NUMBER 82

MILITARY SITES.

Major Gen. MacArthur in the City.

With Others He Visited the Sites on the Mesa.

Major General and Party Will Remain in City Until Saturday.

THE DISTINGUISHED PARTY.

Major General Arthur MacArthur arrived this morning in a special car attached to the train from the south. With him were Major Varnum, his adjutant, and Captain Brown, his aide. Major Appel, chief surgeon of the army sanitarium at Fort Bayard, accompanied the party to this city.

Attached to the same train was the private car of Vice President Morton, of the Santa Fe, and with Mr. Morton was President F. M. Murphy, of the Santa Fe, Prescott & Phoenix railroad. The train was an hour late and Major Varnum, M. S. Otero, C. C. Hall, G. L. Brooks and P. F. McCanna were on hand to meet it. As soon as it stopped the members of the committee boarded General MacArthur's car and were introduced by Major Varnum.

Preparations were at once made to start for breakfast and without delay the officers put on their overcoats. General MacArthur stated that he will remain here two days and will not leave until Saturday morning. It was his desire to see the proposed sites today and tomorrow to make a more thorough examination of them.

Vice President Morton was urgently invited to join the party, but was compelled to decline. "I would gladly do so if I was possible," said Mr. Morton, "but I am called ahead, so to speak. I have an appointment to meet Mr. Parker of the pool committee in Denver and must go right on through. I want to say, though, that the Santa Fe will do all that is expected of it in regard to this new post."

The members of the committee took charge of the guests and the party was driven to the Hotel Highland for breakfast. An open carriage drawn by four white horses was provided for General MacArthur. None of the officers was in uniform.

General MacArthur is a young looking man and, with his eye-glasses, looks not unlike President Roosevelt. As soon as he stepped from his car he commented on the weather and expressed his pleasure that the day promised to be so beautiful for viewing the sites.

In the first carriage were General MacArthur, Major Appel, Major Varnum and Mayor Marron. The second carriage was occupied by Governor Otero, Captain Brown, F. M. Murphy and G. L. Brooks.

At the hotel the party alighted and an hour was spent at breakfast. After breakfast the distinguished party again entered the carriages and was driven to the Commercial club, where the final preparations were made for the day's trip of inspection. On the way to the club the visiting party stopped at the major general's private car to get more wraps, made necessary by the increasing fury and coldness of the wind.

At exactly 10 o'clock the party left the club house for the all day's drive. In the first hack were General MacArthur, Governor Otero, Mayor Marron and City Engineer Pitt Ross. In the second hack were Major Varnum, Captain Brown, Major Appel and G. L. Brooks.

The third hack contained Adjutant General W. H. Whiteman and Col. E. G. Austin, of the governor's staff, H. B. Ferguson and M. S. Otero.

This morning the party drove to a point three miles southeast of the city, along the Hell canyon road. From there they drove direct across the mesa to C. C. Jones' place, about nine miles east of the city, which they reached about noon, and where the party took lunch. After spending an hour or so in this vicinity, the party skirted along the base of the mountains to a point near the McCowan location and about three miles northeast of the city on the mesa.

After this visit the party drove back into the city, resting up at the Hotel Highland until the hour for the reception and ball at the Commercial club.

It is understood that the Commercial club committee think well of the location in the vicinity of Jones' place, which is near the mouth of Tijeras canyon, and which, they say, is admirably favored by nature for the location of a big military post. The site near McCowan's location is also a good one, and gives a fine view of the Rio Grande valley and the city. On this site, it is the opinion of City Engineer Ross that water could be more easily obtained than on the other two sites.

HIS MILITARY RECORD.

Major General Arthur MacArthur has a distinguished military record. He is a native of Massachusetts but removed to Wisconsin before the outbreak of the civil war. On August 4, 1862, he entered the service as first lieutenant and adjutant of the Twenty-fourth Wisconsin Infantry and was

promoted major on January 25, 1864.

While serving with the regiment, General MacArthur distinguished himself. On March 13, 1865, he received the brevet of both lieutenant-colonel and colonel. The former was given for gallant and meritorious services in the battles of Perryville, Ky., Stone River, Missionary Ridge and Dandridge, Tenn. The latter was for gallant services in the battle of Franklin, Tenn., and the Atlanta campaign.

It was in the battle of Missionary Ridge that General MacArthur, then adjutant, most conspicuously distinguished himself and for his actions was awarded a medal of honor by congress. On November 25, 1863, when the line showed signs of wavering, Adjutant MacArthur seized the colors of his regiment and, leaping up, placed them on the crest of the ridge. The official order giving the medal recites this fact and commends him for his "coolness and conspicuous bravery in action."

He was made lieutenant colonel of his regiment on May 18, 1865, and as such was mustered out of service on June 10 following.

He entered the regular army as second lieutenant in the Seventeenth Infantry on February 23, 1866, and on April 30 following was made a first lieutenant. On September 21 following, he was transferred to the Twenty-sixth regiment but served only until October 12, when he was promoted captain and assigned to the Thirty-sixth regiment. With that regiment he served until May 10, 1869, when he was detached and remained unassigned until July 5, 1870, when he was sent to the Thirtieth Infantry.

He was made assistant adjutant general with the rank of major on July 2, 1889, and on May 26, 1896, he was made lieutenant colonel.

It was this position he held at the outbreak of the war with Spain. He was made a brigadier general of volunteers June 4, 1898, and a major general on September 5th following. These ranks lasted only so long as the volunteer establishment was maintained, but General MacArthur was appointed a brigadier in the regular army in January, 1900, and to his present rank in 1901.

His brilliant work in the Philippines is so recent as not to necessitate recital. On his return to this country he was assigned to the command of this department.

A VANDERBILT SON-IN-LAW.

Dr. William Seward Webb and Party En Route to California.

Dr. William Seward Webb, a son-in-law of the late W. H. Vanderbilt, and a brother-in-law of the present head of the Vanderbilt family, passed through the city last night on his way west. The trip is for pleasure and with Dr. Webb were Mrs. Webb, Miss Webb, J. Watson Webb, William Seward Webb, Jr., Vanderbilt Webb, of Seaboard, Vt.; Mr. and Mrs. John H. Purdy, Mr. and Mrs. George Bird, Mr. and Mrs. J. A. Burden, Miss Metcalf and Miss Dix, of New York; Dr. Bingham, of Burlington, Wis.; and James Lavine, of Groton, Mass.

Dr. Webb is an officer and director in nearly all the companies in which the Vanderbilt family is interested and was president of the Wagner Palace car company prior to its sale. Mrs. Webb was formerly Miss Lila Vanderbilt. She took a deep interest in charity work and was an active worker. It was at the bedside of a sick little girl in the poorer quarter of New York she first met Dr. Webb, who was at that time a struggling young physician. Their present home is one of the most palatial residences of New York and is at 680 and 682 Fifth avenue.

The party will visit the Grand Canyon and then go on to California.

SOCIAL AFFAIR.

Mr. and Mrs. E. B. Harsch Entertained Last Night.

Mr. and Mrs. E. B. Harsch entertained at cards at their home on South Broadway last night in a very elaborate manner. The fore part of the evening was spent in playing progressive pedro. Miss Rose Harsch secured the lady's prize, a bottle of Palmer's perfume, and the gentleman's prize, a cigar case, was won by W. W. Strong. The booby prize, a box of blocks, was carried off by Mrs. Arthur Everitt.

After pedro came a delightful lunch, at the card tables in two courses. The first oyster patties and olives, and the second of sandwiches and coffee. Then came the interesting game of keno. Three rounds were played. Henry E. Barraclough secured the prize, a handsomely bound volume of Shakespeare's plays. Those who did not care to play pedro or keno were entertained with the fascinating game of "Old Maid." Those who had the honor of being present at the pleasant event were: Messrs. and Mesdames W. W. Strong, J. P. Lath, A. C. Grege, C. W. Medler, J. W. Mallette, W. V. Wolvin, Chas. Maudard, A. Anson, Henry E. Barraclough, B. F. Fillmore, E. D. Fluke, Arthur Everitt, J. H. Robinson, Mrs. C. A. Hudson, Miss K. Pickard, Miss Rose Harsch, Mrs. A. Harsch, Mrs. M. Bigelow and Fred Nohl.

Judge Baker Arrived.

Judge Benjamin S. Baker and Mrs. Baker arrived last night from Omaha, Neb., and today they moved into the residence of Ernest Meyers on North Second street. Judge Baker has disposed of all his property in Omaha and in Nebraska and is now a full fledged New Mexican.

Cable Rate Reduction.

The Commercial Cable company announces a reduction of 25 cents per word on cablegrams to Burma and India beginning March 1. The present rate is 61 cents per word.

MEMORIAL DAY.

Congress Paused to Honor McKinley.

All Official Washington Was Present.

Twentieth Anniversary of Similar Service for Garfield.

EULOGY BY JOHN HAY.

Washington, Feb. 27.—At noon today in the hall of the house of representatives, in the presence of President Roosevelt, Prince Henry of Prussia, the members of the cabinet, justices of the supreme court, officers of the army and navy who have received the thanks of congress, ambassadors and other diplomatic representatives of foreign countries, senators, representatives and many distinguished guests, Hon. John Hay, McKinley's premier, pronounced a eulogy upon his dead chief. By a strange coincidence, today was the twentieth anniversary of that day on which James G. Blaine, in the same hall, delivered a eulogy upon the martyred Garfield. And stranger still, the subject of today's memorial service was chairman of the committee that had charge of the arrangements on that occasion.

Secretary Hay said in part: "For the third time the congress of the United States are assembled to commemorate the life and the death of a president slain by the hand of an assassin. The attention of the future historian will be attracted to the features which reappear with startling sameness in all three of these unlawful crimes; the uselessness, the utter lack of consequence of the act; the obscurity, the insignificance of the criminal; the blamelessness—so far as in our sphere of existence the best of men may be held blameless—of the victim. Not one of our murdered presidents had an enemy in the world; they were all of such pre-eminent purity of life that no pretext could be given for the attack of passionate crime; they were all men of democratic instincts, who could never have offended the most jealous advocates of equality; they were of kindly and generous nature, to whom wrong or injustice was impossible; of moderate fortunes, whose slender means nobody could envy. They were men of austere virtue, of tender hearts, of eminent ability, which they had devoted with single minds to the good of the republic. If ever men walked before God and man without blame, it was these three rulers of our people. The only temptation to attack their lives offered was their gentle radiance—to eyes hating the light that was offense enough.

