## MURDER NOW.

### Ed Hull Died at Cerrillos Yesterday.

### Clayton Says Charges are False.

### A Big Contract for American Horses and Mules.

MILES BUMPED AGAIN.

Cerrillos, N. M., March 17.—Ed Hull, who on last Thursday evening was shot by N. E. Crenshaw, died from the effects of the wounds Sunday morning at 1:20. The funeral was held here this morning at 10 o'clock. Crenshaw, who was at liberty under \$1,000 bond, was immediately re-arrested under the charge of murder and taken to Santa Fe, where the grand jury is now in session. He left by this morning's train.

Sent to Jail.

Special to The Citizen.

Santa Fe, March 17.—N. E. Crenshaw was brought here and placed in jail today. The grand jury having rendered an indictment for murder, he was remanded to jail without bail. Miss Hull, at Cerrillos, is almost crazed with grief over the outcome.

### CLAYTON DENIES.

### Ambassador to Mexico Says Charges are False.

Washington, March 17.—A telegram has been received by Secretary Hay from Powell Clayton, United States ambassador to Mexico, declaring the charges preferred against him connecting his name with the ownership of Mexican mining stock, are false. It is said at the department that there is nothing in the law or regulations to prohibit a minister or ambassador from holding stocks or even engaging in business in the country to which he is accredited. It is further stated, and this has an important bearing upon the charges, that in every step taken by Clayton in the Mexico case, he has acted with the approval and in most cases by the direction of the department.

### TWO YEARS MORE.

### One of the Largest Orders for Horses Ever Given.

St. Joseph, Mo., March 17.—One of the largest orders for horses ever given has been closed with a buyer at the South St. Joseph horse and mule market. The contract calls for 12,000 horses, to be delivered at the rate of 500 a month for twenty-four months. It is the general belief that the greater part of them are for service in the British army in South Africa.

### SAME STORY.

### General Miles is Again Bumped by the Department.

Washington, March 17.—General Miles asked to be sent to the Philippines. He proposed to treat the Philippines as in Indian campaigns. Secretary Root denied the request, and the president approved the refusal.

### SITUATION GRAVE.

### Venezuelan Insurgents Capture a Town and Get Mail.

Port of Spain, island of Trinidad, March 17.—Venezuelan insurgents commanded by General Monagas captured Port of Guantia on March 13. Six customs house officers were wounded. A Dutch steamer arrived off Guantia shortly after the insurgents had taken possession of that place and transferred to the revolutionists several bags of mail matter, the steamer's officers thinking they were dealing with the legal authorities. The government troops, commanded by General Velutini, recaptured Guantia yesterday. The Venezuelan insurgents are very active at present and the situation appears to be grave for the government of Venezuela.

### Presidential Appointments.

Washington, March 17.—The president sent the following nominations to the senate:

Postmasters—Texas: James A. Gammill, Calvert; Florence Sheasby, Elgin; William P. Fleming, Georgetown; Fritz Ahrens, Granbury.

### Cecil Rhodes Weaker.

Cape Town, March 17.—The heart symptoms of Cecil Rhodes are worse today and he is weaker.

### PEACE IN SIGHT.

### Boston's Great Strike is Practically Settled.

Boston, March 17.—With the reinstatement of a large number of freight handlers at the New York, New Haven & Hartford railroad sheds today, and a settlement of the difficulty over taking old men back at the docks of the Clyde steamship line, conditions were considered more favorable for a speedy adjustment of all dissension among the men employed in the transportation trade who struck last week. The differences between the Longshoremen union and the Merchants' and Miners'

Transportation company line, at which old employees were not taken back, are practically the only ones now remaining to be patched up.

### Yesterday's Ball Game.

The Albuquerque Browns defeated the Barcos base ball team yesterday afternoon by the score of 10 to 5. The weather was cold and disagreeable and only a small crowd witnessed the game. The playing of McDonald and Hale, who constituted the battery for the Browns, and of Vorhes and Cogrove, infielders, was very good; in fact the work of the entire team was splendid considering the fact that it was so early in the season and that none of the boys had any practice before. It was demonstrated to those who witnessed the game that there is some very good material in this city from which to form a splendid team, which will be able to cope with the best of them hereabouts.

### FLAT BURNED.

### Twenty-Four Families Turned Out in the Cold.

### BRYN MAR LOSS.

Chicago, March 17.—Twenty-four families occupying the St. Catherine flats at Fortieth street and Grand Boulevard, were driven from the building by fire early today. A frigid wind was blowing and the firemen had to work vigorously to confine the flames to St. Catherine's. The tenants had barely time to escape and shivered in the cold until the neighbors could be aroused and gave them shelter. Nearly all the household goods and personal effects were lost. George Patten, a tenant, rescued three women by means of a rope and when descending himself the rope broke and he sustained a broken leg. Policeman Martin Scannell sustained a broken ankle. The total loss is \$60,000.

### Heavy Loss.

Philadelphia, March 17.—The loss resulting from the fire at Bryn Mar college last night will be much greater than was at first supposed. Denbeigh hall, the finest of the college buildings, which cost \$190,000, is entirely destroyed, and its contents, valued at \$35,000, consumed. Seventy young women occupied chambers in Denbeigh hall.

President Thomas is fearful that the offer of \$250,000 by John D. Rockefeller, conditioned on an equal amount being raised, will be endangered, as the college will have hard work to recover from the effects of the fire.

### BACK FROM MEXICO.

### R. B. Myers Sells Out His Business at La Cananea and Visits His Family.

R. B. Myers, formerly a merchant of this city, but for the past fourteen months in the stationery business at La Cananea, state of Sonora, Mexico, has returned to the city and will remain with his family, until he hunts up another business location. Since leaving here several years ago, Mr. Myers has been in business in several towns and was always lucky enough to sell out at a big profit, thus constantly adding to his fortune. He reports La Cananea the center of one of the biggest copper districts in Old Mexico, or for that matter in the world, and that about 1,700 American miners are now employed in the district. A new railroad has just entered the district and La Cananea is booming. On being asked why he sold out a profitable business, he remarked that "he got his price, disposed of his business and that's how he made his money." Mr. Myers will be ready in a few days to sweep down on some other locality, which he will consider a good business point.

### Albuquerque Council, K. of C.

The Knights of Columbus, (the Albuquerque council), held a most interesting meeting at the Knights of Pythias hall last Saturday night, and the fact was developed, after the list of candidates for admission had been read, that at the next regular meeting of the local council, which is to be on April 6, thirty candidates will be initiated, and among them will be Hon. Joseph Mahoney, of Deming, and Dr. McConnell, of Las Cruces.

### O. N. Marron, of the local council,

has been appointed territorial deputy supreme knight, with jurisdiction over New Mexico, including El Paso, Texas, and it is understood that Mr. Marron, with State Deputy Redden, of Denver, and a team from this city, will visit El Paso the second week in April and establish a council there.

### City Democrats.

Last Saturday night the city democratic central committee held a meeting and decided to hold primaries on Monday, March 24, at 7:30 p. m., at the following places:

First Ward—City hall, called by A. B. McMillan.

Second Ward—J. S. Beaven's coal office, south First street, called by R. J. Sweeney.

Third Ward—Medler building, 315 South Second street, called by P. J. Murphy.

Fourth Ward—Office of J. H. McCutcheon, called by A. B. McGaffey.

### Walsh Helps Out.

Denver, Colo., March 17.—Thomas F. Walsh has wired the Denver Post that he will give \$5,000 toward rebuilding St. Vincent's asylum.

## BY PARTY VOTE.

### Senate Acting on Ship Subsidy.

### Stinging Cold Weather at Chicago.

### House Takes Up the River and Harbor Bill.

### REPUBLICANS ON RECIPROCITY.

Washington, March 17.—The senate committee on foreign relations has decided to again take up the reciprocity treaties which are before the senate with a view to securing such amendments to them as will insure their ratification.

The senate convened at 11 o'clock, this being the day the final vote on the ship subsidy bill is to be taken. By agreement the voting on the bill and all pending amendments is to begin at 3 p. m. A resolution providing for the appointment of a board to investigate the project of constructing an inter-oceanic canal across the Isthmus of Darien was reported unfavorably by the inter-oceanic canal commission and indefinitely postponed.

Pending a discussion of the subsidy bill, the following bills were passed:

Appropriating \$150,000 for a public building at Colorado Springs, Colo.; granting to the Central Arizona Railway company right of way for railroad purposes through the San Francisco mountain forest reserve; appropriating \$100,000 for a public building at Laramie, Wyo.

As the last public bill on the calendar was passed Senator Hale remarked that in all his experience he had never before known the last public bill on the calendar to be reached and disposed of. "It is an indication that the senate is doing business," said he.

The ship subsidy bill was then taken up. Mr. Patterson, of Colorado, discussed briefly his proposed amendment to prevent the employment of Chinese seamen on subsidized vessels. He said the amendment had the approval of the American Federation of Labor and the International Seamen's union. American labor has been driven from employment on the Pacific coast by Chinese labor.

In his closing speech on the ship subsidy bill, Mr. Frye said he would accept the amendments offered by Mr. Allison, limiting the time of operation of the measure because he believed they were in the interest of the bill.

Various amendments offered by Mr. Vest were voted down. The vote on the Vest amendments stood 25 to 48—a strict party vote, with the exception of Mr. Laurin, who voted with the republicans. The amendments by Mr. Allison, that no more than \$5,000,000 shall be expended in any one year up to July 1, 1907, under the contracts provided for by the bill and after that date not more than \$8,000,000 per annum, were agreed to without division. The Patterson amendment providing no subsidy shall be paid upon any vessel employing in the crew any Chinese person not entitled to admission to the United States or the territories thereof, was lost by a vote of 29 to 41.

### A SEVERE DROP.

### Temperature in Chicago Has Fallen 50 Degrees.

Chicago, March 17.—Chicago experienced severe winter weather today. Since Saturday there has been a drop in temperature of 50 degrees. At 9 o'clock today the mercury registered 4 degrees above zero, with a strong wind.

