Albuquerque Citizen

VOLUME 16

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, FEBRUARY 28, 1902

NUMBER 83

BRILLIANT AFFAIR.

The MacArthur Reception and Ball.

The Major General and Party Royally Entertained.

Large Crowd of Citizens Present to Meet Military Officials.

GRAND TIME ENJOYED.

Brilliant and most satisfactory was the reception to General MacArthur at the Commercial club and the outpouring of Albuquerque citizens was large and the welcome hearty. The first regiment band was stationed in the ball room and played while the guests were assembling.

The hour fixed for the reception was 9 o'clock, but the guests commenced to assemble soon after 8. When the reception party took its place at 9, over 800 people were in the rooms.

Mayor O. N. Marron received the guests and presented them to Governor M. A. Otero, who in turn introduced them to General MacArthur. The others in the receiving line were Major Varnum and Captain Brown of General MacArthur's staff, Adjutant General W. H. Whiteman of Santa Fe, Colonel E. G. Austen of Las Vegas, Colonel E. W. Dolson and Colonel John Borradaile of this city, of the governor's staff. For over an hour the guests were presented to the general and no effort was made to rush them along.

The first received were the veterans of the civil war and members of the Woman's Relief Corps. About twenty-seven of the veterans turned out, and about a dozen of the members of the Woman's Relief Corps. While the presentations were being made, the first regiment band furnished the music.

A short dancing program was arranged and after the reception proper was over, it was commenced. For this Di Mauro's orchestra furnished the music. Dainty refreshments were served at midnight.

The affair was one of the most elaborate in the history of the Commercial club and many beautiful costumes were worn by the ladies. The officers of the governor's staff were in full uniform, but the officers of the army were not. Among the guests from out of town were Major Appel of Fort Bayard, Major Hardie, Adjutant O. W. Rethorst, Lieutenant C. R. Day and Lieutenant A. E. Lippincott of Fort Wingate; Major Van Doren, of Bluewater; Judge John R. McFie, of Santa Fe; Judge Daniel McMillan, of Socorro, and President F. M. Murphy, of the Santa Fe, Prescott & Phoenix railroad.

General MacArthur is greatly pleased by his cordial reception in Albuquerque. Regarding the new post, he said the board was practically unanimous in selecting Albuquerque on account of its natural advantages, its advantage as a strategic point and its climatic conditions. There is no chance for any other city to secure the post, and nothing but the action of congress can prevent it from being located here.

General MacArthur recommends that the same natural advantages be brought to the attention of congress that were presented to the army board and he is satisfied as to the result. He does not think his recommendation will have a great deal to do with the selection of a site, but the whole country will be platted by a contour map and the location will be selected by the engineers.

His Arizona trip was a revelation to General MacArthur and he was astonished at the progress of the territory. He is enthusiastic over the condition in which he found the posts in Arizona and New Mexico, and particularly by the work done by Major Appel in curing consumption at the Fort Bayard sanitarium. He believes the success there will cause the building of many sanitariums which will be conducted on similar lines.

Major Appel declares that by following the method in vogue at Bayard, consumption in the third stage can be cured. He has never so stated publicly before, but is satisfied now from the results at Bayard that it can be done. Dr. Appel does not claim that if the lungs are so far gone as to destroy their breathing power, a cure can be effected, but he says one can be made of the third or a heretofore believed to be hopeless stage.

This morning, at 10 o'clock, General MacArthur, Major Hardie, Major Marron and City Engineer Pitt Ross left the club and drove out to Camp Whitcomb, where they spent the day.

Two Men Killed.

Chicago, Feb. 28.—Two men were killed and three injured today by the falling of a turntable roof at the plant of the South Chicago Furnace company. The dead are Frank Russell and Michael Jackular.

Judge Reagan Ill.

Austin, Texas, Feb. 28.—Judge John H. Reagan, the only surviving member of the confederate cabinet, is ill with pneumonia. He is chairman of the Texas railroad commission.

No Vote Yet.

Des Moines, Iowa, Feb. 28.—The woman's suffrage amendment met defeat

in the house committee on woman's suffrage which decided to recommend it for indefinite postponement.

KILLED ALL THREE.

Prominent Man Jealous of Attention to His Wife.

Elgin, Ill., Feb. 28.—Benjamin F. Ellsworth, an influential man of Woodstock, and the owner of extensive machine shops, today shot and killed Amos Anderson, Mrs. Ellsworth and himself. Ellsworth was jealous of Anderson's attentions to Mrs. Ellsworth.

POLICE COURT NEWS.

Judge Crawford Applied the Harpoon to a Vag, a Drunk and a Bicycle Thief.

One vagrant, one drunk and one bicycle thief received sentences in Judge Crawford's court this morning.

Ralph Morton, vagrant, who hails from Chicago, was given the usual five days on the streets.

Old Chris Gonzales, a native whose name appears on the police docket quite frequently, was given five days for being drunk.

Juan Marquez, bicycle thief, was given sixty days in the county jail. Marquez stole a wheel about a month ago from F. G. Owen, a traveling photographer who spent a couple of months in Albuquerque, but is now in Las Vegas. Marquez is the man who Officer Martinez made a trip to Gallup for, but found him gone to California. Since then he was lost sight of until last night when he was picked up in a down town saloon. Marquez at first denied all knowledge of the stolen wheel, but later admitted that he stole the wheel while drunk. Stealing an ordinary bicycle is considered grand larceny, but as the defendant pleaded guilty the court let him off with a light sentence.

City Marshal McMillan reports that, though the month has been short, the police court receipts amount to \$390.

SANTA FE CENTRAL.

Officials and Capitalists are Now at Santa Fe.

ROAD WILL BE BUILT.

Senator W. H. Andrews, president of the Santa Fe Central Railway company, accompanied by Hon. Francis J. Torrance, Senator Arthur Kennedy, Lieutenant Governor Walter Lyon and son, E. Lyon, and R. L. McCance, assistant treasurer of the Santa Fe Central Railway company, all of Pittsburg, Pa., arrived at the capital city yesterday noon. The party will remain in Santa Fe for several days and will then take a trip over the proposed Santa Fe to Torrance on the Rock Island & El Paso railway, from where they will take the train to El Paso and thence to Albuquerque, from where the party will return to Santa Fe, to leave for Pittsburg, Pa., after a stay of about two weeks.

Hon. Francis J. Torrance is a well known Pennsylvania capitalist, a director in several banks and about twenty other corporations. He is worth at least \$5,000,000, and is at the head of many enterprises. He says that he had bought before leaving Pittsburg for Santa Fe, 14,000 tons of 70-pound rails from the Carnegie works, the order to be filled in the quickest possible time. He also placed with the American Locomotive works at Pittsburg orders for five 80-ton locomotives. At Chicago he bought a Sullivan diamond drill of the most modern pattern to be used in exploring for coal in the coal fields of the Santa Fe Central Railway company along its route. Two experts will be sent from Chicago to work the drills. A well boring outfit was also bought and wells will be drilled at points along the line commencing at Torrance at the junction of the Santa Fe Central and Rock Island railroads.

Mr. Torrance and Senator Andrews state positively that the line will be pushed to completion with the greatest possible speed all the way from Torrance to Santa Fe. Grading is to commence on Monday at Torrance and laborers are being engaged now for the purpose.

This evening, at Santa Fe, the citizens there will banquet the visiting railroad officials and capitalists from Pennsylvania, and the following toasts have been arranged for the banquet: "The City of Santa Fe." Mayor Amado Chavez; "Past, Present and Future Commercial Relations." Major R. J. Palen; "The Santa Fe Central, What It Means." Senator Arthur Kennedy; "Santa Fe Trade." S. G. Cartwright; "Santa Fe as a Health Resort." Hon. Arthur Seligman; "Railroad Connections." Thomas J. Helm; "The future of Santa Fe." J. Sparks; "Northern Santa Fe County." Frank Bond; "Southern Santa Fe County." Hon. W. H. Kennedy.

Card of Thanks.

To the many kind friends who so greatly aided us by their expressions of sympathy and by services rendered during the recent illness and death of our beloved son and brother, we wish to express our sincerest thanks and appreciation.

MRS. ISABEL HANNUM.

MRS. CARL E. STRONG.

MRS. J. E. HANNUM.

MR. J. E. HANNUM.

Joseph M. Grout Dead.

Springfield, Ill., Feb. 28.—Joseph M. Grout, one of the best known railroad attorneys in Illinois, died of paralysis. He was 46 years old.

EIGHTY KILLED.

Snow Slides at Telluride, Colorado.

Storms Raging All Over the Country.

Train in Georgia Plunged Through a Trestle.

HARRIMAN WILL INSPECT.

Telluride, Colo., Feb. 28.—Many men are reported dead beneath a snowslide which wrecked the Liberty Bell mine shaft house. The slide came down at 7:30 o'clock this morning, when there were between sixty and seventy men in the bunk house, which was carried down into the gulch below.

Fred Clemmon, boss of the boarding house, and Charles Hall, a well known miner, are among the killed. Eight bodies had been recovered up to 1 p. m. Men can be seen with glasses coming down the mountain trail bearing bodies. One of the worst storms ever known in the mountains has been raging for several days. Slides at Ophir and vicinity are expected.

Another snowslide occurred on Smuggler mountain this afternoon, burying about forty men who were engaged in rescuing the men buried in the first slide.

The following is a list of the dead whose bodies have been recovered: S. C. Clemmer, timekeeper at the Liberty Bell mine; John Marshall, Henry Bauer, S. C. Leuner, Charles L. Summerland, Gus Swanson, James Conly, Joseph Hennessey, and Harry Trowbridge. Charles Hall, who was reported killed, has been rescued alive. It is believed the loss of life in the first slide will not exceed forty.

