FATAL FIRE.

St. Louis Firemen Lose Their Lives.

Arkansas Bank Blown Up and Robbed.

House Committee Reports the Annual Appropriation Bill.

MOTHER AND CHILDREN BURNED.

St. Louis, Feb. 5.—At 8:30 this morning it was positively stated by the fire department that only six men lost their lives in last night's fire. Three bodies had been recovered up to that hour. The dead: August Thierry, first assistant chief; Michael Kehoe, assistant foreman; Daniel W. Steele, foreman; William Dundon, pipeman; Franklin McBride, truckman; Charles Krenning, pipeman company No. 12. None of the injured are seriously hurt. Chief Swingley, who was knocked down and stunned by the flying debris, soon recovered and bent all his energies to recovering bodies in the ruins. Fireman Westinoff is also missing.

THE FIRE.

The fire that last night destroyed the five-story building at 312 and 314 Chestnut street, occupied by the American Tent and Awning company, resulted in the death of six firemen, crushed by falling walls and floors. The total loss is \$75,000. Three pipemen were operating a stream on the upper floor when it gave way without warning, and they fell with it. Assistant Chief Thierry, on the lower floor, heard the crash. Gathering together a few men he went to the rescue of his comrades. Hardly had the rescuers disappeared into the structure, when the entire building collapsed, burying everyone inside.

BANK ROBBERY.

Arkansas Bank Dynamited and Robbed of \$6,000.

Fort Smith, Ark., Feb. 5.—Robbers this morning blew up the safe of the Bank of Clarksville, Ark., with dynamite, and secured a sum estimated at \$6,000. They killed John Powers, the sheriff of Johnson county, who attempted to capture them, and made their escape.

APPROPRIATION BILL.

House Committee Reports Legislative, Executive and Judicial Appropriation Bill.

Washington, D. C., Feb. 5.—Hemlinway, of Indiana, from the committee on appropriations, reported the legislative, executive and judicial appropriation bill and gave notice to call it up tomorrow.

Henry, of Connecticut, in charge of the oleomargarine bill, asked unanimous consent that arrangement be to close the general debate on that bill at 5 o'clock today and take final vote at 5 o'clock tomorrow. Several members objected. Henry then moved that general debate be closed today. Williams, of Mississippi, protested and upon his request it was unanimously agreed that general debate continue two days, after which there should be one day's debate under the five-minute rule. The arrangement, however, is not to interfere with consideration of other privileged measures. Debate upon the bill was resumed.

Burned to Death.

Waterloo, Iowa, Feb. 5.—Mrs. Ed. Kushner and two children were burned to death at their home last night in a fire caused by the overturning of a lamp. One other child was fatally burned, and three seriously injured.

DEAD DESPERADOES.

Burial of the Biddies in One Grave at Pittsburg.

Pittsburg, Feb. 5.—The remains of Edward and John Biddle were quietly interred in Calvary cemetery this morning. Not more than twenty-five persons, including a brother, Harry Biddle, accompanied the bodies to the grave.

At the cemetery Rev. Father Sweeney read the burial service of the Roman Catholic church.

Death of a Good Woman.

Dennison, Tex. Feb. 5.—Mrs. Serene Short, aged 61 years, the most noted

woman of the Chickasaw tribe, is dead at her home at Emmett. She figured prominently in the work of civilizing the tribe of which she was a member. She was the mother of Mrs. Johnston, wife of the governor.

DESTRUCTIVE FIRE.

Large Warehouses Near Albany, N. Y., Being Destroyed.

Albany, N. Y., Feb. 5.—Shortly after 3 o'clock fire broke out in the large iron storehouse of P. J. McArdle, on Van Rensselaer Island, below this city. The fire communicated to the works of the American Color & Chemical company. There is no water available to fight the fire. It is feared the whole extensive district will be destroyed. The Standard Oil company has large oil tanks near by. Several large manufacturing establishments, including the Troy Nickel Works, and the Troy Stove Works, are in danger.

Deficiency Bill.

Washington, D. C., Feb. 5.—Consideration was resumed in the senate of the urgent deficiency appropriation bill.

DISTRICT COURT.

Appeal Sustained in the Gilmore Estate Case.

OTHER INTERESTING CAUSES.

In the Stamm appeal in the Mary E. Gilmore estate, the court reversed the action of the probate court and sent the case back to appoint as an administrator any person who should come within any of the preferred classes enumerated in the statute, such as a creditor, if any such should be found, and if none so found were qualified to act, to appoint any one who, in his discretion, he believed to be qualified to act as administrator. Ed. Fluke was appointed by the probate judge, and on the strength of his appointment M. P. Stamm, who was an applicant for the position of administrator, took an appeal, basing his contention that he (Fluke) could not act under sections 1963 and 1964 of the statutes. Judge Baker sustains the appeal.

Yesterday the case of Henry Lockhart et al. vs. H. C. Leeds, et al., was heard on demurrer of defendants to the amended bill of complaint. After prolonged argument, the court sustained the demurrer. The court held that as Judge McFie had passed upon the demurrer to the original complaint and sustained the same, and there being no new matter in the amended complaint, he could only follow in the footsteps of Judge McFie and sustain this demurrer. The demurrer was originally sustained by Judge McFie on the ground that the cause of action was barred by the statute of limitation and that the matter was res judicata.

The case of Harry Rankin et al. vs. Southwestern Brewery & Ice company was decided, as stated in The Citizen yesterday afternoon, in the forenoon of yesterday. The court granted a temporary injunction asked for by plaintiffs, but refused the petition for the appointment of a receiver. The injunction restrained the brewery company from paying any salaries, buying machinery or supplies, in other words, from disposing of any assets of the company, pending an investigation by an examiner, after which the case will be heard upon its merits.

The court today is engaged in trying the cases of the territory on relation of interested parties against the recently elected mayor and commissioners of the Albuquerque aqueduct. The relations allege that the majority of the legal votes cast were not cast for respondents. The issue involves a question of fact as to the contested votes cast. The relations allege that a large number of the votes cast were cast for lands which were not irrigated under the ditch, and further, that various tenants under the ditch were not entitled to vote except upon proxy of the owners.

Two or three divorce cases were called and disposed of, while several suits from unhappy couples, who failed to find out each other before marriage, were fled asking marital separation.

Judge Baker announced to the attorneys present this morning that he, after this afternoon, would hear no more cases until his return from Omaha, Neb. He leaves for that city tonight, and will return about the 25th of the present month.

JUDGES DISAGREE.

Denver in Constant Turmoil Over Judicial Decisions.

Denver, Colo., Feb. 5.—Judge Bennett, sitting as a criminal court, today decided that the special grand jury called by Judge Johnson was illegally drawn. The court sustained the pleas of abatement made by persons indicted by that grand jury and all indictments of the jury were returned, including those for jury bribing and keeping gambling houses, probably will be quashed.

BOILERS EXPLODE.

Towboat Wrecked With Fatal Results.

Big Sale of Oil Land at Beaumont, Texas.

Governor of Minnesota Making Vigorous War on Railroad Combine.

ADMIRAL SCHLEY IN KNOXVILLE.

Pittsburg, Pa., Feb. 5.—By explosion of the boilers of the towboat John W. Allen, owned by the Monongahela River Consolidated Coal & Coke company, this morning, one man was killed outright, four probably fatally injured and several still missing. Six others were rescued from the icy waters. The dead: William Perry, deck hand. The injured: Edward Mitchell, mate, will die; John W. Burt, pilot; Floyd Still, chief engineer; Maria Walker, negro cook; Jas. Williams, fireman; Booker Null, second engineer; William Campbell, bell fireman. The missing: Jno. Coffin, watchman; Weaver Wolf, deck hand. Four members of crews are missing, supposed to be drowned.

BIG OIL DEAL.

Beaumont, Texas, Gushers Sold to an English Syndicate.

Beaumont, Tex., Feb. 5.—Papers have been placed on file here in which the Hogg-Swayne syndicate transfers to an English company yet to be formed, seven and one-eighth acres of proven oil field for a consideration of \$150,000 cash and \$800,000 of the proposed capital stock of the company which is to be \$900,000. It is stipulated that the projected company shall be organized in Great Britain.

GOVERNOR'S MESSAGE.

Executive of Minnesota Making Strong Fight Against Railroad Combine.

St. Paul, Feb. 5.—Governor Van Sant read his message to the legislature. The principal portion was devoted to recommendations of the tax commission. Of his attack in the courts on the railroad merger, he says:

"It is a pleasure to commend Attorney General Douglas for the able and efficient manner in which he endeavored to vindicate our laws. I learned from him that the enactments upon the statute books are ample, and that no additional legislation is required at this time. But if, during your session, any further legislation should be needed, I will immediately communicate that fact to you. I would suggest that a sufficient sum of money be placed at the disposal of the legal department to employ assistant counsel to properly continue litigation and meet expenses necessary connected therewith."

ADMIRAL SCHLEY.

He Is Given Grand Reception By the People of Knoxville.

Knoxville, Tenn., Feb. 5.—The principal event of today's program for the entertainment of Admiral Schley was a grand parade. Schley was escorted by the Knoxville Knights Templar in full regalia. Later the admiral and Mrs. Schley were entertained at dinner by Mr. and Mrs. W. B. Lockett. Tonight the admiral will be tendered a banquet. President Lockett will present the admiral a handsome gold and silver loving cup on behalf of Knoxville citizens.

ALASKA COURT CASE.

Judges of That Territory Have Hearing in the Senate.

Washington, D. C., Feb. 5.—Hale, in charge of the measure, expressed the hope that the "Scandal in Alaska" would not be permitted to interfere with the progress of the measure.