### Four Dead.

St. Paul, Minn., March 17.—Additional details of the three days' storm show that at least four are dead and possibly more, from the cold. The loss of stock is heavy.

### RIVERS AND HARBORS.

### House Begins Consideration of the Annual Appropriation Bill.

Washington, March 17.—The house went into a committee of the whole and commenced consideration of the river and harbor bill. Mr. Burton, of Ohio, who is in charge of the measure, in his opening statement, said he would confine himself to discussing some popular misapprehensions. He said the impression existed that the bill carried something over \$90,000,000 for the ensuing fiscal year, whereas it carried but \$24,000,000 in actual appropriations, the remaining \$66,000,000 being simply authorized to be appropriated under the contract system. There was also, he said, a mistaken idea that the pending measure carried larger appropriations than any previous bill. In 1890, he said, the actual appropriations in the bill exceeded \$25,000,000. Mr. Burton said the appropriations for river and harbor work, instead of increasing with other governmental expenditures as popularly supposed, were in reality decreasing. He then entered into the details of the bill.

### THE REBATE PLAN.

### Republican Will Insist on It in Cuban Reciprocity.

Washington, March 17.—The meeting of republican members opposing

the ways and means committee on Cuban reciprocity lasted an hour and resulted in an agreement not to accept any compromise involving a reduction of tariff duties. This is equal to instruction to insist upon the rebate plan.

### Back from Gallup.

Jo. E. Sheridan, the territorial coal mine inspector who was at Gallup the past week or ten days, came in from the west last Saturday night and continued south an hour later to Silver City. He stated that the fire in the old Gallup mine at Gibson, which at one time last week threatened to cause considerable trouble, had almost been extinguished when he left, and it is his opinion that no further trouble will come from that source. "Regarding the workings of the mines," said Mr. Sheridan, "The Citizen has the situation correctly stated in its Friday afternoon issue."

### GALVESTON TO COAST.

### Santa Fe Has Direct Route on Its Own Rails.

### ENGINEERS AT WORK.

The Santa Fe is soon to have a direct route over its own rails from Galveston on the Gulf to Mexico on the Pacific, says the El Paso Times.

Did you ever look at a map of the Santa Fe system and notice that to go from Galveston to San Francisco over Santa Fe rails one would be obliged to go as far northward as Newton, Kan., before turning his face toward his destination? Such is the case now, but it will not be so many months from now.

Had you ever noticed how easy it would be for the Santa Fe to connect up its lines in the southwest in such a way as to give it its own lines direct between these points? It would be easy and the Santa Fe company knows it. Furthermore, it is going to make those very connections.

### From Roswell to Puerto.

The first connecting link to be built will extend from Roswell, N. M., to Puerto station on the Santa Fe Pacific. This line will cross the Rock Island at Torrance, the point where the Santa Fe Central joins the Rock Island. It will cross the El Paso branch of the Santa Fe at Belen, only a short distance below Albuquerque, and then will not have to go much further to reach the Santa Fe Pacific at Puerto.

Surveyors are now at work laying out the above described line, and that is the way it is now planned. Albuquerque may, however, get after the company and offer them sufficient inducements to get them to connect with the Santa Fe Pacific at that place instead of a short distance further westward.

This line will connect the recently acquired Pecos Valley system of the Santa Fe with the lines and considerably lessen for the Santa Fe the distance and time from Chicago and Kansas City to San Francisco, something which the Santa Fe is now very anxious to do since the Rock Island has done some shortening of distance and time through this section. This connecting link alone would be of great value to the Santa Fe company, but that is not the only one it is going to build and with a second one still greater advantages will be gained.

### From Pecos to San Angelo.

The second connecting link will be between Pecos City, Texas, and San Angelo, same state. Get a map of the Santa Fe system. Draw a straight line from Roswell to Puerto, as first described, then draw another from Pecos to San Angelo. You can then readily see what these two short lines will do for the Santa Fe system. The first will give it a line between the east and west which will avoid the mountains of southern Colorado and northern New Mexico, and if the company ever secures a line into St. Louis it will then have a line over which as good time from the central states to the coast can be made as over any other road or roads now in existence. The second connecting link described will, after the first is built, give it a short route over its own lines between the Gulf coast and the Pacific coast.

### May Deprive El Paso.

El Paso has been counting on an extension of the Pecos Valley line from Roswell and this new plan of the company will probably deprive this city of that line, but it will be a more practical and valuable investment to the company to make the connections above described than to come to El Paso.

The above is no pipe dream nor a mere possibility. Surveyors are now in the field laying out the line from Roswell to Puerto and a minor official of the company now in the city on business says that he knows that it is the company's intention to construct the line between Pecos and San Angelo.

### Good for Roswell.

It will be great for Roswell, as that place will now soon be on a trunk line connecting the east and west and another connecting south and west. The little city of Pecos, which has been slowly dying for the past two years, will probably be revived by being placed on this connection between the ocean and gulf, be re-incorporated and again hope to be something in the future.

Most every one expected the Santa Fe to do something on account of the Rock Island having made a shorter time through this section, but it's a safe wager that very few persons had thought that this would be what they would do.

## STARTED BACK.

### Thomas Wolly Wanted in Raton.

### St. Patrick's Day Generally Observed.

### Prince Henry Has Reached Plymouth and is Rested.

### LIFE BOAT WRECKED.

Des Moines, Iowa, March 17.—Thomas Wolly, colored, was taken to Raton, N. M., today, in charge of Sheriff Campbell and a deputy of that city, to answer the charge of murdering "Buster" McGee during a gambling quarrel last fall. Wolly's arrest resulted from a quarrel with his sweet-heart. She told the officers of his alleged confession.

### EVERYTHING GREEN.

### London Celebrated St. Patrick's Day More Than Usual.

London, March 17.—St. Patrick's day was celebrated today more generally than usual. The Irish flag was flying from many public buildings and special services were held in the Catholic churches. Shamrock, or something representing it, was seen everywhere.

### IN NEW YORK.

New York, March 17.—St. Patrick's day was observed in this city by special services in all Roman Catholic churches, by a parade and a number of dinners. The parade contained 15,000 men.

### NEARING HOME.

### Prince Henry Has Reached Plymouth and is Rested.

Plymouth, Eng., March 17.—The Deutschland arrived here at 12:30 p. m. and proceeded for Cherbourg and Hamburg at 1:15 p. m. Prince Henry, who was browned, hardy looking and completely rested, spent most of his time on the bridge, with the captain or first officer of the steamer.

### BUT ONE ESCAPED.

### Captain and Five of a Live Saving Crew Drowned.

Chatham, Mass., March 17.—Captain Eldridge of the Monomoy Life Saving station and five of his crew who started to the relief of a distressed barge, were drowned by the capsizing of their life boat today. Only Surfman Ellis, of the seven men who started, escaped.

The men who perished are: Captain Marshall Eldridge, of South Chatham; Edgar Small, Elijah Kendrick, Osborne Chase and Valentine Nickerson, all of Harwich; Arthur Rogers, of North Harwich; and Thomas Foye, of South Chatham. The lifeboat had reached the barge Wardena and had taken on board five persons from the barge and was returning to shore when it capsized. These five were lost in addition to the crew.

### HOTEL ARRIVALS.

### HOTEL HIGHLAND.

L. A. W. Sawyer, city; C. W. Seaward, New York city; F. G. Clark, El Paso, Texas; Phil Hornberger, Cottonwood Falls, Kan.; J. D. McGeagh, Mrs. R. T. McGeagh, Pittsburgh, Pa.; Mrs. Emma Leflar, Chicago; D. C. Weaver, Denver; T. H. Booth, H. Huey, Las Vegas; F. E. High, Los Angeles; J. T. Templeton, St. Louis; W. S. Hargood, F. M. Evans, Los Angeles; E. J. Burke, Hartford, Conn.

### STURGES' EUROPEAN.

E. Lazarus, Chicago; Danby A. Day, Phoenix, Ariz.; G. E. Seyman and wife, M. J. Morrin, Kansas City; William McIntosh, Chillicothe, N. M.; M. L. Kahn, Pueblo, E. C. Lewis, St. Louis; T. W. Burns, Las Cruces; E. L. Holley, Chicago; G. W. Bennett, New Mexico; George Gardner, San Francisco; A. Torne, Bland; R. H. Chubb, Williams, Ariz.; Ben L. Jones, Chicago; V. Vezetti, Kansas City.

### GRAND CENTRAL.

John D. W. Veeder, Elmer E. Veeder, Las Vegas; E. Barela, D. Barela, San Rafael; J. E. Ashcroft, S. Peabody, Santa Fe; Mrs. Mary Valentine, Auburn, N. Y.; Mrs. E. Covert and children, Raton, N. M.; C. K. Tinsman, Mrs. L. W. Elderkin, Chicago.

### NEW METROPOLITAN.

R. H. Chubb, Williams, Ariz.; Will Wyse, Needles, Cal.

### Police Court.

Antonia Perea, who is quite a regular visitor in Judge Crawford's court, appeared this morning, pleaded guilty to being drunk and disorderly and was given the usual five days.

J. E. Morgan, an intelligent looking, well dressed young man, arrested for begging on the street, was given ten days work on St. Joseph's sanitarium sewer to teach him that working is considered more honorable in Albuquerque than begging.

Thomas Crandall, vagrant, was given five days.

Ah Chee and Ben Hee got drunk and created a disturbance in the St.

Elmo saloon last night. Ah Chee works in a laundry on the corner of Copper avenue and Third street and is considered a bad man, having been seen carrying a gun. In last night's trouble both men pulled knives. They will appear in Judge Crawford's court at 4 o'clock this afternoon.

The five negroes vagged last week proved to be valuable acquisitions in helping the St. Joseph sanitarium ditch. They were all good workers.

### District Court.

District court opened this morning with Judge B. S. Baker presiding. The entire morning was spent in trying to fill the juries. When court adjourned at noon the United States grand jury lacked four of being filled and the territorial grand jury three. The venire was exhausted and the jury commissioners met at noon and drew additional names. The officers scurried around at noon and served the papers.

