CHINESE RETURN
TO THEIR OWN

Their Troops Are Gradually Occupying the Smaller Places in the Vicinity of Yang Tsun.

INTERNATIONAL TROUBLES

Severe Punishment Awaits Those Soldiers Who Started the Row Between the Troops of the Allies—Order Will be Maintained.

Tien Tsun, June 20.—The Chinese troops, with the permission of the allied forces, are occupying several small places in the neighborhood of Yang Tsun, recently vacated by foreign troops. General Lorne-Campbell says the delinquents in the recent difficulties between the soldiers of the allies will be severely punished. Similar troubles are not likely to occur again. General Voyron, the French commander, has heartily co-operated with the British commander and is determined, as far as the French are concerned, that order shall be maintained.

GENERAL CHAFFEE'S REPORT.

Washington, June 20.—The report of Major General Chaffee on the campaign in China is being prepared for publication at the war department. Some of Chaffee's comments are interesting. He says: "For about three weeks following the arrival of the relief column the Pekin condition in and about the city and along the line of communication was bad. Looting of the city, uncontrolled foraging of the surrounding country, and the seizure of the soldiers of everything a Chinaman might have, as vegetables, eggs, chickens, sheep, cattle, etc., when being brought to the city or found on the farms; the indiscriminate and general unprovoked shooting of Chinese, in the city, country and along the line of march and the river—all this did not tend, as was natural, to gain for the troops the confidence of the masses, with whom, it is certain, we have no quarrel, but were in need of their labor. It is safe to say that where one real boxer has been killed since the capture of Pekin, fifty harmless coolies or laborers on farms, including not a few women and children, have been slain. No doubt the boxer element is largely mixed with the mass of the population, and by slaying a lot, one or more boxers might be taken in."

General Chaffee speaks of the restraint he placed upon the American troops. The Japanese commander also made it known that a general war on all classes was not intended. General Chaffee says he opposed the entering of the forbidden city unless looting was prohibited. This was agreed to and he thinks but little looting has been done there, though articles have been offered for sale said to have been taken from the forbidden city.

A Monument to the Great Elector.

Kiel, June 20.—A monument to Frederick William I, the "great elector," was unveiled today at the naval academy park here, with much ceremony, in the presence of the emperor and the empress. His majesty made a speech, holding up the career of the elector as an example to the present generation.

CIVIL GOVERNMENT
IN THE PHILIPPINES

It Will be Established on July 4 and Judge Taft Will be Designated as Civil Governor.

INSURGENTS ARE RETURNING HOME

Washington, June 20.—Civil government will be established in the Philippines on July 4. Judge Wm. H. Taft will be designated civil governor. He will remain head of the Philippine commission, which is to be continued. The order creating him civil governor will be issued by the president through the secretary of war.

Forty Insurgents Killed. Manila, June 20.—It is estimated that forty insurgents were killed or wounded during recent engagements which occurred in Sorsogon and Albay provinces. Many insurgents are returning to their homes.

The charges of theft in the sale of public property are made against a number of witnesses in the commissary cases.

Provoost General Davis has submitted a plan for the municipal government of Manila. The United States Philippine commission is modifying it.

DISCUSSING THE TARIFF

Russia and Italy Have Little Fault to Find With This Nation.

Washington, June 20.—The Russian ambassador, Count Cassini, had a conference of about half an hour with Secretary Hay today during which the tariff questions were discussed quite fully. The conference did not, however, lead to any new developments. It is understood, however, that exchanges brought about renewed assurances from the ambassador that Russia's action was entirely devoid of political importance, and was in no way connected with any general movement in Europe antagonistic to American purposes.

The Italian charge d'affaires, Mr. Carignani, also had a talk with Secretary Hay, during which tariff matters were informally discussed. In connection with the differential duty now levied on Italian sugar the Italian authorities state their official returns as to imports show that no Italian sugar was brought into the United States last year.

AN ATTEMPT AT ASSASSINATION.

A. R. Shepard Had a Narrow Escape from Death in Mexico.

New York, June 20.—A special to the Times from El Paso, Texas, says: Word has been received from Chihuahua that an attempt has been made to assassinate A. R. Shepard, who did so much to build up the city of Washington during the administration of President Grant. Shepard, after leaving the District of Columbia many years ago, went to a small settlement in the Republic of Mexico where he since has been engaged in the mining business. On Saturday, Shepard was shot at by a Mexican in ambush, the bullet grazing his head. Shepard beat a hasty retreat, the would-be assassin keeping up a running fire and finally reaching his hut. The neighborhood was searched for miles around and the following morning the assailant was captured.

RAPID TRANSIT BILLS.

They Were Signed by Governor Stone of Pennsylvania.

Harrisburg, Pa., June 20.—Governor Stone this morning signed the two supplemental rapid transit bills which passed the house yesterday afternoon. One constitute the governor, secretary and attorney general a board to pass on all future applications for rapid transit charters and the other removes some ambiguity from the original bill by providing that under one charter either an elevated or underground road or both, or a partly elevated and a partly underground road may be constructed.

STRUCK AT THE CROWN PRINCE.

A Crazy Man Desired to See the Prince More Closely.

Berlin, June 20.—While Crown Prince Frederick William, traveling from Minden to Bonn, a drunken individual approached his carriage at Bochum, in Westphalia, and aimed a blow with a stick at the window at which the Crown Prince was seated. The individual, who described himself as a clerk, was arrested. He said he merely desired to see the Crown Prince more closely.