USELESS INFAMY.

The stupid uselessness of such an infamy affronts the common sense of the world. One can conceive how the death of a dictator may change the political conditions of an empire; how the extinction of a narrowing line of kings may bring in an alien dynasty. But in a well ordered republic like ours, the ruler may fall, but the state feels no tremor. Our beloved and revered leader is gone—but the natural process of our laws provided us a successor, identical in purpose and ideals, nourished by the same teachings, inspired by the same principles, pledged by tender affection as well as by high loyalty to carry to completion the immense task committed to his hands, and to smite with iron severity every manifestation of that hideous crime which his mild predecessor, with his dying breath, forgave. The sayings of celestial wisdom have no date; the words that reach us, over two thousand years, out of the darkest hour of gloom the world has ever known, are true to the life today: "They know not what they do." The blow struck at our dear friend and ruler was as deadly as blind hate could make it; but the blow struck at anarchy was deadlier still.

"How many countries can join with us in the community of a kindred sorrow. I will not speak of those distant regions where assassination enters into the daily life of government. But among the nations bound to us by the ties of familiar intercourse—who can forget that wise and mild autocrat who had earned the proud title of the Liberator? That enlightened and magnanimous citizen whom France still mourns? That brave and chivalrous king of Italy who lived only for his people? And, saddest of all, that lovely and sorrowing empress, whose harmless life could hardly have excited the animosity of a demon.

"Our minds can not discern the origin, nor conceive the extent of wickedness so perverse and so cruel; but this does not exempt us from the duties of trying to control and counteract it. This problem of anarchy is dark and intricate, but it ought to be within the compass of democratic government—although no sane mind can fathom the mystery of these untracked and orbitless nature's to guard against their aberrations, to take away from them the hope of escape, the long luxury of scandalous days in court, the unwholesome sympathy of hysterical degenerates, and so by degrees to make the

crime not worth committing, even to these abnormal and distorted souls.

WILLIAM MCKINLEY.

"The life of William McKinley was, from his birth to his death, typically American. There is no environment, I should say, anywhere else in the world which could produce just such a character. He was born into that way of life which elsewhere is called the middle class, but which in this country is so nearly universal as to make of other classes an almost negligible quantity. At 17 years of age William McKinley heard the summons of his country. He was the sort of youth to whom a military life in ordinary times would possess no attractions. He had other dreams of life, its prizes and pleasures, than that of marches and battles. But to his mind there was no choice or question. Had he been ten years older he would have entered at the head of a company and come out at the head of a division. He did what he could. He enlisted as a private; he learned to obey. He left the army with field rank, when the war ended, brevetted by President Lincoln for gallantry in battle.

"William McKinley gladly laid down his sword and betook himself to the bar and settled down to practice—a brevetted veteran of 24—in the quiet town of Canton, now and henceforward forever famous as the scene of his life and his place of sepulcher. Here many blessings awaited him: high repute, professional success, and a domestic affection so pure, so devoted and stainless that future poets, seeking an ideal of Christian marriage, will find in it a theme worthy of their songs.

"In 1876 he began, by an election to congress, his political career. Thereafter for fourteen years this chamber was his home.

"A year after he left congress he was made governor of Ohio and two years later he was re-elected, each time by majorities unexcelled for and overwhelming. He came to fill a space in the public eye which obscured a great portion of the field of vision. In two national conventions, the presidency seemed within his reach. But he had gone there in the interests of others and his honor forbade any dalliance with temptation. So his name was never delivered with a tone and gesture there was no denying. His hour was not yet come.

ELECTED PRESIDENT.

"There was, however, no long delay. For several months before the republican national convention met in 1896, it was evident to all who had eyes to see that Mr. McKinley was the only probable candidate of his party.

"The campaign he made will be always memorable in our political annals. "When he came to the presidency he confronted a situation of the utmost difficulty, which might well have appalled a man of less serene and tranquil self confidence. A man either weak or rash, either irresolute or headstrong, might have brought ruin on himself and incalculable harm to the country.

"In dealing with foreign powers, he will take rank with the greatest of our diplomats. It was a world of which he had little special knowledge before coming to the presidency. But his marvelous adaptability was in nothing more remarkable than in the firm grasp he immediately displayed in international relations. By patience, by firmness, by sheer reasonableness, he improved our understanding with all the great powers of the world, and rightfully gained the blessing which belonged to the peacemakers.

"But the achievements of the nation in war and diplomacy are thrown in the shade by the vast economical developments which took place during Mr. McKinley's administration. The 'debtor nation' has become the chief 'creditor nation.' In this hour of prodigious prosperity we should not fail to remember that William McKinley, with sublime faith, foresaw, with indomitable courage labored for it, put his whole heart and mind into the work of bringing it about; that it was his voice which, in dark hours, rang out, heralding the coming light, as over the twilight waters of the Nile the mystic cry of memnon announced the dawn to Egypt waking from sleep.

"Mr. McKinley was re-elected by an overwhelming majority. There had been little doubt of the result among well informed people, but when it was known, a profound feeling of relief and renewal of trust were evident among the leaders of capital and of industry, not only in this country, but everywhere.

Made Confession.

Philadelphia, Feb. 27.—Amos Stirling, the young negro accomplice of Henry Ivory and Charles Perry, in the murder of Prof. Roy Wilson, of the law department of the University of Pennsylvania on May 19, 1900, was hanged today. Stirling made a confession which is discredited, claiming the sole responsibility for the murder. Ivory and Perry were executed on October 8.

City Is Relieved.

San Antonio, Texas, Feb. 27.—By a decision of the court of civil appeals, the city of Galveston is relieved of responsibility for private property seized for public purposes during the storm of 1900.

NO RESPONSE.

President Will Ignore Tillman's Letter.

Prince Henry Went to Mount Vernon.

Senate Now Has the Tillman and McLaurin Cases.

ANOTHER HOTEL FIRE.

Washington, Feb. 27.—Although the white house officials are non-committal there is reason to believe no response whatever is likely to be made to the letter of Lieutenant Governor Tillman, of South Carolina, to the president requesting him to withdraw his acceptance of the invitation to present a sword to Major Micah Jenkins at Charleston.

It is believed the incident will result in President Roosevelt's not attending the Charleston exposition.

WENT TO MT. VERNON.

Prince Henry Shows Respect for McKinley and Washington.

Washington, Feb. 27.—Prince Henry arrived in Washington at 9 o'clock this morning. He was driven to the German embassy, escorted by cavalry and police.

The prince attended the McKinley memorial services at noon at the capital, and, at their conclusion, made a flying visit to Mount Washington.

OFFICIALLY REVERSED.

Mr. Frye Leaves the Contempt Cases to the Senate.

Washington, Feb. 27.—In the senate today, Mr. Frye, president pro tem, announced officially the reversal of his decision of last Monday eliminating the names McLaurin and Tillman from all roll calls. He explained that he did not question the propriety of the decision, but the senate ought to pass upon so grave a question. He apologized to Senator Turner for having overlooked his appeal from the chair's decision on Monday, saying it was pure forgetfulness amid a "cloud of objections and points of order." Tillman's protest was spread upon the minutes by order of the senate.

ANOTHER HOTEL FIRE.

Guests Were Thrown Into Confusion But Only One Injured.

Boston, Feb. 27.—Fire in the upper part of the Bowdoin Square hotel early today threw 150 guests, most of whom were actors, into confusion, but all escaped safely except Miss Agnes Green, a transient guest. She jumped from the fourth floor to a roof two stories below. It is thought she will recover. The flames were confined to the three upper stories of the building.

TELEGRAPHIC MARKETS.

St. Louis Wool.

St. Louis, Feb. 27.—Wool—Firm; territory and western medium, 16¢ 18¢; fine, 12¢ 17¢; coarse, 12¢ 16¢.

New York Money.

New York, Feb. 27.—Money on call steady at 2½ per cent. Prime mercantile paper at 4½ per cent. Silver, 55½.

New York Metal.

New York, Feb. 27.—The New York Exchange quotes: Electrolic copper, 12½¢ 12½¢; casting, 12½¢ 12½¢.

Chicago Grain.

Chicago, Feb. 27.—Wheat—Feb., 74¢; May, 76½¢. Corn—Feb., 59½¢; May, 61½¢. Oats—Feb., 43¢; May, 43½¢. Pork—Feb., 13.95¢; May, 15.25¢. Lard—Feb., 19.17½¢; May, 19.30¢. Ribs—Feb., 18.25¢; May, 18.35¢ 18.37½¢.

Chicago Live Stock.

Chicago, Feb. 27.—Cattle—Receipts, 11,500 head; market slow and easy; good to prime steers, \$6.40 7.20; poor to medium, \$4.60 5.50; stockers and feeders, \$2.50 4.75; cows, \$1.25 5.25; heifers, \$2.50 5.50; canners, \$1.25 2.30; bulls, \$2.50 4.60; calves, \$2.50 6; Texas fed steers, \$4.60 5.75. Sheep—Receipts, 18,000 head; market weak; 10¢ 25¢ lower; good to choice wethers, \$4.75 5.35; fair to choice mixed, \$3.80 4.60; western sheep, \$4.50 6; native lambs, \$3.75 6.40; western lambs, \$5.25 6.40.

Kansas City Live Stock.

Kansas City, Feb. 27.—Cattle—Receipts, 4,500 head; market active and firm; native steers, \$6 6.35; Texas and Indian steers, \$4.25 5.50; Texas cows, \$3.25 4.50; native cows and heifers, \$3 4.80; stockers and feeders, \$2.50 4.50; bulls, \$3.25 4.50; calves \$4.50 6.75. Sheep—Receipts, 1,000 head; market steady; muttons, \$4.75 5.65; lambs, \$6.40 6.60; western wethers, \$4.80 5.50; ewes, \$4.50 5.50.

Boston Copper.

Boston, Feb. 27.—Coppers have been quieter today but in view of the recent advance prices have held remarkably firm. Traders who sold out on the rally have been waiting for a reaction on which to buy. If prices continue to hold firm tomorrow they will be likely

to give coppers another lift from the present level. Compared with most stocks on the New York list, coppers look low. We are looking for another rally that will carry prices higher than the last one did.

LAST BOOTH DEAD.

Was the Youngest Son of Junius Brutus Booth.

New York, Feb. 27.—In the death of Dr. Joseph A. Booth, the last of the four sons of Junius Brutus Booth, the elder, passed away. Mr. Booth was a younger brother of Edwin, Junius Brutus, Jr., and John Wilkes Booth.

