BANK FAILURE.

Detroit Savings Bank Closes Its Doors.

Murder Mystery Unsolved in San Francisco.

Army Convicts Released by Decision of Court of Appeals.

CLOUDBURST IN CALIFORNIA.

Detroit, Mich., Feb. 10.—The City Savings bank did not open this morning. The following notice was posted: "This bank in the hands of George L. Maltz, banking commissioner."

When asked the reason for the suspension of the City Savings bank, Mr. Maltz said:

"Frank C. Andrews, vice president of bank and commissioner of police, is the reason. The bank has total deposits of over \$3,000,000 and Andrews had more than a third of this money out on certified checks and overdrafts. There are \$662,000 out on certified checks and \$914,000 in overdrafts."

"Henry R. Andrews, cashier of the bank, advanced this money to Frank C. Andrews without knowledge of the directors. The directors are entirely blameless. When I learned of the bank's condition I closed it. Bank Commissioner Maltz said it did not look as though F. C. Andrews had much to cover the amount that he had drawn from the bank."

F. C. Pingree, president, and the directors of the City Savings bank, have published the following statement:

"Early Saturday morning we learned for the first time that Henry R. Andrews, cashier of the bank, had allowed Frank C. Andrews to overdraw his account in the sum of over \$900,000, all of which checks were outstanding. The bank was immediately put into the hands of the banking commissioner and we set about to get all the security we could."

"Frank C. Andrews turned over to the bank a large amount of securities, from which we hope to pay our depositors in full. The banking commissioner deemed it the wisest policy to close the bank for the present for the best interest of all depositors. Outside the Frank C. Andrews indebtedness and the checks, the bank was never in better condition."

Several hundred thousand dollars of the public funds are in the City Savings bank. Frank C. Andrews has filed a quit claim deed to the City Savings bank on several pieces of valuable property.

MURDER MYSTERY.

Body of a Young Girl Found in San Francisco.

San Francisco, Feb. 10.—The mystery surrounding the murder of 16-year-old Nora Fuller, whose nude body was found on a bed in an unoccupied house on Sutter street, remains unsolved. Autopsy made—practically certain that the girl was chloroformed, and then strangled. Although she disappeared four weeks ago, when she met a man calling himself John Bennett in answer to an advertisement for a girl to care for a child, the autopsy of the surgeon is positive that she was killed within the last ten days. There was nothing to indicate that the girl and Bennett, who went under the name of C. B. Hawkins, who is believed to have rented the house, lived there.

ARMY CONVICTS.

Two Hundred To Be Released By a Court Decision.

St. Louis, Feb. 10.—Established precedents of the United States army were overthrown and the freedom of nearly 200 men now confined in federal penitentiaries was assured by the decision rendered by the United States circuit court of appeals today, in the case of Peter C. Deming, former captain of United States volunteers, against Robert M. McClaughy, warden of the federal penitentiary at Fort Leavenworth. Deming was imprisoned on the sentence of a court martial composed of nine regular officers, convened by General Shafter. The opinion of the circuit court, written by Sanborne, (judge), is that the court martial which sent Deming, acted in violation of article 77 of the articles of war, which provides that officers of the regular army shall not be compelled to serve on courts martial for trial of officers and soldiers of other forces. Deming was captain of the volunteer army. The charge against him related to his accounts.

California Cloudburst.

San Francisco, Feb. 10.—Dunsmuir, Siskiyou county, 300 miles north of here, experienced a cloudburst last night that carried six occupied buildings off their foundations and delayed railroad traffic many hours. No fatalities reported.

ESCAPED CONVICT.

Salt Lake Police Think They Have a Colorado Escaped Prisoner.

Salt Lake, Feb. 10.—Charles Salvester, arrested here today by the police, who believe they have Edward Irving, who was given a life sentence at Canon City, Colo., penitentiary for murder.

MINING LITIGATION.

Portland Mine Case in Colorado Again on Trial in Iowa.

Council Bluffs, Iowa, Feb. 10.—Former Governor C. S. Thomas, of Colorado and Congressman Smith, of this city, attorneys for James Burns, are today arguing a motion before Judge Greene in the district court for a new trial of the Doyle-Burns mining suit. Charles J. Hughes, of Denver, and John N. Bladwin, a local attorney, appeared for Doyle. The jury on the first trial rendered a verdict in favor of Doyle for \$500,000 as his share of certain claims absorbed by the Portland Mining company.

New Yellowstone Geyser.

St. Paul, Feb. 10.—Maj. John Pitcher, U. S. A., superintendent of the Yellowstone National Park, is authority for the statement that the ice crew of the Yellowstone Park association coming from Lower Geyser basin to the new Hotel Norris at Geyser basin, had their attention drawn to an entirely new exhibition of volcanic action in the Porcelaine basin, and that it has been christened the Twentieth Century geyser.

STILL WRANGLING.

The Trouble Among Colored Church People Will Not Down.

A JOINT LETTER.

Editors Citizen:

Please allow us space in your valuable paper for the purpose of replying to John Gaskin's letter that appeared in the Journal-Democrat on the morning of the 7th inst., concerning the recent mortgaging of the A. M. E. church. For the benefit of those who wish to be properly informed as to the true cause of the present condition, we take pleasure in referring them to any member of the church who is a property holder and tax payer of the city, and not to John Gaskin, who is neither a real estate holder and has hardly been in the territory long enough to become a citizen. The property holders of this community will not suffer themselves to be dictated to by any such characters. The present board of trustees was maliciously elected for the sole purpose of taking advantage of the people's rights, as can be readily seen. A meeting was held at an unusual hour for the purpose of electing officers of the church. Only seven people in the house out of 150 church-going people, who had a right to be present. The said seven who were present were all elected to office. How does this look to one who wants to see justice done as a true follower of Christ. Shame on such disgraceful action in preparing to take malicious advantage of the people's property. Contrary to the discipline which governs the property of the African Methodist Episcopal church, the lay members were not given a chance to voice their sentiments, whether they wanted the parsonage repaired or not. However, the petition which requested the present loan by permission of the court specified that the said loan, which was \$200, was for repairing the church parsonage and not to give \$150 to Rev. Barksdale to bring his family here from Evansville, Ind. Church property is not to be used as private property.

Mr. Martin had a right to serve an injunction on W. H. Joyce to prevent the expenditure of the \$200 when he learned that it was not to be used for the benefit of the church property, and especially when he stood good for a \$90 lumber bill that was to be paid out of the said \$200.

Other ministers have gotten their money out of the members of the African Methodist Episcopal church of this city legitimately. A general that can't manage an army successfully, should be willing to let another general take charge. The question may be often asked why didn't the members come out and support the minister. We ask the minister to explain what he has done to drive his congregation away from him? The people ask for justice and not for sympathy.

J. H. MARTIN,
ED. ELLSWORTH,
WALKER ALLEN,
JOHN COLLINS.

PEREA CAPTURED.

Embezzling New Mexico Postmaster Arrested in Chihuahua, Mexico.

Special to The Citizen.

El Paso, Feb. 10.—Postoffice Inspector C. L. Doran arrived in the city last night from Chihuahua, having in custody Demetrio Perea, the postmaster at Lincoln, N. M., who embezzled \$2,000 and skipped the country. Perea disappeared on October 29. He was passing under an assumed name.

His bond has been fixed at \$3,000.

Philippine Tariff.

Washington, Feb. 10.—Senator Foraker offered an amendment to the Philippine tariff bill providing that the rate of duty on Philippine products coming into the United States shall be 25 per cent. of the Dingley rates. The committee bill provided for a 75 per cent. rate.

PIERCE FIRE.

Paterson, New Jersey, Has Disastrous Fire.

Ten Men Burned to Death in St. Louis.

Orpheum Theatre in Chicago Destroyed by Fire.

OHIO FACTORIES BURNED.

Paterson, N. J., Feb. 10.—The fierce conflagration which burned its way through the business center of Paterson yesterday, is dying out. Firemen from other cities have gone home. Several companies of the local department have been ordered back to their houses for the rest which they sorely need.

Conservative opinion is inclined today to put the aggregate loss at \$8,000,000, and the insurance between \$4,000,000 and \$5,000,000. A dozen firemen and several volunteers who labored with them were slightly injured, but only a few of them needed surgical attention. The small casualties list is explained by the fact that people had ample warning and time to abandon their homes before the flames came upon them. The declaration of Mayor Hitchcock that the city can care for its own is not concurred in by everybody and there may be an appeal for outside help. All the banks burned out opened for business in temporary quarters today.

Many whose business places and homes were destroyed are ruined financially and must give up, but the majority will be able to start afresh. Militiamen remained on duty today.

Just before daybreak the militia arrested eleven men caught looting a building. The anarchists who made this city their headquarters mourn the loss of their favorite meeting place, the office of La Question Sociale. The homes of many of Paterson anarchists were destroyed. A bread and coffee famine was avoided by outside aid. The Newark Bread company, early this morning, started wagons loaded with 3,000 loaves for free distribution. Wealthy residents of this city ordered large supplies of coffee and provisions from Passaic, Newark and New York. The ladies' relief committee established headquarters at the St. Paul Episcopal church and will provide food to all who may apply. In the hospitals are sixty-three persons injured in a long fight against the flames. Two deaths are due to the calamity. One was an old woman who fell down stairs, and the other a woman who had just become a mother and who died as the result of being removed.

Burned to Death.

St. Louis, Feb. 10.—The Sunday morning fire which destroyed the Episcopal church, caused the death of ten men and one woman, and dangerously injured eight others.

THEATER BURNED.

The Orpheum at Chicago Practically Destroyed by Fire.

Chicago, Feb. 10.—The Orpheum theater was practically destroyed this morning by fire, which Assistant Marshal Campin says was of incendiary origin.

Firemen, in clearing away the debris of the third floor, came upon the headless body of a boy. The head had been burned off, and the body horribly scorched. The boy is supposed to have been a street waif who sought shelter in a vacant office.

FACTORIES BURNED.

Fifteen Establishments Destroyed by Fire in Ohio.

Springfield, Ohio, Feb. 10.—The East street shops, belonging to United States Senator Fairbanks, are burning. The fifteen factories employing 3,000 people are located in buildings which cover twenty-five acres. The shops cost \$2,000,000.

The great East street shops, built by William N. Whitely, the reaper king, at a cost of \$2,000,000, were destroyed by fire today.

