RODEY'S BILLS.

Public Building for Albuquerque Included.

Tillman and McLaurin Temporarily in Favor.

Last Transports From Philippines Have Rough Weather.

CORBETT AND MCGOVERN ADJOURN.

Special to The Citizen.
Washington, D. C., Feb. 25.—
Delegate Rodey today introduced a bill appointing the governor, the delegate and the president of the last council, a commission to reapportion the territory of New Mexico according to the last census.
He also introduced a bill approving the acts of the last legislature in issuing bonds for the insane hospital, agricultural college and military institute; and in regard to the Navajo lease of mineral land for twenty-five years on a royalty.
Another bill introduced provides for a public building at Albuquerque.

GOOD BOYS NOW.

Tillman and McLaurin Will Get a Senatorial Spanking Later.

Washington, Feb. 25.—The names of Tillman and McLaurin have been restored to the roll of the senate. President pro tem Frye said:

"In my ruling yesterday, I believe I was strictly within parliamentary laws but, desirous of shifting the responsibility from the chair to the senate, I directed the clerk to restore to the roll the names of the two senators."

Inquiry developed the fact that at a conference of republican leaders, it was decided that a resolution should be formulated providing for the temporary suspension of the two senators and this will be presented to the senate tomorrow.

The senate adjourned fifteen minutes after convening as a mark of respect to the late Representative Rosseau Crump, of Michigan.

The house resumed consideration of the diplomatic and consular appropriation bill today.

TRANSPORTS IN.

The Hancock and Rosecrans Encounter Many Storms.

San Francisco, Feb. 25.—The United States transport, Hancock, arrived from the Philippines early this morning with 1,022 soldiers on board. There were three deaths on the voyage, which was a stormy one, and two men were swept overboard and drowned. The Rosecrans, which arrived last night, brought 591 returning soldiers. Most of the troops belong to the Twenty-second infantry.

Unable to Agree.

Cincinnati, Ohio, Feb. 25.—Being unable to agree upon weight, the representatives of "Young Corbett" and Terry McGovern adjourned until this evening.

GEORGE ELLIOTT HANNUN.

His Death Occurred at His Brother's Home Early This Morning.

George Elliott Hannun died at the home of his brother, J. E. Hannun, at 1001 North Third street a few minutes before 2 o'clock this morning. Death was caused by heart disease. The deceased was born on August 2, 1887, at Larrimore, N. D., and when a year old moved with his parents to Denver, Colo. Last summer he, with his mother, Mrs. Isabel Hannun, went east on a visit and before returning to their home at Denver came to Albuquerque for a visit with their brother and son here. They arrived the fore part of September, and were so well pleased with the climate that they decided to stay. The young man attended the Central school up to the time he was taken sick. Three weeks ago tonight George, with his mother, were invited to spend the evening with Mrs. A. S. Sweetland on South Sixth street. The young man was taken suddenly ill with pneumonia and was not moved to his brother's home on North Third street until last Thursday, when he was considered out of danger. On Friday, complications set in, and last night the end came. The funeral will occur at 2:30 on Wednesday afternoon at the residence. Interment is to be made in Fairview cemetery. Rev. W. J. Marsh will preside.

Glenn Bearup, George Dean, Chas. Myers, Clarence Rogers, Isaac Singer and James Cole, members of his class at the Central school, will act as pall bearers.

DISTRICT COURT.

Judge Baker Will Arrive Tomorrow Evening—Jury Venires.

NEW SUITS FILED.

Judge B. S. Baker, formerly of Omaha, Neb., the new associate justice of the territorial supreme court and judge of this district, will arrive here tomorrow evening, accompanied by his family. He left his former home last evening. For the present, Judge Baker will occupy the house of Ernest Meyers, on North Second street.

The venires were issued this morning for the United States and territorial juries. The grand jury will meet March 17 and the petit jury on March 24, as United States Attorney Childers will be engaged in the trial of a case at Santa Fe which will be commenced March 10, and will probably last two weeks. The venires were placed in the hands of United States Marshal Foraker and Sheriff Hubbell for service.

Mary Carter Williams has brought suit for divorce from Edgar A. Williams. She says they were married at Santa Fe on February 14 of last year by Rev. H. Ellsworth. She charges him with failing to support her and says that since last December he has not contributed anything to her support. She is living with her mother and wants her maiden name of Mary Carter restored.

Brijida Jaramillo de Luna also wishes a divorce from Atado Luna. They were married August 12, 1895, and lived together until March 16, 1899. She says that during this time Atado treated her cruelly and threatened to kill her. On the last named date, she says he abandoned her. They have one child living, who is now 6 years old.

Gust E. Gustafson has sued A. J. and Adelia E. Maloy for a balance of \$333 which he claims is due on the construction of a building erected on lots 13 to 17, inclusive, in block 21.

A number of suits on account have been filed. Melin & Eakin ask \$195.50 from Royvae & Gonzales, and \$107.13 from N. F. Kosanovitch for goods claimed to be furnished. Willard Brothers, cigar manufacturers of San Francisco, ask \$151.25 from Charles Heisch, and E. B. Quickel sues W. P. Metcalf to collect a note for \$500 said to have been given April 28, 1899, for one year.

Watrous Defeated Las Vegas

The shooting match held at Las Vegas between the Watrous and Las Vegas gun clubs proved a victory by a small margin for the boys from Watrous, the score being 80 to 74. The match was an exciting one. Each man shot twenty-five clay birds, or 125 for each club.

Those shooting for Watrous were Thomas Tipton, J. A. Rolls, Charles Watrous, Charles Tipton and James Rutledge.

For Las Vegas: A. R. Quinly, S. R. Dearth, A. A. Nauth, Mr. Hubbard and Ralph Oldham.

The Watrous boys were accompanied to the city by R. V. Clark, J. Bean, Rev. Nesser and V. E. Pierce.—Record.

No Offer Yet.

London, Feb. 25.—Colonial Secretary Chamberlain, in a question of commons today, informed a questioner that Lord Milner had not received any communication from General Botha offering to surrender.

Wife Murderer Arrested.

New York, Feb. 25.—Joseph Wilfred Blondin, who is accused of the murder of his wife near Boston last June by cutting off her head, was arrested at police headquarters here today.

LAUNCHED.

Emperor's Yacht is in the Water.

Magnificent Bracelet Given to Miss Roosevelt.

The President and Prince Henry Cheer Each Other.

MESSAGE TO THE EMPEROR.

New York, Feb. 25.—The special train bearing President Roosevelt to the launching of Emperor William's yacht, the Meteor, reached Jersey City at 6:40 a. m. The president remained on board until the arrival of the prince's train, a few minutes afterward. Soon after 8 o'clock the president, the prince and suites embarked on a boat for Shooters' Island. A fine rain was falling.

The crowd at the railroad station cheered Prince Henry heartily. President Roosevelt was accompanied by Mrs. Roosevelt and Miss Alice Roosevelt. He lifted his hat repeatedly to the cheering multitude. On the ferry boat the president joined the prince on the upper deck, where they remained some time in view of the cheering passengers on the crowded ferry boats. The president and Prince Henry arrived at Shooters' Island at 9:30.

Presidential and royal salutes were fired, and Shooters' Island presented the appearance of a military encampment. Two battalions of naval militia were posted between the landing stage and the scene of launching. They were supplemented by a squad of petty officers and sailors from the Hohenzollern. Police swarmed everywhere. In the bay, revenue cutters and police patrol boats kept the excursion fleet back of an imaginary line.

In a drizzling rain and in the presence of a brilliant assemblage, amidst cheering and the roar of cannon the German emperor's new schooner-yacht Meteor, was launched.

The president, Mrs. and Miss Roosevelt, Prince Henry and the distinguished party accompanying them, were enthusiastically cheered on arriving at the platform built just back of the bow of the Meteor.

