**A DISASTROUS
TRAIN WRECK**

A Passenger Train of the Wabash
Railroad Meets an Accident
Shortly After Midnight.

SIXTEEN PERSONS KILLED

Fifty People Were Seriously Injured—The
Dead Are All Italian Immigrants
Bound for Colorado—Many of
the Injured Will Die.

Peru, Ind., June 26.—Sixteen persons were killed, and about fifty seriously injured in the wreck of train No. 3, of the westbound Wabash limited, nine miles west of this city at 12:30 a. m. today. The dead are all Italian immigrants en route to Colorado. Many of the injured undoubtedly will die. The dead are: Sixteen Italian immigrants, names unknown, interpreter missing. Among the injured are Mrs. Wm. Cotton, wife of the general superintendent of the Cotton Iron Mountain railway, badly bruised. Three children, names unknown, severely bruised.

David Agnew of Green Oak, Ind., right arm injured; John O'Mara of Denver, right leg broken; Nicola Polans, head and shoulder bruised; John Tokes of New York, head and body bruised; Anna Juber of St. Louis, head badly bruised; Joseph Pozza of Trinidad, Colo., head and left foot injured; Herbert Menger of Hillsdale, face cut; Joseph Cruz, Italian, of New York, head, body and left leg bruised; Mrs. Joseph Cruz, head and body bruised; George S. Milner of Alton, left leg broken; John P. Williamson of Bowling Green, Ohio, news agent, both arms, both legs, and right shoulder blade broken; E. P. Clough of Toledo, Ohio, head badly crushed and right shoulder blade broken; J. B. Wood of Logansport, Ind., back bruised; G. A. Thompson of Little Rock, Ark., head and body bruised; W. A. Brode of Angola, Ind., face cut; C. Taylor of Logansport, Ind., head and body bruised; Rev. Father Welch of Logansport, Ind., right foot crushed; John Wilkins of Lafayette, Ind., right arm and shoulder broken; Walter Laid of Wabash, Ind., right leg injured; Chas. Flanagan, flagman, body bruised; John Adams, fireman, head and shoulders lacerated; J. S. Butler, head bruised; J. B. Lucks of Logansport, Ind., traveling salesman, slightly bruised. Twenty-one others were severely cut and bruised. Two sections of train No. 3, one coming from Detroit and the other from Toledo, were consolidated in this city into one train of eleven cars, making up the flyer for the journey to St. Louis.

Having left this city an hour late, the train was speeding westward at a high rate of speed when the engine plunged through a culvert undermined by heavy rains. The embankment on both sides of the little stream dropped forty feet at a sharp degree. Owing to the momentum of the train, the engine appeared to leap nearly across the abyss and plunged into the soft earth on the opposite side and fell back to the bottom. Engineer Butler and Fireman Adams were thrown from the cab, but not seriously hurt. The express car and the first chair car telescoped. The emigrant car followed by two chair cars went down to the left side of the track and the first sleeper pitched forward on the mass of debris. The remaining cars also left the tracks, but were not badly damaged. It was in the emigrant and in the day coaches that most of the deaths and injuries occurred. Heavy foliage lined the banks of the culvert, the approach to which was over a "reverse curve."

There was absolutely no means by which the engine crew could see the impending danger. The night was intensely dark. The trainmen rushed to the neighboring farmhouses for assistance. Farmers, with their wives and children bearing torches hastened to the scene and all efforts were bent to giving aid to the injured. Every physician in this town was taken to the wreck in a special train. The injured were brought to the general hospital in this city.

AN OFFICIAL REPORT.
St. Louis, Mo., June 26.—The official report of Division Superintendent E. A. Gould, to President Ramsey of the Wabash system, states that thirteen Italian immigrants were killed, three supposed fatally injured, eleven seriously, and thirty-one slightly bruised and scratched. Only one of the killed is known.

Fannie Mulvie and Mrs. Joe Grose, whose husband was badly injured, are missing. The fatally injured are: Luigi Venini, no address; Mattie Cruz, wife of Jose Cruz, Coster Gate, Utah; an unknown Italian. The accident was caused by a washout at the culvert (not trestle). Superintendent Gould says: "I learn from persons living near Casa that two black clouds came in contact about over the place where the train was wrecked. The culvert, which washed out was a stone box three feet square under a 25 foot fill. The washout was about five feet above the opening of the culvert and about 200 feet wide, causing the earth above to slide."

Will Be Banished Five Years.
Paris, June 26.—The Marquis de Lur-Saluces was found guilty of murder with extenuating circumstances and was sentenced to five years banishment.

Sugar Goes Up Again.
New York, June 26.—The American Sugar Refining company today advanced all grades of refined sugars 5 cents or 1-30c per pound.

**A BIG RECEPTION
GIVEN TO KRUGER**

He Enters Rotterdam Like a Conqueror
and Not a Man Who Has Been Defeated in a Decisive Warfare.

HE PUTS HIS TRUST IN THE LORD

Rotterdam, June 26.—Mr. Kruger, president of the late South African republic, was welcomed at the railroad station on his arrival today by the burgo-master, deputations from numerous societies, and many ladies. Two bands of music played the Transvaal anthem. Hundreds of workmen societies were drawn up along the streets leading to the town hall, to which Kruger was driven, escorted by a guard of former Transvaal officers. An official reception followed. Great enthusiasm was manifested everywhere.

Kruger, in a speech, deplored the fact that his country was cut off from supplies and ammunition, whereas the Dutch had their own supplies during their struggle. He was fully convinced that the Lord would deliver his country in his own good time.

RAILROAD AFFAIRS.**The Missouri Pacific Increases Its Capital****—A First Dividend Declared.**

Philadelphia, June 26.—At today's meeting of the directors of the Pennsylvania Railroad company which operated the lines of the Pennsylvania railroad west of Pittsburgh, Effingham B. Morris resigned from the board and L. F. Love, president of the Baltimore & Ohio Railroad company, was elected director in his place. The directors of the Pittsburgh, Cincinnati, Chicago, and St. Louis Railroad company, operating the southwestern system of the Pennsylvania, declared a first dividend of one percent on common stock, also the usual semi-annual dividend of two percent on preferred stock.

