## BOILER EXPLODES.

Engineer and Fireman  
Blown to Pieces.

Webster Davis' Big Petition  
for Boer Sympathy.

A Soldier, Who Threatened Assassi-  
nation, is Degraded.

STEAMSHIP COMPANY DENIAL.

Victor, Iowa, Jan. 18.—As the  
Denver limited passenger train  
No. 5 of the Rock Island was  
passing through this town this  
morning the boiler of the engine  
exploded, killing the engineer and  
fireman, slightly injuring two por-  
ters and a brakeman.  
The killed were W. Williams,  
of Brooklyn, engineer; E. Hoar,  
of Valley Junction, fireman.  
The force of the explosion  
threw seven coaches from the  
track, but only overturned the  
Des Moines Pullman. Passengers  
were uninjured. Pieces of the  
wrecked engine were strewn  
around for 200 feet and the boiler  
was found 150 feet away from the  
scene of the accident.  
Superintendent Lawrence ar-  
rived at 8 o'clock from Des  
Moines and proceeded to clear  
away the debris. He refused to  
make any statement in regard to  
the accident. Engineers are said  
to be in the habit of spurring  
down the grade here. It is sug-  
gested that Williams decided to  
let out his engine for a burst of  
speed, during which the accident  
occurred.

A BIG PETITION.  
Over Two Hundred Thousand Names  
Asking Boer Sympathy.  
Kansas City, Jan. 18.—Webster Davis  
started for New York last night with  
a petition carrying the signatures of  
212,004 citizens of the south and west,  
which eventually are to go before con-  
gress, asking national sympathy for  
the Boers.

A DEGRADED SOLDIER.  
He Wore the Uniform of Uncle Sam  
and Has a Foreign Name.  
Astoria, Oregon, Jan. 18.—Frank  
Rakowski, a soldier of the United  
States army, was degraded at Fort  
Cantey, and sentenced to ten years' im-  
prisonment at Alcatraz Island, Cal.  
Rakowski threatened to assassinate  
President Roosevelt.

Denial From Morgan.  
New York, Jan. 18.—A representa-  
tive of J. P. Morgan & Co. today  
denied that Morgan was organizing a  
great steamship company to absorb  
the American, Leyland, White Star  
and Cunard lines.

Dr. Krause Sentenced.  
London, Jan. 18.—Lord Chief Justice  
Baron Alverstone, today sustained the  
contention in the defense of Dr.  
Krause that the charge of inciting  
murder must fall as there was no evi-  
dence in the letters in the case that  
reached Brocksman, but held that the  
question of "attempting to persuade"  
must go to the jury. Krause was  
found guilty and sentenced to two  
years imprisonment.

Not Crowe.  
Omaha, Neb., Jan. 18.—Chief of Police  
Donahue does not think the man  
arrested at Creede, Colorado, on the  
forgery charge, giving him the name as  
Wilber, is Pat Crowe. He says Crowe  
is intellectually incapable of doing this  
class of work cleverly, but he will in-  
vestigate.

Motion Denied.  
Chicago, Jan. 18.—Judge Smith to-  
day denied the motion for a new trial  
for Alexander Sullivan, recently con-  
victed of conspiracy to keep James  
Lynch, a fugitive from justice, out of  
the state. The court took the motion  
for arrest of judgment under advise-  
ment.

Hope for Conquer.  
Victoria, Jan. 18.—Captain Fleet,  
senior officer of the Esquimault sta-  
tion, suggests the overdue sloop of war  
Conquer is, no doubt, sailing to Hon-  
olulu, having used up her coal, owing to  
extra labor entailed on the engines by  
the severe storm in which she was  
caught.

Steamer Ashore.  
Funchal, Island of Madeira, Jan. 18.—  
The British steamer Lagos, from Liv-  
erpool, went ashore at Las Desertas  
Group of Islets, southeast of Madeira,  
during a fog. The crew and passen-  
gers were saved.

FRIAR LANDS.

Washington, Jan. 18.—Secretary  
Root was heard on the question of  
Friar lands in the Philippines before  
the house committee on in-  
sular affairs. He said these land hold-  
ings constituted the chief cause for  
discontent among the people. The sec-  
retary said religious orders were dis-  
posed to sell out and he urged the gov-  
ernment to take advantage of the op-  
portunity. The rough estimate of the  
value of lands was five to seven and  
one-half million of dollars.

UNDERSTANDING REACHED.

Washington, D. C., Jan. 18.—Sec-  
retary Hay received a telegram from Mr.  
Buchanan, president of the United  
States delegation to the Pan-American  
congress, fully confirming the press  
reports that a complete understanding  
was reached on the question of arbi-  
tration. Officials are now satisfied the  
congress will be a success.