### OFFICIAL MATTERS.

### Notary Public Appointed—Territorial Funds—Vacancy at Agricultural College.

Governor Otero appointed W. C. Cheatham, of Captain, Lincoln county, a notary public.

### LAND OFFICE BUSINESS.

### Territorial Funds.

Territorial Treasurer J. H. Vaughn received from A. E. Burnam, collector of Colfax county, \$8.21 of 1900 taxes; and \$371.69 of 1901 taxes; from J. D. Walker, collector of Eddy county, \$47.80 of 1900 taxes, and \$140.53 of 1901 taxes. Also \$8.50 from the sale of a copy of the compiled laws.

### Agricultural College.

The board of regents of the College of Agriculture and Mechanic Arts at Mesilla Park has elected Professor Charles Mills, formerly assistant in the department of mechanics, to succeed Professor Brady as head. There is a vacancy in the preparatory department to be filled. Mrs. I. L. Brown having resigned.

### Land Office Business.

Homestead Entry—Mrs. Hortense Abbott, Raton, 160 acres, Colfax county.

### Coal Declaratory Statements—W. D. Keen, Pueblo, Colo., 160 acres, near Algodones, Bernalillo county; Anna R. Beatty, N. V. Myler, Edgar F. Gregg, Henry Miller, J. Laferte, C. A. Hewitt, C. A. Cook, W. H. Ebel, M. C. Wildy, J. T. Brandy, W. B. Knowels, C. W. Barnes, R. W. Davis, Alex. A. Patterson, F. L. Roberts, Arthur Kennedy, Clarence S. Hogan, Henry L. Ott, W. A. Myer, George W. Delameter, H. E. Clark, Santa Fe, each one quarter section in southern Santa Fe county.

Mineral Patent Delivered—Washington Lode mining claim in Cochiti mining district, Bernalillo county, to Fred J. Otero, W. B. Childers, and E. W. Dobson and others.

Hearing for Contest—The general land office has directed that a hearing be held before Harry F. Lee, at Albuquerque, in the contest of Manuel Turletta, Manuelito Chavez y Turrieta and Pablo Chavez y Turrieta vs. Napoleon C. Dennet. The contestee had recently made a cash entry for land claimed as small holding claims near Albuquerque by the contestants, who fenced in the holdings the same day that Dennet made the purchase at the federal land office in Santa Fe.

### Bulldogs Killed.

Saturday evening, Donald McClanahan, whose home is at 512 Hunley avenue, was attacked in the alley back of a house on West Atlantic avenue, by an old bulldog and two pups. His clothes were badly torn and his legs were cut and badly lacerated by the teeth of the vicious animals. Young McClanahan is the boy that set fire to the tennis club's paraphernalia, which was burned last fall. The dogs were disposed of this afternoon by the city police.

### Standing of the Students.

L. L. Buell, of Cerrillos, stands at the head of his classes at the Roswell Military Institute; C. E. Kunz, of this city is fifth; W. Weinmann, 11; Thos. Crumpacker, Albuquerque, 15; J. A. Young, Gallup, 32; E. R. Bowie, Gallup, 39; W. Neher, Albuquerque, 48.

### Card of Thanks.

The undersigned desire to thank friends and neighbors for their solicitude and sympathy in the sickness and subsequent death of their husband and father, Nicolas Edick. Signed, Mrs. N. Edick, Harvey and George Edick, and Miss Bertha Edick.

### Grand Millinery Opening.

At Mrs. L. H. Shoemaker's millinery parlors, 205 West Gold avenue, on Friday and Saturday, both afternoon and evening, March 21 and 22, at which time she will display bonnets and capotes for mesdames and misses, in all the latest Parisian and American makes and styles. She also has a large assortment of children's hats and bonnets. The public invited to attend. Each guest will be presented with a beautiful floral souvenir.

### Try our royal lunch fresh chipped

halibut, 15 cents a box. San Jose Market.

### You will get a nice present at Mrs.

L. H. Shoemaker's opening, Friday and Saturday.

### Fresh tomatoes. San Jose Market.

THE DAILY CITIZEN will be delivered  
in the city at the low rate of 20 cents per  
week, or for 15 cents per month, when  
paid monthly. The rates are less than  
those of any other daily paper in the  
territory.

City election two weeks from tomor-  
row.

There are seventeen communities of  
Shakers in the United States.

Thomas A. Edison has taken out  
nearly 800 patents on his inventions.

Los Lunas may get a boom when the  
Santa Fe cut-off road from Roswell is  
built.

The people of New Mexico will not  
submit to a change of name of the ter-  
ritory.

Las Vegas is loaded down with six  
weekly papers. Most of them are  
weakly.

General Methuen has been liberated  
by the Boers and is now under the care  
of a surgeon at Klerksdorp.

Note the time and place of your ward  
caucus and be there to assist in the  
nomination of good candidates.

It will be a long time in the future  
when the Santa Fe loses its control of  
the railroad business of New Mexico.

There are some thirty odd cities  
and towns in Colorado where saloons  
are not licensed and the drug trade  
booms.

Of the 21,841 periodicals of all kinds  
published in the United States and  
Canada, only 5,375 have over 1,000 cir-  
culation.

A bill has passed congress for the  
redemption of Hawaiian silver coins  
and the substitution thereof of Amer-  
ican silver coins.

France collected \$15,000,000 taxes  
from race track companies during the  
past five years. There is nothing slow  
about that country.

If the Grosvenor bill passes congress  
the school of mines at Socorro will get  
an annual appropriation from the gov-  
ernment of \$10,000 a year.

Sixty millions in dividends will be  
distributed in Chicago this month,  
which is \$5,000,000 in excess of the  
same month a year ago.

The capital invested in flouring mills  
in New Mexico is \$238,000 while the  
value of their combined product during  
the last decade was \$551,108.

The per capita circulation in the  
United States, based on an estimated  
population of 78,663,000 persons, was  
\$28.65 March 1, a fall of 12 cents from  
the high record of February 1.

It is reported from Santa Fe that  
the Capital has suspended publication  
and that Wm. M. Berger, the late edi-  
tor, is sick in a hospital at Washing-  
ton.

The city officers of Socorro have had  
their salaries reduced; the city clerk  
from \$18.50 a month to \$50 a year, and  
the city attorney from \$300 to \$50 a  
year.

A piece of Arizona has a prospect of  
attaining statehood, anyhow. A bill  
has been introduced in congress to  
annex to Utah that part of Arizona  
above the Colorado river.

W. C. Barnes, of Colfax county,  
thinks that competition in the tele-  
phone business is detrimental to towns,  
and refers to Las Vegas and Albuquer-  
que for proof. In this city competition  
has reduced the tolls, pushed the line

to every portion of the corporate limits  
and to adjoining towns.

People who want the Roswell cut-off  
railroad to come to this city direct,  
should get together and make a propo-  
sition to the Santa Fe company. Whin-  
gling around town does not build rail-  
roads.

Professor Henry, of the national  
weather bureau has compiled some sta-  
tistics on lightning which show that in  
the year 1900 there were 713 persons  
killed by lightning in this country and  
973 injured by lightning.

From 1849 to 1899, a period of fifty  
years, there was but one addition to  
the membership of the president's cabi-  
net. The proposed addition of a sec-  
retary of commerce would bring up the  
total membership to nine.

Hard to please. The people of this  
city have been trying for twenty years  
to get direct railroad connection with  
the Pecos valley. Now that the road is  
assured the chronic kickers insist  
that the new line will injure the city.

The Citizen sent a special represen-  
tative around town yesterday morning  
to make a list of the saloons that were  
obeying the provisions of the Sunday  
law. He has not yet reported and it is  
suspected that he found several open  
saloons and fell by the wayside.

Legislation against assassination of  
the president is proceeding slowly in  
congress, but a bill is now favorably  
reported in the senate and will proba-  
bly be passed at this session by both  
houses, punishing not only the assas-  
sination of president or vice president  
with death, but the attempt at their  
assassination, whether successful or  
unsuccessful.

The statistical abstract of the United  
States recently issued by the treas-  
ury department is a striking exhibit of  
the growth of this country. It shows  
that the area of the republic, which  
was 827,844 square miles in 1880, had  
grown to 3,025,600 in 1900, exclusive of  
Alaska and Hawaii, and the population  
in the hundred years increased from  
5,308,483 to 75,693,724.

Attorney General Post, of Colorado,  
will ask the Colorado legislature at the  
next regular session for an appropria-  
tion to help fight the case now pending  
before the United States supreme  
court, entitled the United States vs.  
the Rio Grande Dam and Irrigation  
company. The Colorado attorney gen-  
eral says the principle involved vitally  
concerns the entire irrigation system  
of not only New Mexico but also that  
of Colorado.

Mrs. Nancy B. Irving, of Chicago, be-  
lieves that the psalmist who said cen-  
turies ago, "All men are liars," is  
about right. "They are all alike—  
gamblers and thieves, deacons and  
ministers." A year ago Mrs. Irving  
offered a prize to any man who could  
prove that he had told the truth, and  
the truth only, for thirty consecutive  
days without going out of business. No  
one has yet proved a claim to the  
money, although to use her own words,  
"there were hundreds of thousands" of  
contestants.

The principal orator to speak at  
General Grant's tomb on next Memori-  
al day will be a man who wore the  
gray and fought under Lee against the  
victorious legions of Grant. United  
States District Judge Jones, of  
Alabama, who surrendered at Appomattox  
in 1865, has accepted an appointment  
to speak at Grant's tomb on Memorial  
day, and in his letter of acceptance  
Judge Jones speaks of "the  
delicacy of the great soul which in  
the hour of triumph thought not of  
victory but of how to spare neces-  
sary wounds to the pride and honor of  
defeated countrymen."

**UNTIRING WORKER.**  
The Roswell Record says, Delegate  
Rodey is doing good work in congress.  
He is an untiring worker and never  
lets up. He has introduced every bill  
of importance wanted by the people of  
the territory and has made the strong-  
est fight that has ever been made for  
statehood for New Mexico. He should  
receive all the encouragement that can  
be given him and all the assistance  
possible.