AN INSANE MAN'S DEED.

He Shot a Farmer and Then Cremated Himself.

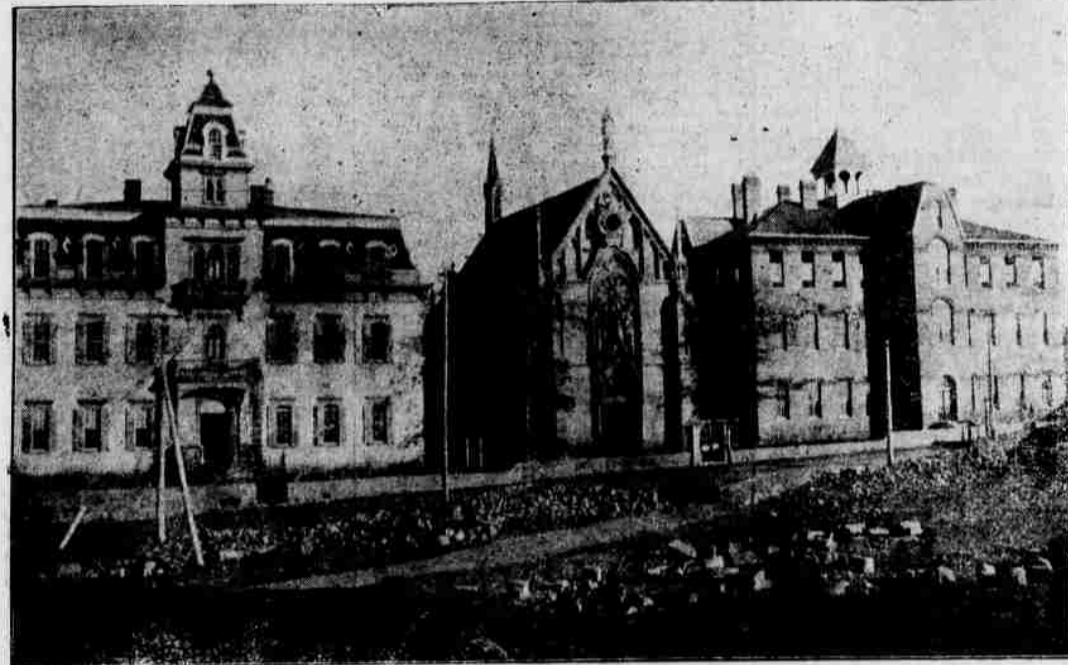

Bloomington, Ill., June 20.—At Brook, this county, yesterday, T. J. Reece, a farmer, who had returned from two years ranching in the west, shot and seriously wounded John Young, a prominent farmer, and then set a straw stack on fire, shot himself, and was cremated. It is thought that he suddenly went insane from brooding over a love affair several years ago.

A Fugitive Manhunt.

San Antonio, Texas, June 20.—The hunt for Gregorio Cortez wanted for the murder of two sheriffs of Texas counties continues but no trace of the fugitive has been found. Cortez, it is believed, hides during the day, and travels by night.

Democrats Against Ballot Reform.

Harrisburg, Pa., June 20.—The senate today defeated the ballot reform bill known as the Guffy bill. The Democrats voted solidly against the bill because of the changes made in committee by the Republican majority, which they claim destroyed the reform features.

The Loretto Academy
Commencement Exercises

Loretto Academy, Chapel and Convent at Santa Fe.

One must go early to the commencement exercises of the Loretto academy, for the fame of those entertainments is a household tradition in Santa Fe homes and has gone abroad beyond the borders of the territory. It is forty-eight years ago that the first commencement was held at the academy and there is no record of any occasion of that kind which did not bring out a large audience. Last evening, the hall at the academy was filled a few minutes after the doors opened and many there were who later on could not get seats and many more who could not even gain entrance, so crowded was the auditorium. The audience was a representative one, for there were present wealth and beauty, youth and old age, society leaders and the humble father and mother who have economized and saved these years to give their daughter an education and who were present last night to witness the triumph of their child.

The exercises commenced promptly at 7:30 o'clock, for promptness is one of the virtues inculcated by the Sisters of Loretto. When the curtain rose it disclosed a scene of beauty. The deep stage on which stood four pianos, was a bower of blossoms. There were large banks of flowers in the center of the stage toward the rear, in every nook and corner, large bouquets upon the pianos and stands, graceful smilax and roses twined around the windows and above the front of the stage which was set in elegant style.

The first number upon the program was a piano chorus, a "Valse Brillante" by H. Kowalski, played by the Misses F. Hampel, M. Hogan, B. Dunn, L. McCue, C. Pitts, M. McCue, J. Dignee and M. Lugton, upon four pianos. It was a test in technique and time which was well stood by the pianists and earned for them the first applause of the evening. Another selection upon the piano for the first applause of the evening by the Misses F. Hampel, M. Sandoval, J. Dignee, F. Hilton, M. Hampel, M. Sena, T. Ramirez and E. Hilton, who rendered "Rip Rap," a duet by D. White, a spirited and melodious selection. Misses F. Hampel, C. Pitts, M. Hogan and B. Dunn also played "Nearer My God to Thee" upon the four pianos, which proved to be one of the best selections of the evening from a pianist's point of view.

