices and post roads and was passed. The purpose of the measure is to relieve Postmaster Coyne from the loss of \$74,610, the value of stamps stolen by burglars on October 19, 1901.

The senate resumed consideration of the bill for the protection of the president. Mr. Spooner addressed the senate in support of the measure.

MAY FIGHT FOR IT.

Pennsylvania Miners May Insist on Having Coal Weighed.

Shamokin, Pa., March 19.—The miners' convention today began the consideration of an important matter which will decide whether the notices posted by operators at various collieries announcing the continuance of existing conditions, shall be accepted or rejected. The sentiment of the delegates was for the first time officially expressed during the morning session of the convention. President Nichols, of district No. 1, in speaking on the question of the scale schedule, said: "The men of our district want their coal weighed, and they want it weighed so badly that they are ready to fight for it, if necessary."

The morning session began at 9 o'clock, with President Mitchell in the chair. After routine business it went into executive session.

EDWARD GREEN DEAD.

Was the Husband of Hetty, Famous for Her Wealth.

Bellevue, N. Y., March 19.—Edward Green, the husband of Hetty Green, known as the richest woman in America, died at his home here today. He had been ill for a long time of a complication of diseases.

CHECK FORGER COMING.

People Warned in Advance to Watch Out for Forged Checks.

A check forger who a year or two ago worked successfully from Los Angeles to the Atlantic coast, is again headed in this direction. The checks he used on his eastward trip were made payable to C. D. Dent and the name of J. W. Frey was signed to them. The checks were drawn on a Los Angeles bank and each one seemed to be properly certified by the cashier. The certification and the name of Mr. Frey, who is a mantel manufacturer of Los Angeles, were both forged. Checks were cashed in Phoenix, in this city, Las Vegas, through Kansas, Kansas City, Chicago and on east as far as Virginia to the south, and Boston to the northeast. Up to date sixty-three of the forged checks have turned up in Los Angeles. Now the same fellow is coming west, cashing checks on a Boston bank, which are seemingly certified but which are forgeries.

Cattle Thief Landed in Jail.

Yesterday afternoon, Sheriff Romero returned from Bernalillo county, where he arrested Jose Clemente Sandoval, on a charge of larceny. Last fall Sandoval stole twenty cattle from Mrs. Flora Martinez, of this county, and drove them to Colfax county, where he sold them to Amador Montoya, of Springer. The sheriff recovered the stolen stock, but the thief had fled from the territory.

Recently, Mr. Romero learned that Sandoval had returned to Bernalillo county, and he went down there Fri-

day night with the above result. Sandoval is in the county jail awaiting his trial at next term of court.—Las Vegas Record.

ST. CECILIA CLUB.

Interesting Program Rendered at Mrs. Himoe's Yesterday Afternoon. The St. Cecilia club met at the home of Mrs. Mabel Himoe yesterday afternoon and rendered the following program:

Presidential Nominations.

Washington, March 19.—The president today sent the following nominations to the senate: Postmasters—Texas: Harry Martin, Bonham; Charles T. Ramsdell, Denton; Tom Richards, Sherman.

OFFICIAL MATTERS.

Meeting of the Penitentiary Commissioners at Santa Fe.

LAND OFFICE BUSINESS.

The board of penitentiary commissioners at its session instructed Superintendent Bureau to publish a call for bids for penitentiary supplies for the coming six months and examined and audited accounts incurred since its last meeting. The buildings, grounds and convicts were inspected. W. H. Newcomb, the newly appointed commissioner, was recognized and entered upon his duties as a member of the board. A resolution complimentary to Col. J. Franco Chaves, who has been a member and secretary of the board for the past six years, was unanimously adopted and ordered spread upon the records. J. T. McLaughlin was elected secretary of the board in place of Colonel Chaves.

POSTPONED.

The Millinery Opening at Mrs. McCraith's Saturday March 22.

Owing to contracting a severe cold, which delays preparations, I am compelled to postpone my millinery opening advertised for tomorrow (Thursday) afternoon and evening to Saturday afternoon and evening, from 2 to 9 o'clock, March 22, at which time I will display the most exquisite stock imaginable. The postponement is unavoidable and the ladies are requested to remember the day—Saturday, March 22. They are all invited to attend.

MRS. M. MCCRAIGHT,

210 South Second street.

Delightful Social.

The Epworth League of the Lead Avenue Methodist Episcopal church held a delightful social last evening at the home of Mr. and Mrs. Henry Rogers, 410 West Coal avenue. Mrs. Rogers made a charming hostess and the evening was most enjoyable for all. During the evening the more than 100 guests were serenaded by a mandolin club. Dainty refreshments were served.

A Rare Treat.

George Leo Patterson, of Boston, will sing at the Lead Avenue Methodist Episcopal church concert Thursday evening. Mr. Patterson is an arrival in Albuquerque and will prove a valuable addition to our musical circles, having been identified with various Boston oratorio societies and prominent musical clubs.

Judge Fall to Prosecute.

It is understood that Judge A. B. Fall, of Las Cruces, one of the ablest attorneys in the southwest, will assist in the prosecution in the case of the Territory against John W. Childers, Jr., charged with the murder of Attorney Thomas S. Hedlin.—Silver City Independent.

Defense Closed.

tes relative to the method of approval

territorial governor. The most impor-

hibit, and small railroad trains will
carry passengers all over it.

A WORKING CONGRESS.

No congress in many years seems to
have been imbued more thoroughly
with the determination to do what is
best for the entire country regardless
of sectionalism than the present. The
members from the east and the south
seem disposed to join with the mem-
bers of the west in the enactment of
an irrigation measure, while the mem-
bers from the inland states are work-
ing for the enactment of a ship sub-
sidy bill. All sectional lines seem to
be wiped out and the republican mem-
bers have come to look upon this as a
great country with the interests of
each section to be regarded for the
upbuilding and well being of the entire
nation.

