ADJOURNMENT OF CONGRESS AGAIN GETS SET BACK BY COTTON BILL

Southern Senators Decline to Allow Legislators to Leave Washington Until Relief of Some Sort Is Granted.

PENROSE AND LEWIS IN POLITICAL DEBATE

Pennsylvania Statesman Asails Emergency War Tax Measure as Unnecessary Burden Upon Country.

Washington, Oct. 14.—With the war revenue bill under review as to several features by members of the finance committee, little progress was made on the measure in the senate today and the prospect of adjournment of congress early next week received another check.

While the committee toiled on the bill the senate was embroiled by a political debate between Senators Penrose and Lewis. The former assailed democratic extravagances and denounced war tax legislation as a calamity and the latter defended the administration.

Senator Penrose asked the Illinois senator if he could give any assurance that a bill would be pressed to provide for only one term for executive officials in accordance with the democratic platform.

Lewis' Sharp Reply.

"I understand the senator from Pennsylvania has aspirations for the presidency," said Senator Lewis, "and that he wishes to be assured now that his opponent will not be Woodrow Wilson."

In their deliberations, which extended into the evening, making a night session of the senate impossible, democratic members of the committee asserted considerable possible opposition by eliminating the proposed tax on proprietary medicines which would have yielded approximately \$2,000,000 annual revenue. House leaders had given assurances that this tax never would be accepted and the senate had been flooded with protests against taxes on "the poor man's medicine."

Exempts Print Paper.

The committee accepted also an amendment doing away with bills of lading in the express and freight shipment of newspapers and to exempt from taxation newspapers shipped within the county of publication.

Agreement also was reached on the disputed tax on domestic wines. The bill as agreed upon in caucus imposed twenty cents a gallon on sweet wines and eight cents on dry wines. An amendment agreed upon today fixes the rate of 8 cents a gallon on both sweet and dry wines and taxes brandy used in fortifying wines 55 cents a gallon.

It also amends present laws to remove the restriction permitting the fortification of wines only with brandy manufactured on the same premises.

Hoavier on Tobacco.

Still under consideration by the committee is a proposal to increase further the taxes on manufactures of tobacco.

Senator Hoke Smith submitted the amendment which would provide for a government issue of \$250,000,000 in four per cent bonds for the purchase of cotton to relieve the cotton states.

Discussion of this will begin tomorrow and adjournment of congress depends largely on its disposition. Southern senators say they do not intend to prolong debate but it is probable that the discussion will last into next week.

Revised estimates on the revenue bill sent to the senate by the secretary of the treasury indicated that the bill on last year's trade conditions would bring in \$167,400,000, but said that if the production of fermented liquors continued to fall off as in the last two months the revenue would be \$92,498,288.

Under normal conditions beer would supply \$42,795,000 and rectified spirits \$5,000,000. The committee tax on sweet wines according to the estimate would bring \$4,960,000 and that on dry wines \$2,260,000, making a total on the wine and liquor schedule of \$47,015,000. Of the special taxes bankers would pay \$4,200,000; pawnbrokers \$250,000; commercial brokers \$250,000 and custom house brokers \$12,000.

The proposed tax on amusements would raise \$2,140,000 of which the largest single item, \$750,000, would be paid by moving picture theaters. The secretary estimated that the special taxes on manufactures of tobacco, cigars and cigarettes, would not raise \$20,950,000 of which \$8,000,000 would come from stock transfers and \$1,000,000 from telegraph messages.

The medicinal schedule asked by the senate committee was estimated to raise \$5,000,000 of which \$2,000,000 would be borne by cosmetics and \$3,000,000 by chewing gums.

Graduated Tobacco Tax.

Increase in the tax on tobacco, cigar and cigarette manufacturers, was embodied in an amendment agreed to by the finance committee tonight. As the bill now stands these manufacturers would be taxed from \$6 to 39¢ according to the amount they produced. Under the amendment, manufacturers of tobacco turning out 100,000 pounds a year would pay \$6 and the tax be graduated upward until manufacturers of 10,000,000 pounds or more would pay \$120 a year. The tax on cigarette manufacturers was graduated from 12¢ on a production of 1,000,000 to \$1,200 on a production of 50,000,000; and the cigar manufacturer's was graduated from \$2 on manufacturers of 100,000 to \$1,200 on the manufacturer of 20,000,000 cigars. It was considered the increase of revenue would be a material sum.

Impossible Story by South Dakota Woman.

New York, Oct. 14.—Mrs. M. Gerschwyler, of Rapid City, S. D., arriving today on an Italian steamer, said her train from Milan passed another filled with Zulu warriors. She was informed, she said, they were to join the allies in northern France. Mrs. Gerschwyler declared the Zulus were armed with spears and bows and arrows.

J. N. Taub, a banker of Houston, Tex., said that in Budapest all street cars were being run and the mails delivered by women.

Monignor Cossio, recently appointed secretary of the apostolic delegation of Washington, was also a passenger.

RESIGNATION OF SUPREME CHIEF BELIEVED TO BE CLOSE AT HAND

Official Telegrams to Washington From Aguas Calientes Say Carranza's Retirement Is Discussed.

VILLA'S REPRESENTATIVE SENDS HOPEFUL MESSAGE

Declares Name of Antonio Villareal Will Be Presented and Will Be Satisfactory to All Factions.

Washington, Oct. 14.—The national convention at Aguas Calientes today reached a point where the question of the retirement of General Carranza was to be discussed, according to official telegrams to the American government as well as messages received by agents here of General Villa.

Frank S. Thomas, who has opened headquarters here for Villa, gave out the following message which was received by him from Villa headquarters at Juarez dated today:

"Convention will meet at 3 p. m. when it is expected Carranza's resignation will be received and promptly accepted. The name of General Antonio Villareal, chairman of the convention will be presented as a candidate for provisional president and will be most satisfactory to all factions."

Villareal Is Acceptable.

While the constitutionalist agency here had no formal comment to make, it was indicated that General Villareal likewise was regarded with favor by the Carranza faction.

Mr. Thomas expressed the opinion that Carranza's resignation probably had already been accepted tonight and that Villareal had been chosen but lacked definite advice on this point.

LEO M. FRANK MUST HANG FOR MURDER

Atlanta, Ga., Oct. 14.—Leo M. Frank, under sentence of death for the murder here in April, 1913, of Mary Phagan, an employee of the pencil factory of which Frank was superintendent, was today denied a new trial by the Georgia supreme court. The court held that Frank's newly discovered evidence was insufficient.

Skilled in Winged Aeroplanes.

Ostend, Oct. 14 (via London, Oct. 13, 12:50 a. m.).—Soldiers returning to Ostend from the action about Ghent say the allies are becoming skilled in winged aeroplanes. A German aviator who was observing the allies' movements near Ghent last week, was brought to the ground by skillful firing from the field guns.

TOWN OF ROYE CHANGES HANDS TWELVE TIMES

London, Oct. 15 (1:10 a. m.).—A Paris dispatch to the Daily Mail, says:

"During three weeks of violent fighting between Roze and Lassigny, Roze itself has been taken and retaken twelve times and has been the scene of the fiercest hand-to-hand encounters, while all the villages in the neighborhood have constantly changed hands."

"A French infantry officer who arrived in Paris today reported that on the day Roze was captured by the Germans for the last time the French surrounded and captured, eight miles outside the town, 2,000 German cavalry and infantry."

"The Germans experienced an unpleasant surprise at Roze from the French infantry and artillery and after the French gunners had battered them, a German infantry battalion and cavalry regiment surrendered."

"All along the entrenched line through Rheims to Verdun the aviators are doing valuable work. The Germans continue to make great use of captive balloons, which are beyond the range of the allies' guns. They usually carry three or four observers who have telephonic connection with the ground and report all movements of changes in positions. Kites also are employed, which enable the Germans to estimate with exactitude the altitude of the allies' aeroplanes, so that these air craft are forced to mount very high to escape danger from shells."

"General Louis Marcot, formerly commandant at St. Cyr, France's West Point, has been killed by a shell splinter. He fought in 1870 when he had a miraculous escape while in charge of a powder magazine which was exploded by the Germans."

So far, it is said, the efforts of the state department to obtain the release of such persons have proved unavailing, although they are being continued.

French President Extends Hospitality of Country to King Albert, Who Accepts for His Government.

RECONQUEST PROMISED WITH AID OF ALLIES

Final Triumph of Cause Assured, Declare Officials of Nations at War Against the German Empire.

London, Oct. 14 (10:30 p. m.).—As soon as the president of the French republic was advised of the desire of the Belgian government to remove to Havre, he telegraphed King Albert offering him the hospitality of the French city and informing him that the sovereignty of the royal government would be assured there.

The king conveyed his thanks to President Poincaré, adding:

"We await the hour of mutual victory with unshakable confidence. Fighting side by side for a just cause, our courage will never fail."

The Belgian premier, Charles de Broqueville, sent a message to M. Viviani, the French premier, expressing the gratitude of the Belgian government for the welcome accorded it by the French government.

"Belgium," he added, "which has sacrificed everything for the defense of honesty, honor and liberty regrets nothing. She has the confidence arising from the knowledge of a duty accomplished and the certainty of the triumph of the allies' cause."

Premier Viviani replied:

"The government of the republic is proud to extend its hospitality to the noble and valiant nation which is sacrificing everything for its honor and for duty and for which it has rendered such signal service to a common cause. I am sure that the close union of the allied nations will ensure the definite triumph of justice and right."

Premier de Broqueville also sent a telegram to M. Millerand, the French minister of war, in which he said:

"The Belgian army which is now standing at bay on the French frontier, after more than two months' fighting, feels honor and joy in the thought of reconquering its native land in close co-operation with the superb armies of the allies."

M. Millerand replied that the Belgian, English, Russian and French were indissolubly united and will win because their will is superior to all trials.

PROCLAMATION ANNOUNCES RETIREMENT TO FRANCE

Washington, Oct. 14.—The proclamation posted in Ostend and announcing the withdrawal of the Belgian government to French soil was received by cable tonight at the Belgian legation. The text follows:

"Citizens: For about two and a half months, the Belgian soldiers have been defending, foot by foot, at the price of heroic efforts the fate of their country. The enemy certainly expected to annihilate our army in Antwerp, but a retreat in which the order and dignity have been irreproachable, has successfully foiled this hope, and has assured us the conservation of military forces which will continue to fight without respite for this most just and noble cause. At this moment, these forces are operating in the direction of our southern frontier, where they are supported by allies. Thanks to their valorous co-operation the victory of justice is certain. Notwithstanding the sacrifices already endured by the Belgian nation, with a courage equalled only by its magnitude, a new trial is added by the present circumstances."

"In order not to serve the plans of the invaders, it is important that the Belgian government should temporarily establish its seat in a place from which it may conduct, with our army on one and the French on the other, continue to assure the continuance of the national sovereignty. For this reason the government is leaving Ostend today, with a grateful remembrance of the welcome which this city has given it."

"The government temporarily will be established at Havre, where the noble friendship of the government of the French republic has offered our government, with the fullness of its sovereign rights, the entire exercise of its authority and also of its duties."

"Citizens: This momentary ordeal which our patriotism must accept, will have, we are sure, its prompt revenge. The Belgian administration will continue to operate in full measure as far as the local circumstances permit, upon your good judgment, upon your patriotism. On our part, you may count upon our entire self-devotion, upon the gallantry of our army and upon the support of the allies to hasten the cause of mutual deliverance."

"Our beloved country so odiously betrayed and so odiously treated by one of the powers who had solemnly promised to guarantee her neutrality, has excited a growing admiration in the whole world. Thanks to the un-

Summary of War News of Yesterday

Ostend is now the center of interest in the contest being waged in the western theater of war. Reports indicate that there is now virtually no obstacle in the way of the German advance on Ostend and other ports in the northwest of Belgium.

Scores of wounded soldiers are being brought into Ostend from Ghent. It is reported that the allies and the Germans engaged in a serious battle near Ghent on Monday. It is said that the German forces were far superior in numbers and that the allies were obliged to withdraw toward the west. This removed the stumbling block in the way of German progress towards Ostend.

A state of panic exists among the inhabitants of Ostend, for the Germans are known to have a large force within twenty miles of the city. As fast as ships can be provided the residents are fleeing to England, escape by land having been cut off on all sides.

The extreme right wing of the main German army has been forced to fall back before an assault by the allies and reports indicate that the invaders will encounter strenuous opposition in attempting to extend their right wing to the northern French ports. Only recently the German cavalry had progressed as far west as Hazebrouck, but now, according to the French war office, the front of the battle extends from La Bassée, through Estaires to Halluin on the Belgian frontier. Across the border Ypres has been occupied by the allied forces. This indicates a decided gain for the allies.

Outside of this there is no important modification in the situation in the western theater, so far as indicated by reports couched in general terms, received by the French war office from the front.

In the eastern theater the Russians on October 12, successfully pressed back the German forces on the left bank of the Vistula, along the road leading from Warsaw, according to an official communication issued by the Russian general staff. Fighting continues to the south of Przemysl, Galicia, says the statement. There are no important changes on the other fronts.

An official announcement given out in Vienna says that the Austrian troops advancing toward Przemysl have repulsed the encircling Russian troops in such a way that the enemy is now able to maintain his position only before the eastern front of the fortress. It is said that during this fighting several military bridges over the San broke down during the Russian retreat and many of the Russians were drowned. Fighting continues east of Chirow, Galicia.

From Nish, Serbia, comes the official statement that on Sunday night the Austrians made two attacks on the extreme right wing of the Serbian front, between Sornik, Bosnia and Lomiza, Serbia. The attacks were repulsed with heavy losses to the Austrians, it is claimed. On Monday the Austrians attacked the Serbians twice on the left wing of the Save river, but were repulsed on each occasion with great loss.

PRIVATE INDIVIDUALS MAY SELL CONTRABAND

Washington, Oct. 14.—Commercial transactions between the belligerent governments of Europe and private citizens of the United States in no way affect the neutrality of this country, even if arms and ammunition are involved, according to a statement issued today by Robert Lansing, acting secretary of state.

Mr. Lansing says that he was prompted to make the statement by numerous inquiries and complaints indicating a widespread impression that American business men cannot sell war supplies to the belligerents without committing an unlawful act.

The use of all such projectiles is prohibited by the rules of international law, more especially by article 23, paragraph 1, section 2, of The Hague Convention for war on land and by The Hague declaration of July 29, 1899, relating to the prohibition of projectiles which easily expand or flatten in the human body."

The embassy received today a wireless message from Berlin saying:

"The English reports that German industry is at a standstill with no possibility of export are lies. The economic life of Germany is progressing as usual. German exports both absolutely and relatively have decreased less than those of England despite the attempts of the enemies to check them. German industries, especially

the courage and the sagacity of all her children, she will remain worthy of this admiration, which sustains her today. Tomorrow, she will emerge from her trials, greater and more beautiful, having suffered for justice and for the honor of civilization."

"Long live free and independent Belgium!"

CONFIDENCE IN MISSIONARIES

Detroit, Mich., Oct. 14.—"Marked changes in the Moslem world and new confidence in our missionaries in China, were among the outstanding features of the last missionary year," said James L. Barton of Boston, secretary of the American board of commissioners for foreign missions, in a report submitted today to the 1914th annual meeting of the board.

DUM-DUMS USED BY FRENCH, SAYS GERMAN REPORT

Claim Is Made That Bullets With Steel Jackets Perforated Have Been Captured in Large Quantities in France.

