Great Britain True to This Country.

Mormons in Utah Said to Practise Polygamy.

Prince Henry of Prussia Will Sail for This Country.

FILIPINO INSURGENT LEADER CAPTURED.

London, Feb. 11.—The under secretary of the foreign office, Lord Cranborne, replying in the house of commons today to a question of Henry Norman, liberal, who asked whether the government's attention had been called to a statement of the German press, alleged to have received official confirmation at Berlin, to the effect that Great Britain, on April 14, 1898, through her ambassador at Washington, Lord Pauncefoot, proposed a fresh note in which the powers should declare that Europe did not regard armed intervention of the United States in Cuba as justifiable, and that in consequence of Germany's refusal to accept this proposal, the step was abandoned, said:

"No, sir. Her late majesty's government never proposed through her majesty's ambassador or otherwise any declaration adverse to the action of the United States in Cuba. On the contrary, her late majesty's government declined to assent to any such proposal."

PRACTICE POLYGAMY.

Utah Mormons Charged with Defying Laws of the State.

Salt Lake, Utah, Feb. 11.—The Ministerial Alliance of Salt Lake has unanimously adopted the report of a committee of that organization, appointed to investigate the alleged practice and teaching of polygamy by the Mormons. This report is to be used as a petition for the passage of a constitutional amendment prohibiting polygamy and will be sent to the judiciary committee in congress. The report, which is quite lengthy, sets forth that positive evidence can be produced that polygamy is both practiced and taught by the Mormons at the present time in open defiance of the laws of the state. The document contains numerous quoted statements alleged to have been made by Mormon leaders, in which the practice and teaching of polygamy is advocated and urged regardless of man-made laws to the contrary.

Among the specified statements by the church leaders given, is the following:

"Joseph F. Smith, formerly chief counselor to President Snow, and now president of the church, said in 1896, while dedicating a meeting house in Payson:

"Take care of your polygamous wives. We don't care for Uncle Sam now."

President Smith, when seen today by a representative of the Associated Press, made the following statement:

"I wish to declare emphatically that I never said any such thing, either at Payson or any other place. I have expressed my sentiments as to the families of men who contracted plural marriages years ago, that they should provide for and educate and take care of them in every proper way. I say so now, but the remark attributed to me about 'Uncle Sam' I never made, and the statement that I did so is utterly and wickedly false."

PRINCE HENRY.

He Will Sail on Saturday for This Country.

Berlin, Feb. 11.—Prince Henry of Prussia will sail for the United States on Saturday as arranged. Even should President Roosevelt's son's illness result fatally before that time it is probable that the prince will enter upon his journey, unless it should appear to be President Roosevelt's desire that his visit be deferred or omitted altogether.

LEADER CAPTURED.

Filipino Insurgent Leader Captured by American Troops.

Manila, Feb. 11.—A brother of Malvar, insurgent leader, has been captured. He was chief sergeant of the Batangas insurgents.

A strong insurgent post has been captured near Calamba, Laguna province. It is believed that this post formed Malvar's headquarters.

SENATE PROCEEDINGS.

Resolution Passed to Inaugurate the President in April.

Washington, Feb. 11.—Upon request of Hoar, the senate proceeded to consideration of the joint resolution proposing an amendment to the constitution respecting the termination and commencement of congress, changing the date of inauguration of the president and vice president from March 4th to the last Thursday in April, at noon, the commencement and termination of congress to occur at the same time.

Stewart opposed the passage of the resolution, but the senate adopted the resolution by the necessary two-thirds

vote. Among other measures passed were the following:

Appropriating \$80,000 for a public building at Gainesville, Texas; to establish a sub-port entry at Naco, Arizona.

At 1 o'clock consideration of the Philippine tariff bill was resumed. Teller, who had the floor when the senate adjourned yesterday, continued his speech. He did not think holding the islands by this government ever would be profitable and he could see readily that it might prove dangerous. It was contrary to our principles to hold any people in subjection by force. Nobody, he said, was likely to question the right of the United States to hold the archipelago; no nation would dare to raise such a question. That question might be raised in the American congress, but nowhere else. He felt that a profound mistake had been made in our early treatment of the Filipinos, but the treaty had been passed and it was now our duty to do what was right. Nobody insisted, he said, that the United States could force upon the Filipinos our government or our civil nation. They are a people of a different race from the Anglo-Saxon and such government as would be desirable for Americans would not be desirable for the Filipinos.

HOUSE.

The senate amendments to the pension appropriation bill were non-concurred in, and the bill was sent to conference.

General debate having closed yesterday on the oleomargarine bill, it was read for amendment under the five-minute rule.

OFFICIAL MATTERS.

Territorial Funds—New Agent—Pensions Granted.

CORPORATION NAME CHANGED.

Territorial Treasurer J. H. Vaughn has received of Eugenio Romero, collector of San Miguel county, \$70.84 of 1900 taxes, and \$994.86 of 1901 taxes.

NEW MEXICO AGENT.

Papers have been filed with the secretary of the territory appointing Chas. R. Temple, of Lordsburg, Grant county, New Mexico agent for the Houston Mining & Milling company of Arizona.

PENSIONS GRANTED.

The following New Mexico pensions have been granted: Benjamin F. Girard, United States general hospital at Fort Bayard, Grant county, \$8 per month; Concepcion Sanchez, Cleveland, Mora county, \$8 per month; Solomon Sly, Silver City, Grant county, \$12 per month; Santos Munis, Pecos, Taos county, \$8 per month.

CHANGE IN CORPORATION NAME.

At a meeting held in Philadelphia on February 8, of the Central Copper company, with headquarters at Las Cruces, N. M., the name of the corporation was changed to the Central Gold & Copper company, and the number of directors was increased from five to nine. Papers noting this change were filed yesterday in the office of Territorial Secretary J. W. Reynolds.

DELEGATE APPOINTED.

Governor Otero appointed J. W. Benham delegate to the South Carolina Interstate and West Indian Exposition at Charleston. Mr. Benham is connected with the Hyde Exploration company and will have charge of the New Mexico exhibit at Charleston, being appointed upon the request of the other commissioners from New Mexico to the exposition.

ACCIDENTAL KILLING.

Victor Gurule Shot and Killed by His Own Pistol.

INTERESTING BELEN ITEMS.

Special Correspondence.

Belen, N. M., Feb. 10.—An accidental shooting occurred yesterday morning about 7 o'clock in the mountains east of here, which resulted in the death of Victor Gurule, a promising young man of this place. Gurule was on the way to his cattle ranch eighteen miles from here, when the mishap occurred. He in stooping to pick up some object from the ground in some way caught his Colt's pistol and as it struck the ground it was discharged, the ball penetrating his neck, going up into the head. His death was instantaneous.

Mr. Gurule was an honest, industrious man and was a good citizen, and respected by all who knew him. His many friends regret the sad accident which caused his death. Mr. Gurule was about 26 years old. His funeral will be held in Tome tomorrow, the 11th, at 9 a. m.

Mr. Norwood, the Santa Fe foreman at this place, returned from Texas with his bride Sunday morning. Mr. Norwood is a very popular young man and Belen people all join in wishing him every happiness, and we all extend the hand of friendship to his wife. Invitations are out announcing the Valentine dance which will be given by the ladies of Belen at the rooms of the Hey-Day club on next Saturday evening. Every one is planning for a fine time, which is assured in that the ladies are promoters of the party.

ARMY POSTS.

This City Recommended by Army Board.

Unknown Schooner Burns to Water's Edge.

Teddy Roosevelt Reported Better by His Physicians.

MISS STONE STILL A PRISONER.

Washington, Feb. 11.—The report of the board of high ranking army officers, headed by Lieutenant General Miles, which considered the question of army posts, was made public at the war department today. The board recommends the establishment of the following new posts:

- One for a regiment of infantry in the vicinity of Los Angeles, Cal.
- One for a regiment of cavalry on the camp site of Nacimienta ranch, in the vicinity of Albuquerque, N. M.
- One for a regiment of infantry on Governor's Island, New York harbor.
- One for a regiment of infantry in the vicinity of Washington, D. C., north of the Potomac.
- One for a battalion of infantry in Red River valley, in the vicinity of Crookston.
- One for a regiment of infantry on the camp site of Conowago valley, Pa., when practicable.
- The sites recommended for four permanent camps are: In the vicinity of Chickamauga Park, Ga.; Fort Riley, Kan.; Conowago Valley, Pa.; Nacimienta ranch, in Monterey, and San Luis, Obispo county, Cal.

SCHOONER BURNS.

Unknown Vessel Burns to Water's Edge Near Cape May.

Cape May, N. J., Feb. 11.—The Hulk of an unknown schooner burned at sea off this place is floating about in the ice this morning a few miles off shore. Crews of five life saving stations went to the assistance of the burning vessel, but after being out until 3 o'clock gave up the attempt to rescue her.

"TEDDY" ROOSEVELT.

His Condition Reported Better By His Physician this Morning.

Groton, Mass., Feb. 11.—The president's son's condition showed some improvement this morning. Secretary Cortelyou gave out the information that both temperature and respiration is better. The disease has passed the climax in the left lung to the satisfaction of the physicians.

At 11 o'clock Secretary Cortelyou made the following statement:

"The condition of the boy since the favorable announcement of this morning has remained unchanged. Pleurisy developed this morning, which has proved to be very slight thus far."

At 3 o'clock Secretary Cortelyou gave out the following:

"Symptoms are not quite as favorable as this morning. This was anticipated, as from the nature of the disease the patient is not expected to be as well tonight or tomorrow morning as he was this morning."

MISS STONE.

She Has Not Been Released By the Brigands.

Constantinople, Feb. 11.—The American delegates remaining at Ceres, Macedonia, after the failure recently of negotiations for ransoming the abducted American missionary, Miss Stone and Mme. Tsilika, have again started negotiations with the brigands.

COURT DECISION.

Railroad Not Held for Fire Damages in Colorado Springs.

Denver, Colo., Feb. 11.—Impression in Colorado that the court of appeals, in reversing the decision of the district court of El Paso county, which dismissed the suit against the Denver & Rio Grande Railway company for damages resulting from a fire which destroyed much property in Colorado Springs, on August 1, 1898, decided that the railway company was responsible for losses entailed by the fire, proves erroneous. The court of appeals merely decided that the lower court was in limiting the plaintiff to one of four causes of action named in the complaint and in excluding testimony which was offered. The effect of the decision is to re-open the question of liability for damages resulting from the fire.

