DESPERATE STRUGGLE GOES ON BETWEEN RUSSIANS AND AUSTRO-GERMAN ALLIES IN EASTERN THEATER OF WAR

PETROGRAD REPORTS CLAIM CZAR'S FORCES ARE GAINING GROUND IN SOME FIERCELY FOUGHT BATTLES

Kaiser's Cavalry Said to Have Been Put to Flight by Slavs; Teutonic Attack, Where Effort Was Made to Cross Niemen River, Defeated, and All Who Got Over Pontoon Bridges Were Slain by Deadly Rifle and Machine Gun Fire; Invaders Said to Have Fled, Pursued by Cossacks; General Operations on East Prussian Frontier Said to Be Favorable to Muscovites, Whose Artillery Is Alleged to Out-class That of Opposition.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Petrograd, Oct. 3.—The following announcement from the general staff has been issued:

"The battle at Augustowo continued to develop with extreme ferocity on October 2. The enemy relaxed his positions to the north of Lake Viert, carrying out furious attacks on the side of Radek and Borginens, in an effort to occupy the western roads leading out of the Augustowo forest. On the road to Lodz and Schilischki the first division of the German cavalry attempted to check the offensive tactics of the Russian cavalry. This engagement took place at dusk, but the squadrons of the enemy were put to flight and completely dispersed, sustaining heavy losses. They carried along in the rout the infantry which was protecting them. The Russian troops have occupied Raygard, Kalvary and Mariampol (all in Russian Poland)."

GERMANS EVACUATING ALL RUSSIAN TERRITORY

London, Oct. 3 (10:10 p. m.).—A Petrograd dispatch by way of Rome to the Central News, says: "The Germans are evacuating Russian territory. Whole regiments have been driven from the Niemen river and have lost their siege artillery."

RUSSIANS MUST DEAL WITH SIX GREAT ARMIES

Petrograd, Oct. 4 (via London, 4:45 a. m.).—The military crisis of Russia shows signs that the German army assembled in Silesia includes two Bavarian corps and that the army is commanded by the king of Bavaria. "The Russians now have to deal with a total of six armies," says the critic. Two of these in east Prussia constitute the left flank; two in west Poland form the center and two others are concentrating on the right wing in west Galicia.

"The Polish peasants in Kalisz, Russian Poland, are carrying on a guerrilla warfare in which the Germans and peasants hunt each other in the forest with the aid of snares and entanglements. No mercy is shown on either side."

ROADS COVERED WITH CORPSES OF GERMANS

London, Oct. 3 (8:15 p. m.).—A dispatch to Reuters from Petrograd, describing the German attack on the Suwalki-Olita railroad, says that the Germans made Vilna their objective, disregarding Kovno and attacked most stubbornly, finally retreating before Russian bayonet charges, but in order.

The roads were covered with German corpses which included a runner still holding a shell in his arms.

WEATHER FORECAST.

Washington, Oct. 3.—New Mexico: Showers Sunday; Monday generally fair.

The Day in Congress

THE SENATE.

Met at 11 a. m.
Consideration of the Clayton trust bill conference report was resumed.
Finance committee Democrats continued work on war revenue bill.
Recessed at 3:45 p. m. to 11 a. m. Monday.

THE HOUSE.

Met at noon.
Debate was resumed on Philippine bill with a prospect of a vote today.
Representative Walter I. McCoy of New Jersey resigned to become associate justice of the supreme court of the District of Columbia.
Adjourned at 4:35 p. m. until noon Monday.

Allies Make Big Gains During Day

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
From the Battle Front, Oct. 3 (11:45 p. m.).—Trench after trench of the German line fell into the possession of the allies today after most vigorous assaults carried home with determination combined with the newly learned lesson of caution.

MISS ANNA MORGAN HOSTILE TO GERMANS

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
New York, Oct. 3.—Wounded French soldiers have been convalescing at a Versailles villa controlled by Miss Anna Morgan, sister of J. Pierpont Morgan, who arrived tonight on the steamer France, of the French line, and told of conditions in the war zone. Her saddle horse at Versailles was commandeered by the French, Miss Morgan said, but she was glad the animal was taken for war service.

Summary of War News of Yesterday

The determined efforts the Germans are making, not only to hold their lines in the north of France, but to win back some of the territory which the allied forces have succeeded in taking from them since the great battle of the Aisne began, are indicated in the official announcements from the French war office.

The Germans have continued their series of desperate attacks on the French left wing, and in the center the crown prince's army, which includes the Sixteenth corps, has attempted to advance through the wood of La Cuvette. But in all of these endeavors, according to the French accounts, the Germans have been repulsed; the crown prince's army even has been driven back toward the north, a matter of perhaps a mile or two.

JAPAN REPLIES TO OBJECTIONS LODGED BY CHINA

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Peking, Oct. 4 (1:55 a. m.).—Japan's reply to China's protest against the Japanese occupation of the railway line from Tsing-Tau to Tsi-Nan, has been delivered.

Seizure of Railroad Justified Because of Its Ownership by German Interests, Says Answer.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Peking, Oct. 4 (1:55 a. m.).—Japan's reply to China's protest against the Japanese occupation of the railway line from Tsing-Tau to Tsi-Nan, has been delivered.

Japan says in effect that it is planning the complete destruction of the German base at Tsing-Tau so is justified in taking possession of the railway which constitutes an inseparable portion of the German leased territory in China.

In the first place the Japanese argument says the railway is German-owned, directly controlled by the German government, based on an imperial charter and has the character of a public property.

In the second place the railway cannot be regarded as neutral property and Japan's seizure of it does not constitute a violation of China's neutrality. The Chinese proclamation defining the limitations of the war zone does not alter the status of the railway.

Third, it is said that the Chinese government insists that there has been no connection between the Tsing-Tau and the railway since the Japanese invaded Tsing-Tau and so Germany is unable to utilize the road, but from a Japanese military standpoint it would be dangerous to leave a section of the railway in the rear of the Japanese forces in the hands of the enemy.

The argument concludes with the assertion that instances are not lacking to prove that the Chinese government is unable to restrain the Germans from utilizing the railway for war-like preparations and operations.

WHEELS OF JUSTICE STOPPED IN BUTTE

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Butte, Mont., Oct. 3.—Major Donahue, commanding the National Guard of Montana, which has Butte under martial law, suspended today the summary court and the military commission. He gave no reason.

As Major Donahue previously has suspended the state courts, Silver Bow county now is without legal machinery except a special session of the district court authorized by the militia.

Another Steamer Hits Mine.

London, Oct. 2 (10:35 p. m.).—A Lloyd's dispatch from Ostend says that the British steamer Dawson (824 tons) from Hull for Antwerp, is reported sunk last night by a mine in the North sea. Nine men are missing, and eight were taken to Ostend by a fishing smack.

FOUR KILLED DURING I. W. W. DEPREDATIONS

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Great Falls, Mont., Oct. 3.—Four men were killed today in towns along the Great Northern railway line in clashes between citizens and a band of men calling themselves Industrial Workers of the World. The band first clashed with citizens in Poplar, a town in the Fort Peck Indian reservation. They then moved to Chelsea, where the crowd of one hundred men attempted to break open a commissary car of the railroad. In a fight a civil engineer and two members of the traveling band were killed.

At Wolf Point the men again tried to force food and a citizen was killed. The band was surrounded later by fifty Indians and deputy sheriffs of Sheridan county.

GERMANY TRIED TO AVOID WAR, ACCORDING TO BELGIAN LETTER

Russia's Proposal of Arbitration Rejected by Austria, and Mobilization Order Followed Quickly.

ENGLAND'S POSITION FAVORABLE TO FRANCE

Communication of King Albert's Charge d'Affaires at St. Petersburg, Just Before Break Came, Is Published.

(Associated Press Correspondence.)

Berlin, Sept. 21.—There has been published in the semi-official North German Gazette, a letter from the Belgian charge d'affaires at Petrograd, M. de L'Escaelle, to the Belgian minister at St. Petersburg, which is regarded here as proof from an unprejudiced source that Germany did her best to prevent the present war.

The communication, which is dated July 29, two days before the German mobilization was ordered, was enclosed in an envelope addressed to "Madame Costermans, Brussels," and sent by M. de L'Escaelle, to be mailed in Germany. The declaration of war delayed the transit of the letter, and finally it went to the German desk of the office. Some days elapsed and then it was opened.

Inside the envelope addressed to Madame Costermans was another letter addressed to the Belgian minister of foreign affairs.

This was opened and its contents have been published by the German administration.

Russian Purpose Unknown.

"Yesterday and the day before have passed in expectation of the events to follow the Austrian declaration of war against Serbia." The most contradictory reports as to the intentions of the Russian government have been circulated, from "it is impossible to say what is true and what is false."

There is no doubt, however, that Germany has endeavored here and in Vienna to find some way of avoiding a general conflict, but has encountered on the one hand the obstinate refusal of the Vienna cabinet to recede an inch, on the other the distrust of the St. Petersburg cabinet in the Austrian assurances that Austria is thinking only of punishing Serbia and has no intention of annexing territory.

Mobilization Ordered.

"Mr. Sosonoff has declared that it is impossible for Russia not to make ready and not to mobilize but that these preparations are directed against Germany. An official communication to this newspaper announces that the requisites have been called to the colors in certain provinces. Knowing the discretion with which official Russian communications are edited it may probably be taken for granted that Russia is mobilizing everywhere."

The German ambassador declared this morning that he had reached the end of his conciliatory efforts, which he had continued to make since Saturday, and that he had now very little hope. I have just been told that the British ambassador has expressed the same sentiments. Great Britain lately proposed to submit the matter to arbitration. Mr. Sosonoff replied:

"We have already proposed this to Austria-Hungary but she refused it. Germany has responded to the suggestion of a conference by the counterproposal of an understanding between the cabinets. One might well wonder whether all the world doesn't want war, with every one trying to put off the declaration of war for the sake of gaining time."

"England, at the start, let it be understood that she did not want to be dragged into a conflict. Sir George Buchanan (the British ambassador) said so openly. Today everyone in St. Petersburg is convinced that England will support France. This encouragement has had a powerful effect and has contributed not a little bit to giving the war party the upper hand."

War Party in Control.

"The Russian government has permitted during the last few days all sorts of pro-Serbian and Austro-hungarian demonstrations, without making any effort to suppress them. There have again been differences of opinion in the council of ministers, which yesterday, and the publication of the mobilization order was put off. Since then there has been a change; the war party got the upper hand and this morning at 4 o'clock the mobilization order was published."

"The army, which believes itself strong, is full of enthusiasm and buses great hopes on the progress made since the Russo-Japanese war. The navy is so far from having realized its program of reconstruction that it scarcely figures in the calculation. That is the reason why so much importance is attached to the assurances of support by England."

No Hope for Peace.

"As I had the honor to telegraph you today there seems to be no hope for a peaceful solution. That is the opinion in diplomatic circles."

"I sent my telegram by way of Stockholm over the Danish cable as more safe than the other route. I am

War Bulletins.

Rome, Oct. 3 (via London, 10:02 p. m.).—The correspondent of the Tribuna at Nish, Serbia, telegraphs today that the Serbians after passing the river Save and occupying the Hungarian town of Semlin, seized the batteries, ammunition and supplies and destroyed the forts, returning to Belgrade with immense booty.

London, Oct. 4 (12:32 a. m.).—A Paris dispatch to the Exchange Telegraph company says numerous German prisoners, passed through various French stations Friday night. The convoys comprised 1,245, 1,110 and 980 prisoners respectively. They were being taken to Versailles. They included almost an entire regiment of the Prussian guard with band and staff officers. Several additional trains with prisoners are expected to arrive soon.

London, Oct. 4 (3:35 a. m.).—The Antwerp correspondent of Reuters in a dispatch dated 11:30 o'clock Saturday night, says:

"An official communication states that two German attacks have been repulsed with heavy losses."

London, Oct. 4 (5 a. m.).—A dispatch to the Times from Rome says that a Romanian sailing ship and an Italian steamer have been sunk by mines in the Adriatic with heavy loss of life.

London, Oct. 4 (5:10 a. m.).—A dispatch from Dresden, received here by way of The Hague, says that Emperor William, after reviewing the Saxony field troops, sent a message to the king of Saxony which closes with these words:

"The spirit of the troops is excellent. With an army of this character we will be able to meet the difficult task before us, for which may the Almighty give us His aid."

London, Oct. 4 (3:38 a. m.).—A dispatch to Reuters from Amsterdam quotes a newspaper at Antwerp as saying that the Belgians are still in possession of Fort Waelhem. The Belgians occupy strong positions north of the river Nethe. Hitherto the Germans had not attempted to force a crossing of the river.

London, Oct. 4 (4:25 a. m.).—An Exchange Telegraph company's dispatch from Florence says that Sarajevo has been completely captured by the Montenegrins, who have captured important positions east of the city and several railway communications to the west and north.

London, Oct. 4 (2 a. m.).—The Antwerp correspondent of the Exchange Telegraph company, in a message dated Saturday night, says:

"No new attack has been made on Antwerp tonight."

London, Oct. 3 (10:57 p. m.).—The Belgian legation issued the following official announcement tonight:

"On the east of the river Scheldt the defenses of Antwerp have been forced to fall back to the river Nethe before the violent attack of the German artillery, after a desperate resistance of five days."

"The position on the Nethe is very strong and the Belgian army will resist with its full energy."

London, Oct. 4 (3:54 a. m.).—A dispatch from German headquarters says that the Third Siberian and parts of the Twenty-second Russian army have been defeated near Augustowo, Russian Poland, after two days' fighting, says the Amsterdam correspondent of the Reuters Telegram company.

Paris (via London, Oct. 4, 4 a. m.).—The Temps has received a dispatch from its Geneva correspondent saying that according to telegrams from Bucharest the representations of the all health of King Charles of Romania are merely preparatory to the announcement of his abdication in favor of Prince Ferdinand.

Maytorena Is Now Attacking Gen. Ben. Hill.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Nave, Sonora, Mex., Oct. 3.—Desultory fighting on all sides of the town marked the opening tonight of the attack by Governor Maytorena's Villalpa forces on Gen. Benjamin Hill's troops which have been entrenched here for a week.

Although both sides are using machine guns, Maytorena's troops seem to have some heavier pieces of artillery than the defenders of the town. American troops patrolled the international boundary, and turned back wounded men who sought refuge and medical attention in Nave, Arizona.

Maytorena's troops have been reported as advancing on Nave, Sonora, for two or three days. Bands of Yaquis coming down the arroyos just before dark tonight gave warning that the battle was about to begin.

Clayton Bill Hangs Fire.

Washington, Oct. 3.—Efforts to end the debate on the Clayton anti-trust bill and to adopt the conference report on the measure again failed today in the senate and the vote went over until next week.

BATTLE IN FRANCE GOES ON WITH UNABATED FURY AND NEITHER OF CONTESTANTS CLAIMS GREAT ADVANTAGE

LITTLE TOWN OF ROYE IS CENTER OF DESPERATE STRUGGLE BETWEEN GENERAL VON KLUCK AND ALLIES

Reports Said to Indicate Preparation on Part of Kaiser's Forces for Retreat Through Belgium but Observers Generally Believe More Hard Fighting, Possibly for Many Days, Is Necessary Before Decisive Result Can Be Expected; Stupendous Engagement Between Russians and Austrian-German Army Along Frontier of Eastern Prussia and Silesia Is Due to Commence at Any Moment, According to News From That Theater of War.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)

London, Oct. 3.—Roya, the little town on the main road from Amiens to Noyon, the heights around which have been alternately occupied by the French and the Germans during the past week, is still the center of a battle of great violence.

The Germans, who are fighting stubbornly to protect their flank at this point, have brought up reinforcements, but according to the French official communication issued this afternoon, all their attacks have been repulsed.

The action, however, is still proceeding and upon it much depends, for if the Germans are beaten, their line of communication at Tergnier will be seriously threatened.

Other operations on this front, which extends as far north as Arras, have been disclosed since the French themselves announced that their force, which was debouching from Arras, had fallen back slightly on the east and north of that town.

Preparing for Retreat.

There is evidence from other sources that the Germans are making preparations to protect their flank, should a retirement become necessary. They have evacuated West Flanders, and their attack on Antwerp is believed by many to be designed to keep the Belgians busy and prevent them from operating on what would be General Von Kluck's left should he fall back through Belgium.

But the battle is not yet over and it may be many days before either side attains its objective. Except for the forces absolutely needed elsewhere, the Germans are maintaining their strength in France and, besides fighting off the French efforts on their right, are themselves remaining on the offensive on the French right.

