VOLUME 16

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, JANUARY 31, 1902

NUMBER 60

FOR STATEHOOD.

Arizona Hearing Before House Committee.

Sweeping Civil Service Order by the President.

D. F. Cain Appointed Assistant General Manager of the Santa Fe.

PROCEEDINGS OF CONGRESS.

Special to The Citizen.
Washington, D. C., Jan. 31.—The Arizona had a hearing on statehood today before the house committee on territories. Speeches were made by Delegate Smith, Governor Murphy, Judge Hunt and Judge Alsworth. Delegate Rodey made occasional remarks elucidating common points in all the territories.

SWEEPING ORDER.

Washington, D. C., Jan. 31.—The president has issued an order forbidding all officers and employees of the United States "either directly or indirectly, individually or through associations, to solicit increase of pay or influence, or attempt to influence their own interests and legislation whatever, either before congress or its committees, or in any way save through the heads of departments in or under which they serve, on penalty of dismissal from government service."

Assistant Manager.

Topeka, Kan., Jan. 31.—D. F. Cain, of Topeka, chief clerk of Manager Mudge, has been appointed assistant general manager of the Santa Fe road. D. N. Taylor was appointed mechanical superintendent at La Junta.

CONGRESS.

Committees Trying to Investigate Any Old Thing.

Washington, D. C., Jan. 31.—In the house Mr. Dalzell, from the committee on rules, reported favorably the Tawney resolution introduced yesterday to direct the ways and means committee to investigate the question whether the treaty-making power could negotiate reciprocity treaties affecting customs revenues without action by congress, and asked action upon it. The resolution offered by Mr. Rawlins, directing the secretary of war to inform the senate whether "sedition laws" had been promulgated by the Philippine commission, and if so, the date of such promulgation, passed without comment.

Mr. Morgan addressed the senate on the Philippines tariff bill. The resolution was adopted without division. A resolution to make the oleomargarine bill the special order for Monday was adopted.

THROUGH HEAD.

Wife Discovers Husband's Body Shortly After His Suicide.

Fort Morgan, Colo., Jan. 31.—William Brinkley committed suicide with a revolver. His body was found by his wife shortly after the tragedy. The town was startled by first reports that it was a cold-blooded murder. Coroner Glierist was summoned from Brush and arrived at Fort Morgan shortly before noon and promptly locked the building containing the body, pending the empaneling of a jury. At 2 o'clock a jury was selected, and after a short secret session was continued until the next day. Brinkley was about 35 years of age and a carpenter by occupation. Brinkley appeared to be depressed, and told his wife he was going to kill himself. Having often used this expression in the presence of his wife, she thought nothing of it. It appears Brinkley put his oft-repeated threat into execution, this time using for his purpose a revolver, now in the hands of the jury. He shot himself through the head. An autopsy was made by Dr. Jones of Fort Morgan and Dr. Turner of Brush.

PIOUS OLD FRAUD.

One of "Elijah" Dowie's Schemes to Swindle.

Chicago, Ill., Jan. 31.—Judge Tuley today ordered a receivership for the Zion lace industries and will appoint Elmer Washburn receiver, under bond of \$700,000.

The court held that Samuel Stevenson, brother-in-law of John Alexander Dowie, head of the Christian Catholic church, had been led to turn over to

Dowie practically everything he had, and was entitled to at least \$100,000 from Dowie, or the lace industries.

FIRST RURAL DELIVERY.

Route to Serve Ranchman Near Roswell.

Washington, D. C., Jan. 31.—The postoffice department has announced the establishment of the first free rural route in New Mexico, to start from Roswell, Chaves county. The route will be one and a half miles long and will cover an area of twenty square miles. It will serve a population of 600 with 120 houses on the route. Spiva Weatherlin has been appointed carrier.

MINERAL LANDS.

Inquiry By Senate Into the Leasing of Indian Mineral Lands.

Washington, D. C., Jan. 31.—The senate adopted a resolution offered by Rawlins, providing a general inquiry by the committee on Indian affairs into the matter of leasing mineral lands by the Indians, and by what authority the interior department approves such leases, and the subject of connection of government officials with the making of such leases.

ALL FOR DENVER.

The Christian Endeavor Secretary Talks of the Convention.

WILL BE HERE TONIGHT.

John Willis Baer, secretary of the World's Society of Christian Endeavor, arrived this morning and will be entertained by local endeavors until tomorrow.

Mr. Baer was met on his arrival by William E. Sweet and F. P. Woolston and taken at once to the Brown hotel, where he conferred with various committees.

The tour of the west on which Mr. Baer has started is not only for the purpose of arousing interest in the work of the society, but to learn the opinion of the people in regard to the meeting place for the next national convention.

"I have just traveled through southern California, Nevada, Utah and Wyoming," said Mr. Baer this morning, "and I find that the people all favor Denver decidedly. The railroad men of the west are all anxious that the convention be held at Denver and they are an important factor, you know. The men of the east and particularly of New England, speak in favor of your city."

"Of course, Denver's greatest rival is St. Louis, because of the exposition which will be held there that year, but if Denver people put their best efforts into the undertaking, there is no reason why they should not get the convention of 1903. Before I have completed this tour, I will have visited every state west of here as well as Mexico and western British Columbia and I shall inquire everywhere the opinion of the people in regard to Denver. So far I have found the work of the Christian Endeavorers in fine condition."

This national convention would bring to Denver at least 18,000 delegates and with their friends and visitors, the number would probably reach 25,000. Mr. Baer spoke before the Junior rally this afternoon at the First Congregational church and tonight he will address the big meeting at the First Baptist church. At 6 o'clock there will be a supper at the Brown, when Mr. Baer will lay his plans for the convention before the business men of the city.—Denver Post.

COMING TONIGHT.

The secretary of the World's Society of Christian Endeavor, John Willis Baer, will reach this city tonight from the north, and will be met at the local depot by delegations from the various churches of the city and escorted to the home of Rev. Beattie. On Sunday morning he will preach at the Presbyterian church, and in the afternoon will either hold services at the railway hospital or hold a children's meeting at one of the churches, to be determined on his arrival. Sunday night he will deliver an address at the Congregational church. An interesting program has been arranged for the services at the Congregational church, among which is a drill by twenty-one young ladies, representing the twenty-one years the society has been in existence. The young ladies will range in size and carry flags of the different countries, in which the society has operated during the twenty-one years of its existence. The church will be decorated with the colors of the society—red and white.

Arrested for Perjury.

St. Louis, Jan. 31.—After examination of a number of witnesses today, by the grand jury, Harry A. Faulkner, member of the house of delegates, was arrested on a bench warrant charging perjury.

BIG FIRE.

Business Block in Norfolk, Va., Burned.

Two Pittsburg Murderers Make Successful Escape.

Two Oregon Murderers Hanged, They Killed a Man for 25 Cents.

PHILIPPINE INVESTIGATION BY SENATE.

Norfolk, Va., Jan. 31.—The largest fire in this city in thirty years occurred this morning, and the loss over a half million dollars.

The burned district covers a city block. One hundred and fifty business houses and living apartments were destroyed. The Atlantic hotel and Columbia building were burned. The rapid spread of the fire was due partly to the lack of water.

The fire started in the Columbia office building, owned by Davis Lowenberg, and a thousand gallons of whiskey stored in the building exploded, tearing out the front wall, annihilating the home of the Virginia club. From the outset it was evident that the immense Atlantic hotel was doomed. J. Hull Davidson, proprietor, aided by assistance, aroused the guests. To this is due the fact that no life was lost, although about 300 people were asleep in the hotel when the alarm sounded. The flames spread to the five-story Albemarle apartment house opposite the Virginia club, which was quickly destroyed. Then the fire spread to the entire block facing the Atlantic ocean, from Plume to Main streets. Within an hour this block was annihilated.

MURDERERS ESCAPE.

They Are Supposed to Be Secreted Near Pittsburg.

Pittsburg, Pa., Jan. 31.—No trace of John and Edward Biddle, escaped murderers, or Mrs. Kate Soffel, the warden's wife, who, it is alleged, accompanied them, has been secured. The police believe that none of the three are more than five miles from the court house. Warden Soffel will tender his resignation after the conclusion of the prison board's investigation.

PURSUIT OF THE FUGITIVES.

Cooperstown, Pa., Jan. 31.—Officers are in pursuit of two men and a woman believed to be the Biddies and Mrs. Soffel. The fugitives stole a sleigh and drove in the direction of Saxonburgh.

MURDERERS HANGED.

They Killed a Man to Secure Twenty-five Cents.

Portland, Ore., Jan. 31.—Joseph Wade and B. H. Dalton were hanged this morning for the murder of James Morrow, November 14 last, on the street, the object being robbery. They only secured 25 cents. Both men retained their nerve. Wade said: "You may think I am happy, but I'm not."

Philippine Investigation.

Washington, D. C., Jan. 31.—The investigation of conditions in the Philippine archipelago, apropos of the effort to secure legislation for the government of those islands, was begun by the senate committee on the Philippines, today. W. H. Taft, civil governor, was the first witness.

LADIES' WHIST CLUB.

They Entertain in Honor of Mr. and Mrs. P. E. Harroun.

The ladies of the Ladies' Whist club entertained their gentlemen friends at Odd Fellows' hall last night, in a lavish manner. The event was in honor of Mr. and Mrs. Phil E. Harroun, who expect to leave in the near future for California. Not only whist was enjoyed, but dancing, and an elegant luncheon was served.

Duplicate whist was played at ten tables, every couple playing two boards at each table or twenty games. The score cards were unique cardboard designs on which was pasted the points gained at each table.