FOR NEW MEXICO.

Provisions Made by House Bill for General Appropriations.

MONEY FOR OFFICIALS.

The general appropriation bill as introduced in the house of representatives of congress, makes the following provisions of interest to New Mexico:

For governor, \$3,000; chief justice and four associate judges, at \$3,000 each; secretary, \$1,800; and interpreter and translator in the executive office, \$500; in all, \$20,300.

For contingent expenses of the territory, to be expended by the governor, \$500.

For legislative expenses, namely: For rent, light, fuel, telephone, ice, water, stationery, record files, record casings, printing, postage, clerks, stenographer and typewriter, messenger and porter, and incidentals in secretary's office; for pay of members and officers of the legislative assembly, mileage, rent of rooms for the legislature and committees, furniture, stationery, printing, binding, fuel, lights, and incidentals, \$24,250.

Mine inspectors: For salaries of two mine inspectors, authorized by the act of March 3, 1891, for the protection of the lives of miners in the territories, at \$2,000 per annum each, \$4,000.

For per diem, subject to such rules and regulations as the secretary of the interior may prescribe, in lieu of subsistence at a rate not exceeding \$3 per day each, while absent from their homes on duty, and for actual necessary traveling expenses of said inspectors, including necessary sleeping car fares, \$3,350.

For surveyor general of the territory of New Mexico, \$2,000; and for clerks in his office, \$10,000; in all, \$12,000.

For pay of messenger, printing, stationery, drafting instruments, drawing paper, binding records, telephone, registration of letters, postoffice box rent, towels, books of reference for office use, and other incidental expenses, \$1,000.

Court of private land claims: For chief justice and four associate justices at \$5,000 each.

For clerk, \$2,000.

For stenographer, \$1,500.

For attorney, \$3,500.

For interpreter and translator, \$1,500; in all, \$33,500.

For deputy clerks, as authorized by law, so much therefor as may be necessary.

To enable the attorney general to employ such assistant attorneys, agents, stenographers, and experts to aid the United States attorney for said court as may be necessary to conduct the business of the court of private land claims during the fiscal year 1902, \$4,000.

That section 19 of an act entitled "An act to establish a court of private land claims in certain states and territories," approved March 3, 1891, as amended in legislative, executive, and judicial appropriation act for the fiscal year 1901, approved April 17, 1900, be, and the same is hereby further amended to read as follows:

"Section 19.—That the powers and functions of the court established by this act shall cease and determine on the 30th day of June, 1903, and all papers filed and records in the possession of the said court and belonging to any other public office of the United States shall be returned to such office, and all other papers, files and records in the possession of or appertaining to said court shall be returned to and filed in the department of the interior."

Schooner on Fire.

Atlantic City, N. J., Feb. 11.—The crew of the Cold Springs life saving station returned at daylight nearly exhausted from their search for the crew of the schooner on fire off Cape May. The name of the schooner was not learned.

DETROIT BANK.

How it Was Wrecked by the Cashier.

Nebraska Town Excited Over a Bank Failure.

One of the Finest Residences in Indiana Destroyed by Fire.

MINE EXPLOSION IN TENNESSEE.

Detroit, Mich., Feb. 11.—The most vital question to depositors of the wrecked City Savings bank is whether the checks which Cashier H. A. Andrews certified for F. C. Andrews, when he had no funds in the bank, amounting to \$662,000, and which the latter deposited among four other local banks and a trust company are legal. If they are held to be illegal because of Cashier Andrews having certified to them without knowledge of the directors, it is thought that the assets of the City Savings bank, with what has been turned to it by F. C. Andrews, will be sufficient to pay the depositors in full. On the contrary, if they are held to be legal, it will take just that amount from the depositors. The president, F. C. Pingree, said today that he believed the checks would be decided illegal and that the depositors would receive at least 75 cents on the dollar. F. C. Andrews has not turned over to the City Savings bank any securities that he took out of other banks with certified checks and their whereabouts is not known.

TOWN EXCITED.

Nebraska Village Want to Lynch Trio of Bank Wreckers.

David City, Neb., Feb. 11.—George S. Gould was arrested at Bellwood last night, charged with conspiracy in connection with the failure of the Platte Valley bank at Bellwood. He is the third of the Gould brothers placed under arrest. He was brought to this city to avoid trouble, as excitement still runs high at Bellwood.

DESTROYED BY FIRE.

One of the Handsomest Residences in Indiana Burned.

Fort Wayne, Ind., Feb. 11.—Brookside, the handsome country home of John H. Bass, head of the Bass Car Wheel foundries, was totally destroyed by fire today. The fire originated from increased gas pressure in the furnaces during the night. Loss on the building, \$110,000. The Bass home was one of the handsomest residences in the state and contained many art treasures.

Mine Explosion.

Bonair, Tenn., Feb. 11.—Over fifteen men were injured by dust explosion in the main entry of mine No. 5. All were rescued and probably will recover.

CAPTAIN SUTHERLAND.

The Court Failed to Bounce Him on Preferred Charges.

PROCEEDINGS OF TRIAL.

"Eugene Sutherland is still captain of Albuquerque's paid fire department, although suspended yesterday, and the warping factions in the department are at once again."

This spoke one of the City's aldermen who attended the special meeting of the council yesterday afternoon to hear the charges preferred against the captain by Fire Chief Ruppe.

The court convened at the mayor's office promptly at 4 o'clock yesterday afternoon, all present except Jurors Rogers and Wright, and quite a distinguished array of counsel for the representative parties.

Chief Ruppe was represented by City Attorney Moore, who, in this case, acted as prosecuting attorney.

The presiding officer of the court, the mayor, asked Captain Sutherland if he was represented, and he promptly stated that Alderman Harsch, one of the sitting jurors, would officiate as his counsel.

The charges were then read, when the presiding officer asked the accused if he was guilty, to which he replied that he was not, and therefore the city, through the prosecuting attorney, was put to proof to sustain the charges made by the chief of the fire department.

It appeared from the evidence adduced from the captain, that he had absented himself from the fire department headquarters on divers occasions, and had on one occasion gone as far as the old town to attend a game of base ball without first securing permission from the chief. On other occasions he had gone to purchase beef and to get shaved. The charges of having sold city property, without reporting same, was substantiated and it appeared in evidence that he had sold some copper belonging to the city to Thomas Keleher.

Mr. Keleher was put on the stand

and testified that he had bought the copper from Captain Sutherland, paying him \$4.90 for it.

"The money," continued the captain, on cross examination, "was divided up equally with the boys at the fire headquarters."

Upon the conclusion of the testimony in the case, Alderman Harsch rose in his place and moved that the mayor "roast h—1 out of both of them and keep the captain in his place."

The court sustained the motion, but the mayor refused to "roast h—1 out of them."

This morning Chief Ruppe called on Captain Sutherland and told him that as peace now prevails he was reinstated to his position and that he must not sin any more.

Wool Market.

Boston, Feb. 11.—While the general demand is moderate some fair sales are being made in the wool market and business doing is at full prices. Dealers do not anticipate any large boom, but look for steady trade, and gradually hardening values. Territory wools held firm and the stock of better wools has become considerably reduced.

King Edward's Levee.

London, Feb. 11.—King Edward's first levee since his accession to the throne was held at St. James palace at noon today and was an exceptionally brilliant function.

DANIELS MISSING.

Newly Appointed Federal Official Cannot be Located.

ARIZONA'S MARSHAL.

A special dispatch from Washington to the Denver News, under date of February 9, says:

Just where Benjamin Franklin Daniels, the recently appointed marshal for Arizona, has secreted himself, the authorities in Washington, and especially the president, are very anxious to know. All efforts made to discover him within the last few days have, up to the present, been unavailing. Doubts as to the character of the new marshal were recently followed by doubts concerning his real name. It is now given out as authoritative that the name of the gallant Rough Rider who served in Cuba with President Roosevelt is Benjamin Franklin Daniels, and not Ben Daniels or Ben S. Daniels, as it has frequently been reported. The president, having cleared up one mystery, is now anxious to hear from Daniels himself concerning his identity with the Daniels who served a term in the Wyoming prison, but up to the present nothing has been forthcoming, not even information as to his whereabouts.

The Daniels case has become a favorite topic in the clubs and at dinners here, and many opinions are expressed as to just what constitutes a real husky United States marshal. Many contend that if he has been in jail he will be all the better as a public servant in putting others where he has been himself. Senator Hoar, himself, is perhaps a believer in this theory, for in his recent speech in the senate in the defense of the action of the judiciary committee in confirming the nomination of Daniels he took Senator Teller severely to task for the position he had assumed against the action, and said he did not desire to allow his somewhat straight-laced, puritanical New England notions to put a curb upon the free and untrammelled habits of a life in the wild and woolly west.

The scene which took place at the white house when Daniels presented himself and asked for the position is somewhat graphically described by a senator who claims to have been present. When Daniels made his appearance, the president immediately spied him, and broke away from a party of lawmakers with whom he was holding conversation over important business.

"Why, hello, Daniels," he said.

"Hello, colonel," returned Daniels, and the pair grasped each other's hands.

"Where have you been keeping yourself, Daniels?" asked the president.

"Oh, I've been running around the west a bit," said Daniels.

"I'm right glad you came in to see me," said Mr. Roosevelt. "Now what can I do for you? Isn't there some office you want?"

"Yes," said Daniels, "I want to be marshal of Arizona."

"Done," said the president. "I'll have it attended to inside of twenty-four hours."

The president was as good as his word, and Daniels got the appointment within the time named.

Within the past two or three days letters and telegrams from towns in Wyoming and Colorado, testifying to the integrity of Daniels, have been pouring into the white house. Citizens of Cripple Creek say that Daniels never dealt anything but a square game in faro. The president himself enthusiastically discussed the qualifications of the brave man who served with him in Cuba, and is hoping daily to hear from him, that he is not the Daniels who served a prison term in Wyoming.

Gould Invests.