The army of the crown prince, which has been in the thick of the fighting since the Germans began their invasion of France has made an attempt to slip through the wood of La Cuvette, but the French report says, was thrown back to the north of the Varennes-la-Vienne-la-Ville road.

Straightened French Line.

This road pierces the northern part of the Argonne forest, so that the French must have made a considerable advance in this region and quite straightened out the line from the north of Verdun to north of Rheims.

This attack of the crown prince's army doubtless is what the Germans referred to in their report of Friday's date, to the effect that the troops advancing in the Argonne had gained ground in a southerly direction.

In the Woerthe district and on the heights of the Meuse, the French claim that their progress, though slow, continues. There apparently has been some hard fighting further south, for the German report speaks of victorious sallies from Toul having been repulsed.

Quiet in Center.

Along the center comparative calm still reigns. The Germans have been keeping up a heavy artillery fire on the British and French forces entrenched in front of them, but the British accounts say little damage has been done.

Operations in Eastern Field.

The operations between the Russians and Austrians and Germans going on in interest. These armies are fighting along a tremendous line, extending from the neighborhood of Cracow, in Galicia, along the frontiers of Poland and east Prussia, almost to the Baltic sea. There is no news from the southern field, but the Germans and Austrians, instead of waiting on the line between Cracow, Czerstow and Kallax for the Russians, have advanced further into Poland. Their outposts have been reported as far east as

Pietrkow (ninety miles southwest of Warsaw) in the north and Stupnia (thirty-two miles southeast of Kielce) in the south.

Great Battle Imminent.

A big Russian army is gathering to meet them, and a great battle probably will be fought in Poland, instead of on the borders of Poland and Silesia. In the north, if the reports are to be believed, the Russians seemed to have checked the German invasion from east Prussia and have compelled the Germans to retrace their steps except on the right wing, which is still fighting around Ossowetz.

The latest report on the movements of the German emperor is that he has left Breslau, from which point the invasion of Poland was launched for Thorn, west Prussia.

ALLIED ARMIES EXTEND WING TOWARD BELGIUM

Paris, Oct. 3 (11:46 p. m.).—The western wing of the allied armies was still further extended today and now reaches to within thirty miles of the Belgian frontier, carrying the allies' overlapping movement in a north-easterly direction.

The German reinforcements on this end of the line are very strong. These troops probably were brought from bodies of German forces deployed in the rear of their advanced entrenchments. Their courageous dashes to the allies' front were not successful.

The sight of the allied infantry creeping across the open spaces in front of the trenches, in a brilliant sunshine which glittered on their weapons, was impressive. Hundreds of shells burst overhead or in their rear without doing great damage.

Everywhere the French and British soldiers seemed as though glued to the ground but their widely extended lines progressed always forward. In only two or three instances did they encounter the spitting machine gun fire with its murderous hail of bullets which opened on them when they surmounted slight outcrops, before reaching the German trenches. They found few Germans to meet their bayonets, as the invaders had retired to another line only a few yards back.

It is stated that the Germans also retreated on the eastern wing where many days they have been going back continually. In that part of the great battlefield the famous French Alpine riflemen came in contact with the Germans and inflicted considerable loss.

In the center there was comparative calm, though the artillery and infantry kept firing occasionally, as though to remind their adversaries of their presence.

The aviators on each side have kept continual watch on the movements of the enemy and sometime have dropped shrapnel bombs, generally with little effect, however, as the troops are well sheltered in their burrows.

TIMELY REINFORCEMENTS SAVE GEN. VON KLUCK

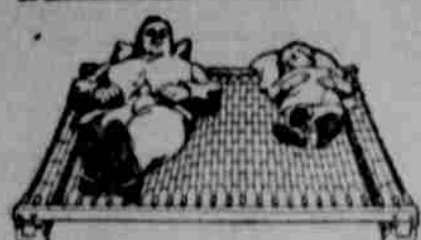

New York, Oct. 3.—Dow Jones and company, a Wall Street news agency, sent out the following dispatch today:

"Paris, Oct. 3.—Minister of War Millerand declared today that only the steady arrival of heavy reinforcements had averted disaster for the army of General Von Kluck and the entire right wing of the German army. He said that early in the week the forces of General Von Kluck were in desperate straits and that part of them had been forced to withdraw from advanced positions to a point northeast of St. Quentin by a raid of French cavalry."

"General Von Kluck, Minister Millerand said, had called for reinforcements, but the arrival was delayed and they arrived only in time to prevent a general withdrawal of German troops."

ARTILLERY STILL ROARS IN ARGONNE FOREST

Berlin, Oct. 3 (via London, 2:45 p. m.).—A correspondent of the Lokal Anzeiger, who has witnessed the military operations in the Argonne forest

A Wonderful Spring

WE never saw anything just like the "Way" Sagless Spring. It has many of the qualities of the most expensive box spring but sells at the price of an ordinary article.

It never sags or bags. It never doubles you up like a jack-knife. It never bumps you on the bed slats. It never rolls the occupant toward the center of the bed. It never cracks, and groans, and rattles when you turn over.

It is unbreakable as well as unagable. It will last a lifetime with ordinary care. There are no open links to come unhooked or tear the bedding. It is a most economical proposition too.

To prove all this we will send one to your home for 30 nights free trial. The Manufacturer's guarantee, as well as ours, gives you absolute protection. If it sags within 25 years the Manufacturers agree to furnish a new fabric free.

Price only \$8.00

Think of it—more than nine thousand nights of luxurious ease guaranteed. No risk—no worry—no expense—it's all comfort. The very first time you go shopping, drop in and we will tell you more about it.

and north of Verdun, telegraphs his paper that the bombardment of Verdun still continues. Much activity at the Verdun railroad station has been noted, and there are three captive balloons over the city.

The English artillery is doing efficient work in the Argonne forest and causing much trouble, but the German position is "as of iron."

Up to the present time all the efforts of the enemy have been futile. While the developments are slow, the correspondent says, it is thought that the final decision is not far off.

The population of the district is starving.

GERMAN CRUISER SINKS SEVERAL BRITISH SHIPS

London, Oct. 3 (1914 p. m.)—The following official statement issued in Berlin has been received here by wire:

"The German cruiser Karlsruhe has sunk seven British steamers in the Atlantic.

"A note found on a Belgian officer who was captured by the Germans, contained the following: 'When we re-enter Brussels we will take with us a large stock of matches to sell to Cologne and other cities through which we pass. Henceforth we will have no more injured prisoners; everybody will be killed.'

"It is stated from Vienna that the Austrian advance against the Serbians is proceeding slowly but favorably. Several Serbian battalions were destroyed by a revolt among the Moslems. Twenty thousand Albanians have marched against Vukovar, a town in the Vojvodina of Hungary, and have demanded its surrender."

GERMAN ASSAULTS SAID TO HAVE BEEN REPULSED

Paris, Oct. 3 (1914 p. m.)—The official announcement issued this afternoon declares that the violent attacks of the Germans at Rois has been repulsed by the allies.

The text of the statement follows:

"First—On our left wing the violent action which has been progressing since yesterday continues without interruption, particularly in the region of Rois, where we have repulsed all attacks, although on this part of the front the enemy has been reinforced by new additions taken from the en-

NOT DRUGS Food Did It.

After using laxative and cathartic medicines from childhood a case of chronic constipation yielded to the scientific food, Grape-Nuts. In a few days.

"From early childhood I suffered with such terrible constipation that I had to use laxatives continuously going from one drug to another and suffering more or less all the time.

"A prominent physician whom I consulted told me the muscles of the digestive organs were weakened and could not perform their work without help of some kind, so I have tried at different times about every laxative and cathartic known, but found no help that was at all permanent. I had finally become discouraged and had given my case up as hopeless when I began to use the pre-digested food, Grape-Nuts.

"Although I had not expected this food to help my trouble, to my great surprise Grape-Nuts dissolved easily from the first and in a few days I was convinced that this was just what my system needed.

"The laxative performed their functions regularly and I am now completely and permanently cured of this awful trouble.

"I truly the power of scientific food must be unlimited." Name given by Postum Co., Battle Creek, Mich.

Look in place for the famous little book, "The Road to Wellville."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

that their task may be more formidable than heretofore realized.

PEACE OUTLOOK IN MEXICO IS MOST PLEASING TO WASHINGTON

Conferences of Generals Expected to Result in Composing Differences Between Villa and Carranza.

CALDERON MAY NOT ACCEPT PRESIDENCY

In Nearly All Sections of Country Peace Prevails and Trains Are Running on Regular Schedules.

LARGE DETACHMENTS OF GERMAN BISHOPS AT ANTWERP

Flushing, Holland, Oct. 3 (via London, 3:10 p. m.)—Owing to renewed activity on the part of the Germans in Belgium followed by the arrival here of a steady stream of refugees from this country, the state of siege which has been declared to exist over this port is being strictly maintained.

Every preparation has been made to close the mouth of the Scheldt river at a moment's notice. Likewise the principal bridge which connects the Zealand islands with the continent have been mined. Strong detachments of troops keep constant guard over these structures.

The greater part of the rolling stock of the railroads has been sent to the center of the country.

Flushing, Holland, Oct. 3 (via London, 3:10 p. m.)—Preparations to the final stage of Antwerp, large detachments of German troops, composed for the most part of naval reserves and landwehr, moved westward parallel with the Dutch frontier.

Several villages between Alost and Ghent have been deserted by the inhabitants. Driving their cattle before them and removing as much as possible of their furniture on wheeled carriages and handcarts the Flemish peasants are moving westward as fast as they can.

The activity of the Germans in Brussels since September 24, and their entry in repelling the roads leading to the Belgian coast of the North sea have been marked.

GERMAN ARMY NOW NUMBERS MILLIONS

London, Oct. 3.—In Swiss military circles, according to a Central News dispatch from Bern, it is estimated that Germany now has actually under arms twenty-seven army corps of her regular troops and an equal number of reserves. Of these, twenty-four army corps are in France, six in Belgium and Alsace, thirteen in east Prussia and eleven between Thorn and Cracow.

There are in addition, the dispatch adds, what is assumed to be 1,000,000 men of the landwehr and volunteers serving in the interior, while 500,000 fresh recruits are reported to be in training sufficiently advanced for them to be ready for service in November.

WILD FOWL REFUGE ON GULF OF MEXICO

New York, Oct. 3.—For the purpose of establishing another wild fowl refuge on the northern shore of the Gulf of Mexico, the Macmillan foundation has purchased the Grand Chenier tract containing 35,000 acres in the Parishes of Cameron and Vermilion, Louisiana, at a cost of approximately \$225,000.

The great tract is only a few miles from Marsh Island, purchased by Mrs. Russell Sage for a bird refuge, at a cost of about \$150,000. Marsh Island was for many years the greatest slaughtering ground for ducks in North America.

other properties at Matamor, the report said, was greatly relieved by the assurances from Mexico City.

Warships Come North.

The navy department was informed that the battleship Delaware had sailed from Vera Cruz for Tampam to relieve the North Dakota. The North Dakota will proceed to Vera Cruz, where the twenty-fourth company of marines will be embarked for transfer to the naval station at Guaymas. The battleship will continue north from Guaymas to Hampton Roads for target practice and routine maneuvers.

The convention at Mexico City, according to reports received here today, yesterday elected Governor Guiterres of San Luis Potosi, president of the convention, and General Murguía of Coahuila, vice president. General Obregon was chosen for president general. General Carranza did not appear personally at yesterday's sessions but was represented by proxy, the dispatches said.

Calderon May Decline.

The constitutional agency here announced tonight that Fernando Iglesias Calderon, General Villa's choice for provisional president, would not accept the office unless a convention representing all elements chose him. A message to the agency from San Antonio said:

"General Calderon telegraphed Villa today that he would be unable to accept the provisional presidency in the manner in which the division of the north offered it to him but if the national convention representing all elements offered it to him he would feel obliged to accept it to prevent a new recourse to arms in the republic."

WANT AMERICANS TO DENY FALSE STORIES

Perlin, Oct. 3 (via The Hague and London, Oct. 3, 10:50 p. m.)—The American Breakfast club assembled today for the first time since the outbreak of the war. The meeting was attended by 150 persons, including the personnel of the American embassy and consulate and leading American business men.

Lord Mayor Vernon, the guest of honor, asked those present to deny stories appearing in the foreign press regarding famine, rioting and unemployment in the German capital.

Stories appearing in the foreign press asserting that Prince Adalbert, the third son of Emperor William, had died in Brussels, are declared to be untrue. Prince Adalbert is in the naval service and when last heard of was acting as navigation officer aboard the dreadnaught Prinzess.

Prince Joachim has been wounded and Prince Oscar suffered an attack of heart trouble, but beyond that, it is stated that all members of the imperial family are well.

Two Georgia Progressives.

Macon, Ga., Oct. 3.—Two candidates for the United States senate from Georgia were nominated here today by the progressive state committee. C. W. McClure of Atlanta was named to oppose Senator Hoke Smith and G. R. Hutchens of Rome, was selected to oppose Thomas W. Hardwick, democratic nominee to serve the unexpired term of the late Senator A. C. Bacon.

Repudiates His Confession.

Marina, Calif., Oct. 3.—A. P. Emory, a detective under arrest here, accused of having high explosives in his possession, repudiated today a "confession" he made yesterday implicating representatives of the Merchants, Manufacturers & Employers' Association of Stockton in an alleged conspiracy to discredit Stockton labor interests by "plants" or dynamite.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP--25 CENT DANDERINE

Girls! Girls! Save your hair! Make it grow luxuriant and beautiful.

If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you can not have nice, heavy, healthy hair if you have dandruff. This destructive scourge robs the hair of its lustre, its strength and its very life.

been made by the Netherlands government to see that shipments of foodstuffs brought into Holland shall not pass into the hands of the nation now at war.

There is now a complete belt of districts under martial law. Along the borders and coast and in these districts all outgoing freight is examined by military authorities in addition to the customs officials. The thoroughness of the embargo is shown

and if not overcome it produces a feverishness and itching of the scalp; the hair roots furnish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggly or too oily, get a 25 cent bottle of Danderine. Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Danderine. If eventually—why not now?

Quick Removal of Wrinkles Is Now Assured -- Some Other Beauty Secrets

Valeksa, smart, America's Self-Made Beauty-Actress, Gives Startling secrets for the Attainment of Quick Beauty.

BY VALESKA SURATT
THE removal of wrinkles is no longer a problem. Of course there are many prepared creams which are sold for the purpose, but the experience has proven that none of these preparations does more than to make the skin look better for a few days. The use of genuine skin cream is particularly desirable. What every woman wants and can now obtain is the quick removal of wrinkles, not a process requiring almost a year if at all, but which will show wonderful results in a few weeks' time.

The following formula is one which does this in a very short time. You make this up yourself, at home in a very few moments by dissolving two tablespoonfuls of glycerine and two ounces of lard in half a pint of hot water. The water should be quite hot, and the glycerine and lard should be well mixed before adding to the water. This is the only cream that acts on the principle of the skin. It is the only cream that makes the skin soft and supple, and it is the only cream that makes the skin look better for a few days. The use of genuine skin cream is particularly desirable. What every woman wants and can now obtain is the quick removal of wrinkles, not a process requiring almost a year if at all, but which will show wonderful results in a few weeks' time.

different matter and cannot always be assured. However, a mixture of two ounces of lard and half a pint of hot water, and held a pint of water in a pint of hot water, and taken in two tablespoonfuls after each meal and before retiring, is the best and most effective means for the purpose. Do not use pills or mechanical appliances.

MRS. T. R.—A beautiful of eggs, half a cup of hot water, makes an amazingly rich and effective hand wash and dandruff remover. The action of this shampoo is to dissolve every particle of dandruff and fatty accumulation, which soap does not do because of the alkali it contains. This is the only hand wash that acts on the principle of the skin. It is the only cream that makes the skin soft and supple, and it is the only cream that makes the skin look better for a few days. The use of genuine skin cream is particularly desirable. What every woman wants and can now obtain is the quick removal of wrinkles, not a process requiring almost a year if at all, but which will show wonderful results in a few weeks' time.

MARY JANE H.—The removal of superfluous hairs is accomplished more easily, quickly and thoroughly by the use of simple salt solution than by any other means. This simple solution is made by dissolving a teaspoonful of salt in a quart of water. It also dissolves all perspiration, cures itching and all other body sores. It will prevent that terrible condition under the arms. It saves your garments and relieves you of much embarrassment.