After greetings were exchanged, Miss Roosevelt broke a silver covered bottle containing German champagne on the side of the vessel. Immediately she seized a silver axe and severed the rope which released the weights holding the Meteor. The vessel went gracefully into the water with an American flag breaking out at the taffrail. American and German national airs were played, while from scores of craft containing excursionists came enthusiastic cheering. Miss Roosevelt wore a dress of sapphire blue velvet, a large black hat trimmed with ostrich feathers, fur muff and boa.

The presidential party and the prince proceeded to the hall, where luncheon had been prepared. The health of the prince was drunk and then Prince Henry said:

"On this occasion I wish to call for three hearty cheers for the president of the United States, Mr. Roosevelt. Hip, hip, hooray."

The prince waved his arms and the building shook with responding cheers. Then President Roosevelt raised his right hand and when there was silence said:

"I ask three cheers for the guest who has already won our hearts, Henry, of Prussia. Now, a good one." President Roosevelt's "hip, hip, hooray" was drowned in a roar of applause. Then the prince and the president shook hands warmly.

As the party started to leave the ball, some invited guest shouted: "Mr. President, I offer three cheers for the young lady who had the honor of launching the Meteor," and the cheers were given. The presidential party, prince and suite did not remain for luncheon. About 11:15 the party left Shooters' Island for New York.

The prince sent the following cablegram to the emperor:

"Yacht just launched under brilliant auspices. Christened by Miss Roosevelt's hand. Beautiful craft. Great enthusiasm. Congratulate you with all my heart. (Signed.) HEINRICH."

Before the luncheon given on the imperial yacht Hohenzollern in honor of President Roosevelt by Prince Henry of Prussia, a golden bracelet with a picture of Kaiser Wilhelm set in diamonds, was presented to Miss Alice Roosevelt by Prince Henry on behalf of his brother, the emperor.

After luncheon on the Hohenzollern President Roosevelt left to take a special train for Washington.

RAILROAD OFFICIALS.

Here Yesterday Afternoon and Last Night on Tour of Inspection.

A party of officers of the Santa Fe Pacific were in the city last evening on a tour of inspection. They arrived on a special train about 4 o'clock and left at 11:49 for the west. Last evening they were entertained by the Commercial club.

During the afternoon they visited the shops and other property of the company and went over the new hotel. Those in the party were: General Manager A. G. Wells, General Super-

intendent F. G. Shepard, of the coast lines; Santa Fe Pacific Division Superintendent I. L. Hibbard and John Denair, Southern California Division Superintendents W. B. Beamer and A. D. Shindler, Chief Engineer R. B. Burns, Andrew Johnson and James B. Duffy, city passenger agent at San Francisco.

Casados vs. Sara Valdez de Casados, and may the good Lord have mercy on their poor souls!

CAPT. A. M. FULLER.

He is Pleased With the Selection of Albuquerque for Military Post.

INTERESTED GENERAL CORBIN.

W. T. McCreight, of The Citizen, received the following interesting letter, of local interest to our people of Albuquerque, from Captain A. M. Fuller, who assisted in making the territorial fair of 1899 a grand success by his presence near with a troop of the Ninth cavalry:

Alcatraz Island, Cal., Feb. 20. W. T. McCreight, Albuquerque, N. M.: Dear Friend—Today's paper brings me the agreeable information that the efforts of The Citizen and mine (I may say this, remembering how I pleaded with the adjutant general while in Washington, in May, 1900), have been realized at last in the selection of Albuquerque as the site for a regimental post. I shall always bear the fondest recollections for Albuquerque and its many open-hearted and generous people, and especially your efforts to entertain me and my troop while at Albuquerque in the fall of 1899. I know that your city is the point for a large post. I knew it long ago, and did all my position would permit to bring the fact to the notice of Adjutant General Corbin. His great ability to realize military necessities has been, without doubt, the direct cause of your city being selected for a new post. I may never see you or my many friends in Albuquerque again, but I shall always have a warm place in my heart for it and for you all.

Mrs. Fuller, as well as myself, sends warmest regards to our Albuquerque friends. Most sincerely yours, A. M. FULLER, Captain Ninth Cavalry.

Note—I am here on duty as quartermaster and in charge of the United States military prison. Since seeing you and enjoying your hospitality, I have been in the Philippines, where I remained eight months, but had to come home. My troop is still in South Luzon.

The Town Flooded.

Wednesday night a break occurred in the Farmington ditch which flooded a good portion of the town, but happily, did very little damage. The banks had not been made secure where the cut had been made to place the mains for the water works, and when a good head of water was turned in they gave way, letting the whole flow of water down Wall street. It spread over the town in various directions, most of it going down San Juan street.

It wet the lower halves of considerable hay which the Hyde company had stored in the park, and flooded J. H. Bennett's tool chests. It also washed away the adobe underpinning of Evans' barber shop, and formed lakes in various portions of the town. If it was only cold enough to freeze the water the small boy could have a time.—Times.

Raymer a Bowler.

In a letter from Fred Raymer, the base ball player, it is learned that he is champion individual ten-pin bowler of southern California. At the Coliseum alleys, Los Angeles, the other night Fred won first honors with a score of 220. The event drew a throng of enthusiasts, and appreciation for good playing in the way of applause and cheers was generously bestowed. "The people out here," says Raymer, "are howling crazy and have many crack teams. Myself and wife expect to stop over in Albuquerque a week on our way back to Chicago the last of March. I have met many ex-Albuquerque people here and all doing well."

DELANEY DEAD.

He Was Found With a Broken Neck.

A Wreck on the New York Central.

The Mutilated Body of a Texas Girl Found in Bonham.

SANTA FE PROMOTION.

Special to The Citizen.
Cerrillos, N. M., Feb. 25.—Fred Delaney, who was switching cars on top, at the new hard coal mine in Williams gulch, near Madrid, one of the properties operated by the Colorado Fuel & Iron company, fell and was instantly killed this afternoon. The exact details will never be known, but as he was found lying under the cars, it is supposed he attempted to jump on the trip and slipped, when a car struck him, breaking his neck. Delaney was a young unmarried man of 23, or thereabouts, and well known here.

FIVE KILLED OUTRIGHT.

New York Central Passenger and Wreck Trains Come Together.

Auburn, N. Y., Feb. 25.—Five men were killed and two fatally injured early today on the New York Central near Auburn. A passenger train and a wrecking train collided head-on while rounding a curve at full speed.

The dead are: John Hazeman, engineer of the passenger train; Frank Hines, fireman of the passenger train; Edward Vine, baggage man; Engineer Durand and Fireman Scamuk of the wrecking train.

THE BODY FOUND.

A Texas Girl Who Was Murdered Last December.

Bonham, Texas, Feb. 25.—Parties out walking discovered the remains of Lena Prendergrass, aged 17, who has been missing since December 23 last. She had been murdered and her body concealed in a hollow stump. It was badly mutilated.

Scott Promoted.

Cleburne, Texas, Feb. 25.—W. B. Scott, division superintendent of the southern and western divisions of the Santa Fe, has been promoted to the position of general superintendent of the Pecos valley division.

MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, Feb. 25.—The market at the opening today was strong and some buying orders appeared, but in the specialties. The tone of the market was better and traders talked higher prices. The public seem to be much interested in the market and the trading is on a bigger scale. During the middle of the day there was some profit-taking. The advance in copper aided the whole market to brace up. Talk was generally bullish.

Mescalero Indians.

Industrious and Ambitious Follow Farming.

James A. Carroll, in charge of the Mescalero Indian agency, went up to Tulareosa, N. M., Saturday, accompanied by his wife, child and Indian maid, says the Alamogordo News.

"About the only thing of interest up our way," said Mr. Carroll, "is the recent order received by me from the secretary of the interior to issue permits for grazing cattle and sheep on the Mescalero-Apache reservation. This system will be inaugurated on April 1, and will bring in \$15,000 a year. The Indians have never before received a dollar for their grass, and the income from this source will render them independent of governmental aid within a year. The Indians under my charge are industrious and ambitious as a rule, and follow farming principally, tilling small patches in the fertile valleys of the canyons. Some of them have nice little herds of sheep."