St. Louis, Feb. 11.—Property covering five blocks was today transferred to George J. Gould, president of the Missouri Pacific and Iron Mountain railway companies. The consideration was \$285,000. It is rumored that Gould intends to build an immense freight depot and extend the freight yard facilities.

Seventy-seven thousand horses, it is
now stated officially, have been bought
in the United States for the British
army in South Africa.

Last year \$150,072,657 was invested
in building operations in New York
city, or nearly double the amount of
the preceding twelve months.

Great Britain continues to count up
the cost of the Boer war and the
figures are still steadily rising, both in
pounds sterling and in casualties.

One of the ex-chief justices of New
Mexico has achieved fame by endorsing
the merits of a patent medicine.
His name is Silas Hare and he was a
judge in this territory in 1862.

One of the best new year resolutions
made was that of a number of com-
panies, including many railroads in
the United States, to voluntarily in-
crease the wage scale of their em-
ployes.

It begins to appear that England's
much vaunted friendship for this coun-
try in the Spanish-American war was
of the same brand as that shown by
her in the rebellion, the war of 1812
and the revolution.

Ocean passenger rates to Europe will
be put up \$5 next summer. The cabin
passengers from the United States last
year numbered 128,000, and the raise
means at least \$600,000 more for the
steamship companies.

Coal production in the United States
has grown from a point close to zero
100 years ago to 3,500,000 tons in 1890
and to 270,000,000 tons in 1901, a larger
total than marks the output of any
other country in the world.

The Honolulu Bulletin says that the
president and congress can bank on it,
that practically free sugar from Cuba
is not one of the practical methods of
creating a population of independent
American farmers in Hawaii.

Most people think that France is the
gloves-making country par excellence.
Germany, however, has the largest
number of concerns engaged in the
making of leather gloves of any coun-
try in Europe, the number being over
1,100.

For the sake of helping the reclama-
tion of the western arid lands, Nebra-
skans are urging congress to establish
three reserves, aggregating 558,720
acres, in the sandhill districts of their
state, in which to conduct timber rais-
ing experiments.

Although the latest census taken of
the population of Ireland shows that
it is now smaller than that of Scotland
and little more than half what it was
sixty years ago, the excess of births
over deaths from 1891 to 1901 was
218,222. Emigration is what is depopu-
lating the island.

No more careful and complete health
reports are made than those of the
United States marine hospital service.
Taking these for authority, smallpox
is prevalent in every part of the coun-
try. In New York city, for five months
ending November 30, there were 570
cases, with 162 deaths.

HUMAN ASSOCIATION.
The American Humane association,
organized in 1877, makes an appeal for
the assistance of people in every por-
tion of the United States to aid it in
extending its work over the country.
The association is a federation of hu-
mane societies. Their reports show
that for the year ending October 31,
1901, the number of cases of cruelty
investigated was: To children, 29,461;
to animals, 98,896. As the present as-

sociation represents only one-eighth of
the United States, it would follow
that, in the same proportion to popula-
tion, the cases in the remaining seven-
eighths would be 296,227 of cruelly
treated children and 982,272 of dumb
animals abused. These figures mean
that approximately 1,900,000 creatures,
human and dumb, in this country are
beaten, overworked, underfed, tor-
tured or otherwise abused every year.
This condition of affairs, as the asso-
ciation points out, can be remedied
only by the education of the young in
lessons of justice and kindness, and
by the organization of societies to ex-
tend such education, to actively inter-
fere in specific cases of cruelty and to
secure the enactment and enforcement
of humane laws.

LOOK AROUND.

It is common to hear people in this
city deplore the lack of advantages
found in eastern cities. If they would
look about they might discover nearly
everything here that is common to any
city. How many people have visited
the ice factory and watched the won-
derful process of congealing water? It
is safe to assert that not one in a hun-
dred of the people of this city has ever
called at the electric light plant and
saw the harnessing of the electric cur-
rents to produce light and power. The
machine shops of the Santa Fe Pacific
road is a marvel of mechanical inven-
tion and a storehouse of intricate and
massive machinery. The daily news-
papers have the same sort of machines
to be found in the largest offices of
New York city. The two public libraries
have books upon almost every subject.
In fact, nearly every western town
has nearly all the comforts and con-
veniences of the largest cities. The
chronic kickers do not try to find the
pleasant things surrounding them, and
bemoan the lack of luxuries which are
almost at their elbows.

ARIZONA'S MARSHAL.

Decency still prevails to a consid-
erable extent in the United States. The
appointment of a murderer, gambler
and convict to the position of United
States marshal of Arizona has aroused
a storm of protest from the people, and
President Roosevelt has recalled the
commission of Ben Daniels for the
office. Mr. Daniels intended to start
in with a notorious bunco steerer, Tom
Ashton, as his chief deputy. Ashton
has been run out of Albuquerque and
other territorial towns on several oc-
casions. He and Daniels would have
made things lively in Arizona, clothed
with a little brief authority. When
Daniels was appointed The Citizen as-
serted that his selection was an insult
to the people of Arizona, and we still
think so.

EXPORTS OF MANUFACTURES.

The exports for the twelve months
ending December 31, 1901, amounted to
\$1,465,380,919. Compared with the pre-
ceding twelve months these figures
show a reduction of \$14,926,122. As
the exports of agricultural products
showed an increase of \$36,000,000 over
the calendar year 1901, there was evi-
dently a falling off of about \$46,000,000
in the value of our exports of manu-
factured articles. According to the
advance sheets of the monthly sum-
mary of commerce of the treasury bu-
reau of statistics, the percentage of
manufactured exports, which was 39.38
in 1900, declined to 27.48 in 1901. The
loss appears to be confined chiefly to
miscellaneous manufactured products.

The 16,000 Grand Army veterans of
Indiana have protested against the
proposition in congress to pay large
pensions to the widows of Presidents
Harrison and McKinley on the ground
that special legislation giving greater
pensions to officers and their widows
than to the private soldier is a gratui-
tous favor to a distinctive class.

The editors of the four Associated
Press newspapers of this territory
have received invitations to dine with
Prince Henry of Prussia, at the Hotel
Waldorf, New York, on February 26.

SAFE BLOWING.

Deming Invaded by Burglars, Who Se-
cured Some Money.

The particulars of the safe blowing
at Deming are as follows from the
Headlight:

This city is fast assuming metropol-
itan airs. No city of any great impor-
tance, such as Deming now is, can ex-
pect to go any great length of time
without having robberies and other
first class entertainments happening.

Last week we were compelled to
chronicle a first class jail delivery and
this week it is a case of safe blowing,
and we pause to say that the blowers
were artists in their line.

Some time during last Thursday
night the grocery store of W. J. Wamel
situated on silver avenue in this city,
was broken into and the safe blown
open in a very neat manner. As near
as can be estimated about \$45 was
taken from the safe and a few dollars
taken from the cash register, which
was not locked.

The thieves entered at the front
door, which was not hard to pry open,
and touched nothing except the safe
and cash register.

Two small railroad checks were also
taken, but will do the thieves no good,
as payment will at once be stopped.

At about 9:30 o'clock the night men-
tioned parties were seen walking back
and forth on the sidewalk in front of
the store, and is now thought that
these were the ones who did the work.

Mr. Wamel was away from home at
the time, being at his ranch in the
Animas valley.

Both Injured.

An accident that resulted rather se-
riously and which might easily have
been much worse, occurred Wednes-
day, on the old Ellice & Every farm,
near Otis, now owned by Beyer &
Fouss. W. M. Beyer and an employe
named Charles Plummer were riding
on a hay-rack, when in some manner
it toppled off the wagon, and in the
fall, Plummer sustained a broken leg
and Mr. Beyer a sprained arm. Both
came to town for medical attention.
Plummer was fixed up and left for his
home in Kansas City, he having only
come out with the car of horses and
hogs recently received by Beyer &
Fouss.—Carlsbad Argus.

Alkaloid Poisoning.

Charles Anderwerth, a well-known
and popular young farmer of the Flor-
ence district, died Wednesday morning
from alkaloid poisoning, resulting from
the use of milk and butter from a dis-
eased cow. Young Anderwerth was in
the prime of his strength, only about
30 years old, and the news of his death
comes as a great shock to friends and
acquaintances. The burial took place
in the Lookout cemetery. There are
several cases of like poisoning from
the same cause in the lower valley.
L. C. Maze being reported as quite ill

STOCK NOTES

E. S. Gosney left Flagstaff for Kirkland and Phoenix to look after his hands of sheep ranging in Yavapai and Maricopa counties.

The prediction is that all kinds of stock will open brisk in the spring. Sheep men may feel easy, as mutton and wool will be in demand.

Messrs. Stewart and Leathers, of San Juan county, lost about five head of their cattle last week from blackleg. They have vaccinated the balance of the herd and no further losses are anticipated.

The Carlsbad Argus says: More cattle buyers will be here this spring than for many moons. D. Webster is now on the market for 3-year-olds and C. B. Williamson wants 15,000 steers. Boys, get a move on you.

A 14-month-old bull, "Gold Cross," sold at the "Kriterion" sale at Kansas City for \$3,995, the highest price on record for an animal of this age. He was calved December 1, 1900, and was sired by Sotham's bull, Improver, out of Grove Maid 22d.

There is a boy out on the Gila who was jimmying around the barn the other day and came across some bran which he began to eat. His father saw him. "What are you doing?" he asked. "Eating bran," answered the boy. "Well, for God's sake, son, eat anything you want, but let the horses feed alone this winter."

The Kessler-Lacey company, purchased from E. A. Clayton, of Chaves county, five head of cows, four grade Durham and a buckskin Jersey, and W. A. Johnson says they were "the top of the herd." The buckskin Jersey was sold to C. E. Holt, of Zuber Hollow, that county, who will add it to his fine herd of milk cows.

Two colts by Cresceus, the champion trotter, will be trained in the Blue Grass state this year. One of them is at the Lexington track and has gone a quarter in less than 0:36. His dam is a sister to Larabie the Great. The other colt is at the Walnut Hill stock farm and his sire and dam were both sired by Robert McGregor.

The Farmington Hustler says: R. E. Cooper, who recently purchased the Steele ranch on the La Plata, is the owner of some of the finest sheep in the southwest, one imported ram, from the Ballin farm in Germany, costing him \$260. He also has a lamb which took the first prize at the Pueblo, Colo., state fair, over all comers.