The "Sweet Briar Waltz," an enchanting selection of waltz music, was played upon the same instruments by the Misses L. Coleman, E. Hilton, P. Ortiz, C. Badaracco, J. MacDonald, A. Sanchez, N. Perez, L. O'Donnell, M. Maher, S. Torres, E. Gannon and E. Martinez. The chorus singing by the Loretto choir disclosed the fact, that while there are no phenomenal solo singers at the academy this year as there are occasionally, the good Sisters had well trained the sweet and well modulated voices of their pupils. The singing of "Summer Fancies" by Metra, "Tota Pulchra Est Maria," and "Night Breezes" by White, which were rendered by the chorus, pleased the audience greatly and brought forth deafening applause.

Among the most spectacular features

of the program were pretty drills by the younger girls. "Childish beauty arrayed in pleasing costumes in colors that blended harmoniously, performed gracefully the "Butter Cups and Daisies," the "Century Bell and Star" and the "Japanese Fan" drills. The smiling countenances and sparkling eyes of the little ladies showed that they were heart and soul in their drills and enjoyed them fully as much as did the audience. There was graceful dancing, skillful manoeuvres and flashes of light and color, that seemed to disclose rapidly changing scenes from fairyland.

The three renditions by the Loretto orchestra, showed that instrumental music is one of the strong features of the curriculum at Loretto academy. The selections were among the most brilliant of the evening, consisting of the "Santiago March" by Codina; the "Bucalosi Waltzes" by D'Albert; and a medley of Scotch and other popular melodies. The members of the orchestra are:

Pianos: Misses B. Dunn, C. Pitts, L. McCue, M. McCue, J. MacDonald, M. Sena, L. Coleman, J. Dignee, K. Muller, F. Hampel, L. McCue.

First mandolins: Misses F. Hilton, M. Hogan, M. Hampel, N. Delgado, T. Ramirez.

Second mandolins: Misses N. Perez, N. Sandoval, M. Lugton, L. Ortiz, F. Hampel, E. Hilton, A. Apodaca.

Guitars: Misses T. Otero, E. Anaya, T. Apodaca.

Violins: Misses E. Hilton, C. Pitts, Cello: Miss M. McCue.

That elocution is well taught at the academy was well demonstrated by two declamations, one "Disturbance in Church" by Miss N. Perez; and the other "Jimmy Butler and the Owl" by Miss U. Hickox. Both were humorous and sorely tried the risibilities of the audience.

The program was a well arranged one. All the above selections were rendered as interludes in a drama of five scenes, that brought home a strong moral. It was entitled "The Day After Tomorrow." The scenes were: "The Hour of Darkness in the Hour Before the Light," by Mercedes. The Dramatic Personae were:

Kathleen.....Miss B. Dunn
Honorable mother.....Miss M. Sena
Granny Gilligan.....Miss U. Hickox
Lola.....Miss C. Pitts
Zola, gypsy.....Miss E. Martinez
N. Perez, K. Gannon, A. Silva, R. Yriarri,
G. Morrison, F. Huelos, N. Warner, F. Mirabal, S. Adameh, K. Gormley, Children Playing
Royalty, niece of Mrs. Royalty
Lucille Royalty, niece of Mrs. Royalty
Teacher.....Miss F. Hilton
Madame Felice—French attendant
Topsy.....Miss M. Lugton
Maggie.....Miss K. Muller
Policeman.....Miss M. Hampel
Messenger.....Miss M. Maher

The play abounded in dramatic situations, in pathos, and in fun. Miss K. Muller as "Topsy" proved irresistible. Miss B. Dunn as Kathleen, the heroine of the play, carried her part well, and Miss U. Hickox as Granny Gilligan, showed that she possesses the true dramatic instinct and would prove a success on the stage. The other players did equally as well and there

WILL GO TO CANTON.

A Very Hopeful View of Mrs. McKinley's Case.

Washington, D. C., June 20.—Mrs. McKinley's condition continues to improve. Dr. Rixey speaks most encouragingly of her case. Preparations are being made at the White house for the departure of President and Mrs. McKinley to Canton during the first week of July.

A LARGE RAILROAD INTEREST SOLD.

The Government Gets Rid of a Part Ownership in the Sioux City and Pacific.

Washington, June 20.—The government's interests in the Sioux City and Pacific Railroad company was sold today at auction at the treasury department for \$1,872,000 cash and a credit of \$250,000 for the transportation of mail and troops. The sale was made to the Chicago and Northwestern which has been operating the Sioux City and Pacific for some time.

First gold medal for music, donated by Rev. Geo. Juillard, awarded to Miss Cattie Pitts.

Second gold medal for music, donated by W. J. Feeley Co., awarded to Miss Jennie Dignee.

Gold medal for arithmetic, fourth grade, merited by Misses Nina Perez, Mary Gormley, Ana Maria Apodaca, Pilar Ortiz, Lolita Chapman, won by Miss Nina Perez.

The commencement entertainment last evening, gave only a little glimpse of the good educational work that is being carried on by the Sisters of the Loretto. The virtues taught by the Sisters, the solid branches of education which they excel in teaching, admit of no display on the stage or even in the annual exhibition which by the way, was very beautiful this year, including much exquisite work in painting, needle craft and other accomplishments. But the graduates of the academy have gone out and have become good and true housewives who have taught their children the virtues that were planted at the academy, or they have become successful in business or artistic life and thus the fame of the academy attracts annually a large number of pupils from the best families in the territory and beyond who rise and call the work of the good Sisters of Loretto right living and right thinking.

