CHEERING NEWS.

Favor Admission of the Territories.

Deming Store Robbed of Sum of Money.

English Warship Supposed to be Lost in the Pacific.

ILLINOIS TOWN ON FIRE.

Special to The Citizen.
Washington, Feb. 8.—New Mexico had a third hearing before the statehood committee on territories today. Delegate Rodey spoke an hour and a half. His compendium of facts, statistics and arguments were absolutely unassailable, and convincingly answered innumerable questions on all conceivable subjects, and closed with a grand peroration, receiving enthusiastic applause from all the members of the committee and friends of statehood from all the territories. Not a member of the committee of sixteen appointed to be present thought comments necessary.
In the house, on the legislative appropriation bill, Rodey made a speech, joining the delegates of Oklahoma and Arizona in fighting for the salaries of chief justice at \$5,500, and associates at \$5,000, and the governor at \$5,000, the same as Hawaii.
Gaines, of Tennessee, opposed the amendments of Rodey, Flynn, and Smith. Rodey said if congress will relieve New Mexico of territorial condition it will relieve congress of the necessity of paying the salary of governor and other territorial officers. Gaines said: "I am for making New Mexico a state. If you get the republicans to join us, we will do so." (Loud applause.)
Rodey said that if the republicans do not join us they will do us injustice to the great territory of New Mexico. (Enthusiastic applause.)

DEMING STORE ROBBERED.

Thief Drilled into the Safe and Secured \$50.
Special to The Citizen.
Deming, Feb. 8.—The store of W. J. Wamel was robbed by burglars at 2 o'clock yesterday morning. They opened the safe by drilling two holes at the rim of combination and secured \$50 in cash. A watchman for the Bisbee road, on making a call up town, observed a man in light clothes coming from the store and making a hasty retreat down the alley. No clue yet obtained.

WARSHIP SUPPOSED TO BE LOST.

Winnipeg, Man., Feb. 8.—A Vancouver special to the Tribune says that fears are entertained for the safety of the Egeria, the warship which went in search of the missing Condor. A studding sail boom has been picked up on the west coast belonging to a warship. The section of coast visited by the Egeria is known as "The Graveyard of the Pacific."

TOWN BURNING.

Wapella, Ill., is Almost Totally Destroyed by Fire.
Bloomington, Ill., Feb. 8.—Wapella, twenty miles south, is burning. The fire departments of Bloomington and Clinton are en route to the scene.
The fire started in the Green & Dowling elevator and the flames spread eastward, fanned by high wind. The business district is almost totally consumed, together with many dwellings. The loss is estimated at \$200,000 to \$300,000.

DEATH IN SILVER CITY.

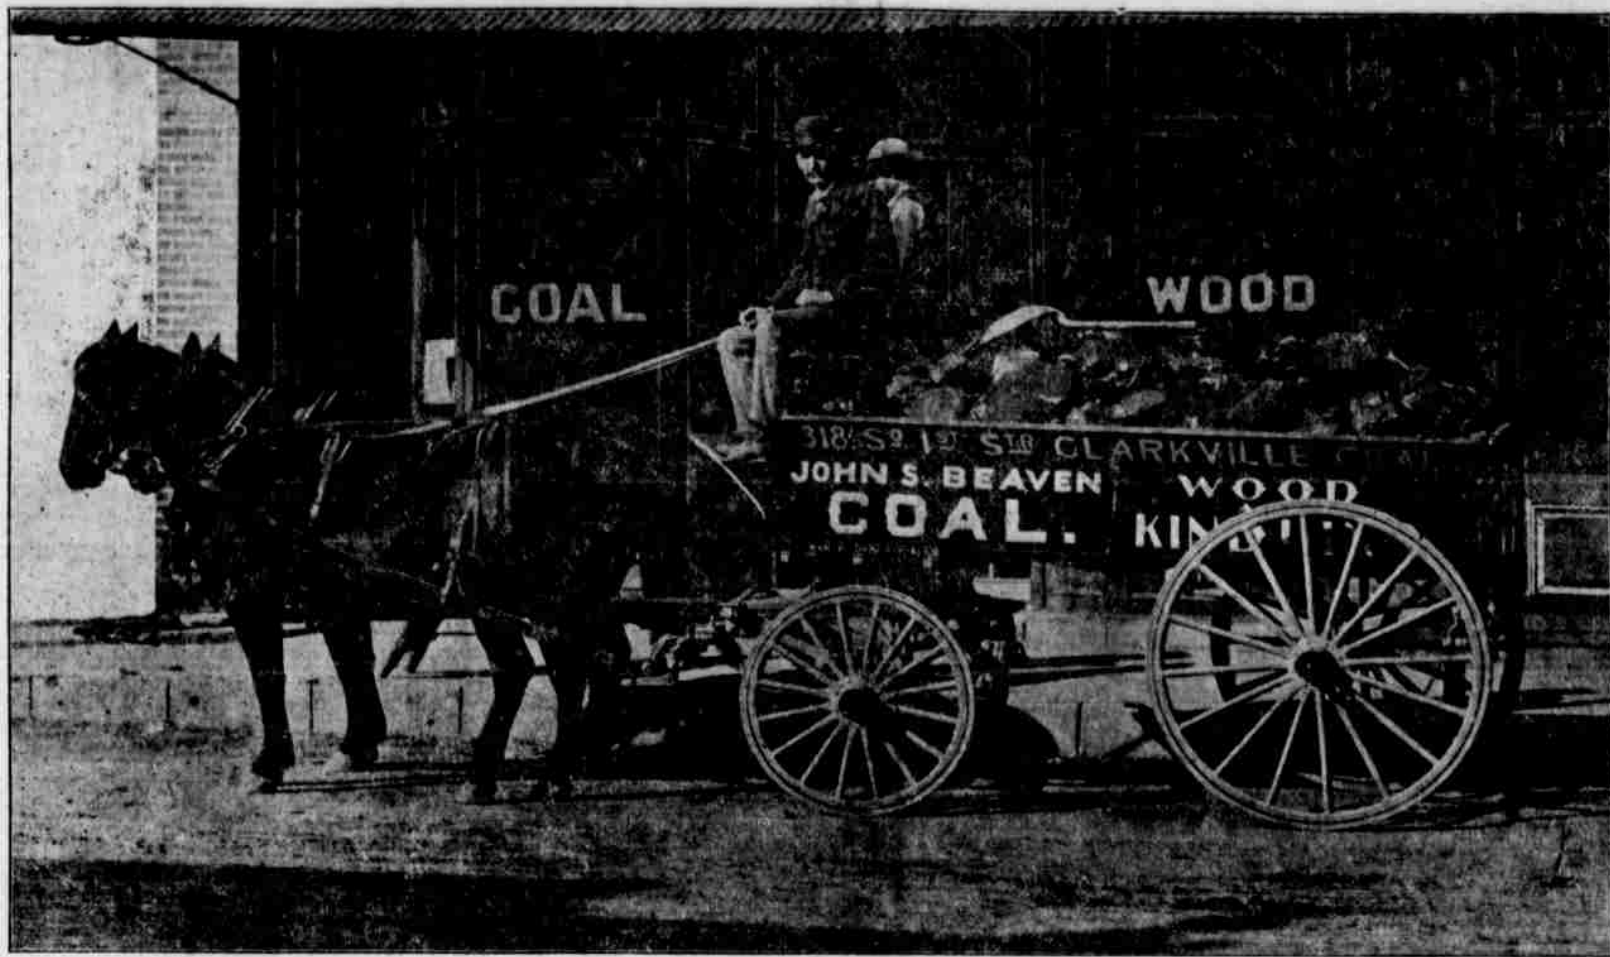

Special to The Citizen.
Silver City, N. M., Feb. 7.—James S. Carter, one of the most prominent business men in this city, and who has for a number of years been assistant cashier in the Silver City National bank, died at his home late this afternoon of pneumonia. The deceased came to this city in the early 80's from St. Louis, being troubled with weak lungs. He leaves a wife and two children.

KANSAS COURT DECISION.

Topeka, Kan., Feb. 8.—The supreme court today decided that Governor Stanley has the right to appoint successors to those district judges whose terms expired recently, as provided by the new biennial election law. The decision was rendered on a test case brought by the attorney general.

ADMIRAL SCHLEY.

Washington, Feb. 8.—Admiral and Mrs. Schley arrived this morning from a western and southern trip. The severe cold from which the admiral has been suffering was greatly improved.

CLARKVILLE COAL AND WOOD YARDS.—JOHN S. BEAVEN, PROPRIETOR.

CITY COUNCIL.

Special Committee Make Report on the Viaduct.

EDITH STREET GRADE.

A special meeting of the city council was held yesterday afternoon to hear the report of the special committee appointed to inspect the viaduct.
The following report was submitted and read:
To the Honorable City Council of Albuquerque:
Your committee, to whom was referred the question of examining the viaduct and report as to its present state of completion, report as follows:
We find that the walk on the south side of the viaduct is not sufficiently protected for a space of more than twenty inches between the floor and the first board of the railing on the south side of the wall. We consider the walk in this condition, absolutely dangerous to children crossing the viaduct.
We find also that the contractors did not cover the approaches to the viaduct with adobe, and that this was done by the city, and that the reasonable cost of such work is \$1 per load, and that the number of loads of adobe used were fifty-six, making a total on this account of \$56.
We recommend that the brackets for the rest of the walk be provided with proper holes for fastening on another board, so as to fully protect persons crossing from the danger of falling through, and this should be called to the attention of the proper persons.
The walk not being completed to the end of the approaches causes a very great inconvenience to the citizens, and we recommend that this work be completed and the stairway at First street and on the east of the right of way of the railroad company be erected at the very earliest practicable moment.