McCumber, of North Dakota, paid a high tribute to both McKinzie and Judge Noyes, and in answer to inquiry, asserted that not one scintilla of evidence is contained in the entire record of the case that will support a charge of conspiracy against Alexander McKinzie. He maintained that the order of the circuit court of appeals of San Francisco went outside a statement of fact made to it in ordering McKinzie to turn over property of which he was receiver. McKinzie's lawyer advised him that the court's order was void.

Members of the court of appeals of the Ninth circuit, he said, might be honorable men, but he was obliged to judge them by their acts. That court

had convicted Judge Noyes, while he was 2,000 miles away, and had arraigned him in most remarkable language without opportunity of a hearing. McCumber asserted that the associated mining syndicates made every effort to bribe Noyes, \$20,000 being offered him in one sum. Finding it impossible to bribe him, the syndicate hired a man to make a perjured affidavit that Noyes had accepted a bribe. For reporting these matters to the department of justice, Mr. Frost, he said, had been sentenced to prison for a year because his work had come in conflict with the circuit court appeals.

Tillman said that if such things as charged could occur in Alaska among our own people, it would be much worse in the islands of the Pacific, where the people could not understand our language. In the course of his remarks he took up the case of Benjamin Daniels, appointed marshal of the territory of Arizona, and criticized the selection of men of the alleged character of Daniels. Stewart made a speech in defense of the circuit court, and criticized the action of Noyes, McKenzie et al.

LAND GRANT INVOLVED.

Important New Mexico Case Coming Up in Congress.

EFFORT TO QUIET TITLE.

A special dispatch from Washington, under date of February 2, says: Congressman George W. Smith, of Illinois, chairman of the house committee on private land claims, will call up for consideration this week a measure that involves the title to an immense tract of land in New Mexico, and has in its many complications a romance connected with the early settlement of the territory.

The bill in question was introduced by Mr. Taylor, of Ohio, at the instance of a number of eastern capitalists who are the present ostensible owners of the land. The property is known as the Arroyo de San Lorenzo grant, or the Chaves grant, and is as large as an ordinary county. It has a frontage of three miles on the Rio Grande. On the south it extends twenty-five and one-half miles west, then twelve and one-half miles north, and twenty-seven miles southeast to the river, in all about 130,000 acres.

Away back in the early history of Mexico, when the territory now known as New Mexico was a province of the Mexican government, the Indians were exceedingly hostile and prevented the settlement of the country. At that time Anton Chaves had a reputation as an Indian fighter. To encourage his location in the country the provincial legislature of New Mexico made this grant to him on condition that he move to the district and clean out the Indians. Chaves kept his part of the contract and the grant was ceded to him in 1825. He held the property for twenty-five years. After his death his widow disposed of it, and several transfers were made, until in 1874, it passed into the hands of the present holders. There was some question of title, and an ex parte proceeding was commenced in the court of private land claims, where it was discovered that the original grant to Chaves was not perfect.

In the treaty between the United States and Mexico in 1848, when New Mexico became a possession of the United States, this government guaranteed the protection of the bona fide grants of land made by the Spanish and Mexican governments in the ceded territory. Somewhere in the course of the proceedings in this case it was discovered that there was an old Mexican law by which grants made by provinces were not recognized unless they had been approved by the central government. This had not been done in the Chaves case, the New Mexico government either not knowing of the law or failing for unknown reasons to comply with its requirements. Chaves and his heirs, with purchasers of the property from them, have been in undisputed possession of the property for more than seventy-five years and the present holders are now seeking to have the title quieted by act of congress.

Delegate Rodey, of New Mexico, argued a case before the supreme court the other day in which another Spanish grant is involved, dating back to 1768. This grant was made by the Spanish government to Baltazar Baca and two sons for services to the crown, and comprised about 13,000 acres in what is now Valencia county, N. M. After having had possession of the property for more than 130 years the title is now in dispute, the congress of the United States having in 1869 confirmed two other grants, which overlap and completely absorb the Baca grant. The case has been in the courts for thirty years in one form or another. Mr. Rodey will base one of his arguments for the admission of New Mexico as a state upon the need of a revision of the land laws, such as can only come under state control.

BOERS ROUTED.

Meet With Loss at Several Points.

Gen. Dewet Loses His Last Field Gun.

Two Good Men Nominated for Postmasters in New Mexico.

SNOW STORM IN TEXAS.

London, Feb. 5.—British pursuit of General DeWet has been successful to the extent that his last gun has been captured, and Comdant Wessels, one of his principal lieutenants, routed. Lord Kitchener sent the news in the following dispatch: "Byng's column, while proceeding toward Liebenburgville, after a night march, attacked and routed a considerable force of the enemy under command of Wessels. We captured a fifteen-pounder and a pom-pom from the firm's column; also a Boer pom-pom that was the last gun that DeWet has and three wagons of ammunition, 150 horses and 100 mules. The Boer casualties were five killed, six wounded and twenty-seven captured. Among the killed was Field Cornet Wessels, and among the prisoners is Captain Muller, of the Staats' artillery. The enemy is scattered. Our casualties were slight. "National Scouts, near Middleburg, (Cape Colony), captured thirteen prisoners. "Gen. Plumer, near Amersfort, (Transvaal), captured seven prisoners and 500 cattle. "Gen. Gilbert Hamilton captured twelve prisoners."

BLOOD AND PAPEN.

They Are Named for Postmasters in This Territory.

Washington, D. C., Feb. 5.—President Roosevelt sent the following nominations to the senate:

John A. Williams, register of land office, Lamar, Colo.

Postmasters—New Mexico: F. O. Blood, East Las Vegas; Allen J. Papen, Las Cruces, Colorado; F. M. Reardon, Victor.

Snow Storm in Texas.

Dallas, Tex., Feb. 5.—A snow storm in northern Texas and rains in southern Texas are reported tonight. The fall of snow is very heavy. At Santa Ana there was a blizzard with three and one-half inches of snow. The snow will be of incalculable benefit to the wheat crop, which was almost a total failure in this state last year.

WAGES RAISED.

Rio Grande Road Grants Demand of the Employees.

Salt Lake, Utah, Feb. 5.—As the result of a conference between Manager Herbert, General Superintendent Welby and Superintendent of Car Service Welch, of the Rio Grande system and representatives of the Brotherhood of Railroad Trainmen, which includes conductors, engineers, firemen, and brakemen, the concessions asked for by the trainmen in the matter of wages have been granted by the railroad. The increase asked was, it is understood, but a fraction of a cent a mile.

Commerce Law Amendment.

Washington, D. C., Feb. 5.—Senator Nelson today introduced a bill prepared by the National Millers' association, providing for amendment of the interstate commerce law. It empowers the interstate commerce commission to fix rates for transportation and abolishes punishment by imprisonment.

JUDGE BENJAMIN S. BAKER

Reception to His Honor Last Night a Brilliant Success.

GOVERNOR OTERO PRESENT.

The reception tendered Associate Justice of the Territorial Supreme Court, Hon. Benjamin S. Baker, by the citizens of Albuquerque at the Commercial club last night, was one of the most brilliant social affairs in the history of the territory.

A more influential and distinguished gathering never met than that which assembled at the club house last night.

About 8:30 the crowd began to arrive and by 9 o'clock the parlors were crowded with beautiful gowned ladies and handsome gentlemen of every phase of life.

There were governors, senators, congressmen, lawyers and a few glittering shoulder straps were to be seen in the happy throng.

At 9:30 o'clock, escorted by President Marron and a committee appointed for the occasion, Judge Baker came down the stairs from the third floor and took a space in the reading room of the handsome building, where he received the people.

Mayor Marron, president of the Commercial club, presented the judge to the long line of expectant visitors which filed through the secretary, which had been cleared for dancing.

After the presentation, the grand march, led by Judge Baker and Mrs. O. N. Marron, keeping time to an inspiring two-step circled through the parlors, the gay procession breaking up as the music changed to waltz time.

Dancing was enjoyed until 12 o'clock when a delightful lap lunch of sandwiches, olives, celery and coffee was served by waiters in full dress.

Punch and lemonade was also available.

After lunch dancing was again in order and lasted until almost 2 o'clock.

The out of town guests were: Governor Otero, Secretary of the Territory J. W. Reynolds, Judge J. R. McFie, Judge Daniel McMillan and Land Commissioner A. A. Keen, of Santa Fe; Hon. Solomon Luna and wife, of Los Lunas; Major J. S. Van Doren, Bluewater; Dr. H. E. Minage, Adjutant Day, Lieut. Lippincott and Lieut. Redhorst, Fort Wingate; Judge Esquivala Baca, Pena Blanca; Division Superintendent I. L. Hibbard, Winslow, Arizona; C. N. Cotton, Gallup, and others.

The reception committee who arranged last night's entertainment, consisted of the following gentlemen: H. E. Fox, E. L. Medler, C. E. Newcomer and W. P. Metcalf. The music was furnished by Prof. Di Mauro on the violin and Miss Hawthorne on the piano, and it was fine.

Judge Baker will leave tonight for Omaha, Neb., and expects to return to the city with his family about the 25th of the present month.

Governor Otero and party returned to Santa Fe this morning.

Probably Only a Rumor.

Special to The Citizen. Santa Fe, Feb. 5.—It is reported in this city that Governor Otero intends soon to remove John Clark, coal oil inspector; Max Frost, secretary of the bureau of immigration; Charles Spies, district attorney; Col. J. F. Chaves, territorial school superintendent.

Made Favorable Report.

Washington, D. C., Feb. 5.—The senate committee on foreign relations today ordered a favorable report on the treaty to acquire the Danish West Indies.