Peddling of Meats.

At the request of parties interested, The Citizen publishes below that section of chapter XLV of the session acts of 1901, relative to the peddling of meats:

"Any person or persons hereafter engaged in the business of peddling beef in this territory, shall first obtain from the authority provided by law for the issue thereof, a peddler's license to carry on such business, and shall pay therefor the sum of two hundred and fifty dollars, said payment to be made annually in advance, and which said license fee when collected, shall be converted into the wild animal bounty fund of the county, wherein said sum shall be paid and collected. This act shall not apply to any person who may sell or otherwise dispose of any beef killed in good faith, for his own use, and this act is intended to apply only to such persons as make a business of peddling."

The second section of the same act provides penalties for violation of the provisions of the same, and section three provides that hides must be inspected before shipment and establishes the fee for inspection. Section four provides penalties for violation of section three. In section five, section ninety-two, compiled laws of 1897, is repealed.

John B. Sherman Dead.

Chicago, Feb. 25.—John B. Sherman, founder of the Union stock yards, died today, aged 77.

GENERAL MACARTHUR.

Directors of the Commercial Club Will Meet Tonight.

FORTHCOMING BRILLIANT AFFAIR

As stated in The Citizen yesterday, Major General MacArthur and party are expected to reach Albuquerque on Thursday morning of this week, and in the afternoon, with a committee of representative citizens, he will be taken on a drive throughout the valley in the immediate vicinity of the city and on the mesa to certain sites suitable for military purposes, which were recently noted down as good locations by a party, headed by Mayor Marron, who were out for a drive last Sunday a week.

In the evening the reception and ball will be held at the Commercial club.

Mr. Marron, as president of the Commercial club, is in receipt of a letter from Governor Otero, accepting the invitation of the former to attend the reception and ball to be given in honor of Major General MacArthur's visit to this city, and the governor will be present with members of his staff. Major Hardie and other Fort Wingate officers, with their wives, will also attend.

The directors of the Commercial club will meet tonight and appoint necessary committees who will have charge of the reception and ball in honor of the distinguished military visitor. The directors intend to make the event one of the most brilliant ever held by the Commercial club, and like all other military officers who have been entertained here, Major General MacArthur will return to his headquarters at Denver with nothing but kind words and praises for the hospitality of Albuquerque and her citizens.

Boarding House Burned.

Spokane, Wash., Feb. 25.—The boarding house at the Standard mine at Mace, Idaho, was destroyed by fire this morning. Four men, it is believed, were burned to death, and twelve injured.

STOCK NOTES.

D. Webster, the big South Dakota cattleman, was called to his home in Minneapolis on account of the illness of one of his children. Mr. Webster made no purchases while in Grant county, his offers being considered too low by local cattlemen.

A. J. Nesbitt, a stock buyer of Denver, while in Silver City, purchased 1,000 head of steers from the G. O. S. outfit near Georgetown. The cattle are steers of various ages and the prices paid were \$15, \$18 and \$21. The sale calls for May shipment.

The one great mistake in the treatment of cattle ranges that always proves most disastrous from a financial standpoint is overstocking, says an exchange. This is something which must always be guarded against, lease or no lease, and this reminds us that the worst depleted range we ever saw was contained in the fenced pastures of Texas, where twenty-five years ago we rode through the grass belly high, while at the same time the country was full of the greatest herds the state ever knew. The maximum number of cattle that can be carried on any square mile in the territory is the number the land will support during a poor season and this leads up to the plain proposition that it is the rains which make the range. Whenever this condition falls down there is bound to be loss and all the leasehold wire fences on earth cannot make more grass grow. God makes the grass and men steal it.

Stop and think, what has the knock-
er done toward building up the town?

The Farmington Hustler says: The
very latest—Choctaw & Gulf railroad
from Indian Territory to Durango,
Colo., via Albuquerque and Farming-
ton.

The black silk handkerchief that
sailors, and particularly British sail-
ors, wear knotted picturesquely at
their throats, was first worn as a mark
of mourning for Lord Nelson.

The use of twenty-two tons of sil-
ver dollars in making a bond payment
in Texas last week would seem to de-
note that there is one state which is
still true to Mr. Bryan.

Austria and Spain are claiming to
feel better, commercially, but troops
and strikers have been indulging in
gunplay at Trieste and Barcelona in
under martial law, with 40,000 work-
men jobless.

The Silver City Enterprise says: The
regimental military post which Albu-
querque is to get was obtained almost
entirely through the efforts of the
Commercial club of that city. Another
illustration of how which the people
of Silver City are overlooking by their
failure to have such a local organiza-
tion.

A court in Chicago has just decided
that the smooth nickel "goes,"—that
it is good, and is to all intents and pur-
poses a legal tender—in Cook county.
The status of the smooth quarter has
not yet been legally fixed; but all you
have to do if you run across one is to
get it changed into smooth nickels
and sent to Chicago.

In spite of Great Britain's costly
land war, which is piling up the na-
tional debt, the secretary of the Ad-
miralty wants an appropriation of 75
million dollars for new ships. It is
apparent that there is at least one man
in England who does not propose to
allow Britain's title to be called the
"Mistress of the Sea" to be impaired.

The Britishers are gathering up the
wild, untamed, and buckskin cayuse
of Montana and Utah. About three
thousand are waiting shipment at Salt
Lake and Grand Junction. The cayuse
is not always ornamental but he is
educational ever, and the chances are
the British army will know a whole
lot before that consignment is used up.

The Las Vegas Optic, in a just com-
ment, says: When the army board
recommended Albuquerque as a site
for an army post the New Mexican fell
all over itself to congratulate the Duke
City, declaring that Albuquerque had
always been first choice to the New
Mexican next to Santa Fe. Now that
there is a hitch in the procedure the
New Mexican's proprietor is leaving
no stone unturned to defeat Albuquer-
que's ambition.

PRINCE HENRY.

The great steamer Kron Prinz ar-
rived Sunday morning, one day behind
the time hoped for, owing to the storm
she had to face on the Atlantic. Prince
Henry of Germany, who throughout
the voyage was a pleasant, sociable
and democratic passenger, was given a
fitting and hearty reception at New
York, both officially and socially,
though it was by no means what had
been planned for the hoped-for arrival
on the previous day, and on yesterday
the prince was the guest of President
Roosevelt at Washington. There is,
throughout all of it, the idea that the
American hospitalities are being ex-
tended not merely to a representative
of a government and a navy but to a
great and progressive nation, one of

the foremost powers of the world, a
nation which is at the front in enlight-
enment, in science and industry, and
with whom our own government and

MISS STONE IS FREE.

The actual release of Miss Stone and
Mrs. Tsilka, many times rumored, ac-
tually came to pass Sunday, and the
two women arrived at a small railroad
town in Macedonia safely, whence
they can proceed to Salonika and shel-
ter. A thrill of joy will be felt through-
out the Christian world as the news is
received that at last Miss Stone has
been preserved unharmed through un-
counted dangers, and it will seem like
a striking answer to the prayers of
thousands of anxious friends of the
missionary cause. The good news has
been published in big type in all the
newspapers. Miss Stone will be wel-
comed back to friends and to civiliza-
tion with tears of joy. The generous
ones who contributed the great sum of
money to accomplish her ransom will
be only a small number of those who
are glad that this noble woman has
been delivered from dreadful dangers
and captivity. Yet, after all, she is but
one of millions. If divine Providence
watched and guarded her in the dark
perils of the mountains of barbarity,
if a paternal Power accomplished her
rescue, then the most humble, least
known, unregarded disciple can claim
and receive equal share in the broad
watch care which goes out not only to
the great and conspicuous but to the
"least of these."

GOVERNMENT OF CUBA.

Senor Estrada Palma was formally
chosen president of Cuba yesterday,
and it is said that the authorities in
Washington are preparing to turn the
government of the island over to its
own people in the near future.

