BRITISH BAITING.

Congressman Pulling the Lion's Tail.

He Severely Denounces American Flunkeyism.

Woman Suffrage Advocates Holding Lively National Convention.

DEATH OF TEXAS EDUCATOR.

Washington, Feb. 14.—In the house, during the debate upon the pension bill, Wheeler, of Kentucky, created a sensation by a speech denouncing the attitude of the administration and state department in connection with what he termed the recent "exposure of the attitude of Great Britain" toward the United States. Wheeler excoriated what he termed the modern disposition toward European flunkeyism. The government was hugging to its bosom, a nation that since the battle of Yorktown has systematically and persistently plotted our downfall. He sneered at the "shoulder-strapped, gold lace flunkies," who were to be dispatched across the Atlantic to bend the knee to and kiss the hand of the English king, whose government, he declared, attempted to form a coalition of European governments to thwart us while we were seeking to strike the shackles from Cuba. Honest, straightforward American diplomacy, he declared, had given way to European diplomacy. He said he respected the present occupant of the white house. He was more straightforward than many of his party colleagues, slightly quixotic and hasty tempered, but honest and brave enough, he thought, to "boot out that man in the state department who had brought us to this humiliating position." Turning to England's war in South Africa, he denounced her tyranny and the part we had in it in allowing war material to be shipped from our shores. "If half that was said of this man Paunceforte was true, he declared, 'he ought to be shipped across the water and the sooner the better.'" Referring to the report that a member of the president's family was to attend the coronation, Wheeler said it was perhaps unbecoming to allude to it, nevertheless he said that he considered it "most unfortunate and unprecedented, and to be lamented by every liberty-loving American." It was but one more link in the chain.

Wheeler then turned to the prospective visit of Prince Henry. With a gesture of contempt, he declared: "Europe maniacs were falling over each other to see a little Dutchman. There were thousands of Americans following the plover," he said, "who were as honest and noble as he. We should treat our visitors politely, but why fall down and worship them?"

The whole house was aroused by Wheeler's Philippic. Several times the democratic side burst into applause.

Boutell, of Illinois, vigorously defended the head of the state department, and said that he could not be silent while such an attack was made upon an American who had cast such a lustre over diplomacy. The excitement then subsided.

Later Grosvenor replied at some length to the speech made by Wheeler, severely criticizing Wheeler for what he termed the latter's "inopportune speech." He said that the speech would be read at Kiel tomorrow morning on the eve of Prince Henry's departure as a message of the American people. Wheeler, at the conclusion of Grosvenor's remarks, made an impassioned response, protesting against the official reception of Prince Henry.

It was agreed to adjourn today to meet on Monday next. Payne, floor leader of the majority, gave notice that on Monday he would call up the bill for repeal of the war revenue taxes. A house in committee of the whole, took up the consideration of private pension bills.

WOMAN SUFFRAGE.

Convention Makes It Warm for the Brute Called Man.

Washington, Feb. 14.—New Orleans has been selected as the next meeting place of the woman suffrage convention.

Clara Bewick delivered an address on "Industrial Problems," in which she criticized the pending legislation in congress providing for abolition of sick leave of government clerks, on the ground that women were constantly absenting themselves. This, she said, was an overt attack on womanhood. In the interstate commerce commission, where no women are employed, she said the percentage for sickness was the greatest.

Mrs. Catt said that only a depletion of the number of men during the civil war was responsible for women holding office. As the pressure for patronage grows stronger, she declared, it is natural that those who have no votes shall be considered less eligible for government positions.

Susan B. Anthony pleaded for suffrage for the women of Hawaii, Porto Rico and Philippines.

A permanent international woman suffrage conference was agreed upon today at the adjourned meeting of the

Death of Texas Educator.

Bonham, Texas, Feb. 14.—The Rev. Charles Carlton, president of Carlton college, one of the prominent educators of Texas, is dead at his home here. He was born in England in 1821, and served as a seaman a number of years, coming to Texas and establishing a college in 1867. He was one of the leaders of the Christian denomination of this state.

ENGLAND'S ATTITUDE.

Was Friendly to This Country Through Spanish War.

London, Feb. 14.—The Associated Press understands that the under secretary of foreign affairs, Lord Cranborne, will inform the house of commons this afternoon that Lord Paunceforte, British ambassador, Washington, acted merely as dean of the diplomatic corps in summoning a meeting on April 14, 1898, that he did so at the instigation of other diplomats, and that he acted in those proceedings entirely on his own initiative, and forwarded the note as a matter of routine and was instructed in return to take absolutely no notice of the matter.

India Ravaged by Plague.

London, Feb. 14.—A dispatch to the Exchange Telegraph company from Lahore says that under the new regime of non-intervention the plague is ravaging the Punjab, 1,000 deaths occurring daily.

ST. VALENTINE'S DAY.

Birds are Mating and Happy Lovers are Waiting.

LOVE-LADEN MISSES.

Today, the 14th of February, is sacred to the memory of St. Valentine. For ages and ages, so long, in fact, that "the memory of man runneth not to the contrary," have the young and old revered the memory of the genial saint. Each recurring Valentine day brings new joys. It is the day of days for the lover—and what man or woman or youth or maiden is not a lover of "somebody."

To the maid, whose course of love has run smooth, the day is one of peculiar joy. But to her who has lately had a tilt with her "best fellow" the day will be one of gloom, for she will receive no bon-bon with "To my Valentine" inscribed upon it. In years past a Valentine consisted of a slip of paper with a verse or two of love poetry written upon it. But times have changed, and likewise hath the Valentine undergone a change. To those who are not as fortunately situated as the "400," a simple bit of paper, with a love verse written upon it, will still suffice. Among the aristocracy, however, the Valentine assumes a more elaborate form. Pretty and ingenious devices in silver and gold, and even precious stones, serve to make glad the heart of the debutante. Times have so degenerated that a maid who looks upon a Valentine in a shop window and then receives its counterpart is not made glad, but on the contrary is vexed. Old Saint Valentine was a jolly old soul, and therefore do we, of this fin de siècle world, reverse his memory and make glad upon his day.

CHARLESTON EXHIBITS.

Bureau of Immigration Doing Splendid Work for Territory.

MINERAL EXHIBITS SECURED.

The Territorial Bureau of Immigration is helping in the good work of advertising New Mexico at the great Charleston exposition. The energetic secretary of the bureau, Col. Max Frost, has supplied Mr. Bryan with descriptive pamphlets of the different counties, and is actively at work securing exhibits from the different mining districts, as the following letter will show:

Santa Fe, Feb. 11, 1902.
R. W. D. Bryan, Esq., Charleston Exposition Commissioner, Albuquerque, N. M.

Dear Sir—I send you by Wells Fargo express today, prepaid, thirty one samples from the Red River district in Taos county to be placed among the mineral exhibits from New Mexico at the Charleston exposition, and then to be transferred to the St. Louis exposition, as a contribution from the bureau of immigration. I am getting together for the same purpose one sample from some of the Rio Arriba and Santa Fe mining districts and have made a very fair start. These will be sent you at the very earliest date possible. I enclose herewith list descriptive of the ore samples of the Red River mining district which I think ought to be copied on cards and each description should appear with the sample which it describes.

Please acknowledge receipt and oblige,

Very truly yours,
MAX FROST,
Secretary of the Bureau.

Town Burned.

Norfolk, Va., Feb. 14.—South Mills, N. C., near the Dismal Swamp, was practically destroyed by fire today. Four hundred families are reported homeless. A rough estimate places the loss at \$120,000.

PURSUING BANDITS

New Mexico Sheriffs Hunting Outlaws.

Young Teddy Roosevelt Making Satisfactory Recovery.

Fourth Days' Score of the Six Day Walking Match.

EARTHQUAKE IN RUSSIA.

El Paso, Texas, Feb. 14.—Pursuant to instructions from Governor Otero, of New Mexico, the sheriffs of Guadalupe, Union, Lincoln and Chaves counties are organizing posses of picked men to hunt down the members of the Jack Musgrave band of bandits, who recently terrorized that region. This means that a war of extermination will be waged against the outlaws and exciting times are expected in that portion of New Mexico to which the outlaws have retreated. They are said to be in a fastness of the wild Capitan mountains.

YOUNG ROOSEVELT RECOVERING.

Son of the President Gives Indications of Convalescence.

Groton, Mass., Feb. 14.—Young Theodore Roosevelt was sleeping peacefully at 8:30 this morning, and there were no indications that his condition was not perfectly satisfactory.

At noon the young patient remained in excellent condition.

WALKING MATCH.

Fourth Day's Score of the Big Walking Contest.

New York, Feb. 14.—With the beginning of the fifth day only sixteen teams were competing in the six-day walking match. The score of the leaders at 8 o'clock:

Hegelman-Cavanaugh, 599.0; Shelton-Guerrero, 576.0; Faney-Metkus, 571.2; Golden-Tracy, 555.8; Gluck-Howarth, 533.8; Noremach-Cartwright, 510.0; Peeney-Feeney, 498.7; Davis-Carroll, 500.6; Frazer-Sullivan, 497.3; Dean-Campbell, 487.7.

Earthquake in Russia.

London, Feb. 14.—A news dispatch from St. Petersburg announces that the large town of Shamaka, trans-Caucasia, has been destroyed by an earthquake. No details received.

RUSSIAN POSITION.

The Czar Ready to Maintain His Interests in the Orient.