AN INCREASE OF CAPITAL STOCK.
St. Louis, Mo., June 26.—At a special meeting of the stockholders of the Missouri Pacific Railway company today it was voted to increase the capital stock to \$30,000,000.

The new issue of stock will consist of 300,000 shares of the par value of \$100 each. The stockholders will be entitled to subscribe for the increased stock at par to the extent of fifteen percent of their respective holdings as shown upon the books of the company at the close of business on July 18.

RAILROADS MUST EXPLAIN.
Jefferson City, Mo., June 26.—The railroad commissioners today issued an order on President B. F. Toomay, of the St. Louis and San Francisco railroad, and B. L. Winchell, president of the Kansas City, Fort Scott and Memphis railroad, to appear before the board on July 2, to answer questions touching the report that they proposed to consolidate their lines in violation of the laws of Missouri.

TWO BRIDGES BURNED.

Traffic on the Denver & Rio Grande is
Delayed in Consequence.

Florence, Colo., June 26.—Two Rio Grande railroad bridges were burned between this city and Pueblo last night by incendiaries. Attempts were also made to fire three others. It is believed that persons who wished to wreck trains were the incendiaries. Traffic is delayed.

**A STEAMER
DRIVEN ASHORE**

The Lusitania With Five Hundred
Passengers Wrecked Near Cape
Race, New Foundland,

PASSENGERS PANIC STRUCK

A Rumor That a Boat With Twenty Peo-
ple Upset and All Were Drowned—The
Steamer May Prove a
Total Wreck.

St. Johns, N. F., June 26.—The steamer Lusitania, with five hundred passengers on board, was wrecked last night off Cape Race.

ASHORE NEAR CAPE RACE.
Montreal, June 26.—A special to the Star from Cape Race says that the steamer Lusitania is ashore at Zala Cove, twelve miles north of Cape Race, and the five hundred passengers are all safe. The Lusitania belongs to the Orient Navigation company and was bound from Liverpool to Montreal.

PASSENGERS PANIC STRUCK.

St. Johns, N. F., June 26.—The Lusitania was bound round Cape Race for Montreal, with a large cargo and shipload of passengers. She mistook her course in the dense fog and went ashore near Renew, twenty miles north of Cape Race before daybreak. The ship ran over a reef, and hangs against a cliff. The passengers mostly emigrants, were panic stricken. They stampeded, and fought for the boats, but were overcome by the officers and the crew. The rougher element among the passengers used knives. Women and children were first landed, and the men followed. The crew stood by the ship. A heavy sea was running, but at the latest advices, the ship was holding her own. It was thought likely, however, that she will prove a total wreck. An unconfirmed report reached here that a boat load of people from the Lusitania was upset and twenty persons were drowned.

ALL PASSENGERS SAFE.

St. Johns, N. F., June 26.—A full later report received here shows that all the passengers escaped although several were injured. The missing boat load of passengers landed safely.

DENVER CONTEMPT CASES.

Judge Palmer is Satisfied With the An-
swer of One of the Defendants.

Denver, Colo., June 26.—W. H. Talmage, state superintendent of the anti-saloon league, Rev. M. A. Rader, pastor of Grace M. E. church, and Secretary W. D. Wynkoop of the Christian Endeavor society, filed answers in the district court today to the affidavits charging them with contempt of court. They declare they had not intended to cast any aspersions upon the integrity of Judge Palmer, in their remarks regarding the issuance of injunctions in the saloon cases. Judge Palmer said that Wynkoop's answer was satisfactory as it appeared he merely obeyed the order of the board of directors in issuing a circular letter containing the language alleged to be contemptuous for which he was cited. The other cases were continued until Friday next.

ITALY PAYS NO BOUNTY.

Secretary Gage Will Have to Rescind His
Order Concerning Italian Sugar.

Washington, D. C., June 26.—An official statement from the Italian government was communicated to the state department today to the effect that Italy paid no export bounty on sugar. This action of the Italian authorities follows eight days after the issuance of Secretary Gage's treasury order suspending the liquidation of all sugar imported from or produced in Italy, on the ground that the treasury had information leading to the belief that Italian sugar received a bounty.

A PATRIOTIC PROTEST.

Objections Against Wu Ting Fang as a
Fourth of July Orator.

Philadelphia, June 26.—At a meeting of the Chinese American society, resolutions were unanimously adopted protesting against the selection of Wu Ting Fang, the Chinese minister, as the orator of the Fourth of July celebration in this city. The resolution alleges that Wu "covertly aided the Boxers in the massacre of Christians in China," and "has been misleading the public by his statements regarding his position toward them."

SETTLED WITHOUT A STRIKE.

Thirty Thousand Workmen Will Receive
an Advance in Pay.

Cleveland, Ohio, June 26.—As the result of a conference between the American Tin Plate company and representatives of the Tin Workers Protective association, a wage scale has finally been agreed upon. It is understood that the new scale gives the workmen an advance of about 7 per cent. The men asked ten per cent increase. The new scale will affect about 30,000 workmen, and will go into effect on July 1.

AN IMPORTANT DECISION.

It Affects the Oil Industry at Beaumont
and Other Places in Texas.

Dallas, Texas, June 26.—The Texas supreme court at Austin today rendered an important decision affecting the oil industry. The court decided that the state has no interest in the mineral lands sold to actual settlers from the school land domain. This settles an important controversy, started by the discovery of oil at Beaumont and other places in Texas.

**THE FIRST HANGING
IN FOURTEEN YEARS**

Jose Sanchez Will Pay the Penalty for the
Murder of Catarino Almandarez Upon
the Gallows at Silver City
on July 5.

NO DOUBT ABOUT HIS SANITY

Silver City, N. M., June 24, 1901.
Special Cor. New Mexican.