The shops were occupied by the Springfield Foundry company, Progress Stove & Furnace company, Indianapolis Frog & Switch company, Kyle Art Glass company, Krell French Piano company, Miller Gas Engine company, Champion Chemical company, and Owens Machine Tool company. The buildings were bought by Senator Fairbanks of Indiana, ten years ago, following the failure of Whitely. The loss is over \$1,000,000. The water pressure was insufficient and the firemen were handicapped from the start.

A Free Show.

On Saturday evening on Railroad avenue a tragedy in one act was enacted in a well known resort between a well known young man and his lady love. It was very interesting to those who heard the scene, but to the principals it was an earnest effort to learn the nature of each other. Part of the dialogue was as follows: "My dear Gaston if I thought you had another sweetheart I would kill you," the fair young maid said. "You would be perfectly justified in so doing," replied young Gaston, and then there was a long drawn out loving sigh, followed by a noise which reminds one of a cow

pulling its hoof out of a mud hole—and those who heard the conversation slowly walked away thinking, but not saying much.

CAPT. SUTHERLAND SUSPENDED.

Chief Ruppe Prefers Serious Charges Against Fire Captain.

Captain Sutherland, of the fire department, was suspended from duty, pending investigation, this morning by Fire Chief Ruppe and this afternoon at the office of Mayor Marron the charges preferred against the fire captain by the chief are being investigated by the city council in special session. Captain Sutherland is accused of violating the rules of the department, deporting himself as unbecoming an officer of the department, absenting himself from duty without first securing permission, disposing of city property and not turning in the proceeds from the sale, agitating among merchants and citizens propositions for increase in the pay of firemen, and other charges. For the time being Lieut. Hanlon is acting captain, and V. E. Scott is the name of the new fireman on duty.

Russian Reformer Tolstoy.

London, Feb. 10.—Vladimir Tchertkoff, Count Tolstoy's agent in England, has received alarming advices regarding the condition of the Russian reformer, who is in Crimea. He is suffering from heart failure and inflammation of the lungs.

BLAND BOARD OF TRADE.

Considers Proposition From Navajo Company.

THEY WANT A RIGHT OF WAY.

Pursuant to call the Bland board of trade met at W. E. Myers' hall on last Tuesday evening, says the Herald.

About fifty members were present and it was one of the most enthusiastic and harmonious meetings ever held in Bland. The meeting was called to order by President George C. Smith, and the regular order of business taken up. The following officers were elected to serve for the ensuing term: President, George C. Smith; vice president, Dr. Thomas Grace; secretary, C. W. Graves; treasurer, J. G. Creager; corresponding secretary, S. W. Young; sergeant-at-arms, H. E. Anderson.

After the election a proposition submitted by the Navajo company was read by the secretary, wherein said company asks the property owners in Bland for a free right of way through the town of Bland for flumes, ditches, tramways, etc. The proposition seemed to be fair and square in every sense, and coming from a company that has at all times showed a willingness to do the right thing by Bland, it soon became evident that our citizens looked upon the proposition with favor and not one dissenting voice was heard. The company even goes so far as to give our citizens the free right to use the Media Dia pipe line and water. This, alone, means much to Bland. It not only insures us plenty of fresh, pure water for domestic purposes, but it gives us better fire protection as well. Realizing this, the citizens lost no time in informing the Navajo company that their proposition had been virtually accepted, and a committee of five, composed of C. Scheuch, Joseph Routledge, S. W. Young, J. D. May, and J. P. Barber, were appointed to confer with the company and arrange all minor details. When this is done a special meeting will be called and the company's proposition formally accepted.

OPERA HOUSE TALK.

The Elks Hold Meeting and Discuss Propositions.

The opera house proposition, under consideration by the Elks and which was discussed by the meeting Saturday night, remains yet undecided. The lodge members had under discussion several sites, but none were accepted.

A majority of the members, however, expressed themselves favorable to the lowland sites in preference to the Highland site or the railway proposition.

The old building committee of the lodge, realizing that they could not arrive at a conclusion, asked to be discharged, which was granted, and a new committee appointed who have taken up the matter and were given two weeks' time in which to consider and report at a special meeting to be held Saturday night, February 22.

The special meeting last Saturday night proved quite animated, and demonstrated the fact that the Elks' lodge has some good debaters in its ranks.

Pleased With Interview.

Col. Al Coleman, who recently memorized the dare-devil tales of "Cherokee Dora" and repeated them without missing the location of a comma, period or a paragraph, was a pleasant caller at this office at noon today in company with Col. Dave Strachan. Mr. Coleman purchased a dozen copies of "The Citizen" containing the "Cherokee Dora" interview, and stated that he will persuade Dora to visit Albuquerque in a short time and "shoot up the town," a la her style recently at Santa Rosa. Mr. Coleman expects to return to Santa Rosa tomorrow morning.

Murder Trial.

New York, Feb. 10.—The trial of Albert T. Patrick, accused of the murder of William Marsh Rice, which was interrupted last week by the illness of a juror, was resumed today.

ROOSEVELT'S BOY.

He is Seriously Sick With Fever.

Death of the Mother of Governor Odell.

Revolution in Venezuela is Spreading and Country in Turmoil.

PROCEEDINGS OF CONGRESS.

Groton, Mass., Feb. 10.—The condition of Theodore Roosevelt, Jr., was slightly less favorable this morning.

The lung hitherto clear was found by the doctors to be affected by the disease. Respiration and temperature is higher, but the pulse was better.

Mrs. Roosevelt slept in a cot by her son's side, while the president remained at the home of Dr. Gardner, adjoining the school. The visit of the father and mother seemed to brighten the patient considerably this morning. From statements of the physician, Dr. George Shattuck, of Boston, it appears that the crisis will be reached on Wednesday. No plans are yet made for the return of President Roosevelt to Washington. A special telephone line has been run from the residence of Dr. Gardner direct to the white house for the president's use. It was learned today that another student, John E. Thayer, Jr., is ill with pneumonia.

Howard E. Potter, of New York, and William Gammell, Providence, who are ill in the school building, were reported slightly improved this morning.

Secretary Cortelyou said today, in order that the young patient should have the benefit of the highest medical skill, a prominent New York specialist on pulmonary diseases had been asked to come to Groton.

At 2 o'clock the condition of the patient was unchanged.

Death of Mother of Gov. Odell.

Newburgh, N. Y., Feb. 10.—Mrs. Odell, mother of Governor Odell, died today. Her death was the result of pneumonia. Governor Odell was at her bedside when she died.

VENEZUELA REVOLUTION.

Rebel Warship Making It Sultry Along the Coast.

Willemstad, Feb. 10.—General Andrade, former president of Venezuela, who reached this island recently, embarked on the revolutionary steamer Libertador during the night of February 7. The Libertador, some days ago, landed insurgents on the Venezuelan coast, who subsequently took possession of village of Cumarebo, situated near La Vela de Cororo. The gunboat Gen. Crespo, which attempted to land, was fired upon and badly damaged by the Libertador.

The success of the Libertador caused a sensation at Caracas, where a great commotion prevails. News from the interior of Venezuela is not favorable to the government.

The insurgents are very active in the vicinity of Bacarquisinto. The revolution against President Castro is gaining ground visibly.

Cannonading has been heard from early morning in the direction of the Venezuelan coast. It is believed that the Libertador has been engaged with another Venezuelan gunboat. It is asserted that the Crespo sank in the roadstead of Cumarebo.

SENATE PROCEEDINGS.

Conference Committee Makes Partial Report on Deficiency Bill.

Washington, Feb. 10.—Hale presented a partial conference report on the urgent deficiency appropriation bill. He explained that agreement had been reached upon all contested items except those relating to reimbursement of the Mexican government for money paid and to the payment of certain state claims for money advanced during the civil war. The report was agreed to and another conference ordered.

The senate passed a bill appropriating \$500,000 for the erection of a public building at Spokane, Wash.

Consideration of the Philippine tariff bill was resumed.

Turner, of Washington, continued his speech, and pointed out that on January 21, 1899, the Filipinos established a republic and under that government peace and order were maintained.

T. J. CURRAN.

He Talks to New Yorkers About New Mexico.

A marked copy of the New York Commercial Advertiser, of February 4, was received by The Citizen this morning. It contained the following article of local interest:

In the Victoria T. J. Curran, president of three mining companies and promoter of various schemes in New Mexico, talked today of the fine prospects of that new candidate for statehood. "Why people in the east," said he, "have little conception of the bright condition of New Mexico. You are looking askance at our application for statehood through ignorance. It is true, as claimed, that 70 per cent of the inhabitants are Spanish speak-

ing, but though they have been in the past a little behind the times, they are as intelligent a lot as you will find anywhere. They are honest and harmless, too. I have ridden two weeks at a time throughout New Mexico and have never met with anything but fine treatment at their hands. As far as the riches of the territory are concerned they are really priceless. Why in all the twenty-one counties of New Mexico there is not one tract not filled with the finest deposits of iron, coal, copper and sulphur. To give you just a slight idea, I know of an unbroken vein of coal 125 miles long, and of a virgin forest in which not a stick of timber has ever been felled, 200 miles long by 35 miles wide. New Mexico rightfully claims that she has the richest opal mines in the world. Rubies and turquoise, too, are among its treasures. Of course, his most sound like a dream, or some railroad guide book, but its all true, and people are beginning to realize the fact and capital is beginning to flow into New Mexico. One large concern from Pennsylvania has lately started large saw mills near Albuquerque; a Michigan combine, of which ex-Governor Bilas is the head, has purchased a large tract of timber land. The Rock Island has built another long branch there and the Pecos railroad a line 146 miles long. Oh, yes, it may sound all 'up in the air,' but you will see New Mexico thrive wonderfully in the next five years, and in a way you don't expect."

OFFICIAL MATTERS.

Territorial Funds—Pensions Granted—Notaries Public.

BIG FEE—NEW INCORPORATION.

Territorial Treasurer J. H. Vaughn received from Jose y Arriola, treasurer of Guadalupe county, taxes 1901, \$652.80; interest on funds deposited in banks, \$150.09.

PENSIONS GRANTED.

The following pensions were granted to citizens of New Mexico: George Seabridge, Jr., Fort Bayard, \$72; Justo Torres, San Rafael, Valencia county, \$8 each per month.

NOTARIES APPOINTED.

Governor Otero appointed the following notaries: James E. Cummin, Tucumcari, Guadalupe county; Samuel Esrom, Tipton, Watrous P. O., Mora county; Maude Otto, Las Cruces, Dona Ana county.

A BIG FEE.