Washington, Oct. 14.—Count von Bernstorff, the German ambassador, issued today the following statement under the heading:

"Authorized by the Imperial Government."

"In possession of French soldiers who were made prisoners, particularly near Schirmeck, Montmedy and Longwy, numerous steel mantle projectiles were found, the top of which had been bored out by machinery in a width of five and a depth of seven millimeters. Near Fort Longwy a mechanical contrivance was discovered, serving to alter the bullets of finished cartridges in the above fashion. There also were whole cases full of such cartridges captured. It is, therefore, beyond doubt that cartridges of this description have been dealt out to the troops by the French army authorities."

Dum-dum Bullets.

"As regards the effect of these hollow top bullets, commonly known as dum-dum bullets, the softer leaden nucleus will, at the impact, emerge from the steel mantle and flatten out, thus causing peculiarly cruel wounds and needless suffering. The same is to be said of the mantle which, when torn open, produces heavy lacerations in the organic tissues."

"Other cartridges found upon French prisoners show bullets either provided with strongly protruding edges caused through insecting, or tipped off at the top or even split open. Military investigations have established the fact that the men have treated the cartridges as described by order of their officers. Bullets of this kind are as liable to cause similar needless wounds as the dum-dum bullets."

Prohibited by Laws of War.

"The use of all such projectiles is prohibited by the rules of international law, more especially by article 23, paragraph 1, section 2, of The Hague Convention for war on land and by The Hague declaration of July 29, 1899, relating to the prohibition of projectiles which easily expand or flatten in the human body."

Nothing has come through concerning the battle on the east Prussian frontier, but the activity of the German fleet in the Baltic and gulf of Finland may presage the arrival of German reinforcements which it was reported some days ago were being embarked at German Baltic ports.

Prince Bury's Fleet.

A German squadron, the flagship of which is flying the flag of Prince Bury of Prussia, has been cruising in the vicinity of Aland island, and only a day or two ago the Russian cruiser Pallada was torpedoed by German submarines, two of which were lost. The presence of the German ships probably would prevent the Russian warships from coming out to interfere with transports, should there be any about.

There was every indication today that Turkey and Portugal would be drawn into the war, as was reported earlier in the day, but a pac-

Trouble With Germans.
Portugal has an alliance with Great Britain, but this is purely a defensive one and was negotiated for the protection of Portugal and not with the idea that Portugal ever should be called upon to come to the assistance of Great Britain. However, the sympathy of that country is known to be with the allies and she has had some small difficulty with the Germans in Africa. A short time ago a German officer, suspecting that the Portuguese were instigating unrest among the German natives of East Africa, crossed into Portuguese Nyasaland and killed a Portuguese sergeant and four natives.

Turkey May Be Involved.
The former German cruisers Goeben and Breslau, which sought refuge in Turkish waters when driven out of the Mediterranean by the British and French warships, may be responsible for involving Turkey. Although

these ships were ostensibly sold to Turkey they are still officered and manned by Germans and have been cruising off the Romanian and Bulgarian coasts of the Black sea, where the Russian fleet has been for some days. Should the Russian warships sight the Goeben and Breslau an engagement would be possible.

To Crush Boer Rebels.
General Botha, the premier of the Union of South Africa, has sent a force to deal with Col. Maritz and the rebels under his command. According to an official telegram from the South African government the rebellion is not so serious as was feared. It is said that the men under Maritz do not exceed 500, including Germans, and that, as the Dutch farmers are flocking to General Botha's standard, Maritz is not likely to receive any large acquisitions.

SERBIANS CLAIM DEFEAT OF AUSTRIAN FORCES.
London, Oct. 14 (11:26 p. m.)—The following Serbian official statement given out in Nish, has been received by the Reuter company:

"On Sunday night the enemy attempted two attacks on the extreme right wing of the front between Srebrenica (Bosnia) and Lomnica (Serbia). The attacks were repulsed with heavy losses to the Austrians.

"On Monday morning they attempted to attack the Serbs twice on the left bank of the Save river, but were repulsed on each occasion with great loss. Our artillery, by its accurate fire, spread panic in the ranks of the enemy."

RUSSIANS CLAIM TO HAVE REPELLED GERMANS.
Petrograd, Oct. 14.—The following official communication from the general staff was issued tonight:

"On the left bank of the Vistula, along the roads leading from Warsaw to Ivangorod, our troops on October 13 successfully pressed back the German forces. One of our regiments captured two German companies.

"Fighting continues to the south of Pleszew.

"There are no important changes on the other fronts."

AUSTRIAN AMBASSADOR GIVES OFFICIAL REPORT.
Manchester, Mass., Oct. 14.—The Austro-Hungarian embassy here tonight announced receipt of an official wireless message from the home government as follows:

"Our advance in Galicia has forced the Russians to lessen their efforts against Przemyśl. Yesterday morning our bombardment greatly weakened the Russians, who began to withdraw part of their forces at Lemberg. Our advancing columns met strong Russian forces, fighting with which still is continuing. Kuksadow, on the San, has been retaken by us.

"In the Carpathians the Russians

are fleeing from the Marmaros district at Botosce.

"Polish refugees in Vienna give information that the Russians, after the occupation of Lemberg, sent the famous Polish institute to St. Petersburg. The most prominent public officials in the town have been undermined and the Russians have declared their intention to blow them up as soon as they are forced to leave the town. This news has created consternation and anger in Polish circles."

BERLIN REPORTS AUSTRIAN SUCCESSES IN POLAND.
London, Oct. 14 (8:59 p. m.)—The following official statement, given out in Berlin, has been received here by the Marconi Wireless Telegraph company:

"It was announced officially in Vienna yesterday that our troops advancing against Przemyśl, supported by a sortie of the garrison, have repulsed the encircling troops in such a way that the enemy is now able to maintain its position only before the eastern front of the fortress. Several military bridges near Soukna broke down during the retreat and many Russians were drowned in the river San.

"Fighting east of Chyrow (Galicia), continued. Our cavalry drove back a Cossack division in the direction of Trokoyez. Marches and fighting during the last few weeks have been made extremely difficult on account of the very unfavorable weather and the conditions of the roads, but the capacity of our brave troops has been brilliantly proved.

"The Stettin Neueste Nachrichten states that on Monday three steamers bound from Sweden and Russia to England were brought into Swinemunde by German torpedo boats, which captured the vessels near Fisterbo (Sweden). A vessel carrying provisions for Russia and two vessels carrying wood from Russia to England, also were brought into Swinemunde by German torpedo boats Monday."

ATTEMPTED INVASION BY GERMANS FEARED

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

London, Oct. 15 (5:29 a. m.)—The Times' military correspondent discussing the possibility of Germany attempting an invasion of England, thinks the government ought to instruct the people and the authorities how to act in the event of such an attempt and to make up their minds whether it is proposed to fight regularly or irregularly in repelling an invasion.

The Times points out that there is no commander-in-chief in the British Isles except Lord Kitchener and that unless one mind presides over the numerous garrisons and various armed forces which would be used in defense there can be no unity of action.

"Despite the fact that the lack of great success on the continent may tempt Germany to risk a blow at England, and the more completely we are prepared the less likely is the attempt to be made."

HEAVY CANNON FIRE IS HEARD IN BLACK SEA

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

London, Oct. 15 (6:29 a. m.)—A dispatch to the Exchange Telegraph from Bucharest, coming by way of Rome, says:

"Heavy cannonading has been heard the past day off Kustendie (in Rumania on the Black sea). It is believed that the former German cruisers Goeben and Breslau which now fly the Turkish flag and which yesterday undertook to escort from Salina (an arm of the Danube traversing the district of Dobruja, Rumania), several transports laden with munitions, have either attacked or been attacked by the Russian fleet."

BELGIAN CABINET AT WORK NOW IN HAVRE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Havre, Oct. 14 (via Paris, 5:10 p. m.)—All the members of the Belgian cabinet have arrived here except Chas de Broqueville, who remained with King Albert for a consultation after the other ministers had left Ostend. The premier, who is also minister of war, was expected later in the day. The French legation came with the others and continues its routine duties.

Some of the best public buildings in the city have been placed at the disposition of the Belgian officials, who numbered 255. The official party was escorted by 125 gendarmes.

ALLIES LEFT WING IN SATISFACTORY CONDITION

London, Oct. 15 (3:15 a. m.)—Telegraphing Wednesday morning from Calais, the Daily Chronicle's correspondent says:

"The position on the allies' left wing, which is now the most important section of the long battle line, grows daily more satisfactory. The fighting around Lille has been extremely satisfactory to the allies. The

section where encounters are severest has suddenly changed from Roye to Laasgry, where the Germans tried to make a breach through the allied lines. The battle, however, is still proceeding about Roye, which has been taken and retaken at least twelve times.

RUSSIANS THROW BACK GERMANS NEAR WARSAW

London, Oct. 15 (1:15 a. m.)—"I hear that the enemy approached to within ten miles of Warsaw but were thrown back to a distance of thirty miles," says the Times Petrograd correspondent.

"The fall of Przemyśl is imminent. The garrison there is being decimated by cholera. Private advices say that the main forces already have been taken by the Russians.

"There is no change in the situation in east Prussia. Ground prevails on the belief that in the forward movement of the Austro-German forces which commenced September 27, General von Hindenburg, commands the center, King Ludwig of Bavaria, the Cossackowa army and the Austrian General Dankl the Austro-Germans constituting the cover for the right flank of the center while the supreme command of all the Austro-German troops is in the hands of the German general staff."

GOVERNOR HUNT WILL CO-OPERATE WITH WASHINGTON

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Washington, Oct. 14.—A telegram from Governor Hunt of Arizona tonight, announcing that he movement of the state militia to the Mexican border had been authorized and expressing the governor's desire to co-operate in avoiding further complications of the situation on the border was received with much relief by President Wilson and Secretary Garrison. The message, which concluded a day of telegraphic interchanges on the subject was addressed to Secretary Garrison, and was as follows:

"I appreciate your courteous telegram and thank you for advice conveyed. Both the president and yourself may feel wholly assured that I realize the gravity of the Mexican situation as an international problem and my sole desire is to co-operate in avoiding further complications and at the same time accord all possible protection for Arizona's citizens and property. No movement of the state militia has been authorized. I shall communicate with you as the occasion requires and feel sure that such advice as you may extend at intervals will greatly assist me in allaying excitement over existing danger."

Garrison Is Gratified.
Secretary Garrison at once replied as follows:

"Your message received. Am very much gratified with the expression of your attitude. Will keep you fully informed."

During the day the secretary at the direction of President Wilson, had telegraphed Governor Hunt pointing out the danger of divided responsibility should the state troops go to the border. It was indicated unofficially later that if the Arizona governor finally did send troops to the international line they might be called in to the service of the federal government to bring all force under one commander.

Two telegrams passed between Governor Hunt and Secretary Garrison, one with reference to the situation at Naco, Arizona, and the other with respect to Douglas, Arizona. In both of which border fighting had made American citizens apprehensive. Concerning the situation at Douglas, Governor Hunt telegraphed that "one soldier and a child have been struck by shots from Mexican garrison of Agua Prieta, firing across the boundary is described as being deliberate on the part of the Mexican garrison."

Governor Is Warned.
Secretary Garrison telegraphed in reply that reports from General Bliss and the commanding officer at Douglas, said no one had been injured and that stray bullets were falling on the American side of the line. Every precaution was taken to guarantee American interests, he said, and additional troops could not be utilized.

The secretary warned the governor of the "grave consequences that might follow the sending of militia to the border and called attention to the manifest propriety of not embarrassing the president as to the international situation."

"The president again requested me," he added, "to emphasize in my dispatch to you the gravity of the situation, the fact that he is doing everything that properly can be done and his earnest desire that you should abstain from complicating and embarrassing the situation."

Reports Highly Colored.
The secretary said he was in no doubt that "highly colored and exaggerated reports" of conditions along the border were reaching the governor, adding that true accounts could be obtained by communicating with the army officers commanding at Naco and Douglas.

Frank S. Thomas, one of General Villa's representatives, filed a protest with the state department today declaring that the Carranza forces at Naco had deliberately "backed up" the American line for the double purpose of escaping to the United States if occasion demands, and also to invite attack so that a few bullets will unavoidably fall on American soil."

He charged that Carranza forces under General Hill were part of an "attempt to provoke intervention on the part of the United States."

EXCITEMENT CAUSED BY GARRISON'S MESSAGE.
Naco, Ariz., Oct. 14.—Secretary Garrison's message today to Governor Hunt caused as much excitement here as has been caused by the two week attack on Naco, Sonora, which directly adjoins this town.

The war secretary in answering the many complaints that the Arizona town has been the target for Mexican bullets told the Arizona governor that if the people of the Arizona town would not expose themselves to see the fighting the situation would be bettered.

Sheriff Wheeler, who represents the Arizona state government here in the absence of any national guard officer, in answer to Mr. Garrison's statement explained just what he held the conditions to have been during the fighting.

"Of the five men wounded on the American side of the line all of the civilians were struck while going about their business," he said. "Even the trooper who was killed was not on the line. About one-half of the residents of the American town have been forced to leave their homes to seek safety in the extreme northern part of town. Nearly every building in town has been struck by bullets, several by shells. Many families have been compelled to leave town. If the Americans cared to expose them-

Germans have been turned out of the semi-circular position, which they held around Lille and the corner of French territory which joins into Belgium there.

"The Germans have been pushed back as far as Courtrai (in Belgium, twenty-six miles southwest of Ghent) where they are entrenching. It appears that they will make a stubborn endeavor to hold the line of Blankenberghe, Bruges and Courtrai.

"The German intention to make a dash on Calais coincidentally with the taking of Antwerp. In accordance with this plan they advanced in force on Hazebrouck, Mont Cassel and Saint Omer.

"The allies guns near Mont Cassel mowed down the on-coming Germans, who fell back, leaving several hundred wounded. The allies followed up their advantage, throwing the enemy back over the Belgian border.

"During the fighting near Saint Omer a bomb from a German aeroplane killed three persons and injured the pilot and his companion with rifle shots."

ATTEMPTED INVASION BY GERMANS FEARED

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

London, Oct. 15 (5:29 a. m.)—The Times' military correspondent discussing the possibility of Germany attempting an invasion of England, thinks the government ought to instruct the people and the authorities how to act in the event of such an attempt and to make up their minds whether it is proposed to fight regularly or irregularly in repelling an invasion.

The Times points out that there is no commander-in-chief in the British Isles except Lord Kitchener and that unless one mind presides over the numerous garrisons and various armed forces which would be used in defense there can be no unity of action.

"Despite the fact that the lack of great success on the continent may tempt Germany to risk a blow at England, and the more completely we are prepared the less likely is the attempt to be made."

MONA BELL AND SALAZAR ARE TO BE TRIED HERE

Variety of Interesting Cases to Come Before Judge Pope When Court Convenes in Albuquerque.

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Oct. 14.—The criminal and civil dockets for the Santa Fe and Albuquerque terms of federal court were called today by Judge W. H. Pope. Among the more notable cases set for Albuquerque were that against Gen. Jose Inez Salazar, Mexican federal commander, indicted for perjury, and against Mona Bell, indicted for white slavery. Also the case against Frank Keene, the well-to-do Silver City cattleman, accused of the same crime. The case against the late Silver City cattleman, accused of the same crime. The case against the late Silver City cattleman, accused of the same crime.

Ray Watkins escaped trial because of his youth. He is one of the two boys at Alamo, Socorro county, accused of breaking into the postoffice at that place. The indictment against him was dismissed on motion of United States Attorney Burkhardt.