Miss Baer secured the first lady's prize, an Indian plaque, and B. Spitz, the first gentleman's prize, an Indian smoking tray. The consolation prizes were won by Mrs. E. L. Medler, an Indian ornament, and Mr. Newman, burnt leather whist broom.

After the scoring a delightful lunch of salad and rolls, olives, cake and coffee was served at the tables.

It was 12 o'clock before the refreshing part of the entertainment was dispensed with.

Dancing was then in order, and it was 2 o'clock before the last strains of the "Home Sweet Home" waltz died

away, and the merry-makers departed for their respective homes.

Prof. DiMauro and Miss Hanthorn furnished the music.

Those on entertainment committee were Mrs. Dobson, Mrs. Johnson, Mrs. Kent and Miss Baer, and those present were: Messrs. and Mesdames Dobson, Johnson, Kent, Noa Ilfeld, Bernard Spitz, G. L. Brooks, Harry Lee, P. Harroun, McLaughlin, Jos. Saint, Felix Lester, A. B. McGaffey, George Frost, E. L. Medler, Wroth, B. Spitz; Misses Julia Lee, Rica Baer, Daisy Poyas; Messrs. Alger, Sam Pickard, Louis Brooks, Al. Frost, A. Faber, Fred Newman, Mr. Himoe.

Plenty of Snow.

From parties who have made the trip from Albuquerque to Chilli since the snow storm set in, it is learned that on Wednesday, going from Tijeras to Chilli, there was a foot of snow on the ground, and in returning to Albuquerque Thursday it was noted the tracks made Wednesday were covered by the subsequent fall, the plains on Thursday being covered to a depth of nearly two feet. As a consequence the sheep growers are jubilant and look forward to a fine range in the spring with an abundance of water and grass.

LAMB FEEDERS.

Arbitrary Price Fixed by Meat Trust Caused Enormous Loss.

FEED IS HIGHER.

Fort Collins, Jan. 31.—There are about 150,000 head of lambs on feed for the eastern markets in Larimer county at the present time. That, however, takes in all the country adjacent to the Colorado & Southern road from Berthoud to New Windsor. As the latter town is some three or four miles over the line into Weld county, something should be taken off the above figures in order to be exact.

There were 351,000 head of lambs fed in Larimer county last year, only about one-half as many are being fed in the county this year. The meat trust is blamed for this big falling off. The Colorado feeder must get fully 6 cents per pound for his lambs in Chicago in order to come out even—that is to pay all expenses and have his alfalfa hay net him \$3 per ton. But last year the "big four" agreed among themselves to pay a flat Missouri river rate of \$5 per hundred pounds for fat Colorado lambs. That made them bring \$5.25 in Chicago. That was an awful black eye for the Colorado feeders. They say that in all the state they lost about \$1,000,000.

That any lambs are being fed at all this year is rather remarkable. But the history of lamb feeding in Colorado teaches the fact that good and bad prices come on alternate years. The feeders figured that this year would be one of the good ones, so the nifty ones stocked up again and are going to try and retrieve some of the ground lost last year.

FEED IS HIGHER.

But when they came to buy their lambs for the feed pens, they found themselves confronted by new conditions. Corn is selling at \$1.30. The feeders estimated that this increase in the cost of corn would make their lambs cost them about 60 cents a head more than on an ordinary year. They laid this proposition before the range men and told them that unless they could make this reduction in the prices of their lambs from the range the feeders would simply not feed at all. The range men saw the point and made the required reduction.

While some improvement in the market over last year at this time is observable, there is nothing thus far to cause unusual elation among feeders. Last Saturday western lambs in Chicago were quoted from \$5 to \$5.50 per hundred. This is better than what was offered last year. Still, it is not enough to insure the feeder as high a price as he should be paid in order to be warranted in pursuing the industry indefinitely.

No Colorado lambs to speak of have yet been sent to market. In about a week, however, they will begin to go forward in large quantities and then the world will know whether the meat combine is willing to let the Colorado feeders live or not.

Argued in Washington.

Washington, D. C., Jan. 31.—The case of the United States vs. Margarete Baca on appeal from the court of private land claims was argued in the United States supreme court, M. G. Reynolds appearing for the appellant and Delegate B. S. Rodey for the appellee. The case involves title to the Baltazar Baca land grant in New Mexico.

Free Concert.

A free concert, followed by a dance, will take place at the Orchestra hall tomorrow night. A concert will also be held at the same hall Sunday afternoon.

BOERS REPULSED.

Newhandt's Command Attacked British.

Admiral Schley the Guest of Nashville.

Work Suspended on Burlington Extension in Montana.

GALE IN ENGLISH CHANNEL.

London, Jan. 31.—Lord Kitchener reports that the camp of Colonel Du Moulin, Sussex regiment, was attacked by Newhandt's command, and after several fighting the Boers were repulsed.

Schley Visits Nashville.

Louisville, Ky., Jan. 31.—Admiral Schley left for Nashville this afternoon, escorted by a committee from that city. A large crowd saw him off, cheering heartily.

Burlington Extension Stopped.

Great Falls, Mont., Jan. 31.—Orders were received directing that work be suspended on the Burlington extension from Billings to connect with the Great Northern here.

Disastrous English Gale.

London, Jan. 31.—Gales in the channel have caused many shipping casualties. The most serious is the loss of the steamer Sprite, having a crew of twenty, bound for Hamburg.

Later it was announced that the Sprite had arrived at Hamburg, five days overdue from Harlepool.

TELEGRAPHIC MARKETS.

Chicago Live Stock.

Chicago, Ill., Jan. 31.—Cattle—Receipts, 25,000 head; market steady; unchanged; good to prime steers, \$8.50@7.40; poor to medium, \$4@6; stockers and feeders, \$2.25@4.75; Texas fed steers, \$4@5.

Sheep—Receipts, 14,000 head; market steady; good to choice wethers, \$4.50@5; wethers, \$4.50@5; fair to choice mixed, \$3.75@4.50; western sheep, \$4@5.45; native lambs, \$3@6.50; western lambs, \$5@5.80.

Kansas City Live Stock.

Kansas City, Mo., Jan. 31.—Cattle—Receipts, 2,000 head; market strong; native steers, \$4.85@6.50; Texas and Indian steers, \$4.20@5.25; stockers and feeders, \$3.35@4.55.

Sheep—Receipts, 1,000 head; market steady; muttons, \$3.75@4.85; lambs, \$5.25@5.85; western wethers, \$4.25@4.75; ewes, \$3.75@4.25.

Chicago Grain.

Chicago, Ill., Jan. 31.—Wheat—Jan. 74½c; May, 77½c@77¾c. Corn—Jan. 59½c; May, 62½c. Oats—Jan. 43½c; May, 44½c. Pork—Jan. \$15.60; May, \$16.85. Lard—Jan. \$9.25; May, \$9.37½. Ribs—Jan. \$8.20; May, \$8.40@8.42½.

St. Louis Wool.

St. Louis, Mo., Jan. 31.—Wool—Steady; territory and western medium, 16@18c; fine, 12@17c; coarse, 11@16c.

New York Metal.

New York, Jan. 31.—Copper—Firm; 12½@13½c. Lead—Steady; and unchanged.

New York Money.

New York, Jan. 31.—Money on call 2½ per cent. Prime mercantile paper, 4@4½. Silver, 55½.

DEATH OF A CONSUMPTIVE.

Died Here This Morning, With Sister and Grandmother Dead in Chicago.

Richard Barnland, of Chicago, died at his room on West Gold avenue this morning about 9 o'clock of lung trouble. He was about 22 years old and came here a month ago. Undertaker Edwards received a telegram from George A. Dupuy ordering the remains sent to him in Chicago. Among the young man's effects were found two telegrams, one dated January 11, saying: "Sister died today; will be buried tomorrow." The other was dated the 19th and gave an account of the death of his grandmother, and also that his mother was not expected to live.

Old Jail Bird.

Charles Williams, the young man who was given sixty days in county jail yesterday, in Judge Crawford's court for petty larceny, the story of which was printed in last night's Citizen, is undoubtedly a member of the "profess." After receiving his sentence he was returned to the city jail until a

convenient time could be found to take him over to the county jail. About 3 o'clock yesterday afternoon Officer Mainz heard a grating noise in the big cell at the city building, and on investigating found that Williams had stolen a case knife at the dinner table and by knocking it on steel made a saw with which he expected to effect his escape by sawing the bars on the jail window, and with a little more time would have succeeded, for he had one bar half sawed. He was forthwith dispatched to the jail in old town.

Important Discussion.

Four stalwart officers, two of whom are members of Albuquerque's metropolitan force, stood on Railroad avenue yesterday morning and debated the sexuality of a certain nobby individual who happened to pass by. One of the gentlemen declared it was a boy, and another declared, owing to the recent experience at Deming, that he knew it was a boy for the very good reason that the person under discussion was not put up with curves like a woman he saw down south who was masquerading in man's clothes. The other two were in doubt, and the matter, as to the sexuality of the feminine looking individual, with soft unshaven face, was dropped for the time being.

SUPREME COURT.

Several Important Cases Taken Under Advisement.

APPEALS FROM OTHER COURTS.

In the supreme court, Tuesday, January 28, the following cases were disposed of:

Case No. 768, W. H. Miller vs. City of Socorro, John H. McCutcheon and James M. Hill, error to district court, Socorro county; motion for appeal to United States circuit court of appeals was denied.

The temporary license of F. R. Conway was, upon application and proper showing, extended to January term of 1903.