The incorporation fee paid to the secretary of the territory in the case of the American Gold Mining company amounted to \$270. The territory is deriving quite an income from these incorporation fees and this is steadily on the increase.

INCORPORATIONS.

The following article of incorporation was filed in the office of the secretary of the territory: Agee Drug company, capital stock, \$20,000; 200 shares at \$100 each. Incorporators, Jackson Agee, Sam W. Agee and Elmer Agee, all of Silver City; directors same as incorporators; purpose of incorporation, to engage in and conduct a general wholesale and retail drug business, purchase and sale of books, stationery and druggist supplies; principal place of business, Silver City.

TELEGRAPHIC MARKETS.

New York Money.

New York, Feb. 10.—Money on call 2 1/2 per cent. Prime mercantile paper, 4 1/2 per cent. Silver, 5 1/2 per cent.

St. Louis Wool.

St. Louis, Feb. 10.—Wool—Steady; territory and western medium, 16 1/2; fine, 12 1/2; coarse, 12 1/2.

in the city at the low rate of 20 cents per
week, or for 75 cents per month, when
paid monthly. These rates are less than
those of any other daily paper in the
territory.The cost of the Boer war up to the
first of July will be \$620,000,000.Last week showed gold in the na-
tional treasury amounting to \$545,199,
370.Trinidad, Colorado, may be a good
town, but the newspapers there do not
bear witness to the fact.Ex-Secretary Lyman J. Gage of the
treasury department, has refused a po-
sition the salary of which is \$100,000.
He is waiting for something worth
while.Sandow will have to surrender the
palm of superiority of strength to the
Virginian who is said to have recently
clipped with a woman weighing 432
pounds.New Orleans shipped \$13,000,000
worth of horses and mules to South
Africa between October 1, 1899, and
November 30, 1901, besides another
million dollars worth of feed.The New Mexico statehood bill will
be favorably reported to the house of
representatives on February 21. The
house is favorable to the creation of
the states of New Mexico, Arizona and
Oklahoma.A Supreme Court, report says that
the supreme court of that state, divided
on party lines in a recent decision.
When partisanship is the controlling
factor in a judicial body, justice is evi-
dently halting.The czar of Russia has bestowed the
Order of St. Anne, a much coveted de-
coration, upon Frank Gaylord, an Ameri-
can, for his successful efforts in or-
ganizing the Russian Young Men's
Christian association.Kansas can always be depended upon
to furnish the man of the hour. A
clergyman of Topeka, the Rev. Dr.
Charles F. Parham—is about to organ-
ize an expedition to go to the Holy
Land to recover the Ark of the Coven-
ant.It is claimed that the ransom for
Miss Stone has been paid to the brig-
ands, but if she has been released
nothing has been said about it. Per-
haps she refuses to leave the bandits
until she has converted them. That is
what she was going to do if she had
time and they have certainly given her
that.The Roswell Register says: "The
Albuquerque Daily Citizen, with its
new head and new dress, looks more
than ever like a metropolitan daily.
Its columns are full of well prepared
matter and it is a new sheet. Messrs.
Hughes & McCreight, the publishers,
deserve great credit for their push and
energy. Good newspapers do a town
great good and should always receive
the support of every good citizen."

DELEGATE RODEY.

The Las Vegas Optic says that it
believes in criticism where it is de-
served, and when thereby the public
interests may be best subserved, and
in commendation where that is done,
hence it gives it great pleasure to
congratulate Delegate Rodey upon his
strong and happy effort in behalf of
statehood recently made in congress.
Mr. Rodey took advantage of an op-
portunity moment, when negro disfran-
chisement was under consideration, to
make a strong plea for statehood. Our
delegate is to be congratulated by all
parties in New Mexico upon the effort
of his life. Short, though his speech
was, he dealt such sterling blows for
his constituency that he should receive
due credit. If Mr. Rodey can getthrough both branches of congress his
name for statehood he will make a
name for himself as long as the state
of New Mexico exists. If he accom-
plishes that result where so many have
failed, his work will do much toward
reducing all opposition to his return to
congress. To be the force which
brings us in as a state, and to be the
first delegate under the new state is
an honor worthy the ambition of any
man. Go on, Mr. Rodey, get your bill
through the house early and into the
senate and the people will stand by
you.

ARMY POSTS.

A Washington telegram says that
the army post board which has been
in session in Washington intermit-
tingly since November 25 last, has con-
cluded its labors and adjourned sine
die.The board was charged with the
preparation of a scheme for the loca-
tion and distribution of military posts,
including the abandonment of exist-
ing posts, which are not useful from a
modern military point of view, and
the planting of new posts on the strate-
gic points. It was also to locate the
four great camps for the training of
soldiers of the regular army and their
co-operative drill with the military.
These things have been done, and the
board's report is now before Secretary
Root, who will send it to congress.
The report has not yet been made pub-
lic.It is understood that there has been
a considerable divergence of views
among members of the board as to
the location of new posts. Lieut.
Gen. Miles, the president of the
board, has taken a strong position
against the location of the new posts
in the vicinity of great cities, on the
ground that it can only be construed
as intended to menace organized labor,
and he has gone so far as to enter a
formal protest with Secretary Root
against such locations.

CRAZY TOWN.

The extent to which human credulity
can go is strikingly illustrated by
the occurrences reported from Cedar-
ville, N. J., where a considerable por-
tion of the population, after listening
to revivalists, has been seized with a
sudden religious frenzy. Some attend
the meetings and become so ecstatic
that they fall to the floor and their
bodies become rigid. Some are at
home waiting for the end of the world
to come. Some roam the town declam-
ing that they have been anointed as
divine healers, while others pretend
to be members of the divine trinity.
The man who started all the excite-
ment is in the insane asylum, two or
three of his followers also have gone
there, and to save the rest of the hys-
terical crowd from the same fate the
few people left in the town who have
retained their senses are taking de-
cisive action to put an end to the crazy
business.

CURE FOR COLDS.

Pneumonia is one of the most dan-
gerous and fatal diseases that afflict
mankind. Very few persons in any cli-
mate would be afflicted with either
pneumonia or consumption if all would
fortify the system by way of the daily
cold douche on rising in the morning. A
daily one-minute cold bath at sunrise
wards off most diseases as steel armor
repels arrows, and when one has be-
come accustomed to it he would rather
omit a meal than miss the luxury of
the new vigor it conveys. The morning
cold bath habit necessitates a strenu-
ous life, but it is a paralyzer for pneu-
monia, colds, consumption, doctors and
undertakers.

STATE OF CUBA.

Representative Newlands of Nevada
has introduced a resolution in con-
gress which brings all the Cuban ques-
tions together at one fell swoop and
provides substance enough for a year's
debate. First, it grants a tariff con-
cession of 25 per cent to Cuba, then it
invites the island republic to become
a part of the United States with the
assurance that it will be given territorial
rights to begin with and admitted to
statehood later when congress shall
consider admission advisable. The plan
also contemplates the union of
Cuba with Porto Rico, the Isle of Pines
and the Danish West Indies as a single
state to be called the state of Cuba.

Interesting News.

Special to The Citizen.
Sale Headquarters, Jan. 30, 1902.—
The greatest clearance sale ever sched-
uled for Albuquerque will be inaugu-
rated at Rosenwald Bros.' dry goods
emporium on the last of January to
extend for a period of fifteen days.
Sterling values are assured. The pro-
moters feel confident of success and
the public is sure to avail themselves
of such an opportunity.Deming ships over 100,000 head of
cattle annually; is the center of the
greatest breeding region in the south-
west and cattle men all know this.

Fresh Bread.

Pastry of every description. Wed-
ding cakes a specialty. At the New
England bakery.

THEY ARE PURSUED.

Bandits Leave a Trail of Blood Along
the New Railroad.A special dispatch to the Denver
News, from Capitan, N. M., under date
of February 7, says:Sheriff Gonzales and posse, who
started out to capture the gang of
bandits who stopped at the Block
ranch a few days ago and secured
fresh mounts at pistols' point, returned
empty handed today after an exciting
chase of over thirty-six hours.After leaving the Block ranch the
desperadoes started in the direction
of the Capitan mountains which, owing
to their extreme roughness and impen-
etrability, have always been a
favorite hiding place for such charac-
ters. The sheriff pushed forward as
fast as possible. His party had not
proceeded very far, however, before
they came upon Sheriff Higgins, of
Chavez county and six deputies, who
were searching for the same band.
Thus reinforced, the pursuing party
urged their horses on and were at one
time close upon the fugitives. The
bandits evidently realized that they
would fall into the hands of their pur-
suer unless something was done and,
undoubtedly at a prearranged signal,
the entire gang separated and each
man took a different direction. This
made further pursuit extremely diffi-
cult and after a day spent in fruitless
efforts to continue the chase the pur-
suing party turned back.A rumor got afloat today which
caused great consternation among the
officials in charge of the jail at Lin-
coln. It was to the effect that these
men were coming towards Lincoln for
the purpose of liberating a man by the
name of Woods, who is confined in the
jail charged with the burning of the
Copeland ranch in the eastern part of
the county about two months ago and
killing the storekeeper and an un-
known man who was stopping there
over night. Considerable color was
given to this report by the fact that
the desperadoes had stopped over
night at the Woods house, the night
before, confiscating property at the
Block ranch, and that part of the gang
at least are from Oklahoma territory,
which was the former home of Woods.
Up to this afternoon no such an at-
tempt has been made. The jail is
heavily guarded.This is the worst gang of cutthroats
that ever operated in the southwest
and is, without doubt, the same which
came through Puerto de Luna, in the
Pecos valley, about a week ago and
robbed a store, killing two men and a
boy who were in the building at the
time. They then robbed the pay car
and bank at Santa Rosa. Their path
is strewn with blood all the way from
Oklahoma territory, where about three
weeks ago they were implicated in a
robbery and double killing.The chase will be continued until
they are either captured or run out of
the country.

GOLDEN.

Special Correspondence.
Golden, Feb. 8.—M. O. Hagan, of the
Ginsy Queen mine, spent yesterday in
Golden.The Old Reliable & Co.'s mill under
the management of Zother, Berryman
& Wilson, will commence grinding ore
next Monday.The McKinley mine has been worked
all the winter by Messrs. Lofnick & Co.
and are now getting plenty of free mill-
ing ore.Frank Montano, of San Pedro, has

Mines and Minerals

Mining excitement in Tularosa is at fever heat.