St. Petersburg, Feb. 14.—A Russian official view of the Anglo-Japanese treaty was communicated to the Associated Press as follows:

"We accept the news of the entente with cordial and most complete equanimity and are happy to ascertain that England and Japan are pledged to maintain the integrity of China and the independence of Corea, two of the principles which Russia was the first to establish as the basis of her foreign policy in the orient. The English-

Japanese say their convention has only essentially pacific aims. This makes it all the more astonishing when they speak of war and of coalitions. What power they have in view we cannot say. But, in any case, if peace is menaced in the extreme orient, Russia, for her part, will not fail to take all the measures necessary to safeguard her interests. We have reason to believe it is not true that America, with which we remain in perfect accord, is a silent partner in the affair. We have given America positive assurances that Russia will do nothing which will disturb the interests of America in China. We do not believe that America is anxious about the situation. Furthermore, we have received satisfactory assurances that America is not taking any steps against us in China.

Row in the Reichstag.

Berlin, Feb. 14.—Frequent differences of opinion in the customs committee of the reichstag culminated this morning, after several disturbing incidents, in an open split and resignation of the chairman, Baron Von Kardorff, one of the agrarian leaders. Although Count Von Posadowski-Wehner, imperial secretary of state for the interior, declared that the government could not accept the suggestion, the committee, by a large majority adopted a motion that the tariff bill should become effective January 1, 1905, at the latest.

In Washington.

Washington, D. C., Feb. 14.—President Roosevelt arrived at 10:40 a. m.

LABOR AND IRRIGATION.

Industrial Commission Makes Important Suggestions.

The third portion of the industrial commission's final report treats of labor, immigration, taxation and irrigation. Regarding labor, it holds that the working day of all public employment should be eight hours. The period of work in underground mines should be eight hours. It is recommended that congress, under its powers as to interstate commerce, prevent any person under 18 years being employed as a telegraph operator on railroads; that all engineers and switchmen should submit to an examination for color blindness; that it should be a misdemeanor for an engineer or switchman to be intoxicated while on duty. Labor should be paid in cash or cash orders without discount, and not in goods or due bills, and that company stores should not be allowed. Congress should legislate to prevent the importation and sale of convict-made goods from one state into another without the consent of the state into which the goods are imported, or where they are sold.

FAVORS NATIONAL RESERVOIRS.

The commission recommends renewal and continuance of the Chinese exclusion laws and the introduction of administrative amendments in order to render these laws less liable to evasion, but, treating restrictive legislation so as not to hinder or seriously interfere with commerce with China. Commissioners Penrose, Bard, Gardner, Bell, Otjen, Lorimer, Farquhar and Litchman dissent from the qualification on the restrictions of Chinese immigration, and deprecate legislation which would make easier Chinese immigration under the guise of encouraging commerce.

LAND GRANT FRAUD.

Delegate Rodey Fights Attempted Land Grant Steal.

Special to The Citizen.

Washington, D. C., Feb. 14.—Delegate Rodey, before the private land claims court, argued an hour and a half against the Beales land grant for 30,000,000 acres in east New Mexico. Indications are that it is knocked completely out. Mulvane, of Topeka, spoke for the grant. Congressman Curtis was given permission to be heard for the grant at a future day.

Senate Discussing Census Bureau Bill.

Washington, Feb. 14.—The senate began consideration of the house bill creating a permanent census bureau.

RAILWAY WRECK.

Fatal Accident on a Pennsylvania Road.

Ransom of Miss Stone Has Been Paid.

American Deserter Killed in a Skirmish on the Island of Samar.

ACCIDENT TO DUMONT'S BALLOON.

Altoona, Pa., Feb. 14.—Three men were killed and four probably fatally, and two seriously injured, and one freight train a complete wreck and another nearly so, are the results of an accident this morning on the Pennsylvania railroad at the steep grade below the Horseshoe curve.

The dead: A. S. Grove, conductor; U. B. Westner, brakeman; W. W. Cooney, brakeman.

The probably fatally injured: M. W. Hartman, flagman; B. W. Kinkead, engineer; W. F. Fluke, engineer; and Simon Frederick, brakeman.

The control of the second section of the east bound freight train was lost soon after emerging from Gallitzin tunnel and two miles west of Allegheney, it rushed into the rear of the first section, and ten cars, caboose and two engines were completely wrecked.

MISS STONE'S RANSOM.

American Missionary to Be Released by Bulgarian Bandits.

Constantinople, Feb. 14.—The ransom of Miss Ellen M. Stone and Mme. Talika has been paid. The limit of time allowed for the release of the captives has not yet expired, but their delivery to the American agents is expected hourly.

DEAD DESERTER.

American Troops in a Skirmish Kill a Notorious Renegade.

Manila, Feb. 14.—Panic scouts, under command of Captain Walker, in an engagement on the island of Samar, recently killed a number of Filipinos, and also the officer in command, a notorious renegade named Winfrey, a deserter of the Forty-second regiment. A man named Long, who deserted with Winfrey, is still operating with the Filipinos.

Accident to Navigable Balloon.

Monaco, Feb. 14.—Santos-Dumont's dirigible balloon collapsed at sea this afternoon. Santos-Dumont was rescued unhurt.

CHOCTAW ROAD ACCIDENT.

Seven Men Killed and Many Injured in Freight Train Wreck.

Little Rock, Ark., Feb. 14.—A report reached here this evening that seven men were killed and fifteen injured in the wreck of a freight train on the Choctaw railway today. Near Little Maumelle, a rock weighing several tons rolled across the track and the train crashed into it.

BROTHERHOOD TRAINMEN.

The Fourth Vice Grand Master, W. L. Newman, Was Here.

TALKED YESTERDAY AFTERNOON

Captain W. L. Newman, fourth vice grand master of the O. R. T., and whose visit to this city was mentioned in The Citizen of yesterday, delivered a lecture to the local division of the order, in his discourse to the brotherhood, Mr. Newman made reference to the objects for which the association was organized, while primarily being a mutual protective order, its fundamental principles being to extend aid to the families of those members who were removed by death, its influence has increased to such an extent, that at this time it is a recognized power, among the great labor organizations, and is so far reaching that its power for good is unlimited. From an organization whose aid originally could only be extended in case of death the order has so prospered that at this time the insurance fund covers indemnity for any permanent disability to one of its members. Mr. Newman also directed attention to the fact that while the order was founded but eighteen years since, it today has a membership of over 50,000, the number increasing steadily, while the financial strength of the order is in keeping with the membership. During its lifetime the O. R. T. has paid out in benefits over \$7,000,000, and today has outstanding insurance certificates issued to the members, in a sum aggregating over \$40,000,000. The same rates prevail for insurance issued to members working on the western roads, where service is attended with the maximum danger, as on the eastern divisions where every possible safeguard is thrown about those engaged in railway service. The gentleman also mentioned the fact that the order is practically so firmly established that enrolled in its ranks are men employed on almost every railroad system in the United

States, and its proportions being such that the executive force and ability necessary to properly handle the association's affairs, is equal in numbers and capacity to the forces of the large railroad corporations, requiring the same careful study of details.

Mr. Newman, in addition, dwelt on the policy of the organization in favoring arbitration of all issues where such a course would not be inimical to the best interests of the order. He expressed himself highly pleased with the workings of the local lodge and his visit to this city. The gentleman's address was enthusiastically received and will prove of benefit to the order in this section. Mr. Newman was a passenger for the west last night, his next stopping place being Winslow, after which he will make a tour of California in the interest of the organization, and will return east via Texas, where there are no less than fifty lines of railroads operating, the working forces of which constitute a large percentage of the membership of the O. R. T.

DASTARDLY DEED.

Outrage Upon a Little Girl and the Retch Arrested.

Oskaloosa, Iowa, Feb. 14.—The 12-year-old daughter of William Gallagher was criminally assaulted last night on the public highway, and may die. She accused Ed. Davidson, of Pekay. He was arrested and a mob hastily gathered near the jail. Davidson was slipped out of the back door and hurried to Ottumwa.

JAMES STOPS PLAY.

Once a Famous Outlaw Objects to a Lurid Drama.

PIECE HARMFUL TO THE YOUNG.

Judge Teasdale in the circuit court at Kansas City has granted the application of Frank James for an injunction to stop the production of "The James Boys in Missouri," a drama depicting the James boys as train robbers and bank looters, which had been produced at a local theatre.

The injunction proceedings were brought by Frank James, his mother, Mrs. Zeldia Samuel, and his stepfather, Dr. Reuben Samuel. The petition alleged that the play was harmful to the youth of the country in that it glorified outlawry and made heroes of outlaws, and declared that it unjustly revived a reputation that Frank James had been trying to live down for twenty years.

The suit raised the question as to whether or not a private citizen could be portrayed on the stage without his consent, whether to his discredit or not. Judge Teasdale instructed that James furnish a bond for \$4,000 to indemnify the theater people against loss in case the decision should be overturned by a higher court, and until the bond is given the play will go on. Mr. James will produce the bond.

The injunction will prohibit the production of the play anywhere in Missouri.

The right of privacy was the principal point of law under which Judge Teasdale granted the injunction. He cited decisions on the point rendered under the laws of New York, which he said were similar to the statutes of Missouri, wherein it had been held that a man had the right to prohibit the exhibition of a public statue of himself, and that a photograph of a person could not be used as a trademark without the consent of the person.