ARABELLA M.—No. Face steaming will not remove blackheads. You can get rid of them completely in a few minutes by simply rubbing them with a little persnick applied on a sponge made wet with hot water. Any drug store can supply you with the formula. Every blackhead will disappear by using this remarkable formula.

MRS. R. O. B.—Excessive and unnatural perspiration from which so many women suffer at all seasons is at once relieved by the simple use of hygienic salt solution. It also dissolves all perspiration, cures itching and all other body sores. It will prevent that terrible condition under the arms. It saves your garments and relieves you of much embarrassment.

MRS. R. O. B.—Simply use this cream

HERSTINE M.—The prevalence of falling hair is alarming among all classes of women. Dandruff is one of the main causes of it. Another cause is lack of nourishment of the hair-roots. The ordinary hair tonic bought these days merely stimulates the hair to grow, but does not stop dandruff or make hair grow. What is needed is to supply the necessary nutriment so that the hair of the scalp and hair roots may retain their natural condition of slow and healthy. For this purpose Danderine is so remarkably effective as a mixture of one ounce of beta-quinol, half a pint of alcohol and half a pint of water or with a full pint of bay rum instead of water and alcohol, if preferred. This tonic less than any prepared hair tonic and its results in reviving hair to grow, stopping dandruff and the falling of hair are very remarkable and rapid.

A HEAVY ARTILLERY WEAPON OF THE FRENCH ARMY ON WAY TO THE FRONT

These guns, which are intended to reply to the heavy Krupp guns of the Germans, are drawn by specially constructed motor tractors of 35-horse power, as seen in the above picture. The motors can draw a heavy gun along a good road at the rate of ten miles an hour.

What's New in New Mexico

ELEPHANT BUTTE WORK COMING ON IN GOOD SHAPE

Quantity of Masonry Placed Not Large but Consistent Progress Is Made and Engineers Are Satisfied.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Elephant Butte, N. M., Oct. 3.—Consistent progress was maintained during the month. While the quantity of masonry placed was not as large as during preceding months, it was as much as could be expected with existing conditions. Lack of room due to the erection of gates, conduits and complicated form work, considerably retarded the masonry work, but not so much as was anticipated.

During the month 31,500 cubic yards of masonry was placed, making a total to date of 331,500 cubic yards. This was placed on six different blocks, it being necessary to skip around a good deal to find room to work. With gates and conduits being erected in the two easterly blocks it was only possible to pour concrete intermittently as conditions permitted. The higher blocks have been brought up to elevation 4,225, which is 222 feet above the foundation, 121 feet above old river bed, and only 79 feet from the top. A large quantity of masonry has been placed at west abutment, between the flume and the bank; this has been brought up to about 20 feet higher than the top of the flume walls.

Excavation during the month was carried on at the east abutment, the west abutment, and at the downstream toe of the dam, where a heavy concrete apron is to be built to withstand the discharge from service and sluice conduits. The excavation is carried along with the masonry work, while one crew is placing masonry an entirely separate crew is excavating and preparing foundation at the other abutment. In this way there is no conflict at either men or plant; the different crews have trained to their particular kind of work and consequently become much more efficient than if frequently changed to other work.

Developments Are Gratifying. At the west abutment developments have been very gratifying. It was expected that considerable excavation would be necessary. While preliminary pits and borings indicated rock within reasonable distance, early excavation operations suggested excessive excavation, but it is now seen that satisfactory rock is much closer to the surface than was anticipated. Masonry work at this point has been suspended for a few days until an additional height of about 50 feet can be prepared. Excavation for the month amounted to 5,100 cubic yards, making a total to date of 279,300 cubic yards.

The quarries have been furnishing excellent rock, particularly the main quarry. The output for the month was 15,500 cubic yards of crusher rock and 4,500 cubic yards of plunger rock. With one exception all quarry derricks are now being operated by three shifts. With a larger force than ever before it is now possible to furnish enough material to keep the plant going to full capacity, and it is hoped that when there is more working space on the dam that a large masonry output can be obtained.

In general, arrangements are completed to commence work on the road to Engle within a few days. Preliminary work has commenced on the embankment, a line of water pipe is being laid from the river at dam and the road from dam to embankment site is being put in shape. Labor conditions are excellent, 1,250 men now being employed. The weather has been exceptionally good for construction purposes. Satisfactory progress is being made in the building of conduits and erection of such gate material as is on hand, but the non-arrival of certain castings has somewhat delayed masonry work and seriously interfered with the construction program. The sand cement plant continues to do good work, and furnishes all cement used. During the month it produced 24,600 barrels, a total to date of 320,000 barrels.

LARGE AREA OF LAND TO BE RESTORED TO ENTRY

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, Oct. 3.—Three hundred thousand acres of public land withdrawn under the Carey act in New Mexico will be restored to entry under the federal land laws on October 24. One of the largest tracts is on the Pecos river near Fort Sumner, and the Fort Sumner land office will be overrun on that date with home-seekers who will file on these lands, many of which are choice and likely to be under an irrigation project before many years.

Orders signed by Secretary Lane recently have opened to settlement any entry under homestead law, 3, 600,000 acres of land in New Mexico, Colorado, California and Washington. Under the enlarged homestead act lands in the west are examined by the Geological Survey to determine whether there is any available water supply by which they may be irrigated. If not, they become subject to entry by settlers in tracts of 320 acres each, as against the 160 acres under the original homestead law.

The car that will surprise the automobile world—Dodge Bros.' car.

ROSWEEL SLIDES DECLARED TO BE WORKS OF ART

High Praise Given Stereopticon Pictures of Pecos Valley Country for San Diego Fair Commission.

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, Oct. 3.—"Nothing I ever saw in the Holmes Travelogues beats these lantern slides," declared a traveler today after looking over the 104 stereopticon pictures, all hand-colored, illustrative of Roswell and surrounding country, and just received by the New Mexico exposition commission. They are works of art, some of them would pass for paintings by a master. They will be first shown to the public at the annual meeting of the Archaeological Society in the Palace of the Governors on next Tuesday evening.

The photographs from which the slides were made were well selected and representative of the best to be found in the Pecos valley. The alfalfa farms in the glory of their verdure, the orchards in blossom and in fruitage, the artesian wells spouting their life-giving streams, reservoirs in the shade of huge cottonwoods, irrigation canals and laterals, beautiful homes, magnificent public buildings, all pass review vividly.

Colored By an Artist. The artist who colored the slides has caught the New Mexico sunshine, the luscious greens, the deep blue waters, and purple and crimson of the fields and orchards with such verisimilitude that all those who will see the pictures will long to visit the land of the artesian wells, the fairest spot of all the southwest.

This is only part of the Pecos valley slide exhibit. The Carlisle and Artesia as well as the Plains and the mountain country have already had their stereopticon slide made and are packed ready for exhibit to the ten million visitors at the San Diego exposition. The motion picture films are a wonderful success. At an early date the motion picture machine and camera man will go to Roswell again to finish up the job of taking the Military Institute as well as of apple picking and packing operations just as in the lot of pictures received today he shows fruit canning operations. At Clovis, too, the camera man has been very successful and not the least among the eastern New Mexico slides will be those from Roosevelt county, especially the Portales section.

PRISONER BREAKS FROM LINCOLN COUNTY JAIL

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Carrizozo, N. M., Oct. 3.—Last Wednesday night William Earp, who had been committed to jail to await the action of the grand jury on a charge of stealing a saddle from J. B. Van Winkle, took leg bail and escaped. He was seen by the sheriff's posse, up to the point of the anxious officers. He took down a wire clothes line, which was in use in the jail, fastened it to the iron bars of one of the jail windows, and with the aid of a stove poker and a steel knife, shimmied, he dislodged a dozen bricks by the side of the window, through which he squeezed his body and slid down the wire. The delivery was made some time between 11 p. m. Wednesday and 4 a. m. Thursday.

Earp had been in jail about a month and very shortly after he was committed he was allowed by the jailer to do looking for himself and his cellmates. This gave him the freedom of the run-around, and his behavior was such that he was not thought necessary to lock him in his cell during the night. This gave him the opportunity to plan his escape, which he has so far made good. While at the time of his arrest it was thought he might have been made good, it developed a few days ago that he had been working in the vicinity of Vaughn. Sheriff Cole has in his possession information that Earp is wanted in that county to answer to a charge of horse stealing. He would have been turned over to the sheriff of Guadalupe county soon, had not the grand jury of this county returned an indictment against him on the charges preferred against him here.

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime package of Dr. James' Head-ache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

Why Not Publish It? When you want a fact to become generally known, the right way is to publish it. Mr. Joseph Kallens, Peru, Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." For sale by all dealers.

SECOND DEGREE MURDER VERDICT AGAINST WEST

Co-defendant With Mrs. King Is Found Guilty After De-liberation of Hour and Half; Prisoner Shows No Emotion

(SPECIAL DISPATCH TO MORNING JOURNAL) Silver City, N. M., Oct. 3.—After being out an hour and a half the jury in the case of the State vs. Augustus West, charged with the murder of George C. King, a Grant county ranchman, in July last, this afternoon returned a verdict of guilty of murder in the second degree.

Present in the courtroom when the verdict was announced were the father and brother of the defendant. The elder West was visibly affected, but the prisoner showed no emotion whatever.

Mrs. Isabel King, widow of the murdered man, who was jointly indicted with West but who was yesterday acquitted on instructions of the court, was not in the courtroom today, nor did she visit West in the jail after he was returned there, so far as is known. Accompanied by her brother she left this afternoon for the home of her mother in Houston, Texas.

HYDROGRAPHIC REPORT SENT IN TO WASHINGTON

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, Oct. 3.—Glenn Gray, in charge of the hydrographic survey, this morning transmitted his annual report to the department at Washington, D. C. It shows that during the year ending September 30, there were established four gauging stations in the Arkansas drainage, ten in the Rio Grande drainage and three in the Colorado basin. Seven stations were discontinued, so that seventy-seven remain, of which thirteen are in the Arkansas basin, forty-nine in the Rio Grande and fifteen in the Colorado drainage.

The number of discharge measurements was sixty-eight in the Arkansas drainage, 713 in the Rio Grande and 123 in the Colorado basin, making a total of 913.

The cost of it. The service maintains five men in the field and three in the office. The cost per station in the Arkansas drainage was \$195.41, making a total of \$2,544.30; \$247.22 in the Rio Grande, making a total of \$2,172.91; \$257.13 in the Colorado, making a total of \$3,567.39, while the average cost throughout New Mexico was \$238.51 per station or a total of \$13,511.41.

The state contributed a total of \$13,278.90, the United States geological service, \$2,335.16 and the geological survey, \$2,497.35.

MODERN BUNGALOW FOR NEWLYWEDS BEING BUILT

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Oct. 3.—A modern bungalow is being built near the Decker orchard and ranch in the Tesuque valley by Mr. and Mrs. Robert Martin, who were married this week, to be occupied by them some time after Christmas.

Mrs. A. B. Rencher returned yesterday from Culver, Ind., where she placed her son, DeForest, in the military school, and a visit to Mrs. J. W. Reynolds, formerly of Santa Fe, now at Omaha.

Supreme Court Justice and Mrs. R. H. Hanna entertained at dinner, the guests being: Governor and Mrs. McDonald, Attorney General and Mrs. Frank W. Clancy, Judge and Mrs. N. B. Laughlin, Mrs. I. B. Hanna, Miss Conrad, Miss Olsen, Miss Laughlin and Charles Holt.

Mrs. M. M. Granger, of Zanesville, O., visiting her niece, Mrs. Charles Cochran, was the guest of honor at a bridge party given by Mrs. A. B. Brooks. There were four tables.

School Bond Indebtedness. Santa Fe, Oct. 3.—Socorro county today reported its school bonded indebtedness to the department of education and makes a remarkably good showing, the total amount of bonds outstanding being only \$7,500. All of these are thirty-year 6 per cent bonds and were issued as follows: District No. 7, in 1907, \$1,000; District No. 7, in 1907, \$2,500; District No. 12, in 1911, \$4,000.

School Census Figures. Santa Fe, Oct. 3.—McKinley county this year did not enumerate Navajos and Pueblos of school age in its school census, so that the total is only 1,678, indicating a white population of 5,873, as against 2,360 in the census year of 1910. Gallup has a school census of 965, indicating a population of 3,378 as against 2,294 in 1910. Gibson has a school census of 242, Guadalupe 103, Thorpe 28, Page 68, Ramah 1,610, Zuni 25 and San Mateo 36.

Tax Levy Certified. Santa Fe, Oct. 3.—The city council and mayor today certified to the tax levy for the city of Santa Fe, setting the regular levy at the legal limit of ten mills and the levy for interest at one and a half mills, or half a mill more than last year.

PROTEST AGAINST ENLARGEMENT OF IRRIGATION PLAN

Farmers' Development Company Has Kick Coming on Rayado Company; Alleged Settlers Have Been Misled.

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, Oct. 3.—The Farmers' Development company of Colfax county, filed a protest today with the state engineer's office against the granting of an application to enlarge the system of the Rayado land & irrigation Co., under application No. 823, for the irrigation of 5,900 more acres than contemplated under No. 37.

The protest asserts that the Rayado company never gained any rights under the old permit No. 37, which was established by irrigation, the Farmers' Development company charging that the Rayado company has done no construction work whatever on the project since August 26, 1912. It is also asserted in the protest that the Rayado company continues to bring in settlers for the land without providing any system or supply to furnish water.

Grave Charges. Another grave charge is that investors and settlers have been misled to the detriment of bona fide irrigation projects going ahead in good faith, such misrepresentation dragging the name of the state of New Mexico into reproach.

In addition it is asserted and notes are cited of record that the measurement of the supply of water from the Rayado and its tributaries is insufficient for the rights already of standing on the stream and therefore the protestants move that application No. 823 be cancelled.

SOUTHWESTERN PART OF STATE GETS GOOD RAIN

(SPECIAL DISPATCH TO MORNING JOURNAL) Silver City, N. M., Oct. 3.—A rain which began last night and continued all day and tonight brought great rejoicing to the stockmen throughout the southwestern portion of New Mexico, as the ranges were becoming very dry.

The present rain is the first general precipitation in almost eight weeks and will fill all the water holes and revive the grass, providing good winter pasture for live stock.

Teachers' Certificates Signed

Santa Fe, Oct. 3.—Assistant Superintendent of Public Instruction Filadelfo Bata today signed the following teachers' certificates: First grade: D. B. Morrill, of Palomas Springs; Mrs. Lida Miller, Hollone; Ruth J. Reed, San Marcel; C. P. DeLaMater, Mancos; Mrs. Clara Chubb, Pecos; Alice Thoreson Foster, Llanos; Mrs. Grace N. Taylor, Cedar; Vale Olive Duer, Valverde; Mary Ollman, Arroyo; Miss Ella Brook, Carrizozo; Ross Miller, Silver City; Ruth Paxton, Albuquerque. Second grade: Ethel Phillips, Honda; Rena M. Childers, San Rafael; Roma Broyles, Elchillo; Jessie Farnham, Buelvas; C. DeVargas, Ojo Caliente; Jose B. Martinez, Costilla; J. J. Romero, Mora; Third grade: Esther Hill, Kenia; Carlos Rodarte, Gascara; Jessie DeFoux, Garco; Gerald H. Bixton, Buxton; Elmer Dye, Claude; Alfredo Valdez, Parkview; Juan B. Estrada, Trancenta; Virginia Narango, Los Alamos; Bridget Garcia, Jemez.

Home Recipe For the Liquor Habit

Well Known Physician Who Has Treated Thousands of Cases Gives Out Simple Home Recipe to Be Given Secretly.

A well known physician, located in the Middle West, who has treated thousands of cases of liquor habit, in a recent interview made the following statement: "The cost of the drugs used to treat the liquor habit in the high priced sanitariums is very little. Here is a simple, inexpensive prescription that can be given secretly in coffee, milk, water or in the form of a pill. It has no taste, color or smell. It is 2 oz. of water add 20 grains of muriate of ammonia, a small box of Vaseline Compound and 10 grains of Paris. Put into coffee or food a teaspoonful three times a day. This prescription is perfectly harmless, can be filled at any drug store, and will be found very effective in the treatment of the liquor habit."

WEAK LUNGS OFTEN LEAD TO SERIOUS ILLNESS

If you have weak lungs and your system is run down, you are more susceptible to serious lung trouble. By the use of Eckman's Alternative many have been restored to health. Read of this case: "I was afflicted with a very severe cold which settled on my lungs. At last I began to raise spasm, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alternative. I stayed at home and continued taking it the last week of October. I began to improve and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now seven years since my recovery has been effected, and I cannot praise Eckman's Alternative too highly." (Abbreviated)

W. M. TATUM, Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Retail size, \$1; regular size, \$7. Sold by Highland Pharmacy and leading druggists. Write Eckman Laboratories, Philadelphia, Pa., for booklet of testimonials.

