Albuquerque Citizen

VOLUME 16 ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, MARCH 14, 1902 NUMBER 95

SHOOTING AFFRAY.

A Possible Murder at Cerrillos.

The Mexican Roads Will Be Absorbed.

Texas Anti-Trust Law Affected by a Recent Decision.

SNOW IS GENERAL.

Special to The Citizen.
Cerrillos, N. M., March 14.—
N. E. Crenshaw, a barber here,
last night night about 8:30 shot
Ed. Hull, a liveryman, twice.
One ball inflicted a flesh wound
and the other lodged in the inter-
tines and has not yet been found.
Hull may die.
Miss Annie Hull, a sister of the
Hull brothers, who is about 17
years old, was with Crenshaw in
the sitting room of the Palace
hotel. To this her brothers ob-
jected, and Ed. Hull went to take
her home. She refused to go, but
Crenshaw came out, when they
had some words. It is said Hull
struck Crenshaw, when the latter
shot twice with the above effect.
Crenshaw is under arrest.

A BIG COMPANY.

Will Absorb Road From Laredo to City of Mexico.
Salt Lake, Utah, March 14.—Articles of incorporation were filed with the secretary of state today of the National Railroad company of Mexico. The capital is \$55,350,000, and the object is to build and operate a railroad from Laredo, Texas, to the City of Mexico. Provision is made for the purchase of certain railroad lines in Texas. Edward H. Warren, of New York, is named as president and George H. Smith, of Salt Lake, as secretary. Smith is an attorney.
The articles of incorporation state the company will purchase the San Luis de la Paz y Pozos Railway company's line from near Dolores Hidalgo to San Luis de la Paz, the unconstructed line from San Luis de la Paz to Pozos and from Dolores Hidalgo to Guanajuato, all in the state of Guanajuato; also the Mexican National Railroad company's property, including its main line known as the International, extending from New Laredo, to the state of Tamaulipas, Mexico, to the City of Mexico, together with its branch lines.
The total length of the new line, including the branches, will be about 1,500 miles. The company was incorporated in Utah for the reason that the laws of this state are more favorable to the enterprise than the laws of many other states.

TEXAS LAW AFFECTED.

Attorney General Believes the Anti-Trust Law is Annulled.
Austin, Texas, March 14.—Prominent Texas lawyers assert that the Illinois anti-trust decision seriously affects the statute of this state which bears on that issue. Attorney General Bell says he thinks the Texas law is annulled.

SNOW EVERYWHERE.

An Unbroken Storm From Washington to Albuquerque.
Salt Lake, March 14.—Since last evening snow varying in depth from three inches to nearly two feet, has fallen over the entire intermountain region. The storm is extended over eastern Washington, Oregon, Idaho, Wyoming, Montana, Nevada, western Colorado, Utah and northern New Mexico. In Utah the snow was especially heavy in districts where the precipitation has been far below normal, and much good will result.

OFF—THEN ON.

Boston Strike Was Settled and Later Renewed.

Boston, March 14.—The strike having ended last night through concessions made by the railroads, tremendous efforts were made today by the strikers who resumed work to relieve the congestion of traffic.

RENEWED THE STRIKE.

Boston, March 14.—The longshoremen and freight handlers have renewed the strike, refusing to work unless taken back in a body.

Envoys in Chicago.

Chicago, March 14.—The Boers envoys, Wolmarans and Wessels, accompanied by Montague White, arrived here today. The visit to Chicago is said to be for the purpose of conferring with the officers of the Chicago Transvaal League.

Strike is General.

Providence, R. I., March 14.—The strike of the American Woolen company's weavers in the National, Providence, Riverside and Weybosset mills in Olneyville, and the mills in Manton has become practically general among

the union employes throughout these plants.

WOLSELEY WILL GO.

British Field Marshal Will Look Over the Situation.
London, March 14.—Field Marshal Lord Wolseley will start for Cape Town tomorrow. Although officials deny that his trip is anything but a private visit, gossip connects it with the military situation.
Lord Wolseley, himself, says his trip is entirely private.

RAILROAD PROMOTION.

W. B. Scott Becomes Division Superintendent of the Southern Pacific.
Houston, Texas, March 14.—W. B. Scott, heretofore division superintendent of the Gulf, Colorado & Santa Fe, has been appointed division superintendent of the Southern Pacific with headquarters at San Antonio, where J. T. McQueeney, retired on account of ill health.

Science Hall Burned.

Missoula, Mont., March 14.—Science Hall, at the State university, was practically destroyed by a fire which started about 1:30 this morning. The loss is over \$100,000.

ROCK ISLAND NOW.

Albuquerque is Near An Air Line to the Pacific.

WILL BEAR WATCHING.

Now that the Choctaw line has practically been assured for Albuquerque, that inducements for the Albuquerque Eastern have been presented and are well under way, the same vigilant eye which has been watching the Choctaw may well be turned on the Rock Island. No system in the country is more secretive in its plans and its own engineers know absolutely nothing of future movements. Within the past year one of the high officers said the road would own its own line to the Pacific coast within three years. Will that line go through Albuquerque? No announcement of plans has been made by the faction which secured control at the last annual meeting but past and present building shows an activity in the southwest.
The Rock Island built under its own name and on its own responsibility that part of the El Paso extension from Liberal, Kan., the former terminus of the line, to Santa Rosa. From Santa Rosa to El Paso, the El Paso & Northeastern company built the line and each company operates its own part of the line. Who holds the stock of the El Paso & Northeastern is, of course, not known, but it is known that a good portion of it is held by those living in Scranton, Pa. Whether or not there exists a connecting cord between the gentlemen from Pennsylvania who are heavily interested in the El Paso & Northeastern and very close to the Rock Island management and the gentlemen from Pennsylvania who are interested in the Albuquerque Eastern, they alone know.
But whether there is or not, would the Rock Island build its own line and operate in its own name a road to Santa Rosa only merely for the sake of Mexican business and Pacific business which it would get over other roads.
It has long been understood that the road has had under consideration building a line from Chickasha, Oklahoma, to Fort Smith, Ark., through the heart of Indian Territory and an air line. Preliminary surveys along that line have been made. There is now in operation a branch from Chickasha west through Mountain View to Mangum, ninety-eight miles long. This line was completed within the past year. From Mangum to Santa Rosa is almost an air line west and the distance between those points is less than the El Paso line just completed. Should these connections be made, it would give the Southern Pacific, Rock Island, Choctaw, Missouri Pacific and Frisco east and west lines about equally distant from each other. The Rock Island now has under construction an extension to the west thirty miles long, from Jackboro, Texas. Its building operations now are all to the west and it is a peculiar coincidence that an air line west from Santa Rosa strikes Los Angeles, Cal. It passes through New Mexico a little north of Socorro and through Arizona about Prescott. A deviation of a hundred miles will doubtless have to be made and Albuquerque is within that distance of the air line. It has well paid Albuquerque to keep its eye on the Choctaw air line west. It will cost nothing to now turn that watchful eye on the Rock Island westward building and its air line to the coast.

DENMARK APPROVES.

Lower House of Parliament Ratifies West Indies Sale.
Copenhagen, Denmark, March 14.—The folketing, the lower house of parliament, by a vote of 88 to 7, approved the treaty providing for the sale of the Danish West Indies to the United States. The treaty now goes to the upper house.

A BIG DEAL.

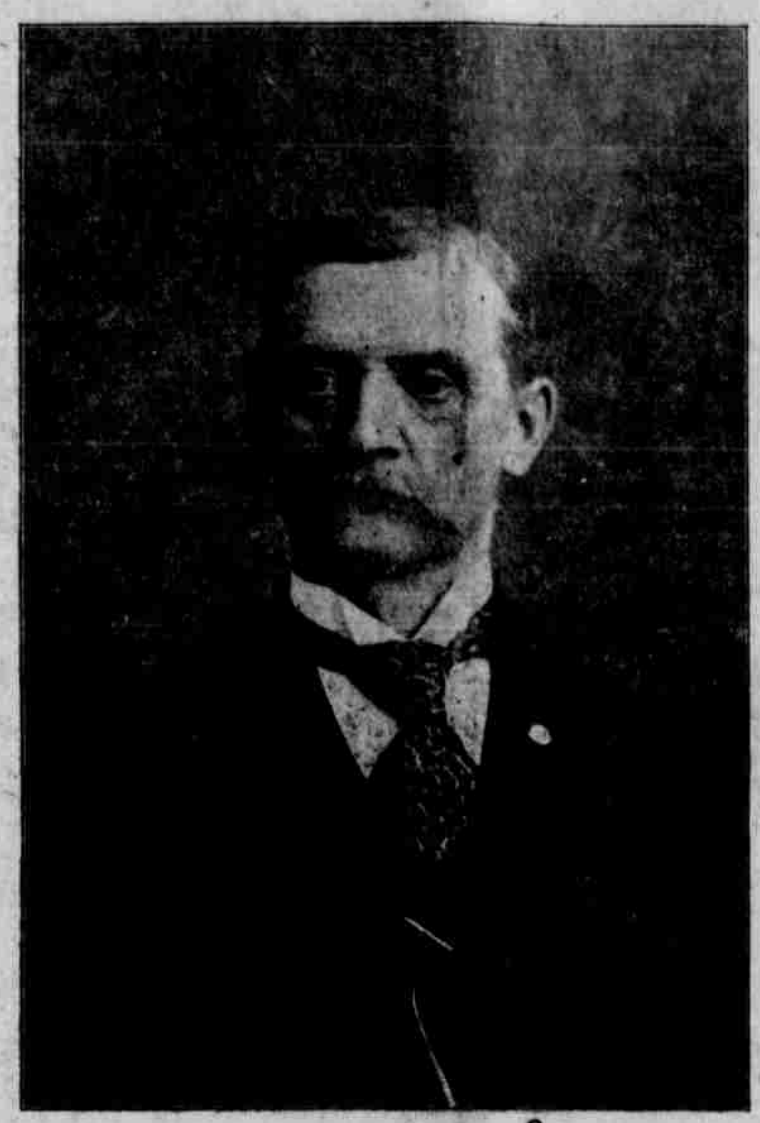

Frederico Terrazo Sold 25,000 Head of Cattle.
Fort Worth, Texas, March 14.—Frederico Terrazo, son of a former governor of Chihuahua, Mexico, is here closing one of the largest single firm deals ever made. The sale will include 25,000 head of cattle, which will go to Colorado, Montana, Wyoming and the Dakotas. The terms are private.

DENMARK APPROVES.

Lower House of Parliament Ratifies West Indies Sale.
Copenhagen, Denmark, March 14.—The folketing, the lower house of parliament, by a vote of 88 to 7, approved the treaty providing for the sale of the Danish West Indies to the United States. The treaty now goes to the upper house.