SNOW, SLEET AND RAIN.

Silver City and Vicinity Visited by Fierce Gale.

Special to The Citizen. Silver City, N. M., Feb. 28.—The blow one of the fiercest gales in this section that has been known for many years all day yesterday and last night. With the wind came snow, sleet and rain. Considerable damage was done in this city to the telephone poles and several roofs. Reports of the damage done in the surrounding country have not been received, but it must have been great and stock undoubtedly suffered considerably by the storm, though the rain was badly needed.

STORM IS GENERAL.

Ice Gorge Near Pittsburg Broke and Formed Again.

Pittsburg, Feb. 28.—The great gorges in the Allegheny river are broken, and the ice is sweeping down on this city. Caught in the swiftly moving ice packs are the two steamboats, D. T. Watson and George Browdy, with a crew of four.

The ice gorged again at Montrose, a six-mile ferry, and at Sharpburg. At Montrose it is piled thirty feet high from shore to shore. The Freeport road is under two feet of water and all houses along the road are partly submerged. The lower sections of Verona and Cheswick are under water, and many houses are flooded.

STORM IS GENERAL.

Washington, Feb. 28.—A remarkable storm area has overspread the country with its center in this immediate section. The barometric pressure is less than any previous record. The precipitation is quite general, practically extending from the Atlantic to the Pacific. Torrential rains have fallen in Mississippi, Alabama, Georgia, and all South Atlantic states. Montgomery, Ala., reports 4.40 inches of rain in twenty-four hours and Atlanta 3.62 inches in the same time.

WATER IS EVERYWHERE.

Asheville, N. C., Feb. 28.—All railway traffic in the mountains is paralyzed as the result of last night's storm. The French Broad river is the highest ever known and all manufacturing plants on its banks are closed. Many houses in the lowlands are cut off by the water and the occupants were taken out in boats. Marshall, N. C., is flooded. In Asheville all street car traffic is suspended.

STEAMSHIP ASHORE.

Baltimore, Feb. 28.—A dispatch to the Maritime exchange from Cape Henry, Va., today, says the British steamship, Yeoman, from Galveston for Liverpool via Newport News, is ashore at the point of Cape Henry.

THROUGH A TRESTLE.

Wreck in Georgia in Which Four Were Killed.

Griffin, Ga., Feb. 28.—The south bound passenger train on the Colum-

bus branch of the Southern railway, went through the trestle into the creek at midnight near Zetella, Ga. The killed are: A. F. Metz, engineer; J. L. Hill, baggage master; Leo G. Murray, mail clerk and Isaac McDowell, fireman. Several passengers were injured but none fatally.

HARRIMAN STARTS.

Will inspect the Southern Pacific and Mexican Central Roads.

New York, Feb. 28.—E. H. Harriman started on a special train on a trip over the Southern Pacific railroad and Mexican Central, which he will thoroughly inspect. From New Orleans the train will be run over the Southern Pacific railroad to El Paso.

IRA F. HENRY.

Pardoned from the Penitentiary by Governor Otero.

Governor M. A. Otero, who attended the MacArthur reception and ball and returned to his official duties at Santa Fe this morning, confirmed the report that he had pardoned out of the penitentiary Ira F. Henry, and that the latter left the capital city immediately for Albuquerque. Upon examination by Dr. David Knapp, it was found that Henry was slowly losing his mind, and upon this report and petitions asking executive clemency, the young man, charged with a series of burglaries and infanticide, and upon some of the charges convicted, Governor Otero set him free. Mr. Henry will remain here a few days, after which, it is learned, he will return to his home in Topeka, Kansas, where his parents and other relatives reside. T. N. Wilkinson was the attorney for Henry, and he was untiring in his efforts for his client.

After Mining Rights.

Wilmington, Del., Feb. 28.—The Forwood Lead company, with a capital of \$1,000,000, to acquire mining rights in New Mexico and Arizona, filed articles of incorporation here today.

INSPECTING TODAY.

Major General MacArthur Investigated Whitcomb Springs.

FEW POST POINTERS.

This morning the military party with Mayor Marron and City Engineer Ross, left for Camp Whitcomb. In the first hack were Major General MacArthur, Major Varnum, Major Marron and City Engineer Ross. The second hack contained Major Hardie, Captain Brown, M. S. Otero and G. L. Brooks. Both hacks were drawn by four black horses each, and the party pulled out of the city at 10:45 a. m. The first stop was made at Camp Whitcomb, to investigate the water possibilities of that camp and vicinity. After looking over the surrounding sections and enjoying a lunch, the party drove back to the city, arriving late this afternoon.

This morning, J. D. Torlina, who was interested in a mesa canal scheme a few years ago, turned over to City Engineer Ross the maps and profiles of the canal company, and they were taken along on the trip to aid the party in the location of certain facts. It is understood that the major general, for water and sewerage purposes, likes the site along the Hell canyon road and located several miles southeast of this city, but for rifle practice his preference is the site near the C. C. Jones place in the vicinity of the S. Trimble mesa ranch.

The major general and party will continue north to Denver tomorrow morning. Major Appel, of the Fort Bayard sanitarium, returned south last night, while F. M. Murphy, the Arizona banker and railroad president, was a west bound traveler to his home at Prescott.

Adjutant General Whiteman and Col. E. G. Austen, of the governor's staff, left with Governor Otero for the north this morning, the former for Santa Fe and the latter for Las Vegas.

Major General MacArthur will be at the Commercial club for several hours tonight, where he would be pleased to see and make the acquaintance of any of our citizens who failed to meet him last night.

TWO SAD DEATHS.

"Mother Died Alone," Said a Son and Then Returned to California.

C. E. Capps, of Pittsburg, Ill., received a crushing blow in this city. Mr. Capps came west a year ago with his mother, who was in ill health and they went to Stockton, Cal. On Thursday he received a telegram announcing the dangerous sickness of his sister at Pittsburg and at once started for Illinois. At Gallup he received a telegram informing him of the death of his sister. He continued on his journey and when he reached here a messenger boy was awaiting him with a telegram, telling him of the death of his mother in California. He returned to California from here to bury his mother, saying: "There are friends who will bury my sister. The mother died alone."

The article of L. M. Crawford, published in The Citizen yesterday afternoon, does an injustice to his former partner, W. J. Zirhut. The latter states positively that Crawford's letter in several instances, especially where he makes the assertion that certain people had influenced the city council to put back the license or each and every performance to \$10. Crawford makes a poor and weak defense by trying to make his former partner, Mr. Zirhut, shoulder his shortcomings.

CENSURE ONLY.

Tillman and McLaurin are Spanked.

Prince Visited the Naval Academy.

Slight Hitch in Transfer of Panama Canal Concession.

BANK CALL ISSUED.

Washington, Feb. 28.—The senate committee on privileges and elections today agreed to report a resolution of censure in the cases of Senators Tillman and McLaurin. Three republicans, Pritchard, McComas and Beveridge, voted against it.

Mr. Burrows, of Michigan, presented the following resolution from the committee:

"That, it is the judgment of the senate that the senators from South Carolina, for their disorderly behavior and flagrant violation of the rules of the senate during the open session of the senate on the 22d of February, deserve the censure of the senate and they are hereby so censured for their breach of privileges and of the dignity of this body; and from and after the adoption of this resolution, the order adjudging them in contempt of the senate shall be no longer in force and effect."

The report of the committee said the offense of Tillman was much greater than McLaurin's. Mr. Bailey, of Texas, presented the report of the democrats agreeing to the resolution, but dissenting from the majority in that there was a difference of gravity of offense. The report of the three dissenting republicans favored the suspension of McLaurin for five days, and of Tillman for twenty days. The majority report was adopted.

Mr. Hoar presented an additional rule looking to the prevention of similar occurrences in the future, which was referred. The senate agreed to the conference report on the consuls bill, and took up the irrigation bill at 2 o'clock.

The house entered upon the consideration of private pension bills, and agreed to the conference report on the bill making the census office a permanent bureau. It now goes to the president for approval.

A SAILORS' DAY.

Prince Henry Inspects Annapolis in a Driving Rain.

Washington, Feb. 28.—Prince Henry and suite, with the president's delegates, left this morning for Annapolis. With the party was Secretary Long. Rain was falling in torrents as the train pulled out.

ALL IN THE RAIN.

Annapolis, Md., Feb. 28.—A deluging rain marred the visit of Prince Henry to the United States naval academy. Torrents of rain rushed through the streets and converted the parade ground at the academy into a bay; but the naval men and their brother officers in the German party, with all their military finery, went through the program arranged in their honor. The prince was driven to a canvas-covered stand and the cadets marched past in review. The visitors were then driven through the academy grounds.

ASSENT IS REQUIRED.

Columbia Must Agree to Transfer of Panama Concession.

Paris, Feb. 28.—At an extraordinary meeting of the shareholders of the New Panama Canal company today, the president read a message from the consul general from Columbia at Paris, setting forth that the company could not transfer its concession to another nation without first securing the assent of Columbia and modifying the stipulation in articles 21 and 22 of the agreement. The meeting adopted a resolution expressing approval of the attitude of the board of directors and deciding to postpone entering into any engagement.

Bank Call Issued.

Washington, Feb. 28.—The comptroller of the currency today issued a call for the condition of national banks at the close of business on February 25.

MRS. C. M. FORAKER.

The Surprise by Friends Who Called at Her Ranch Home.