Many sheep are being driven into northern Lincoln county from various places in the territory, says the White Oaks Eagle. The abundance of grass and water, resulting from the splendid seasons this year, has caused this trespass from other counties of the territory. It may result, however, in our ranges being overstocked and thereby greatly injuring our own stockmen.

The Roswell Register says: Fritz Brinck, manager for Knollin & Co., of Kansas City, had thirty-five cars of sheep in the vicinity of the River Stock Yards ready to ship to Nickerson to be fed, but received a letter last Saturday from Mr. Knollin instructing him to take the sheep back onto the range, the high price of feed in Kansas making it impracticable to ship and feed them.

A press dispatch circulated last week to the effect that 20,000 sheep were on hay feed at Billings, Mont., of which half "were ready to come to market soon," was a little erroneous. The Drovers' Journal has investigated and found that about that many sheep are being fed in the Yellowstone valley, near Billings, but only 10 per cent. of the number is available for market in the near future.

Colorado lamb feeders write that they are having an ideal winter out there for sheep feeding, and the lambs never looked better at this time of the year. As most of the feeders lost money last year they were very particular this season in selecting lambs, insisting on a better cut than those in previous years, consequently the fat lambs to be marketed in the spring will be of better quality than we have received in several years.

A report was brought to Denver, Colo., by the Rio Grande trainmen that a herd of pure bred Herefords owned by Josiah Welbe in western Utah, were driven before a blizzard that raged, into one of the deep cañons that forms the Grand Cañon and plunged to their death. The dead bodies of the cattle were found floating in the river.

The American Cattle Growers' association, composed of leading cattlemen of the west, will meet in Denver on March 4, to discuss public land leasing and other questions affecting the industry. The bill concerning the land leasing now before congress will be a matter for special consideration. The call for the meeting was issued January 31.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

The most reliable preparation for kidney troubles on the market is Foley's Kidney Cure. Sold by Alvarado Pharmacy.

For a Buffalo Ranch.

A dispatch dated Topeka, Kan., says: "Buffalo" Jones, of this city and Goodnight, Texas, will remain in Washington the greater part of the winter, pushing a claim for a small reservation of land by the government for the establishment of a buffalo ranch. Mr. Jones asks for a tract of apparently

waste land in New Mexico, twelve miles square, which he will agree to irrigate and keep in order. In return for this grant he agrees to furnish the government with two buffaloes each year, valued at \$600 each. Mr. Jones is one of the famous "buffalo" men of the country and has the reputation of having killed more animals of that breed than any other citizen of the United States. He is interested in the Charles Goodnight herd in Texas.

A Legacy of the Grip

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

DIDN'T TELL IT ALL.

Few Solid Stock Facts About Slaughter's Holdings.

W. Penn Anderson, of Amarillo, statistician of the Santa Fe system, speaking of the large cattle and ranch interests in the west, gives the extensive holdings of C. C. Slaughter in the following divisions, says the Roswell Register:

Soda Springs division, 60,000 acres; the home of 5,000 grades.
Mustang Fountain ranch, 4,000 acres; 1,000 grades.
Sulphur Springs division, 240,000 acres; 10,000 mixed high grades.
Buffalo division, 195,000 acres; 15,000 high grade Shorthorns.
Rattlesnake ranch, 87,000 acres; 5,000 high grade and pure bred Shorthorns.
Tahoka Lake division, 360,000 acres; 6,000 high grades.
Ancient Briton ranch, 300,000 acres; 5,000 pure but unregistered Herefords.
Sir Bredwell ranch, 100,000 acres; 14,000 high grades and pure breeds.
Santa Fe division, 90,000 acres; 4,000 high grades.

The total acreage of the Slaughter system is 1,436,000 acres, and the total number of cattle about 68,000 head.

Mr. Anderson failed to include Colonel Slaughter's large alfalfa ranch, the home of Sir Bredwell and Ancient Briton, two miles from Roswell. This ranch has 999 acres in alfalfa, 1,760 acres in natural grass pasture adjoining the ranch, 900 bull calves, 200 steers, 100 cows and calves, all Herefords, and 150 saddle horses. George M. Slaughter, son of Colonel Slaughter, is manager of the Roswell ranch and H. W. Hamilton is foreman.

Bilious Colic.

H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. Sold by Alvarado Pharmacy.

FORCING THE ISSUE.

Cattlemen Have Plan for Demonstrating the Leasing Proposition.

There is a story going the rounds here to the effect that a number of prominent western cattlemen have a plan for forcing the leasing issue. They propose to lease large tracts of railroad land in this and adjoining states and stock them with their own herds, keep all other stock out and show what

can be done with public ranges under proper control and without fencing. As the railroad lands are in alternate sections, by leasing the railroad lands the lessors would naturally control the use of the government sections, thus giving them two sections for every one they lease. It is said that the plan will be proposed in detail at the coming meeting of the American Cattle Growers' association in Denver the first week in March and an effort made to get as many cattlemen interested as possible.

A number of Wyoming sheep growers have already started this plan along the Union Pacific in southern Wyoming and cattlemen propose to go them one better and gobble all the railroad lands that are left, either by lease or purchase. The proposition has created much excitement where it is known.—Denver Record-Stockman.

Miss Pratt has been quite ill, and was forced temporarily to give up her work in the school. She left for St. Luke's hospital in El Paso, where she expects to soon recover her usual health. During her absence Mrs. W. C. Marshall will fill her place as the teacher.

Dr. M. M. Crocker and his family went to church last Sunday night. The above statement is not a matter of news, for they go every Sunday, but it is part of the story. When they returned home they found the house had been invaded by burglars. The doctor's heavy ulster was gone. Mrs. Crocker's fine plush coat was missing. The burglars had taken the glasses used by Mrs. Crocker, his mother, and Miss Crocker's watch, which had been lying on the table was gone. A most catholic sort of a burglar, most anything suited him. Constable McGrath sent an account of the burglary to the officers in various towns. Tuesday Sheriff Baca of Deming, picked up the man and he had on him all the goods. He brought him up Tuesday, the stolen goods were identified, the man pleaded guilty, and was sent to jail to await the action of the grand jury. Sheriff Baca took him back, and sent him to Silver City.

Constipated Old Age

Isn't it too bad that so many people, when they get old, get cranky and rickety and mean, and don't feel right toward themselves or anybody else; yet it need not be so.

"Cascarets make me feel so light-hearted and lively that though I have seen these scores and three, a few more scores I yet might see."—James S. Millar, Villa Park, Cal.
"For many years I have been troubled with constipation. I used one 5c and two 10c boxes of Cascarets and they have effected a permanent cure. Since my discharge from the army in 1893, I have never before found a lasting remedy."—H. J. McGovern, 949 Chapline Street, Wheeling, W. Va.
"I was troubled with something that baffled the skill of physicians for 25 years; I used five boxes of Cascarets and am in better health than ever before."—C. C. Redick, Chase City, Va.
"Six months ago I took Cascarets for constipation contracted during the War of the Rebellion. The result is wonderful and I advise all old soldiers to try them."—Jas. Putnam, late Capt. 5th Ill. Haney, Wis.
"I was feeling bad, losing flesh, had dull headache, cold feet, and couldn't sleep well. I took Cascarets, and in four weeks gained 15 pounds. Am feeling fine now."—A. B. Story, veteran Mexican and Civil War, Epworth, La.
"I have been using Cascarets for some time for constipation, and their greatest benefit has been to cure me of asthma. I am in my 8th year and had been suffering with asthma for years."—T. M. White, Bob Lee, Georgia.

All old people's muscles get weak and flabby, and it's the same with the muscular walls of their intestines as with the muscles of their arms. When the bowels grow weak, the old folks get constipated, bilious, sick, helpless, irritable, and that's the chief cause of their death. Old folks should take Cascarets Candy Cathartic bowel tonic, keep their liver lively, their bowels regular and strong, and live to be a hundred.

ROYAL Baking Powder is indispensable to the preparation of the finest cake, hot-breads, rolls and muffins.

Housekeepers are sometimes importuned to buy other powders because they are "cheap."

Housekeepers should stop and think. If such powders are lower priced, are they not inferior?

Is it economy to spoil your digestion to save a few pennies?

POSTMASTER PEREA.

He Dodged the Officers for Many
Months and Was Then Captured.

TAKEN IN BY INSPECTOR DORAN.

A special dispatch exclusively to The Citizen, from El Paso yesterday, gave the information that C. L. Doran had effected the capture of the absconding postmaster of Lincoln, N. M., Demetrio Perea, and had the embezzler of Uncle Sam's money order funds safely across the Rio Grande in the jail at El Paso.

The postoffice inspector came in from El Paso this morning, and a few hours later informed a Citizen representative that before he left El Paso Perea had given bonds in the sum of \$3,000 and was doubtless now on his way to his family in Lincoln.

"Ever since Perea absconded from Lincoln," said Mr. Doran, "a defaulter to the government to the extent of about \$2,000, I have worked on several clues, and finally discovered that, on fleeing from his usual haunts in Lincoln county, he crossed the river into Mexico. I kept almost in touch with every movement he made; traced him to the City of Mexico, and thence over the old English road down to Vera Cruz. Here, I found that, on account of the extreme heat and yellow fever epidemic, Perea had retraced his movements, doubling back to the City of Mexico and up along the Mexican Central to Chihuahua.

"After reaching Chihuahua, for the time being, Perea's trail was lost. Last Friday I again located my man and was informed that he was at work at the mining camp of Santa Eulalia, fifteen miles west of Chihuahua, and was known there as Bonito Gonzales.

"Securing extradition papers from Governor Otero on Governor Ahumada, of Chihuahua, I left for the sister republic and soon had my man under cover, although Governor Ahumada stated positively that he would not honor the extradition papers owing to some informality. However, on reaching the mining camp, I saw Perea recognized him thoroughly from a photo I had, and placed him under arrest. He acknowledged his guilt and said he was willing to accompany me to the United States without extradition papers, that he was tired of dodging the officers and wanted to get back to his wife and children. Some of the miners at the camp showed some disposition to prevent me from taking Perea, but the latter told them that he knew he was short in his accounts to the government and was willing to go back and face the charges. I think the action of Perea, who showed no spirit whatever to cover up his identity when questioned and his desire to waive all technicalities, prevented any attempt on the part of the native miners to take him away from me.