J. A. Fillmore Dead.

San Francisco, Feb. 27.—J. A. Fillmore, one of the best known men in the country, died this morning of pneumonia. For many years he was general manager of the Southern Pacific company, but retired last July.

PRESIDENTIAL APPOINTMENTS.

McCord's Name Sent in—New Phoenix Postmaster.

Washington, Feb. 27.—The president sent the following nominations to the senate:

United States Marshal—Myron H. McCord, Territory of Arizona.

Postmasters—Arizona: James H. McClintock, Phoenix, Colorado; Edward E. Eversole, Monte Vista, Texas; A. O. Gleason, Hico; John D. Dabney, Grandview; Robert H. Hyland, Round Rock.

WANT THE MONEY.

Miss Stone's Ransom Will Be Demanded From Turkey.

Constantinople, Feb. 27.—It is understood the United States will soon take steps to obtain reimbursement of the \$72,000 paid to the brigands as a ransom for Miss Stone and Mme. Talika, holding Turkey responsible, inasmuch as the capture of the missionaries was effected on Turkish soil.

SHOT HIMSELF.

Chicago Attorney Preferred Death to the Jail.

Chicago, Feb. 27.—To avoid going to jail, Ernest W. Wedekind, a lawyer, who was indicted on the charge of embezzlement of \$4,700, shot himself soon after his arrest. He died at the Alexian Brothers hospital without regaining consciousness.

O'Donovan Rossa Dying.

Colorado Springs, Feb. 27.—O'Donovan Rossa the celebrated Fenian agitator, is dying at St. Francis' hospital of blood poisoning.

Small Town Destroyed.

Pittsburg, Feb. 27.—Porterville, a Butler county town of 600 inhabitants, is burning. The town is said to be doomed.

BACK TO THE CITY.

Fred, Fornoff Returns After an Absence of Twenty-five Days.

Fred, Fornoff, the heavyweight deputy of the United States marshal's office, returned home last night after being "out in the country" for twenty-five days chasing transgressors of the United States laws.

Patrick Mason, who is accused of setting fire to the range, about fifteen to thirty miles, between Santa Rosa and the Rincon of the Alamogordo, was arrested and taken to Las Vegas, where he was placed under \$3,000 bonds to appear before the next United States grand jury of that district. Mason gave bonds and returned to the Santa Rosa country.

Mr. Fornoff also arrested Jose Lujan, accused of riding the mails between Neora and Las Vegas, and, for violation of the postal laws, threw into the San Miguel county jail the postmaster and his assistant of Pecos City, a little town located about seven miles from Glorieta.

Regarding the hold-ups, robberies and murders—a class of desperadoes who for the past few months terrorized the Santa Rosa section—Mr. Fornoff states that the officers have made it so warm for the cutthroats and mesa hawks that they are being driven out of the country, and, where they thrived only a short time ago, quietude now reigns, although once in a while a few tough characters, loaded to the guards with tarantula juice and centipede cocktails, fire into the air to make the timid and "tenderfoot" feel as if they were surrounded by hold-ups.

"All around Santa Rosa," continued Mr. Fornoff, "the old indications are very pronounced, and it is my candid opinion that a good flow of oil will sooner or later be struck in that neighborhood."

Died of Hemorrhage.

Miss Mollie H. Fontaine, a young lady 18 years old who came here a short time ago from Indianapolis, Indiana, died of hemorrhage this morning at her boarding place on South High street near the Second ward school house. Her mother and a brother were with her at the time of her death. Her father, who is in the lumber business in Indianapolis, was sent for a few days ago and he is expected to arrive tonight. Arrangements for the funeral will not be made until after his arrival.

W. L. Hathaway and children will leave tonight for California. Mr. Hathaway is feeling a little better today, but thinks that he will improve more rapidly on the coast. Dr. Wroth will accompany him.

The preliminary hearing for Thomas Morris, the young man arrested for being an accomplice in the robbery of Addison Brosius on Tuesday night, and which was set for this afternoon, has been postponed indefinitely.

THE DAILY CITIZEN will be delivered
in the city at the low rate of 20 cents per
week, or for 15 cents per month, when
paid monthly. The rates are less than
those of any other daily paper in the
territory.Let's get to work on the Territorial
Fair.Political rumors from this city eman-
ating from democratic sources are
not reliable.Colonel McCard will remain marshal
of Arizona. His appointment is satis-
factory to the people.The people of Albuquerque will give
General MacArthur a generous reception
at the Commercial club this evening.You can help statehood by writing to
United States senators, giving reasons
why the territory should be ad-
mitted.The mining and smelting companies
of Colorado are preparing mineral ex-
hibits for St. Louis world's fair, which
will cost \$250,000.Governor Otero, though crowded
with official business, took the time to
visit this city today and help entertain
General MacArthur.Admiral Robley of the navy closely
resembles Colonel Greig, of Alamogordo,
this territory. There is this slight
difference—Colonel Greig is the best
looking man.Of the 1,941 convicts in the Missouri
penitentiary only three have red hair,
though many of the crimes with which
people are charged are committed in
the heat of passion.Anyone who doubts that St. Louis is
in earnest about her intention of start-
ing her world's fair on time would be
surprised to learn that there are al-
ready over 3,000 men at work on the
ground.Here's another mean dig. The Las
Vegas Optic says that a man died in
Santa Fe yesterday aged 110 years. No
one would ever guess that any of the
inhabitants of the ancient held so
much youth.General MacArthur is a gallant sol-
dier, winning his laurels in the
trenches and bloody fields of the Phil-
ippines. He is the guest of this city
and the people will make his visit a
pleasant one.The spring equinoctial flurry in the
newspaper offices of this territory took
place the past week. No harm was
done to any one, and preparations for
Easter services will smooth the ruffled
feelings of all concerned.The Durango, Colo., Democrat says:
New Mexico has the visible supply of
brains and experience equal to the task
of self-government, men who are fa-
miliar with all the needs and demands
of the people, men who were born,
raised and educated within her bor-
ders. To longer deny statehood is to
compound a felony. The territories
should all be admitted and at the present
session.It is asserted that in addition to the
records of indictments which it is
claimed have disappeared from Santa
Fe and Tennessee, certain records of
that sort have also disappeared from
Buffalo, N. Y. Another contest for
governor will give the New Mexico
politicians clean eastern records.The Sunday closing law is a dead
letter in many parts of this territory.
In the first district Judge McFie en-
forces the law and the saloons are
closed on Sunday. In the Third dis-
trict the saloons pay a small fine for
infractions of the law. In this district
no attention has been paid to the law.
The people of the territory are agitat-ing the question and wish the law
either enforced or ignored in all the
judicial districts. Much will depend
upon Judge Baker's action in the pre-
mises. If he favors the enforcement of
the law, it is almost certain that the
saloons of New Mexico will be closed
on Sunday in the future.The Citizen intends this year to
show up the school facilities of New
Mexico. Next Saturday The Citizen
will contain an illustrated sketch of
the Normal School at Silver City. On
the Saturday following the fine public
school building at Deming will be illus-
trated and a sketch of the town pub-
lished.

GERMAN CENSUS.

The German census, which started
December 1, 1900, and has just been
finished, gives some interesting facts.
There are 442 cities with a population
between 10,000 and 100,000 each. In
1816 the German empire had 24,833,000
inhabitants; in 1855, 36,114,000; and
in 1900, 56,350,000. In the year 1816,
Prussia had 13,709,000 inhabitants; in
1855, 21,320,000, and in 1900, 34,446,
620. The enormous increase in the
large cities of Germany is said to be
due to the retrograde movement in ag-
riculture, which has driven people
from the country.

POOR OLD SPAIN.

Spain is suffering the agonies of her
war with the United States at this mo-
ment, by the riotous conduct of her
citizens. It seems to be a fixed rule
among nations that foreign defeat in
war brings retirement of the authori-
ties in power, while a victorious for-
eign war strengthens the hands of
those in authority. No man can retain
the confidence of his countrymen when
defeated in his efforts by foreign com-
petitors, be they business rivals, or en-
emies in battle. Some of the brightest
intellects and bravest warriors have
been buried in obscurity, whom but a
day's, an hour's success would have
engraved their names upon the im-
mortal scroll of fame.

LOOSE DIVORCE LAWS.

When we compare the relative num-
ber of divorces in the United States
and other countries, it becomes at once
apparent that the marriage tie is much
more loosely regarded here than in
most civilized—and some uncivilized—
nations. For instance, according to a
statement recently published in a St.
Louis medical journal, the divorce
rate in Canada is 1 to 63,000 mar-
riages; in Germany, 1 to 13,000; in
France, 1 to 12,500; in England, 1 to
11,500. Now let us turn to this coun-
try. In the United States at large, the
proportion is 1 to 185, or sixty times as
many as in England, and more than
300 times as many as in Canada. But
this is nothing, compared with the sta-
tistics of some sections of the United
States. For instance, in Massachu-
setts the rate is 1 to 18.5; in Rhode
Island, 1 to 8.2.

GOVERNMENT AID NEEDED.

"Private capital will not push the
matter of irrigation," said C. J. Gavin,
of Raton, to the Denver Times, "and
there is no law by which it can be
forced to make public improvements.
Irrigation is the only redemption for
northern New Mexico. Its soil is sus-
ceptible to the yielding of abundant
crops if water is put on it, and the
government can aid without the possi-
bility of loss toward this reclamation.""I must admit there is a surprising
lethargy evident among people in the
west on this subject of government aid
for the building of reservoirs. The
press is full of the advantages and the
fairness of the proposition. There is
not a farmer or business of any kind
but what is well posted on the subject,
but when you call for a meeting for
the purpose of securing indorsement
by popular voice these meetings are
seldom attended by the men who are to
be benefited, but well attended by ditch
and canal owners, whose interests will
be jeopardized by the success of the
popular scheme.""Many eastern cities are giving the
idea better endorsement than an equal
number in the west. The eastern man-
ufacturer sees that the building up of
this section must mean more business
for him and he is willing and anxious
that that should come about. Let the
western men appreciate the greatness
of the project as petitions for the
passage of the bill for preliminary sur-
veys and demand will be met by
prompt action."

INDIAN SCHOOLS.