Continuing he said: "The question in the case before the court now is: Can a private person be portrayed upon the stage without his consent? I can see no distinction between the exhibition of a photograph or a statue and dressing up and taking the name of a person and portraying that person upon the stage. The principle involved here is old, but the question is new. I can find no decisions at all that have any bearing on the case, at least in recent years. Under the view of it that I have taken the injunction will be granted."

Death of Naval Surgeon.

Philadelphia, Feb. 14.—Dr. Thomas Neall Penrose, medical director of the United States navy, retired, died last night at the United States naval hospital of heart and kidney trouble. He was 67 years old.

DISTRICT COURT.

New Suits Filed—Mrs. J. T. Wallace Asks for a Divorce.

A number of new suits were filed in the district court yesterday, among the list being the following:

Hild Bros. vs. Nicolas Lucero; suit to recover on promissory note.

Charles Patti vs. Jake Myers; suit on open account.

Jordan W. Ward and John B. Logan vs. James H. Smith, constable of precinct No. 26, in Bernallillo county; writ of replevin to recover stock held by said constable.

Mrs. Elvira E. Wallace sues for divorce from her husband, John T. Wallace. The plaintiff, in her petition for divorce, charges her husband with non-support, extreme cruelty, physical and mental, together with other unpleasant ways, calculated to destroy domestic felicity. The plaintiff asks for absolute divorce and the custody of the two minor children.

The Elks.

The Elks of this city will celebrate the Chinese New Year this evening at Colombo hall, by an entertainment that will please all their invited guests.

those of any other daily paper in the
territory.

Home rule is the best rule—and the
most successful.

J. Pierpont Morgan recently drew
his check for \$34,000,000. It was not
protested.

A reporter on one of the Trinidad
papers had to fail into a cellar to get
a local item.

The Eagles lodge of this city has
ninety-three members, and it is one of
the best social orders in the city.

If Santa Fe doesn't build a public
school house, the Las Vegas Record
threatens to remove the territorial cap-
ital.

The new navy has cost the United
States \$99,803,928 for construction and
\$9,434,235 for repairs on completed
vessels.

Smallpox is prevalent in nearly all
the states of the union. This territory
is remarkably free from the scourge
this year.

The New Mexican thinks the news-
papers of Albuquerque are away ahead
of the town. Not a bit of it. Albu-
querque is becoming a city.

What Cuba needs is good govern-
ment, not charity. There was no talk
of starving planters or ruined sugar
crops before the war of 1895.

Popularity sometimes consists of
knowing when to keep still, and appre-
ciating the fact that it is much better
sometimes not to say it, and above all,
not to say it too soon.

Washington, D. C., has, according to
the last census, 86,702 negroes in a
total population of 278,718. It has
gained 10,000 colored inhabitants dur-
ing the past ten years.

The Durango, Colo., Democrat says:
"The New Mexico voice is for state-
hood and the territory is qualified in
every way for admission. Wealth,
population, area and intelligence. Let
the territories be taken in."

An eastern professor says the people
of this country are working them-
selves to death. Some of the people are,
no doubt, and those who are not are
liable to meet people who make them
tired.

The estimated areas of the largest
islands of the Philippine group are as
follows: Luzon, 44,000 square miles;
Mindanao, 34,000; Samar, 4,800; Pa-
nay, 4,700; Mindoro, 4,000; Leyte, 2,
800; Negros, 3,300; Cebu, 2,400.

The French, after four years of ex-
perimenting have conquered the ex-
plosive danger of acetylene and it is
now being used with satisfaction and
success. It is the greatest artificial
light yet discovered, as it is a lime
light.

The reduction of the arid lands and
the settling on them of millions of the
best people on earth would open up
a new market for the products of the
east that would be equal to the abso-
lute control of the markets of any one
of the great nations of Europe.

AFTER THE BETRAYAL.
Professor Pearson has resigned from
the Northwestern university, of course,
as had been expected, after he had re-
mained in it long enough to do as
much harm as possible. It is recalled
that Judas never resigned as a mem-
ber of the band of disciples, but made
use of his membership to cause the
capture of the Master. If this man
Pearson had had the most ordinary

sense of what is fitting and of what
he owed to his employers, the Method-
ist people, he would have resigned first
and then disseminated his ostentatious
infidelity in any way he chose, includ-
ing those newspaper organizations
which are always on the look-out for a
"sensation" of that kind.

GOV. OTERO'S REPORT.

Governor Otero has favored this of-
fice with his annual report to the sec-
retary of the interior for 1901. The
report consists of 546 pages of care-
fully prepared reports relating to the
progress of New Mexico. There is a
fine map of the territory and many il-
lustrations. The report is an exhaust-
ive compendium of facts and figures,
compiled with great care. It is a fund
of information regarding the territory
of great value to the intending investor
and homeseeker. Several thousand
copies should be procured by the peo-
ple of the territory for eastern circula-
tion. Governor Otero deserves great
credit for his untiring work on this
report. There is six months' solid
work by a skilled descriptive writer
and compiler in the document.

CANNOT BE A CANDIDATE.

Hon. Frank A. Hubbell has been
urged by a number of republicans of
this city to be the standard bearer of
the party at the approaching city elec-
tion for mayor. Mr. Hubbell appre-
ciates the loyalty of his friends and
would gladly lead the party to victory
in April, but he cannot consent to
make the race. His duties as superin-
tendent of schools and his big ranches
will take nearly all his time this year.
In addition he is chairman of the ter-
ritorial republican committee and this
office will frequently call him from
the city. Mr. Hubbell desires to thank
his friends for the additional honor
that they would put upon him, but he
is forced to positively decline. There
are several good republicans in the
city upon any one of whom the party
can unite for mayor. Mr. Hubbell will
do his whole duty in helping to secure
his election.

SUGAR BEET FACTORIES.

The reports concerning the success
of sugar beet growers in the Arkansas
valley during the last season are
particularly gratifying to all who desire
the prosperity of the beet sugar indus-
try in that state.

The fact that one man produced
\$146.64 an acre on two acres of beets
testifies to the fertility of the soil in
the Arkansas valley and the favorable
climatic conditions. Both in tonnage
of beets per acre and in percentage of
sugar the yield in this instance was
remarkable.

The factory at Rocky Ford reports
that among the farmers who furnished
it with beets twenty-one produced over
\$100 per acre, and from these the yield
graded down to 227 who produced
more than \$40 per acre, and which is
the lowest figure reported by the fac-
tory. There were 146 who produced
over \$50 per acre, and others between
that figure and \$100 per acre, showed
what intelligent and faithful workers
were able to accomplish.

NEW MEXICO GRANT TITLES.

The progress of New Mexico was for
many years retarded by the uncertainty
of land titles arising out of the
Spanish and Mexican grants. Finally
the United States court of private land
claims was created, and for twelve
years has been at work sifting the titles
to these grants and confirming, reject-
ing or otherwise modifying their bound-
aries. Very few of its decisions have
been reversed by the supreme court of
the United States on appeal, so fairly
has the land court adjudicated the
questions arising out of these grants.

It has been presumed that the deci-
sion of this court would be final in these
cases—subject only to supreme court
review—says the Denver News; but
it is noted that a bill has been intro-
duced in congress to confirm or vali-
date a grant which has been rejected
by the land court. This is the Chavez
grant near Socorro, which was thrown
out by the court on the ground that
the persons claiming to make the
grant were under Mexican law abso-
lutely without the authority to do so.
Now these grant claimants, having no
case in law or equity, are asking con-
gress to go over the head of the court
and confirm a title which never had a
legal existence. In plain terms, it is
an attempt to gobble 130,000 acres of
public land under the pretext of a title
that the courts have pronounced abso-
lutely baseless. The comment of the
Santa Fe New Mexican on this matter
will be generally approved.

TO CRUSH ANARCHY.

The Ray bill, which has been favor-
ably reported on by the house com-
mittee on judiciary, in amended form
takes a long step in the direction of
the definition and punishment of an-
archy. An anarchist is defined to be a
"person who disbelieves in or who is
opposed to all organized government,
or who is a member of or affiliates with
any organization entertaining and
teaching such disbelief in or opposi-
tion to all organized government, or
who advocates or teaches the duty,
necessity or propriety of the unlawful
assaulting or killing of any officers,
either of specific individuals or of

officers generally of the United States
or any other organized government be-
cause of his or their official capacity."

Such persons are forbidden to enter
into the United States or any terri-
tory or place subject to the jurisdiction
of the United States. Any person who
aids or assists such anarchists to enter
the United States is to be subject to a
fine of \$500 to \$5,000 and imprison-
ment from one to five years. No such
person is permitted to become a natu-
ralized citizen of the United States.
All courts and judges having jurisdic-
tion of naturalization are required to
make careful inquiry as to whether an
applicant comes under any of the sec-
tions of this law, and before entering
the final order of naturalization the ap-
plicant must enter of record his affi-
davit as to the truth of every material
fact requisite for such naturalization.
Any person who becomes naturalized
in violation of this law is to be fined
from \$500 to \$5,000 and imprisoned
from one to ten years, while the court
is required to adjudge the citizenship
of such person null and void, special
jurisdiction being conferred on the
trial courts for this purpose.

BOYCOTTS THE CHINESE.

The Mongolians of Silverton, Colo.,
Must Leave the Place.