"The shortage," continued Mr. Doran, "was discovered the latter part of last October and Perea was indicted by the United States grand jury of the Fifth Judicial district at Socorro the following month, his trial being set for the coming April. The funds which were misappropriated and which were used in ducking monte amounts to nearly \$1,700 and I think will reach \$2,000 when all the returns are in. Since leaving Lincoln Perea must have traveled over 6,000 miles."

THE HARRISONS ENTERTAIN.

A Brilliant Dance at the Colombo Hall Last Night.

Mr. and Mrs. G. W. Harrison's ball last night at Colombo hall was one of the most elaborate affairs in the history of Albuquerque.

It was 9 o'clock before all the guests arrived and the fascinating strains of a waltz broke the din of merry conversation.

Dancing was enjoyed until 11 o'clock, when a sumptuous supper of five courses was served at tables on the stage.

After supper dancing was again in order and lasted until the small hours of the morning.

Those who did not dance were entertained at cards.

Prof. Di Mauro and Miss Hanthorne furnished the music.

The host and hostess were assisted in receiving by Mr. and Mrs. J. W. Johnson and Mr. and Mrs. F. H. Kent. The guests were: Messrs. and Mesdames F. H. Kent, G. L. Brooks, E. L. Medier, Lewis H. Chamberlain, J. F. Luthy, A. Grunfeld, I. Grunfeld, W. P. Metcalf, James G. Wroth, W. G. Hope, J. F. Pearce, E. W. Dobson, F. A. Hubbell, S. Burkhardt, L. Kempnich, Ross Merritt, R. Halloran, R. W. D. Bryan, C. K. Newhall, O. N. Marron, W. W. McClellan, L. R. Strauss, Frank McKee, B. H. Thomas, G. H. Frost, J. J. Sheridan, Frank Sturges, Harry Lee, R. E. Putney, O. A. Matson, A. B. McGaffey, E. Grunfeld, J. F. Luthy, P. G. Cornish, W. J. Johnson, G. E. Albright, S. Neustadt, B. N. and L. H. O'Reilly, F. H. Lester, W. Y. Walton, O. Dieckmann, J. Tascher, Mesdames W. S. Burke, Isabel Hime, Lockwood, Misses Halloran, Stevens, E. and B. Willey, Jettie Rosenwald, Poyas, Saint, Turner, Baer, Parsons, Lee, Thomas, Messrs. Newman, Brooke, Alger, Hathaway, Crossan, Kuhns, Paxton, Wilkerson, Ward, Faber, Frost, Schuster, Newcomer, Otero, Cleland and D. Wellier.

That Bernalillo Fire.

C. W. Hunter, the ranchman and farmer of Bernalillo, is in the city on business, but expects to return home tonight. Mr. Hunter suffered a severe loss by fire the other night. A barn, in which was stored about 2,000 pounds of stemmed tobacco, twelve tons of sugar cane and a large quantity of haled alfalfa, was destroyed by fire, and the good people of Bernalillo believe that the fire was the direct work of an incendiary. The tobacco and sugar cane belonged to Mr. Hunter, and the alfalfa to L. Freudenberg.

Lost Son Found.

A short time since Victoriano Trujillo announced, through the columns of this paper, his desire to obtain information as to the present whereabouts of his son, Eugenio, who left this city about eighteen months since to work in the California beet fields. As result of the notice and showing

the far reaching circulation of The Citizen, Mr. Trujillo yesterday received a letter from Detroit, Mich., in which he was informed the young man is now living in that city.

Prospectus issued.

The American Lumber company, who have recently purchased the Mitchell tract of timber land lying in the western ends of both McKinley and Valencia counties and propose to build lumber mills in Albuquerque, have issued their first prospectus. The company was organized by Chicago capitalists and incorporated under the laws of New Jersey, with a capital stock of \$8,000,000. The prospectus contains the fac simile of letters received by the company from the following prominent Albuquerque citizens: Delegate B. S. Rodey, W. R. Whitney of the Whitney Hardware company, M. W. Flournoy of the First National bank, J. E. Saint of the Santa Fe Central, the territorial board of public lands, J. S. Van Doren of Bluewater, John A. Lee.

United States Deputy Marshal F. B. McKeehan and Chinese Inspector Chas. Mehan came up from Deming this morning, where they rounded up eight Chinamen, who will be tried for entering the United States unlawfully. This afternoon Joe Wy, of this city, was tried before United States Commissioner Whiting for unlawfully entering the United States. Julian Cana was arrested yesterday morning by United States Marshal Frank Hall for violating the Edmunds act. His trial is set for next Thursday in United States Marshal Foraker's office, before the same commissioner.

The meeting of the Non-Sectarian Benevolent society has been postponed until 2 o'clock Thursday afternoon, the 13th instant.

KILLED OUTLAWS.

Two Sheriff's Poses Surprise Eight
Members of Musgrave Gang.

GOT HALF OF THEM.

James Witt, formerly a member of the El Paso police force, now city marshal of Santa Rosa, N. M., was in the city yesterday and brought a meager report of a battle between two sheriff's poses and members of Jack Musgrave's gang, which took place in the fastnesses of the Capitan mountains, says the El Paso News.

Four outlaws are reported to have been slain.
The sheriff's men fought from cover and were not injured. They surrounded and crept upon the outlaws' camp and took eight members of the gang by surprise. Volley after volley was fired into the camp and it was wonderful that any of the bandits escaped.

Four of them, however, managed to reach their horses and gallop off without receiving a scratch from the leaden missiles that were whistling in close proximity to them.

Officer Witt had learned none of the details of the battle, but merely heard the story floating around in the New Mexico town that the fight had taken place. He said that the appearance of the band of outlaws under the leadership of the notorious Jack Musgrave had created great alarm throughout the sparsely settled portion of that section of the territory and much uneasiness existed among ranchmen and storekeepers in the outlying districts, but the officers were determined to hunt down the bandits and again chase them out of the country.

LEFT BLOODY TRAIL.

Jack Musgrave disappeared from the territory many months ago. He ceased operations and went into hiding or left the country after the officers of that region had made it too hot to hold him. The hanging of his partner, Tom Ketchum at Clayton, last year, may also have had something to do with his decision to quit his usual haunts.

At any rate he and the living members of his band disappeared and were heard of no more until recently, when they crossed the southeastern

section of New Mexico, headed toward the wild Capitan mountains and left a bloody trail behind them.

At Fort Sumner a ranch and store were raided and a Mexican murdered; at the Block ranch, near Capitan, the bandits held up the employees and exchanged their own jaded horses for fresh mounts, selecting the best to be found in the corral. They then made off toward the mountains, but paused long enough to loot several stores and terrorize the proprietors.

Sheriff's poses were immediately organized and started in pursuit of the bandits and an encounter between the officers and outlaws is said to have taken place without damage to the former, but with the loss of four lives to the latter.

Fire This Morning.

A still alarm was turned in from a fire at 414 North Broadway this morning about 7:40 o'clock. The property where the fire occurred is occupied by several families and owned by Mrs. J. M. Brandt. The fire, which started from a defective flue, was in the roof and afforded a splendid opportunity to try the new chemical engine. In five minutes after the arrival of the department, the fire was out and the damage to the property does not exceed \$5. There was no insurance.

This is the first real fire the chemicals have been tried on in Albuquerque, and as shown by the small amount of damage done, was very satisfactory.

Police Court Notes.

There were two cases in police court this morning.

The first one, Wilber Applegate, who seems to be a little off in his upper story, was taken in at the local depot last night about 10 o'clock, for disturbing the peace. Applegate rushed into the gentleman's waiting room, seized a stove poker, and brandishing it around his head valiantly kept at bay an imaginary host of robbers, who he said were trying to hold him up. He was finally quieted and escorted to the city jail, where he will be held until a further investigation of his case can be made.

The second, a drunk, was given ten days on the chain gang.

The Ruppes Entertain.

Mr. and Mrs. B. Ruppe entertained a few friends at their home on North Second street, Sunday night, in a very pleasant manner. The evening was spent in conversation, music and a bountiful supply of delightful refreshments. Those present were: Mr. and Mrs. L. H. Shoemaker, Mr. and Mrs. Lon Shoemaker, Mrs. Whitson, Mr. and Mrs. Harry Strong, Prof. and Mrs. Devine, Mrs. Manuel Salazar, Mrs. W. S. Baird, Misses May and Beatrice Pearce, Messrs. J. O. Goodlander, H. Walters and J. Marmaduke.

Another Postoffice Robbery.

C. L. Doran, the postoffice inspector, who is in the city, received information this morning that the postoffice at Nogal, Lincoln county, has been again robbed, making the second time it has been touched in the past month. The first time the robbers secured about \$100 in gold, but the amount obtained from the last robbery the inspector has not been informed.

New Officers.

The Estrella Literary society of the University elected new officers as follows:

NEW MEXICO TOWNS

LAS VEGAS.

From the Record.
Pete Lynn is able to be about again after recovering from an attack of the measles.

William B. Strapp, Joe Young and W. H. Strapp returned from a ten days' overland trip to the Red River country.

J. Mink, father of Mrs. W. W. Reed, of Anton Chico, died at that place, aged 88 years. Mr. Mink was a pioneer of Anton Chico, having lived in that vicinity for the past fifty years.

At a regular meeting of the E. Romero House and Fire company L. W. Hefeld was presented with a beautiful gold badge bearing the following engraved inscription: "Presented by E. Romero House and Fire company to ex-Foreman L. W. Hefeld, 1901."

Adelaido Gonzales started for the El Porvenir mountain resort. He had only gone as far as Jefferson Reynolds' residence, on the Hot Springs boulevard, when his horse took fright at a cow and ran away, smashing his buggy into many pieces. Mr. Gonzales escaped unhurt.

From the Optic.

Mrs. Mary E. McMahon was granted absolute divorce from Charles D. McMahon. They are residents of Colfax county. The decree was handed down by Judge W. J. Mills' court.

Mrs. Peabody, who is now visiting in Denver, suffered the misfortune of having her mouth cut by a dentist who allowed an instrument to slip while working on her teeth. She has almost recovered and will return home next Saturday.