Thus the pledge made by congress
to the people of Cuba and the world
at the outbreak of the Spanish war
will be redeemed. At that time con-
gress promised that the government of
Cuba would be entrusted to its own
people in the event that its independ-
ence should be secured. The sincerity
of this pledge was doubted by some
persons, but that it was made in good
faith is shown by the fact that it will
soon be redeemed.

It is almost two years since the au-
thority of Spain was withdrawn under
the treaty between that country and
the United States. During that time
the United States has been engaged in
establishing an orderly government in
the island. A result of that work is
the organization of the government
under which Senor Palma has been
chosen president.

The United States will always take
a deep interest in the welfare of Cuba,
and it will be to it at all times a friend
to protect it against aggression. In
return it expects that the Cuban peo-
ple will maintain a government worthy
the respect and confidence of all the
world. They must exercise the self-
restraint requisite to the successful
administration of a government in ac-
cordance with free institutions.

HORSE NEWS.

"Horseman" Has a Few Words to Say
of Interest.

The Trinidad Order of Elks are
starting off in great shape for 1902.
The latter part of May they give a
week of fine racing. The handsome
sum of \$5,500 is offered in purses. Our
local horsemen have received the en-
try blanks and several of Albuquerque
fast horses will enter for the trotting
and pacing purses. Work will com-
mence at once on our local speed-
makers and Albuquerque will be well
represented at Trinidad and a few other
Colorado towns. Several new horses
have arrived in town the past few
weeks. One of our bankers has a very
fine pacer that the knowing ones pick
as a winner when trained. Joe Bar-
nett's fine big trotter will commence
his work this week. He has a record
of 2:18 for the mile, and will make
Miss Action look to her laurels when
they come down for the word "go." But
Action does not seem to be uneasy.
Her mark at matinee racing has not
yet been lowered. Even the great
Crescens failed to beat it. Her
mark for the quarter is :33, for the
half, 1:07. Crescens made the half in
1:05, so the horse that beats Action's
time will be going. No doubt, when
these two local horses meet there will
be a real horse race. All the horsemen
are anxious for a new track. They say
they have sunk a number of good dol-
lars in the Old Town mud hole, and it
is still the same old mud hole. It has
not been fit to work on the past win-
ter, and is not in fit shape now when
the horsemen need it. They say a num-
ber of our local merchants stand ready
to subscribe when the movement for a
new track and fair grounds is started.
They think it would be well for the
new electric road to look into this in
connection with the horsemen. We
have a grand place below the Atlantic
& Pacific hospital, where a model
track and grounds could be built, the
ground being a fine soft loam, high
and dry, and fit to use the year around.
The railroad could unload stock and
products opposite, only a few hundred
yards from the grounds. The move-
ment for a new track will doubtless be
put in shape this coming spring.

Mines and Minerals

F. Ribera y Baca, of Las Vegas, filed notice of mining location in El Pueblo mining district.

Candalaria Ulibarri, of Las Vegas, brought some fine specimens of copper ore from the vicinity of San Jose.

Frank H. Baca, of El Pueblo, and Benigno Blea, of San Jose, have filed notices of mining locations at those places.

The White Oaks Eagle says: J. A. Eddy was a visitor here inspecting work on the Yellow Jacket group of copper and iron properties owned by him and Mr. Yeager. These mines were located by Yeager about a year ago, and are showing up some fine ore. Drifting will begin at once on the 100 foot level.

George Dennis was at Silver City from the Mimbres Friday, making a shipment of eight large tanks of quicksilver from the old Mimbres mill to Colorado. The quicksilver, of which there is a considerable quantity buried in the refuse of the burned mill, is being gathered up and shipped at a very fair profit.

J. A. Carruth, of Las Vegas, is selling a small amount of stock in a placer mining company, in which F. A. Edwards, Wm. Malibouff and himself are the movers. They have a rich piece of placer ground with plenty of water to wash with, which will pay from the moment work commences and with such a good thing here, with slight work, already sold two-thirds of the stock they are placing. It is a proposition that will make big returns on the amount invested. The mines are located near Las Vegas.

S. B. Davis, Jr., Hon. Charles A. Spies and Frank Roy, of Las Vegas, spent Sunday at Marguerito Romero's coal mine, out near El Porvenir. The mine is located about eight miles from the end of the Las Vegas Hot Springs track, the ore is of a first class quality and it burns freely until there is nothing left but a white ash, there being no cinders. There has been but little development work done yet. A vein two inches thick was struck on the surface but after going in eight feet it widened to thirty inches. The vein can be traced for one mile and a half. It is the intention of Mr. Romero to organize a company and take hold of the property and develop it.

The Last Heard Of It.
"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

Winter coughs are apt to result in consumption if neglected. They can be soon broken up by using Foley's Honey and Tar. Sold by Alvarado Pharmacy.

ELIZABETHTOWN MINE NOTES.

From the Miner.

The outlook for the camp grows brighter.

Ora DeLong came in last week and is again assisting with the repair work on the dredge.

The ground is being broken at the Denver for the construction of a new office building and one new building has already been constructed. The ground for the new mill will be broken this week. The boiler and machinery at the new shaft house is being repaired and put in condition to begin active operations. Work will be resumed in the mine as soon as possible, from which ore will be extracted to operate the new mill.

In speaking of the Abraham Lincoln property last week the Miner was in error as to its ownership. The property has passed into the hands of the Smithfield company, which company will proceed to develop and make a mine of it. A force of men are already at work running a tunnel on the lead on this property and has been run some thirty feet into the mountain. The tunnel is well timbered and the vein is being followed. The property is considered a valuable one, and under the Smithfield company there is no doubt that it will be heard from in a pleasing way at an early day.

Frank Spurr, manager of the Smithfield Gold Mining and Milling company, was down from the Senate Bobtail mine last Wednesday and is making the necessary plans and arrangements for the construction of the new mill on that property. The Smithfield company is anxious to put the mill in operation, and Mr. Spurr informs us that the company wishes it completed by the first of May. The mill will probably be of Huntington type and will be erected as soon as possible. The cyanide process will be used for the tailings. The ore body in the Bobtail is increasing in size and value, and the outlook for the property is indeed very flattering and will no doubt become a producer of importance this summer.

JEREZ MINE FOUND AGAIN.

A Rich Discovery of Gold is Made in Arizona.

A telegram from Phoenix, Arizona, under date of February 21, says:

It is believed that the famous Jerez placer fields have been rediscovered. Jeff Lane and Tobe Williamson left Kingman some weeks ago on a prospecting tour into the mountains and little explored country east of the Colorado river, where that stream makes its big turn to the southward. At the foot of a small hill, hidden in an arroyo, they found the remains of a wooden rocker, or gold washer, and examining the soil close by found it full of gold in flakes and small nuggets. They worked for several days, washing out more than \$1,000 in gold, and then staking several claims, went back to Kingman for supplies, taking along the rocker.

The ancient gold washer was recognized at once by Captain Hardy, owner of the Hardy mines, as the property of the original finder of the Jerez plac-

er fields, and there was at once a rush for the discovery of Lane and Williamson. It has been found that the gold bearing gravel is spread over a large area, while on the hill above has been found one of the ledges from which comes the gold bearing sand. The pocket has been found where Jose Jerez took out more than \$10,000 in gold before the Indians forced him away and he became a demented victim of a surplus of prosperity.

In 1884, Jerez, who was employed at the Hardy mine, went prospecting, and on his return reported finding a great lot of placer gold. He brought a bottle of nuggets, but refused to disclose the source of his wealth. A short time after he stole a rocker gold washer and was not seen for many months, when he appeared in camp with his burro laden with all the gold it could carry.

He told the story of his wonderful find and then quietly left the country, fearing the threats of the angry miners, who attempted to force him to disclose his secret. At that time the Hualpai Indians were constantly on the warpath and prospectors who ventured into the northern part of the Colorado river country took their lives in their hands.

THE EAGLE MINING COMPANY.