J. T. McLaughlin, treasurer of the Santa Fe Central Railway company, is in the city.

The San Francisco Chronicle calls
Albuquerque an obscure town. The
Chronicle is jealous because this city
has secured the Santa Fe museum.
That paper says: "In fact, that Alaska
collection which the Santa Fe com-
pany purchased at Seattle for the Al-
buquerque museum ought to have
been secured for the museum here."

Only two of the great countries of
the world have been exempt from the
periods of depression that followed the
great commercial boom of a few years
ago. These are the United States and
France, the latter, because she did not
participate in the industrial struggle
that has brought disaster to England
and Germany. The United States has
more than held her own on account of
the prosperous and peaceful condi-
tions.

ADVERTISING QUESTIONS.
Very few business men are in doubt
as to whether to advertise in the
newspapers. Some are undecided as
to what kind of mediums to use, but
the experienced advertiser finds many
different ways of advertising useful.
However, it is the opinion of the ma-
jority of successful men that a news-
paper among intelligent, buying people
is the best and in all ways the cheap-
est agency for drawing trade.

WAR IS A CIVILIZER.
Mr. Carnegie declares that "the
killing of men by men under the name
of war is the foulest blot on human-
ity today." And yet it is a practice
that has been approved from the in-
fancy of the race. If the Bible may
be believed it was approved by the
Creator himself. It is the means by
which all the great triumphs of civil-
ization have been won. It transformed
a land of savages into a great, enlight-
ened nation, under the benign govern-
ment of which intelligent men have
been enabled to accumulate vast for-
tunes to give away to educational in-
stitutions and other worthy causes. War

may be what General Sherman pictur-
ed it while it is going on, but its re-
sults are often of inestimable value to
mankind.

NAME IS ALL RIGHT.
The New Mexican says: For 300
years has what is now New Mexico
been known under that name. For
many years it included a territory
three times the extent of what is now
found within its external lines. It is
a name typical of the country. New
Mexico was known in Europe and over
the then civilized world when the rest
of what is now the United States was
absolutely a terra incognita. Let the
name of New Mexico stand as it is to-
day in the future state.

TOWERING TREE.
The Southern Pacific company has
just issued one of the most ingenious
bits of advertising that was ever de-
signed to attract attention to Califor-
nia and the wonders of its scenery.
The first edition, numbering 5,000 cop-
ies, of a photographic reproduction of
the Grizzly Giant, one of the famous
big trees of California, standing along-
side the Chicago Masonic Temple,
has been received from the printers
and is being distributed throughout
the country. The tree is pictured as
standing in the middle of State street,
its enormous trunk completely filling
the thoroughfare from curb to curb,
and its topmost branches exceeding
in height the tallest building in Chi-
cago by 100 feet.

BRIBERY IS ANARCHY.
Anything that weakens law or
breaks its force is a promoter of anar-
chy, no difference what its origin or
how it is applied. Judge Ryan of the
circuit court of St. Louis brought out
this truth very strongly in a charge
to the grand jury on the subject of
bribery, saying that bribery is anar-
chy, because it strikes an insidious
and deadly blow at government; that
it is a grave danger, since it is an in-
famous method of robbing the people,
by corrupting their trusted represen-
tatives. "The higher the position of
the persons who bribe or are bribed,"
said the judge, "the greater is their
moral responsibility, because the more
potent for evil is their wicked ex-
ample." He urged that certain and
swift punishment be meted out to the
utmost possible extent.

A BROTHER STABBED.
While Fighting for Sister's Good Name
He Is Assaulted.
A special dispatch to the Denver
News, from Raton, of date February 3,
says:

What came near being a fatal quar-
rel occurred here last night between
Arthur Green and Ed. Reed, both aged
about 18. Green and Reed were out
riding together yesterday and after
coming home a quarrel arose over a
button photograph of Reed's sister,
which was in Green's possession. Reed
followed Green into an alley and
knocked him down, whereupon Green
drew a knife and struck at his assail-
ant, cutting to the bone, clear across
the forehead. This slash was followed
by another, cutting through Reed's
overcoat collar and making a deep
gash about five inches long in his
throat. The doctors think Reed will
recover. Green escaped to the mount-
ains and has not been apprehended.
There was strong talk of lynching him
as everyone was in sympathy with the
boy who defended his sister's good
name.

BEAUTIFUL SERVICE.
Las Vegas Christian Endeavorers Cel-
ebrate the Twenty-First Anni-
versary of Their Society.
The First Presbyterian church of
Las Vegas was thronged Sunday night,
the occasion being the celebration of
the twenty-first anniversary of the
Christian Endeavor society's organiza-
tion.
The young people of the home so-
ciety, assisted by Dr. Skinner and the
excellent church choir, presented a
very beautiful service. Miss Preston
presided over the meeting.
Among the speakers were J. M.
Reed, August Holmes, W. H. Johnson,
Miss Josie Williams, Mrs. C. L. Harris,
Miss Edith E. Rodkey and Dr. Skin-
ner.
Miss Rodkey's talk was especially
fine. She comes from a society which
alone keeps a missionary in the field.
She earnestly recommends a junior so-
ciety for Las Vegas.
Dr. Skinner preached a sermonette
rarely tender in its appeal to decide
for Christ.

Will Have Fire Horses.
The committee of the E. Romero
Hose company is meeting with large
success in selling tickets for the big
masquerade ball, which takes place
next month. L. W. Ifield went out the
other day and struck eight men to
whom he sold ten tickets each. The
company is figuring on some way to
spend the money thus raised to the
best advantage to all concerned. A
number of improvements have been
suggested, the latest being to fit up the
present company home for the conven-
ience of horses and night men. The
proper committee has been investigat-
ing cost of horses and harness, feed,
etc. The committee has found that a
drop harness for two horses will cost
\$115, for one horse, \$50. The advan-
tages seem to be for one horse on ac-
count of the cost of feed, care and
other things. The same kind of a
wagon is handled in other places by
one horse. What the boys will do has
not yet been decided upon, but if it
seems fitting to keep horses constantly
on hand for use at fires, there will be
greater protection to property than is
now given. It is claimed that the
money made at the annual balls is
nearly sufficient to keep one horse.—

Took the Babe.
A pathetic incident, involving the
happiness of a motherless babe took
place in our city last week. About
two years ago a Mrs. Carter died,
leaving her husband with a child only
a few weeks old. None of the friends
or relatives were anxious to incur the
trouble and expense of caring for the
little orphan. Prompted by the
Christ-like spirit of love Mrs. C. F.
Edie took the babe to her home and
treated it as her own child. Becom-
ing attached to it she received prom-
ises again and again from Carter that
he would make her out legal papers of
adoption. The promise was never
fulfilled and when Mrs. Edie was
about to leave our city to make her
home in Bisbee, Arizona, she was con-
fronted by the officers of the law, who
compelled her to give up the child,
which she has nursed and loved with
a mother's tenderness. In the mean-
time Carter has married again and has
no intention of caring for his own off-
spring, but has handed it over to its
grandfather, J. Bowman. Unhappy
child, it has lost a good home, but the
law is powerless in the case to do jus-
tice.—Roswell Record.

Notes from Correspondents

WINSLOW.

Special Correspondence.

Winslow, Ariz., Feb. 1.—The local lodge, Brotherhood of Locomotive Firemen, No. 143, of Winslow, paid their last respects to the family of Fireman Stronach by attending the funeral and performing such other acts of kindness as was in their power, and they saw to it that there was nothing lacking to make the bereaved family comfortable.

Richard Stronach, the fireman who was killed January 29, 1902, while in the discharge of his duty on No. 2 at the bridge over the Little Colorado river, about three miles east of Winslow, was brought to Winslow, and after the coroner's inquest, the remains were turned over to Undertaker W. A. Parr, who prepared them for interment and conveyed the same to the residence on Aspenwall avenue. The funeral took place this afternoon and was followed to the last resting place by a large concourse of friends and sympathizers. Mr. Stronach was a native of Canada, came to this country and located at Raton, N. M., where he was for several years in business as a jeweler, and after going out of business took up railroading in the capacity of fireman, running out of Raton. About two months ago he was transferred to Winslow, where he had since worked. His wife and child arrived about a month ago and with Mr. Stronach took up his residence on Aspenwall avenue, from which place the funeral was conducted today. The coroner's jury verdict is as follows: We, the jury, empaneled to determine the cause of the death of Richard Stronach, fireman, on train No. 2 on January 29, 1902, on the Santa Fe Pacific railroad, have concluded to render the following verdict: That the said Richard Stronach came to his death at the Little Colorado river bridge, about three miles east of Winslow, on the second division of the Santa Fe Pacific railroad, at about 10:33 p. m., on January 29, 1902, while in the discharge of his duty, by accidentally leaning out too far from the engine and striking one of the trusses of said bridge. Signed—T. J. Hesser, foreman; J. B. Drum, Freeman Stewart, P. A. Ward, L. E. King and M. H. French. Approved—J. F. Mahoney, coroner.

J. F. Mahoney attempted to commit suicide at Ash Forks last night by cutting his throat. It is not learned as yet whether it proved fatal or not. Mr. Mahoney was a lawyer by profession, but the last year or two he has been railroading as a brakeman. He ran out of Winslow some months back and since that time has been working out of Ash Fork, Arizona.

S. A. Rand, the big sheepman, was in town after a load of provisions. He says the country is now safe for feed and there is plenty of snow in the mountains which will make plenty of water to start the grass.

Hotel Navajo arrivals for Wednesday and Thursday are as follows: J. W. Seery, Nick Sword, Ed Casey, Ed Pitcher, Winslow; Wm. Quilter, Prescott; E. E. Greenleaf, Albuquerque; J. B. Stimer, Schenectady, N. Y.

Lon King, the cattleman, came to town today. Mr. King says there is about eight inches of snow in the mountains and the farther you go up the deeper the snow is, and sufficient for grass and water for another year.