Jose Sanchez who will hang at the place on July 5, will be the first person to be hanged in Grant county in 14 years. The crime for which Sanchez will pay the penalty with his life was the murder of Catarino Almandarez, which occurred on December 26, 1900, between Santa Rita and Georgetown. The evidence which convicted Sanchez was the dying statement of Almandarez in which he said that Sanchez had shot him, and later identified him as his murderer. A further evidence of the guilt of Sanchez, it was proved that he had quarreled with Almandarez the day previous about some blankets belonging to him which he claimed Almandarez had stolen. At the last term of court he was convicted of the crime and was sentenced to hang on June 7, but representations made by his attorneys, the then acting governor, Hon. J. W. Reynolds, granted him a reprieve of four weeks that his sanity might be examined into which resulted in the physicians in the case pronouncing him sane at the time of the crime and since. By certain witnesses it was shown that he had a fierce and violent temper which would break forth upon the slightest provocation, causing him to receive the sobriquet of "Joe Joe" a term used by those who knew him and his terrible passion. The testimony in the investigation having been referred to Governor Otero it lies with the official whether Sanchez will or will not pay the penalty of his crime upon the gallows which is already upon the ground waiting as it were the victim of the law's vengeance. Grant county has borne the reputation of having the greatest number of desperate crimes and the greatest number of prisoners in her jails of any county in the territory and it was with a feeling of profound gratification that the people heard that the sentence of death had been passed at last upon a murderer, who it seemed, no legal technicality or pretext could save from the gallows. The insanity plea was looked upon by the public with equanimity and when by Sanchez own admission it was proven that a dangerous person he was to be at liberty, in penalty of death was looked upon by many as the only safe and correct remedy for the form of insanity claimed for him. At the examination of his sanity, Sanchez, who was present, would permit a dark, furtive look to cross his forehead and he would mope his face with his handkerchief which he carried in his hand. As a full understanding of his plight worked its way into his passion thickened mind he would glance to right and left with a quick, frightened look that convinced those who watched him, that the intellect which was claimed by his attorneys to be imperfect, was keen and alive to the danger which was steadily pressing around him. It seemed a pity that he could not have foreseen his fate before he took the life of a fellow man. Sanchez is 28 years of age and he is unmarried. He was born in Parral, Mexico, where his parents still reside owning a large stock farm ranch there, we are told.

WEIL WILL NOT BE PROSECUTED.

Re Threw a Piece of Iron at Emperor Wil-
liam, Wounding Him.

Leipzig, June 26.—The first criminal section of the Imperial court, sitting in camera today, decided not to prosecute Dietrich Weil, who at Bremen in March last threw a piece of iron at Emperor William, wounding him in the cheek, and who since has been pronounced by physicians to be epileptic.

Harold M. Pitt is Acquitted.

Manila, June 26.—Harold M. Pitt, manager of Evans & Co., government contractors, tried on the charges of improperly purchasing government stores, was acquitted today. Four others purchasers of commissary stores were found guilty and were fined \$1,000 each.

General Young Will Succeed General Shafter.

San Francisco, June 26.—General Samuel B. Young, who is to succeed Major General Shafter in the command of the department of California, arrived from the east accompanied by his daughter. He will assume command on July 1.

A Plea for Peace.

New York, June 26.—Herbert Spencer has written a letter pleading for a mitigation of the war spirit, says a London dispatch to the Journal and Avvertiser.

Water Works for Farmington.

C. H. McHenry is erecting hydraulic water works at Farmington from which water will be piped directly to every house in the community. The reservoir will be located on a hill north of the school building and will be 132 feet wide, 364 feet long and six feet deep. A brick filter will be constructed and under the filter wall will be an emergency feeder to be used in case of fire. The water is to be turned into the pipes by July 4.

The Durango-Clifton Project.

Thomas H. Wagglesworth, who has made preliminary surveys for Colorado railroads the past 25 years, has just returned to Durango after having made a preliminary survey for a railroad line from Durango through the San Juan valley to Gallup and from there to Chino, Arizona, to connect with the road of Phelps, Dodge & Co.

A Bank at Artec.

Clark & Bender, of Elmo, Mo., have decided to establish a bank at Artec, the county seat of San Juan county. The capital is \$25,000.

**STRIKERS CLASH
WITH POLICE**

A Riot at Rochester in Which Elev-
en Policemen and Twenty
Others Were Injured.

POLICE FIRED A VOLLEY

Peace With Bricks, Stones, Shovels
and Pieces of Wood and
Then Dispersed.

Rochester, N. Y., June 26.—A thousand striking laborers had a brisk encounter with the police in which eleven policemen and twenty rioters were injured. The rioters set out to drive off laborers at work on street improvements. A volley was fired over the heads of the strikers, who assailed the policemen with bricks, stones, shovels and pieces of wood. After throwing the missiles, the crowd dispersed.

SEVERAL SERIOUS INJURIES.

Rochester, N. Y., June 26.—The injuries sustained by several policemen are serious. The hurts of the rioters were mostly scalp wounds inflicted by the officers' clubs.

OFFICIAL MATTERS.**NOTARIES PUBLIC APPOINTED.**

Governor Otero today appointed the following notaries public: Antonio D. Vargas, Ojo Caliente, Rio Arriba county; A. C. Majors, Raton, Colfax county.

DELEGATE TO MINING CONGRESS.

Governor Otero today appointed Jay Turley, of Santa Fe, a delegate to the international mining congress at Boise, Idaho, on July 23, vice J. B. Mayo, resigned.

INCORPORATION.

The Roswell Building and Loan Association today filed incorporation papers in the office of Territorial Secretary J. W. Reynolds. The incorporators and directors are: David S. Rosenwald, Edward A. Calhoun, Nathan Jaffa, Leon W. Martin, Lucius K. McCalley, George F. Bixby, William T. Jones, Charles W. Haynes, Edward P. Rasmussen of Roswell. Capital \$250,000, divided into 2,500 shares. Headquarters at Roswell.

THE CASE OF JOSE SANCHEZ.