After passing several bills of minor

and Peter Maher, pugilists, and James  
McFarland, an official of the Industrial

ganization the Sharkey-Maher fight  
took place, were arrested last yester-  
day afternoon on warrants charging  
them with conspiracy to commit a  
breach of the peace. They were held  
in \$5,000 bonds to keep the peace and  
appear in court this morning. Bail  
was furnished.

peared in the magistrate's office today,  
and were discharged.

Saving Lodgers.

hotel, a seven-story apartment hotel on  
Ellis avenue, was practically destroyed  
by fire today. The loss is \$100,000.  
Sixty women and children were in the

Otto Bala, elevator boy, succeeded in

smoke and flames and carried all to  
safety.

attempt to pick out a missed shot at

Bartlett died this morning, the result  
of an operation for appendicitis.

Building a New Town.

Hon. W. H. Andrews, senator of  
Pennsylvania and president of the  
Santa Fe Central Railroad company,  
who has been over to Torrence, N. M.,  
looking after the construction of rail-  
road buildings, came up from El Paso  
this morning and continued on to  
headquarters in Santa Fe. Torrence  
is the name given to a point on the  
Rock Island, and where a junction will  
be formed with that road by the Santa  
Fe Central. At this place a station  
house and several other buildings are  
being erected and supplies for the  
grading camps will be stored there.  
After a stay of a few days in Santa  
Fe discussing railroad matters with  
other officials, the president will re-  
turn to Pittsburg, Pa.

## COLORADO'S INDUSTRIAL SCHOOL.

In a Bad Fix From Factional Quarrels  
of Officials.

Denver, Colo., Jan. 18.—The report  
of the state board of charities and cor-  
rections to Governor Orman on state  
industrial school for boys was made  
public today. It says corporal punish-  
ment of boys has been excessive, and  
school is rapidly moving into a state  
of disorganization, which, unless  
checked, must greatly cripple its use-  
fulness, and this condition is caused  
by the existence of factional division  
among the staff. The board does  
not impugn the character of Superin-  
tendent Mirick, but declares he lacks  
judgment and executive capacity and  
recommends his removal and complete  
change in the management of the  
school.

GALLUP SCHOOLS.

A Few Interesting Notes Culled From  
the Republican.

The teachers were greatly disap-  
pointed in not being able to attend  
the meeting of the Educational as-  
sociation during the holidays. A full  
representation from Gallup had ex-  
pected to go but through some over-  
sight the Santa Fe Pacific failed to  
grant the usual rates. There was no  
attendance from here.

Mr. Larkin, in spite of his failure  
to appear on the program as expected  
was appointed member of the Educa-  
tional association of the territory for  
the coming year.

The teachers gave a reception to  
the patrons of the schools Friday eve-  
ning at the school house, to which all  
those who have children in school  
were cordially invited. It is hoped  
that in this way parents and teachers  
may become better acquainted with  
each other and with the needs and  
aims of the school and home.

The best time made thus far in the  
fire drill is fifty-three seconds. The  
building has twice been cleared in this  
time of all children and teachers with-  
out any confusion.

The pupils of the High school have  
unanimously voted to do away with  
the monthly half holiday which has  
been given them in the past as reward  
for freedom from tardiness. There has  
been no tardiness since the decision  
was made and probably be no more  
than formerly. Such a voluntary ac-  
tion shows a spirit of earnestness and  
good judgment that is very commend-  
able.

INTEREST TO THE WEST.

Three Important Bills Introduced in  
National House.

Representative Kleberg, of Texas,  
introduced a bill in the house of rep-  
resentatives to provide for the selection  
by the United States and Mexico of an  
international board of engineers for  
the purpose of making surveys, plans,  
plans and estimates of the cost of an  
international system of irrigation in  
the valley of the Rio Grande and mak-  
ing an appropriation of the sum of  
\$50,000 for paying expenses of board  
of engineers.

Representative Curtis, of Kansas,  
has introduced a bill providing that  
the lands belonging to the Pueblos of  
New Mexico be confirmed and the  
commissioner of the general land office  
directed to issue the necessary instruc-  
tions for the survey of the claims and  
the commissioner shall issue a patent  
for it. Confirmation is only to be con-  
sidered as a relinquishment of title on  
the part of the United States, and shall  
not affect any adverse valid right.