NOTICE TO HEATING CONTRACTORS Bids will be received at the City Engineer's office until 4 o'clock p. m. October 5, 1914, for the heating on the City Hall building.

EQUITABLE LIFE

Thirteen Reasons Why Every Man and Woman on Whom Others Depend Should Insure in the Equitable

Popularly Known as the Strongest in the World.

- 1 Because SAFETY for women and children and the entire home circle can best be secured through insurance on the life of the breadwinner.
- 2 Because SAFETY in old age can be provided through life insurance.
- 3 Because SAFETY for a wife, daughter, mother, son, or other dependent, can be guaranteed for life through income insurance.
- 4 Because a SAFETY fund for the liquidation of a mortgage or other indebtedness can be provided by life insurance.
- 5 Because business interests can be safeguarded and credit enhanced by means of life insurance.
- 6 Because life insurance safeguards investments by furnishing ready money and prevents a sacrifice sale of valuable securities at the death of the owner.
- 7 Because the sense of SAFETY afforded by life insurance gives relief from worry, and freedom from worry tends to lengthen life.
- 8 Because SAFETY is the paramount consideration in any financial transaction, and a well-established life insurance company is of all financial institutions the most secure.
- 9 Because bequests under a will can be safeguarded and inheritances maintained intact by life insurance sufficient to meet administration and other expenses.
- 10 Because, while life is uncertain, life insurance is certain. A house might burn, but a man must die. A life insurance policy must mature and be paid in full some time if maintained in force.
- 11 Because SOCIAL SAFETY is increased through life insurance, which reduces pauperism, ignorance and crime, adding to the stability and welfare of every community.
- 12 Because SAFETY for business partners, or for those jointly supporting a home, can be assured through Joint Life Insurance.
- 13 Because life insurance is the epitome of "SAFETY FIRST"—

- (1) For the Individual;
- (2) For the Family;
- (3) For the Community.

SANTA FE POSTAL RECEIPTS SHOW EXCELLENT GAIN

Report to Department Indicates Growth of Capital City; Third and Fourth Class Matter Lead.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Santa Fe, Oct. 3.—Notable is the increase in the postoffice receipts as shown by the quarterly report of Acting Postmaster John H. Vaughn, transmitted to Washington, D. C., yesterday.

The past three months the income from sale of stamps and stamped envelopes was \$6,925.84 as against \$4,866.25 during the corresponding quarter last year. Part of this increase is due to the large attendance at the summer school in August.

But most remarkable is the increase, almost 2,000 per cent in the receipts from mailing third and fourth class matter. Last year it was \$2.45 during the quarter. This year it is \$119.60. This is due to many eastern catalogue firms expressing their confidence in Santa Fe and mailing their goods here by parcel post. Box rents increased from \$247.99 to \$256.60.

LAS CRUCES SOAKED BY FEDERAL JUDGMENT

(SPECIAL DISPATCH TO MORNING JOURNAL)
Santa Fe, Oct. 3.—Judgment was entered today against the town of Las Cruces in the federal court in the case of the town of Las Cruces vs. the National Surety company, on the bond of Contractor Bash & Gray, who were charged with leaving the streets in bad condition and otherwise failing to live up to their contract in making municipal improvements. Judgment for costs was also given against the town.

Judge W. H. Pope today approved the fee bill of District Clerk Harry Lee against the costs fund for the past quarter, the total amounting to \$242.10.

Until December 1, was given by Judge W. H. Pope to the plaintiff in the case of Hoagson Brothers of New York, vs. the First National bank of New York to complete a proposed bill of exceptions. Judgment had been given against the plaintiff who sued for a commission on plans prepared for a bank building which was not constructed.

Visitors to Museum.

Santa Fe, Oct. 3.—Despite the downpour of rain today, the New Mexico museum had a large number of interested visitors. M. L. Stewart of Las Santa, Colo., asked for information about the cliff dwellings and the place that he might exhibit them on his lecture tours. Walter Terhune, of San Francisco and Walter of London, England, told of some of the New Mexico exhibits in the British museum. General George B. Adolph, of Los Angeles, accompanied by Mr. and Mrs. T. A. Dimond, of Albuquerque, told of European and coast museums he had visited. Laura Conner, Marion Conner, George D. Haworth, Clara Haworth, of El Reno, Okla.; Mrs. F. M. Huxley, Solano; Mrs. B. E. Hedding, Mountainair; J. P. Collins, Pittsburgh, Pa.; L. M. Blount, Collins, Miss.; Mr. and Mrs. F. S. Macdonald, Howe, Ind., were others who registered. The greatest distance, however, came from Anthony Ferdinand, of the Francisco Brotherhood at Manila in the Philippines. He was accompanied by Brother Xenophon Cyril, of San Francisco, of the same order. The two brothers are guests at the convent at Poma Blanca.

Governor to Speak at Pkayas.

Santa Fe, Oct. 3.—Governor W. C. McDonald has accepted an invitation to attend the road road—Festival at Pkayas, Grant county. A barbecue is to be a feature of the occasion. There will also be horse racing and costuming and in the evening a grand dance. A band from the Ninth cavalry is to furnish the music.

Cuba Has Son and Heir.

Santa Fe, Oct. 3.—Alfred John, some years ago city editor of the New Mexican, now city editor of the Los Angeles Examiner, after a stay in Santa Fe as private secretary to Governor Hunt of Arizona and editor of the Santa Fe, has returned to his home in Cuba, where he is expected to be elected mayor.

Things Coming Earlier's Way.

Santa Fe, Oct. 3.—Money is just rolling into the state land office and Land Commissioner B. P. Eason is kept busy signing receipts for payments on land leases. The very first day of October he deposited \$7,000. Thus assuming that all records will be broken during October in the state of receipts.

Light Vote in Ohio.

Santa Fe, Oct. 3.—Despite a limited campaign, only 120 votes were cast in the city election at Ohio. Cash Hainey, democrat, received 42 votes for mayor, and A. W. Johnson, republican, 12. H. M. Brimenden was elected city clerk without opposition.

Austrian Marries Yankee Woman.

Santa Fe, Oct. 3.—Michael Bures, an Austrian, of Baton, was married this forenoon at the court house, to Miss Ivy Mae Turner of Yankee, Colfax county, by Justice of the Peace Pedro Alarid. The witnesses were County Clerk Marcelino A. Ortiz and Ricardo Alarid.

COUNTY OFFICER TO FACE CHARGE OF DRUNKENNESS

Solomon A. Garcia Must Go Before Jury on Accusation of Misconduct; Judge Declines to Suspend.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Clayton, N. M., Oct. 3.—County Commissioner Solomon A. Garcia was today tried before Judge Loh in the district court on charges of drunkenness and conduct unbecoming a public official.

Judge Loh declined to suspend Mr. Garcia from office pending charges, but held him to a trial before a jury at the next term of court on the charges filed against him.

COMPLAINTS POUR IN TO GAME WARDEN'S OFFICE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, Oct. 3.—Complaints were made today to the game warden's office that two grown up boys shot more than the legal limit of quail while out hunting on the Arroyo Honda and stoned to death all the young brood. If the boys can be identified, arrests will follow.

Complaint is also made that Colorado alibris in herds are crossing the Colorado boundary to shoot deer although coming ostensibly to trap bear and coyotes. Most of these herds have no licenses and come to this state because Colorado has forbidden the killing of deer for six years. If the coming New Mexico legislature a statute will be advocated to close the deer season for two years and to shut the open season thereafter from October 15 to November 1.

Bridge Kinks Straightened.

Santa Fe, Oct. 3.—Engineer J. W. Johnson returned today from Santa Rosa where he straightened out all the kinks in the bridge complications, with the result that the 304-foot bridge company will build the bridge over the Pecos at Fort Sumner; the Missouri Valley Bridge and Iron company the bridge over the Pecos at Puerto de Luna, while the building of the bridge over the Pecos at Anton Chico by the El Paso Bridge company will be postponed for the present. The first two companies already have the material on the ground and their shop plans were approved by county commissioners and the state engineer's office.

Road Boosters Rejoice.

Santa Fe, Oct. 3.—Rejoicing among Santa Fe and 2000 road boosters is caused by the announcement of State Engineer James A. French that the pile driver at San Marcelino has been shipped north so that the work on the proposed bridge across the Embudo on the Santa Fe-Taos road may be pushed. Frank Bond of the Rio Arriba county road board has given \$300, Taos has promised \$500 and the Santa Barbara Tie and Pole company has promised to furnish free of charge all the material needed for the bridge, which will cost about \$1,500.

Janowski in Hawaii.

Santa Fe, Oct. 3.—Professor Alexander Janowski, of Warsaw university, who attended the summer school here and left for his home in Russia, via San Francisco, writes from Honolulu to Colonel Grylls, of the Federal Land office, that he must winter in Hawaii, as all trains on the Trans-Siberian railroad have been reserved for troop movements which are said to include hordes of Japanese, to be hurled against the Germans in Poland.

Rapid Progress on Bridge.

Santa Fe, Oct. 3.—To the joy of Gallup and Los Lunas, rapid progress is being made by the state engineer in constructing the bridge across the Puerco on the Los Lunas-Gallup road, which will be a great feeder for Albuquerque. Eight of the ten piling piers have been driven and the new crossing across the Santa Fe railroad east of the bridge has been completed.

SENATE DECIDES TO PUT TAX ON BANK CAPITAL

Proposition to Substitute Insurance Policies Is Rejected; Negotiable Paper Is to Be Exempted.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, Oct. 3.—Retention, despite general and vigorous protests from bankers, of the proposed tax of 12 1/2 a thousand on bank capital and surplus and elimination of the proposed taxes on straight and industrial life insurance, were determined upon by democratic members of the senate finance committee today in their deliberation on the war revenue bill which passed the house.

The committee determined to disregard the protests of bankers against the bank capital tax, believing that it was necessary and a better tax than the substitute tax on checks, drafts and other negotiable paper recommended by a subcommittee. The latter tax, it was argued, would fall upon the individual and also would be bothersome in administration.

Proprietors of moving picture theaters and small amusement places will profit by the action of the committee which substituted for the flat tax on all theaters proposed in the house bill a graduated tax of \$25 for theaters with a seating capacity of 200 or less; \$50 for seating capacity up to 500; \$75 up to 1,000, and \$100 for seating capacity over 1,000.

The committee did not quite conclude its consideration of the bill, but expects to finish Monday. The revenue to be derived from the measure, it is estimated, will be approximately \$116,000,000. Eliminating life insurance will mean a loss of approximately \$10,000,000, but this will more than be made up in the tax of fifty cents per horsepower on automobile sales, estimated to bring a revenue of approximately \$12,000,000. The tax on beer remains as in the house bill, \$1.50 a barrel; that on sweet wines at 20 cents a gallon; dry wines 1 cent a gallon; gasoline 1 cent a gallon. The house bill taxes an brokers are retained, with the addition of a 10 cent tax on commission merchants and an increased tax on pawnbrokers from \$20 to \$50 a year. The special license taxes on dealers and manufacturers are retained with the addition of two classifications to provide for taxes of \$45 and \$90 a year on the largest manufacturers and dealers. The house stamp taxes are retained without change, to bring an approximate revenue of \$10,000,000.

The committee still has under consideration the elimination of casualty insurance including fire, accident and damage insurance.

HELD UP TRAIN AND GOT ONLY ONE DOLLAR

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
San Francisco, Oct. 3.—Confession that he held up the passengers of the Sunset limited train of the Southern Pacific at Colton last night was made today by Jesse Carl, 28 years old, a Los Angeles insurance solicitor.

J. O. Gibson, a local automobile man, was arrested tonight as an accomplice accused of having followed the train in his automobile to pick up Carl. The authorities say Gibson fled when he heard shooting.

One dollar was all that Carl netted in the hold-up. Angered at his ill success, he fired a shot in the air. The bullet ricocheted and grazed the foot of Z. Shannon, a passenger. Carl then leaped off the train. During the night he wandered about the orange orchards and today was caught 150 yards from the scene of the hold-up.

Commerce Is Paralyzed.

Panama, Oct. 3.—Shipping along the western coast of South America has been almost suspended owing to the reported presence in those waters of the German cruiser Leipzig, which is reported to have sunk two British ships in the last week.

Journal want ads bring results because everybody reads the Journal.

FIRST CHIEF IS TRIUMPHANT IN CITY OF MEXICO

Conference of Southern Generals Almost Unanimously Refuses to Accept Resignation of Carranza.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Mexico City, Oct. 3.—Shortly before midnight tonight the delegates to the general conference of southern chiefs rejected by an almost unanimous vote the resignation of General Venustiano Carranza as first chief of the constitutionalists. The resignation was laid before the convention early tonight and the vote followed a heated debate.

A commission was sent to the national palace to ask General Carranza to accept once more supreme power. The entry of General Carranza into the conference chamber in the early evening for the purpose of tendering his resignation was dramatic. After the packed galleries and floors had waited nearly an hour, the first chief entered, accompanied by his staff. All those present rose and applauded.

Without introduction General Carranza commenced reading the text of his resignation in a low voice, often stopping because overcome by emotion. When he concluded he immediately left the chamber amidst applause. As he passed out he was embraced by many generals.

When the delegates once more had seated themselves the chairman of the conference was besieged with appeals for recognition. General Carranza was given the floor and in an eloquent address cautioned the delegates not to accept the resignation unless they were ready to designate a successor. Carranza was followed by General Obregon and many others. The debate became so violent that it was necessary for the chief of police to caution the orators against expression of personalities.

Gen. Eduardo Hays, General Carranza's chief of staff, informed the press that whether the resignation were accepted or not, he with General Obregon and other delegates, would meet at Aguas Calientes on October 5 with a peace commission named by General Villa.

Socialist in Favor Again.

London, Oct. 3 (4:20 a. m.)—The Correspondent of the Central News says German dispatches report that the suspension of certain socialist newspapers has been cancelled on the grounds of the socialist leaders that these organs in the future will publish nothing calculated to create an opinion unfavorable to the prosecution of the war.

Motion for New Trial Continued.

Santa Fe, Oct. 3.—The motion for a new trial of Bert Edden by his guardian, attorney Bennett C. Kilduff, vs. the Victor-American Fuel company of Gallup, was continued today at the next regular term upon order of Federal Judge W. H. Pope today.

CONSUL SILLIMAN HAS FORMER CAPTOR ARRESTED

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
San Antonio, Tex., Oct. 3.—Luis Antonio Hernandez, captor of John R. Silliman, when the American consul at San Antonio, Texas, was arrested here today at the instance of Mr. Silliman, who recognized him on the street. Hernandez was held on charges of having smuggled a diamond into the United States and being an undesirable alien.

At a hearing before United States Commissioner Edwards, Mr. Silliman declared Hernandez threw him into a dungeon and for several days had threatened him with death by torture. Mr. Silliman left tonight for Washington.

Abandon Peace Conference.

Washington, Oct. 3.—All plans for holding the third international peace conference at The Hague next year have been abandoned. It was announced today at the state department.

No matter what you want it will save you time and money if you use the Journal's want columns.

**CONDITIONS IN
GERMANY GOOD,
SAYS MINISTER**

Country Has Its People Well
Employed; Foodstuffs Are
Plentiful and Resources Un-
impaired by Great War.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Berlin, Oct. 2 (2:30 p. m., via The Hague and London, Oct. 2, 1:10 a. m.)—Germany's position economically and financially is such as will enable her to carry the war to a successful conclusion, in the opinion of Vice Chancellor, Clemens Delbrueck. The country cannot be starved out, declared the vice chancellor in a long interview today.

The unemployment was steadily decreasing, with from five million to six million men in the field, he said. Many industries were working overtime on war orders and measures had been taken to divert labor from idle branches to busy departments until now the unemployed numbered only from six to seven per cent of the working men in the country.

Measures have been taken also to put the finances and the credit of trade and industry on a war footing and these have been so thoroughly successful that a general moratorium undoubtedly will be waived off during the entire war, said Herr Delbrueck, placing Germany in a far better position after the war than that of states whose industrial life is affected by a moratorium.

To see the War Through.

In opening the interview Vice Chancellor Delbrueck, who also holds the office of imperial minister of the interior, referred to the demonstration by representatives of labor, agriculture, commerce, industry and trade of September 29th, of the determination of the German people to see the war through to a successful conclusion and declared that this was no bluff but was justified by the spirit and preparation of the country. The crisis which immediately preceded hostilities was quickly and completely overcome and now there was an abundance of circulation media.