The bonds of Abigaino Romero, Jose Pacheco and Mateo Vazquez were forfeited because they failed to appear in court and bench warrants were issued for them. The bond of Miguel Chavez of Albuquerque, was not forfeited because Chavez is being held in jail at Albuquerque.

The case of William H. Parker who asks \$5,000 damages from the Santa Fe railroad system because of his land being flooded because of the construction of an embankment and culvert on the Belen cut-off, as he alleges, was removed to the federal court from the district court for Guadalupe county.

RIO ARRIBA COUNTY BOOZE SELLERS ARE HAVING MUCH TROUBLE

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Oct. 14.—Rio Arriba county is a storm center in more than one respect nowadays. More Rio Arriba countians have been arrested of late for relieving the thirst of Pueblo Indians than citizens of any other county and the latest victim is Teodoro Salazar, of somewhere near San Jose de Chama, for whom United States Commissioner M. T. Dunleavy issued a warrant this morning.

Damascio Cata and Soltero Ortiz, San Juan Pueblo, were arraigned before Federal Judge W. H. Pope on Monday on the charge of bringing whiskey into the Indian grant. They pleaded guilty and Judge Pope was about to sentence them, when he suddenly asked: "Who sold you the whiskey?" They replied "Teodoro Salazar."

Hence Salazar may have to face the court and sentence was suspended as to Cata and Ortiz on motion of Assistant United States Attorney E. C. Wade, Jr., so that they may testify against Salazar.

BARBED WIRE THEFT PUZZLES AUTHORITIES

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Oct. 14.—The disappearance of thirteen perfectly good spools of barbed wire has been puzzling the federal authorities at the Jicarilla Apache Indian agency at Dulce, Rio Arriba county. In order to find out what became of the wire, United States Commissioner M. T. Dunleavy this forenoon issued a warrant for the arrest of Manuel Lobato, on the charge of stealing the wire. The warrant was sworn out by Deputy United States District Attorney E. C. Wade, Jr., and a deputy United States marshal left posthaste for northern Rio Arriba county to bring Lobato to Santa Fe.

Having served sixty days for selling liquor to Indians, and thirty days for failure to pay his fine of \$100 and costs, J. N. Sanchez was today released from the penitentiary by United States Commissioner M. T. Dunleavy upon taking the oath of posterity.

WHITE TO TOUR IN INTEREST OF TEACHERS' MEET

State Superintendent to Use Every Endeavor to Make Educational Convention a Tremendous Success.

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Oct. 14.—Superintendent of Public Instruction Alvan N. White leaves tomorrow on a tour of southwestern New Mexico to make doubly sure that every teacher, school director and every one else interested in education will attend the educational convention in Albuquerque during Thanksgiving week. He already has the assurance of President and County Superintendent C. C. Hill that every teacher in Chaves county will go.

Mr. White's first stop will be Fort Sumner where he will address the school patrons, school board and children on the importance of manual training and domestic science.

Wind Up at Barbecue.

He will then become the guest of County Superintendent L. C. Morfeller of Curry county for three days, making addresses at Clovis and Melrose and winding up at a barbecue at Home in Quay county, before turning towards Roswell to attend the products exposition. While there he will act as one of a committee to judge the educational exhibit, the others being Col. James W. Wilson, Supt. W. O. Hall, Supt. C. C. Hill, Roswell, Supt. W. A. Moore, of Carlisle; Mrs. S. F. Culbertson and J. S. Long, of Pecos; Mr. Wallace, and Mrs. W. A. Brown, of Albuquerque; L. C. Morfeller, of Clovis; and Charles L. Burr, of Mountain.

On his way home, Superintendent White will make addresses in Lincoln county, at Alamogordo and at Pecos.

SCHOOL CENSUS SHOWS INTERESTING FIGURES ON STATE POPULATION

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Oct. 14.—With the receipt of Union county's school census returns, the department of education now has the figures for 1914 from thirteen of the twenty-six counties. Union county shows a decided loss in population, the census this year showing 4,793, as against 4,949 last year. There are 2,558 males and 2,234 females of school census age.

Of the thirteen counties that have reported, five show a loss, all of them in eastern New Mexico, namely, Chaves, Quay, Union, Curry and Roosevelt counties. The total school census population of the thirteen counties is 59,135, as against 63,288, a net gain of 2,847, or an approximate gain in population in one year of about 10,000. Bernalillo county leads with a school census population of 10,572, then comes Santa Fe, 8,497; Rio Arriba, 5,674; Chaves, 5,470; Socorro, 5,279; Union, 4,793; Eddy, 3,823; Quay, 3,569; Lincoln, 2,419; Roosevelt, 2,400; Curry, 2,262; San Juan, 1,983; McKinley, 1,678.

Politicians are already complaining that Chaves county has three representatives in the legislative house, while Santa Fe county has only two, although according to the school census it has 22 per cent greater population and Bernalillo with double the population has only three representatives.

AUTHORITIES ARE HOT ON LAND FRAUD'S TRAIL

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Oct. 14.—Both state and federal authorities are making it hot for fraudulent land concerns. The office of the attorney general is gathering evidence against concerns outside of the state who are encircling farmers in the middle west offering to sell New Mexico lands at fancy prices and making glowing representations as to what can be raised on those lands. Some of them are mere sand lots on which even sage brush refuses to grow but they are advertised as lands on which fig trees and date palms flourish.

Assistant Attorney General Harry S. Clancy will submit his evidence to the federal authorities so that the offenders may be prosecuted for using the mails to defraud.

Texas Indicted.

In the meanwhile, United States Attorney Summers Burkhardt has been busy, too, as a bunch of Texas promoters were indicted by the federal grand jury last week on the charge of engaging in the profitable pursuit of selling New Mexico sand lots at Pecos valley apple orchard prices. As the arrests have not yet been made, the names are not divulged but the business of giving New Mexico a bad name by defrauding unsuspecting eastern land buyers, must cease if state and federal authorities have their way.

Children to Pray for Peace.

Santa Fe, Oct. 14.—The school children of New Mexico are to be given the opportunity to sign peace petitions addressed to the czar of Russia, the emperors of Germany and Austria, the kings of England, Serbia and Belgium and the presidents of France and Portugal. Superintendent of Public Instruction Alvan N. White this forenoon received an appeal from the children's peace petition committee of New York City, asking that the model petition be circulated among the public schools, as much to instill sentiments for peace and against war and armaments as with the hope of persuading Kaiser Wilhelm and his fellow monarchs to refrain from further warfare.

FEDERATION OF CLUBS ENTERS ON FORMAL PROGRAM

Additional Delegates Arriving on Later Trains Swell Attendance at Big State Women's Convention.

SPECIAL DISPATCH TO MORNING JOURNAL.
Silver City, N. M., Oct. 14.—The New Mexico Federation of Women's Clubs today entered upon its stated program. Many late arrivals of delegates from over the state swelled the already large attendance and the meeting is sure to be the most successful ever held by the federation.

The day's sessions were given over to routine matters for the most part. The social features included a luncheon at 1 o'clock, at which the Silver City Woman's club was hostess, and the drama "Lothengrin," presented at the Elks' opera house tonight, in which local talent, assisted by Mrs. Ada Pierce Wynn, of Albuquerque, participated.

The Daughters of the American Revolution are meeting in conjunction with the state federation.

PHELPS-DODGE COMPANY TO BEGIN CONSTRUCTION OF BIG MILLING PLANT

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
Silver City, N. M., Oct. 14.—That the Phelps-Dodge company is to begin the immediate construction of the immense milling plant planned for its extensive camp at Tyrone, in the Burro mountains in the news received here, following the visit to Tyrone a few days ago of H. J. Simmons, general manager of the El Paso & Southwestern system, and directors of the Phelps-Dodge corporation.

The building of this mill proves the confidence which the company has in the Tyrone and the future of that camp and since a large number of men will be employed in the building, it will mean a revival of operations there, curtailed at the breaking out of the war in Europe, which caused a big slump in the price of copper.

The work of the test mill which has been in operation several months, is finished so far as determining the method that will be used in the new mill for the treatment of ore. The flotation process, which was given a thorough tryout by experts on the Burro mountain ores has not proved the success accomplished with this method in Arizona and if it is used at all in the operation of the new mill will be applied only in a subsidiary way, it is said.

The resumption of mining activity at Tyrone will have a good effect on the entire Silver City mining district.

COUNTY HIGH SCHOOL CONTEST PRECIPITATED IN SANTA FE COUNTY

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Oct. 14.—Santa Fe county is face to face with a county high school contest precipitated by a petition from Cerrillos to establish a high school at Cerrillos. The petition, asking for the establishment of such a high school at Cerrillos, was filed with the county clerk over a year ago and there was a similar petition with sufficient number of signatures for a county high school at Santa Fe, but because of protests from Santa Cruz, in northern Santa Fe county, which also wants a county high school, it has been hung up, although the law makes it mandatory for the board of county commissioners to call an election when a petition properly signed is submitted.

Attorney General Frank W. Clancy has ruled that two or more county high school propositions may be voted upon at the same time and Santa Fe county will therefore vote very soon on two if not three propositions of this kind.

Distribution of Funds Today.

Santa Fe, Oct. 14.—Treasurer O. N. Marron will tomorrow make his monthly distribution of funds, all but Rio Arriba county having remitted its September collections. Eddy county's remittance being received today and amounting to \$1,620.71. While practically all the funds are pledged to overflowing, three of the binders are having hard shelling toward the end of the fiscal year and that includes the salary fund, because of the constitutional limitation. Thus the anomaly presents itself of the state treasury having from half to three-quarters of a million dollars in its credit and yet, being unable to pay certain seasons of the year to pay full obligations that are due.

Lendency Shown Spicavovich.

Santa Fe, Oct. 14.—Because the jury very strongly recommended mercy, in fact, would not have found the defendant guilty except with such a recommendation, District Judge E. C. Abbott today sentenced A. Spicavovich, the Montezuma man who struck Pit Boss John Hunt of the Madrid Pit mine, to only six to nine months in the charge of assault with a deadly weapon. The testimony had brought an admission from the prosecuting witness that he had been the aggressor by drawing a knife and hurling a stone at Spicavovich, but had resisted when Spicavovich made any other rush at him and killed the pit boss.

Call for Paying Bids.

Santa Fe, Oct. 14.—The city authorities today advertised for bids for the paving of the streets on two sides of the Plaza. The bids will be opened on Monday evening and the contract will be awarded immediately as the city and the state will co-operate in the work, the state paying at the same time the portion of the Plaza in front of the Palace of the Governors.

ASCARATE TRIAL IS OF ABSORBING HUMAN INTEREST

Prosecution's Witnesses Weave Web About Las Cruces Man on Trial for Wife Murder in Carrizozo.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
Carrizozo, N. M., Oct. 14.—On the convening of court yesterday morning Felipe Lucero continued his testimony in the state vs. Ricardo Ascarate, on trial for the murder of his wife. With the direct examination, the cross-examination and the rebuttal, Mr. Lucero occupied the witness stand until noon. His testimony was such as to attract the attention of the jury in anticipation of the probable defense of the accused. Mr. Lucero testified that the defendant, when he was taken into custody, was somewhat under the influence of liquor, and that he took charge of the defendant at the request of the defendant's father. A coroner's jury was immediately empaneled, as is the custom of the Spanish-American people, and their inquest over the dead body was held about 1 o'clock a. m. The complaint, charging Ricardo Ascarate with the crime, was made on the 11th of November, 1912, the day following, before M. Valdez, a justice of the peace by Margarito Riquelme, the father of the murdered woman.

Two members of the coroner's jury were called by the state who substantiated at many points the testimony given by Sheriff Lucero, and detailed to the jury their official acts at the time. The first list of counsel made when the state endeavored to introduce the statement made by the defendant at the coroner's hearing, in this it alleged two statements, one made by the defendant—one that his wife shot herself, the other that he struggled with her in an effort to disarm her and in the scuffle the revolver was discharged and he does not know whether she pulled the trigger or whether he did it. Judge Medler took a recess at 5:30 until this morning at 9 o'clock in order to hear the arguments of the attorneys on the question of permitting this statement to go to the jury and satisfy himself as to the law pertaining to the point in question.

Eleven Are Arraigned.

There have been arraigned eleven of the defendants in indictments returned at this court, all pleading not guilty except Jacobo Mireles, a young fellow who some time ago broke into the store of the Carrizozo Trading company and took merchandise valued at about three dollars. Upon his plea of guilty the court has not, as yet, passed sentence.

In the matter of the state vs. Ramon Vidal, now under indictment for the murder of his wife, the defendant's attorneys, Baswood & Graves, of Roswell have introduced a motion setting up the fact that the defendant is insane and therefore unable to understand the nature of an arraignment, and asking that the court call a jury for the purpose of determining said defendant's sanity. It is understood that Judge Medler does not view the procedure of inquiring into the sanity of a person as do the attorneys for the defendant, but that he will have three physicians make a thorough examination and report their findings to him before he proceeds further in the case.

Teachers' Standard Raised.

Santa Fe, Oct. 14.—For the first time, the rural teachers of Socorro county, holding first grade certificates outnumber the third graders, who are being gradually eliminated in all of the counties. Superintendent Sanchez, in his annual report to the department of education today, shows that the rural teachers in his county receive less than \$50 a month, while four receive \$100 or more per month. Twenty-nine have professional or first-grade certificates, fifteen have second-grade, and twenty-six, third-grade certificates.

PAUL TYLER IS FATALLY SHOT BY OSCAR KIDD

Infatuation for Another's Wife Leads to Terrible Tragedy at Roy; Little Chance for Wounded Man.

SPECIAL DISPATCH TO MORNING JOURNAL.
Roy, N. M., Oct. 14.—Paul Tyler, a prominent young man of this place, was shot by Oscar Kidd, aged 25, this morning about 9 o'clock, and little hope for his recovery is entertained. Infatuation of Kidd for Tyler's wife is given as the cause leading up to the tragedy. Kidd had boarded at the Tyler hotel in Roy, but had been ordered to keep away on account of his attentions to Mrs. Tyler. This morning he returned to the hotel, ostensibly to get some clothing that he had left when he moved. He was met by young Tyler, armed with a six-shooter, who ordered him away. Hot words followed, as a result of which Kidd, who was also armed, drew his revolver and shot Tyler in the abdomen. On the attempt of Tyler to return the fire Kidd shot again, inflicting another wound in Tyler's shoulder.

After the shooting Kidd and Bert Jay, a friend who was with him, at the time, concealed themselves in a backroom until the arrival of Deputy Sheriff F. M. Hughes, when the former gave himself up. Jay was taken into custody as an accomplice. While the men were under arrest the father of young Tyler drew his gun and attempted to shoot Kidd, but was overpowered and disarmed. The wounded man was rushed to the Dawson hospital in an unconscious condition, but before losing consciousness a statement under oath as to the circumstances of the shooting was made by him. His chances for life are considered slim.

After his arrest Kidd made a statement to Deputy Sheriff Hughes in which he claimed to have shot Tyler in self-defense.

MRS. TYLER AND KIDD SEEN IN THIS CITY BY OFFICERS

Under Sheriff Dick Lewis received a telegram from Paul Tyler, of Roy, Sunday to the effect that Oscar Kidd, Mrs. Tyler and a boy, 7 years old, evidently her son, were in Albuquerque. Tyler said in this telegram that he had bought her a railroad ticket to Los Angeles but she got off the train here "on instructions from this man," referring to Kidd.