J. E. Colford is running the hoist at the Wicke mine near Hillsboro.

Clyde Waltescarver has given up his job with the express company in Trinidad and left the first of the week to go to work on the Senate "Bob-Tail" mine at Elizabethtown.

Dr. Pulliam and Attorney Hutchison bought three claims in the gold field near Tularosa at \$100 each and in three hours afterward were offered \$250 per claim and refused the offer.

There is considerable excitement at Lamy at present, caused by a reported strike of fine copper ore on the Lamy grant owned by the Oronok Live Stock company. There is a shaft sixty feet deep and they are in good ore. They also have a fine body of coal.

Foreman Fricke, of the Mamie Richmond mine, informs the Hillsboro Advocate that large bodies of ore are being opened up in that property. With the opening up of new ground and the renovating of many of the old workings the mine will become a good producer.

The Miller Mines Development company is making an effort to manufacture a number of commercial products out of the white sands of Otero county. Lime and plaster of Paris have been the subjects of experiment so far and they are claiming a good product. They claim it makes good brick, paving chalk, etc.

The Holbrook Argus says: B. F. Jackson and Pete Pemberton left on Thursday morning for the northern Gila country, where Mr. Jackson has extensive mining interests. They were accompanied on their trip by Messrs. Ferry and Krokne, Denver mining experts. From all reports northern Gila county is going to be one of the richest mining sections in Arizona.

The Cerrillos Register says: Judge Neis has brought some fine large specimens of coal in from his new mine and has made a test of its cooking qualities which was very satisfactory. This property should be a great addition to the business of Cerrillos, and will come in especially good play in furnishing fuel for the town, if the fire in the mines at Madrid should prevent their being opened for any length of time.

The Prosper Mining company of Sierra county commenced preliminary work on their properties last week. Upon advice from his company that a new engine and boiler had been shipped Manager Hirsch immediately went to the mines and proceeded to put everything in shape to receive the machinery and put it in place when it arrives. It is understood that the Prosper people expect to go down about 1,000 feet as fast as possible.

A rich strike is reported from Stein's Pass in Grant county. It was made north of the Volcano, and on the main ledge of the camp, which has produced so much ore. When doing the assessment work on the property, just before Christmas, a streak of high grade ore was encountered about fifteen inches wide, which assayed 960 ounces in silver, and three and a half ounces in gold. About two tons of this high grade ore are now on the dump ready for shipment.

Work has been resumed on the Aberdeen Copper company's concentration plant near Lordsburg. The machinery is now being placed and no doubt will be ready for running before the close of the present month. In the region of the Malachite where, by the way, the mill is situated, every appearance of a small village is presented to view, which, if everything goes as expected and planned, will in the near future claim, instead of "Aberdeen Camp," some such name as "Aberdeen City."

Manager Kasser, of the Hillsboro Gold Mining and Milling company, is in high feather these days over the opening up of a four foot vein of ore and mineralized matter in the Little Ready Pay mine, says the Advocate. The ore is a good milling proposition and seventy-five tons have already been taken out and hauled to the Porter mill for treatment. Assay returns give this ore a value of \$133.60 in gold, while two feet of the ore in the vein is expected to give an average of \$40 to the ton.

The Raton Range says: F. L. Mulkey, of the Thelma Mining company of Baldy, who has been in the city a few days this week, says the mill of his company will be started to running within the next ten days. A large quantity of good grade ore is now in the bins ready for treatment, and the force of men who have been doing a great deal of "dead" work and development during the past few months will now be put to work getting out ore to keep their mill running. About 20 tons per day will be milled.

The "Sandy" vein was cut in the Little Charlie Tunnel, in the Cooney district, a few days since about 250 feet from entrance. The vein is four feet wide, all ore, with a quartzite (so called) foot wall and blue andesite hanging wall. This is an instance of improvement with depth, since the lode on the surface no signs of being a rover and showed no signs of being a contact vein, so the members of the Mogollon Gold & Copper company have reason to feel elated. It is reported they have also encountered good ore in the main Florida tunnel.

The Hillsboro Advocate says: Mr. and Mrs. W. E. Gilpin left for Des Moines. Mr. Gilpin is president and general manager of the Las Animas Gold Mining company and has been here for some time looking after the development of the company's property at the placers. Mr. Gilpin is very much pleased with the showing of ore in the mines, at the depth of 200 feet. The ore, we understand, is high grade gold-copper. We are also informed that Mr. Gilpin will, while east, purchase a complete steam hoisting outfit to be used at the mines, and that work has been temporarily suspended until its arrival.

The Wilson Mining company, of Stein's Pass, has just received from Pittsburgh their first consignment of four-inch standard iron pipes. Upward of five miles of it will be laid and connections made between their water supply and the mill by March and then silver bullion will be a steady shipment. A force of men are employed at

present in taking out the good ore values found in all levels and putting it upon the dump preparatory to starting up the mill. This camp has the promise of a bright future and will probably be one of the best in southwest New Mexico. The ores are silver of high value carrying gold.

J. D. Richards, of Gallup, spent yesterday in the city, going south last night, bound for the Capitan country, where gold has recently been discovered.

A correspondent from Pinos Altos to the Silver City Enterprise says: As is well known, Pinos Altos has been a steady gold producing camp for many years and there is every reason to believe that we are entering upon a period of greater prosperity than we have ever known before. Men who were formerly working for wages are now prospecting or working claims of their own. Many excellent prospects are reported, and the mines on the west side of the mountains, and the Mountain Key give promise of soon becoming large producers. Two concentrators and one mill are running full capacity every day and it has been hinted that the company mines may be in operation again before a great while. The mountains around Pinos Altos have much gold to be given up and our citizens will never rest until they secure more of it.

Saved Him From Torture.
There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerral, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

RICH GOLD STRIKE.
Made Within Eight Miles of Town of Tularosa.

A rich gold strike was made last Friday, eight miles northeast of Tularosa, by Frank P. Clark, A. L. Douglass and Fred Gritzmacher. The news spread like fire and prospectors are coming in from Lincoln, Socorro and Dona Ana counties and staking claims. Tularosa people in a body went out to the locality and staked off claims.

Some of the rock brought into town—conglomerate rock—was full of gold, which could be seen plainly without a glass and when panned out showed a long string of free gold and small nuggets. A number of claims have been taken up by different parties and all of them show free gold.

The owners are working their claims. The claims are located four miles from the railroad.—Tularosa Democrat.

Saved Her Child's Life.
"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction, 50c, \$1.00. Trial bottles free.

He Recommends Chamberlain's Cough Remedy.
"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

San Lazarus Gulch.
William Atchison is feeding the hungry and wearing the same good natured smile as of yore. The cold snap and heavy snow of last week, caused work on the Gold Standard to be suspended for a short time.

We hear that the owners of the

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Keel, of 209 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I declined to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) recommended for Rheumatism, I decided, almost in despair however, to give the medicine a trial and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned and I am happy to be again restored to perfect health."

SSS is the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits. We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CONSTIPATION.

When your food does not digest properly the bowels become clogged and the liver inactive. The poisons and impurities that should be carried off are thus allowed to accumulate, causing nausea, sick headache, indigestion, dyspepsia and biliousness. The best medicine to cure constipation and prevent these diseases is Hostetter's Stomach Bitters. Try a bottle and be convinced.

HOSTETTER'S STOMACH BITTERS

North Star mine adjoining the McKinley on the south, have granted a sixty-day option on their property to some eastern capitalists.

Andriano, Hall and Lofnok think the McKinley is all right. They are taking ore from the twenty-five and sixty-foot levels in which you can see the yellow metal without a glass.

Several parties are working in different mines in Prozman gulch, just across the mountain, from this camp. Considerable development work is being done and some gold-bearing ore taken out.

All is hum and buzz at the St. Lazarus, have steam up for pumping water and testing the machinery. A good streak of ore has been struck in the tunnel and they expect to find the main ore body soon.

Charles Meyers, superintendent of a group of copper claims near San Antonio, visited the camp and bargained with Superintendent Conger for a fine team of horses. Charley was engineer at the St. Lazarus under Superintendent MacKidon.—Cerrillos Register.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

Cochiti Mining Notes.
Walter Young, an employee in the cyanide department of the mill at Alameda, returned to Madrid.

The most pestiferous individual in our community is the man who never does anything for his town or neighborhood and is always trying to hinder the man who does.

V. V. Clark, who is well and favorably known in Bland, having at one time had charge of the Bland mill, came up from Albuquerque on a short business trip.

Andy Horn, who lives three miles below Bland, was in town. Mr. Horn is one of our most progressive citizens as is evidenced by the fact that he is willing to make almost any kind of a concession to the Navajo company to induce them to put in a cyanide mill in Bland.

Col. Wm. Jenks, the veteran mining man of this section, came up from Albuquerque and remained a couple of days looking after the interests of the Golden Cochiti Tunnel company, of which he is the superintendent. This company has the most unique tunnel ever possessed, and under the management of Mr. Jenks the tunnel is bound to go through.—Bland Herald.

Bilious Colic.
H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

O'Keefe's Bonanza.
The Oasis, Nogales, has the following item regarding the Sonora Milling and Mining company:

Mr. Saxhang, who returned from Tubutama reports that one of the mines of the Sonora Milling and Mining company, a good flow of water has been struck, which saves hauling water a long distance.

Monday President Con O'Keefe, of the Sonora Milling and Mining company, wired John Dessart, treasurer of the company, at Nogales, that the ore body in La Fortuna had greatly improved, and that 500-ounce ore is now being taken out. The new smelting furnace will be shipped the first week in February and will be erected and blown in before the month closes. Mr. O'Keefe wired also that he had bought for the company a copper mine near at hand, the ore from which will be used as flux.

REVIVING THE OLD CAMPS.

Rail Extensions in New Mexico Reach Long Idle Mines.

A correspondent writing to the Denver News from Silver City, says: Gallegosville, formerly a prominent mining camp, has been resurrected, and the name of the postoffice changed to Paradise. It is making regular shipments of ores and as soon as the Bee road is running ore will be shipped by that road, lessening the haul by fourteen miles. After lying dead so many years, this camp promises to be a leading one.

The Colorado Fuel & Iron company of Florio is now making a daily shipment of fifteen car loads. A new loading machine has been ordered, which is a great labor-saving device, and the output will be thereby increased.

California capitalists are backing a plan to enlarge the smelter at Lordsburg. The future outlook justifies improvements and new reduction works will be well supported.