Today, most of the boarding pupils packed their trunks, and left for their homes, many of them expressing their desire and their determination to return on September 5, when the next scholastic year begins.

A STORM IN MISSOURI.

Much Damage Was Done and One Man Was Killed.

Boonville, Mo., June 20.—It was learned today that Tobe Fisher, colored, was the only person killed in last night's storm. Ten or twelve others were injured slightly. The loss of property amounts to several thousand dollars.

GOVERNOR OTERO

ARRIVED LAST NIGHT

His Trip from the New Mexico-Colorado Line to Santa Fe Was a Continuous Ovation by Crowds of Enthusiastic People.

THE RECEPTION COMMITTEE'S PLIGHT

Governor Otero returned last evening at 11:40 o'clock from Washington on the belated Santa Fe train from the east. With him was the Santa Fe reception committee that had met him at Lynn on the Colorado state line and Hon. H. O. Bursum. The regimental band was at the depot and despite the lateness of the hour there was present quite a crowd of people that cheered Governor Otero loudly. A much larger crowd had been at the depot to meet the train at 8:40 o'clock and was disappointed because the governor failed to arrive at that time but thought that he had after all decided to stay at Las Vegas over night.

The trip of Governor Otero was one continuous ovation from Lynn until Santa Fe. The reception at Raton was a most enthusiastic one and at Las Vegas a large crowd was assembled at the depot. Just as Governor Otero was about to respond to the welcome given him, the train started and everyone scrambled for the cars. Judge McFie was too late and was left in Las Vegas.

Although Governor Otero is considerably fatigued, he is hale and hearty and received today the personal congratulations of scores of his friends who called at the executive mansion for that purpose. Naturally, he is elated over his signal triumph.

The reception committee after it left Raton yesterday morning to meet Governor Otero's train at Lynn had quite an experience. Its carriage broke down two miles from Raton and over five miles had to be footed in the hot sun and over the steep Raton mountain to Lynn. Gradually one after the other member of the committee lagged behind, until the committee was divided into four parties dragging their weary way over the mountain. Hon. B. M. Read and Territorial Secretary J. W. Reynolds boarded a freight train a few miles from Lynn. Secretary Reynolds was ordered to leave the car on which he had jumped but made his way to another car out of the sight of the watchful brakeman. One after the other straggled into Lynn until the committee was together again when the train arrived. On board of the train with Governor Otero were several Arizona officials including the territorial secretary, Messrs. J. Leahy and Van Houten had gone to Trinidad to meet Governor Otero. Chief Justice Mills and Hon. Charles A. Spess of Las Vegas, met the party at Wagon Mound, Chief Justice Mills accompanying it as far as Lamy. The Albuquerque delegation failed to turn up but Hon. F. A. Hubbell telegraphed that it had been his intention to come to Lamy today to meet Governor Otero with a large Albuquerque delegation and to accompany him to Santa Fe.

The reception committee from Santa Fe which met Governor Otero at Lynn consisted of Judge J. R. McFie, Hon. J. W. Reynolds, Hon. M. R. Otero, District Attorney E. C. Abbott, District Clerk A. M. Berge, Hon. B. M. Read, D. M. White and A. B. Buchanan.

A force of men is engaged in cutting the weeds and cleaning the grounds around the capitol for inauguration day.

TWO NEGROES

ARE LYNCHED

The Sequel of the Murder of John G. Foster Near Shreveport, Louisiana, Last Week.

MURDERER STILL AT LARGE

Two of His Chums, However, Are Hanged on the General Principle That They Were Enemies to the White People.

New Orleans, June 20.—The lynching of the two negroes last night near Shreveport, created a sensation today as with the excitement dying out it was thought their lives would be spared at least until the capture of Prince Edwards, who killed J. G. Foster on the Foster plantation. A special from Shreveport, however, says that evidence was discovered so clearly establishing the guilt of Smith and McLand as the enemies of the whites and too dangerous an element to be left at large among the negroes, that the people of Bossier regarded their execution as essential to the preservation of order in the parish.

Evidence obtained by the police showed the following facts: The organization of which "Prophet" Smith was the head had its origin in Houston and was known as the "Church of the Living God." The members of the supreme council, as indicated by regular printed letter heads which were found, were Smith and McLand, who were lynched and Prince Edwards, the murderer of John Gray Foster.

Smith when he came to Louisiana, established himself at Shreveport, but was ordered away by the chief of police as a dangerous character. After the shooting of Foster, a search of his premises was instituted and an ark of the covenant, a rudely constructed box with hoodoo designs on and within it, was found. When it was touched by the searchers, the negroes were greatly terrified and declared that but one had thus far advanced far enough to lay hands on the sacred box.

ACCUSED OF SWINDLING.

James T. Mulhall of Denver is Held Under \$2,500 Bail.

New York, June 20.—James T. Mulhall of Denver, Colo., was arraigned before United States Commissioner Shields today on the charge of using the mails for purposes of fraud. He demanded an examination, and was held in \$2,500 bail. The complaint on a sworn statement made by Wm. T. Sullivan, postoffice inspector, in charge of the district of Colorado, in which it is charged that Mulhall under the name of "The Merchant company" of Denver, sent out circular letters to milling companies of Kansas and Nebraska, asking for consignment of carload lots of flour, meal and other produce.

NO INJUNCTION FOR THE INDIANS.

The Kiowa, Comanche and Apache Lands of Oklahoma to be Opened.

