ALBUQUERQUE, NEW MEXICO, MONDAY AFTERNOON, FEBRUARY 17, 1902

NUMBER 73

WAR TAXES.

Repeal Bill Passed by the House.

Taft's Testimony Regarding the Philippines.

Object of the Visit of Boer Delegates to This Country.

PURCHASE OF THE DANISH ISLANDS.

Washington, Feb. 17.—There was a large attendance in the house today in anticipation of the debate of the bill to repeal the war revenue taxes. Just prior to the assembling of the house the committee on the rules agreed upon a special rule for the special consideration of the bill, which it was thought would be brought to a vote at 4 o'clock tomorrow.

Dalzell, from the committee on rules, presented the special order, and said the bill was one on which there was practical unanimity of sentiment on both sides of the house.

Underwood, of Alabama, also of the committee on rules, protested against the adoption of the rule, not, he said, because it provided for the consideration of the bill to reduce the taxation, but because it prevented individual members from exercising their own judgment or from carrying out the wishes of their constituents as to what portion of the excessive taxes should be repealed. It was not advisable to repeal an inheritance tax, which was levied on the class not reached by the other taxation. Underwood said he did not think the general tariff revision should be made because such a revision, whether good or bad, would unsettle the present conditions and might lead to disorder. He thought the proper method of reducing the duties at this time should be through the reciprocity agreements which were made in pursuance of congressional enactment, and he sent to the clerk's desk an amendment representing his ideas in this particular.

Ball, of Texas, denounced the rule as but another step in parliamentary evolution by which individualism in the house was being crushed and a few men enthroned as autocrats to dominate its will.

Ball said that it was reported in the papers that the president had been converted to view the "iron hand" necessary to prevent the wholesale revision of the tariff.

Babcock, of Wisconsin, said he did not believe in complicating the repeal bill with other tariff matters, but at the first opportunity he would press his measure to amend the steel schedule.

Cannon, of Illinois, argued in favor of the adoption of the rule in order that the war taxes might be repealed. Richardson offered a motion to recommend the rule. The speaker sustained a point of order against the motion and Richardson appealed from the decision and upon roll call, the chairman was sustained—165 to 123.

The rule was adopted by a vote of 158 to 120. Thereupon Richardson, the minority leader, said:

"In view of the fact that we are not permitted to amend the pending bill, and in view of the fact that two days' debate will be absolutely fruitless under this rule, I ask unanimous consent that the bill be put upon its passage now." (Applause on both sides). The speaker put the request. The members looked at each other with amazement. Not a sound was heard. There is no objection," announced the speaker. "The clerk will read the bill." Both sides of the house joined in the ringing applause that followed. The clerk then began to read the bill.

The verbal committee amendments were agreed to, and the yeas and nays taken on its passage. The bill was passed unanimously, 278 members voting aye.

The house adjourned at 2:50 p. m.

TAFT'S TESTIMONY.

His Ideas For the Government of the Philippine Islands.

Washington, Feb. 17.—Governor Taft in his testimony before the senate committee on the Philippines, today, stated more succinctly than heretofore his theory, which is, he said, also the theory of the Philippine commission—that congress should do in the way of supplying the Philippine people with a form of government. His plan is first to give the people a qualified suffrage with the gradual growth of popular government, which should be enlarged through education in the English language and American institutions. Second, to institute within a reasonably short time a local legislature to consist of two bodies, one to be chosen by vote, the other to be appointive. Third, to permit the islands to send two or three representatives to Washington. To grant independence would, he thought, have the effect of consigning 90 per cent. of the uneducated people in the islands to the same servile position that they held under Spanish rule. He thought there should be a declaration on the part of the United States of its intention to hold the islands indefinitely, with the understanding that when they are suitable, for

such condition, they may be given a quasi-independence.

BOER ENVOY.

Object of Their Visit to the United States.

Paris, Feb. 17.—Dr. Leyds, European agent of the Boers, now in this city, was questioned by the Associated Press correspondent today regarding the object of the mission to the United States of the Boer delegates, Wessels and Wolmarans. He replied that they were merely going to America in response to invitations from American pro-Boers, with a view to reaching arrangement for distribution of funds and other assistance contributed by the people of the United States.

In other quarters, however, the impression obtains that the journey was prompted by developments of the Anglo-German controversy as to the attitude of the powers previous to the Spanish-American war, which the members of the Boer delegation believe has produced a change of sentiment in the United States toward Great Britain on account of the pro-Spanish action, attributed to Lord Pauncefote, British ambassador at Washington, in April, 1898. The Boers hope to utilize this supposed revulsion of feeling in an endeavor to get the United States government to modify its attitude toward mediation.

DANISH ISLANDS.

Treaty for Purchase Favored by the Senate.

Washington, Feb. 17.—Upon conclusion of routine business the senate went into executive session to consider the treaty providing for acquisition of the Danish West Indies.

Bacon proposed an amendment eliminating a paragraph of the treaty giving authority to congress to fix the civil and political rights of the inhabitants, but it was voted down by a viva voce vote. Cullom then explained the provisions of the treaty in detail. A resolution to ratify was adopted without division. The senate in open session, resumed consideration of the bill making the census bureau permanent.

STATEHOOD NOT YET.

Territorial Officer Reynolds Refuses to Talk.

NEW MEXICO TO WAIT.

In the conduct of the governmental affairs of New Mexico, Governor Otero has an able coadjutor. He is J. W. Reynolds, of Santa Fe, recently confirmed as territorial secretary, says the Denver Post.

Secretary Reynolds is at the Brown hotel, where he and his wife will sojourn for a day or two. Mr. Reynolds is modest, unassuming and yet very engaging withal. He is but 28 years of age, yet he has an air of quiet certitude about him that usually goes with greater maturity of years. He was graduated with honors from the Massachusetts Institute of Technology three years ago, and had thoroughly fitted himself for the profession of mining engineering, when the president appointed him to his present position. Two weeks ago the senate confirmed the appointment.

Mr. Reynolds is a son of Jefferson Reynolds, president of the First National bank of Las Vegas, one of the ablest financiers and most prominent citizens of New Mexico. Secretary Reynolds has his father's sterling qualities and enjoys a popularity that is wide and well deserved.

"The outlook for New Mexico was never better," said Mr. Reynolds. "A number of railroads are building into the territory, and there is a prospect that several trunk lines will be built, and these will open up mineral and timber districts heretofore untouched."

Mr. Reynolds did not care to talk of New Mexico's prospects for statehood, but J. H. Purdy, of Santa Fe, who was also at the Brown hotel, said: "There is a wide divergence of opinion on the subject of statehood. The talk one hears in public places is largely for statehood, but in quiet places where men talk privately together and 'heart to heart,' as the phrase goes, grave doubts are expressed that the territory is ready to try self-government. The house of representatives is known to favor the proposition, but the attitude of the senate is considered to be cold, if not actually antagonistic, and I hardly believe that even the most sanguine advocates of statehood expect the admission of New Mexico at this time."

The Shop Boys Won.

About 500 people congregated on the vacant lots on West Gold avenue yesterday afternoon to see the Santa Fe Pacific team wipe up the ground with the Barajas ball team to the tune of 17 to 11. The weather was ideal and the sport was fine, quite a number of grand stand plays being made on both sides. The Barajas team was composed of players considerably larger than the kids and some old experienced players, but claim were defeated through the absence of several of their strong players and the weakness of the substitutes. Shepard did the pitching for the kids and his work was fine, striking out eleven of the Barajas team. Lujan and Padilla took turns in pitching for the Barajas and only succeeded in fanning two men.

The shop boys are highly elated over yesterday's victory and will come out next Saturday afternoon, Washington's birthday, in new suits, to play the old town team on the diamond at the fair grounds.

ASIAN HORROR.

Two Thousand People Perish.

Four Thousand Houses Destroyed at Shamacka.

Annual Convention of the Daughters of the Revolution.

GAMING RESORT ROBBED.

Baku, Trans-Caucasia, Feb. 17.—Details are slowly arriving at Baku from Shamacka, and show that 2,000 persons, mostly women and children, perished in the earthquake last week. Four thousand houses were destroyed. Thirty-four villages in the country surrounding Shamacka also suffered. To add to the terrors of the neighborhood, the volcano near the village of Marasy, eastward of Shamacka, has broken into active eruption. A great cressave appeared, from whence immense flames and streams of lava are being thrown out. The course of the river Geonchaika is altered in consequence, its bed being dammed with earth disturbed by the earthquake. Battalions of guards and detachments of soldiers with tents have been dispatched to Shamacka to aid in the rescue, and societies are active in alleviating distress.

DAUGHTERS OF SOMEBODY.

Society of Daughters of the Revolution Holding Convention.

Washington, Feb. 17.—The eleventh continental congress of the national society of Daughters of the American Revolution convened here today. About 800 delegates are present. The congress has before it many matters of importance to the welfare of the daughters. These include the erection of a continental memorial hall in this city, the adjustment of internal disputes among some of the western chapters, needed amendments to the constitution and projects for securing pensions for needy "Daughters," whose fathers were actual fighters in the colonial struggle with England. The congress was called to order by the president general, Mrs. Charles W. Fairbanks, wife of United States senator from Indiana, who urged upon every daughter the cultivation in the highest degree of reverence for law, and devotion to the flag and preservation of the interests in general of the organization.

Robbed Gambling Establishment.