Quite a number of ladies drove out to Mrs. Foraker's yesterday afternoon and gave her a genuine surprise, it being her birthday. They took with them well filled baskets of all the delicious edibles, which all good housewives know how to prepare, and a most delightful afternoon was spent. Mrs. Frank McKee, in behalf of the ladies, presented Mrs. Foraker with a very handsome gold linen gray lade, making an appropriate speech. Mrs. Foraker thanked them in her usual witty manner. Mr. Foraker was there to help in the entertainment and proved himself decidedly a lady's man in every sense of the word. Those who enjoyed the afternoon were: Mesdames

E. B. Quickel, Peter Scheck, D. A. Rankin, R. W. Hopkins, Gaskins, J. N. Sackett, L. A. Tessier, F. B. McKeehan, W. W. Strong, John Leeland, Harry Pickard, Frank Hall, S. Vann, W. H. Hahn, Frank McKee, and Misses Pickard and Strong.

R. J. TURNBULL.

A Reception Tendered Him at Odd Fellows' Hall.

One of the most genuine and hearty expressions of esteem ever known in Albuquerque was that last evening by the employees of the Albuquerque division of the Santa Fe Pacific for R. J. Turnbull, who recently retired as master mechanic, in the reception tendered him in Odd Fellows' hall. The lodge room was completely filled and every department of the road was well represented. The committee in charge of the affair represented every department of the road and was made up as follows:

For the shops: Messrs. Wincheck, Records, Stevens, Fraser, Buzzell, Broker, Isherwood, Stovell and Madden.

For the engineers: Messrs. Kramer, Fenner, Ballou and Shade.

For the firemen: Messrs. Morrison and Maynard.

An orchestra had been secured and an entertaining program of music and recitations was arranged.

The chief event of the evening was the presentation to Mr. Turnbull of a magnificent diamond ring and an elegant cut glass water service from the men of the shops, the engineers and firemen. The exceedingly neat presentation speech was made by Jack Fenner, a popular engineer, and Mr. Turnbull made a brief response. He placed the ring on his finger amid hearty applause.

Mr. Turnbull has not yet fixed the date of his departure from Albuquerque, but he will go to the Pacific coast for rest and recreation.

SMELTING PLANT.

A Plea for Such an Enterprise Here in Albuquerque.

AVOID THE TRUSTS.

The first thing to be done is a call for a convention of ore producers, miners, and companies that have ore to ship, dry silver and gold as well as argentiferous lead ores. They must be hospitably received, not in carnival fashion, but as friends who call on business for themselves as well as Albuquerque. Their sentiments and views will guide further proceedings. The convention should be a private, close affair in the beginning. Then select a committee to confer with the Santa Fe about rates to Albuquerque from Deming and from northern and western Arizona points to Albuquerque, and from intermediate points; about rates on ore and fuel into Albuquerque and of bullion or pig lead out. If the Santa Fe is willing to help herself and Albuquerque, and for that matter New Mexico as well as Arizona, the next thing in order will be the organization of a syndicate to start subscriptions throughout the territory and wherever influence can be brought to bear. At the same time a committee can be appointed to get data as to what amount of ore can be secured. With such data and bona fide subscriptions of not less than \$100,000, men experienced in the business and controlling outside capital can be induced to join. Ore shippers should be called upon to join the company and contracts be entered with them by which they are allowed the proportional trust price for their ore with the guarantee of a share of the profits of the smelter in proportion to the value of their shipment, to the total. The banks of Albuquerque will readily make advances on ore purchased and paid for, as is being done with the large concerns in Colorado.

We believe the trust is doing all of its business with its plants and the capital of the banks. The way it acts with the mines makes it probable that in fact the money lenders direct the operations of the trust. The old pioneers in the business, famous throughout the Rockies for their enterprise, ability and honesty, play but insignificant parts in the affairs of Mr. Trust. They get cash fortunes out of the trust, enjoy salaries as directors and superintendents of departments, but they have no commanding voice in the council today. The control of the stock is represented by the Guggenheimers and European capital and interests direct the business of American works. No former service nor ties of friendship are considered. The whole mining business, if it were not for gold mining, would soon become a condition of czar and serfs. That the Rocky mountain miners must unite to break that power becomes more evident from day to day. Let us follow the example of Leadville, which is fighting the trust, we hope, with as much success as perseverance.

High Wind at Las Cruces.

The sanitarium in course of construction near the Santa Fe railway depot at Las Cruces, N. M., a brick structure nearly ready for the roof, was blown down by the high wind on Thursday night, entailing a loss of many thousands of dollars.

Spain Disturbed Again.

Madrid, Feb. 28.—The mining regions are in a ferment of agitation. At Albuñon and Madrid the rioters set fire to the Octrol offices. There has been another outbreak at Barcelona.

paid monthly. 75 cent rates are less than
those of any other daily paper in the
territory.

The high wind here yesterday was
the last of a heavy storm at San
Francisco, which was very severe,
wrecking vessels in the bay.

The people of this city are so busily
engaged in pushing business enter-
prises that they are paying little at-
tention to the approaching municipal elec-
tion.

More than 25,000 calls have been in-
troduced into congress this session
and yet there is opposition to increas-
ing the salaries of the people's repre-
sentatives.

It is figured out that the United
States and Canada annually expend
\$15,000,000 on golf. If this be true,
there really must be something in it—
for dealers.

The effort to set apart 100,000 acres
for the buffaloes suggests that in a few
years congress will be asked to pro-
vide a reservation for the prairie dogs
and the cinder beetles.

The taking of lemon pie off the res-
taurant bills of fare, owing to the high
price of eggs, is really the most crush-
ing blow that railroad trainmen have
suffered since the Debs strike.

The people realize that the awful
predictions concerning the future of
the Philippines come from the same
gentlemen who forecast dire calamity
when we failed to adopt "16 to 1."

With the discovery of hundreds of
flowing oil wells all over the west, it is
natural to suppose that the price of oil
would be reduced in New Mexico, but
such is not the case. Oil in this terri-
tory is almost double the rates at El
Paso, and the Standard Oil company
keeps a solid grip on things.

The educational test introduced into
the constitution of Alabama, for the
disfranchisement of the negro vote is
proving to be a boomerang. Out of a
possible 200,000 white votes and of
140,000 who actually voted in 1900, 43-
000 have proved to be illiterate and
are excluded from the suffrage.

Charles Francis Adams, the histo-
rian, says that if General Lee had not
agreed that there should be no guer-
rilla warfare after the surrender at Ap-
pomattox, America would have been
confronted with conditions much
worse than those now obtaining in the
Philippines and in South Africa.

The Raton Range understands that
Governor Otero has notified every dis-
trict attorney in the territory to strict-
ly enforce the Sunday law. This law
does not apply alone to saloons, but to
all classes of business, and people who
disregard the Sunday closing law will
doubtless be called upon to pay the
penalty provided by the statute.

The Las Vegas Optic thinks that El
Paso is capturing the trade of Albu-
querque. The Optic certainly meant
to say the trade heretofore enjoyed by
Las Vegas. The Rock Island road has
absorbed all the business of eastern
New Mexico, which heretofore went
to Las Vegas. If the Meadow City
does not get a move upon itself and
build a railroad into the Taos valley
it will soon become a way station on
the Santa Fe road.

SOUND ARGUMENT.

The El Paso News says that Arizona
and New Mexico ship much iron and
copper, coal and lumber. Suppose the
copper combine, the steel trust, the
coal syndicate and the lumber monop-
olists, should conclude that the prod-
ucts of the territories were likely to in-
terfere with the monopolies. If the
trusts then had power enough to con-

trol congress there could be a tariff
law passed against products of the
territories, just as has been done with
the Philippines. To give the duties col-
lected to the territorial governments
would be giving very poor compensa-
tion to the mine owners and lumber
men driven out of business. The terri-
tories are not safe from injustice if
politics calls for discrimination. With
statehood, safety would be assured.

THE REGULAR ARMY.

The recommendation of the board of
army officers that a military post
should be established near this city,
and General MacArthur's presence in
the city to select the site, makes the
regular army an interesting subject to
the people of this city and territory.

The United States regular army has
been an efficient fighting force ever
since it was organized. It has had its
mishaps, of course, and at times its
officers have blundered, just as if they
were "raw volunteers," without train-
ing or experience. On the whole, how-
ever, it has been all that was needed
and expected. Gen. George A. For-
sythe, in his "Story of the Soldier,"
says that the regular army had its first
inception in the mind of George Wash-
ington, and that "it was owing to his
wise counsels, earnest recommenda-
tions and persistent urging that con-
gress eventually consented to the crea-
tion of an army that in its organiza-
tion represented the nation and was
controlled by the president." In 1788,
on a prospect of trouble with France,
the regular army aggregated 5,000
men, and was then reduced to 3,000. In
the war of 1812, with Great Britain, it
rose to nearly 30,000 and fell by con-
gressional enactment to 9,000. In the
war with Mexico it rose to 27,000, and
was gradually reduced to 10,000. In the
civil war it was increased to 32,000
men, and at the end of that war was
established on a peace basis of 55,000
men, being reduced later by congress
to 25,000. Since the war with Spain
the regular army has attained its most
formidable proportions. With a mini-
mum of about 64,000 men and a maxi-
mum of 100,000, all records have been
broken.

Having a very much larger regular
army than ever before, the govern-
ment has now determined to develop
it in a scientific way, and in accord-
ance with the best modern methods.
This is the purpose of the bill prepared
by the secretary of war and recently
introduced in the senate.

LACEY'S IRRIGATION BILL.