Herr Delbrueck then described the loan institutions where funds may be obtained on negotiable securities such as special war bonds which have been loaning to mortgage holders, small traders, manufacturers and artisans until now no class is without an opportunity of adequate credit. Accordingly, he said, there was no necessity for a general moratorium to which resort has been had by all other combatants as well as by some neutral countries.

"One serious consequence of the mobilization," said the vice chancellor, "was the lack of employment despite the fact of the call to the colors of from 5,000,000 to 6,000,000 able-bodied men from the industrial field into that army. The idleness was due to the fact that the curdling of industries caused local unemployment. The provincial employment agencies then were merged in an imperial employment bureau with the immediate result that the problem of employment was solved by putting the man and job together."

"Labor and capital, conservative, socialist and liberal trades unions, have worked hand-in-hand in the interests of the fatherland with the imperial labor conference. As an efficient intermediary, the bureau has obtained harvest workers who are gathering Germany's promising harvest. This is an instance showing how the job and the man have been brought together. The same is true in the mining and ship-building industry."

In the textile industries, the hours of labor have been shortened, the trades unions working most efficiently on the equalization. They have selected only men adapted for the kind of work assigned by the imperial labor bureau. Thus of the sixteen thousand men sent to east Prussia at the opening of the war to labor on fortifications, not a single man proved unfit. "Behaving battling armies we must have only contented people. Communities must take steps to have the population employed despite the war, not allowing suffering and distress, and providing employment on various public works such as railroad and canal building, and the draining of swamps. The latter improvement is resulting in the conservation of waste land."

which means that the year 1915 will see instead flourishing fields.

"Unemployment since the outbreak of the war has been steadily decreasing. At present all industries supplying the army are working to their utmost capacity. Our production of anthracite coal is generally meeting the demands of Germany, Austria and several neutral countries."

"Other industries which are natural world monopolies, such as dyestuffs and potash, are necessary to neutral countries, who, I suppose, will buy them during the war."

"There is a certain difficulty regarding raw materials. One of the first steps taken when the war began was to form an organization to institute a careful stock taking and take over necessary materials, the same to be later served out to the industries in need of them. We found the supplies greater than had been expected and certain articles have been obtained in considerable quantities in countries occupied by our armies."

Exports Neutral Trade.
"I do not doubt that neutral countries in their own interest will endeavor to create markets for their goods, particularly the United States for her cotton. Our population can be starved out as little as our industries. Germany produces almost the whole of her own consumption of breadstuffs and meats. Certain deficiencies in fodder supplies we are prepared to counter-act by a rational use of our large crops, particularly potatoes."

Herr Delbrueck described the method of converting potatoes into meat that can be used in making bread or fodder. Germany, he continued, was now abundantly supplied with food that would last until the next harvest.

The sugar supply was so ample that next year the fields would be planted with crops in which there was a deficiency.

In conclusion Herr Delbrueck said that the general situation was due largely to Germany's centralized organization, economic as well as political. Wherever it was necessary to take steps in any branch of industry, trade or commerce he needed only the little group of interested ones with whom to discuss the matter, knowing that their decision would be binding upon the entire industry.

"In short," he said, "we watch affairs, confidently and placidly. I have been a minister nine years and have a perfect knowledge of the economic and moral powers of my country. I am persuaded that we are in a position to conduct this war, which has been forced upon us to a successful conclusion also in an economic sense."

**COST OF WAR TO
FRANCE HEAVY;
FUNDS ABUNDANT**

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Paris, Oct. 3 (4:30 p. m.)—The war is costing France \$7,000,000 a day, Minister of Finance Alexander Ribot announced today that the outlay for the first sixty days of the conflict had been \$420,000,000.

M. Ribot gives an interview to the Temps on the situation in the Bank of France which has not published regular statements since the war began. He says that on October 1, the bank had \$612,400,000 in cash, which was \$63,800,000 more than it had on the eve of the war.

"Loans and discounts," the minister of finance said, "are \$395,200,000, an increase during the last week of \$12,500,000. This shows that the bank has made some discounts and I hope it will make more."

"The advances made to the government on October 1, after two months of war, reached \$120,000,000. The credit balance on the same date in the treasury was \$59,200,000, and therefore we are far from having exhausted the amount provided by our convention with the bank. Besides we have just renewed the convention to assure the resources necessary in case the war should be prolonged beyond the date now foreseen."

"The total bank bills in circulation October 1, was \$1,815,800,000, this being \$37,400,000 less than the preceding week. This is explained by an increase in the deposits which on October 1, reached \$435,400,000, an increase of \$11,800,000 over the preceding week, and it can be seen that France is far from having exhausted her reserves and that when the hour comes she will find the money for a new loan which at present is unnecessary."

Discussing the projected reopening of the Paris bourse, M. Ribot said: "I think there is an interest in doing so without delay but it is necessary to take into consideration that the exchanges in London and New York still remain closed. There is no hurry anywhere to give too great facilities for the negotiations of foreign securities in the fear of seeing money go abroad and if the bourse reopens we would have to take precautions in this direction."

"In any case," the finance minister added, "a resumption of negotiations on the bourse would necessitate the liquidation of operations made before the war and this could not be done without certain advances to the market. I am trying to put into shape measures that may soon be applied."

To Open Reserve Banks.
Washington, Oct. 2.—Opening of the federal reserve banks of New York, Chicago and St. Louis, not later than October 15, has been decided upon by the federal reserve board. The directorates of the New York and St. Louis banks already are complete and the class "C" directors to represent the government in the Chicago bank probably will be named Monday, making the immediate organization possible.

Norwegian Steamer Wrecked.

London, Oct. 2 (4:30 p. m.)—A South shield dispatch to the Central News says the Norwegian steamer Tromsø was wrecked this morning by a mine in the North sea. Two men were drowned.

**FEDERAL COURT
CHANGES ORDER
OF DISSOLUTION**

International Harvester Com-
pany Is Permitted to Carry
on Foreign Trade Without
Modification.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
St. Paul, Minn., Oct. 3.—The decree of the United States district court handed down last August ordering the dissolution of the International Harvester company under the Sherman anti-trust law was amended in a decision given here late today by Judges Sanborn, Hoel and Smith, the trial judges, which alters the decree so as not to apply to the foreign trade of the company and changes the original plan of dissolution.

After the announcement of the decision Attorney Edgar A. Hancock of Chicago, who with Attorneys John P. Wilson of Chicago and William D. McHugh, Omaha, represented the International company at today's hearing, gave the court formal notice of his intention to appeal to the United States supreme court from the dissolution decision of the court as amended.

The first amendment made by the court orders the words "and with foreign nations" struck out wherever they appear in the decree, but the court distinctly reserves its power over the property and business of the company, "so far as lawful and necessary to effect a dissolution of the combination."

The amendment regarding the plan of dissolution was first stipulated between the attorney general of the United States and the attorneys for the defendants. The original decree made it compulsory for the company to lay before the court a plan for the separation of the company's business and assets into at least three distinct and separate corporations. Under the amendment the specific number three is eliminated and the plan to be drawn is to provide for division of the company's interests "in such manner and into such number of parts of separate and distinct ownership as may be necessary to restore competitive conditions and bring about a new situation in harmony with law."

The company was given ninety days in which to file such a plan for the consideration of the court.

**ROOSEVELT SIDESTEPS
STATE-WIDE PROHIBITION**

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Portland, Ore., Oct. 3.—Col. Theodore Roosevelt sent a message today to William E. Johnson of the anti-saloon league here, denouncing as untrue reports that he had declared against statewide prohibition, which is an issue in Oregon this year.

"I am informed," the message reads, "that my name is being used by certain saloon leagues and other organizations against the cause of temperance, and that statements purporting to come from me are quoted to give the impression that I have declared against statewide prohibition in various states where the issue is up in this election."

"I have made no statements of any kind or sort to warrant such use of my name. When I have spoken at all on the subject it has been with reference to the special needs of the state in which I have spoken and the utterances which I have made are public and accessible to every one."

**IN FIVE MINUTES
NO SICK STOMACH,
INDIGESTION, GAS**

"Pape's Diapiesin" is the
quickest and surest Stomach relief.

If what you just ate is pouring on you, refusing to digest, or you belch gas and eructate sour, indigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go and why it relieves, soon, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose must be taken with a glass of water, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

Candidates Inspired With Ambition by Extraordinary Showing of Squad This Early in Season; Want Thanksgiving Game.

SPECIAL DISPATCH TO MORNING JOURNAL.

Roswell, N. M., Oct. 2.—Prospects for a successful football season at the New Mexico Military Institute are good—in fact, better than they have been this early in the season for years. Encouraged by what they believe to be a good opportunity to win the state championship, the cadets are very enthusiastic. The athletic association has been thoroughly organized, and the various football squads given the support of the student body. Coach Rademacher says that he has more and better new material to draw from than he has ever had at the institute. The new men are husky looking fellows and some have football records at other schools, but it is too early yet to predict whether there will be any Higginses or Williamsons in the crowd.

Twelve Veterans Lost.

Twelve out of last year's regular squad of seventeen were lost. It will be difficult to fill their places with new men. However, six of those who won emblems last season are back to form a nucleus for the new team. On account of the fact that the A. and M. college unexpectedly canceled the regular Thanksgiving game with the institute after the season's schedule had been completed by most of the schools in this part of the country, the cadets have an open date for Thanksgiving day. Correspondence with any strong team in the northwest regarding a game for that date is invited.

The institute's present schedule is as follows:

Oct. 3—Artesia high school at Roswell.

Oct. 10—Roswell high school at Roswell.

Oct. 17—Clarendon college at Clarendon, Tex.

Oct. 24—University of New Mexico at Roswell.

Nov. 7—A. and M. college at Las Cruces.

Nov. 9—El Paso high school (doubtful).

The players who will probably take part in the first game are as follows: Barnham, Carvalho, Dosa, Preisher, Klotz, Critt, Runyan, Hedgecock, Lomax, Stahner, Eskine, Sample, Talbot, Harrington, Drew and Yates.

Chicago Champs Trim Hoosiers.

Chicago, Oct. 3.—Chicago's champions routed Indiana, 24 to 9, in the opening game of the football season here today. The Hoosiers, except for a brief period in the first quarter, were outclassed and only the utter failure of Quarterback Russell's attempts at forward passes kept the score from being more one-sided.

Harvard 44; Springfield Y. M. C. A. 0.

Cambridge, Oct. 3.—Blocking off an unusually open and diversified attack Harvard defeated the Springfield Y. M. C. A. college in the stadium today by a score of 44 to 0.

A. H. S.-MENAUL

GAME ZERO TIE

Presbyterians Lack Pinch to Put Ball Over From One-yard Line; Muddy Field Discounts High Speed; Mann Punt Well.

In a game marked by fumbling, poor passing and all-round loose play, the Albuquerque High school and the Menaul school eleven fought through four periods of football yesterday afternoon on Hopewell field without either team scoring. The frequent misplays may be partly charged to the condition of the playing field, muddy from recent rains, but that gives slight consolation to either team for the poor showing.

Three times in the first period the Menaul center passed the ball clear over the quarterback's head, while on Menaul kicks, the A. H. S. boys frequently missed catches, the Presbyterians regaining the ball for long punts. Mann's punting for the high school contained.

A. H. S. Line Holds.

The nearest approach to scoring came in the last quarter when Menaul in the last three minutes of play took the ball to the A. H. S. one-yard line on three forward passes. However, the high school eleven held like a stone wall on their own goal line, Menaul losing the ball on downs. High school booted the ball out of danger just as the whistle blew. The A. H. S. team also had an excellent opportunity to score in the last part of the second period. Mann had punted to the Menaul three-yard line. The Presbyterians' attempt to kick out of danger resulted in a fumble and the high school caught the ball on the eight-yard line. The whistle again intervened, the period ending with A. H. S. trying to buck the ball over from the Menaul three-yard line.

The Line-up.

Here are the line-ups:

A. H. S.—Center, Wilson; guards, Stewart and Putney; tackles, James and Clifford; ends, Schutt, Barton and Chavez; quarter, Thacker; halves, Perry and Mann; full, Haidich.

Menaul—Center, Jaramillo; guards, Pacheco and Martinez; tackles, Vigil and Valdez; ends, Gonzalez and Rodarte; quarter, Candelario; halves, Rodarte and Blas; full, Martinez.

Yale 21; Virginia 0.

New Haven, Conn., Oct. 3.—Yale beat the University of Virginia football team today, 21 to 0, in a game filled with thrills for spectators. Both teams used open play successfully. Virginia's percentage of complete forward passes being greater than Yale's, although Yale attempted the pass more times. The Rugby pass netted long gains on end runs for Yale.

Bucknell Loses to Princeton.

Princeton, Oct. 3.—Bucknell was defeated by Princeton here today, 19 to 0. The visitors proved unexpectedly strong, offering a stubborn resistance to the attacks, a good defense against the forward pass and in addition worked the open game with better success than the Princetonians.

University of Pennsylvania Defeated.

Philadelphia, Oct. 3.—Franklin and Marshall college of Lancaster, Pa., sprung the first big surprise of the 1914 eastern football season today by defeating the University of Pennsylvania at Franklin field by the score of 10 to 0. A touchdown and goal, and a goal from placement represent the score.

Nebraska 14; Washburn 7.

Lincoln, Neb., Oct. 3.—Constant fumbling marred the opening of the football season here today between the University of Nebraska and Washburn college eleven, which Nebraska won, by a score of 14 to 7.

Navy Trims Georgetown.

Annapolis, Md., Oct. 3.—The Navy defeated Georgetown today in the opening game of the local football season, 13 to 0. The visitors attacked stoutly at times, but could not keep consistent possession of the ball.

Cornell Loses Second Game.

Ithaca, N. Y., Oct. 3.—Cornell lost the second consecutive game of the season today when it was defeated by Colgate, 7 to 2. Failure to solve the visitors' forward passes spelled defeat.

Michigan Overwhelms Case.

Ann Arbor, Mich., Oct. 3.—Bringing back memories of the point-a-minute days when the Wolverines were in the western conference, the University of Michigan football eleven overwhelmed Case, 69 to 0 today.

Army 19; Stevens 0.

West Point, N. Y., Oct. 3.—The Army buried Stevens under a 19 to 0 score today in the opening game of the schedule here. The cadets scored seven touchdowns, from which five goals were kicked.

Minnesota 28; North Dakota 6.

Minneapolis, Oct. 3.—The University of Minnesota opened its football season today by defeating a strong contingent from North Dakota university, 28 to 6.

Rolla Defeats M. S. U.

Columbia, Mo., Oct. 3.—For the first time in its history the Missouri School of Mines at Rolla, Mo., defeated the University of Missouri in football today, 9 to 0.

Football Player Killed.

Sapulpa, Okla., Oct. 3.—Football player—first victim of the season in Oklahoma today. Ray Allen, 19 years old, of the Stanley high school team, was tackled in a game with the Tahlequah Indians and died thirty-five minutes later without regaining consciousness.

Borman's Record Cut.

Oklahoma City, Okla., Oct. 3.—Two new automobile half-mile dirt track records were made here today. Eddie Hearne lowered Bob Borman's record of 5:55 1-5 for five miles, going the distance in 5:47, and John Ramsey lowered Borman's record for three miles from 3:32 3-5 to 3:25 2-5.

PEACE PRAYERS
TO BE OFFERED
THROUGH NATION

President to Attend Services in Washington Church; Divine Aid in Ending War Will Be Asked.

BY MORNING JOURNAL SPECIAL LEADERS WIRE.

Washington, Oct. 3.—Prayers for the great war in Europe soon may come to an end and will be offered in churches of all creeds in the capital and throughout the nation tomorrow. President Wilson has set aside the day for formal proclamations as "Peace Sunday," and appealed to all God-fearing persons to join in beseeching the Almighty to stop the conflict.

The president himself will attend peace services in the morning at the Central Presbyterian church and in

the afternoon he probably will be among the thousands gathered for men air services around the "peace cross" on the site chosen for the new Episcopal cathedral of St. Paul and St. Peter.

Special prayers will be said there for peace among the warring nations, for the wounded soldiers in Europe and for President Wilson and "all others in authority."

"PEACE SUNDAY" TO BE OBSERVED IN ALBUQUERQUE

In practically all of the churches of Albuquerque today special prayers for the restoration of peace in Europe will be offered and sermons will be preached in line with the proclamation of President Wilson setting aside October 4 as "Peace Sunday."