Hon. George A. Wolff says the Old Reliable meat market cuts more meat than they did before the new market opened up, so he welcomes the new shop with the balance of the townspeople. Kuntz & Wolff are all right as butchers.

Willie Workman has just returned from the mountains and reports having had a good time hunting, but failed to kill anything, not even a bear. This is Willie's first trip and he says he will do better the next time.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

BELEN.

Special Correspondence.

Belen, N. M., Feb. 2.—The past week has been a very busy one in our town, especially from a pleasure standpoint. On last Tuesday the Heyday club highly entertained its members and friends at their club rooms. The evening was devoted to progressive pedro, dancing and bowling. The card game proved very exciting and at the close Mrs. P. Dalies and Miss Frances Graves were tied for first place and in the draw Mrs. Dalies won. In the men's contest three tied for first place, Carl Dalies, Ernest Sweiger and M. B. Fuller. In the final draw Mr. Fuller proved to be the lucky one. The booby prizes were won by Mrs. P. B. Simmons and Ed Krammer. Mr. Krammer's prize proved to be a miniature shirt with inscription "keep it on, you may win next time." Mrs. Simmons won a miniature carpet beater with the inscription "If you can't beat at cards, here is something you can beat." After the cards were finished the crowd turned to dancing and we all went home in the morning. Every one pronounced it one of the most pleasant parties of the season.

The new parish priest, Rev. J. A. Picard, formerly of Mora, is proving to be very popular with his people and also the residents of this town in general. He expresses himself as being greatly pleased with Belen as a place of residence and the people thereof as fellow citizens, and we hope to have

him with us for many years to come. Mrs. E. Pino, wife of Julio Pino, died last Thursday evening at 7 o'clock. Death was caused by strangulation, caused by a growth in her throat.

The coming month will be full of excitement at the Heyday club. Four bowling teams have been organized and have formed a bowling tournament. Two teams play each evening, on Tuesday and Friday evenings. A very handsome prize will be awarded the team having the highest score at the end of the month. The names of the players of each team will be sent later.

Baby Reinken has been quite sick but is now out of danger. The week has been very pleasant but quite cold. Today has been a perfect winter day.

FAKE HAIR PREPARATIONS.

Do Hair No Good, But Often Cause It to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle and, finally, lifeless. Dandruff is the cause of all trouble with hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing the hair to fall out. To cure dandruff the germ must be killed. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly.

He Recommends Chamberlain's Cough Remedy.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

Special Correspondence.

Deming, N. M., Feb. 4.—Friday night the Deming Social club gave their semi-monthly dance, which was well attended, and thoroughly enjoyed.

Monday evening "The Pretty Persian" was sung to a good house by the Boston Ideal Opera company, and was greatly enjoyed and loudly applauded.

Mrs. Swope, who is here for her husband's health, gave a very pleasant reception to a few friends Monday evening. Whist was the feature of the evening.

Mrs. Russell Agee is visiting friends in this city, to the delight of her numerous friends here.

W. H. Greer has just returned from an extended trip to Santa Fe, where he helped inaugurate the governor.

Mr. Choate, general manager of the Bisbee railroad, is negotiating with the Deming people for property near the Santa Fe depot, on which to build a fine depot. Work will be commenced as soon as the title can be given, and will be rushed right along to completion. The Business Men's club of Deming are working to get things into good shape as soon as possible, for they realize the good this road is and will do Deming, and are willing to do all they can to show them favors.

Next Wednesday evening, Richard Golden is to appear here in that good old play, "Old Jed Prouty," and it is to be hoped that he will get the enthusiastic support that he will deserve. Deming is a pretty good show town, but the people are apt to tire of so many attractions and the result he had for the actors.

On January 22 the Ancient Order of United Workmen will hold their annual masquerade ball at the opera house. The prizes offered are generous and should call forth some good costumes.

On January 12 the Bisbee will celebrate the opening of their line from Deming to Bisbee, with a barbecue in Deming, and a banquet in Douglas. As the day before will be the election of the trustees of Deming, there are apt to be lively times here. There will also be a sale of lots by the Deming Real Estate & Improvement company on the 12th, so anyone who wants to get in on the ground floor of Deming property had better come along and have a good time to boot.

The ladies of the Episcopal church will hold their "Rummage Sale" at the opera house on Friday and Saturday of this week, and will sell everything from old clothes and playthings to Luna county oil stock.

ALL ALIKE.

Doctors Agree on Food.

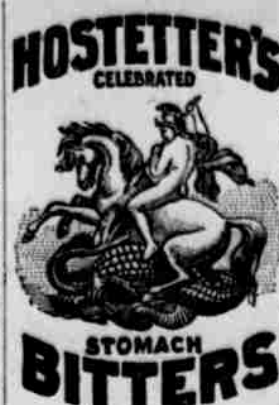

All physicians agree that good food, properly selected, is of the utmost importance, not only for the cure of disease but to maintain health even when one is well.

Dr. Wm. Hale, of 14 Pleasant street, Gloucester, Mass., says: "I count it a pleasure to say a good word for Postum Food Coffee with which I have been enabled to relieve so many sufferers, and which I count, with its valued companion Grape-Nuts, one of the daily blessings."

"Coffee was banished from my own table some time ago and Postum used regularly in its place."

"I frequently find it necessary to instruct patients when they take Postum Food Coffee for the first time to be quite sure that it has been boiled long enough to bring out the clear, black color and the rich taste, as well as the health giving qualities."

The doctor enclosed the names of six patients who were formerly nervous dyspeptics but have been cured by his professional care and the discontinuance of coffee and the using of Postum Food Coffee in its place.

SILVER CITY.

Special Correspondence.

Silver City, N. M., Feb. 4.—The ladies of Silver City will, Friday, give a leap year ball to their gentlemen friends and the ladies will ask the gentlemen to accompany them and also fill their programs at the ball. A number of the men are looking anxious, as they are afraid of being wall flowers.

The hearing of John Childers, who shot and killed Thomas S. Heflin a short time ago, before Judge Parker, was concluded this morning. His attorneys were making a strong fight to get him out of jail on habeas corpus proceedings, but Judge Parker refused to allow him bail. Childers' father, who is said to be a wealthy cattleman in Texas, arrived in the city the other day and has employed two of the ablest attorneys in that state to exert their legal efforts to get his son out of the scrape.

The city council has let contracts for the erection of a steel bridge across Main street and Broadway, where the floods have washed quite an arroyo.

Mr. McAllister, who is working the Arizona mine at Pinos Altos, has a force of forty miners at work and is making some large daily shipments to the Silver City smelter. The ore runs high in gold, silver and lead.

W. H. H. Llewellyn is in the city attending to some legal matters before the court.

Candidates for county offices in the fall election are beginning to make their appearance and from present indications there will be a hot time when the county conventions meet.

James W. Carter is confined to his house with pneumonia and as his health has been in very bad shape for some time, his friends fear that it may prove fatal.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

While the Short Hand

of the clock travels twice around the dial Perry Davis' Painkiller will cure a cold; will ease the tightness across the chest and hence will banish the fear of pneumonia. "Just a little cold" does not become a misery that clings until roses bloom if you have recourse to this never-failing help. There is but one Painkiller, Perry Davis'.

LAS VEGAS SEVENTY-NINERS.

They Held a Pleasant Banquet and Enjoyed Themselves.

About forty of those who lived in Las Vegas in 1879 indulged in a banquet at Duvall's restaurant on Saturday evening to celebrate their living entity and the pleasing manner in which they have grown in wealth, if not in grace. Among the absent ones were "Billy the Kid," "Pawnee Bill," and a number of others who aided the boys at the gospel services and camp meetings twenty-three years ago—some have crossed the divide while others are doing missionary work among other scenes and associations.

The banquet hall was elegantly and suggestively decorated for the occasion, among the texts and legends on the walls being the following: "Leave your guns behind the bar." "Shooting at the musicians is not allowed," etc.

After all were seated at the banquet Rev. George Selby invoked a blessing, after which the feast of delicious viands was heartily enjoyed by the company.

A. H. Whitmore flanked by a mountain Howitzer and a scalping knife, presided as toastmaster. Among those who responded to toasts were Hon. Jefferson Reynolds, Rev. George Selby, Dr. W. R. Tipton, Chris Sellman, Geo. Ward, Captain L. C. Fort, George P. Money and P. J. Murphy.

Among the old pioneers present were Major A. H. Whitmore, Dr. W. R. Tipton, E. D. Reynolds, W. T. Trevorton, George Shields, Jefferson Reynolds, A. T. Rogers, H. G. Coors, T. F. Clay, Charles Tamme, W. G. Kogler, E. L. and W. M. Browne, W. A. Givens, M. Milligan, A. C. Schmidt, Robert Cullins, H. W. Kelly, A. A. Rosier, Chris Sellman, J. E. Moore, C. C. Gise, Capt. L. C. Fort, Joe Holzman, W. H. Sewald, George W. Ward, Charles and William Rosenthal, William Malbouef and P. J. Murphy.

Four letters of regret, received from Jacob Gross, A. H. Kihlberg, M. Brunswick and D. T. Hoskins, all old pioneers, were read by the toastmaster. Among the invited guests were Rev. George Selby, Mayor Money, W. E. Gortner, John Staley, western repre-

sentative of the St. Louis Republic, Henry Warnock and James S. Duncan, Jr.

It is proposed to make the banquet of seventy-niners an annual affair.—Las Vegas Record.

JAIL DELIVERY.

Three Grand Jury Candidates Take French Leave From Luna County Jail.

Friday night three inmates of our new jail showed how easy it was to break out of what was guaranteed by an eastern firm as a safe set of cages, says the Deming Headlight.