Representative John F. Lacey, of
Iowa, chairman of the house commit-
tee on public lands, has introduced a
bill for the creation of a national ir-
rigation district, as it may be termed,
for the purpose of an experiment in the
reclamation of the arid lands. Mr.
Lacey's bill proposes to authorize the
secretary of the interior to select a
tract of land not exceeding 1,000,000
acres, situated in two or more states,
or in a state and territory, or wholly
within a territory, and to set apart the
same as an "experimental national ir-
rigation district." His idea is to make
it an interstate or territorial proposi-
tion, as thereby a district could be
selected that a single state could not
possibly handle, because the land and
water would not be both within the
states controlling the work. Of course,
the land in a territory would be wholly
within control of the national govern-
ment, and that would make it a
national proposition. The secretary, hav-
ing selected the land and organized an
irrigation district, would be empow-
ered by the bill to use wide discretion
in his method of reclaiming land and
furnishing water supply. The land, un-
der the bill, would be opened to home-
stead settlers, and the secretary would
have the right, where the land is fruit
land, to reduce the size of the home-
stead under the ordinary 160-acre
limit.

FORT MARCY.

A dispatch from Washington says
that an effort is to be made to have
Fort Marcy at Santa Fe, N. M., turned
into a sanitarium for the army. Dele-
gate Rodey, of New Mexico, will ar-
range for congressional action in the
matter by introducing a bill providing
that funds shall be appropriated for
the repair of the buildings of the fort
and that it be immediately fitted up as
a modern post of recuperation for in-
valid soldiers returning from the Phil-
ippines and from other points of army
service.

Delegate Rodey, in supporting his
bill will set forth the ideal climate of
New Mexico and the favorable loca-
tion of this fort. It is situated within
the city of Santa Fe, in fact one corner
of the grounds around the fort touches
the town plaza, or central square. The
buildings are of blue adobe and of
proper nature for this region. Fort
Marcy has not been used for six or
eight years. It was built during the
times of the early settlers in New Mex-
ico and has been of considerable ser-
vice to the army until recently.

MISSING MAIN POINT.

Recently Manager Crawford, of To-
peka, was given a "roast" in this paper
for the way he conducted the theat-
rical business in this territory. The
veteran show promoter replied in yester-
day's Citizen, but he overlooked the
main point of grievance on the

part of the people of this city against
him. He lays all his troubles in this
city to the raising of the license on
shows, but this is not what the people
objected to. Mr. Crawford quit busi-
ness in this city and did not pay his
debts. He was well served by both his
local managers, and took in all the
cash and left his bills to take care of
themselves. As a show manager Mr.
Crawford is a success in holding in
his own clutch the receipts of the box
office, leaving creditors in the lurch.

MAY VISIT THE FAIR.

Last evening a committee of gentle-
men invited General MacArthur and
Governor Otero to visit the territorial
fair to be held in this city next fall,
accompanied by their staffs and reg-
imental bands, to be the guests of the
city. The distinguished gentlemen
stated that they would be glad to do
so, if their official duties at the time
permitted.

Judge Tuley, of Chicago, who was
recently attacked through the news-
papers by John Alexander Dowie, the
Zionist, for the former's decision in a
case against the latter, was a resident
of Albuquerque in 1852 and practiced
law in the old town. He was a mem-
ber of the territorial legislature in
those early days, representing this
county.

Bilious Colic.

H. Seever, a carpenter and builder of
Kenton, Tenn., when suffering intense-
ly from an attack of bilious colic, sent
to a near by drug store for something
to relieve him. The druggist sent him
a bottle of Chamberlain's Colic, Chol-
era and Diarrhoea Remedy, three doses
of which effected a permanent cure.
This is the only remedy that can be
depended upon in the most severe
cases of colic and cholera morbus.
Most druggists know this and recom-
mend it when such a medicine is
called for. For sale by all druggists.

Millions Put to Work.

The wonderful activity of the new
century is shown by an enormous de-
mand for the world's best workers—
Dr. King's New Life Pills. For con-
stipation, sick headache, biliousness,
or any trouble of stomach, liver or
kidneys they're unrivaled. Only 25c
at all druggists.

REVENUE FOR THE MESCALEROS.

Grazing is to be permitted on their
reservation in Otero County.
The secretary of the interior recent-
ly issued an order to permit the graz-
ing of cattle and sheep on the Mesca-
lero Apache Indian reservation. The
system of issuing permits for that pur-
pose will be inaugurated on April 1
and will bring in \$15,000 a year to the
Indians. This will render them inde-
pendent of government aid.

Acker's Blood Elixir positively cures

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

Dorothy, youngest daughter of Mr. and Mrs. W. H. Goebel, is recovering from convulsions and delirium, caused by blows upon her head on last Sunday inflicted by some large boys while her parents and Gordon were away.

Mrs. Celestino Ortiz received the sad news of the death of her mother, Mrs. Vincent Cissell, in her 76th year, at Perryville, Mo. Mass for the deceased mother was celebrated at the cathedral by Vicar General A. Fourche.

Leopoldo, aged 4 years and 10 months, son of Mr. and Mrs. Luis E. Alarid, died at San Pedro in this county. The remains were brought to Santa Fe. The funeral was held from Guadalupe church and interment was made in Rosario cemetery. The funeral was largely attended.

Morgan Llewellyn, son of Major W. H. H. Llewellyn, arrived and is a guest at the sanitarium. He has not yet received his commission as surveyor general of New Mexico, but expects to receive it in the course of a few days. Mr. Llewellyn is a young man of prepossessing appearance and engaging presence and is bound to add a host to the many friends he already possesses in the capital.

Rev. W. A. Cooper returned from Espanola. He reports that diphtheria is making frightful ravages in the country around Espanola and has asked the board of county commissioners of Rio Arriba county to purchase antitoxin for use in the settlements afflicted. The matter has been referred to District Attorney E. C. Abbott for an opinion who will return this evening from a business trip to Trinidad, Colo.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, cures the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Bucklen's Arnica Salve.

The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruptions. It cures or no pay. 25c at all druggists.

LAS VEGAS.

From the Record.

Mrs. B. F. McGuire is confined to her bed with an attack of tonsillitis. William Retz and daughter left for Terre Haute, Ind.

Chris Sellman and Fidel Ortiz have returned from their trip to Mora.

Juan Varela, brother of Gregorio Varela, is in the city from Glorieta, on a few days' visit.

The Agua Pura ice harvesters, who were recently discharged for this year, were paid off today.

While hunting down on the river Milton Burns killed a wild cat which he brought back to the city.

Henry G. Coors and wife have transferred to Mrs. Mary Truder and her husband lots 13 and 14 in block No. 2 of the T. Romero addition. Consideration, \$1,200.

Mrs. H. N. Sweezy, who has been quite ill for several days past, is reported somewhat better today. Appendicitis was her trouble, instead of pneumonia, as was at first reported.

Mr. and Mrs. John Waters are the happy parents of a bouncing baby boy, born at Raton, N. M., on February 21. Mr. and Mrs. Waters, before going to Raton, were residents of Las Vegas.

J. N. Furlong, while walking on Eighth street near the Methodist church, fell from the sidewalk spraining his hip and sustaining a very painful injury. He was able to be about this afternoon with the aid of a cane.

Mrs. Jerry Heaps was found in the alley in the rear of W. B. Bunker's residence, on National street, going around on her knees and carrying on in an insane manner. Policeman Curtwright was summoned to the scene and he brought Mrs. Heaps to the city jail, where she remained over night. It was shown that Mrs. Heaps is afflicted with attacks of this nature occasionally, and she was liberated.

From the Optic.

The La Cueva Ranch company will send to Albuquerque five cars of fat cattle the last of this week.

William Bloomfield, carpenter, is laid off on account of a bad left hand. He ran a splinter in the palm and had to have it lanced.

Mrs. R. J. Hamilton, who last fall fell on a defective sidewalk on National street, is very poorly. It is feared that blood poisoning has set in.

Las Vegas is to have an abundance of fresh ranch eggs. D. J. Osborne is about to establish a large henry here. May the Lord bless him and may his birds multiply and replenish. Mr. Osborne is the gentleman, who, two weeks ago, purchased the H. W. Greene residence. He has resided here for two years, having come here from Ohio. Yesterday he arranged to purchase twenty acres on Hot Springs boulevard from Trinidad Romero, Sr. He sent an order to eastern poultry raisers for 2,000 hens, chiefly Plymouth Rocks. His idea will be to fill a long felt want in supplying Las Vegas and the contiguous territory with fresh eggs. He deserves the fervent prayers of all good people. If ever Las Vegas had a need, it is for a good quality of the fruit of the hen.

ROSOWELL.

From the Register.

C. C. Martin returned from his old home in Massachusetts, where he was called by the illness of his father, some three weeks ago.

Cyrus J. Leland, son of Mr. Howard Leland, register of the land office here, left for El Paso to enter the commercial school in that city. Cy is a popular young man and will miss by the young people especially, as well as the land.

son's horse he had ridden to the Methodist Episcopal church Sunday evening and rode it off. The next day the horse returned home, but the bride, saddle and blanket were gone. Carson considers that he is out at least \$30 on the outfit.

Judge H. M. Perryman, a prominent lawyer of Greenville, Texas, was here last Sunday and Monday for the first time. George M. Slaughter showed him the alfalfa farms and fine cattle and he was completely carried away w.—what he saw. He told Mr. Slaughter he thought he would have to come here to live.

Senator Hanna's oldest daughter, Mabel, is to be married soon to Harry A. Parsons. The groom to be is the son of Charles A. Parsons, of Cleveland, Ohio, who is a brother of Mrs. Mary Parsons Cobean, of Roswell. The young man has been Senator Hanna's private secretary for two years and is 27 years old. He is an artist and he and Miss Hanna were playmates in childhood.