It Will Purchase the Hopeful Gold Properties and Expends Much Money.

Judge H. B. Hamilton, attorney for the Eagle Mining and Milling company of Lincoln county, New Mexico, was an outgoing El Pasoan for Chicago last night. Said he to an El Paso News reporter: "Our company is arranging to buy the Hopeful group of gold properties located at the head of the Bonita, 75 or 80 claims in all. There is to be a meeting of the directors and stockholders in Chicago next Thursday to map out plans for the operation of the company in the future. I shall consider with them and prepare some contracts and other legal documents necessary to properly acquiring the title to the property. My company is organized on a capitalization of \$10,000,000 and intend to expend between \$700,000 and \$800,000 in the purchase of mining properties and the treatment of ores."

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction, 50c. \$1.00. Trial bottles free.

It is claimed by many who have tested it that one pound of corn meal made by grinding the corn and cob together will produce the same results in gain of weight in both cattle or hogs. If this is true—and we have no reason to doubt the word of those who have tried it—then feeders can secure from a bushel of corn on the cob seventy pounds of meal worth pound for pound as much as the fifty-six pounds of straight corn meal as they would get from the corn alone.

ROLL OF HONOR.

Commissioner Bryan's Report on Charleston Exposition Funds.

FINE FINANCIAL REPORT.

The contract made by the Commercial club of this city with the Hyde Exploring company, through their agent, Mr. J. W. Benham, has in every respect been complied with by the club. Those who are acquainted with the Hyde Exploring company and the sterling character of those who are managing it will have no doubt that the terms of the contract will be fully performed by them. Mr. Benham is now, it is understood, in Charleston, and he will furnish an exhibition that will be creditable to the company he represents and to the territory at large. The papers of the territory are speaking in very complimentary terms of the zeal and energy displayed by the New Mexico commission in securing a territorial exhibit without funds, and especially recognizing the public spirit of the citizens of Albuquerque in raising practically all the funds needed. Governor Otero has expressed himself in the highest terms in commending the commission he appointed for the successful fruition of their efforts.

The Commercial club of this city took hold of the matter with its accustomed enterprise and arranged for the successful outcome. The committee appointed by the club and who raised the necessary funds were Noa Hild, Thomas Hughes and R. W. D. Bryan. They worked early and late and are being complimented on all sides on raising the money.

The following is a copy of the subscription list and constitutes a veritable roll of honor for these men unselfishly contributed of their means for a strictly territorial object.

We, the undersigned, agree to pay the sums set opposite our names, for the purpose of installing the New Mexico exhibit at the Charleston Exposition:

The following is a copy of the receipts taken by R. W. D. Bryan, when he collected and paid over the money:

"Received this 14th day of February, 1902, of R. W. D. Bryan, secretary and treasurer of the New Mexico commission for the Charleston Exposition, the sum of \$250, being a payment on the sum of \$500, the amount agreed to be given by the said commission to the Hyde Exploring company, to meet the expense of installing the New Mexico exhibit at the Charleston Exposition, in accordance with a verbal contract made by said R. W. D. Bryan on behalf of said commission and the Commercial club of Albuquerque, N. M., and J. W. Benham on behalf of the Hyde Exploring company."

"A. B. McGaffey, 'Manager for the Hyde Exploring Co.'"

"Received this 24th day of February, 1902, of R. W. D. Bryan, secretary and treasurer, the sum of \$150, being balance in full of the above named sum of \$500."

A. B. McGaffey, 'Manager for the Hyde Exploring Co.'"

The exhibit will be added to constantly during the next three months. All persons having ores or other interesting objects should ship them at once to Mr. Bryan.

The press of the territory are urged to keep this matter before their readers, so that every section of the territory may be fully represented.

The Santa Fe road carries all exhibits free of charge.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

FOR SALE.

A ranch of 240 acres, well improved, two windmills and tanks, and fine irrigating ditch run through place. Terms easy. Address this office, or postoffice box 177, city.

The X. I. T. ranch, near Channing, Texas, has lost its distinction of being the largest in the world. Within the last year 1,000,000 acres of it have been sold in tracts of various sizes. Two of the largest were cut out and sold recently. One of the purchasers was W. J. Todd, of Maple Hill, Kan., who took 53,000 acres, and the other 73,000 acres. The price in both instances was \$2 an acre cash. Both these tracts are in Dallam county, in the northwest corner of the ranch.

Royal
BAKING POWDER

- Absolutely Pure -

Working uniformly and perfectly, it makes the bread and cake always light and beautiful, and there is never a waste of good flour, sugar, butter and eggs.

Finer food; saving of money; saving of the health of the family: the last is the greatest economy of all.

The "Royal Baker and Pastry Cook"—over 800 practical and valuable cooking receipts—free to every patron. Send full address.

Some baking powder makers claim their powders are cheaper. They can be cheaper only if made from cheaper materials. To cheapen the cost of an article of food at the expense of its healthfulness, as is done in alum baking powders, is a crime.

TRAGIC LIFE.

Death of Man Supposed to Have Drowned Himself Ten Years Ago.

HE FOUND WIFE UNTRUE.

More particulars regarding the recent death of Joseph Fountain, at Farmington, San Juan county, are found in the following letter from that town to the Denver News, under date of February 22:

A life that was almost a tragedy passed away here and was buried today. For several months Joseph Fountain had been suffering here with asthma and tuberculosis and his means having become exhausted a benefit was given him to pay for his care and medicine. His life story, as related to a friend, is very tragic.

When a young man he had a railroad run out of Boston and in the meantime married. He lived happily with his wife for ten years, but one day discovered that she was living a double life. He had been promoted in his profession and was seemingly doing well. He investigated enough to satisfy himself of the truth of the charges. He then secured a ragged suit of clothes and a battered hat, weta down to the wharf, stripped off all his clothing and put on the ragged suit, leaving his clothes on the wharf where he had taken them off. In this disguise he left on a train for the west and landed in Colorado. Under an assumed name he sent back for papers and got one giving an account of his mysterious disappearance and his supposed drowning. He was carrying both life and accident insurance but never knew whether it was paid or not.

No communication ever passed between himself and former friends until about two weeks ago, when he wrote his sister at Concord, N. H. A letter came to the postoffice here the night before he died, but as his mail was not called for it was not taken to his room until the next morning and then he was dead. Friends opened the letter and it proved to be from his brother, who said his recent letter to his sister was the first they had heard from him since he mysteriously disappeared ten years ago. The brother offered him a home and assistance if he needed it. A telegram was sent explaining the situation and he was buried here at his brother's expense in accord with instructions sent by him. The body was changed from the pine box in which it was first placed to a neat oak coffin and friends followed it to the grave. The dead man had worked in Cripple Creek, Salida and several other Colorado towns and was always known as a bachelor. Of late years he worked at the harnessmaking trade.

PIÑOS ALTOS FIRE.

General Merchandise Store of F. J. Davidson Burned to Ground.

Particulars of the Piños Altos fire are as follows, from the Silver City Enterprise:

The large general merchandise store and hay and grain warehouse of F. J. Davidson at Piños Altos was burned to the ground early Wednesday morning and little, if anything, was saved. A high wind was blowing at the time, and for a while things looked very gloomy for the entire camp. Many, frightened by the flying sparks, which were carried blocks away by the wind, packed their trunks and had everything in readiness to move out at a moment's notice. Fortunately, however, the precautions were unnecessary as the entire male population of the camp turned out and fought like demons until they had the fire within the limits where it originated.

It was about 1:30 o'clock Wednesday morning when Mr. Watson, one of the salesmen in the store, who sleeps in the building was aroused by a bright glare of light shining through the window. Jumping out of bed, he was startled to see the large hay and grain warehouse, standing twenty feet to the rear of the store, in flames. He immediately gave the alarm and not many minutes elapsed until a bucket brigade was formed and did effective work. So effective, that the building was not considered in any immediate danger and none of the merchandise was carried out. However, with the rising of the wind the flames from the grain warehouse were fanned into new fury and driven towards the store until in less time than it takes to tell it, the entire rear part of the building was afire. The heavy volumes of smoke prevented anyone from entering the building, save at the risk of his life, and as a consequence everything went up in flames, even to the greater part of Mr. Watson's personal effects. The total loss will approximate \$7,000 with about one-third insurance.