Chairman Lacey, of the public lands  
committee, has introduced a bill pro-  
viding that timber procured from for-  
est reserves shall not be used outside  
of the state or territory where cut, ex-  
cept in cases in which, in the discre-  
tion of the secretary of the interior,  
the exigencies are such as to permit  
the use of the timber elsewhere.

here for a couple of days, and in com-  
pany with Pitt Ross, city engineer,

to be all right, left this morning for  
Las Vegas. It was learned today that  
Mr. Mudge will recommend the accep-

would make like recommendation to  
the city council at the next regular  
meeting.

ments The Citizen has just installed a  
Cottrell two-revolution press and a  
fold, besides another linotype ma-  
chine, and several hundred dollars' worth  
of new type supplies, and, while  
the paper has been the best published  
in the southwest, the additional facili-  
ties will enable the proprietors to keep  
The Citizen always in front of all  
its competitors in the southwest.New features will be introduced at  
intervals during the year, and the  
readers of The Citizen are assured that  
the very latest and most reliable news  
will be found within its columns.The old press, just abandoned, is a  
Chicago Taylor drum cylinder, and  
one of the best presses manufactured  
in its day. The Chicago Taylor has a  
long history of good service, as it was  
the first press taken to Denver and on  
it the Rocky Mountain News, when a  
six column sheet, was printed. After  
Denver, it did service in Las Vegas,  
upon which the Gazette, long since  
dead, was printed, and a few years  
later was shipped to this city and was  
a part and parcel of this office. It is  
a good old landmark, and, with care,  
is capable of doing good work for any  
ordinary printing office for many years  
to come.Senator Clark is reported to have  
taken only ninety minutes in spending  
\$300,000 for paintings in New York the  
other day.The decline in the use of bicycles  
has necessitated a reduction of capital  
stock of the combination from \$50,000,  
000 to \$27,000,000.Prosperity continues to assert itself  
in all its glory in southern California.  
A Los Angeles lawyer has been held  
up and robbed of \$3.Recent paintings found in Egypt

of the boat. The Egyptians have used  
them for eighty centuries.For the first time in the history of  
the United States senate the chaplain

porters last week. He cannot be look-  
ing for favors, for he is blind.Sir Thomas Lipton has given orders  
for the construction of another yacht,  
Shamrock III. From the name it ap-  
pears that Sir Thomas believes that it

offered for \$1,000 is the highest "ask-  
ing price" yet recorded in New York  
City. Yet full lots have been sold at  
prices between \$2 and \$3 per square  
inch.The train robbers who went through  
an express car in Arkansas Thursday  
were good to the express messenger  
and handed him back his revolver  
after the job was over. This is all  
right; we do not like to think our  
American bandits are any less cour-  
teous than those of Bulgaria.It is quite likely that the sensational  
story concerning the blowing up of a  
British transport loaded with mules  
for South Africa will prove to be no  
sensation at all. It is probable that a  
storm arose in the gulf and that the  
only method of saving the ship was bythrowing part of its cargo overboard,  
or the ship itself may have foundered  
in the storm.Ex-Congressman Springer was mak-  
ing a speech to the house committee  
on agriculture Thursday in behalf of  
oleomargarine, representing the Live  
Stock association. If the great live  
stock concern can not make a living  
without imposing counterfeits upon  
the consumer it would better to rent  
out the cattle ranges to the growers of  
Belgian hares, who if not cattle kings  
are honest, at least.H. H. Kohlsaat has retired as editor  
of the Chicago Record-Herald, though  
he is still the principal owner, and is  
succeeded by Frank B. Noyes. It was  
only a few days ago that the Inter-  
Ocean changed hands. Somehow the  
big Chicago papers do not show a ten-  
dency to remain for a lifetime in the  
same control, as do those of New  
York, and Chicago journalism is sub-  
ject to vicissitudes equal to those of  
its politics.

## RIGHT KIND OF A GOVERNOR.

The new governor of Iowa is all  
right. He is another of those prac-  
tical republicans whose straightfor-  
ward utterances disarm and give the  
lie to unscrupulous politicians of the  
opposition who seek to make it appear  
that the republican party is secretly  
or in any other way favoring conces-  
sions of capital against the inter-  
ests of the people. Mr. Cummins in  
his inaugural address spoke strongly  
in favor of compelling all corporations,  
before they are permitted to do busi-  
ness, to show that their stock has been  
all paid for, in money and in the regu-  
lar way. He said of the question of  
over-capitalization and its aggressions,  
"I believe the question is a national  
one and that the time has come to na-  
tionalize it. I recognize the difficulty  
of amending the constitution of the  
United States, but I know that when-  
ever the people are sufficiently in ear-  
nest it can and will be done."

## KANSAS POPULISTS.

The populists of Kansas are to hold  
a state convention at Topeka February  
21. It will be an important one and  
will determine the future of the "peo-  
ple's party." Meanwhile even Annie  
L. Driggs, the last remaining champion  
of the middle-of-the-road, has in her  
paper given up the hope of maintain-  
ing a national party and is in favor of  
joining the democrats. It is sad to see  
this. Even people who could not join  
or act with the populist party had a  
certain amount of respect for it not-  
withstanding all the good humored  
pleasantry and pretended ridicule of  
its theories, because they regarded it  
as a party of positives, an organization  
having in view a more or less definite  
ideal of progress and improvement.  
But now if its members are to go  
over to that great mass of negation the  
autocracy, misnamed democracy, the  
nitrogen of politics, it would appear  
that the positives were only a blind,  
after all, and that the populists all  
the time were merely anti-everythings  
under another name.