Washington, June 20.—Justice Bradley, in the equity court, today denied the application of Lone Wolf and other Indians for an injunction against the secretary of the interior to restrain him from opening the Kiowa, Comanche and Apache lands of Oklahoma to settlement. Without going into the facts of the case the court held the question was purely a political one with which the court had no power to deal.

SHEEP THIEVES CONVICTED.

A Feather in the Cap of District Attorney G. W. Prichard.

The conviction at Socorro and the sentencing by Judge D. H. McMillan of Espiridon Lueras and L. Claypool for carrying on the business of sheep stealing in a systematic manner, has brought great satisfaction to the sheepmen of that part of New Mexico and they are raising District Attorney George W. Prichard for the legal battle he has won. The above named sheep thieves together with Dr. C. F. Wilkin, at present residing at Bellevue, Colorado, were indicted for sheep stealing and for the unlawful purchasing of sheep. The first two named were tried and convicted after the jury had been unable to reach a verdict for a whole day. Judge McMillan sentenced them each to five years in the penitentiary and a fine of \$500. They have been professional sheep and cattle thieves the past ten years, but all efforts of the legal authorities to convict them were futile until this term of court. They carried on their operations in Valencia and Socorro counties and made their headquarters near El Progreso, Valencia county.

U. S. Weather Bureau Notes.

Forecast for New Mexico: Fair to night and Friday.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the southwest.

THURSDAY, JUNE 20.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

The gang tried a bluff game in the gubernatorial situation, but the people of the territory were not to be bluffed.

The better element of the Republican party in New Mexico is on top and what is more it intends to stay there.

This paper proposes to keep up its fight for statehood until this object is obtained. Long live the State of New Mexico.

One or two birds of prey who happen to run weekly papers in parts of this territory are again yelping at the New Mexican. Bay at the moon all you wish.

The New Mexican is glad to know that the reappointment of Governor Otero suits the vast majority of the people of the territory. This is as it should be.

And still they come. From every part of New Mexico come expressions of joy to the New Mexican on account of the reappointment of Governor Otero.

The men in this territory who are opposed to statehood for New Mexico must sooner or later get the worst of it. The cow catcher of progress will throw them off the track.

The president has administered quite a vigorous side swipe to those opposed to the territorial administration. United we stand and win. This is an excellent motto for New Mexico Republicans.

New Mexico is as well prepared to have a voice in the affairs of the United States as any state in the Union. It is certainly better fitted for this important duty than either Mississippi or South Carolina. Let us have statehood.

There are several men now in New Mexico who were behind the scheme to undo Governor Otero by false affidavits, by perjury and by subornation of perjury. However, they disclaim this very vehemently now. They do protest too liberally.

The Gila river forest reserve ought to be cut down. It contains hundreds of thousands of acres of grazing land that are in no way, shape, manner or form timber or forest lands and upon which in the next thousand years no timber or forest will grow.

Rich mining strikes are reported from Grant county very frequently these days. The building of the New Mexico Southern railway through the southern part of the county will also open up an entirely new section to development. It does seem as though Grant county had no kick coming.

The stenographers in a couple of law offices in this city are having an easier time now. The work of taking down and writing out affidavits charging Governor Otero, the Republican territorial officials and the friends of the administration with all the crimes in the decalogue is over for a time.

The New Mexican violates no confidence when it states that about every man holding a federal position in New Mexico is a candidate for reappointment. It furthermore makes no secret of its belief that with one or two exceptions every federal official deserves reappointment.

It is the Japanese who have now started to kill missionaries and Christian converts. Now that the Chinese trouble is on the eve of being adjusted finally, the Japanese may come in for a forceful remonstrance from the powers who are bound to protect their subjects whether they are in China, Corea or in Japan.

Every charge that was made against Governor Otero was fully disproven by territorial records, by facts and by investigations made by special agents of the department of the interior. The New Mexican has all along said that these charges were falsehoods, misrepresentations of facts and fakes. The result has fully vindicated the course of the New Mexican.

There is no law, federal or territorial, that absolves the federal officials in New Mexico from paying taxes upon property owned in the territory. Now, why should not Surveyor General Vance pay taxes? If he is as good and patriotic a citizen as he claims to be he certainly ought to contribute his share toward the expenses of the government.

The board of county commissioners of this county has the matter of a settlement with the bondholders in hand and will do its best for an early adjustment of this vexatious and burdensome question. The board is fully competent to attend to this business and is in no need of outside assistance or interference. The chances are that it will not brook such. Let the board go ahead and do the best it can and the people will approve.

Cuban self government is still away off in the future. The Cubans seem to know mighty little about it and are very much averse to learning.

New Mexico during the past year has gained at least 10,000 people. At a very low calculation the inhabitants of this territory, exclusive of Indians, number 235,000. By June 1902, they will number 250,000. The 57th congress should give New Mexico statehood, and within a year the population of the state will number 300,000.

A Sad Blow.

The reappointment of Governor Otero is a sad blow to capable and economical government and probably means the disruption of the Republican party in New Mexico. The wounds made are too severe to heal over soon, though there may be balm in Gilead for the purpose. But it is not the Optic's funeral.—Las Vegas Optic.