Tom McMahon, Brown and one other culprit, all of whom were awaiting the action of the next grand jury, concluding to wait no longer, sawed through the steel bars of their cages with a common knife and left for parts unknown.

Being handicapped by the want of funds Sheriff Baca has been compelled to do away with the guard at the jail, and as a consequence the fellows had an easy time getting out.

The sooner our commissioners are furnished with some law whereby they can raise money to tide this county over the present financial straits the sooner will justice be done to all.

A special act of congress should be passed at once, allowing Luna county to issue special bonds in excess of the Springer act.

For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger, of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by all druggists.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonic contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years, but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed just Nasal Catarrh and Hay Fever.

Notice of Dissolution.

Notice is hereby given that the co-partnership firm of John C. Calhoun & Co., composed of John C. Calhoun and R. K. We Will Pay You A DOLLAR A DAY FOR LIFE!

For securing the greatest number of \$1 subscriptions to PEARSON'S MAGAZINE before December 1st, 1901, besides paying you a generous commission on every order. An income of \$500 a year for life, payable in monthly or quarterly installments. This is the largest prize ever offered in the world for work which need require no special skill or talent. Under the Life Expectancy Table (N. Y. State) it means \$10,000 to the boy or girl of 18 years, \$9,000 to the man or woman of 40, adequate provision for old age to all. PEARSON'S, though not yet 30 years old, has over 100,000 circulation and is the largest dollar-a-week in the magazine field. To enjoy these a copy and explain the terms must be ordered in the great majority of cases. 25 Cents, \$1.00, \$2.00, \$5.00, \$10.00, \$20.00—all in each installment. Ambitious workers of our age who want to get on in the world are earnestly requested to write at once to the undersigned for full particulars. Give exact references. No experience required. Sample copies and subscription blanks forwarded. Agents wanted, New York.

The resignation of Lieutenant Col-
onel R. C. Rankin of the First Regiment
of Infantry, New Mexico National
Guard, has been received and accept-
ed. He has been appointed major of
the First Regiment of Cavalry and has
accepted the commission.

NOTARIES APPOINTED.

Governor M. A. Otero appointed the
following notaries: James G. Bogard,
Liberty, Guadalupe county; Thomas C.
Tillotson, Lower Pecos county; Jose M. Garcia, Santa Fe,
Santa Fe county; Manuel Simon, Tu-
nicarri, Guadalupe county.

TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn
has received the following territorial
funds: From H. P. Owen, clerk of the
Second judicial district, \$116.40 in full
settlement of fees collected by him up
to January 29, when Capt. W. E. Dame
took charge; from H. O. Bursum, su-
perintendent territorial penitentiary,
convicts' earnings, \$1,592.

TERRITORIAL DEBT.

Territorial Treasurer J. H. Vaughn
expects to be able on the 1st of April,
this year, to take up and retire the
last series of territorial contingent ex-
pense bonds amounting to \$30,000, with
three months' interest coupons attach-
ed. The treasurer is now advertising
that the funds are ready for the taking
up and retiring of \$24,500 worth of
contingent expense certificates, in
place of certificates to the amount of
\$15,000, as has been heretofore pub-
lished.

LAND COMMISSION.

The territorial land commission held
its regular monthly meeting in the
office of the territorial land commis-
sioner. Applications for leases of ter-
ritorial school lands were examined
and leases were ordered issued upon
all approved applications filed during
the month of January. The records
show that the demand for the leasing
of sections 16 and 36 of all surveyed
townships in the territory, these sec-
tions being denominated school sec-
tions, and being the property of the
territory, is constantly on the increase
and that a good revenue for the school
funds is now being derived from that
source. A large number of inquiries
and applications for school sections
along the line of the new Rock Island
route through eastern New Mexico are
being received at the office of the land
commissioner.

MINING IN MEXICO.

Wm. G. Gruber Talks About the San
Blas District.William G. Gruber, of Milwaukee,
Wis., is in the city, coming up from
the south this morning, and today is
the guest of his friend, Wallace Hes-
selden.Mr. Gruber and his son, Arthur
Gruber, (the latter having married
Miss Mary Peltier here), are interested
in gold mining down in the San Blas
district, Chihuahua, Mexico.In a conversation with Mr. Gruber
this morning, the gentleman stated
that from two of his mines, Lolita and
Viola, some very rich ore have been
taken out, the gold running as high as
\$300 per ton, copper from 35 to 45 per
cent., and from 15 to 20 ounces in sil-
ver. He also stated that he recently
secured from the Mexican government
a concession for ten square miles of
land, and upon this land he and son,with other Milwaukee gentlemen who
will become interested, will do consid-
erable mining and will develop thor-
oughly the most important mines lo-
cated on the land.The San Blas district is located
about 100 miles southwest of El Paso,
Texas, and it is the opinion of Mr.
Gruber that some of the richest gold
properties of the country will soon be
discovered there.Mr. Gruber will continue to his home
at Milwaukee tomorrow morning.

CATHOLIC KNIGHTS.

An Interesting Meeting Last Night—Organizer Present.

The Catholic Knights of America entertained last night at St. Mary's hall in honor of Eugene Blakeslee, of Hallettsville, Texas, who is grand organizer of the society at large. A fine program was enjoyed after which Mr. Blakeslee made a short address on the benefits of fraternalism, and also giving a short sketch of the order he represents.

The order of the Catholic Knights of America was established in the year 1876 at Nashville, Tenn. Since that time it made rapid progress and councils of the order are to be found in every state of the union. The beneficiary membership at the present time is about 30,000. The insurance of the members is protected by a reserve fund of \$600,000.

The program rendered was as follows:

Piano and violin duet—"Rigoletto"—Misses Harris.

Vocal Solo—Mr. Hunt; Miss Palladino, accompanist.

Recitation—Mrs. Northumb.

Vocal solo—"Nordine"—Miss Belle McCarthy; Miss Palladino, accompanist.

Recitation—Miss Stack.

Vocal solo—Mrs. Shilnick; Miss Palladino, accompanist.

An important feature of the meeting last night was the formation of a ladies' auxiliary, with a charter membership of thirty.

New Superintendent Expected.

F. J. Sheppard, of Chicago, who was recently appointed general superintendent of all the Santa Fe lines west of Albuquerque, is expected here tonight, and will continue west in company with L. L. Hibbard, the division superintendent. Mr. Sheppard's headquarters will be Los Angeles. He takes the position made vacant by the promotion of A. G. Wells to be general manager.

The Union Market.

Tomorrow morning, the Union meat market, will open for business at No. 207 West Gold avenue, and it should start out with a fair patronage at the beginning. The firm will be known as Wm. Goetting & Co., and they are thorough outchers. Success to the new meat market.

Music.

Parties wishing music for balls or private houses, vocal and instrumental, should leave orders at 208 West Lead avenue. All music of the very latest. Mrs. S. C. Berry.

The ladies of the Eastern Star are doing everything to make their party, on February 6, a grand success. Tickets at Matson's.

After the musical program at Grant's hall Friday night several hours will be devoted to other features.

NEW MEXICO TOWNS

LAS VEGAS.

From the Optic.

N. B. Roseberry telegraphed that his father is dying at his home at Remington, Ind. Mr. Roseberry left for his father's bedside.

Dr. L. Hernandez is receiving great praise from the Taos people for the very successful yet delicate operation performed on the person of A. Helmsenstein, a wealthy miner of that county, for appendicitis.

Modesto Martinez is where he will keep. He is the man who broke into the residence of Rev. C. M. Smith, colored, and stole a quantity of clothing, January 30. Judge Wooster bound him over to the grand jury in the sum of \$500, which is just \$500 more than Martinez has on hand to invest in bonds.

The Methodist church was favored with an address, Sunday evening, by Dr. Susie Rijnhart, who is spending some time in the city for health reasons. Her subject was, "Five Years in Tibet." This is the second lecture Mrs. Rijnhart has given in the city, on her missionary work in the closed land, but this lecture was far superior to the one given before. She has a smooth, attractive voice and an easy manner, and delivers her message in an attractive manner. She told her story from three standpoints, first describing the city and religious life of the inhabitants, then the tent life, and third, methods of travel. Part of her lecture was very dramatic. She told of the death of her only child, at the age of 11 months, in a calm and deliberate manner, yet with such pathos that members of the audience were more agitated than she was. Mrs. Rijnhart has a message and tells it in such a manner that does people good. If everyone in the city could hear her, the cause of foreign missions would be greatly advanced.

From the Record.

Another case of diphtheria has broken out on the hill.

Col. F. A. Blake is quite ill at his home at Beulah and has sent in for his wife.

Master Harry, little son of Mr. and Mrs. W. H. Coleman, is quite ill with a severe attack of pneumonia.

Mrs. J. P. Love, mother of Mrs. G. B. Young, returned to Chicago, after a few days spent in the city.

W. B. Twitchell arrived in the city from New York on a few weeks' visit to his brother, Col. R. E. Twitchell.

The Santa Fe company will commence constructing a spur from the Hot Springs track to the site of the electric street railway's power house in a few days.

George Arnot came up from Albuquerque Saturday afternoon to spend Sunday in the city with his family. He returned to the Duke City on the flyer.

Misses Jessie Hild, sister of Mrs. Ike and Mrs. Simon Bacharach, of this city, came over from Santa Fe, accompanied by Miss Carol Palen, also of Santa Fe, to remain in the city for a few weeks.

ROSWELL.

From the Record.

A hunting party consisting of E. B. Ewing, Arthur and Howell Stevens, went up the railroad and bagged a large quantity of small game.

A. R. Turk died at the home of his son, W. R. Turk, in this city. Deceased was over 80 years old, and death was the result of the general breaking down of the vital organs.