JOHN S. BEAVEN,
A. B. McMILLEN,
G. W. HARRISON.

It was moved and seconded that the report be accepted. Motion carried.
A request through Alderman Beaven, from the Santa Fe Pacific roadmaster, was submitted to the council, to the effect that the roadmaster be allowed to take up a track across Railroad avenue and relay it in another place.
The council assented on condition that the track west of the old depot be removed and the track referred to by the roadmaster be laid east of the new station.
Alderman Beaven asked permission for two extra teams for three days to work on the grade on Edith street. The permission was granted.
The council then adjourned.

A SURPRISE TO MR. MOHLMAN.

The Arion Mandolin club surprised Fred Mohlman at his home on the Highlands in a very agreeable manner last night. Mr. Mohlman's twenty-fourth birthday was the cause for the occasion. The club met at the home of Miss Maude Hill on South Edith street and proceeded in a body to Mr. Mohlman's home on South Third street. The surprise was complete, and after a number of musical selections, both by club and individuals, delightful refreshments were enjoyed. When the well filled baskets were brought forth Mr. Mohlman's astonishment was greater than ever before. As a souvenir of the occasion the club presented the host with a volume of Churchill's most popular novel, "The Crisis." Besides the club only a few of Mr. Mohlman's most intimate friends were present.

The flyer was held at the depot this morning forty-five minutes while new trucks were put under the compositor buffet car.

THE BROWN PALACE.

Court Decision Gives the Hotel to the Children.
Denver, Colo., Feb. 8.—In the county court Judge Lindsay handed down a decision in the celebrated contest over the estate of Jane C. Brown, to the effect that the estate cannot be held for the individual debts of Henry C. Brown. The effect of the decision is to save the Brown Palace hotel for the children of Mrs. Brown.

Miners' Wages Settled.
Indianapolis, Feb. 8.—The joint conference of miners and operators ratified the old agreement today without a dissenting voice.

PROTECTING THE PRESIDENT.

Minority Report on the Bill Against Assault and Conspiracy.
Washington, Feb. 8.—Representative Lenham, of Texas, democratic member of the house judiciary committee, today presented a minority report on the bill for protection of the president against assault and conspiracy, while agreeing with the idea that the United States should not be made the asylum for anarchists and those who oppose organized government, yet he dissented from giving the president protection not accorded other citizens. He holds that the states should deal with the subject and this federal law probably would magnify the importance of assassination in the distasteful fancy of those seeking to destroy rulers.

A Wonderful Memory.

It has turned out that The Citizen's interview with Al. Coleman yesterday on the pedigree of "Cherokee Dora" was plagiarized—that is, Col. Coleman had read the article in an Oklahoma paper some months ago and memorized it, with all its paragraphs, commas and periods (remarkable, eh?) almost as remarkable as the Clayton special dispatch in Friday morning's Journal-Democrat, and when he met The Citizen representative, with City Marshal McMillin, he naturally unloaded himself and told all about the female terror who had but recently shot up Santa Rosa and other towns along the Rock Island-El Paso railroad. The Citizen representative has known Col. Coleman for many years, knew that he possessed a wonderful memory, but must admit, although no tenderfoot, that his gigantic imaginations this time fairly mystified the newspaper editor and his friend, Marshal McMillin; hence the publication of "Cherokee Dora's" pedigree.

Good reading, wasn't it, a little bit better than the count's "special" from El Paso, which appeared in the Journal-Democrat yesterday morning, and which, to be fair and honorable, ought to have been credited to one of the El Paso papers, the Times for instance.

It is quite noticeable to the newspaper readers of this city that the A. A. Grant estate, owners of the Journal-Democrat and other high priced corporations, will find it a hard task to keep its new editor, new manager and new office boy in line.

Obituary Speeches.

Washington, Feb. 8.—The house laid aside public business today to pay tribute to the memory of the late Representative Robert E. Burke, of Texas.

INTERESTING RELICS.

Found by a Son of Clark Rogers in the White Water Mountains.

DISCOVERED A CAVE.

Clark Rodgers, the ranchman of Lone mountain, was in the city Wednesday and reports an interesting discovery of relics in a cave in the White Water mountains, says the Silver City Enterprise. The find was made by his son, Roscoe, who was out hunting near some steep cliffs in the mountains Tuesday, and accidentally discovered an opening in the rocks, which boy-like he proceeded to investigate. After pulling away some scrubby and stones, there was revealed to him a good-sized opening which to less observant eyes would have never been noticed, so completely had it been grown over. The floor of the cave was well covered with a varied assortment of Spanish and Indian relics including several old Spanish saddles, bridles, bits and augers upon which were engraved the names of their Spanish makers; a number of bows and arrows; the arrows still retaining their steel points covered with a red rust which showed that they had served their owners only too well. A powder horn in a good state of preservation was also found lying among the bows and arrows, such is the irony of fate. The stirrups in the saddles were of the finest carved wood and well preserved, while the leather, although badly decayed, showed that it also had been beautifully carved. The entire riding outfit was probably that of some Spanish officer. Laying alongside the relics and stretched at full length on the floor was the skeleton of a human being, which from the high cheek bones, was undoubtedly that of an Indian uprising in 1680, when they attacked the Spanish mines at Santa Rita and caused them to erect the rude adobe fort, portions of which can still be seen at that interesting camp.

ALASKA CASE.

Attorney General Gives Hearing to the Contempt Case.

Washington, Feb. 8.—Attorney General Knox today gave all day to hearing the case of Judge Noyes, of Alaska, recently convicted of contempt by the United States circuit court of appeals of San Francisco. The object of the hearing is to determine the propriety of removing Judge Noyes from the Nome district judgeship. Counsel representing interests opposed to Noyes, ask his removal upon grounds of incompetency and unjudicial conduct. The attorney general's findings will be submitted to the president within the next week or two.

Water Struck.

Paul B. Perkins, the Chicago engineer, who has been experimenting on a tract of land seven miles below, on irrigation by the underground flow of water of the Rio Grande, has at last struck a flow of water, at a depth of 257 feet that he thinks will prove satisfactory.

This is the third well put down by Mr. Perkins in the same vicinity, but the first two were not strong enough to do the work expected. A compressed air pump will be used to bring the water to the top of the ground and the experiment will be watched with interest, for should it prove a success it means much to the farmers, who have been depending on the surface flow of the river for irrigating their crops.

SANTA FE FRUIT CONTRACT.

Kansas City, Feb. 8.—Rhoda Taylor has made written confession to the police of Argentine, Kan., today, that Noah Long, aged stonemason, who disappeared mysteriously a week ago, was robbed and his body thrown into the Kaw river. Long had drawn \$210 pension from a bank on Thursday. He visited a saloon in Argentine that night. During the evening, the woman declares, Henry Donohue and James Goff robbed the old man and then compelled her to start with him across the bridge over the Kaw. In the middle of the bridge, she asserts, they seized Long and ordered her to hurry on. A moment later she heard a splash, she says, and knew that they had thrown him into the water.

Attempted Bank Robbery.

Lancaster, Pa., Feb. 8.—Early today an attempt was made to rob the Gap National bank of Gap, Pa., sixteen miles east of this city, ending in a lively exchange of shots between the town's watchman, David Stamix, and the burglars. At least one of the burglars was wounded. They escaped, but without any booty.

One of the supposed robbers was arrested at Parksburg. He has a bad wound in the face.

LITTLE ROOSEVELT.

Bulletins About the Sickness of the President's Son.

Washington, D. C., Feb. 8.—President Roosevelt has received a telegram this morning from the physician at the Groton school, informing him that the condition of his son, Theodore, Jr., was unchanged last night.

PRESIDENT ABANDONS TRIP.

Washington, Feb. 8.—The following statement was issued at the white house at noon:

"The condition of the president's son is favorable. The doctors say that the president should not go to Charleston, as any time within six days the disease may take a sudden turn for the worse. The president also is asked not to go to Groton, as his visit might excite the boy, who is not in immediate danger."

The president has abandoned his trip to Charleston.

TOADYING TO THE KID.

Groton, Feb. 8.—Mrs. Roosevelt arrived here at 10 o'clock today.

An attempt was made to obtain from Mrs. Roosevelt a statement regarding the illness of young Theodore, but through President Peabody she declined to depart from the course approved by President Roosevelt. According to this plan all necessary information concerning the lad's condition will be transmitted to President Roosevelt, who will determine what news shall be given to the public.

CANCEL CONTRACT.

Santa Fe Company Will Not Use Armour's Fruit Cars.

Chicago, Feb. 8.—The management of the Santa Fe has decided not to renew the contract with the Armour Fruit Car line when it expires next spring, says the Record-Herald. The company has been engaged several months in building fruit cars and by the time of the expiration of the contract will have between 4,000 and 4,500 cars ready.

Chong Lee Entertains.