Mrs. Tyler was located by the under sheriff and Deputy Sheriff A. C. Hurtless Tuesday in the Palace hotel here, but they could not find Kidd. Mrs. Tyler and the boy departed Tuesday night at 1:30 o'clock on Santa Fe train No. 1 for Los Angeles. Deputy Sheriff Hurtless and station Master J. F. Sinclair watched her get on the train. They made no attempt to detain her, having decided with Under Sheriff Lewis that the circumstances did not warrant the detention of the woman. They had only her husband's telegram.

Sinclair said last night that the woman arrived here last week. Soon afterward she telegraphed to Kidd at Roy, he learned. He saw Kidd here Monday. That was when he appeared at the Santa Fe ticket office and asked for a refund on Mrs. Tyler's ticket, amounting to the fare from here to Los Angeles. He gave his name as Kidd at that time. That was the only time Kidd was seen here by an officer. He evidently left that night.

Mrs. Tyler went to the station early Tuesday evening. She was a small woman, neatly dressed, with brown eyes and brown hair, about 24 years old. She wore a red hat, as her husband's telegram said she would, instantly identifying her to the officers. She sat in the waiting room with the boy waiting for the train. The officers watched, thinking that Kidd might meet her there.

Lordsburg Pioneer Is Dead.

Silver City, N. M., Oct. 14.—Judge M. W. McGrath, Lordsburg pioneer and one of the leading democrats of Grant county, died Tuesday at his home there, following an operation for appendicitis performed a week ago. Judge McGrath was the father of Sheriff H. J. McGrath of Grant county and was 64 years old. He was a pioneer of the county and organized the first school system and served as the first school director of his home town. For twenty years he was justice of the peace at Lordsburg. He leaves a son, a widow survives. The funeral will be held at Lordsburg, taking place there tomorrow.

Governor Signs Requisition.

Santa Fe, Oct. 14.—Governor McDonald before leaving for his ranch at Carrizozo yesterday, where Mrs. McDonald expects to follow him, signed the requisition of Governor Hunt for Leandro Arce, Arce and Sefarino Baca, wanted at Flagstaff, Coconino county, on the complaint of F. W. Payne, on the charge of a check forgery. T. E. Pulliam, sheriff of Coconino county, returned to Albuquerque this afternoon to take the two men who had been arrested in Santa Fe by Deputy Sheriff Sefarino Baca, to Flagstaff.

Hernandez in Las Cruces.

Santa Fe, Oct. 14.—H. C. Hernandez spoke both in English and Spanish at the mass meeting held at Las Cruces on Monday night at which State Senator H. B. Holt presided and Isidoro Armijo was interpreter. R. E. McBride introduced the speaker and also made a vigorous address. On the platform besides those mentioned were: Will P. LaPoint, editor of the Las Cruces Citizen; Capt. J. C. Robinson; Jose Gonzalez, candidate for the house; Sheriff Jose R. Lucero and S. P. Parks. All reports from Dona Ana county indicate that the county will go democratic on November 3.

INTERMOUNTAIN CASES CONTROL RATE DECISION

Such Is Intimation of Interstate Commissioner Clements in Letter to Chairman M. S. Groves.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
Santa Fe, Oct. 14.—That the decision of the New Mexico rate case now pending before the Interstate Commerce commission will be largely controlled by the decision in the celebrated "Intermountain" cases, which are also before that body, is the intimation of Interstate Commissioner Judson C. Clements, in a letter to Chairman M. S. Groves, of the state corporation commission.

As to when the decision may be expected, Commissioner Clements does not attempt a prediction beyond a statement that it is confidently expected that all these matters will be adjusted "within a comparatively short time."

Mr. Clements' letter, which was written from Washington on October 9, is as follows:

"Hon. M. S. Groves, Chairman State Corporation Commission, Santa Fe, N. M.
My Dear Sir: In reply to your letter of the 5th instant and also your message by wire respecting the probable time within which this commission will promulgate a decision in the New Mexico rate cases to which you refer, I write to say that much consideration has been given to the record in these cases. As you know, rates from and into New Mexico in almost all directions are involved. New Mexico is within what is generally called the intermountain territory as outlined in the so-called intermountain rate cases determined by the supreme court at the close of its last term, which involve the adjustment of rates in that territory as related to the rates to Pacific coast terminals. As you are aware, in these cases the commission prescribed differing percentages from zones in the east as the measure of the greater distance which might be made to the intermountain points than to Pacific coast points. Following and in consequence of this decision of the supreme court, which was rendered considerably more than two years after the commission's decision of the matter, the carriers presented to the commission some propositions respecting the details of adjustment of these rates, and that matter is now being investigated by the commission with a view to an early determination. It seems manifestly proper that whatever is done in the New Mexico case about which you inquire in the adjustment of rates, especially in regard to the long-and-short-haul feature, should be done in the light of the ultimate adjustment of the intermountain rate situation covered by the supreme court's decision, in order that there may not be confusion and conflict in the general adjustment in this territory.

"It is our confident expectation that all of these matters can be adjusted within a comparatively short time, and there will be no delay in the disposition of the New Mexico case other than that which, as above indicated, may be essential in order to preserve consistency in our action in dealing with the two cases involving rates in the same territory.

"Yours very truly,
JUDSON C. CLEMENTS,
"Commissioner."

ALAMOGORDO OFFICE AGAIN GIVES TROUBLE

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
Santa Fe, Oct. 14.—The bitter post-office fight at Alamogordo has entered upon its second stage by the appointment of J. B. Hughes to succeed J. M. Hawkins who resigned two months ago to go to Oregon for a year. Protests have been filed with the postmaster general against the appointment of Hughes by the friends of C. W. Morgan, editor of the Alamogordo News, who was a candidate for the place. These protests will now be sent to the senate committee with a view of holding up and eventually defeating the nomination.

Hawkins has been postmaster for twelve years. He is a brother of Almon W. A. Hawkins of the El Paso & Southwestern and a former newspaper man, who has worked on the Los Angeles Times, the El Paso Herald, the Santa Fe New Mexican and the Alamogordo News.

Case Set for Friday.

Santa Fe, Oct. 14.—The next case to be tried since the petit jury was discharged will be that of L. C. Collins vs. The La Jura Land & Development Co., which is building a high line canal out of the Rio Grande above Velarde, Rio Arriba county. The case is set for Friday before District Judge E. C. Abbott.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutionally remedying the cause. Deafness is caused by the inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, it is swollen and the hearing is lost. It is entirely closed. Deafness is the result, and unless the inflammation can be taken out, and the tube restored to its normal condition, hearing will be destroyed forever. Deafness is not caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by catarrh, that cannot be cured by Dr. J. C. Cheney & Co., Toledo, O.

Quickest, Surest Cough Remedy is Home-Made

Quickly Prepared in a Few Minutes. Cheap but Unequaled

1458

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unaccountable. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2 1/2 ounces Pinex (50 cents worth) from any druggist, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 24 cents. Keep perfectly and lasts a pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of pure Norway pine extract, rich in glycerol, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat troubles.

Get the genuine. Ask your druggist for "2 1/2 ounces Pinex," and do not accept any cheap imitations. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., St. Wayne, Ind.

BRAVES GIVEN A BANQUET BY MAYOR CURLEY

Boston Players Get Checks for \$2,708.86 Each; Johnny Evers Has Earned \$40,000 in Six Months.

THE MORNING JOURNAL SPECIAL LEADER WIRE.
Boston, Oct. 14.—The Braves, world's smallest champions, as a result of the sensational series with the Philadelphia Athletics which closed here yesterday, were given a banquet and reception tonight by Mayor Curley. Praise for their achievement was sounded by various speakers and most acknowledgment was made by Manager George T. Stallings and several of the players.

After the banquet many of the Braves left immediately for their home cities. They were each given checks today for \$2,708.86 by a representative of the National commission, as their share in the world's series receipts. To most of them this meant about \$5,000 for their season's work. Captain Johnny Evers found the season a big one financially, his income the past six months having been more than \$40,000, including a bonus of \$25,000 for his signature to a contract, \$10,000 in salary, a \$5,000 bonus for finishing in first place, and his world's series receipts.

Won't Go to Peru.
The winter will be spent quietly by most of the men. Several vaudeville agents were at Fenway park today endeavoring to sign up some of the stars, but it is understood that some was successful.

"Rabbit" Maraville, who was on the stage last winter, may return this year.

Manager Stallings said tonight that the statement by Minister Ponce of Peru, made at a dinner here yesterday that the Braves would tour South America was a mistake. It was due, he thought, to the fact that some members of the Braves had asked to play with the New York Giants on a proposed trip there.

HANDFUL OF FANS GREET ATHLETICS ON RETURN HOME

Philadelphia, Oct. 14.—Only a handful of loyal fans were at the railway station to greet the former world's champions when the latter arrived today from Boston, where they had lost their title to the Braves. There was a long line of disappointed ticket holders, however, at the department store where the admissions for the game that would have been played had the Athletics succeeded in taking one game were redeemed.

More than \$44,000 was refunded by the club's management but many speculators had purchased tickets at a premium up until the fourth inning of Tuesday's game, somewhat decreasing the profits they had made on tickets for the games played.

Joseph Leslie Bush, who pitched on Monday for the Mackmen, was married shortly after his return to Miss Sylvia E. McMahon, of Jordanstown, N. J. Bush and his bride will leave for Chicago tomorrow where they will join other members of the Athletics team who are to tour with the All-Stars.

HOPPE'S LEAD OVERCOME BY MELBOURNE INMAN

THE MORNING JOURNAL SPECIAL LEADER WIRE.
Chicago, Oct. 14.—Melbourne Inman, champion of the world at English billiards, overcame the slight lead held by Willie Hoppe in their session at the English game tonight. Hoppe's grand total was 1,264 and Inman's 1,236, at the end of the afternoon session. During the afternoon session Hoppe was at his best for the English game, making high runs of 69 and 42. His high runs tonight were 37 and 30. Inman's grand total is 1,236. High runs 476, 180, Average 33.415. Hoppe's grand total is 1,264. High runs 22, 20, Average 30.1612.

YALE HAS STRONGER TEAM THIS YEAR THAN LAST; ITS BIGGEST PROBLEM NOW IS TO FIND THE RIGHT MEN FOR THREE PLACES

Chatfield-Taylor (left) and Pumpelly, who are showing up well in practice.

Yale's big gridiron problem this year seems to be to find the right men for the three important positions of quarterback and the two ends. In these positions the Blue's eastern rivals already seem to be well equipped. Yale is not.

There is no occasion, however, for the Elis to be greatly alarmed, as the team as a whole looks promising. From a spectacular point of view the game that is now being played at Yale is decidedly superior to any other form of football ever seen in New Haven. In the recent contest with Virginia the game was made up of double passes, forward passes, delayed passes, criss crosses, and runs and split line plays of every sort, kind and condition known to football coaches. It was a revelation to those who had no idea of what Coach Hinkley had been doing.

Two candidates for the Eli team this fall who have shown up particularly well in early practice games are Chatfield-Taylor and Pumpelly. Pumpelly was one of the stars of last year's eleven.

GERMAN AVIATOR DROPPED BOMB NEAR POINCARÉ

THE MORNING JOURNAL SPECIAL LEADER WIRE.
London, Oct. 14 (2:30 a. m.).—The Paris correspondent of the Exchange Telegraph company in a dispatch dated Wednesday, said:

"Now that the headquarters of the French staff has been changed, it has become possible to announce that when President Poincaré visited General Joffre last week at Compiègne, a German aviator dropped a bomb into the town, doing no damage."

The news of the approaching visit of President Poincaré had been communicated to the enemy by a spy. One of their best pilots was sent out with a bomb which he was ordered to drop on the quarters occupied by the president and General Joffre. A French aviator named Frantz immediately pursued and brought down the raider. Frantz was rewarded by M. Poincaré who placed the cross of the legion of honor on the aviator's breast.

ANTONIO LUCERO STUMPS COUNTY FOR DEMOCRATS

Secretary of State Antonio Lucero yesterday afternoon and last night addressed three largely attended meetings in Hermosillo county in behalf of the democratic ticket. At each meeting there was a large crowd who gave close attention to the speaker and frequently interrupted him with enthusiastic applause.

Mr. Lucero spoke in the afternoon at Rancho de Albuquerque and at night at San Jose and Pajarito. In each of his speeches he discussed the tax question and ridiculed the republican claim that democratic politics meant hard times.

William Kiehl and Rafael Garcia, democratic candidates for the legislature appeared on the platform with Secretary Lucero and were accorded a hearty reception on each occasion when they spoke.

FIRE PROTECTIVE SERVICE IS MORE EFFICIENT NOW

By Moving Into New Station Central Company Will Be Able to Increase Efficiency of Department.

The central fire company yesterday moved into its new home in the new city hall building, vacating the station next to the police headquarters, which it has occupied for years.

Part of the electric alarm system had been transferred before yesterday. The transfer was completed yesterday, the indicator being the last piece of mechanism to be moved. When the indicator was taken down at the old station it registered "late" on the wire and caused the engineer at the water pumping house to blow a fire alarm.

The firemen moved their sleeping quarters to the rooms above the new station. Three new beds were purchased as well as new bedding for the old beds. While some time will elapse before the new station is fully equipped as planned by City Engineer Channing and Chief Klein the fire department now will be more efficient than it has been up to the present.

Four Apartments in Floor.
There are four holes in the second floor of the new house for firemen to slide down. The department has only one brass pole, however, taken from the old station. Others are to be purchased. This will enable four firemen to reach the first floor simultaneously when an alarm is sounded instead of sliding down one at a time as they were forced to do at the old station.

A feature of the new house, insisted upon by Chief Klein, is the hose tower. This is at the back of the building and extends from the first floor above the roof of the building. This will enable the quick drying of hose used at fires and incidentally make a saving in the department's hose bill.

Lockers for the firemen have been placed in the new dormitory. They have several baths there also. The chief has a private sleeping room and will have an office in the city hall, on the second floor, when that part is completed. The firemen's work room will be in the basement of the hall, next to the jail.

Floor Is Inclined.

The floor is inclined so that the engine will roll to the street by its own weight when the blocks are removed from under the wheels.

GOOD RESULTS OF ADVERTISING ARE BEING FELT

Business Men of City Attest Value of Publicity Campaign Being Carried on by Commercial Club.

That the business men of Albuquerque are now beginning to realize in a substantial way from the national advertising that the Commercial club is carrying on is evidenced by the expressions that are being heard every day regarding the satisfactory condition of business in this city and the increase of activity in various lines. That the healthcheckers are coming to Albuquerque in good numbers and that their business is adding to the general prosperity, many business houses are willing to testify.

George C. Scheer, the furniture dealer, declares that his volume of sales during the week preceding the winter, November for the year, is a fine booster for the act of advertising the club is doing.

A well known real estate man recently stated that he could easily rent twenty-five furnished houses at the present time if he could supply his applicants with such places as they desire and demand. Three or four rooms, with sleeping porches, substantially furnished and with modern plumbing seems to cover these demands.

A representative of Strong Brothers declares that the number of strangers buying furniture at the present time is noticeably larger than at any other fall season in his experience. He points out that while his firm always depends upon healthcheckers and strangers for its greatest volume of business, its present sales demonstrate that Albuquerque must be getting the results it is looking for in its advertising campaign.

A grocery firm is among those adding a testimonial to the increase in business. This firm calls attention to the fact that it added to its accounts in one day the business of three families that had arrived the day before, families in which there are tuberculous members who have been induced to come to Albuquerque by the advertising.