At a meeting of Columbia chapter, Messrs. John R. Hodges, E. W. Marable and Sydney Prager were acknowledged in the degree of most excellent master in masonry.

Miss Louise Blodgett had an unfortunate experience in visiting the El Paso fiesta. A sneak thief entered her room in her absence from the hotel and stole a number of costly rings. Some of them were highly valued on account of their associations.

The early part of this week a band of horse thieves raided the Phelps ranch, where a bunch of horses belonging to Messrs. Barnett, Cole, Charles and Walker were pasturing. They drove off seventeen head and made toward Ft. Sumner in their escape. A posse under Deputy Sheriff Brown started in pursuit on Wednesday. The frequent committal of crime lately indicates that our territory is being invaded by a band of outlaws, probably in league with one another.

AZTEC.

From the Index.

Farmington is talking of a national bank.

Dr. J. L. Eblen, formerly of Alton, Mo., has located in Aztec for the practice of his profession.

Dr. E. G. Condit returned from an absence of six weeks in Denver. He reports severe weather during the latter part of his visit in the Colorado metropolis.

There are raccoons in San Juan county, just the same as they have in Missouri and Arkansas. Many specimens of the family have been killed in Pine River country, and last week George Tinker's boys went out into the hills at Cedar Hill and brought back a fat, twenty-pound varmint, showing that in this line, as in everything else she produces, San Juan county does nothing but take first place.

F. M. Harrison, of O'Neill, Holt county, Neb., spent several days here this week, arriving direct from his Nebraska home. After investigating the situation, he decided that an investment in San Juan county really offered good chances of return, and accordingly purchased one of the best ranches on the La Plata river—the

place formerly owned by J. T. Allen, lately the property of D. A. Lewis. The tract contains 160 acres and with the improvements which Mr. Harrison expects to make on it will be a handsome farm one of these days. Mr. Harrison has returned to Nebraska, and will be here again some time in the spring. He is of the class of settlers whom we are glad to welcome. The sale was made through Judge Granville Pendleton.

ELIZABETHTOWN.

From the Miner.

Mike Walsh is expected home in a few days.

The storm has been very severe on stock.

Putting up ice has been the order this week.

C. J. Dold has been on the sick list this week.

S. W. Cummings died at the Witt ranch, at the ripe old age of 83 years, 11 months and 7 days. He was buried in the Elizabethtown cemetery.

The wood cutting force employed by Pearson & Gillen has been reduced to about fifteen men. The recent storms have made it difficult to deliver the wood at the dredge, and consequently the remaining 500 cords will be delivered in the spring.

Harry Brainard received a letter asking him to keep a lookout for three firearms which had recently been stolen from Mr. Edgcomb's place of business in Taos. The building was broken into and among the things taken were a double-barrel shotgun, a Winchester rifle and a six-shooter.

A Legacy of the Grip

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

Bilious Colic.

H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

The Hyde Exploring expedition expect to move into their big new building about March 1.

A private letter from Delegate B. S. Rodey to Dr. O. C. McEwen, says the prospects for steeplechase are brighter than they have ever been.

The public schools throughout the county should properly observe Washington's birthday. Last year, it will be remembered, we had a genuine flag raising.

Graf & Johnson have dispatched a dozen or more teams to Durango, for 25,000 pounds of farm implements awaiting shipment here. Mr. Graf left for there yesterday morning to superintend the loading.

After a siege of stock taking, F. M. Pierce made a transfer of a two-

TO YOUNG LADIES.

From the Treasurer of the Young People's Christian Temperance Association, Elizabeth Caine, Fond du Lac, Wis.

"DEAR MRS. PINKHAM:—I want to tell you and all the young ladies of the country, how grateful I am to you for all the benefits I have received from using Lydia E. Pinkham's Vegetable Compound. I suffered for

eight months from suppressed menstruation, and it effected my entire system until I became weak and debilitated, and at times felt that I had a hundred aches in as many places. I only used the Compound for a few weeks, but it wrought a change in me which I felt from the very beginning. I have been very regular since, have no pains, and find that my entire body is as if it was renewed. I gladly recommend Lydia E. Pinkham's Vegetable Compound to everybody."—Miss ELIZABETH CAINE, 69 W. Division St., Fond du Lac, Wis.—\$5000 forfeit if above testimonial is not genuine.

At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance for women's ills of every nature.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address Lynn, Mass.

ALAMOGORDO.

From the News.

A. J. King has gone to Santa Rosa on business.

Thomas Lister, who is interested in mining near Albuquerque, was in town.

The residence of E. J. Dedman will be completed within two weeks. Plasterers commenced their work yesterday.

Jack Pierce, proprietor of the Rock Island Cafe, has opened up a branch establishment at Carrizozo.

R. H. Pierce & Co. will commence next week the erection of a large warehouse building, 25x50 feet, near the railroad depot.

The family of John M. Wyatt left for El Paso, where they will make their home in the future. Mr. Wyatt will follow them as soon as his successor arrives as cashier of the First National bank.

The wood preserving plant for the Alamogordo Lumber company is well under way. The foundations for the several buildings of the plant are mostly all in and the concrete work is about finished and the work in condition to be rushed to completion. The machinery is about all shipped and will be on hand by the time the buildings are all ready to receive same.

SANTA FE.

From the New Mexican.

Judge Morrison reports that the pupils of the Academy of Loretto have contributed \$4.10 to the McKinley memorial fund.

Mrs. W. H. Whiteman is expected to return to Santa Fe from Coronado Beach, Cal., in a few days. Mrs. Whiteman has been at the latter place for some months with her daughter, Mrs. Mitchell, who has been quite ill, but is now rapidly recovering.

Mr. and Mrs. Philip E. Harroun are in the city on a visit to their parents, Dr. and Mrs. W. S. Harroun. Mr. Harroun will go to San Francisco in two or three days, where he will likely remain permanently. His wife will remain here until her husband has arranged for a home, when she will join him.

The city board of education met Monday evening, a quorum being present. Routine business was transacted and all bills for the month were audited and ordered paid. The board has had under consideration the advisability of issuing bonds wherewith to construct one or two modern school houses. The resignation of Miss Florence Gildersleeve was accepted and the superintendent of the city schools, Professor Wood, was authorized to temporarily fill the vacancy. From the amount of money on hand now and judging by the current expenses it is very likely that the board will be able to keep the city schools open for nine months of the present year.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction, 50c. Trial bottles free.

Mr. Wheeler Got Rid of His Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, N. Y. For sale by all druggists.

SANTA ROSA.

From the Star.

Mrs. Stepps will soon begin the erection of a large hotel on the west side of the plaza.

The Santa Rosa Star Publishing company's building was the first permanently located on the plaza.

E. R. Milliken, of Allamore, Texas, arrived here from New York, where he has been attending school. He will work for the Jackson-Galbraith Lumber company.

J. Reynolds, president of the First National bank of Las Vegas, was in town last week looking for a location for a new bank. He will soon begin the erection of a building for that purpose.

Mr. and Mrs. Harper, the photographers, who have been located at this place taking views of the work along the road, expect to leave for Dalt this week, where they expect to make their home.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Stomach Cure digests your food. J. H. O'Reilly & Co., B. H. Briggs & Co.

NO SHADOW

Of outward misfortune can darken the smile of the loyal wife and loving mother. But when disease comes the smile slowly fades, and in its place comes the drawn face and tight closed lips which tell of the constant struggle with pain.

When the delicate womanly organism is diseased the whole body suffers; the form grows thin, and the complexion dull. The first step toward health is to cure the diseases which undermine the womanly strength.

Dr. Pierce's Favorite Prescription establishes regularity, dries disagreeable drains, heals inflammation and ulceration and cures female weakness. The wonderful cures of womanly diseases effected by the use of "Favorite Prescription" place it at the front of all put-up medicines specially prepared for the use of women.

"I was troubled with female weakness for eight years, and suffered more than I can tell," writes Mrs. Gust. Moser, of Ovando, Deer Lodge Co., Montana. "My disposition was affected to such an extent that to say a pleasant word to any one was almost an impossibility. I had two operations performed by one of the most skilled surgeons of the West, but did not get relief. Then, against my doctor's strict orders, I commenced taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' and also followed the advice given in the Common Sense Medical Adviser.

"I continued this treatment for three months, and today am as healthy and well as a woman can be. I cannot thank Dr. Pierce enough for his kind letters to me."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

you may have comparative comfort until laughter, reading aloud or nervous excitement brings on the fit of coughing which racks you until your very bones ache. Do not suffer needlessly. 7ven when a cold on the lungs seems to have you fast in its dreadful power, Allen's Lung Balm will loosen the mucus, allay the inflammation, heal the aching throat and finally overcome the enemy completely.

Deming.

Deming is being talked of everywhere, and is attracting the attention she deserves from all quarters. In consequence of this great interest and to give those interested in this town there will be an excursion train from El Paso on the 17th inst., so that all those in attendance at the carnival may have an opportunity to see for themselves this very much talked of town. An opportunity will be given those who take this trip to acquire property here at an exceedingly low figure. This opportunity is not limited to the excursionists, but will be extended to any who may wish to be present at the sale, from other towns. It will pay you to be present.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Railroad Topics

Jack Risque left last night for Winslow. He is a shop employe.

With Engineer Norris at the throttle, engine No. 59, just repaired, left for the west.

Firemen Julian and Root who recently left Las Vegas are now working at Chihuahua, Mexico.

The travel into Mexico is now unusually heavy, and far exceeds that of the same time last year.

The Santa Fe railway is building a side track to the new Daming ice factory and electric works.

The El Paso-Rock Island route expect two more compound engines from the Baldwin works this month.

Engine No. 117 passed up the road yesterday morning from the Santa Fe Pacific, en route to the Topeka shops.