The building was the property of C. E. Derbyshire and the Bell estate and was insured in the Royal Insurance company for \$900. The loss on the stock is about \$5,000 with \$1,000 insurance. The store was unusually well stocked at the time, Mr. Davidson having just purchased a large part of the stock of the Piños Altos Store company. Mr. Davidson has no definite theory as to the cause of the fire but is inclined to the opinion that someone, while foraging through the warehouse for hay or grain, accidentally dropped a lighted match into the inflammable material. This is the second loss by fire that Mr. Davidson has suffered, the first having occurred in 1891. He is as yet undecided whether he will go into business again or not, but the probabilities are that he will. Mr. Davidson certainly deserves the sympathy of the community in his loss and the hope that he will see his way clear to go into business again.

The Citizen can supply you with better stationery than can be obtained by sending away for it. We keep only the best stock on hand and furnish no other to our customers. The arrest of Tom Horn, at Cheyenne, Wyo., has created a tremendous sensation in cattle circles all through the northwest, where he has been known for years. Horn has posed

as a stock detective and has had much work to do for large cattle corporations through the northwest range country. The mystery that has surrounded his operations has been responsible for many rumors. He is charged with the murder of Willie Nickel and there are plenty of stockmen who believe that he is guilty. His name has been connected with a number of similar outrages, and though it has never been possible to make a case against him, he has been generally regarded as a bad man who could be hired to dispose of a rustler in the most complete way, and a number of range mysteries, where suspected rustlers have been murdered, have been laid at his door.

OFFICIAL MATTERS.

Notaries Public Appointed—Territorial Funds.

A NEW INCORPORATION.

Pensions have been granted to Lee C. Smith, Fort Bayard, Grant county, \$8 a month; William H. Antrim, Mogollon, Socorro county, \$8 a month.

NOTARIES PUBLIC.

Governor Otero appointed Ellen L. Clapp, of Hatch, Dona Ana county, and Robert A. Harkey, of Chamberino, Dona Ana county, notaries public.

AGENT APPOINTED.

The Cochiti Gold Mining company, of Boston, Mass., designated William Spencer, with headquarters at Bland, Bernillo county, its New Mexico agent.

TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn received from Hon. H. O. Bursum \$480.65 convicts' earnings; from Henry Lutz, treasurer and collector of Lincoln county, \$39.10 of 1900 taxes, and \$490.31 of 1901 taxes; from the New Mexican Printing company \$8.50 for a copy of the session laws.

INCORPORATION.

The Fidelity & Deposit company, of Baltimore, Md., filed incorporation papers in the office of Territorial Secretary J. W. Reynolds. The capital is \$500,000, divided into 10,000 shares. The headquarters of the company are at Baltimore, Md. The incorporators and directors are Lloyd L. Jackson, Thomas C. Bashor, James Sloan, Jr., H. Crawford Black, Joseph R. Stonebraker, George W. Greatest in the World.

Within five years Cascarets have reached the largest sale of any liver or bowel medicine in the world, simply because they cure. They have great merit and we consider the sale of over ten million boxes a year our best testimonial. No matter what ails you, start using Cascarets today and if you are not benefited and in every way satisfied after you have given them a fair

trial you can have your money back for the asking. There is no waste. They are put up in tablet form and every tablet is stamped "C. C. C." They don't cost much—10c, 25c and 50c a box and a 50c box will furnish a whole month's treatment for the worst case. Cascarets are the best and cheapest liver and bowel regulator in the world.

"He that fishes from me my good name, Robs me of that which not enriches him, And makes me poor indeed. Written by the immortal Shakespeare. How true. That's why it lives. Cascarets, true merit, backed by the right kind of advertising has made for them the largest sale of any similar medicine in the world, proved last year by the sale of over ten million boxes. This has caused dishonest people to try to palm off worthless stuff as just as good. Look out for fakers and remember the genuine tablet is stamped "C. C. C." and never sold in jar or bulk, but always in a blue metal box. The genuine Cascarets are absolutely guaranteed to cure, or you get your money back.

LOCAL PARAGRAPHS.

From the Record.

Mrs. Rodenback and son, after a few days spent in the city, returned to their home at Iowa Falls, Iowa.

Albert J. Upton and wife have transferred to John H. York lot No. 6 and the north quarter of lot No. 7, in block 34; consideration, \$500.

Capt. W. C. Reid, D. G. Harrison, H. M. McIntosh and Captain Baycourt returned from Santa Rosa, where they had been looking over the Perea grant for a few days.

While engaged in cleaning a small shawl with gasoline, at her residence, Mrs. W. L. Peabody was badly burned about the face and arms. The gasoline caught fire, probably by an electric spark generated by the friction. Medical attendance was called and the lady is progressing nicely.

From the Optic.

A Legacy of the Grip

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

Foley's Honey and Tar is best for croup and whooping cough, contains no opiates, and cures quickly. Careful mothers keep it in the house. Sold by Alvarado Pharmacy.

SILVER CITY.

From the Independent.

Miss Liddle Taylor was quite seriously ill of pneumonia last week, but passed the danger point safely, and is now recovering.

Local builders are unanimous in the opinion that this year will be a record-breaker in Silver City as far as building is concerned. The majority of improvements will be residences.

John M. Fritter is still confined to his home as the result of his recent runaway accident, and it may be a couple of weeks yet before he will be able to be up and about, his injuries being more serious than at first imagined.

Mayor John W. Fleming, of this city, was last week appointed by Governor Otero as aide-de-camp with the rank of colonel, on the staff of the commander-in-chief of the National Guard of New Mexico.

Colonel Fleming is fully entitled to the honor which has thus been bestowed upon him. He has not only been active in his efforts to advance the interests of the New Mexico National Guard at all times, but has participated in Indian campaigns, and his appointment is a just recognition of his fitness and past service. The appointment is very much appreciated on the part of the members of the local military company.

From the Enterprise.

Jack Holland, of Central, will play with the Des Moines ball club this year.

Attorney James S. Fielder, who located in El Paso a short time ago, will arrive in the city and will reopen his law office here. He is visiting in Deming at present.

Mr. Masters has been mail clerk between this city and Rincon for a number of years, and with his estimable family has made numerous friends who will regret his departure.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

A Thousand Dollars Thrown Away.

Mr. W. W. Baker, of Plainville, Neb., writes: "My wife had lung trouble for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks be to this great remedy, it saved her life. She is stronger and enjoys better health than she has ever known in ten years. We shall never be without Foley's Honey and Tar and would ask those afflicted to try it." Sold by Alvarado Pharmacy.

CLAYTON.

From the Enterprise.

Mrs. Florence Bartlett, who has been visiting Mr. and Mrs. W. J. Eaton and her sister, Miss Mabel Gildersleeve, returned to her home in Santa Fe.

Mr. and Mrs. Harry Herron left the first part of this week to take up their residence at Tucumcari. Clayton will feel the loss of this estimable couple, but our loss is Tucumcari's gain.

Fred I. Burch returned from Wichita, Kas., where he had been attending the meeting of the Oklahoma Live Stock association, as a delegate. He reports an interesting meeting and a lively time.

Outing flannel, 6 cents per yard.—Leon B. Stern.

Building

Requires a foundation. That is just as true of the building up of the body as of the building of a house. The foundation of a strong body is a strong stomach. No man can be stronger than his stomach. A weak stomach means a weak man.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of the food which is eaten. Thus it builds up the body and restores strength in the only way known to Nature or to science—by digested and assimilated food.

