VOLUME 16

ALBUQUERQUE, NEW MEXICO, WEDNESDAY AFTERNOON, JANUARY 29, 1902

NUMBER 58

NEW OFFICIALS.

A Chief Justice for Arizona Territory.

Mrs. Galloway Reappointed Postmaster at Silver City.

Charges Against Judge Ives of Arizona Put in Pigeon Hole.

PROCEEDINGS OF CONGRESS.

Washington, D. C., Jan. 29.—President Roosevelt decided upon the re-nomination of Webster Flanigan, collector of internal revenue of the Third district.

Webster Street, chief justice of the supreme court of Arizona, will be succeeded by Edward Kent, now assistant United States attorney of Colorado.

The president sent the following nominations to the senate:

Edward Kent, Colorado, chief justice of the supreme court of Arizona.

Charles H. Maris, collector of customs, district Brazos De Santiago, Texas.

Artie E. Galloway, postmaster, Silver City, N. M.

Joseph E. Roach, postmaster, Atlanta, Texas, and Theodore Ray, Midland, Texas.

Governor Murphy, of Arizona, had a conference today with the president regarding charges filed against him in the interior department by Eugene S. Ives. He called the president's attention to the fact that Secretary Hitchcock had investigated the charges and reported them not proven. The president announced that no further action would be taken.

PROCEEDINGS OF CONGRESS.

Several Bills Favorably Reported to Senate and House.

Washington, D. C., Jan. 29.—Cullom, of Illinois, chairman of committee on foreign relations, addressed the senate on the constitutionality of that portion of the Dingley act which authorized negotiations of reciprocity treaties. He claimed that it was unconstitutional, but said it seemed plain that all treaties negotiated must have been ratified within two years after the passage of the act. Therefore, if that act is to control it would be useless now to ratify treaties.

The debate on the Philippine tariff bill was resumed.

CHINESE EXCLUSION.

Washington, D. C., Jan. 29.—E. J. Livernash, of San Francisco, today concluded an argument before the senate committee on immigration, begun Monday, in behalf of the Chinese exclusion bill.

CENSUS BILL.

Washington, D. C., Jan. 29.—In the house, Henry, of Connecticut, reported the oleomargarine bill from the committee on agriculture. With the report was submitted a minority substitute. Hopkins, of Illinois, reported a permanent census bill, and gave notice that he would call it up tomorrow. The house then adjourned.

LITTLE IS WANTED.

He Cashed Bogus Checks at Phoenix and Skipped.

Phoenix, Ariz., Jan. 29.—Officers of California, Mexico, Texas, New Mexico and Arizona are on the lookout for George E. Littell, of Detroit, Mich., who is wanted here for passing bogus checks to the amount of several thousand dollars.

Last Thursday Littell reached Phoenix and representing himself as a mining expert for the Vanderbilts, showed a big roll of money and a book on a Detroit bank, showing a balance of three thousand dollars.

He began to gamble and in five hours won \$2,500 at roulette, closing the games in two houses. At faro and craps he won a thousand more and the next day lost all he won.

He began cashing his checks, three local banks losing a total of nearly two thousand dollars, and then securing cash on several other checks from merchants about the city he quietly left town.

He drove to Maricopa, about thirty miles away, and there took the train. The officers lost track there, but a report from Yuma says Littell stopped there a day and then went on to the coast.

CUBAN RECIPROCITY.

Sugar Trust's Fight on the Best Sugar Industry.

Washington, D. C., Jan. 29.—Dr. H. W. Wiley, chief of the bureau of chemistry, department of agriculture, was

before the ways and means committee today in connection with the Cuban reciprocity question. His statement covered the scientific phases of the production of sugar from beets, cane, etc., and development of respective industries. He expressed the opinion that beet sugar would never extinguish the cane product.

ARRESTED FOR BRIBERY.

President of St. Louis Brewing Company Arrested for Bribery. St. Louis, Jan. 29.—A bench warrant, charging bribery, was issued this afternoon for the arrest of Ellis Wainwright, president of the St. Louis Brewing company, and director of the Suburban Railway company. Wainwright is now in New York.

According to Circuit Attorney Folk, the \$125,000 locked up in a safe deposit for bribery purposes in the Suburban bill affair, cannot be claimed by anybody without the claimant showing himself guilty of felony.

Miners Will Vote.

Indianapolis, Jan. 29.—A motion that miners' officials be elected by popular vote was adopted by the United Mine Workers' convention this afternoon.

OFFICIAL MATTERS.

Official Announcement of W. E. Dan, Clerk of This Judicial District.

IMMIGRATION LITERATURE.

Acting Governor J. W. Reynolds appointed Alex. D. Goldenberg, of Tucuman, Argentina, and E. Marie Jackson, of Estey City, Socorro county, notaries public.

NEW CLERK OF THIS DISTRICT.

On Monday, at Santa Fe, Judge Benjamin S. Baker, the new presiding judge of this, the Second judicial district, appointed Capt. W. E. Dame clerk of the court of this district, and the official order for such appointment was duly made out by him. Captain Dame had his bond for \$5,000, required by territorial statute, ready and the same was approved by the court. The new clerk then left Santa Fe for this city, having also in his possession the commission of Judge Baker as associate justice of the supreme court of New Mexico. This commission will be spread upon the records of the Second judicial district court at Albuquerque, as will also the official record of Captain Dame's appointment and his appointment and bond will be filed in the office to which he was appointed today, and there is every reason to believe that he will prove a competent and painstaking official.

IMMIGRATION LITERATURE.

At the request of the passenger department of the Atchison, Topeka & Santa Fe railway the Bureau of Immigration has just furnished W. H. Simpson, advertising agent of that system, at Chicago, with a large supply of the pamphlet entitled, "Mines and Minerals of New Mexico," and with 1,000 copies of each of the bulletins published by the bureau on the following counties: Colfax, San Miguel, Santa Fe, Bernalillo, Socorro, Dona Ana, Luna and Grant; 5,000 copies of the bulletin on Chaves county and 2,500 copies of the bulletin on Eddy county were also furnished to Don A. Sweet at Amarillo, Texas, traffic manager of the Pecos Valley & Northeastern railroad, running through the counties of Chaves and Eddy and connecting with the Kansas Southern railway in Texas. The Santa Fe railway system is doing good work in distributing advertising matter for New Mexico. Wesley Merritt, industrial commissioner of the road, has also been furnished with a supply of these bulletins and the bureau is now preparing to send W. J. Black, general passenger agent, at Topeka, Kan., a supply. The demand for the bulletins and pamphlets published by the bureau is constantly on the increase.

CHAMPION DRILLER.

Richard Conway on His Return to Cripple Creek.

Richard Conway, of Cripple Creek, the champion single handed drill, was a passenger on No. 2 this morning. Mr. Conway is just returning from El Paso, where he won the \$200 purse at the carnival tournament by going through twenty-one and a half inches of Gunnison granite in fifteen minutes with a seven-eighths drill. In speaking of the El Paso tournament Mr. Conway says that it was one of the best that he has ever attended, the prizes being good and the decisions were entirely fair. In the contest of team drilling, while Tarr brothers beat the terrible Swedes, it was very hard to tell who were the best men. Besides the carnival prize Mr. Conway received many other valuable presents.

SCHLEY'S APPEAL.

Protest Against Findings of Court Inquiry.

Marconi Sends Wireless Messages at Sea.

Big Snow Storms in Nebraska and Iowa Last Night.

BOSTON BANKER COMMITS SUICIDE.

Washington, D. C., Jan. 29.—The navy department has made public Admiral Schley's appeal to the president. Schley asks the president to review the findings of the court on three grounds, in each case basing the appeal on the findings of Admiral Dewey, as opposed to the majority report. The petition says that Secretary Long erred in stating that the court excluded testimony to show that Schley was the senior officer at the battle of Santiago, in absolute command and entitled to credit for the victory.

The petition asked the president to specifically approve Dewey's statement declaring that Schley was in command. Other points relate to the blockades at Cienfuegos and Santiago, the passage from Key West to Cienfuegos, and from Cienfuegos to Santiago. The president is asked to annul the secretary's approval of the majority findings wherever at variance with Dewey's opinion and to approve the latter.

Wireless Telegram.

Falmouth, Eng., Jan. 29.—Marconi, on board the American line steamer Philadelphia, communicated with the Lizard by wireless telegraph from a point 100 miles to westward. He said that he hoped to reach Southampton at 1 o'clock on the morning of January 30.

Heavy Snow Storm.

Omaha, Jan. 29.—The snow storm continued all night, and there is more snow on the ground than for several years. It is general in Nebraska and Iowa.

Committed Suicide.

Newton, Mass., Jan. 29.—Lane B. Schofield, senior member of Schofield, Whitcher & Co., bankers of Boston, committed suicide by shooting today.

MEMORIAL EXERCISES.

In Honor of Dr. P. A. Hubbard at the A. M. E. Church.

Memorial services will be held at the African Methodist Episcopal church on Thursday evening at 8 o'clock in honor of Dr. P. A. Hubbard, financial secretary of the African Methodist Episcopal church, who died in the city of Washington, Tuesday morning, January 14.

The following program will be rendered:

Song—"Abide With Me"—Choir.
Prayer—Rev. J. W. Barksdale.
Song—"Jesus, Lover of My Soul"—Refuge choir.
"Dr. Hubbard, the True Minister of Christ"—Rev. M. Jones.
Duet—"Over the River"—Mesdames Joyce and Wheeler.
"Dr. Hubbard, the Friend of the People"—T. O. Mason.
Song—"Some Sweet Day"—Choir.
"Dr. Hubbard, an Exemplary Christian Man"—W. H. Joyce.
Song—"Shall We Meet"—Choir.
Benediction—Rev. J. D. Barksdale.
J. H. Martin master of ceremonies.
J. D. Barksdale organist.

NOT MARRIED.

Walter St. John Makes Objection—Item Corrected.

On the Hotel Highland register yesterday was the inscription "Walter St. John and one." In taking off the names from the register for publication in The Citizen the reporter read "one" as "wife," and, without giving the matter any thought whatever, wrote out "Walter St. John and wife." To show how quick the news in The Citizen is relayed, half an hour after the first copy of the paper yesterday afternoon had been printed Mr. St. John was at the office with a kick coming. He emphatically denied that he was a married man; says he is not yet acquainted with the lady who would like to be Mrs. St. John, and that, to his best knowledge and belief, has no wife in Albuquerque. He has never made it a practice to travel around the country with ladies, claiming that they were part and parcel of himself, and, although no angel, he seriously objects to being made a married man when yet single. The Citizen gladly makes the correction, and takes this method of publicly informing the Chamberlain medicine company, of Des Moines, Iowa, which is represented by Mr. St.

John, that the word "wife" should have read "one," and that the young gentleman is O. K. out this way. Mr. St. John went west last night.

CONCERT AND BALL.

To Be Given Next Month by the Italian Band.

The Italian band, which was recently organized in this city, and whose members have been practicing faithfully for the past few months, have decided to give a concert and ball next month, the date to be announced later.

The band boys will soon purchase a full set of uniforms, which will cost about \$300, and therefore the proceeds of the concert and ball will help to defray the expenses in purchasing them.

This band is directed by Prof. B. Ramirez, a first class musician and director, who assures public that after having equipped themselves with the new uniforms and other necessary things, he will come out with as good a band as Albuquerque ever had.

New Jersey Senator.

Trenton, N. J., Jan. 29.—John F. Driden was elected United States senator today.

JUDGE BAKER.

Met Local Attorneys at Court House This Morning.

ANNOUNCES APPOINTMENTS.

Judge Benjamin S. Baker, the new judge of this judicial district, accompanied by Sheriff Thomas S. Hubbell, came in from Santa Fe last night, and the judge was driven to the Commercial club, where he secured a room and where he will reside until his family removes to this city from Omaha, Neb.