**PROSPECTS FOR STATEHOOD.**  
The Pueblo Chieftain says that the  
prospects for statehood for the terri-  
tories were never so good in the past  
as now. On Friday the house commit-  
tee on territories brought in an omni-  
bus bill, providing for statehood for  
New Mexico, Arizona and Oklahoma.  
Instead of separate bills. This is an  
excellent indication of the absence of  
very serious objection anywhere. Now  
if a few vigorous petitions could be  
sent in from the states that are neigh-  
bors of the three territories it might  
have an effect in hastening the result.

**NAMING THE STATE.**  
The provisions governing admission  
are identical, except as to New Mexico.

In the case of this territory a clause  
has been inserted in the bill which  
leaves the naming of the state, if ad-  
mitted, to the legislature of the state  
itself, or to a constitutional conven-  
tion. The name of "Lincoln" has been  
suggested, and the bill is so framed as  
to allow the adoption of this name if  
the people of New Mexico so desire.  
The bill provides that the two re-  
maining territories shall be admitted  
as the states of Arizona and Oklahoma  
respectively.

## ST. LOUIS EXPOSITION COMMIS- SION.

After the expiration of the last legis-  
lative assembly Governor Otero ap-  
pointed W. B. Walton and Thomas  
Hughes members of the St. Louis fair  
commission from this territory. The  
appointments were unsolicited by these  
gentlemen. During the past year they  
have worked hard to collect a credit-  
able exhibit, and the mineral collection  
at Charleston is largely due to their ef-  
forts. All this has been done without  
pay. The whole expense for the past  
year of the commission for clerical  
work, postage, telegrams, etc., is less  
than \$200.

On this subject the Santa Fe New  
Mexican says:

A weekly sheet published in Albu-  
querque charges that the appointments  
of Thomas Hughes, editor of the Albu-  
querque Citizen, and of W. B. Walton,  
editor of the Silver City Independent,  
as members of the commission to have  
charge of the New Mexico exhibit at  
the Louisiana Purchase Exposition in  
St. Louis are illegal, for the reason  
that they were members of the 34th  
legislative assembly, that created the  
commission, and were therefore under  
the organic act incompetent to hold  
such positions and ineligible thereto.  
This sheet claims that under the pro-  
viso of the law prohibiting the ap-  
pointment of members of the legisla-  
tive assembly to offices created by the  
assembly of which they were members,  
Messrs. Hughes and Walton should  
immediately be removed as such com-  
missioners. The position is not well  
taken and is not sustained by the law  
as it is. Messrs. Hughes and Walton  
hold merely nominal territorial posi-  
tions. They are not sworn officers,  
they receive no pay, and are simply  
members of a commission created for  
a certain and specific purpose and  
can not therefore be considered of the  
class of officials that would properly  
come under the provisions of the law.  
In addition, it has been the custom,  
since the territory was created, of  
the several governors thereof to ap-  
point prominent citizens to serve as  
members of similar commissions, even  
when they have been members of the  
legislative assembly that enacted the  
laws making such. Governor Otero  
followed the custom and there was  
certainly nothing illegal or improper in  
his action, when it is considered that  
Messrs. Hughes and Walton are fully  
competent to perform the duties of  
such commissioners and are leading  
and public spirited citizens of the ter-  
ritory.

## RURAL DELIVERY BILL PASSED.

After a week's practically uninterr-  
upted consideration of the measure  
the house has voted the bill to  
put the rural free delivery service under  
the contract system and passed it.  
The paragraph relating to contract  
was stricken out in committee of the  
whole by a vote of 97 to 40. Efforts  
to keep the carriers out of the civil  
service were unavailing.

A ye a and nay vote was taken on a  
proposition to dismiss a carrier who  
uses his position to further the inter-  
ests of any political party, which was  
defeated by a vote of 96 to 141.

The bill as passed establishes the  
rural free delivery service as a part  
of the postal system of the country, it  
having hitherto been conducted as an  
experimental service, by appropria-  
tions made from year to year, increas-  
ing from \$10,000 in 1894 to \$3,750,000  
in 1902.

The bill provides for special agents  
in charge of divisions at \$2,400 apiece;  
four other classes of special agents  
at salaries respectively of \$1,300, \$1,400,  
\$1,500 and \$1,600; route inspectors  
at salaries of \$900, \$1,000, \$1,100 and  
\$1,200; clerks graded at the same fig-  
ures; and carriers at not exceeding  
\$600 per annum.

## IRRIGATION QUESTION.

The irrigation question at Washing-  
ton appears to be growing more com-  
plicated from day to day. A recent  
dispatch announces that some of the  
enemies of the national irrigation  
movement have come out openly in  
favor of the state secession. On the  
other hand the cattlemen are said to  
be actively supporting the compromise  
bill, because of the provision in it  
which leaves land open to scrip and  
desert land entries until the contract is  
let. They think this will enable them  
to get the land in the range states  
ahead of the settlers.

The bill is really a deception in this  
respect, because, while stating that  
land proposed to be irrigated shall  
be reserved for actual settlers only,  
it leaves this clause inoperative until  
the contract is let for the construction  
of the works, before which time  
every acre of the land would be taken  
up by speculators.

## ALBUQUERQUE & JEMEZ SPRINGS STAGE.

Leaves from Trimble's stables every  
Tuesday and Saturday at 5 o'clock  
a. m. Only line with a change of stock  
en route through in a day. Bath house  
open all the year. Fine winter resort.

## Notes from Correspondents

## GALLUP.

## Batch of Short Paragraphs From the Carbon Town.

Special Correspondence.  
Gallup, N. M., March 14.—J. C. May, secretary of the Great Western Oil company, arrived from California today. The company own oil lands today in McKinley county and in the Sunset district in Kern county, California. Their land in California is surrounded by producing wells and is considered a good property. L. L. Henry, of this place, is president of the company, and is well satisfied with their prospects.

R. C. Prewett, of Farmington, is here in the interest of the New York Life Insurance company. He has a couple of friends with him, one of whom is looking for a location for a bank.

Mrs. Coral Harrison Sloan, the talented elocutionist, will give an entertainment at Gibson tonight. A large number of tickets have been sold.

A great many miners have left Gibson this week on account of the shutting down of the mine.

J. B. Moore is making preparations to go to Africa. We understand that he has not sold his store on the reservation yet.

A large number of men are at work on the briquette plant and it is hoped to finish it in the next two weeks.

C. N. Cotton will send several hundred Navajos to the Colorado bend elds next summer.

The democrats and independents will hold a convention on Saturday night and the republicans will meet on Monday night for the purpose of nominating candidates for the town election April 1.

A number of witnesses for the United States grand jury will go to Albuquerque on Monday.

The Odd Fellows are preparing to celebrate the eighty-third anniversary of their order on April 26. As the Daughters of Rebekah are also taking part it will doubtless be a success.

R. J. Turnbull, late master mechanic at Albuquerque, was here looking after his oil interests.

By a letter received from District Attorney Clancy it appears that we may have a term of court held here about the first of June.

Will Maxwell has returned to his studies in San Francisco.

Conductor T. J. O'Kelly has quit railroading and is in the insurance business.

The Weaver mine only worked three days this week. No demand for coal.

Electric lights will be put in Catalpa in August, ready for next winter's business.

Prof. Larkin has thirty pupils attending his night school.

Walter Campbell, who has many friends here has accepted a position in San Francisco.

The Osgood club of Gibson will give a grand ball and supper on the night of March 17.

Having a Run on Chamberlain's Cough Remedy.

Between the hours of eleven o'clock a. m. and closing time at night on January 25, 1901, A. F. Clark, druggist, Glens Springs, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all druggists.

## FORT WINGATE.

Interesting Notes from the Post Located Near Gallup.

Special Correspondence.

Fort Wingate, N. M., March 14.—Since the visit to the fort of General Arthur MacArthur, who was recently entertained so lavishly in Albuquerque, there has been much speculation as to whether this place would be abandoned or not, despite the decision of the board, and if so, how soon. Some, claiming it will be retained, base their opinions upon the facts that as a health resort for soldiers returning from the islands, it is "par excellence," and it is acknowledged that its water is almost unsurpassed. Also that as the post recommended for Albuquerque is to be an infantry post, this will be retained for cavalry. In connection with this, I may say that an old resident on the reservation stated that when the question of establishing a post at Albuquerque was mooted quite a while since, one of the reasons against it was "the water is too bad for the soldiers to drink and the whiskey too high for them to buy." However, I do not stand sponsor for the truthfulness of this. One thing is certain, however, that if the post is retained, it will be considerably enlarged and improved. The commanding officer, Major Hardie, in company with the quartermaster, Lieutenant Jordan, recently inspected all the buildings in the fort, making memoranda of the improvements necessary, on which will be based an estimate of the cost of rehabilitation, and which, it is believed, will have considerable effect on the final outcome.

There are here now two troops, "F" and "G," of the Fourteenth cavalry, a new regiment which was organized at Fort Leavenworth, Kan., in March, 1901. They arrived here on September 16, 1901, relieving one company of the Twenty-eighth infantry, which was sent to Fort Logan, Colo. The troops have seventy-five men each, lacking ten to be recruited to the maximum strength of eighty-five.

Captain C. C. Smith, troop "G," with some five enlisted men, has been granted permission to take a thirty-day trip within a radius of 200 miles of the fort. The captain expects to leave on or about April 1, but his route has not as yet been fully decided.

Hospital Steward Charles Wahlgast arrived today from Fort Douglas, Utah, to relieve the enlistment expires on the 15th. The latter has been for the last two years in Alaska and was as-

signed to this post within the last two months. He will re-enlist at once and take a three-months' furlough.

Defender lodge, No. 20, I. O. O. F., gave an entertainment to the officers and enlisted men of the post on its anniversary, February 22, and it being such an unqualified success, they have about decided to repeat it on the 26th, the anniversary of the order. On the former occasion Major Hardie made quite an interesting speech on the benefit to a person, socially and morally, in being an Odd Fellow, as viewed by him, which was greatly gratifying to the lodge members and listened to with close attention by those assembled. The lodge is quite proud of its heading the list in this jurisdiction, in increase in membership during the last six months, the number being twenty-two.