ALTGELD FUNERAL.

The Body will Be in State All Day Tomorrow.
Chicago, March 14.—The funeral services of John P. Altgeld, former governor of Illinois, were held at the Altgeld home in Sheridan Park today. The judges of the Cook county bench, of which the deceased was once a member, attended in a body. Many flags were at half mast throughout the city.
Rev. Frank Crane, of the People's church, preached the funeral sermon and Clarence S. Darrow, the former governor's law partner, delivered an address. Both paid high tributes to the sincerity and courage of Altgeld. Tomorrow the staff of Governor Yates will escort the body to the public library, where it will lie in state from 10 a. m. to 10 p. m.

HON. W. E. KELLY, Grand Master of the Grand Lodge, I. O. O. F., of New Mexico.

PRIVATE BILL DAY.

Regular Order of Business in House Was Postponed.
Washington, March 14.—Today was private bill day in the house under the rules, but by agreement the regular order was postponed until tomorrow in order that the house might proceed with the consideration of the postoffice appropriation bill. A resolution was adopted to authorize the secretary of war to loan tents to the Texas Confederate Union association which meets at Dallas, April 22.
The conference report on the diplomatic and consular appropriation bill was adopted. The house then resumed consideration of the postoffice appropriation bill, which was passed.

ST. LOUIS STRIKE.

About 1,400 Painters, Decorators and Paper Hangers Out.
St. Louis, March 14.—According to the strike order issued by the International Brotherhood of Painters, Decorators and Paper Hangers every member of the organization in St. Louis will strike this afternoon for higher wages. About 1,400 men will be affected.

Rodenburg Resigned.

Washington, March 14.—William A. Rodenburg, of East St. Louis, Ill., today submitted to President Roosevelt his resignation as a member of the United States civil service commission, to take effect April 1. Richard Dana, of Boston, has been mentioned as the probable successor.

OFFICIAL MATTERS.

Territorial Funds—Pension Granted—Requisition Issued.

RAILROAD PLAT FILED.

F. O. Blood took charge of the post-office of East Las Vegas, succeeding Postmaster Carruth.

TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn received from J. A. LaRue, secretary of the territorial cattle sanitary board, \$1,500 fees and proceeds of the sale of strays.

PENSIONS GRANTED.

Pensions have been granted to Manuel D. Benavides, of Las Vegas, San Miguel county, \$4 a month; Ruperto Lopez, of Old Albuquerque, Bernalillo county, \$48 a month; Frank D. Kennett, of Kingston, Sierra county, \$12 a month.

REQUISITION ISSUED.

Upon the application of District Attorney Jeremiah Leahy, of Raton, Governor Oestre issued a requisition for Thomas Wooley, who is in jail at Des Moines, Iowa, and who is wanted in Raton for the cold blooded murder of a colored gardener.

INCORPORATION.

The Portales Wire Reeling Machine company filed incorporation papers, the incorporators and directors being Joseph Lang, William O. Dunlop and Charles Mann. Headquarters at Portales, Chaves county. Capital, \$10,000, divided into 1,000 shares.

PLAT FILED.

The Santa Fe Central Railroad company filed a plat for the Gallateo cut-off of 32.36 miles. The cut-off leaves the main line north of its intersection with the Santa Fe system at Kennedy, then runs east of the main line and east of the O'Mara coal fields, almost passing through Gallateo, to a junction with the main line near Moriarty's ranch. This cut-off will make the distance from Santa Fe to Torrance some ten miles less. Senator W. H. Andrews told a New Mexican representative that the building of this cut-off does not mean that the main line between Kennedy and Moriarty's will not be built. Both lines, although paralleling each other, will be built.

A Democratic Caucus.

Washington, March 14.—Among the democratic members of congress a numerously signed petition is being circulated today asking Representative Hay, the caucus chairman, to call a caucus the 19th to formulate a policy in reference to the Boer war.

United States Attorney.

Washington, March 14.—The president today appointed Carl Rasche United States attorney for Montana.

INTRODUCED.

Statehood Bill Before the House.

A Change of the Name is Suggested.

Amendment to Increase Representation in Senate.

BOERS BROKE THROUGH.

Special to The Citizen.
Washington, D. C., March 14.—
The house committee on territories today unanimously authorized Chairman Knox to report an omnibus bill for the admission of territories. The omnibus report includes New Mexico, Oklahoma and Arizona.
The constitutional convention will adopt a name for New Mexico. Several members of the committee are in favor of a change of name and Lincoln has been suggested. A change of name might help admission.
The omnibus bill was introduced and Delegates Rodey from New Mexico, Flynn from Oklahoma and Smith from Arizona spoke.
Mr. Moon, of Tennessee, was authorized to report the bill giving Indian Territory a territorial form of government under the name Jefferson territory.

ANOTHER ACCOUNT.

Washington, D. C., March 14.—The house committee on territories today decided upon the "omnibus" territorial bill which will provide for statehood for Arizona, New Mexico and Oklahoma; instead of separate statehood bills for each territory. These bills have heretofore been separate, but today they were harmonized in their provisions and Chairman Knox was authorized to incorporate them into one measure.

INCREASE SENATORS.

Amendment Providing for Representation According to Population.
Washington, March 14.—The senate resumed consideration of the ship subsidy bill. Mr. Foraker said while he expected to vote for the bill, he was not entirely satisfied with it. He was of the opinion that the most equitable way to rehabilitate the merchant marine of the United States would be to inaugurate a policy of discriminating duties under which the fathers of our country made our merchant marine the pride of the country, but he recognized the impossibility of securing a majority in favor of the policy of discriminating duties.

BROKE THROUGH.

British Block House Line Don't Stop the Boers.
Hillbom, Orange River Colony, March 14.—On Tuesday, the 11th, Commandant Mentz, with the Hillbom commands of Boers, broke through the Hillbom-Wolve-Hoek blockhouse line at Gottenburg. The Boers have been pursued several days. So far as known, only one Boer was killed. The British columns, during the pursuit of Commandant Mentz, picked up scattered parties of Boers, aggregating fifty men.

Two Burned to Death.

New York, March 14.—A fire that destroyed the postoffice at North Pelham today burned to death Edward Yocum, 13 years old and a newsboy, and Mrs. Thomas Duane, wife of a motorman on the Union railway.

No More Bonds.

Washington, March 14.—The secretary of the treasury will discontinue the purchase of bonds tomorrow afternoon at the close of office hours.

Cecil Rhodes Weaker.

Cape Town, March 14.—Cecil Rhodes is weaker today.

Miss Sadie Champion, daughter of Mrs. S. Champion, living on South East street, is nursing a very sore arm. Last night while reaching over a box, containing some knives and forks, the young lady had the misfortune to run one of the knives through the fleshy part of her right arm. The accident is nothing serious but it will be some time before the injured girl will be able to resume her studies at the Central school. Dr. Bard Jones dressed the wound.

Fourteen novel and comical masquerade suits, destined to decorate fourteen members of the local Knights of Pythias at the ball to be given at Colombo hall on Monday night by the Woman's Relief Corps were received at B. Ruppe's drug store this morning.

New Mexico demands Statehood
from the Fifty-Seventh Congress.

Terms of Subscription:

Daily, by mail, one year, \$5.00
Daily, by mail, six months, \$3.00
Daily, by mail, three months, \$1.50
Daily, by mail, one month, .50
Daily, by carrier, one month, .75
Weekly, by mail, per year, \$2.00
THE DAILY CITIZEN will be delivered
in the city at the low rate of 20 cents per
week, or for 75 cents per month, when
paid monthly. These rates are less than
those of any other daily paper in the
territory.

Albuquerque should own the gas,
water and electric light works.

Roswell will be one of the 10,000
population cities when the next census
is taken.

The Citizen is leaving nothing un-
done to advertise the resources of New
Mexico.

Roswell can come to the Territorial
fair next fall over the new Santa Fe
short line.

Director Merriam, of the census de-
partment says there are only 183 trusts
in America.

Within the next five years Alberque-
que will be a greater railroad center
than El Paso.

Albuquerque, Raton and Roswell are
destined to be the three largest cities
of New Mexico.

Vacant lots, held for speculative pur-
poses, should be doubly taxed by the
county assessor.

The postal authorities should estab-
lish a rural mail delivery from Raton
to Johnson's Mesa.

Farmington is a growing town in
San Juan county, and will soon have a
well established bank.

Public sentiment in New Mexico ap-
pears to be opposed to rigid laws in re-
gard to what one shall eat and drink.

All the republicans ask at the ap-
proaching city election is a fair deal
and an honest count of the legal votes
cast.

This city has a first class school
board. R. W. Hopkins should be kept
in the position of president of the
board.

Cuba will begin to govern itself with-
out a public debt and in receipt of cus-
toms revenues amounting to \$16,000-
000 a year.

Insanity is said to have shown an
increase of 5 per cent in the United
States during the last year over any
similar period.

The reduction in the number of
troops in the Philippines from the
present mark of 40,000 to about 31,000
will soon begin.

It is said that there are more secret
societies in the Philippines than in
any other country on the globe—un-
less it be the United States.

Las Vegas has determined to become
a mining center. Elsewhere in the
Citizen may be found a sketch of the
copper prospects in that vicinity.

Taos county is celebrated as a fruit
region. The Taos Cresset says large
orders have been placed with nurseries
by the fruit growers of that valley.

Having secured assurances of the
building of necessary eastern rail-
roads, this city should devote itself to
securing a line to Durango, Colorado.

The El Paso Herald is hereby in-
formed that prize fights cannot take
place in New Mexico. There is a fed-
eral law forbidding prize fights in ter-
ritories.

The Boers are performing wonders
considering their limited resources.
They have to improvise supplies and
ammunition and have no settled base.

Nevertheless, they seem to keep in
good condition, turn up in force in un-
expected quarters and seldom strike
an ineffective blow.

Tomorrow The Citizen will publish
an illustration and descriptive sketch
of the Territorial School of Mines at
Socorro. A large extra edition will be
published.

The census bureau on the lumber in-
dustry says there are 35,025 establish-
ments, with an aggregate capital of
\$611,611,524 and 43,322 proprietors and
firm members.

Last year the United States produc-
ed 185,000 tons of best sugar, an in-
crease of 108,000 tons over 1900. Forty-
two factories were in operation last
year, with nine in course of construc-
tion.

The New Mexico statehood bill is
almost sure to pass the house of rep-
resentatives. The bill will meet
with vigorous opposition in the senate,
principally from the New England
states.