This morning, at the court house, the judge met the local attorneys at his chambers, and the whole party, after introductions and handshakings, enjoyed for several hours a genuine "smoker."

The judge expressed himself well pleased with Albuquerque, and the impression he made on the attorneys present was that he would prove a "judge" in everything the word implies.

He announced as his clerk for this district, composed of Bernalillo and Valencia counties, Capt. W. E. Dame, of Rough Rider fame, and as his assistant clerk, Garland V. Crosby. He also announced that H. P. Owen, who was the clerk under Judge Crumpacker, would be the official stenographer of this district, and that Nestor Montoya would act as the official interpreter.

The judge will leave tonight for Santa Fe and finish up the remainder of the week sitting as a member of the territorial supreme court. He will then return to this city and remain about a week or ten days, after which he will go to Omaha and make arrangements to bring his family to this city as soon thereafter as possible.

The reception at the Commercial club in honor of Judge Baker will occur next Tuesday night.

MARKET QUOTATIONS.

[Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of Logan & Bryan, Chicago.]

New York, Jan. 29.—The market opened strong this morning on higher prices being reported from London, but later in the day there was considerable profit-taking and the market broke and closed at about the lowest prices. Money easier at 2½ per cent.

IN MEMORIAM.

McKinley Services Held in Many Cities.

Colombian Warships Engage Rebel Fleet.

Admiral Schley Receives Big Reception at Louisville, Ky.

TEN ITALIANS BURNED TO DEATH.

New York, Jan. 29.—Exercises in observance of the birthday of the late President McKinley were held at the public schools today.

Chicago, Jan. 29.—McKinley memorial services were held in many of the churches, schools and G. A. R. camps.

Naval Battle.

Panama, Colombia, Jan. 29.—The Colombian war vessels returned yesterday evening after an indecisive engagement with the revolutionary ships at Yeguala.

Admiral Schley Reception.

Louisville, Ky., Jan. 29.—With his arm still lame from yesterday's greetings Admiral Schley today faced a throng at the board of trade public reception. To each the admiral gave a courteous greeting.

Ten Italians Perish.

Boston, Jan. 29.—Ten Italians perished in a fire today in an Italian lodging house on Fleet street.

SOCIAL EVENTS.

Two Young People Married—Miss McMillan's Pupils—Entertainments.

An event occurred last night in the social world of the Santa Fe Pacific store department which will not soon be forgotten, when Lou Moore, one of the clerks of the department at Needles, California, and Miss Annette Shackleford, a charming young lady from Temple, Texas, were made husband and wife. The groom came in on No. 2 yesterday morning and the bride arrived last night on No. 1, where she was met by the groom and a large wedding party, who escorted the happy couple to the Hotel Highland, where the ceremony was performed by Rev. Mark Hodgson. The happy couple left for Needles on the same train that brought the bride to Albuquerque, in which place they will make their future home. Those who were present at the wedding were: N. M. Rice, assistant general storekeeper, and Messrs. E. H. Andrews and wife, James S. Smith, F. E. Hoffman, Chas. F. Cloyd, Ben Schupp, J. D. McCord, John W. Gibson, James K. Poyas, J. L. Armijo, David Stewart, L. C. Cottrell, Frank Short, R. M. Allen, P. W. Ferrill, H. A. Friedleys, Rudolph Dunncourt, Jacob Leitcher, A. C. Pomeroy, J. F. Fleischer, R. W. Stake, C. A. Barhydt, E. A. Bartlett and wife, and John Munn and wife.

REMEMBERED BY PUPILS.

The teachers at the Central school building had a little picnic yesterday during the afternoon recess period. Miss Jessie McMillan's scholars had a nice little surprise awaiting her when she returned from lunch. During her absence they had piled her desk with a delicious repast of fruits, nuts, candy and cake, in such quantities that she could invite all her neighbor teachers and have some left.

ENTERTAINED.

Mrs. H. E. Rogers entertained a few friends at her home on West Coal avenue last night with cards. Music was enjoyed and delicious refreshments were served.

Miss Flora Vann entertained a few friends at her home on North Third street last night at whist, in honor of her friend, Miss Mamie Carter, of Madrid. Music was enjoyed and a delightful lunch was served.

Court Interpreter.

Judge Benjamin S. Baker has appointed Nestor Montoya, the accomplished editor of La Bandera Americana, interpreter for this judicial district. Mr. Montoya is one of the very best Spanish interpreters in New Mexico and will faithfully discharge the difficult duties of his position.

DR. CHAMBERLIN MARRIED.

Married at Muncie, Indiana, to Miss May Heath. Dr. L. H. Chamberlin, of this city, was married this morning at Muncie, Indiana, to Miss May Heath, sister of Perry A. Heath, formerly first assistant postmaster general. Dr. Chamberlin is a popular dentist of this city and was first lieutenant in Captain Borradale's company during the Spanish-

American war. Miss Heath has traveled extensively and has a rare contralto voice that has been heard in Washington and many large cities. The happy couple will make their future home in this city, where the bride has a large circle of friends, she having spent a year here for her health.

AGAIN PROMOTED.

Arthur G. Wells Going Up the Railroad Ladder Rapidly.

A telegram, sent out from Los Angeles yesterday, gives the news that Arthur G. Wells, now superintendent of the line west of Albuquerque, has been appointed general manager of the same line, vice W. G. Nevin, deceased. The appointment is effective on February 1.

People of Albuquerque have noticed Mr. Wells' promotions from a clerical position to the present important and responsible office, and The Citizen, with many friends here, consider him a most able railroad manager, and again congratulate him upon his promotion.

Dutch Note.

The Hague, Jan. 29.—Boer delegates disclaim knowledge of the contents of the Dutch note to Great Britain.

SNOW STORMS.

Are Raging all Around the City of Albuquerque.

INSURES GRASS AND WATER.

Trainmen from the west, arriving this morning, give the glad tidings of a heavy snow storm in the ranges west of this city, and state that the mountains as far west as Flagstaff and Ash Fork are covered with snow to a depth of from two to six inches.

"In fact," said one railroader, "it has been continually snowing for the past forty-eight hours along the western divide, and if it continues for the next twenty-four hours it will be the heaviest fall of snow along the Santa Fe Pacific road for many years. The 'beautiful' was late in coming, but it is surely out west now in good fashion."

The Sandia and Manzano ranges of mountains, east and southeast of the city, are now covered to a fair depth with snow, and as The Citizen goes to press the tail-end of the snow blizzard had struck the city and Rio Grande valley.

The Cochiti and Jemez mountains, to the north and northwest of this city, are also covered with snow, and the high peaks of these mountains seem to indicate, from appearances, that these ranges have been visited by an exceedingly heavy snow storm.

The snow will cause a smile to creep over the faces of stockmen and farmers, and while the storm will, no doubt, cause some suffering and even losses among stock, the snow is nevertheless welcomed and guarantees a good spring, with plenty of grass and water.

TELEGRAPHIC MARKETS.

Chicago Live Stock.

Chicago, Ill., Jan. 29.—Cattle—Receipts, 15,000 head; market slow and weak; good to prime steers, \$6.50@7.40; poor to medium, \$4@6; stockers and feeders, \$2.25@4.50; cows, \$1.25@5.50; heifers, \$2.50@5.50; canners, \$1.25@5.50; calves, \$1.25@2.30; bulls, \$2.50@4.50; calves, \$2.50@6.50; Texas fed steers, \$4@5.25.

Sheep—Receipts, 18,000 head; sheep steady; lambs stronger; good to choice wethers, \$4.30@5; fair to choice mixed \$3.75@4.40; western sheep, \$4@5; native lambs, \$3.50@6; western lambs, \$5@5.80.

Kansas City Live Stock.

Kansas City, Mo., Jan. 29.—Cattle—Receipts, 9,000 head; market steady; native steers, \$5@6.55; Texas and Indian steers, \$4@5.35; Texas cows, \$2.50@4.25; native cows and heifers, \$2.75@5.25; stockers and feeders, \$3.50@4.85; bulls, \$2.50@4.50; calves, \$4@6.25.

Sheep—Market steady; muttons, \$4@5; lambs, \$5.50@6; western wethers, \$4.40@4.80.

Chicago Grain.

Chicago, Ill., Jan. 29.—Wheat—Jan., 75½c; May, 78½c@79c. Corn—Jan., 59½c; May, 62½c. Oats—Jan., 43½c; May, 44½c. Pork—Jan., \$15.70; May, \$15.95. Lard—Jan., \$9.32½; May, \$9.47½. Ribs—Jan., \$8.27½; May, \$8.47½.

New York Money.

New York, Jan. 29.—Money on call 3@3½ per cent. Silver, 55%.

New York Metal.

New York, Jan. 29.—Copper—Strong 11½@12c. Lead—Quiet; \$4.10.

Committed Suicide.

St. Louis, Jan. 29.—Morris M. Sam, traveling salesman of Houston, Texas, was found dead in his bed today, at the Midland hotel. He had taken poison.

THE DAILY CITIZEN will be delivered
in the city at the low rate of 20 cents per
week, or for 75 cents per month, when
paid monthly. These rates are less than
those of any other daily paper in the
territory.

The Las Vegas Optic denies the
rumor that it is for sale.

This city should strain a point to
send a creditable exhibit to the
Charleston exposition.

The chances are that three straight
party tickets will be in the field at the
approaching city election.

The Choctaw & Gulf railroad is com-
ing this way from Oklahoma, and it
can be secured by this city.

The counties of Eddy, Chaves and
Lincoln should comprise one judicial
district. They are entitled to a dis-
trict and Roswell should be the head-
quarters.

The Silver City Independent says
that the Mogollon mining district in
western Socorro county should be at-
tached to Grant county. The district
is near Silver City, and almost 150
miles from Socorro.

Those new electric cars at El Paso
are a great help to the reporters of
the local papers. The people have been
accustomed to getting on and off the
old mule cars while in motion and from
force of habit try to board the new
electric cars in the same manner. The
result is that a column of good fresh
accident news is assured every day.

The Journal-Democrat announces the
retirement of Mr. Carscallen from that
paper. He will go to southern California
for his health, which has been im-
paired by too much hard work. He
has made a wide circle of friends here,
who will hope to hear of his early and
complete recovery. The Citizen can
bear witness to Mr. Carscallen's en-
ergy as a business competitor. He is
energetic to a fault and on many occa-
sions has made The Citizen hump
itself in getting new business. How-
ever, he was always fair and honorable
and he carries with him the best
wishes of the whole force on The
Citizen.

WIRELESS TELEGRAPHY.

Marconi's application of the theory
of the transmission of signals and mes-
sages by electricity and that without
the use of wires, is an all-absorbing
topic in the scientific world. What
wireless telegraphy is may not be eas-
ily explained to those who are not
versed in electricity, but it is possible
to give an idea of it in a general way.

All space must be regarded as per-
meated by a something termed lumin-
iferous ether. It is explained by a phys-
icist that this ether permeates the
spaces between the heavenly bodies
and our atmosphere (which conception
offers little difficulty to the lay mind),
and also permeates all solids. Further,
its nature is such that the movement
even of solids is not in the least re-
strained by such permeation, the closest
analogy being that of a sieve, rep-
resenting the solid, being moved about
in water representing the ether. The
ether is the seat not only of all elec-
trical phenomena, but also of all the
phenomena of light and heat. All of
these, apparently so distinct, are but
the result of vibrations or waves on
the ether, the apparent differences be-
ing due only to differences in the
length of the waves and the rapidity
with which they occur, just as one mu-
sical note differs from another in the
same particulars, only that the sound

waves are air waves and not ether
waves.