The charge made in congress that
Indian schools are hotbeds of immor-
ality is vigorously denied by the super-
intendent of the school at Santa Fe,
N. M., as far as that institution is con-
cerned. We may depend upon it, says
the Denver Republican, that what is
thus claimed for the Santa Fe school
is true of practically all other Indian
schools removed from reservations.A school like that at Carlisle, Pa.,
under Colonel Pratt, is a credit to any
country by which it may be main-
tained. The Carlisle school is as clean
and well disciplined an institution as
any other educational establishment in
the country which is attended by boys
and young men gathered from all
walks of life. It is, furthermore, doing
splendid work among the young In-dians, training them in civilization and
enabling them to provide for them-
selves in after life.It is an easy thing for a member of
congress to charge that an Indian
school is improperly conducted, but it
may be a different matter for him to
make good his accusation.Schools that are removed from the
reservations should not be judged by
those which, being on reservations, are
subjected to numerous evil influences
from which the former are exempt. It
is harder to maintain discipline in a
reservation school than in one which
is so far removed that the parents can
not interfere between teachers and
pupils. One reason why such good
work is done at Carlisle is because it
is far away from influences that would
divert the minds of the pupils from the
work before them.Moki Tea Positively Cures Sick Head-

Wanted in Missouri.

A Raton special says: At 6 o'clock
Monday night Marshal Kruger ar-
rested Dillard Owens on advice from
Sheriff W. T. Oliver, of Stone county,
Mo., stating that Owens was wanted
there on three charges of grand lar-
ceny of cattle. Owens was locked up
over night for safe keeping and Tues-
day Sheriff Oliver arrived from Ga-
lena, Mo., with the proper regulation
papers and left with his prisoner.
Owens had been at Raton since the
first of January and was employed on
the Santa Fe repair track. Owens,
wife arrived from Green Forest, Ark.,
on another train about thirty minutes
after the officer landed, not knowing
her husband was in the toils.The Santa Fe railway management
is so well pleased with its new deap
cars that it has placed orders for 75
more, at a cost of over \$1,500,000. One
of the engines made a record haul last
week, pulling 703 tons up a grade of six
and one-half miles long and 158 feet to
the mile on Cajon pass, California.When you lack energy, do not relish
your food, feel dull and stupid, after
eating, all you need is a dose of Cham-
berlain's Stomach & Liver Tablets.
They will make you feel like a new
man and give you an appetite to bear.

Mines and Minerals

The Silver City smelter is handling 250 tons of copper ore per day. It is a pyritic plant.

There are hundreds of men now at work on the mines of the Bill Williams Fork, Arizona, and many prospectors are going on there.

J. A. Baker and Frank Quinly, of Las Vegas, drove out to the Tecolote mining district. Six men have commenced developing the Quinly-Laubeck mines in the Seelie district.

Cal. Wilson is at Kingman from the gold fields and is stepping pretty high. He not only made a little sale but holds other valuable interests that he expects to reap a golden harvest from.

The Engineering and Mining Journal says that M. W. Kaufman, formerly of Golden, Colo., has removed to Graham, Socorro county, New Mexico, where he has accepted a position with the Helen Mining company.

The El Paso smelter pays spot cash for copper ores now instead of holding back a certain per cent. That 1,000-ton stack of Phelps, Dodge & Co. is beginning to bear something for the consideration of the smelter trust.

A. the Boston mine exchange last week 21,470 shares of Cochiti Gold Mining company stock were sold at from 45 to 80 cents a share. Of Santa Fe Gold and Copper company stock, 520 shares were sold at from \$3.50 to \$3.63 a share.

Figures for 1901 show that English and French consumption of copper was well up to that of 1900, the decrease being less than 4,000. At the present time exports from the United States are heavier than at any time during the past year.

About ten car loads of machinery arrived at Tres Piedras during the week for the Fraser Mountain Copper company. It includes a 12,000 pound crusher, three sets of 10,000 pound rolls, a hoisting engine and a part of the equipment of the smelter.

The B. & O. and Bullion claims of the Central Gold and Copper company, in the Organ district, near Las Cruces, are producing some rich ore. It is expected to have a concentrator at work within the next sixty days which will have an output of fifty tons a week.

The Jearilla Placer company of Lincoln county made a test run and the dirt yielded 53 cents per shovel, with the shovels set so as to carry but half of their capacity. The dirt is richer than had been estimated, as the company has only figured on 30 cents for the whole shovel.

A. B. Smith and M. W. Browne, mining committee of the Las Vegas board of trade, left for Denver where they will witness the work of the Union ore reduction and extraction works on a car of ore that was shipped from the Tecolote mining district. They were accompanied by M. Greenberger.

Many shareholders of the White Hills Mining company, out in Arizona, are to arrive in Kingman about the first of April and later visit the mines when it will be decided what course to pursue in regard to the property. It is believed that a deep shaft will be decided on that will exploit fully a number of the best mines owned by the company.

That the Amalgamated people have not lost confidence in copper as a good investment is evidenced in their seeking for copper deposits in different parts of the world. It is stated that they are negotiating for copper properties in Rhodesia, South Africa. They have just made a final payment of \$400,000 on the Copper-Boss Tweed group in Montana.

It is stated that the concentrates now being made at the C. O. D. mill near Kingman carry values not exceeding 200 ounces in silver, besides gold and lead. Late tests show values as high as 250 ounces. The ores in this mine are capable of making a very high shipping product when dressed up in the mill, besides which there is much ore that will bear shipping as it comes from the mine.

B. Y. McKee, of Deming, went to Casas Grandes, Chihuahua, Mexico, to receive the title to his mining claims that have for so long been held in abeyance by the Mexican government. These claims lie just over the line in Mexico and are only about eight miles from the new Bisbee road. They have been developed so far as prove conclusively that they are rich in copper, as well as bearing considerable gold and silver.

A cave occurred between the four hundred level and the surface of the Tennessee mine, Chloride, Arizona, that was thought at the time would involve serious loss to the company, but the ground was caught up with but small expenditure. On this level there has been encountered a four-foot body of ore, quite close to the Schuykill line, that gives good value in silver and gold. In the floor of the level there is one of the best showings of ore ever found in the property.

The Las Vegas Optic says: H. E. Blake, one of the earliest and most successful copper prospectors in this county, was in the city today. Mr. Blake has an excellent property located six miles northwest of Burro hill. He reports a ten foot ledge two miles in length and says the development at the present time in this one mine would justify the establishment of a 500 ton mill. He believes that to its mining interests Las Vegas must look for its future growth.

The division of mineral resources of the United States geological survey has decided that the so-called Montana diamonds are a myth. The precious stones that were found and supposed to be gems of great value are white sapphires, which are plentiful in the central part of the state and not of great commercial value. During the past year there were more precious stones imported into the United States, more sold and more found here than in any previous year of the country's history. There were three diamond finds in the United States in 1901, none of them of great commercial value.

Fireman Bieber, while on duty on engine No. 741, with Engineer Arthur Lowe, met with a very painful accident, mashing one of his little fingers

while using the shaker bar a short distance this side of Lamy. He will be compelled to lay off for several days nursing his injury.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

Winter coughs are apt to result in consumption if neglected. They can be soon broken up by using Foley's Honey and Tar. Sold by Alvarado Pharmacy.

PETROLEUM IN NEW MEXICO.

Surface Indications Are Good and Two Wells Are Being Pushed Down.

"Yes, we have an oil boom in New Mexico," said John P. Whitten at the Albany hotel yesterday afternoon. "I think you will hear from us down there, too, before we get through with it. I come from Santa Rosa, in the eastern part of the territory, and from appearances there when I left I expect to see a big advancement in prospecting by the time I get back. Santa Rosa is about fifty miles from the mountains, and we have the same oil indications there that you have up at Boulder and at other points in the state. The surface shows undeniable evidences that there is oil underneath. All the wells are impregnated with oil, and the oil rock crops out of the hills."

"One well is being drilled at Santa Rosa by an eastern company, and north of there another well is going down. Just over the line in Texas a well is being drilled, and in all of these indications are very favorable. It is not expected that the wells will have to be sunk so deep as they are at Boulder, but the approximate depth is not known. Practically all the land there is leased now, and the promoters have practically everything in sight. The recent opening of the new Rock Island road from El Paso, Texas, up through that part of New Mexico and Texas throws all that section of the country open to travel, and it is expected that there will be a great influx into eastern New Mexico when the oil boom becomes known."—Denver Republican.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

Bucklen's Arnica Salve.

The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruptions. It cures or no pay. 25c at all druggists.

Suits Against Wool Company.

In the San Miguel county district court, the First National Bank of Albuquerque was awarded a judgment for \$26,911.48 against the Las Vegas Wool Pulling company.

In the suit filed by the First National Bank of El Paso against the Las Vegas Wool Pulling company, in the San Miguel county district court, the plaintiff was awarded a judgment for \$8,267.90. The plaintiff filed suit, also, for the foreclosure of a mortgage which was given to secure payment of a promissory note.—Las Vegas Record.

OPPORTUNITIES.

What a Smelter Would Bring to Albuquerque and Vicinity.

THE SUBJECT DISCUSSED.