Case No. 934, Territory ex rel. E. J. McLean & Co. vs. the Denver & Rio Grande Railroad company, appeal from district court, Bernalillo county, argument concluded and case submitted to and taken under advisement.

Case 943, J. Frank Aldrich, receiver, vs. Edgar M. Young, appeal from district court, Grant county, argued by consent and submitted to court.

Case 918, Lindauer Mercantile company vs. John J. Boyd et al., argument not being concluded case was continued to Thursday morning.

Court adjourned to Thursday morning at 10 o'clock.

THURSDAY.

Case No. 857, Territory of New Mexico vs. John Wilburn, order entered directing moneys collected from the forfeiture of the bond on judgment against Carter and Pierce, sureties of Wilburn, now in the hands of the clerk and to be hereafter collected and paid to the treasurer of Union county for the benefit of the Union county court fund.

Case No. 900, Bank of Commerce vs. George W. Harrison, appeal from district court of Bernalillo county, a motion was made for appeal to the supreme court and granted, and bond of \$10,000 approved by the chief justice.

Case No. 918, continued from Tuesday afternoon, argument concluded and case went to the court.

In the matter of E. E. Neal, suspension from practice, the court directed a rule on the clerk of the Third judicial district, to certify to this court a full transcript of all proceedings.

Case No. 919, John W. Gill vs. W. C. Wallis, appeal from district court of Grant county, is being argued.

The territorial supreme court will adjourn Saturday to meet again in adjourned session during the latter part of March or early in April. The docket will be about cleared up by Saturday.

OFFICIAL MATTERS.

Jacob Regensburg has been appointed postmaster at Guadalupe, Mora county, and Dominick Cassan at Colmar, Colfax county.

COLLECTOR MORRISON'S OFFICE. The following official communication was received at the office of the internal revenue collector for the district of New Mexico and Arizona:

Washington, D. C., Jan. 24, 1902. A. L. Morrison, Esq., Collector of Internal Revenue, Santa Fe, N. M.—Sir: Your office was examined on the 16th inst. by Revenue Agent George E. Fletcher, who reports the cash, lists and stamps in balance, records neatly kept and written up to date, employees competent and attentive to duty, and the office in general good condition.

The grade of your office is fixed at No. 1.

J. W. YERKES, Commissioner.

Eugene Kempenich, known in Peoria as "Handsome Gene," is now a clerk at E. J. Post & Co.'s hardware store.

Daily, by mail, one year, \$6.00
Daily, by mail, six months, \$3.50
Daily, by mail, three months, \$2.00
Daily, by mail, one month, \$1.00
Daily, by carrier, one month, 75
Weekly, by mail, per year, \$2.00
THE DAILY CITIZEN will be delivered
in the city at the low rate of 29 cents per
week, or for 13 cents per month, when
paid monthly. These rates are less than
those of any other daily paper in the
territory.

"Work for statehood," is Delegate
Rodey's cheerful motto.

It is time to begin preparations for
the annual territorial fair.

The Citizen contains all the news of
New Mexico and northern Arizona.

The people will generously help the
Elks to build an opera house and hall.

Every man in Albuquerque should
plant at least one shade tree this
spring.

One twelfth of 1902 past; is one
twelfth of the year's work accom-
plished.

Egyptian women wear corsets 3,902
years ago, but not raglan coats, thank
heaven!

Governor Otero will reach Santa Fe
this evening and will be given a grand
reception tomorrow.

Morgan Llewellyn was confirmed as
surveyor general yesterday, and Vance
will vanish from public view.

It is almost certain that five millions
added to the public treasury will make
"something rotten in Denmark."

It is rather hard that this city should
bear the burden of many enterprises
that properly belong to the whole ter-
ritory.

The city republican central commit-
tee will be called together next week
and the municipal campaign will be
opened.

The quotations of the successful
smuggling of a Chinaman into this
country, it is stated, now range from
\$50 to \$1,000.

Some of the best newspaper men in
this territory have located in El Paso,
which accounts for the improved papers
in that city.

This city has been well governed
the past two years, and the people
should carefully select the officials for
the coming year.

A horse named Death is winning all
the races down at New Orleans. Death
always has had a way of getting in at
the home stretch.

The London Daily Mail says that the
United States is ahead of the world in
wealth and in the production of wheat,
coal, iron and steel.

The committee soliciting funds for
the Charleston exhibit secured \$200
in this city yesterday and hope to finish
their work by tomorrow afternoon.

Las Vegas is building a Masonic
cemetery. It will be adorned with
trees and flowers and will be a cheer-
ful place to take that sleep that knows
no wakening.

Profiting by the sad experience of
William Jennings Bryan, who seems
to have been dead wrong on every pub-
lic question he has ever attempted to
discuss, it is not probable that any
other man who aspires to political
favor at the hands of the American

people will try to preach the Bryan
doctrine that the American flag shall
be hauled down in the Philippines.

Another man has been found who
says that he refused a bribe of \$100,
000 to poison Lincoln. From his talk
there is an intimation that he will ap-
ply for a pension.

There is nothing new under the sun,
but some things that are old are use-
ful in the sunshine. It is announced
that the Panama hat is likely to be
fashionable again this coming summer.

Since the republican party resumed
national control in 1897 the additions
to the territory of the United States
include Hawaii, Porto Rico, the Phil-
ippines, Guam, a part of Samoa and
the Danish West Indies.

You may observe that the men who
advertise in the home paper are the
ones who do the business. You may
pick up any local paper and in one
minute tell who does the buying and
selling and keeps alive the interests of
the place. A newspaper reflects the
worth, enterprise and intelligence of
the community in which it is issued.

The New Mexican claims that The
Citizen was mistaken in its criticism
of the territorial supreme court in re-
gard to the size of the pages of attor-
neys' briefs. The Citizen does not care
to insist upon the question. In fact,
an experience a few years ago con-
vinced The Citizen that whatever the
territorial supreme court says, is right.

The people little realize the heavy
slump in the price of copper. It is
now asserted that the Utah Consol-
idation company has 4,000,000 pounds
of unsold copper on hand, and that the
company's profit on the copper actual-
ly sold last year was not sufficient to
pay its dividends. The shrinkage in
the value of the 4,000,000 pounds in
stock, as a result of the recent drop
in the price of copper from 17 cents
to 11 cents, amounts to about \$290,
000.

GOOD ORDINANCE.

The city council of Fresno, Califor-
nia, has passed an ordinance which
prohibits advertising by means of
wagons with drums, bells, or other
forms of noise; the distribution of
hand bills; the placing of signs on
telegraph poles and posting of bills
on buildings, fences, or other public
places. The mayor is vested with
the authority to issue permits for ad-
vertising in exceptional instances un-
der such restrictions as he may deem
necessary. The ordinance also pro-
hibits the use of any banner or sim-
ilar device intended to divert patron-
age from any person or business firm.
The ordinance will go into effect Feb-
ruary 3.

SENATORIAL EXTRAVAGANCE.
In the United States senate a few
days ago the astounding statement
was made by a member that the sal-
aries of the clerical and office force
of that body now amount to more than
the salaries and mileage of the sena-
tors.

It has been known to the people for
a long time that the honorable sena-
tors never stop to consider the ques-
tion of expense when their comfort
or convenience is involved, but it is
doubtful if the public has the slightest
conception of the extent to which the
abuse of their privileges has been car-
ried by the members of the upper
house of the national congress. Now
that attention has been called to the
matter in the most public manner it
is high time for judicious pruning.

SPARE THE SCHOOL CHILDREN.
A species of tribute which is never
justified under any circumstances is
that which is levied from time to time
upon the school children. It doesn't
matter what the object may be the
principle is wrong. The money, to be-
gin with, doesn't come from the chil-
dren. It is supplied by the parents,
and in a majority of cases is given sim-
ply because it is asked and, so far as
the children are concerned, without
any proper understanding of its design
or purpose.

There is no sentiment which will
warrant this plan of obtaining money.
It does not teach any lesson of patri-
otism or generosity. It is an appeal to
minds which are not fitted to discrim-
inate as to the propriety of complying
with the requests or refusing them.
Generally speaking, the pupils who at-
tend the public schools—or their par-
ents—need the money which they are
asked to give. Buying books and cloth-

ing for children is an expense which
many families find it difficult to meet.
If there are those who can be liberal
without sacrifice, those who are not so
situated are made uncomfortable. No-
body in the world is more sensitive
than children.

The practice of canvassing for money
in the schools under any pretext, is
indefensible. It is a violation of prop-
riety, and ought not to be allowed.
The act of giving should be attended
always with a complete understanding
of its aim and the character of its re-
sults, and this is impossible among
children.

THE OIL OCTOPUS.

The Standard Oil company is getting
interests in the Texas oil district,
though in a leisurely and quiet way. It
has been ascertained at Beaumont that
the Producers' Oil company, organized
under the laws of Texas a few days
ago with a capital of \$1,500,000, is a
Standard Oil company concern, and
that John D. Rockefeller is the prin-
cipal stockholder, although the name
does not appear in the list of direc-
tors.

The day following the filing of its
charter in the secretary of state's
office this corporation purchased four-
teen acres of land in the very heart of
the improved oil district of Spindle
Top heights. The consideration is said
to have been \$3,000,000. The intention
is to expend many millions in the new
field in building and operating pipe
lines.