A revised version of "Uncle Tom's
Cabin," changed to conform to the
southern standard, has been prepared
by an Arkansas man. It is surmised
that it represents Uncle Tom stealing
chickens.

To bring a child up in an atmosphere
of books, to surround him with the
works of great minds from his infancy,
and lead him gradually to an apprecia-
tion of the works of the intellectual
giants of the race, is equal to a liberal
education.

McKinley county is one of the most
prosperous portions of New Mexico.
Gallup, the county seat, is destined to
become a noted manufacturing center
on account of the abundance of coal
almost within the limits of the town.

President Roosevelt's first veto was
of a bill to remove the charge of deser-
tion against a man named John Glass,
who left the army in 1864. The presi-
dent will overlook a great many in-
dignities, but not that of desertion, of
which he says "there can be no graver
crime."

MEXICO'S ABLE PRESIDENT.
Porfirio Diaz has been president of
Mexico for many years, having been re-
elected term after term since the death
of President Juarez, by whom the
Mexican "empire," established by Na-
poleon III., was brought to its tragic
end. President Diaz found Mexico a
distracted state, continually in the
throes of revolution. He will leave it
an orderly and prosperous community.
He has some time yet to serve of the
last term to which he was elected, but
his age precludes the possibility of his
accepting another election, and it is
said that he is desirous of retiring as
soon as possible. The world has been
so accustomed to associating the name
of President Diaz with stability and
prosperity in Mexico that some anxiety
is felt, not only in Mexico but else-
where, as to the possible result of his
retirement.

ANTI-TRUST LEGISLATION.
Anti-trust legislation will be consid-
ered by the house this session. Ef-
forts will be made to secure the adop-
tion of the Ray bill, which strengthens
to some extent the Sherman anti-trust
law, so as to regulate and control cor-
porations and trusts. It has been de-
cided that the constitution must be
amended before congress can pass leg-
islation absolutely controlling these
organizations. Chairman Ray, of the
house judiciary committee, now has
under consideration a resolution pro-
posing an amendment to the constitu-
tion permitting the enactment of leg-
islation controlling trusts, together
with a bill which reinforces the Sher-
man anti-trust law and authorizes the
government to take additional steps to
regulate corporations which threaten
competition.

THE CHOCTAW ROAD.
The Santa Fe New Mexican says that
if Albuquerque secures the Choctaw
railroad, which is very likely, as dis-
patches from the east indicate, it will
divide honors with Denver and El
Paso as one of the great gateways to
the Pacific ocean from the east. The
building of the Choctaw across New
Mexico to Albuquerque would be of
immense benefit to eastern New Mex-
ico. It would probably cut through
Union, San Miguel and Santa Fe coun-
ties on its way from Amarillo to Albu-
querque. The line to Amarillo is to be
completed with a few weeks and then
the work of building the road west
from there is to be pushed with might
and main. The approaches from the
east are few. The Albuquerque East-
ern has taken up the Tijeras canyon
approach and the Santa Fe is said to
have pre-empted the Abo pass ap-
proach. The Choctaw, however, will
undoubtedly find a way into Alberque-
que if it determines to take in the
Duke city on its way to San Diego,
California. In fact, Albuquerque is on
an air line from Amarillo to San Diego.

Deming has just been incorporated.

BUSINESS LOCALS.

Economize by trading at The Econo-
mist.
Deming has increased 50 per cent. in
population in four years.
Copper, tin and galvanized iron
work.—Whitney company.
Deming water and pure ozone make
strong and healthy people.
It will pay you to see Hall & Learn-
ard before purchasing a piano.
Lap robes from 35c up at Albert
Faber's, 305 Railroad avenue.
No tuberculosis preservative or col-
oring in Matthews' Jersey milk.
Kleinwort's is the place to get your
nice fresh steak. All kinds of nice
meat.

Deming has an abundance of water for
irrigating vineyards, orchards, or
gardens.

Misses' and children's dresses just
received. Price, 75c to \$5.—Leon B.
Stern.

Buy lots and build in Deming. Your
rental returns will be 20 per cent. on
the investment.

Simon Stern, the Railroad avenue
clothing, for Knox hats. New spring
styles on sale now.

Orders taken for every known make
of stoves and ranges. Albuquerque
Hardware company.

Deming is a great health resort—
has no superior in climate for the cure
of pulmonary troubles.

Look into Kleinwort's market on
North Third street. He has the nicest
fresh meats in the city.

We are sole agents for Wheeler &
Wilson sewing machines.—Albert Fa-
ber, 305 Railroad avenue.

Why buy high priced lots when you
can get them cheap in Deming now,
with certain advance assured?

Short lengths of carpets, ranging
from one to twenty yards, at half cost.
—Albert Faber, 305 Railroad avenue.

Deming needs one hundred new
houses to supply the demand, and
needs them now. This demand con-
tinues to grow.

Simon Stern, the Railroad avenue
clothing, for the biggest line of ready
made men's and boys' clothing in the
southwest. Spring styles arriving.

Mrs. Isola Bambini, at her parlors
at the corner of Railroad avenue and
North Fourth street, is prepared to
give thorough scalp treatment, do hair
dressing, treat corns, bunions and in-
growing nails. She gives massage
treatment and manicuring. Mrs. Bam-
bini's own preparations of complexion
cream builds up the skin and improves
the complexion, and are guaranteed
not to be injurious. She also prepares
a hair tonic that cures and prevents
dandruff and hair falling out; restores
life to dead hair; removes moles,
warts and superfluous hair. Give her
a trial.

pleasure to the child, for the springs

are so light and strong that the baby's

GALLUP GLEANINGS, A GOOD PROSPEROUS TOWN.

After a sojourn of several days at Gallup, returning to the city last night, the junior member of The Citizen is thoroughly convinced that Gallup is one of the best towns in New Mexico. The Citizen has a big list of subscribers at Gallup. Read the following items of general interest:

Old Timers—Mrs. M. Raillard has retired from active business life. She, with her husband, has been a resident of Gallup for eighteen years and they are first class people. In the early days of the Carbon town, Mr. and Mrs. Raillard conducted the only bakery and restaurant of the town and did a

thriving business. Later, Mrs. Raillard engaged in the millinery and dressmaking business, and by careful attention to her customers built up a good trade. Growing tired of the life, she disposed of the millinery business to Mrs. E. F. Bocklett, and now, with her family, resides in a pretty home. Her son, Orrin, holds a position at Page's bottling works, while another son, Albert, is working as a machinist apprentice at the railroad shops. Both are good boys and are pleased that their mother can now enjoy a rest.

THE KITCHEN OPERA HOUSE, GALLUP.

Tom Tucker Assaulted—Tom Tucker, who was a deputy sheriff under W. L. Cunningham at Santa Fe a few years ago, is here as a hide inspector for a big cattle company. A few days ago, Tom, with several soldiers from Fort Wingate, was out on a spree, and the soldiers, taking offense at some thing Tom had said, knocked him down and administered several severe kicks in Tucker's face. When Tucker got loose from his assailants he made for his Winchester at Hinch's, but Mr. Hinch would not let him have it. Had he secured the weapon a few dead soldiers would have been the result of their attack, for Tom is a shooter and the people of New Mexico, especially the Borrego gang of Santa Fe, know it. Two of the soldiers were arrested and fined, and they will not visit Gallup as long as Tucker is in town.

Politics—The democrats and independents will hold a meeting at Kitchen's opera house on Saturday night for the purpose of placing a ticket in the field for the April election. Some good men are mentioned for the nominations, but the republicans, who will also nominate a ticket, are not alarmed about the result when the votes are counted on April 7.

Good County Government—McKinley county is truly in the hands of good officers and they are performing their duties to the entire satisfaction of the taxpayers. The Odd Fellows' building is used for county purposes and is conveniently arranged for the holding of court and for all office purposes. The large room will be used for the court, while on the ground floor are rooms for the probate clerk and judge, for county collector and treasurer, for sheriff and county commissioners, and for the other officers, except for assessor—the latter having his office in a neatly furnished room at the building of the Rocky Cliff Mining company. On the first of March there was in the county treasury over \$10,000 and of this amount over \$3,000 is apportioned off for the holding of court. There is a good fund for school purposes, while in all other funds there is a balance on the right side of the ledger. No debts are outstanding, and in consequence McKinley county is in first class financial condition. The commissioners are William McVicker, chairman; Edward Hart and W. L. Brotherton; D. C. Russell is the clerk, with W. W. Risdon deputy clerk; W. A. Smith, sheriff; S. Canavan, assessor; John C. Spears, collector and treasurer, with Miss Nellie Spears, deputy. Mr. Spears makes out a balance sheet, showing the amounts in each and every fund, and the amount on hand, if any, at the end of every month, and these monthly balance sheets are placed in the hands of the commissioners. The county is erecting a new jail with four steel cells, and Sheriff Smith will soon have one of the best jails in the territory for his prisoners.

Fine Public School—One of the largest and best public school buildings in the territory is located in Gallup. Prof. Larkin is the superintendent and principal. There are seven rooms, with ten grades, and about an average attendance daily of 300 pupils. In a future article The Citizen will speak at length of this fine public school.

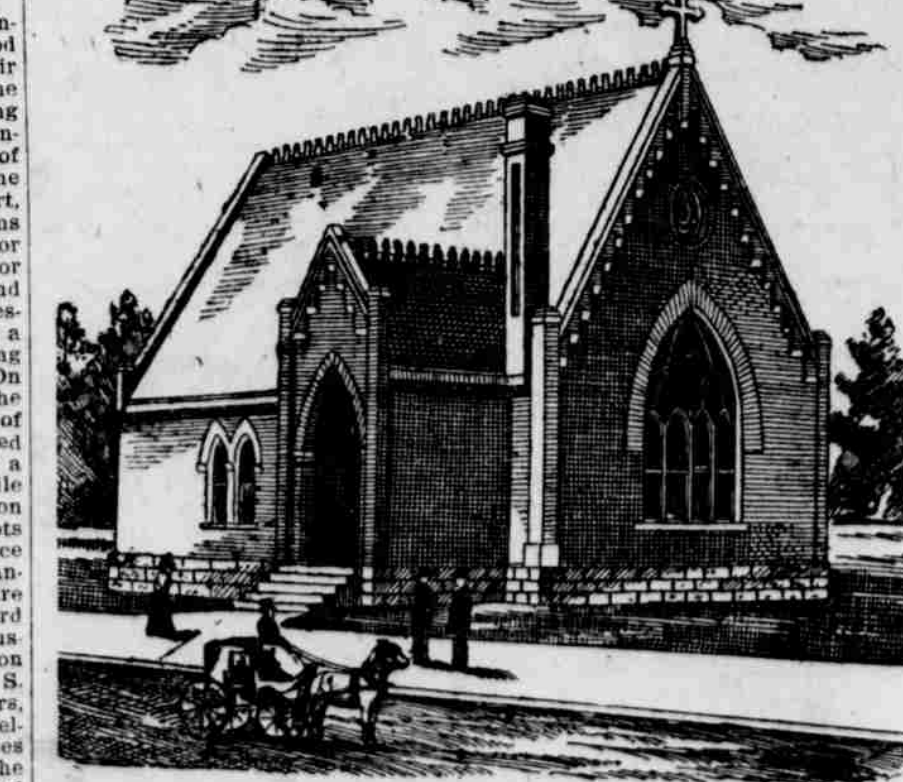

Railroad Builders—While other

towns throughout the territory are building railroads on paper, Gallup has one coming her way in reality, namely the Durango, Gallup & Clifton railroad. The Citizen representative enjoyed an hour's conversation with a Gallup railroad enthusiast yesterday, and, after the conversation, he could hear the graders at work and the mule whackers turning up the ground in good fashion. This road has already constructed thirty-eight miles to Lordsburg, in the southern part of the territory, and is pushing up the country toward Gallup and Durango. The road may not reach Gallup or Durango this

year, but it is the firm belief of Gallup citizens that it will be built through that town as soon, if not sooner, than some of the other roads now projected for this territory.