An appeal to the people of Silverton
and San Juan county, Colo., signed by
the executive committee of the West-
ern Federation of Miners' Federal union
and Cooks' and Waiters' union, ask-
ing their support in placing a boy-
cott upon the Chinese of this section,
has been issued by organized labor of
Silverton. About fifty Chinamen have
been engaged in running restaurants,
laundries and doing porter work in the
saloons. The complaints entered
against them by the unions are that
the Chinese as citizens are a failure
and do not assimilate like other people
and their habits are obnoxious to the
people of the community.

The appeal states that the Chinese
dens in Silverton have been the cause
of the downfall of many citizens, and
also that they have in the past and are
now operating several opium joints
contrary to law, and that it is a great
menace to society. The boycott, since
its inception, has been most effective,
being wholly without threats or vio-
lence of any form, and business places
formerly operated by these persons are
now closed or have been purchased
and are now being operated by white
men. About twenty-five Chinese have
already departed for other parts of the
state, principally Denver.

Mines and Minerals

Mrs. L. A. Fisher, of Las Vegas, has filed notice of a mining location in the San Geronimo district.

Dr. R. M. Lutton, a retired physician of Grand Rapids, Mich., is visiting his nephew, Dr. C. R. Lutton, and wife, who are stopping in Silver City. The two gentlemen left on an inspection trip to the copper properties of the Michigan-New Mexico Copper company, in which they are heavily interested.

Jack Loebeck went down to the Tecolote mining region, accompanying a party of Boston capitalists, who are stopping at the Castaneda. They are prospective investors and looking in to the copper mines in the vicinity of Tecolote with business in their eye.—Optic.

The Helen Mining company of the Cooney district has secured the service of M. H. Kaufman, consulting and analytical chemist of Chicago, to look after the metallurgical department, while Mr. Cribb, the Pinos Altos mill man, has been placed in charge of the concentrators at the Cooney mill.

The Taos Cresset says: Taos county is by no means the only one in northern New Mexico which can boast of increasing mining activity. Our adjoining counties, both east and west, are also interesting a great deal of capital, building mills, doing development and otherwise showing signs of progress and process of advancement.

The Silver City Enterprise in its last issue announced that Charles H. Ashton, the well known mining man, was to receive the appointment as deputy United States marshal for the territory of Arizona, under United States Marshal Daniels. Had the Enterprise man read The Citizen he would have noted that the Ashton in question was Tom Ashton, and not Charles L. Ashton.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

Bucklen's Arnica Salve.

The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruptions. It cures or no pay. 25c at all druggists.

EASTERN MONEY IN MINES.

Large Mill Under Way in the Tres Piedras District.

A correspondent writing to the Denver News from Tres Piedras, N. M., says:

The Frazer mountain Copper company, composed of New York and New Jersey capitalists, is carrying on extensive operations at the Honda, about forty miles east of Tres Piedras. Wm. Frazer, the locator and former owner, is general manager, still owning a large interest in the property. The company is erecting large reduction works. The mill building will be 100x170 feet and will be four stories high and will contain four Pelton water wheels, air compressor, electric light plant, five double decker Wilfley & Bartlett concentrating tables, also crushers, six sets of rolls and ore storage bins. Water will be used for power, of which they have an abundance. The plant is being built with a view of enlarging to a plant that will handle 500 to 700 tons per day. Present capacity, 200 tons.

Some 5,000 feet of pipe is on the ground and being placed for carrying the water to the plant. They have a double track gravity tram, 2,300 feet in length and 35 per cent grade. About 1,300 feet of tracking has been laid. Ten heavy freight teams are kept going from Tres Piedras to the mine, getting in machinery.

The ore body, which is over 100 feet in width, runs from \$5 to \$7 in gold and copper. About 5,000 feet of development tunnels have been done, showing millions of tons of ore in sight. This plant will employ from 200 to 500 men when completed, which will be in the next six months. The benefit to northern New Mexico can hardly be estimated. All lines of trade have been stimulated and the prospects are good for a very busy season in the camp.

A DELIVERANCE.

El Porvenir Coal Mines, If Operated, Will Remove High Freight Rates.

Quit claim deeds were filed in probate court of San Miguel county from Pablo Rael and wife, Doroteo Duran and wife and Eulogio Duran and wife to Margarito Romero for several hundred acres of land near Mr. Romero's new coal mine, just south of El Porvenir, says the Optic. Several of the new veins discovered by Mr. Romero and Messrs. Howe and Stretch run through the land just made over to Mr. Romero by three quit claim deeds. Some of the veins discovered are three feet in thickness from the outset. These are wedge-shaped, increasing in width as they go along. A gentleman who has no coal to burn unless he pays for it this morning remarked that if the El Porvenir mine was at once worked and proved to be a fine coking coal it would be a lasting deliverance from high freight rates on this product.

Marshal Laird Resigns.

A. B. Laird tendered his resignation as marshal of the town of Silver City on Saturday, the same to take effect on the 28th of the present month. Mr. Laird is interested in some valuable mining properties in the Burro mountains, and now that copper has reached a better price, Mr. Laird has determined to devote all of his time to his mining business. His successor will be

elected at the regular monthly meeting of the city council, to be held on the evening of March 3. It seems to be pretty generally understood that Jas. Brent will be chosen to fill the vacancy and certainly no better selection could be made.—Silver City Independent.

Bilious Colic.

H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

Crooked "Josh."

The story of "Uncle Josh," which appears on our first page this week is published simply as a matter of justice to our merchants. A "cash in advance" contract was made by the publisher with one M. J. Farrell, but as said Farrell did not meet any of the terms of the agreement the story was not published at the appointed time. After bliking the merchants to the tune of \$1.50 per, the wily Farrell decamped to Kingman, where he tried to work the same play. Look out for "Farrell." "Uncle Josh," or whatever nom de plume he may be sailing under. Turn him down.—Needles Eye.

Although The Citizen warned the people along the Santa Fe Pacific to look out for "Uncle Josh" and his schemes, it seems that the fellow got in his work at several towns. He is the worst dead beat of them all, and it is strange merchants can be persuaded to bite at his advertising scheme.

He Recommends Chamberlain's Cough Remedy.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

Deming is the great mining center of the southwest.

BONANZA PROVEN.

Nuggets and Wire Gold in Bonito Ledge Assaying \$10,000 Per Ton.

A special dispatch from Captain, N. M. to the Denver News says:

Messrs. Byrd and Collard, who own the remarkable Free Gold claim in the new Klondyke on the Bonito, are showing that property up rapidly. This week, at a depth of about twenty feet, the tunnel, which was being driven in the direction of the ore bodies, cut the vein, which at this depth, shows considerably more free gold than the surface rock, from which the sample rock was taken which returned such high values. The gold is distributed across the entire face of the tunnel in the form of wire gold and nuggets, some of which are as large as peas. These gentlemen are having several thousand pounds of the ore taken out for a mill test, which they will have made before operations are commenced for developing the ore bodies further.

Up to date over 100 assays have been had from samples picked up along the surface croppings of this vein for a distance of 600 yards, which show values from a few hundred dollars to \$10,000, thus showing the discovery was not overrated by former assays.

It was reported that Messrs. Byrd and Collard have some interest in their holdings in the new Klondyke, but the report has not been verified.

COFFEE DOES IT.

Facts Not Generally Believed.

It is curious to watch a coffee taster and observe how he or she will resist all suggestions as to coffee being the cause of their various ailments.

They will charge the coated tongue and bilious condition to something they have eaten likewise the wretched condition of the bowels and the palpitation of the heart. The sallow complexion is generally attributed to a "naturally bilious" temperament.

But once in a while a person wakes up and throws off coffee entirely, then the truth begins to appear, and it is an easy job to make this change if Postum Food Coffee is taken in place of coffee.

A man in West Plains, Mo., writes, "As the coffee habit grew on me my health declined in the same ratio. I was subject to nervousness, constipation, dyspepsia, and a general weak feeling which made me unfit for business, and finally I became so nervous and thoroughly broken down that I could not attend to business and turned everything over to my assistant and went to the mountains in Colorado hoping to find health in a change of climate, but after six months I came back in worse condition than when I left."

"A friend insisted that I quit coffee and try Postum, and although I did not believe it was the cause of my ill health, I consented to try the new coffee. I bought a package and wife prepared it strictly according to directions and I was wonderfully pleased to find it so delicious and refreshing; the quitting of coffee was a pleasure rather than a task."

"I have now been drinking Postum for over a year and my health has steadily improved; the nervousness and dyspepsia have entirely disappeared. I have gained twenty-five pounds in weight and feel, at least, ten years younger than I did a year ago."

"Many of my friends have quit coffee and are using Postum and I do not know of a single one who has not been benefited. Some of these did not like Postum at first, but in every case I have found the cause to have been not having boiled it long enough. The directions are easy enough to follow, and when followed a delicious beverage is the result, but some slovenly cooks put it on fire or ten minutes to boil, but that does not make good Postum. After the real bubbling or boiling has begun it should be allowed to boil at least fifteen minutes." Name given by Postum Co., Battle Creek, Mich.

CONSTIPATION.

When your food does not digest properly the bowels become clogged and the liver inactive. The poisons and impurities that should be carried off are thus allowed to accumulate, causing nausea, sick headache, indigestion, dyspepsia and biliousness. The best medicine to cure constipation and prevent these diseases is Hostetter's Stomach Bitters. Try a bottle and be convinced.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co.

OFFICIAL MATTERS.

Pension Granted—Territorial Funds—National Guard Appointments.

A pension of \$10 a month has been granted to James Scott, of Aztec, San Juan county.

TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn received from Fred Muller, collector of Santa Fe county, \$1,108.31 of 1901 taxes; \$56.22 of 1900 taxes, and \$17.69 of 1899 taxes.

NATIONAL GUARD APPOINTMENTS.

Governor Otero has made the following appointments: John W. Fleming, of Silver City, aide-de-camp with the rank of colonel, on the staff of the commander-in-chief of the National Guard of New Mexico; A. P. Tarkington and Robert Gross, of Las Vegas, first lieutenants of the first squadron of cavalry; Rev. George Selby, of Las Vegas, chaplain of the first squadron of cavalry with the rank of captain.

SILVER CITY DEATHS.

Mrs. John G. Carlisle and James S. Carter Added to the Long List.

Tempest S. wife of James G. Carlisle, died at the home of her parents in this city early this morning. Mrs. Carlisle had been very ill for a couple of weeks past and her death had been erroneously reported several times. For the past day or so, however, her condition seemed to improve and some hopes were even held out for her recovery, but the long siege had so exhausted her strength that she commenced sinking yesterday afternoon and passed away at the time stated.

Deceased was the daughter of Mr. and Mrs. John Isley, of this city, and was aged 23 years. She was united in marriage about two years ago to James G. Carlisle, and up until very recently assisted her husband in the conduct of his business of the Grant County Telephone company, being in charge of the central office. Two brothers, Charles and Frank, also survive.

Mrs. Carlisle was always ready to extend a favor, and was consequently very popular with the patrons of the telephone office. She was a good wife and daughter and her untimely death is a severe blow to the bereaved husband and family.

JAMES S. CARTER.

For the second time within a few weeks have the people of this city been called upon to mourn the death of a prominent citizen, and again has the loss been seemingly harder to bear because of its unexpectedness.

When news became current Friday evening that James S. Carter, vice president of the Silver City National bank, had passed away, it found the vast majority of his friends and acquaintances altogether unprepared for the sad tidings. It was generally known that he was quite seriously ill, but the reports from the sick room, if not particularly encouraging, were by no means discouraging, and it was not felt that the crisis was near at hand.

Mr. Carter was taken sick last Sunday morning, and the day following it became apparent to those in attendance that pneumonia had developed. Up until Friday afternoon the patient held his own and was getting along as well as could be expected. At about 3 o'clock a change for the worse occurred, but even then it was not known that he was as critical as he afterward proved to be. Everything known to medical science was resorted to, but it became apparent that long continued ill health had so affected his vitality that he could no longer fight success-

fully the battle of life. Mr. Carter, too, fully understood this, and after resigning saying: "It's all over—this is the end," and bidding farewell, his spirit winged its flight.

Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., February 5, 1902.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, New Mexico, on March 18, 1902, viz: Dionicio Romero, for the NE 1/4 of sec. 35, T. 9 N., R. 6 E., N. M. P. M.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Juan Lovato, John R. Humphrey, Miramon Lucero, Jose Archibeque, all of Escobosa, N. M.

ALBUQUERQUE EAGLES.

They Held a Most Interesting Meet-
ing Last Night.

A STRONG ORGANIZATION.

The Albuquerque Aerie No. 165, Frater-
nal Order of Eagles, met last night at
Knights of Pythias hall, and a most
enjoyable evening is reported to have
been enjoyed by all members who at-
tended.The following officers, recently elect-
ed, were installed by Col. George K.
Neher, territorial deputy worthy grand
president:Past President—Frank McKee.
President—T. N. Wilkerson.
Vice President—W. J. Zirhut.
Chaplain—Henry Faber.
Secretary—J. J. Sheridan.
Treasurer—A. Borders.
Conductor—Horace E. Sherman.
Inside Guard—Clarence A. Hudson.
Outside Guard—John Roger Haynes.
Trustee—L. Gradi.After the installation Messrs. Cole-
man, Berry and Sheridan were appoint-
ed a committee on social sessions.The business of the lodge being con-
cluded the members enjoyed a "smok-
er" and several hours were very pleas-
antly whiled away in discussing the
benefits of the Eagles as a lodge and
witnessing some interesting athletic
events.The Albuquerque lodge, although
young in organization, is today one of
the strongest numerically and finan-
cially in the city, there being enrolled
ninety-three active members and they
have money in the treasury.

MARKET QUOTATIONS.

[Market quotations and review fur-
nished by W. P. Metcalf, No. 5 Crom-
well block, received over the private
wire of Logan & Bryan, Chicago.]New York, Feb. 14.—London came in
heavy and this market opened weak
with heavy realizing caused by a feel-
ing of nervousness to the effect of loan
tax. Toward the middle of the day the
market became dull and featureless.
Very little commission house business
and the market looked to be entirely
professional.The cattle market rallied sharply.
Southern Pacific, which and shown fair
strength, advanced rather easily and
the whole market became buoyant and
rallied. Colorado Southern stocks were
taken in hand and advanced quite
readily.Just before the close of the market,
on reports from Washington that the
secretary of the treasury did not
see any escaping the tax law, and
that it ought to be repealed.

Locomotive Output.

The Railroad Gazette gives the total
output of the eight locomotive building
companies of this country, represent-
ing fifteen plants, for the year 1901 as
3,384. This is 231, or 7.3 per cent.
more than in 1900, and is the record.
The output from 1890 to 1900: 1890,
2,240; 1891, 2,865; 1892, 2,012; 1893,
2,011; 1894, 2,955; 1895, 1,101; 1896, 1,
175; 1897, 1,251; 1898, 1,875; 1899, 2,
478; 1900, 3,153. Of the 3,384 locomotives
built last year, 337, or not quite
10 per cent., were for export, against
505, or 16 per cent., in 1900.

Gold From Gold Fish.

A story comes from New York of
two Kansas farmers being lured to
the smoothest game yet heard of. The
victims gave their names as John H.
Williams and James P. Simpson, and
said they lived twenty miles south of
Topeka.They invested \$200 in a scheme to
extract gold from gold fish. Of course
a venerable man with a scientific mind
worked the scheme.S. S. Birchfield, of Luna county, has
sold 1,200 steers to Chesner, of Den-
ver, Colo. Price \$15 per head for ones,
\$18 for twos and \$21 for 3-year-olds.

RIPLEY DENIES IT.

Says the Santa Fe Is Not After the
Mexican Central.E. P. Ripley, president of the Santa
Fe railway, who passed through Albu-
querque last night, denied that there
was any truth in the statement that
his road was negotiating for the pur-
chase of the Mexican Central."We don't want the Mexican Cen-
tral," said Mr. Ripley, "and are not
trying to buy it. I don't know that any
other railroad is negotiating for the
property."It has been stated that the Rock Is-
land and the Santa Fe companies
were racing to buy the Mexican Cen-
tral.

LOCAL PARAGRAPHS.

Hon. Alex Bowie, of Gallup, was here last night on business.

H. G. Trotter is laying off from his duties at Jaffa's today with a sore throat.

B. S. Crockett, agent for the Armour people, made a flying trip to Gallup yesterday.

C. H. Irwin and wife, of Sheldon, Ill., are spending a few days in the city recreating.

The children at the city schools are having great times today with Valentine boxes.

Dr. T. P. Robinson, formerly in the drug business at Gallup, is here today on business.

Walter Connell had his wheel stolen last night from in front of Kelly, Gross & Co.'s store.

H. T. McKinney, the Hell canyon mine operator, is in the city purchasing ranch supplies.

George Kephart, storekeeper for the Cochiti Gold Mining company at Al-bemarle, is in the city.

Patrick Caville died last night about 9:30 at his home on North Broadway. Death caused by heart failure.

J. A. La Driere, the architect, who was at Belen yesterday on business, returned to the city this morning.

J. H. O'Reilly, local manager of the Washington Life Insurance company, came in from the south this morning.

Mrs. A. E. Tripp, who was visiting with Mrs. Glaesner on Broadway, left for her home in Chicago this morning.

Wm. Vickers, a shift boss in the Al-bemarle mine, and several miners, who were recently let out, are in the city today.

Mrs. F. H. Mitchell, wife of the proprietor of the Hotel Highland, has returned to the city from her visit to Santa Fe.

H. Jay Stone, who represented Hall & Larnard in the Cochiti mining country the past week, returned to the city last night.

Mrs. M. Goodwin left for her home in Trinidad, Colorado, this morning, after a pleasant visit with friends in the city.

Last night a pleasant card party, in honor of Mr. and Mrs. L. H. Chamberlin, was given by Mesdames Nothumb and Harper.

Mrs. B. F. Sparr is expected to return in the morning from El Paso,

where she has been visiting relatives the past ten days.

Fred Phillips and wife left this morning for their home at Los Angeles, after a few days visit with friends in this city.

Capt. A. Grey is expected down from Trinidad, Colo., tonight and will examine five applicants at the local recruiting station tomorrow.

The engine which pulled No. 22 up from El Paso this morning failed to steam properly at Socorro, and the train was two hours late.

The new Vanciane engine will leave Albuquerque tomorrow morning for the last time. Test has proven that her wheels are too high for hill climbing.

Col. George P. Larnard, of the firm of Hall & Larnard, has returned from a successful trip to the northern towns having placed several pianos while out.

Suicided in Denver.

Last night the local correspondents of the Denver papers received a special wire announcing the suicide of a man there, giving his name as W. P. Jessup, from Fort Sumner, N. M., and asking for information regarding the self-destructist. It was learned that Jessup was a cattleman, but no one was found here last night who was personally acquainted with the suicide.