Now, with the usual telegraphic
methods the current, as it is termed, is
sent or directed through space by
means of a metallic conductor. Actu-
ally nothing passes through the wire,
as is implied by the use of the word
"current." What actually takes place
is the transmission of energy along
the path of the wire by means of vibra-
tions in the neighboring ether. That
is, the metal of the wire acts merely
as a guide for the ether waves to the
destination desired. In wireless tele-
graphy, ether vibrations are also set up
at the transmitting station, but these,
having no conducting guide, radiate in
all directions through space, and a
small percentage of them arrives at
the receiving station, and by means of
suitable apparatus are made appreci-
able by the senses, or recorded.

INTERNATIONAL ARBITRATION.

If the results of the Pan-American
congress in Mexico City should amount
to nothing more than its expressed ad-
herence to the principle of the Hague
conference, it will not have assembled
in vain. Two republics were unrepres-
ented when this action was taken,
but the United States was acting as
their agent and secures to them the
full benefit of the resolution. Almost
the whole of the civilized world is now
practically committed to the principle
of international arbitration. Chili and
Ecuador declined to join with the
other republics, and now find them-
selves in a rather unenviable position.
The reason Chili refused to give its
sanction to the resolutions lies in the
fact that that country holds unlawfully
some territory that belonged to Bo-
livia and Peru. To consent to the doc-
trine of arbitration would place Chili
in the hands of a court that would un-
doubtedly decide against her. Ecuador
is friendly with Chili, and because of
her geographical situation she is al-
most compelled to follow Chili's lead
on any matter that comes up.

ABUNDANCE OF GOLD.

The Chicago Record-Herald says
that last year's production of gold in
the United States, which exceeded
\$80,000,000 in value, is unequalled in
the country's history and in the his-
tory of her only rivals, Australia and
the Transvaal, though there has been a
pretty close race of late, during
which each of these contestants had
the lead for a time.

The greatest output in the Trans-
vaal was in 1898, when it came to the
value of \$78,070,761. In that year the
product of the United States was val-
ued at \$65,982,430, and that of Aus-
tralia and New Zealand at \$62,294,481.
The banner year of the countries last
named was 1899, when they mined
gold worth \$78,755,372. In that same
year the Transvaal started out to
break the record, but the war began
in October, and instead of reaching the
estimate of \$95,000,000, her pro-
duction fell to \$72,961,501, while that
of the United States was \$70,096,021.

During 1900 the United States re-
sumed first place, a position that she
had often held in the more remote
past. The figures are: United States,
\$78,159,674; Australasia, \$73,467,110;
Transvaal, \$7,208,869. Owing to the
continuance of the war mining opera-
tions in the great South African gold
region was brought to a standstill dur-
ing part of the year, as the statistics
would indicate, and this had a marked
effect on the world's production. The
total, which had exceeded \$287,000,000
in 1898 and \$311,000,000 in 1899, fell to
\$256,000,000 in 1900. Had the ante-bel-
lum Transvaal estimate of \$110,000,000
been fulfilled the world's output
would have been nearly \$360,000,000.

LATEST CONSUMPTION CURE.

Experiments are being made on a
most elaborate scale in London with a
modification of Tesla's high frequency
electrical currents in the treatment of
consumption. It is stated that some
remarkable results have been achieved,
says the London correspondent of the
New York Herald.

These experiments for the most part
have been conducted by Dr. T. J. Bock-
enham, an eminent West End surgeon.
In the course of his private practice,
but with the knowledge and approval
of leading consumption specialists.
For various reasons, but principally
because of evil results which might
ensue if the system were used by any
but the most experienced medical men,
with a perfect knowledge of the forces
they were dealing with, the experi-
ments have been quietly conducted.

Applications for details of the meth-
ods used have not been encouraged.
Dr. Bockenham has had fitted up a
most elaborate apparatus for the pro-
duction of electricity in the particular

form in which it is used, the net re-
sults of which is that a current of 80,
000 volts is produced, of such high fre-
quency and administered in such small
quantities that the consumptive pa-
tient may receive it without the slight-
est injury. The awe-inspiring force of
this voltage may be best appreciated
when it is remembered that only 500
volts are employed in driving trains
on a railway. Yet the patient is not
conscious of the enormous electrical
pressure.

Dr. Bockenham's experience is that
in very bad cases of consumption the
cough has been greatly reduced, the
night sweats have disappeared, the ap-
petite has improved and there has
been a gain in weight and general
health. So that even if the consump-
tion bacilli have not been destroyed
it is certain that their virulence has
been much decreased, that they have
been brought under control and that
the patient has felt cured. A doubt
entertained by phthisis specialists,
who do not question this temporary
improvement, is whether it is anything
but a mere exhilaration. Dr. Bocken-
ham, however, has great faith in the
future of the system.

LAND LOCATORS.

Those of a Faudulent Character to be
Prosecuted.

A special dispatch from Capitan, of
date January 26, says:

"William C. Reid, of Las Vegas, as-
sistant United States attorney, was in
Capitan for the purpose of prosecuting
several parties, whose names he re-
fused to divulge, for taking up placer
claims fraudulently in the Gallina
mountains near here. Before the new
railroad began building through that
section the most valuable timber land
along the line was taken up as placer
claims for the purpose of selling the
timber for ties to the railroad com-
pany. The company refused to be held
up in any such manner and so reported
the fraudulent purposes of the claim-
ants to the United States authorities,
who at once began an investigation."

DON'T.

DON'T dispute with a woman when
she says the Economist goods are the
only ones to buy. Because she knows
what she's talking about.

DON'T argue with her when she
says the Economist prices are money-
savers. She talks like a sensible wo-
man who knows what's what.

DON'T try to excuse yourself for
going to some other store instead of
the Economist. You know that you
can offer no reason that can be suf-
ficient for passing the store where the
best and cheapest go together.

DON'T expect your wife to meet you
pleasantly if you've gone to some
other store than the Economist, when
she expressly told you to go nowhere
else. Don't do these things if you ex-
pect to live long and keep your hair on.

ALBUQUERQUE & JEMEZ SPRINGS

Tickets for sale by W. L. Trimble &
Co., Albuquerque. J. B. BLOCK, Prop.

Deming! Have you been there? If
not, you should get there for the big
sale of lots on the 17th of this month.

Wanted

Information as to whereabouts of
Eugenio Trujillo, a young man 20
years of age. Left Albuquerque about
eighteen months since for California
to work in sugar factory. Address
Victoriano Trujillo, Albuquerque, New
Mexico.

Short lengths of carpets, ranging
from one to twenty yards, at half cost.
—Albert Faber, 305 Railroad avenue.

In Deming you can buy lots for \$100
which will pay you 100 per cent. in less
than twelve months.

"Strongest in the World"

The 21st
Century

is a long way ahead, but probably a
few who read this advertisement hold
contracts with the society which will
not terminate until the twenty-first
century.

The assured will have ceased pay-
ing premiums long before then, but it
may be that the society will still be
paying the installments, or annuity, to
the beneficiaries. This fact should be
a powerful argument in favor of con-
servatism, safety and strength in the
management of a life assurance com-
pany. The Equitable is the strongest
life company in the world. Its policies
are the government bonds of life as-
surance.

Send for information regarding a
Continuous Installment Policy, which
provides for an annual income to the
beneficiary for life.

The Equitable
Life Assurance
Society

Of the United States.

MARRIAGE IN HIGH LIFE.

THE WEDDING.

The marriage bells rang loud and long.
And this is what they said:
There's nothing laked on earth can
beat

The New England's Pure White
Bread.

THE HONEYMOON.

They billed and cooed from morn till
night.

And in a Pullman sped
They lived on love and ever ate
The New England's Pure White
Bread.

LIFE'S STERN REALITY.

The honeymoon was over
And their oven wouldn't bake,
The staff of life and sweetmeats
No better than the cake

The husband fussed and fretted,
'Cause he wanted to be fed
And his wife ran to South Second
street

For New England Pure White Bread.

MORAL.

Young ladies, ere you're married
To Tom or Dick or Ned,
Don't paralyze your sweethearts
With your white (?) bread:

And when you have signed the con-
tract,

If these lines be rightly read,
You'll always go to Xydias
For New England Bread.

You may sing of San Francisco,
Or Denver's dusty town,
You may move in Old St. Louis,
Or hold Chicago town,

New York may a figure
In Philadelphia wake,
But you've got to hit Albuquerque
For New England Bakery Bread.

Mines and Minerals

J. A. Vall, of Flagstaff, left for the Cherry Creek mining district in Yavapai county to look after some of his mining property.

The Fraser Mountain Copper company, of Taos, is putting in a pipe line, a couple miles long, to supply water for the mill and concentrators.

The main shaft of the Manhattan, or Missouri mine, at Central, has been sunk to a depth of 125 feet. At seventy feet a drift has been run for a distance of twenty-four feet and an air shaft is being sunk from the service to connect with the drift. The lead, which runs well in lead, silver and gold, is showing up finely. The property is now being patented. St. Louis capital is interested.

The Colorado Fuel and Iron company is now shipping fifteen carloads daily from the Fiero camp. A loading machine has been ordered, which will result in a great saving of labor, as all the ore will be thus handled to the cars by machinery. As soon as this is received the output will be increased.

It is reported that a mine on Cherry Creek, Arizona, in which several Flagstaff parties are interested, is about to be sold, and the purchase price will be near the one hundred thousand dollar mark.

JICARILLA PLACER DISTRICT.

Old and New Methods of Working the District.

The following information is taken in part from a prospectus printed by the White Oaks Eagle for the Jicarilla Placer company in 1898, and is probably the most reliable data to be had concerning the resources of the district:

"It has been conceded by all authorities for many years that the Jicarilla placers are the richest and most extensive in the territory, if not the richest in the entire United States. All kinds of tests have been made of the pay dirt and the verdict has been unanimous that the deposit of gold there is practically without limit, and has a quality of fineness rare in placer diggings, which fact has been demonstrated by frequent assays from the United States mints, giving as high as 939 in fineness, or \$19.40 an ounce, showing the gold to be almost pure.

"The locality embraces an area of about ten square miles, having an average depth of about twelve feet, in which the greater portion of the placer deposit is found, or about 123,904,000 cubic yards of dirt containing gold, some of it running fabulously high. Conservative estimates have placed the value of the dirt at 30 cents a cubic yard. It will be readily seen that at this low estimate, that there are millions of gold yet to be taken from these placers.

"The principal gulches in the placer district are as follows: Ancho, six miles long; Rico, five miles; Juana, four miles; Pine, five miles; Spring, three miles; Soldier, two miles; White Oaks, two miles. Besides these there are other general and lateral gulches that contain gold.

"In spite of the fact that until recently little water has been obtainable, hundreds of thousands of dollars have been taken out by the crude methods of the dry washer, small rocker, etc., or such devices as could be constructed most readily and at least expense. The rocker as shown in the center of this page being the most generally used for securing the gold. The natives here are obtaining water to be used in the rocker by rolling great snow balls and then melting it in a vessel over a pineknot fire, others have hauled water a distance of several miles, and still others have resorted to catching the flood waters during the wet season to operate their rockers, but none of these methods have proven very profitable since the early history of the camp when Otero, father of our present governor, worked a regiment of peons in the district one winter and cleaned up, it is said, about \$50,000. The salary of these semi-slaves was small, if they were paid anything at all, and their food of the plainest kind, evidently.

Many thousands of dollars have been expended, trying to secure water, and all kinds of speculation resorted to by different companies; some of the schemes embracing plans for piping it from Rio Bonito, forty miles south, and from the Capitan mountains, a distance of nearly thirty miles; but never succeeded until the American Placer company undertook it little over a year ago, put in powerful drilling machinery and obtained an abundance of water at a reasonable depth, following which they installed the Johnston placer dredge.

"The dredge is now in operation and there is no brighter field anywhere for this character of mining. The new line, El Paso & Rock Island railway, passes within seven miles."

CYANIDE IN NEW MEXICO.

Is Used at the Last Chance Mill in the Mogollon District.