An Attack of Pneumonia Warded Off.
"Some time ago my daughter caught
a severe cold. She complained of
pains in her chest and had a bad
cough. I gave her Chamberlain's
Cough Remedy according to directions
and in two days she was well and
able to go to school. I have used
this remedy in my family for the past
seven years and have never known it
to fail," says James Prendergast, mer-
chant, Annato Bay, Jamaica, West
India Islands. The pains in the chest
indicated an approaching attack of
pneumonia, which in this instance was
undoubtedly warded off by Cham-
berlain's Cough Remedy. It counteracts
any tendency of a cold toward pneu-
monia. For sale by all druggists.

DON'T.

DON'T dispute with a woman when
she says the Economist goods are the
only ones to buy. Because she knows
what she's talking about.

DON'T argue with her when she
says the Economist prices are money-
savers. She talks like a sensible woman
who knows what's what.

DON'T try to excuse yourself for
going to some other store instead of
the Economist. You know that you can
offer no reason that can be suffi-
cient for passing the store where the
best and cheapest go together.

DON'T expect your wife to meet you
pleasantly if you've gone to some
other store than the Economist, when
she expressly told you to go nowhere
else. Don't do these things if you ex-
pect to live long and keep your hair on.

Agricultural lands in Deming are un-

ATTEMPTED IN THIS CITY.—LEON
B. STERN.

"Strongest in the World"

The 21st Century

is a long way ahead, but probably a
few who read this advertisement hold
contracts with the society which will
not terminate until the twenty-first
century.

The assured will have ceased pay-
ing premiums long before then, but it
may be that the society will still be
paying the instalments, or annuity, to
the beneficiaries. This fact should be
a powerful argument in favor of con-
servatism, safety and strength in the
management of a life assurance com-
pany. The Equitable is the strongest
life company in the world. Its policies
are the government bonds of life as-
surance.

Send for information regarding a
Continuous Instalment Policy, which
provides for an annual income to the
beneficiary for life.

MARRIAGE IN HIGH LIFE.

THE WEDDING.

The marriage bells rang loud and long.
And this is what they said:
There's nothing baked on earth can
beat

The New England's Pure White
Bread.

THE HONEYMOON.

They billed and cooed from morn till
night,

And in a Pullman sped,
They lived on love and ever ate

The New England's Pure White
Bread.

LIFE'S STERN REALITY.

The honeymoon was over
And their oven wouldn't bake,
The staff of life and sweetmeats
No better than the cake

The husband fussed and fretted,
'Cause he wanted to be fed
And his wife ran to South Second
street

For New England Pure White Bread.

MORAL.

Young ladies, ere you're married
To Tom or Dick or Ned,
Don't paralyze your sweet-hearts
With your white (?) bread;
And when you have signed the con-
tract,

If these lines be rightly read,
You'll always go to Xydias
For New England Bread.

You may sing of San Francisco,
Or Denver's dusty town,
You may move in Old St. Louis,
Or hold Chicago town,
New York may a figure
In Philadelphia wake,
But you've got to hit Albuquerque
For New England Bakery Bread.

Corner Second and Coal.

Mines and Minerals

Work has commenced on the Galloway mine, Organ, this week.

Pat Breen was at Las Cruces from his gold mine in the Black Mountain district.

C. B. Rogers, superintendent of the Modoc and Torpedo mines in the Organ, was at Las Cruces on business.

Frank K. Wyman, the successful mining man, has returned to Deming from a prospecting trip in Old Mexico.

There is a carload of mining machinery at the Tularosa depot said to be for the Hughes mine in the San Andraes.

G. A. Bennett, of the Galena mountain mines in the Bear canyon, of the Organ, arrived and left for Montana, to be absent about one month.

The Anaconda people, of Red River district, have been busy the past week or so moving their drill to another location, but are now busy sinking again.

J. G. Carlisle, until recently with the Grant County Telephone company, left Silver City for Graham, where he has obtained employment with the Helen Mining company.

Commodore Kent says the snow is welcome. The placer miners of the Hell canyon district and the ranchmen close by can all rejoice these days, for there is plenty of snow now in the canyon.

Dr. Brown, of New York, who has been looking over the mining property in the San Andraes, returned to Tularosa much pleased with the outlook. He will visit the camp again in a short time and invest.

B. J. Young, formerly of Red River, has purchased the saw mill formerly operated by J. W. Barry, on the Hondo, near Amizett. Mr. Young has orders for a very large amount of lumber for the Fraser Mountain Copper company.

C. J. Dold has ceased operations with the drill on the Iron mountain group, in the Elizabethtown district, for the winter and has begun work on the old workings of the Iron Mountain Mining & Milling company with a force of men.

The Mineral Wealth says: Bob Pettee, one of the old time miners and engineers, is again on the Mohave trail after looking the world over for a soft place to strike it rich. He says Mohave county is the richest mineral district on earth.

The Farmington Times says: The Phelps boys have demonstrated that they have a vein of coal from four to six feet thick. The only thing that remains to be determined is the quality. It is sufficiently promising to already start a lawsuit.

M. H. Toomey, a former resident of Silver City, who has since made a good thing out of Arizona mines, was at Silver City the other day. Mr. Toomey makes his headquarters in New York and was en route to Tucson, Ariz., on mining business.

Amizett camp is no more. That is, the postoffice at that place is discontinued and a new postoffice with the name of Twining has been established two miles above the old town of Amizett at the workings of the Fraser Mountain Copper company. Mr. Fraser is postmaster.

The Elizabethtown Miner says: There are at present no idle men in the camp and this condition is evidence of prosperity in the district. The winter has been a very favorable one for mining operations and the managers of the different properties have taken advantage of it.

E. H. Cherry, from Los Angeles, Cal., M. Wortman, and two other mining men, returned from the San Andraes, Saturday, where they completed locations and examined mining property. They seemed much pleased with the outlook. Mr. Cherry has been in California a few months with mining men experimenting upon improved methods of milling.—Tularosa Democrat.

MINING ASSOCIATION.

Interested in Promising Jarilla Claims in Lincoln County.

E. Mial Skeats, consulting engineer, of El Paso, made another visit to this section last week, this time to examine and report upon the property of the Calaveras Mining association, located about eight miles east of town, in the Sacramento mountains. Professor Skeats has done a great deal of geological work in this territory during the past year and his report upon this property will be all the more valuable on this account.

The Calaveras Mining association has recently been incorporated under the laws of New Jersey, and will soon add to their equipment here and accelerate progress in their mines by the use of powder drills, for the purchase of which they are now negotiating. It is also the intention to install a concentrating plant for handling the rich lead ores now being mined. E. A. Hersperber, who has been the local manager for the past four months, will continue in the same capacity with the new company.—Otero County Advertiser.

A Narrow Escape.

John Carter, while working in the shaft on the Dr. Powell property, met with an accident Wednesday that came near ending fatally. While he was engaged in loading a bucket the other was being hoisted to the surface, with its load of rock, it seems that the bucket caught on the edge of the door as it swung to one side, and as the bucket was pretty full, a stone weighing about seven or eight pounds tipped off and went flying down the shaft,

striking Mr. Carter a glancing blow on the head, inflicting a scalp wound, which, though painful, was not serious. Had the stone's course been half an inch closer it would have killed him. He was brought up out of the mine, and came down town, where Dr. Cahill dressed the wound.—Elizabethtown Miner.

ELIZABETHTOWN DISTRICT.

From the Miner.

The repairs for the dredge are expected to arrive soon.

R. Cline, so well and favorably known here, is down in Old Mexico on mining business.

The new gasoline engine and hoist recently put on the Legal Tender mine are working very satisfactorily.

O. F. Matkin is very busy these days with mine and mill. He is working quite a good force of men.

Harry Tarleton has severed his connection with the Senate and has taken to the hills. Harry went up to the McGinty the first of the week.

Some work is being done on the Mystic mine. This is one of the early locations and is good property. We hope to see great things come to pass in the Mystic.

Pat O'Malley is working with John Carter on the Dr. Powell property, near the Denver. Mr. Zwergle is sinking a shaft on the property to cut a lead which it is thought will be very rich.

I. T. Ficklin, of Waco, Texas, was in town the first of the week, on his way to Red River City, where he is interested in June Bug property and mill.

The boys at the Baldy Tunnel met with another delay with the drill in the breaking of the new casting just where the old one proved faulty. A new casting has been ordered and will arrive soon.

Frank Spurr has encountered some very hard rock in the workings on the Senate Bob-Tail. The rock is so exceedingly hard that progress in mining it is very slow. Yet this rock carries good mineral.

Frank Norris, of Waco, Texas, came in from his home in the Lone Star state the first of the week. Mr. Norris is interested in the June Bug Mining & Milling company at Red River City, and he proceeded to that camp.

There are few placer mining districts where gold can be panned on the highest and loftiest peaks. Elizabethtown district is one of the few. Old timers say that on the very highest part of Old Baldy gold can be panned. Then tell us, did the sun deposit his golden rays up there or the man in the moon weep golden tears and dry his eyes with this mountain peak?

Last Tuesday morning about 1 o'clock a messenger arrived at the Denver mine with a telegraphic message for Mr. Walsh, the superintendent, bearing the sad intelligence that his aged mother was very dangerously ill, and that there was little or no hope entertained for her recovery. Mr. Walsh left immediately for Ottawa, Ill., where his mother lived. Mr. Walsh has been away from home about eleven years and the sudden news comes as a heavy blow. His many friends in this vicinity extend him their heartfelt sympathy in this his darkest hour of affliction.

Heads Should Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va. She writes, "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from for two years." Cure headache, constipation, biliousness. 25 cents at all druggists.

NEW MINERAL FIELD.

Paying Copper Ore at Burro Hill—Proposition for a Mill.