"While living in Charlotte, N. C., your medicine cured me of asthma and nasal catarrh of ten years' standing," writes J. L. Lumsden, Esq., of 221 Whitehall street, Atlanta, Ga. "At that time life was a burden to me, and after spending hundreds of dollars under numerous doctors I was dying by inches. I weighed only 131 pounds. In twenty days after I commenced your treatment I was well of both troubles, and in six months I weighed 170 pounds, and was in perfect health. I have never felt the slightest symptom of either since. Am sixty-five years old and in perfect health, and weigh 160 pounds. No money could repay you for what you did for me. I would not return to the condition I was in, in October, 1872, for Rockefeller's wealth."

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery," when a laxative is required.

MAURICE VAUGHAN.

An Ex-Albuquerquean Interviewed on Stocks and Grain.

"Railroads stocks are in a bad way," said Maurice Vaughan, manager of Fred Dorr & Co., last evening. "They have had a decided setback on account of the attitude of the administration in regard to the community of interest idea and the market will be in an unsettled condition for some time to come. True the country is prosperous, railroads showing handsome earnings, all branches of trade flourishing; but the public has not forgotten the slump of the 9th of last May, and the average speculator will play a waiting game, as far as stocks are concerned."

"What do you think of the grain and provision outlook?" was asked.

"At present the Chicago markets are very dull and prices have a lower tendency, especially so in corn, but this condition will not last more than a week or two. March is always a 'bull' month. Wheat and corn are oversold. Crop scares and bad roads will soon be the order of the day; 'snorts' will be forced to cover and I believe we will see much higher prices. We have had a short corn crop and if this is followed by another failure in any of the grains, 1902 will see high record prices all around. Provisions have not fully shared in the advance in corn and will work materially higher. Hogs continue to be lightweight and the receipts are gradually falling off and we will see materially higher prices for the hog product. The attention of the speculative public being diverted from the stock market will naturally be turned to grain and provisions, with the result that the Chicago markets will undoubtedly see greater activity in the next few months than for years past."—Pueblo, Colo., Star Journal.

Railroad Topics

D. W. Hitchcock, master mechanic of the Santa Fe shops at San Marcial, is in the city today.

The Santa Fe Central Railway company has acquired a fine span of carriage horses for the use of its officials.

C. M. Taylor, superintendent of machinery on the Santa Fe, between Newton, Kan. and El Paso, is in the city today.

R. W. Barry, conductor on the Lamy branch of the Santa Fe railway, has gone to Topeka, Kas., on a visit of several weeks.

George S. Good, successful railroad builder, has declared himself a vacation, and leaves for his old home at Lock Haven, Pa.

H. P. Wiley, of El Paso, has gone up to Alamogordo to accept a position with the bridge and building force of the El Paso-Rock Island.

J. S. Morrison, superintendent of the Pullman company, has misplaced his pass, valid on all points on the Atlantic system of the Southern Pacific.

Allan G. Kennedy, chief engineer of the Santa Fe Central railway, returned to Santa Fe from a brief trip to the company's surveying camp near Galisteo.

W. H. Lemmingwell, who was chief engineer of the El Paso & Southwestern for several months, has stepped down and out, of his own volition.

Chief Clerk Putney of the railroad mail service, is in return from a trip over the El Paso-Rock Island line, and left El Paso for a run over the Bisbee route.

C. F. Whittlesley, architect for the Santa Fe system, who had visited El Paso on matters pertaining to his responsible position, has returned to Albuquerque.

Hon. W. S. Hopewell, vice president of the Santa Fe Central Railway company, returned to Santa Fe from a several days' visit to the railroad camp near Galisteo.

Division Superintendent F. F. Harris, Trainmaster F. B. De Garmo and Paymaster C. H. Marshall, of the Denver & Rio Grande railroad, spent Sunday in Santa Fe.

J. B. Solomon and wife passed through the city from Chicago en route to Phoenix, A. T., in a private car of the Union Pacific, for the benefit of Mrs. Solomon's health.

Stoughton Cooley, connected with the Chicago & Northwestern ticket office in Chicago, has joined his invalid wife at Alamogordo, whither she had preceded him, with their daughter.

Charles Browder, a former Las Vegas roadrunner for the Santa Fe up in New Mexico, now running on the Mexican International, has returned to Mexico from this city, says the El Paso News.

E. C. Johnson, formerly a Wells-Fargo express messenger on the Rincon and Silver City run of the Santa Fe, has been transferred to the Carriazo and Santa Rosa run on the El Paso-Rock Island.

A mountain climbing cog wheel engine, en route to Mexico, attracted considerable attention in the Santa Fe yards the other day. The queer piece of mechanism was built by the Lima, Ohio, Locomotive and Machine company.

New El Paso-Rock Island appointments: F. H. Manning, of Seattle, as maintenance of way engineer in charge of the yard work in El Paso; George S. Nevin, formerly chief rate clerk in the general offices of the Southern Pacific in Houston, to be traveling auditor.

George K. Reynolds, assistant cashier at the Santa Fe depot, El Paso, has resigned that position to go with the Bisbee people, being succeeded by J. H. Hilderbrand, promoted from revising clerk, which place is now filled by W. A. Woodward, the local baggage man.

The Las Vegas Record says: Engine No. 672, which has been up from the Glorieta mountain for several days for repairs, was turned out of the shops for service today. Engine No. 758, which had been on the mountain, will return to this place and enter into the road service again.

W. W. Swearingen filed suit at El Paso against the Texas & Pacific railway to recover \$15,000 damages, alleging that on February 7, while employed by the company as a switchman he was knocked from a car and crushed beneath the tracks, sustaining permanent injuries to his back and lungs.

Freight conductors of east bound Southern Pacific trains, when setting loaded cars of merchandise out of Deming, or other freight that is easily stolen, have been instructed to leave these cars on the caboose track in the future, so they may be near the depot and the liability of robbery thereby lessened.

H. J. Shults, a locomotive engineer who has had runs out of San Bernardino, Cal., on the California Southern, between Barstow and Los Angeles, and the latter city and San Diego, left for the City of Mexico. He will jerk a throttle on letters to B. Johnson, superintendent of motive power for that road in Mexico.

The Rock Island has just struck, at a depth of thirty feet, a well with an active pumping capacity of 200,000 gallons of water every twenty-four hours at Santa Rosa. As this fine water source is within the town plat limits, it is the forerunner of any desired number of wells for the townsites itself, thus assuring Santa Rosa of a superabundant water supply for all city purposes.

PAY ROLL OF TWO COMPANIES.

Railroad and Lumber Companies Draw Checks for \$118,000.

Few of our readers realize the number of checks issued and the amount of money paid out each month to employees by the railroad companies in Alamogordo.

The News representative called upon E. M. Harter, auditor of the road, and obtained a statement of last month's pay roll. There were \$2,100 checks issued, the amount aggregating \$95,000. These checks are all drawn on the First National bank of Alamo-

gordo, and while employees of the Dawson Fuel company are included in the pay roll, every dollar of the money represented passes over the counters of the local bank.

At the Alamogordo Lumber company's office the reporter was pleasantly received by the gentlemanly chief clerk, J. E. Bachtel, who stated that the pay roll of the lumber company on February 15 footed up \$23,000, over 300 checks being issued. Of this amount \$13,000 was paid out in this city and \$10,000 went to employees in the lumber camps in the Sacramento mountains. Payment is issued by check on the Alamogordo bank. Mr. Bachtel stated that the pay roll would be greatly increased with the opening up of the wood preserving plant, about the 15th of May.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily. You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co."

Bilious Colic.

H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

Favorite Nearly Everywhere.

Constipation means dullness, depression, headache, generally disordered health. DeWitt's Little Early Risers stimulate the liver, open the bowels and relieve this condition. Safe, speedy and thorough. They never gripe. Favorite pills.

Rev. H. J. Powell.