The manipulations of the lead smelter trust, known as the American Smelting and Refining company, have conducted to a state of affairs that a very important industry of New Mexico has been seriously affected, and to the same cause we ascribe the falling off of the carrying business of the Santa Fe railroad. Intersecting the territory from north to south and from here to the west the prosperity of the railroad here can only go hand in hand with that of our people. If one prospers the other does; if one suffers the other does. The burning of the El Paso plant last year necessitated the shipment of lead-silver ores to Pueblo at a higher freight rate or the abandonment of the shipping for the time. Then came the decision of the trust to put down the market price of lead to .50 and the broker's price to .45 cents per pound, reducing the price 50 cents for each unit of twenty pounds of lead in the ore to 40 cents. This reduction was explained as necessary on account of overproduction. The fact was a decrease of 10,000 tons of pig lead in 1901, whereas the Rocky mountains alone produced 20,000 tons less than in 1900. The reduction, an inconsiderate notion of the Guggenheim management, led to a brisk demand for lead and the trust advanced the price of the metal to 4.15—and left the miners in vain expectation of an advance of the price paid for ore to 43 cents a unit. We are charitable when we call this manipulation inconsiderate. Others might call it a swindle. The trust, which embraced in its organization several worthless plants, such as the piratical smelter at Leadville and the Argentine works of the Kansas City company, has to suck out of the miners all it can in order to secure dividends in which said worthless concerns are participating as well as the useful ones. The trust has it in its power to shut down permanently or temporarily any of its plants so that it can adapt its capacity to the output of the mines. It is reported that the works of the trust at Silver City, a copper smelter, will be closed as soon as the new El Paso one is in operation and that nothing but ore buying by its sampler there will be continued. We hope that this is not so, and if it is Silver City will manage to start another. As to lead there is at present in New Mexico only the Gorrillo plant which is in the market for ores but does not seem to expect much business from beyond its vicinity as it does not offer enough for lead. At all events there is no lead smelting concern in operation in this territory that can and does compete with the trust, and as the latter has created the greatest antagonism in Colorado, where independent plants arise one after the other, so is the sentiment of the New Mexico miners. We have no doubt that Deming will get a copper smelter and probably also a lead plant, but we are equally assured that a strong Albuquerque smelting company, entering the ore market at Deming and paying there the true prices of El Paso, will be heartily welcomed, not only by the miners of southern New Mexico but every town there, not excepting Deming. Competition builds up; restriction kills. There never was spoken a word as true as that. It is so in life. The freedom of rivalry stimulates and exalts, the lord and peon system petrifies. We feel absolutely sure that a financially strong and intelligently managed smelter at Albuquerque will be a great success. Our next article we will propose a plan that will pave the way for it. There is, however, one condition upon which all depends. Will the Santa Fe help us? Can we make her see that it will be for the best interests of the road? We think so. The nominal rate on ore from Deming to Colorado is \$6 per ton. That there is a rebate of \$2 on ores not from Santa Fe points we also know. If the road can haul from Deming to Colorado points for \$4, and from for say \$3, from Pierre, it pays better to haul from Deming to Albuquerque for \$2.50, avoiding the Gorrilla and Raton ranges. It will certainly will pay better than let the El Paso, Southwest and the Southern Pacific carry ev-

SCHOOL GIRLS.

'Tis a pretty age—that time in a girl's life when she has all the beauties of womanhood without the later lines of care and worry.

But here and there even among school girls appear pale and drawn faces.

Pale blood is at the bottom of the trouble and Scott's Emulsion can cure it.

Scott's Emulsion brings back the beauty to pale girls because it is blood food.

Send for Free Sample.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

Everything from there to El Paso. The Santa Fe Pacific line will give us rich ores to mine with the baser lead ores from the south. We have all kinds of coal around us for fuel. Labor is cheap here; cheaper than anywhere. But without the Santa Fe we can do nothing. If the management of the road will kindly compare its ore business at the time of the operation of the Rio Grande smelter at Socorro with the present, figures will speak for themselves. All carbonate deposits are more or less pocketed, but they are by no means entirely gone. Concentration works clean galena ores from zinc, and the latter could be run into metal at a point where fuel is cheap. A narrow gauge road of about twelve miles built in Grant county would bring to the Santa Fe station more lead than two great smelters could use, and zinc to scarce southwest Missouri. We are ready to prove this. Shall all this continue to sleep in the curse of our country, "Mañana?"

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

Foley's Honey and Tar is best for croup and whooping cough, contains no opiates, and cures quickly. Careful mothers keep it in the house. Sold by Alvarado Pharmacy.

Valuable Work.

D. Bauman is making topographical and geological sketches of the mining camps of the territory, and from what we have seen they are faithful representations. He thinks he could cover all the camps in the territory and prepare a work that would be unsurpassed for the St. Louis fair.—Deming Herald.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction, 50c. \$1.00. Trial bottles free.

BAKING POWDER

Good health depends mostly upon the food we eat.

We can't be healthy if we take alum or other poison daily in our food.

Dr. Price's Baking Powder is absolutely free from alum. It is made from pure cream of tartar and adds to the healthfulness of the food.

NOTE.—Alum baking powders induce dyspepsia, liver complaint and kidney trouble. Alum may not kill, but undermines the health, and ill health makes life miserable.

RECEPTION AND BALL.

Everybody Invited to the Commercial
Club Tonight.

THE MACARTHUR RECEPTION.

The reception and ball in honor of Major General MacArthur, one of the high ranking military officers, who recently voted to establish one of the military posts in the vicinity of Albuquerque, will be held at the Commercial club this evening, and at a meeting of the club directors the other night, it was decided to open the doors of the club to all citizens of Albuquerque, thus giving everybody an opportunity to call at the club and get acquainted with the well known and distinguished military officer.

The regular club committees will be in attendance at the club, and they will see to it that all who attend the reception this evening have the opportunity to meet the major general.

After the reception proper, dancing will be commenced, and to the strains of exquisite music from Prof. Di Mauro and his orchestra, the light fantastic toe will be tripped until long after the midnight hour.

Everything points to the fact that the MacArthur reception and ball will go down in history as the most brilliant affair of its kind, yet held in this enterprising and progressive city, and besides those who arrived last night and this morning from the outside others are expected to reach the city tonight in time to participate in the festivities.

Hon. Miguel A. Otero, governor of New Mexico, with Adjutant General W. H. Whitman, of Santa Fe; Col. E. G. Austen, of Las Vegas, and Col. Veneciano Jaramillo, of El Rito, came in from the north last night, while Major Hardie and other officers at Fort Wingate reached the city this morning. Major Appel, a particular friend of Major General MacArthur, who is in charge of the army sanitarium at Fort Bayard, came in this morning from the south with the major general and party. These are all here to attend the reception and ball.

The First Regiment band, under the management of Col. John Borradaile, will be present at the club building at 8 o'clock tonight and will play several soul-stirring military tunes. The reception proper will be at 9 o'clock p. m.

G. A. R.

All members of the G. K. Warren post, No. 5, G. A. R., and all old soldiers in the city, not members, are requested to meet at Edwards' undertaking parlors on North Second street at 7:30 o'clock this evening, for the purpose of going in a body to the Commercial club, where they will meet the guest of the city, Major General MacArthur. By order of

J. W. EDWARDS,
Post Commander.

W. R. C.

All members of the Woman's Relief Corps are requested to meet at Whitson's music store at 7:30 o'clock this evening to go in a body with the Grand Army of the Republic to call on Major General MacArthur. By order of the president.

MRS T. A. WHITCOMB,
Secretary.

DEMING.

Special Correspondence.
Deming, Feb. 26.—Sunday afternoon the club building in the Mahoney block on Gold avenue, caught afire and was only saved by the prompt action of the fire brigade of the town. Had it gained any headway the whole block would have gone, including J. B. Hodgdon's store and the postoffice. Deming will soon have a water system that will enable her citizens to laugh at a little fire, and will save much valuable property.

Sunday the Deming base ball team played the Silver City team at Silver City, and won by the score of 23 to 18. Not a bad showing so early in the season.

Thosam Hughes, the editor of The Citizen, was in our city on Monday and Tuesday, of this week, looking over the real estate prospects and general resources of Deming, and expressed himself as highly pleased with the town and its prospects, going so far as to select a lot or two for himself. Look out for the special Deming edition of The Citizen on Saturday, March 8.

General MacArthur and staff spent last night in Deming. The general is on a tour of inspection of the army posts of this section, and went up to Fort Bayard this morning. He was accompanied by Mr. Morgan, the superintendent of the Bisbee road, and F. M. Murphy, president of the Prescott bank, and the Prescott & Phoenix railroad. The gentlemen were entertained at the Adelphi club, and expressed themselves as very well pleased with the town and its reception of them.

Eastern capitalists are actively engaged in the promotion and erection of a fine sanitarium for pulmonary troubles at Deming, and have selected the land for the site of the enterprise, as is to be some three miles southwest of Deming on the Bisbee road.

The paymaster of the Bisbee railroad went through to the front this morning to pay the men there. The Bisbee road is working up a good passenger traffic and all the freight traffic they can handle from both ways. All this comes to Deming from one direction or other.

Mr. Cain and wife and partner, of Kingston, N. M., is in our city looking at property. He has purchased a good block of property from the Deming Real Estate and Improvement company, after looking into the matter thoroughly, and intends to build a house for himself and to rent. He has a level head.

Col. P. R. Smith is in El Paso on business connected with the real estate company.
W. H. Grer goes to El Paso today on business of the Victoria Land and Cattle company, of which he is manager.

Heavy Snow at Santa Fe.

The first heavy snowfall of this winter in this vicinity occurred last night, and almost three inches of snow covered the ground this morning, but had almost all melted by this evening. The maximum temperature yesterday was 57 degrees, maximum shade tem-

perature 44 degrees, minimum temperature 35 degrees, the highest since last November. Temperature at 6 o'clock this morning 31 degrees. The indications for tonight and tomorrow are fair.—New Mexican.

"UNCLE JOSH SPRUCEBY."

Will Be at Colombo Hall on March 6th.

"Uncle Josh Spruceby," the big production which comes to Colombo hall for one night, March 6, is commented on, as follows by the Detroit Free Press:

"Honest, homely Uncle Josh Spruceby returned to the Whitney opera house last night, opening the season for that popular play house. Uncle Josh has been here before and has evidently made a host of friends. They were all out to greet him last night, and scores of them stood up during his sojourn and were never heard to complain. The character and the play are too well known to need a description. It is the same play with some alterations and additions that go to make it better. The sawmill scene, as of yore, raises the hair of the spectator and its culmination is greeted with a storm of applause. Not to have made the acquaintance of Uncle Josh and the sawmill is to be a long ways from the head of the procession. A feature of the performance is the work of the 'Uncle Josh Spruceby' orchestra, which renders a number of pieces of the high class. There are many familiar names in the cast."

For a Hot Fire on a Cold Day
Hahn's "Gallup Mine" lump coal beats them all; \$5.00 per ton.

Gentlemen: Order your spring suit from the Nettleton Tailoring agency, 2100 spring samples to select from.

MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, Feb. 27.—The market has been dull and generally firm. Transactions were strong, particularly Brooklyn Rapid Transit, in which shorts were nervous. Pennsylvania was strong. In all \$3,500,000 gold was shipped and more may go on Saturday. Very little news to influence prices. United States Steel stocks were well bought.

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Simon Stern, the Railroad avenue clothier, for the biggest line of ready made men's and boys' clothing in the southwest. Spring styles arriving.

ABOUT A. G. WELLS.

History of the Railroad Work of New Santa Fe Manager.