The ladies of the Home Missionary society of the Methodist Episcopal church at their annual election of officers elected the following officers: Mrs. J. F. Porter, president; Mrs. Samuel Brown, vice president; Mrs. E. F. Goodson, second vice president; Mrs. J. T. French, third vice president; Mrs. K. G. Stacy, secretary; Mrs. C. H. Remington, corresponding secretary; Mrs. Mary P. Cobean, treasurer; Mrs. P. Sutherland, agent "Our Home"; Mrs. J. T. French, delegate to district conference; Mrs. Dave Howell, chairman committee on strangers; Mrs. Ranco, chairman committee on sick; Mrs. P. Sutherland, chairman committee on food and garments; Mrs. C. J. Franks, leaflets; Mrs. Marion Brooks, librarian.

From the Record.

B. W. Earp and R. W. Allen started overland to Portales, where they will open a new stock of groceries, doing business under the firm name of Earp & Allen.

Miss Easley, a niece of Mrs. John Shaw, was an arrival from Santa Fe. She will spend some time visiting at Mr. Shaw's beautiful home.

On Friday evening last as George Goetz, son of A. E. Goetz, was riding home from town, his horse took fright and dashed into a wire fence, inflicting a cash over five inches in length in the leg of the rider. The lad was taken back to town and Drs. Kinsinger and Bradley stopped the flow of blood and dressed the wound. On Saturday morning the sufferer was well enough to be removed to his own home in the country.

Messrs. Fitzgerald and Clayton had the misfortune to lose about sixty or seventy tons of alfalfa hay by fire last Friday. The hay was a part of the crop on the Fitzgerald ranch, three miles east of town, where the fire occurred. It had been kept insured all summer and winter, until only a week or two ago, when the insurance expired, and as the owners were then bailing it for sale it was thought needless to have it renewed. About thirty tons of baled hay was saved.

AUTHOR AND PHYSICIAN.

Writes Interesting Tale.

The author of "Under Palmetto and Pine," "Norma Trist," "Four Years on Wheels," etc., Dr. J. W. Carhart, of La Grange, Texas, in addition to his literary efforts is a hard working physician in general practice.

He writes interestingly of how his freedom from heart trouble was gained by leaving off coffee and using Postum in its place. "I drank coffee for many years; nervous trouble involving disturbance of the heart's action resulted."

On coming to Texas I fell into the habit of drinking coffee after hard, cold rides in my practice or when in camp or on the trail. My heart trouble soon became exceedingly aggravating, resulting in frequent attacks of what was pronounced angina pectoris, a severe agonizing pain over the heart extending to the back and sometimes down the left arm.

In some of these attacks but for the timely administration of morphine injected hypodermically I could have survived but a short time.

At different times I abandoned the use of coffee, believing it the cause of my troubles, and invariably improved, but as I had nothing satisfactory to take its place in the way of a beverage I returned to its use.

The literature of Postum Cereal Coffee came to my notice and I resolved to try it. The directions for preparations were strictly followed and I found it an agreeable, appetizing, invigorating table beverage. I continued its use in my family for the past year and a half or two years, during which time I have never had an attack of my old heart trouble, am capable now, at the age of 67 years, and do as much professional and literary work as at any period of my life. I can endure physical exercise without weariness, but with zest and relish, and have gained in weight from 134 pounds to 165 pounds.

The doctor further refers to the wide spread prevalence of heart trouble from the use of coffee and tobacco, and speaks of the advantage gained by patients when they leave off coffee and take Postum.

It must also be added that the poison of the coffee does not affect the heart in some patients but shows its work in the stomach and bowels with one, perhaps in the eyes with another, and kidneys with another, and general nervous prostration with another.

It is never possible to tell just where the result of the poisoned nerve centers will show forth. There is but one way to surely cure such cases and that is by insisting upon leaving off coffee and using Postum in its place. Postum contains the elements for rebuilding the nerve cells and brain. Albumen is furnished in a variety of foods but albumen cannot be made into the soft, gray matter of the brain and nerve cells except by the action of phosphate of potash upon it and the system will not always take up the crude phosphate of potash, whereas, it can be depended upon to take up the delicate particles of that element when presented as nature presents it in Food. It is in both Postum Coffee and Grape-Nuts.

DO NOT SUFFER

any longer from stomach, liver and bowel complaints, when Hostetter's Stomach Bitters will cure you. Get a bottle today and be convinced. It will bring health to every sufferer. Try it for dyspepsia, indigestion, constipation, nervousness or insomnia, and you will not be disappointed. The genuine must have our private stamp over the neck of the bottle.

HOSTETTER'S STOMACH BITTERS

ARMY CAMELS.

The Experiment Was Tried in Texas Thirty Years Ago.

CAVALRYMEN OBJECTED.

The United States army once attempted to raise camels in the state of Texas for use as pack animals but the experiment was interrupted by the war of the rebellion and nothing came of it, says a correspondent writing to the El Paso Herald from San Antonio, Texas. A correspondent was recently informed of the matter by an old timer and proceeded to investigate it. One or two early settlers remember hearing something of the experiment, but none could give any details or positively confirm the story until the correspondent saw Captain Thomas Little, late of the regular army, of San Antonio, who, when questioned on the matter, produced a book with leaves yellowed with age entitled, "History of the United States Cavalry," by Albert G. Brackett, Major First United States Cavalry, published by Harper & Brothers, New York City, 1865, although written in 1863. This book makes reference to the attempt to use these animals in the service of the army in Texas prior to the war and is the only authority which your correspondent could find that refers to the matter. The writer was evidently well posted on the subject, however, and he writes as if the experiment was then still fresh in the minds of his readers and needed no lengthy treatment. He refers to the experiment as follows:

"It may be well to mention that the camels which are purchased by the government were sent to Camp Verde, in Texas, where they were for a time in charge of a cavalry company. At that place they increased in numbers very considerably, a portion having been sent across to California with Mr. Beale. There is no doubt about the fact that they will do well in this country, though our people as yet do not understand loading and packing them; but, as we gain knowledge upon this subject, we may yet render these animals in American very useful. The rebellion has retarded progress in many ways, and at its close, if there are any camels left, they might yet be successfully experimented with."

"The few times they were sent out on the sterile plains of western Texas they did well and those who had them in charge spoke highly of their capacity. The Bedouins of the desert have many absurd ideas about them, which it will do well for us to discard if we intend to make use of them here. They are not very handsome animals, and I do not think cavalry men would readily take a liking to them. The deserts of America exhibit nearly the same features as the well known desert districts of the Nile valley, and we may yet see a dromedary corps fitted out for that region, though the time appears now to be far distant."

SPRINGER.

From the Stockman.

Mrs. James Blackwell and children came up from Albuquerque where they have been visiting several days since discontinuing the hotel business at Blossburg, and left in the afternoon for their home at Elizabethtown.

There is no diphtheria in Springer, while east of us thirty to forty miles, there are a number of cases and a number have died. People from that section who are not free from it will most likely be put under quarantine if they come within the limits of any of the towns on the railroad.

Miss Virginia Martinez, aged 15 years, daughter of Mr. and Mrs. Francisco Martinez, living in the northern part of the city, died at the home of her parents, of consumption, after an illness of several months. This is the third daughter within one and a half years that has died of that dreadful disease.

Parties here this week have been looking the ground over with a view of boring for oil a few miles southeast of Springer. It is said the indications of oil are splendid and its existence has been known for a number of years in this vicinity. We could obtain no further particulars.

H. C. Abbott, of Floresheim & Abbott, Thursday received a large well drill from St. Louis. Mr. Abbott says he is going to bore three wells and expects to go down about 500 feet with each to reach good quality and plenty of water. He says they have some high land that is very rich and if water can be got to it, it can be made very profitable agricultural lands.

This week Charles Springer sold to Narciso and Emilio Valdez 14,000 acres of land, C. Olona, 564 acres, Mrs. Jacquot, 1,600 and M. M. Salazar, 480 acres, all lying south of the line of the present Valdez tract and extending to the south line of the Maxwell land grant. The Valdez boys also traded several tracts with Mr. Springer lying west of here for other land in the same vicinity. The deal had been pending for some time. The land is considered among the best grazing and agricultural lands in the county.

Desperadoes Captured by Rangers. A special dispatch to Denver News from Tucson, Ariz., under date of February 26, says:

Report that Bart Alvord and Bravo Juan have been captured in the Sierra Madre mountains of Sonora has been confirmed. Sheriff Del Lewis, of Cochise, and Sheriff Tom Turner, of Santa Cruz county, have gone into the interior country, where the bandits were captured, and will bring them back to Tombstone, where they will be tried for train robbery. The scene of the capture is in the heart of Sierra Madre

on what is known as Aros river. Capture was made by rangers, who have been looking out for these desperadoes for many months. The capture was a surprise to Alvord and Bravo Juan, who have defied the Arizona rangers and Mexican rurales for over a year. Repeated attempts have been made to capture them. They got away when the posse started for the border after them. The scene of the capture of the noted outlaws is 200 miles from telegraphic communication, and it will be several days before the officers will arrive from the interior with the prisoners.

Leg Broken By a Cow. Samuel Sproule, or the Sugarite, while working with a cow Tuesday afternoon, had the misfortune to let the animal fall on him in such a manner as to break his leg near the knee. Mr. Sproule has been away for some time for his health, only lately returning, and this accident falls hard on him.—Raton Gazette.