CANALS ARE INCREASING.

Canals existed in prehistoric times.
It is a great mistake to suppose that,
in any sense, that are out of date. Since
its last war with Germany France has
constructed 400 miles of new canals
and 500 miles of new river navigation.
French internal waterways cover 7,000
miles, and in thirty years their traffic
has increased 140 per cent. There are
60,000 canal boats in service in Russia.
Germany's great waterways project is
to connect all rivers of Prussia em-
ptying into the North sea or Baltic.
With scarcely an exception, the canals
of the world are financial successes,
while, commercially, they are simply
indispensable.

Nasal Catarrh quickly yields to treat-
ment by Ely's Cream Balm, which is agree-
ably aromatic. It is received through the
nostrils, cleanses and heals the whole
surface over which it diffuses itself. Druggists
sell the 50c. size; Trial size by mail, 10
cents. Test it and you are sure to continue
the treatment.

Announcement.

To accommodate those who are partial
to the use of atomizers in applying liquids
into the nasal passages for catarrhal trou-
bles, the proprietors prepare Cream Balm in
liquid form, which will be known as Ely's
Liquid Cream Balm. Price including the
spraying tube is 75 cents. Druggists or by
mail. The liquid form embodies the medi-
cinal properties of the solid preparation.

SOCORRO.

Batch of Very Latest Local Paragraphs.

Socorro, N. M., March 18.—C. T. Brown has sold the Windsor feed and sale stable to the firm of May & Yonker.

H. Chambon, the Socorro jeweler, speaks encouragingly of that city's flattering prospects.

Joe Russell, one of the owners of the R. W. S. ranch, near Frisco, is in the city trading and looking after important business matters. Mr. Russell says that the Frisco district is needing snow or rain pretty badly just now. He reports cattle looking fine.

P. N. Yonker, the obliging proprietor of the Windsor hotel, drove out to his ranch this morning, returning this evening, with his buggy loaded with freshly laid hen fruit. Mr. Yonker has a fine well stocked ranch. He has about 300 chickens and gets about half as many eggs every day. A good add for a hotel.

B. M. Donaldson, representing the El Paso Saddlery company, is around among the hardware and harness merchants of the city today.

Capt. A. B. Fitch, of Magdalena, is spending a few days in the city.

Julian Trujillo, editor of the Socorro El Republicano, has moved his office from the south side to a nicely lighted room on the west side of the Manuel Abeyta block. Abran Abeyta also has a desk in the same room.

J. E. Smith, manager for J. C. Baldrige, speaks encouragingly of the growing prospects of Socorro.

The fruit growers of this vicinity are highly elated over the promising prospects of the coming fruit crop.

Eighteen charter members were taken in at the organization of the Eastern Star society, which was held in Masonic hall Thursday night. John E. Griffith, who has been instrumental in the organization of the lodge, deserves credit for the pains and trouble he has gone to in the institution of the lodge.

The following officers were elected to officiate during the coming year: Mrs. Lizzie Griffith, worthy matron; Mrs. Mary Bartlett, assistant worthy matron; Mrs. Emma Dougherty, conductress; Mrs. Mary Duncan, assistant conductress; A. E. Howell, treasurer; and Dr. C. G. Duncan, secretary. The society has decided to meet on the first and third Mondays of each month.

The Vice of Naggling.

Clouds of the happiness of the home, but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. All druggists guarantee satisfaction.

SOCORRO.

From the Chieftain.

The opportunity for Socorro to secure another railroad is soon to present itself.

The Mine Development company have installed their new steam hoister this week at the New Era mine in the Black Range.

Dr. and Mrs. C. G. Duncan gave a dinner party yesterday at their home on California street to the physicians of the city in honor of Dr. H. R. Brown. County Assessor Benj. Sanchez wrote from Luna valley under date of March 10, that it was snowing heavily. He is out on official business and will probably not return to Socorro until about the first of April.

Excitement over base ball, golf, tennis, a glove factory, a military company, and the prospect of boring for oil is keeping the city of Socorro very much alive these days.

Mr. and Mrs. C. T. Brown and family have taken up their abode this week in the Blackwell property. The property has recently been put into excellent condition and now makes a commodious and comfortable home.

Socorro is now the proud possessor of a fully organized military company belonging to the national guard. The company is to be known as Company H, of the First regiment of infantry. The officers have received their commissions, which are very handsome. The company is drilling every night and, according to Captain Matthews, making excellent progress.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure—Doan's Ointment. At any drug store. 50 cents.

SANTA FE.

From the New Mexican.

Mrs. Eugene Rignin, cousin of Mrs. J. D. Hughes, who has been visiting friends in Maryland and other eastern states, arrived in Santa Fe on her way to Los Angeles, California. She will be in Santa Fe a few days a guest of Mrs. Hughes.

George F. Childress and Miss Ora Ella Emerson were married at the Presbyterian church by the Rev. W. Hayes Moore. The bride and groom are both residents of Moberly, Kansas, at which place Mr. Childress is employed and where he and Mrs. Childress will reside in the future. They were accompanied by Mr. and Mrs. John T. Wall, of Lamy, and a sister of the bride. Mrs. Wall is also a sister of the bride. The wedding party spent the afternoon in looking at the interesting places in the city.

LAS VEGAS.

From the Record.

W. L. Peabody indulged in a farewell pyrotechnic display just before leaving Saturday afternoon for El Paso. He went to light a gas stove and the head

of the match flew off and over on the lace curtains instantly setting them on fire. They in turn ignited some clothing on a couch and in an instant there was a blaze that looked as if the entire house would be burned. The fire was extinguished with difficulty after burning the curtains, some clothing and a large hole in the carpet. Mrs. Peabody had her hands burned in trying to extinguish the fire.

Henry Benedict's horse and laundry wagon took a trip up Railroad avenue that was not down on the program. No damage was done.