## BIG IMPROVEMENTS.

The Chicago Record-Herald says  
that the management of the Santa Fe  
has decided to spend \$12,000,000 for  
equipment during the present year.  
This statement was made by an official  
of the company, who added that the  
money would come from the proceeds  
of a new issue of bonds to the amount  
of \$30,000,000.Just how the expenditure is to be  
apportioned was not stated, but it  
is known that an order has been given  
for 5,000 box cars, fifty mammoth  
freight engines and 100 more engines  
of smaller type, and practically all the  
passenger equipment of the company  
is to be renewed.The official statement regarding the  
amount to be spent for equipment  
makes it plain what is to be done with  
the proceeds of the bond issue. It will  
take fully \$12,000,000 to give the com-  
pany over 800 miles of new line free  
from debt. This sum and the equip-  
ment appropriation taken from \$30,  
000,000 leaves \$5,000,000. Of this  
amount fully \$2,000,000 will go toward  
new terminals in San Francisco and  
the balance will be used for grade re-  
ductions.ALBUQUERQUE & JEMEZ SPRINGS

## MARRIAGES.

Two Couples Made Happy at Cerrillos  
—Marriage at Sapello.Tuesday night at 6 o'clock Rev. J. H.  
Messer officiated at a quiet wedding,  
the contracting parties being Miss  
Kittie Green, the pretty and accom-  
plished daughter of Mr. and Mrs. R.  
Green, and Thomas Hull, of the firm  
of Hull Bros. The ceremony was per-  
formed in the Palace hotel parlor, Cer-  
rillos, only the relatives of the con-  
tracting parties being present.

## LUCERO-GONZALES.

Friday morning at 8 o'clock at the  
Catholic church occurred one of the  
most elaborate weddings which has  
taken place in Cerrillos in several  
years, when the marriage of Miss  
Guadalupe Gonzales, of Waldo, and  
Cipriano Lucero, of Thornton, was so-  
lemnized, there being over one hundred  
and fifty invitations out. A reception  
was given at the home of the bride's  
parents, Mr. and Mrs. Jose Gonzales,  
at Waldo, and there was a grand ball  
at Hurt's hall at night, after which Mr.  
and Mrs. Lucero will be at home to  
their friends at Thornton.

## MESTAS-LUJAN.

Thursday morning at 8 o'clock Juan  
Jose Mestas, Jr., was married to Mrs.  
Inez Lujan, widow of Jose Victoriano  
Lujan, at Sapello, Father M. A. D. Ri-  
bera officiating. A reception followed  
at the residence of Hon. Jose Ramon  
Maestas, ex-member of the legislature,  
and that night a dance was given. The  
groom is the son of Juan Jose Maestas,  
a prominent citizen of San Miguel  
county.

## Charged With Rape.

A few weeks ago Adaleido Rivera, of  
San Miguel, was brought to Las Vegas,  
to be treated for a terrible beating in-  
flicted upon him by Jose Duran. No  
cause was assigned for the punishment  
at that time, but since then it has de-  
veloped that Rivera had made a felon-  
ious assault on Mrs. Duran.After Rivera recovered he was ar-  
rested on a charge of assault with in-  
tent to commit rape, Mrs. Duran being  
the complaining witness. The prelimi-  
nary examination was held on Mon-  
day, before the justice in that precinct,  
and after hearing the testimony the  
court bound Rivera over for trial in  
the district court, fixing his bond at  
\$1,000, which was furnished by the ac-  
cused.—Record.

## Las Vegas Cavalry Troop.

The bill of lading for the following  
articles was received at Las Vegas  
yesterday:Sixty blouses, sixty trousers, sixty  
campaign hats, sixty overcoats, sixty  
bat cords, stripes and chevrons for  
non-commissioned officers, sixty pairs  
of leggings, two trumpets, cords and  
tassels.These goods were shipped direct to  
Las Vegas from the United States ar-  
my quartermaster's department, at St.  
Louis, January 13, and due course of  
freight should land them here not later  
than Monday. The horse equipment  
will be there by that time. So it is  
quite likely that clothing and equip-  
ment will be issued to the troopers  
at the regular drill next Monday even-  
ing.