The Last Heard Of It. "My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

Office Chief Quartermaster, Denver, Colo., Feb. 28, 1902. Sealed proposals in triplicate will be received here until 11 a. m., March 21, 1902, for transportation of Military Supplies, Routes Nos. 1, 2, 3, 4, 5, 6, 7, and 8 and for drayage at Denver, Colo., during the fiscal year commencing July 1, 1902. U. S. reserves right to accept or reject any or all proposals. Information furnished on application. Envelopes containing proposals should be marked: "Proposals for Transportation on Route No. —," addressed J. W. Pope, Chief Q. M.

MISS IDA McCUNE. Teacher of voice and piano. Studio at Library building. Parties desiring to arrange for instructions please call from 2 p. m. to 4:30 p. m., Tuesdays and Thursdays.

Mrs. Albright, the Artist. Is again in her studio, 113 North Third street. Parties who wish fine work in artistic photography, should call and leave their orders for the new carbon photo, the latest in photographic art.

Hair Falls

It doesn't take much of Ayer's Hair Vigor to stop falling of the hair. This is because it is a regular hair-food, feeding and nourishing the hair and making it grow thick and heavy. It always restores color to gray hair—all the dark, rich color.

"I have used your Hair Vigor, off and on, for 30 years. I am now over 60 years of age, have a good head of hair and not a single gray hair." Mrs. L. Wilbur, Wayland, N. Y.

We are sole agents for Wheeler &
Wilson sewing machines.—Albert Fa-
ber, 305 Railroad Avenue.

LOCAL PARAGRAPHS.

Alfred Grunfeld is in Las Vegas on
business today.

Attorney W. B. Childers went to
Santa Fe this morning.

Dr. W. S. Wittwer and wife, of Los
Lunas, are visiting and shopping in the
city today.

H. D. Becker, the Isleta general mer-
chant and trader, is in the city today
on business.

The season of Lent will continue
until Easter, March 30, a period of
forty-four days.

Passenger train No. 2, which arrived
from the west this morning, was covered
with a mantle of snow.

R. B. Thomas, who was here on a
visit of a few days with his family,
returned to Cerrillos this morning.

Orders for printing by mail receive
the same attention at The Citizen of-
fice that they do when brought in per-
son.

Ed E. Ford, representing Swafford
Bros. Dry Goods company, of Kansas
City, Mo., is in the city today with his
samples.

Charles W. Allen, business manager
of the Optic, who was down south on
business, passed up the road for Las
Vegas this morning.

Deputy United States Marshal R. E.
Leatherman returned last night from
Santa Fe, where he has been serving
jury venire for Santa Fe county.

Mrs. J. T. Jacobson, wife of the ef-
ficient manager of the Harvey house at
Winslow, returned home last night af-
ter a pleasant visit with friends in the
city.

J. E. Saint went to Santa Fe this
morning, so as to be present at the
reception to be tendered Santa Fe
Central officials, which will occur there
tonight.

The funeral services of Miss Mollie
H. Fontaine, of Indianapolis, Ind., were
held at 2:30 this afternoon at her
boarding place on South High street.
Interment was made at Fairview ceme-
tery.

There will be a meeting of the Span-
ish American War Veterans this evening
at the store of Col. John Borradaile.
All those who signed the appli-
cation for charter and other ex-volun-
teers are urged to attend.

Last night Deputy United States
Marshal George Kaseman rode his bi-
cycle up in front of the E. L. Washburn
clothing store and went upstairs to do
some work in the telephone office. Mr.
Kaseman returned in about an hour
and his wheel had disappeared.

Last night, some barn thief called at
the residence of Isaac Cox, on East
Railroad Avenue, and stole the harness
belonging to Brockmeier & Cox, how-
ever leaving the collar. The collar is
now on exhibition at the firm's store
on Gold Avenue, where the thief is in-
vited to call and get it.

Forrest McKinley and wife came in
from the Mogollon country this morn-
ing and will remain here a few days.
For the past few months Forrest was
located at Mogollon as the assayer for
the Last Chance mine, but the mine
has closed down and he is now think-
ing seriously of returning to his old
job, that of special agent for the gen-
eral land office.

Edward Soltz returned this morning
from Magdalena, where he went to at-
tend a meeting of sheep men of that
district, which is being held for the
purpose of petitioning the government
to grant permission to the sheep men
of renting the forest reserves for the
grazing of their flocks. Among the
prominent sheep men present at the
meeting, which is still in session, are
Hon. Solomon Luna, of Los Lunas,
and Hon. Frank A. Hubbell, of this
city.

The plans for the new Santa Fe rail-
road museum are finished and it is up
to the company when the construction
will begin. The building will be of
Spanish architecture, as are all the
other new Santa Fe buildings. It will
be 40x122 feet, and located between
the depot and the south wing of the
new hotel. It will be one story high
and the west wall of the arcade will
form the east wall of the building.
The arches of the arcade will serve as
show windows.

THE MAZE.

WM. KIEKE, Prop.

Uncle Josh Spruceby.

A charming comedy drama, earload
of special scenery and mechanical ef-
fects, two big bands, grand operatic
orchestra, and many new and novel
specialties, a strong company of act-
ing people, with the "Uncle Josh
Spruceby" company, will no doubt
draw a large crowd during the engage-
ment at Colombo hall, on March 6. In
these days when the public is flooded
with "farce comedies" with no plot, it
is a relief to witness a play of this
character. Its purely homely humor
and rustic pastoral scenes give the
theater goers a rest from the "fast and
furious" kind of show, and for those
that like sensation the play has realis-
tic scenes and startling climaxes that
will surely give the necessary "shivers."

Go to the Union market for good
meat. Dressed and live poultry, fresh
vegetables and eggs. 207 West Gold
avenue.

A fine lot of poultry just received at
the Union market, 207 West Gold ave-
nue.

Deming has an abundance of water
for irrigating vineyards, orchards, or
gardens.

Orders taken for every known make
of stoves and ranges. Albuquerque
Hardware company.

Deming! Don't overlook it if you
are looking for a sale and paying in-
vestment.

Something That Will Do You Good.

We know of no way in which we can
be of more service to our readers than to
tell them of something that will be
of real good to them. For this reason
we want to acquaint them with what
we consider one of the very best reme-
dies on the market for coughs, colds,
and that alarming complaint, croup.
We refer to Chamberlain's Cough Rem-
edy. We have used it with such good
results in our family so long that it
has become a household necessity. By
its prompt use we haven't any doubt
but that it has time and again prevent-
ed a croup. The testimony is given upon
our own experience, and we suggest
that our readers, especially those who
have small children, always keep it in
their homes as a safeguard against
croup.—Camden (S. C.) Messenger.
For sale by all druggists.

For Stomach Troubles.

"I have taken a great many different
medicines for stomach trouble and
constipation," says Mrs. S. Geiger, of
Dunkerton, Iowa, "but never had as
good results from any from Cham-
berlain's Stomach & Liver Tablets."
For sale by all druggists.

THE THIRST FOR GOLD.

Prospectors Are Getting Ready to
Rush Into the Navajo Indian
Reservation.Prospectors for gold are said to be
hovering around the borders of the
great Navajo Indian reservation, south
of the San Juan river in northwestern
New Mexico. There have been rumors
from time to time of the discovery of
rich gold on the reservation. Stories
unconfirmed, vague, and often wild
and foolish in their extravagance, but
they have served to draw to the bor-
ders of the reservation a number of
prospectors who cannot get away from
the fascinating stories. The country
has heretofore been jealously guarded
against prospectors by the Indians
and in the minds of many there are
still fresh memories of the days some
years ago when daring white miners
were killed by the Navajos for daring
to invade their domain.Delegate Rodey has introduced a
bill in congress to open the Navajo res-
ervation to mineral entry.

NOT SUFFICIENT EVIDENCE.

The Case Against the Postmaster at
Pecos City is Dismissed.The case against Postmaster Atan-
acio Robal, of Pecos City, and his as-
sistant, Santiago Bustamante, for be-
ing short in their funds, was dismissed by
United States Commissioner John
P. Victory, at Santa Fe, he deeming
the evidence secured by Postoffice In-
spector C. L. Tolan not sufficient to
hold the accused men for the grand
jury. A. B. Renahan was attorney for
the defendants and W. C. Reid repre-
sented the United States.

Railroad Topics

A. F. Hilton, general storekeeper of the Santa Fe, is on a tour of inspection along the line.

Roadmaster Dan Elliott, up the country, was called to his home in Vermont on account of his mother falling and breaking one of her hips.

There is a scarcity of engineers on the New Mexico lines of the Santa Fe, and engineers are arriving almost daily from the Kansas divisions.

Mrs. C. M. Taylor and children, family of the well-known railroad, will pass through the city in a few days from La Junta, en route to Los Angeles, Cal.

Many of the eastern newspapers have given extended notice to the big decapods which were recently built at the Schenectady works for service on the coast division.

William Reaves has resigned his position of switching in the Las Vegas yards, and will leave soon for Pueblo, where he will take his former position in the train service.

Wabash earnings for the last ten days in January were \$534,645, an increase of \$27,624; for the fiscal year, July to January 31, \$11,597,830.78, an increase of \$975,330.23.

The Raton Gazette says: It is generally understood that as soon as the contractor gets through with the building at Albuquerque, he will commence on the new depot and hotel at Raton.

William H. Mohr, who supervised the architectural work of the new Santa Fe Pacific shop building, spent yesterday in the city, and left last night for his home at Los Angeles.

Mr. Peterson, an engineer, is moving his family to Las Vegas from Raton and has rented for a year the stone house corner Eighth and Jackson streets, belonging to Mrs. J. H. Ward.

The Rock Island will build a cut-off ninety miles long from Fairbury, Neb., to Herndon, Kan., making a direct line from Omaha to El Paso and cutting off 100 miles between Omaha and Herndon.