Chong Lee, proprietor of the C. O. D. laundry, on South Second street, is the fashionable Beau Brummel among the Chinese of this city, in fact, he is the "cereme de mence" among the pigtail, and he lets them know that he is "huono." Yesterday was the New Year among the Mongolians and the local Chinamen celebrated the event in fair style. A number called at Chong Lee's place last night, and Chong was prepared to meet them. He treated his Celestial friends in a loyal manner, and toasted them to everything eatable, except rats, which, while a favorite dish in China, has been discarded by the Chinese of this country. Today, Chong Lee announces that his celebration was on the elite order, and strictly a "400" entertainment.

surviving wounded, were 5,240 officers
and 109,791 men.

BIG COUNTRY.

The New York Sun's geographical
editor figures out that with the Dan-
ish Islands added, our possessions will
extend nearly half way round the
globe, lacking only about 100 miles.
The Danish Island of Santa Cruz is
further east than any piece of Ameri-
can territory, being 64 degrees, 34 min-
utes west of Greenwich, while the Phil-
ippine Island of Balabac, just across
the straits from Borneo, is 117 degrees,
3 minutes east of Greenwich. This
gives a stretch of 178 degrees and 23
minutes, or about 12,000 miles.

REDUCE THE TARIFF.

The abnormal earnings of the steel
and iron industries, resulting in the
wholly unnatural enrichment of the
comparatively few men who control
the business in this country, have
awakened not only western republi-
cans, but also a great many eastern
representatives of the party to the ab-
solute necessity of doing something to
check this menacing concentration of
wealth. In addition to the flagrant dis-
crimination involved in federal pro-
tection of this kind—a protection that
is no longer needed as a check on for-
eign competition—there is the greaterand more far-reaching duty to the peo-
ple at large, the users of the commo-
dities furnished by the steel and iron
combinations. In this one instance, at
least, the country finally realizes that
the people should have the benefit of
such reduction in prices as legitimate
competition would bring.

INVENTIVE PEOPLE.

The year 1901 was a record breaker
in the patent office, according to the
annual report submitted to congress
by the commissioner of patents, Fred-
erick Allen, says the Washington
Times.The number of patents issued was
27,373, the largest annual output in the
history of this department. The issue
of certificates of registration of trade
marks, prints and labels, was also un-
precedented, numbering 2,955.The cash receipts of the office during
1901 were \$1,449,398.16, exceeding that
of any previous year by nearly \$100,-
000. The expenditures for the year
were \$1,297,387.64, leaving a surplus of
\$1,522,010.52.

DELEGATE RODEY'S PLEA.

The Denver News says that the
speech of Delegate Rodey before the
republican house caucus was an elo-
quent and logical plea for statehood
for New Mexico. It is nearly fifty-six
years since Brigadier General Kearney
achieved the conquest of New Mexico,
and by military proclamation declared
it annexed to the United States. It is
fifty-four years since that act was con-
firmed by the treaty of Guadalupe
Hidalgo, which ended the war with
Mexico, yet the territory of New Mex-
ico remains out of the union. It is im-
possible, and for two decades has
been, to assume the responsibilities of
statehood. It contains more than the
average population of other territories
when admitted as states; its people
are intelligent, industrious, well or-
dered, law abiding and patriotic; it
possesses various resources whose de-
velopment will be quickened by the
gift of local self-government; its ad-
vantages of schools, churches and all
the better elements of civil and social
life lift it to a high plane of civilization
and yet the United States congress
refuses to perform its plain duty to
nearly 300,000 brave and patriotic
American citizens. It is an outrage on
the name of free government, and on
the American reputation for justice
and fair play. New Mexico, Arizona,
Oklahoma and the Indian Territory
should all be erected into states before
the centennial year of the Louisiana
purchase.

STATEHOOD FOR TERRITORIES.

The Denver Republican voices the
sentiments of the people of the west
by saying that whatever else the pres-
ent congress may do, it should pass en-
abling acts for the territories of New
Mexico, Arizona and Oklahoma. In
the case of the latter the new state
should be organized apart from the In-
dian Territory. The people of the In-
dian Territory are not ready for state-
hood. Those of Oklahoma are.New Mexico has been an organized
territory for fifty years, and Arizona
has been in that class for the greater
part of that time. Oklahoma, although
younger, has so large a population and
it has been settled by so intelligent and
energetic a people that there can be
no question concerning its fitness for
the duties and responsibilities of a
state government.To keep these three territories out
any longer is to treat them with in-
justice, for which no opponent of state-
hood can give an adequate excuse. The
people desire to organize states, and in
each case they would do so promptly
if congress would withdraw the au-
thority of the federal government. They
have sufficient taxable wealth to en-
able them to maintain state govern-
ments, and if they were admitted this
wealth would be greatly increased
through the settlement of new people
and increased investment of outside
capital.Under the circumstances there
should no longer be any objection to
the passage of an enabling act. No
great national question is before the
public concerning which the inhabitants
of any of these territories are arrayed
against the sentiment of the east. To
some extent this obstacle may have ex-
isted in respect to New Mexico and
Arizona when the financial question
was a great national issue. But that
is the case no longer, and no man in
the east can find an adequate excuse
for opposing the entrance of the pro-
posed states.To further exclude these territories
would be an act of injustice which
should be condemned by every right
thinking man and woman in the United
States.

OFFICIAL MATTERS.

Notary Public—Territorial Funds—
Insurance Company Bonds.

NEW INCORPORATION.

Governor Otero appointed Will H.
Ungles, East Las Vegas, San Miguel
county, a notary public.

TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn
received from John C. Spears, treas-
urer and collector of McKinley county,
taxes 1900, \$13.56; taxes 1901, \$87.24.
From Charles K. Newhall, collector
ofernalillo county, taxes 1900, \$794.36;
taxes, 1901, \$869.78.

TREASURY RECEIPTS.

The following public funds were re-
ceived by the territorial treasurer:
Sale of one copy of the compiled laws,
\$8.50; interest on territorial deposits
with banks, \$24.87. The income from
territorial deposits in the several
banks of the territory amounts to over
\$300 per month and is quite a little
revenue in itself.

HAVE TO DEPOSIT BONDS.

There are several insurance com-
panies who now have on deposit with
the treasurer of the territory, as re-
quired by the territorial law, capital
contingency bonds. The treasury has
funds on hand to redeem these on
April 1 and when that happens the in-
surance companies will have to deposit
collateral in lieu thereof. The
treasurer expects to be able on April 1
to redeem \$30,000 worth of these
bonds with interest which will be due
on them at that time.

INCORPORATION.

The following articles of incorpora-
tion has been filed in the office of the
secretary of the territory: American
Gold Mining company; capital stock,
\$5,000,000, of 5,000,000 shares at \$1
each. Incorporators, Andrew T. An-
derson, of Hersher, Ill.; George J. Mon-
roe and Robert C. Sturgeon, of Chi-
cago, Ill.; J. M. Rice and Miner D.
Gaylord, of Lincoln county, N. M. Pur-
pose of incorporation, to lease, bond,
buy, or otherwise acquire mining prop-
erty, mining claims, with mill-sites,
tunnel-sites and water rights and gen-
eral business of mining. Board of five
directors selected from stockholders.

The Senators and Owls bowl this evening. The score will be published next week.
Dr. Radcliff spent the past two days in Albuquerque.
Miss Frances Graves will spend Saturday and Sunday in Albuquerque.
Many people are afflicted with hard colds, but we hope the pleasant weather we are enjoying will have a tendency to stop the epidemic.
Mrs. P. Hatle's sister, Mrs. Oyster, of Wisconsin, thinks there is no place like New Mexico for sunshine, and no place like Belen for a good time.

He Recommends Chamberlain's Cough Remedy.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitation in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

SILVER CITY.

Special Correspondence.

Silver City, N. M., Feb. 7.—Active mining operations are being commenced in the Burro mountain district by the operators in that section, since the price of copper has taken some decided jumps upward. The Burros contain some vast bodies of low grade copper ore which can be worked at a good profit at 14 cents or in other words, about \$2 a unit.

The owners of the Sampson mine in the Burros have commenced the erection of a concentrator near their mine, which, when completed, will greatly cheapen the cost of milling their ore. This will enable them to work all their low grade stuff through the concentrator and the high grade will be shipped to the Silver City smelter.

Although the closing down of the Hearst properties at Pinos Altos put a damper on the mining activity of that famous gold camp numerous independent operators are working properties in and around the camp and meeting with great success.

The contract for the building of the

new Methodist church in this city has been let to a builder here and the work will be commenced right away. The plans call for an edifice that Silver City will be proud of.

John Brockman, a former business man of this city, who recently made a fortune in Arizona mines, was a visitor in town yesterday on business matters.

An old cave was discovered in the vicinity of the White mountains last week by some young boys while out hunting, in which was found a skeleton of an Indian and numerous old bows and arrows, old saddles, etc., which from appearances, must have been in the cave for hundreds of years.

It is reported in this city that C. L. Ashton, a well-known mining man, will be appointed by Ben Daniels, Chief States marshal of Arizona, as his chief deputy.

Roy Bayne, one of Silver City's boys, who has been crippled most of his life, being unable to use either of his legs, returned from New York Friday, where he had been operated upon by some celebrated specialists, and coolly walked off the train after having been forced to walk upon his knees for about ten years. Roy has always been a favorite with residents in this city, and the wonderful cure made every one happy who knows him.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1895 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

A Thousand Dollars Thrown Away.