E. McElroy, formerly in Superintendent Fox's office, accepted the position vacated by P. W. Condit as clerk in the trainmaster's office. Mr. Condit will go into Gross, Kelly & Co.'s as stenographer.

Jesse Williams, new colored arrival from Kansas, en route to Santa Rosa to open a barber shop, needed an overcoat. He went to Bacharach Bros. today and saw an overcoat he liked. He took that overcoat and made a sneak for the door. Mr. Bacharach had business at the door at that particular moment and the negro started to run. He went directly into the corral in rear of the store and was nabbed. Judge Wooster thought the deal worth \$10, and Williams had to soak some of his barbering outfit to meet the judge's ante. Result: Jesse is out \$10, the price of an overcoat, and still has no overcoat.

From the Optic.

Will Hartley and Charles Ward were charged with riding a bicycle on the sidewalks and not with appropriating the wheels.

H. E. Finney writes the Optic that he will not travel the territory this season and that Thomas Hall, of Hall & Learnard, of Albuquerque, will tune and repair the Las Vegas pianos this season.

Pierce Murphy received a letter from a man who lives at Wright, Texas, inquiring for a ranch of certain size and price. Chris Weizand got next in some way and has written the Texan that he has just the ranch required.

By accident, or by malice aforethought some one carried away C. J. Schlott's overcoat last night while the owner was attending church. The coat was left in the vestibule of the Methodist church. It is a blue chinchilla coat and had in it valuable papers. Mr. Schlott is greatly inconvenienced by losing the coat and will give a reward of \$10 for the return of the coat and papers.

When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take, being sugar coated, and pleasant in effect. For sale by all druggists.

Took Enough.

New York, March 18.—Max C. Mayer, confidential manager of Rathbone & Sons, brokers, was arrested today for embezzling \$100,000.

You will never wish to take another dose of pills if you once take Chamberlain's Stomach and Liver Tablets. They are easier to take and more pleasant in effect. They cleanse the stomach and regulate the liver and bowels. For sale by all druggists.

President's Nominee.

Washington, March 18.—The president today nominated John H. Bauman receiver of public moneys at Tucson.

Can't Keep It Secret.

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Try them. 25c at all druggists.

INDIAN SCHOOL NOTES.

Special Correspondence.

Indian School, March 19.—Pedro Ruiz, our new engineer, is installed in his new position and is doing satisfactory work. Pedro was a former student of the school, and we are glad to see

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—it is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the skin, and great danger to life would follow should it be healed before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system a constant drain upon the system.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S.S.S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbot, Lock Box 25, Winona, Minn., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S.S.S., and it made a complete cure. I have been perfectly well man ever since."

S.S.S. is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Try a dose of the Bitters when you don't feel well or you have no appetite. It will strengthen your weak stomach and make you feel better. It cures Belching, Flatulency, Heartburn, Indigestion and Constipation.

him thus rewarded for his faithful work.

A. O. Wright, a supervisor in the Indian service, is here at present and is inspecting the school. He came from Pine Ridge, S. D., and he says it is very cold up there and he is pleased to make the change to our genial climate. He says that the Indian school work in general is progressing favorably.

How to Prevent Pneumonia.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this remedy for colds and la grippe, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventative of that dangerous disease. For sale by all druggists.

Proposals for supplies at road stations. Office of quartermaster, Denver, Colo., March 14, 1902. HIS WIFE'S LOVER.

Woman Admits Intimacy and Husband Shoots Her Paramour.

JAMES BOLTON THE VICTIM.

W. E. Pearson, a coke washer working at Segundo, near Trinidad, Colo., went to the spot where his wife had met her lover, James Bolton, clandestinely, and shot him down before her eyes. At the inquest held the woman admitted the intimacy, but accused her husband of having been first unfaithful to her. The shooting was the result of the betrayal of Mrs. Pearson by her 10-year-old daughter. Deputy Sheriff Kreeger, who was sent to arrest Pearson, was stoned by Mexicans and came near losing his life.

Pearson moved to Segundo from Trinidad. He was employed under the street commissioner. Among his earliest acquaintances and closest friends at Segundo was Bolton. So friendly were the men that Pearson asked Bolton to board at his residence.

Bolton Ordered From House.

According to the story of the witnesses at the inquest, it was during the time while Bolton was rooming in the Pearson home that the intimacy sprang up. The little daughter of the Pearsons informed her father of the state of affairs and Pearson ordered Bolton to leave the house. Bolton, however, Mrs. Pearson says, called quite often during the absence of her husband.

Sunday evening he came and persuaded her to take a walk with him. After the couple had left the house the little girl ran to the coke ovens, where her father was employed, and told him that they had gone and indicated the direction they had taken.

Pearson ran to the house and secured his revolver, then set out in search of the pair. He encountered them at the top of a hill and informed the man that there would have to be an immediate settlement between them. Bolton turned and ran. Pearson, hurling epithets after him, drew his revolver and fired. The bullet struck Bolton in the back and passed clear through him. The heart and lungs were penetrated and Bolton died within a few moments.

Another Woman in the Case.

Pearson telegraphed Sheriff Clark and Coroner Sipe at Trinidad. The one he requested to come and take charge of the body of the dead man and the other to take him in custody. He claims that he did the shooting in self-defense. Mrs. Pearson denies this and says that her intimacy with Bolton was caused by the unfaithfulness of her husband. She testified that Pearson at one time brought a woman into her house and said that she must be allowed to stay there. Mrs. Pearson said he admitted that the woman's past had been questionable, but that he intended to reform her.

While Deputy Sheriff Kreeger was driving to Segundo to arrest Pearson, he was attacked by several Mexicans who stoned him from the top of the hill. The sheriff had his head heavily bandaged as a result of wounds received by being thrown from a train recently, and these bandages and a heavy blanket, worn to keep the cold air from his wounds, are all that saved his life. One of the rocks, weighing two pounds, hit him a glancing blow on the head. Later he returned to the spot and arrested Cruz Cordoba, whom he recognized as one of his assailants.

MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, March 19.—The stock market was irregular today and quiet for the general list. Specialties formed the conspicuous features and of these Colorado Fuel & Iron was the most prominent. The buying of this stock was based on the announcement of the sale of bonds of the company by the bankers who took them some time ago and was accompanied also by the rumors of the purchases for control by new interests. Sugar had a sharp advance in the last hour after the publication of the statement.

Standard stocks were quiet. Anthracite shares were quiet. The Vanderbilts were strong and money advanced up and the 5 per cent would come shortly on the preferred stock.

The money market was steady with most loans at 4½ per cent. Arbitrage business was very small.

Mines and Minerals

The Arizona Copper company of Arizona has paid, to date, \$2,969,025 in dividends.

The gold production of Cripple Creek district, Colorado, for February, 1902, is reported at \$1,853,437.

The Storm Cloud group of mines, owned by Fred Williams, which is situated near Prescott, has been sold to Chicago capitalists for \$40,000.

H. H. Warner, who made a failure of one of the best mining properties in Arizona, is the president of a \$10,000,000 basket machine company in the east.

Three hundred men quit work at the mine of the Congress Gold company last week as the result of the effort of the company to break up the miners' union.

The gold production of the hydraulic mines in southern Oregon for the season 1901-02, is estimated at \$1,000,000, with a good probability of its being greater.

The Chihuahua Enterprise states that the Compania Fundadora de Pioro y Acero de Monterey has absorbed several fine manganese properties in El Valle district, near Parral, and has begun extensive development.

The Globe Silver Belt reports that it has been decided to erect a smelter at the Troy mines. The order for it has been given, and its delivery is promised for April 1. It is expected to have it in operation May 1 next.

The Mohave County miner understands that Jeff Lane was offered \$12,500 for his interest in the Ben Doran mine, near the 'readwell, this week. Considering that the mine has a shaft only about ten feet deep, a cash offer of this amount for one-half the property is an indication of the great values shown by the outcrop.

Joseph Wharton, of Philadelphia, owner of the Tehachap and Wall Street mines at Eldorado canyon, passed through Kingman, Arizona, early last week and returned the other day, having placed the management of the property in hands of a mining superintendent. The mines are among the richest in the state of Nevada and ought to be producing large quantities of bullion.

The Minnesota and Arizona Mining company has increased its capital from \$1,000,000 to \$5,000,000. The company has for its object the purchase of a group of mines in the Gold Basin country of Arizona, upon which they are at work at present. The company is composed of many reputable citizens of Minneapolis and other towns of Minnesota. Extensive work is mapped out for this company on the Gold Basin mines and the installation of machinery will soon be made.

The two tunnels on the Leland vein, in the San Francisco mining district, near Kingman, Arizona, are now in nearly 700 feet. One of the tunnels is in over 500 feet and the other almost 200 feet from the adit. In the deep tunnel an immense ore body has been cut and in the other the ore is widening out and shows big values. Steve Beddell is in charge of the work and is driving the tunnels in at a rapid rate. This mine recently passed from West and Beddell to Thomas Ewing for a large sum.

Women love a clear, healthy complexion. Pure blood makes it. Burdock Blood Bitters makes pure blood.

The Mines on Sunday.
Messrs. Schoonmaker and Bailey went out to the Tecolote mining district yesterday and brought back a few specimens of a specially high grade. Accosted by friends today they uncorked a few small cold bottles of effervescent enthusiasm. Bailey is reported to have a mine out there that runs a little better than one hundred per cent, but he did not bring it with him. A great many people kept the roads to the mining district hot all day yesterday. The day was fine for travelling and the beauty of the snow-capped mountains rising to meet the eye on every hand added to the enthusiasm of the prospectors.

E. Z. Condit has developed into a full fledged mineral man. He came in from his claim today with the rust of ages on his tanned countenance and shoes. He doesn't know as yet whether he has a bonanza or not. This afternoon he returned with fresh zeal and groceries.—Las Vegas Optic.

HUNTING LOST MINE.
Party of Prospectors Think They Have Found Adams Mine.

From the Lordsburg Liberal.
The long lost and much hunted Adams diggings have again been found and this time it undoubtedly is the real thing. The circumstances surrounding the re-discovery shows it entirely genuine. It will be remembered that in the seventies a man named Adams with a companion, started from Arizona prospecting. They traveled eastward and finally at the mouth of a creek which flowed into a canyon, they found a wonderful deposit of placer gold, with a little digging nuggets were taken out like digging potatoes. Adams and his companion were stamped by the Indians, the companion was killed and after many days Adams reached a settlement, where he told his wonderful story of the rich deposit at the mouth of this creek. The only landmarks he had were two large buttes standing near. Many parties have gone out hunting for these lost Adams diggings, but never were able to find them. Adams died a poor man, never finding his own, nor making another stake. A couple of weeks ago a party of men, consisting of E. F. Heath, H. Wright, P. A. Endicott, A. D. Stout and E. L. Truitt, none of whom had ever heard of Adams and his lost diggings, started out from Lordsburg to go to Scarborough's ranch in the Burros, near which, they had heard, was some placer ground. They drove north into the Burros, lost their road, and never got to Scarborough's. Now, any one acquainted with the history of mining knows, there is no better way to find a bonanza than to get lost. They made camp, nearly froze to death that night, and the next morning found some float. They prospecting up a canyon which is not far from Malone, and there found a quartz ledge, and in it free gold, and what is more peculiar, along one side of it a black substance,

which afterwards proved to be graphite, and this also carries gold. The men came in town this week with samples of their find and assays showed they had some high grade gold rock. Mr. Wright was in the Liberal office, telling about his find. He mentioned they had camped in a canyon, and there were two large buttes standing near. The writer, remembering the story of the Adams diggings, asked him if a creek came down into the canyon, and he said there did, and they had found free gold in it. Wright was then told the story of the Adams diggings, which he had never heard before, and he said the description of the country fitted the location exactly. Everything is there exactly as Adams described it, except the big nuggets of gold, and they may be there too. The party started back for their camp Tuesday, and will proceed to thoroughly prospect the mouth of that creek, and if Mr. Adams left any gold nuggets as big as potatoes they will surely get them.