In most of the churches special collections will be taken for the benefit of the Red Cross society, the funds to be devoted to the relief of suffering caused by the war.

The observance of "Peace Sunday" is not confined to the Christian churches. Rabbi Bergmann will deliver an address in Temple Albert tonight appropriate to the occasion. It so happens that "Peace Sunday" falls on the same day as the beginning of the Feast of the Tabernacles, and the two ceremonies will be combined.

Real estate problems—carpenter, sales or trade—are easily solved by Journal want ads. Read them; use them. Do it today.

GREAT SHRINKAGE
IN CATTLE SUPPLY

BY MORNING JOURNAL SPECIAL LEADERS WIRE.

Chicago, Ill., Oct. 3.—There were 250,000 fewer head of cattle received at the stock yards here and the six other markets of the west during September, according to an announcement today by statisticians of the Union stock yards.

The report showed a decrease of 731,800 head during the nine months ending September 30. The report was issued to emphasize the reduction in the live stock supply of the country and in account for the present increase in the price of meat.

A table showed the following decrease in shipments for eight months up to September 1:

Cattle, 638,755; calves, 33,176; hogs, 2,821,179; horses, 18,016; cars of live stock, 64,461. Sheep shipments for the same period showed an increase of 619,134.

Runs Japanese Blockade.

London, Oct. 3 (2:45 a. m.)—A Hamburg-American line boat has succeeded in running the Japanese blockade and has reached Tsing-Tau seat of government of the German concession of Kiaochow with a cargo of ammunition. Such is the information contained in a message from Tsing-Tau, China, by the Weekly Dispatch.

October
\$10,000.00
Sale

We have made preparations to do the biggest business in the history of this store during this month. We expect to accomplish this feat, not by the ordinary way of cut prices, but by a method of handling certain lines of merchandise in all departments—all bought direct from manufacturers—thereby saving the jobber's profit. We give you everything at the prices prevailing in the eastern states.

THE MAXIMUM OF VALUE AT THE MINIMUM OF PRICE.

Suits and Overcoats for All

We sell the highest grade clothing in the United States at prices which cannot be duplicated.

Hart Schaffner & Marx Suits and Overcoats

at \$22.50, \$24.00 and \$25.00 are as good as others sold for \$30.00. We are also sole distributors in Albuquerque of the famous

Styleplus Suits and Overcoats at \$17.00

the same price the world over and on which you absolutely save \$3.00 to \$8.00.

All of Our Hats Made by John B. Stetson

At \$4.00 we sell you a genuine John B. Stetson Hat, which is as good as the \$5.00 hat of the other makes. At \$3.00 we have the Chamois Hat, also made by Stetson, which is a dollar cheaper than most other hats.

Shoes Made by Hanan & Son and W. L. Douglas

W. L. Douglas Shoes at \$3.50, \$4.00, \$4.50 and \$5.00 cannot be equaled for the price in this country. Hanan & Son's fine Shoes are too well and favorably known throughout the land to require any praise from us.

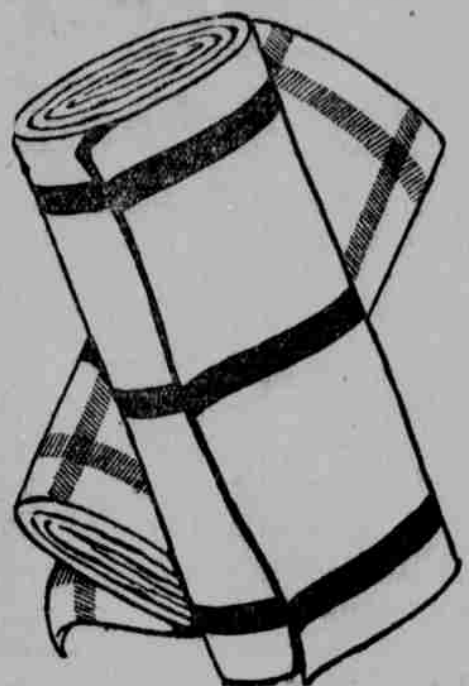

Underwear and Hosiery Direct From the Mills

Our Shirts, Underwear, Hosiery and Neckwear come direct from the factory to you and you save 10 to 20 per cent on most of these goods. Furthermore, everything we sell from head to foot is

Absolutely Guaranteed as to Quality

and we refund your money—or replace defective goods free of charge in every instance. It is a pleasure to show you, whether you purchase or not.

FAIR GROUNDS TO BE OPENED AT NOON TOMORROW

Troopers of Twelfth Cavalry Will Lead Program at Traction Park, Beginning at 2 O'clock; Roy Francis to Fly.

The state fair will open at noon tomorrow.

While the sports will not begin until 2 o'clock with the exhibition riding of Troop K in front of the grandstand the grounds will be informally opened at noon. Admission to the exhibition will be permitted at that time.

The soldiers will lead the entertainment program. They will go on the field at 2 o'clock. The frontier sports will follow, beginning at 2 o'clock, and at 3 o'clock Roy Francis, the aviator, will make his first flight. The second will be at 4:30 o'clock. In the meantime, at 4 o'clock, the Indian sports will be held.

At night the carnival will open on the Santa Fe property north of the Alvarado hotel. The carnival bands will parade through the streets, and hand concert is to be given. Three free acts will be staged on the streets by the carnival company.

TROOPERS WHO WILL RIDE AT FAIR GROUNDS ARRIVE HERE

Troop K, Twelfth United States cavalry, commanded by Lieutenant Alshouse, arrived here yesterday morning. The troop, accompanied by a detachment of the hospital corps, marched overland from Fort Wingate, where the organization was part of the guard over the interned Mexicans.

The troopers pitched camp on Bonwell field. Cordwood for fires had been piled up there, and a water main was extended to the site.

A dance is to be given for the soldiers Tuesday night at the armory. The Allman Brothers' show, the carnival company brought by the fair commission, arrived yesterday morning. The company was assigned space at Central avenue and the trucks. The greater part of the show were set up yesterday.

STATE PENITENTIARY FARM TO HAVE BIG EXHIBIT AT FAIR

One of the most interesting exhibits at the fair will be the state penitentiary's outlay in the agricultural department. Produce representing about everything raised on the prison's sixty-five acre farm was shipped here yesterday, and last night Warden John B. McManus arrived to superintend the arrangement of the exhibit.

Sixty-five acres were under cultivation at the prison this year. This is twice as much acreage as has been farmed any previous year. All the produce was raised by convicts who are being taught scientific farming under an expert superintendent.

An appropriation of \$20,000, available at the rate of \$5,000 a year, for the purchase of a large farm for the penitentiary has been made by the state legislature.

The prison exhibit will include: Chantany carrots, Early Scarlet carrots.

Amber Globe turnips, Purple Top Globe turnips, Purple Top Rutabagas, Blood Turnip beets, Golden Tunkard.

Boys and Girls

ONLY SIX DAYS MORE OF THE

Auto Contest Get Busy!

Those ahead now are Nos. 71, 79, 105, 133, 174 and 2460.

If all the people who promised any one boy or girl had really made purchases, that boy or girl would win the auto easily. Get after your friends this week and make them come through. If you really want the auto you can win it by a little hard work. Go to it! Remember that.

BABY SHOW ENTRANTS NAMES ARE PUBLISHED

The names of the babies entered in the Better Babies contest were made public yesterday after the contest had closed. Interest in the contest is shown by the fact that 110 babies are entered.

It was also announced that the examination of the babies by the physicians in charge of the contest would take place in the Santa Fe building during the first three days of the contest. The physicians who are to make the examinations are Drs. Lovelace, Tull, Alger, Hope, Frieble, Shortle and Rice. They will make their report after the examination, to the judges of the contest, who will meet in the Commercial club parlors Thursday night and make the awards.

The names of the children entered for the contest are as follows:

Darlene Gladys Anderson, Albuquerque; William Herbert Amortruot, Mary Francis Arther, Elmer Baker, Antonio Bertragu, Marguerite Biety, James Block, Grant, N. M.; Arthur Gunner Carlson, Jr., Alamogordo; Fred Henry Chamberlin, Albuquerque; James Wroth Chamberlin, Albuquerque; Leo Chavez, Zenna Dee Cook, John Douglas Collier, Cleo Cobb, Eugene Carlyle Dewitt, Myrtle Dunpuff, Alice Barbara Eller, David Elter, Jr., Grace Marguerite Ensign, Robert Arthur Ensign, Antoinette Esposito, Julia E. Speckman, Joseph Kirk Striplin, Estanella, John Hayes Finney, Albuquerque, Sarah Grace Finney, Elizabeth Graham, Candelaria Garcia, Mary Gardner, Horace Thilman Gardin, Jr., Elizabeth Gieger, Madge Allen Gordon, William Ray Gore, Fred Hale, Jr., Julia Lee Kearns, Charles Richard Hildstrom, John W. Deas, Temple Dawson, David Ross Elter, Jr., Ida Norine Aaron, Herbert Lee Galles, Albuquerque; Leslie Hall, Jr., Maria Virginia Sawtelle, Albuquerque; Robert Matthews, Albuquerque; Clark Merton Pettit, Albuquerque; Clinton E. Pryor, Albuquerque; Dick Jennings, Albuquerque.

PYTHIAN GRAND LODGE TO MEET HERE TUESDAY

Among the many conventions to be held here during state week none will surpass in interest the Grand Lodge of Knights of Pythias.

The session of the grand lodge will be called to order by Grand Chancellor Howell Earnest Tuesday morning at 10 o'clock in K. P. hall on Gold avenue. An address of welcome will be made on behalf of the city by Mayor D. H. Boatright, and on behalf of Mineral Lodge No. 4 by Judge E. A. Mann. The response to the welcome will be delivered by Grand Chancellor Earnest.

Among the important business to be considered by the grand lodge will be the negotiations with the supreme lodge of the order regarding the establishment of a tuberculosis sanatorium in New Mexico, and it is expected that the developments of this session of the grand lodge will have an important bearing on the eventual course to be pursued by the national order.

On Wednesday night the rank of knight will be conferred on a special class of candidates by the team from Dawson lodge, of Dawson, N. M. This will be one of the big Pythian events of the session of the grand lodge and will be witnessed by a large crowd of members of the order. Woodmen's hall, in the old Economist building, has been secured for this special meeting.

REV. A. TOOTHAKER IS ELECTED PRESIDENT OF STATE C. E. SOCIETY

The Christian Endeavor society yesterday closed its state convention here with the election of officers. The society opening the session Friday morning.

The Rev. Archie Toothaker, of this city, was elected president. The other officers chosen are: Mrs. B. Z. McCullough, Santa Fe, vice president; Miss Rhoda Swaine, Albuquerque, recording secretary; Miss Edna Rogers, Albuquerque, corresponding secretary; Rex Taggart, Santa Fe, treasurer.

Departmental superintendents were elected as follows: Spanish, the Rev. C. C. Cordova, East Las Vegas; efficiency, Mrs. L. L. Shields, Jemez Springs; introduction, Miss Alberta Harper, Albuquerque; temperance, Mr. Cochran, Lakewood; press, Howard K. Morgans, Santa Fe; quiet hour, Miss Nina Collins, Artesia; tenth legion, Miss Lois Hodges, Magdalena; missionary, Miss Haffner, Velarde; junior and intermediate, Miss Jane Herron, Albuquerque.

E. P. Wilson, of Aztec, former proprietor of the San Juan Index, who recently disposed of his newspaper holdings, arrived in Albuquerque last night for the fair.

Edison Records—3 for price of 1—during fair week. Leonard-Lindemann Co.

SALAS SENTENCED TO PENITENTIARY FOR 99 YEARS

Judge Imposes Indeterminate Sentence With Both Limits at 99 Years; Hung Jury in Holloway and McKinley Case

Enrique Salas, convicted in the district court at Estancia last Tuesday of murder in the second degree, yesterday was sentenced to serve not less than ninety-nine years nor more than ninety-nine years in the state penitentiary by Judge Edward L. Muller, according to attorneys who returned here last night.

Salas killed his father-in-law, Rose Garcia, with an axe, he wounded his wife the same night. His wife was in the court room when he was tried, but sat with her mother.

Court was adjourned for the term. Judge Muller announced that he would open a special term at Estancia on the first Monday in January.

Jury Unable to Agree.
The jury in the case against D. K. Holloway and Joe McKinley, charged with murdering Constable Polidoro Sedillo and his deputy, Herclano Chavez, February 4 at Tajuque, Torrance county, was unable to reach a verdict, and the two men are to be tried again at the special term next January.

The jury reported at 7 o'clock Friday night that it was unable to agree. Six are said to have favored acquittal and six conviction of murder in the first degree. The case went to the jury at 6 o'clock Thursday night. The case was dismissed as to Marvin McKinley, Joe's brother, upon Judge W. C. Heacock's motion at the close of the prosecution.

BISHOP HOWDEN WILL MAKE HOME IN ALBUQUERQUE

Episcopal Prelate Buys Bryan Residence on Central Avenue and Will Make See of Diocese in This City.

That the permanent residence of Rt. Rev. Frederick B. Howden, Episcopal bishop of New Mexico and west Texas, will be in Albuquerque was made certain yesterday when the announcement was made that Bishop Howden had purchased the former residence of the late W. D. Bryan, at the corner of Eighth street and Central avenue, and will take possession at once.

Ever since his elevation to the bishopric there has been speculation as to where Bishop Howden would make the seat of the diocese. Santa Fe, Albuquerque and El Paso were the cities considered as most likely to receive the choice. Bishop Howden from the first stated that he would make his decision until he had had time thoroughly to look over the field and that he would make up his mind solely on what he considered the needs of the diocese that he is to serve.

The fact that Albuquerque has been selected as the Episcopal capital of New Mexico and west Texas is gratifying not only to Episcopalians but to the people of the city regardless of denomination.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When bilious, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food mass out of the bowels and you have a well and playful child again. Children love this harmless "Fruit Laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep 'em handy! Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hang back with contempt any other fig syrup.

Now is the time to plant your winter onions. Choice, both top and bottom sets, 15 cents per pound. Get our price for large amounts.
J. W. FEE,
212, 214, 216 West Lead Avenue.

Wait for Dodge Brothers' new car.

THE WOMEN DO THE WORK WHILE THE MEN FIGHT

Paris Shops Are Kept Busy in Spite of European War; Models Are Changed to Suit American Trade.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)
New York, Oct. 3.—A new phase of life is appearing in Paris. The men have gone to war but instead of abandoning their businesses they have left them in charge of the women. The great dressmaking establishments are many of them handed over to some trusted woman employee or to some member of the family and it is to be hoped that they will continue sending us new ideas until the men return, and prove the worth of women in emergencies.

Polnet was one of the first to respond to the call to arms and close in his wake went Jouda, the head of the House of Bernard, Worth, Beschoff and Doucet. The Callot sisters are keeping their staff busy no longer exclusively upon new creations but upon hospital supplies.

As Americans would probably be the greatest buyers, if not the only ones, during this period of war, the dressmakers in Paris quickly changed their models to suit the American trade.

The skirts, though wider, are not as voluminous as a few years ago. They are cut circular and fit closely about the hips, flaring at the ankles. They are very short, at least five or six inches from the floor. Some of the new tunics are cut with a deep point front and back. This is a very becoming length of tunic for the woman who is seeking to accentuate her height.

The Moyen Age frock is having a tremendous vogue. Many of the autumn models hang straight from the shoulder to the hem without a visible waistline. Some have a broad flat belt, and others have sashes which tie in a pinaflore bow at the back.

The redingote effect is given many of the long-waisted frocks. The waist is of the short-bustle variety, with plain short sleeves. A tunic, which does not meet in the front is worn over a black satin skirt. The grille is of the same material as the dress and tunic, and meets in the back, where it is fastened with snappers placed underneath a cloth-covered button. A pointed collar and pointed cuffs of the satin complete the dress.

This is indeed a lace season and for evening dresses and for afternoon dresses it is used extensively. It forms overdresses for frocks of chrysanthemum and satin; at times it is only the tunic, or it may be but the bodice of a dress. The margin edged craggle net is very smart and effective. The evening gown illustrated has a surprise bodice of this craggle net with the margin edge, and a craggle net yoke. The skirt is of pink satin with overskirt of lace. Around the waist is worn a wide sash of olive gauze ribbon which ties at a low waistline in the back.