Governor Otero has received and in part examined the papers relating to the examination into the sanity of Jose Sanchez, who is under sentence to be hanged at Silver City on July 5. Thus far Governor Otero sees no reason for interfering with the carrying out of the sentence at the time appointed, for the examination seems to show that Sanchez is not insane. Of course, what the final decision of the governor will be in the case can not be told at this time.

LAND OFFICE BUSINESS.

The following business was transacted at the federal land office at Santa Fe during the week ending June 26, 1901: Homestead Entries—June 19, Joseph B. Thomas, 40 acres, Colfax county; June 20, Pablo Chaves, Galisteo, 160 acres, San Miguel county; June 24, Emilia L. THE WATER STREET SEWER.**Property Owners Demand That the City Abate the Nuisance.**

Charles Wagner, the well known furniture dealer on San Francisco street, and who owns property on Water street, upon which he pays considerable taxes, and other property owners want the city administration to get a move on and do something toward the betterment of the very bad condition of the Water street sewer. The New Mexican has already called attention to this and it seems that plenty of money can be raised by contribution for the construction of a modern and decent sewer. Mr. Wagner states that unless the city administration acts promptly, legal help will be obtained and an injunction will be asked for that will compel the city to abate the nuisance. The property owners on Water street are in earnest and the city administration should not delay this matter, which now menaces the health of the city.

A New Industry for McKinley County.

The Colorado Fuel & Iron company has decided to erect a factory for the manufacture of briquettes out of the coal slack from its mines near Gallup and the addition of a little oil. The plant is to cost \$25,000 and will be built either at Gallup or at the coal camp of Gibson. The output of the factory will be 300 tons per day and 150 men will be given employment. All of the slack made at the Catalpa, Weaver and Gibson mines will be utilized.

The June Bug Mill at Red River.

The June Bug Mine & Milling company at Red River, which has just completed the first mill the camp, will put in a roaster and will add the cyanide process so as to be able to treat every grade of ore in the camp. Dr. H. C. Blake, treasurer of the company, and J. R. Beam, the superintendent, have gone to Denver to purchase the machinery.

WEDNESDAY, JUNE 26.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

The debt of Santa Fe county must be scaled down and adjusted.

What is the matter with the committee having in charge the Luna memorial fund? It should act.

Northwestern New Mexico is prosperous and happy. So is the rest of the territory. The croakers must retire.

Colonel Bryan is planning another lecture tour. The common makes the people tired enough and why not leave them alone?

An observing public is of the opinion that a federal official who gets a good salary but pays no taxes, is not a very desirable sort of citizen to have.

It will not hurt the Democrats to talk about the presidential campaign of 1904 as it only serves to widen the breach between the two factions and makes their defeat the more certain.

Las Vegas will honor Governor Otero with a rousing reception tomorrow. This is as it should be. Governor Otero has done a great deal for the town of Las Vegas. It is his home town and it ought to give him the credit that is justly due him.

For the benefit of some of our out of town contemporaries the New Mexican desires to state that it is still on deck and will continue to be for some time to come, despite the lies told about it by a few disappointed office-seekers and played out politicians.

The fellows who went into the subornation of perjury business and filed false charges and affidavits against Governor Otero, say that it is not possible to pull the wool over the eyes of the people. They are correct. The people see them in their true light.

Denver is a good deal farther north than Santa Fe, yet at Denver on Sunday the thermometer reached the 96 mark, while at Santa Fe it couldn't pass the 85 mark. Nevertheless overcoats were not in demand in Santa Fe the past few days although woolen covers were comfortable during the night.

Senator Hanna is developing into a forceful speaker and a fine orator. Here is another example of what perseverance can accomplish even for a man who is beyond his student years, for it is but a few years ago that Senator Hanna couldn't have made a five minutes' speech without breaking down.

Surveyor General Vance had some government advertising to give out and although claiming to be very high toned he gave it out where it would do him the most good in his fight against Governor Otero. Here is true honesty of purpose and stern resolution to perform his duty without fear.

The United States had better turn Guam into a poorhouse, for the natives of that island are again howling for supplies lest they starve. It seems that the natives of the Orient have an idea that as soon as they are under Uncle Sam's flag, the government is under moral and legal obligations to feed them. Government charity pleases them better than working for a living and periodical want is the natural consequence.

The Colorado Fuel and Iron company intends to locate briquette works at Gallup to employ 150 men. That is quite a considerable industry and may mean the locating of other industries in the Carbon City whose future growth and prosperity are assured although at present, owing to labor troubles, business is lagging somewhat and pessimists prophesy dire things for the capital of McKinley county.

Among the papers containing the charges made against Governor Otero are some that are forgeries. The men who filed these are known. This paper will have lots of fun whenever these men come up for office in a political campaign. It can assure them that they will get all they want in coal black type between these column rules and they will get it in such shape that it will make them wish they hadn't.

The Democrats of Alabama have made up their minds after full consideration at their constitutional convention to disfranchise the colored voters of that state, but they have a great deal of sympathy for the Filipinos and are bending with sorrow and remorse because the Republican administration is not granting the Filipinos the right to vote upon their own affairs. It makes a great deal of difference whose ox is gored.

Wherever there is cheap fuel there great industries will arise. In that truth lies the hope of New Mexico of being a great manufacturing state some day. There is no doubt that the coal fields of New Mexico are much more extensive than those of Pennsylvania, and it is coal that has made the Keystone state the richest state in the union with the exception of New York. Coal will be the making of New Mexico and if the coal beds of which indications exist round about this city are fully exploited coal will also be the making of Santa Fe.

The telegraph and the telephone have knitted the world together very closely, but at times, like during the days of the flood in West Virginia, points very near to the centers of activity in the United States, seem more distant than China or Japan. Several days elapsed before the nature of the disaster that overtook Keystone, Elkhorn and other West Virginia towns on Sunday and yet they are distant only a few miles from large cities and towns which are in direct communication with the rest of the world. Man's works are mighty, but the might of nature can sweep them off the face of the earth with the ease that the wind overthrows a house of cards.