Commencing today on every Friday, weather permitting, guard mounting will be mounted. This will be the initiation of these two troops in this form of mounting guard.

You will never wish to take another dose of pills if you once take Chamberlain's Stomach and Liver Tablets. They are easier to take and more pleasant in effect. They cleanse the stomach and regulate the liver and bowels. For sale by all druggists.

## ALGODONES.

Special Correspondence.

Algodones, N. M., March 15.—The weather here has been delightful until yesterday, when there was a slight fall of snow in the forenoon, but clear weather the rest of the day. Today it is cold and stormy with slight flurries of snow. School closed here for the term the last of February, but reopened on the 10th of the present month by order of the school superintendent.

Wallace Hesselton, president of the Albuquerque Land and Irrigation company came up here last week to see the Mayordomo and commissioners of the Algodones ditch in regard to some trouble about the canal. The Algodones ditch company have decided to have nothing to do with the canal, and will have water running in their own ditch today.

Last night there was a heavy frost here and has undoubtedly damaged, if not entirely killed early fruit.

I have been informed that Balcomb says he will have \$80,000,000 here in two weeks to build a smelter with—How is that for a whopper? Albuquerque will have to look out for its laurels when that comes.

Everybody here is delighted with the news of the outlook for the future Albuquerque and the territory in general. We hope the news is all true as what will benefit you will benefit us also.

This has been a very healthy winter here. There has been no sickness at all and no death has taken place here for several months.

KILL THE DANDRUFF GERM

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair and, ultimately, baldness. After Prof. Anna of Harburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect."

After a Deserter.

Corporal Van Buren and Private Davis, of troop F, came in from Fort Wingate last night and proceeded on north to Cerillos, where they will take charge of a deserter, Perry G. Ballett, of troop G, fourteenth cavalry, who deserted from Fort Wingate on January 1, 1902. The guard expects to return tonight, provided time permits. The boys called at The Citizen office last night, and Corporal Van Buren stated that the hospital steward at the fort, Mr. Burkhardt, would leave today on a three months' furlough, during which

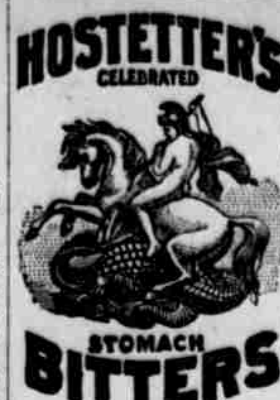

## The Oldest and Best.

S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

time he expects to visit "the old folks" at his old home in Germany.

## LOCAL PARAGRAPHS.

Simon Stern and family are visiting relatives at Socorro.

R. Cantrell, of Gallup, was a visitor in the city yesterday.

H. J. Ramer returned to his home at Watrous Saturday night.

Maj. J. S. Van Doren, of Bluewater, is spending a few days in the city.

Mrs. E. Covert and children, of Raton, are visiting with friends in the city.

J. F. Palmer is a victim of the bicycle thief. His Laclede, No. 960, is missing.

The board of directors of the Raynolds public library will hold a regular meeting tonight.

L. A. W. Sawyer, representing the commission business of C. C. Hall, has returned to the city.

The sewer from the main lead to St. Joseph's sanitarium and First ward school has been completed.

Arthur Staab, Jr., a popular young gentleman of Santa Fe, was here yesterday visiting relatives and friends.

J. B. Ashcroft, who conducts a general merchandise store at Ramah, Valencia county, is in the city on business.

Cleofes Romero, sheriff of San Miguel county, was here last Saturday on official business. He has returned north.

Rabbi Jacobs will be absent from the city next Friday night, and no services will be held at the synagogue on that evening.

Col. J. Francisco Chaves the territorial school superintendent, was here yesterday. He returned to Santa Fe last night.

The choir of the Lead Avenue Methodist Episcopal church are preparing an elaborate musical program for the Easter services.

Miss Olive Everitt has resumed her duties as stenographer at F. W. Clancy's office, after a few days' absence on account of sickness.

R. H. Greenleaf and W. N. Taylor, the latter a visitor from Portland, Me., have returned to the city after a duck hunt to the La Joya swamps.

Mrs. E. C. Randall and C. S. Randall left Saturday night for their home at Portland, Me. Miss Randall will remain here for the rest of the winter.

John D. Hughes, of this city, who is a student in the agricultural college at Las Cruces, is at El Paso under the care of an oculist, his eyes having failed from overstudy.

Albert Elder and Miss Kittie Elder have left for San Francisco. Miss Elder will spend the summer there and her brother will go on to Peru, where is engaged in mining.

Miss Marguerite McGillivray left Saturday night for Kansas City. She will also visit at her old home in Montreal, Quebec, before returning. Miss McGillivray expects to be gone about three months.

Last Friday, George M. Skovyard and Miss Emma Hickman, both of Alamosa, Colo., were united in marriage at Santa Fe by Judge McFie. They arrived here last Saturday night, and will reside in this city in the future.

The Citizen prints in another column the advertisement of the Santa Fe nursery, Grant Ribenburg, proprietor. He has for sale some extra fine apple, cherry, peach and pear trees. His nursery stock is thoroughly acclimated.

Wm. McIntosh, the well known Chilili sheep raiser, is in the city, to remain a few days. He reports the ranges of his section of the country at present in good condition from recent snows, and says the sheep are looking fine.

F. A. Bush, who passed up the road last Saturday for Santa Fe, returning to this city in the evening, was a home bound passenger to Silver City last night. He is the editor of the Silver City Enterprise, and is getting out one of the newest weekly papers of southern New Mexico.

The Albuquerque Dramatic club has decided to put on the stage at Colombo hall as soon after lent as a suitable date can be secured the popular comic drama, "Uncle Josh." The club has secured the assistance of a number of new artists and the outlook for a good performance is very promising.

The fence in the rear of the Imperial laundry was reported on fire yesterday afternoon. Chief Ruppe responded and with a few buckets of water soon had the fire extinguished. Another fire was in progress also yesterday; it was that of an ash barrel ablaze in the rear of the First National bank building. Both fires were caused from the careless dumping of live coals.

C. W. Seward, one of the three linotype inspectors in the employ of the Mergenthaler company, is in the city and called at The Citizen office. He says the two machines at this office are the best made and he is pleased to report that they are in tip-top condition. Mr. Seward has just returned from a trip to Honolulu, where nine linotypes are in operation. He will continue east tonight.

The Balling brothers have taken the tenth private room at St. Joseph's sanitarium and will furnish it in memory of their father. An acceptable gift is that of Hall & Leonard, who will give an organ for use in the chapel. Sister Mary Sebastian, who has charge of furnishing the sanitarium, has received a timely gift. Sheriff T. S. Hubbell gave her a horse, W. L. Trimble a buggy and T. J. Keleher a set of harness.

The funeral of Charles E. Wilson was held yesterday afternoon at the

undertaking parlors of O. W. Strong & Sons. Mr. Wilson was about thirty years old and was a brother-in-law of Mrs. M. C. Wilson of this city. He came here about six weeks ago from Chicago for tuberculosis, where his wife and child live. He died Saturday evening. The services were conducted by Rev. Robert Renison and Rev. C. A. Bunker.

A Printer Greatly Surprised.  
"I never was so surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Cook, pressman of the Asheville, N. C., Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by all druggists.

**LOCAL PARAGRAPHS.**

Henry F. Connelly returned this morning from a visit to his old home in Peralta.

Thos. McGeorge, Bradstreet's local manager, was a passenger for El Paso Saturday night.

The Ladies' Whist club met with Mrs. W. L. Edgar on North Fourth street this afternoon.

C. C. Burke, brother of Dr. Edmund Burke, deceased, is expected to arrive from New York tonight.

Art Shaw, collector for the Whitney company, is able to be out again after a couple of weeks' sickness.

Mrs. E. Covert and children, of Raton, N. M., are in the city, and will visit the metropolis for a few days.

J. D. W. and Elmer E. Veeder, two well known attorneys of Las Vegas, are in the city today on legal matters.

The county commissioners are in special session today settling up with the county officers. They will be in session tomorrow.

The California was nearly two hours late in reaching this city today, which delay was caused by a freight wreck at Lamy Junction.

S. Vann, Santa Fe watch inspector, of S. Vann & Son, jewelers, returned Saturday night from a short business trip to San Marcial.

Simon Stern, wife and children left last night for Socorro, in response to a message that Mrs. Lowenstein, a relative, was seriously ill.

A. E. Rouiller, the Paraje merchant, has returned to his home in Valencia county, after a visit to his family, who are sojourning in southern California.

Mr. and Mrs. J. L. Garber and son, Wallace, who have been spending the winter months in Albuquerque, will leave tonight for their home at Belleville, Ohio.

The north end wrecking train was called out this morning to clear a small wreck at Lamy Junction, caused by the breaking of a wheel on a box car. Two cars were derailed.

Attorney Ralph E. Twitcheell, assistant attorney for the Santa Fe Railway company in New Mexico, spent Sunday in Albuquerque, returning to his home at Las Vegas this morning.

Last Saturday night the Elks held a regular meeting and listened to reports from several lodge committees, especially the committee having in charge the opera house proposition.

The many friends of Mr. and Mrs. F. W. Saxton will be sorry to learn that they will leave tomorrow night for San Marcial to reside. Mr. Saxton, who was operator at the local Santa Fe depot, is transferred to San Marcial.

Mrs. F. W. Cooley received the sad news this morning, by telegram, that her brother in law, W. T. Canty, of Hyattville, Wyoming, was dead, and her sister, Mrs. Canty, was seriously ill. Mrs. Cooley expects to leave for Hyattville tomorrow.

William Sanguinette and wife, old time citizens of Albuquerque, recently sold out their small grocery store on North Sixth street, and will leave tonight for Alamogordo, Otero county, where they will reside in the future and engage in business there. They are excellent folks and The Citizen commends them to the good people of Alamogordo and vicinity.