The success of Richard Lee's invention of a concentrator for the treatment of low grades ores is being watched with great interest by mine operators at Pinos Altos. That it is a success is proven by the fact that the tailings which have been worked five times by other concentrators are being made to pay. The advantage may also be seen that while other machines handle only about one ton per hour, the new invention handles five. This will give to Pinos Altos new life, as the base ores in the mountains can be successfully worked.

The seven claims owned by the Michigan-New Mexico Copper company in the Burros are being rapidly developed and a car load of ore is now on the dump ready for shipment. Assays show an average value of 11 per cent. copper and \$5.50 in gold and silver. The results are more than satisfactory to those in charge, three foot veins of ore being common, and increasing in size and value with depth.

In the Virginia district the Arizona Copper company is working a force of men on its property. Drifts have been run from a hundred-foot shaft and shipping ore is being rapidly taken out.

A flow of gas has been struck at Santa Rosa, Guadalupe county, which burns about the mouth of the well until extinguished. A boiling sound issues from the well and a flow of oil is expected soon. These lands adjoin those owned by the Great Western Oil company of New Mexico.

A Legacy of the Grip.
Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

Deming.
Deming is being talked of everywhere, and is attracting the attention she deserves from all quarters. In consequence of this great interest and to give those interested in this town there will be an excursion run from El Paso on the 17th inst., so that all those in attendance at the carnival may have an opportunity to see for themselves this very much talked of town. An opportunity will be given those who take this trip to acquire property here at an exceedingly low figure. This opportunity is not limited to the excursionists, but will be extended to any who may wish to be present at the sale, from other towns. It will pay you to be present.

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

We still have some big bargains in winter underwear, suits, overcoats, gloves and hosiery. Call and be shown, Simon Stern, the Railroad avenue clothier.

In Deming the demand for rental houses is five times in excess of the supply.

Bring in your tinware and have it repaired. Albuquerque Hardware company.

Those dancing girls used for Christmas window display now for sale at the Economist.

Have you seen that blue enameled steel ware at the Albuquerque Hardware company's store. It is the most beautiful and ornamental ware ever seen in Albuquerque.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

THE CLIFTON KILLING.

J. O. McIntosh Once Lived Here—
Riley Also Known.

TROUBLE OVER AN INSULT.

Last Saturday, The Citizen published a clipping from the Clifton, Ariz., Evening Star account of the killing there of one Thomas J. Riley, a gambler and traveling photographer from San Francisco, by J. O. McIntosh.

The latter is well-known in this city and Winslow, and while here had charge of the club rooms at the Sturges' European. He always depicted himself as a gentleman while in this city, and he must have been in a terrible temper when, after knocking the man Riley to the floor, he followed up the assault and kicked him in such a cruel manner as to cause death.

If the reports, as published, are true, McIntosh should be bitterly censured for allowing his wife to deal craps in a saloon, and over whom, (the dead man being drunk and accused of insulting her), he has now to stand trial on the awful charge of murder. McIntosh married in this city only a short time before he left here. His father once represented San Juan county, this territory, in the lower house of the territorial legislature.

Riley, the man killed, is known in central New Mexico and has traveled throughout the southwest as an itinerant photographer, with wagon, for several years. He is reported to have been at all times, especially when in his cups, a very disagreeable, dangerous braggart, and it is said he assaulted an old man, Pat Higgins, at the little town of Frisco, Socorro county, some time ago.

Dances Galore.

Society will be busy this week, regardless of Lent, which begins on Wednesday. Tonight will occur Dr. Harrison's ball at Colombo hall, which promises to be one of the swiftest affairs of the season and Mrs. Walton's class dance at Grant's hall. Tuesday night the Guards will entertain at Grant's hall with dancing. On Wednesday evening several minor affairs are billed to occur. Thursday night the Twentieth Century social club give their second dance and on Friday night will occur Valentine parties gal-

lore, the largest of which will be Mrs. Walton's at Grant's hall.

LOCAL PARAGRAPHS.

M. S. Michael, the Gallup watchmaker and repairer, is in the city today on business.

Hon. Solomon Luna, E. V. Chaves and Frank A. Hubbell were passengers for Santa Fe this afternoon on the belated passenger No. 2.

H. Jay Stone, representing Hall & Larnard, left this morning for the Cochiti district on business. He will be absent about a week.

The new Union meat market came out this morning with a brand new delivery wagon, which was made by Ortiz & Co. It shows good workmanship.

Judge Daniel McMillan, of the Socorro judicial district, has gone to Buffalo, N. Y., his old home, on private matters, and will be absent several weeks.

The W. R. C. will meet at K. of P. hall Tuesday afternoon at 2:30 o'clock. A full attendance is desired. Business of importance. By order of the president, Mrs. T. A. Whitcomb, secretary.

H. J. Cones and wife, first class Denver people, after a pleasant visit with Mr. Cones' sister, Mrs. M. E. Hickey, wife of the popular city school superintendent, left Saturday on the delayed limited for California.

Dr. John Grass, wife and daughter, are in the city from Trinidad. The doctor is interested in the Hell cañon mining district, and is here looking over the properties. He was around this morning getting some pointers about the cañon from F. H. Kent.

In the ball game yesterday afternoon between the shop kids and the machinists, the kids won by the large score of 34 to 5, the machinists being outclassed at every point of the game. The batteries were, for the machinists, Tasker and Nelson; for the "Kids," Shepard and Gilpin.

The Kansas City World contains a notice to the effect that C. A. Plath, of Quincy, and Miss Josephine Fisher, of this city, were united in marriage at the Coates house, by Rev. J. E. Roberts. Miss Fisher, now Mrs. Plath, resided in this city some time ago with her brother, John Fisher, mail clerk.

Charles Vorhes, brother of James and Bert Vorhes, is in the city from San Francisco, where he is in the employ of B. Lantry Sons, being railroad contractors and builders. Charles went to Isleta this morning to visit his parents. He will return and spend tomorrow here, leaving in the evening for Los Angeles.

The city public school exhibit, at the recent territorial fair, will be shipped to the Charleston exhibition and form a big part of the exhibit there. Through the kindness of Prof. M. E. Hickey, city school superintendent, the exhibit was secured for the purpose by R. W. D. Bryan, secretary of the New Mexico commission of the Charleston exposition.

A False Item.

Ben Williams, the special officer for the Santa Fe railway, with headquarters at La Junta, came in from the south this morning, and the first thing he did was to hunt up a representative of The Citizen and deny the sensational story sent out from El Paso and published in the Journal-Democrat that a battle had taken place between officers and a band of outlaws operating along the new Rock Island-Paso road, he being credited with giving out the news. Mr. Williams says he knows of no encounter between officers and outlaws, and the article in question was false from top to bottom.

Delayed Trains.

Considerable consternation was caused at the depot the last twenty-four hours by the lateness of all the trains from both east and west. The California limited due here yesterday morning at 11:10 ran into a wreck at Jefferson, Illinois, on the Chicago division and was delayed nine hours, arriving here last night at 8 o'clock. No. 1, due at 10:10 p. m., was four hours late on account of a snow storm in Kansas. No. 2, due here at 8:10 this morning, did not get in till 1:15 this afternoon, the delay being caused by a freight wreck at San Bernardino, California.

New Goods Arriving Daily. The new Laces are now here. See them.

NEW MEXICO TOWNS

SAN MARCIAL.

From the Bee.

San Marcial has lately been more lively than usual in a social way.

A masquerade ball will be given in the Shaw building on the evening of February 21.

G. P. Anderson is back from a visit to his wife in Oklahoma. H. W. Anderson, a brother-in-law, accompanied him on the trip.

Wednesday evening last the mandolin club visited the residence of Mrs. Fletcher and rendered numerous selections of sweet music in honor of Mrs. Vint Humble, who with her little son, Homer, was to leave in a few hours for their home in Bakersfield, California. Little Homer, who has been with his grandmother for nearly three months, has nearly regained his health although quite a sick boy when he arrived here.

Rev. and Mrs. L. L. Gladney have the sympathy of the entire community in the taking away by death last Monday of their little son, Ernest Lane, aged two months and thirteen days. The interment took place Thursday, February 6. It was delayed to permit of Mr. Gladney being present. He arrived in El Paso on Thursday from Decatur, Ala., but missed train connections and failed to reach San Marcial till Friday morning.

A stranger sometimes wonders where the merchants of San Marcial secure the large trade they appear to be transacting. This is no secret to the people familiar with the situation. Rosedale, Clyde, Paraje, Monticello, Guadalupe, Encino, Rincon, Lava, Fairview, Chloride and other settlements within a radius of eighty miles draw largely upon our merchants for supplies, and in addition to this we have a large number of ranchers, stockmen and miners to supply all the year around. San Marcial certainly enjoys a large trade and it is constantly expanding.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

SOCORRO.

From the Chieftain.

Ross McMillan and J. B. Squires drove out to the former's sheep ranch east of San Antonio for a stay of a few days.

The Socorro tennis club is now organized with Fred C. P. Lincoln as president. The ground is in good condition and the netting is expected to arrive at any time.

Mrs. J. W. Taylor, who has been in the city several weeks as the guest in the family of Jos. E. Smith, returned to her home in El Paso.

The warm days of this week have set the farmers up and down the valley to plowing. It appears probable that those who have prophesied a late spring because of a mild winter will yet prove to be false prophets.

Supt. Ellego Baca's books show that he has in twelve months turned a little more than \$2,500 into the city school fund from saloon and gaming table licenses.

There is a good prospect that the effort to organize a military company in Socorro will be successful. It is to be hoped that it will, for a new and desirable feature will thus be added to the social life of the city. Capt. T. J. Matthews is taking an active interest in the matter and his former experience in the same line is serving him well. A public meeting will soon be called to perfect the necessary preliminaries.

Mr. Wheeler Got Rid of His Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, N. Y. For sale by all druggists.

BLANU.

From the Herald.

George Lindley has gone to Albuquerque.

Alex Edie was in town the first of the week.

Joe Ferry left for Prescott, Arizona. Thomas Goodwin has returned to Bland after an absence of several months.

Mr. and Mrs. C. D. Coram and Miss Nellie McCaffrey spent several days in Albuquerque.

The vacant houses in Bland are rapidly becoming occupied. It won't be long until they are all filled.

Col. H. E. Anderson was compelled to go around on three legs several days as a result of an attack of rheumatism.

Mrs. Alice Harrington, who conducts the large boarding house at Albemarle, passed through Bland on her way to Albuquerque, where she goes on business.

Emil Herman, who for sometime past has been employed at the mill at Albemarle, left for Albuquerque, where he will seek employment.