Economical City Government—Not to be outdone by the county officers, Gallup has a town board that knows how to economize and have money in the treasury. T. N. Hinch is the mayor, vice Judge Theodore Maxwell, deeded, and he thoroughly understands his duties. The other trustees are J. J. Wexlerberger, T. C. DeShon, Antonio Gardino and Alex. Elsie. K. K. Scott is the town clerk and Joseph Morello town treasurer. Bills are paid promptly every month and the town is kept in a very clean condition. The Citizen representative was told yesterday that over \$3,000 in money was in the city school fund.

Coal Mining Situation—While the force at the various coal mines is not as large now as usual, still there is no reason for alarm among the business men of Gallup. It is true that the Catalpa mine and the old Gallup mine at the Gibson camp have closed down, owing to the existence of an insipid fire in one of the side shafts of the Gallup, and a lack of orders for coal from the Santa Fe Railway company, but the other mines are being worked. In the Weaver mine a big force is kept employed three or four days a week; at the Clarkville mine a hundred miners are at work every day; at the Caledonian Coal company's Otero mine and at the Rocky Cliff mine about sixty miners are employed at each mine,

A CHURCH EDIFICE OF GALLUP.

while at the Union and Stewart mines a force of twelve miners are kept busy every day. Some say the outlook for Gallup, owing to the present coal situation, is not at all bright, and there are others who believe Gallup will continue to be a good, prosperous town while other towns will decline and practically fade away.

Luxuries of Gallup—The town of Gallup is enjoying modern luxuries—that is, it has a telephone system, an electric light plant, and a water supply

system, the latter owned and controlled by the town. W. H. Wolff is the owner of the electric light plant, and he furnishes better lights to his customers than are furnished elsewhere in the territory. His machinery is of the high-speed Corliss patent, and he has never a shut down or breakage since starting up a few years ago; therefore, he has never put the town of Gallup or any of his customers in darkness. He furnishes, including the Gibson general merchandise store, about 1,100 lights, and says that his profits amount to over \$500 a month. As stated, the town owns the water works, and clears up every month, over and above all expenses, \$250. The rates for electric lights and for water are considerably lower than the rates furnished Albuquerque consumers, and both Mr. Wolff and the town of Gallup are getting rich on their live-and-let-live rates.

Briquette Works—R. C. Hills, the geologist of the Colorado Fuel and Iron company, is at Gallup, personally overseeing the works and arranging to have a test run made, if possible, by the first of April. The machinery is all of new designs and Mr. Hills says the plant is strictly an experimental one. A. E. Kingsley is the engineer. Gallup people are anxiously waiting for these works to start up and be a success, for it insures a plant on a much larger scale being erected at Gallup should these experiments prove successful.

Oil Companies—The New Mexico Consolidated Oil company held a meeting and elected the following officers and directors: W. F. Kuchenbecker, president; Gregory Page, vice president; R. B. Lanigan, treasurer; John C. Hubbard, general manager; W. A. Welsh, secretary; J. D. Clements, W. B. Boardman, J. C. Spears, Wm. McVicker and F. E. Farnold.

The Mariano Oil company elected the following directors: W. H. Wolff, W. W. Risdon, C. G. Foulks, J. F. Luthy, W. T. McCreight, W. Moore Clayton, D. M. Richards and F. H. Mitchell. The directors will meet soon in Albuquerque and elect the officers, at which meeting a financial report will be submitted.

The Manuella Oil company, backed by officials along the Santa Fe road, recently leased the drilling machine of the Mariano company and is now drilling at a point about four miles from Gallup. Messrs. Densmore and Compton are in charge of the drilling. Mr. Turnbull, ex-division master mechanic at the local shops, was in Gallup yesterday, and, being interested in the Manuella company, visited the place where drilling is now in progress. He gave it out yesterday that his company will expend considerable money in the search for oil on the McKinley county fields.

Short Paragraphs—On Monday morning Gallup and vicinity was visited by a snow and the air was quite chilly. In the afternoon another snow appeared and for miles around the ground was pretty thoroughly covered. By Wednesday, however, the snow had practically disappeared. During the past winter this section has been blessed with some fine snows, assuring plenty of good water and grass.

Albert Reis, the ex-postmaster, was called to Santa Fe last Sunday, as a witness in a United States case on trial at the territorial capital. He is expected to return to Gallup Friday morning.

W. F. Kuchenbecker, who has served Gallup as mayor and town trustee on several occasions and considered one of the substantialists of the place, now occupies a store room directly opposite the depot on Railroad avenue. He is in the furniture business and enjoys a good trade.

Charles Vidal, who purchased the second-hand business of Antonio Trosello, now of Albuquerque, reports his trade keeping up nicely, although others in the second-hand business say "that times are not as good as they used to be."

Robert and George Hodgson, two brothers, are in business here—the former as the popular pastor of the Gallup Methodist Episcopal church south and presiding elder of the Albuquerque district, and the other as the manager of "The Racket" store. They

HOSTETTER'S STOMACH BITTERS

Is a specific remedy for all ailments of the stomach, liver and bowels, and one that is backed by hundreds of testimonials received during the past fifty years. We would therefore urge every sufferer from indigestion, dyspepsia, flatulency, constipation, sick headache or liver and kidney troubles to give it a trial. It will surely cure you. The genuine must have our private stamp over the neck of the bottle.

since the business is in good hands, for Mr. Russell is assisted in its management by Mrs. Elsie, who is his sister.

The barbers of Gallup are John Arms on Railroad avenue, and W. K. Chapman on Second street. They own the only barber shops of the town and are skilled knights of the razor.

N. J. Reid, who resided in Albuquerque for several years, is employed in Carman's grocery store here, and is getting along nicely.

J. C. Moloney and family, after residing in Albuquerque the past year, have returned to Gallup and Mr. Moloney is now in line for an office at the approaching town election.

M. H. Sabin, representing the wholesale grocer, L. B. Putney, was here interviewing grocery dealers on Tuesday. He reported a number of good orders.

Gus Mulholland, the well known well driller who recently drilled several 900-foot wells on the new Rock Island-El Paso line, was here on a visit to his family. He left Thursday for the Alamogordo country.

The village blacksmith is Sam. Bolter, and he is doing a good business. T. C. DeShon, who also does a general blacksmithing business, says he is kept exceedingly busy these days.

John Koenig has sold out his saloon business to Joseph Hoefferle, and Koenig says he will return to coal mining.

Mrs. E. F. Bocklett, who purchased the millinery business of Mrs. M. Raillard a few months ago, will have her spring opening of millinery next Wednesday, Thursday and Friday. She has prepared for a fine business this spring.

The Blackstone disciples of Gallup are L. L. Henry and K. K. Scott, and they get all the legal business of the town. They are bright young attorneys, and are popular with the people.

Ellis Winders is the town marshal, with W. A. Kremer as assistant. They guard the town well, and with W. A. Smith as the high sheriff, Gallup and McKinley county are well policed.

George Koenig has returned to Gallup after a trip to Los Angeles, where he went to be operated upon for appendicitis. He is now digging coal at the Rocky Cliff mine.

The butchers of Gallup are McQuade & Brown. They do a big business.

The restaurant on Railroad avenue, conducted for five years by Mrs. A. M. Tamoney, is now under the management of Joseph Koenig. On selling out Mrs. Tamoney and children took a trip to the Buffalo exposition and returning took up her residence in a new cottage on the outskirts. She accumulated a well earned compensation by hard work, and deserves a rest from business.

E. F. Kenney, well known contractor and builder, is not blue on account of the coal mine situation here. He has several good contracts that will keep him busy during the summer months.

Mrs. H. M. Hogan, who came to Gallup a short time ago from Albuquerque and purchased the Mrs. Paxton lodging house, is doing nicely and says she likes Gallup very much. The lady has many friends among the railroad employees, and her rooms are kept occupied all the time.

Arthur Maxwell, one of the steady young gentlemen of Gallup, has taken hold of his father's lumber yard and other business interests like a veteran, and is proving a great help to his widowed mother. Judge Theo. Maxwell, whose sudden death occurred a short time ago, was one of Gallup's foremost citizens, and was mayor of the town when his career was cut short by death.

Some of the nicest residence property in the city is owned by Mrs. Chan. Harding. Some time ago she started on a handsome two-story brick residence, and hopes to complete it during the summer.

Hon. T. N. Hinch appeared on the street yesterday with his moustache shaved off, giving him a decidedly younger look. The transformation is credited to the fact that Mr. Hinch is now mayor of Gallup.

Mrs. J. C. Carman, wife of a Railroad avenue groceryman, departed a few days ago for Louisville, Ky., to visit relatives and friends.

J. A. Wells, who resided in Albuquerque a few years ago, is in the delivery business here. He gets his share of orders.

Samuel Neustadt, representing Grunsfeld Bros., of Albuquerque, was here Wednesday. He left for the Navajo reservation stores.

Fred. Fornoff, deputy United States marshal, came in from Albuquerque Wednesday, and is on a trip to several places on the Navajo reservation, for the purpose of summoning witnesses to Albuquerque to appear in half a dozen Indian whisky selling cases.

Dr. C. L. Edmundson is arranging to leave Gallup next month for New York.

Hon. C. N. Cotton, a big general merchant of Gallup, has returned from Denver, where he was on business.