## Big Chattel Mortgage.

The first large chattel mortgage of  
the year was placed on record in the  
county clerk's office at Pueblo, Colo.,  
on Tuesday. It is from the Alfalfa  
Land and Cattle company to Lucy M.  
Waldo, of Kansas City, and the  
amount is \$46,000. The mortgage se-  
cures a loan to that amount on 5,475  
head of cattle, all of which are located  
in Otero county. Of this number 126  
are bulls and 3,149 cows and 2,200  
calves of the crop of 1901.DON'T FAIL TO ATTEND THE

## A LESSON FROM DICKENS.

What lawsuits grow out of the  
graves of rich men every day; sowing  
perjury, hatred and lies among near  
kindred, where there should be noth-  
ing but love! DICKENS.And not out of the graves of rich  
men only, but out of graves of all sorts  
and conditions of men who find it nec-  
essary to make a will, even though the  
testator has but a few hundred dollars  
to dispose of, do such evils grow. It is  
not the least of the recommendations  
of life assurance that it comes within  
its power to prevent the noxious  
growths so destructive to harmony,  
"where there should be nothing but  
love."A Continuous Installment Policy—  
with the Equitable behind it—will pro-  
vide an income over which there can  
be no bickering, no lawsuits; an in-  
come which will be paid as long as the  
beneficiary lives, even though he (or  
she) live to be a hundred. The income  
can not be lost in bad investments. It  
can not be squandered. There is proba-  
bly no other means so desirable for  
making absolute provision for the fu-  
ture of your loved ones.The Equitable

## Albuquerque Improvements.

It is a source of pleasure to each inhabitant of any city or town to point out the thrift and improvement of the community in which he resides, to show the stranger what has been accomplished in a given length of time, and that which is to take place in the future. The year 1901 has proved a most notable one in Albuquerque, and every resident of the city can point with pride to the substantial growth within the corporate limits. The building operations in Albuquerque for the year just closed will amount to nearly three quarters of a million of dollars—the exact figures gleaned from contractors being \$619,850.

Dwellings and additions have been constructed by contractors and builders who are absent from the city, and in looking over the list if anyone finds that their property has not been mentioned in the subjoined list they will please note that it was not an intentional omission on the part of The Citizen, but that it was unable to consult the gentlemen who had the work in charge. It has been the intention of The Citizen to make a correct report on the building improvements in the city during the past year, and in order to avoid anything that savors of partakes of a "boom" this paper herewith publishes the list. New sidewalks, cement and board, about 7,000 linear feet, have been laid which will represent nearly \$7,000, but this item of improvement has not been included in the list as given below.

Consumptives Given up to Die and Sent Back From California Hopeless and Helpless are Now Alive and Well Through This Wonderful Cure for Consumption.

Positive Proof from People Cured Sufficient to Convince the Most Skeptical Sent Free to All Who Write.

Consumption can at last be cured. Marvelous as it may seem after the many failures, a sure, positive and certain cure for the deadly consumption.

DR. P. YONKERMAN, The Discoverer of Tuberculosis the Only Sure Cure for Consumption.

Consumption has at last been discovered by Doctor Derk P. Yonkerman, a great Michigan doctor who has made a life study of this fatal disease. His wonderful remedy has been fully tested and rigidly proven a sure cure by state officials, and noted medical men all over the world testify to its power to kill the dread germ that causes consumption. The doctor makes no secret of the ingredients of his wonderful cure, believing that the people are entitled to such a production of science, and he is sending treatments all over the world bringing joy of knowledge of certain rescue from this awful, fatal disease. Such eminent scientists as Koch, Litten, Pasteur and all the great medical and germ specialists and chemists have already repeatedly declared that the consumptive germ cannot live a minute in the presence of the ingredients of this wonderful remedy that has already revolutionized the treatment of consumption and has taken it from the catalogue of deadly fatal diseases and placed it in the curable list. I need of tests already made and letters from grateful people—former consumptives rescued from the very jaws of death are sent free to all who write to the Yonkerman Chemical Co., 107 Shames, pearle building, Kalamazoo, Mich. Dr. Yonkerman has organized his own company, despite rich offers from corporations, so that he can be sure that all consumptive sufferers on the face of the earth will have this marvelous and only genuine cure for consumption at a price within the reach of the poorest person. A cure to-day. It is a sure cure and the first week's treatment will do you more good than all the medicines, cod-liver oils, stimulants or changes of climate and it will convince you that at last there has been discovered the true cure for consumption. Don't delay—there is not an hour to lose when you have consumption or any throat or lung trouble. Send to-day for Free Information and advice from the world's greatest and most successful specialist in the cure of consumption. It is free.

A Profitable Investment.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. J. H. O'Reilly & Co., and B. H. Briggs & Co.

DON'T.

DON'T dispute with a woman when she says the Economist goods are the only ones to buy. Because she knows what she's talking about.

DON'T argue with her when she says the Economist prices are money-savers. She talks like a sensible woman who knows what's what.

DON'T try to excuse yourself for going to some other store instead of the Economist. You know that you can offer no reason that can be sufficient for passing the store where the best and cheapest go together.

DON'T expect your wife to meet you pleasantly if you've gone to some other store than the Economist, when she expressly told you to go nowhere else. Don't do these things if you expect to live long and keep your hair on.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Not Ornamental.

No those green tags on our goods are not ornamental, they mean business. They stand for price reductions—the real reductions—and not the imaginary. Simon Stern, the Railroad avenue clothier.