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe thorough and gentle. The very best pills. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Chronic Diarrhoea.

Mr. C. E. Wingfield, of Fair Play, Mo., who suffered from chronic dysentery for thirty-five years, says Chamberlain's Colic, Cholera and Diarrhoea Remedy did him more good than any other medicine he had ever used. For sale by all druggists.

FLAGSTAFF.

From the Gem.
J. W. Weatherford has been on the sick list this week.

G. N. Baty left for Winslow, where he will spend a few days looking after business.

Mrs. S. E. Ainsworth, of Albuquerque, is visiting here with her sister, Mrs. A. E. Frankforter.

Fred Bauer sold his cattle last week to William Roden and has gone back to his old home in Illinois to live.

Flagstaff is the most important town in Arizona in many respects, but it is not the home of a territorial office holder. It will not always be thus.

Mrs. A. M. Hicks has the plans and specifications drawn for a two story house containing several rooms. The building will be erected near her lodging house on the south side of the railroad track.

T. E. Pollock contemplates finishing the interior of the second story of his brick block on Aspen avenue as soon as the work can be done. It will be partitioned into large rooms for offices and when finished as designed they will be the most elegant offices in the town.

The regular meeting of the town council was held and the following election officers were appointed for the regular April election, to-wit: H. C. Hibben, Frank Rodriguez, and Daniel Wallace, judges; J. S. Antonsen, O. F. Orthell, A. W. Jurden and J. H. Lind, clerks.

GOLDEN BROWN.

The Color Sought in Coffee.
When a person has been shown that a change in food or drink can make and keep one well it is a thing not likely to be forgotten.

Coffee is a "killer" for many people, and, of course, when left off, the user will probably regain a degree of health without any outside help, but when Postum Food Coffee is used the return to health is much more rapid, for Postum is a distinct and well defined health builder with a delicious coffee flavor and a beautiful deep brown color that changes to golden brown when cream is added.

A Chicago man, Peter G. Holst, at 315 Englewood avenue, writes: "Reading in the paper the other day something about Postum Cereal, it awoke in me a reminiscence vein."

"About five years ago, when I was a miserable dyspeptic, I first heard of Postum Cereal Coffee and put it to a careful test."

"I had been afflicted, for years, with chronic dyspepsia and all the medicines I had tried were in vain. One by one I had to leave them off and was in despair as to what I should do for relief."

"My first taste of Postum was about 10 o'clock one morning. I did not dare to take cream with it for I knew what the result would be with my stomach. That is, I thought I did, I have since learned that cream can be taken in Postum even by bad dyspeptics, but I had my first taste with only hot water in it and a little sugar. The second cup followed the first and a third followed the second. I took by departure munching some of the dry grains of Postum as I was determined to investigate its effects thoroughly."

"That day I had no dinner and experienced no distressing sensations, on the contrary felt as though my appetite had been appeased."

"The next day I began to use Postum regularly and before the first package had been entirely used I discovered the most encouraging symptoms. The dyspepsia and headaches which I had been subject to daily, entirely disappeared, also the distressing vomiting spells. The bowels improved steadily and regularly."

"I ate cautiously but was sustained by the Postum Coffee. After the first package I tried it with milk, then with cream, without experiencing the least inconvenience. Of course I was delighted and the future looked bright. From that first experience up to date my health has been splendid. I have increased in weight from 139 to 187 pounds, and can digest anything I desire. I can say honestly and cheerfully that I would recommend Postum to any one suffering the tortures of dyspepsia."

KINGMAN.

From the Miner.
Martin Jeminez, one of the old timers of this county, died at a hospital in Los Angeles. The old man had been in poor health for some time and through the kindness of Sheriff Lovin was enabled to go to the hospital. He owned considerable mining property in this county, but was unable to work any of it for several years. He was one of the most kindly of men and his many friends will regret his demise.

Last Monday the stockholders of the Kingman Ice, Illuminating and Water company met in the town of Kingman and elected the following officers for the ensuing year: W. H. Taggart, O. D. and Greely Clark, A. Ven Mehr and H. H. Watkins. Immediately after the adjournment of the stockholders the board of directors met and elected the following officers for the ensuing year: W. H. Taggart, president; O. D. Clark, vice president; H. H. Watkins, treasurer; A. Ven Mehr, secretary and general manager. The property of the company has been leased to the W. H. Taggart Mercantile company for the ensuing year. The plant is on a paying basis and under the present management is one of the best business ventures in the country.

J. J. and Lores Tobin were arrested at Chloride on a charge of adultery, under the Edmunds act. Mrs. Tobin was too ill to be brought into Kingman, but Tobin was brought over and had a preliminary hearing before United States Commissioner Blakely and was bound over to the United States grand jury in bonds of \$400, with Kean St. Charles and John P. Feeny as his sureties. It appears that Tobin deserted a wife in San Francisco about six years ago and has been consorting with the woman he represents as his wife. The woman is said to claim that she was married to Tobin a few years ago by contract. The man appears to be up against it in rather hard shape, as he is now on bonds awaiting the action of the grand jury for an assault to murder George N. Conard.

Having a Run on Chamberlain's Cough Remedy.

Between the hours of eleven o'clock a. m. and closing time at night on January 25, 1901, A. F. Clark, druggist, of the Spring, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all druggists.

WINSLOW.

From the Mail.
The barber shop of J. Drumm has been newly papered and an acetylene plant put in.