B. F. Spencer, who has been in the vicinity for the past year testing and prospecting in our ores, has found a rich copper region on the Burro Hill and induced the McCaffrey Leaching company, of Denver to take hold of the development proposition. A short time ago seventeen tons of ore from the top of the ground, at Burro Hill, was sent to Denver and tested there by the leaching process. From the first 400 pounds taken from the car a bar of copper weighing about five pounds was secured and has been exhibited on the streets of Las Vegas. Gold and silver in small quantities, were also found. The car was found profitable and the run showed up well.

So much interested have the McCaffrey people become in the new fields that they have come to the city with a proposition to put up a mill to work the ores. Several locations have been suggested, but the one we want is this city. The mill the people propose to put up will handle twenty tons every seventy minutes. It is claimed that there is plenty of ore, in this immediate vicinity, to keep two such mills going night and day.

If the mill is located in this city,

Do Not Delay.

The longer you delay in giving your weak stomach the aid it requires, the more serious becomes your condition. Obtain a bottle of Hostetter's Stomach Bitters at once, as it is the best medicine in the world for stomach complaints. It will tone up the system, steady the nerves and cure belching, flatulency, indigestion, dyspepsia and malaria, fever and ague.

HOSTETTER'S STOMACH BITTERS

ores from Rociada, Mineral Hill, Burro Hill, Tecolote and other regions would be brought here for treatment. A board of trade meeting has been called for tonight to discuss the matter. Let there be a full attendance and let us have the mill.—Las Vegas Optic.

GOOD THAT MAY COME OF IT.

Benefits To Be Derived From a Local Newspaper.

Few people realize the benefits derived from a good local paper published in a mineral region. From week to week appear items regarding rich strikes as well as the output from various mines. The local paper generally has a small circulation compared to the metropolitan dailies and most people have an idea, owing to this fact, that its usefulness is thereby curtailed, says the Arizona Arrow. This is a wrong idea. The local paper has on its exchange list big city dailies whose circulation runs into the thousands, and it is these mediums that keep the public posted on the mines of the world, and it is from the local papers they derive their information to a great extent. Thus in ever widening circles is the news transmitted to the four corners of the earth. This method does not stop with one issue, but is kept before the public from year to year, until capital becomes interested in a mining property and investors investigate and a sale is made, for a handsome figure, perhaps. Did any one ever hear of the local paper receiving any credit for the sale? Well, hardly ever. As a general thing the lucky vendor of a property comes around to the office, if he is a subscriber, and stops the paper because he don't like its politics, or else is going out of the country to spend his money and don't want it any more. Nine times out of ten he is not even a subscriber to the paper that has helped him sell his mine.

Richest Man in America.

The richest man in all the world today is an American miner. He has made every dollar he is worth working American mines. He is not yet much past the prime of life, and he was elected to the United States senate from Montana only a few months ago. His name is William A. Clark. He went to the Rocky mountains about thirty-five years ago, with no other capital than good health and a pretty good education, and today he is the richest man in all the world—has more wealth than any other individual in all the world has ever possessed—has so much wealth that the Rothschilds, the Vanderbilts and the Carnegies are poor men compared with him. He made his great wealth in Montana, but it is the United Verde mine in Arizona that constitutes the bulk of his fortune. It is claimed to represent a calculable gross value today exceeding five billions.—Mining Record.

Shows Up Well.

Fred Robie and Thomas Cotter came in last Saturday from their mines and brought with them one of the finest copper samples ever shown here. The mine is located about four miles south of Klinefelter, four miles from the railroad and twelve miles from Needles. They have a four-foot shaft down about thirty-eight feet and are now working in a solid body of ore that runs 25 per cent. copper and 88 in gold. They have water in abundance, and as every foot of the vein carries low grade ore in paying quantities there is no question that the property is a valuable one. The boys returned to the mine Tuesday to continue work. The mine has been owned for some time by Mr. Robie, but until a month ago no development work to any great extent has been done.—Needles Eye.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

W. C. T. U. COLUMN.

Tuberculosis vs. Alcohol.

We speak of New Mexico as "the land of sunshine," and richly she deserves the poetic appellation, but there is another name less poetical perchance and yet equally as expressive of existing conditions, viz.: "The land of the white plague." From all over the continent sufferers from pulmonary diseases flock to New Mexico. Many of these can only be immune from this dread disease by remaining permanently.

The greater majority of the Caucasian population of New Mexico are health-seekers, and are personally and vitally interested in the fight which science (through its votaries the medical fraternity) is waging against tuberculosis. A timely book recently published under the caption of "Tuberculosis as a Disease of the Masses and How to Combat It," by Dr. A. S. Knopf, of New York, throws much light upon

tuberculosis, its nature, its cause and its cure, and quite incidentally offers some valuable temperance suggestions.

He says that though this dread disease is contagious and points out clearly the sources of contagion, yet he emphasizes, "that the human system has defenses against this contagion and the individual has a large degree of immunity until these defenses are broken down and the germ thus furnished with favorable soil. To use his own words, "By favorable soil for the growth of the bacilli must be understood any condition in which the body is temporarily or permanently enfeebled through alcoholism or other intemperate habits."

Thus we have the highest medical authority of the age declaring that alcoholism is the fruitful source of contagion of consumption. In chapter 13 of this same book, enumerating the causes of an inherited predisposition to tuberculosis, he gives first place to "the intemperate use of alcoholic beverages in the parents." Farther on in the book, chapter 28, after mentioning the "abuse of alcoholic beverages" as the most important factor in the propagation of the disease, he says: "There can be no doubt that alcoholism must be considered the greatest enemy of the welfare of the nation—the most frequent destroyer of family happiness and certainly the most active co-operator of the deadly tubercle bacillus." From such testimony it would appear that the cause of prohibition would have the support of every medical practitioner and earnest student, for since it is estimated that the "white plague" slays its million every year, it would seem that the physicians would be on the alert to check its ravages. Since Dr. Knopf decognizes alcoholism as its most active co-operator, then alcoholism receives its death-blow in the abolishment of the saloon. The government should be arrayed against the propagation of consumption, instead of deriving a revenue from its extension, either directly or indirectly. The United States government should go out of the saloon business, once and forever.

MRS. G. E. WILSON,
Press Reporter W. C. T. U.

The Wearing of the Green.

Those green tags on our winter goods mean that you can wear the goods that the tags are on at a much lower price than they are actually worth. Because all our winter goods must and will be sold. Simon Stern, the Railroad avenue clothier.

Deming will be the great smelter center. Two large plants will be installed within the year.

Now is the Time

To buy a nice ton of coal from the Clarkville yards. You are sure to be satisfied.

JOHN S. BEAVEN, Prop.

In Deming the demand for rental houses is five times in excess of the supply.

The best cough cure is Dr. Jos. Gray's, 25 cents a bottle, at J. H. O'Reilly & Co.

Deming is the great mining center of the southwest.

DIRECTORS AND OFFICERS.

Co-operative Building and Loan As-
sociation Held Meeting.The Co-operative Building and Loan
Association held an annual meeting
at its office in the Commercial Club
building last night, and elected the fol-
lowing new board of directors:J. C. Baldrige, W. W. Strong, Geo.
A. Kaseman, F. L. Pearce, Charles
Mausard, Frank McKee, M. W. Flour-
noy, David Weinmann.The directors held a meeting and
elected the following officers:President—J. C. Baldrige. The gen-
tleman is one of the solid lumber mer-
chants of the city, and he is a director
of the Bank of Commerce.Vice President—David Weinmann.
The new vice president is a well
known and popular dry goods mer-
chant of this city, being a member of
The Economist firm.Treasurer—M. W. Flournoy. This
gentleman is the vice president of the
First National bank and a member of
the Montezuma Savings, Loan and
Building association, besides a large
property owner of this city.Secretary—George A. Kaseman. This
gentleman has been acting secretary
since the departure of Calvin Whit-
ting to the city of Deadwood, S.
D. He has numerous jobs to look after
but seems to be growing fat under the
pressure. He is interested in the Mu-
tual Automatic Telephone company, a
member of the real estate firm of
George Brewer & Co., has been with
W. H. Hahn in the coal and barber
business, has interests in El Paso and
a contract on the El Paso & North-
eastern, and a short time ago secured
a position as deputy United States
marshal, which keeps him humming,
and quite often out of the city.The directors and officers are all
well known citizens of Albuquerque
and are all business men.

BADLY BURNED.

Husband and Wife Injured By Ex-
plosion Caused By Water and Lard.Denver, Colo., Jan. 31.—Contact of
cold water with boiling lard caused
an explosion and small fire at 4406
West Thirty-sixth avenue. Alexander
Henry and his wife, who occupied the
house, were both burned. Mrs. Henry
was frying doughnuts in a pan filled
with hot lard. Through some inad-
venture the lard caught fire from the
stove and blazed furiously. Henry,
who was in the next room, saw the
blaze and, catching up a bucket of
water, dashed it over the flames. The
contact of the cold water with the hot
lard immediately caused an explosion,
which knocked both Henry and his
wife down and splattered them with
boiling lard. Henry recovered before
his wife, and covered her with blank-
ets, but the burning lard removed the
skin from her face and arms and back,
causing very serious injuries. Henry
was burned about the hands and face.
The department soon extinguished the
flames. A physician was called to at-
tend Mr. and Mrs. Henry and alleviate
their pain. Firemen say that an ex-
plosion caused by grease and water
coming in contact is rare, and only
three other cases are on record in this
city.

CAPT. GREENLEAF'S BOAT.