Mr. Wiley, publicity expert for the club, declares that the same amount spent next year that is being expended now, will bring double the results now being secured for the reason that the effect of the advertising is largely cumulative for the first year, and because of the fact that every tubercular who comes here and does well will be the means of bringing one or two more to the city during the months to come.

MIGUEL CHAVEZ GETS OUT OF JAIL IN TIME TO SAVE HIS BOND

Miguel Chavez, of Los Padillas, who was given a jail sentence extending over the time he was to appear before Judge W. H. Pope of the United States district court at Santa Fe, secured his release yesterday morning by furnishing \$50 bond. This left Chavez at liberty to go to the capital to prevent the forfeiture of his bond for non-appearance in the federal court.

Chavez was sentenced to the county jail Tuesday by Justice W. W. McClellan on the charge of assault with words.

JUDGE JOHN B. BURG WINS WEED CASE IN JUDGE CRAIG'S COURT

That the city cannot compel property owners to cut weeds growing in the streets near their property was the significance of the dismissal of the Burg case yesterday morning by Police Judge Craig. Judge John B. Burg, of the probate court, was cited to appear before the judge by Sanitary Officer Tom Morrin and the judge elected to fight the case. At the hearing yesterday morning City Attorney T. S. Wilkinson upheld Judge Burg's contention that he could not be forced to cut weeds off his property and moved that the complaint be dismissed.

JUDGE'S RESIGNATION ENDS PROCEEDINGS

Washington, Oct. 14.—The report of the House Judiciary committee recommending no further proceedings in the charges against Associate Justice Wright of the District of Columbia supreme court, was filed today with the House. The report says Justice Wright's resignation, October 9, effective November 15, will separate him from the public service.

"Under the circumstances," the report says, "the committee does not deem it necessary to pursue the affair to a conclusion."

Resisted Dutch Interment.

London, Oct. 13 (3:15 a. m.).—The Daily News says that on Friday last, German soldiers entered Holland near Rosendaal. The officer in command refused to submit to internment and a fight ensued, a dozen Germans being killed or wounded.

ROBINSON AND LAMB NOMINATED FOR LEGISLATURE

Grant County Republicans Name Candidates for House at Adjourned Session of Convention.

SPECIAL DISPATCH TO MORNING JOURNAL.
Silver City, Oct. 14.—Meeting in adjourned session here today, the republican convention of Grant county nominated H. W. Lamb, a merchant of this city, and J. H. Robinson, a lawyer of Santa Rita, as the party's candidates for the lower house of the state legislature.

The nomination of Lamb and Robinson followed the declaration of H. H. Betts, of this city, and W. F. Ritter, of Lordsburg, to make the race, the latter two having been chosen by the special committee of five delegated by the convention in August to work for a bi-partisan ticket and failing in that to name two candidates whose choice would be ratified by the convention.

The republican nominees will be opposed by R. R. Ryan, a local lawyer, and T. W. Holland, a Gila farmer, who were nominated by the democrats. The progressives will not put out a ticket.

HUSBAND, CHARGED WITH NON-SUPPORT BY WIFE, ASKING DIVORCE

Mrs. Katie York charges her husband with non-support in a divorce complaint filed yesterday in the district court. Her husband is Edward York.

Mrs. York asks the court to award her the custody of Etta, her 5-year-old daughter, and to adjust alleged community property in this city upon which \$440 is paid and \$720 remains to be paid, according to her complaint. They were married November 18, 1907, at Salinas, Calif., and York has failed to support her since February 14, she says.

Judge Reynolds issued an order in the Catalano case directing the Santa Fe railway, garnishee in the action, to pay Mrs. Marie Catalano \$95 due V. G. Catalano, her former husband. The defendant confessed judgment in his answer.

The trial of the case of Matt Melusich against the Victor American company was continued.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Luster and Abundance.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of Wyeth's Sage and Sulphur Compound. Thousands of folks recommend this ready-to-use preparation, because it cures the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You must rub a portion of soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Why Not Publish It?
When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Fern, Ind., was troubled with belching, sour stomach and frequent nervousness. She writes: "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." YALE SQUAD'S BUSY; BUT HARVARD SEEMS TO HAVE EDGE ON ELI

Yale football squad practising on stadium; Captain Talbot.

These are busy days for the Yale football squad, and the men are practising by moonlight as well as during each afternoon. Coach Hinkley is confident of success this year, although Harvard ought to win

the eastern championship according to all the present available dope. Pumpelly, who did so much on the gridiron for old Eli last year, is showing great form this fall, as is Captain Talbot, Duryea, Robinson and Tommy Conino. The photo shows the candidates on the big stadium where the football supremacy will soon be fought for.

TERROR REIGNS OVER OSTEND AS GERMAN FORCES ARE CLOSING IN

People Are Fleeing Across Channel by Every Available Steamer; Fishermen Leave Port in Frail Boats.

AEROPLANE SAILS OVER DOOMED CITY

Women and Children Wait for Days on Cement Floors Hoping for Escape From Invaders.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Ostend, Oct. 15 (via London, 12:10 a. m.)—Ostend's fate hangs in the balance. The government has left King Albert and the main artillery quarters left Tuesday and sixty thousand panic-stricken people await the action of the Germans who are known to have a strong force within twenty miles of the city.

The inhabitants are fleeing as fast as ships can be provided to carry them to England. Hospitals were emptied today and the docks were lined with injured soldiers. Hundreds were carried on litters, while those less severely wounded huddled on canes and crutches, supported by Red Cross nurses, doctors, nuns and priests.

People Trying to Flee. The wounded were given preference on the transports provided for the beleaguered city while 25,000 struggling people were massed upon the docks and terminals attempting to find places on the refugee ships. A German Taube aeroplane flew over the harbor and struck terror to those below, many of whom had come here from Antwerp and who feared the airships might drop bombs on the docks and on the great glass sheds which covered the railway and steamer terminals. The Belgians guarding the dock opened fire on the airships and continued the fusillade for ten minutes. This created still greater consternation among the thousands of women and children, many of whom had not for three days on the cement floor of the great terminal sheds, their nerves at the breaking point.

Crowds Wait on Piers. Escape is put off from all sides by land and thousands still gathered miserably on the docks when the last ship left late this afternoon. No steamers leave Ostend at night because of danger from mines. Still the crowds wait on the piers, awaiting the dawn and more ships. Even the refugees who managed to find deck space on the crowded transports were not relieved of the terrible strain under which they have been laboring for the watchful Taube flew over the steamers, observing their movements as they sailed out of the harbor.

The aeroplane did not drop bombs, however, as one had on previous days when both civil and military hospitals were so narrowly missed by exploding shells, that the Belgians charged that the Germans were aiming at the hospitals.

City in Terror. Last night was one of terror to the residents of Ostend and the thousands of refugees fleeing before the German invasion. Wounded soldiers were brought here by the score from Ghent. It is reported that they were engaged Monday night in a serious battle with the Germans. The allies are said to have had a small force against a large German force and were obliged to withdraw toward the west. Consequently there is virtually no obstacle to the German advance on Ostend.

Firing in the direction of Ghent was heard plainly in Ostend on Monday and Tuesday. The terrified refugees who were at the siege of Antwerp blanched as they listened to the bombardment and increased the fear among the residents of Ostend by describing the horrors attending the fall of that fortress.

Claim for Escape. Most of the business houses in Ostend closed yesterday and professional men, merchants and hotelkeepers joined the throng that dared not leave the water front for fear of losing places in the ever growing line of men, women and children clamoring for a chance to escape.

All taxicabs and cab horses were taken by the army long ago so there was little means of transportation. The tram cars were commandeered by the hospitals and civilians had little chance to ride. The hotels near the quay which remained open were crowded with refugees who had money.

Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people naturally object to the drastic cathartic and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 661 Washington St., Monticello, ID.

and who begged for the opportunity to rent even a chair.

Germans Fail to Come. Tuesday night brought instant reports that the Germans would enter Ostend on Wednesday at dawn with the result that few persons in the city slept. Before dawn every street of Ostend was alive with Belgians making their way to the water front. Hundreds of fishermen took their families and friends away in their small boats, which sailed out of the shipping basin in a steady stream loaded down with frightened women and children carrying their personal effects wrapped in tablecloths and blankets.

The failure of the Germans to arrive at daybreak afforded only a slight relief to the anxious crowds. Rumors were current that the German cavalry was less than twenty miles away and the appearance of the Taube in the sky was taken as an indication that the Germans were perfecting their plan for entering the city.

City With No Government. Practically no government of any sort remains at Ostend; the departure of King Albert and military headquarters left the civil guard and policemen who are attempting to preserve order, but there is lack of direction as the burgomaster, head of the municipal government, has also left.

The crowds mass about the gangways of the vessels, making the work of unloading the refugees more difficult. Women and children are trampled in the stampede. Bundles of clothing, trunks and bags are stacked everywhere in confusion, preventing the free movement of the refugees.

Hold on to Bundles. "Women and children first," is the announcement the ship officers make in Flemish and French as the gangways are lowered. This rule has been enforced for several days but with the greatest effort; women cling to their husbands and other male relatives, defiantly blocking the gangways. All attempts to persuade the refugees to drop their bundles and hasten aboard the boats are unavailing. "It is all we have left," was the pitiful reply of an aged and infirm woman staggering under heavy baggage.

Bread Becomes Scarce. Ostend today is amazingly unlike the gay Atlantic City of Belgium, which formerly attracted most of the fashionable pleasure seekers of the world. The shanties are closed on the great beach facing the splendid bathing beach where rich and poor alike, residents of Ostend and refugees of all classes from the interior of Belgium, are huddled together. But there are cars which afford comparative comfort to many of the women and children whose only food for days has been bread and coffee provided by the committees which are attempting to keep down the hunger of the people in spite of the fact that all the ordinary activities have been suspended. Now even bread is becoming very scarce.

No Meals on Boats. The refugees on the boats to England are so crowded and hurried that they have little time to consider the question of meals and frequently they are unable to offer even a cold lunch to the refugees crowded into every available inch of deck space.

Marked attention is shown the wounded soldiers by the refugees who gathered about the litters on the docks and on ship board offering cigarettes, chocolate and other delicacies which the almost empty lunch baskets afford.

Many of the soldiers speak only Flemish while their nurses know only English or French and must rely on refugees who understand all three languages to make known the wants of the sufferers. Little children often bridge the language chasm and with rare sympathy assist the nurses.

Uniforms in Tatters. Belgian, English and French soldiers alike have endured such hardships during the recent campaign that the uniforms of the wounded soldiers are in tatters. This is especially true of the Belgians whose once bright red and blue uniforms are now faded and in shreds, as unkempt in appearance as their unshaven faces.

"My poor Belgian boys have such disreputable looking uniforms when they come to me," a Red Cross nurse remarked, "that I try to get some sort of civilian clothes to tone them up. Of course we cannot get new uniforms now, but the poor claps are disheartened enough by their injuries without having to huddle about in rags."

Belgians Need Rest. The same surgeon said that in his opinion the entire Belgian army should have six weeks' respite to recover from the shock of its constant service under unprecedented hardships. The American consul, Henry A. Johnston, has the affairs of the allies under his care and is on the docks day and night assisting his charges. Americans are not numerous at Ostend but a few have been coming in daily from Antwerp, Ghent and Brugge. The British consul left Ostend several days ago, the consuls reporting the other allies accompanying him.

Tuesday last night and today intensified the sufferings of the crowd which were shoved to the very end of the pier where they remained without shelter, in the hope of catching the next boat. Several persons were nearly smothered by the surging masses but all were rescued by the guards.

Dense Fogs Prevail. A dense fog last night cast further gloom over the dimly lighted piers lined with refugees trying to sleep. The fog guns were kept firing to warn fishing boats off the reefs. Every report startled the fugitives who were ready to believe that the expected raid of the Germans had begun.

A Red Cross doctor, assisted by a motor ambulance, and assisted by boy scouts, has been working without cessation on the docks caring for the sick and exhausted. Several children have broken their arms by falling over the scattering luggage. Constant calls are made for attendance upon women who faint through sheer exhaustion or fright. Frequently hysteria seizes some women and at once spreads, especially among the older women who believe that the arrival of the Germans would mean the end of themselves and their families.

Sing Folk Songs. Among the wounded Belgians were several good singers who relieved the strain of the situation Tuesday night

with folk songs, in which a great chorus joined. One young chap whose knee was badly wounded in a recent engagement proved an excellent yodler and amused the sleepless crowd which gathered about his litter, with tyrolean airs that called forth great applause, in marked contrast to the wails and moaning of the nerve-racked women.

FRISCO SYSTEM SHOWS ENORMOUS DEFICIT

(BY MORNING JOURNAL SPECIAL LEADER WIRE) St. Louis, Mo., Oct. 14.—A net deficit of \$2,828,142.28 is shown in the annual report of the St. Louis & San Francisco (Frisco) railway, for the year ending June 30, which was issued by the receivers at the railroad's headquarters here today. The report, however, shows a decrease of \$3,878,886.91 in the funded debt and equipment bonds and notes.

A further expenditure of \$1,024,354.22 for additions and the betterment of properties makes a total expenditure of \$4,903,241.13 on capital account during the year. The receivers have reduced the working liabilities \$5,632,555.48 during the year.

NOBLE RED MAN TOPIC OF MOHONK CONFERENCES

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Mohonk Lake, N. Y., Oct. 14.—Conditions among Indians in the United States today by speakers who addressed the Lake Mohonk conference at the thirty-second annual gathering. Governmental administration of the Indians, their land and liquor problems and other subjects were considered.

A. N. Frost, until recently for six years special assistant in Oklahoma to the United States attorney general, said in addressing the conference tonight that the government has brought nearly 20,000 suits to get aside deeds for land taken from Indians in that state and that of 1,000 already settled, three-fourths of the verdicts were in favor of the Indians. The Indian patrimony in the main is gone, he declared, and only vigorous measures can save from grafters what little remains.

Henry A. Larsen, chief special officer of the Indian service; F. H. Daker of the Indian office; and Rev. G. A. Watermiller, of Winnebago, Neb., urged the strongest measures to protect Indians from intoxicants, and especially from a baneful drug whose hold on the Indian, it is said, is heightened by certain religious rites.

RESERVE BOARD TO HANDLE BIG COTTON LOANS

(BY MORNING JOURNAL SPECIAL LEADER WIRE) New York, Oct. 14.—The raising of a \$150,000,000 fund by bankers and representatives of southern cotton planters to finance the country's cotton crop is virtually assured, it was announced here tonight, and the federal reserve board at Washington will be called upon to manage the fund and direct the loaning of it.

New York bankers at a conference with cotton planters' representatives here during the day agreed, it is stated, to furnish \$50,000,000 if the rest of the country would supply \$100,000,000 or more under conditions agreed to at the conference.

Festus J. Wade, president of the Mercantile National bank of St. Louis, and a member of the St. Louis Clearing House association, issued a statement tonight announcing the plan.

Mr. Wade said that "the task put upon the federal reserve board, however, was readily accepted by Secretary McAdoo, who recognized the gravity of the situation."

Mr. Wade set forth that a definite conclusion was reached today before the St. Louis bankers and the New York bankers. "By the action of the New York bankers," the statement says, "it may be safely assumed that the fund undoubtedly will be raised within the next few days."

"The difficulty encountered was to determine how the fund could be managed and money loaned at the least possible expense to the borrower," Mr. Wade's statement continues, "and after many conferences and telephonic communications between Washington and New York, it was finally concluded to turn over to the federal reserve board at Washington who would act as managers of the fund and direct the loaning of the fund."