A. G. Wells, the new general manager of the coast lines of the Atchison, Topeka & Santa Fe, is 40 years of age and has been in railway service since 1878. Early in his career he was connected with the Atlantic & Pacific, and one of the roads of which he is now general manager. He left the Atlantic & Pacific to become assistant to the general manager of the Ohio & Mississippi, and later was successively general superintendent of Ohio, Indiana & Western, and division superintendent of the C. C. & St. L. In September, 1893, he accepted the position of assistant to the first vice president of the Atchison, Topeka & Santa Fe, and on January 1, 1895, was made general superintendent of the Atlantic & Pacific, which was reorganized on July 1, 1894, as the Santa Fe Pacific. Mr. Wells has since been in charge of the property as general superintendent, and in September, 1897, was also appointed general superintendent of the Southern California. When the Santa Fe acquired the San Francisco & San Joaquin Valley, in 1899, Mr. Wells' jurisdiction was extended over that road. He was acting manager of the three roads from January 1 to September 1, 1901, during the illness of W. G. Nevins, and when the latter died, in January of this year, it was but natural that Mr. Wells should be selected to succeed him as general manager.

Sudden Death.

Charles H. Britton, a colored man of Minneapolis, died suddenly of hemorrhage this morning at his residence, 215 Carroll avenue. Mr. Britton was a member of the colored Masons and Knights of Pythias. The body was taken charge of by Undertaker J. W. Edwards, who was unable to find any direct address of relatives among his effects. His letters show he was married but his home address was not given, and Mr. Edwards will endeavor to notify the relatives by a round about channel.

Strong Man Leaves.

McMillan, the strong man, leaves tonight for Cerrillos. McMillan has performed some wonderful feats of strength while here, bending horse shoes, lifting 520 pounds of dead weight with one hand, bending iron, etc. He has attracted much attention and his performances have given the greatest satisfaction here.

Division Superintendent F. C. Fox, of the Santa Fe railway, arrived from Las Vegas on his special car and then left for Albuquerque. Santa Fe considers Mr. Fox its friend and hopes that he will use his influence to give the capital better connections with the eastern flyer whenever the train from the south and the west is late.—New Mexican.

NEW MEXICO TOWNS

CARLSBAD.

From the Argus.

A mistake was made in the date given in last issue for the Woodmen of the World ball and supper. It will be held on March 17, next, St. Patrick's day.

Mrs. George D. Lucas is still seriously ill, but there is stronger hopes for recovery now than at any time since she was taken ill. She is suffering from peritonitis.

J. W. Barfield left for Big Springs, to visit a married daughter at that place, with a view to having his son, Tom, now sick with a dropsical affection at the county hospital, removed from there to the former place.

The Knights of Pythias gave another of their popular and enjoyable smokers, which was attended by fully seventy-five of the order's friends. Refreshments were served, comprising fried chicken, sandwiches, olives, pickles, cakes, etc., washed down with root beer and coffee, and topped by a good cigar. Music was furnished by the Carlsbad orchestra and a number of vocal and instrumental solos were given.

Millions Put To Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all druggists.

Mothers can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons. Sold by Alvarado Pharmacy.

SANTA FE.

From the New Mexican.

W. H. Farr, of Milwaukee, a timber expert, arrived in Santa Fe on the train from Albuquerque.

Mrs. Thomas Hughes, who has been visiting her daughter, Mrs. O. C. Watson, will leave tomorrow for her home at Albuquerque.

Captain W. C. Reid, assistant United States attorney, arrived from Las Vegas to represent the government in the case before United States Commissioner J. P. Victory against the postmaster and his assistant at Pecos. Captain Reid represented the government this afternoon at the hearing before United States Commissioner Victory and A. B. Renshaw the defendants.

County Surveyor J. L. Zimmerman and his surveying corps have returned from southern Santa Fe county, where they completed the survey of the Glorieta and Canoncito precincts and a part of San Pedro precinct. They found considerable real property paying taxes to Bernalillo county, which should pay taxes to Santa Fe county, and also property that does not appear upon the assessment books of any county at all. They found the range in the southern part of the county in excellent condition and sheep in very good shape. If the weather continues favorable the increase by lambing in the beginning of May will be unprecedented.

For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger, of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by all druggists.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. Sold by Alvarado Pharmacy.

LAS VEGAS.

From the Record.

Bishop Kendrick will remain the guest of Rev. George Selby until next week.

Charles Leonard and family left for Trinidad, where they will make their future home.

Ollie Erickson has returned from his trip to Santa Rosa, where he spent several days attending to business matters.

Ignacio Lopez, who has for some time past been employed in the west side postoffice, as assistant, will resign his position and will seek employment elsewhere.

Judge Mills and the other court officials will leave Sunday night for Clayton to hold the March term of Union county district court, which will convene on March 3.

Rev. Father Bourgade, of Santa Fe, has transferred to William Frank, of Los Alamos, the right, title and interest to certain land situated in San Miguel county. Consideration, \$1.

The social given by the members of the Fraternal Brotherhood in honor of Rev. J. Stage, D. S. P., was a decided success. The hall was well filled with members and friends, who spent the evening very pleasantly in social chat, music, games and recitations. One of the leading features of the evening was a cake walk by two prominent young men, who are certainly artists. Delicious refreshments were served during the evening.

From the Optic.

The new postmaster expects to qualify the first of March.

Rev. Father D'Amonte, S. J., is a very sick man at the Jesuit building on the west side.

The Epworth League cabinet had a business meeting and decided to telegraph for sixty new hymns in order to have them for use in the approaching revival services.

C. R. Van Houten, proprietor of Cimarron ranch, has become a resident of East Las Vegas, inasmuch as he

ACKER'S DYSPEPSIA TABLETS
cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians every where. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y.

L. M. CRAWFORD.

He Writes About His "Roast" and the License of Albuquerque.

SAYS HE WAS HELD UP.

Editors Citizen:

Topeka, Kan., Feb. 24.—My attention has just been called to an article in your issue of the 7th.

As you seem to be willing to publish "A Bit of History" of the opera house, I am sure your sense of fairness will not exclude my side, and that you will be glad to have your readers know what I have to say on the subject.

To begin with, I leased Colombo hall with W. J. Zirhut, who became a partner with me in the lease and the management of the business. Mr. Zirhut claimed to know the town and its people more thoroughly than it was possible for me to know it, and in consequence I depended much on his ability and knowledge and acquaintance to manage the house in a successful manner. Soon after the lease was made, I received advice from a mutual friend of Mr. Zirhut and myself that a scheme was on foot to drive us out of the business. The mutual friend evidently knew for they informed us the city license was to be increased to \$10 a performance. We did not have to wait long to have proof of the advice we had received, for at the very next meeting our license was increased to that figure for each performance. I immediately wrote my partner, Mr. Zirhut, that it would be impossible for us to continue the business and pay our bills unless the license was restored to the old terms of \$25 per year. He was powerless, in fact, was informed that the job he was holding down depended on his silence; while the very party that should have been his friend, was carrying the scheme through the city council, with the determination of preventing us doing a profitable business. The party who was instrumental in getting the new license ordinance passed made the boast that if he could not run the theater business in Albuquerque, no one else should run it at a profit. I congratulate him on being correct in that respect, and ask the people of Albuquerque how many business institutions there are in the city that can stand a tax of \$10 a day.

I have no objection to your paper giving me "a roast" if that will do any one any good. I am not "thin skinned," so if you will just be fair enough to give all the facts, and let the people of Albuquerque know what influences are being used to throttle certain lines of business, then you and your readers will better understand why a business "held up and robbed" in this manner cannot pay their legitimate bills.

Mr. Zirhut and I were at much disadvantage in our efforts to give some entertainment to the citizens of Albuquerque, and instead of being "held up and robbed" of the receipts of our business, the citizens of Albuquerque should have commended us for our efforts to give them a temporary place of amusement. We were doing the very best possible under the circumstances. But no, the "Big Bulldozer" of the town made his threat and he has carried it out. I am satisfied, if he is. And if the citizens of the town will countenance that sort of thing, then the sooner the traveling companies find it out and cut the town from their list the better. I shall do my part, and believe I can accomplish something in that way. I have no desire to waste my energies in trying to secure attractions that are not wanted or appreciated. This is too big a country, and there are too many liberal wide awake towns to waste time in fighting. Life is too short. I learned a long while ago to not worry, but if anybody had to worry to let it be the other fellow.

Now, while "The Knocker," through the council that he seemed to control, has thought he was worrying Zirhut and myself, it has been a lot of his friends and neighbors. If they are satisfied with the kind of treatment we are getting they ought to be satisfied with the kind of treatment they are getting from us. Perhaps, when the city council wants to treat Crawford and Zirhut fair they may not find we are quite so black as some choose to paint us.

I have nothing but the kindest feeling for Mr. Zirhut, as I believe he intended to do what was right, but he has been too good natured, and allowed certain people to impose on him through pretended friendship, and who, after receiving the courtesies he extended done us all the harm possible.

Mr. Matson has also done the best possible under the circumstances, and is entitled to much credit for his efforts.

Now, if Albuquerque is such a good show town let the folks that have done the "knocking" try it, and see how many big shows he gets and how much money he makes. The citizens of Albuquerque will learn in time that they cannot compel people to come into the town to do business at a loss. No such license is paid in any town in the country. In Kansas City and Omaha the license is only \$100 a year. In Topeka it is only \$25, and the same in Las Vegas and El Paso.

So far as the class of shows we have played there this season they are as good as it is possible to get to play a town so remote as Albuquerque, and

Doctors
Consult your doctor. If he says, "Take Ayer's Cherry Pectoral for your cough," then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing. Physicians have been our friends for 60 years.

"For five years I suffered with bronchitis. A few weeks ago I began to take Ayer's Cherry Pectoral, and only two bottles entirely cured me."

Daniel B. Lipps, Alta, W. Va.
25c., 50c., \$1.00. J. C. AYER & CO., Lowell, Mass.

His Wife's Weak Heart.

It is a singular thing that in the popular view of disease the interdependence of the several organs of the body is lost sight of. The heart, for example, is diseased and it is treated as if it were entirely separated from, and independent of, every other organ.

The fallacy of this opinion is shown by the cures of heart "trouble," liver "trouble," kidney "trouble" and other so-called "troubles," effected by the use of Dr. Pierce's Golden Medical Discovery. Primarily the "Discovery" is a medicine for the cure of diseases of the stomach and blood. But it cures diseases of organs seemingly remote from the stomach, because these diseases have their origin in a diseased condition of the stomach and its associated organs of digestion and nutrition.