Mr. W. W. Baker, of Plainview, Neb., writes: "My wife had lung trouble for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks be to this great remedy, it saved her life. She is stronger and enjoys better health than she has ever known in ten years. We shall never be without Foley's Honey and Tar and would ask those afflicted to try it." Sold by Alvarado Pharmacy.

BERNALILLO.

Special Correspondence.

Bernalillo, N. M., Feb. 7.—Lorenzo Duran, one of the oldest Indians of the San Felipe pueblo, about twelve miles north of here, died about eight days ago. He was known as an exceptional character of honesty and general good character.

Excitement on the main street of Bernalillo was caused by the runaway of some horses hitched to a wagon, which was loaded high with merchandise. The wagon belonged to Mrs. Weynert, storekeeper at Sandoval. The driver fell from his seat but escaped injury. The horses ran for about two miles and were stopped by Alejandro Nieto, without much damage being done.

Mrs. Francisco C. de Baca is on the sick list. Dr. Lund is attending her. We are expecting to hear some important news from the Sandia mining district soon. There are rumors of some good prospects of ore being located.

J. Bibb was in Albuquerque Thursday visiting friends.

I. Freudenberg shipped a carload of copper bullion to New York for the Jura Trias Copper company.

Antonio Montoya is the proud father of a baby boy born a few days ago.

Ambrosio Lucero lost a child by death last Sunday.

R. Putney spent Thursday in town looking after his mill. He is shipping away a great many carloads of flour. His new large warehouse will be finished in a few days.

P. Magee, representing the Morey Mercantile company, of Denver, Colo., visited Bernalillo on Thursday selling goods.

About 12 o'clock Sunday night many of Bernalillo's people were awakened by the report that Mr. Montoya's barn was on fire. I. Freudenberg lost a great quantity of alfalfa hay which had been stored there and was but partly insured. Mr. Hunter lost a large quantity of tobacco, covered with some insurance also. The embers are still smoldering away. Mr. Montoya feels keenly the loss of his barn.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction, 50c, \$1.00. Trial bottles free.

LETTER TO MOTHERS.

By Mrs. J. H. Haskins, of Chicago, Ill., President Chicago Arcade Club.

Comforting Words to Women Regarding Childbirth.

All who are at all familiar with social life at the southside of Chicago know well the Arcade Club, and will tell you that it is one of the largest and most influential clubs in Chicago. It can be readily understood, therefore, that such a prominent woman as the head of this club could have only one object in view in allowing her portrait and letter to be published in connection with any medicine, and that is, to do good to other suffering mothers. Well does Mrs. Haskins know that there are thousands of women who dread the period of childbirth; thousands who are prostrated right unto death at the birth of each child, and for months afterwards are weak and miserable, and almost courting death as a relief from suffering.

A capable mother must be a healthy mother. The experience of maternity should not be approached without careful physical preparation. Care and careful counsel is what the expectant and would-be mother needs, and this counsel she can secure without cost by writing to Mrs. Pinkham at Lynn, Mass.

Thousands and thousands of women have been carried through this trying ordeal safely and comfortably by a faithful reliance upon Lydia E. Pinkham's Vegetable Compound, and Mrs. Haskins generously loans us her name and portrait to help us to convince all skeptical women that health and happiness abounds in Lydia E. Pinkham's Vegetable Compound.

MRS. J. H. HASKINS.

President Chicago Arcade Club, Chicago, Ill.

"DEAR MRS. PINKHAM:—Mothers need not dread childbearing after they know the value of Lydia E. Pinkham's Vegetable Compound. While I loved children I dreaded the ordeal, for it left me weak and sick for months after, and at the time I thought death was a welcome relief; but before my last child was born a good neighbor advised me to try Lydia E. Pinkham's Vegetable Compound, and I used that, together with your Pills and Sanative Wash for four months before the child's birth;—it brought me wonderful relief. I hardly had an ache or pain, and when the child was ten days old I left my bed strong in health and happy in mind. Every spring and fall I now take a bottle of Lydia E. Pinkham's Vegetable Compound and find it keeps me in continual excellent health; \$2 or \$3 a year keeps me well and strong."—Mrs. J. H. HASKINS, 3248 Indiana Ave., Chicago, Ill.

"She is a Pinkham Baby."

"DEAR MRS. PINKHAM:—I cannot thank you enough for what you have done for me. I wrote you some time ago about not being able to go my full time during pregnancy. Now, after taking the treatment you advised, we have a dear little girl baby, the joy of our home. I tell my friends she is a Pinkham baby, for had it not been for Lydia E. Pinkham's Vegetable Compound we never could have had her. My health is good, thanks to your medicine."—Mrs. HARRY RUBY, Urbana, Iowa.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letter, are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

UNIVERSITY NOTES.

The Athenaeum are planning a very interesting program for Washington's birthday.

Miss Brewer and Miss Craig are both progressing very nicely with their work at the model school.

Miss Lillian Huggett has been chosen editor of the *Mirage* for the remainder of the year, as Miss Tway's studies became too heavy for her to continue the *Mirage* work.

The Athenaeum elected officers for the second semester as follows: President, Thomas Keleher, Jr.; vice president, Miss Craig; secretary, Miss Brewer, and treasurer, Bruno Diekmann.

We enjoyed a visit today from Miss Freca Barth, a last year's student. She has been traveling in California and elsewhere, and although she will change her name before long, Miss Barth declares lasting allegiance to the University of New Mexico.

Invitations have been issued to the normals and freshmen for a St. Valentine's court to be held next week, Friday, from 6 to 10, at Prof. and Mrs. Hodgins' delightful home, "Casa del Mesa." The invitations are very unique in themselves and a jolly time is in prospect for the Hodgins' are royal entertainers.

On the 20th President Tigh has secured a very fine lecturer and demonstrator on liquid air, Prof. Patty, who will give a talk on the subject with some excellent experiments at Colombo hall. The lecture will be a very fine one and all interested in the cause of science should avail themselves of the opportunity of hearing Prof. Patty. The students of the University and High school expect to attend in large bodies.

Joints Like Rusty Hinges

are among the consequences of rheumatism. The sufferer can move knees and elbows, but the effort makes him wince. He rejoices when a good rubbing with Perry Davis' Painkiller drives the stiffness out and brings the freedom of motion back. No wonder our grandfathers believed heartily in this beneficent liniment. There is but one Painkiller, Perry Davis'.

Election Contests Decided.

Judge W. J. Mills has decided the Union county election contests. His honor decided in each case in favor of the defendants. The suits were styled as follows: Leandro M. Gallegos vs.

Salome Garcia, sheriff; A. C. Miera vs. Jose Merced Gonzales, county clerk; Julio Lobato vs. Sylvester Torres, probate judge.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

A FINE CONCERT.

such Was the St. John's Entertain-
ment Last Night.

The concert at Grant hall last evening for the benefit of St. John's choir was a most notable success, financially and musically. All the seats had been filled long before the program began.

The opening number was a piano duet by the Misses Vann and Powers. They are pupils of Mrs. Himoe and did credit to the excellent training they have received.

The next number was a vocal duet, sung in Italian, by the Misses Heimbeck and Renison. It was well rendered and the blending of the two voices was most pleasing.

Owing to illness Mr. Nettleton was unable to sing his solo and due to it. It was a great disappointment to all.

The third number was the feature of the evening, artistically speaking, Miss Heimbeck rendered the famous aria from the Barber of Seville, by Rossini, in a most beautiful manner. Although suffering with a bad cold, her high soprano voice was very sweet and clear. We rarely find singers who attempt the arias from the old Italian operas, but when one does, it is a treat long to be remembered. Miss Heimbeck responded to a hearty encore with Nevins' Rosary.

W. W. Howell, who has a fine bass voice, sang most beautifully "The Mighty Deep," by Jude. The audience longed to hear more of his voice, but he could not be induced to respond to the encore.

Miss Richmond next rendered, Mascagni's "Ave Maria," and Dennee's "Lullaby" in her usual charming manner. Her voice was very sweet and pleasing. Prof. De Mauro's obligato to the first number was an exquisite addition to the number. Miss Renison responded to an encore by singing a dainty song entitled, "Daisies," by Hawley.

Miss Powers next pleased the audience in a splendid rendition of "Odetta," by Bonn.

Miss Heimbeck sang the beautiful spring song by Reinecke with violin obligato in her usual artistic style.

Mr. Howell next sang "Love's Sorrow." The beautiful ballad was very well sung. Mr. Howell was a favorite last evening. The last number was perhaps the most enjoyed by all. This was a ladies quartet, pupils of Miss Heimbeck, with a four-hand accompaniment. It was a brilliant number and showed study.

The Misses Heimbeck and Renison managed all the details of the whole affair, and to them belongs most of the credit of the affair. Mrs. Himoe and Miss Pratt deserve much credit also. In a song recital like this one, the accompanists play a most important part. Professor De Mauro, too, assisted most kindly.

MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, Feb. 8.—The market at the opening was steady but not very active. Later some good buying orders appeared and prices advanced somewhat. The bank statement which was not good, caused a great deal of selling and prices broke, but this did not last long. Talk generally bullish and traders predict higher prices.

GLOBE SIGHTS.

From the Atchison Globe.
Never consult two people about one horse trade.

If whisky throws other people, it will throw you.