A correspondent, writing to the Denver News from Silver City, under date of January 26, says:

Forrest McKinley, of Washington, nephew of the late president, has been looking over the mines in the Mogollon district and being favorably impressed, decided to locate. It is understood he will join Mr. Craig's corps of assistants at the Last Chance mill, which is now in successful operation, the process of cyaniding being extensively used.

The Alejandro company, operating in the Burros and superintended by Judge Deming, is rapidly pushing for-

ward its operations, despite the recent drop in copper. New shafts have been sunk and tunnels driven. The company, however, is not marketing its product, but holding the same until copper goes up.

P. T. McGrath, of Denver, has again leased the Klondike mine, which is making one of the best showings in the Burro camps.

Assessment work is commenced for the new year. A. A. Burdette, in charge of the Charles E. Stevens' interests, is here for that purpose. Also R. B. Clark with a gang of men, to work his several groups of claims. Mr. Stevens owns about forty-two claims in the Burro district.

The Grand View mine, in the Carpenter district, is partially developed and makes the best showing so far of any mine in the southwest. The vein is over twenty-two feet wide and is a solid mass of ore. The mine is owned by Barr, Beaver & Gray, and is being steadily worked.

The annual meeting of the stockholders of the Great Western Oil company of New Mexico was held in this city last week. The company owns large tracts of land in both Luna and Guadalupe counties, which adjoin producing lands. Stock is being sold at 10 cents per share and is selling nicely.

The ore of the Green Consolidated company is averaging 51.8 per cent copper. Only 1,460 shares of stock are left to sell at \$50 per share.

Children Especially Liable

Burns, bruises and cuts are extremely painful and if neglected often result in blood poisoning. Children are especially liable to such mishaps because not so careful. As a remedy DeWitt's Witch Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up," writes James Mock, N. Webster, Ind. "Those sores were so bad she soiled two to five dresses a day." J. H. O'Reilly & Co. and B. H. Briggs & Co.

An Attack of Pneumonia Warded Off. "Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all druggists.

PINOS ALTOS DISTRICT.

A Fine Mining Section of Grant County.

Owners of mines on the west side of Pinos Altos range, eight miles north of Silver City, have been developing their ore bodies quite extensively this winter.

Several mining claims north of Webster gulch, belonging to Peter Crumrine, Woodbury, Waters, Houston and their several associates, have developed a remarkable showing of pay ore, carrying gold, silver, copper and iron in sulphide form.

Last Friday F. W. Davidson accompanied the president and mining engineers of the General Concentrating company of New York on a visit to the well known Houston & Thomas mines, preparatory for final examination tests and purchase. These people have unlimited means, experience and aggressiveness and there is good reason to believe that they will take hold of this splendid property.

George H. Utter is developing his Cleveland Copper group with a force of six men. He has opened up and continued the twenty foot tunnel on the Copper Extension, east, cutting a ten foot pay shoot of low grade copper carbonates. In the main tunnel on the Copper Extension on vein No. 4, a few shots were put in which exposed a sulphide ore body of solid ore six feet wide, carrying chalcocite iron sulphides, blend and silver pay values averaging \$40 per ton. In continuing this 200 foot tunnel, on Friday last, his men cut through the Dolomite, exposing vein No. 6 which shows three feet of solid sulphide ore similar to vein No. 4, but richer in copper sulphides and carrying less blend. This ore body is cut at the depth of nearly 200 feet. Mr. Utter expects to continue the tunnel to cut veins 7, 8, 9 and 10. The face of the tunnel will strike vein No. 7 within twenty feet. This ore body shows a surface cropping over 100 feet wide of iron oxides and several copper exposures in the same vein which many shipments of pay ore have been made.

On the Arizona mine, which is now the principal producing property of the camp, the main shaft has been sunk to

ward its operations, despite the recent drop in copper. New shafts have been sunk and tunnels driven. The company, however, is not marketing its product, but holding the same until copper goes up.

P. T. McGrath, of Denver, has again leased the Klondike mine, which is making one of the best showings in the Burro camps.

Assessment work is commenced for the new year. A. A. Burdette, in charge of the Charles E. Stevens' interests, is here for that purpose. Also R. B. Clark with a gang of men, to work his several groups of claims. Mr. Stevens owns about forty-two claims in the Burro district.

The Grand View mine, in the Carpenter district, is partially developed and makes the best showing so far of any mine in the southwest. The vein is over twenty-two feet wide and is a solid mass of ore. The mine is owned by Barr, Beaver & Gray, and is being steadily worked.

The annual meeting of the stockholders of the Great Western Oil company of New Mexico was held in this city last week. The company owns large tracts of land in both Luna and Guadalupe counties, which adjoin producing lands. Stock is being sold at 10 cents per share and is selling nicely.

The ore of the Green Consolidated company is averaging 51.8 per cent copper. Only 1,460 shares of stock are left to sell at \$50 per share.

Do Not Delay.

The longer you delay in giving your weak stomach the aid it requires, the more serious becomes your condition. Obtain a bottle of Hostetter's Stomach Bitters at once, as it is the best medicine in the world for stomach complaints. It will tone up the system, steady the nerves and cure belching, flatulency, indigestion, dyspepsia and malaria, fever and ague.

HOSTETTER'S STOMACH BITTERS

a depth of 104 feet below the second level, and a contract was let Saturday by Manager William McAllister for 100 feet of drifting from the bottom of the shaft, which is entirely in ore, and in which there is a very rich streak of two-foot ore, smelter returns from which give 4.05 ounces in gold, 17.7 ounces in silver and 3.80 per cent copper, or a value of \$82.30 to the ton. The property is looking in better shape than it ever has before in its history. Twenty men are being employed, and three shifts are now at work on the drift contract.

MRS. MARY GREGOVICH

Of Phillipsburg, Mont., Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovich of Phillipsburg, Mont., under date of November 26, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terribly and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Phillipsburg and the doctor strongly recommended it to me. After three or four applications my hair stopped falling out and is coming in again quite thick. I used to be troubled greatly with dandruff of which I am now quite cured." Kill the dandruff germ with Herpicide.

There's Many a Slip

on the ice or wet ground at this time of year, and many a sore spot in consequence. No amount of caution will guarantee you against accident. That is why we keep Perry Davis' Painkiller on hand to relieve the ache of bruised flesh, and sore, throbbing muscle. It has given relief to two generations. There is but one Painkiller, Perry Davis'.

Seems to Have Struck It Rich.

W. D. Powell, who is now developing a group of copper mines in the Jerome country for the Black Rock Gold and Copper Mining company, seems to have struck a rich deposit of copper, running over 2 per cent. Mr. Powell is enthusiastic over the results of development so far and is convinced that there is as much ore of a richer quality than in Senator Clark's wonder. The ore sent in by Mr. Powell is exceedingly rich, and if there is a body of it, as claimed by Mr. Powell, there will be a few rich mine owners in Flagstaff. The stock of the company has not been offered for sale yet, but considerable has been sold by agreement at 25 cents a share. If the mines continue to increase in wealth the stock will be taken off the market.—Flagstaff Sun.

The Secret of Long Life.

Consists of keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate Stomach, Liver and Kidneys, purify the blood, and give a splendid appetite. They work wonders in curing kidney troubles, female complaints, nervous diseases, constipation, dyspepsia and malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by all druggists.

The Las Vegas Record says: Mr and Mrs. Joe Zollner and son, of Deadwood, N. Y., after spending a few days in the city as the guest of Mrs. Philip Holzman and family, left for Albuquerque, where they will visit for a few days as the guests of Mr. and Mrs. Samuel Neustadt.

A Cure for Lumbago.

W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do." For sale by all druggists.

TWO DEAD ROBBERS.

And the "Spike Gang" of Thieves is Shattered.

For some time the "Spike gang" of law breakers has been a terror to respectable citizens in the vicinity of Logan, N. M., says the Las Vegas Record. This outlaw band has robbed stores, stolen and killed cattle and did not hesitate to do anything that was lawless or depraved. But justice has overtaken the law breakers, Dick and John Spike being killed and Earnest Bradley badly wounded.

Last week a few cattle men, who had missed some stock, followed cattle tracks that led away from their ranches, suspecting that the Spike outlaws were driving them away. On Thursday the owners of the stock were rewarded by overtaking their cattle which were being driven off by the "Spike gang."

A running fight took place in a dense scrub cedar forest, and bullets flew freely, but no one seems to have been hit. The gang was forced from cover, however, John Spikes, Henry Hawkins and W. J. McAdams being recognized. Later the outlaws were cornered and in resisting arrest the two Spikes were killed and Bradley wounded. The rest of the gang succeeded in escaping, but officers are on their trail.

It was five of these thieves that Sheriff Romero arrested last summer for cattle stealing. Four of them were found not guilty, on what was believed to be the perjured testimony of their relatives and sympathizers, but the

fifth was convicted and is now in the penitentiary. McAdams was one of the five arrested by Mr. Romero.

These are the organized bandits who robbed the stores of Gross & Richards, Casimero Romero and Florencio Martinez, and the law abiding people of that section of New Mexico will feel easier when the rest of the gang are either dead or in the penitentiary.

Swift Classic Calendars.

What is considered to be one of the most artistic calendars of the season has been issued by Swift & Co., of Chicago. "Swift's Classic Calendar" is its title, and it consists of four art panels, each leaf 7x16 1/2 inches, reproductions of paintings by Jules Delaroché, the famous French artist. The subjects represent "lusty spring, freshly budding," "sweet summer, the summer of youth," "autumn, harbinger of health and prosperity," "winter, frosty and joyous."

On the first panel, which is called "Spring," is portrayed a woman gowned in a Grecian costume. She is inhaling the fragrance of the lilac. Flowers lie in profusion on the table beside which she is standing. On the second panel, entitled "Summer," the Grecian bath is represented. Blooming June roses add a seasonable effect. "Autumn," represented by the third panel, brings with it its wealth of fruit. The fourth and last panel indicates "Winter." The holiday season is being anticipated and there are mistletoe and holly. The four leaves are held together by a silk bow.

The calendar will be sent to any address for 10 cents in stamps or money. Address Swift & Co., Union Stock Yards, Chicago, Ill.

The Wearing of the Green.

Those green tags on our winter goods mean that you can wear the goods that the tags are on at a much lower price than they are actually worth. Because all our winter goods must and will be sold. Simon Stern, the Railroad avenue clothier.

Cure for Depleted Pockets. Buy your clothing and furnishing goods at our green tag sale and you will have money left. Simon Stern, the Railroad avenue clothier.

Deming, the coming city of New Mexico.

Mrs. Albright, the Artist, is again in her studio, 113 North Third street. Parties who wish fine work in artistic photography, should call and leave their orders, as she may leave for Europe in the near future.

Deming is the great mining center of the southwest.

FOR SALE.

It will pay you to see Hall & Learn and before purchasing a piano.

In Deming the demand for rental houses is five times in excess of the supply.

CHARLESTON EXPOSITION.

Effort to Place New Mexico Exhibits at the Big Fair.

ENTHUSIASTIC MEETING.

Pursuant to call in The Citizen a meeting was held last evening at the Commercial club to devise ways and means to place a New Mexico exhibit at the Charleston exposition. Mayor Marron presided, and called upon R. W. D. Bryan, one of the New Mexico commissioners to the exposition, to give a statement of the work in hand. The gentleman stated that a valuable mineral exhibit had been collected from all parts of the territory, which was awaiting shipment from lack of funds.