NO AGREEMENT WITH BELGIUM, ENGLAND SAYS

British Embassy Issues Statement Contradicting Story Which Emanated From Germans in Antwerp.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Washington, Oct. 14.—Formal denial of the story made public in Berlin alleging that an agreement existed between Belgium and Great Britain prior to war was issued here tonight by the British embassy. The embassy says that it is merely a new version of a story that has been told in varying ways and denied at different times. The statement follows:

"The story of the alleged Anglo-Belgian agreement of 1908, published in the German press and based on documents said to have been found at Brussels, is only a fresh edition of a story which has been reproduced in various forms and denied on several occasions."

"No such agreement has ever existed as the Germans well know. General Grierson is dead and Colonel (now general) Barnardiston is commanding the British forces before Tientsin. In 1906 General Grierson was on the general staff at the war office and Colonel Barnardiston was military attaché at Brussels."

"In view of the solemn guarantee given by Great Britain to protect the neutrality of Belgium against violation from any side some academic discussions may, through the instrumentality of Colonel Barnardiston, have taken place between General Grierson and the Belgian military authorities as to what assistance the British army might be able to afford to Belgium should one of her neighbors violate that neutrality. Some notes with reference to the subject may exist in the archives of Brussels."

"It should be noted that the date mentioned, namely, 1906, was the year following that in which Germany had, as in 1914, adopted a threatening attitude towards France with regard to Morocco, and in view of the apprehensions existing of attack on France through Belgium it was natural that possible eventualities should be discussed."

"The impossibility of Belgium having been a party to any agreement of the nature indicated or to any desire for violation of Belgian neutrality is clearly shown by the reiterated declaration that she had made for many years past, that she would resist to the utmost any violation of her neutrality from whatever quarter and to the utmost form such violation might come. It is worthy of attention that these charges of aggressive designs on the part of other powers are made by Germany who, since 1906, has established an elaborate network of strategic railways leading from the Rhine to the Belgian frontier through a barren, thinly populated tract, deliberately constructed to permit of the sudden attack upon Belgium which was carried out two months ago."

HIGH CLASS BANDIT FAILS TO GET CASH

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Seattle, Wash., Oct. 14.—A well dressed man of middle age, walked into the Broadway State bank late today, threw down some gold pieces, and asked for a \$50 bill in exchange. Cashier C. B. Sandifer opened his cash drawer to get the bill, when the visitor leveled a pistol at his head and exclaimed:

"Move fast now. Give me a whole lot of that or I'll blow your head off."

Sandifer dropped behind the counter at the same time calling to two clerks in an adjoining cage. The robber turned without firing a shot and rushed to the curb, where he stepped into an expensive motor car driven by a chauffeur. The car dashed northward on Broadway at full speed. The machine and driver were captured later by the police, but the robber escaped.

BOY'S LOVE FOR SNAKE CHARMER LEADS TO MURDER

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Chicago, Oct. 14.—Clarence McCormick, a Missouri farmer boy, and Mrs. Ruth McCormick, a snake charmer, for love of whom McCormick shot and killed Irvin Melior, started back tonight to Ottumwa, Ia., to stand trial on murder charges.

Before leaving, McCormick, not yet 19 years old, born and raised in the little Missouri town of Lancaster, told how he had been inspired by the charms of Mrs. McCormick to join the street show with which she was connected. Melior, lured by the excitement of the traveling show and son of a wealthy farmer, had just become its owner and McCormick was to act as a Barker.

To get money to wed Mrs. McCormick, who was to get a divorce, McCormick shot and killed Melior, according to his confession to the police. McCormick and Mrs. McCormick then walked to Hedrick, Ia., stole a ride on a freight train to Monmouth, Ill., and then came to Chicago on a passenger train.

A letter to a boy friend from McCormick caused them to be traced here and they were arrested today just after they had spent the last of the money taken from Melior. In his signed confession, McCormick, exonerated Mrs. McCormick.

The two were in the back seat of Melior's automobile, October 6, a mile from Hedrick. "I fired four times," said McCormick, "but the bullets were so small they only stunned Melior. Then I beat him with a monkey wrench until he was dead."

BIGGEST CROPS IN HISTORY OF STATE GATHERED

Agricultural Products This Year Will Total More Than Twenty Million Dollars in Value.

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, Oct. 14.—The biggest crops in the history of New Mexico have been gathered. Their value exceeds \$20,000,000 or more than the production of all the mines and all the manufactures of the state taken together.

Official statistics of the department of agriculture and estimates show the crop this year is 2,750,000 bushels of wheat, 1,550,000 bushels of corn, 2,000,000 bushels of potatoes, 1,150,000 bushels of hay, 505,000 tons of apples, 920,000 bushels of barley, 85,000 bushels of beans, 135,000 bushels of sweet potatoes, 20,000 bushels of broom corn, 750,000 pounds of cotton, 2,000 bushels of flax, 2,000 bushels of alfalfa, 2,000 bushels of peas, 40,000 bushels of pears, 30,000 bushels of plums and prunes, 25,000 bushels of cherries, 10,000 bushels of apricots, 4,000 bushels of grapes, 750,000 pounds of strawberries, 50,000 quarts of other berries, 60,000 quarts of nuts, 275,000 pounds. This represents an increase of 68 per cent over the crops of five years ago. The garden truck and fruit raised in small gardens for home consumption are not included but in the aggregate amount to a large sum.

Livestock Figures. This is only one phase of agricultural activities. Livestock comes properly under that head. The department of agriculture reports that there are 197,000 horses in New Mexico, valued at \$10,325,000; 947,000 head of cattle, valued at \$30,000,000; 2,800,000 head of sheep, valued at more than \$10,000,000; 18,000 goats, valued at \$1,000,000; 10,000 goats, 14,000 colonies of bees, 1,250,000 head of poultry, 40,000 dairy cattle, which produced 8,000,000 gallons of milk; 1,750,000 pounds of butter, 100,000 pounds of cheese. The value of dairy products exceeded \$1,000,000. Three million dozens of eggs, valued at \$1,000,000; 600,000 pounds of honey and 8,000 pounds of wax were among the minor products of the year. The receipts from the sale of animals added \$15,000,000 to the \$20,000,000 produced by the crops and the \$2,000,000 from dairies, chickens, bees and by-products of farm and range, so that the total income from farm and range this year ran up to the enormous sum of \$40,000,000, or more than twice as much as the value of the product from mines and factories.

It is no wonder therefore that of the 121,497 persons in gainful occupations in New Mexico, 66,887 are employed on farms and only one-fourth as many in manufactures.

NEED THE WARNING

When the kidneys are weak they give unmistakable warning, but should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, slimy, smelly urine full of "uric acid," sediment and painful in passage. Stagnant kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only. There is no better recommended remedy.

Albuquerque people endorse Doan's Kidney Pills.

Mrs. J. E. Adair, 823 S. Fifth St., Albuquerque, N.M.: "I had pain below my shoulder blades. When I was on my feet or walking around, I didn't feel the trouble but the minute I sat down, the pain began. One box of Doan's Kidney Pills brought relief. I know that Doan's Kidney Pills are just as good as they are claimed to be. Occasionally when I feel in need of a kidney medicine, I take them and I always get quick results. I have used other kidney sufferers to try Doan's Kidney Pills and I continue to recommend them as highly as I did some years ago."

MOVEMENT FOR Y. M. C. A. TAKES DEFINITE FORM

Committee Meets in Office of M. E. Hickey and Maps Out Plan of Campaign; General Secretary Present.

At a meeting of the general committee of the Y. M. C. A. held yesterday morning in the office of M. E. Hickey in the Barnett building, which extended from half past nine in the morning until a quarter after twelve, and which was attended by General Secretary G. S. Billemeier, of the association, with headquarters in Denver, active and definite work looking to the erection of a modern Y. M. C. A. building in Albuquerque was put under way.

Practically the full membership of the general committee was present, only two absentees being noted, and all those present showed the vim and spirit in the work in hand that means only one thing and that is success. Secretary Billemeier worked the members of the committee up to a high pitch of enthusiasm by his remarks, and the advice that he gave as to the work of organization that lies ahead gave evidence of his skill and experience in work of this character.

Campaign Is Outlined. The campaign for the raising of funds for the erection of the Y. M. C. A. building was outlined as completely as was ever any campaign by one army against another. Every smallest detail was looked after and committees were appointed to take charge of the subdivisions of the work and to see that no stone is left unturned in the effort to make the most complete success possible of the movement.

The campaign will begin in deadly earnest on Sunday, November 8, when the pulpits of practically all of the churches in the city will be turned over to the Y. M. C. A. workers, and on Monday, the 9th, the work of fine-tooth-combing the town will begin. Twelve teams of business men, and twelve teams of young men, each with a captain and four men, are to be organized. These men are to do the active soliciting of the building fund. They will have the active co-operation of the executive committee at all times, and will meet each day during the campaign at a noonday luncheon, at headquarters to be established in the center of the business district, where an office force will be established.

Banquet but No Collection. On Monday night, November 9th, there will be a big booster banquet to help along the movement, but the committee wishes it distinctly understood that neither at this nor at any other public gathering in the interest of the movement will any collection be taken. That is not the Y. M. C. A. way. When you are invited out to a spread or a speech-making assurance is given that your pleasure will not be marred by an attempted "touch." Contributions will come through individual subscriptions solicited by the various working organizations interested in the movement.

Secretary Billemeier will remain in Albuquerque for two or three days. His duties will then call him elsewhere, but he will be back on November 14th and will stay on the job from that time until the campaign is completed and the victory won.

At the banquet to be held on November 9th, at least one and probably more out-of-town orators will be invited to address the banquet. This was decided at a meeting of the committee held yesterday afternoon, but the committee was not ready at this time to announce the names of the speakers who will be brought here.

Committees Appointed. The following committees were appointed yesterday by the general committee:

Young Men's Committee—E. D. Shick and J. F. Simms.

Committee on Listing of Names—G. A. Kaseman, chairman; A. F. Van Deine, J. E. Haggard, M. E. Hickey, H. E. Putney, J. B. Herndon, John Milne.

Committee on Publicity and Printing—H. G. Coors, R. E. Putney and H. H. Crews.

Committee on Headquarters—J. M. Doolittle and G. L. Brooks.

Banquet Committee—John Milne, C. O. Cushman, Reuben Perry, M. W. Flournoy and M. L. Fox.

Committee on Noonday Luncheon—A. H. Stroup, M. E. Hickey and J. M. Doolittle.

Committee on Meetings—Rev. C. O. Beckman, Rev. Hugh A. Cooper and Rev. Archie Toothaker.

Committee on Automobiles—Reuben Perry, W. S. Patterson and E. L. Gross.

Several of the committees met yesterday afternoon and last night and started in on the work for which they were appointed. There will be another meeting of the general committee this afternoon at 4 o'clock in the office of M. E. Hickey in the Barnett building.

DOWAGER EMPRESS RECEIVES AMERICANS

Petrograd, Oct. 14 (via London, Oct. 15, 4 a. m.)—The American Red Cross corps was entertained for a half hour today by the dowager empress who sent automobiles from the royal palace to convey the entire party of ardent and nurses.

The empress, adorned in black velvet and wearing a rope of pearls, received with the utmost democracy the American doctors clad in flannel shirts and khaki and the nurses in gray gingham dresses. She remained standing during the reception, chatting with each of her guests.

The dowager empress paid a compliment to their enthusiasm and said she felt honored that the Americans had come so far to render service to Russia.

ONLY SIXTEEN, GRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 2961 Tchoupitoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

—Miss ESTELLA MAQUIER, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

PHILIPPINE BILL PASSES HOUSE; VOTE 211 TO 59

Five Republicans and Four Progressives Stand With Solid Democratic Strength for Measure.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Washington, Oct. 14.—The Jones Philippine bill, which declares the purpose of the United States to recognize the independence of the islands "as soon as a stable government can be established there," passed the house late today by a vote of 211 to 59. It will not be considered in the senate at this session.

Five republicans—Representatives Cooper, Davis, Dillon, Griest and Rogers; four progressives—Representatives Faleoner, Chandler, Ripley and Thompson, of Illinois, and Representative Farr, progressive republican, voted with the solid democratic strength for the bill. Speaker Clark also had his vote recorded for the measure. Representative Bryan, of Washington, progressive, voted against it.

The bill declares the policy of the United States on recognition of the independence of the islands in the preamble and makes both branches of the Philippine legislature elective by the people, fixing terms of office of Philippine senators and the resident commissioner of the Philippines in congress at six years, while representatives shall serve three years.

The purpose of the measure is declared in the preamble to be to enlarge the self-government of the Philippines, to define the nature of the relation between the United States and the islands, to give qualified veto to the governor general and absolute veto power to the president of the United States over acts of the Philippine legislature.

An effort of the minority to engraft upon it provisions for woman suffrage and prohibition failed, as did an attempt to secure the neutralization of the islands by international agreement pending independence, as did proposals to alter the salary of the governor general fixed in the bill at \$18,000 a year.

HERNANDEZ SHOULD QUIT THE RACE.

As the campaign progresses it becomes plain that B. C. Hernandez, who never had any right to aspire to a seat in congress, should resign and, even at this late date, permit the republican state central committee to substitute some one else as a candidate to represent New Mexico.

The explanation of the report, made by the present traveling auditor of the differences between the taxes of Rio Arriba county marked "paid" and those actually paid, was far from satisfactory. The alleged resolution of the board of county commissioners, also allegedly passed at the request of Mr. Hernandez, for an examination of the affairs of the treasurer's office by the traveling auditor in order that settlement might be made, has had grave doubt cast upon its genuineness by the fact that no such request ever was transmitted to the governor or the traveling auditor. The examination of the books was ordered on request of Senator Thomas D. Burns of Rio Arriba county.

It has been strongly suggested that the records of the board meeting, together with the affidavit regarding it, were of a record made to order after the nomination of Mr. Hernandez. There may not be the slightest foundation for the suspicion. A statement from Senator Burns that he transmitted verbally the request of the board of county commissioners to the governor would clear that matter up. Until something of the sort is done many people will believe that Mr. Elly was made the victim of an imposture much graver than the failure of Mr. Hernandez to discharge the duties of his office in a proper manner.

The report of Mr. Safford, who as traveling auditor was somewhat noted for his leniency in dealing with officials of his own party, should also be explained. Where was the money collected by Mr. Hernandez and unaccounted for when Mr. Safford made his report to Governor Curry?

Let us again assume that Mr. Hernandez was perfectly honest—doubtless he was only careless—can any one doubt, in view of the records of the traveling auditor's office under two administrations, that he is utterly incompetent to fill a position like the high office of representative of New Mexico in congress?

The native people do not want one of their number elected to office whom they know to be unfitted to represent them with credit. Once upon a time a man named Martin was elected to congress from a certain Texas district. That has been more than twenty years ago. He was a rich man who knew nothing except how to make money in the cattle business. He achieved distinction as the most important man in congress. While he represented only one district—that of a cow country—he was a bad advertisement for the whole of Texas. It is needless to say that he was not returned.

In all sincerity, and with regret that it has to be written, the Journal is bound to state that it would be most unfortunate for New Mexico should Mr. Hernandez be elected. A native son who represented the intelligence and the unquestioned integrity of the native people as well as the Anglo-Americans would be of great advantage to this state. The Journal urged that one of the United States senators should be a Spanish-American. There were, and are now, a number of them in the state of equal ability with either of the senators elected. But the native members of the house and senate, at the behest of the party bosses, lined up for the senators elected.