Every one thinks that he is not gossiping; that he is simply talking. Some people keep up a bluff so long they can't shake it after the cause is gone.

Of course you don't know much, but how you hate to have people check you up.

Surgery occasionally wins; but it fails often enough to warrant close watching.

A man never knows how much attention he can attract until he comes down street limping.

A woman always refers to her physician as "Doctor." A man always calls him "Doc."

An Atchison man has his conscience so educated that whatever suits him, suits his conscience.

After a man passes forty, the people are terribly interested in learning if he has made out his will.

An Atchison girl who lately married a "good man," already has her mother and sister living with her.

When a dressmaker gets a perfect fit in a garment, the woman wearing it claims she charged extra for it.

If a man is satisfied when his wife's mother has come to live with them, it is a pretty good sign she has money.

Every druggist knows how to make something that is better, in his judgment, than some articles that have made fortunes.

We imagine that marrying a widow must be a good deal like eating cold pancakes; and, if she is a grass widow, they are spread with cold gravy.

"That girl," a man said today, "always attracts my attention." "Why?" a friend inquired. "Because she wears her rainy day skirt so short," was the reply.

When a sick woman refuses to try

the medicine her friends suggest, they begin to calculate how soon she will die, and what they will wear to the funeral.

Strong Institution.

The Co-Operative Building and Loan association of Albuquerque has declared a dividend amounting to about \$16,000, the warrants to be issued this week. The association has been in existence almost fifteen years and during that time has paid its stockholders about \$400,000 in dividends. The present officers of the association, as announced the other day in The Citizen, are as follows:

J. C. Baldridge, president; D. Weinmann, vice president; M. W. Flournoy, treasurer; C. A. Kaseman, secretary; Charles Masard, F. L. Pearce, Frank McKee and W. W. Strong, directors.

There is no fool like an old fool who marries a young fool.

Time and tide wait for no man—and a woman is always behind time.

Probably love makes the world go round because it is so cranky.

When it is silk with the wife it is apt to be silk with the husband.

Disinterested enthusiasm is a good thing if a man knows how to work it.

A woman can talk without thinking, but she can't think without talking.

More sweet girls begin to ferment shortly after the wedding takes place.

It is usually money in your pocket if you avoid meeting the individual who is a hall fellow well met.

Only a man's fool friends will refuse to allow him to use his own judgment as to whether he wants a drink or not.

This is supposed to be an age of intellectual improvement, yet there are people who still believe that saucers were made to drink out of.

HERO'S WIDOW IN POVERTY.

Mrs. Jessie Benton Fremont Is Aged, Poor and Infirm.

Mrs. Jessie Benton Fremont, daughter of Thomas Hart Benton, Missouri's greatest statesman, widow of General John C. Fremont, "The Pathfinder," is ill and needy in her home near Los Angeles, California, notwithstanding the fact that the government of this great country owes her something like \$50,000. For nearly forty years the Fremont claim for this money has been before the government. The justice of the claim is admitted by all who have looked into it, but the claim department of the government moves slowly and ponderously, like the chancery court of England, ridiculed by Dickens in his story of "Bleak House," and the case of Jarndyce vs. Jarndyce. General Fremont died before his claim received anything like just recognition and the widow may die before it is settled. The story of the claim in brief is:

In 1860 General Fremont bought land at Point San Jose on the Bay of San Francisco, paid \$40,000 for it and built a house on it. In 1863 the government seized the land and built fortifications upon it. It is yet used by the government for military purposes. The government never paid General Fremont for the property and all these years the claim has been pushed vigorously. A leading title guaranty company of San Francisco says that the legal title to the land rests in Mrs. Fremont and the legislature of California adopted a joint memorial and resolution recently asking congress to pay her for it. Representative Baird, of California, has introduced a bill in this congress providing for her reimbursement, but there are so many important things to be settled by this congress during its short session that it is doubtful if the Fremont claim is reached at all.

James B. Colton of this city is a warm friend of Mrs. Fremont as he was of her husband. He visited her last winter at her home. Mr. Colton was one of the pioneers of California of '49. He wrote recently to President Roosevelt outlining the Fremont claim and asking him to aid her in any manner he deemed best. Mr. Colton received a letter in reply from the president's secretary, which said, among other things:

"The president has already made inquiries concerning the matter, and is informed that the land in question was forcibly taken possession of by the commanding general of the department of California in 1863. Mrs. Fremont's tenant being ejected and was used for the construction of harbor defenses. While the matter does not come within the duties of the executive department, the president is informed that a bill is now before congress claiming \$50,000 for the widow of General Fremont. Should this come before the president for his official action it will have his careful consideration."

Mr. Colton wrote to Mrs. Fremont inclosing a copy of the president's letter, and asking what progress was making in the erection of a statue of her husband by the California Pioneers' society of New York. This statue was designed by Mrs. Clio Hinton Hunaker Bracken and was to stand near Grant's monument on the banks of the Hudson. Mrs. Fremont wrote last week in reply to Mr. Colton:

"I answer your letter at once, for it interests me greatly, although this is one of my bad days from rheumatism in my hurt leg. I ask briefly, therefore, and ask your kind excuses for seeming abruptness. First, I thank you heartily for your most kind letter to the president."

"As to Mrs. Bracken, I have not heard from her, not now, nor never. She thought apparently that her genius could construct a man who would meet the requirements of a portrait statue entirely unbiased by any evidence. She has never seen even a photograph, I should judge. My old friend, Mr. Whitton, sent me a photograph of what she calls a statue, a short, well fed man, shading his eyes with his hands. For a man of 5 feet 10 inches, meeting all sorts of privations until he looked disembodyed, as my mother said, this is a cardinal deviation from truth. Mrs. Bracken has never in any way consulted me. Myself, I should be really sorry to have her in any way concerned in the general. I understand his grave is quite overgrown with weeds and brambles."

"You saw my helpless state last year. I am as helpless now as I was then and need a skilled nurse. I have no money to attend to his grave. The general would be the last person to allow me to neglect the living for the dead. But if I get repayment for my property then I intend placing there a simple slab with:

CITY PUBLIC SCHOOLS, OF ALBUQUERQUE.

Previous to the year 1891 there were no public schools in this territory. During that year, however, the legislature passed a public school law which provided for the levying of a special tax for school purposes. The maximum amount was 5 mills on the dollar in cities and 3 mills on the dollar of taxable property in the country.

Albuquerque was not slow in taking advantage of this opportunity, and in the fall of that year the first public schools were opened in rented buildings, under the efficient supervision of Prof. C. E. Hodgkin, who is now at the head of the normal department of the University.

From the very beginning the schools have had a steady growth. This has been due to the fact that the city has been very fortunate in always having wide awake and progressive men on the board of education who were constantly striving to better the condition of the schools. The excellent condition of the schools at present is due largely to the earnest effort of the members of the board, both singly and collectively. In choosing teachers and in providing buildings and other facilities good judgment has been shown and everything has been done on business principles.

There is no more important position in the city government than that of

have to be a greater income or else the schools would be materially crippled.

L. G. Lenker is principal of the high school with Miss Mabel Anderson, assistant principal; Mrs. O'Connor Roberts, Spanish; Mrs. LaBar and Miss Ella Coltrane, eighth grades, and Miss Edith Stevens and Miss S. E. King, seventh grades.

At the First ward, Mrs. T. I. Butts is principal, Miss Elizabeth Willey, second grade; Miss Lucy Hazedine, third and fourth grades, and Miss Maud Custers, fifth and sixth grades.

Charles F. Nicholson is principal of the Second ward, Miss Elizabeth Hughes has the third and fourth grades, Miss Catherine Adams, second grade, and Miss Lillie Keepers, first grade.

William K. Preston has the fifth and sixth grades and is principal of the Third ward, Miss Jessie McMillan is in the third grade, Miss Mabel Fitch, fourth grade, Miss Edith Niles, second grade, Miss Ida Elder and Miss Katherine Wilson each have a first grade.

The teacher of the fifth and sixth grades in the Fourth ward is Miss Elizabeth Shimer, who is also principal of the building. Miss Daisy Poyas has the third and fourth grades, Miss Ellyth Everitt, the second grade, and Miss Margaret Newman, the first grade.

Miss Coltrane has the model school

CENTRAL PUBLIC SCHOOL.

member of the board of education. In view of the fact that the spring election is near at hand, it is to be hoped that the different parties will nominate only good men for this board, or better still, that a non-partisan board could be elected.

At present a majority of the teachers have had several years of experience in other schools, and while it is recognized that a teacher must get experience somewhere, of late the opinion has prevailed among members of the board that an experienced teacher is better than one who has not had the experience. Hence the effort to get the teacher who already knows how to teach. Of the twenty-six teachers who are in the corps of city teachers, fourteen are either college or normal school graduates, and of the remaining number several have had some training in normal schools. In ability and devotion to duty the teachers of our city schools will compare favorably with the teachers of any city, east or west.

The course of study has been brought up to the standard, so that the work done here is equal to that of such cities as Los Angeles, Denver, Kansas City and Chicago. There is a four years' course in the high school, and our graduates are admitted without examination to the freshman class of the best colleges. On account of the limited number of teachers and the crowded condition of the school buildings, promotions are only made once a year. However, if a pupil is strong enough to do the work of the next grade, he is promoted as soon as the teacher is convinced of that fact. That is while whole classes are only promoted at stated times once a year, individual pupils are promoted as soon

run in connection with the normal department of the university. M. E. Hickey is superintendent.