NEW MEXICO TOWNS

SILVER CITY.

From the Independent.

Letroy Payne returned to Silver City from New York city, where he had been for several weeks undergoing surgical treatment.

Wallace S. Moyle, a prominent attorney, of New Haven, Conn., was in Silver City representing clients in the matter of the taking of a deposition before Judge W. H. Newcomb as commissioner.

Thomas H. Lyon, of the Gila, W. S. McLaughlin, of Pinar, and Dr. L. B. Rowland, of Pinar Alto, last week selected the grant and petit juries for the coming March term of Grant county district court.

Percy Wilson gave a highly interesting and instructive lecture before the normal school students on the subject, "Development of Commercial Law." Not within the memory of the "oldest inhabitant" have the people of this section enjoyed such a magnificent weather in the month of February as they are at the present time. "Balmy spring" is no name for it.

The members of the Silver City lodge, No. 413, B. P. O. E., are making arrangements for an anniversary dance on the evening of February 21. The fact that the Elks are in charge of the affair is sufficient guarantee of its success.

The members of the Methodist church expect to build a new \$5,000 edifice during the coming summer, and the preparations of the plans and specifications were last week awarded to the Black & Atkins company.

Thomas H. Lyons received from Denver several mounted bear hides, the trophies of last fall's hunt up in the Gila section. Several of the lot are beautiful specimens, and Mr. Lyons is naturally proud of the evidences of his marksmanship.

From the Enterprise.

J. W. Clark and Winfield Clark, the bright sons of T. J. Clark, Sr., were in from the home ranch on the Gila several days this week.

Miss Effie Brown, a former schoolmate of Miss Vox, arrived in the city from Chicago and will spend some time visiting her friend.

Ray Sulzer resigned his position at the Santa Rita store and will probably go to Douglas, the new mining camp on the Blisbee road in Arizona.

Prof. John Kosky, the talented violinist, returned to Silver City on a short visit to his many friends here. Mr. Kosky is located at Douglas, Arizona, where he is proprietor of a barber shop.

Captain William French pulled in from his Colfax county possessions and will now spend several weeks looking over the extensive W. S. ranch in the Mogollon country.

John Brockman, a former resident of Grant county and now millionaire owner of the Commonwealth mine at Pierce, Arizona, was an arrival and will remain several days on business matter. Mr. Brockman is now living in Los Angeles, where he recently purchased a beautiful residence.

The Last Heard of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

LAS VEGAS.

From the Optic.

Current rumor has it that James Duncan, Jr., will be appointed Past-master Blood's chief clerk.

Dr. B. M. Williams, who is down with pneumonia, is convalescing nicely, but will be compelled to remain indoors for a while yet.

Mrs. Maria Delgado, who underwent a severe surgical operation Monday, is reported as progressing nicely with hopes of a full recovery.

The Christian Endeavor society has received as new associate members: Harry Schupp, Clarence Williams, Miss Lanthia Goodall and Miss Lilly Gerhardt.

It will be a pleasure to Las Vegas ladies next week to entertain Mrs. Miguel Otero, wife of the territorial governor. A number of very pretty affairs will doubtless be arranged in her honor.

Word comes from Canon City, Colo., that Mrs. E. C. Aborn and baby had died there recently. Mr. Aborn will be remembered by Las Vegas people as foreman on the Record. They were married here a year ago.

The Ross-Brown wool scouring mills started up this morning, and after getting the bolts and bars to working properly, the works got to going this forenoon. The mill as it stands is one of the largest in the city and well equipped to do its line of work. With the addition of the new plant Las Vegas has capacity to scour more than all the wool raised in the entire territory.

From the Record.

Arthur Marsh will leave soon for California, where he will join his wife and family.

Mrs. Frank King and daughter will leave next week for Los Angeles, Cal., where they will spend a few weeks.

Douglas Hoskins has recovered from his attack of diphtheria and the family residence was thoroughly disinfected.

H. B. Johnson, formerly in the milk business at this place, is now engaged in the sawmill business with H. K. Leonard, in Mora county.

Pablo Rael and wife, Doroteo Duran and wife and Eulogio Duran and wife have transferred to Margarito Romero

some parcels of land located at Upper Las Gallinas.

"The Irish Pawnbrokers" treated some of the business men of the city in a contemptibly small and mean manner, which was worthy of the theatrical tribulation. They obtained window space for lithographs on the distance, understanding that they would pay for it in tickets of admission and then refused to issue the tickets. The barn storming aggregation ought to be in the workhouse.

A Legacy of the Grip

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

Mr. Wheeler Got Rid of His Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, N. Y. For sale by all druggists."

HOLSON-PAGE.

Miss Mamie Holson and Walter Page Married at the Holson Ranch Home.

A very pretty wedding was solemnized last Wednesday afternoon at 3 o'clock at the beautiful ranch home of Mr. and Mrs. T. W. Holson, at Lone Mountain, where their only daughter, Miss Mamie, pledged her troth to Walter Page, an industrious and popular young man of this city, says the Silver City Enterprise. The Rev. Mr. Gass, of the Presbyterian church, performed the ceremony in the presence of only the immediate relatives and friends of the young couple. Mr. and Mrs. Page, immediately after the ceremony, drove to the city and went to the pretty home in the northern part of town which the groom had prepared in anticipation of the happy event. The fair young bride counts her friends by the score in Grant county, where she was born and reared. She is the daughter of one of the most substantial ranchmen in this part of the country and is possessed of many accomplishments, which eminently fit her for the new duties of life upon which she has entered. Mr. Page came here from Bloomington, Ill., about three years ago and holds a responsible position with the E. Cosgrove Hardware company.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction, 50c. \$1.00. Trial bottles free.

TELEPHONE LINE TO BURROS.

Grant County Telephone Company Expects to Build Such a Line.

The Grant County Telephone company, which has just purchased the Hearst estate line from Silver City to Pinar Alto, is making arrangements to further add to its system by a line to the Burro mountains, says the Independent.

This would be a great convenience to the many miners and ranchmen living in that district, not to mention the people living in the districts already connected with the system.

The company is branching out very extensively, additional improvements being fully warranted by the excellent business being done. New phones are being added to the city list almost daily.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1885 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

The Beginning of Lent.

Wednesday last, February 12th, was what is known in the church calendar as Ash Wednesday, the opening of the Lenten season. The day was also commemorative of the beginning of the fasting of our Savior for forty days in the wilderness. In like manner, those who observe this season are expected to refrain from all social events during the next forty days, or until Easter Sunday, which occurs Sunday, March 30. The season comes earlier than usual, and somewhat curtails the gayeties of the young people. Only two of the great religious denominations keep Lent.

The Curtain Caught Fire.

There was an incident at the Silver City Normal school entertainment not down on the program, says the Independent. It was the first number on the second part, when Ben Moses was swinging lighted torches. The flame

of the torches caught the curtain and it was soon in flames.

It was not until the fire was extinguished that the audience realized the danger.

The fire was caused by the carelessness of the boys.

The school authorities are very angry with the boys.

The fire caused a loss of about \$500.

The school authorities are very angry with the boys.

The fire caused a loss of about \$500.

The fire caused a loss of about \$500.

The school authorities are very angry with the boys.

After Baby Comes.

In the days following the baby's birth there is often a long up-hill struggle to recover strength, and the nurse busies herself in the preparation of jellies and broths for the invalid.

When Dr. Pierce's Favorite Prescription is used as a preparative for motherhood the baby's advent is practically painless, there is abundant strength to nurse and nourish the child, and a rapid recovery from the shock and strain inseparable from maternity.

"I was pleased that Dr. Pierce answered my letter," writes Mrs. C. W. Young, of 27 South Regent Street (Lee Park), Wilkesbarre, Penna. "When I had those mishaps I began to think I would never have children. My back used to almost break and I would get sick at my stomach and have such headaches I did not know what to do; they used to come nearly every day and I used to dread to get up. I felt so bad; then I began taking Dr. Pierce's Favorite Prescription. When baby was expected I took it all the time I was that way. I felt fine all the time, and I never got those dizzy spells now. I hardly ever have a nervous headache any more. I have a perfect romp of a boy; he is the light of our home. I am now twenty years old and my baby is almost eight months old. I now feel well, and weigh 180 pounds, and the baby 25 pounds. We feel very grateful for the good medicine did for us. We are both healthy, thanks to Dr. Pierce's medicine."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.

from the torch was swung too close to the light curtain provided to partition off the stage and in an instant the inflammable material was afire. To add to the excitement the lights had been extinguished to add to the effect of the act, and the hall was in darkness. Many persons started to rush out and down the stairs, but a stampede was avoided by cool headed ones quickly putting out the fire. After matters had been quieted down the performance was proceeded with. No damage was done to the assembly hall, the curtain being the only thing burned.

MET DEATH ON THE ROAD.

While En Route to Silver City for Medical Assistance.

Jesús Gutierrez, who lives on the Mimbras, was a patient at the ladies' hospital some time ago, suffering from some serious liver trouble. An operation was performed and he so far recovered his health as to return to his home and work. Growing worse last week, he started for Silver City for medical treatment and last Sunday night reached the home of Joseph Baker, below the city, where he was given every care and attention. Monday morning, when the time came to again resume his journey it was found that he was dying and in a short time had passed away. The remains were brought to Silver City and buried. Independent.

Highly Appreciated.