Lawrence Smith, who was a university student a few years ago, is chief clerk under Master Mechanic E. M. Sanjule. He is a popular young man, well liked by everybody in Gallup, and especially the young ladies.

Mrs. Wells, mother of Mrs. Palmer Ketter, who has been seriously ill, was reported better yesterday. Mr. Ketter is the efficient manager of the Caledonian general merchandise store, while his wife, before her marriage, resided in Albuquerque and was quite popular in social circles.

Toney Caccavillani, an ex-Albuquerque stone mason, is doing a good business and he reports himself busy every day.

George Weinert, who was a clerk in Albuquerque years ago, is holding down a good situation at the Caledonian store.

One of the finest buildings in the territory is the Morello Bros. stone building in Gallup. It is known as "The Palace," and is a handsome structure.

POLICE COURT.

A Corn Doctor in Trouble—Other Po-
lice Notes.

Lord John, formerly a surgeon in the
English army, and doctor of corns,
appeared before Judge Crawford this
morning to answer to the charge of
disturbing the peace of a barber on
First street.

It appeared in the evidence that
Lord John had amputated a corn for
the barber and that the barber had re-
fused to pay the distinguished physi-
cian, who even went so far as to cut
the nominal fee of 50 cents down to
25 cents. Lord John's English arose
and he decided to make one of those
awful bluffs that the Boers are so per-
sistently calling in South Africa. He
swore and made threatening gestures
that would make a barn storming vil-
lain ashamed of himself. When he was
brought in before "your worship," as
Lord John called Judge Crawford, he
asked for a jury trial, but was informed
that jury trials were not forthcoming
in city cases. He fared exceedingly
well by getting off with a light
fine.

Frank Gearhart, proprietor of the
Midway saloon on Third street, was ar-
rested last night for being found in
possession of stolen property. Gear-
hart is the man who loaned "Sugar-
foot" \$3 on the gold ticket stolen from
Miss Josie Bright's room, in the cot-
tage south of the Hotel Highland on
Monday evening.

DR. BURKE DEAD.

Son of New York Millionaire Died Yes-
terday Afternoon.

Dr. Edmund Burke, whose home is
at 5 West Seventy-fifth street, New
York City, died at his rooms on Rail-
road avenue yesterday afternoon from
the effects of a severe attack of pneu-
monia. He was apparently in good
health with the exception of a light
cold until yesterday morning. Dr.
Hope, who was his physician, noticed
symptoms of pneumonia which gradu-
ally grew worse, until, 3:16 in the af-
ternoon when the end came. His re-
latives were notified and his brother, C.
C. Burke, will arrive to take the body
to the family cemetery in New York.
The young man comes from a well
known and wealthy family, his father
Francis F. Burke, being a partner of
John A. McCall, president of the New
York Life Insurance company. The
body was taken to O. W. Strong's un-
dertaking establishment, where it is
being prepared for shipment.

TEN YEARS AGO.

Simon Stern's Business Illustrated by

Ten years ago this month, Simon
Stern, the Railroad avenue clothier,
opened a modest store in Albuquerque.
He has added to his stock from time
to time, has enlarged his store as a grow-
ing business demanded and by energy,
enterprise and thrift has built it up to
its present large proportions. The
growth of his business is aptly illus-
trated by the elephants in his window,
which begins with a little chap and in-
creases in size. Then, too, there are
peanuts in the window and each one
who purchases a dollar's worth of
goods can guess on the number. The
one who comes nearest will receive a
handsome suit of clothing.

District Court.

In the case of Noble S. Trimble vs.
Francisco Gabaldon and Cornelio Ga-
baldon, the court enjoined defendants
from in any manner interfering with
the lands of plaintiff south of the city.
The defendants undertook to convey
their lands for which they hold gov-
ernment patent, and when his reeve
attempted to take possession, he found
defendants claiming title, and that
they had removed the fences.

Teresa Elwell de Dodd vs. Charles
Dodd, has brought suit for divorce on
ground of desertion.

Bibo & Co. vs. Santos Ortiz, Olegio
Mata and Felipe Mata, is an action on
open account for \$145.75.

In the matter of the taxes of Laura
A. Kiff, for 1899, the court entered an
order abating all taxes due for year
1899.

In the matter of assignment of R. F.
Hollweg & Co. action of Assignee vs.
Hollweg & Co. approved and the assignee
authorized to sell book accounts at pri-
vate sale.

Railroad Officials.

A. G. Wells, general manager of all
Santa Fe lines west of Albuquerque,
accompanied by his secretary, H. E.
White, came in from the west this
morning. In his special car No. 98, and
is spending the day in the city. Mr.
Wells came here to meet J. W. Ken-
drick, third vice president; G. R. Hen-
derson, superintendent of motive power,
and W. C. Nettleton, assistant su-
perintendent of motive power, who are
expected to arrive tonight on No. 7.
The whole party will go from here di-
rect to Los Angeles and then to San
Francisco. After an inspection of the
coast lines they will return on a tour
of inspection of the Santa Fe Pacific
and Rio Grande divisions.

That Rock Island Engine.

Yesterday afternoon an engine of
the Chicago, Rock Island & Pacific
passed north through Albuquerque
over the Santa Fe tracks under its own
steam and its own crew, with a pilot.
The engine went to Dover and it is be-
lieved it will be used on the construc-
tion train which will lay the track of
the Santa Fe Central and Albuquerque
Eastern. Enough grading has been fin-
ished to begin track laying.

Success to It.

It is stated that Williams, Ariz., is
about to have a first-class daily paper,
conducted by an experienced newspa-
per man from California. It requires a
great deal of nerve and will take quite
a little capital to make a paying propo-
sition out of a daily paper in that
town.

Millinery Opening.

Next Tuesday afternoon and even-
ing, March 18, I will have my spring
millinery opening, at which time I will
display at my parlors, No. 119 West
Gold avenue, a complete line of new
millinery and misses' millinery of
both Parisian and American style and
make. Miss Ida McCune and orchestra
will discourse both vocal and instru-
mental music at the opening, both af-
ternoon and evening.

MRS. S. A. COWELL.

Simon Stern, the Railroad avenue
clothier, for everything in the men's
clothing and furnishing goods line.
Biggest assortment, lowest prices,
money back if dissatisfied.

It's Just a Cough

that gets your lungs sore and weak
and paves the way for pneumonia or
consumption, or both. Acker's Eng-
lish Remedy will stop the cough in a
day and heal your lungs. It will cure
consumption, asthma, bronchitis and
all throat and lung troubles. Posi-
tively guaranteed, and money refunded if
not satisfied. Write to us for free sam-
ple. W. H. Hooker & Co., Buffalo, N.
Y.

Surveyors at Work.

The Santa Fe surveying corps began
work out of Rio Puerco this morning
on the line to Roswell as was given
in yesterday's Citizen. The instruc-
tions to the engineer are to push the
work with all possible speed.

Special.

We will have a special sale on made-
to-order clothing Saturday and Mon-
day, March 15 and 17, and will show
an exceptionally fine line of woolsens
in the piece. Extremely low prices
will be quoted and we guarantee every-
thing.

SIMON STERN.

The Railroad avenue clothier.

The Latest from Cerrillos
is five cars of the far famed lump coal.
Better than ever. \$5 per ton.

LOCAL PARAGRAPHS.

F. A. Hubbell, county school superintendent, is in Santa Fe.

Passenger No. 2, east bound, was lighter than usual this morning.

The board of county commissioners will hold a meeting next Monday.

H. J. Ramer, of Watron, Arizona, is visiting with his partner, A. B. McGaffey.

Jacob Loeb, president of the Southwestern Brewery and Ice company, is in Las Vegas.

Santa Fe Watch Inspector T. Y. Maynard came in from the south this morning on No. 22.

Miss Anderson's scholars at Central school are entertaining this afternoon with a mock trial.

James D. Lucas, the Cerrillos mine promoter and expert, is in the city today on business.

C. W. Allison, a prominent cattleman from Heber, Ariz., is in the city visiting and trading.

The sewer pipe for St. Joseph's hospital is being laid under East Railroad avenue this afternoon.

J. H. O'Reilly, local representative of the Washington Life Insurance company, was a passenger to Santa Fe this morning.

Mrs. M. P. McEwen, of Denver, is still in the city on a visit to friends, but expects to return to Denver in a few days.

Ralph Halloran, general southwestern agent for the New York Life Insurance company, was a passenger to Raton last night.

Last night the Elks voted to donate their hall for the use of the G. A. R. encampment, which will be held in this city next month.

Mrs. Harkey, Mrs. W. H. Welsh and sister, Miss Alice Harrington, came down from Albemarle last night. Mrs. Harkey was formerly proprietress of the Albemarle hotel.

The local W. R. C. is gradually increasing in membership. At the last meeting two new members were taken in and eight are booked for initiation at the next meeting.

H. H. Tilton has resigned his position with the firm of Brockmeier & Cox, and has accepted the city management of the Montezuma Savings, Loan and Building association.

H. Harrison has returned from a pleasant trip to San Francisco and Los Angeles. Mrs. Harrison will remain in Los Angeles for several weeks, as she has many old friends there.

Major Ernest Grunsfeld, late postmaster of Albuquerque, now a resident of New York City, was a welcome caller at The Citizen office this afternoon. He will remain in the city several days.

Albuquerque will never become a city of handsome homes until those who are holding vacant lots at fabulous prices are jarred loose by honest, equitable taxation. Lots that men of energy offer from \$2,000 to \$6,000 for should be valued at just such prices.

The vacant lot owners of Albuquerque should help pay some of the burdens of the municipality. The vacant lot industry is a curse. The owners receive values for which they return no shadow of an equivalent. Industry attracts population, and population doubles the value of the vacant lot leeches holding without an effort upon his or her part.

STATEMENT

We can fill your orders for Cerrillos coal once more. HAHN, both phones.

The Old Process

of making flour has given way to the new, and better flour is the result.

Empress Flour

is the product of long and careful study of the housewife's needs. Only the best of the wheat is used. You are not using the best if you are not using Empress.

GET IT AT THE GROCERY.

We Will Pay You A DOLLAR A DAY FOR LIFE!

For securing the greatest number of \$1 subscriptions to PEABODY'S MAGAZINE before December 1st, 1902, besides paying you a generous commission on every order. An income of \$360 a year for life, payable weekly or quarterly installments. This is the largest prize ever offered for the world for work which need interfere with no one's regular pursuit. Under the Life Insurance Policy (P. T. 1) made it means \$15,000 to the boy or girl of 18 years; \$25,000 to the man or woman of 40, adequate provision for old age to all. PEABODY'S, though not yet three years old, has over \$200,000 circulation and is the biggest dollar-a-week in the magazine field. To simply show a copy and explain the merits means an order in the great majority of cases. At Price \$1.00, 50¢ Price \$1.00, 50¢ Price \$1.00—all in cash immediately. Additional workers of any age who want to get on in the world are earnestly requested to write at once to the undersigned for full particulars. Give local references. No experience required. Sample copies and subscription blanks furnished. Agents Wanted, Everywhere.