Des Moines, Iowa, Feb. 17.—A special to the News from Clinton says that early this morning two masked men at the point of revolvers, held up Flanagan's gambling establishment and robbed the inmates, numbering twelve, of money and valuables amounting to \$2,000.

STEEL CORPORATION.

The Big Combine Satisfied With the Condition of Things.

New York, Feb. 17.—The annual meeting of the stockholders of the United States Steel corporation was held at Hoboken today. More than 75 per cent. of the stock was voted in favor of approving all acts and contracts of the directors since the organization of the corporation, February 25, 1901.

Agreements with J. P. Morgan & Co., syndicate managers, including final settlement and mutual release, were approved. The election of directors as heretofore announced was ratified. By laws as amended were approved, including a change in date, beginning the fiscal year on January 1, so as to correspond with the calendar year.

English Bank Robbers.

London, Feb. 17.—When the charges against the men accused of participation in the robbery of the bank of Liverpool were brought up for a hearing in the Old Bailey today, Thomas P. Goudie, bookkeeper, pleaded guilty. "Dick" Burge, pugilist; F. T. Kelly, bookmaker, and Stiles, another bookmaker, charged with complicity, pleaded not guilty.

Death of Inventor.

Quincy, Ill., Feb. 17.—George Vertell, inventor of incubators and hay presses, died last night at Pinta, Ariz., on the train crossing the desert en route to Quincy. He was suffering from Bright's disease, and had spent the winter on his ranch in California. He was born in Germany 72 years ago, and amassed a large fortune by his inventions.

Adverse Decision.

Omaha, Neb., Feb. 17.—Officials of the Union Pacific have decided adversely to the proposition of the committee of the Salt Lake Commercial club, to have a road built to cut off across the southern instead of the northern end of Salt Lake.

Gen. Funston.

Kansas City, Feb. 17.—General Funston has entirely recovered from his recent operation, and will be discharged from the hospital tomorrow.

Miss Stowell Entertained.

Miss Lola Stowell entertained a few high school friends at her home on South Broadway Saturday night in a very charming manner. Besides the exchanging of Valentines which creat-

ed considerable amusement, the evening was spent with games and music, both vocal and instrumental. Dainty refreshments were served. Those present were Misses Daisy and Rose Huntzinger, Bessie Bonton, Ione Albright, and Messrs. Ward Anderson, Will Pratt, Ed Strumquist, Lawson Auld, Carl Holman.

Presidential Appointments.

Washington, Feb. 17.—The president has sent the following nominations to the senate.

Postmaster—Colorado: W. E. Cooper, Laa Animas.

Receivers Public Money—C. Frost, Liggitt, Lamar, Colo.; C. A. Smith, Salt Lake City, Utah.

Death of a Lawyer.

Chicago, Feb. 17.—Word was received here today of the death in New York city last night of Edward S. Isham, senior member of Isham, Lincoln & Beale, and one of Chicago's most eminent lawyers, of heart failure.

President of Suffrage Association.

Washington, Feb. 17.—Mrs. Carrie Chapman Catt was elected president of the National Woman Suffrage association for the ensuing year.

All old officers were re-elected with one exception.

Oil Exchange.

Denver, Colo., Feb. 17.—The Western Oil collection, exchange for trading of oil, stocks opened today with good attendance and much enthusiasm. Sixteen companies are already listed.

Resume Work.

Trieste, Austria, Feb. 17.—Strikers here resumed work today, their demands having been conceded.

Census Bureau.

Washington, Feb. 17.—The senate passed the bill providing for a permanent census bureau.

SENTENCED TO PENITENTIARY.

El Paso's "Count" Convicted of Bigamy and Sentenced.

Four years in the state penitentiary is the penalty the jury fixed last night in the case of the state of Texas against Rudolph de Lucena.

It took the jurors twenty minutes to arrive at this conclusion, returning their verdict at 9:15.

The "count" received his sentence in the same calm manner that has marked his conduct throughout the trial, which lasted from 2 o'clock Friday afternoon. He showed no emotion whatever.

Many of the ladies who have been constant visitors at the court room since the case was opened, were very much disappointed over the result, and several shook hands with the little fellow and expressed their sympathy at his misfortune.

During Attorney Cobb's argument, when he spoke of the defendant as being a stranger in a strange land, far away from his native shores, without a friend to come to his assistance except the attorneys who were defending him without hope of reward, the "count" was visibly moved, and tears sprang to his eyes. For several minutes he kept his handkerchief to his face.

A few minutes after the jury had given the verdict the "count" was escorted back to the county jail. This week he will be tried on the charge of false swearing.—El Paso Times.

COMMENCED BUYING ORE.

The Time Is Approaching When the Cerrillos Smelter Will Be Operated.

The smelter at Cerrillos has commenced buying ore. The tramway is completed, the track scale is in place and the ore bins are ready for use. There will be some delay in starting the smelter on account of the lack of water, but a well is being drilled toward the arroyo and is now down 106 feet. It is thought that ample water will be secured through it. Two beautiful residences are being built for Superintendent J. L. Wells and Bookkeeper Brown.

No Statehood.

Hon. H. B. Fergusson, who was back in Washington and other eastern cities working for railroads and other enterprises of interest to the people of New Mexico, has returned to the city. He thinks everything down on the boards to come to New Mexico in the next twelve months will surely come, "but," continued Mr. Fergusson, "I fear for statehood. I think the politicians have killed statehood for New Mexico for some time and especially this session."

A \$5,000 Suit for Breach of Promise.

Miss Candelaria Duran has filed a breach of promise suit in San Miguel county district court against Jacobo C. Branch, stating that the defendant on November 3, 1897, and at various times since that date, up to and including January 9, had promised to marry her. She alleges that he now refuses to perform his promise, although a reasonable time has elapsed, and she asks for \$5,000 damages.

Brands the Lie.

A story appearing in the St. Louis Post-Dispatch of recent date gives an utterly false account of a desperate hold-up that never occurred at Santa Rosa. The dispatch bore a Roswell date line. A Las Vegas gentleman who has interests at Santa Rosa has a letter from Roswell in which a prominent citizen there declares he has thoroughly investigated the matter and that he knows for a certainty that no dispatch was sent out from Roswell.—Optic.

Charles Conway, a tough citizen, worked old man William Carson out of \$4 this afternoon and was thrown in the city jail.

BIG STORM.

Sweeps Up the Atlantic Coast.

It is a Blizzard in State of Connecticut.

Negro Minstrel Hanged by a Mob in Missouri.

STREET RAILWAY OFFICE ROBBED.

Washington, Feb. 17.—The severe storm which started on the Florida coast last Friday night, and raged along the coast in a northward direction, is now central off the coast of New Jersey, according to the weather bureau reports. At New York city the official reports show a wind velocity of thirty-eight miles an hour, which is expected to increase to sixty miles before the day is over. The storm is increasing in fury as it moves north through New York state and the New England states, and in its wake during the next twenty-four or thirty-six hours, according to bureau predictions, will be heavy snows. At Boston, the wind attained a velocity of forty-four miles an hour this morning. There is no snow fall south of New Jersey today.

BLIZZARD IN CONNECTION.

New Haven, Conn., Feb. 17.—The most severe snow storm of the season, nearly approaching the proportions of a blizzard, begun in Connecticut this morning.

NEGRO LYNCHED.

Negro Minstrel Hanged By a Mob in Missouri.

New Madrid, Mo., Feb. 17.—Last night masked men overpowered the jailer and hanged Louis Wright, a negro, Richard & Pringles negro minstrels gave an entertainment here on Saturday night. An altercation arose between the musicians and some white boys. Several boys undertook to take the musicians out. A negro on the stage began to shoot. Several whites in the audience were hit, but no one was seriously hurt. All the negroes were put in jail and as a result of the examination the name of the one who did the shooting was discovered. He was lynched and others will be released. Several of the prisoners were badly beaten on Saturday night.

Street Railway Office Robbed.

Springfield, Mass., Feb. 17.—Two safes in the street railway office at Northampton were blown up early this morning and \$1,300 taken. Five masked men held up the watchman, and kept him covered by revolvers while they worked the safes.

Police Court.

Police court this morning was a busy place and Judge Crawford dealt out judgments with the strong arm of the law in more than a dozen cases.

G. P. Sleek, the man who was arrested Saturday night for carrying a deadly weapon was the most important case tried this morning and he was given sixty days in the county jail.

John Smith was fined \$5 for committing a nuisance.

Three young men, John Doe, Richard Poe and Jimmie Crow by name, pleaded guilty of disturbing the peace and were fined \$5 each.

One Mounse was given five days for being drunk and disorderly.

John Woodman, Willie Arel and Joe Young, vagrants, were given five days respectively and are shoveling dirt on South Fifth street.

The judge also settled a neighborhood quarrel which occurred in dog town Sunday morning.

A Residence for Judge Baker.

Col. H. H. Tilton has purchased four lots fronting on Twelfth and Tijeras and will have built on the site a modern combination brick and stone residence of elegant design, which, when complete, will be occupied by Judge Benjamin S. Baker and family. The edifice will be up to date in all respects, steam heat, etc., and will be built to suit Judge Baker. In consideration of the fact that the building will be erected to conform to his idea of comfort and convenience the judge has taken a long term lease on the property, which will be constructed under the supervision of Architect J. L. La Driere. The cost of the improvements will be approximately \$4,500.

A Plasterer Hurt.