The Carlsbad Argus says: Rev. H. J. Powell bade his Carlsbad congregation a good-bye last Sunday night, he and his wife leaving for their new home in Albuquerque. Both Mr. Powell and his sweet helpmeet leave much regret in the hearts of their Carlsbad friends for this loss from amongst them. Pastor Powell has endeared himself to every right-thinking citizen of this community for the earnest, energetic and successful work he has accomplished in the line of higher citizenship, and his own people of the Baptist church love and revere him above all his predecessors. Carlsbad losses a good man and sterling citizen in Mr. Powell, and Albuquerque is to be congratulated upon the coming of this gifted young minister to that city. Mrs. Powell left by way of El Paso, while Mr. Powell left by the north route, with his car of furniture and horse.

Millions Put To Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all druggists.

JOHN OSMER MILLER.

His Death in Santa Fe a Few Days Ago.

HE WAS AN ELK.

Santa Fe lodge No. 460, of the Benevolent and Protective Order of Elks, suffered its first loss by death in the departure of Brother John Osmer Miller for a better land on February 15, 1902.

Five years ago Mr. Miller came to Santa Fe for the benefit of his health and his improvement had been so steady as to warrant the belief that he was practically well.

Without warning he had a severe hemorrhage on the 10th instant, which compelled him to take to his bed. It was followed by another on the day of his death.

Mrs. Miller had returned only on the 12th instant from New York, whither she went to attend the funeral of her mother.

Mr. Miller possessed those qualities in great degree which commend him to his fellowmen. His mind was of more than ordinary quickness, well stored with useful knowledge and especially the choicest bits of literature. He was honest and fair. It is no idle word to say that he was the devoted husband of a devoted wife. She has administered to his every need with a tenderness that approached the angelic, with no show of impatience except to soothe and comfort him. This goodness Mr. Miller's friends knew that he deeply felt and cherished.

The funeral services were held at the late residence of the deceased on Sunday afternoon, first under the conduct of the Rev. W. R. Dey, of the church of the Holy Faith, followed by the ritualistic service of the order of Elks, which were extremely impressive by reason of their simplicity and pathetic sweetness.

At 1 o'clock in the afternoon at the Elks' home a "session of sorrow" was opened and then the members took position in lodge formation, Exalted Ruler T. J. Helm at the head, flanked by Esquire King and Chaplain Weltmer, Esteemed Loyal Knight A. J. Loomis and Esteemed Lecturing Knight James L. Seligman, respectively at the left and right of the line, supported by Treasurer Haspelmath and Secretary Davis, and Esteemed Leading Knight A. B. Renahan, supported by Tyler T. P. Gable and Inner Guard C. F. Easley bringing up the rear.

The officers wore their respective jewels in addition to which rosettes of crepe were upon their left arms, while upon their right lapels were bouquets of ivy intertwined with purple blossomed amaranth, the order's emblem, of mourning. The members were similarly ornamented, thirty-six of whom were in procession. In this order the march was taken up to the residence of the deceased and the formation was maintained about the casket.

Exalted Ruler Helm pronounced the beautiful words of the ritual with a repose and pathos befitting the occasion and each officer showed in the speech that fell to him how deeply his heart was in the sad duty, so that the spirit of Elksdom as thus exemplified was a revelation to the large congregation assembled.

Perhaps the most touching scene of all was that which came when the exalted ruler removed from his lapel the amaranth and ivy circled with its gem of purple bloom and placing it on the coffin, sorrowfully said "Peace be with thee," in which ceremony all the other members followed his example.

The following eulogy was pronounced by A. B. Renahan, Esq., over the remains of Mr. Miller, on behalf of Santa Fe lodge No. 460, of the Benevolent and Protective Order of Elks:

"After life's fitful fever he sleeps well, for the fever called living is over at last." He was our friend, honest and just to us. But a few short days ago he entered our lodge room as a novice and shared in its innocent merrymaking, and now he has crossed the Great Divide between Time and Eternity, and the shouts of laughter are changed into sobs of grief.

It is very easy for men to philosophize upon the death of others, to treat the visitations of the bony spectre with contempt, but when it comes home and takes a seat at our hearthstone with its usual coolness and effrontery, how helpless we are before its face, and how hollow have become our philosophic pretenses.

Our brother who has gone from us was almost the infant of our fraternal household, and we had learned to love him with that tenderness which the older grown show to the younger in the family. And why? Because his heart was good, his bearing modest and his nature affectionate. His ways were not the ways of the commonality of men, for he thought for himself and though sometimes his mode may have been harsh, his object was always righteous.

Not the least of his virtues was his high respect for women, wife and home, the basic principle of Elksdom. He was not one to overbribe with cant and empty phrase, but what he said he meant and what he did was true.

"The faults of our brothers we write upon the sands, their virtues on the tablets of love and memory." If unworthy sentiments our brother had, they were unknown to us, for patience in sufferings, concealment of the worm that gnawed at his heart, left no room for sin to breed. He was candid, upright and honorable. His particular virtues we will forever enshrine in our memory and engrave upon the tablets of our order as charity, justice, brotherly love and fidelity—for he was helpful to the needy and mournful, just to friend and foe, loving of his fellowmen, no matter what their station, faithful to his duty as citizen, husband, son, brother and man.

Now pitiless is death to snatch him away from her who has been his greatest blessing in sickness and convalescence, in depression or exhilaration, to visit this additional blow upon her while yet she staggered under the almost equal sorrow, to come, when it ought to have been far away, destroying in a reckless moment all the promises of years. But the measures and the means of God are beyond our dispensation. It is ours to bow humbly to his decrees for in them is providential munificence, though to our eyes they are full of present curse and blight.

Let us praise the Lord from whom all blessings flow, for he lets affliction loose only that benediction may follow.

We shall not forget Brother John O. Miller, who has merely gone ahead to the Land of Promise as one who loved his fellowman. He was not afraid to die for he knew that beyond the grave there stood for him to reap no harvest of misfortune or pain. The hand of the Almighty will guide you home, John, our friend and brother!

To his dear, devoted, self-sacrificing wife our hearts go out in brotherly sympathy, and though the brown reaches of the plains separate us for the future, though years expand between us, still we shall be within call, and we shall not forget our duty to our brother's sanctified companion. May God in His mercy temper the wind to the shorn lamb or give her grace to bear its sudden blast.

Of the floral offerings none were more beautiful than that from the Elks of Santa Fe.

The remains were transmitted to New York, where the family of the deceased reside, Mrs. Miller accompanying them.

The Elks provided a committee of escort to Lamy, consisting of Brothers T. J. Helm, J. H. Vaughn and C. W. Tudrow. The Chicago lodge was requested by telegram to have a committee in waiting to render such assistance as might be needed at the transfer there, and a like message was sent to the New York lodge.

The pall bearers were J. H. Vaughn, Chas. W. Tudrow, A. L. Morrison, Frank Ford, O. C. Watson and C. V. Safford, all of the same fraternity.

Brother James McCabe was funeral director.

After the services the "session of sorrows" was resumed, a committee of resolutions named and a copy of the eulogy ordered spread upon the minutes and one sent to the wife and parents of Mr. Miller, respectively.

DEATH OF JESSIE MOORE.

The Little Daughter of Rev. and Mrs. Hayes Moore is Called to the Better Land.

Jessie Hayes Moore died at 3 o'clock on Sunday morning. She was the daughter of Rev. and Mrs. Hayes Moore; was born on February 14, 1890, and was therefore, one year and nine days old. Her funeral will take place tomorrow, Tuesday, at 2:30 o'clock in the afternoon, from the residence of her parents. Both funeral and interment will be private. Friends who desire to see the little body will have an opportunity tomorrow, Tuesday, between the hours of 1 and 2 o'clock.—Santa Fe New Mexican.

For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger, of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by all druggists.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

FAT NERVES.

A whirl of excitement was recently caused among scientists by the discovery of "how nerves act".

Healthy nerves are fat nerves. It is fat in the core of a nerve that by hardening and softening creates nerve action.

Maybe this explains why Scott's Emulsion has always been such a remarkable remedy for nervousness.

Scott's Emulsion makes fat nerves. It feeds them with fat. Good for all forms of nervousness and for neuralgia.