The Santa Fe Railway company intends to introduce the quadruplex system of telegraph on its telegraph lines, involving a heavy expenditure in construction. It will also give employment to more telegraphers.

Duncan Bell, late of Los Angeles, has accepted a position in the office of the Albuquerque Water Supply company. Mr. Bell was for a time, about a year ago, employed in the local Santa Fe Pacific timekeeper's office.

It is among the probabilities that before the end of 1902 construction of the Santa Fe Central railway to Torrence on the El Paso & Rock Island railroad, a distance of 120 miles, will have been completed and that trains will be running over the line.

There is some talk along the line that the Santa Fe will displace its colored porters with white men, the same as was in vogue three or four years ago. Complaints have reached headquarters that the colored porter is growing impudent and wants to be "tipped" on every occasion.

James S. Cornley, head brakeman, in trying to get on the engine while in motion at Maxwell City last Friday, fell and broke both bones in the left leg. The conductor immediately hitched the engine to the way car and brought him to Raton, where the company physician attended him.

Work on the construction of a new modern coal chute has been begun by the company at Raton, N. M. All over the system the Santa Fe is putting in a style of coal chutes looking to having the cost of handling fuel cut down to a minimum of expenses. The fuel bill of the railroad is in the neighborhood of three million dollars annually.

The Topeka State Journal says: S. E. Busser, superintendent of Santa Fe reading rooms, is seriously ill at his home at Los Angeles, Cal. Mr. Busser was in Topeka some four weeks ago on his way to Point Richmond, where a library was to be opened and at that time was unwell. He was formerly pastor of the Episcopal church at Emporia.

The Tularosa Democrat says: Engine No. 65, pulling the regular passenger train from El Paso to Santa Rosa, was wrecked last Wednesday about twenty miles west of Santa Rosa. Five cars were derailed but no one was hurt. The wreck was caused by the ties being burned and the rails giving way. The work is supposed to have been done by incendiaries.

Jas. Edgeworth, a brother of Earl Edgeworth, of the Topeka machine shop tool room, has been appointed to weigh mail for the government on the Santa Fe between Kansas City, Mo., and Albuquerque, N. M. This job is usually done once every four or five years, and consumes a period of about fifty days' time. Edgeworth has been on a fruit farm at Santa Rosa, Cal., and is a son of G. H. Edgeworth, a postal clerk, whose headquarters are in Ottawa, Kas.

The Raton Range says: Mrs. J. W. Smith, aged 32 years, the wife of the agent of the Santa Fe road at Maxwell City, died Sunday evening, the 16th inst., of pneumonia, the funeral taking place from the Maxwell City church Thursday, the 20th, being conducted by Rev. Armstrong, of Raton. Mrs. Mary Holmes, mother of the deceased, together with three sons and two daughters, in response to a telegram announcing the death came from Milwaukee, Wis., to attend the funeral.

Harry M. Prindle, former of the Denver & Rio Grande switching crew, working in the Bessemer yards at Pueblo, was instantly killed at 9:30 o'clock on Monday night, by having his head crushed between two freight cars. He was in the act of uncoupling the cars and was just taking a chain from its fastening when the cars bumped, catching his head between the ladder of one car and the hand rail of the

other. Prindle was about 35 years of age, and lived with his wife at No. 26, block O.

The Topeka State Journal says: Brakeman Edward Harkness, of Chautauque was run over by an incoming train while he was crossing the track there the other day and one foot was so badly crushed that he will probably lose it. He has been brought to Topeka hospital for treatment for his injuries. Harkness has been particularly unfortunate since he entered railroad service, a few months ago having been pinched between cars through a defect of a drawhead, soon after he went to work.

Chief Engineer Warren Smith of the Trans-Alaskan Railway company has returned to Denver from Alaska, with surveys embracing the twenty miles from Ilamna bay to Ilamna lake, and is now on his way to join President Frey of the company in Washington, where the latter is endeavoring to secure from congress a grant of lands for the project. Should the bill pass congress, Mr. Smith says, work will begin immediately, and by fall, excursions may be run, starting from Seattle by boat.

Paul Noble, for the past year city ticket agent at Wichita for the "Frisco," has resigned his position and has entered the employ of the H. W. Darling Lumber company. Mr. Noble will begin his new duties the first of March and will be in the office of the company for a short time, after which he will take a position on the road. John Grother, formerly connected with the "Frisco" at Wichita, but who has lately been at Raton, N. M., where he has held a position with the Santa Fe, will take Mr. Noble's present position.

Clerk's Wise Suggestion.
"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol-Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co.

ALLIED WITH SANTA FE.
Arrangements Already Made for St. Louis Fair Business.

The Chicago & Alton and the Santa Fe railroads have formed a combination on St. Louis exposition business from California, Arizona, New Mexico and the Pueblo district. Col. H. H. Sheppard, of the Alton making the announcement today, says the Denver Post.

The Santa Fe will deliver all its business to the Alton at Kansas City, where the travelers will be whirled to St. Louis in through cars without loss of time. Arrangements are being made to perfect schedules on all the through business from these sections mentioned during the World's fair of 1903. This move is intended to defeat the designs of George J. Gould, who expected to secure the bulk of the southwestern business through the Missouri Pacific-Rio Grande system and Texas lines.

The Alton is one of the Harriman lines, upon which the millionaire organizer has recently spent millions of new cars and other equipment. A lucrative business is expected to St. Louis in 1903, and E. H. Harriman is determined, if possible, to checkmate George Gould at every point.

Moki Tea Positively Cures Sick Head-Headache.
Indigestion and constipation. A delightful herb drink. Removes all depurations of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y.

C. M. TAYLOR'S FORCE.
Assistants for New Mechanical Superintendent Being Collected.

C. M. Taylor, mechanical superintendent of the western grand division of the Santa Fe, is now located with his office force in temporary quarters in the old reading room at La Junta. J. H. Beggs is chief clerk with a force of six men under him at present. John Turner, formerly with H. E. Clucas, general foreman at Pueblo, has been transferred to a desk in the mechanical superintendent's office, and three clerks are expected to arrive from the general offices in Topeka. A. M. Warner, formerly stenographer in the office of the master mechanic at Raton, has also been transferred to La Junta. Charles Nounes, formerly with the Otero County Republican, has secured a position as messenger.

A Legacy of the Grip
Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

MOVED TO SYRACUSE.
Chas. A. Fellows to Build a New Santa Fe Roundhouse.

Chas. A. Fellows, of Topeka, has been awarded the contract for tearing down the twenty-stall Santa Fe roundhouse at Coolidge, and building a ten-stall house at Syracuse. The Santa Fe division headquarters have been removed from Coolidge to Syracuse. The ten-stall roundhouse at Syracuse will be built as far as possible

with material taken from the Coolidge roundhouse. The stalls will be of extra size, to accommodate the big engines which the Santa Fe is now putting into service.

DANDRUFF WON'T WASH OFF.

The Germ That Causes It Has to be Destroyed to Cure Dandruff.

Many a woman spends an hour twice a week scouring her scalp, thinking scrubbing off the scurf will cure the dandruff. Two hours a week at the age of 40 years, she has spent 260 days of twelve hours each, or two-thirds of a year of her life, in that vain hope; vain, because you can't cure dandruff without killing the germ, and the only hair preparation on earth that will do that is Newbro's Herpicide, which is also a delightful hair dressing, and thorough antiseptic against all contagion from use of other's hair brushes.

CAUGHT TEXAS FEVER.

A Number of Cattle Exhibits at Charleston Have Died.

A special to the Dallas News dated Fort Worth, Texas, February 15, says: The letter following was recently written by T. F. B. Sotham, a well known Hereford breeder of Missouri, relative to cattle of which he exhibited at the Charleston exposition contracting the Texas fever:

"I regret to inform you and the public that through some negligence on the part of the officials of the Charleston exposition, a part of my show herd, namely, Thickflesh, Checkmate, Load Star and Golden Lassie, were brought in contact with southern cattle at the Charleston exposition and contracted Texas fever. Checkmate and Golden Lassie died on the road home; Thickflesh died on Wednesday night during the Kriterion sale January 23, and Improver died on Friday, January 21. Load Star, on account of his youth, bids fair to recover. The strange part of this matter is that the other five members of the show herd, namely Pure Gold, Galatea, Improver's Coral, Princess Pearl and Wood Maid, were not exposed, or they have shown no symptoms whatever and are well and hearty, the time for development having been passed several days. Strange to say, these five cattle that are well and hearty and have never shown any symptoms, were kept on one side of the alley at the exposition, and the five that were taken sick were on the opposite side. Checkmate was the first to succumb, and when Golden Lassie followed, treatment was commenced promptly and the railroad companies urged to make speed home as fast as possible. When they arrived home the well ones were isolated and put in quarantine, and the sick ones were kept in a car on the side-track."

Mr. Wheeler Got Rid of His Rheumatism.

"During the winter of 1893 I was so lame in my joints, in fact all over my body, that I could hardly hobble around. When I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, N. Y. For sale by all druggists."

A Demented Soldier.

A demented man named Crawford told Judge Woodard a painful tale this morning, says the Las Vegas Record. He served three years as a soldier in the Philippines, and on landing at San Francisco purchased a ticket for his home in Iowa, and obtained a New York draft for \$975, which he had on his person. On reaching Bakersfield he imagined that robbers were trying to get his money and he tore the draft for \$975 into fragments, scattering the pieces. When he reached Lamy, this territory, he discarded his soldier's uniform for an old pair of pants and overshirt. When he reached here he wore very little, and was only a look of misery and woe. He will be detained until his relatives can be heard from.