This morning while plasterers were at work on the ceiling of Wm. Farr's new building on South Second street, the scaffolding on which they were standing collapsed, precipitating the workmen to the floor. W. B. Lambkin, one of the workmen engaged, was bruised by coming in contact with a chicken coop and was conveyed to his home on South Broadway. A physician was summoned, who made an examination, which disclosed the fact that the injuries sustained, while painful, were not of a serious nature.

Old Landmark Going.

J. A. Harlan, superintendent of bridges and buildings on this division of the Santa Fe, with headquarters at

San Marcial, has a gang of men busy today wrecking the old red building that has done service for the last twenty years as the Santa Fe railway depot, and expects to have the ground cleared by tomorrow night, hence it had to go.

The two ticket agents, Messrs. Harding and Dolan, likewise the other employees, are of course happy in their new quarters, but it will take a few weeks for them to get acquainted with the newness of the surroundings.

BOUNDARY LINE.

Santa Fe County Cuts Into Chilli County.

John L. Zimmerman and surveying party have made a survey of the south line of Santa Fe county, and claim that the correct line is four miles farther south than heretofore supposed. The new survey takes in six of McIntosh's sheep ranches and the Moriarty ranch. The land is not worth much at present for taxable purposes, but when the Santa Fe Central road is built it may become valuable. This county should investigate this survey. The Zimmerman party notified the ranchmen on the four mile strip to stop paying taxes in Bernalillo county.

Of Course Family Sheets.

A young married man was this morning purchasing some household necessities at one of the leading dry goods stores and among other things called for sheets. On being questioned as to the size desired, his response was: "Size? Why family size, of course." The shopper subsequently admitted it was his first experience in making such purchases, and was almost stumped for an answer until suddenly he remembered that restaurant bills of fare, designated steaks as "single" and "family size," and he thought the custom applied to steaks would work all right on sheets.

Jim Is Sick.

New York, Feb. 17.—James J. Jeffries, champion heavyweight pugilist, is sick of gripe, but getting along nicely.

THEY HAVE RETURNED.

Party Visited the San Diego Land Grant.

A DELIGHTFUL TRIP.

On Tuesday last a party composed of Hon. Amado Chavez, of Santa Fe, and A. B. McMillen, Summers Burkhardt, H. P. Owen and Fred Otero started for Jemez hot springs for the purpose of holding court at a convenient place for many of the claimants under the grantees in the Cañon de San Diego land grant to testify as to their holdings under the grant. This grant is a tract situate in the northwest part of Bernalillo county, comprising in area more than ten miles square. Leaving Bernalillo station at 11 o'clock a. m., a first rate four-horse team, under masterly handling of the ribbons by Fred Otero, brought the party to Block's hotel at Jemez hot springs at 7:30 in the evening.

The cañon itself is a wonderful sight, in contour a perfect V, perhaps not more than 200 or 300 yards wide at the base, rising to an altitude of 2,000 feet, and a mile and a half across at the top, and in a distance of twelve miles accessible at only two places on either side. Several hundred yards from J. B. Block's hotel are the renowned hot springs, carrying many minerals in solution, and different springs in a radius of a few hundred feet vary in temperature from 40 degrees to 185 degrees, or very close to the boiling point. A modern bath house, fitted with porcelain tubs and cement flooring, receive the waters fresh from the springs at any temperature desired, and if the legends of the place be true, the waters have robbed rheumatic and kidney diseases of all their terrors. But the most picturesque object of interest is the soda dam located a mile or more north of the spring, the soda in the lapae of ages having formed a barrier 25 feet high clear across the cañon. The top of the dam is perforated with small soda springs which make a healthful and delicious drink—particularly when served, a la highball. However, the delight of the party was the marvelous appetite which the combination of springs and bountiful wholesome table of Mine Host Block brought to every member, the joint increase in avoirdupois requiring an extra horse to be added to the team returning on Saturday night. With such wonderful natural curiosities and advantages near home, it is surprising that so few Albuquerqueans have visited the springs.

The suit is brought for a partition of the grant, and the families of some seventeen grantees are being traced back to the Eighteenth century, when the grant was made. It is wonderful with what preciseness and ease old men and women of Mexican and Spanish descent can trace their ancestry, both paternal and maternal, back for a hundred years. The fact that in the Spanish customs the maiden name of the wife's family is not lost, she merely adding the husband's name to her own, adds to their power in this direction. In the suit a contest is being waged between M. S. Otero's interests and those of other claimants for possession of the springs, the soda dam and the timber lands on the common lands of the grants. There seems to be no disposition on the part of any claimant to question the rights of those who have held lands in severity for a number of years past.

Notes from Correspondents

WINSLOW.

Special Correspondence.

Winslow, A. T., Feb. 14.—Hotel arrivals for the last half of the week are as follows: John Klassen; Winslow; J. F. Holmes, Albuquerque; Alfred Randall, Winslow; E. E. Greenleaf, J. B. Skinner, Albuquerque; Joe Slater, Chicago; J. H. Harrison and wife, E. A. Pinney, Gallup, N. M.

W. E. Weeks, engineer on the Santa Fe Pacific, is indisposed, and will likely have to remain in doors for a few days. He was expecting his wife this morning but she disappointed him and that makes him feel just that much worse. We hope Mrs. Weeks will arrive tomorrow.

Ruby chapter No. 3, O. E. S., of Winslow called a special meeting Wednesday of this week and initiated three candidates into the order: Mrs. Jessie Null, P. A. Ward, of Winslow, and Annie E. Griffith, of Gallup, N. M. The order is flourishing and is second to none anywhere. Refreshments were served.

Mrs. Annie E. Griffith, of Gallup, N. M., is visiting friends in Winslow this week. She is the guest of Mr. and Mrs. Walcott, on Kinsley avenue, and Mrs. Bert Ward goes around all smiles and hopes Miss Griffith will never go back.

Mrs. W. R. Carman, of Gallup, N. M., is visiting friends in Winslow this week. She is the guest of Mrs. Wm. Silcox, on Third street. Mrs. Carman is a former resident of Winslow.

George Miller has returned to Winslow and is now caring for customers at one of the chairs in John Drumm's barber shop, under the opera house on Railroad avenue. We were all glad to see George back and at work.

Mrs. T. J. O'Kelly is visiting friends in Williams, A. T., this week. She expects to meet Mr. O'Kelly on Wednesday of next week on his homeward trip from California, where he went to bury his brother, Bynon O'Kelly, who died here last week.

Charles L. Flynn, the mayor of Winslow, is indisposed, but is under the care of Dr. Tillett, who reports his condition as not serious and thinks the mayor will be out and around in a few days.

Mrs. J. F. Mahoney, the estimable wife of our police judge, is ill and is confined to her room on account of attacks of rheumatism. Mrs. Mahoney for years past has been troubled with rheumatism, but lately has been free from the disease and it is to be hoped that this attack will not amount to anything.

The Daily Citizen comes out with five beautiful cuts of Albuquerque public schools. To our mind there is no advertisement a paper can give to a city like the one the Albuquerque Citizen gives in the write-up of the public schools, for on the education of our children rests the future of our country. The Citizen deserves great credit.

J. X. Wood has returned from Washington, D. C., where he went as a delegate of the people of Winslow and Navajo county to try and induce the department of Indian affairs to locate the western Navajo Indian school at Winslow. We understand that Mr. Wood made an impression and that Winslow will be favorably considered when the school is built.

Our new probate judge, F. J. Watron, paid Winslow a business visit this week. Winslow welcomes Mr. Watron as head of the probate court and as county school superintendent. He bears the honors with dignity and grace.

Thos. H. Fee, who broke his arm some time ago, is out and around and is of course losing a lot of time by the accident. Tom don't like a broken arm.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

BERNALILLO.

Special Correspondence. Bernalillo, N. M., Feb. 15.—Colonel Williams went up to C. W. Givens' mine Tuesday.

Antonio Montoya went to his ranch to deliver some sheep.

The Sandia Indians started to work on the ditch this week.

Mr. Loomis was looking after Uncle Sam's business in Bernalillo on Friday.

G. Krause was looking after business interests for the Underhill company, of Denver.

G. S. Curry, representing the Hayden Kirsey woolen mills, Waco, Texas, was here Saturday.

E. D. Cobb, representing the Fairbank company, St. Louis, has been selling soap to Bernalillo merchants.

Robert Putney spent Friday in Bernalillo.

Mrs. Francisco C. de Baca is improving under the skilled care of Dr. Lund.

Joe Castillo and Jesus Mendoza have found very valuable silver and gold property in the Sandia mountains.

Jose Valles lost one of his twins yesterday. It was nine months old. The other one is dangerously ill.

Julius Seligman was bitten by a mad dog.

Mrs. Pedro Perea and her son, Abel, are in Las Vegas visiting relatives. Mrs. Perea's uncles, Romaldo Baca and Pedro Baca, died recently, and so Mrs. Perea went to Las Vegas on Monday. Both uncles were buried on Thursday. The family have the heartfelt sympathy of their friends.

Mr. Freudenberg visited Albuquerque on business.

Mrs. Aurelia Lucero and Edward Taffoy were married on February 11 and

a dance was given in their honor that evening.

Mariano Perea sold his fine ranch to Miguel C. de Baca, who will soon take possession.