The milliners of this city will hold forth this week, displaying their exquisite stocks of novelties in the millinery line. Mrs. S. B. Cowell, at No. 119 West Gold avenue, announces her opening for tomorrow, both afternoon and evening; Mrs. M. McCreight, at No. 210 South Second street, will please the ladies on Thursday afternoon and evening; and Mrs. L. H. Shoemaker, at No. 205 West Gold avenue, has arranged her display for Friday and Saturday afternoons and evenings.

NICE fresh fish, fresh shrimps, Patent Case oysters, all kinds choice dressed poultry. At the San Jose Market tomorrow.

Our Tenth Anniversary Sale. We are offering special values in all lines during the next two weeks. Call in and compare our prices and our goods with those of other dealers and we believe we can convince you that it will pay you to deal with us.

**SIMON STERN,**

The Railroad Avenue Clothier.

## NEW MEXICO TOWNS

## CLAYTON.

From the Enterprise.  
Contractor W. S. Humphrey has completed the cottages he was erecting in West Clayton.

The Knights of Equity organized a lodge at this place Tuesday night with about twenty members.  
Everyone has about recovered from the gripe, which had been paying the town a visit for some time past.  
Reports are that Evans and Brophy are doing a large business in their new establishment at Tucumcari.

Dr. Slack reports having struck oil in his well that he is having put down. The oil was struck at a depth of 105 feet. He will continue drilling with strong hopes of striking a paying vein.

## Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

## SANTA ROSA.

From La Voz Publica.  
Emeterio Anaya was robbed Tuesday night of a saddle and some clothing.  
Another railway wreck was reported to have taken place last Thursday night somewhere above Tucumcari, but could get no particulars about it.

Round House Foreman Vanbuskirk has gone to Topeka to have his eyes treated, they having been somewhat hurt in the wreck that occurred in the yards some days ago.

As we are situated at present anybody in this town can take the law in his own hands and use and carry any kind of weapon he may please as there are no restrictions whatever for doing so.

Melquiades Chavez, formerly of Albuquerque, but now an honored and respected citizen of Las Colonias, this county, visited Santa Rosa last Sunday, returning home the same day.

S. H. Newman, superintendent of the Consolidated Oil company, and who at the present writing is at El Paso, has sent an expert driller to this place and work on the oil well will be pushed steadily and we have no doubt the well will soon be worked on a paying basis.

## How to Prevent Pneumonia.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this remedy for colds and la grippe, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventative of that dangerous disease. For sale by all druggists.

## HILLSBORO.

From the Advocate.  
Some low-minded wretch recently stole from E. W. Clark a setting hen, eggs and nest. Such reptiles would be a disgrace to the vilest sin-soaked precincts of Sodom.

E. Armer has bought all of J. Gray's goats, 1,500, and is shipping them to Kansas City. Mr. Armer intends buying and shipping goats all summer.

With prosperity comes the closing of the saloons on Sunday. After tomorrow the person who wants something stimulating on Sunday will be obliged to take it home in a gunny sack Saturday night.

J. W. Orchard has men at work building a road from town to the Enterprise mine, in order to remove the machinery of the mine to the Macho, where it will be used on the Dude mines.

Manager Kasser, of the H. G. M. & Co., reports he has a good showing of \$100 ore which is being prepared for shipment. He also says the indications are good for water where he is sinking a well on Warm Springs gulch.

## Could Not Breathe.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." J. H. O'Reilly & Co.; B. H. Briggs & Co.

## HOLBROOK.

From the Argus.  
The song services held at the school house Sunday evenings are very interesting and should be more generally attended.

The Holbrook school will close Friday, March 28. Prof. Young has given universal satisfaction and is an able instructor.

Dr. Richards, of Ft. Apache, has gone to San Francisco, and we understand with matrimonial intentions in that direction.

Frank Wallace, manager of the Aztec company, and crew, were in town this week delivering several carloads of horses at the stock yards.

Alex. Breckner, of Albuquerque, and John Eldred, of Cheyenne, Wyo., were buying range horses here this week, and we understand, are for the English army.

F. W. Hill, deputy United States marshal, was summoning jurors in this and Apache county this week, to serve at the March term of court to be held at Prescott on the 26th.

## SAN MARCIAL.

From the Bee.  
Laurence Broyles and his sister, who have been students at a college in Holiness, Texas, returned home last Monday.

Charles E. Owings, who is giving great satisfaction as boss miller at the San Marcial flour mill, became a member of the local A. O. U. W. lodge this week.

We have received a circular letter

## LEAD BUSINESS.

Miners Should Combine and Establish Smelters in the West.

## INTERESTING ARTICLE ON MINING

The lead business, like any other, is done by three parties, the producers or miners, the middle men or smelters, and the manufacturers or consumers, who supply the trade in the various articles of manufacture. The producers are mining companies and individual miners, among the former some are more or less associates of the smelter trust. The middle men are the American Smelting and Refining company, the Picher Lead company, of Joplin, Mo., the Pacific coast smelters and quite a number of smelters independent of the trust, but mainly engaged in the reduction of non-ferrous lead ore. Independent works are preparing for operations in the Rocky mountains in competition with the trust. The manufacturers or consumers are the National Lead company, owning the Harrison reduction works, the Rio Grande plant at Socorro and the old silver smelting and refining works at Cheitlinham, St. Louis, of which only the latter is in operation, reducing the ore from the company's own mines at Flat River, Mo., to pig lead. The National Lead company is composed of a number of corresponding companies throughout the middle and eastern states, consuming about 70,000 tons of pig lead per annum. In 1900 there was made 98,210 tons of white lead, which includes the product by the independent refiners and probably also the sublimed white lead made by the Picher Lead company, of Joplin, Mo. The manufacture of lead pipe and lead plumbing, mixtures for rubber and other goods, consumes the rest of our production of lead. Every new article produced in certain branches increases the consumption of lead. Prosperity in general increases it. We produce enough lead, year in and year out, to do so. Some times there is a shortage, then a surplus, but on the average, production balances consumption. As Leadville, for a time, largely increased the output, so will, for a time, southern Missouri. The introduction of the Wilfley table and its imitations have prevented a great shortage in the Rocky mountains. From time to time thus a new discovery or an invention has filled a shortage. And so it may in the future. New railroads into mining districts will make possible new developments, but our dormant resources of lead are pretty well known throughout the United States. There is no danger of a serious overproduction if it be then a year of panic. The American Smelting and Refining company was organized for self protection to stem the tide of competition which proved ruinous. The Guggenheim smelters entered the combination after having professed intention of remaining independent. Today the Guggenheim interest is the whole soul if not the whole body of the trust. The trust is doing all it can to force all smelting companies into its arms, but in Missouri, especially southwest Missouri, the mines of that class which can produce profitably only by wholesale operations which have a good profit now with a very low state of the market. The most prominent producers there, the St. Joe Lead company and the Desloge Consolidated, as well as the National Lead company, cannot cease operations or reduce their output without very serious loss, but the two former have frequently withheld their product from the market for a time. In Joplin the chief production of lead is incidental with zinc mining and the Picher Lead company sells its lead generally on the same day that it buys the equivalent in ore. The output around Joplin will rarely exceed 25,000 tons of pig lead per annum. This includes Kansas. The trust, therefore, so long as Missouri remains such a prominent factor cannot absolutely control the market, although it can materially help it by storing its desilvered lead. This, however, does not restrict the output. Hence the closing of trust plants and the low price they pay for the ore, increase of treatment charges, in fact the demoralization of the Rocky mountain market for argenteiferous lead ore. The use of foreign lead smelter in bond facilitates this policy of restricting the home production. A combination of miners is one of the measures of relief and the introduction of such a step the trust has associated with a number of mine development companies that buy up large mines. It stands to reason, therefore, that no new smelter can operate successfully unless it is assured of plenty of ore, has good financial backing, the good will of railroads and talent and business management.

## Would Smash the Club.

If members of the Hay Fever Association would use Dr. King's New Discovery for consumption, the club would go to pieces, for it always cures this malady—and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1.00. Trial bottles free at all druggists.

## DEMING.

From the Headlight.  
Mrs. John Anderson of El Paso, has a force of men at work putting up the poles for the electric lights in Deming.

Mr. and Mrs. W. H. Gleason have now fully decided to go to Manila, and will reside there for the future if the climate proves beneficial to Mr. Gleason.

The supper given last Friday evening by the ladies of the Presbyterian church netted them \$75.00 which sum goes towards the purchase of a new organ for the church.

The building that Mr. J. A. Mahoney is erecting at the rear of his already large place of business in this city is fast assuming shape and when completed will be quite an ornament in that vicinity.

Few through passengers, and no visitors at Deming fail to notice the three beautiful peaks which we have adopted as the seal of our county. Let us hope

If the woman at work should make answer to the other woman, she might, perhaps, say: "You never had to scrub and clean when your back ached so that it seemed that every movement would break it in two." It's bad enough for a woman to suffer. But when she must suffer and slave at the same time she reaches the limit of her endurance.

Weak women who have been made strong by the use of Dr. Pierce's Favorite Prescription, recommend it to others as a godsend. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I have been ailing some time now, being troubled with female weakness," writes Mrs. Wm. H. Johnson, of Avondale, Chester Co., Pa. "Every month I would have to be on my back. I tried many different medicines and nothing gave me relief until I began Dr. Pierce's medicine, using two bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery.' These medicines have cured me. When I began your treatment I was not able to do very much, but now I do the work for my family of nine, and feel better to-day than I have for a year."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache. They do not create the pill habit.

that the range will prove in time as useful as it shows up pretty.

There are a large number of conductors, engineers and other railroad men now in Deming. Many of these gentlemen are here in the employ of the Bismarck road and others are here on leaves of absence from other roads and are visiting with the railroad boys of this town.

W. H. Greer made a hurried trip on the Santa Fe this week, going as far as Lamy Junction and on his return had the pleasure of riding as far as Albuquerque on a special train carrying Paul Morton to the Pacific coast. While in Albuquerque Mr. Greer was interviewed by The Citizen man and gave, for publication, a very concise and sensible report of our public affairs at present.

## Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. J. H. O'Reilly & Co.; B. H. Briggs & Co.

## Call for Republican Primaries and Convention.

Primaries of the republican party of the City of Albuquerque are hereby called for March 19, at 7:30 p. m., in the several wards for the purpose of selecting fifteen delegates from each ward to attend a city republican convention to be held in Grant hall, West Railroad avenue, March 22, at 8 p. m. The primaries will be held in the following places:

Ward 1—At City hall, to be called to order by D. J. Rankin.

Ward 2—At office of Charles Chadwick & Co., to be called to order by John Munn.

Ward 3—At office of Justice Ribble, 321 South Second street, to be called to order by C. E. Newcomer.

Ward 4—At Grant hall, West Railroad avenue, to be called to order by A. J. Crawford.

THOS. HUGHES, Chairman.  
JOHN H. STINGLE, Secretary.

## Notice to Housekeepers.

We employ both processes of cleaning carpets. The steam power method of thoroughly removing all dirt and the scouring on the floor method which rejuvenates old carpets. If you contemplate having your carpets cleaned or scoured and do not know which method is the best for your particular carpets, secure my conscientious and expert advice which I will freely and frankly give. As my knowledge and long experience in all branches of the carpet business makes it of great value. All work positively guaranteed.

ALLEN W. MOORE,  
Steam Carpet Cleaning Works, 510 North Third street. Automatic telephone 591.

## Colds

You first take cold, then you cough. Then you have a doctor. He says it's bronchitis, and he orders Ayer's Cherry Pectoral. It is his favorite prescription for colds and coughs. If he knows of anything better, tell him to give it to you.

"I had a very severe cough for many weeks. Nothing relieved me until I tried Ayer's Cherry Pectoral. This rapidly and entirely cured me."  
J. J. Hargrave, New York City.

## Notice.

In the District Court of Bernalillo County, Territory of New Mexico.

Elvira E. Wallace, Plaintiff, vs. John T. Wallace, Defendant; No. 6029.

The defendant in the above entitled cause, John T. Wallace, is hereby notified that a complaint has been filed in the District Court of Bernalillo County, Territory of New Mexico, by the plaintiff Elvira E. Wallace, praying that the bonds of matrimony be dissolved between herself and you, the defendant, upon the grounds of cruel and inhuman treatment, abandonment and neglect to support on the part of you, the defendant, and praying for the custody of the minor children, for alimony, for attorney's fees and costs and for general relief, and unless you appear or answer the complaint in said cause in said court, on or before the 21st day of April, A. D. 1902, judgment by default will be rendered against you and the said plaintiff will apply to the Court for the relief demanded in her said complaint.

W. E. DAME, Clerk.

JOHN H. STINGLE, Attorney for Plaintiff, Albuquerque, N. M.

(Homestead Entry No. 6792.)

Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., March 3, 1902.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the probate clerk of Bernalillo county, at Albuquerque, N. M., on April 10, 1902, viz: Miramon Lucero y Garcia, for the S 1/2 NW 1/4, N 1/4 SW 1/4, sec. 35, T. 9 N., R. 6 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Santiago Garcia y Velasquez, Andres Lebario, Manuel Gutierrez y Garcia, Juan Lobato, Oter of Escobosa, N. M.

## Railroad Topics

George DeMott, engineer, has taken a leave of absence, and will visit the oil fields of McKinley county.

The new superintendent of bridges and buildings of the western grand division of the Santa Fe is B. F. Mills.

S. W. Marshall, a well known fireman, has gone to Chicago on a sixty days visit with relatives and friends.

Steel is now being laid on the extension of the Arizona and New Mexico railroad from Lordsburg toward Hachita.

The town of Deming has gained 50 per cent in population in four years, and is getting considerable railway traffic.

The new Santa Fe machine shop at Topeka, now under construction, will be the largest in the west when completed.

It is reported that a surveying corps is at work in Grant county on a projected line to run through Gallup on to Durango, Colo.

The general manager of the culinary department of Fred Harvey's railway hotels, V. Vizetti, was here today looking over the new hotel.

Work on the Tombstone branch of the El Paso & Southwestern railroad, between Fairbank and College Peak, is expected to begin very shortly.

Charles Johnson passed through the city for El Paso. He is the general western agent of the New York, Chicago & St. Louis railroad, with headquarters at Denver.

J. B. Horner, a brother of ex-Alderman I. B. Horner, of this city, passed through the city on his way to Phoenix. He is the general manager of the Nickel Plate railroad, and en route east will stop over a few days here.

Already seven special trains to California over the Santa Fe have been engaged by the club women of the United States who are planning to attend the biennial of the club women at Los Angeles on May 1.

A report from Oklahoma states that the town of Sepulpa is to be for the present the eastern terminus of the Arkansas Valley & Western railroad. The road is to be built between Enid and the main line of the Frisco.

Between Deming and Douglas five telegraph offices are in operation, viz: Deming, Deming Junction, Core Creek and Slaughter. An office will shortly be opened at Hachita, the junction with the Arizona and New Mexico.

The El Paso Herald says: "Chas. F. Whitteley, the chief architect of the Santa Fe system, who has recently opened offices in this city, was here to consult relative to the erection of some buildings west of Albuquerque."

Senator Burton has introduced a bill in the senate authorizing the construction by the Central Arizona Railway company of a line through the San Francisco river forest reserve, from Flagstaff southeast to Jerome and Globe.

A. S. Weatherbee, superintendent of the Mexican Development company, purchased the large Navajo blanket at the local Harvey eating house, paying \$275 for it. Mr. Weatherbee was here last Saturday, leaving that evening for City of Mexico.

The Santa Fe will soon commence construction work on a line from the southern border of Kansas to Paul's Valley, Indian Territory, about 200 miles. This new road will tap the fertile country lying east of the Santa Fe main line to Texas.

Kansas City's railroads evidently appreciate the coming greatness of the western metropolis. It is now expected that they will build a union station superior to the union station in St. Louis, to be built at a cost of \$4,000,000. This would cost each of the ten roads \$400,000.

Another contemplated extension of the Santa Fe Pacific is from Thoreau, about one hundred miles west of Albuquerque, to Durango, Colo. This proposed route is exactly a part of the proposed route of the Clinton & Durango road and would pass through a virgin coal, timber and agricultural country.

The Southern Pacific company has filed articles of incorporation by which it consolidates all its property in California, Arizona and New Mexico, under one company, which will be known as the Southern Pacific Railway company. Its capital stock is fixed at \$155,455,000, making it one of the largest companies in the United States.

The Topeka State Journal says: Wednesday the new engine hoist which the Santa Fe is to put in service at Albuquerque shops, but which has been held here for several days in order that it might be put together, was being loaded for shipment to that place. It was designed by Superintendent of motive power Henderson and will be an important part of the new apparatus there.

One of the remarkable things about the recent terrible wreck on the Galveston, Harrisburg & San Antonio road in Texas is the way in which the claims department of the road is settling up the losses of the company. Immense sums of money are being paid to the injured passengers, and every care is being given to them. Immediately after the wreck, the road sent four claims agents to the scene, and commenced adjusting claims. About \$75,000 in cash has already been paid out to passengers who were either injured or lost relatives in the disaster.

The contractors have commenced laying the ties and rails on the Dawson road west from Dover, the point of connection of the road with the Santa Fe. The switch was put in last week and the real laying of the track is now going on at a rapid rate. Twenty-four carloads of rails are side tracked at Springer ready for use. Everything looks favorable for a speedy finish for that part of the Dawson road to

### Use Allen's Foot-Ease.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and damp, and get tired easily. If you have aching feet, try Allen's Foot-Ease. It cures the feet and makes new or tight shoes easy. Cures chilblains, swollen, sweating feet, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe dealers. 25 cents. This package free. Address, Allen S. Olmstead, Le Roy, N. Y.

connect with the Santa Fe. Large quantities of coal are on the dumps at the Dawson mines waiting the finish of this part of the road for shipment.

The Atchison, Topeka & Santa Fe has let a contract to L. L. Summers, consulting engineer, Rookery building, Chicago, for a power plant to be erected for furnishing power and light to the shops at Topeka, Kas. The equipment of the plant will include 1,500 horse power engines, directly connected to direct current generators. There will be about 1,500 incandescent lamps and 175 arc lights distributed about the shops and yards. There will also be some 750 horse power electric motors used for driving the various machines, traveling cranes, transfer tables, etc.

Under the management of S. E. Buser, superintendent of reading rooms for the Santa Fe system, a splendid system of resorts for Santa Fe men is being built up. The reading room system is encouraged by the Santa Fe because it is believed to be a good business investment, by educating and encouraging the men in the employ of the road. The reading rooms of the system are at Emporia, Newton, Dodge City, Purcell, I. T., Woodward, Okla., La Junta, Colo., Raton, N. M., San Marcial, N. M., Albuquerque, N. M., Winslow, Arizona, Seligman, Arizona, Needles, Cal., Barstow, Cal., and East Yards, Cal.

Lockjaw From Cobwebs. Cobwebs put on a cut lately gave a woman lockjaw. Millions know that the best thing to put on a cut is Bucklen's Arnica Salve, the infallible healer of wounds, ulcers, sores, skin eruptions, burns, scalds and piles. It cures or no pay. Only 25c at all druggists.

### SANTA FE ROAD.

Activity in Railroad Building in New Mexico.

The management of the Atchison, Topeka & Santa Fe railroad seems to be greatly exercised over the fact that the Chicago & Rock Island has, by constructing its line to El Paso, secured a shorter route than the Santa Fe to the Pacific coast, says the Denver Republican. Wherefore, according to report, the latter is to construct a line from its Pecos valley road to a point somewhere on the old Atlantic & Pacific, which would make a through route shorter than the Rock Island.

In the event that the proposed extension is built it will, in connection with other lines now building or in contemplation, revolutionize the traffic relations of southeastern New Mexico. The part of New Mexico in question has always been cut off from the remainder of the country except for the little railroad in the Pecos valley and, recently, the line from El Paso north to Alamogordo. Its resources have remained undeveloped, and it has been so inaccessible that comparatively few men have entered it.