The dance at Albemarle was a pronounced success. Those who attended from this side were Mr. and Mrs. Chas. Scheurich, E. W. Callender and Mrs. Phil Barber.

Samuel Arnot and family arrived from Albuquerque and will reside here. Mr. Arnot will engage in the grocery business with B. H. Shaw.

The shoe shop of George Reed was discovered on fire. The flames were extinguished before they had gained headway and the town was saved from a serious conflagration.

A. E. Haggerty, popular salesman for J. G. Creager, led the services at the church. Mr. Haggerty is an earnest young man, a fluent talker, and his words greatly impressed those who attended.

LAS CRUCES.

From Rio Grande Republican.

Jacobo Chavez, little boy while throwing missiles last week accidentally struck E. E. Day's little girl in the face, inflicting an ugly and painful wound.

Prof. Hiram Hadley, while near

Queensberry's ranch, met with what might have been a serious accident. His horse became frightened and jumped backward throwing the professor off in front of the cart, falling on his back and the wheel of the cart passing over his head, inflicting very painful wounds in the head and shoulders, but not serious.

Dr. Wm. M. Rideour died at his home here after an illness of but three days, of hemorrhage of the lungs. The fatal termination of an illness of so short duration proved a great shock to his family and friends, who feel deep sadness over the loss of so good a man and so skillful a physician. Dr. Rideour came from Ohio to Las Cruces in the hope of benefiting his health. The climate did much to improve his condition, but finally he succumbed to the dread disease.

LAS VEGAS.

From the Record.

Hilario Romero is reported quite ill again.

C. M. Stouffer, cousin of Harry Stouffer, is visiting in the city from Missouri as the guest of M. O. Patrick and family.

Mr. and Mrs. H. E. Hemus are the happy parents of a bouncing baby girl, born at Pueblo, Colo., on February 2. Mr. and Mrs. Hemus before going to Pueblo were residents of this city.

The Las Vegas Abstract, Title Guaranty and Investment company, composed of Perry C. Hockett, Byron T. Nails and George P. Money, has filed articles of incorporation with the secretary of New Mexico. The capital stock is \$1,000.

P. W. McCaffrey offers a very fair proposition to the city in regard to the reduction works. He asks the city, or the board of trade, to appoint a committee to witness the work of the smelter at that place and to see the results of a carload of ore taken from the mines about Las Vegas. If it proves satisfactory to the committee the city will pay the expenses, and if not the company which Mr. McCaffrey represents will pay all the expenses.

From the Optic.

Dr. D. B. Williams is down with a case of the grip.

Twenty-two cars of ice were sent down from Hot Springs canyon.

Irad Cochran lost a fine bay horse last evening. The animal's leg was broken by accident and the suffering beast was shot.

J. S. Duncan returned from Los Angeles, where he went to visit his wife and daughter. He reports the latter improving, which will be good news to Las Vegas people.

Pat Hanley, the Santa Fe saloon man, who was operated on at the Plaza for rupture, is about to be discharged, having recovered almost completely.

Mrs. Wagzizer, who underwent a very serious abdominal operation the first of the week and who is recovering from that very satisfactory, is now suffering with a congested lung.

Rev. Lumpkin is arranging a series of meetings to begin about March 4. He is expecting Rev. J. T. French, of Roswell, N. M., to assist him. Mr. Lumpkin is well acquainted with Rev. French and says he is a splendid man for the work.

Friday afternoon Mr. Dearth received a telegram ordering him to ship the remains of Gertrude Kenney to her people in Chicago. All Thursday the three candles of faith burned softly at her head. All day the white hands closed motionless over a stainless cross. All day the blue eyes were closed in dreamless sleep. She was utterly, pitifully alone, this fair sleeping stranger.

W. Leslie Maxon, an old Las Vegas boy, is in the city visiting his sister, Mrs. C. C. Robbins. Mr. Maxon is on a vacation recuperating from a recent illness. He has been a steady worker, so steady that he only took a lay off of three weeks in nine years, and he says old nature knocked him down, temporarily, to give him a rest. He holds the position of foreman of the Kansas City Stock Yards Saddle company. Mr. Maxon will remain in the city for a few weeks.

SANTA FE.

From the New Mexican.

John Kinney, formerly of Albuquerque, and an inmate of St. Vincent's hospital in this city for some months, died Thursday from consumption.

Henry Wirtz has gone to Vega Blanca, the station on the Santa Fe Central railway, to take charge of the commissary store house of the road at that point.

McGuiladas Rael, sheep inspector for Taos county, and B. L. Ortiz, of Questa, Taos county, are in the city. They are commissioners appointed by the people of Questa for the purpose of securing and locating an irrigation ditch for the use of the people of that town.

The plan of erecting an exhibition hall by the Sisters of Loretto for the use of and in connection with the Loretto academy is taking definite shape. The object is a very worthy one and many citizens are making contributions toward the building fund. The citizen who does so will promote a good cause and aid the educational interests of the city greatly.

Committed Suicide.

Jaspar Portilla, a native, under the influence of liquor at his home in Tularosa, tried to persuade his wife to go to Mexico with him. When she refused to go, he said he would take her to a warmer place, drew a pistol and attempted to shoot her. The pistol refused to work and she took to her heels to find Judge Roberts and have her husband arrested. When they returned he had broken the windows, piled the furniture in the yard and sent a bullet through his brain. A jury was summoned by Judge Roberts and they decided that Portilla came to his death by a pistol shot fired by his own hand.—Tularosa Democrat.

The Canon de San Diego Grant.

On tomorrow Harry P. Owen, referee, accompanied by a number of Albuquerque and Santa Fe attorneys, will leave this city for the Canon de San Diego grant to take testimony concerning the partition suit now pending in the district court for Bernalillo county in the matter of the grant. It is expected that a large number of witnesses will be examined during the trip in order to close the case. Mayor Amado Chavez, of Santa Fe, will be present during the taking of the testimony on the grant. The referee and party may be absent about two weeks.

FEW TRUE POINTERS.

The Citizen's outside correspondents are all genuine. We don't take the territorial exchanges and write news from them, palming it off under a date as "special correspondence," etc. This paper prefers to be honest and credit these territorial classified clippings to the papers from which they are taken.

The Citizen goes north, to its big lists of subscribers at Bernalillo, Bland, Cerrillos, Madrid, Golden, San Pedro and other points, in pouched sacks on the No. 8 train, only a few hours after its publication, while the J. D. waits until the next morning for No. 2. Now watch the morning paper attempt to deny this truthful assertion.

The mail trains going west and south seem to have been arranged to suit The Citizen, exclusively; hence, this paper reaches all its western and southern subscribers, with the latest telegraphic, territorial and other classified news, considerably earlier than any other paper published in central New Mexico. The contract with the Associated Press, vendors of telegraphic news, prevents any morning paper from infringing on the hours of any afternoon paper which also takes the report. And, again, for the information of the public, every line of telegraph used in The Citizen comes over the wires on the day of publication. This paper does not use rehashed "mail telegrams" and palm them off on the readers as Associated Press report.

The Citizen's adaptation of classified news, such as railroad, mining, stock, territorial, sporting, notes from correspondents, etc., all under attractive heading, is receiving commendation from all sources, and is popular with the readers. The Citizen always leads, it never follows.

STOCK NOTES.

Bond Bros. are moving their sheep, 1,300 in number from the vicinity of Wagon Mound to Cabra Springs, San Miguel county.

Parties from Texas who drove in 250 cows and heifers are feeding them on Clifton Chisholm's farm, near Roswell, and will look for a range in the spring.

Jim Crockett passed through Alto with 2,200 sheep belonging to W. G. Hamilton, of Roswell, N. M. Says he will ship to Chicago over the new Rock Island road.

Wyatt Johnson has charge of 10,000 acres of the Farris lands fronting on the Pecos river from Five Mile, above Salt creek, to a point somewhere in Eddy county. He gets from 5 to 15 cents per acre from sheepmen who lease the tract for lambing grounds.

George Chessman, the cattle buyer from Denver, Colo., arrived in Deming last Thursday and took a turn among the cattlemen of that section during the next few weeks. Mr. Chessman has bought a large portion of the cattle in that section for years past and by fair business dealings has built up an enviable trade.

In common with the policy of the Indian department to lease the Indian lands for stock grazing purposes, it is announced that the Fort Apache reservation will be open for cattlemen to secure leases. All information can be obtained from Major C. W. Crouse, the agent, at Fort Apache.

The White Oaks Eagle says: Wm. Babb, S. Turney and Frank Barksdale, stock men of Sonora, Texas, were at the Baxter Tuesday. They are looking for ranches and are now in the Gallo country for a suitable location. They will move 5,000 head of beef steers into New Mexico as soon as the quarantine is raised.

J. P. White, manager of the Littlefield Cattle company, bought a fine young Hereford bull at Kansas City two weeks ago.—Armour Record, dated March 21, 1900, and accepted for entry in volume XXII. He was bred by K. B. Armour, of Kansas City; sire St. Louis 46428; dam, Mohammed Maid 4th 60058. He was owned by the Lowell-Barroll-De Witt Live Stock company, of Denver.

The practice begun several years ago by Russian horsemen of purchasing thoroughbred American stallions for breeding purposes has resulted so favorably that now the Russian horses bid fair to rival those of the United States as regards speed. A steady improvement has been noted in light harness stock and now there is a number of very speedy animals in the land of the czar. America formerly stood alone in this line, but, if the present indications may be accepted as a criterion, she may soon be forced to divide honors with Russia.

Frank Thurmond has just completed the boring of a well near his ranch at Cambray, in Luna county, that proved to be a bonanza. The well is nearly 200 feet in depth and was sunk only about fifty yards from one that had been sunk to the depth of 180 and not a drop of water found. When the vein was first reached the first that was taken out was as clear as a crystal, and a four inch stream, pumped continuously for twenty-four hours failed to lower the water in the well one inch, which is good evidence that an underground river has been tapped. This is a very valuable find as the cattlemen of this section have now only to sink deeper than they have formerly done to make that a good grazing country.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

FOR SALE.

A ranch of 240 acres, well improved, two windmills and tanks, and fine irrigating ditch run through place. Terms easy. Address this office, or postoffice box 177, city.

Let us figure on your plumbing. Albuquerque Hardware company.

Don't Marry.

Almost everybody remembers the celebrated advice of the London Punch, "To those about to marry. Don't." There is in that advice the expression of the feeling of many a mother who says, "I hope my daughter will never marry and suffer as I have."