There will be special services at the Methodist Episcopal church for the next two weeks. The pastor will be assisted by Rev. Harcourt W. Peck, D. D., of Prescott, Arizona, who has been a successful revivalist in many places, and is an earnest and fascinating preacher.

Hon. Will Cumback, of Indiana, delivered a humorous lecture on the "Model Husband" to a fair audience at the opera house last Friday night. He failed to portray the ideal of a model husband, full of manhood and vigor, but instead put up the fellow who gave his wife all the money she needed and never asked any questions.

G. R. Bauerback opened his new Parlor saloon last Saturday night, and although many had imagined the appearance of the new retreat, the beauty of the place surpassed the most sanguine picture. The ceiling and walls of the place are beautifully decorated with scroll work, and the bar with fixtures which cost some where near \$5,000, is of great beauty.

TUCUMCARI A BUSY TOWN.

Takes Name From Mountain of Same Name.
From Topeka Journal.

The town of Tucumcari derived its name from the mountain of that name that forms the setting in the background against which the town is seen by the passengers who pass through the place on the train.

Mt. Tucumcari is a peculiarly shaped peak standing clear and distinct, quite alone and separate from the other mountains of the series. Mt. Tucumcari is not wonderful because of its height, for it is not a tall peak, but its distinction comes from the fact that it stands alone and the formation of the peak is so evenly regular. It is almost perfectly round, and the sides form a gradual slope until they nearly reach the top, where a plateau seems to be surmounted by another mountain peak of nearly the same shape as the base. The second peak has the same clear and regular features as the bottom part. The top of the peak is perfectly level and embraces an area of perhaps seven acres. The top is studded with pine trees and other timber.

The mountain peak can be clearly seen from the trains.

The town is a thriving little place of from four to five hundred population. It is the supply center now for the vast sheep and cattle country surrounding the town. The railroad invading that section has done away with the necessity of freightage goods and provisions across country, and already a large wholesale house is doing a lucrative trade. A lumber yard, hotel, and a large wholesale and retail outfitting store and wool storage warehouse, together with the many saloons and few little stores comprise the business section of the town. It is a noticeable fact that although Tucumcari is a younger city than several other towns along the line and that it is regarded as the toughest town along the line, it has more painted surface in evidence in proportion to its size than any of the other frontier towns.

The residence portion of the city is scattered. The houses are not built near each other and the entire townsite probably covers an area of about thirty acres.

The town has any number of saloons and a concert hall where each evening the cowboys ride in from the plain and drink and smoke while listening to the

LOOKING BACK

To the time when she was plucked from the very grasp of death, the natural impulse of the womanly heart is thankful for the means which saved her, and a desire to help other women in like case. Those are the motives which prompted Mrs. Eva Burnett to write the accompanying testimonial to the curative power of Dr. Pierce's Favorite Prescription. This is only one cure out of thousands. No one would dare say that the average woman was not as truthful as she is good. And it is the truthful testimony of the average woman that "Favorite Prescription" cures womanly diseases when all other means and medicines absolutely fail. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It tranquilizes the nerves, restores the appetite and induces refreshing sleep.

"I have intended for some time to write to you," says Mrs. Eva Burnett, of Russellville, Logan Co., Ky., "and give a testimonial in regard to what your medicine has done for me. My baby came in July, 1899, and I had congestive chills, and lay at death's door for ten long weeks. I was in a dreadful condition and had six of the best doctors of the city. After everything had been done and I had been given up to die I asked my husband to get me a bottle of Dr. Pierce's Favorite Prescription. He had no faith in it, but he got it, and when I had taken it two weeks I was able to walk to the dining room to my meals, and by the time I had taken three bottles I was able to cook for my family of four. I can never praise Dr. Pierce and his medicine enough."

songs and watching the Terpsichorean feats of the dance hall artists.

It is a "wide open" town as are all of the frontier towns of this western country. Gambling is the principal amusement and occupation of the idle portion of the population of the town and the cowboys.

The people of the little city have great hopes of it becoming a large business center at some future time and it is certain that the town has bright prospects.

Lockjaw From Cobwebs.

The Record is urging Las Vegas to secure the Choctaw road.

The superintendent of the car department of the Santa Fe, T. M. Ramsdell, is in the city from Topeka.

F. R. Mudge, of the engineering corps of the Santa Fe, is in the city today on business connected with his duties.

Superintendent Gazin and men are at work putting in the switch board for the new electric power plant at the local shops.

J. E. Saint, secretary of the Albuquerque Eastern and Santa Fe Central railroads, was in El Paso the past few days on business.

On Monday work commenced on the first thirteen miles of the El Paso & Southwestern out of El Paso and will be pushed to completion.

The No. 2 passenger train rolled in from the west on time this morning, the freight wreck near Peach Springs having been cleared away.

The Santa Fe Railway company has leased from Catalino Lobato, of Lamy, the ground for three years, upon which its stockyards at Twitchell are located.

The gross earnings of thirty-seven roads for the first week in March were \$6,960,163, against \$6,787,659 for the first week of March, 1901, an increase of \$172,504. Nineteen roads show increases and eighteen decreases.

Donilo Guzman, a Mexican laborer, was killed while walking the railroad track about twenty miles from Las Cruces, at Chapel switch. The wind was blowing very hard and Guzman did not hear the approaching train.

The Topeka State Journal announces that Milton Player, master mechanic of the eastern division of the Santa Fe, has resigned. He is a son of John Player, who, up to a few weeks ago, was the superintendent of machinery for the entire Santa Fe system.

The Railway Age says the contract for the construction of the Iowa & St. Louis railway from Elmer, Mo., on the Santa Fe, to a construction with the Iowa Central, near Centerville, Iowa, and the Chicago & Northwestern near Buxton, Iowa, was let in Chicago Saturday to William Keneff, of Kansas City. The contract calls for the completion of the line not later than August 1. This is an important coal road, being built by the Gates-Lambert-Mitchell interests through their extensive coal properties in northern Missouri and southern Iowa.