In the beginning the city did not own a building; now it has five brick and two frame buildings. Then 300 pupils, now 1,275. Then only the grade work was done, now the grade work and also a high school course is maintained. And so it might continue indefinitely. It is enough to say that the growth of the schools has kept pace with the growth of the city in every other direction, and now we have a first class public school system.

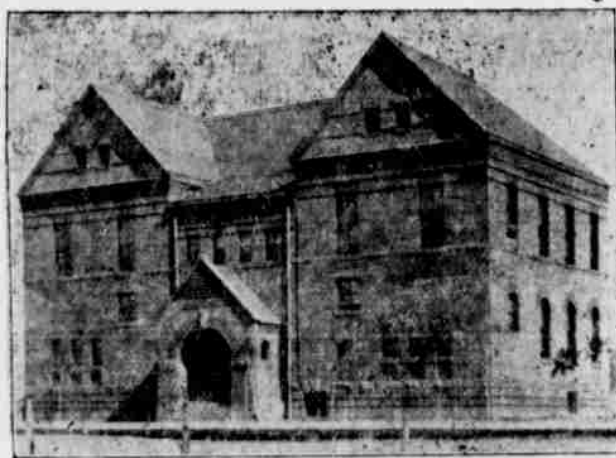

A BRIDE'S WILD TOOT.

A Fifteen-Year-Old Wife Celebrates the Honeymoon.

Yesterday, the Las Vegas Record reported the marriage of Mabel Baire and Dallas Potter. The bride, who is only 15 years of age, is not a lineal descendant of Caesar's wife by a long shot, and the honeymoon did not linger in the lap of winter for any alarming period of time.

Last night Mabel wrapped herself in an air of secrecy and perversity and stole out into the shades of darkness, ostensibly to visit a female friend. From what her husband states it would seem that she met Alvin Sharum and Lynn Trough, instead of the female, and the three went off on an exploring tour. Among other places they visited some apartments and wine rooms, and engaged in a wild and woolly jamboree, the bride having a high old time sowing her honeymoon crop of wild oats.

In the meantime the husband became wearily waiting for his young bride and sallied forth on a tour of investigation. Finally he found his wife and her two

FIRST WARD PUBLIC SCHOOLS.

as they can do the work of the next grade. No pupil is held back because his class is slower than he is.

During the last two years special effort has been made in decorating the school rooms. The parents have taken a great interest in this work, and with their help the teachers and pupils have been able to get some good pictures for every building in the city. In addition to the pictures, busts of prominent men have been purchased and placed in the hall of the First ward. Picture moulding has been placed in several schools, so that the rooms are now much brighter and more cheerful than they were.

Because of the big increase in the enrollment it will soon be necessary to provide more room. To do this the board of education will ask that the city vote \$20,000 or \$40,000 bonds at the coming city election. It will also be necessary to have more teachers. So that in all probability the board will have to increase the rate of taxation for school purposes. The present rate is 5 mills on the dollar, while the law allows a rate of 7.5-10 mills provided the board and city council should see fit to levy it. The running expenses per school day is a little more than \$100. At present the receipts and expenditures are about the same. But with an increased expense there would

male companions, sipping nectar from the lips of folly and throwing dull care to the winds. The husband tarried with the bride and her companions and it was after daylight before the quartette became surfeited with the night's slumming and retired to a more sequestered part of the city.

Soon after this, Dallas Potter, the bridegroom of a day, went to Judge Wood's court and swore out warrants for the arrest of Alvin Sharum and Lynn Trough on a charge of seduction. He says they led his young bride astray last night and the face of the angel who guards innocence wears a gorgeous grin.

The officer has not been able to locate the two young men, and it is supposed they have skipped out, hoping to escape the penitentiary.

Five Bills Introduced in the House by Delegate Rodey.

The following bills have been introduced by Delegate Rodey and are of interest to New Mexico:

House resolution No. 9505, a bill for the relief of George Ivers, administrator of William Ivers, late of Santa Fe, New Mexico.

House resolution No. 10268, a bill

for the relief of A. H. Reynolds, of Questa, Taos county.

House resolution No. 9884, a bill to amend an act entitled "An act to establish circuit courts of appeals and define and regulate in certain cases the jurisdiction of the courts of the United States, and for other purposes," approved March 3, 1891.

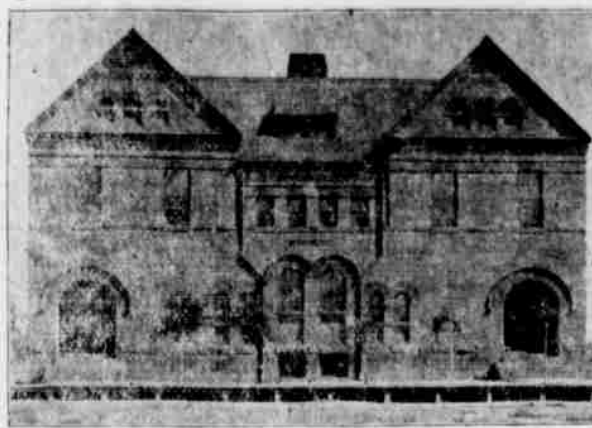

House resolution No. 7637, a bill to provide for an additional associate

JUSTIFIED FOR KILLING BELL.

Coroner's Jury Exonerates James Goode for His Crime.

The Journal-Democrat this morning failed to follow up its "special dispatch, etc." from Clayton, N. M.; hence The Citizen clips the following article from the Denver Republican—the same paper our morning contemporary clipped its "special dispatch" of the day before:

justice of the supreme court of the territory of New Mexico.

House resolution No. 9200, a bill to amend an act entitled "An act granting pensions to the survivors of the Indian wars of 1832 to 1842, inclusive, known as the Black Hawk war, Creek war, Cherokee disturbances, and the Seminole war," approved July 27, 1892, so as to permit the granting of pensions on account of the Texas, New Mexico and other Indian wars up to Anno Domini 1856.

Do Not Expect Miracles.

If a cold, long neglected, or improperly treated has clutched you by the throat, you cannot shake it loose in a day, but you can stop its progress and in a reasonable time get rid of it altogether. If you use Allen's Lung Balsam. There is nothing like this honest remedy for bronchitis, asthma, and other affections of the air passages.

FROM OUT THE SHADOW.

George D. Allen Passes Into the Light of God's Day.

George D. Allen died at the Ladies' Home this morning at 4 o'clock, says the Las Vegas Optic. For thirteen years he had been United States marshal in Florida. At that time he was worth \$75,000. After financial reverses he came here where he lived and died in bitter destitution. His nephew, George W. Allen, of Key West,

morning over the remains of the late Oscar Bell, who was shot last night by James Goode. The verdict was: "We find that the said James Goode killed the said Oscar Bell in defense of his honor and good name and the honor of his family and that said James Goode was entirely justifiable in such killing."

"Goode and Bell were business partners and fast friends and Bell had lived for some time at Goode's house. Last night Goode came home and without a word of explanation shot Bell as they met at the front door. He surrendered and justified his act by saying that Bell had attempted to ruin his home."

"Goode was placed under a \$5,000 bond for his appearance before the next term of the grand jury and the bond was immediately furnished. His preliminary hearing was set for February 13. Public sympathy is strongly in Goode's favor and the verdict was anticipated."

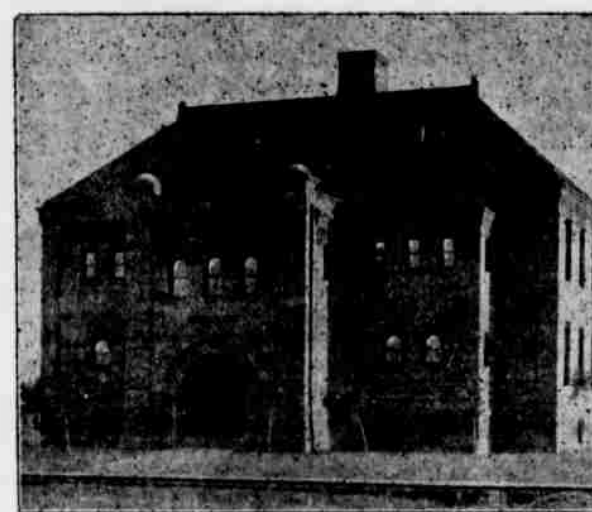

"Bell will probably be buried Saturday morning at Agua Caliente, Texas, his old home."

SANTA FE.

From the New Mexican.

The county commissioners are figuring on erecting an iron bridge across the Santa Fe river on Don Gaspar avenue, and leading to the capitol. Every good citizen hopes that they will carry out their plan.

would gladly have given him a home and have provided him with every comfort, but he was too proud to be helped in his declining years along life's rough way.

Another instance very similar occurred a few months ago when George L. Crutcher was called hence. He was a southern man, had been a Kentucky slaveholder and was proud of his commission as captain in the confederate army.

While here he painfully eked out a bare and miserable existence and at death he was buried by charity. Like Mr. Allen, he, too, had held important positions in life and had served the government in different capacities effectively. Like Mr. Allen, he was well connected. Some of his relatives were in a condition of affluence. It is too bad that these old men should have spent their declining years in destitution and should have come down to the grave sorrowful, alone and in want. May the lightest wing of sleep forever lie upon each aged breast. Mr. Allen's nephew has been informed of his death and will probably attend to his burial.