Corporal Raymond I. Lewis, United States army, of the recruiting station at Trinidad, Colo., is in town looking over the ground with a view of establishing a recruiting station here. He has placed recruiting posters in many conspicuous places, which give all the information regarding enlistments.

The postoffice authorities have granted a daily mail between Las Vegas and Santa Rosa to begin at once. Instead of waiting until the first part of July, Eugenio Romero, who operates the stage line between this city and the new Rock Island metropolis will also carry the mail. This will be of great advantage to Las Vegas merchants and also to travelers who desire to make Rock Island points.

Robbers got in their work at Chihuahua and took everything in sight. They entered the house of Mrs. Luce Lucero by breaking a window glass and opening the window and took her groceries and clothing. They also entered the house of Mrs. Rebecca Lucero and took her groceries and nearly all of her clothing. It is estimated that from the two houses \$200 worth of clothing was taken. The thief is believed to be known to the officers, but has not yet been arrested.

Mr. Wheeler Got Rid of His Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year."—Wheeler, Northwood, N. Y. For sale by all druggists.

CLAYTON.

From the Enterprise.

Clayton needs a fire company and it seems safe to have one.

Mrs. A. Wamsley and daughter, Miss Mary, are visiting friends and relatives in Folsom this week.

Little Kathleen, daughter of Mr. and Mrs. J. C. Hill, accidentally burned herself rather seriously with condensed lye last Saturday.

Melvin Thorpe, brother of Mrs. Ellen Taylor, paid Clayton a visit. Melvin is an old timer in Union county and everyone knows him.

J. W. Inman has accepted the position of night engineer of the Clayton electric light and waterworks plant. Mr. Inman is just out from Missouri and is a brother of J. P. Inman, of Texline.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

DEMING.

From the Headlight.

Mrs. U. E. McDaniels, of Cook's Peak, is now in Deming and will remain for an indefinite period.

R. T. Hall died in the hospital of this city after an illness of only three days. Mr. Hall came from Camden, N. J.

H. Millink, of Garfield avenue, Kansas City, Mo., passed from this life at the hospital at Deming having been sick only five days. Millink was stricken with pneumonia.

Thomas Nantz, attorney for the Golden Cross and Eagle Mining company, and whose home is in Terra Haute, Indiana, left for New Orleans, Louisiana. Mr. Nantz has not been well for some time and thought that a trip to the sunny south might do him good.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

SANTA FE.

From the New Mexican.

There are 235 convicts in the territorial penitentiary, and they are all busy.

Postmaster Simon Neusbaum received a dispatch from his brother-in-law in Chicago, stating that his eldest brother, Adolph Neusbaum, aged about 60 years, a prominent merchant of Peoria, Ill., who had been visiting his

mother in Philadelphia for the past month, died on Saturday noon on a train en route from Washington to Chicago.

Up to date the sum of \$175 has been contributed by citizens and school children of Santa Fe county to the McKinley memorial fund. No other county in the territory has done so well so far.

Earl Sidebottom has just completed the quarterly program for the Fifteen club. It contains the topics for discussion at the next nine meetings, the first of which will occur on February 14. It is a very neat piece of type-writing.

There are 356 pupils at the government Indian school and the school is crowded to its utmost capacity. The health of the institution is first class. None of the younger pupils are being sent to town as some chickenpox prevails and it is thought best to keep them away. Work of improving the road from the school to the penitentiary and making it into a boulevard is getting on. The larger school boys doing it. The county has agreed to furnish the lumber for a couple of culverts necessary and when the road is finished there will be a first class piece of road for about a mile.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction, 50c, \$1.00. Trial bottles free.

TULAROSA.

From the Democrat.

Mrs. John M. Hernandez is sick with pneumonia.

Mrs. Noah Ellis went to Texas to wait on her husband who is very ill and not expected to live.

Why in the name of common sense don't the railroad company place a sign at the depot with the name of this town—Tularosa—on it.

George Carl is completing a fish pond on one of his Sacramento mountain ranches. It will be over ten feet deep and cover some ten acres of land. He will stock it with fish from the government hatcheries.

He Recommends Chamberlain's Cough Remedy.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy."—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

ROSWELL.

From the Register.

Mrs. J. O. Cameron arrived from Carlsbad to visit a week with her friend, Mrs. W. W. Ogle.

J. M. Powell, one of the instructors in the public school received a telegram announcing the death of his mother in Odessa, Mo., and left for that place.

There are over fifty members in the Carpenters' union of Roswell, forty-five of whom live in the town. At a meeting on Thursday night of last week applications were received from three boss carpenters for workmen, but none were reported idle.

The reception held at the Baptist church last Thursday evening for the new pastor, Rev. Anderson, brought out a goodly number of that congregation. A very pleasant time is reported. The ladies decorated the church with house plants and served refreshments of coffee and cake.

The following local mail contracts have been awarded by the postoffice department: From Roswell to Lincoln, daily except Sunday, to D. W. Scott, for \$1,725; from Roswell to Fort Sumner, once a week, to Jesus Silva, for \$500; from Cloudcroft via Pine Springs, Upper Pecos, Elk, Lower Pecos, and Hope to Stegman, three times a week, to James F. Hinkle, for \$986; and from Weed to Upper Pecos, three times a week, to James F. Hinkle, for \$209.

From the Record.

Al Garrett returned from his ranch thirty miles northwest of town, where he started his pumping plant for the winter. Mr. Garrett has two wells there over 400 feet deep, over which he has twenty-five foot windmills. To assist the heavens in furnishing power he has a small steam engine at each place which he runs night and day during the dry season.

H. P. Hobson, who has just returned from a trip to the north, reports that he crossed the trail of the band of horse thieves who stole the herd from Roswell ten days ago. The out-

CONSUMPTION

Right food—right medicine—right time—these three things are of the utmost importance to the consumptive.

Right food and right medicine—these are contained in Scott's Emulsion of pure cod-liver oil.

Right time is at first sign of disease. Right time is now.

Scott's Emulsion always helps, often cures. Ordinary food helps feed. Fresh air helps cure. Scott's Emulsion does both. Begin early.

laws, consisting of three whites, one negro and one Mexican, stopped at C. C. Martin's sheep camp, he says, on Tuesday of last week, and after partaking of a sumptuous lunch, took their departure. Before leaving they relieved the herders of a valuable Winchester rifle, which they carried away as a souvenir of their visit.

The celebrated case against Gus Lard, of Hagerman, came to an end this week. About four years ago the young man was tried before the district court and fined \$500 for an assault with a deadly weapon. The case was appealed to the territorial supreme court, and the decision of the lower court affirmed, because of the non-appearance of the defendant. Before any further action was taken J. T. Lard, the father of the offender, called on the clerk of the court in Roswell and paid the fine and costs, amounting in all to \$569.25.

FARMINGTON.

From the Hustler.

Joe Fulcher is seriously ill with an attack of pneumonia.

Mrs. J. A. Barnett is threatened with an attack of pneumonia.

Dr. McEwen was called in to treat William Graham for a broken collar bone.

The Home oil well is now down 100 feet. Some promising indications are developing.

Tom Bryan has sold his Sheep Springs store to George Manning, of Fort Defiance, and will leave for a trip to Phoenix, Arizona.

Dave Lewis drove forty head of mules through town, which he recently purchased from the Hyde Exploring Expedition's stock department.

One of the best indications of San Juan county's improvement is the six to nine months school term, which has this year been provided for, in nearly every precinct in the county. Shows good management on the part of the county superintendent.

Miss Marion Bucher, who will be remembered as residing here last summer, died in Chicago, where she had gone to secure Christian Science treatment. However, her case was practically helpless when she left here.

From the Times.

Miss Leita Hays has recovered from an attack of tonsillitis.

J. B. Moore, of Cottonwood Pass, was in town, having sold his trading store. He is on his way to the Congo Free State, South Africa.

George Brown and Barney Harmsden have each contributed \$25 for the enlargement of the Methodist Episcopal church. Harmsden has also secured the contract for the Aztec court house. This means a good building at the "permanent county seat."

Woolman and Denver Waggoner have thoroughly overhauled the drilling machinery at Blake's oil well, and will start the drill next week. They will go down the 1,000 feet for Mr. Blake that the contract specifies, and then start a machine on their own property near West Water.

CARLSBAD.

From the Argus.

Mumps has been raging in the family of Commissioner J. H. James, the boys just recovering therefrom and Mr. James now being a victim.

The ladies of the library association will give an old fashioned New England dinner to the Carlsbad public, February 22, Washington's birthday.

Messrs. Max Young and Thomas J. Jonstone arrived in Carlsbad from Chicago. Mr. Jonstone is one of the most eminent hydraulic engineers in the country, and comes to Carlsbad to look over the irrigation situation and to draw up plans for a permanent structure to replace the old wooden canal flume across the Pecos. Mr. Young has visited here several times before and contemplates investment in real estate.

AZTEC.

From the Index.

Several cases of smallpox are reported in the lower San Juan valley.

William Ostrander is ill with pneumonia at the residence of his parents in Aztec.

D. E. Lobato is visiting in Albuquerque and other railroad towns, having accompanied a party there as guide.

If the three boys of Aztec, who shot through the windows and destroyed property at the Center Point school house will call on the board of directors and pay damages, it will save trouble and expense.

John W. Farmer has purchased of W. C. Prewitt of Clarksville, Mo., a 160-acre ranch on the San Juan about eight miles above Farmington. Mr. Farmer expects to move to the new location next spring.

Charley Paine, who is engaged in the pack train business at Oro Fino, came down from the mountains last week and purchased ten big pack mules of Dave Lewis, none of the ten going less than 1,100 pounds.

Aztec people are now agitating the organization of a brass band. We have the material here and it is believed that a large part of the money necessary can be raised by giving entertainments, suppers, dances, etc. Let the good work proceed.

Dr. West was called to Farmington in consultation with Dr. McEwen on the case of J. Wesley Knight, who is suffering from the effects of a paralytic stroke received some months ago. The patient is reported as convalescing from his illness.