Yes, the reappointment of Governor Otero is a sad blow to sheets like the Optic and to a few personal and political enemies of the governor. To the good people of the territory, to those who have an interest in the advancement and progress of the territory and who are working for such every day, the reappointment of Governor Otero is a mighty good and welcome omen. As far as the Republican party is concerned, the Optic need have no fear. The Republican party under Governor Otero during the past four years has shown that it can take care of itself very well in New Mexico. The Optic bitterly and vindictively opposed Republican success in San Miguel county in 1898 and 1900, but its efforts were futile and it and the men behind it were utterly and ignominiously routed. History will repeat itself in this case in the next general election.

Good Educational Work.

The Sisters of Loretto and the Christian Brothers of Santa Fe have done pioneer educational work in New Mexico. In the days when there were no higher educational institutions and hardly any public or private schools in the territory, they stood as a beacon shining brightly upon the hill top and proved the hope and the salvation of New Mexico. Their light shines no less brightly today. It is even brighter, but on surrounding hill tops other educational institutions have erected beacons, educational institutions of which St. Michael's college and the Loretto academy were the pioneers. The strong hold of these two institutions upon the people of New Mexico consists in the fact, that unlike merely secular institutions, although not sectarian in the strictest sense, they teach more than merely right thinking, but also help to form character, to strengthen the morals of their pupils, in short, teaching them to add right living to right thinking. Many of the best and most self sacrificing women in the annals of New Mexico or of the present day, are graduates of either St. Michael's or the Loretto academy. In these institutions Santa Fe possesses the nucleus for a great university, like that at Notre Dame, which ought to become a reality some day. Santa Fe with its ideal climate, its historic and beautiful surroundings, should be the educational center of the southwest. With a good public school system, modern public school houses and a university under the guidance of the Christian Brothers and the Sisters of Loretto, this would be a distinction of which it could never be deprived.

Consumption in Colorado

The state medical society of Colorado this week argued the question: "Is consumption increasing in Colorado?" Dr. Henry Sewall maintained that the influx of consumptives to Colorado has scattered the germs to such an extent that all the residents of the state are threatened. A committee appointed to consider the subject reported that the dread disease is rapidly increasing in Colorado. Data was secured from the most prominent physicians in the state to show that many persons not predisposed to consumption had contracted tuberculosis in Colorado. Dr. Sewall cited many instances notably in the towns of Switzerland, to prove that districts which had at one time been healthgiving resorts became so impregnated with the germs as to be breeders of the pestilence. This Dr. Sewall thought has become the case with Colorado and that the life of every one within her borders is threatened by tuberculosis. The following conclusions were arrived at by the committee:

First—Deaths from tuberculosis, contracted and developed in Colorado form at present about 13 per cent of the whole number of deaths from tuberculosis and about 2 per cent of the general mortality. The disease may, therefore, be said to be indigenous to the state.

Second—The disease, when developed here, is probably less yielding to remedial measures than when imported.

Third—Though the larger centers of population show the greater number of indigenous cases no part of the state is exempt from the actual or potential development of the disease.

Fourth—In the opinion of the committee consumption was not formerly indigenous in Colorado, but has become so through infection from imported cases.

Fifth—The committee would urge that plans to prevent the further spread of this disease, based on the bacillary theory of its origin, be devised and put in execution at the earliest possible moment.

Dr. Sewall went on to state that the altitude made no difference as far as the health of the bacillus is concerned and that it flourishes as well in a high altitude as at sea level. He said:

"Colorado may, if possible, be saved to the world for a health resort. Visitors to the state must be protected from the dangers of tubercular infection."

The longest period was thirty-six years in the state, but the average was about ten years. In twenty of these cases there was no known relative who had been a prey to tuberculosis. In fifteen cases only had there been intimate companionship with persons having consumption. The following figures were given for sixteen months' time, ending May, 1901: Deaths from tuberculosis, 1,674; contracted in other states 670; origin not given 480; originated in Colorado 224.

Owing to her sparse settlement and the fact that only in late years New Mexico has been recognized as the best health resort in the world for tubercular people, this territory has not arrived at that point which marks Colorado's career as a health resort, but just for that reason, the time is here to make efforts to preserve New Mexico as a sanitarium for the world by enforcing strict sanitary regulations upon all consumptives. Of late years there have been isolated cases of consumption originating in families of native born people and this should be warning sufficient to persuade the territorial legislatures of the future to give the territorial board of health ample power to deal with this question. For the present, however, New Mexico is the best place in the world for invalids and offers the greatest chances of recovery to the persons threatened or already in the grasp of consumption.

THE MILITARY INSTITUTE.

Faculty for the Coming Year—Two Cadet Captains Are to be Added as Assistant Instructors.

(Roswell Register.) By the election of Major T. S. Carter and Captain F. W. Milsap, the faculty of the New Mexico Military Institute for the session of 1901-1902 is complete. The full corps of instructors is: Col. James W. Willson, superintendent, professor of mathematics; Major Luigi Martini-Marcini (military school of Italy), professor of modern languages; Major T. S. Carter, commandant of cadets, professor of science and military tactics; Captain B. F. Harlow, M. A., adjunct professor of English and Latin; Captain F. W. Milsap, A. B., professor of history and instructor in English and athletics; Cadet Captain George W. Read, assistant instructor in English and tactics, and Cadet Captain Earl Patterson, assistant instructor in mathematics and tactics.

Col. Willson and Major Martini-Marcini are well known to our readers and to the patrons of the institute, they having been with the institution since its foundation. For the past three years Col. Willson has acted as commandant of cadets. Major Martini is a graduate of the National School of Arms of Italy, and served as second lieutenant in the Italian army. For a number of years he was attaché of the Italian embassy at Paris. He thus is fully qualified for the department of modern languages.