Will Sail Down the Rio Grande, Thence
by Gulf to New Orleans.Capt. R. H. Greenleaf and a party
of gentlemen are planning a novel trip
by water from Albuquerque to New
Orleans, and their boat is now under
construction on the captain's premises
on Silver avenue. The boat will be
about twenty feet long and four and a
half beam and will be well fitted with
a stove, also compartments for cooking
utensils, tents, blankets, guns and am-
munition. Ducks and geese are plenti-
ful along the river and the boat is to
be fitted out with grass blinds and de-
coys, thus making a complete sports-
man's outfit. This craft is designed
for river protection and will carry a
heavy Hotchkiss steel swivel gun for-
ward and two Gatlin guns behind, with
one torpedo amidships. The craft will
be under the command of Capt. George
Tolley, and Captain Greenleaf will act
as pilot, he being well acquainted with
the intricate channels of the river.
Launching will take place tomorrow
at high tide and Frank Sturges
will furnish the bottle of wine at the
christening. "Commodore" Kent, who
served on the torpedo boat Juanita in
Tijeras canyon during the Spanish-
American war, has been requested to
be present and witness the launching.

SANTA ROSA NEWS.

Lively Times Reported From a Lively
Town.News comes to the Las Vegas Optic
from Santa Rosa, in a special com-
munication, that times are still lively
down there. However, some of the
wildest of her citizens have either
been scared out of town, jailed or com-
pelled to keep a little quiet.A marshal has at last been found
who is neither anxious for a fight nor
will he allow anyone to run him out of
town. His name is Percy D. Jones.
He has the nerve of Wild Bill and can
shoot as quick. We give the result of
one day's work as an index to what
he is doing. Miss Annie Easley ar-
rested and fined \$50 for carrying a six
shooter; Mick Johnson, carrying a six
shooter, \$50 and costs; Bob Johnson,
drunk and disorderly, arrested and
fined \$5.75 and costs; two hoboes ar-
rested; two natives arrested for steal-
ing \$375 worth of diamonds from Mrs.
F. Miller. This would make some offi-
cers work.

Will Test Chemical Wagon.

Tomorrow night at 8 o'clock, Chief
Ruppe has decided as the time to test
the new chemical wagon. A house
will be built on the vacant lots at
the corner of Railroad avenue and
Fourth street for the purpose. Plentyof tar and turpentine will be used to
make the fire burn, so that the test
will be thorough. A fire will be start-
ed in the house and get a good head-
way before a man will run to the alarm
box at Second street and turn in the
alarm. This will give the new wagon
a good fair test, and it will also be as-
certained how long it will take to use
all the gas contained in the chemical
reservoir. There is about \$1,000 of
the money subscribed to pay for the
new wagon that is yet to be collected
and Mr. Ruppe wants to show the peo-
ple that they are getting their money's
worth.

Engaged.

Miss Freda Barth, daughter of
Nathan Barth and wife, returned this
morning from her visit to California
relatives and friends. The Citizen has
been informed that Miss Freda is en-
gaged to be married to Dr. Tyroler, a
well-known and popular physician of
Williams, Ariz.

SPECIAL MEETING.

Elks Met Last Night and Discussed Important Subject.

In response to a call for a special meeting of the local lodge of the B. P. O. E., there was a large attendance in the rooms over the Zeiger Cafe, to hear the report made by the committee recently selected to consider the feasibility of the order undertaking to build an opera house in this city. The report made by those appointed to canvass the subject and invite propositions, made an exhaustive report on the subject, and had for consideration of the members several propositions, which were fully outlined and generally discussed, after which a vote was taken with the result that the members present were unanimously in favor of taking the matter in hand. While such a decision was arrived at and the house will be built by the Elks final action was deferred to another meeting which will be held next Tuesday evening, on which occasion the site will be decided upon, as well as the plan to be adopted for raising the required amount. As the Elks do everything they undertake and in first class style, it may be considered an assured fact that Albuquerque will soon have a new opera house and one to be proud of.

LOCAL PARAGRAPHS.

R. P. Hall arrived this morning from California.

A. E. Perea, who was at Santa Fe, has returned to the city.

Joshua S. Reynolds, president of the First National bank, is in the city.

S. Denison has returned from a two months visit with his parents in Michigan.

Mrs. G. W. Grove, who sojourned in southern California, has returned to the city.

C. G. Sholes, superintendent of telegraph of the Santa Fe, is in the city spending the day.

George H. Pradt, the well known civil engineer and surveyor at Laguna, is here on business from the west.

Mr. Ashton, who is connected with the Santa Fe refrigerator service, was an Albuquerque visitor yesterday.

Allene Griffith, the little daughter of Fred Griffith, who has been sick with diphtheria, is reported much better.

Joseph Raveny will build two brick cottages on North Walter street and William Archer has the contract to do the work.

Dr. L. H. Chamberlin has purchased a residence on South Walter street, Highlands, where he will bring his charming bride.

CONSTANTLY INCREASING.

Albuquerque Hardware Company Assuming Large Proportions.

The business of the Albuquerque Hardware company, under the efficient management of W. E. Pratt, is assuming large proportions. They have leased the second story of the building they now occupy on West Gold avenue

and are preparing to double their floor space, an addition to their store which they have longed to secure since moving to their present location. Carpenters are now at work on the second floor putting in partitions, counters and shelving. In the front room of this floor will be placed a fine display of plumbing goods. In the large middle room will be stored their wholesale and heavy hardware, and the plumbing and tin department will utilize the space in the rear. An elevator will be added in the rear of the building and other improvements are to be made on the first floor. The stock is being largely increased, and when the improvements are completed the Albuquerque Hardware company will have one of the finest stores of its kind to be found in the southwest.

SWEET navel oranges 15 cents dozen; apples, 4 pounds 25 cents; figs, 10 cents pound; Swiss cheese, 20 cents pound; fresh eggs, 2 dozen 55 cents; cooking butter, 20 cents pound; apple butter, 10 cents pound; salted peanuts, 20 cents pound. Look over our stock of food specialties today. San Jose Market.

San Jose Market meats are the best.

Carpenters' and machinists' tools of all kinds. Albuquerque Hardware company.

NAVAJO BLANKETS.

I have just received a job lot of Navajo blankets, native wool and Germantown, both large and small, and very beautiful patterns. I believe the public will find the prices all right. Call and see them.

NEW MEXICO TOWNS

LAS VEGAS.

From the Optic.
Captain Garrard is quite sick, being confined to his bed.
The Oratorio society had eighty people out for rehearsal. Several new members enlisted.
The carpenters have finished their work on the new school house and the contractor will be ready to relieve the building within a few days.
Alfonso Lucero and Miss Julia Elsinas were married at San Miguel. A great feast was prepared at the home of the bride's parents at Hesperides.
The Baptist church is just twenty-two years old today. It was organized January 20, 1880. Pastor Bourne is to notice the event by a special sermon Sunday morning.
The Las Vegas commandery, No. 2, Knights Templar, installed officers as follows: T. J. Raywood, eminent commander; C. D. Boucher, generalissimo; F. B. McGuire, senior warden; O. L. Gregory, junior warden; Charles Tamm, recorder.
The Optic is in receipt of a pamphlet from the pen of Major A. W. Glassford, of the United States army, on the subject, "Selection of Military Posts in the West Indies." The subject is ably handled and in the work is put some of the major's own ideas of standing.
H. Dice had a finger and a portion of the thumb of the right hand amputated and grave fears are entertained that he will lose his whole hand. This member was crushed in a railroad accident three months ago and has given him much pain.

From the Record.

George Toombs, formerly of Shoemaker, has accepted a position at El Paso as civil engineer.
Harry A. Wolfe, who had made his home in Las Vegas for several years, left for St. Louis.
A. A. King and family, who had spent several months in this city left for their home in Missouri.
Mrs. L. Hunt, mother of William Hunt, of Watrous, a young man well known in Las Vegas, son and daughter, are visiting in Watrous from St. Louis.
A. A. Keen, who came over from Santa Fe yesterday, was about the city today shaking hands with his many Las Vegas friends, who were glad to see him.
W. C. Nones, of Louisville, Ky., president of the Agua Pura company, and J. M. Ireland, proprietor of the Las Vegas brick yard, joined the board of trade last night.
Misses Maud and Ethel Haines, friends of Misses Hattie Knickerbocker and Beatrice Atkins, former residents of Las Vegas, now at Los Angeles, are in the city on a few days visit.
The Masonic cemetery will soon be put into new condition. After the completion of the work the city will have a burial ground which would be a credit to a place many times larger. The aim is to make the sacred spot an ideal place.
Last evening Miss Velma Pope, daughter of Mr. and Mrs. F. A. Pope, was hit in the head by a stone thrown by the Optic's route boy, who intended to hit Mr. Pope's dog. The blow was a hard one and the girl was badly stunned for several moments, afterwards becoming ill. She is reported some better today.

AZTEC.