Now that the Lenten season has commenced I suppose we shall have no more weddings here for some time. Mrs. Charles Lowenberg arrived in Bernalillo from Chihuahua, Mexico, on Monday afternoon to spend a few days with her relatives, Mr. and Mrs. Wisbrun and Mr. and Mrs. Freudenberg. She left on the evening train Wednesday for New York city, where she will be absent about a month purchasing millinery goods.

Miss Ethel Gregg spent Saturday, Sunday and Monday in Albuquerque.

Miss May L. Kraft spent Sunday and Monday in Albuquerque.

Bernalillo merchants are having a rushing business.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

HILLSBORO.

From the Advocate. Rev. A. L. Day arrived here to supply the Methodist Episcopal church charge. He will shortly move his family here.

County Commissioner Duran is suffering from a severe attack of paralysis. The entire right side is paralyzed. He is now in El Paso seeking treatment.

The beautiful weather which we are now enjoying and which is so characteristic of New Mexico, is sufficient to make the native Italian turn green with envy.

J. E. Hopkins was in town this week. He says Mrs. Hopkins has fully recovered from diphtheria which she contracted in El Paso while taking care of her sick brother.

Fred Myster was awarded two mail contracts, one from Lake Valley to Kingston and from Lake Valley to Tierra Blanca. Hijino Chaves secured a contract from Arroyo to Hillsboro. Frank Calhoun secured the contract from Andrews to Hillsboro.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co.

Ungrateful Hobo.

On a plea of sickness P. C. Cowles, a professional hobo, received medical attention from the city physician and was taken to the Ladies Home. He came down town yesterday and the kind hearted marshal collected a sum of money for him to procure necessities. Instead of doing so, he got on a wild foot and he landed in the city jail. Judge Wooster gave him his liberty long enough to leave the city this afternoon.—Record.

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing in to the root of the hair where it destroys the vitality of the hair, causing the hair to fall out, dig up the cuticle in little scales, called dandruff, or scurf. You can't stop the falling hair without curing the dandruff and you can't cure the dandruff without killing the dandruff germ. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing.

SAN MARCIAL.

From the Bee. Mrs. Fred H. Smith, wife of our chief dispatcher, returned from a visit to Las Vegas, accompanied by her sister, Mrs. Reid.

The Methodist parsonage is more homelike since the arrival of a baby boy. Mrs. Williams is getting along nicely. Dr. C. G. Cruikshank was the physician in attendance.

J. D. Chandler has purchased the opposition meat market of Melcor Silva, and again San Marcial has but one butcher shop. Mr. Chandler has moved into the premises vacated by Mr. Silva. Frank Armstrong and C. G. Cruikshank were in Socorro on business. Nearly every greeting they received was preceded by a political smile. In some cases it appears to be an office or death, with glowing indications in favor of the latter contingency.

Use Allen's Foot-Ease.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and damp, and get tired easily. If you have aching feet, try Allen's Foot-Ease. It rests the feet and makes new or tight shoes easy. Cures chilblains, swollen, sweating feet, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe dealers. 25 cents. Trial package free. Address, Allen S. Olmstead, Le Roy, N. Y.

WATER ON THE MESA.

Its Feasibility Possible and Probable by Artificial Irrigation.

ARID SAND SLOPES.

Editors Citizen:

Upon the establishment of our station by the Santa Fe railway twenty-two years ago, began the influx of states people to what is now our city. Then commenced the agitation of an improved water system for irrigation purposes.

Up and down the valley for a width of six miles, and a length of twenty miles, is land as fertile appearing as it is barren and useless, because non-irrigable.

In all these years theoretical schemes have been advanced and attempted, for the redemption of the slope of the foot hills and of the mesa; and from the days of Brownwell and his two-bit boring device, through Robertson and his four-bit high line canal; to the more recent toy, two-thousand-dollar auger driven a few feet into the ground north of the city to the most recent twenty-thousand-dollar low line fake, nothing practicable has been attempted, and the only results have been the expending of about \$50,000.

These thoughts arose when I was commissioned to investigate the water question in connection with the Perkins plant in the valley, seven miles south. I found it situated on the slope of the hills. Found first a small engine room, at the rear of which was a hole about ten feet square, and nine feet below its surface, water, clear but slightly agitated. A scale dropped to the bottom indicated nine and one-half feet of water. In one corner stood a four-inch pipe connected with a main, and alongside two small pipes; that was all. These pipes were afterward found connected with a pair of air cylinders in the well.

An obliging young man came from the engine room and with him I entered it and saw a boiler, an engine and a lot of stuff he called nipples, elbows, collars, caps, unions, etc., which were as unfamiliar to me as engines are uninteresting, unless they demonstrated what I wanted to see—water flowing over these sand slopes. I had wanted to see it as badly as for upward of twenty years The Citizen has wanted to see a railroad through Tijera canyon.

Shortly Mr. Perkins arrived, and it was demonstrated that our desert is subject to redemption; that in one part of our valley the twenty-third hour of the day of the cacti, the sage brush, the soap weed and the desert sand has been reached, and the first hour of the alfalfa, the cereal, the beet and the other vegetables, is approaching. Halt a minute, after the engine started a solid four-inch stream of water spouted ten feet into the air from a six-foot standpipe about fifty yards from the well. "If I was as young as I used to be," there would have been shouting and self-irrigation amongst all hands, by the elbow hoist and the downward flow, for the old heart was elated, the old eyes well pleased to see water, actual water, irrigating the desert sands.

In about twenty minutes, measuring the well, it contained six feet of water. Five minutes later this was reduced two and one-half inches; the next five, one and one-half, and in another five, one inch. Then could be plainly seen a four-inch pipe from which flowed, naturally, a crystal stream spouting six inches above the pipe and falling in a two-foot circumference as steady and looking as clear as the globe we often see covering a waxen bouquet. This from a depth of only fifty-seven feet. The water looked sufficient, but Mr. Perkins informed me that it was not enough to satisfactorily test the capacity of his power, but that he can easily increase the flow from the present pipe, and knowing now where the water is, the quantity is only a question of additional sources of supply.

Air is the force used, and its application does not pertain to this report. The water can be brought from any depth and conveyed any distance.

Questioned as to the injury to the plant by the cutting sands, the response was that there were no valves to injure; no parts subject to destruction by such sands as are encountered here, and that they are the worst in an experience of more than 100 wells. What I was sent to find was, whether the sands could be made fertile?

The hill slopes can be irrigated without a low line canal and without regard to the Rio Grande. Can the mesa be irrigated without the high line canal and without regard to the Rio Grande? I have always been satisfied that it can when the object is approached intelligently and it does seem as though the intelligent method is now in the valley. But I am not satisfied as to the competency of my judgment. Mr. Perkins appears to be experienced in artificial irrigation and as a practical man The Citizen should have his opinion on the question of the mesa irrigation.

Of Local Interest.

Captain J. Franco Chaves, superintendent of public instruction, spent several days on official business in Albuquerque during the week.

P. E. Harroun will leave this evening for San Francisco, his future home. Harroun will be the guest for the next few weeks of Mr. Harroun's parents, Dr. and Mrs. W. S. Harroun.

Mrs. A. A. Keen, wife of Land Commissioner Keen, after two weeks' sojourn in this city, has returned home to Albuquerque. Mr. Keen accompanied her to the latter city.

District Clerk A. M. Bergere returned

ed yesterday noon from a visit to Albuquerque. Mrs. Bergere remains at the Duke City, the guest of Mrs. N. B. Field, she having recovered from a severe cold.—New Mexican.

Interesting News.

Special to The Citizen.

Sale Headquarters, Jan. 30, 1902.—The greatest clearance sale ever scheduled for Albuquerque will be inaugurated at Rosenwald Bros.' dry goods emporium on the last of January to extend for a period of fifteen days. Sterling values are assured. The promoters feel confident of success and the public is sure to avail themselves of such an opportunity.

From Wilson T. Hogue, president of Greenville college, Greenville, Ill.: The large audience was not only highly entertained by the liquid air lecture, but also richly instructed. The skill with which he conducted the demonstrations and the fact that not a single mishap or failure occurred in the handling of the apparatus, has been very much commented on. I have only words of commendation, and have heard no unfavorable criticism from any source.

ONLY A DRIVE.

Looking Up Army Sites But Not Officially.

The assertion, in certain quarters, that a committee was out yesterday and had selected a site for the proposed military post is false. The Citizen representative investigated and discovered that, when Major General MacArthur was here a few days ago, he told Mayor Maron to look around and have some data prepared for him on his return to the city and in order to comply with the request and Maron selected the following gentlemen: W. B. Childers, G. L. Brooks, P. F. McCann, Pitt Ross and D. A. Macpherson to accompany him on a drive throughout the valley and the mesa. No site was selected; none was expected to be selected, but still, when the major general reaches the city, he will be supplied with the necessary data as to the location of a site for a big army post.

Methodist Services.

The house was taxed to its utmost capacity last night at the Lead Avenue Methodist church, the occasion being a sermon by Dr. Bunker on "Abraham Lincoln." He spoke of his mother's influence, she being a noble and devout Christian woman; of the books he read in childhood, "Bunyan's Pilgrims Progress," "Aesop's Fables," and the "Life of Washington." He then spoke of the leading elements of his character, his loyalty to the common people, his honesty and integrity of character, his sympathy, tenderness and sadness relieved by a constant flow of humor and wit. He spoke of the fact that he never used tobacco or liquor in any form, even pledging a committee of politicians in cold water at the time of his first nomination. He spoke of his hatred of slavery and slowly developed abolition sentiment. And then he showed that he constantly read his Bible and daily prayed for wisdom and guidance in the affairs of state, and that he declared to many persons that "he thought more upon these subjects than upon all others and had done so for years," and that though he could not tell when he was converted, "the process of crystallization had been going on for some time." And within a year of his death, at the close of a lengthy conversation upon this subject, he said: "It has been my intention for some time, at a suitable opportunity, to make a public religious profession." It was this religious spirit working in a great nature that developed those characteristics that have so endeared him to men.