Worthington, Minn., Jan. 1902.

Dear Sir, Liquid air given by Mr. Patty was highly appreciated by a large audience. Mr. Patty is a skillful and ready experimenter and conducts the operations in such a way as to make clear as well as interesting. As a lecturer he is apt and easy, of good presence, and produces an excellent impression. Our public was entirely satisfied with the evening.

Yours, EDGAR L. PORTER.

His Residence Robbed.

A thief entered the residence of Jose Sena Sunday and stole from him \$24 in cash and a quantity of clothing. Jose lives back of the office of La Voz del Pueblo, Douglas avenue and Seventh street. The thief attempted to play a return date Monday night, but Sena fired two shots at him in the night and turned him away. The man screamed at the first shot and may have been hit.—Optic.

Deming.

Deming is being talked of everywhere, and is attracting the attention she deserves from all quarters. In consequence of this great interest and to give those interested in this town there will be an excursion run from El Paso on the 17th inst., so that all those in attendance at the carnival may have an opportunity to see for themselves this very much talked of town. An opportunity will be given those who take this trip to acquire property here at an exceedingly low figure. This opportunity is not limited to the excursionists, but will be extended to any who may wish to be present at the sale, from other towns. It will pay you to be present.

Plumbing.

We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order. Albuquerque Hardware company.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Orders taken for every known make of stoves and ranges. Albuquerque Hardware company.

Deming! Don't overlook it if you are looking for a sale and paying investment.

Notice.

The Rico Cafe serves the best meals in the city at 15 and 25 cents. Short orders, 5 cents up, 111 North First street.

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Have You Anything To Exchange?

Have you a farm and do you want to trade it for a grocery store?

Have you a horse and do you want to exchange it for a piano?

Have you a bicycle and do you want to exchange it for a camera?

Have you a gun and do you want to trade it for a book-case?

Have you a wash boiler and do you want to exchange it for a rug?

Have you a pair of skates and do you want to trade them for a punching bag?

Have you a spring overcoat and do you want to exchange it for a baby carriage?

Have you a stove and do you want to trade it for a refrigerator?

Have you a dog and do you want to exchange him for a rooster?

It Costs You Only 1c a word

Hard Colds

Hard colds nearly always lead to something serious. They run into chronic bronchitis, pneumonia, consumption. Doctors know this. That's why they so generally approve of Ayer's Cherry Pectoral. They tell us they cannot prescribe anything that cures coughs so quickly.

"Ayer's Cherry Pectoral cured my daughter of a very bad cough after we had tried about everything else without relief."—E. B. Davis, Providence, R. I. 25c., 50c., \$1.00. J. C. AYER CO., Lowell, Mass.

Finest train in the world; goes one-tenth the distance around the world; near the greatest canyon in the world; best railway meal service in the world.

Daily, Chicago to San Francisco, Los Angeles and San Diego.

Wide vestibuled, electric lighted and luxuriously equipped.

The California Limited Santa Fe

Drawing room Pullmans, Buffet smoking car (with barber shop), Harvey dining car, observation car (with ladies' parlor).

Best train or best travelers. Three days from Chicago, four days from Atlantic coast. Visit Grand Canyon of Arizona en route, now reached by rail.

Illustrated books—"To California and Back," "Grand Canyon of Arizona," ten cents.

F. L. MYERS, Agent.

BLACK CAT HOSE FOR CHIL- DREN—HAVE NO EQUAL FOR THE STRAIN AND WEAR PUT TO THEM BY CHILDREN GOING TO SCHOOL.

B. H. FELD & CO. MONUMENTS. All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

We still have some big bargains in winter underwear, suits, overcoats, gloves and hosiery. Call and be shown. Simon Stern, the Railroad avenue clothier.

Hanan Shoes. Spring styles just in; better and nobbler than ever; \$6 grade reduced to \$5.50. Call and see the new styles. Simon Stern, the Railroad avenue clothier.

*Meal stations. Nos. 3 and 4 run daily between Chicago, San Francisco and Los Angeles. Pullman Palace Sleeping Cars daily through between Chicago and San Francisco and Chicago and Los Angeles. Pullman Tourist Sleeping Cars daily through between Chicago and San Francisco and Chicago and Los Angeles. The Grand Canyon of the Colorado can be reached only by this line. Buffet Smoking Car, Harvey Dining Car, and Observation Sleeping Car, between Chicago and Los Angeles; Double Drawing Room Sleeping Car, between Chicago and San Diego; Double Drawing Room Sleeping Car, between Kansas City and Los Angeles. Connections at La Junta from Denver and at Los Angeles from San Diego and Santa Barbara. Fastest train to Southern California and over the shortest line. Limited to six cars, wide vestibuled, electric lighted. No free train anywhere. The observation car contains ten sections and a handsomely finished observation room. The Buffet Smoking Car contains a spacious smoking and reading room with buffet. Both these cars are supplied with current periodicals and stationery. All meals en route will be served in the dining car, under the direction of Mr. Fred Harvey. No extra fare charged on the California Limited. Regular first-class tickets only are required. F. L. MYERS, Agent, Albuquerque, N. M.

The Mexican Central Railway Co., Limited

Calls attention to the fact that: It is the only Standard Gauge Route from the United States frontier to Mexico City. It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas. It is

Railroad Topics

M. Zimmerman, claim agent for the Santa Fe company, spent yesterday at the Wright ranch, San Miguel county, adjusting claims on damage done in the pastures by fire.

The Optic says: Judge Wooster went to Wright's ranch, ten miles north of the city, to adjust damages done by a prairie fire started by flying sparks from a locomotive.

Engineers Wolf and Hanson, who went to San Marcial to run engines out of that point, returned to Las Vegas. They say there are forty-five engines for nineteen engines there.

It is rumored about that Fireman Dallas Potter, who recently resigned from the service of the company, will soon be reinstated. Mr. Potter left Las Vegas for Raton in the interest of his reinstatement.

The new line of the El Paso & Rock Island runs through the extreme east end of San Miguel county, New Mexico, and an effort is being made by the board of trade of Las Vegas to get the company to build a branch line of the road to the county seat, Las Vegas.

John Alexander Dowie, of Chicago and "Zion," has been refused one-half fare permits for his workers by the Central and Western Passenger associations. The railroads think that Mr. Dowie makes enough money out of "Zion" to pay full fare.

W. H. Marshall has been appointed general superintendent of the Lake Shore road, to succeed A. H. Smith, who was recently appointed general superintendent of the New York Central lines. Mr. Marshall has filled the position of superintendent of motive power of the Lake Shore for a number of years past.

President Ripley of the Santa Fe, accompanied by his family and a pleasant party, passed through Albuquerque last night in a private car. They were joined at La Junta by Mrs. William Curtis Bailey, who went up from Las Vegas to meet them there. The party is en route to President Ripley's summer home at Santa Barbara.

The Missouri, Kansas & Texas Railroad company commenced at Guthrie the grading for the extension of the line from Coffeyville, Kan., to that city, a distance of 200 miles. The line will be extended from Guthrie to L. Reno, Anadarko and into Texas; also via Oklahoma City to Colgate, I. T., and via Osage nation to Muskogee, I. T.

The Topeka State Journal says: The ice situation along this part of the Santa Fe can easily be guessed as remaining satisfactory to those who are interested in the refrigerator proposition. At Argentine, La Junta and Dodge City large quantities are being stored for use during the heated term, or when cooling becomes a necessary part of transportation.

According to reports the Santa Fe contemplates making extensive improvements in the shop plant at San Bernardino, Cal. It is claimed that half a million dollars is about the sum which will be put into the construction of a new coach shop, upholstering department, mill, paint shop, fire department quarters, brass foundry and additions to the machine shop.

The Las Vegas, Mora & Taos railway, which was projected some years ago by Las Vegas capitalists, is being revived again and some of the prominent business men of Las Vegas say they are determined to push the construction of the road. So sure are the Las Vegas people of that road that they have announced that the construction of the same would soon commence.

From present indications Phoenix, Arizona, will have three more railroads within the course of a short while. Work has begun on the El Paso, Phoenix & California Southern railway, which is to run from El Paso to San Diego, and the Phoenix & Eastern, which is to be constructed from Phoenix to Benson. According to the Tucson papers work was begun last week on the American-Mexican railway, which will run direct from Florence and Phoenix, with an outlet on the coast from Tucson south to Calabazas, reaching tide water direct via the Sonora Limited.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Favorite Nearly Everywhere.

Constipation means dullness, depression, headache, generally disordered health. DeWitt's Little Early Risers stimulate the liver, open the bowels and relieve this condition. Safe, speedy and thorough. They never gripe. Favorite pills.

HAULED 500 TONS.

Santa Fe Decapods Doing Good Work in the West.

The Santa Fe's big decapods seem to be doing everything expected of them. The San Bernardino Sun says: "Engine No. 988, the massive compound decapod, made its first trip with a load from this city to Victor yesterday, and did it in a time and style that made the Santa Fe people smile all over their faces. The monster engine made its initial trip Friday, going light as far as Verdmore, where its crew were obliged to head it for home because of a steam leakage. This was almost entirely remedied between that time and yesterday morning, however, when No. 988 started for Victor with its first load. This amounted to 509 tons, an addition of 159 tons over the heaviest train that was ever taken over the grade by a single header."