Passenger engine No. 2 has just been turned out of the shops at Alamogordo, having been entirely rebuilt.

Engine No. 28 has received an overhauling at the local shops. It went south with the El Paso train last night.

After an absence of several months at Pittsburg, Kansas, Charles Moss has returned and gone to work at the local shops.

Dallas Porter, who recently resigned from the service of the railway company at Las Vegas will leave for Galveston, Texas.

It is now believed that trains on the Bixbee line will be running by the 10th of this month, and plans are being made with this end in view.

J. C. Wyche has given up his position as fireman on the railroad to accept a position in the office of Superintendent Ridgway at Alamogordo.

Guy Loomis, of the Gila Valley road, was run over by an engine in a tunnel at Longfellow, near Clifton, Arizona, necessitating the amputation of his foot.

Engineer Schubert and Fireman Bennett, of the Las Vegas end, were sent to Lamy Saturday afternoon, to work there as an extra crew for a few days.

T. J. Healy, formerly traveling auditor for the Mexican Central, has commenced his duties as city ticket agent, at El Paso, for the El Paso-Rock Island.

Frank Bugh, machinist helper at the Las Vegas roundhouse, who has been off duty for several days nursing an injured ear, is able to resume his work again.

Travel over the main line of the Santa Fe is even heavier than usual. Passenger trains are crowded and heavy freight trains follow each other at short intervals.

Alamogordo News understands that the El Paso-Rock Island people have struck some exceptionally good water at the state line, mile post 19, where they have been boring a well.

Mrs. W. H. Phillips left this morning for Topeka, Kan., and San Antonio, Tex., on a visit to relatives and friends. The lady is the wife of the time keeper at the local shops.

Senator W. H. Andrews, president of the Santa Fe Central railway, was a passenger Sunday for the east on business for the road of which he is president, and expects to be gone about two weeks.

The Record says: Engineer Allie and Fireman Devereaux were sent to Albuquerque Saturday evening to bring up engine No. 117, which is en route to the Topeka shops for general overhauling.

A company was organized in Brussels on the 4th of January to construct 868 miles of railway in the Congo Free State. The later guarantees 4 per cent interest as a minimum on the capital of \$5,000,000.

Philip Sandoval, machinist helper at the Las Vegas roundhouse, was sent to Lamy to work for a few days as engine watcher, in place of Roque Todesque, who goes to Santa Fe for medical treatment.

The Santa Fe Railway company recently, on its passenger cars, replaced electric lights with acetylene lamps and now the acetylene has been supplanted by Pintsch gas, which gives excellent satisfaction.

Three hundred miles an hour is the rate at which an inventor, Prof. John Dew, declares that, under a method of construction known only to himself, trains will eventually be sent between Chicago and New York.

The distance between Chicago and El Paso by way of the Rock Island will be 1,471 miles, while by the other shortest route it is 1,579 miles. There is a saving of forty-one miles between Kansas City and Los Angeles.

R. S. Mallory is expected to reach this city on February 19. The gentleman is the discoverer or proprietor of the Omaha boiler compound, he comes here to superintend the latest improved compound on engines running out of this city.

The new 275 horse power engine for the electrical plant at the local shops was placed on its foundation yesterday morning. L. M. Gazin, the electrician, superintending the job. It is thought the plant will be in complete operation in a few weeks.

The Daming & Bixbee railway lacks but six miles of completion and this gap should be closed up by Saturday next. The report prevails in railroad circles in Deming that by the 15th inst. the Bixbee will be running trains into El Paso over the Santa Fe.

The Southern Pacific contemplates

making this spring additional improvements in the shops at Tucson, Arizona. There are now 423 men on the pay roll, which number, it is said, will be increased in the spring, as there is a large amount of work on hand, and heavy shipments of stock expected.

Arthur Vaude Greyn, who has been employed at Las Vegas as chief clerk for Division Foreman R. D. Gibbons, will resign his position soon and will return to Chicago, to accept a position in the office there. Frank Duchon, late of Raton, will take Mr. Greyn's position.

According to a Denver paper, S. B. Dick, vice president of the Colorado & Northwestern, Meadville, Pa., has raised \$14,000,000 to build an extension of this road from Boulder, Colo., to Salt Lake City, Utah, 450 miles, passing through Steamboat Springs and Middle Park.

The largest and most powerful Shay engine ever built will be shipped by the Lima Locomotive and Machine Works this month to the El Paso-Rock Island route, for use on the Alamogordo & Sacramento Mountain railway. The engine will weigh 110 tons and will be numbered 105.

In a circular issued by General Manager Russell Harding, of the Missouri Pacific company, D. Hardy is appointed general superintendent of that road and its leased and operated lines in Missouri, Kansas, Nebraska and Colorado, with headquarters at St. Louis, vice H. G. Clark. The appointment is effective February 15.

Only four passengers were killed on the nearly 2,900 miles of railway in the state of Mississippi, during 1901, as shown by the report of the railroad commission. In 1900 only one passenger was killed. There were fifty-one employees killed last year, of whom thirty-eight were trainmen, eight shopmen, two switchmen, one stationman and six other employes.

A correspondent writing to the White Oaks Eagle from Jicarilla, says: Thomas Wilson returned from the Gallinas mountains and reports the country free of snow. The contract is let by the Santa Fe Central for 50,000 cross ties; also for bridge timbers to be hewed instead of sawed. The contractor expects to gather the ties in the Gallinas mountains. This is good for the railroad but will leave the camp short of mining timbers. Mr. Wilson, so we are told, is offered a sub-contract to make timbers in Manzano mountains.

D. E. Cain, whose promotion to the newly created position of assistant general manager of the Santa Fe occurred the first of the month, began his connection with the Santa Fe as a time keeper in the Topeka shops years ago. By fidelity to his duty he rose to the position of chief clerk to John Player, then superintendent of machinery, and was taken from the mechanical department by H. U. Mudge, general manager. Expression of gratification has been frequent lately at the deserving recognition of Mr. Cain's services.

As soon as the necessary change can be made there will be three reservoirs for the storage of Pintsch gas on each of the thirty-one chair cars instead of two as has been the case heretofore. Three coaches were recently given an overhauling whereby acetylene lighting apparatus was removed and this week the additional improvements are to be made. The reason for the change is simply because Pintsch gas may be used exclusively instead of only partially, as heretofore. The reason for this has been that two tanks held only enough of the fluid to light the cars only a portion of the way to Albuquerque and back to Kansas City. One of the generating plants of the company is located at Armstrong, near Kansas City, and from there the gas is conducted through pipes to the union depot, where, as often as desired, the cars receive a fresh supply. After the quantity which two reservoirs supplied had been exhausted, while the cars were out on the road, it became necessary to light the cars with candles. The changes on nineteen of them will be made at Argentine, the supplies being furnished at Topeka shops, and the remainder will be given additional tanks at the Pullman works in Chicago.

The Last Heard Of It.
"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. J. H. O'Reilly & Co., B. H. Briggs & Co.

Millions Put To Work.
The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all druggists.

Dawson Coal Road.
A. L. Good & Co., railroad contractors, have established a large camp near Dover switch on the Santa Fe railway. Dover switch is about five miles south of Maxwell City. These contractors have a large force of men and teams at work between Dover switch and Dawson, the new coal camp

twenty-one miles west of Dover switch. The force is now working on the grade. They have also quite a number of men and teams grading east of Dover between that point and the town of Tucumcari on the Chicago, Rock Island & Pacific railroad, in Guadalupe county. It is understood that the grading force will be increased and track laying will be commenced on the Dawson road as soon as the contractors are no longer needed on the Rock Island road, which it is believed will be about the 15th of this month and by which time it is hoped that the steel bridge across the Pecos river near Santa Rosa will be fully completed.

RAILROAD POINTERS.

Dished Up in Small Lots by the Santa Rosa Star.

Work has begun on the Dawson branch railway.

Contractor Debrees' grading outfit left last week for the Dawson branch. The Chicago, Rock Island & El Paso will put on through passenger service about February 15.

Work on the large ten stall roundhouse is being pushed rapidly, the building to be entirely of stone.

The large surface well which the Rock Island is sinking is down about forty feet. They have plenty of water for the present.

J. H. Conlen, vice president and general manager of the Chicago, Rock Island & Mexico railroad, was in our city last week.

J. W. Fox has a large force of men at work at the rock quarry north of town. He has a contract with the railroad company to furnish rock for the roundhouse at this place.

The Rock Island is at work grading the commercial track, which is being built for the benefit of the wholesale houses and wool mills. This is the tenth track that the road has at this place.

H. C. Roy, formerly of Santa Rosa, railroad sub-contractor, expects to leave for Jackson Burroughs, Texas, to do job work for a short railroad branch running to a mining camp. Mr. Roy will take his family with him, which we regret to lose.

The last steel span of the large bridge across the Pecos was laid last Friday morning and the large "traveler" which was used in lifting the heavy steel has been torn down, loaded and shipped to Chicago. This was the last large bridge built on the division.

The Rock Island well driller had the misfortune to break his drill at the depth of eighty feet and being unable to remove the drill the well was abandoned. They are now digging a large surface well.

The Rock Island has a new well-drilling outfit at work at this place. This is the first work that the machine has done and we feel confident that with an outfit like this they will be able to reach good water and plenty of it.

Two men suspected of burning the Pintada bridge on the El Paso & North-eastern were arrested and brought to town Tuesday and tried before Justice of the Peace Nabb. They were bound over to await the action of the grand jury and placed under \$1,000 bond each, but not being able to give bond were placed in jail at Puerto de Luna.

Bucklen's Arnica Salve.
The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruptions. It cures or no pay. 25c at all druggists.