Mercerized Foulards, special at 19c yard.

RICH COPPER FIELD.

Las Vegas Has Bright Prospects as a Mining Town.

ON ALL SIDES.

Las Vegas now thinks of little else but copper and the development of the copper field which it is believed is around the town. The field has been developed in recent years. The discoveries in the Salitro district by A. L. Quinley and Mr. Baker caused H. E. Blake to go to the San Pedro district, eight miles northwest, in January, 1901. Up to that time that district was unknown. It has since been developed and worked by many and one of the most active is W. B. Twitchell who is at the head of a large company.

The development of the copper fields means much to Las Vegas and the business men there are putting forth every effort to secure reduction plants and to induce capital to go in there. Many of the business men of the city own claims in the different mining districts and Mr. Twitchell went to Denver to order the machinery for the new extraction works which will be placed on his company's property. It will be the first mill put up in the Tecolote district.

SAN PABLO DISTRICT.

The San Pablo district lies in the foothills to the east of the main divide between the Pecos and Gallinas rivers. It lies some fifteen miles in an almost due westerly course from Las Vegas, within ten miles of the line of the Atchison, Topeka & Santa Fe railroad, and is more thoroughly defined by taking the course of the Tecolote river as the eastern boundary commencing above the village of San Geronimo; thence running southerly along that stream about four miles to the Tecolote district; thence west six miles to the top of the divide of the main range; thence northerly to a point west of San Geronimo; thence east to the town.

OVERFLOW GROUP.

The Overflow group comprises forty acres and it was here the first discovery was made. In August of 1901, systematic development commenced and now there has been completed a shaft fifty feet deep, with a drift from the twenty foot level of forty feet.

The rock is composed of a conglomerate of the Archaean sandstones carrying values in carbonates of copper together with gold and silver. It lies in the form of a blanket or overflow and has an exposed surface showing mineral for a distance of 500 feet in length, being uncovered on top a distance of 200 feet toward the hill, before dipping.

The shaft was commenced at the ledge's intersection with the hill, and cut through it at a depth of thirty-seven feet. The whole body shows values of copper the entire distance, with scarcely a barren streak, although not entirely uniform.

The drift, at the twenty foot level runs under the hill a distance of forty feet and shows the body to run under cover with slightly increased values, thus putting in sight a body of ore 500x240x37 feet, or 166,292 cubic yards. Counting two tons to the yard, this gives in round numbers 332,582 tons of ore actually in sight on the property. Assays on this body vary from 3 1/2 to 10 per cent copper, and run as high as \$2.64 gold, and five ounces in silver. Careful estimates give the average of copper at 1 1/2 per cent, which under the present cheap facilities for leaching this class of ores, gives perfect assurance of an unlimited body of pay dirt, with milling facilities on the ground.

THE SANTA RITA.

From the same plant can be worked the Santa Rita group, which was opened up in November, 1901, by Donicio Martinez, and lies about 1,500 feet south of the Overflow.

The mine has been opened in two places, some twenty feet apart, the ledge showing to be about ten feet in thickness, with a pay streak of five feet. Sample runs from the pay streak give an average of ten per cent copper with good values of gold and silver, running as high as 14 per cent copper and silver. There are approximately four carloads of ore on the dump, with probably 1,000 more tons in sight. Although the development is scarcely begun here, the tunnel just commencing under cover, the vein shows evidence of being a very strong one, there not being a thin streak in the lower five feet of ledge matter. The upper stratum of ledge matter has not been tested, but values are distinctly visible to the naked eye and it is not improbable that this alone can eventually be worked at a profit.

Both of these properties are at present under bond and lease to W. B. Twitchell.

THE GONZALES GROUP.

Three claims two miles southwest from San Pablo and at the base of the main range, form the Gonzales group. By quarry method a great deal of low grade ore can be extracted, but it will eventually be a deep mining proposition. Sulphurettes of copper are seen in an opening on this ledge about 2,500 feet north.

The group is being developed by Messrs. Blake, Blauvelt and Hammond, the pioneers of the camp. The ore body is in the form of a dyke traversing the country in a northwesterly to southeasterly course, and lies between the lower or Dolomite limestone and the sandstones. The principle opening consists of a sixty-foot cut and a tunnel which cuts the main vein at a depth of fifteen feet. This opening shows an ore body ten feet wide standing almost perpendicular, and carrying an average value of 5 per cent copper with traces of gold and silver. There is at present on the dump sixty tons of ore and standing in the dyke in sight some thousands of tons more on which tests have been made showing an average of 3 per cent.

OTHER PROSPECTS.

Pay ore is found in six other prospects that have been opened up, and good float is found in all parts. It is believed iron and lead will be found in paying quantities. Water can be secured from the San Pablo creek and the Tecolote river. By laying a gravity pipe from the latter, enough water can be secured to supply a 500-ton leaching plant and a city of 10,000 people.

There is ample dip and angle to the

hills for mill sites, and location would only be a matter of convenience dictated by a civil engineer.

Ores from the mines can be run into the mills with but one lift and gravity would do the rest from crusher to tailings, without the assistance of human hands.

Little timbering is necessary and there is enough wood for fuel for years to come, which can be delivered to the mills for not more than \$2 a ton. A three-foot vein of bituminous coal has been opened seven miles north of the camp, so the question of fuel is settled.

Surrounded as Las Vegas is with fields of great promise on all sides, with an opportunity at hand to locate a large reduction plant there, the future of the city seems bright and there seems to be no reason why it should not, in the near future, be one of the greatest mining centers of New Mexico.

Prospectors' camps are now to be seen scattered through the district and there is a healthy mining boom in San Miguel county. The construction of the reduction plant will mean good times for merchants, miners, prospectors and the country in general.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Eddy, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Laura Left El Paso.

Laura Baker, the woman indicted by the grand jury of robbing Cervera, the bull fighter, of a large sum of money, has left the state.

Whether she will return or not or allow her bondsmen to settle is a matter for the future.

Detective Ben Williams telephoned up to the police station from the Santa Fe depot last night that she was about to shake the dust of El Paso from her feet and that she was on hand with bag and baggage to catch the outgoing train. The police, however, had no authority to stop her movements and she departed on the north-bound Santa Fe passenger at 9:15.

At her trial she was convicted of the charge of theft from the person and sentenced by the jury to two years in the penitentiary. Later, when her alleged accomplice, another woman by the name of Blum, was acquitted on the same charge, her attorney secured her a new trial. The case was to come up during the April term.—El Paso Times.

Would Smash the Club.

If members of the "Hay Fever Association" would use Dr. King's New Discovery for consumption, the club would go to pieces, for it always cures this malady—and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1.00. Trial bottles free at all druggists.

Tolstoi is Worse.

St. Petersburg, March 13.—A change for the worse has taken place in the condition of Count Tolstoi, who has been ill for some time at Yalta, Crimea. His weakness is more pronounced, and symptoms of pleurisy have developed.

Chronic Diarrhoea.

Mr. C. B. Wingfield, of Fair Play, Mo., who suffered from chronic dysentery for thirty-five years, says Chamberlain's Colic, Cholera and Diarrhoea Remedy did him more good than any other medicine he had ever used. For sale by all druggists.

Fugitive Captured.

For some weeks, a Pinkerton detective, traveling incognito, has been in this city endeavoring to trace City Treasurer Fred W. Hager of Alpena, Michigan, who was missing with about \$10,000 of the public funds.

Today a dispatch announces that Hager has been located in Mexico, seventy miles south of the border, but the

CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows:

"A small pimple came on my jaw about an inch below the ear on the left side of my face. It was no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and swell. It would bleed a little, then scab over, but would not heal. This continued for some time, when my jaw began to swell, becoming very painful. The Cancer began to eat and spread, until it was large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good.—Mrs. E. Shirer, La Plata, Mo.

It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

dispatch does not state the name of the town in which he had taken refuge.

A warrant has been issued for his arrest and suit has been brought against the company which was on his bond.—El Paso Times.

Could Not Breathe.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucus, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." J. H. O'Reilly & Co.; B. H. Briggs & Co.

We sell the greatest of blood purifiers, Acker's Blood Elixer, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1.

LETTER LIST.

Following is the list of letters remaining uncalled for in the postoffice at Albuquerque, New Mexico, for the week ending March 15, 1902:

LADIES' LIST.

R. W. HOPKINS, Postmaster.

How to Prevent Pneumonia.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this remedy for colds and la grippe, we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventative of that dangerous disease. For sale by all druggists.

Can't Keep It Secret.

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Try them. 25c at all druggists.

Chinaman Captured.

News comes from the sub-custom house, this district is located. Louis Holzman, a guard stationed there, has just captured Fong Sing, a Chinaman, who walked boldly across from Mexico, in order to be sent back to his home in China.—El Paso News.

Having a Run on Chamberlain's Cough Remedy.

Between the hours of eleven o'clock a. m. and closing time at night on January 25, 1901, A. F. Clark, druggist, Glade Springs, Va., sold two bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all druggists.

Lockjaw From Cobwebs.

Cobwebs put on a cut lately gave a woman lockjaw. Millions know that the best thing to put on a cut is Bucklen's Arnica Salve, the infallible healer of wounds, ulcers, sores, skin eruptions, burns, scalds and piles. It cures or no pay. Only 25c at all druggists.

Postmasters Named.

Washington, March 13.—The president sent the following nominations to the senate:

Postmasters—Texas: William C. Smith, Bowie; Frank W. Reast, Whitesboro.

You will never wish to take another dose of pills if you once take Chamberlain's Stomach and Liver Tablets. They are easier to take and more pleasant in effect. They cleanse the stomach and regulate the liver and bowels. For sale by all druggists.

Deming! Have you been there? If not, you should get there for the sale of lots on the 17th of this month.

Remember the masquerade ball to be given by the Woman's Relief Corps at Colombo hall, March 17.

Dr. Pierce's Favorite Prescription and perseverance in its use will work wonders for the most hopeless woman. If Mrs. Newton, whose letter is given below, had not persisted in its use, she might never have known the happiness of perfect health. Perhaps the reason for her persistence was because she used "Favorite Prescription" as a "last resort." Physicians had failed. If "Favorite Prescription" could not help her, there was nothing to hope for. It did help. It always helps and almost always cures. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It imparts strength and elasticity to the organs of maternity and makes the baby's advent practically painless.