George D. Allen was prize commissioner in the war with the confederacy for the Union army and the government wired for his advice as to the right distribution of prizes when ships were taken as contraband of war in the late conflict with Spain.

Judge E. V. Long received a telegram from George W. Allen, of Key West, Fla., brother of the deceased, giving directions to give a suitable burial and send him the bill of expense. Funeral announcements will be made later.

The most reliable preparation for kidney troubles on the market is Foley's Kidney Cure. Sold by Alvarado Pharmacy.

Mr. Wheeler Got Rid of His Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around. When I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, N. Y. For sale by all druggists."

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. Sold by Alvarado Pharmacy.

OLD PEOPLE

Have a charm of their own when they are not weak and feeble, but hale and hearty, enjoying the sports and pleasures of youth though they cannot participate in them. The whole secret of a sturdy old age is this: Keep the stomach and organs of digestion and nutrition in perfect order. The young man who does not think of his stomach will be made to think of it as he grows old. It is the "weak" stomach, incapable of supplying the adequate nutrition for the body, which causes the weakness and feebleness of old age.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong, and so enables the body to be fully nourished and strengthened by the food which is eaten.

"I suffered for six years with constipation and indigestion, during which time I employed several physicians, but they could not reach my case," writes Mr. G. Popplewell, of Forsyth, Springs, Carroll Co., Ark. "I felt that there was no help for me, could not retain food on my stomach; had vertigo and would fall helplessly to the floor. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little pellets, and improved from the start. After taking twelve bottles of the 'Discovery' I was able to do light work, and have been improving ever since. I am now in good health for one of my age—60 years. I owe it all to Dr. Pierce's medicines."

A Night Alarm.

Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. P. L. Cordier, of Manning, Ky., writes: "My three-year-old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Refuse substitutes. Sold by Alvarado Pharmacy.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

HORRIBLE HOMICIDE.

J. T. Riley Beaten and Killed to Death by J. O. McIntosh.

Another of those deplorable tragedies for which Clifton is becoming notorious, occurred at the Richelieu saloon Monday night, which terminated in the death of J. T. Riley, a traveling photographer, who had been residing in North Clifton for the past two months.

From the best information obtainable it seems that Riley was drinking heavily, and while in the Richelieu made some remark to Mrs. J. O. McIntosh—who runs a crap game in the house—to which her husband took exceptions. Words followed, when McIntosh knocked Riley down, then jumped on him with both feet and also kicked him in the stomach. Parties present caught McIntosh and forced him to desist, when a scuffle ensued, and it is said that more trouble of a serious nature was prevented by the timely interference of the proprietor of the house. Riley was found to be unconscious, and was taken to the hospital, where he died yesterday afternoon.—Clifton (Arizona) Era.

A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

Mothers can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons. Sold by Alvarado Pharmacy.

Explosion at Estay City.

News reached White Oaks this morning that five men had been injured in an explosion at Estay City. One of the injured men had an arm blown off and another both of his legs broken. Full particulars not now known. Dr. J. F. Mains was telegraphed this morning to get there, to the scene of the disaster as quickly as possible to treat the wounded.—Eagle.

RATON.

From the Range.

A defective flue drove our Methodist friends from their usual place of worship last Sunday.

L. E. Whitted, of San Marcial, is visiting with his brother, C. A. Whitted, and sister, Mrs. Myers, in this city.

Mrs. Ben Hays and children left for Trinidad, where they will visit for some time with the former's parents. Mrs. Hays and youngest child are in delicate health.

George J. Speer, of Greeley, Colo., who about a year ago asked the city of Raton for a franchise to put in a competing telephone system at this place, is in the city this week.

George J. Speer, representing the Independent Telephone company of Colorado, made application to the city council at the meeting of that body held Tuesday night, for a franchise to establish a telephone system in this city. The matter was referred to a special committee.

The O. K. O. dance which, by the way, was one of the most delightful functions the club has ever given, was arranged as a farewell to Miss Sarah Mendelsohn, who left Raton for her home at Madison, Wis. It is her purpose to enter the state university at that place for a four years' course.

Bilious Colic.

H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. Interesting News.

Special to The Citizen.

Sale Headquarters, Jan. 30, 1902.—The greatest clearance sale ever scheduled for Albuquerque will be inaugurated at Rosenwald Bros.' dry goods emporium on the last of January to extend for a period of fifteen days. Sterling values are assured. The promoters feel confident of success and the public is sure to avail themselves of such an opportunity.

Deming.

Deming is being talked of everywhere, and is attracting the attention she deserves from all quarters. In consequence of this great interest and to give those interested in this town there will be an excursion run from El Paso on the 17th inst., so that all those in attendance at the carnival may have an opportunity to see for themselves this very much talked of town. An opportunity will be given those who take this trip to acquire property here at an exceedingly low figure. This opportunity is not limited to the excursionists, but will be extended to any who may wish to be present at the sale, from other towns. It will pay you to be present.

Sunday afternoon the two base ball teams of the local shops will cross bats.

The force of machinists and boiler-makers at the local shops is receiving new recruits daily.

John Ross, traveling engineer, spent last night in the city, going to Las Vegas this morning.

There was on one section of passenger train No. 2 this morning on account of the light travel.

J. H. Shockey, of Cimarron, Kansas, is the new operator at the Cerrillos depot, taking the place of Operator Flynn, who left last week.

Mrs. N. M. Lee and two daughters, family of the assistant general storekeeper at the local shops, will return tomorrow morning from their protracted visit to Temple, Texas.

Roque Tudesque, engine watchman at Lamy has made several trips to Santa Fe on account of injuries received from a blow over the eye while playing shinny last Sunday.

Climaco Trujillo, with a small force of men, has commenced to cut telegraph poles, ties and bridge timber on public land east of Santa Fe. This railroad material will be furnished the Santa Fe Central railway.

W. S. Hopewell, vice president of the Santa Fe Central railway, and Alan G. Kennedy, chief engineer of that road, left for a trip along the surveyed line of the Santa Fe Central railway in southern Santa Fe county.

The Las Vegas Optic says the patrons and employees of the Castaneda hotel are glad to welcome Manager and Mrs. Cheatum home after their tour of eastern cities, including Chicago, Kansas City, St. Louis and Denver.

The local storehouse at the local shops is being remodeled and enlarged. This end of this department is under the supervision of Assistant General Storekeeper N. M. Rice and all coal lines are supplied from this point.

J. P. Sherman, traveling auditor of the Santa Fe, with headquarters in Kansas City, has been appointed auditor of freight and passenger receipts of the Santa Fe, Prescott & Phoenix, with headquarters at Prescott, Arizona.

Paul Morton, second vice president of the Santa Fe, and party passed through the city last night in special car No. 220, bound for Old Mexico. It is rumored that his business in this country has something to do with the Roswell extension.

A quartet of Santa Fe citizens, including L. A. Hughes, J. W. Akers, C. F. Easley and W. R. Price, has located a section of land in southern Santa Fe county and near the line of the proposed Santa Fe Central railway, that contains very fine indications of coal. The tract is being thoroughly prospected for them and they expect to find a good vein of merchantable coal.

Mrs. Ella R. Nevin has petitioned the court to have the will of the late W. G. Nevin filed for probate. The document is holographic and was written in 1884; it provides for the disposition of about \$200,000 worth of property. The petition requests that W. G. Nevin, Jr., be appointed administrator. The heirs at law are a son and a daughter, William G. and Helen, aged respectively 20 and 12 years.

The most sensible move the Santa Fe railway company has made for years was to issue orders prohibiting tips from waiters in dining cars and eating stations. If a person failed to tip one of these colored waiters at the first meal he is served, very little attention is paid him when he answered the next call for dining car meals. In fact, in a majority of cases, the customer is insulted if he don't respond with the usual tip.

Quite a crowd assembled at the depot this morning to see the new passenger engine, No. 1037, which came down from Las Vegas last night, and returned this morning. No. 1037 is of the prairie type and is the first to visit Albuquerque of the forty-five of that type which the company has recently purchased. The drive wheels are eighty-one inches high and she carries 210 pounds of steam. It pulled nine coaches down from Las Vegas last night and came in six minutes ahead of time. Engineer Jack Lowe and Fireman Burke took her out this morning.

A lot of improved postal cars have been put on the Southern Pacific. The postal cars that have been in use on this road were built years ago and were without any of the modern conveniences. The new ones have no platforms, thus doing away with the blind baggage hobo, and the train robber, who lies in wait for the engineer. The cars are lighted with kerosene gas, and warmed with hot water pipes; they are built heavier and stronger than the old ones, and the interior of the car is better arranged and has the modern conveniences for handling the mail. The life of the postal clerk is much safer in these cars, and owing to the conveniences his work is easier than in the old ones.

Experiments which have been in progress for three months to determine definitely the efficiency of electrical lighting of Santa Fe trains have been completed, although there is nothing to announce regarding the result of the tests. The reports of those in charge of the same have been made out and at some time in the future the decision as to whether or not that method of illumination is to have any place on this system will be given out. About the latest suggestion regarding this way of using electricity as an illuminant is to fit up a car for each train and in it carry all the necessary apparatus for lighting. Thus an electrician would be placed in charge who would be on hand at all times to see the working of the machinery, and in other ways it is believed that such a scheme would have advantages over the plan which has been in vogue.