From the Index.
There is big money to be made on an investment in San Juan county realty at present prices.
Ben Pond, of the La Plata, is around again, having recovered from an attack of pneumonia.
Mrs. John Vanderwine, of Durango, is here visiting with her parents, Mr. and Mrs. M. McFarland.
R. B. Whitford has moved his family into the J. E. Manzanara building in Aztec. It is a very cozy residence.
Mr. and Mrs. W. H. Waring have recently had placed a neat, ornamental iron fence around the lot in which is buried their son, Lewis, in Aztec cemetery, and expect to beautify the plot during the coming months.
The prisoners in the county jail engaged in an altercation Monday. Joe Palen struck Gene Henderson across the head with an iron rod and cut quite a gash which bled profusely and required the services of a physician to heal.
Officers of the Aztec Sunday school are as follows: J. R. Williams, superintendent; J. H. Austin, assistant superintendent; Jesse Cooper, organist; Stella Stogsdill, treasurer and librarian; Lizzie Randall, secretary. It is a union Sunday school.
Little Nettie, the four year old daughter of Mr. and Mrs. Granville Coe of the La Plata, died of scarlet fever Monday, January 20. Five more children are sick of the same disease in the family. The sympathy of all is extended the parents in their affliction.
W. C. Johnson and J. L. Elbin, of Alton, Mo., old time friends of J. H. Williams, of Aztec, arrived the first of the week and are looking over the county with a view to locating. Mr. Johnson is a druggist and Dr. Elbin a practicing physician. They are very well pleased with this section and predict a great future for it.
At the meeting of the Aztec Literary society the following were elected officers: President, L. C. Grove; secretary, Miss Pearl Pendleton; treasurer, M. M. Condon. The paper was read by Miss Maud Waring. An interesting program is being prepared for the next meeting, to be held Tuesday of next week. All are invited to attend.
The barn and granary recently erected by C. G. Brewer on the lots at the rear of his store building in Aztec is a very creditable structure. It is 25x40 feet in length and two full stories high, with a roof of cedar shingles. It will be painted and finished up in the best style and will make a good appearance and greatly help the looks of the property.

FARMINGTON.

From the Times.
Geo. C. Bowman, government gauger, was here on an official visit.
Harry Pierce left for El Paso, Texas, where he expects to spend several months.
Mrs. Starr, of Ouray, now, but one of the earlier settlers in this section, is here visiting friends. She is 76 years of age.
David Lobato and Max Lucero, the latter a foot racer, were in town Saturday looking for a race, but left without finding it.
It is announced that the Hyde people will put up a large three story, brick hotel as soon as the work on the other buildings is completed. Bennett will have charge of the work, which is the equivalent of saying it will be first class throughout.

A Profitable Investment.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Deming, the coming city of New Mexico.

Don't Live Together.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with constiveness nine years," says J. O. Greene, Depauw, Ind. "I have tried many remedies but Little Early Risers give best results." J. H. O'Reilly & Co., and B. H. Briggs & Co.

TAOS.

From the Cresset.
Deputy Sheriff J. B. Brooks left for Santa Fe on business connected with the Copper Hill tax suit.
Mr. Cartwright who was badly hurt in an accident, is slowly improving. Two of his children, who were ill with pneumonia, are convalescent although not yet out of danger.
The horse race held last week in Rancho between horses owned by Cruz Lucero and A. Espinosa, the latter won. Other races have been arranged for.
Dr. Luis Hernandez, of Las Vegas, who was called here to consult with Dr. Martin, of Taos, in a certain case, has been treating many people for eye trouble. The doctor operated on Reuben Trujillo's eyes for cataract; the patient is rapidly improving.
M. W. Fletcher who settled near Arroyo Seco about four years ago, died at his home Saturday afternoon, of blood poisoning resulting from rheumatism. The remains were brought to Taos and the funeral was held Monday afternoon. He leaves a wife and four children for whom the people of this community have the deepest sympathy.

ONE ON THE BOYS.

Mother Rather Got the Start of Them.
Sometimes the mother plays a turn on the young people and greatly to their benefit. A young lady in Memphis, Tenn., Miss B. Dye, of 222 Carroll Ave., comments in an interesting way about the harmless little deception her mother played upon one of the family during the summer.
She says: "Every member of our family could write a testimonial about Postum Food Coffee and what it has done for us. Father has really been made over since quitting coffee and using Postum, but I must tell you about Brother."
"When he came home from college last summer he was thin and looked dreadfully. We questioned him about his food and drink. He said he drank coffee. 'Of course I can't get along without a good cup of coffee three times a day,' Mother did not say anything to him, but made Postum for him just the same, and at the next meal he complimented her on the coffee. Several times he said, 'Now if I just had such coffee as this at school I could make better averages in my studies.'"
"So during the whole summer he drank Postum, thinking it was strong coffee, and we could all see, from day to day, how much he was improving in health. His complexion gradually cleared up, and he gained in every way. When he went back in the fall Mother told him the secret she had kept for over three months, and put several packages of Postum in his trunk."
"You may depend upon it, the lesson was one he will never forget. My younger brother quit coffee about a year ago and has been using Postum Food Coffee, and he has been built up from a regular invalid until he is now a fat, rosy-cheeked boy, full of life and fun. Just the other day he remarked he was getting along so much better in his studies than ever before and he wondered what caused the change. Mother remarked, 'It is Postum.'"

SANTA FE.

From the New Mexican.
Reliable reports are to the effect that the snow in the Santa Fe range is in many places three feet deep. This will insure a good water supply for the coming spring.

Bond Brothers, of Espanola and Wagon Mound, have about completed the removal of the Staab dry goods stock, recently purchased. This addition will place Bond Brothers in the front rank of New Mexico merchants.
Funeral services were held over the remains of Mrs. Mc. Turner just previous to their removal to the depot for shipment to Bethlehem, Pa. Rev. W. Hayes Moore, of the Presbyterian church, conducted the services, which were very impressive. Messrs. R. J. Crighton, R. McKenzie, W. Schneppe and Clarence Pierce acted as pall bearers. Paul A. F. Walter accompanied the remains east.

The following officers were installed at the meeting of the local Woodmen: Consul commander, J. C. Sears; escort, Frank Andrews; banker, H. S. Kaune; clerk, H. S. Lutz; watchman, A. Seyfert; sentinel, V. D. Lorenzo; adviser, lieutenant, T. C. Herlow; managers, J. H. Gordes, S. G. Cartwright and N. Salmon. After the installation there was a banquet at the Bon Ton, served by Caterer John V. Conway.

Mrs. Juana Patron de Ramirez, wife of Juan Ramirez, a farmer living about four miles south of this city, died of rheumatic fever. She was 64 years of age and leaves a husband and married daughter in addition to numerous other relatives. She was a sister of Capt. Juan Patron, who commanded a militia company during the war in Lincoln county in 1877 and 1878 and who was killed about twenty years ago near Puerto de Luna.

The Secret of Long Life.

Consists of keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate Stomach, Liver and Kidneys, purify the blood, and give a splendid appetite. They work wonders in curing kindneys troubles, female complaints, nervous diseases, constipation, dyspepsia and malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by all druggists.

A Reliable Remedy for Bowel Troubles.
Rev. J. M. Yingling, pastor of the Bedford St. M. E. church, Cumberland, Md., says: "It affords me great pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used it and know others who have never known it to fail." For sale by all druggists.

ELIZABETHTOWN.

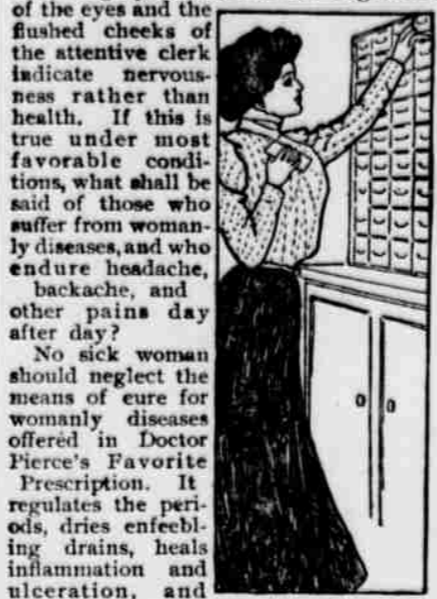

From the Miner.
Judge Morse is spending a few weeks in El Paso.
A little more of the beautiful fell Wednesday night.
The work at the sawmill goes merrily on—if it did slow.
Miss Linda Webster has been on the sick list this week with tonsillitis.
The pastor of the Methodist church will preach at Red River Sunday morning and night.
Charles Weber and Mannus Gallagher went over into the Pinal country the first of the week after some fat cattle.
A letter from Herman Mutz brings the intelligence that he has undergone the surgical operation which was found necessary to cure him, and that he is doing nicely. Herman's many friends in Elizabethtown will be glad to learn of his good fortune and hope for his ultimate recovery.
Mrs. J. W. Turner this week received the sad news of the death of her mother, Mrs. Lynd, who died quite suddenly at her home, near Edgerton, Ohio, one day last week. The Miner joins with her many friends in extending their deepest sympathy to Mrs. Turner in her great loss.
Harry Brainard, who has been absent since about the 26th of December, on business and pleasure combined, returned the first of the week. He visited with his family in Raton, and later attended the meeting of the board of equalization at Santa Fe, they took in the mid-winter carnival at El Paso, incidentally taking a short trip into Old Mexico before coming back to his mountain home.

Power.

A man takes hold of the handles of a battery. He moves his hands about and squeezes and thinks perhaps he feels something. He holds on and is patient a long time and then gets disgusted and declares there is nothing in it. He is about to drop the handles, that is to give up all idea of living religious, when suddenly the power is turned on. Now tell him to drop the handles. He could not do it to save his life. He hasn't got the handles; they have got him. He may writhe and tremble and groan, but he can't let go. That is the way the truth acts when the power is turned on. A man does not need to keep religion. It keeps him. "That is what I have always thought," says one, "I have always believed there was a supernatural power in religion but it seems only to be turned on occasionally. Now if the Lord wants me to be converted and saved and made a power for good in the world, I am ready. Just let him turn on the power. But there is a mistake. Turning on the power is not the Lord's work. The key is in your own hand. God gives each man access to the reservoirs of power and tells him to use what he needs. The key is in your own hand. 'Whatever ye desire when ye pray believe that ye receive it and ye shall have it.' Faith is the key. But many a man understands and tries but seems not to have the strength to turn the key in the lock. What is to be done? One word answers: Concentrate. Fix the mind on this subject. Read God's word. Pray; meditate. Be a special-

Clerking

Looks more attractive than housework for a woman, but it is also even more exhausting. The work is often done under high pressure, and the brightness of the eyes and the flushed cheeks of the attentive clerk indicate nervousness rather than health. If this is true under most favorable conditions, what shall be said of those who suffer from womanly diseases, and who endure headache, backache, and other pains day after day?