"When I consulted you in April, 1899, I was in poor health," writes Mrs. E. H. Newton, of Fairbury, Arundel Co., Maine. "I had been sick all winter, and to add to my trouble, was on the road to maternity, which the doctor said would end my days. I was almost discouraged; did not expect any help, but thought the end was only a matter of time, and—oh! my two poor, little, motherless children."

"It was in this condition that I began the use of your valuable medicine. On receipt of your letter of April 6th my husband purchased six bottles of 'Favorite Prescription' and 'Golden Medical Discovery,' and I used it as you directed. When you wrote me words of encouragement on April 27th I had received no benefit from the medicine, but determined as a last resort to give it a fair trial. I am now taking the thirteenth and last bottle. I have a lovely baby girl three weeks old, that weighed 11 1/2 pounds at birth. My baby and I are enjoying perfect health, thanks to your wonderful medicine, to which I believe I owe my life. My Dr. Pierce's Pellets stimulate the liver."

Arrival and Departure of Mails.

MAILS ARRIVE.

(Homestead Entry No. 6792.)

Notice for Publication.
Department of the Interior, Land Office at Santa Fe, N. M., March 3, 1902.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the probate clerk of Bernalillo county, at Albuquerque, N. M., on April 10, 1902, viz: Miramon Lucero y Garcia, for the S 1/2 NW 1/4, N 1/2 SW 1/4, sec. 35, T. 9 N., R. 6 E.

He names the

Railroad Topics

The Santa Fe has just ordered 120 more locomotives from the Baldwin Locomotive company.

Kansas has 600 more miles of road than New York, but Illinois, Texas and Pennsylvania have each more miles of railroad than Kansas.

David Patterson has been appointed division master mechanic of the New Mexico & Rio Grande divisions of the Santa Fe, with headquarters at Raton, N. M.

An eastern railroad company has posted signs forbidding bridal parties from throwing rice at the stations. Doubtless old shoes will be thrown instead.

Railroad telephones are a success. Trainmen have communicated on the Illinois Central railroad a distance of 400 miles over the telegraph wires by the new system.

There are ninety-two miles of the Kansas City, Mexican & Orient road in Oklahoma and Kansas ready for rails. A large shipment of seventy-five pound rails was sent from Pittsburg recently to be laid on the said line.

The Vice of Nagging.

Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. All druggists guarantee satisfaction.

A Narrow Escape.

Pearl A. Skinner, who was at Magdalena and Socorro with Charles Chadwick, the sheep commission merchant, on business, returned last evening overland. Day before yesterday, on the road home, he espied a flock of geese, and having a shotgun along for just such an emergency, blazed loose, and so did the horses, letting Mr. Skinner down with a hard bump on the top of his head, the horses leaving him sprawled out upon the ground and ran into the next town, three miles distant, where they were captured, and a man on horseback dispatched to the scene of the disaster to learn the fate of the unfortunate traveler. He was taken into the village by the kind hearted messenger, where he remained until yesterday morning, when he resumed his journey. No damage, other than a badly skinned head, was the result.

For Over Sixty Years.

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures swollen colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

LAND OFFICE.

Business Transacted at Federal Office at Santa Fe for Past Week.

The following business was transacted at the federal land office in Santa Fe for the week ending March 12:

Homestead Entries—March 5: Filiberto Sandoval, Wagon Mound, 160 acres, Mora county; Luz Martinez, Escobosa, 160 acres, Bernalillo county; Santiago Sals, Escobosa, 141.45 acres, Bernalillo county. March 8: Maria Baellia Mares, Wagon Mound, 160 acres, Mora county. March 7: Jose Lobato y Candelario, East View, 160 acres, Valencia county. March 8: Benaventura Lujan, Wagon Mound, 160 acres, Mora county. March 10: Maria Dolores Archuleta, Wagon Mound, 160 acres, Mora county; Juan Jose Velasquez, Casuas, 160 acres, Guadalupe county; Teodoro Casias, Springer, 159.91 acres, Colfax county; Hiram K. Bushong, Shoemaker, 160 acres, Mora county. March 11: Seferino Garcia, Wagon Mound, 160 acres, Mora county; Francisco Pacheco, La Plata, 160 acres, San Juan county.

Coal Declaratory Statements—March 6: Margarito Romero, Las Vegas, 160 acres, near El Porvenir, San Miguel county. March 8: Chapin Gard, Denver, 160 acres, near Algodones, Bernalillo county.

Desert Land Entries—March 10: William W. Jordan, Raton, 80 acres, Colfax county; William H. Williams, Aztec, 40 acres, San Juan county; Jose de Garcia Medina, Wagon Mound, 161.62 acres, Mora county.

QUAKER REFLECTIONS.

From the Philadelphia Record.

Any woman can entertain a suspicion.

Every school house has its room for improvement.

Counterfeit money that is passed is not a thing of the past.

"A woman's club," says the cynical bachelor, "is a weapon with which to kill time."

Every man likes to see the right prevail because we all feel we are on that side.

The woman with political ambitions would probably like to be the speaker of the house.

It seems queer that stage carpenters don't know anything about building tallyho coaches.

Some fellows paint the town red, but over in Camden they are going to use whitewash.

Some wise men don't get so much credit for wisdom as some foolish men who are good guessers.

Sillicus—"For a new woman she gets terribly frustrated." Cynicus—"Yes, I've seen her quite unmaned."

Nell—"Do you attempt to read all the new books?" Bell—"No; I'm kept so busy talking about them I haven't the time."

Stage Robbers Arrested.

A Phoenix dispatch says that William Royal Curtis, a notorious stage robber, has been captured in Mexico, and is now en route to Prescott for trial. He held up the Hot Springs Junction stage. Curtis is a noted

character in Phoenix. He joined a religious sect there and met Mrs. C. H. Knapp, widow of Major Knapp, for a long time clerk of the district court. A sensational love affair ensued. Mrs. Knapp was critically ill when officers surrounded her house just too late to capture her trusted fiancé.

GEORGE WASHINGTON'S QUEUE.

It Hid a Luxuriant Suit of Straight And Very Dark Hair.

The Father of His Country concealed a luxuriant suit of hair beneath his queue wig. Many now wish the old fashion were in vogue, to conceal thinned hair or baldness. Yet no one need have thin hair nor be bald, if he cure the dandruff that causes both. Dandruff cannot be cured by scouring the scalp, because it is a germ disease, and the germ has to be killed. Newbro's Herpicide kills the dandruff germ—no other hair preparation will. "Destroy the cause, you remove the effect." There's no cure for dandruff but to kill the germ.

Deming! Don't overlook it if you are looking for a sale and paying investment.

Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

POINTED PARAGRAPHS.

From the Chicago News.

Everybody goes round in a sewing circle.

An infant prodigy at 4 may be a fool at 40.

A cynic is a man who has made a lifelong study of a woman.

Many a well-bred girl discovers that her first cake is dough.

Wall street continues to be the favorite winter watering place.

Don't count your chickens until they are big enough to bluff a cat.

The man who doesn't know right from wrong almost invariably does wrong.

The trouble with the average woman's will is that it has too many codicils.

Adversity may have its uses, but it's the abuses thereof that make a man sore.

One way to earn a living is by honest labor but lots of men never think of trying it.

It sometimes happens that the man who refuses to retreat will stand any amount of treating.

Probably no work is so well done as the work his Satanic majesty finds for idle hands to do.

Solomon's reputation for wisdom may have been due to his having originated the habit of giving advice.

If a young man is in love with a girl and she refuses to marry him it may break his heart; if she does marry him the chances are it will break his pocketbook.

President of Agricultural College.

The board of regents of the College of Agriculture and Mechanic Arts, at Las Cruces, has elected Prof. Luther Foster president of the institution for the ensuing twelve months. Professor Foster has been filling the position since last spring, when he was appointed to complete the unexpired term of Dr. F. W. Sanders, resigned. His appointment is regarded with satisfaction by all interested in the institution. The board of regents completed its labors this morning.

AN EVENTFUL DAY

When Coffee Left the Household.

"I never began to use coffee until after I began teaching school, then a good, motherly old dame served such nice coffee that she got me into the way of drinking it.

"Inside of a year I became a wreck from insomnia and nervous prostration. Every afternoon I was so drowsy and filled with apprehension that I would have crying spells without knowing why.

"I laid around the house in misery, and was a misery to every one else. Once in a while a friend would tell me that coffee was the cause of my trouble. I reasoned with them that I only had one cup at breakfast and that was not enough to cause the trouble, but I found that that was the secret—that one cup of coffee.

"It was an eventful day in our household when I quit coffee and started making Postum. I followed the directions and the result was wonderful: no other words express it. The Postum Coffee was of a rich, beautiful color, and when cream was added looked as delicious as it tasted.

"A doctor who was in the house tasted the Postum and said that it was equal to the best Mocha or Java, then quickly turned away as though it was incomprehensible. He suspected there was coffee in it but I have been assured of the absolute purity of the Postum and have confidence in it.

"Nothing ever tasted better to me than that first, well-made cup of Postum, and never since have I tasted coffee, and I now look back with horror upon the sickness it caused. We began, very quickly, to see the difference between my condition under Postum and under common coffee. I lost that feeling of despair and restlessness which oppressed me every afternoon and I began to sleep like a baby. Postum must be given the credit for all my improvement.

"A word about tea also. One time when I was visiting I had a package of Postum with me. It gave out and before I could get another I had tea for breakfast. Within a few days the old wretched feeling that coffee used to give me came back, and all through the long afternoon I felt that I must weep and weep though really over nothing at all.

"Insomnia came back, but I quickly quit the tea and got all right again." Name given by Postum Co., Battle Creek, Mich.

Postum is an absolutely pure product of the cereals as analyzed by some of the best chemists in America and passed upon by the various pure food commissioners of the different states.

A Printer Greatly Surprised.

"I never was so surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Cook, pressman of the Asheville, N. C., Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by all druggists.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample.

REFLECTIONS OF A BACHELOR.

From the New York Press.

Take care of the pennies and the pounds will spend themselves.

What a man wants to do with a woman is to love her in her way and let her love him in the same way.

You can fool a woman into thinking she is fooling you, but you can't fool her into thinking you are fooling her.

When a woman goes into a dry goods store to buy a spool of thread she begins by pricing \$2.50 Russian sables.

A man can love a woman with a dog, and he can love a woman with a cat, but he quits at a widow with three children.

When a man says it is snowing he means that it is snowing now; a woman means that it was snowing yesterday or will snow tomorrow, or that it is doing anything but snowing now.

