A meeting of the Executive Committee of the Board of Regents was held September 8, 1915, at the office of G.L. Brookes; there being present Dr. Boyd, Dr. Reidy and Mr. Brooks.

Statement was made of the last meeting held at the same place about August 23, with the same members present, at which time the verbal report of the President was received, relative to the registration showing considerable increase over former years, and the necessity for providing more dormitory facilities; whereupon the building of two or three cottages was authorized; consent was given for Dr. Boyd to attend the National Educational Convention at San Francisco.

Referring to the business for today, Dr. Boyd stated that the registration had now come up to 180, making it necessary to provide still more dormitory facilities, whereupon it was ordered that five or six cottages altogether should be built for this season.

Dr. Boyd also set forth the necessity for an Associate Professor of History, and he was authorized to engage such a man, at not more than $125.00 a month, for the first year.

The question coming up as to making an exhibit at the State Fair, Dr. Boyd was authorized to make such exhibit at the lowest possible expense.

There being no further business, adjournment was taken subject to call.