The Newton Entertainment.

A delightful card party occurred at the home of Mr. and Mrs. A. L. Newton on South Arno street Saturday night. The party, although a day late, was in honor of jolly old St. Valentine. The rooms were tastefully decorated with Valentine hearts of various sizes and colors, on each of which was written a pretty verse of poetry. Progressive whist was the pastime of the evening, being played at four tables. The players found their partners in a very unique and pleasing manner. Each person was provided with a piece of card board heart, and to find your partner it was necessary to find the piece of heart that made your heart complete. Mrs. Murray and Mrs. Barhydt secured the first prize, pretty glass oil paintings, were carried away by Mr. Bartlett and Mrs. Saxton. After the scoring the guests were ushered into the dining room, where delightful refreshments were served. Both vocal and instrumental music was enjoyed.

Those fortunate enough to be present at the enjoyable affair were: The Messrs. and Mesdames Bartlett, Saxton, Murray, Newton, Mrs. Alexander, Stevens, Misses Shimer and Newman, and Messrs. Barhydt and Parker.

Accidentally Shot.

John Becker and W. D. Radcliffe came in from Belen this morning, bringing here the former's nephew, Julius Becker, who was accidentally shot yesterday. Julius is the son of Gustave Becker, the general merchant of Springville, Arizona, and attended school in this city. Last Friday he visited his uncle at Belen, to remain over until Monday, when he would return to continue his school duties. Yesterday he was cleaning a .38-caliber pistol when the weapon went off, the bullet entering the left leg several inches above the knee and lodged in the knee cap. This morning the ball was located at Dr. Tascher's office by the X-ray process and this afternoon it was extracted. In a few days Julius will be all right. Dr. Radcliffe and John Becker will return to Belen tonight.

Cottonwood Grove Dance.

The dance given by Cottonwood grove No. 2, Woodmen Circle, at I. O. O. F. hall on Saturday night, was a decided success both socially and financially. A splendid program of sixteen regular and five extra dances was enjoyed. Delightful refreshments were served during the evening. The committee on arrangements was composed of the following ladies: Lucy Rummel, Lulu Hoppling, P. A. Lillie, Julia Garret and Grundman.

Mrs. Rose Berry, in her well known, pleasing manner, furnished the music.

Sunday Afternoon Race.

Ladies, who should take the race track for their races, had a fine tilt down Second street yesterday afternoon and the little sorrel won over the bay horse. There were two buggies and of course two horses, and there were two ladies in each buggy. Marshall McMillin started after the sports, and, on account of foot steam, gave up the race at the corner of Second street and Lead Avenue. He has their names and if another such an exhibition he will make them pay the usual fine for fast driving within the city limits.

F. E. Brockman Dead.

B. Ruppe, yesterday, received a telegram from Chicago, announcing the death there of Hon. F. E. Brockman, an ex-alderman of that city. The deceased spent two winters in this city for the benefit of his health, he suffering with some kind of acute stomach trouble. He was president of the Brockman Manufacturing company, of Chicago, and was otherwise prominently connected with the commercial affairs of that great city.

Garcia's Mule Team.

About noon today the mule team belonging to Elias Garcia created a little excitement by running away with the rig to which they were hitched. The team was headed north and struck out

at a "shell road" gait, going out North Seventh street to New York avenue, then turning about heading for Sixth street, when they were caught by an employee of Mr. Garcia. The only damage resulting from the runaway was the complete wrecking of the buggy pole.

Business Opening.

Here is a chance for some one to purchase a well established and very profitable business in a first class mining town in Arizona at a bargain. It is about an \$8,000 proposition, including fine up to date stock, three lots, store room with cellar, stable, five room dwelling house, finely furnished, etc.; monthly sales, \$2,750, mostly cash; terms easy; death of wife and child of proprietor reason for selling. At a glance it will be seen that this is a rare chance to make an exceptional good investment. For full particulars and terms, address or see H. S. Knight at once, Albuquerque, New Mexico.

Notice.

All members of the Albuquerque Gentlemen's Driving association are requested to be present at 8 o'clock sharp this evening, over Zeiger's Cafe. Business of importance is to come before the meeting.

EMIL MANN, President.

From W. S. Leavenworth, the Professor of Chemistry, Ripon College, Ripon, Wis.: Everyone who attended the liquid air lecture was delighted and those who did not were sorry they missed the treat of the season. No community should miss the opportunity of seeing these experiments.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Mrs. H. M. Peterson and daughter and son, Miss Tressie and Master Herbert, will leave for the Pacific coast cities in a few days.

Half a dozen electric cars for Los Angeles, from a St. Louis manufacturer, passed through Albuquerque today for the California city.

Mrs. Joseph Barnett, who has been on the sick list for the past few weeks, is reported recovering nicely and is now out and among her friends.

Hon. W. E. Jame and wife came in from Cerrillos last night, and, as their household effects have already been shipped to this city, they will soon be comfortably quartered here.

It is reported that Mrs. Givens and three children, the oldest being only 6 years old, living at 511 East Silver avenue, are destitute and need help. Old clothing and provisions would be appreciated by these needy people.

At the meeting of the Knights of Columbus, which was held in the Knights of Pythias hall, Saturday night, D. A. Macpherson was appointed lecturer and J. E. Tierney, recording secretary. The society will hold their meeting on Saturday nights until arrangements can be made for the hall for some other night.

Mrs. Lena C. Volstroff died at her rooms on North Walter street, Saturday night, with hemorrhage of the lungs. The deceased was 25 years old, and came here from Chicago about two months ago, with her mother, who was with her until death. The remains are being prepared for shipment at Strong's undertaking parlors and will leave tonight on the flyer for Chicago. Mrs. L. M. Christenson, the mother of the deceased, will accompany them.

Thomas A. Lister, president of the Pennsylvania Copper company, leaves this evening for the east, and reports the mining outlook for the territory as

very promising. The Pennsylvania Copper company is operating east of the Sandia mountains. Mr. Lister is also interested in the coming mining camp of the southwest, located at Lordsburg, N. M., where there are some very promising properties, such as the Aberdeen, Superior, Lena, and Orion mining companies. There is now under course of construction two concentrating mills and two smelters, which will handle the custom work of the district.

Death of Mayordomo.
Viviano Carabajal died at his home in old town Saturday afternoon from the effects of a severe attack of pneumonia. The deceased was 50 years old and was born in Old Albuquerque, where he lived until the time of his death. He was honorable, well known and has held many positions of trust. At the time of his death he was the mayordomo of the acequia of old town. Funeral took place this forenoon.

Gallup, Cerrillos
and BlandNews Notes
From
Exchanges

GALLUP.

From the Republican.

H. Neumann, the Guam trader, spent a couple of days here.

Mrs. J. B. Moore came in from her home on the reservation.

Peter Rossi, who was shot through the nose last week, is able to be out on the streets.

Mrs. Dr. Clayton is entertaining a young lady friend, Miss Hillemeyer, from Shullburg, Wis.

Engineer John Pitts, of Gibson, visited Algodones to attend his brother's wedding.

John H. Wood is moving his effects from Fort Wingate and will make his home in Gallup.

John Harris, the blacksmith, won \$370 at roulette, bought a ticket to Chicago and quit the country.

W. A. L. Tarr and his son Elwin spent a day in Gallup visiting friends. Elwin is in business at Jerome, A. T.

Gregory Page is improving his property adjoining his hotel by putting in a new front. Contractor Kennedy is doing the work.

Two Jim crew confidence men were given thirty days each in the county jail for turning a few small tricks. They gave their names as H. G. Morgan and Joseph Johnson.

The Whitson Music company, of Albuquerque sold four fine pianos in Gallup last week. The town must be all right when one or two pianos are sold here every week.

The county commissioners have ordered two steel cells with a five foot corridor. The cost delivered here will be \$2,060. They have also ordered a fence twelve feet high built around the jail.

The following members of Gallup lodge No. 13, Knights of Pythias, were appointed on a committee on arrangements for an entertainment to be given on the evening of March 22, to celebrate the establishment of the lodge in Gallup: Messrs. W. F. Kuchenecker, W. R. Risdon, Robert Hodgson, Wade H. Shaw and John Arm.

Bucklen's Arnica Salve.

The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruptions. It cures or no pay. 25c at all druggists.

CERRILLOS.

From the Register.

C. F. Easley and W. S. Hopewell were in Cerrillos on business.

W. L. Leeka, photographer, is at his old stand in Madrid for a short time only.

A. L. Driskell was quite sick a few days the first of the week, but is now improving.

L. D. Sugar, of San Pedro, was a pleasant caller at this office. He says prospects are bright with the Argo company.

Rev. Robert Hodgson, presiding elder for this district, held quarterly meeting at the Methodist church Wednesday evening.

Zenon Sandoval went to Santa Fe as a witness in the case of Lucinda Ellison de Mares vs. Pablo Mares, which came up for hearing there.