Wages Are Raised. Adjustment committees of the conductors and trainmen of the Union Pacific railway have signed a two-year agreement with General Manager Dickinson of that road, whereby they receive a substantial increase in pay and shorter hours in many cases. Train-

men will be paid full time for "dead-heading" to their work and full time while waiting at terminal stations for their trains when they are delayed beyond the schedule time. Hereafter passenger trains will all carry two brakemen. All passenger conductors receiving less than \$125 per month are given an increase in salary of from \$5 to \$10 and many other concessions were made to the men. The agreement covers the entire Union Pacific system.

Millions Put To Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all druggists.

For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger, of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by all druggists.

THE PENSION PLAN.

Pennsylvania Has Paid Out \$536,310 to Superannuated Employees.

Under the pension system adopted by the Pennsylvania Railroad company two years ago, 1,574 employees have been retired and granted allowances, and the company has paid out in the aggregate \$536,310. In 1900 the sum of \$244,020 was disbursed, and last year \$292,290. The system was adopted "for the purpose of enforcing the action of the board of directors, requiring that all officers and employees of the company shall be relieved from service at the age of 70, and that those from 65 to 69 years, inclusive, who have become physically disqualified after thirty years' service, shall retire from work. The company appropriates \$500,000 annually to meet the expenditure for pensions, and the plan has worked to the satisfaction of both company and employees. Railroad work makes exacting demands upon the workers, and it is to the interest of an efficient railroad company to have in its employ only those who are thoroughly equipped for their duties. Under this wise plan the company has no hesitation about retiring good and faithful servants, who are superannuated, and the provision made for the employees attracts inevitably a higher class of workers, who are incited to loyalty to the company. Perhaps if other large employers of labor conducting great business enterprises demanding ability and fidelity from employees will note the kind of service rendered to the Pennsylvania Railroad company they will find that the real "community of interest" created by this plan is worthy of investigation at least.—Philadelphia Ledger.

THE HAIR BRUSH

Breeds Dandruff, Which Causes Falling Hair and Finally Baldness. Prof. Unna, Hamburg, Germany, European authority on skin diseases, says that dandruff is as contagious as any other malevolent disease and that one common source of the spread of dandruff is the use of the same hair brush by different persons. The way to avoid catching dandruff or any other disease from another's brush is to insist on the use of Newbro's Hairbrush. It not only kills the dandruff germ, but it is also an antiseptic that will prevent the catching of any disease whatever through contagion of another's brush.

SHEPARD AT LOS ANGELES.

New Santa Fe Superintendent of Coast Lines Begins Work. F. J. Shepard, the new general superintendent of Santa Fe mileage in this jurisdiction, has arrived in Los Angeles from Chicago and entered in the discharge of his duties. General Manager Arthur G. Wells took Mr. Shepard in hand and introduced him to the bureau chiefs located in the Bradbury block. The new appointee is a remarkable young man, not more than 36. He is sure his assignment in Los Angeles will be pleasant and be

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. We regard it a great tonic and blood purifier."—J. F. Durr, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improved, proves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

has a thorough knowledge of the importance of his new work. He says travel to Los Angeles is remarkable, a fact of which he has personal knowledge, because a party of his friends who desired to depart from Chicago February 10 for southern California was advised that reservations on the Santa Fe limited could not be obtained before February 27.

Santa Fe business westward continues at high water mark. The company handled 60 per cent. more passengers to southern California in January than was brought from the east in the same month last year.

MAY DRIVE IT AWAY.

G. H. & S. A. Shops May Be Moved From El Paso.

The extensive shops and yards of the G. H. & S. A. in El Paso may be moved to Alhalla, about seven miles east of that town, a new city of 5,000 people may arise at that place and El Paso may be only a way station of the Southern Pacific.

The foregoing is one of the stern possibilities which El Paso now faces. Actual preparations for the move have been under way for some time. This may not necessarily mean that the move will surely be made, but it is at least indicative of the fact that the company contemplates making a move. The management of the road has said that the persecutions which have been made against the road in El Paso are kept up the shops will be moved away and they are evidently making preparations to make their bluff good. The G. H. & S. A. claims that the city council of El Paso is unfair to it.

ON THE GROUND FLOOR.

Wabash Will Have a Depot at St. Louis Fair Gate.

It was announced by General Manager Ramsey of the Wabash railroad system that his company had obtained a lease of thirty-five acres of land adjoining the world's fair site on the northwest, on which passenger terminals will be constructed.

The lease is for two years, with a provision that it may be renewed if the fair should not be held within that time. The tracks are to be elevated and at a cost of \$50,000 a station within 200 feet of the exposition's main entrance will be erected. Arrangements have also been entered into by which the company has the right of way to build tracks connecting with the various fair trackage within the grounds.

Deming has just been incorporated.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

Kodol Dyspepsia Cure Cures all Stomach Troubles. Prepared only by E. C. DeWitt & Co., Chicago. The 5¢ bottle contains 24 times the 25¢ size.

DeWitt's Little EARLY RISERS The famous little pills for constipation.

LOCAL PARAGRAPHS.

The German Ladies' Aid society of the Lutheran church enjoyed a coffee lunch at the home of Mrs. Geo. Stripe, on South Broadway, yesterday afternoon.

John F. Farley, ex-chief of police of Denver, was here yesterday and left this morning for Denver. He is now connected with the Thiel Detective agency.

Rev. Father Tomasini and Rev. Father Dorshe arrived this morning from El Paso and will hold services at San Felipe de Neri church for a couple of weeks.

Hank Thomas, the day mixer at Sturges' European bar, is kept at home these days with muscular rheumatism, and in consequence John S. Neeland is on watch during the day time.

Hon. Solomon Luna, the territorial national committeeman of the republican party, is in the city today, but will leave tonight for his sheep ranch in Socorro county. He will be absent about a week.

One hundred men will be put to work on the Duranes ditch, just above the old town, next Monday and in a very short time the ditch will be cleared thoroughly and running full of water. The mayordomo is Francisco Lucero.

The Knights of Columbus will hold their first regular meeting tomorrow evening at 8 o'clock, at Knights of Pythias hall, Gold avenue, between First and Second streets. All members should attend. Charles S. White, secretary.

The Twentieth Century club entertained at Grant's hall last night in a very delightful manner. As usual dancing was the leading feature of the evening. The music, which was furnished by Mrs. Berry and Mr. Devine, was exceptionally good.

J. J. Smith and wife, of Washington, D. C., arrived last night and are stopping with Mrs. Smith's sister, Mrs. R. E. Leatherman. Mr. Smith is a government employe at Washington, and expects to return tonight. Mrs. Smith will spend the winter here.

Berthold Spitz, the manager and one of the principals of "The Phoenix" dry goods store, has returned to the city from a visit to El Paso. He reports himself feeling better in health, and says the El Paso climate and quietude helped his asthma wonderfully.

Charles D. Matthews, who for some time was the efficient chef at the Rico Cafe, left this morning for Denver, Colorado, where he will be joined in marriage to Mrs. Nannie King. Mr. Matthews expects to make his future home in Denver.

Four vagrants appeared before Police Judge Crawford this morning. One was given ten days, one five days and the other two were given time to get out of town. The drunk, who was arrested last night for disturbing the peace of the Salvation army will have his hearing tomorrow morning.

The well known pacer, Deck, hitched to a rubber tired buggy with Frank E. Sturges as driver attracts considerable favorable comment as the noble pacer speeds along the thoroughfares of the city. Deck is in the same class with Lady Marguerite, and that means that he is one of the fastest pacers in the city.

Dr. E. E. Roberts, who for the past two years has been associated with Dr. Palmer, in practice at Cerrillos, will be in Albuquerque the 21st inst. en route to San Francisco, under orders from the war department. From San Francisco he will proceed to the Philippine islands, having been commissioned a lieutenant in the regular army.

At a meeting of the Albuquerque Athletic club held last night to take action on the resignation of President Cassman, who has accepted a position with the Santa Fe, Dr. Keyes was unanimously elected to the place. Special arrangements were perfected and great preparations are being made for their smoker and athletic entertainment at old town next Wednesday evening.

With President Ripley of the Santa Fe system, en route westward last night, was J. E. Hurley, general superintendent; W. A. Bissel, general freight agent, and L. L. Hibbard, division superintendent. The latter gentleman, with D. A. Shope, came in from Gallup yesterday on their gasoline motor cars. Mr. Shope is here today looking after some improvements in progress at the storekeeper's quarters at the local shops.

Rev. George H. Brewer, territorial missionary for the Baptist church, has, quite an exciting experience yesterday. Rev. Brewer has a horse that has proved himself very tricky on several different occasions. Yesterday evening he added one more black mark to his record by getting away from his master on South Second street, while hitched to the buggy and running south at full speed to the city limits, where Mr. Brewer found him an hour later quietly grazing by the roadside, with everything right side up.

Joe Barnett, T. H. McMahan and James Martin, who enjoyed a week hunting ducks, geese and doves along the bayous of La Joya and were successful in bagging quite a good list of game, returned to the city last night on the freight. Col. Barnett, who brought down a large white swan, mentioned in yesterday's Citizen, with a single shot from his rifle, stated today that, owing to the warm weather, they failed to kill enough game to supply each of their friends with a mess of either duck, goose or dove, and what they did kill they used themselves.

City Pound Sale.

On Tuesday, February 18, at 10 o'clock a. m., at the city pound, I will sell a buckskin horse, about five years old, branded 3 on left hip and an indistinct brand on left foreleg.

THOS. McMILLIN,
City Marshal.