The practical evening wrap of black velvet which is worn with this costume is called the Monna Vanna cape after the play written by Maeterlinck. The cape is of Persian lamb and the cape is lined throughout with a rich Sattler blue satin. The lining of capes and wraps this year is an important feature of the garment. Wonderful brocades, figured crepe de Chine, moire, satin and taffeta are all used.

For evening caps and wraps there are exquisite metal brocades from sixteen dollars a yard up, which are both beautiful and beautiful. These are trimmed with collars of ermine, mink, beaver or kolinsky; the latter is a northern Russian or Siberian mink. Among other materials used for these wraps are Ottoman faille silk which has rich designs, figured in their coloring and outlining. One stunning coat made of this silk had an allover design that at a distance reminded one of Chinese designs and the effect was heightened by the shape of the cape which was not unlike a Chinese lantern. It was trimmed with a huge cape of kolinsky and a band of the same fur banded the cape just above the hem. This cape was lined with a plain green, which matched one of the colors in the design.

The separate tailored coat is made of such warm and thick materials as velvet, velour, serge, gabardine, velveteen, corduroy, chifon, velvet, poplin duvetine, "kitten ear," or broadcloth, is confined almost entirely to the collar, cuffs and waistcoat effects. These may be heavily braided with fur, or may be braided or trimmed with one of the superb metal vestings; these are very expensive but a small amount goes a great way. Chifon velvet in a Roman stripe is popular and may be had in blue and tan or in tan and brown. Caracul velvet and moire chifon velvet are often used to good advantage. Various Scotch plaid effects are also used for the collar, cuffs, and waistcoat and are very smart. Combinations of materials are seen in these suits such as velvet and fur cloth, velvet and faille silk, blue serge and black satin, and satin and broadcloth.

An ultra touch in the season's frocks whether it be the street suit, the afternoon or the evening dress, is to have a flower, often a rose, of a becoming color tucked into the sash at the waist, or placed coquettishly at the neck. Garlands are placed under chifon and lace on skirt and waist.

ROCKY MOUNTAIN ROAD MAKES GOOD SHOWING

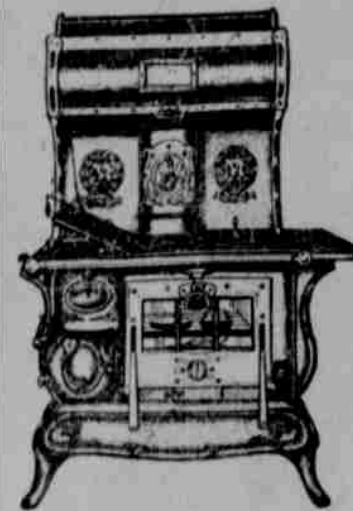

Santa Fe, Oct. 3.—Remarkably good is the showing made by the annual report of the St. Louis, Rocky Mountain & Pacific Co., just filed. The gross revenues were \$823,517, from operation, \$543,207, an increase over last year of \$206,931.

Of course, this does not include the coal mine operations. The net income for the year was \$223,150, this being an increase of \$110,943 or almost 100 per cent over last fiscal year. The surplus on June 30, 1914, was \$1,945,550, an increase of \$78,180.

To Open Railroad Hospital.
Santa Fe, Oct. 3.—On October 8, the Santa Fe will formally open its new hospital at Clovis on which it has expended \$100,000. Dr. H. A. Miller will be placed in charge.

MOORE RANGES

Moore's Marvelous Range Actually Teaches Cooking

No matter whether you are an experienced housewife or a young woman just learning to cook, you will find Moore's Range the best stove that you could buy anywhere at any price.

Mrs. Sarah Tyson Rorer, the acknowledged foremost cook of the country, has prepared an *Oven Thermometer Guide* exclusively for Moore's Range. It gives the time required and the heat necessary for baking all different kinds of food. This guide is fastened right onto the stove where it is always in plain sight.

Moore's Range is also equipped with Moore's *Oven Thermometer*, which is mounted clear through the door, thus giving the exact temperature of the oven.

Then there's the *Moore Controller Damper*, which enables you to keep a uniform temperature or to control the heat, as is required by Mrs. Rorer's *Thermometer Guide*. This damper gives you practically the same control of your range oven as you would have of a gas oven.

Moore's *Fire-Tested Glass Oven Door* enables you to see the condition of your food in the oven without opening the door and causing discomfort as well as the loss of heat.

With these advantages you don't need to spend nearly so much time over the stove, and your cooking is bound to be a success regardless of your experience.

COURT HOLDS AGAINST REYNAUD IN FIGHT OVER SALOON AT FAIR

Judge H. F. Reynolds, of the district court, yesterday morning refused to enjoin the county commissioners from rescinding permission to M. E. Reynaud to transfer his liquor license from his saloon north of the city to Traction park for this week. Hence no strong drink will be sold on the fair grounds.

The commissioners over a week ago granted Reynaud the right to make the transfer. Doubting the legality of their action, they were thinking of rescinding permission when Reynaud obtained an order against them requiring them to show cause in the district court yesterday morning why they should not be enjoined permanently from revoking their previous action.

Judge Reynolds, in holding against Reynaud, ruled the commissioners had no authority to make the transfer.

Reclamation Officials to Meet.

Santa Fe, Oct. 3.—A meeting of reclamation officials has been called for Monday at El Paso to discuss improvements on the Rio Grande after the Elephant Butte dam is completed. The conference will be attended by Gen. William Marshall, consulting engineer of the secretary of the interior, Supervising Engineer F. W. Hanna, Drainage Engineer D. W. Murphy, Consulting Engineer L. C. Hill and others. The matter of the embargo on the waters of the Rio Grande north of the dam will be taken up in a tentative way.

You will be sorry if you buy a car before you see Dodge Bros' new car.

Toned Up Whole System.
"Chamberlain's Tablets have done more for me than I ever dared hope for," writes Mrs. Esther Mae Baker, Spencerport, N. Y. "I used several bottles of these tablets a few months ago. They not only cured me of bilious attacks, sick headaches and that tired out feeling, but toned up my whole system." For sale by all dealers.

Our Idea of Guaranteed Merchandise

¶ In one sense and using the word in its strictest meaning, nobody can guarantee merchandise. Any human product is liable to defects of making or material; we get it, and sell it, at the lowest possible prices; but our judgment is not infallible.

¶ What we mean to guarantee is your part of the transaction; in that sense it means that we'll make good anything that you don't like; the money back is only one way of doing that. Even if the merchandise is perfect you may not be satisfied with it.

We're Here to Give Satisfaction

¶ We believe our Ready-to-Wear Suits that we are selling at \$15 to \$35 are clothes that will satisfy most women. They represent extreme values that are very unusual.

¶ We can show you better values and larger assortments than heretofore.

The Women of Albuquerque

are urgently invited to inspect our truly wonderful exhibit of the newest in Dress Laces, Trimmings and Fancy Buttons. Admittedly the various collections are metropolitan in art, beauty and infinite variety. They are unapproached by any other showing in the state. We are pleased to show them.

Come to the Annual New Mexico State Fair, October 5th to 10th, and Make This Store Your Headquarters

Our compliments, Visitors! We bid you welcome to Albuquerque—to Albuquerque's State Fair festivities. We invite you during your visit to make this "Home-like" store your headquarters while in our city. We want you to indulge in every pleasure that might be afforded. We want you to feel free to say and mean, "Meet me at The Economist." We insist that you go and come as you please. See everything. We have arranged to make your visit interesting and profitable—a very carnival of values—of fashionable Ready-to-wear Apparel and accessories for the entire family. You will find the whole store very expectant of pleasing you—humbly busy, of course—but then, you know that it is only the busy man who has time to do things well. The department of Women's Apparel, the Young Women's Store, the Children's Store, the Store of Waists and Skirts—all are keyed up to give you what you want quickly and surely. Quick service in the Millinery Parlors, Glove Store, Neckwear Store, Jewelry Store, Silk and Dress Goods Section—everywhere. The organization that has the best service and highest ambitions should be able better than any other to give all the benefits of modern kind of storekeeping. Welcome to the 34th Annual Fair—and welcome to The Economist's various departments.

Beautiful Waists at Right Prices

Have Established the Economist Blouse Shop as the Fashion Center for Blouses.

Autumn stocks are here in their fulness, and an unusual range of stylish lace, satin, crepe de chine, Georgette crepe and chiffon blouses of exceptional quality. Do not fail to see this wonderful offering before choosing.

NEW NECKWEAR, 50c to \$4.00

This season's dresses and suits are characterized by the addition of neckwear in tailored or fancy effect of fine roll collar or vestee. They are made principally of French laces or organdies. Many have cuffs to match. See our attractive display representing newest ideas.

FAIR WEEK GLOVE SPECIALS

New Kid Gloves, \$1.25 to \$5.00. Our Glove Department is able to care for wants of stylish Kid and Cape Gloves. Our shipment is in and we can supply the demands in Trefousses and other well known makes. We call your attention to our \$1.25 line in 2-champ Overlam Kid, also Cape and Mocha quality at \$1.25 pair. Regular values to \$1.50.

EVERYTHING FOR BABY—OUTDOORS AND INDOORS

It's a great big order, but we feel we can meet it—not only meet it, but fill the order with baby garments all they should be—warm, comfortable, exquisitely dainty and as charming as a picture; dresses, coats, underwear.

And when the frost is in the air, sweaters, togues, sacques, afghans, drawer leggings are ready in closely knitted wool, delightful in their coloring and in an abundance of styles at a wide range of prices.

NEW SWEATERS FOR FEMINE FOLK OF ALL SIZES

New school sweaters for girls of 8 years and up, just right for early fall wear; \$1.50, \$2.50, \$3.00 and \$4.00.

Women's sweaters of every kind—duotone, heather mixtures, plain colors with new two-shade collars, and plain colors. Prices range from \$2.50, \$3.50, \$4.00, \$5.00 and \$6.00. In a variety of shades, including emerald, tan, Copenhagen, brown, Oxford, white, cardinal, scarlet, etc.

DELIGHTFUL FRENCH WOOL CHALLIS

People are asking for challis to use in so many ways; dresses for women and children, separate waists and kimonos.

We have a wonderful selection of new patterns, including Holly Varden and Romney; light and dark colors; price 50c a yard.

Women's and Misses'

STYLISH, EFFECTIVE MILLINERY

Fashions are settled earlier than usual this fall, and you'll find the "right" hats in The Economist fall display. The workrooms have been a-bum with business these many days, preparing lovely creations for Fair Week. And now all is ready—and you'll be more than pleased.

\$3.95 and upwards to \$50.00.

Gowns, Dresses, Suits, Coats and Skirts

Daily Arrivals of Something New for This Great Department on the Second Floor

Never before in the history of our Apparel Department have lines been so complete in their wonderful variety of stylish garments. Our efforts to assemble a complete exhibit of approved autumn styles has been untiring and successful. We co-operate with the most reliable manufacturers in America and thereby secure the exact styles, materials, trimming and workmanship desired and specified—the kind that will sustain The Economist's rule of absolute reliability. You will be delighted with these garments and will also welcome the economies presented in our fair prices.

Prices as Low as \$1.00—as High as \$75.00

Some New Dresses Tomorrow

New smart Street and Afternoon Dresses just arrived; beautiful styles and wonderfully made, featuring clever basque, Redingote and the Roman models in attractive combinations; crepe, duchess, satins, poplins, charmeuse and chiffons; also serges combined with satins and braid. All sizes 14 to 44.

\$15.00 to \$75.00

New Silks, Velvets and Woolens You Should See Tomorrow

See Tomorrow
Main Floor

Today let us tell you about the splendid assortments of new goods awaiting your visit—and tomorrow let us show you those in which you are interested.

SILKS—New Silks in all the new shades, including raven blue, tete de negre, plum, Russian green; poplins, bengalines, moire, crepe poplin, crepe bengaline, charmeuse, crepe meteor, crepe de chine, Canton crepe, chiffon taffeta, messaline and moire taffeta.

Roman stripes and plaid silks in crepe, satin, messaline, bengaline, taffeta and serge.

Satins in tete de negre, raven blue, dark plum and Russian green, as well as all other new shades. 40 and 54-inch.

VELVETS—At the top of Fashion's list comes plain velvets. Dress chiffon velvets in tete de negre, raven blue, green, plum, pigeon blue and other new shades. Black dress velvets, plain or chiffon, at \$2.00 to \$5.00 the yard.

Trimming velvets in plain, pique, panne and chiffon, 75 shades; brocade, plaid, Roman stripes and flowered velvets; trimming plushes in Roman stripes and plain.

Plushes and fur cloth for suits, coats and capes; black, brown, mole, taupe and navy.

Broadcloth in black and ten shades, including raven blue, Russian green and dark plum; \$1.50 to \$3.50 the yard.

Gossard Corsets They Lace in Front

Corset is the foundation of woman's appearance. If a Gossard be chosen, and properly fitted, she may rest assured that however inexpensive the gown may be, she will be able to wear it with such ease of manner and it will set so perfectly that the inexpensiveness of the gown will be lost sight of in its attractive lines. And, of course, the elegance of richer gowns is enhanced by the natural, yet stylish contour of the figure given by the right Gossard.

Have yours fitted this week. We have new models at \$2.00, \$3.50, \$5.00, \$6.50, \$8.00 and up.

Beautiful Glove Silk Underwear—the Kayser Brand

Main Floor

None better than Kayser silk underwear, washes like a handkerchief, wears and wears, and gives you a good opinion of yourself when wearing it. Clothes don't make people, but the right kind of clothes do make a difference in your attitude towards the world in general.

Kayser Glove Silk Vests with neat

crochet edge, shield arms, embroidered yokes, \$1.50.

Kayser Glove Silk Vests, lace yoke, length, with crocheted edge, shield arms, white and pink, \$1.75.

Kayser Glove Silk Vests, lace yoke, tape edge, shield arms, white only, \$2.50.

Kayser Glove Silk Bloomers with reinforced crotch, black, white and colors, at \$2.50.

Kayser Glove Silk Union Suits, neat crocheted edge, shield arms, reinforced crotch, tight-fitting knees, white and pink; sizes up to 42; price \$2.95 a suit.

Kayser Glove Silk Ankle Bloomers

with reinforced crotch, white, black and all the new colors, \$4.50 value, \$1.35.

"RICHELIEU" UNION SUITS FOR WOMEN

Union Suits of this brand are made only of finest selected yard in fine ribbed fabrics.

The "Seam-Less" glove-fitting waist (no side seam beneath the corset) assures perfect comfort and fit.

We have a popular suit in a fine medium weight bleached cotton "Richelieu" Union suit, made high neck, long sleeve, ankle; Dutch neck, elbow sleeve, ankle; or low neck, sleeveless, ankle; in regular sizes, at \$1.25 per suit.

Extra sizes, \$1.50.

Women's heavy fleeced cotton Vests, Forest Hills Brand, sizes 1, 5 and 6; regular value 50c; special price, 29c each.

OUTING FLANNEL GOWNS

Our new fall stock is now in. Good quality outing in plain colors—white, pink, blue, gray, also fancy striped outing, priced \$3.00, \$4.00 and \$1.50.

Special this week—a good grade of striped outing gown for women, 50c. Children's striped outing gown, collarless, 50c grade, special, 35c.

FLANNELLETTES FOR HOUSE DRESSES AND KIMONOS

Light, medium and dark colors, good range of patterns, including puppy and kitten designs for children's kimonos—15c and 18c yard.

NEW EIDERDOWNS

Light blue, pink, red, gray and white, 55-inch, priced at 60c, 75c, \$1 and \$1.25 the yard.

Santa Fe Society Notes

(Continued From Page Two.)

grandfather died. Her visit this year, with her sister, Mrs. A. G. Ascarate, as chaperon, resulted in the marriage to the El Paso young man, who is a member of a well known family. They will return to make their home after touring the coast, to El Paso.

BARRY RIVES.

The Atchison, Kansas, Globe, speaks as follows of the approaching Barry-Rives wedding:

"Atchison people will be interested in the announcement of the engagement of Mrs. Julia Herring Rives and Mr. John Barry, who is a son of Mr. and Mrs. J. H. Barry, of Atchison. The

announcement of the engagement is made by Judge and Mrs. D. W. Herring, of Jackson, Tenn., parents of the bride. The wedding will be solemnized October 7, with nuptial high mass at the cathedral in Santa Fe, N. M. The bride will be married from the home of her brother, Adjutant General Harry T. Herring, U. S. A. John Barry will take his bride to Clovis, N. M., where he is engaged in the hardware and cattle business. He has a furnished burlesque awaiting them there, and his parents, who are in Clovis, will remain there to receive the bridal couple.