Dr. C. H. Lawson, a dentist of Kansas City, Mo., who was here, has purchased the John McDermott mesa ranch on the La Plata, 160 acres; also the ranch of Leonard Scott and Everett Wright, adjoining, 80 acres each. The last two places were purchased for friends in Kansas City. The sales were made by Judge Granville Pendleton.

Joe Martin has received the contract for carrying the daily mail between Largo and Aztec, at \$700 per annum. James Hartley gets the La Plata contract and P. O. Pilon the Largo route. Contractors are now prohibited from subletting the contracts except by special permission of the department, and then only for an amount equal to that which they themselves receive.

MONUMENTS.

All kinds of stone and mable work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

Recently there have been several cases of prominent men suddenly falling in collapse just after eating a hearty meal. These men have all been under treatment for gastric "trouble," and yet the result shows that the treatment they had received had smothered the symptoms but had not retarded the progress of the disease.

There is a real danger in the use of palliatives when there is disease of the stomach and its allied organs of digestion and nutrition. The disease in such cases goes on, while the distressing symptoms alone are stopped. Presently, like a smothered fire, the disease breaks out in new places, involving heart, lungs, liver, kidneys, or some other organ.

The use of Dr. Pierce's Golden Medical Discovery results in a radical cure of diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, lungs, liver, kidneys, etc., when the disease of these organs has its origin in the diseased condition of the stomach and digestive and nutritive system.

"I will tell you what myself and family think of your medicine," writes Mr. M. M. Wardwell, of Linwood, Leavenworth Co., Kansas. "It will do all you say, and more. I was taken sick nine years ago. I got so weak I couldn't lie down, nor hardly sit up; was that way two or three months. I picked up one of Dr. Pierce's Golden Medical Discovery books one day and saw your description of catarrh of the stomach. I thought I hit my case. We had a bottle of Dr. Pierce's Golden Medical Discovery in the house that was got for my mother. You recommend it for catarrh of the stomach, so I went to taking it. The one bottle nearly cured me. I got two bottles next time and took one and one-half and was well. Your medicine cost me three dollars and the doctor cost me fourteen dollars."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Railroad Topics

The Brotherhood of Locomotive Engineers, No. 467, held a special meeting yesterday afternoon.

After a pleasant visit to Topeka, Harry Snyder, of the local machine shops, and wife have returned to the city.

The fourth mountain helper is now advertised and the oldest crew applying before February 14 will be assigned to engine No. 758.

The new baggage-master at the local depot is Dick Gentry, formerly book-keeper at the plumbing establishment of Brockmeier & Cox.

Engine No. 834, which was recently transferred to the Santa Fe Pacific from the Raton division, is to be transferred back to the Raton division.

Miss Grace Kennedy, stenographer of the Santa Fe Central railway, at Santa Fe, has been ill for the past few days and has been confined to her room at the sanitarium.

Two car loads of horses were received on Saturday at Ortiz station for the Santa Fe Central railway and were sent to swell the working herd of that road now in camp near Galisteo.

The local switchmen are hustlers, and they keep the cars in the local yards moving. Trains are made up and sent on to their destinations only a short time after their arrival here.

W. B. Gaskins, master mechanic at the Pecos Valley & Northeastern railway shops at Roswell, left for Hot Springs, Ark., accompanied by his wife. They expect to be absent about three weeks.

W. J. Tomblin, a brakeman on the Pecos Valley & Northeastern, lost two fingers and the tip of the thumb on his right hand in making a link and pin coupling at Eagle View, six miles north of Carlsbad, a few days ago.

J. S. Antiole has completed his contract of building a section of the Beebe road, and has taken a sub-contract on the railroad building between El Paso and Strauss on the Southern Pacific road. He is now moving his outfit to Rogers.

A new passenger coach has been placed on the run between Lamy and Santa Fe and for this the traveling public is greatly obliged, says the New Mexican. The coach that has been in use for some months was uncomfortable and rickety, but as it has now been replaced, why, all's well that ends well.

The Las Vegas Optic says: George Noyes, who has been connected with the Santa Fe railroad for the past twenty years, has resigned his position as superintendent of the pickling works, which has been his department for some time past, and will leave shortly for Illinois, where he will engage in a similar kind of work.

The Flagstaff Gem says: David Lewis, living two miles east of town, suffered a great loss, when a freight train ran over and killed three fine cows and a heifer belonging to him. This loss falls heavily upon Mr. Lewis, as he is a poor man and has a large family to support. The railroad company would do a just act to promptly pay him the full value of the stock killed.

The Roswell Register says: The train due here from the north at 4:32 p. m., local time, Monday, met with an accident fifteen miles this side of Portales, by which the tender left the rails and cut something like 200 ties in two. The train was considerably delayed, as it took about two hours and a half to get the tender back on the track. It is fortunate that the train was running at a moderate speed, or a very serious accident would have been the result.

Clerk's Wise Suggestion.
"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co.

TAX EXEMPTION CLAUSE.

Meeting of Citizens to Devise Means to Eliminate That Feature From the Bill Now Before Congress.

The Santa Fe Pacific Railroad company have had a bill introduced in congress which renews the bill passed in congress in aid of the Atlantic & Pacific railroad, which exempts the railroad from taxation upon its right of way.

In 1897 a similar bill was passed by congress giving the Santa Fe Pacific, as the successor of the Atlantic & Pacific, the same exemption. It is now desired to transfer the Santa Fe Pacific to the Santa Fe, and with the same exemption.

The exemption of the railroad from taxation has proved a bone of contention between the company and the counties through which it runs, and the counties have been forced to accept such amounts for taxation as the railroad company has been pleased to grant.

Considering the trouble had in the past over this matter, it was deemed by many of our citizens a good opportunity to make some arrangement whereby the railroad would, in the future pay its just share of taxation, and if possible, have the clause in the bill now before congress eliminated.

With this object in view a meeting was called by the board of supervisors on Thursday night, which was largely attended by tax payers. The object of the meeting was plainly and pointedly stated by E. M. Doe, who was followed by E. S. Clark in a short talk, explaining what action had already been taken. A telegram was read from Delegate Smith, in which he pledged himself to aid the county in obtaining a just taxation from the railroad.

The board of supervisors have asked District Attorney Jones to advise with the district attorneys of Mohave, Navajo, Apache and Yavapai, and urge them to join with Coconino in the mat-

ter, and thus obtain, while there is opportunity, the elimination of the tax exemption clause of the bill now before congress.—Flagstaff Sun.

For Stomach Troubles.
"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger, of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by all druggists.

RAILROAD IMPROVEMENTS.

The Santa Fe Is Double Tracking Its Line Over the Raton Mountains.

It does not look as if the Santa Fe Railway company has any intention at present of giving up its Raton tunnel route from Colorado into New Mexico, as has been rumored from time to time. A large construction force has almost completed the double tracking of the route from Morley, Colo., to the tunnel on the Colorado side. Bridges and viaducts have been widened and steel is supplanting wood. Eighty-pound rails are being laid and the ballast is small hard stone, making a very substantial and smooth roadbed. Considerable filling had to be done. In cutting away additional earth and rock in the cuts to make room for the second track, extensive strata of coal have been uncovered but a few feet beneath the surface, demonstrating that the Raton mountains contain practically an inexhaustible supply of coal.

The Last Heard Of It.
"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

Millions Put To Work.
The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all druggists.

DROPS THROUGH CARS.

Santa Fe Makes an Important Announcement.

The Santa Fe has anticipated the operation of the new law said to have been adopted by Mexico, preventing Pullman sleepers crossing the border, by announcing that it will at once abandon its through Pullman service from Chicago and Kansas City to the City of Mexico.

The reason assigned is that the cars can not be kept in sanitary condition for such a long journey.

It is believed, however, that the entrance of the Rock Island to El Paso has had something to do with the change in the plans of the Santa Fe. It is rumored that the Rock Island demanded that the Mexican Central give it the same facilities for through Pullmans that it was giving the Santa Fe. For some reason, the Mexican Central was obliged to refuse to do this, but it is said that to keep itself on friendly relations with the Rock Island it was obliged to refuse to take through Pullmans from the Santa Fe.

In the future, it will be necessary for passengers for the City of Mexico to change cars at El Paso. A Santa Fe official says:

"The principal cause of the change was because of the length of the run which was found to be too long. The cars could not be kept clean. The recent laws passed by the Mexican government requiring all supplies for these cars to be purchased in that country and also requiring trainmen to be able to speak the Spanish language were also factors."

The service that is to be abandoned is the longest through car line in the world, the one-way distance being nearly 3,000 miles from Chicago and 2,500 from Kansas City. It was established about a year ago and was extensively advertised.

A Night Alarm.

Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three-year-old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Refuse substitutes. Sold by Alvarado Pharmacy.

KILLING AT MONTOKA.

One Man Killed—Another Wounded at Montoka.

Last Friday a Portuguese proceeded to load himself with bad whiskey and then wanted to kill every American citizen in Montoka, says the Santa Rosa Star. During his spree he had some difficulty with the saloonkeeper and went out, procured a gun and began shooting at the saloon. The saloonkeeper hid until about 3 o'clock Saturday morning and then went into his saloon to build a fire to get warm. While doing this someone came to the door and tried to gain admittance, and not being admitted as soon as he ought, he began pounding on the door. The saloonkeeper thinking it was the Portuguese told the man to leave, and not being obeyed the saloonkeeper took his shotgun and fired through the door, striking the man in the head and cutting away the upper part of his ear and badly mangling the back part of his head. The saloonkeeper heard the man groaning and stepped outside, and to his surprise and horror he found the man that he had shot was one of his friends and had come to his tent to get some whiskey for his sick wife. The saloonkeeper carried the wounded man in and cared for him, then took a handcar and went to

Tucumari for a physician. At last reports the wounded man was improving slowly. Sheriff Romero brought the saloonkeeper to Santa Rosa Saturday evening and took him to the county jail at Puerto de Luna.

On Saturday morning the Portuguese renewed his spree and starting down the railroad track he met the section men and began abusing the foreman and then threatening to kill every American. He started toward the foreman, who immediately drew his gun and shot the drunken man through the head and body, killing him instantly. We were unable to learn the names of any of the men.

BAD LAS VEGAS GIRL.

She Will Not Be Good and Will Be Sent to a Reformatory.

Mabel Baire Potter, whose honey-moon escapades were noted last Thursday, is under official restraint now, while her future is being considered by her friends, says the Las Vegas Record.