Glad To — In Jail.

John Fairbanks, the American, who is in jail at Chihuahua, Mexico, for violation of the Mexican mining laws, is glad he is in jail. On the day he was imprisoned two women, both claiming to be Mrs. Fairbanks, arrived and gave Mr. Fairbanks a very miserable half hour before he was locked up. Friends have offered him bail, but he politely declines, having no desire to leave the peaceful quiet of the jail. He has arranged with the jailer to admit neither

OVERBURDENED.

The Egyptian woman looks greatly overburdened, and yet the physical burdens she carries will not compare with the burdens borne by many an American woman.

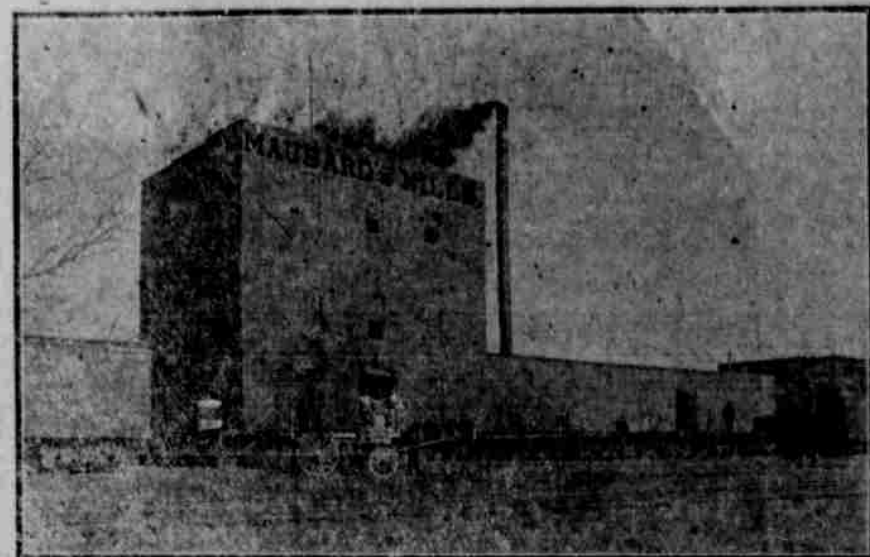

Every woman should know that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures the womanly diseases which cause weakness and feebleness. It quiets the nerves, cures the aching back and throbbing head, and gives strength for wifely cares and maternal duties.

When I first wrote to you I was in a bad condition, and had almost given up," says Mrs. Bella Solder, of Wilkesville, Vinton Co., Ohio. "I was suffering from female trouble of the worst kind; I couldn't eat anything without suffering great distress; throat hurt me by spitting; was nervous; had no energy; hands and arms, heart trouble, pains through my body and aching head and neck. It seemed that I could not work at all. I got Dr. Pierce's medicine and took it as directed, and the first week it began to help me. I took three bottles and am glad to say that it did me more good than all the other medicine I ever took. I feel better than I have for years."

Dr. Pierce's Medical Adviser, in paper covers, is sent free on receipt of 21 cent stamps to pay expense of mailing only, or if cloth bound volume is desired, send 51 stamps. Address Dr. K. V. Pierce, Buffalo, N. Y.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

LOCAL PARAGRAPHS.

The lengthening days shorten electric light and gas bills.

W. J. Skeed and wife, who visited El Paso, returned to the city yesterday and left last night for Copperton, the new mining camp of Valencia county.

Mrs. Fred Marshall, of Winslow, and her mother, Mrs. Smith, of Bisbee, spent yesterday in this city. They came up from Bisbee yesterday morning, and went to Winslow last night.

Gus Thelin came in from the Chilli district yesterday. Mr. Thelin says that as the snowfall so far this year has been very light the stock interests will be injured if the drouth continues.

Miss Carrie Neher, who was considered dangerously ill the other day with peritonitis, is reported today improving nicely, and will soon be up and around among her young friends in a few days.

Col. John Borradaile, Col. E. H. Dobson and Dr. John F. Pearce, the local members of the governor's staff, attended the MacArthur reception and ball last night in uniform, and they made a fine appearance.

Senator W. H. Andrews and party, of Pittsburgh, Pa., now in Santa Fe, will undoubtedly reach Albuquerque on Wednesday of next week, at which time the Commercial club will tender the party a reception and ball.

Noble Trimbie is reported at New Orleans with a fine string of racing horses, while his wife is residing in Des Moines, Iowa. Both send word to friends here that they are in good health and enjoying prosperity.

It is reported that behind the blue blinds in the window in the front of Peltier Bros' plumbing establishment, No. 206 West Gold avenue, some artistic plumbing work is being done and will be ready for the critical eye of the public next Sunday.

The initiation of several prospective candidates, which was to occur at the meeting of the Eagles in Knights of Pythias hall last night, was postponed until next week on account of the General MacArthur reception at the Commercial club last night.

The Twentieth Century Social club dance, which was held at Grant's hall last night, proved to be a very enjoyable affair, as their dances usually are. The program consisted of twelve regular and half as many extras. Mrs. Rose Berry furnished the music.

Hon. J. H. Budd, ex-governor of California, and family, spent yesterday in the city, visiting and sightseeing, going south last night. They are just returning to their home at Dumoria, Cal., from Stockton, Ill., where Mr. Budd was called about two weeks ago by the death of his father.

Undertaken J. W. Edwards received a telegram from Minneapolis, Minn., signed Wm. R. Morris, ordering the body and belongings of C. H. Britton, the colored man who died very suddenly yesterday morning at his rooms on Carroll avenue, shipped to him at Minneapolis. The body will go out tonight.

George H. Heinz, superintendent of the Chicago Tile and Roof company, spent yesterday in the city, going to Colorado Springs last night. Mr. Heinz expects to return in a few days to transact business in connection with the roofing of the new Santa Fe buildings, which have recently been built in Albuquerque.

Judge John R. McFie, of the First judicial district, who came in last night from Santa Fe and attended the MacArthur reception and ball at the Commercial club, returned to the capital city this morning. Judge D. H. McMillan, of the Socorro district, who was also here in attendance on the reception, accompanied Judge McFie back to Santa Fe.

The members of the Lieblich club held their second meeting last night at the home of their teacher, Mrs. Mabel Stevens-Himoe, on West Coal avenue. After a short business meeting, at which Miss Flora Vann was elected president and Miss Mata Tway secretary, a short program was enjoyed. The club is composed of twenty of Mrs. Himoe's oldest pupils.

The letter of L. M. Crawford, the erstwhile lessee and manager of the Colombo hall, published yesterday afternoon in The Citizen, attracted considerable comment, but that gentleman failed to give a reason why he don't pay his legitimate bills here or why he don't answer some of the letters mailed to him from this city. Crawford lives at Topeka, Kas.

Ernest Dougherty, who worked six or seven years in this office, called on his old friends this morning, and says he will spend a week or ten days in this city, after which he will visit his aunt and other relatives at Santa Fe. Since leaving here Ernest has taken on some flesh, and reports enjoying good health. He is now in the employ of the Santa Fe at Port Richmond, Cal.

Major F. H. Hardie, Lieutenant C. R. Day, Adjutant O. W. Rethorst and Lieutenant A. Lippincott, popular young military officers, of Fort Wingate, attended the MacArthur reception and ball at the Commercial club last night, and hugely enjoyed themselves. Major J. L. Van Doren, the stately retired officer who laid aside military life for that of ranching and irrigation, was also present from Bluewater. They will return to the west tonight.

The Christian Endeavor society of the Congregational church surprised their pastor, W. J. Marsh, and his estimable wife, at their home on South Arno street last night in a very pleasant manner. The surprise was complete in every sense of the word. The merry-makers came in on their victims, who had not the least intimation of what was going to happen. Besides the short program which had been arranged for the occasion by the social committee, refreshments were enjoyed.

Free Concerts.
There will be free concert, followed by a dance, at the Orchestra hall on Saturday night; also a concert Sunday afternoon. Everybody invited.

If the Best Is Good Enough You can get it at Hahn's. Everything in the fuel line. Both 'phones.

Assessor's Notice.

Beginning Monday, March 3, I will be at the office of F. H. Kent, 112 South Third street, for ten days for the purpose of receiving tax returns of real estate and personal property in Albuquerque, for the assessment of 1902. Come early and make your return and avoid penalties and a trip to the Old Town.

ALEJANDRO SANDOVAL, Assessor.

Hot Tamales Every Night.

At the Metropolitan (Billy Berry's place) hot tamales will be served every night. Families wishing tamales can order by telephone.

Satisfaction and Economy

in every pound of our "Gallup Mine" lump; \$5.00 per ton at Hahn's.

New England Bakery.

Wedding cakes, bread and pastry of every description. Send us your order.

On Sunday afternoon at 2:30 o'clock, at the fair grounds, the Barelas base ball club will play the old town club. Paterson, the left handed pitcher of the Browns, will twirl the ball for the Barelas club. Admission, 25 cents.

Dr. Mahaffey will occupy the new offices at 217 South Second street when completed. In the meantime he can be found over Furelle's furniture store.

Deming, the seat of the new county of Luna.

Deming water is chemically pure—equal to Polan Springs.

GOOD NEWS

Our spring stock of men's and boys' clothing has nearly all arrived and we are pleased to be able to announce to the people of Albuquerque and vicinity that we are not only able to show them the largest and best selected line of goods in this part of the country, but also that we are prepared to DISCOUNT ALL PRICES ON THE SAME CLASS OF GOODS, NO MATTER BY WHOM QUOTED.

This is a broad assertion to make, but we are willing to back it up. Look at our window and compare goods and prices.