Favorite Nears Everywhere.
Constipation means dullness, depression, headache, generally disordered health. DeWitt's Little Early Risers stimulate the liver, open the bowels and relieve this condition. Safe, speedy and thorough. They never gripe. Favorite pills.

Married on the Run.
Philip Wiseman arrived in the city on No. 2 and was married to Miss Maude E. Resnor, of Butte, Mont., who arrived on No. 1. Rev. Norman Skinner officiating. If No. 1 had delayed a little longer the party would have departed for Clifton, the home of the groom, on that train, as it was they left on No. 7—Las Vegas Optic.

Saved Him From Torture.
There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

Interesting News.
Special to The Citizen.
Sale Headquarters, Jan. 30, 1902—The greatest clearance sale ever scheduled for Albuquerque will be inaugurated at Rosenwald Bros.' dry goods emporium on the last of January to extend for a period of fifteen days. Sterling values are assured. The promoters feel confident of success and the public is sure to avail themselves of such an opportunity.

The Wearing of the Green.
Those green tags on our winter goods mean that you can wear the goods that the tags are on at a much lower price than they are actually worth. Because all our winter goods must and will be sold. Simon Stern, the Railroad avenue clothier.

Deming will be the great smelter center. Two large plants will be installed within the year.

A Poor Way To Treat CATARRH

No one would be so foolish as to kindle the fire on top of a pot to make it boil, yet the treatment of Catarrh is often just as senseless and illogical. Douches, sprays, ointments, so-called tobacco cures, and various other applications, are diligently used, but the little good accomplished is swept away by the first breath of winter. When you attempt to cure a constitutional disease—one affecting the entire system—with purely local remedies, you are applying the fire to the top of the pot, you are doctoring symptoms, and, like thousands of others, get disappointing results. In Chronic Catarrh, the whole system becomes involved; the entire mucous membrane, or inner covering of the body, is in a state of high inflammation. The pressure of blood upon the glands and cells produce excessive secretion of mucus, much of which is absorbed into the blood and distributed to all parts of the body. In this way the stomach, kidneys and intestines are often seriously affected.

The nose, throat and ears are most frequently attacked by this foul disease, because the mucous lining is exposed to the cold, damp air, which attracts the vitiated blood to the surface, causing congestion of the little blood vessels and glands, making breathing difficult and labored; the throat becomes parched and dry; the hot, watery discharge from the nose gradually changes to a yellowish color and becoming more profuse and tenacious, drops back into the throat, causing gagging and almost constant coughing to dislodge it. This offensive discharge, in spite of all precautions, finds its way into the stomach, and extreme nausea and an obstinate form of dyspepsia follow.

Blinding headaches, neuralgia of the eyes and dizziness are also symptoms of this disease, and when the inflammation reaches the delicate mechanism of the ear, hearing is lost, and, as the blood becomes more deeply poisoned, the tissues and soft bones in the head are eaten out, greatly disfiguring the face. At this stage of Catarrh the breath becomes insufferably offensive. S. S. S. is the simplest and most effective treatment for Catarrh, and when taken into the circulation reaches all parts of the system and cleanses the blood of all Catarrhal matter and restores it to a normal condition. When rich, new blood begins to flow through the veins, the obstructed glands and broken down cells resume their natural functions, and the hot and inflamed membranes are lubricated and moistened with a soothing, healing fluid that quickly brings relief to the congested parts. S. S. S. puts the blood in such perfect condition and so strengthens and invigorates the general health that the local manifestations of the disease gradually disappear, the discharge from the nose ceases, the head clears, breathing becomes easy and natural, the appetite improves, and a perfect and permanent cure is effected.

S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no minerals to further poison the blood and derange the digestion, but can be taken with perfect safety in all stages and forms of Catarrh. Our physicians will gladly advise, without charge, all who write them about their case. Book on Blood and Skin Diseases free.

DON'T.
DON'T dispute with a woman when she says the Economist goods are the only ones to buy. Because she knows what she's talking about.

DON'T argue with her when she says the Economist prices are money-savers. She talks like a sensible woman who knows what's what.

DON'T try to excuse yourself for going to some other store instead of the Economist. You know that you can offer no reason that can be sufficient for passing the store where the best and cheapest go together.

DON'T expect your wife to meet you pleasantly if you've gone to some other store than the Economist, when she expressly told you to go nowhere else. Don't do these things if you expect to live long and keep your hair on.

LOCAL PARAGRAPHS.

Dr. W. R. Radcliffe, of Belen, is in the city today on business matters.

Joseph Bibb, the Bernalillo merchant, is spending the day in the city.

The Bernalillo Medical society held a meeting at Dr. Easterday's office last night.

N. E. Stevens returned this morning from a week's business trip in southern New Mexico.

F. H. Kent and wife drove out to Hell canyon yesterday and expect to return this evening.

R. B. Thomas and family have removed from North Fifth street to 410 East Railroad avenue.

Mrs. Benigno Armijo died this morning at her home in Bernalillo. The deceased was 60 years of age.

Hon. H. B. Fergusson left for Washington and other eastern cities last night, and expects to be absent several weeks.

Dr. A. P. Morrison was a through passenger for Santa Fe this morning. He expects to return to Albuquerque on Sunday.

Rev. George Juillard, of Gallup, who will perform the Dennison-Dedman marriage tonight, came in from the west last night.

On Washington's birthday, February 22, Walter Hill, of this city, will be united in marriage to Miss Mollie Brett, of Carlsbad.

Miss Margaret McGillivray, who has been spending several months visiting friends in El Paso, Texas, and the City of Mexico, has returned to Albuquerque.

W. L. Hathaway, who was in California on receipt of the news that his wife was ill, has returned to the city. He reports Mrs. Hathaway greatly improved in health when he left.

C. N. Cotton, ex-mayor of Gallup, and a big general merchant of that town, came in from the west last night and attended the Judge Baker reception last night at the Commercial club.

Major Ernest Meyers, of the Meyers-Abel company, has returned to the city from the western towns along the Santa Fe Pacific. He reports business good and landed quite a nice lot of orders.

B. Ruppe, the energetic Railroad avenue druggist, informs The Citizen that he will keep his drug store open all night in the future. A regular licensed pharmacist will have charge of the night service.

The Woman's Circle of the First Baptist church will meet with Mrs. W. V. Wolvin, 213 South Arno street, on Thursday, at 2:30 p. m. All members of the church and congregation are extended a cordial welcome.

John S. Trimble, wife and children will leave tonight for El Paso, where they will reside in the future. Mr. Trimble recently purchased a livery stable in El Paso, and The Citizen wishes him all kinds of luck in his new home.

J. F. Silva, a substantial citizen of Los Corrales, is a visitor in the city, and is accompanied by his wife and daughter. Mrs. Silva being in poor health they have rented the Bachechi house on North First street in order the lady may receive proper medical attention.

Jose Defouri and bride, nee Miss Claudine Givandan, of Santa Fe, came in from the north last night, and are the guests of Mr. and Mrs. Girard. They will remain here a few days, then return to Santa Fe, and from there they will go to Pueblo, Colo., where they will reside in the future.

The funeral and burial of A. C. Williams, who was run over and killed in the local yards Monday night, took place this afternoon. Short services were held at the undertaking parlors of O. W. Strong & Sons, with burial in Fairview cemetery. No word was received from his relatives, hence the burial here.

The New Mexico sanitary sheep board met this afternoon in its office in the Armijo building. The bills of the last quarter were passed on and paid. Hon. Solomon Luna, of Los Lunas, and Harry W. Kelly, of Las Vegas, and Secretary Harry F. Lee were present. W. S. Prager was absent on account of sickness.

The case of Juan Domingo, held for the robbery of Hall & Larnard's music store last week, came up before Judge Crawford this morning. Domingo pleaded "not guilty" and was bound over to the grand jury under \$1,000 bonds, which so far he has failed to furnish. The evidence against Domingo is very strong and it is likely that he will get the limit for house breaking, which is three years.

Miss Lizzie Girard, whose marriage to Charles Davis is to take place this evening, was very agreeably surprised last night by the Young Ladies' Sodality of the Catholic church. The society presented the bride-to-be with a silver fruit dish as a token of friendship and esteem. Miss Girard has been a member and officer of the sodality for several years. After a social good time delightful refreshments were enjoyed. Miss Girard is receiving in advance the best wishes of her many friends for a long and happy married life.

Al. Coleman, who is here on a visit to his wife, expects to return to Santa Santa Rosa Saturday or Sunday. He says that the Townsite company has all the good lots, and after the present leases expire there will be no more saloons at Santa Rosa, unless possibly one on the entire townsite. Mr. Coleman says that he and partner, Luke Walsh, will probably pull up stakes at Santa Rosa in a few weeks and then return to this city. "The railroad is

now completed," says Mr. Coleman, "and the excitement incident to a lively town with plenty of hard characters all around is slowly disappearing."

Rev. T. C. Beattie talked to a large and appreciative audience last night at the Presbyterian church. This is the second of a series of lectures which Rev. Beattie intends to give on his trip abroad. His lecture last night was a historical sketch of his visit to Naples, Pompeii and Vesuvius. Rev. Beattie is a clever talker and his word paintings of the ancient cities and places where he visited while in the old country are very interesting.

Liquid Air Lecture.
Yesterday afternoon, C. E. Gordon was introduced at The Citizen office by Prof. W. G. Tight, president of the New Mexico university. Mr. Gordon represents Russell Palmer, of Chicago, and arranges for lectures and experiments with liquid air. Through Professor Tight, a lecture was arranged for this city at Colombo hall on the evening of February 20, and Professor Patty, who is thoroughly conversant with this wonderful discovery, will be here to deliver the lecture and make the experiments.