In ninety-eight cases in every hundred there's no need for this suffering.

Doctor Pierce's Favorite Prescription cures the womanly diseases which cause wifely misery. It dries enfeebling drains, heals inflammation and ulceration and cures female weakness. It invigorates the womanly organism, tranquilizes the nerves and gives the mother strength to give her children.

Do not allow an unscrupulous dealer to sell you something in place of "Favorite Prescription," claimed to be "just as good." There is nothing just as good for women as "Favorite Prescription."

"I am so pleased with your instructions, I hardly know what thanks to give you for your kind favors," writes Mrs. Milo Bryant, of Los Angeles, Cal. "You can publish my few statements to the world, hoping all suffering women will know and be healed. I suffered so much with great pains in my back and the lower part of my stomach and palpitation of the heart, that at times I could hardly lie down, and could hardly get up in the morning; but after using three bottles of 'Favorite Prescription' and two vials of Dr. Pierce's Pleasant Pellets, I feel like a new woman."

Dr. Pierce's Pleasant Pellets cure sick headache.

Only a Joke.

The report that Theo. Wilson was engaged to marry an Albuquerque widow, turned out to be a canard—a joke perpetrated by one of his best friends. It was given to the Bland Herald, and the Herald published it as a fact. Now we hasten to correct the report and make all due apologies to Mr. Wilson, who claims that he has no knowledge of the existence of such an engagement. However, his friends were in hopes that the report was true.

Bucklen's Arnica Salve.
The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruptions. It cures or no pay. 25c at all druggists.

Hanan Shoes.

Spring styles just in; better and nobbler than ever; \$6 grade reduced to \$5.50. Call and see the new styles. Simon Stern, the Railroad avenue cobbler.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Notice.

The Rico Cafe serves the best meals in the city at 15 and 25 cents. Short orders, 5 cents up, 111 North First street.

Deming has a magnificent school system.

Colds

You first take cold, then you cough. Then you have a doctor. He says it's bronchitis, and he orders Ayer's Cherry Pectoral. It is his favorite prescription for colds and coughs. If he knows of anything better, tell him to give it to you.

"I had a very severe cough for many weeks. Nothing relieved me until I tried Ayer's Cherry Pectoral. This rapidly and entirely cured me."

J. J. Hargrave, New York City.

25c., 50c., \$1.00. J. C. AYER CO., Lowell, Mass.

Finest train in the world; goes one-tenth the distance around the world; near the greatest canyon in the world; best railway meal service in the world.

Daily, Chicago to San Francisco, Los Angeles and San Diego.

Wide vestibule, electric lighted and luxuriously equipped.

Railroad Topics

Division No. 134, B. of L. E., will give their first annual ball at Winslow February 21.

Captain Lee left Hillsboro to accept a position with the Santa Fe Central Railway company.

N. J. Hudson has returned from his vacation and resumed his duties as agent at the Williams depot.

Santa Fe Watch Inspector Sam Vann returned Sunday morning from a trip down the El Paso branch. He was absent a week.

Dr. E. B. Shaw, of Las Vegas, and Dr. J. P. Kaster, of Topeka, chief surgeon of the Santa Fe system, arrived in the city this morning on the belated No. 7.

Two car loads of horses were shipped from the Andrews and the Hopewell herds, in Sierra county, to do construction work on the Santa Fe Central railroad.

H. L. Howell, of El Paso, has been appointed assistant roadmaster on the Bisbee road, and is now ably filling that position. Mr. Howell's headquarters are in Deming.

S. P. Coffey, vice president of the United States Brotherhood of Railway Employees, and district manager for New Mexico and Arizona, has established headquarters in this city.

The Holbrook Argus says: Wednesday afternoon No. 4 struck and killed a heifer belonging to Frank Zuck. The speed the flyer gets on going through this place there is no wonder that stock gets it in the neck occasionally.

While at work Friday at his Las Vegas shop, as a member of the bridge gang, G. W. Wessel was struck by a heavy plank which he was carrying and his knee badly hurt. He is able to be on the street, but cannot return to work for many days yet.

A bulletin from Topeka states that James Collinson has resigned as general master mechanic and the office has been abolished. F. N. Risteen has been appointed mechanical superintendent for the eastern grand division with headquarters at La Junta.

Roy Gibbons, a Las Vegas machinist apprentice, had his wrist dislocated and a bone fractured by having the heavy weight which closes the door of the round house fall against him. He was sent to the hospital, where an X-ray examination will be held. Serious results are feared.

The second 250-horse power boiler for the electric plant at the local shops has arrived, having had a very speedy trip from the factory at Schenectady. The engine was shipped January 30. All the equipment except one generator is now here. The electricians are making good progress on the installation work.

Clerk's Wise Suggestion.
"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co.

UNION DEPOT.

Kansas City Will Be Favored, So Says Paul Morton.

"Kansas City will have a new Union depot soon," said Paul Morton, second vice president of the Santa Fe railway, this morning. "Strictly speaking, the building of depots does not come under my jurisdiction, but the depot will be built, and it will be a good one, too. Nothing less magnificent than the St. Louis depot will do, either. The Santa Fe is in favor of a Union depot in or near the city. I believe that all the other railroads of any consequence want a Union depot. A project to build several depots will not be seriously considered. I don't know when we will get the depot, but from what I hear from those in the operating department of our road, I am convinced that it will be built very soon."

Mr. Morton, who was at the Union depot this morning, said that the Santa Fe was preparing for an immense business on all of its lines.

"We have recently begun the expenditure of \$13,000,000 for power and equipment. We are building 4,000 new box cars, a number of tank cars and 200 or 300 coaches, to say nothing of a score or more of locomotives. Within the last two years the Santa Fe has secured many new and distinctive features. We have spent many thousands of dollars in putting down heavier steel rails, replacing dirt ballast with crushed rock and gravel, taking out wooden bridges and substituting steel or iron bridges. Tracks have been straightened and grades leveled and the block signal system introduced. Our trains have all the modern, up-to-date improvements. We have made notable extensions, and now run on our own tracks into Point Richmond and two immense ferry boats transfers freight and passenger trains to San Francisco. There have been other extensions, notably into Oklahoma and from Williams, Ariz., to the Grand Canyon. This canyon is one of the most magnificent bits of scenery in the world. It is twelve miles wide, 200 miles long and from 6,000 to 8,000 feet deep. We are going to build a magnificent hotel there, and make it a popular stopping off place for tourists to California."—Kansas City Star, February 6.

Favorite Nearly Everywhere.

Constipation means dullness, depression, headache, generally disordered health. DeWitt's Little Early Risers stimulate the liver, open the bowels and relieve this condition. Safe, speedy and thorough. They never gripe. Favorite pills.

LAST SPIKE ON BISBEE LINE.

Connection Between the Two Ends Made This Evening.
General Superintendent Choate of the El Paso & Southwestern informed

an El Paso News reporter Saturday morning that Bisbee, Benson and Douglas, Ariz., would likely be connected with the Santa Fe at Deming that night. It is the present intention to be moving trains by Wednesday.

The date of running the Bisbee trains from Deming to El Paso via Rincon over the Santa Fe is not definitely fixed, but may be February 15.

This arrangement will continue only until such time as the Bisbee can get through to El Paso over its own tracks.

ROCK ISLAND IS ON DECK.

Has a Cinch of Some Kind With the Mexican Central Railway.

The old story about a rivalry for possession of the Mexican Central has been revived by the departure of Paul Morton's son for Mexico two days ago, says the El Paso News. The control of the Mexican Central passed last May to a syndicate of railway men, including H. Clay Pierce of the Frisco and Mr. Simpson, chief owners of the "White Oaks." It goes without saying that the Santa Fe has no finger in the pie. The White Oaks and the Rock Island people have a close traffic arrangement with the Mexican Central probably. All the general officers who come from Mexico consult C. B. Eddy and the Rock Island has put agents in all big cities in the republic, and are advertising largely in the east for tourist business for Mexico. It is also said the express company that does business on Rock Island lines is going to put offices along the Mexican Central, as well as in El Paso. The Frisco is preparing to enter Mexico further east, and Pierce may have sold his Mexican Central stock to the Rock Island, if the Frisco does not contemplate coming to this city. But it can be safely prophesied that the Santa Fe will continue to be ignored as far as possible by the Mexican Central from which it was long ago divorced.

Within two years the Rock Island will build up a passenger traffic through El Paso to and from Mexico that will be far greater than ever. Most of the travel between Mexico and the east goes via Torreon, but the Rock Island will divert a large share in this direction.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

Millions Put To Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all druggists.

A NEW DEPOT.

The Bisbee Folks to Commence the Erection of a Depot in Deming.

Last Tuesday, W. G. Choate, superintendent of the Bisbee road, was in Deming and held an extended conference with the executive committee of the Business Men's association, relative to obtaining a right of way through the city and ground for the erection of a depot for his road.

Mr. Choate said he would like to come down Railroad boulevard to the junction of Gold avenue, where they proposed to build a depot some 200 feet long by about seventy-five feet in width. Active steps were at once taken to see what could be done toward getting the lots at the corner desired by the company and in a short time Mr. Choate had the assurance of the association that he would be furnished with what he wanted.

To a Deming Headlight reporter, Mr. Choate said: "The people of this city have ever treated our company with the greatest courtesy and we promised them some time ago that there would be a depot built in the city that would be an ornament to the town, and now we are going to make our word good. I want to begin the building of the track and depot by the first of March, and am satisfied I will be able to do so, for your people are great hustlers when they start to do anything."

The depot, when completed, will be a great convenience, as it is now a long way up to the Bisbee track.

For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger, of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by all druggists.

CALLED TO LARGER FIELD.

Pastor H. J. Powell Resigns to Take Albuquerque Church.

The regrettable news in announced this week that Rev. Herman J. Powell, who, for two years past, has most acceptably filled the local Baptist pulpit, had received a call to the church at Albuquerque, and that his resignation had been tendered and accepted by the Carlsbad church, says the Argus. Rev. and Mrs. Powell are greatly beloved in this community, and it is with sincere sorrow that their many friends hear of their intended departure. Pastor Powell will remain until the 18th inst., preaching two more Sundays.