No sick woman should neglect the means of cure for womanly diseases offered in Doctor Pierce's Favorite Prescription. It regulates the periods, dries enfeebled drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.
"A heart overflowing with gratitude, as well as a sense of duty, urges me to write to you and tell you of my wonderful recovery," says Miss Cordine Hook, Orangeburg, Orangeburg Co., South Carolina. "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared with the poor miserable sufferer who wrote you four months ago. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. Mine was a complicated case of female disease in its worst form."
Doctor Pierce's Pleasant Pellets cure biliousness.

1st. Give up pleasure. Curtail business as much as possible. Multitudes are sacrificing power for breadth. Concentrate. Give faith a chance and it will soon turn on floods of power. If a man wants spiritual power he can have it, and it pays.
C. A. BUNKER.

Finds Way to Live Long.

The startling announcement of a discovery that will surely lengthen life is made by Editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for consumption is the most infallible remedy that I have ever known for coughs, colds or grippe. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. It's relief is instant and cure certain." All druggists guarantee every 50c and \$1 and give trial bottles free.

Terrible Tale.

An Arizona exchange prints the following, doubtless as a warning to Arizona young people: "An El Paso girl had her corset torn off by a streak of lightning and was uninjured, but a young man who was seated on the sofa with her had his right arm shattered and a piece of corset steel blown into his liver."

Not Ornamental.

No those green tags on our goods are not ornamental, they mean business. They stand for price reductions—the real reductions—and not the imaginary. Simon Stern, the Railroad avenue clothier.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

The Best

Lump coal is what you get at the Clarkville yard. It does not clinker. Phone your orders.

JOHN S. BEAVEN, Prop.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Those dancing dolls used for Christmas window display now for sale at the Economist.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.

MISS IDA McCUNE

Teacher voice and piano. Enquire at Library building or leave order at Hotel Highland.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Cure for Depleted Pocketbooks.

Buy your clothing and furnishing goods at our green tag sale and you will have money left. Simon Stern, the Railroad avenue clothier.

In Mexican drawn work we are showing a big assortment. Albert Faber, 305 Railroad avenue.

FOR SALE.

A ranch of 240 acres, well improved, two windmills and tanks, and fine irrigating ditch run through place. Terms easy. Address this office, or postoffice box 177, city.

Colds

You first take cold, then you cough. Then you have a doctor. He says it's bronchitis, and he orders Ayer's Cherry Pectoral. It is his favorite prescription for colds and coughs. If he knows of anything better, tell him to give it to you.

"I had a very severe cough for many weeks. Nothing relieved me until I tried Ayer's Cherry Pectoral. This rapidly and sanely cured me."
J. J. Hargrave, New York City.

No extra fare charged on the California Limited. Regular first-class tickets only are required.
F. L. MYERS, Agent, Albuquerque, N. M.

The Mexican Central Railway Co., Limited

Calls attention to the fact that:
It is the only Standard Gauge Route from the United States frontier to Mexico City.
It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas.
It is the only line by which you can travel without change from Kansas City, Mo., to Mexico City.
It is the only line by which you can travel without change from St. Louis, Mo., to Mexico City.
The lines of the Mexican Central Railway pass through 15 of the 27 states of the Republic. Eight million of the thirteen million inhabitants of Mexico are settled contiguous to them.
The principal mining regions receive their supplies and export their products over it. Chihuahua, Sierra Mojada, Mapimi, Fresnillo, Parral, Guanacevi, Durango, Zacatecas, Guanajuato, Sombretete, Pachuca, etc., etc.
When You Travel for Business, Go Where Business is Done.
There are only five cities of over 35,000 inhabitants in the Republic of Mexico that are not reached by the Mexican Central line.
The following ten cities are reached only by the Mexican Central Railway:
Chihuahua 30,098 inhabitants; Parral 16,382; Zacatecas 34,438; Guanajuato 40,589; Leon 63,263; Guadalupe 101,298; Queretaro 38,016; Zamora 12,533; Aguascalientes 37,816; Irapuato 19,640.
It also reaches the cities of Torreon 12,845; San Luis Potosi 60,558; Tampico (Mexican Gulf port) 16,313; Celaya 25,565; Pachuca 37,487; City of Mexico 368,777.
Daily Pullman service between St. Louis, Mo., and Mexico City, also between Kansas City, Mo., and Mexico City, and vice versa.

LOCAL PARAGRAPHS.

J. Zoellerns and wife, of Deadwood, S. D., are here on a visit to Samuel Neustadt and wife.

Route Agent Powell, of the Wells, Fargo Express company, came in from the north last night.

Arthur Skinner, clerk at J. A. Skinner's grocery store, is at home today suffering with the gripe.

Sheriff Thomas S. Hubbell and others will attend the governor's inaugural. They will leave for Santa Fe tomorrow morning.

D. A. Shope, superintendent of buildings and bridges on the Santa Fe Pacific between here and Seligman, is in the city today.

B. O. Jaffa returned last night from a two weeks vacation visiting relatives in Trinidad. He says that it is pretty cold up in Colorado.

Miss Mamie Carter, the popular postmistress at Madrid, returned home this morning after a two weeks' visit with friends in the city.

Miss M. T. Hammond, of Chicago, is here for her health. The lady is time keeper for the Western Union Telegraph company at Chicago.

January was a good month as far as revenue for the city is concerned. Marshal McMillin reports receipts from collections for January \$403.

Miss Johanna Langin, who was here the past few weeks, will leave tonight for El Paso, where she has secured a position at the Sheldon hotel.

W. L. Hathaway, local manager of the Mutual Life Insurance company, has presented the fire department with half a dozen large bath towels.

H. F. Bogh left for the east on the limited this morning, in response to a telegram from Allenton, Pa., stating that Mrs. Bogh is alarmingly ill.

Wm. Jenks went to Bland this morning in the interest of the Jura-Trias Copper Mining company, who have extensive interests in that vicinity.

Cards are out announcing the marriage of Herculano Ortiz Armijo and Miss Silviana Mares, which is to take place at Pena Blanca on February 3.

Charles Conroy, who for the last three weeks has been confined to his home on South Second street with a severe cold, is able to be around again.

Dr. W. T. Barnes, who spent a few days in the city visiting Dr. Wolvin, left last night for El Paso, Texas, where he expects to practice his profession.

The Optic says: John Munson and sister, of Eagle Grove, Iowa, went to Albuquerque to spend a few months, expecting to return to spend the summer here.

Louis Benjamin has resigned his position with Metcalf & Strauss, and will accept another with the Armour Packing company, with headquarters at Albuquerque.

Mariano Armijo and daughter, Mrs. Harry Benjamin, and Jesus B. Armijo returned to the city last night, after attending the Armijo-Manderfield wedding at Santa Fe.

S. Sanchez, of the firm of Sanchez & Haya, proprietors of a large cigar factory in Tampa, Florida, with headquarters in New York, is in the city, stopping at the Highland hotel.

Judge Seferino Crollott, who represented Cañon School Superintendent Hubbell on a tour of inspection to several of the county schools, has returned to the city from Algodones.

Ed. Speare did not like the position of night station agent at the local depot and resigned to again accept a clerical position at the dry goods store of L. B. Stern. G. H. Gray is the new night master at the depot.

Robert Fitzpatrick has resigned his position with the Post Hardware company, and left yesterday for Chicago to accept a position with an eastern firm. Robert is a fine fellow and will be missed by his many friends.

Wilber Lewis, who has been in the city for two weeks past, visiting relatives, has returned to Colorado, going to Silverton, where he will accept a position with one of the large mining companies operating in that vicinity.

A special excursion train, consisting of four Pullman sleepers, came in from the east this morning en route to Los Angeles, California. The train started from Boston, Mass., and is loaded with a merry crowd of pleasure seekers.

T. V. Keam, the general merchant and Indian trader at Keam's Canyon, Arizona, who has been here the past few days, under the care of a physician, reports himself as feeling pretty well, and says he will go to Pasadena, Cal., in a few days.

The Optic's poet, whose effusions were displeasing to the Journal-Democrat a short time ago, showed up at the latter's office last night, and that paper came out this morning with a touching poem on "The Snow! The Snow! the beautiful snow!"

The soda water manipulator at Rupp's fountain, William Burgess, is lavish in the presentation of cigars and chewing gum to friends today. Last night his wife presented him with a baby boy, and today they are calling the father a "colonel" of the first class.

W. H. Greer, manager of the Victoria Land and Cattle company, whose ranges are in Luna and Grant counties, passed through from Deming to Las Vegas this morning. After the transaction of some business at Las Vegas, Mr. Greer will come south to Santa Fe and on tomorrow attend the governor's inaugural. He will return to Deming Sunday night.

The name of the official interpreter of the Second judicial district, under Judge Baker, is Nestor Montoya, as stated in The Citizen, and not Nestor