Mr. Benham, of the Hyde Exploring expedition was present and explained to the meeting that his company was willing to add to the mineral exhibit of the territorial commission, a unique display of Indian curiosities and to send to Charleston a party of Navajo Indians to weave blankets and fashion silver ornaments. Mr. Benham stated that he went to Charleston and found that Mr. Pope of the commission had secured a large space for the New Mexico exhibit, well located opposite the tropical exhibit of the state of Florida; he succeeded in making terms with the exposition authorities, and then submitted this proposal to the New Mexico commission. The Hyde Exploring company would make one of their attractive exhibits in connection with the territorial mineral display, which they would put in place and care for. This would require them to employ a night watchman and a man acquainted with the mineral resources of New Mexico to explain to visitors the exhibit. They would also distribute the literature furnished by the Bureau of Immigration and the Santa Fe company. They were willing to do this if the New Mexico people would contribute the sum of \$500 to meet the expense of unpacking the ores and placing them in position, on tables, shelves and in show cases which they would furnish and in properly labeling the ores and in making signs and banners to call the attention of the visitors to the exhibit. Mr. Benham explained that he had made the exhibit for the Hyde Exploring company in Buffalo, and the late Sportsmen's exposition in Philadelphia and their present exhibit at the Sportsmen's exposition in Chicago, had been arranged by him. He therefore spoke from experience and knew that it would cost fully \$500 to properly install the New Mexico mineral display. He stated that the Hyde Exploring company expected to spend not less than \$2,000 in making their proposed exhibit at Charleston, and while they hoped to make a portion if not the whole of this from the sale of their goods, still it was not likely they would be able to do so, and they certainly could not afford to expend money on the installment of the mineral exhibit.

A general discussion of the subject here followed. Col. J. L. Van Doren, of Bluewater, who was present, said it would be a disgrace to Albuquerque not to subscribe the necessary money. He promptly handed \$5 to the chairman as his contribution and said that Bluewater ranch would also send an agricultural exhibit. He said that the Hyde company had made headquarters at Albuquerque and would spend \$100,000 in this city this year and that it was "business" to boom every proposition that would advertise the city.

On motion a committee was appointed to solicit from the citizens of Albuquerque subscriptions and to raise the sum of \$500 for the purpose of installing the exhibit of New Mexico ores at the Charleston exposition.

The following committee was named: R. W. D. Bryan, chairman; Thomas Hughes, Dr. W. G. Hope, Messrs. Noa Hildel, A. B. McGaffey, Joseph Barnett, George F. Albright, Ivan Grunfeld, O. W. Strong, D. A. Macpherson.

This morning the committee met at the office of Mr. Bryan and proceeded to make a canvass for funds. It is hoped that the sum required can be subscribed in short order. To secure the space at Charleston notice must be sent tonight.

bakery wagon took a notion to run things. The horse was tied to the curbing on First street while the driver, who happened to be Mr. Berger himself, went into the new eating house in the Everett building. Mike, as the horse is called, broke his rope and started south at full speed. At Sturges' corner he turned north, but the turn was so short that the wagon was turned over and the contents dumped on the ground. The horse, with the wagon dragging, again turned and went east almost to the corner, where he was stopped, having done no more damage than to "pi the pie" and give the wagon a good shaking up.

NEW CATHOLIC LODGE.

Will Be Instituted in Albuquerque the Coming Saturday.

An Albuquerque lodge of the Knights of Columbus is now certain.

Mayor Marron is in receipt of a telegram which reads as follows:

"Have finally arranged to institute Sunday. Will arrive in Albuquerque Saturday morning. Reserve hotel accommodations for twenty men."

"JOHN REDDIN."

About a week ago a party of gentlemen, whose names were published in an article in last Saturday's Citizen, left Denver for a tour over several of the western states and territories sightseeing, and instituting local councils of the Knights of Columbus.

When N. T. McNary, one of the national directors of the order, and who spent several days in Albuquerque, learned that this party of Knights from Denver, would pass through the city on their return from the coast, decided to rush things and have them stop and institute the local council.

It is essential that the names of the charter members should be passed on in New York, and to get them there and back by the time the organizers get here, it was necessary to send them by telegram.

Mr. McNary received a telegram from Supreme Knight Charles Hearn, of Boston, stating that the circumstances were extraordinary and that all technicalities might be dispensed with.

The Denver party, consisting of the following gentlemen, will arrive Saturday morning and be here until Monday: Colonel Frank Tower, Jon and Frank Newman, Dan B. Carey, John D. Rogers, Stanley McGinnis, Thomas Morrow, Morris Dolan, P. H. Mullen, W. T. Davoren, George Dostal, Thomas E. Burke, Richard F. Hayden, Dr. Edward Dehanty and John H. Redden, deputy for the Denver district.

On Sunday the local lodge will be instituted, the afternoon will be spent in conferring the first and second degrees, and the evening the third. The Albuquerque council will start with close to sixty charter members, and a good prospect for a rapid increase. A cordial reception is being prepared for the visiting knights.

INAUGURAL ON SATURDAY.

Governor Otero is Delayed by the Serious Illness of His Son, Miguel.

Acting Governor J. W. Reynolds received dispatches from Governor Otero Monday evening and Tuesday stating that owing to the serious illness of his son, Miguel, he had to remain in Chicago longer than he expected and would not leave for Santa Fe until Wednesday evening, reaching here on Friday at 8 p. m. The oath of office, therefore, will not be administered until Saturday afternoon and the reception and inaugural ball will be held at the Palace hotel on the evening of Saturday, February 1. The general committee is quite busy perfecting all necessary arrangements and ceremonies. Full lists of the committees and the program will be published in these columns as soon as fully adopted.

Notice Elks.

A special meeting of Albuquerque lodge, No. 461, B. P. O. E., will be held Thursday evening, up stairs over Ziegler's Cafe, at 8 o'clock, for the purpose of considering opera house proposition. All members are urgently requested to be present. By order of exalted ruler, C. W. Medler, secretary.

Hahn's coal yards for all kinds of fuel. We either have it or it is not to be found. Both 'phones

WEET navel oranges 15 cents dozen, fresh eggs 30 cents doz, cooking butter 20 cents pound, Sedgwick creamery butter two pounds for 45 cents, California figs 10 cents pound, black dates 12 1/2 cents pound, full cream, brick, Limburg and domestic Swiss cheese all 20 cents pound. The best in Kansas City and native meats at the San Jose Market.

Don't forget to take in the enjoyable social tea that will be given by the ladies of St. John's Guild at the home of Mrs. G. L. Brooks, 903 Copper avenue, on Thursday next, from 2 to 5 p. m. Strangers as well as members of the church are invited. There will be a good time for all.

SUPREME COURT.

Murderer Hall Will Serve His Sentence—A Judgment Modified.

EIG BUSINESS DISPOSED OF.

In the territorial supreme court Monday, in cases Nos. 888 and 905, Rosalia Armijo et al., appellants, vs. the Mountain Electric company, appellee, and the Mountain Electric company, plaintiff and cross-appellant, vs. George H. Miles et al., defendants and cross-appellees, from Bernalillo county, the judgment heretofore entered by the court was modified and the amount of judgment placed at \$3,120.01, of which \$2,358.61 is to bear interest at 6 per cent. from January 10, 1902, on.

In case No. 970, Territory of New Mexico vs. William Hall a motion to dismiss the appeal was granted, the appeal dismissed and the judgment of the lower court affirmed. Hall is sentenced for life for murder. The case was first tried in Chaves county and then retried in Lincoln county.

In case No. 971, the Territory of New Mexico vs. Miguel Munoz, from Chaves county, the motion to dismiss the appeal was granted, the appeal dismissed and the judgment of the lower court affirmed. Munoz had been sentenced to fifteen years in the penitentiary for murder.

In case No. 967, the Territory of New Mexico vs. Madison Coppenbarger, alias Mattias Coppenbarger, from Union county, a motion to dismiss the appeal was granted, the appeal dismissed and the judgment of the lower court affirmed. Coppenbarger had been sentenced to fifteen years in the penitentiary from Union county.

In case No. 966, the Territory of New Mexico vs. Jose Manuel Gonzales, from Guadalupe county, a motion to dismiss the appeal was overruled. The case was set for January 31.

In case No. 920, Territory of New Mexico, appellee, vs. C. C. Perry et al., appellants, from Chaves county, a motion to dismiss the appeal was granted. Perry and his bondsmen had been sued to recover a judgment of \$7,000 against Perry, ex-sheriff and ex-collector of Chaves county. The lower court gave judgment for the territory.

In case No. 942, Adriano Leyba, appellant, vs. Manuel Armijo, justice, etc., appellee, from Bernalillo county, was argued and submitted.

In case No. 922, the Southwestern Copper company, appellee, vs. Robert P. Thompson et al., appellants, from Grant county, a motion to dismiss on the ground of failure to file an assignment of errors, was granted, the appeal dismissed and the judgment of the lower court affirmed. Thompson and his partner, who had been hired to do the assessment work on properties of the Southwestern Copper company, failed to do the work for the company and then jumped the claims. The lower court had decided in favor of the company and the supreme court affirms this decision.

In case No. 974, Edward W. Dobson vs. Mose E. Dane et al., the appeal was dismissed. The cause was remanded to the lower court for further proceedings. The appeal was from Colfax county.

In case No. 934, Territory ex rel. E. J. McLean & Co., appellants, vs. the Denver & Rio Grande Railroad company, appellee, from Santa Fe county, was argued and submitted. The case is to test the constitutionality of the hide inspection law passed by the Thirty-fourth legislative assembly.

SATURDAY NIGHT THIEVES.

Las Vegas Electric Street Railway Company Robbed.

The new electric line has gone up against the light fingered gentry in a manner that clearly proves that a street car company can be robbed by others than presidents and conductors.

Saturday night the company's tool shanty, close by the springs track, was entered by thieves, and at least \$250 worth of tools were stolen. These consisted of hand saws, two five pound axes, four hand axes, one-half dozen draw knives, two 18-in Stillson wrenches, two braces, 10-inch sweeps, two short handled shovels, four hammers, three drills, ten pounds of powder, one hundred feet of fuse, one box caps, coil rope, one hundred feet, one pair telegraph climbers, one pair side cutters. A heating stove which had been put in Friday, was carried about 200 yards.

Messrs. Hutchins and O'Reilly were looking over the proposed site of the power house yesterday morning when they discovered the depredation.—Optic.

OF LOCAL INTEREST.

Rev. Bruce Kinney, of Albuquerque, is a visitor in Santa Fe today.

Land Commissioner A. A. Keen was bound today from Albuquerque to Las Vegas.

E. E. Perea, Esq., of Albuquerque, was an arrival in the capital on the noon train.

Miss Florence Scott, well known in Albuquerque and in this city, now a resident of Minneapolis, Minn., is visiting friends in Las Vegas.

Miss Antonette Brengle, teacher at the Presbyterian mission school in this city, went to Albuquerque last evening. Miss Nina Otero returned on Sunday from Albuquerque, where she had been visiting Mr. and Mrs. Neill B. Field.

George C. Bowman, liquor gauger for the internal revenue office, returned last evening from Farmington, San Juan county. He reports eighteen inches of snow in northern New Mexico.

O. N. Marron, mayor of Albuquerque, and Thos. S. Hubbell, sheriff of Bernalillo county, while in the city yesterday.

WHERE DOCTORS FAIL

To Cure Woman's Ills, Lydia E. Pinkham's Vegetable Compound Succeeds. Mrs. Pauline Judson Writes:

"DEAR MRS. PINKHAM:—Soon after my marriage two years ago I found myself in constant pain. The doctor said my womb was turned, and this caused the pain with considerable inflammation. He prescribed for me for

MRS. PAULINE JUDSON,
Secretary of Schermerhorn Golf Club,
Brooklyn, New York.

four months, when my husband became impatient because I grew worse instead of better, and in speaking to the druggist he advised him to get Lydia E. Pinkham's Vegetable Compound and Sarsaparilla. How I wish I had taken that at first; it would have saved me weeks of suffering. It took three long months to restore me, but it is a happy relief, and we are both most grateful to you. Your Compound has brought joy to our home and health to me."—MRS. PAULINE JUDSON, 47 Hoyt Street, Brooklyn, N. Y.

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once, and also write to Mrs. Pinkham at Lynn, Mass., for special advice. It is free and always helps.

day, called on Judge Baker and paid their respects to the new presiding judge of the Second judicial district.—New Mexican.