One reason why the assessed valuation of property has fallen off during the past few years is that there are too many tax dodgers who undervalue their property. The New Mexican knows of one grant in Rio Arriba county that is returned as grazing land at 30 cents an acre, when a good deal of it is valuable timber land and should be returned, at the very lowest, \$3 an acre. It knows of another grant in Socorro county that as soon as water shall be placed upon it will be very valuable, it is now worth at least \$5 an acre, but the assessment is ridiculously low. Whenever the assessors and county commissioners and the territorial board of equalization will do their duty the taxable property of the territory will run over \$100,000,000, and the rate of taxation will be so low that it will not be felt at all. By and by the New Mexican will give names and figures.

The Labor Problem in Porto Rico.

Reports from Porto Rico have it that Porto Rican labor does not prove satisfactory on the Porto Rican plantations and that congress is to be petitioned to allow the importation of Chinese labor. Yet, the same reports tell of the poverty of the people of Porto Rico and the necessity of government support several months each year to the starving islanders. Putting these two news items together and drawing conclusions brings out the fact that the average Porto Rican does not like work and as far as hard work is concerned, he would rather starve than work ten hours a day on a plantation. He is no better and no worse than the average native of southern climes. One of the characteristics of the West Indian, and of kindred races, is a natural aversion to hard work and a strenuous life. Of course, with laziness goes shiftlessness and poverty. In Porto Rico as elsewhere, the man who is healthy, energetic and willing to do any kind of hard work need not starve and can support a family in comparative comfort.

Output of Precious Minerals in New Mexico.

The Engineering and Mining Journal in its last issue publishes statistics showing the gold and silver production of the various states of the union for the past four years. The figures are as nearly correct as it is possible to make them, but especially in the case of New Mexico, do not give the territory one half the credit due it, for New Mexico ores are created in Colorado and at El Paso, to a greater extent than at home and Colorado and Texas receive credit for part of the gold and the silver ore produced in New Mexico. In 1897, New Mexico is credited with the production of \$470,000 worth of gold, in 1898 with \$480,000 worth, in 1899 with \$500,000 worth, and in 1900 with \$550,000 worth, standing in that year twelfth among the gold producing states and territories of the union, Colorado leading with a production of \$28,762,638 worth of gold and Arizona being credited with a production of \$2,725,000 worth. Of silver, New Mexico in 1897 produced \$399,265 worth; in 1898, \$423,170; in 1899, \$427,990; and in 1900, \$327,755, being eighth in the list of silver producing states, Colorado leading with a production of \$12,438,775, and Arizona producing \$1,074,675. As New Mexico is a continuation of the rich mineral bearing Rocky mountain plateau of Colorado, it stands to reason that some day it will equal Colorado as a producer of minerals and that the wealth of the territory has thus far been merely scratched.

Hazing is No More.

West Point and Annapolis have apparently succeeded in crushing out the hazing habit. Summary dismissal is the penalty for any cadet who hazing another or permits another to be hazed, and hazing is so minutely described in the regulations that no technicalities will save the guilty culprit.

It is full time that this vigorous action was taken. West Point differs from the colleges and universities of the United States in being a national institution, subject to national authority. Moreover, its graduates are trained for a profession which makes it absolutely indispensable that they should know how to control men. They must learn to govern themselves before they can govern others. Discipline is a vastly more important thing at West Point than it is at Johns Hopkins or Columbia or Yale or Harvard. A hazing as a cadet is likely to be a hazing as an officer, which means that he is worse than worthless to the army. The rank and file of the regiments of the United States are not good subjects for hazing. There is a great deal of this brutal practice in the German army, but the poor German recruits are sheep as compared with the independent young Americans who pass our rigid ordeal of enlistment.

A second lieutenant from West Point who attempted to treat his men as he had just been treating the under classmen on the Hudson would certainly demoralize his company and perhaps provoke mutiny and murder. It is most unfortunate for West Point that just at a time when the regular army is being increased to a proper figure and is attracting as never before in time of peace the intelligent attention of the American people, there should be this faring up at the academy of a species of cheap and senseless brutality, which is as hopelessly obsolete as the use of the flintlock.

Every cadet has been or is being hazed out of his mind by a hazing outfit, and it is a pity that men of an army should be so treated. It is a pity that the president of the United States should be so treated. It is a pity that the commander-in-chief of the army should be so treated. It is a pity that the friends of disgraced cadets should understand that they are out of a vice now and forever.

Poisoned by Absorption

POISON OAK, POISON IVY, BARBER'S ITCH, LEAD AND BRASS POISONING, ETC.

Through the pores of the skin many poisons are absorbed into the blood, deranging the circulation and affecting the constitution as quickly and seriously as those generated within the system. Just under the skin are innumerable hair-like blood vessels, and connecting these with the skin are millions of small tubes or glands, through which the poison is conveyed to the blood system. During the spring and summer, while the skin is most active and tender, it is especially susceptible to the action of poisons of this character. So completely does it destroy the effects of the Oak and Ivy that there is no possibility of its reappearance, and it is equally as efficacious in brass or lead poisoning or Barber's Itch; building up and purifying the blood and driving out of the circulation impurities of every kind, and removing every blemish, sore or eruption from the skin. There is no substitute for S. S. S.; it is the only purely vegetable blood purifier known, and the safest and best in all constitutional or blood diseases.

Our Medical Consultation Department.—If you desire any special information or advice about your case, write our physicians, explaining your condition, and they will carefully consider what you have to say and you will receive a prompt reply. Our physicians have made a study of blood and skin diseases, and you can have the benefit of their experience and skill without any cost to you whatever. Don't hesitate to write fully about yourself, as nothing you say goes beyond our office. We have a very interesting book on Blood and Skin Diseases, which we will be glad to mail free.

THE PRINCIPLE OF HOME RULE

President McKinley Adhered to It in Reappointing Governor Otero.

For the first time in the history of New Mexico the governor succeeds himself for a second term. And it is a flattering compliment, not only to Governor Otero, but to the people of the territory in general, that our first native governor gave the people such a highly satisfactory administration that a vast majority of them enthusiastically supported him for reappointment. Both Governor Otero and his friends merit congratulation.