To this, the Roswell Daily Record adds:

"The above announcement will be read with great interest by many Roswell folk. Mrs. Rives spent last winter in Roswell, living at the home of Mr. and Mrs. Frank Myers, on North Missouri avenue, during her year's work as a teacher in Roswell city schools. Mrs. Rives is a very charming young woman, pretty, cultured and

exceedingly attractive. Mr. Barry visited Roswell often last winter and won many friends by his pleasing and strong personality. Mr. Barry is one of the most successful young business men of Clovis. This marriage at Santa Fe will be the culmination of an interesting little romance."

IN HONOR OF MRS. RIVES.

Mrs. A. J. Fischer entertained in honor of Mrs. Rives and Mrs. A. Schuech of Clovis, as Mrs. Schuech will attend the bride and Mr. Schuech will be best man. It was a most successful young business man of Clovis. This marriage at Santa Fe will be the culmination of an interesting little romance."

Wednesday afternoon Mrs. Herring gave a reception for her sister-in-law, Mrs. Rives, and for Mrs. Schuech. Santa Fe society turned out in force to greet the visitors. The floral decorations were so profuse that they extended out to the veranda. Mrs. McDonald, Mrs. Ely, Miss Laughlin and Mrs. Radin assisted in receiving.

Thursday afternoon Mrs. Herring entertained at cards in honor of her guests. There were six tables. Monday evening she will give a dinner in their honor and Tuesday evening Mrs. Doran entertains at dinner in their honor. The wedding takes place on Wednesday morning at 7 o'clock and an hour later the couple will leave for their new home at Clovis.

"We cannot make bargains for blisses. Nor catch them like fishes in nets; And sometimes the thing our life misses Helps more than the thing which it gets."

CARDS AND CARD PARTIES.

Mrs. H. B. Dorman was the prize winner on Monday afternoon at the Auction Bridge club meeting at Mrs. Hayden's. The club meets tomorrow with Mrs. French. The Thirteen and Saturday clubs joined with the Wallace club yesterday in the card party given by Miss Kate Maglieri in honor of and for the benefit of the Women's board of trade. It was a unique and most enjoyable affair that had for its setting the magnificent Boyle orchard on the banks of the rippling Santa Fe.

Friday afternoon Mrs. John W. March and Miss March entertained at auction bridge in honor of Mrs. Granger, of Zanesville, Ohio. There were six tables.

JUVENILE SOCIETY.

Parker, the interesting son of Mr. and Mrs. Francis C. Wilson, had the temerity on Friday afternoon to celebrate his tenth birthday anniversary, ex-Governor Herbert H. Hagerman ac-

while his father was out campaigning to be elected congressman. He invited his school friends, including his classmates to the beautiful home on Buena Vista hill and gave his guests the time of their young lives.

Albert, the son of Chief Justice and Mrs. C. J. Roberts, entertained a number of his youthful companions in school, at a dance on Friday evening at the Roberts home on East Palace avenue. Of course the evening was spent right merrily.

Judge and Mrs. McFie, Monday evening, entertained the Friendship class of the First Presbyterian Sunday school and chaperoned them to the Kay's theater to attend the motion picture performance.

THE FAMILY OF AUCTION BRIDGE

When pa and ma play auction bridge, it seems a lot of fun for pa. He puts his hand before his face and chuckles just to worry ma. "Don't mind him, partner," ma exclaims, "don't let his nonsense trouble you. I'll make it four in hearts right now!" And pa says, "Dear, I'll double you."

"I knew it all the time," says ma. "That's just the way he always plays. He hasn't any cards at all, but every time he bid he'll raise the trump!" Says pa: "The cards are getting rummy. I'd stop these tears if I were you, and just remember, you're the dummy."

And, oh, it makes ma awful mad when pa says with a silly grin: "You've played the only trump you had; you'll never get your diamonds in."

"He's looking at my hand!" she cries, "the mean old thing is always cheating!" But pa says solemnly like and slow: "Now just sit still and take your beating."

Most usually ma wins out because of rockers bids pa makes, and ma then gets a lot of fun reminding him of his mistakes. But pa just smiles and winks his eye, a wink that's very plainly showing how much he has enjoyed himself, for once more he's had his going.

VISITING AND VISITORS.

Mrs. W. L. Alexander of Dallas, Texas, is the guest for a few weeks of Mrs. H. A. Coomer.

Mrs. Levi A. Hughes has returned from a visit of several weeks with Mrs. Hagerman at South Springs, Chaves county. Mrs. Hagerman and her son, ex-Governor Herbert H. Hagerman ac-

company Mrs. Hughes in their motor as far as Vaughn. Mrs. Hughes expects to leave soon with her children for California to spend the winter.

Mrs. Charles F. Kane and children have returned from a visit with relatives in Roswell.

Miss Glauce Wilson expects to leave next Saturday for San Francisco to take the place of librarian with the Medical Library of the University of California. While in Santa Fe, she assisted her mother, Mrs. H. L. Wilson, in establishing the library of the School of American Archaeology. She is a Baltimore college girl, who has traveled much in Europe and made many friends during her brief stay in Santa Fe.

THE FAMILY.

Two great strong arms, a merry way; A lot of business all the day; And then an evening frolic day. That's father.

A happy face and sunny hair; Best of sweetest smiles to spare; The one you know is always there, That's mother.

A bunch of hair and ruffy frocks; A Teddy-bear, a rattle-box; A equal; some very wee pink socks, That's baby.

A lot of noise; a snail away; A wish for candy, cake and pie; My grammar may be wrong, but my That's me!

—Woman's Home Companion.

HOWARD E. COFFIN, CHIEF ENGINEER, PUTS END TO CAR OVER-TAX

Welcome this new model HUDSON.

It brings a new zest to motoring, and it lifts a good many burdens.

It marks the end of excess—in size and power, in weight and upkeep, in price and fuel cost.

THE FUTURE TYPE

This, beyond question, is the coming type of car. All advances now tend in this direction. Modest in size, yet with ample room for seven. Light and economical. A car of the finest quality, yet not over-priced. An impressive, satisfactory car.

JEWISH FEAST OF TABERNACLES BEGINS TONIGHT

Special Services in Temple Al-
bert, Including Observance
of Peace Sunday as Re-
quested by President.

The Feast of Tabernacles, or Jewish
thanksgiving, which begins this evening,
will be celebrated in Temple Al-
bert with special services to which
the general public is cordially invited. The
temple will be decorated with fruits
and vegetables in accordance with the
time-honored custom, and Rabbi
Moise Bergmann will deliver a sermon
in honor of the occasion.

As this is Peace Sunday, the ser-
vices will also take the form of com-
munion with President Wilson's pro-
clamation calling for prayers for peace,
and Rabbi Bergmann will preach espe-
cially on that line.

The following interesting account of
the Feast of Tabernacles is given by
the Jewish-Holiday press bureau:
Continues Eight Days.

This year the Feast of Tabernacles
falls on Sunday evening, October 4th,
Monday, October 5th, and continues
for eight days. The first and last
days of the feast are observed as holy
days on which appropriate services
are held in the houses of worship.

As part of the ceremonial of the
feast, the law ordains that the Israel-
ite shall take on the first day of the
festival "the fruit of the doory tree,
the branches of palm trees, the boughs
of thick-leaved trees and willows of
the brook, and to rejoice before the
Lord." This is observed by bringing
citron fruit, palm branch, myrtle and
willow into the house of God. In the
book of Nehemiah VIII, 15, is a de-
tailed description of the celebration
of this festival in biblical days.

The festival is in intent and cere-
monial a thanksgiving festival, inter-
twining gratitude for God's mercy
unto the people of Israel under the
nations of the world, with thank-
fulness for His bounty and grace to each
individual. It is the harvest festival
and the earliest thanksgiving feast,
the type after which the American
Thanksgiving day was fashioned.

Old Custom Is Changed.
The custom of dwelling in temporary
huts or booths still observed by many
orthodox Jews, is not only to remind
the Israelite of the wandering of his
ancestors in the wilderness, but also to
recall to his mind that God has kept
him, throughout the year, amidst all
life's uncertainties.

The observance of the festival in
this country has changed to meet
changed conditions. The fruits of the
field are brought into God's house as
a sign of thankfulness and after the
service are sent to the hospitals or the
poor of the city.

It is the custom of the Synagogue
to signalize the close of the holy days
of the early autumn season by a festivity
thoroughly characteristic of our re-
ligion, known as Simchat Torah, "the
rejoicing in the law." The last section
of the Pentateuch weekly lessons is
read on this day, and is followed im-
mediately by the reading of the first
part of Genesis.

The car everyone can afford
to own—Dodge Bros.' new
car. Low in price, unexcelled

CITY DARK WHEN ACCIDENT OCCURS AT POWER PLANT

Boiler Flue Blows Out, Putting
Out Fire Under Two Boilers;
Not Light Remains Burn-
ing.

The blowing out of a boiler flue at
the Albuquerque Gas, Electric Light
and Power company's plant north of
the city cast the entire city in dark-
ness for forty-five minutes early last
night.

Business was suspended and street
car traffic was paralyzed. The stores
were crowded when the lights went
off. Not a single globe flickered in
the three-quarters of an hour. This
was the first time for five years that
the whole city has been dark.

The blowing out of the flue put out
the fires under two boilers. A. F. Van
Deine, manager of the company, and
six men worked at the plant starting
fires under two auxiliary boilers.
They had enough steam pressure to
"carry the load" within remarkably
short time.

**FIREMEN FORCED TO TAKE
RISK ANSWERING FAKE ALARM**

While the electric street lights were
out, someone "pulled" the fire signal
box at Arno street and Garfield, caus-
ing the Highlands company to re-
spond. This box is just one block
north of the southern city limits. Rain
was falling and the streets were mud-
dy and with no lights save the oil lan-
terns on their trucks, the firemen
might have plunged into a hole or
struck some obstacle, which might
have caused serious injury.

**CONVENTION OF WOOL
GROWERS CALLED TO
MEET IN SALT LAKE**

Secretary Charles Chadwick, of the
New Mexico Wool Growers' associa-
tion, has received from President Hag-
enbath, of the national association,
the following call for the national
convention to be held in Salt Lake City
next month:

"In accordance with my duties as
president of the National Wool Grow-
ers' association, I hereby issue a call
for that association to meet in its
fifty-first annual convention at Salt
Lake City, Utah, November 12, 13 and
14, 1914.

"It has been customary to hold our
annual meeting in January, but the
danger of storms and the fact that
many of our members will this year
be in their state legislatures in Janu-
ary justifies us in the hope that a bet-
ter attendance and more useful meet-
ing can be held in November.

"Among the topics for discussion
will be national legislation; the wild
animal question; better marketing of
lamb; feeding sheep on the range;
producing and marketing wool; the
land question; national forests; rail-
road rates and service; running sheep
in range pastures; better types of
range sheep; diseases of sheep; and
the reports of officers.

"Several of these topics are of
pressing importance to wool growers,
and, if our flock masters are to solve
them correctly, the fullest discussions
must be indulged in.

"It seems to me that a new era is
opening before the sheep breeders, the
benefits of which can only be grasped
by united and concerted action. In
order that the problems confronting
us may be correctly solved, I must
urge every wool grower and those en-
gaged in allied branches of the indus-
try to meet with us in Salt Lake City,
Utah, November 12, 13 and 14, 1914.

E. J. HAGENBAATH,
President,
"National Wool Growers' Association."

**POLICE SEEK HOME FOR
ORPHAN BOY; CLOTHES
HIS IMMEDIATE NEED**

The police are making an effort to
find a home for Johnny Bush, 14 years
old, an orphan. His father died when
Johnny was a baby and his mother
worked for several years to keep the
boy and his older brother, but the
strain impaired her health and she
died, too.

Just now Johnny is living in the
kitchen of the city jail. He sleeps
there and gets his meals there. Since
there is no legal provision for the
police housing boys like Johnny perma-
nently they are looking for a good
home for him.

With winter coming, some clothes
also would be acceptable to Johnny. In
fact the threatened immediate need
for warmer clothes concerns the boy
more than anything else. All he has
is a torn suit, a frayed shirt and a pair
of worn tennis shoes—no stockings.

**POLICE FORCE TO HAVE
PLAIN CLOTHES MEN ON
DUTY FOR THIS WEEK**

The police force has been increased
by the appointment of several plain-
clothes men by Chief McMillin for
this week. This has been customary
in previous years for fair week, the
regular force being inadequate to po-
lice the city thoroughly at that time.

To raise the efficiency of the de-
partment higher, a night sergeant is
to be on duty at headquarters all
night. The chief will be there in day-
time. The chief and sergeant will
keep informed as to the position of
patrolmen, so that they will be able
to send them to any part of the city
at a minute's notice.

THREAT TO BLOW UP HOME SENT TO MAYOR BOATRIGHT

"Brotherhood of Anarchists"
Warns Executive He Will
"Get Killed" Because of
"Redlight Lid."

Anonymous letters received by
Mayor Boatright last week contained
threats ranging from sudden and vi-
olent death to the blowing up of his
home unless he revoked the council's
order closing the "redlight" district.

The letters were all received before
October 1, the date set for the
clamping on of the "lid." There were
four or five. The mayor is not cer-
tain upon that point, as he threw the
missives in his waste paper basket as
fast as they were delivered, and said
nothing about them.

Mayor Not Hard to Catch.

The date upon which the wrecking
of the mayor's house was scheduled
to occur was Friday night. The mayor
and his family passed the night
sleeping peacefully. Mr. Boatright did
not report the letters to the police.
Neither did he keep watch at home.
He was not convinced that the threats
would be carried out. He declared he
would not be intimidated by the au-
thors or authoresses of the billete-
dynamite, and that any time the
writers wished to set off any Lyddite
or Torpente under his residence they
would be sure to get him. In other
words, he does not intend to leave his
roof.

One letter was signed by the
"Brotherhood of Anarchists." This in-
formed the mayor that he would "get
killed." The feminine lines detracted
somewhat from the terror of this. An-
other letter was written in Spanish.
It was unsigned.

**TWO FIRE ENGINES TO
BE PUT THROUGH TEST
IN PUMPING TODAY**

The new fire engine is to be sub-
jected to another pumping test at 2:30
o'clock this afternoon at Second street
and Copper avenue. The engine on
trial Friday afternoon delivered 165
gallons of water a minute more than
the specifications required. The test
today, however, is to be of a different
sort. The new pump and that on the
machine now in service are to be
worked side by side.

Chief J. Klein decided to hold the
exhibition down town so the people
may see the power of the new engine.
The test will be spectacular. The two
pumps working together will deliver
more than 1,500 gallons of water a
minute through six leads of hose.

The new engine has not yet been
delivered to the city, and will not be
until the factory representative and
the city officials are satisfied with it.
The running and pumping tests to
which it already has been subjected,
however, leave practically no doubt of
the city's acceptance.

The "White House" bar and cafe,
208 South First street, which has re-
cently been thoroughly repaired and
put in the very best of condition, was
rechristened last night by a grand free
lunch, and there were many patrons
present to get a "bite" to eat, which
was as welcome as water. The man-
agers of the resort are Grande and Es-
posito.

Summer Garden Saloon.
Free lunch every night at 12.
Good music, dance hall in con-
nection. Everybody invited.

Democratic State and County Candidates

ELECTION NOVEMBER 3, 1914

FOR U. S. HOUSE OF REPRESENTATIVES
HON. HARVEY B. FERGUSSON

Since President Wilson has been president all the time of
Congress has been devoted under his guidance as leader
of the Democratic Party to National and International af-
fairs. He has won the approval of the Nation and World.
Mr. Fergusson has stood right by the President. Contrast
with his stand the attitude of the two Republican Senators
from our state. Whom do you wish to uphold?

FOR CORPORATION COMMISSIONER
HON. ADOLFO P. HILL

He was born and raised in New Mexico. He is qualified to
fill the place and if elected will serve the whole people.

FOR MEMBERS OF THE STATE LEGISLATURE
**GEORGE C. SCHEER
WILLIAM KIEKE
RAFAEL GARCIA**

These men are representative citizens of the county of Ber-
nalillo, taxpayers and more interested in the advancement
of the community that they are in getting EXORBITANT
HIGH SALARIES FOR COUNTY OFFICIALS. WHO
SPEND THEIR WHOLE TIME PLAYING POLITICS. IN-
STEAD OF RUNNING THEIR OFFICES. IT IS UP TO
YOU, THE VOTERS, WHO PAY THE TAXES, TO PRO-
TECT YOUR OWN INTERESTS BY VOTING THE
STRAIGHT DEMOCRATIC TICKET.