The republican natives were too strong in their party affiliations to vote for Felix Martinez, a man of unquestioned ability and fitness, for United States senator. Now, however, because he is a native they are asking the democratic natives to forget their party and vote for Mr. Hernandez for congress, a man totally unfitted to represent the state with credit. Of course, the native democrats are not going to vote for him and the thinking ones of the republican party will not vote for him.

A MORAL ISSUE.

The fight against the candidacy of B. C. Hernandez has become a moral one. Men differ regarding the tariff and other recognized political issues. Those are matters of judgment. A moral issue is any event or policy or person that involves the conscience of the people. Whatever historians may write on the civil war, it was a moral issue to the people of the north because the institution of slavery was repugnant to their sense of justice and right.

The policies and the practices of the republican machine leaders in this state have made a moral issue here in which the men who are actually interested in the upbuilding of the state, the men, regardless of party, who want to see the rights of the people respected, must vote for the overthrow of that machine.

Not only was Mr. Hernandez the candidate of that machine, but he has shown his personal unwillingness to represent the people of New Mexico in the national congress. The stockyards district of Chicago has renominated Representative McDermott who resigned from congress because of exposures in connection with the Mulhall investigation. The committee did not find that Mr. McDermott had committed any crimes, but his conduct had branded him as a man unfitted for a seat among the national lawmakers. He had not been careful of his reputation.

In his farewell speech, Mr. McDermott said he was a rough man, unused to the ways of culture and refinement, and that he represented a constituency of uncultured people who did not pretend to fine distinctions between right and wrong.

He went home and appealed to those people to nominate and elect him again. They have nominated him. Probably they will elect him, if so, he will go to Washington as a man representing a constituency "unused to culture and refinement" and who do "not pretend to fine distinctions between right and wrong."

It is a moral issue in the stockyards, and the people who favor a man measuring up to the average standard are likely to be out-voted, thus advertising to the world the standard of a majority of the voters in the stockyards district.

Should Mr. Hernandez be elected, in view of the revelations of his gross carelessness in the discharge of the duties of the office of treasurer of Rio Arriba county, it will place the approval of the state upon careless and inefficient men in the discharge of public duty. It becomes a moral question, and is of far more importance to the future of this state than the tariff or any other economic question upon which parties differ. The election of Mr. Hernandez would be a violation of the profoundest convictions of those people of the state who put principle above party.

People have begun to wonder just what has become of the boasted French air fleet. It would seem that a little daring by an aviator might put a big Zeppelin out of commission without much trouble.

RUMANIA AND ITALY.

From Petrograd comes announcement by the Rumanian minister, evidently inspired, that his country has not decided yet regarding the question of attacking Austria. He frankly admits that Rumania wants Transylvania, now part of the Austria-Hungary empire, ceded to her, and intimates that when the time comes the weight of her army of 600,000 men may be cast in the balance in favor of Russia.

It is probable that Italy will also wait until such time as her services may be most appreciated before she makes the power of her army and navy felt. When the armies of the Austro-German alliance have attained their zenith, then it is likely that both Italy and her ally, Rumania, will strike. Those two countries could throw approximately 2,000,000 men into the field, 1,000,000 more men than could be possibly furnished at this time by Turkey and Bulgaria combined. Greece has announced that she will enter the war game whenever Turkey does. This would mean 500,000 more men for the alliance against Austria and Germany. It would end the war speedily.

It will be recalled that Rumania took no part in the Balkan war when Turkey was being attacked, exacting a slice of Bulgaria as the price of her neutrality, joining with Greece, Serbia and Montenegro against Bulgaria, after Turkey had been eliminated, to enforce the concessions. It also will be recalled that France, under Napoleon III, insisted upon a grant of territory by Prussia as compensation for neutrality during the war of Prussia with Austria. Of course it was refused, and the refusal was one of the causes of the Franco-Prussian war.

With such powers as Russia, Great Britain and France involved, it is safe to say that Italy and Rumania will have to earn whatever territory is granted to them by the conference of European nations for the settlement of peace terms after the fighting ends. Therefore, those countries will enter the war when their services are most needed by the allies.

The chief difference between the political hand and the other kind is that the political hand wears the mask over his hand instead of over his face.

CONGRATULATIONS IN ORDER.

Speaker R. L. Baca is to be congratulated. He escaped the snare spread for him by an unscrupulous

machine, bent upon his punishment. He offended beyond forgiveness when he refused to agree to the unseating of enough democrats and progressives to give the machine two-thirds in the lower house, as they got in the senate by the outrage against Romero of Sonora county.

The attempted prosecution of him was part of the infamous revenge planned by infamous men.

Also Judge Abbott is to be congratulated for disappointing the men who thought they could make a despicable use of his court.

Sections of New Mexico are improving.

They have worried Jefferson M. Levy until he has agreed to sell his million dollar property at Monticello, where Jefferson lived, for five hundred thousand dollars. It is now a case of put up or shut up.

The pope urges Francis Joseph to make the war short. Being new on the job, the pope hardly realizes that "Uncle Franz" has started something he cannot stop.

The Storytellers

A Fishy Forgery.

"The proof that war is wicked lies in the fact that all hands—kaiser, czar, King George and so forth—are trying busily to prove that each is not to blame, that each did everything in his power to avert this dreadful European conflagration."

The speaker was Dr. H. Rutherford James of Tonawanda, one of the

A man's luck is as hard as adamant if he is not in love with the work he does as with a maid he woos. It is a miserable thing to care for one's occupation merely because it shuts out the "thoughts that burn like lions if you think." Any trade or profession you could name is a poor affair if it is but a timekiller, a stop-gap, an opiate, the baldest of the druggists' life. You hear a man start his work with a faint tap at a clock stroke, and you hear him drop it with a loud thud at another clock stroke, and you know his soul and his brain are not alive in the thing that he is doing. AMERICA AND HOLLAND.

(Baltimore News.)

The favor of this country seems to be courted on all sides. The propaganda which is being carried on here is dangerous to our peace of mind and our spirit of fairness; not to our national peace. But it goes on elsewhere. There is a little country called Holland that is struggling mightily to preserve its neutrality, and to which war would spell ruin and perhaps obliteration. Yet for all the regret and horror of war that the great powers are daily expressing, each is spending its efforts in inciting that little country to hostility against the other. What sort of friendship is it that permits such things? The world is already half embroiled. Why should the other half be inundated with unsubstantiated accusations, half-truths, exaggerations that, if believed, must at the very least embitter its neutrality and may even lead it to conduct offense against its strict neutrality or tempt it to depart from an honestly impartial course?

AN APPEAL TO THE FARMERS.

(New York Tribune.)

Recognizing the fact that America must supply an extra large part of the world's foodstuffs next year, the International Harvester Company of America has begun a campaign to arouse the farmers of this country to their opportunity and duty. It urges every farmer to utilize every available acre and to increase the average yield of each acre. That is extremely good advice on two counts.

The first is the natural desire of all producers to have available a large supply of merchandise when there is an unusual demand. With Europe in chaos, no question exists about the demand and no question about the de-

heads of the Universal Peace Society.

He went on: "But all hands were more or less to blame for the war. He alone would have been innocent who favored universal disarmament and arbitration. None favored that, and hence their heads of the Universal Peace Society. They smelt like the forged excuse for absence that little Willie brought to the school teacher, signed by his mother."

"Teacher:—Please excuse Willie Brown's absence from school yesterday as I fell and tore my pants.—Mrs. Brown."

The Verdict.

George Ade, at the Chicago Athletic club, looked up with a yawn from a Nisch dispatch announcing another Austrian defeat.

"Austria began this war," he remarked. "And now, in her extremity, the world is saying to her: 'Serbia right!'"

All to the Good.

John Bernard Keating, the British consul to Portland, said at a luncheon: "No wonder the British put a smiling face on this war. The British are winning. They are winning all up and down the line."

"The British nation, in fact, is in the same position as the British merchant who, over a fish luncheon at Sweetings, gave a loud laugh and said: 'German merchants owe me \$7,000, and I never expect to see a penny of it.'"

"And yet you laugh! How brave!" exclaimed a silk dealer.

"Well, you see," said the other, "owe German merchants \$19,000, and they never expect to see a penny of it, either."

Business Spies in New York.

Near at home, we are told, a phase of the war which has not attracted general attention has proved a source of annoyance to American shippers and producers and has caused them to take precautions which under other conditions would not be considered necessary. There is ample evidence, in the minds of a number of business houses, that every large nation engaged in the great war has organized a system of espionage in New York City and other ports for the purpose of keeping the belligerent governments informed as to character and quality of materials bought for abroad, how they are shipped, what is their destination and other details which may be interesting.

Under cover, there is being bought in the United States thousands of tons of steel, thousands of tons of wire, cargoes of foodstuffs and other material, which may be absolute or conditional contraband destined for use either by the armies at war or by the peoples affected.

It is stated that the character of the stevedore on the docks has undergone a remarkable change during the past two months and that men who were formerly engaged in collecting evidence relating to divorce cases are now endeavoring to obtain data relating to shipments of everything from steel and iron to potatoes, dry goods and notions.

Business houses have been visited by individuals, more or less plausible, offering to sell, offering to buy, representing alleged news and trade papers, asking queer questions and all-

his sixth sense and his fourth dimension to bear on his concerning hand, but every bit of vital electricity in the storage batteries of his whole being. When he has done his level best, he is, as we ironically say, "played-out," and he is supposed to take a rest—which may assume the form of harder labor than ever in a whole different field of endeavor. In fact, the man who has formed the habit of work is never happy to be idle. It is no use to extend to him the prospect of a complete hiatus in the name of a vacation. The program of the null and void would assure him an acute uneasiness. There is a saying that nature abhors a vacuum—so does a real live man, the son of nature. Send an Edison to look in a Florida orange grove and he is restless as a lost soul, for his mind still twinkles with the flames of his laboratory in New Jersey. The old lost stars continue to shine for many a voyager who has left his familiar skies on the other side of the world. There is no glad discovery like that of the labor for which inclination, constitution and training as though in subtle conspiracy have fitted the laborer. It is to find the rising sun in one's existence where before it was dubious groping in the thick and chilling mistiness ere daybreak. Now there burns the warmth of a conviction. Fortunate are they who early in their years duty as a heaven-sent certainty their mission. They need not waste any time in failures, revisions and errata (though by these misadventures that broaden experience, a life becomes more valuable to its temporary owner). They mount upon the golden rounds of one happy assurance after another to a kind of heaven: they share the Olympian reflection before the average mortal has reached even a little way toward the morning out of his valley of decision. The greater, perhaps, is the joy of the latter in finding what it is his to do and to be, for the fact that the knowledge came to him deliberately and after the travail of the spirit.

irability of being able to fill it with profit. The second is the more humanitarian and altruistic consideration of ability to relieve, out of the overflowing storehouse of American farms, the suffering which Europe's shortage of grains and stock will inevitably produce. This has been a year of bounteous crops here. If careful planning and skillful working can do it, next year's crops should be even bigger, for there will be need for all that the best farming and the most propitious weather conditions can produce.

SOBER SECOND-THOUGHT TREATIES.

(St. Louis Republic.)

Treaties of peace and arbitration are valuable manifestations of public sentiment. They also help to create and deepen right sentiment. They are educational and they foster habits of thought and make for sobriety and moderation. The Bryan commission treaties are designed to insure delay and give reason and common sense a chance. If such treaties had been in force in Europe last July, and if Austria and Serbia, to begin with, had lived up to them and appointed a high joint commission of inquiry, the war might have been averted. The whole world knows that delay and opportunity for more discussion and moral pressure were devoutly wished for at that anxious time. Without cherishing illusions then the acceptance by so many powers of the Bryan treaties may be welcomed as a heartening sign. Such treaties will be part of civilized and democratic machinery of war prevention. Military cabals never can wait, peace-loving nations will give themselves ample time for reflection and sober second thought.

"AS GOES MAINE."

(New York Evening Mail.)

The Maine result demonstrates anew that the republican party cannot hope to regain public confidence to the extent of winning state elections so long as it remains, in policy and in leadership, under control of the men whose course in 1912 forced it to the most overwhelming and humiliating defeat that any national political party ever suffered.

The Maine verdict foreshadows the national verdict because its voters are outside the prejudices that affect people in large cities. They are accustomed to do their own thinking, and

Other revealing that the nations of Europe consider the United States a large factor among neutrals. Of course shippers are becoming extremely cautious. They do not care to expose their sales to possible seizure outside of the three-mile limit, at the same time they are extracting considerable amusement from the situation and are entirely neutral in their treatment of those suspected of being spies.

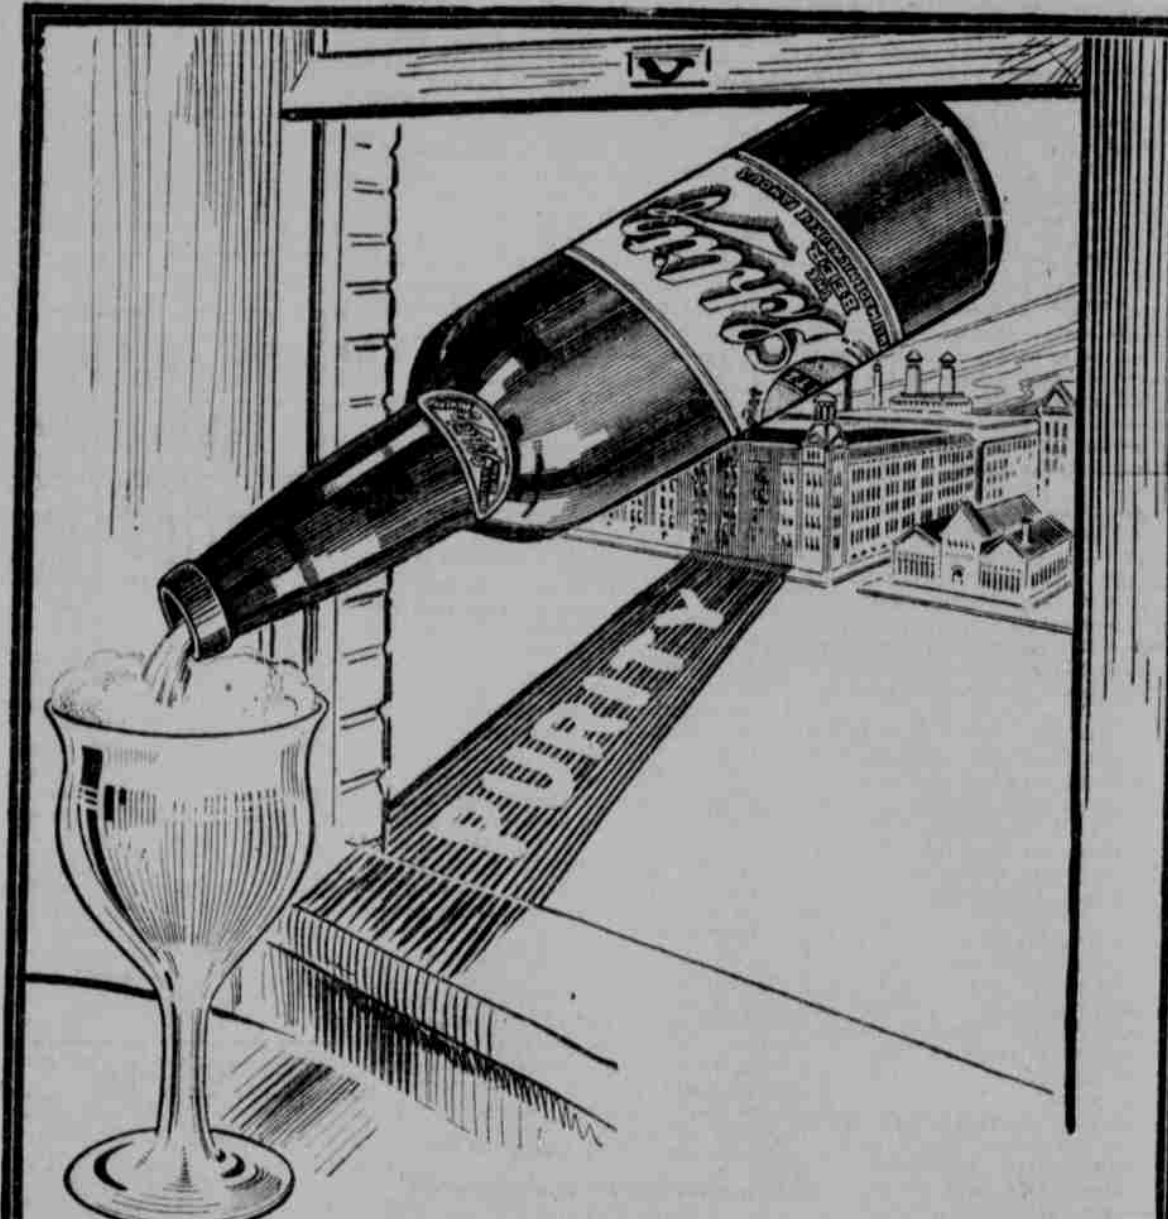

HOW TYRE FELL.