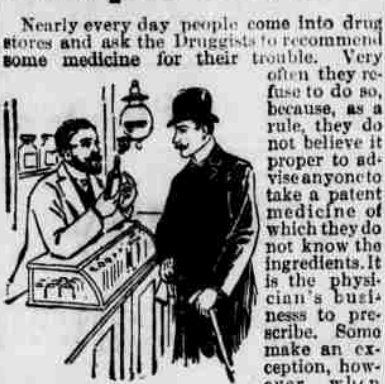

Captain B. F. Harlow is an M. A. graduate of Washington and Lee University with special attainments in English, Latin, Greek and economics. After graduation he studied one year on the coast graduate course of the Ph. D., but did not pursue it to completion, accepting a position to teach. His work last year was eminently satisfactory and he has been placed in charge of the departments of English and Latin for the coming session.

Maj. T. S. Carter is a graduate of the Virginia Military Institute and comes highly recommended as a military man and a teacher. As commandant he will have the training of the cadets in military science, and will teach in the department of science. He is also a splendid athlete and was a member of the base ball team while at the institute.

Captain F. W. Milsap is an A. B. graduate of the Syracuse University, Syracuse, N. Y., and has made a special study of history. His recommendations proclaim him to be an excellent scholar, teacher and man and it is thought that the institute has been fortunate in securing his services. He will have special oversight of the department of athletics, his training and experience being extensive. He has been a member of the university track team for five years and of both the foot ball and base ball teams.

In accordance with the usage and precedent of other institutions, as a reward for faithful work, the board of regents has decided to avail itself of the services of two members of the first class in the increasing work of teaching in the institute. Cadet Captains George W. Read and Earl Patterson being good students and having proven themselves capable on the drill ground, have been chosen assistant instructors in the departments of English, mathematics and tactics. This comes as a deserved compliment to these young men and we feel sure from their record that they will prove efficient instructors.

He Tried a Sample Bottle

Nearly every day people come into drug stores and ask the druggists to recommend some medicine for their trouble. Very often they are then told to do so, because, as a rule, they do not believe it proper to advise anyone to take a patent medicine of which they do not know the ingredients. It is the physician's business to prescribe, however, when a patient makes an exception, and takes a sample bottle, because I know just what it will do. It is the best expectorant and tonic I ever handled in my 14 years' experience. I will give just one instance of a gentleman who had been troubled for years with a nasty, hacking cough. I advised Acker's English Remedy. He tried a sample bottle, and was cured before he had taken half of it, at no cost whatever. It is an exceptional case, however, as it usually takes two or three bottles.

(Signed) A. B. Cook, Bellefontaine, Ohio. Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England, at 1s, 2s, 3s, 4s, 5s, 6s, 7s, 8s, 9s, 10s, 11s, 12s, 13s, 14s, 15s, 16s, 17s, 18s, 19s, 20s, 21s, 22s, 23s, 24s, 25s, 26s, 27s, 28s, 29s, 30s, 31s, 32s, 33s, 34s, 35s, 36s, 37s, 38s, 39s, 40s, 41s, 42s, 43s, 44s, 45s, 46s, 47s, 48s, 49s, 50s, 51s, 52s, 53s, 54s, 55s, 56s, 57s, 58s, 59s, 60s, 61s, 62s, 63s, 64s, 65s, 66s, 67s, 68s, 69s, 70s, 71s, 72s, 73s, 74s, 75s, 76s, 77s, 78s, 79s, 80s, 81s, 82s, 83s, 84s, 85s, 86s, 87s, 88s, 89s, 90s, 91s, 92s, 93s, 94s, 95s, 96s, 97s, 98s, 99s, 100s.

THE STATEHOOD BATTLE.

An Interview With Delegate Bernard S. Rodey at Washington.

The following interview with Hon. B. S. Rodey, New Mexico delegate to congress, which he gave at Washington, was printed in the St. Louis Globe-Democrat:

"While the appointment of governor is for a four years' term," says Mr. Rodey, "it is not expected that the officers recently selected will fill their terms. New Mexico is making the effort of her life to be admitted as a state, and the fight is to be brought to a close if possible in the 57th congress. I have been elected for the purpose almost solely of furthering this proposition, and my major effort in the election was the largest ever cast for a delegate from that territory, not excluding Senator Elkins, of West Virginia, who came to congress several terms as the representative of New Mexico in the latter 60s and early 70s.

"When California came into the Union, New Mexico organized a state government, adopted a constitution and elected two senators and one representative and sent them to Washington, expecting to get in at that time, and, although we had a population then of more than 60,000, we failed to be admitted. The claims of New Mexico for statehood have since been investigated by no less than eight congresses, and bills have been favorably reported for that purpose in one house or the other six times.

"Now our population is shown by the census to be 200,000, but we claim at least 300,000 more. Our territorial area is larger than the whole of New England and New York combined. We have more newspapers per capita than any other state; we spend more for education per capita than any other state; we also have more churches per capita than any other state. We have twice the population of Wyoming; about six times that of Nevada, more than Idaho and Delaware, and 10,000 more than North Dakota."

Resolute Tour Towards Congress. One of our delegates, Mr. Rodey, is now in St. Louis, Mo., for the purpose of securing the support of the congressmen of that state for the admission of New Mexico into the Union. For fine job printing call at the New Mexican office.

THE HOME GOLD CURE.