There is no better evidence of an official's esteem and popularity than the fact that his first administration commends itself to the people so favorably that they unhesitatingly endorse him for reappointment or re-election as the case may be. While Governor Otero is a staunch Republican and an ardent supporter of Republican principles, he has shown that broad statesmanship in the administration of public affairs that characterizes a desire to faithfully serve the public without regard to partisanship.

The American was among the first papers of the territory to declare itself for Governor Otero's reappointment, and it is highly gratified that President McKinley has seen the wisdom of recognizing the principle of home rule. This very fact—the recognition of home rule by President McKinley—ought to be a source of great satisfaction to all New Mexicans. Moreover, it should inspire renewed faith and confidence in the future of our territory. It will serve to dispel that feeling among territorial residents that the voice of the people is of no consequence in the matter of federal appointments. The people of a territory always feel that they are unjustly treated when a citizen of another state or territory is appointed to an office in their own commonwealth. Hence we should feel a natural pride in the recognition accorded to our governor, a worthy and progressive citizen of New Mexico.

Now that the governorship has been decided for the next four years, it is highly important that the question of statehood should receive immediate consideration by the people. It requires no argument to show our fitness for self-government. This we have demonstrated in almost every conceivable way. No fair-minded critic can gainsay the qualifications of our people for statehood. Our population is constantly increasing; we are growing in wealth; our educational standard will compare favorably with any state in the union; our commercial and industrial enterprises are multiplying; our territory is well supplied with religious and charitable institutions; the people are enterprising, showing thrift and industry on every hand, and a spirit of progress and advancement prevails all over the territory. What better justification could be desired for the most sacred right of sovereignty which has been denied us for the last fifty years.

With such an able exponent of statehood as Delegate Rodey to represent us in congress, our chances for admission to the union during the next session of that body ought to be exceedingly good. We have implicit faith and confidence in Mr. Rodey's ability and determination to bring about statehood, but it is absolutely necessary that the people give their heartiest support to the movement.

Conditions were never better for statehood. Unquestionably the majority of the people of the territory favor it. This was evidenced by the fact that both of the great political parties of the territory declared themselves in favor of statehood in their platforms last fall. With a majority of the people in favor of statehood, with a governor in favor of it, with a delegate to congress in favor of it, with the assurance from President McKinley that he would sign a statehood bill if congress saw fit to pass it, we ought to feel an abiding faith in our prospect of being a state within the next six months. Let us all work to that end.

Received With Pleasure.

(Red River Prospector.)

President McKinley on the 15th reappointed Miguel A. Otero for governor of New Mexico. This appointment will be received with great pleasure by all that have the true interests of New Mexico at heart. The governor is a native of New Mexico and in every way that was possible he has endeavored to place New Mexico on a level with the old states. Wherever he was he championed the interests of New Mexico. He loves the people of this territory and believes that the general government has wronged our beautiful territory by keeping her long out of the sisterhood of states.

"MOUNTAIN TROUT" "What do you think of that?" "Don't know."

San Juan County Pleased

(Farmington Hustler.)
The Hustler is highly pleased to announce the reappointment of Governor Miguel A. Otero as chief magistrate of the territory. Both he and Delegate Rodey are strong adherents for statehood, both are endowed with wisdom and statesmanship ability, are enthusiastic workers and if given the opportunity of the people of the territory, we need have no fear but that New Mexico will be admitted to the sisterhood of states by the 57th congress.

THE HOME GOLD CURE.

An Ingenious Treatment by Which Drunkards Are Being Cured Daily in Spite of Themselves—No Noxious Doses—No Weakening of the Nerves.

A Pleasant and Positive Cure for the Liqueur Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison and nerves completely shattered by periodical or constant use of intoxicating liquors requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may not cure themselves at home without publicity or loss of time from business by this wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how long a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

Wives cure your husbands! Children cure your fathers! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee, without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the cure administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. Do not wait. Do not be deluded by apparent and misleading "improvements." Drive out the disease at once and for all time. The "Home Gold Cure" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effective than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of \$1. Address Dept. D644, Edwin B. Giles & Company, 2339 and 2332 Market Street, Philadelphia, and correspondence strictly confidential.

A DECIDED VICTORY.

The Republican Party Triumphs With Governor Otero.

(Roswell Register.)

The reappointment of Hon. Miguel A. Otero as governor of New Mexico, in spite of the venomous opposition of personal enemies, was a decided victory for both Mr. Otero and the Republican party in the territory. His administration of affairs has been energetic, fair and honest and a large majority of the people of the territory wanted to see him reappointed. They have got what they wanted and are satisfied.

Surveyor General Quinby Vance and his brother-in-law, Robert H. Taylor, tried to talk to President McKinley last Saturday about charges against Governor Otero. The president told them he had just signed the commission of Governor Otero and did not care to hear anything more about it. William M. Berger, who called himself the representative of the tax payers of New Mexico was not even admitted to see the president or secretary and his charges against Governor Otero were all refuted.

One Good Term Deserves Another.

(Astee Index.)
It has been officially announced that Governor M. A. Otero has been reappointed governor of New Mexico. This can be considered good news to the citizens of New Mexico, and corroborates the saying that one good term deserves another.

KNIGHT TEMPLAR TRIP TO LOUISVILLE.

Two hundred Colorado Knights Templar will attend the grand encampment at Louisville in August. They will leave Denver at 2:30 p. m., Friday, August 23, on a special train via the Burlington Route to St. Louis, thence to Louisville over the B. & O. S. W. Ry.

Stop-overs will be made at St. Joseph, two hours, Kansas City, eight hours, and St. Louis, twelve hours. In all three cities the men from the mountains will show the natives "how to do it."

Louisville will be reached at 7:30 a. m., Monday, August 28. Accommodations have been secured at 317 Broadway. Entertainment headquarters will be at the Gault house, Louisville's swellest hotel, where the hospitality of the Colorado Sir Knights will be dispensed with a lavish hand. The round trip rate, which is open to the public, from Denver to Louisville, will be \$34.50.