On Thursday morning, after her night of revelry, she evaded her husband again, and accompanied by her two male companions of the previous night, she went out to Williams' ranch, three miles west of the city, where they spent the day. When it was growing dark the trio went out to the stock yards and spent the night in a small vacant building. Yesterday morning, Sharum and Trough, her companions, sneaked north on a train and the bride out to Green's ranch, where she spent the day. She returned last evening and went to the Wooster house, to await the hour for another engagement she had with a friend. But her plans were frustrated by the officers, who arrested her and placed her in the city jail for safe keeping.

The girl does not seem to realize the enormity of her offense and she hoped and sang in great glee, when not roasting the officers. Her husband, Dallas Potter, accompanied her to the jail, as it was deemed best that she should have company. She did not care for the company, however, and declared she would not live with her husband of three days because she has no affection for him.

The girl is either demented or she is dead to all moral attributes and totally depraved. Her mother is making necessary inquiries and an effort will be made to place Mabel in a Colorado reformatory. In the meantime she will be held under official surveillance.

Mothers can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons. Sold by Alvarado Pharmacy.

Business at Santa Rosa.

Santa Rosa now has fifteen saloons, nine restaurants, eight stores, two lumber yards, two meat markets, two livery stables, three doctors, four lawyers, three hotels, two barber shops, one bank and another one coming, two churches, two drug stores, two newspapers, two surveyors, two land agents, one blacksmith, a school house, two bakeries, one tailor and two laundries.—Star.

Foley's Honey and Tar cures the cough caused by attack of the grippe. It heals the lungs. Sold by Alvarado Pharmacy.

OF LOCAL INTEREST.

Mrs. A. M. Bergere, who is in Albuquerque on a visit to Mrs. N. B. Field, is quite indisposed and will not be able to return to Santa Fe to take part in the reception at the executive mansion to be held tomorrow evening.

Hon. Thomas Hughes, the ever alert editor of the Albuquerque Citizen, was at Las Vegas yesterday working on behalf of the New Mexico exhibits to the Charleston and St. Louis expositions. He proposes to have the New Mexico exhibit the best of the western commonwealths at the Louisiana Purchase exposition.

Mayor Amado Chaves will leave for Albuquerque tonight and from that place go to Perea in the Jemez mountains where he will attend to the taking of testimony in the partition suit for the Cañon de San Diego land grant, which testimony will be taken in the later town by the referee in the case.—New Mexican.

Stabbing Affray.

About 8 o'clock, a young man named Will Wrislin, in the employ of J. W. Anderson, was walking along Fifth street north of the court house when he was met by a stranger who pushed up close beside him. The young man stepped aside yielding the sidewalk but while doing so was struck a severe blow with a knife on the wrist almost severing it from the arm. The cowardly assailant then ran into an alley and there is no clue as to his identity. The wound was attended to by Messrs. Kinsinger and Bradley and the patient is doing as well as could be hoped for.

Wrislin has not an enemy in the world so far as he knows, and the blow was evidently intended for another.

Yesterday evening the patient left for his home at Big Springs, Tex., and we shall probably hear nothing more of the mysterious and cowardly crime.—Roswell Record.

SUICIDE OR HEART FAILURE.

A Man, Named George Sherlock, Found Near Fruitland.

A death from suicide or heart failure occurred near Fruitland Sunday. The facts as ascertained by our special reporter are as follows:

The man was found under a ledge just above the road, a little west of the coal mine, on Sunday evening. J. E. McCarty returning from Jewett, noticed him lying there and shouted, but receiving no response concluded the man was asleep, and drove on. After being home some time, becoming uneasy over the matter, he sent two boys to wake the fellow up and bring him back. They made the discovery that the man was dead and Mr. McCarty notified the justice of the peace (W. G. Black) who took the matter in hand. A note was found on him which read: "My name is George Sherlock, aged 43, occupation miner of Quarry." They also found lying near him, a pocketknife, some laudanum and a white substance which has since been proven to be cyanide of potassium.

An inquest was held Monday with Dr. McEwen in attendance, who made a postmortem examination, and the jury brought in a verdict that the deceased died of heart trouble. He was buried Tuesday afternoon.

By the way, there is a general opinion since the inquest that the man committed suicide from the fact that the drug found near him was the deadliest of poisons, and there were evidences of his having taken some. At least there was some spread out on a paper near him.

RURAL MAIL DELIVERY.

Roswell to Have the First Route in the Territory.

Postmaster Matthews has received notice that the rural route petition of Roswell has been granted and will be established March 1.

As stated in these columns several weeks ago, this route will leave the city limits on North Missouri avenue. The course will then be east to the east line of the John Stone tract, thence south and east to South Springs ranch and return.

Spivy Neatherlin will have charge and will no doubt make an accommodating carrier.—Record.

COMMITTED SUICIDE.

Separated From His Wife, El Paso Man Took Poison.

The El Paso News says that disheartened because his wife was separated from him, Ed. Hiron committed suicide in that city Saturday afternoon by swallowing nearly an ounce of laudanum.

Hiron was found dead in room No. 4 at the Arlington hotel. He had deliberately planned and carefully executed his plans. The door was securely locked and it was necessary for the authorities to break it open to enter. On the bed they found the lifeless body of Hiron with a half emptied two-ounce bottle of laudanum and a letter beside him. The letter was sealed and addressed to his wife at Lordsburg, N. M., and Justice Spencer, who was called in to investigate, opened the missive and read it to endeavor to learn therefrom why the man had taken his own life.

E. A. Aldridge and wife left this morning for their home at Delphi, Indiana, after a pleasant visit of six weeks with friends in this city.

The body of Miss Lena Ruth McQuiston, who died Sunday morning at her rooms on North Fourth street, will be shipped to La Grange, Ill., tonight.

There will be a regular meeting of the Retail Merchants' association tonight at 8 o'clock, in the office of Secretary Fleischer, 215 South Second street.

The passenger train from the south this morning was delayed nearly three hours. It was held at El Paso to wait for the Irish Pawnbroker's Theater company.

General MacArthur will leave Denver tonight and will pass through this city tomorrow night. He will make inspection of the army posts in New Mexico and Arizona.

Sol. Block, who was at Farmington, returned to the city last night and will remain with his family for a short time. Mr. Block has about 6,000 sheep wintering near Farmington, and he reports them in first class condition.

Mrs. John S. Trimble and children left last night for their new home at El Paso, where Mr. Trimble is engaged in the transfer and livery business. Quite a number of friends were at the depot to bid Mrs. Trimble good-bye.

Mrs. Walton gave her usual enjoyable club dance at Grant's hall last night, but on account of the many entertainments occurring last evening the attendance was a little lighter than usual. Mrs. Berry furnished the music.

Rev. P. A. Morrison, presiding elder of the Methodist Episcopal church, left last night for El Paso. Before returning to Albuquerque again Rev. Morrison expects to take a trip along the new El Paso-Rock Island railroad.

Mrs. Ernest A. Grunsfeld, wife of Major Grunsfeld, ex-postmaster of Albuquerque, will arrive in the city tomorrow on a visit to her sisters, Mrs. Alfred and Mrs. Ivan Grunsfeld, making her stay at the pretty home of the former on West Railroad avenue.

Mrs. Marion Kennedy, who was at El Paso on a visit to friends, returned to the city this morning, and for the time being will reside at the residence of Mrs. H. J. Rehder on South Broadway. It is quite likely the lady will make Albuquerque her home in the future.

Lenten services in St. John's Episcopal church commence tomorrow: Ash Wednesday at 10 a. m.; Bible class in the evening at 7:30; also every Wednesday till Easter; Litany every Friday at 4 p. m., with lecture on the doctrine of the Holy Ghost. These services are open to all. Church people are specially invited.

Joe Miller, representing Thompson, Wilson & Co., wholesale distillers and liquor dealers of Paducah, Ky., came in from the south this morning and is around enjoying the western hospitality of Col. Billy Trimble, who is also a Paducah, Ky., product. This is Mr. Miller's first trip to the territory and he is especially pleased with Albuquerque.

W. H. Matson, Jr., traveling passenger agent of the Santa Fe coast lines, came in from the west this morning and will meet here tonight a special train of recruits from Sackett's Harbor, N. Y., bound for San Francisco, thence to the Philippines. Today Mr. Matson is visiting his parents, W. H. Matson, Sr., and wife, and brother, O. A. Matson.

Mrs. Walton will give her February social at Grant's hall on Thursday evening, February 20, instead of on St. Valentine's night as previously announced. The special feature to be given on the 20th instant will be a prize waltz and two-step. One gentleman, who is toing half century mark, claims that he will win the prize without half trying.

"Work has actually commenced," said Col. Martin S. Tierney, the street commissioner, "on the grading of Edith street from Railroad avenue south, and half a dozen teams will be kept employed until that avenue looks as nice as the other Highland thoroughfares. The street will be cut down where needed and all the low places filled up with good adobe dirt."

W. A. Rule, cashier of the National Bank of Commerce of Kansas City, Mo., and family arrived this morning from the west in special car No. 200. Mr. Rule, with his family, are just returning from a three weeks' business and pleasure trip on the coast. He expects to spend a couple of days in Albuquerque, and says that the new depot gives the city a very imposing appearance.

Harry Weiller was the hero of a runaway which occurred on South First street this morning. A farm team tied to the curbing in front of the Whitney company hardware store became frightened at some dry goods boxes on the sidewalk, broke loose and started south at full speed, but they did not get far before Mr. Weiller, with the grace of a toreador, ran up and caught them by the bits.

Hon. G. Pittman Smith came in last night from Kansas City. Mr. Smith was an attorney in Albuquerque for some time, coming here in 1883. He is now with the Wabash railroad. His family has been in town spending the winter and he comes to visit them. His wife is a sister of Mrs. W. D. Clayton. Mr. Smith will remain here only a few days. Many of the older citizens of Albuquerque will remember him.

Carl Jones, the son of Ben L. Jones, surprised his father last night by arriving from Chicago. When the train reached the city, the son ascertained where his father was stopping and turned in for the night. On reaching his room Mr. Jones was surprised to find some one occupying his bed, and an investigation disclosed that it was his