A Little Loss

of flesh and strength, little barking, obstinate cough and a little pain in the chest may not mean galloping consumption, but they are signs that prudence will not neglect. A few doses of Allen's Lung Balsam cause a free discharge of mucus and so loosens the cough. It heals the inflamed air passages and all its beneficent work is accomplished without a grain of opium.

W. H. Gillenwater and N. E. Stevens, representing the Montezuma Building & Loan association, are at Santa Fe.

### TWO NEW PHARMACISTS

Admitted at Session of Territorial Board—All Members Take in Fair.

At the semi-annual session of the territorial board of pharmacy in Las Cruces this week a couple of gentlemen were examined as to their fitness as pharmacists, and both were admitted to practice. They were H. B. Hays, of San Marcial, and L. Freeman, of Las Cruces. The members in attendance at the meeting were President B. Ruppe, of Albuquerque; A. Fischer, of Santa Fe; G. Murphy, East Las Vegas; W. C. Porterfield, Silver City; P. Moreno, Las Cruces. When the business was concluded, the members went down to El Paso and there had just as good a time as anybody.

B. Ruppe said the flower parade was one of the grandest exhibitions he had ever beheld, and as luck would have it, and much to the satisfaction of Mr. Ruppe, an alarm of fire was sounded and the fire department had to make a run. Of course our fire chief was standing on a corner where the apparatus had to pass, and he had a splendid opportunity of inspecting it and the work of the firemen. He gives the El Paso folks credit for having good material and men, but says we can beat them on combination hose and chemical wagon.

The fire chief met Mrs. Ruppe and daughter in the carnival city and escorted them home this morning.

### DUG UP A HUMAN GIANT.

Luciano Quintana Finds on His Ranch a Skeleton Fifteen Feet Long.

Santos Lopez came in from Chaparrito today and reports the country on the Mesa Rica wild with excitement over the unearthing of the well preserved skeleton of a human giant in that vicinity, says the Las Vegas Optic. Tradition had long whispered of the burial of such a human monster in that country and Luciano Quintana organized a party of five persons to locate it. They found it on the premises of Quintana's ranch, the great grave being marked at head and foot by rough-hewn building stone. The grave was fifteen feet long and eight feet in width. The body had been broken in order to get it into the grave which was too short. The forearm from the wrist to elbow measures four feet. The jawbone is a good three feet. Only the lower jawbone is preserved. In it is a tooth large enough for a milk stool. The ribs are enormous. The five men who saw the grave opened and who measured the dead giant, agreed that his chest measurement could not have been less than eight feet. Other rough tombstones in that vicinity indicate that thereabout sleep other remnants of a race without a name and with a history written only in the secret bowels of the silent earth.

### LAS CRUCES.

From Dona Ana County Republican.

P. Moreno, the druggist, is mourning the loss of a fine turkey that he had just gotten nice and fat. Somebody evidently thought it would get too fat if left longer, and helped himself.

The Ladies' Minstrel show, which was first announced for January 21 and 22, has been changed to January 31 and February 1. That the show will be a success goes without saying when it is known that the College girls are getting it up.

On last Monday the board of county commissioners granted to C. J. Hafey a franchise to erect a telephone line in Las Cruces and between Las Cruces and Mesilla, Mesilla Park, the College, and in fact any place in the county where he thinks he can secure business. Mr. Hafey binds himself to begin work within sixty days and to have the line completed as soon thereafter as possible, but not later than six months.

The ladies of the Women's Improvement association will re-commence the plan, which was so popular last year, of giving afternoon teas. The first one will be held at Mrs. Day's on January 23, from 3 to 6. No invitations are issued, but the public generally are invited. A dime is collected from each one for the purpose of building a home for the association.

There were reports in town Sunday of trouble at the Torpedo mine. It did not amount to anything very serious, however. Some Mexicans who thought the foreman was working too cheaply tried to intimidate him. The foreman who was working the windlass at the time, got his bucket to the top of the ground and then turned around and said he was ready to talk business. No serious results. The parties were arrested and two of them have given peace bonds in the sum of \$200 each.

**Remarkable Cure of Croup—A Little Boy's Life Saved.**

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today. Joel Demont, Iowa. For sale by all druggists.

Deming! Have you been there? If not, you should get there for the big sale of lots on the 17th of this month.

### Children Especially Liable

Burns, bruises and cuts are extremely painful and if neglected often result in blood poisoning. Children are especially liable to such mishaps because not so careful. As a remedy DeWitt's Witch Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up," writes James Mock, N. Webster, Ind. "These sores were so bad she soiled two to five dresses a day." J. H. O'Reilly & Co., and B. H. Briggs & Co.

Messrs. Hurley and Dudley, who have been here for some weeks, have decided to locate here permanently and Mr. Hurley will send for his wife and family of five girls early in the spring.