Correspondingly reduced rates will be in effect from all other points in Colorado. Sleeping car rate, Denver to Louisville, \$7.

An effort is being made to secure reduced rates from Louisville to Buffalo. This will enable persons who attend the encampment to visit the great Pan-American exposition before they return home.

Berths on the Knights Templar special should be reserved at once. This can be done at any ticket office in Colorado, or by communicating with G. W. Vallery, general agent Burlington Route, Denver, Colo.

Missouri Code Pleading

By Mr. Everett W. Pattison.

(Author of Pattison's Complete Digest.)

Nearly 600 Pages. Price, \$6. Delivered.

This Book is a Very Important One for all Lawyers.

It sets forth, as succinctly as is consistent with clearness, the present condition of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions are mostly those of the Missouri courts; though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of Pleading.

He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For, while it is true that the common law requires the utmost strictness in adherence to forms, yet, if its forms are followed, the practitioner need have little fear of attack upon his pleading, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defense, is based. The lawyer who is well grounded in the rules of pleading will surely have the advantage in litigation. The constant study of this valuable work, familiarity with the rules set forth in it, and with the decisions enforcing it, and interpreting those rules, cannot fail to make one a good pleader.

SPECIAL OFFER.—To those who buy both books at once, we will offer Pattison's Pleading Form Book (Price, \$5.00) if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all there is to be said about Pleading in Missouri.

In one order, Prepaid for \$10.00.

SEVEN YEARS IN BED.
"Will wonders never cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kas. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but three bottles of Electric Bitters enabled her to walk, she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction is guaranteed by Fischer Drug Co. Only 50c.

"The doctors told me my cough was incurable. One Minute Cough Cure made me a well man." Norris Silver, North Stratford, N. H.—Because you've not found relief from a stubborn cough, don't despair. One Minute Cough Cure has cured thousands and it will cure you. Safe and sure. Ireland's drug store.

The lantern-jawed man ought to be able to see himself as others see him.

You may as well expect to run a steam engine without water as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cts. Samples free at Ireland's drug store.

READ IT IN HIS NEWSPAPER.
George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle she was able to do again take-up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by A. C. Ireland.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,886.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly

tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. Not all the popular summer resorts in California are on the coast. Bear Valley in the great pine forests; Camp Sturtevant in the Sierra Madre mountains; Echo Mountain, 5,000 feet above sea-level, the Canyons of the Kings and Kern Rivers, and Yosemite Valley, are noted inland resorts.

You find plenty of amusement or quiet restfulness at all of them. Take a trial trip this summer. Extremely low round-trip rates via the Santa Fe.

Summer at Inland Resorts—California.

WOMAN'S DAILY GRIND

Office women are frequently afflicted with sickness brought on by constant work in one position. Perhaps in going to the office, they get their feet wet and sit all day long with damp shoes and stockings.

Nothing in the world is so injurious. Wet feet, hard work, and confined positions have made invalids of a great many robust and ambitious young women.

A young lady from Denver, Colo., recently wrote a letter to Mrs. Pinkham, which aptly pictures the condition of a great many young women. She says:

"This is the first opportunity I have found to write and thank you for the good your Vegetable Compound has done me. I feel better than I have for years. It seems a 'seven days' wonder' to my friends. Where I used to be pined, everything is the opposite now, and there is not a day but what some one wants to know what I have done to make myself look so well."

"Before taking Lydia E. Pinkham's Vegetable Compound I had constant headaches, was constipated, bloated, eyes weak and watery, bearing-down pains in the small of my back and right side; took cold very easily, which always caused intense pain in the ovaries, and I did not want to go anywhere or see any one. I was called cross, but I could not help it, feeling as I did. I could not lift anything or do any hard work without suffering for days afterwards. Menstruation lasted for eight or ten days, the first three or four days being almost constant pain day and night."

What a picture this is, and how unnecessary! Read the letters which follow and see how easy it is to overcome woman's suffering when you go the right way about it.

Nothing in this wide world has relieved so much female suffering as has Lydia E. Pinkham's Vegetable Compound; no medicine can produce such positive proof of cures and good results; therefore, no other medicine can be "just as good." Women should insist upon getting the medicine which has the best record, and which, they and every druggist in the land know, has no equal.

Miss Thompson's Pains are Cured.

"DEAR MRS. PINKHAM:—I want to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. For several years I had suffered with loss of appetite, nausea, vomiting, constipation, palpitation of the heart, headache, pains in nearly all parts of the body. My physician said it was only indigestion, but his medicine did not help me any. I began the use of your Vegetable Compound. I have taken four bottles and now those troubles are cured. I cannot praise it enough."—Miss BELLE S. THOMPSON, Box 14, Acushnet, Mass.

Just why Miss Thompson's physician diagnosed her trouble as indigestion it is hard to understand. This mistake, however, is frequently made. If you have any doubt about your case, write to Mrs. Pinkham, at Lynn, Mass., for her free advice. She will understand your symptoms at once.

Miss Scholtes Tells of Suffering Overcome.

"DEAR MRS. PINKHAM:—I write to let you know that Lydia E. Pinkham's Vegetable Compound has cured me of painful menstruation from which I suffered terribly. I really believe that I would be insane to-day if it had not been for your medicine. I cannot praise your Compound enough, and feel that if all who suffer from female troubles would put themselves under your care and follow your advice, they will find relief from their sufferings."—Miss K. E. SCHOLTES, Mt. Oliver, Pittsburg, Pa.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5000, which will be paid to any person who can show that the above testimonials are not genuine, or were published without obtaining the writers' special permission.—LYDIA E. A number of young people of the city last evening enjoyed a hayride.

The board of county commissioners will meet in regular session on Monday next.

A letter addressed to Albert Martinez, Winthorst, Kas., is held at the postoffice for postage.

Exchange: Professor J. Davila, 'Durango; John Hanson, Alamosa; Juan F. Gonzales, Bland.