Charles Kimball, of Waco, bought a fine piano from Hall & Leonard, the Albuquerque music dealers, the first of this week, so we presume there will be music in the air at Waldo for a while now.

Dr. Walter Spargo, health officer of Wheeling, West Virginia, and George Learnard, of the firm of Hall & Leonard, music dealers of Albuquerque, were Cerrillos visitors a few days.

Thos. Hall, senior member of the firm of Hall & Leonard, of Albuquerque, will make his fifth semi-annual trip to this city in the near future. Owners of fine pianos appreciate Mr. Hall's ability as an expert and conscientious piano tuner.

At the Catholic church in this city Miss Simonita Martinez and Cruz Garcia, were married. Rev. Father Reyberolle officiating. Following the ceremony a feast was given at the home of the bride's brother, Cleofas Martinez, and a grand ball at Hurt's hall in the evening.

BLAND.

From the Herald.

Miss Mabel Routledge entertained the Busy Bee society.

Mrs. David Norman was over from Albemarle on business.

Tom Lynch now ornaments the box on the Bland stage. Tom is popular all along the line.

Master Joe Grace gave his young friends a party, which was an enjoyable event.

George Frane came in from Albuquerque and proceeded to Albemarle the same day.

G. S. Ostrander was over from Peralta canyon the front end of the week trading.

Mrs. J. W. Carpenter and children came in from Albuquerque and are now domiciled in their cozy home in the northern part of town.

Mrs. W. H. Knight and little son, Chester, left for Prescott, A. T., where they will join Mr. Knight, who has a good position there.

R. L. Douthitt, who for the past few years has had charge of the Washington mine at this place, is now a resident of Santa Fe, having bought a nice home and removed his family there.

Mrs. Douthitt left to join his family.

Mrs. J. H. McLaughlin has been busy making preparations to leave for Santa Fe to join her husband. She expects to get away inside of the next day or two. We regret very much to lose this estimable family from our midst and commend them to the good people of Santa Rosa as being most excellent people.

AN ASSAULT OF WOMEN.

A Bad Man and His Peculiar Night's Work.

The full particulars of the assault upon Mrs. W. W. Fletcher, of San Marcial, are told by the Bee in the following article:

The apprehension of the assailant

of Mrs. W. W. Fletcher, on Thursday night of last week, is an event well to be brought about. This assault is even more mysterious than the one recorded two or three months ago upon Mrs. J. W. Crawford. Mrs. Crawford was found near her dwelling a little after dark with her face badly cut and a number of her teeth displaced. Mrs. Fletcher found a man in her house when she returned home between 10 and 11 o'clock at night. In the struggle that followed in the darkened room the man was forced from the house by the lady upon whom his evil designs were centered; but he persisted in his attempts to recover lost ground, and kept Mrs. Fletcher actively employed guarding the doors and windows with a hatchet until nearly 5 o'clock in the morning, and then disappeared, leaving no more positive means of identification than that of being a short, heavily built fellow with a bloated face. During the exciting struggle and thereafter when the man appeared likely to effect an entrance the second time, Mrs. Fletcher screamed for help, but without avail, and so the exciting attacks and repulses continued during the long and trying hours. His plan of attack and his apparent indifference to the possibility of succor in response to the screams and noise of the bombardment, would lead one to believe the marauder was either drunk or demented.

A Legacy of the Grip

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

LAS CRUCES.

From the Progress.

Miss A. L. Tyson, who has been confined to her room by sickness, is now improving.

On Monday morning at the Catholic church occurred the wedding of Nestor Armijo, Jr., and Miss Martha P. Ascarate. Both are of the most prominent families of Las Cruces.

Mrs. W. R. Fall came in from Organ and will join the captain at Columbus, where he is located as collector of that port. Mrs. Fall sold her house to Henry Foy.

Martin Lohman's house was broken into by burglars the first of the week. They succeeded in wrecking the cash register and probably got \$15 or \$20. Nothing else was touched. Mr. Lohman's greatest loss will be in repairing the cash register. The work was evidently done by some one acquainted with the premises.

SOCORRO.

From the Chieftain.

Mrs. Paul J. Terry expects soon to join her husband in Mexico, where he has accepted a desirable position in one of the Guggenheim smelters.

A. T. Harrison is now in El Paso, Texas, where he has real estate interests, and it is reported that he and his family will soon make their home in that city.

Miss Virginia Otero, of Santa Fe, niece of Governor Otero, and sister-in-law of Hon. Solomon Luna, is in the city as guest of her cousin, Sister Dolores, of Mt. Carmel convent, and numerous friends.

Married in this city Sunday evening, February 9, Mrs. L. R. Hill, of the Park house, and Mr. T. F. Reed, of Albuquerque. It is reported that Mr. and Mrs. Reed will soon make Albuquerque their home.

District Clerk John E. Griffith, Ross McMillan and John W. Probert, were out in the city of San Jacinto two or three days on a shooting trip. Some execution was done but the market does not seem to be overstocked with game.

The calico ball given by the Rathbone Sisters was one of the most successful affairs of the kind that has occurred in Socorro in many a day. The number in attendance was large, too large in fact for the capacity of the Knights of Pythias hall, in which the ball was held. The ball took its name from the fact that each lady was gowned in calico and furnished her escort a tie to match. Everybody reported a most enjoyable time. The net receipts of the entertainment amounted to about \$45.

A STEADY WORKER.

Coffee Works Slow But Sure.

Many people use coffee day after day without an idea of the serious work it does with nerves, stomach, bowels, and sometimes with the eyes, heart and kidneys. Its work is done gradually, that is, the poison affects the nerve centers a little today and a little tomorrow and so on, and finally the nerve cells are slowly broken down and then Nature begins the call for help.

It is safe proposition that if a man or woman has headaches, stomach trouble, or any such ailments come on at intervals, something is wrong with the food or drink, and this question should be investigated carefully, for health is the best capital anyone can possess and wifely breaking it down is a piece of childish folly.

It is easy to leave off coffee if one will take Postum Food Coffee, properly made, for Postum has a delicious coffee flavor and a deep seal brown color which changes to a golden brown when cream is added, and it satisfies the coffee drinker without any of the bad effects of coffee; on the contrary, the result of using Postum is the rebuilding of the broken down nerve centers by the food elements contained in it.

Postum is a pure food beverage made by scientific food makers and can be depended upon absolutely for its purity and the good results that follow its use.

To bring out the flavor and food value Postum must be boiled at least 10 minutes after the boiling begins.

NEW METROPOLITAN.

F. A. Cleveland, San Bernardino, Cal.; M. Ross, Celos, Ohio; F. E. Whelan, Bradner, Ohio; H. T. Walsh, Denver.

Mr. Wheeler Got Rid of His Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, N. Y. For sale by all druggists.

RATON.

From the Reporter.

Jerry DeLong has been appointed night marshal.

Miss Dunn, of Roclado, is here visiting her sister, Mrs. Harry Roseberry.

Mrs. W. A. White, who was very ill for several weeks, is convalescing.

Miss Mattie McAbbe left for Larned, Kas., where she will visit relatives for several months.

H. H. Hansbrough left for Perkins, Okla., upon receiving a telegram announcing that his mother was dangerously ill.

Mrs. J. B. Schroeder left for Albuquerque, where she will visit for a few days and then go to California for an extended visit.

Miss Julia Barnum went to Cimarron to reopen school, the diphtheria which was epidemic there for several weeks having been stamped out.

Billous Colic.

H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

DEMING.

From the Headlight.

Mr. and Mrs. Tom Green Upton returned from their wedding tour through California.

Mrs. N. A. Bolch gave progressive whist party at her paternal residence in honor of Mrs. Frank Thurmond, who is now visiting in this city.

The building for the ice plant is rapidly assuming shape and before long we will hear the whistle of the engine from our new ice and electric works. Let us hope it will not meet the fate of the last one and go up in smoke.

Morgan Swope, who has been sick in this city for a long time with pulmonary troubles suffered a severe hemorrhage and since that time has been very low, until within the last two or three days when he seemed to have rallied for the better. Mrs. Morgan Swope has also been a very sick person for several days past but at this time Mrs. Swope is also improving and no fears are now entertained for her recovery.

CALLED HENCE BY DEATH.

John Miller, a Well Known and Popular Resident, Died Early This Morning.

John Miller, for the past five years a resident of Santa Fe, who came here from New York city for his health, died this morning at 2:30 o'clock, at his home, the residence of Mr. and Mrs. Charles A. Haines. Early this week, while walking on the street, he had an unexpected and severe hemorrhage, since which time he has been sinking rapidly. Mrs. Miller, who had been called on the evening of attending the funeral of her mother, returned Wednesday evening, to be with her husband when the last summons came. Mr. Miller was well known and popular in Santa Fe and recently became a member of the local lodge of Elks. He had apparently recovered from his illness. He is survived by his parents, people of wealth, in New York city, and thither the remains will be taken on the train that leaves for the east to husband when the last summons came.

They Are After Him.

The local police officers are on the hunt for C. M. Hamilton, formerly a second-hand dealer in this city, and who left for parts unknown several years ago after obtaining the proceeds on some junk, which he had shipped to El Paso for Charles Dennis, on the Mimbre. Hamilton went down to El Paso, after he had shipped the goods,

IT MAKES WOMEN HAPPY.