"I doctored with three different doctors for weak heart, but they did me no good," writes Mrs. Julia A. Wilcox, of Cuyahoga, Wood Co., Ohio, Box 52. "I was so tired and discouraged if I had had my choice to live or die I would have preferred to die. My husband heard of 'Golden Medical Discovery' and he bought a bottle. I took that and the first half seemed to help me. I took six bottles before I stopped. I am perfectly well, and am cooking for six boarders. It has been a God-send to me."

Dr. Pierce's Pleasant Pellets cure constipation.

especially with no better house than we had to offer them.

I regret very much the disadvantage we have labored under, but am sure we are not wholly to blame.

Thanking you in advance to give my side of the question, I remain, yours very truly,

L. M. CRAWFORD.

Bilious Colic.

H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

A Night Alarm.

Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three-year-old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Refuse substitutes. Sold by Alvarado Pharmacy.

It Was a Good Game.

The match game of base ball between the Deming and Silver City base ball clubs last Sunday resulted in a victory for Captain Hugh Williams' Deming boys by a score of 23 to 18. Colonel Thomas Hughes of the Albuquerque Citizen chaperoned the Deming club and took their victory enthusiastically.—Deming Herald.

The most reliable preparation for kidney troubles on the market is Foley's Kidney Cure. Sold by Alvarado Pharmacy.

Railroad Topics

The coal order for the Santa Fe Pacific at Gallup this week has been 185 cars, sixty-five of them to be gondolas.

Frank Congdon, who a few weeks ago left for Raton, N. M., where he became shop clerk, returned to Topeka.

Senator W. H. Andrews and party of Pittsburg capitalists are in Santa Fe today. They are expected here tomorrow.

Engineer Martin has returned to Las Vegas division from the San Marcial division, where he has been working for a few weeks.

Alderman Garduno has resigned his position with the Santa Fe Pacific railroad at Gallup to take effect March 1. He will probably go to the Valley road.

Engineer Lynch and Fireman Doanman left for the north on Engine No. 200, which is en route to the Santa Fe shops at Raton from the Santa Fe Pacific.

John Becker, who has been on the sick list for several months, Monday went to work again, taking out his engine on the Lamy run of the Santa Fe railway.

The Pecos Valley railway put on a new time card last Sunday, the chief change being the lengthening of the running time between Carlsbad and Amarillo.

Fifteen Julian and Roots, who formerly fired on the Las Vegas division, leaving a few weeks ago for Albuquerque, have returned to Las Vegas for a few days.

The Las Vegas tie picker will resume operations on March 10, under the management of George Noyes until April 1, when W. E. Buckhalter will take charge.

H. A. Simms leaves tonight for Winslow, where he will assume charge of the car department as its new foreman. Mrs. Simms has been at Winslow for the past few days.

Engines Nos. 252 and 253 passed through the city from the east, en route to the Mexican Central. Both are new engines and will be assigned to mountain service.

There is a rush of business in the Topeka pattern shop just now, the work in connection with the new engines which the Santa Fe is building being largely responsible for it.

The Santa Fe Railway company has given notice at Las Vegas that the position of engine inspector has been abolished, the engineers now being required to inspect their own engines.

W. B. Scott, division superintendent of the southern and western divisions of the Santa Fe has been promoted to the general superintendency of the Pecos valley division of the Santa Fe system.

The finance committee to solicit funds for the banquet to Senator W. H. Andrews, and party on Friday evening, at Santa Fe, has secured \$350 for that purpose and a fine banquet is promised.

The Santa Fe engineering corps, which has been working between Las Vegas and Lamy for several months, under Assistant Engineer Grant, surveying preliminary lines for a new roadbed, will be pulled off soon.

The wife and family of H. L. DeBerry, agent for the Hisebe road at Deming, arrived from El Paso last Tuesday and are now busy fixing up for house-keeping in the corner house of the Shakespeare cottages on Pine and Zinc streets.

J. A. Gorman, a brakeman on the Raton division, who had one of his legs broken at Maxwell City on Friday afternoon, while switching some cars, was brought to Las Vegas Saturday evening and taken out to the hospital for treatment.

The designated place where the Liberty-Dawson-Rock extension will cross the Santa Fe tracks is about two miles east of Dover, and the manner of crossing it will be by a bridge built over the Santa Fe in the shape of an extended arch.

The Topeka State Journal says: Cal Hayes, who recently quit a foreman's position in Topeka shops, has gone from Albuquerque, N. M., where he first stopped, after leaving here, to San Bernardino, Cal. He has been following the machinist trade.

The Santa Fe Railway company has completed wells at Drake and Haviland, in Arizona. Water was found in large quantity at a depth of over 400 feet at Haviland and about the same depth at Drake. Air compressors will be put in at both places shortly.

The engineers have arrived from Denver, and work on ballasting the Santa Fe road between Las Vegas and Raton will begin at once. It is the plan of the Santa Fe to reballast their road bed with rock and cinders the entire length of the line, from Chicago out.

Vice President W. S. Hopewell, of the Santa Fe Central railway, received word that Senator W. H. Andrews and party will arrive in Santa Fe today noon. The reception and banquet for the visitors will take place at the Capital city on Friday evening.

C. C. Rees, who has been working with the Grant engineering corps for some months as transit man, will leave for Charlotte, N. C., when the present force is pulled off, when he will take a similar position. Mr. Rees will be accompanied east by his family, who have been making their home in Las Vegas.

A force of Lantry Brothers' men are at work putting in granite abutments for a new at-grade bridge across Sacramento river, four miles west of Yucca. Rock for the work is being gotten out at a point below the site for the bridge, and Indians and other workmen are loading this broken stone on the cars. The bridge will have seven piers and

Many School Children Sickly.

Mother Gray's Sweet Powders for Children, used by Mother Gray, a nurse in Children's home, New York, break up colds in twenty-four hours, cure feverishness, headache, stomach troubles, teething disorders, move and regulate the bowels, and destroy worms. Mrs. Emily Morrison, Meriden, Ct., says: "It is the best medicine in the world for children when feverish and complaining." Sold by all druggists or by mail 25c. Sample free. Address Allen S. Olmstead, Le Roy, N. Y.

will be one of the most substantial structures on the road.

The New Mexican says: County Surveyor J. L. Zimmerman reported that upon the request of the board of county commissioners he had investigated the complaint of the citizens of Canoncito in reference to a public road fenced in by the Atchison, Topeka & Santa Fe Railway company. The road was built seventeen years ago by public subscription from Ojo de la Baca to Lamy and Canoncito, and was a public road. Later the railroad company in fencing the land on both sides of the track, to prevent the running of sheep or cattle on the tracks, closed up this road. Mr. Zimmerman found facts as reported and the board of county commissioners will probably ask the railway company to remove its fence nearer to the tracks at the places where it closes the road.

Hal S. Ray, passenger agent of the middle district of the Rock Island road at Philadelphia, has been appointed general agent of the road for Colorado and Utah, with headquarters at Denver. Mr. Ray succeeds W. H. Firth. He left for Philadelphia and will return to Denver to remain the first of March. Mr. Ray was born in 1859 and entered railway service as a clerk in the office of which he was head previous to coming to Denver. Later he was a traveling passenger agent of the Denver & Rio Grande road, with headquarters at New York, again entering the service of the Rock Island as assistant city passenger agent at Des Moines. From there he made city ticket and passenger agent at Wichita, Kas., being promoted later to be district passenger agent. He went back to Pennsylvania as traveling passenger agent, and in July, 1899, was put in charge of the middle district.

Clerk's Wise Suggestion.
"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co.

Foley's Honey and Tar cures the cough caused by attack of la grippe. It heals the lungs. Sold by Alvarado Pharmacy.

NEW TIME CARD ANNOUNCED.

Rock Island Railroad Deviates From Time Card First Adopted.
After a year or more of work officials of the Rock Island road have announced details of the opening of the El Paso extension of the line. Contrary to expectation the Rock Island will operate a through train service from Chicago to El Paso. At first it was believed by owners of the system that a through service from Chicago would be too long, but after due consideration it has been decided to run solid trains from that city to the Mexican border.

The new schedule will become effective March 1, and provides for a through train to depart from Chicago daily at 11:30 p. m.

The El Paso connections will be made with the Southern Pacific for California and with the Mexican Central for points in Old Mexico. This will be a surprise to railroad officers as there has been no intimation that the Rock Island intended to establish through service to California from Chicago via the new El Paso extension.

There has been a change of time announced for the through Rock Island train to be put on between Kansas City and Los Angeles March 2. The new train will go by way of the new El Paso extension from Liberal, Kan. It was originally scheduled to leave Kansas City at 8:50 p. m., but last Saturday notice of a change was received in Topeka. The new train will leave Kansas City at 9:50 p. m., thus enabling it to establish a connection at Kansas City with the thirty-six hour through Wabash train from New York to Kansas City. The effect of this connection will be to give the Wabash and Rock Island the fastest service between New York and Los Angeles. In offering this fastest service between New York and California, the Rock Island contemplates making a strong bid of the transportation of transcontinental mail.

NEW YORK SUN'S STORY.

Quotes President Ripley as Authority for El Paso Extension Rumor.

The following is from the New York Sun, and is given for what it is worth, although it is open to question:

"President E. P. Ripley, of the Atchison, Topeka & Santa Fe railroad, which owns the Pecos Valley road in Texas, authorizes the announcement that the last named companies will construct a line from Roswell, N. M., to El Paso, 100 miles. This new line is designed to compete with the Rock Island route. The Atchison, it is said, is contemplating the purchase of the Rio Grande and Sierra Madre road from El Paso to Nueva Casas Grandes in Mexico." It looks as though the Sun was being worked by somebody at space rates. The above story has been denied by the officials.

CONFERENCE AT LOS ANGELES.

Santa Fe Coast Lines Trainmen Want More Pay.

A Los Angeles dispatch says: Chairman F. L. Cleveland, of the Brotherhood of Trainmen employed by the Santa Fe system in this territory, and several of his colleagues, expect to meet General Manager A. G. Wells and General Superintendent Shepard in a few days, the object being to discuss subjects of mutual interest to employer and employees. Accompanying Mr. Cleveland are Charles Blair, third vice grand master of the grand lodge of Brotherhood of Locomotive Firemen, Traveling Representative Burke of the same order and Chairman Hur-

ley of the engineers. The session will have under discussion the question of a raise in wages of the trainmen.

TO OPEN NEW SHOPS SOON.

Rock Island is spending \$150,000 for improvements at Chickasha.