The building for the mill at the Fraser Mountain Copper company camp is nearly completed and the machinery is being shipped. The force of men is being increased, about forty men now being employed.

Nearly all of the Taos county saloon men have purchased aluminum drink checks stamped with the name of the firm and "12 1/2 cts." This is pursuant to the recent combination and raise in the price of drinks and cigars from 10 to 12 1/2 cents.

H. C. Brown and Mrs. C. A. Railey, brother and sister of the late Lorion W. Brown, were in town several days on business connected with the closing up of their brother's estate and business affairs.

The Pueblo Indians celebrated two very pretty dances during the week. One of them was the Buffalo dance, in which all the braves have a time honored and well preserved buffalo hide costume, even to the curly hair of the head and the short black horns, in which they robe for the occasion.

M. M. Morgan, who left Silver City in 1898 as a member of Roosevelt's famous Rough Riders, returned last week on a visit to old scenes and met with a hearty welcome from his friends. Mr. Morgan has spent the greater portion of his time during his absence in Porto Rico, concerning which country Mr. Morgan is very enthusiastic.

has taken place in White Oaks for a

long while was celebrated at the Meth-

odist church New Year's night. The

contracting parties were Miss May

Lee, eldest daughter of Capt. and Mrs.

John Lee, and Edward Queen, of this

Allen Highfill came in from the rail-

road front. Al got drawn into a scrap

out there and put a trio of denizens

of Mexico Viejo to sleep with a club

just in time to save the life of a stranger

whom they were attacking with

knives. A real streak of the romantic,

eh Allen? That Irish weapon was all

right.

Consists of keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. You should know that Foley's Honey and Tar is absolutely the best for all diseases of the throat and lungs. Dealers are authorized to guarantee it to give satisfaction. Alvarado Pharmacy.

## ST. JOHNS.

From the Snips.

Dr. Woodford informs us that there is considerable sickness in the burg at present.

St. Johns will have to follow the example of Fort Apache and put in an ice plant, for our winters are getting to be so mild that ice does not come by the hand of nature alone.

The other evening two prisoners escaped from the custody of Jailer Gonzales. They were the two Harless boys, who were sentenced to ninety days each in jail about that long ago. In fact, they had only one more day to serve, and their running away at this time indicates that they feared other and more serious charges against them. An effort was made to recapture them, but without success. Antonio will not be likely to trust any more nice young fellows just because their time is almost up.

Sheriff Ortega thinks he is a somewhat abused official. All the other county officials had their salaries raised, and the board of supervisors has the right to allow the sheriff not less than \$300 and not more than \$600 per annum. This gives them a chance to raise the sheriff's salary, but Chairman Gibbons put up a strong fight against it, hence the salary remains at the old figure of \$500 per annum. Mr. Gibbons stated in his argument that he was ashamed to accept the \$700 salary allowed him as supervisor by the recent liberal legislature.

## Child Worth Millions.

"My child is worth millions to me," says Mrs. Mary Bird, of Harrisburg, Pa. "yet I would have lost her by a group had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is a sure cure for coughs, croup and throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. For sale by J. H. O'Reilly and B. H. Briggs & Co.

## No Reasonable Man

imagines that a neglected cold can be cured in a day. The uncontrollable air cells in the lungs are inflamed and the throat is as tender as an open sore. But time and Allen's Lung Balm will overcome the cold and stave off consumption. The cough will cease and the lungs will be sound as a new dollar. All druggists sell Allen's Lung Balm.

## WILLIAMS.

From the News.

H. O. Polson has been very sick this week with tonsillitis, being confined to his bed.

Dr. and Mrs. P. A. Melick were visitors at the bustling camp of the J. M. Dennis Lumber company at Rhoades. Porter Torey has been confined to his room for the past two weeks with erysipelas, but is now able to be around a little.

Mr. Abrams arrived in the city this week from San Francisco and has accepted a position in the dry goods department at M. Salzman's. His wife will come on shortly.

J. D. Randebaugh has severed his connection with the Williams Hardware and Stationary company and has opened a repair shop in the Button building, where he will attend to the wants of customers.

Mrs. S. A. Pleasants left for Prescott to join her husband and son, Junior, who left overland for the south some time since. The family expect to stop in some of the southern Arizona towns for the winter, returning again in the spring.

Last week we overlooked mention of the return of Miss Pearl Bruner from a visit with Mrs. J. X. McDonald at her ranch south of town. The young lady had a most pleasant visit and narrowly escaped being in a runaway by not accepting the kind offer of gallant Chas. Canail to bring her to town behind his

pair of fast horses. Charles escaped without injury and is still attending strictly to business.

Messrs. F. R. Nellis and Charley McGary have been busy the past two weeks building houses about twelve miles northwest of town. These hustling gentlemen have considered the reserve question in all its various phases and finally decided to build two dams—one on and another off the reserve, yet but only about two miles apart. By this action the gentlemen will be safe from any move the government may make.