"I had been a sufferer for many years from nervousness with all its symptoms and complications," writes Mrs. O. N. Fisher, of 1861 Lexington Ave., New York, N. Y. "I was constantly going to see a physician or purchasing medicine. My husband at last induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles of 'Favorite Prescription.' I continued taking it and felt that I was improving faster than at first. I am not now cross and irritable, and I have a good color in my face; have also gained ten pounds in weight and one thousand pounds of comfort, for I am a new woman once more, and your advice and your 'Favorite Prescription' is the cause of it."

and contrary to agreement, secured the money from the parties to whom they were consigned and then folded his tent and silently stole away. Nothing was heard of him until he was seen in this city Wednesday night, when the officers started on a search for him.—Silver City Enterprise.

Notice of First Meeting of Creditors.

In the district court of the United States for the second judicial district of the territory of New Mexico. In bankruptcy.

In the matter of Edwin D. Sower, bankrupt.—In bankruptcy.

To the creditors of Edwin D. Sower, of the city of Albuquerque, in the county of Bernalillo, and district aforesaid, a bankrupt.

Notice is hereby given that on the 3rd day of February, A. D. 1902, the said Edwin D. Sower was duly adjudicated a bankrupt; that the first meeting of his creditors will be held at my office in the N. T. Armijo building in the city of Albuquerque, New Mexico, on the 28th day of February, A. D. 1902, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may come before the meeting.

WM. D. LEE, Referee in Bankruptcy.

Feb. 17, 1902.

Announcement.

Doctor Conner has opened an office in the Whiting building, rooms 21 and 23. By osteopathic treatment he is able to cure many chronic diseases that has baffled the skill of physicians of the old schools of drugging for centuries.

It is the privilege of everyone to consult free of charge.

C. H. CONNER, M. D., D. O.

Railroad Topics

Engine No. 808 came in from the east, en route to the Santa Fe Pacific for service.

O. C. Straight has resigned his position as night freight clerk at the Williams depot.

The section hands on the Santa Fe Pacific, mostly Navajo Indians, are being replaced by Mexicans.

J. H. Simms has gone to Winslow for a short stay. He is foreman of the Santa Fe Pacific car yards.

Engineer J. W. Reynolds has returned to Gallup from his visit to California. His health is no better.

Conductor Lou King, who was injured at Starkville, one day last week, died in the hospital at La Junta.

Engineer C. C. Reynolds, of Raton, was taken to Arizona on account of the dangerous illness of his brother.

General Superintendent Hurley, who was down south on an inspection tour, passed up the road going north last Saturday.

J. S. Hoyle has returned to Winslow, where he is in the employ of the Santa Fe Pacific, after a sojourn of a day or two here.

Jeff Leech, a passenger brakeman on this division, after a two months' visit to his parents in Erie, Pa., has returned to Las Vegas.

Alex. Bowie, Jr., of Gallup, has accepted the position of typographer in a surveying corps which is now engaged in running a line from Phoenix to Benson, Ariz.

The Southern Pacific painting gang is busy at work giving the Lordsburg depot a fresh coat of paint. This does not look much like the promised enlargement of that depot.

Brakeman W. H. Strong, who has been in hospital and at San Jacinto Springs for treatment, has returned to Needles, ready to resume battle with box cars and "freezers."

Fireman Deveraux has returned to Las Vegas from Lamy, where he has been working for a few days on the mountain, in place of Fireman Schultz, who has again reported for duty.

Engine No. 2197, formerly on the ice run at Las Vegas, has been sent down to the Waldo branch, to work in place of engine No. 2405, which has been sent in to the local shops for repairs.

L. M. Hardy succeeded H. O. Clark as general superintendent of the whole Missouri Pacific lines. He has had a large experience with both the Union Pacific and the Denver & Rio Grande roads.

The Southern Pacific company is preparing to build at least two more side tracks on the south side of their tracks in Deming. This will necessitate the moving of their cottages east of where they now are.

Freight Conductors Crawford and Tyler returned to San Marcial from Topeka, where they have been for several weeks on grievance committee business. Mrs. Tyler accompanied her husband home.

J. W. McCoach, whose present official duties are that of auditing the accounts of station agents on the Juarez division of the Mexican Central railway, visited his family at San Marcial during the week.

The engineering corps of H. A. Sumner, chief engineer of the El Paso & Northeastern railway, passed through Las Vegas from Santa Rosa, en route to Springer, to work on the extension of the Rock Island.

Engineer J. B. Girard, William H. Lockridge, Fred Hesse and M. J. Rounseville left Williams for Ash Fork, south of which point they will be engaged for some days on important work for the Santa Fe company.

Superintendent Simmons of the Arizona & New Mexico road has sufficiently recovered from his attack of pneumonia to be out. He left Lordsburg for Los Angeles last week for a change of climate and a short rest.

The citizens of Tombstone, Ariz., are determined to have a railroad and if the El Paso & Southwestern does not build to that place from Fairbank, a movement will soon be started to build a road from El Paso, via Tombstone, to Tucson and Phoenix.

The Santa Marcial Bee says: If there is a health officer anywhere within a thousand miles, he could render the community a great service by compelling the push of the Harvey house system to suppress the sewer nuisance so rampant at their institution here.

Superintendent John Denair has made a great success of his experiments in boring for water on the Mohave desert. He has put down wells at convenient points all along the Santa Fe Pacific, and as a result the company has all the water they can use.

A little flurry of excitement occurred at the Needles Harvey house the other evening. A man was extracting the shells from a Winchester rifle, when the weapon was discharged, the bullet passing through the floor uncomfortably close to those who were watching the process.

The Atchison Globe is printing hints on etiquette from the Brakemen's Home Journal. Here is one of them: "If a guest takes a lady to a ball it is proper, about 11 o'clock, for him to couple up with her, switch her down to a restaurant and coal her up with an oyster stew."

Tom Hughes, who has been conductor on the Morenci Southern ever since trains ran over the road, was in the city the latter part of last week, en route to Bisbee, for a visit. He was limping, which was caused by an accidentally discharged bullet from a gun he was handling, which scraped his foot.—Lordsburg Liberal.

The Socorro Chieftain says: L. M. Lasley and W. Mitchell were in the city Tuesday. Mr. Lasley had just returned from a business trip east. He stated that there is now being constructed a transcontinental railroad to extend from Norfolk, Va., to San Diego, Cal., which will intersect the Santa Fe at or near Socorro.

The Williams News says: Frank Dawson, who was implicated in the charge of breaking a seal last October, was taken to Flagstaff last Sunday night by Constable Andrews, to await the action of the grand jury. With him went our last hope of ever getting

the suit of clothes we won in the raffle. Frank still says we'll get it, though.

That popular brotherhood of railway employes, the Brotherhood of Locomotive Firemen, have engaged the Shaw building, San Marcial, for the evening of March 17, when they will give a ball that will be a social event which dancers cannot afford to miss, if complete arrangements, good music and dance programs form an inducement.

Fred Davenport, who recently left Socorro to undertake the engineering work on a projected line of railroad from Cerrillos to some coal mines fifteen miles distant, is reported sorely afflicted with inflammatory rheumatism. During Mr. and Mrs. Davenport's stay in Socorro they made many friends who now express hearty sympathy for them in their affliction.—Socorro Chieftain.

Willie Howard left San Marcial for Tucson to enter the employ of the Southern Pacific road as a machinist.

Commencing Tuesday of last week the Southern Pacific ran all chair cars, coaches, tourist and standard sleepers from San Francisco to New Orleans, and return, thus doing away with all changes at El Paso. This enables through passengers to pass El Paso without changing cars. A change of cars is always a nuisance, and the Southern Pacific is endeavoring to make its road as comfortable as possible to ride on.

Millions Put To Work. The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all druggists.

Favorite Nearly Everywhere. Constipation means dullness, depression, headache, generally disordered health. DeWitt's Little Early Risers stimulate the liver, open the bowels and relieve this condition. Safe, speedy and thorough. They never gripe. Favorite pills.

NICHOLSON'S EXPLANATION.

Tells Why the Santa Fe Has Abandoned Mexican Pullmans.

In speaking of the abandonment of the through Santa Fe Pullman service from Chicago to the City of Mexico, Passenger Traffic Manager Nicholson of the Santa Fe says:

"Our experience in this service has taught us that there can be such a limit to which you may keep travelers in a car conveniently and comfortably.

"Our most serious trouble and the principal cause of the abandonment of the scheme was our inability to keep the cars in a proper sanitary condition during the entire trip. This cannot be done while it is occupied.

"The cars now will be operated only to El Paso, where a change will be made and fresh cars boarded on the other side of the border. The recent railroad legislation in Mexico might have caused such a change later, but it did not figure seriously with us in causing the abandonment of our service."

The action of the Santa Fe, railroad men say, will be a strong object lesson to those who have for years been advocating through cars and trains from the Atlantic to the Pacific.

Travelers prefer to change cars for the sake of health and comfort on these long journeys. Few railroad men, knowing the feeling of the public in the matter, have ever favored any of the many transcontinental passenger train propositions.

It is likely that the Rock Island will in a few months establish a line of sleeping cars between Chicago and El Paso, Texas, with connection for the City of Mexico.

PRESS PROOFS RECEIVED.

Santa Fe Issuing an Expensive Booklet About Grand Canyon.