Its development will undoubtedly be stimulated by the construction of the proposed lines. The Rock Island will cross it from near the northeastern corner of the territory to the boundary just north of El Paso. A new road is about to be built from Santa Fe to connect with this Rock Island line; and now comes the Santa Fe with the declaration that it will construct a road across the region under consideration from east to west at nearly its central point. A great stimulus will be given the development of New Mexico and more or less to the whole southwest.

### Chronic Diarrhoea.

Mr. C. B. Wingfield, of Fair Play, Mo., who suffered from chronic dysentery for thirty-five years, says Chamberlain's Colic, Cholera and Diarrhoea Remedy did him more good than any other medicine he had ever used. For sale by all druggists.

### INCREASED EARNINGS.

Santa Fe and Rock Island Among the Leaders in the Race.

Passenger department earnings of the railroads generally have been increasing steadily for some time past at a rate sufficient to deserve marked attention. Aggregate earnings of these departments, as shown in the last report of the Interstate Commerce commission, amounted to \$126,909,210. This was more than the annual aggregate of the government receipts up to 1898, or the value of seven years' gold production of the country at the present rate of output. The sum named shows an increase over the 1900 record in excess of \$23,000,000, and over 1899 an increase of \$66,000,000, which gives an idea of the more recent progress that has been made.

Among the roads showing gains of from 30 to 50 per cent were the Missouri Pacific, Union Pacific, Burlington, Southern Railway, Santa Fe, Southern Pacific, Northern Pacific, Great Northern, Wabash and Rock Island; although traced to its source, it could not doubt be demonstrated that in a majority of these cases results improved to no small extent as the outcome of important additions to mileage operated. In some instances new construction has taken place, in others consolidation, and in many cases both of these influences have operated.

When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take, being sugar coated, and pleasant in effect. For sale by all druggists.

Saved From Water Famine. The Santa Fe correspondent of the Denver News let Albuquerque and other sections of the territory alone long enough to tell the people that the recent snow at the capital saved that town from a water famine. He telegraphed the following to the News under date of March 14: Santa Fe today experienced the first really disagreeable day of the winter. A fall of a quarter of an inch of snow in the city and of twenty inches in the mountains was preceded by a sand storm, the wind blowing thirty miles an hour. Toward evening the clouds broke. The snow fall in the mountains comes at an opportune time as a water famine was

feared. This evening the temperature is steadily falling, it being down to 30 degrees at 6 o'clock.

### For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe thorough and gentle. The very best pills. J. H. O'Reilly & Co.; B. H. Briggs & Co.

### AGRICULTURAL COLLEGE NOTES.

From the Las Cruces Progress. Miss Mae Sebbins, one of our popular old students, is teaching in Bland, N. M.

Arthur Williams and Arthur Hinton, old students of this college, came to see how it was getting along, the other day.

Professor Tinsley has a class of twelve in advanced physiology. It is refreshing to see how much larger our classes are than they were last year. Russell Stinnett was so much pleased with the San Juan country that he will go there soon and engage in business. His class is very sorry to lose him.

On Wednesday evening Miss Macgregor asked a few friends in to spend the evening, and to meet Miss Siddell and Miss Luce, of Chicago. These young ladies are guests of Mrs. Bowman.

We are pleased to note two well deserved promotions in the mechanical engineering department. Professor Mills succeeds Professor Brady, who resigned last winter, and Mr. Sage takes Professor Mills present position.

### For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

### Silver City Sanitarium.

Yesterday morning the contract for the addition to St. Joseph's sanitarium was let to the Black & Atkins company. The complete addition will cost \$35,000 and will contain accommodations for fifty patients. Work will be begun at once and the first building will be completed July 1, of the present year.

The structure has been carefully planned to meet all the exigencies of a modern sanitarium for the treatment of tuberculous invalids, and will form a square, or, in other words, be built around a court in the old California mission style. It will have porches outside and inside, upon which each room opens by means of French windows.

The dining room, kitchen and research laboratory will be in separate buildings. The plumbing has been especially planned and will be modern in every particular.

Architecturally, as well as industrially, and economically, the new sanitarium will be a splendid addition to the resources of our city.—Enterprise.

### The Vice of Nagging.

Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. All druggists guarantee satisfaction.

### Breeds Death at Las Vegas.

A special dispatch from Las Vegas to the Denver News, under date of March 14, says: The cold weather of March has increased the mortality rate here considerably, ten people having died here during the past week. The mortality is greatest among the young people and children, the former dying of consumption and the children of diphtheria. Five persons were buried today, three children, Mrs. Epe-menia Lopez, who died of pneumonia, and a William Eddinger of Muncie, Ind., who died of consumption.

Moki Tea Positively Cures Sick Headache.

Indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y.

## More Harmful Than Alcohol

### Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overeating exceeds that caused by the use of alcohol or whiskey. Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

### Kodol Dyspepsia Cure

Cures all Stomach Troubles. Prepared only by E. C. DeWitt & Co., Chicago. The 51c. bottle contains 2 1/2 times the 50c. size.

### DeWitt's Little EARLY RISERS

## The Mexican Central Railway Co., Limited

Calls attention to the fact that: It is the only Standard Gauge Route from the United States frontier to Mexico City.

It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas.

It is the only line by which you can travel without change from Kansas City, Mo., to Mexico City.

It is the only line by which you can travel without change from St. Louis, Mo., to Mexico City.

The lines of the Mexican Central Railway pass through 15 of the 27 states of the Republic. Eight million of the thirteen million inhabitants of Mexico are settled contiguous to them.

The principal mining regions receive their supplies and export their products over it. Chihuahua, Sierra Mojada, Mapimi, Fresnillo, Parral, Guanacevi, Durango, Zacatecas, Guajajuato, Sombrerete, Pachuca, etc., etc.

When You Travel for Business, Go Where Business is Done.

There are only five cities of over 35,000 inhabitants in the Republic of Mexico that are not reached by the Mexican Central line.

The following ten cities are reached only by the Mexican Central Railway:

Chihuahua 30,098 inhabitants; Parral 16,382; Zacatecas 34,438; Guajajuato 40,580; Leon 63,263; Guadalajara 101,208; Queretaro 38,016; Zamora 12,533; Aguascalientes 37,816; Irapuato 19,640.

It also reaches the cities of Torreon 13,845; San Luis Potosi 60,558; Tampico (Mexican Gulf port) 16,313; Celaya 25,565; Pachuca 37,487; City of Mexico 368,777.

Daily Pullman service between St. Louis, Mo., and Mexico City, also between Kansas City, Mo., and Mexico City, and vice versa.

C. R. HUDSON, G. F. & P. A. W. D. MURDOCK, A. G. P. A., Mexico City. W. S. MEAD, Commercial Agent, El Paso, Texas.

### LOCAL PARAGRAPHS.

Mayor Amado Chaves, of Santa Fe, spent today in Albuquerque.

It is reported that only one saloon in old town was open yesterday.

The ticket cases in the new depot are receiving a coat of varnish today.

Carlos Baca, sheriff of Valencia county, came up from Los Lunas this morning.

The green appeared bright and early this morning on the coats of patriotic followers of St. Patrick. Nor was confined to the Irish, for those of other nationalities honored the patron saint of Ireland by wearing the green. There was no special observance of the day here.

Judge W. H. Newcomb, of Silver City, who is interested in mining in the Burro mountains, passed through the city this morning bound for Denver, where he goes to buy mining machinery. Mr. Newcomb represents the Southwestern Copper company, which has just recently leased the St. Louis copper mine.

O. B. Harding, who recently bought the Old Mountain Key mine, which is located in the Burro mountains, passed through the city this morning en route from Pinos Altos to Chicago. The Mountain Key was once a valuable mine, having produced more than half a million dollars worth of ore. It has been idle about eight years.

David Inness, who sojourned in Albuquerque for several months last year and then left for southern California, passed through the city yesterday morning on his way to his old home in South Dakota. He is in exceedingly poor health and stated yesterday that he made a mistake by leaving here and going to southern California.

Judge L. P. Deming, from the Burro mountains, passed through the city this morning en route to visit his family at New Haven, Conn. Judge Deming represents the Alessandro Copper company of the Burro mountains and says that the company has about twenty claims in operation and that some of them are turning out some fine ore.

Col. E. A. Grunsfeld, ex-postmaster of Albuquerque under Cleveland's administration, now a full fledged New York republican, stated this morning that he and wife have enjoyed their visit to Albuquerque relatives and friends, and would return to New York, leaving here in a few days. The colonel says it is to his interest to be a republican, hence his reason for hopping.

L. S. Cass, president of the Waterloo & Cedar Falls Electric company, and party passed through Albuquerque this morning in their private car, en route from Mexico to Cedar Falls, Iowa. The party consisted of Mr. Cass and daughter, Miss Zatha, Mr. and Mrs. C. P. Braton, Mrs. B. F. Burton, Mrs. H. A. Brown and Mayor Robinson, of Cedar Falls, and Herbert Taylor, of Onondaga, New York.

John Ducker, who came here from Kentucky about three years ago, died at his rooms on North Third street Saturday evening, after a short illness, of heart trouble. He was 54 years old and single. A brother was present at the time of death. The funeral was held at 3 o'clock yesterday afternoon from O. W. Strong & Son's undertaking parlors. Interment was made at Fairview cemetery.

S. W. Young, Andy Horn and E. Sullivan, prominent citizens of Bland and the Cochiti mining district, are in the city today, interesting local owners of Cochiti mines in the Home Milling company, which was recently organized at Bland. The gentlemen state that Bland people have subscribed over \$5,000 in the company, but it is the desire of the promoters to increase the capital of the company to \$12,000, hence their visit to Albuquerque.

### CHOICE

Dressed broiling chickens, dressed turkeys, dressed hens, fresh fish, Patent Case oysters, fresh shrimps, prime Kansas City roasts and steaks, fat young mutton, spring lamb, tender veal, beef brains, spare ribs, calf's liver, baked hams, fresh tomatoes, smoked white fish, Kansas apples, fourteen varieties fresh cheese.