ARIZONA TOWNS

FLAGSTAFF.

From the Gem.

Dr. P. G. Cornish and little son, of Albuquerque, spent Monday here with relatives and friends.

Leo Verkamp, who spent the holidays at his old home in Cincinnati, Ohio, returned Saturday.

Mrs. G. H. Coffin was called to Springfield, Mo., on account of the serious illness of her mother.

Candidates for town marshal and clerk are looking up and there will be six or eight candidates for each position.

At a meeting of the Pioneer Hose company, J. E. Priest was elected foreman. Mr. Priest has had a great deal of experience as a fireman, and no doubt will make a good foreman.

J. E. Ruffin and Robert Walker left for Needles, Cal., from which place they will go by boat down the Colorado river. Prof. A. E. Douglass, of this place, will join them in a few days and accompany them on their trip.

Mrs. C. S. Smith, who with her husband formerly resided here, came in from the east, where she has been visiting relatives for some time. She is stopping with T. E. Pulliam and family and will remain several days to visit friends here.

From the Sun.

Mrs. Frank Taylor left for Phoenix to join her husband, and they expect to reside in that city.

Snow commenced falling on Sunday and the storm has continued at intervals during the week. About twelve inches of snow has fallen within the past seven days.

E. E. Ellinwood came in from Prescott on legal business and left for Kingman and Prescott. He will attend the session of the territorial supreme court at Phoenix, and he expects to be in Washington on the 31st, where he will put in some work for statehood.

The Flagstaff Symphony orchestra will give a concert on the night of the 17th of March in the assembly hall of Emerson high school. An excellent musical and literary program is now being prepared, and the orchestra proposes to make this one of the most popular entertainments ever given by them.

County Assessor J. H. Lind will commence his work on the first Monday in February, and will push the work until he has completed the assessment of every property owner in the county. Mr. Lind was not an applicant for the appointment as assessor, but was selected by the board of supervisors for his ability to fill the position. He is an old resident of Coconino county and has not heretofore held any official position. He is, moreover, familiar with property values in the county and is acquainted with nearly every one in this section. Mr. Lind, who for several years has been the manager of the hardware department of Babbitt Bros., will take a year's vacation, and after the duties of his office have been completed will spend his vacation in traveling over Arizona.

ST. JOHNS.

From the Snips.

Messrs. Jenson, Wright, Overson and several other freighters left for Magdalena, N. M., to be gone about two weeks.

Considerable sickness, mostly la grippe, is to be heard of in our midst. Many children have been on the sick list, but most of them are reported well.

Miss Lottie Sherwood returned from a visit to relatives in Richville last Saturday. While she enjoyed herself she tells us she is glad to get back to the city again.

B. Schuster and family leave for Phoenix, to be gone two months. Mr. Schuster will look after his sheep interests, and Mrs. Schuster will visit friends and relatives in the vicinity of the capital city.

Miss Erma Udall returned home from Springville, after a pleasant visit with friends in Round Valley. She attended the Hall-Wiltbank wedding, and contradicted the report of the marriage of her cousin, Nellie, to Mr. Winsor.

Pedro Montano was over from Malpais the latter part of last week. He brought the popular teacher, Miss Amelia Hunt, of Malpais, over to act as madrina for the Pena-Moreno wedding. Miss Hunt returned to her school Tuesday.

Adolf Schuster, who has been visiting the St. Johns branch of the A. & B. Schuster Mercantile company, left for Holbrook. He expressed himself as well pleased with the work of this branch of the business. Mr. Schuster's family are now living in Los Angeles, having gone there in order to have access to the fine educational facilities of that city.

The Catholic church has been in the hands of Carpenters Johnson and Overson part of this week. It was not laid up for repairs, either, but owing to the arrival of a fine new altar some changes had to be made in order to accommodate the magnificent piece of furniture. Father Vabre is looking after the erection of the altar in person. He is one priest who believes in working as well as praying. The new altar is the finest thing of the kind ever brought to this town.

KINGMAN.

From the Miner.

Mrs. Samuel Crozier last week purchased the dwelling house and butcher business of J. F. Phelan and her two sons will assume charge of the business on the first of February. The young men who are to hereafter supply Kingman and surrounding country

with beef and other market supplies, are well and favorably known and are sure to succeed in the business.

The Epworth Junior League gave a birthday social at Lake Hall that was a complete success. The young people gave an interesting program, embracing musical and elocutionary selections. After the program had been disposed of the guests of the league were treated to refreshments consisting of coffee, sandwiches and cake. The social netted about \$50, which will be used in defraying church expenses.

A report was received at the sheriff's office this week that Charles Gracy had been robbed of quite an amount of money at Eldorado Canyon some time last week. The sheriff sent Deputy Sheriff Brown to Needles Monday night and he took to custody a man by the name of Hall, who had arrived by boat from Eldorado Canyon. Mr. Hall accompanied the officer to Kingman, but so far nothing has been heard from the Canyon, although Mr. Gracy has been advised of the arrest. Mr. Hall came to Kingman willingly and says he is going to the Canyon to have the matter fully investigated.

A Profitable Investment.
"I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. J. H. O'Reilly & Co., and B. H. Briggs & Co.

A Good Recommendation.
"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists.

WILLIAMS.

From the News.

Charles Rawlin is very sick at his home on South Third street, having now been confined to his home for some time.

J. J. Donahue, the jolly proprietor of the Commercial hotel at Flagstaff, was in town Wednesday for a "short" while.

The dance at the opera house to be given under the auspices of the Williams military band, was postponed till Saturday evening, February 1, on account of the storm.

W. L. Harris made his first trip to the Grand Canyon this week. Bill says he has looked into all kinds of canyons, but that was the biggest he ever saw.

Williams has been enjoying a blizzard for the past twenty-four hours with prospects of a heavy snow. At present there is about eight inches on the ground.

Mrs. D. R. Prime, mother of Mrs. J. D. Raudabaugh, arrived in the city this week from her home some ten miles below Cottonwood on Oak creek, expecting to visit her daughter and family for some time.

Lee Martin and Pete Schaffer left for the east. Lee will visit relatives in Missouri, Arkansas and the Cherokee country, while Pete will stop in Kansas and Missouri. They intend remaining for a couple of months and will no doubt greatly enjoy the trip.

HOLBROOK.

From the Argus.

H. H. Scorse has gone to Phoenix, to look after his sheep interests.

Ex-Chief of Police Farley, of Denver, is making Holbrook a visit.

Henry Kempenich returned from his visit to New Mexico, and reports having a genuine good time.

F. J. Watron went to Los Angeles on a visit to his family. J. L. Clark is attending to the drug business during his absence.

Chairman F. M. Zuck, of the statehood finance committee, is trying hard these days to enthrone a little patriotism into the hearts of the balance of the committee, and citizens of the territory generally. Let the good work go on, that the results desired may be obtained.

Adolph Schuster visited St. Johns last week looking after his business interests there. He says the town is as lively as ever, but the strongest drink obtainable is soda water. This puts in mind of an Irishman who had

Your Hotel

will serve

Grape-Nuts

it you ask

Order the food served dry and with cream to pour over it.

just unloaded a schooner of soda water. He said it was the largest amount of "froth and nonsense" he ever got for 5 cents.

WINSLOW.

From the Mail.

The public schools are closed at present on account of the prevalence of scarlet fever.

At the home of Mrs. William M. Nelson, on this Saturday afternoon, the Reading circle will entertain itself.

The town was aroused Wednesday noon by the sound of the fire whistle. The conflagration proved to be only a pile of old ties at the round house yard.

Word has been received from J. X. Woods, who is now in Washington City, and all he reports is favorable to the success of Winslow's Indian school proposition.

Last Saturday evening a large number of Mrs. T. McGinty's friends surprised her by spending the evening with her, that being her birthday.

Mrs. H. L. Grimshaw, accompanied by her little son, Hal, departed last Sunday for Flagstaff to visit a few days with Mrs. Grimshaw's sister.

New Century Comfort.

Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pain from burns, scalds, cuts, bruises; cures ulcers and fever sores; cures eruptions, salt rheum, boils and felioms; removes corns and warts. Best pile cure on earth. Only 25c at all drug stores.

Don't Live Together.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with costiveness nine years," says J. O. Greene, Depauw, Ind. "I have tried many remedies but Little Early Risers give best results." J. H. O'Reilly & Co., and B. H. Briggs & Co.

ARIZONA WEDDINGS.

Gravely-De Rosear at Holbrook-Lockridge-Phelan at Williams.

Albert L. Gravely and Mrs. Kate DeRosear were married in Holbrook on Tuesday, January 21, 1902, Rev. E. G. Decker, of Winslow, officiating.

The ceremony took place in the evening at the cozy home of Mr. and Mrs. A. F. McAllister, only a few personal friends of the contracting parties being present.

The bride and groom need no introduction to the readers of the Argus. Mrs. DeRosear has resided in Holbrook for many years, where, by her urbanity and pleasing demeanor, she has surrounded herself with a large circle of friends.

Mr. Gravely is a young man of bright promise and has been for several years manager of Wooster's general store at Whiteriver, this county.

The newly wedded pair will make their future home in the beautiful Whiteriver country, where Mr. Gravely will continue in charge of the Wooster store. May their path through life be a broad and happy one, and may providence lead lightly and kindly with them.—Holbrook Argus.

LOCKRIDGE-PHELAN.

Wednesday morning, at 10 o'clock, occurred the marriage of Miss Grace Elizabeth Phelan, of this city, and William Henry Lockridge, who has been a resident of Williams for the past three years.

The ceremony which made the young couple man and wife was performed by the Rev. Father Connolly, of Flagstaff, at the Catholic church in this city, and was witnessed only by members of the family.

The bride is well and favorably known among our people, having lived with her parents in this city for a number of years, and is one of our best young ladies. The groom is a surveyor and has been connected with B. Girand in that business. Mr. and Mrs. Lockridge have a host of friends in this city who join with the News in wishing them a prosperous and happy future.

On the evening of the eventful day the bride and groom were visited by the Williams "tin-paw-bell" orchestra, and as the artists who compose this organization are above the average in both ability and endurance the charivari was a success.

They will be in Williams to their many friends until January 29, when they will leave for Prescott to make that city their future home.—Williams News.

Heads Should Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va. She writes, "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from for two years." Cure headache, constipation, biliousness. 25 cents at all druggists.

A Reliable Remedy for Bowel Troubles

Rev. J. M. Yingling, pastor of the Bedford St. M. E. church, Cumberland, Md., says: "It affords me great pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used it and know others who have never known it to fail." For sale by all druggists.

Field Day of U. of A.

The students at the University of Arizona are making great preparations for their second annual field day which will be held on the afternoon of Washington's birthday, says the Flagstaff Sun. The events will be held on the athletic field at the university campus. The program will consist of 50, 75 and 100-yard dashes, 220 and 440-yard runs, 121 hammer throw and shot put, running high jump, pole vault, 120-yard hurdle race, and a tug-of-war between picked teams. The events will be open to any athlete in Tucson who cares to compete. Several sprinters and jumpers from town have already entered in some of the events. On the morning of February 22, a tennis tournament will be held on the university courts

A PICTURE

Of health, we say of a perfectly healthful woman, and it is a picture everyone loves to look upon. All the pictures of all the artists who have ever painted the glory and beauty of womanhood, are only copies and imitations of this picture.

are in general but evidences of womanly diseases. Cure the diseases of womanly diseases. Cure the diseases of womanly diseases.

Dr. Pierce's Favorite Prescription cures the ills of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Mrs. Mary E. Lewis, of Tanner, Gilmer Co., W. Va., writes: "I shall always recommend Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery' and 'Pleasant Pellets,' for they cured me when doctors and other medicines failed. For fifteen years I suffered untold misery. When I commenced taking Dr. Pierce's medicine, I had given up all hope of ever getting well. I could not lie down to sleep, and everything I ate would almost cramp me to death. I was very nervous and could hardly walk across the room. I only weighed ninety pounds when I commenced taking these medicines six years ago; now I weigh one hundred and forty pounds and am having better health than ever before. My friends all say they can hardly believe that I am the same person; after being sick so long I have changed to be robust and rosy checked."

Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

and several local crack tennis players have already entered in these events.

"If I Could Get Rid

of this abominable cold," exclaimed the sufferer, when the end of a spasm of coughing gave him a chance to talk. The way out of the trouble is plain. Take Allen's Lung Balm before the merciless grip of the cold has fastened upon throat and lungs. After a few doses the cough is easier and less frequent, and a complete cure is but the question of a little time.

Matroni Turned Loose.

A dispatch sent out from Winslow under date of January 20, reporting the murder of Juan Lucero, is somewhat misleading, as it says Charles Matroni and the dead man's wife were lodged in the county jail charged with the crime. Charles Matroni was locked up but the wife was not. The man was given a hearing the next day or two and was turned loose, there not being evidence enough to hold him. There is no doubt that Juan Lucero is dead, but who the real murderer is seems still to be a mystery. The body of the dead man was found near the railroad track, and death was caused by being struck on the back of the head with some heavy weapon.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, always all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Not Ornamental.

No those green tags on our goods are not ornamental, they mean business. They stand for price reductions—the real reductions—and not the imaginary. Simon Stern, the Railroad avenue clothier.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

DON'T MISS AN OPPORTUNITY TO BUY SOME EXCEPTIONALLY GOOD WRAPPERS AT EXCEPTIONALLY LOW PRICES. ROSENWALD BROS.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Those dancing dolls used for Christmas window display now for sale at the Economist.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.

MISS IDA McCUNE

Teacher voice and piano. Enquire at Library building or leave order at Hotel Highland.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Coughing?

Start at once for your drug store for some cough medicine. If you meet your doctor on the way, tell him you are going after a bottle of Ayer's Cherry Pectoral. If he has anything better to offer you, get it. We want to help you, and so does your doctor.

"I coughed terribly after having la grippe. If it had not been for Ayer's Cherry Pectoral, I don't think I could possibly have pulled through."

It is the only line in Mexico that can offer the traveling public the conveniences and comforts of Standard Gauge Pullman Drawing Room Sleepers, lighted by Pintsch Gas.

It is the only line by which you can travel

Railroad Topics

Conductor M. W. Allen has severed his connections with the railroad company at Winslow.

Fireman E. E. Bicknell, of Winslow, left the service of the Santa Fe Pacific last Wednesday.

Mrs. E. W. Kite is dead at Roanoke, Va. She was the wife of a former boilermaker at the local shops.

Brakeman Lopez, running out of Winslow, resigned from the service of the company the first of the week.

Engine No. 801 passed through this city from the east en route to the Santa Fe Pacific for service out west.

Mr. and Mrs. Edward Nelson are rejoicing over the arrival of a bouncing baby boy. Mr. Nelson is a shop employee.

Brakeman B. Hopwood, who has been employed by the Santa Fe Pacific at Winslow for some time, left for California.

Bert Calver, who worked in the boiler department of the local shops some time last year, was drowned in Mexico a few weeks ago.

Firemen F. N. Folley and C. M. Johnson quit the service of the Santa Fe Pacific the first of the week and have gone to southern California.

Mr. Spencer, who some time ago was trainmaster's clerk at Winslow, but gave up his position to go to Mexico, is to return to Winslow.

Engine No. 047, the Hot Springs branch "pet," is able to be out of the Las Vegas shops for service, after being laid up for repairs for a few days.

W. J. Collins, for many years in the employ of the Santa Fe company at Las Vegas in the capacity of engineer has resigned from the service of the company.

Fireman Schenck, one of the boys recently promoted from the Winslow shops, leaves for Syracuse, Kansas, to visit his mother, who is in very poor health.

The contemplated Grand Canyon hotel will be built by the Santa Fe company, and Architect Whittlesey has instructions to begin work as soon as possible.

The Railway Age says that, among recent resignations of the Santa Fe, was that of G. W. Smith, formerly of this city, but now division master mechanic at San Bernardino.

The Railway Age says: Dallas & New Mexico—Estimates are being prepared for this road from Dallas, Texas, northwest 75 miles, and it is said construction will begin in a few weeks.

Harry Gregory, chief clerk to Superintendent Hibbard, leaves for a visit to his home in California. Mr. Hunt, formerly agent at Winslow, will relieve Mr. Gregory while he is on his vacation.

Engineer Pat Purcell has been assigned to the switch engine service in the Las Vegas yards for two months. In place of Engineer Martin, who has been transferred to the San Marcial division for temporary service.

President W. H. Andrews, Vice President W. S. Hopewell and Chief Engineer A. G. Kennedy of the Santa Fe Central railway, left the capital city yesterday on an overland trip to Vega Blanca, about fifteen miles south of Santa Fe.

A new law went into effect in Old Mexico on January 1, making it compulsory on all foreign railway employees to use the Spanish language. On account of this new law several employees of the Sonora railway are making preparations in the studies of the Spanish language to take an examination, which will be held in Guaymas soon.

Octaviano Rodriguez, with eight men and three teams, started yesterday from Santa Fe for the mountains for the purpose of cutting telegraph poles and ties for the Santa Fe Central railway. The material for railroad construction can be cut anywhere on unclaimed and unreserved government land in the vicinity and along the line of the railroad to be constructed.

James Crowley, who has been in the employ of the Santa Fe Pacific for some time past, came in from Guam, N. M., on Tuesday, operations having been suspended on account of bad weather. Mr. Crowley expects to leave in a few days for Los Angeles, where he will remain during his lay off, and will then return to finish work commenced at the above named station, after which he will go to Shawnee, where a spring will be developed and a new pumping plant put in. Since entering the employ of the company he has saved them considerable on the various improvements upon which he has been engaged; the amounts expended being much less than the appropriations made for the work.—Williams News.

General Passenger Agent Hooper has just received a consignment of Rio Grande system calendars from the publishers for local distribution. It is one of the most handsomely designed calendars issued by transportation companies this year, specially intended for distribution in the Orient and on the Pacific coast. It presents a bit of classic architecture through a panel of which is seen a portion of the globe showing a map of the United States and of the Pacific ocean with ports of the Orient. The Rio Grande system is showing as the important connecting link that it is on the through lines across the continent. In sectional panels across the top are shown views of sunset on Salt Lake, Temple square at the Mormon capital, and Castle Gate, three of the famous scenic spots of Utah. The Rio Grande Western has

issued a calendar on this idea for several years past, but this is the first time that it has been issued by the parent system. It is a masterpiece of the engraver's and color printer's art.

An Unlucky Day.
Scarcely had the wrecking train arrived at Yucca, after assisting passenger train No. 8, which left the track at Drake, when it was called to Hancock, a few miles west of Drake, to clear a freight wreck. Several box cars and one of the engines were turned over, and the noon passenger train was delayed several hours, arriving in Kingman at 5 p. m. On account of these accidents the Santa Fe yards presented a very busy scene on Tuesday, trains departing east and west as fast as orders were issued.—Kingman Arrow.

Remarkable Cure of Croup—A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today. Joel Demont, Iowa. For sale by all druggists.

Death of Mrs. Hawks.
Mrs. Annie B. Hawks died at the Hawks hotel, Flagstaff, from paralysis. She had been sick for about eight weeks.

Mrs. Hawks was an old resident of Flagstaff, coming here nineteen years ago, when there were but few houses in the place, and it was here that she was married to J. F. Hawks, who died January 25, 1901. She was considerate and kind to all, was a conscientious Christian woman, and was well liked by all who knew her.

She was born in Ireland nearly sixty-eight years ago, and came to this country with her parents when a child. She leaves two sisters, who live in Cincinnati, Ohio, and the living children of the late J. F. Hawks, to whom she was aunt and mother.

The funeral services were held from the Church of the Nativity. The interment was made in the Catholic cemetery. A handsome floral pillow was a memorial tribute from the ladies of the Catholic Aid society.—Flagstaff Sun.

Child Worth Millions.
"My child is worth millions to me," says Mrs. Mary Bird, of Harrisburg, Pa. "Yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. For sale by J. H. O'Reilly and B. H. Briggs & Co.

DON'T FAIL TO ATTEND THE GREATEST HOSIERY SALE EVER ATTEMPTED IN THIS CITY.—LEON B. STERN.

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

In Mexican drawn work we are showing a big assortment. Albert Faber, 305 Railroad avenue.

The Best
Lump coal is what you get at the Clarkville yard. It does not clinker. Phone your orders.
JOHN S. BEAVEN, Prop.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Etternal vigilance is the price of a beautiful complexion

when such remedies are resorted to. Mr. H. T. Shuler, 214 S. Second St., Los Angeles, says: "My daughter, who is now 13 years old, was afflicted with a disfiguring eruption on her face, which resisted all treatment. A bottle of S. S. S. was sent her, and she used it as directed. It cured her completely and left her skin perfectly smooth. She now is a beautiful girl, and a great deal of the embarrassing disease has been removed."

S. S. S. is a positive, infallible cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Bad blood makes bad complexions. S. S. S. purifies and invigorates the blood and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body. SWIFT SPECIFIC COMPANY, ATLANTA, GA.

KNEW KIT CARSON.

Rev. A. N. Powell, of Colorado Springs, Reminiscent.

CROSSED PLAINS WITH SCOUT.

Over in the southwestern part of Colorado Springs, facing the entire western range, stands a new cottage built of shingles, its gray paint almost immaculately clean, and such a decided atmosphere of wholesome thrift and cleanliness permeates the entire house that one instinctively wonders about the inmates of the cozy little house.

The visitor at this ideal home, upon entering the place will be welcomed to take a seat in the little front parlor by the nearest of women, whose cultured accent at once betokens the student and scholar. She will most likely be sewing or mending, and even while continuing her work she will soon be telling you confidentially that she is 75 years old and that her husband, who, she says looks much older than herself is in reality about six months younger. Here live the Rev. Alfred N. Powell and his wife, who, after wandering all over the country, have finally returned to Colorado Springs as the ideal place in which they are going to spend their declining years.

FRIEND OF KIT CARSON.

Rev. Powell at one time traveled the western plains and in the mountains in company with the noted scout, Kit Carson, and his band of traders and trappers. Although he has passed the scriptural three score and ten, his memory would put to shame the average young man of the present day. Mr. Powell is a Kentuckian by birth and although circumstances have limited his scope somewhat, he is of the type of the grand old men who have built up the destinies of the great nations of the day—men like Gladstone, Daniel Webster, Bismarck and Lincoln—such men who are the salt of the earth and who leave mankind to careers of immortal usefulness.

"Oh, yes, I have had a rather exciting life, but nothing remarkable after all," said Mr. Powell a few days ago as a Gazette reporter spent an afternoon in his delightful home, listening to the wonderful tales with which Mr. Powell can interest one.

"The most vivid recollection of my early career in the west was my first trip—not that it was anything particularly unusual, but being the first it impressed me the most. This was the first time that I met Kit Carson—by the way I was going to go west just for the fun of the trip. I was young and strong and wanted to see a bit of the world. I was employed by a man named Reed, who owned two wagons which he was going to freight to Santa Fe, away at the edge of the world. This was in October in 1848. We started on the second day of the month, leaving early in the morning. There were six in the party, Judge Baird, who was going to Santa Fe, the capital New Mexico, as it might be termed, to represent the terms of the independent government of Texas to the rights of owning the entire territory of New Mexico. This territory claimed that it was a part of national domain, while Texas claimed that New Mexico was stateland belonging to herself. He was going to appear before a council at Santa Fe to attempt to convince the people there of the advisability of belonging to Texas rather than to the federal government. In all, there were six people in our party after leaving the boundary of Missouri. We were on the lookout for Kit Carson, for to tell the truth we were afraid to start out far with such a small company.