Janitor D. L. Miller has found a Yale lock key that was lost on the capitol steps on Saturday.

The thermometer reached 86 degrees yesterday, making the day the hottest of the year thus far.

It was 108 degrees in the shade at Phoenix, 103 at El Paso, 96 at Las Vegas, 93 at Albuquerque and 86 at Santa Fe yesterday.

Damon Gutierrez, who served a four years' sentence from Lincoln county for murder, was discharged from the penitentiary today, his time having expired.

The Palace avenue sewer should be flushed out and work on the Water street sewer should begin as soon as possible. The health and well being of the city demand this.

The Sanitarium has some twelve applications of people who desire to spend the summer in Santa Fe. As there are only three or four rooms vacant only a few can be accommodated.

Probate Clerk Manuel Delgado today recorded deeds of the city of Santa Fe to J. D. Hughes for a house and lot in precinct No. 17, and a deed of the City to Refugio Baca de Ortiz in precinct No. 18.

The baseball team from Buckman will be here on Sunday to play the Santa Fe team on the athletic grounds of St. Michael's college. The team from Buckman is said to be quite a strong aggregation of ball players.

A local horticulturist advises placing mosquito netting over the trees to keep the birds from the fruit while another man in town puts his cat in a cage and places her in his cherry tree to keep the birds at a distance.

The cherry crop in and around Santa Fe is short this year and the few cherries on the trees are being eaten by the birds. If the birds will now promise to keep the insects from the other fruit the few cherries they have stolen will not be begrudged them.

The revolutionary and colonial exhibition of the Daughters of the American Revolution and a sale of lace and of cake will take place tomorrow evening at the residence of Mrs. L. B. Prince. Everyone is invited to attend. Only a small admission fee will be charged.

Between 15 and 20 extra copies of the New Mexican are being sent out daily by this office in answer to inquiries about Santa Fe, its climate, resources, and so forth. This is good advertising, and is being done by the New Mexican without any pay and helps the city considerably.

The members of the Woman's Board of Trade earnestly solicit the co-operation of the citizens in their effort to keep dogs out of the Plaza. A number of dogs can greatly injure the grass but without the assistance of the public it is almost impossible to keep them out of the Plaza.

Janitor D. L. Miller of the capitol, takes great pride in the capitol grounds and in the course of two or three years will have them the most beautiful park in the southwest. Over forty varieties of fine shade trees have been planted, some of them very rare and never before planted in this territory.

At the office of the territorial secretary are kept many ancient documents of historical interest to New Mexico, some of them dated as far back as 1621. The next legislature should make provision to have them indexed and properly filed so that they may become of use to the historian and chronologist.

United States Commissioner J. P. Victory yesterday afternoon held Francisca Archuleta, postmaster at Coyote, Rio Arriba county, in \$500 bail for the grand jury on the charge of reporting more stamps cancelled at his office than he had cancelled in order to increase the emoluments of his office.

W. N. Townsend and Miss Jeanette Wiss, both of this city, were quietly married on Monday evening in the parlors of the Clatsop hotel by Judge F. W. Parker. The witnesses were Alexander Gray and Miss Nellie Griffin. The young couple have taken possession of a finely furnished house on Johnson street, one of the Hinckley cottages.

The city authorities should have the sidewalk in front of the Lehman Spiegelberg property on Washington avenue repaved. It is dangerous and unsafe. The property owner who allows it to remain in this bad condition should be punished by law as he shows no consideration for the well being of the town or for the safety of citizens.

Several citizens whose names are appended to charges made in the past few weeks against Governor Otero, now in the department of the interior, called at the New Mexican and stated that if their names are signed to such charges they are forgeries, as they did not sign any such paper. Citizens of this town may draw their own conclusions.

A fine baby boy was born on yesterday to Mr. and Mrs. Jetton, who now reside at Murfreesboro, Tennessee, where Mr. Jetton is a successful attorney. Mother and child are doing well. Mr. and Mrs. Jetton resided in this city for some time while Mr. Jetton held a position in the surveyor general's office here. This is good news and will be appreciated by the many friends of the young people who all extend congratulations and wish the mother and the baby well.

THE ANNUAL PLAZA FETE.

The Woman's Board of Trade Has Arranged to Give It on July 11.

The Woman's Board of Trade has decided to give the annual Plaza fete on the evening of July 11. As this date will fall on a Thursday, which is one of the regular library days, it has been decided not to open the library or the reading room to the public on that day.

The fete this year will include a booth for the sale of ice cream and cake. A tent where supper will be ready at 6 o'clock with a menu of cold meats, baked beans, brown and white bread, pickles, olives and coffee. Some new feature in place of the grab bag. Home made candy and pop corn, and last, but not least, among the attractions this year will be a rummage table. The rummage sales have become such a feature in the east that not to be behind in any attraction, not daunted by any amount of work, the Woman's Board of Trade has decided to have this in connection with the fete.

The public in general is asked to donate whatever it can for this feature. All residents should rummage among their belongings to see what they can give. Anything from a house and lot to a pair of old shoes will be gladly received, a price put on and offered for sale. Cast-off clothing, bric-a-brac, china, furniture, anything in fact which having served its usefulness to its present owner can still be useful to some one else, can now find a place. Prices at the rummage table will be very low and without doubt there will be something here suitable for every man, woman and child who attends the fete.

Salt Rheum

It may become chronic.

It may cover the body with large, inflamed, burning, itching, scaling patches and cause intense suffering. It has been known to do so.

Do not delay treatment.

Thoroughly cleanse the system of the humors on which this ailment depends and prevent their return.

The medicine taken by Mrs. Ida E. Ward, Cove Point, Md., was Hood's Sarsaparilla. She writes: "I had a disagreeable itching on my arms which I concluded was salt rheum. I began taking Hood's Sarsaparilla and in two days felt better. It was not long before I was cured and I have never had any skin disease since."

Hood's Sarsaparilla

Promises to cure and keeps the promise. It is positively unequalled for all cutaneous eruptions. Take it.