W. H. Herbig, commercial freight agent of the Rock Island, returned to Wichita from Chickasha, I. T. He said, in speaking about the territory town: "The Rock Island machine shops at that place are now ready for the machinery, and it will soon be installed. The company is also building fourteen additional engine stalls to the roundhouse and the improvements which the railroad is making there will amount to \$150,000. The grading for the new track from Watonga to Greary is nearly completed and the steel gang will begin work next week."

A Legacy of the Grip.
Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

Colombo Hall.
For dancing parties, lectures, etc., for dates apply to O. A. Matson, agent.

A HARD FIGHT.

Santa Fe Trainmen Making a Fierce Struggle for More Pay.

Until 6:15 Monday night the Santa Fe officials and Santa Fe conductors and trainmen continued their conference in the directors' room at the general office building. Third Vice President Kendrick thinks that today's conference will end the negotiations.

Nothing is being given out as to the progress of the work, or the probable outcome. The employees are afraid to say anything for fear of prejudicing their case and the officials are not willing to admit that they have any notion of changing their original decision, not to grant any increase in pay.

The length of the conference gives ground for the belief that the trainmen expect to make this conference an epoch, and will go to the last extreme, to force the officials into a compliance with their demands. The possibility of a strike menaces the road unless it complies with the request for higher pay.

The conference are packed into the moderately small room provided for the directors. There is hardly room left to walk between the chairs. Three or four stenographers work in half hour shifts taking down the testimony. The testimony is being worked up into manuscript form as fast as given. The stenographers for Third Vice President Kendrick, General Manager Mudge and General Superintendent Hurley are all here taking testimony.—Topeka State Journal.

COULDN'T DO IT.

Milk Diet Failed.

Food that will actually lift one out of a sick bed is worth knowing of. A Chicago lady writes, "I want to tell of a positive cure Grape-Nuts Food has made in a case that was considered almost hopeless."

"I know you do not look upon Grape-Nuts as a medicine but, inasmuch as the food certainly does build up worn out systems, it seems to me it is closely allied to a tonic. Now about the cure."

"Last Spring a dear girl friend fell ill and was taken to one of the hospitals, but weeks before entering the hospital she had been able to take nothing but milk to nourish her, all other foods distressed the stomach so much that she tried to live on the milk alone."

"The doctor in the hospital endeavored to keep her alive with broth and other food, but her stomach refused to retain anything but milk, and very little of that at a time."

"I worked away at the resident physician until he consented to my taking her home to see what the change would do for her. The poor child was so very weak and nervous and so frail that I felt quite dubious about the outcome, nevertheless I knew enough about Grape-Nuts Food, which I intended to give her, to feel that it would bring her out. After she had rested a little while I warmed some milk and poured it over a tablespoonful of Grape-Nuts and persuaded her to take it. She did so with fear and trembling, for she did not expect to keep the food down. After giving her the food I started to read her a story, and although it was an interesting one, she fell asleep. When she finally awoke her first words were, 'Did I really keep the Grape-Nuts?'"

"She had kept them but could scarcely believe it. After two or three hours I gave her a little more with the same good result. Gradually and cautiously I increased the amount until after a few days she was able to eat a saucer full with no bad effects."

"She lived on Grape-Nuts entirely and gained strength so rapidly that she soon recovered, and now recommends Grape-Nuts to all her friends. She says she would be glad to have anyone who is suffering from stomach trouble write her, and she will tell what Grape-Nuts Food has done for her, and how grateful she is to the man who had the foresight to manufacture a food already digested so that weak stomachs can take it. Her name is Lillie M. Gestalt, 4416 Wabash ave., Chicago."

"A clergyman of our acquaintance eats a dish of Grape-Nuts before preparing his sermon. I asked him once if he got inspiration from the food. He said, 'Not only that, but it seems to clear my mind and make my "thirdly" and "fourthly" come much more quickly. Just think about one's stomach not having to think about digesting Grape-Nuts at all, they have done the digesting themselves, and all we have to do is to tuck the palate by swallowing them.' This same gentleman assured me that he would rather dispense with any article of food on the table than Grape-Nuts."

"We eat the food regularly with sometimes a little fresh or canned fruit added. We call it our 'tonic.' My husband joins in thanking you heartily for its manufacture." Name given by Postum Co., Battle Creek, Mich.

Beauty's Blood Deep

How untrue the old adage "Beauty's Skin Deep." How many women of beautiful features marred by impure blood try in vain to get a pure complexion by doctoring the skin. The quickest, surest, only way to beauty is to cleanse the blood.

"I have been taking Cascarets for pimples and have been greatly benefited."
—Miss Gertrude Grant, Cambridge, Mass.
"I am very well pleased with Cascarets. They are for the complexion."
—Miss Catherine C. Colman, S. English, Ia.
"Cascarets will clear the complexion of blemishes and blackheads caused by impure blood."
—A. E. Griffin, M. D., Stubbins, Texas.
"Cascarets have done a great deal of good for me and for all our family."
—Miss Florence Cook, Webster City, Ia.

"I must add my testimonial to your valuable medicine Cascarets for stomach trouble."
—Irene Ackerman (maison elegée), 30 West Fifty-seventh Street, New York.
"I was suffering with sick headaches a great deal, but after taking a box of Cascarets, am entirely cured."
—Miss Clara Stummel, 22 So. Sandusky Street, Delaware, Ohio.
"Cascarets did me a world of good. My liver was in bad condition for some time and you box cured me."
—Miss Mabel Allen, Clare, Michigan.

How many, many young women are anemic, pale, sickly-looking, perhaps with pimples on face and neck, owing to poor, unhealthy blood. Perhaps womanhood is approaching, that serious time of life when irregularities are liable to break down a constitution. The first rule for purifying and enriching the blood is to keep the bowels free and natural, gently but positively, without nervous shock, and Cascarets Candy Cathartic is the only medicine to do it.

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C C C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Company, Chicago or New York.

E. L. Washburn.
112 South Second street.

LOCAL PARAGRAPHS.

United States Marshal Frank Hall is in the Chilli district today serving jury venire.

Miss L. C. Jaques, of Washington, D. C., is visiting with Mrs. O. H. Erwin on South Walter street.

John E. Brewer, insurance agent, is moving his office from the Commercial club building to the Cromwell block today.

Attorney A. B. McMillen and wife, who were at Santa Fe the past two or three days, returned to the city last night.

W. J. Wright, who came here last fall from Dennison, Ohio, for his health left last night for his return home on the advice of his physician.

L. B. Miller and wife, of El Paso, who are quite well known in Albuquerque, passed through the city this morning en route to Kansas City.

Wm. Farr expects to remove into his new and enlarged meat market on South Second street next Monday. The new market has every convenience.

Judge Baker was busy today moving into his new home in the Ernest Meyers house on North Second street, and the cases, which were to be tried, were postponed until tomorrow.

M. J. Riordan, secretary for the Arizona Lumber company, is in the city today, and will leave tonight for his home at Flagstaff. Mr. Riordan is just returning from a business trip to El Paso.

Tonight at Grant's hall will occur the second February dance given by the Twentieth Century Social club. Mrs. Rose Berry has been secured to furnish the music and a good time is expected.

The signs ordered by the city council for the viaduct, by which riders and drivers of horses are ordered to limit their speed to a walk, have been put in place. It costs from \$10 to \$20 to disregard the law.

C. H. Erwin, who came here about two weeks ago from Chicago, with his wife, left on his return this morning. Mrs. Erwin remained in the city. Mr. Erwin expects to return in a couple of weeks and make Albuquerque his home.

M. R. Otero, register of the United States land office at Santa Fe, and daughter, Miss Virginia, returned home this morning after a few days visit with friends and relatives in this city. Miss Otero also visited a few days at Socorro.

F. H. Bogh received a telegram that his wife was in a very critical condition at Allentown, Pa., and summoning him to her bedside. He left at once. Mrs. Bogh is a sufferer from cancer and several operations have failed to check it.

Fred Rankin, a brother of Don J. Rankin, is here from Roswell, and is a witness in the brewery case, testimony now being taken at the law office of Judge W. D. Lee. Mr. Rankin is the ice factory man of Roswell, and he is prospering.

The 4 months' old child of Mr. and Mrs. Charles Lewis, died at the home of its parents on West Coal avenue yesterday morning of infantile trouble. The funeral will be held from the church of San Felipe de Neri tomorrow morning at 10 o'clock. Interment is to be made at Santa Barbara cemetery.

Lieut. H. A. Platt, of Guthrie, Oklahoma, where he was employed on one of the newspapers of that city, is here and was introduced at the Citizen office by Dr. L. H. Chamberlin. Mr. Platt was an officer in the First Territorial regiment organized during the war with Spain. At present he is in poor health.

Paul Morton, vice president of the Santa Fe railroad, passed through the city this morning in special car No. 220, en route to Denver. Mr. Morton was accompanied by his wife and daughter, Miss Nina, and his father, J. Sterling Morton, ex-secretary of agriculture, and J. B. Morren and wife, of Chicago.

S. B. Crockett left last night for Trinidad, Colo., and Mrs. Crockett will follow in a few days. Mr. Crockett, who has been employed as manager of the Armour Packing company's station of Albuquerque, has been transferred to Trinidad to manage a large supply house belonging to the company at that place. L. B. Warren, of Trinidad, has succeeded Mr. Crockett as manager here.

News reached the city of the death of Rev. Edward Vance, which occurred at Denver last Monday. Rev. Vance came to Albuquerque about a year ago, and for several months occupied the pulpit at the Baptist church. From here he went to Deming as pastor of the Baptist church at that place. After a few months he resigned his position at Deming and went to Denver. His body was shipped to his old home at Morris, Ill., for interment.

Yesterday afternoon at the home of Mr. and Mrs. J. C. Hannum occurred the funeral services of George Elliott Hannum. The school children of the room at which the young man attended were present in a body. Members of his class acted as pall bearers. Many beautiful floral tributes were tendered by the young man's many friends as an expression of sorrow and regret at the loss of one who they much loved. Rev. W. J. Marsh officiated. Interment was made at Fairview cemetery.

Free Concerts.

There will be free concert, followed by a dance, at the Orchestra hall on Saturday night; also a concert Sunday afternoon. Everybody invited.

"Uncle Josh Sprucey" comes to this city well recommended and highly praised by critics and theater-goers. The patrons of this production will find it well staged and costumed and the characters in the hands of people who work hard to please, and succeed. It may safely be said that this performance will be found one of the best ever seen here.

If the Best is Good Enough You can get it at Hahn's. Everything in the fuel line. Both 'phones.