FIRST INDIAN SCARE.

"We had traveled as far as Diamond Springs, a mile or two out of Council Grove, when we suddenly found that the Indians were all around us. We decided to wait there for the Indians seemed friendly toward us and thought that Carson would soon be coming that way. We had not been there many hours when Kit Carson, his brother, Lindsay Carson, and Captain Owens and a doctor, whose name I do not recall, and a Mexican servant met us. Carson came up to us and shook hands with all. He always was the very soul of politeness and well bred courtesy, very much a gentleman, indeed, and even under the strongest provocation he never forgot his manners.

"We all rested here awhile and just at nightfall the mules suddenly picked up their ears, acted queerly and all of them looked in the direction of a lot of brush and small trees. Then we heard a noise as of a thousand Indians. At least, so I then thought. It came nearer and we thought that the Indians were upon us surely this time. After a while Carson told us that the noise was made by wolves. The great gray wolf, as well as the coyote, was very plentiful then. I never heard such an unearthly din as those beasts could make upon the prairies upon a still night.

"This was my first Indian scare and I was never scared after that. In the morning we did meet a number of Indians, but they proved friendly. Carson spoke to them in English and the latter replied in broken English.

"We continued our journey toward the Arkansas river, nothing of great consequence happening until we arrived there. We camped at several places and hunted and killed a few buffaloes on the way. One of the greatest sights used to be to see Kit Carson, seated on his black horse, riding in among a herd of buffaloes and getting the entire herd on a run. Then, when they were all running at a great speed, he would shoot the last one. We asked why he did this, and

he replied that the fat ones could not run as fast as the others, and the best way to get at the fat ones was to start them in motion, and the laggards could easily be picked out.

SAME OLD MULE.

"When we came to the Arkansas we had a great time fording the river. The first wagon of provisions was hauled into the river, when the entire wagon was in the water the mules absolutely refused to budge another step. Whipping and everything else availed nothing. We then drove the next team in, and just as the teams were parallel this team also struck there. 'Well, the long and sort of it was that we had to unharness the teams, and had to take everything out of the wagons; then we fixed up a team of the best mules, and had to haul all our provisions and goods over in small hundred pound lots. It took us all day to do this, and the first mouthful of food for that day we had at nightfall. I remember very distinctly that we had flapjacks and coffee for supper that night. Soon after this, just as we were across the Arkansas, Carson bid us all good bye and we started out for the rest of the distance alone.

"We remained in Santa Fe all winter, and returned in the spring. During the winter the Fremont expedition people, who had been frozen out in the attempt to cross the range at a place near Williams' canyon, at Manitou, came to Santa Fe and stayed there until spring. Old Bill Williams, after whom I believe Williams' canyon is named, guided Fremont up in this part of the country, and Fremont used to censure him for attempting to guide them across the range at Williams' canyon, saying that he was an uncertain and unreliable guide, but Williams said that he had a ways opposed going across at this point, but that the rest of the party insisted so that he finally gave in to them. Our trip from the present boundary of Missouri to Santa Fe occupied the time from October 2 up to November 17, and this was considered a remarkably short trip at that time.

A MAD BUFFALO.

"In coming back we came with a wagon train of 80 wagons, all of them driven in double file, so that in case of unexpected Indian attack we could fortify ourselves between the two rows of wagons. As we came through Kansas, nearly all the buffaloes had disappeared, being still on the feeding ground farther south. There were a few old isolated animals, which had not followed the rest of the herd. One day we came across a bunch of three, and as the dogs ran out and teased them one of them suddenly became suddenly stampeded and ran directly for our train, rushing blindly between the two rows of wagons, and finally charging right on a team and becoming entangled in the iron chains and scaring the mules. The Mexican driving jumped down and thrust a long spear right into the frantic animal, killing it instantly and then with a quick swish of his stiletto he cut the warm tongue right out of the animal. All this happened without the train halting one second. That was the way things were done in those days.

"Coming back, we met F. X. Aubrey a trapper and trader, who was a great character in those days. He was crossing the plains all alone, and he had many a time before and afterward. These wagon trains were great institutions in those days, and a picturesque sight they were, too. Imagine a hundred or more white covered wagons, carrying all kinds of goods for trade with the Indians, and returning with rich pelts of fur and other goods from the Indians. But the stories that these men could tell when they returned! It was like hearing from another world."—Colorado Springs, Colorado, Gazette.

Finds Way to Live Long.

The startling announcement of a discovery that will surely lengthen life is made by Editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for consumption is the most infallible remedy that I have ever known for coughs, colds or grippe. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. It's relief is instant and cure certain." All druggists guarantee every 50c and \$1 and give trial bottles free.

Deming has a magnificent school system.

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO.

Keep your eye on Deming. Investments in Deming lots will double and treble in one year.

In Deming good safe loans can be had at better rates than in the old established towns.

Misses' and children's dresses just received. Price, 75c to \$5.—Leon B. Stern.

Deming! Don't overlook it if you are looking for a sale and paying investment.

Deming, the seat of the new county of Luna.

Nasal CATARRH

Is all its stages. Ely's Cream Balm

cleanses, soothes and breaks the diseased membrane. It cures catarrh and drives away a cold in the head quickly. Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents.

Kodol Digests what you Eat Dyspepsia Cure

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The \$1 bottle contains 2 1/2 times the 50c size. When you need a soothing and healing application for piles, sores and skin diseases, use DeWitt's Witch Hazel SALVE. Beware of counterfeits.

LOCAL PARAGRAPHS.

Mrs. Mercer, of Los Lunas, is visiting friends in this city today.

Lou's Trauer, the sheep buyer, was passenger for Trinidad, Colorado, last night.

Walter Cornell came up from Los Lunas this morning and will return this evening.

Major Ernest Meyers, of the Meyers-Abel company, left on the limited today for Gallup.

Fred Herman, the stand clerk at the Harvey house, if off duty today nursing a severe cold.

The Albuquerque Guards met for the first time in their new quarters in the Grant hall last night.

Abe Frank, general superintendent of Santa Fe dining car service, was a through passenger on No. 2 this morning.

Mrs. E. W. Spencer left this morning for a month's visit with her daughter, Mrs. Frank Townsend, at Burton, Kansas.

S. H. Spooner, special United States attorney from Indianapolis, Indiana, is in the city, stopping at the Highland hotel.

Frank B. Fillmore, the popular window dresser for Ilfeld's dry goods store, is at home today nursing a severe cold.

Rev. George H. Brewer, the Baptist missionary in this territory, returned to the city last night from northern New Mexico.

Hon. F. W. Clancy, the district attorney, is laid up with a severe attack of bronchitis. He will remain at home and doctor himself for a few days.

Mrs. R. W. S. Negus and son, family of a well known attaché of the local office of the Mutual Life Insurance company, left last night for New York.

R. E. Twitchell, assistant counselor of the Santa Fe for New Mexico, came in from Las Vegas last night. The colonel's trips to the metropolis are quite often these days.

After a spell of sickness, suffering with colds and fever, Rev. A. M. Mandalari, the popular priest of this parish, appeared among members of his congregation yesterday.

Harry Rankin and wife, of Kansas City, passed through the city today on the limited for southern California. Don J. Rankin, brother of Harry Rankin, was at the depot to say "howdy" to them.

John S. Trimble, who will soon engage in the livery business at El Paso, returned to the city this morning, and is now busily engaged packing his household goods preparatory to moving to the Pass city in a few days.

The cold wave up north, and especially in Colorado, is driving the dirty tramps southward. Half a dozen new faces in town today. They were rounded up by the police and ordered to keep moving on farther south.

Libradita, the 4-year-old daughter of Pedro Marquez, died this morning of pneumonia. The funeral, under the direction of J. W. Edwards, will be held at the family home, on Barajas road, tomorrow morning at 10 o'clock. Burial at Fairview cemetery.

Maurice Vaughn writes to The Citizen that he has "swished" from Trinidad, and is now with Fred Dorr & Co., stock brokers of Pueblo. Vaughn is all right in any community, and The Citizen would like to see him again located in Albuquerque.

Mr. Thompson will speak tonight at the Lead Avenue Methodist Episcopal church. He will exhibit his African curios and speak of his work in that country. The children's meetings at 4 o'clock will be continued on Thursday and Friday. The young people are greatly enjoying these talks.

Capt. A. E. Shultz and wife, who for the past seven months have had charge of the Albuquerque Salvation Army corps, expect to leave tonight for Canon City, Colo., to take charge of the work at that place. Ensign and Mrs. Davey will arrive tonight to take charge of the Albuquerque corps.

Russ Kistler, the veteran editorial writer of the Optic for many years, has severed his connection with that paper, and is in the city on his way to El Paso, where he will take charge of the editorial page. He will go to the Pass city tomorrow, and will bear with him the good wishes of the press of New Mexico.

The Mutual Protective association of Old Albuquerque yesterday received a handsome flag from Wanamaker & Brown, Philadelphia, Pa., the order being obtained through H. R. Elwell & Co., local agents. President Jesus Romero, of the society, says it is by all odds the finest flag ever brought to New Mexico, and cost over \$100.

James D. Cook, private in the Sixteenth United States mounted infantry, discharged because of gunshot wound in shoulder, was a through passenger on No. 2 this morning. Private Cook was wounded in a skirmish which took place in northern Luzon, in the province of Isabenna, near Manila. He says that the Philippines are "white elephants."

A few days ago The Citizen mentioned that Ed. Ellsworth had been reprimanded by Marshal McMillin for riding his bicycle on the sidewalks. This is a mistake. It is true Ed. was present in court, but proved to the satisfaction of Judge Crawford and Marshal McMillin that it was somebody else, not Ed., that violated the bicycle ordinance.

Florin Kopjar, who was arrested today as a vag and placed in the city jail, has confessed to Marshal McMillin that he is a deserter from the United States army. He states that he enlisted at Sandusky, Ohio, July 1, 1901, and

Hot Tamales Every Night.
At the Metropolitan (Billy Berry's place) hot tamales will be served every night. Families wishing tamales can order by telephone.

deserted from Vancouver, Washington. He was a member of company B, Twenty-eighth infantry. Kopjar says he is tired of tramping.

The Albuquerque Y. P. S. C. E. people are expecting a big time next Sunday. The Congregational church is being tastily decorated for the occasion. John Willis Baer, national secretary of the society, will arrive Saturday night on No. 1 and will be met by a delegation of the local endeavorers.

Capt. W. C. Reid, of Las Vegas, assistant United States attorney, and Deputy Marshal Frank Hall, returned yesterday from an extensive trip down along the line of the El Paso & North-eastern. They made several important catches while in Lincoln county, among them being the notorious timber thief, C. E. Harrison, who for the past two years has given the Lincoln county authorities so much trouble. Captain Reid continued on north to his home and headquarters at Las Vegas.

OYSTERS

Fresh by express every morning in patent shipping cases direct from the best oyster beds in the country. Oysters shipped in these cases reach us just as fresh as the day they left their shells and with all their natural flavor preserved. Patent cases oysters can be obtained from us only.

Blue Points, pint solid meat.....35
Fresh crab meat, pint.....35
Little Neck clams, can.....30
Large variety fresh fish tomorrow.
SAN JOSE MARKET.

Deming.

Deming is being talked of everywhere, and is attracting the attention she deserves from all quarters. In consequence of this great interest and to give those interested in this town there will be an excursion run from El Paso on the 17th inst., so that all those in attendance at the carnival may have an opportunity to see for themselves this very much talked of town. An opportunity will be given those who take this trip to acquire property here at an exceedingly low figure. This opportunity is not limited to the excursionists, but will be extended to any who may wish to be present at the sale, from other towns. It will pay you to be present.

In These Cold Mornings

you need a coal that will burn up quickly and radiate a quick heat. Our Gallup lump at \$5 a ton will insure this. Hahn, both 'phones.