The following letter of resignation, offered and accepted Wednesday night, will best explain the reasons for Mr. Powell's action:

Carlsbad, N. M., Feb. 5, 1902.
To the Baptist Church of Carlsbad, N. M.—Dear Brothers and Sisters: A little over two years ago, at your unexpected call through our loved general missionary, Mr. Crooks, I came to live and labor with you. Though I had then other plans, this seemed to be God's plan. He has richly blessed our united work, although but little of the progress I had hoped for has been

made. Now there comes another unexpected call, without the slightest effort on my part, a unanimous and hearty invitation to the pastorate of our church at Albuquerque. Many considerations lead me to believe that it is clearly God's call for service, and in this conviction, I ask you to kindly release me from this pastorate on the 15th inst. This request is made with regret at leaving a loved church and those who have come to be dear co-workers and friends in the church and community. Faithful service of our one blessed Master and sacrifice for His sake, draw His people very close together. But, again, our leaving is with lasting memory of all your kindness, with earnest prayer for the coming of a God-sent and spirit-led leader as your pastor, and best wishes and hopes for a church continuously united, increasingly enthusiastic and consecrated in the great work of building up the kingdom of God, in winning men to Christ and leading to their spiritual life of love and righteousness in the likeness of the character of Jesus, our Lord. Sincerely, your brother,

HERMAN J. POWELL.

BADLY INJURED.

George Richardson Jumped From a Moving Train and Was Hurt.

As George Richardson, a prominent business man of Alamogordo, who was returning from Carrizozo about 2 o'clock last Sunday morning on a freight train, attempted to jump off at Tularosa, but by some unfortunate mishap he fell on his head, and laid there unconscious until Mr. Kettle and the section boss, who were at the section house, about fifty yards from where the unfortunate man lay, attracted by the groans of the sufferer, hastily went in the direction of the sounds and found Mr. Richardson lying face downward on the ground. He was removed to the section house and medical assistance sent for. The next morning he was taken to the Sanders house, where he now lies in a precarious condition. He has been unconscious nearly all the time since the accident. Dr. Pulliam, who is attending him, claims that the case is a very serious one—concussion of the brain. It is fortunate he was discovered so soon, for in his condition, if he had remained at the place where found, he certainly would have frozen to death.

—Tularosa Democrat.

KILL THE DANDRUFF GERM

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair and, ultimately, baldness. After Prof. Unna of Harburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect."

GIANT POWDER EXPLODES.

One Man Killed and Five Injured by the Accident.

One Mexican was killed and five badly injured from an explosion of giant powder last Monday, about five miles from Estey City, at a place called Moonshine Spring. G. W. Seibel came into Tularosa about 1 in the morning on Monday from Estey for a doctor, but not being able to secure one, as they had patients they could not leave, he telegraphed to Dr. Bryan, of Alamogordo. From Mr. Seibel we learn the following particulars: It appears that a gang of Mexican workmen were employed at the spring by the Estey Mining and Milling company laying pipe from the spring and doing some blasting. Last Monday morning being quite cold, their sticks of giant powder were frozen and when they attempted to thaw it out on a hot stove the explosion occurred with the above result. The five men are badly burned.

—Tularosa Democrat.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Mother Gray's Sweet Powders

for children. Mother Gray, for years a nurse in the children's Home, in New York, treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all drug stores 25c. Sample sent free. Address Allen S. Olmstead, LeRoy, N. Y.

Information Is Asked By Carnegie.

About fifteen people attended the meeting at the public library last night, to consider a communication from Andrew Carnegie.

In his letter Mr. Carnegie wanted to know the population of Las Vegas; if it has a library now; if so, the kind of building it occupies; the amount of taxes paid by the community for its support; amount that will be guaranteed from taxation, yearly, if he erects a building; whether a site is available, and if any money has been provided for the erection of a library building.

The questions were earnestly considered and a reply will be sent to Mr. Carnegie within a day or two.—Las Vegas Record.

Swift Classic Calendars.

What is considered to be one of the most artistic calendars of the season has been issued by Swift & Co., of Chicago. "Swift's Classic Calendar" is its title, and it consists of four art panels, each leaf 7x16 1/2 inches, reproductions of paintings by Jules Delaroche, the famous French artist. The subjects represent "lusty spring, freshly budding," "sweet summer, the summer of youth," "autumn, harbingers of health and prosperity," "winter, frosty and joyous."

On the first panel, which is called "Spring," is portrayed a woman gowned in a Grecian costume. She is inhaling the fragrance of the lilac. Flowers lie in profusion on the table beside which she is standing. On the second panel, entitled "Summer," the Grecian bath is represented. Blooming June roses add a seasonal effect. "Autumn," represented by the third panel, brings with it its wealth of fruit. The fourth and last panel indicates "Winter." The holiday season is being anticipated and there are mistletoe and holly. The four leaves are held together by a silk bow.

The calendar will be sent to any address for 10 cents in stamps or money. Address Swift & Co., Union Stock Yards, Chicago, Ill.

Short lengths of carpets, ranging from one to twenty yards, at half cost.

—Albert Faber, 305 Railroad avenue.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

MISS IDA McCUNE

More Harmful Than Alcohol
Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Leonel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

Kodol Dyspepsia Cure

Cures all Stomach Troubles.

LOCAL PARAGRAPHS.

N. E. Stevens was a passenger south this morning.
M. A. Ortiz, of Santa Fe, spent Sunday in the city.
Louis Hanning and Walter Connell spent Sunday in Los Lunas.
Mrs. Thomas Hughes is at Santa Fe on a visit to her daughter, Mrs. O. C. Watson.

F. J. Holmes, a prominent stockman of Lamar, Colorado, is spending a few days in the city.

D. C. Osmun, Jr., special examiner for the London and Lancashire Fire Insurance company, is in the city.

It is reported that John Kenney, who formerly lived in this city died at the Sisters' hospital at Santa Fe last week.

Louis McRae, who is a full fledged sheep raiser out in the Chilili neighborhood, is in the city for a few days.

Wm. Dunbar and wife, returned to their home near Chilili this morning after a three weeks' visit with friends in the city.

Miss M. Dailey, who has been stopping the past few weeks at 305 South Broadway expects to leave in a few days for El Paso.

Mrs. B. Ilfeld left this morning for an extended visit with friends and relatives in Chicago. She expects to be gone two months.

Miss Katherine Graves returned to her home at Belen last night after spending Saturday and Sunday in the city shopping and visiting.

F. W. Voorhees, who was in the photographic business here, selling out a short time ago to W. C. Butman, is now located, with his family, in Dallas, Texas.

Eugene Blakeslee, who was here the past few days mingling with the local Catholic Knights of America, was a passenger for Los Angeles last Saturday night.

The Lord loves a cheerful giver, but we doubt if He could approve of a newspaper giving much free advertising to a man who never supports his home paper.

Mrs. Harry Benjamin, nee Miss Marie Armijo, who was reported seriously ill last Saturday, is better today, and will be out and among her friends in a short time.

There will be a regular session of Ballut Abayd temple, A. A. O. U. M. S., this evening, at 7:30, at Masonic hall. By order of the potentate. L. H. Chamberlin, recorder.

J. P. Flynn and Edward Dorr were enlisted in the United States army on Saturday at the local recruiting station. They will be sent to San Francisco some time this week.

Four cases appeared before Judge Crawford this morning. Three for vagrancy were given time to get out of town, and the other, a drunk, was fined \$5 or five days on the chain gang.

Meliton Castillo, of Santa Fe, is now a resident of the Duke city. He says although he has lived in Santa Fe all his life there is no city in New Mexico in the same class with Albuquerque.

The Clayton Enterprise says: Claude Parker, of Albuquerque, is a visitor in town at present. Claude is well known here, having lived and been in business in Clayton for several years inside of the last decade.

Dr. B. Barnes is here from Silverton, Colo., and has purchased the dentistry business of Dr. Brigham upstairs in the N. T. Armijo building. Dr. Barnes called at The Citizen office yesterday, and was found to be a very pleasant gentleman.

Mrs. M. Sanchez died this morning at her home in Pajarito, death being caused by blood poison. The deceased was forty years old and had been sick for five years. The funeral will take place Tuesday morning at 10 o'clock from the church in Pajarito.

The Denver News of yesterday says: L. Bradford Prince, former governor of New Mexico, yesterday purchased of William Scott Lee, three lots, with slight improvements, at the corner of West Thirty-second avenue and Newton streets, in New Denver, for \$2,100 as an investment.

Lena Ruth McQuiston died at her rooms on North Second street Sunday morning at 6 o'clock of consumption. The deceased was 20 years old and came here from La Grange, Ill., about two months ago. The remains will be shipped to her former home for burial, where her parents are now awaiting them.

The Socorro Chieftain says: J. C. Baldrige, the Albuquerque and Socorro lumber dealer, was in town today. Mr. Baldrige says that more building has been done in the last year in Albuquerque than in any equal length of time before for twenty years. He also says that Socorro is showing signs of improvement.

Mrs. and Mrs. L. Newton gave a neighborhood card party at their home on South Arno street Saturday night. Besides raffle and high five both vocal and instrumental music was enjoyed. Those present were Messrs. and Mesdames Saxton and Newton, Mrs. Barrington, Miss Barrington, Miss Newman, Ralph Barrington and Forest Parker.

City Marshal McMillin received a letter this morning from Emmet Williams, brother of A. C. Williams, who was killed in the local Santa Fe yards last week, stating that his family was in very poor circumstances, and asking Mr. McMillin if he would send the unfortunate man's effects to them at Franklin, Tenn. He also wanted a copy of The Citizen with the account of the death of his brother.

J. S. Benham, of the Hyde Exploring Expedition, who was at Phoenix on business, came in from the west last Saturday and is now on his way to Chicago, where he will secure the company's exhibit of blankets, rugs and curios at the recent hosiery show and will take it to the Charleston exposition. Mr. Benham will have charge of the Hyde, also the New Mexico exhibit, at the Charleston exposition.

Chas. Halcomb, of Los Angeles, arrived last night, and today will take charge of the duties as assistant superintendent of the International Correspondence school of all lines in New Mexico and Texas. M. E. Porter has resigned the position of traveling superintendent on account of ill health, and will take charge of the Albuquerque branch and will try to recuperate.

Frank Lockwood, who formerly occupied this position, has been transferred to El Paso.

Dr. Morrison preached an eloquent sermon yesterday morning at the Lead Avenue Methodist church and at the close took up the annual collection for the benevolences. The music was fine all day. The anthem in the morning was repeated by special request, and at night in addition to the regular music Miss McCune sang a solo with fine effect. She was accompanied by Prof. Di Mauro, who also assisted in the other music of the evening. Dr. Bunker received several members by letter.