The Denver Republican says: The grievance committee from the Order of Railway Conductors and the Brotherhood of Railway Trainmen, concluded their meeting with the Denver & Rio Grande officials last night. The committees were in session during the forenoon with Manager J. H. Herbert and in the afternoon with Superintendent Martin. The employees of the road had no important grievances to present to the officials and the meeting was without incident. A few technical matters were amicably adjusted and there was no controversy over any of the points at issue. The question of the length of time that freight and passenger crews should be employed without being paid for overtime was brought up and settled. A sliding scale was agreed upon regulating the pay for overtime according to the different classes of work done.

A Wretched Millionaire.
The story is told of the owner of several railroads who was unable to buy relief from the nerve-twisting agony of neuralgia. It is an unlikely tale. The sick man must have known that Perry Davis' Painkiller would help him at once, as it has helped so many thousands of sufferers in the past sixty years. There is but one Painkiller, Perry Davis'.

A Printer Greatly Surprised.
"I never was so surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Cook, pressman of the Asheville, N. C., Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism. So I bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by all druggists.

Archuleta Sentenced.

OLD SOLDIERS.
They Will Meet in This City on April 10 and 11.

The Territorial Grand Army will hold its encampment in this city on Thursday and Friday, April 10 and 11. The department commander, John R. McFie, has just issued the following orders:

The nineteenth annual encampment of this department will be held in Albuquerque, N. M., Thursday and Friday, April 10 and 11, 1902, at the post hall of G. K. Warren Post No. 5, where department headquarters will be established at that time. The council of administration will meet at 19 a. m., April 10, and the encampment will convene at 2 p. m. of the same day.

The post commander of G. K. Warren post will detail one comrade for officer of the day, one for officer of the guard and two for general duty, each of whom will report to the assistant adjutant general at the post hall at 10 a. m. on April 10. A camp fire will be held on the events of April 10 necessary arrangements for which will be made by G. K. Warren post and the Woman's Relief Corps of Albuquerque. Department officers and others on the staff of the department commander will send to the assistant adjutant general full reports of their proceedings during the year, at as early a date as possible and before the meeting of the council of administration.

Also the names of comrades who have been selected as delegates to the encampment.

QUEEN VICTORIA'S HAIR.
Its Profusion, at Her Age, Has Always Been a Wonder.

Over 80 years old, Queen Victoria yet had luxuriant hair, which for years was a marvel. The court physician, following Prof. Unna's discovery, treated her majesty's scalp with a germ destroying preparation, which he has always kept secret. It is now known, however, that the remedy for dandruff, the germ destroying element, is embodied in Newbro's Herpicide, the only hair preparation on the market that does destroy the dandruff germ. Without dandruff hair will grow profusely and falling hair will be stopped. "Destroy the cause, you remove the effect."

American Mine Sold.
The American Gold Mining company has bought the American mine at Nogal. The first payment on the property has been made this week, and work is to begin immediately. This sale was made through John M. Rice, who is general manager of the American Gold Mining company. This mine has produced some very rich ore and has a well equipped ten-stamp mill within a few yards of the working shaft. With the beginning of work on this property the Nogal vicinity must necessarily boom.—White Oaks Eagle.

Practically Starving.
"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. J. H. O'Reilly & Co.; B. H. Briggs & Co.

SAVED FROM LION.
Englishman's Friends Creep Up and Shoot the Lion Down Just in Time to Save Him.

Percy Faskally is a young Englishman of wealth and position who is well known about El Paso, where he has made his headquarters. Now he has distinguished himself in a mild way by saving the life of a companion upon one of the ranges of the Victoria Land and Cattle company near Deming. Faskally, Frank A. Hoffman, of Chicago, and Steve Burchfield were out forty miles southwest of Deming, going to examine a new watering place. On their way back, as they were driving along in a four seated rig, with two saddle horses tied behind, Hoffman saw a flock of quail over in the foothills of the Florida, and jumped out and started after them.

Faskally and Burchfield shortly after staked out the team and mounted the saddle horses to go in closer to the watering place. As they approached a rise they saw an immense mountain lion, apparently intent upon some quarry, and they separated to be able to take him on two sides and get good shots.

As they crept slowly over the ridge they saw, to their horror, that it was Hoffman the lion was stalking, and that he was lying along the ridge, still just beyond reach, entirely oblivious of danger, and keeping an eye out for quail.

They shouted to him in unison, and he heard just in time to see the danger,

to spring up, and leap beyond the lion's reach. At almost the same instant they fired, and both bullets did deadly work. Their aim was true, and Mr. Lion bit the dust. The skin, which they are keeping as a trophy, and will bring here to be mounted, measures seven feet in length.—El Paso Herald.

Could Not Breathe.
Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." J. H. O'Reilly & Co.; B. H. Briggs & Co.

Indian School Children.
With a total enrollment of 359, the Santa Fe school has 46 quarter blood, 48 half blood, 5 three-quarter blood and 269 full blood Indian pupils, or 72.4 per cent of full bloods. This is a splendid showing, and probably no other large non-reservation school can come up to it, though Phoenix is a close second. Superintendent Crandall is having good success in enrolling full blood Pueblos and many from pueblos not hitherto reached.—Native American.

Would Smash the Club.
If members of the "Hay Fever Association" would use Dr. King's New Discovery for consumption, the club would go to pieces, for it always cures this malady—and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1.00. Trial bottles free at all druggists.

MILWAUKEE PEOPLE

Could Hardly Believe It. A Prominent Woman Saved From Death by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suppose a large number of people who read of my remarkable cure will hardly believe it; had I not experienced it myself, I know that I should not.

MRS. SADIE E. KOCH.

"I suffered for months with troubles peculiar to women which gradually broke down my health and my very life. I was nearly insane with pain at times, and no human skill I consulted in Milwaukee could bring me relief.