Taller Than the Masonic Temple. The Southern Pacific has issued a series of pictures illustrating the immense trees of California. In one of the pictures, "the grizzly giant" one of the famous trees of the Sierra Nevada mountain district, is compared with the Masonic temple. The big

tree is represented as growing in the middle of State street in front of the temple, and it towers above that gigantic feat of architecture, the tree being 400 feet high, as against the 302 of the temple. The tree's lowest branch is given off opposite the windows of the twelfth story of the building. It is 110 feet in circumference, in the picture occupies the whole of the street, and like a speck in a desert is a hole in the center of the tree, through which an electric car is passing. A second picture shows the tree as the background for twelve mounted cavaliers.

CERRILLOS.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily. You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co."

FOOD WILL DO IT.

Made Over a Man of 60.

Food that will put the vigor of life into a man of sixty is worth knowing about. Mr. Chas. E. Allen, of 5296 Master St., Philadelphia, Pa., says: "Five years ago at the age of 59 I was advised by a friend to adopt rolled oats for my breakfast diet in the place of white bread. I followed the advice with some benefit, but was still troubled with heart weakness and general debility, requiring medicine from time to time; the bowels were also affected to an extent."

"About six months ago while still half sick and very weak I commenced to use Grape-Nuts Breakfast Food and soon noticed an improvement in my general health, with the gradual disappearance of unfavorable symptoms. Heart palpitation decreased and a new feeling of vigor manifested itself in various ways. Tonic were no longer needed, bowels became natural, nerves were steady and I seemed to have returned in a great degree to the vigor of middle age. There are also been a gain in flesh, my weight having increased from 137 to 141 pounds."

You are welcome to use my name if you desire to publish this voluntary testimony."

Davis Strapp will accept a position with the Colorado Telephone company at Durango, Colo. He leaves for that point today.

The Rusa-Browne wool scouring mill steamed up yesterday for the purpose of heating up the brick and mortar. It will be ready to start up at full blast next week.

Clarence Iken has accepted the position as bookkeeper with the Gross-Kelly company, succeeding Mose Thomas, who went to Kansas City. Clarence is a competent and faithful worker and will prove himself a valuable man in his new capacity.

Tom Bridemore, an old Las Vegas boy, is reported to have been arrested at the Block ranch near Roswell, for complicity in the murder of a neighboring ranchman and for burning the houses. He was detected as being the owner of the gun which was used by the murderers.

From the Record.

Ed Sporleder is confined to his home on account of sickness.

John Armstrong, father of A. R. Armstrong, after a few days spent in the city, left for Lincoln, Neb., his home.

Mrs. Sarah Ramey, mother of Hugh Chappell, arrived in the city from Blackburn, Ohio, on a visit to her son and family.

Messrs. Hutchins, Higgins and O'Reilly spent the day in the canyon attending to some business in the electric car company's interests.

The appointment of F. O. Blood to be postmaster at East Las Vegas gives general satisfaction in this city, to democrats as well as republicans. Indeed, it would be hard for the president to make a more popular appointment anywhere. REFLECTIONS OF A BACHELOR.

Women get so much happiness out of love affairs because they have such wonderful imaginations.

It always spoils a woman's enjoyment of her self dinner if her husband insists on calling the dishes by their English names.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says E. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

Winter coughs are apt to result in consumption if neglected. They can be soon broken up by using Foley's Honey and Tar. Sold by Alvarado Pharmacy.

QUAKER REFLECTIONS.

From Philadelphia Record.

Some people avoid straightened circumstances by being crooked.

The weaker a man is, the stronger his bad habits grow on him.

Teller—Time is money. Askin—Why don't you make money then? Teller—I haven't time.

Tommy—Pop, in getting a divorce, what is the first step? Tommy's Pop—Getting married, my son.

When a young man begins to argue that two can live as cheaply as one you can snuff for orange blossoms.

Sillicious—Do you believe that clothes make the woman? Cynicus—More of 'em than the woman makes the clothes.

Blotbs—Newrich is such a blase young man. Stobbs—Yes; he made a lot of money in oil, and he seems to find even that a bore.

Parks—Did you see much of Mary at the seashore last summer? Starks—Yes; all that I did not see of her at the dances last winter.

She has fattened nicely and is giving the richest of milk and butter, as a result of the diet, its effects being just like that produced by fresh green grass. His horses also are thriving on the same diet, the supply on the farm being ample for all Mr. Roach's animals during the winter.—Roswell Register.

LOCAL PARAGRAPHS.

Mrs. O. H. Scott, West Railroad avenue, is reported quite ill with pleurisy.

Ernest Meyers went to Santa Fe this morning and expects to return tonight.

Miss Catherine Graves, of Belen, is spending the day with friends in the city.

Rev. George H. Brewer will preach at the Baptist church tomorrow, morning and evening.

Read The Citizen. It gives the latest news, and is not controlled by any kind of corporation.

Mrs. Benjamin Harrison, wife of the dead ex-president, was a passenger on the flyer today for San Francisco.

Superintendent John Stein and Auditor D. A. Carson, of the Harvey system, are spending the day in the city.

No concert tonight at the Orchestration hall, old town. Free concert tomorrow afternoon. Everybody invited.

M. Wisbrun, the Bernalillo merchant, went home this morning after spending a few days in the city trading.

H. D. Becker, the Isleta general merchant and Indian trader, is here today interviewing local wholesale merchants and flour millers.

Frank Hall, one of the handsome members of the United States marshal's office, is at home from an outside trip on official business.

W. A. McGrew, special agent for the Hartford Insurance company, came down from Denver last night and is spending the day in the city.

What do you think of The Citizen today? It is a cacklerjack, and, while it will be improved right along, it will not foolishly overdo the thing.

P. J. Martin and sister, Mrs. P. J. McFarland, went to Santa Fe this morning, where they will visit over Sunday with a sister, Mrs. Spears.

A. J. Otero left this morning for Jemez hot springs, where he will spend a week or ten days looking after his father's interests at that place.

The new cottage in course of construction for the yardmaster of the territorial penitentiary at Santa Fe is nearly finished and will likely be occupied by that officer within a week.

This evening, at the Orchestration hall in old town, Daniel Romero will give a social dance and he guarantees the finest music and the very best of time. Admission, for gentleman and lady, 50 cents.

C. H. Young, the popular division superintendent of the Wells, Fargo Express company, with headquarters at Denver, came in from the west yesterday morning and continued on north to Denver.

B. O. Case, the popular southwestern agent for Edson Keith & Co., wholesale milliners of Chicago, is in the city today, and will call on the local customers while in the territorial metropolis.

Judge Sterry and party, of Los Angeles, passed through the city this morning in special car No. 99, attached to passenger No. 2, en route to Chicago. Judge Sterry is western council for the Santa Fe railway system.

In commenting on the marriage of Wm. A. Tullip to Miss Daisy Curry in this city, a few days ago, the Raton Range says: "It is safe to say that Daisy was blooming and sweet, that Tullip was in full blossom, and that the happy couple made a bouquet of rare loveliness."

Many city deeds have been issued which have so far not been recorded. Under the law all these for record must be promptly and properly recorded in order to be valid. The attention of all those having city deeds which have not yet been recorded is called to this fact.

Jose Candelario was fined \$20 or twenty days in Judge Crawford's court this morning, for disturbing the peace. Candelario got drunk last night and went over to the wool scouring mills, where a private dance was being given by the employees of the mill and started a row when an officer came along and took him in.

The paraphernalia of the gymnasium, including the bath, belonging to the Albuquerque Guards, has been attached by Brockmeier & Cox, for a plumbing debt incurred about a year ago in fixing up their quarters over the Albuquerque Hardware company's store. The bill amounts to about \$90, with attachment costs included.

N. S. Rose, the editor-lawyer of the Cerrillos, accompanied by his mother, Mrs. S. B. Rose, arrived last night from Cerrillos, and Mr. Rose was a pleasant caller at this office this morning. While he will return to Cerrillos tomorrow night or Monday morning, his mother will remain here several weeks as the guest of Mrs. B. H. Ives.

Mrs. C. F. Irwin, daughter and son, of El Reno, Oklahoma, an. Mrs. Anna L. Eagan, of Elgin, Illinois, are spending a day in the city. Mrs. Irwin is the wife of Hon. Clinton F. Irwin, associate justice of the supreme court of Oklahoma, whose visit to Albuquerque last summer is pleasantly remembered by many. The party have been spending the winter in California.

At a called business meeting of the members of the Baptist church last Monday evening a unanimous call was extended to Rev. H. J. Powell, of Carlsbad, N. M., to assume charge of the Albuquerque church. Word is just at hand, stating that Rev. Powell will accept. Rev. Mr. Powell is a man of scholarly attainments and has had marked success in all of his pastorates. He is a native of the state of Michigan. He and his wife will reach here the latter part of this month.

The ONLY paper that goes north, south and west, with the news of the same day, is The Citizen. Don't take our word, but ask Postmaster Hopkins. That's one good reason why The Citizen has treble the circulation outside of Albuquerque than any other daily or weekly published in central New Mexico has. Advertisers know this fact, and that's the reason they are willing to pay the Citizen good prices for its advertising, and they also know that no outside corporation keeps it alive.