An Ingenious Treatment by Which Drunkards Are Being Cured Daily in Spite of Themselves—No Noxious Doses—No Weakening of the Nerves.

A Pleasant and Positive Cure for the Liqueur Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

Wives cure your husbands! Children cure your fathers! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this precious remedy, and as many more have been cured and made temperate men by having the cure administered by loving friends by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of \$1. Address Dept. D644, Edwin B. Giles & Company, 5330 and 2332 Market Street, Philadelphia. All correspondence strictly confidential.

MINOR CITY TOPICS.

Tomorrow will be the longest day of the year.
The commencement exercises of St. Michael's college will be held this evening.
The Ladies' Guild will meet Friday afternoon at the usual time with Mrs. Boyle.
Bon-Ton: Gus Johnson, El Paso; Charles McIlvaine, El Paso; C. H. Thornburg, Santa Fe.
A party of young folks is arranging to go to the Pajarito cliff dwellers' reservation on Saturday.
Exchange: H. B. Bantz and wife, Creede, Colo.; Francisco Miera, Miera, Union county; Charles Turner, San Francisco.

The Madrid baseball team will be in Santa Fe on Sunday to play the local team on the college grounds at 3 o'clock in the afternoon.

Today was sultry and cloudy. Rain is hoped for as the weather has been very dry since June 1, and water in the river is running low.

Rev. E. L. Eustis has resigned as pastor of the Church of the Holy Faith to go into effect on July 1, in order to accept a call to the Protestant Episcopal cathedral at Denver.

Palace: Mrs. Eugene A. Carr, Eugene M. Carr, St. Louis; J. P. Earlickson, St. Louis; B. S. Rodey, Albuquerque; W. B. Childers, Albuquerque; C. F. Blackington, Socorro; George S. Blunt, City; Max. Thirty-one boys of the government Indian school left today for the sugar beet fields in the Arkansas valley, Colorado, to work there the next few months. They receive \$1.75 a day and their expense will not run much over 30 cents a day. They go as an advance guard of a larger delegation to report as to the conditions as they find them. If these are agreeable, a hundred or more boys from the Indian school will follow them. This teaches the boys practical work in the fields and also enables them to save a nice sum of pocket money.

Solicitor General E. L. Bartlett, chairman of the executive committee on inauguration, received word this afternoon that the Atchison, Topeka & Santa Fe railway has granted a rate of one and one-half fare for return trip tickets to Santa Fe on account of the inauguration on Saturday, from any point along its lines in New Mexico, the sale of tickets to commence on Friday, June 21, and good to return on Sunday and Monday, June 23 and 24.

FROM FAR OFF MISSISSIPPI.

A Subscriber of the New Mexican Writes Indorsing Governor Otero.

The following letter from a subscriber of the New Mexican in the state of Mississippi, who is kept in touch with the territory from the columns of the New Mexican, is a neat compliment to New Mexico's executive:

Penn, Miss., June 15, 1901.
Editor of the Nuevo Mexicano, Santa Fe, New Mexico.

Dear Sir: Enclosed you will find express order for one dollar and twenty-five cents (\$1.25) for renewal of your valuable paper "Nuevo Mexicano" (Spanish). Last number received was dated 8th, so please continue from that date. From reading your paper, I hope that Governor Otero will again be governor, as I admire his character, as also that of Mr. Rodey, Chavez and others. Trusting that New Mexico will soon form a new link in the great chain of the United States, I am,
Yours most respectfully,
MRS. LENA SMITH.

LARGE WOOL SHIPMENTS.

The Santa Fe Railroad Gateway Doing a Great Business.

Information gathered by the New Mexican shows that large consignments of wool have passed through Santa Fe so far this month, and will continue to do so until the end of June. A million and a half pounds of wool sheared in Rio Arriba and Taos counties are in course of transit over the Denver & Rio Grande railroad to this city from different points in those counties, and are being transferred here to the Santa Fe railway for shipment to eastern points. On the other hand between five and six hundred thousand pounds of wool sheared in southern Santa Fe and northeastern Bernalillo counties are being hauled from Lamy to this city, and here transferred to the Denver & Rio Grande railroad for shipment north and east. This makes lots of work here for the two roads entering this city, and especially keeps the trains moving on the New Mexico division of the Denver & Rio Grande railroad. There is no doubt that these wool shipments over the latter road will rapidly increase as soon as the New Mexico division from Antonito to Santa Fe will become standard gauge. Sunday afternoon a double header with twenty carloads of wool arrived from Chama over the Denver & Rio Grande.

District Court Notes.

In the district court for San Juan county judgment for \$176.74 has been given against the defendant in the case of Etta Dwyer vs. E. L. Whitehead.

Solicitor General Bartlett has filed a motion for a final decree in the suit in the district court for Rio Arriba county for the partition of the Francisco Montes Vigil or Las Truchas grant in Rio Arriba county, the suit being entitled Edward L. Bartlett, et al. vs. Nicolas A. Vigil, et al. No exceptions or objections have been filed to the report in the case of the referee, Hon. L. B. Prince.

In the case of Charles Carter vs. William Noland, Charles W. Cameron and C. S. Cameron, in the district court for San Juan county, judgment was given for \$158.

A warrant has been issued out of the district court for Rio Arriba county directed to Sheriff Alexander Bead for the arrest of Frederico Ortiz of near Espanola, charged with passing a fraudulent check on the bank of Alamosa, Colo., for the payment of costs in a suit decided against him in the district court.