About half way between Beirut and Tyre we pass the ancient city of Sidon; but now we must press on to the city which for centuries was one of the world's chief nerve centers, Tyre, the "Joyous City," the "Crowning City," as Isaiah calls her, when at the height of her glory and power he denounced her iniquities and foretold her destruction. Her first great king was Hiram, the ally of Solomon, and his reputed tomb today lies but a few miles out of the city. From her busy wharves were shipped the cedar and fir wood for the building of the first temple in Jerusalem. Even before this Hiram had sent carpenters and masons to help David in building his palace. Afterwards came Nebuchadnezzar, and for thirteen long years he laid unavailing siege to the city, and was at last obliged to make a treaty of peace with her king. We pass over

CHEER IN PHILADELPHIA.

(Philadelphia Press.)

The financial situation in Philadelphia might almost be pronounced excellent. National banks in the city have reserves slightly above the legal requirements. Their customers are being accommodated at the legal rate of interest. Brokers have become accustomed to the situation and are not disturbed. Private investors are not showing any signs of worry, due no doubt to the fact that the local corporations have been paying dividends and interest without interruption on account of the European war. The sentiment here is so normal that the Philadelphia stock exchange might be reopened with confidence that business would be conducted as usual were it not for the apprehension that New York would hasten to sell in this market such stocks as Steel common.

WHEAT PRICES AGAIN ADVANCE; SUPPLY IS SHORT

Sharp Upturn in Liverpool and Sensational Drop in Receipts at Winnipeg Largely Responsible for Strength.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Chicago, Oct. 14.—Frothy activity and a revival of strength developed in wheat today largely because of higher prices at Liverpool and owing to a sensational drop in receipts at Winnipeg. The market closed strong at 1 1/2 to 2 1/2 above last night. Corn gained 1/8 to 1/4 net; oats, 1/4 to 3/8, and provisions, 1/2 to 5/8.

Wheat traders seemed to couple the Liverpool advance and the scantiness of Canadian supplies. Arrivals at Winnipeg were only 300 cars today, as against 1,295 cars a year ago, and only 100 cars in sight for tomorrow. Under such conditions, reports found ready acceptance that the stock of wheat in Canada was to a much greater extent than usual shown by the visible supply total, and that country elevators were correspondingly full. It also asserted that the circumstances were similar in the Dakotas and Minnesota.

Exporters led the wheat buying from the start and then activity was made more noticeable on account of bullish estimates of trans-Atlantic crops and decrease in the European visible supply. Reports that Portugal had declared war on Germany were also adverse to the bears.

No important setbacks took place and the close was virtually at the top figures of the day.

Corn ruled firm as a result of wet weather damage and of the bulge in wheat. Eastern cash demand was said to be the best in some time.

Big export sales helped to lift the oats market. On the upturn, however, holders took profits rather freely.

Provisions advanced sharply, influenced by an estimate thatlard stocks here would show a decrease for the first half of October at the rate of 2,000 hogs a day. Further reasons for strength were the high prices for grain and hogs.

Wheat—Dec., \$1.12 1/2; May, \$1.18 1/2.

Corn—Dec., 67 1/2; May, 70c.

Oats—Dec., 48 1/2; May, 51 1/2c.

Pork—Jan., \$19.02.

Lard—Nov., \$10.17; Jan., \$10.10.

Hides—Oct., \$11.05; Jan., \$9.00.

CURB MARKET IS REOPENED; TRADE IS IMPROVING

Money Loaned at New Low Rates and Inquiry for New York City Notes More Active; Cotton Depressed.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
New York, Oct. 14.—Wall street today recovered in a measure from depression caused by recent news from abroad. The committee which supervises the sales of United States bonds and stocks reported a diminution of offerings and a better demand for the new city notes and state issues. On the other hand prices in the unorganized market, which trades in listed stocks, manifested a sagging tendency.

A semblance of former activity in the district was imparted by the reopening of the curb market which dealt moderately in some of the low priced specialties. These included the shares of several industrial companies whose business has benefited by the war.

Foreign exchange took on a more definite basis in consequence of the formal organization of the \$100,000,000 gold pool.

Further small shipments of gold to Ottawa were announced and the movement to that point is expected to assume larger proportions in the next few days by which time the gold pool probably will have received the 25 per cent subscription asked for.

Sales of copper at a shade under recent low record prices were made and consumption of the metal now is estimated at about 60 per cent of normal. Incidentally this condition served to call attention to the meeting tomorrow of the Amalgamated copper directors.

Listlessness continued to feature the steel trade with the drift towards smaller operations and weakening of prices.

Almost the only development in the local money market was the new low figure of six per cent for mercantile paper. With continued ease and increased supply of cash, banks were laying more freely. There was virtually no market for time loans, due almost entirely to lack of borrowers.

PROF. EASTON-JENNER TO TALK ON MUSIC

A "talk" on music in the Central Avenue Methodist church Friday evening by Prof. Easton-Jenner promises to be one of the treat that music lovers cannot afford to miss. The subjects are "The Piano, and Its Possibilities," "The Voice, and How to Use It" and "Dramatic Art, and Its Necessity in Social and Business Life."

The subjects will be particularly interesting to parents and students. There will be piano and vocal selections, and Professor Jenner will read by request, "Zambango" by Susan Hart Dyer, and "The Death of Antony," by Lytle. He will be assisted at the piano by Mrs. B. S. Rodey, and in "the sleep walking scene" from Macbeth, by the Misses Marjorie Stowell and Lillian Williams.

A cordial invitation is extended to all music lovers to attend this practical "talk." There will be no charges made whatever. The audience is requested to be seated by 8:30 o'clock.

NEW OBSERVATION CARS ON SANTA FE LIMITED

Observation cars turned out of the Pullman company's shops recently for the Santa Fe, differ from the first of the steel cars put in use by the railway. The observation sections of these cars have exhaust fans similar to those used in theaters. In the new cars there is no unpleasant class transoms over the windows. Cars of this series are the Santa Fe, San Diego, Los Angeles and Fort Madison, all used on the California limited.

DEATHS AND FUNERALS

William A. Sesura, 1-year-old son of Mr. and Mrs. Joseph Sesura, died at 7:30 o'clock last night at the home of his parents north of the city. Typhoid fever was the cause of death. Funeral services will be held at 2:30 o'clock this afternoon at Fred Crollott's chapel. Burial will be in Santa Barbara cemetery.

Mrs. Isabel Armijo. Funeral services for Mrs. Isabel Armijo will be held at 10 o'clock this morning at Fred Crollott's chapel. Mrs. Armijo, who was 76 years old, died from pneumonia at her home in Duran Tuesday morning. She is survived by her husband and two children. Burial will be in Santa Barbara cemetery.

TAXES PROBABLY WILL BE HIGHER IN THIS COUNTY

This Will Be Certainly Unless County Makes Sweeping Reduction or School Board Makes Cut.

Bernalillo county's taxes probably will be higher this year. In fact, the only way a higher rate can be avoided is for the county commissioners to reduce their levy much lower than last year's or for them to induce the board of education to make a cut.

The levy for state purposes, as certified to County Clerk Walker, is two mills less than it was last year. The city's levy is the same. The board of education's levy is higher. While the county commissioners did not make their levy yesterday, it was said they would not exceed last year's and it might be less, despite the fact that they intend to raise more money this year than they did last for the county survey.

Total for City May Be 67.89. If the county levy is the same as it was last year the total levy for taxpayers in Albuquerque will be 67.89 mills. There is another condition to this, however, and it is the possibility of a change in the board of education's levy. Whether this is possible, of course, is not known to the commissioners. They have invited M. E. Hickey, president of the school board, to attend their meeting this morning and the matter will be considered then.

The city, state and school board levies are known. They are: City of Albuquerque 15.73 mills
State 11.06 mills
School board 21.00 mills
The county's not to exceed 20.10 mills.

The state's levy is 2 mills less, while the school board's is 1 mill more. The city's is just the same as it was last year. So to bring the rate for Albuquerque down to last year's the county's levy would have to be 5 mills lower. That was considered out of the question by officials.

City Council Makes Levy

The city made its levy yesterday afternoon at a hastily called special meeting of the council. It was not believed that the city would decide upon its levy for several days, but Mayor Boatright learned that this action was required at once. Councilman George G. Scheer, chairman of the finance committee, returned sooner than he was expected, so that committee and the aldermen were called together. They compiled their budget of expected expenses with the assistance of City Clerk Hughes and made the levy in a short time.

The city's total levy of 15.73 mills is divided among the following funds: General, 5.94; water, 5.94; park, 0.29; library, 0.58; city hall, 1.00; interest on 1901 "4's," 0.55; interest on 1899 "5's," .85; interest on 1899 "4's," 0.35; interest on sewer bonds, 2.41; interest on viaduct bonds, 0.29.

Will Provide for Survey

Mayor Boatright and City Clerk Hughes certified this levy to the commissioners in the afternoon. The county board had met in the morning to make its levy, but owing to the fact that the city had not reported and that the school board was not represented the commissioners had to meet again in the afternoon. Mr. Hickey was unable to be present yesterday afternoon, so the commissioners adjourned until this morning. They will meet at 10:30 o'clock.

While the county commissioners have fully determined to make provision for the continuance of the county survey in this year's taxes they are just as determined to keep the rate within the limit set last year. To accomplish both these purposes the income for some fund may have to suffer, but the commissioners are said to be willing to make that sacrifice. The discussion at their meeting left no inkling as to the size of the levy they contemplate for the survey.

ELECTION JUDGES WILL BE APPOINTED BY BOARD OCT. 21

The commissioners announced that they would appoint judges and clerks for the general election at a meeting to be held October 24. County Clerk Walker sent notices of this to the republican and democratic county chairmen.

Mr. Walker was instructed to advertise for bids for a new brick court house to be built near the court house. The new house is to hold at least a carload of coal. Mr. Walker has the plans and specifications in his office.

County Surveyor Pitt Ross wanted more money for work on the Atascadero. He was authorized to spend not more than \$150. He thought that sum would be sufficient. He was instructed to prepare plans and specifications for a breakwater on the west bank of the Rio Grande above the Alameda bridge to protect that structure.

MASONIC GRAND BODIES TO MEET HERE NEXT WEEK

Prominent Secret Order Men From All Over New Mexico to Attend Six Days' Gathering Beginning Monday.

The annual meeting of the Masonic grand bodies which is to be held here next week, beginning Monday morning at 10 o'clock, promises to bring together one of the largest gatherings of prominent Masons ever assembled in New Mexico.

The first three days of the week will be devoted to the sessions of the grand lodge of Masons, all meetings being held in Masonic temple, and a cordial invitation is extended to all Master Masons to be present. On Tuesday evening at 7:30 o'clock there will be an exemplification of degrees. The Scottish Rite club will give an entertainment in the temple immediately following the special meeting in Temple lodge on Tuesday at which Judge Richard H. Hanna, thirty-third degree, deputy of the supreme council for New Mexico, will deliver an address. Refreshments will be served.

The closing session of the grand lodge will take place on Wednesday, and Wednesday morning at 10 o'clock the Grand Chapter will hold its annual convocation. Thursday evening Rio Grande Chapter No. 4, and Pliny Chapter No. 3 will jointly entertain Masons and lady friends at the temple. The entertainment will begin at 8 o'clock, and there will be a reception, dancing and cards. Friday the Grand Commandery will hold its annual convocation, beginning at 10 o'clock.

Low Railroad Rates

The Santa Fe railroad has granted a rate of one and a fifth fare for the round trip to Albuquerque from all points in New Mexico and in Colorado from Trinidad and south and in Texas from El Paso, Canutillo and La Tuna, with dates of sale from October 16 to 22, inclusive, and final return limit, October 24.

The Denver & Rio Grande railroad will place in effect a through rate to Albuquerque, N. M., of one fare for the round trip, from all stations on the D. & R. G. in New Mexico, also from points in Colorado between Durango and Antonito, and from Alamosa to Antonito to Santa Fe, plus one and one-fifth fares from Santa Fe to Albuquerque, and will sell, on three days, from the various stations:

From Aztec and Farmington, October 15, 19 and 20.
From Durango, Colo., and stations to and including Cimarron, Colo., October 16, 19 and 21.
From Alamosa, Colo., and stations to and including Espanola, October 17, 19 and 21.

HOW FRENCH PEOPLE CURE STOMACH TROUBLE

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal trouble, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Stomach Remedy and can now be had at almost any drug store. It is now sold here by Butts, Inc., druggists.

Democratic State and County Candidates

ELECTION NOVEMBER 3, 1914

FOR U. S. HOUSE OF REPRESENTATIVES

HON. HARVEY B. FERGUSON

Since President Wilson has been president all the time of Congress has been devoted under his guidance as leader of the Democratic Party to National and International affairs. He has won the approval of the Nation and World. Mr. Ferguson has stood right by the President. Contrast with his stand the attitude of the two Republican Senators from our state. Whom do you wish to uphold?

FOR CORPORATION COMMISSIONER

HON. ADOLFO P. HILL

He was born and raised in New Mexico. He is qualified to fill the place and if elected will serve the whole people.

FOR MEMBERS OF THE STATE LEGISLATURE

GEORGE C. SCHEER

WILLIAM KIEKE

RAFAEL GARCIA

These men are representative citizens of the county of Bernalillo, taxpayers and more interested in the advancement of the community that they are in getting EXORBITANT HIGH SALARIES FOR COUNTY OFFICIALS WHO SPEND THEIR WHOLE TIME PLAYING POLITICS, INSTEAD OF RUNNING THEIR OFFICES. IT IS UP TO YOU, THE VOTERS, WHO PAY THE TAXES, TO PROTECT YOUR OWN INTERESTS BY VOTING THE STRAIGHT DEMOCRATIC TICKET.