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe thorough and gentle. The very best pills. J. H. O'Reilly & Co.; B. H. Briggs & Co.

DEMING.

Special Correspondence.

Deming, N. M., March 13.—The Pacific Improvement company has laid out its property on Pine street in Deming in lots and blocks and has placed it in the hands of Stone & Smith for sale. These are some of the finest building lots in Deming and should bring good prices.

S. H. McAninch and some friends from Silver City and Fort Bayard passed through here today on their way to a hunting trip at Palomas, the Luna county duck fields.

The Herald printing office is finished and occupied by the Deming Herald. W. C. Wallis is the contractor and builder.

A. L. Oliver, from Midland, Texas, is visiting our city with a view to locating here. He expresses himself as well pleased with the climate and place.

The Footlight club is now rehearsing for their first play. They are going to work earnestly and we may expect something good from them. Several of the members are accomplished elocutionists and have demonstrated their fitness a number of times heretofore for this kind of work. No date has yet been set for the performance.

A light rain fell here this afternoon with promise of more.

The Business Men's club of this city has shown its appreciation of the efforts of The Citizen in behalf of Deming, by ordering 1,000 copies of the special edition of the weekly to be gotten out this week, and which is to contain an excellent write up of this city and its numerous and varied resources.

Lord Franklinsk, of Ireland, is at present visiting W. H. Greer, of this city, with a view of looking into the cattle business of this section and probably purchasing a good ranch property near Deming.

The oil prospecting just north of Deming goes merrily on and with increasing outlook of success. It is now no longer "if we strike oil" but "when we strike oil."

Col. P. R. Smith writes from Chicago that parties there seem more than willing to take up the Deming proposition, as well as the big sanitation scheme, here.

The Ladies' Whist club is meeting regularly and from the reports that leak out they must be having a fine time at each meeting.

The electric light plant is almost completed. The poles are being set for the wires, and Demingites are promised electric lights shortly after the first of the month.

The telephone company is preparing to go ahead and finish up their job at Deming and within a very short time now we may not only be calling up our friends here but have facilities for talking with El Paso and Silver City.

Every lodging house in Deming is

Mother Gray's Sweet Powders

for children. Mother Gray, for years a nurse in the children's Home, in New York, treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists. Sample sent free. Address Algon 22, Elmstead, LeRoy, N. Y.

full and new comers find the greatest difficulty in finding temporary quarters and for permanent quarters it is almost an impossibility to do anything, except to buy and build. Every rental house in the city is taken and applications are thick. Every man putting up a new house has several offers for it for rent before it is half finished and at good prices too.

When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take, being sugar coated, and pleasant in effect. For sale by all druggists.

Seeking Health.

The Misses Gilbert departed for Albuquerque, where we trust that good luck will attend them, as they are certainly deserving women and have a difficult row to hoe in this life. Fate has not been kind to any one of them in way of health.—Durango Democrat.

New Weekly Paper.

W. C. Burnett, of Raton, N. M., whose plant for the New Era is on the road to Alamogordo, was a passenger for that point with his family last night. The first issue of the paper will be gotten out in two or three weeks.—El Paso News.

Hot Tamales Every Night.

At the Metropolitan (Billy Berry's place) hot tamales will be served every night. Families wishing tamales can order by telephone.

Bull Fight at Juarez March 16.

Rate of \$12.35 for round trip to El Paso. Tickets on sale March 15 and 16; return limit 17th.

F. L. MYERS, Agent.

Attend special sale of tailor made suits at the Economist.

Notice of Removal.

C. A. Lampman has moved from No. 315 South Second street to No. 307 South First street, where he will be found by all wishing WALL PAPER, paints, oils, estimates on work, etc.

Why carry your bundles when you can get them delivered by the Parcel Delivery at 10 cents. Automatic telephone 202.

New goods arriving daily at the Economist.

Outing flannel, 6 cents per yard.—Leon B. Stern.

Ruppe's drug store open all night, every night.

Investments in Deming lots will double and treble in one year.

READ OUR ADVERTISEMENT.

ROSENWALD BROS.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Notice of Publication.

Department of the Interior, Land Office at Santa Fe, N. M., February 5, 1902.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, New Mexico, on March 18, 1902, viz: Mrs. Thomas J. Riley, for the NE¹/₄ of section 11, T. 8 N., R. 6 E., N. M. P. M.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Dionicio Romero, John R. Humphrey, Juan Lovato, Arch K. Humphrey, all of Escobosa, N. M.

MANUEL R. OTERO, Register.

Kodol Dyspepsia Cure

Digests what you Eat

Indigestion affects so many organs besides the stomach that the nature of the disease is sometimes mistaken. Headaches, giddiness, and so-called heart trouble are usually caused by indigestion alone. In such cases it is the stomach trouble which must be cured. Kodol Dyspepsia Cure restores health by digesting your food while the stomach rests. Dieting doesn't mean rest but starvation. You should relieve the stomach without weakening the system by denying yourself proper food. With a sound stomach your other complaints will soon disappear. "After seven years' suffering from indigestion" writes Mrs. Annie Alcorn of Merideth, Pa. "I was cured by three bottles of Kodol Dyspepsia Cure."

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The 81 bottle contains 2 1/2 times the 50c. size. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is **ONE MINUTE Cough Cure**. It cures quickly.

MENS' ELK SKIN SHOES.

\$3.25

THE UPPERS IN THESE SHOES ARE BLACK ELK SKIN. THIS LEATHER IS AS SOFT AS VELVET, WILL NOT CRACK OR PEEL AND TAKE A GOOD SHINE. THE OUTER SOLE IS OF BEST TANNED MOOSE SOLE-LEATHER, VERY FLEXIBLE AND NOISELESS. BEING GENUINE GOODYEAR WELTS, WITH IMITATION TIPS, AND UNLINED, THEY MAKE AN IDEAL SHOE FOR WEAR. A. J. COMPTON

"THE CUP THAT CHEERS,"

"but not inebriates," is a line written originally to apply to tea; but the expression adapts itself as well to coffee, chocolate and cocoa, if of the better grades—the only kind we handle. We'll be glad to have you order a trial pound of either from us, confident that you will repeat and increase your demands.

LOCAL PARAGRAPHS.

Rev. George W. Brewer went to Deming last night.

J. A. Ross, traveling engineer for the Santa Fe, came up from San Marcial this morning.

Miss Clara Olson, private secretary of Governor Otero, is in the city, visiting with her sister, Mrs. E. V. Chaves. She will remain several days.

C. E. Perkins, general manager of the Chicago, Burlington & Quincy road, passed through Albuquerque last night in his private car, bound for California.

The members of the choir of the Lead Avenue Methodist church have decided to give a fine musicale next Friday night for the benefit of the choir.

Mrs. J. L. Salisbury, representing D. Appleton & Co., of New York City, who has been spending the past three weeks in the city, went to Las Vegas this morning.

Vice President Van Eitten, of the New York Central railroad, passed through the city last night in his private car. He was accompanied by a party of friends.

Charles P. Downs, formerly business manager of the Las Vegas Record, passed through Albuquerque last night on his way to Silver City, where he will be with the Enterprise.

A Raymond-Whitcomb excursion of ten cars passed through the city this morning, as second No. 3 bound for the east. The excursionists were from the New England states.

Yesterday, the Pueblo Indians of Isleta and Laguna were noticed plowing in the small valleys near those villages. These Indians are thrifty and cultivate quite a large area of valley land.

The thief who lifted W. P. Metcalf's bicycle from his front porch a night or two ago left it at the 8-Spot saloon at a late hour last night. Officer Martinez found it this morning and returned it to its owner.

The gentlemen of the Congregational church will entertain their lady friends in the church parlors tonight in a very becoming manner. Besides a program of nice music and literary selections refreshments will be served.

A week from Sunday there will be a race at Peralta between the horse owned by Thomas Luna, of Sabinal, and the little mare owned by Trinidad Lucero, of this city. The race will be for \$150 a side and there is heavy betting on both horses.

The grand secretary of Odd Fellowship in New Mexico, Hon. Alex. Bowle, announces that Cochliti lodge, No. 22, at Bland, has surrendered its charter on account of the mines of that district closing down and the lodge members leaving the town.

The Twentieth Century club met last night at Grant's hall to enjoy their usual semi-monthly dance. Regardless of the fact that there were two ladies to every gentleman present a good time was had. Mrs. Rose Berry furnished the music.

Rev. W. D. Clayton, the popular Methodist Episcopal church south minister, is still at Gallup on a visit to his son, Dr. Edward Clayton. The reverend gentleman visited the oil belt near Gallup the other day, and expressed himself well pleased with the indications for oil.

Mrs. B. Sanjule and granddaughter left Gallup Thursday for Port Huron. Mich. E. M. Sanjule accompanied his mother and daughter as far as Albuquerque, returning to Gallup on the midnight train. Mr. Sanjule is the efficient master mechanic for the Santa Fe Pacific at Gallup.

Jesus Jose Moya, father of Juan Moya, died yesterday at his son's home in Los Duranes of pneumonia. The deceased was 86 years old and an old resident of Los Duranes. The funeral was held this morning from the church of Los Duranes at 10 o'clock. Interment was made at Los Duranes cemetery.

Larger audiences are greeting the Hamlin Wizard Oil company at Colombo hall as the engagement is drawing to a close. The program improves each night and the songs better and the acts funnier. There is much interest in the contest for the diamond ring, which will be given away tomorrow evening.

The many friends of Mrs. W. C. Whitney will regret to learn that she is soon to leave the city and join her husband in El Paso. Mr. Whitney has secured a run on the New Rock Island, with headquarters at El Paso. Mrs. Whitney has disposed of her boarding house, located on the corner of Railroad avenue and Edith street to Mrs. Norman, who will keep it open during the coming summer.

Gus Mulholland, who was at Gallup on a visit to his wife and children, came in from the west last night, and left an hour later for Alamogordo, where he has a contract with the Rock Island-El Paso railway to drill several wells. Recently Mr. Mulholland visited the Santa Rosa oil fields and secured some specimens of oil rock. These specimens he turned over to G. L. Brooks, who is thinking seriously of getting interested in the oil lands of the Santa Rosa section.

R. J. Turnbull, the ex-master mechanic, who was at Gallup introducing his successor, Mr. Barnes, returned to the city this morning. Mr. Turnbull is enthusiastic over the outlook for oil near Gallup, being a prominent member of the Manuquito Oil company, now drilling about four miles from that town. He visited the place where drilling was in progress, and reports the water thoroughly impregnated with oil. It is the opinion of Mr. Turnbull that oil in good flowing quantities will be struck in McKinley county this summer.