About seventy-five beautiful press proofs of the full-page half-tone cuts to appear in the forthcoming Santa Fe book about the Grand Canyon of Arizona were received at the office of General Passenger Agent W. J. Black, of the Santa Fe, Topeka. These proofs

Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been dosed with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up—

Like Begets Like. driven from the out again, and to their sorrow and mortification find those nearest and dearest to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this. Often a bad case of Rheumatism, Catarrh, Scrofula or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early

The Sin of the Parents. life, for it remains smoldering in the system forever, unless properly treated and driven out in the beginning. S S S is the only antidote for this peculiar virus, the only remedy known that can overtake it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease to embarrass or humiliate you afterwards.

SSS cures Contagious Blood Poison in any and all stages; contains no mineral to break down your constitution; it is purely vegetable and the only blood purifier known that cleanses the blood and at the same time builds up the general health.

Our little book on contagious blood poison is the most complete and instructive ever issued, it not only tells all about this disease, but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

comprise an entirely new and unpublished series of pictures of the canyon, far surpassing any pictures heretofore issued by the Santa Fe.

The new book will be about the finest thing in the advertising line ever issued by the road—and the most expensive. It will be given added interest through the fact that articles about the canyon are contributed by a number of celebrated authors and travelers. Among these is Charles S. Gled, of Topeka, one of the directors of the Santa Fe road.

It is thought that the book will be ready for distribution within a month. It will cost the Santa Fe about fifty cents apiece to publish the books, and they will be distributed for a nominal sum.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this good medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction, 50c, \$1.00. Trial bottles free.

He Recommends Chamberlain's Cough Remedy.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

LAS VEGAS.

From the Record. Justus Harris, who is quite low with typhoid fever, is reported a little better.

Mrs. B. Ifield, of Albuquerque, after few days spent in the city as the guest of Mrs. J. Judell, left on the flyer for Chicago.

Frank Roy has filed suit in the district court against the board of county commissioners of San Miguel county to recover the sum of \$1,000.

Edward F. Hobart and wife, of Santa Fe, have transferred to Orlin F. Olson, a resident of San Miguel county, a parcel of land located in the vicinity of the experimental station. Consideration, \$200.

Mrs. Charles Watson received word that her brother, Carl Howard, was very ill and not expected to live, at Chickasha, Oklahoma. Mrs. Watson accompanied by her husband, left for that place.

Martin Lohman, of Las Cruces; C. L. Ballard, of Roswell, and W. C. Barnes, of Dorsey, were in the city attending a meeting of the cattle sanitary board, held in the office of Secretary J. A. La Rue.

A hearing will be held before George P. Money, referee, in the consolidated mechanics' lien claims of Wagner & Myers, Ludwig Ifield, W. H. Jobe and the Muscatine Sash and Door company upon the Crockett building. Messrs. Spiess, Reed and Hayden represent the claimants, and A. A. Jones Mr. Crockett.

While Joe Sena and wife were out riding their house on Eighth street was entered and robbed, some money, jewelry and provisions being taken. A night or so ago two parties came again to the house, thinking nobody was at home. When they tried to force an entrance Mr. Sena shot through the door and the bullet hit one of the thieves as a trail of blood led towards the west side the next morning. No arrests have been made yet.

From the Optic. James Duncan, Jr., is to be Postmaster Flood's deputy and not his clerk.

Judge Wooster appraised the fire damage on the prairie near Wright's ranch to be about \$15.

Fred Fornoff, deputy United States marshal, and C. L. Doran, postoffice inspector, left for Mora, where they will attend to government business in their respective capacities.

D. T. Hoskins, cashier of the San Miguel National bank, was released from quarantine. Dr. Mohr, in the absence of City Physician Black, signed the certificate of release.

Chief B. Ruppe, of Albuquerque, president of the New Mexico association of volunteer firemen, will be an honored guest of the E. Romero fire company at the carnival ball on the 21st.

The general postoffice inspector for this district, C. L. Doran, has been out looking after Uncle Sam's interests in the vicinity of the office lately robbed in the south country by the bloomin' hold-up men. He didn't return with pockets filled with handiwork, but he would like to get hands on a few dozen bad highwaymen. May be he can induce his Uncle Samuel to put up some decent rewards for their heads.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unending. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

Deming ships over 100,000 head of cattle annually. It is the center of the greatest breeding region in the southwest and cattle men all know this.

Mrs. Albright, the Artist, is again in her studio, 113 North Third street. Parties who wish fine work in artistic photography, should call and leave their orders for the new carbon photo, the latest in photographic art.

Bring in your tinware and have it repaired. Albuquerque Hardware company.

Deming is the great mining center of the southwest.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

SOLD TO GATES.

Colorado & Southern, According to Chicago Report, Has Passed Into New Hands.

John W. Gates, John J. Mitchell, Isaac Ellwood and those associated with them in the control of the Colorado Fuel & Iron company appear to have made another railroad venture, says a Chicago special dispatch.

It is learned from good authority that they have purchased a controlling interest in the Colorado & Southern. This road runs from Denver, Colo., to Texline, N. M., 356 miles, and its other division branches and extensions comprise a mileage of 785, making the total length of miles operated 1,142. The company also owns a majority of the stock of the Denver & Fort Worth railroad and has a half interest in the Colorado Midland railway, which runs from Colorado Springs to Grand Junction, Colo. The Rio Grande Western owns the other half interest of the Midland.

The mines and plants of the Colorado Fuel & Iron company are all located on the line of the Colorado & Southern and the Denver & Rio Grande. By the acquisition of the Colorado & Southern, the Gates syndicate means to give all of its business to this road, and thus greatly increase its earnings.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue.

Kodol Dyspepsia Cure

Digests what you Eat
You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The 11 bottle contains 2 1/2 times the 50c. size. When you need a soothing and healing application for piles, sores and skin diseases, use DeWitt's Witch Hazel SALVE. Beware of counterfeits.

LOCAL PARAGRAPHS.

H. G. Salisbury went to Cerrillos this morning.

Miss Nancy King, after a visit here of a few weeks, has returned to Chicago.

John T. Barraclough, interested in the Crystal ice works and other Albuquerque enterprises, will leave for his home in Oakland, Cal., tonight.

Juan M. Sanchez, of Cubero, and Jesus S. Pino, of Mangos, two well known ranchmen of their sections, are in the city today purchasing supplies.

Jose D. Sena, clerk of the territorial supreme court, was here last night from Santa Fe. He is talked of as the republican candidate for mayor of Santa Fe.

Mrs. M. W. Flournoy and her popular daughter, Nell Flournoy, have returned to the city after a pleasant sojourn of a few weeks in southern California.

Rev. George H. Brewer, the Baptist church missionary for New Mexico and Arizona, has departed for Arizona, via El Paso, and expects to be absent several weeks.

J. B. Fish, who was at Belen doing some work on the long distance telephone for the Mutual Automatic Telephone company, has returned to his duties here.

George H. Kraus, who clerked in Albuquerque a year ago, now with the Underhill Manufacturing company, of Denver, Colo., is in the city interviewing his customers.

Isaac Cox, a member of the plumbing firm of Brockmeier & Cox, with his wife, returned yesterday morning from southern California, where they enjoyed several months' vacation.

George S. Arnot, the well known manager of the local house of Gross, Kelly & Co., who visited his family at Las Vegas over Sunday, returned to the territorial metropolis last night.

Prof. Jones, of the School of Mines, Socorro, is in the city today. He says everything is all right at the school, and that the farmers are now plowing along the valley in the vicinity of Socorro.

Hon. Martin Lohman, of Las Cruces, stopped off in the city Saturday between trains on his return from a visit to Las Vegas. Mr. Lohman says that Las Cruces will be an incorporated town by the time that summer arrives again.

A most interesting meeting was held last Saturday night by the Albuquerque council, Knights of Columbus, and several visiting knights attended, among whom was L. A. Grant, of Los Angeles.

Saturday afternoon Ralph Peterson, the 8 months' old son of Mr. and Mrs. William Peterson, died at his parents' home on East street, of brain fever. The funeral was held Sunday afternoon from the residence. Interment was made at Fairview cemetery.

Edwin and Gilbert Peltier, two brothers, have started in the plumbing and heating business at 206 West Gold avenue, and both being practical workmen they will succeed. They announce as their motto: "Live and let live," and if these words are carried out by the new firm it will mean a whole lot to the people of the city.

George W. Smith, superintendent of motive power and division master mechanic of the Santa Fe, now located at San Bernardino, Cal., and who has been spending a few days in the city, went west last night accompanied by J. F. Palmer, a representative of the Galena Oil company, located at Franklin, Pa. The Galena company furnishes all the lubricating oil used on the whole Santa Fe system.

E. E. Souther, president of the E. E. Souther Iron company, St. Louis, and George H. Souther, of the Sangamon Loan and Trust company, of Springfield, Ill., were in the city last Saturday and were introduced at the Commercial club. The gentlemen are brothers and both are well pleased with Albuquerque from a commercial point of view. While here R. P. Hall showed them courtesies. They continued west to California last night.

The Los Angeles Times contains a long article on the death of William Demery, the largest Elk in the world. He, topping the scales at over 350 pounds. He was supposed to be in most excellent health, but when he returned to Los Angeles from a business trip to Arizona, he was taken sick and soon thereafter Bright's disease in an aggravated form developed, resulting in his death. Mr. Demery visited Albuquerque as a commercial representative, and is therefore known to the local Elks.

RENOVENE.

Carpet Cleaning.