"My attention was called to Lydia E. Pinkham's Vegetable Compound; the first bottle brought relief, and the second bottle an absolute cure. I could not believe it myself, but blessed fact, I have now been well for a year, enjoy the best of health, and cannot in words express my gratitude. Sincerely yours, SADIE E. KOCH, 124 10th St., Milwaukee, Wis.—\$5000 forfeit if above testimonial is not genuine.

Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women.

Women should remember that they are privileged to consult Mrs. Pinkham, at Lynn, Mass., about their illness, entirely free.

Kodol

Digests what you Eat

Dyspepsia Cure

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

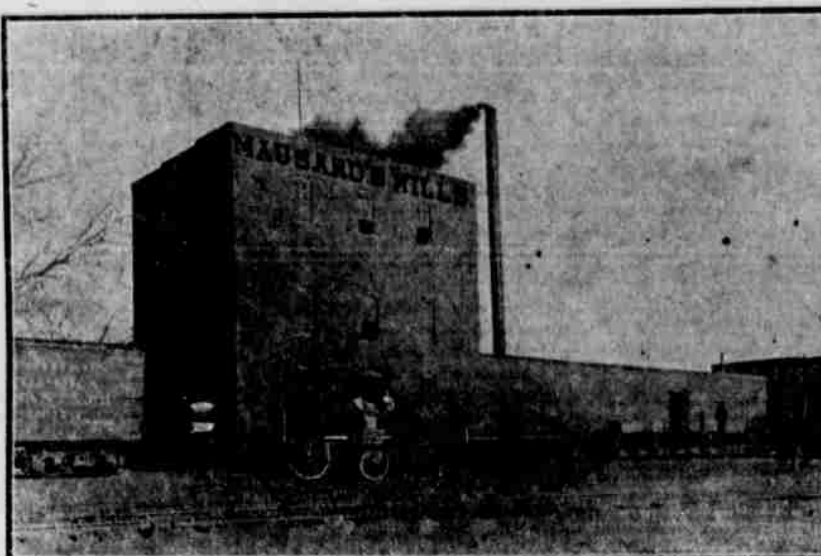

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 24 times the 50c. size. When you need a soothing and healing application for piles, sores and skin diseases, use DeWitt's Witch Hazel SALVE. Beware of counterfeits.

LOCAL PARAGRAPHS.

Republican primaries tonight. Let all republicans attend.

M. Wisbrun, the butcher at Bernalillo, is in the city today.

Ed. F. Coddington left for Santa Fe this morning, on a visit to friends.

Ellis Williams and W. A. Kramer, the popular town marshal and assistant town marshal of Gallup, are here today on district court matters.

Walter Young, who was employed at Albemarle, up in the Cochiti district, was here yesterday. He will seek a position in some of the Arizona mining camps.

Horseback riding, astraddle, is a popular exercise by a number of ladies these fine days. Half a dozen ladies were out yesterday exercising to their heart's content.

Justo R. Armijo, ex-postmaster, assessor and probate judge, was presented by his estimable wife with a boy on the 18th, making a full dozen now in his household.

Regular communication of Temple lodge, No. 6, A. F. A. M., Thursday, March 20, 7:30 p. m. Work in E. A. degree. Visiting brethren cordially invited. By order of the W. M., R. Abraham, secretary.

Arthur, the ten months' old son of John Zurlinden, died this morning of pneumonia at the family home, 115 South Edith street. The funeral will be held at the house at 10 o'clock tomorrow morning.

Dr. D. H. Carns received a telegram this morning that his aged mother died last night at Homestead, Pa., after a sickness of about a week. She was 72 years old and suffered with inflammation of the stomach.

Ruth Simpler, daughter of Mr. and Mrs. A. Simpler, is laid up for repairs. Yesterday afternoon, while at play at her parents home, she fell down the front steps, striking her face on the ground and breaking out three of her front teeth.

B. Ruppe, deputy grand exalted master of the lodge of Elks for New Mexico, will leave for Las Vegas tomorrow morning to install the new officers recently elected by that lodge. On April 2 he will visit Silver City, and on April 9 he is due at Santa Fe.

Capt. C. C. Smith and Dr. H. E. Minor, of the Fourteenth cavalry, came in from Fort Wingate last night, being summoned to appear before the United States grand jury as witnesses in a recent unfortunate murder affair which occurred near Fort Wingate.

A. R. Burdick, wife and son, of Chicago, arrived in the city this morning, and are stopping at the Metropolitan hotel. Mr. Burdick is one of the proprietors of the Paywood hot springs. He will proceed to the celebrated springs, while his wife and son expect to remain in the city a few days.

Corporal Van Buren and Private Davis, of Troop F, with a deserter, named Perry G. Ballett, came in from Cerrillos last night, and proceeded west to Fort Wingate several hours later. Ballett is a wagoner in troop G, at Fort Wingate, and after receiving his pay deserted on January 1, 1902.

Captain Sylvester Davis, of Galisteo, is in Albuquerque today insisting to his friends that he is not dead. A short time ago a confusion of names resulted in a wide spread report that captain was killed in Lincoln county. The captain says the story is without any foundation and he has convincing arguments to prove it.

The Ladies' Aid society of the Congregational church will hold its regular tea on Thursday afternoon at the residence of Mrs. R. B. Myers, on Huning avenue, between Second and Third streets. This meeting will be held a week ahead of time and a cordial invitation is extended to everybody to be present.

A letter has been received by the Browns base ball club from H. W. Biggs, of San Marcial, asking for a place on the team. He states that he is a bookkeeper and can do any kind of office work and that he guarantees to hold his own with the best of them. He further says: "I am six feet ten inches tall and weigh 185 pounds." He is a first baseman.

POSTPONED.

The Millinery Opening at Mrs. McCreight's Saturday March 22.