## A Cure for Lumbago.

Rev. Decker, pastor of the Methodist Episcopal church, returned to Winslow accompanied by his wife. They have gone to housekeeping in the parsonage.

## A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. "What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists."

N. Jackson, Danville, Ill., writes: "My daughter had a severe attack of la grippe and a terrible cough settled in her lungs. We tried a great many remedies without giving relief. She tried Foley's Honey and Tar which cured her. She has never been troubled with a cough since." Alvarado Pharmacy.

## FLAGSTAFF.

From the Gem.

Attorney H. F. Ashurst, of Williams, was a legal visitor here the first of the week.

James Wallace, of Williams, was here seeking the appointment of county assessor.

The Flagstaff postoffice did the largest business last month of any month in the history of the town.

Williams has a cornet band composed of nineteen members. What is the matter with the Flagstaff musicians? .. is almost a settled fact that the town will have another reservoir of a large capacity built before many months.

Flagstaff needs an opera house and a joint stock company could easily be organized in the Skylight city to build one.

Charles Cannall, of Williams, came up and made a run on the county treasury. He had an order for the amount seized.

Dr. W. S. Robinson made a visit to Canon Diablo the first of the week. He reports everything as having an upward tendency in that locality.

Miss Carrie Hoyt, the Postal Telegraph operator at this place, has been on the sick list for a few days, and Frank C. Watson has been filling the position.

Mrs. J. C. Mundersbach and little child, who have been spending several months at Fruit Hill, Ohio, returned last week. Mr. Mundersbach appears to be more cheerful since their return.

A. D. Powell and son, Venia, returned from Cherry Creek, Yavapai county, where they have valuable mining property. They report great activity in mining in that district.

Frank A. Rodriguez was engaged the first of the week in putting down linoleum on the floor of the court house. This is a great improvement over saw dust on the floor, as it is fire proof and looks a great deal better.

The automobile party, composed of Messrs. Lippincott, Chapman and Hogaboom, of Los Angeles, Cal., and Al. Dole, of this place, left here for the Grand Canyon.

Grand Canyon. It is reported their gasoline gave out before they reached the canyon, and they had to leave the machine and complete their journey on foot.

## CHANGE OF LIFE

Some Sensible Advice to Women by Mrs. E. Sailer,

President German Relief Association, Los Angeles, Cal.

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life, and all women who use it pass through this trying period with comfort and safety.

MRS. E. SAILER.

"DEAR MRS. PINKHAM:—When I passed through what is known as 'change of life,' I had two years' suffering.—sudden heat, and as quick chills would pass over me; my appetite was variable and I never could tell for a day at a time how I would feel the next day. Five bottles of Lydia E. Pinkham's Vegetable Compound changed all that, my days became days of health, and I have enjoyed every day since.—now six years.

"We have used considerable of your Vegetable Compound in our charitable work, as we find that to restore a poor mother to health so she can support herself and those dependent upon her, if such there be, is truer charity than to give other aid. You have my hearty endorsement, for you have proven yourself a true friend to suffering women."

—Mrs. E. Sailer, 7363 Hill St., Los Angeles, Cal.

When one stops to think about the good Mrs. Sailer derived from Mrs. Pinkham's advice and medicine, it seems almost beyond belief yet it is all true as stated in her letter published above at her own request.

No other medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

As a matter of positive fact Mrs. Pinkham has on file thousands of letters from women who have been safely carried through that danger period "Change of Life." Mrs. Sailer's cure is not an unusual one for Mrs. Pinkham's medicine to accomplish.

No other person can give such helping advice to women who are sick as can Mrs. Pinkham, for none have had such a great experience—her address is Lynn, Mass., and her advice free—if you are sick write her—you are foolish if you don't.

**\$5000 REWARD.**—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

will build a boat at that place and drift down the Colorado river to the Gulf of California.

E. S. Gosney returned from a trip to Pasadena, Cal.

Arthur B. Hergen left last week for his home in Oregon; his duties as supervisor of the Grand Canyon forest reserve ended on Dec. 31, 1901, and the care of that reserve has been assigned to F. S. Breen, who is now supervisor of the San Francisco mountains, Black Mesa and Grand Canyon forest reserves.

W. D. Powell is in town from the Black Rock Gold & Copper Mining company's mines in Yavapai county, a local mining company. The mines of the company are located nine miles from Dewey postoffice on the Prescott & Eastern railroad, and development work shows lots of high grade ore and the showing pleases the owners of the properties.

## Heads Should Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va. She writes, "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from for two years." Cure headache, constipation, biliousness. 25 cents at all druggists.

## KINGMAN.

From the Miner.

T. B. Scott and wife have taken a lease on Lake Villa and have already commenced their tenancy. They will be an agreeable addition to Kingman society.

Henry Lovin has purchased the corner lots in Kingman on which is situated the livery stable and other buildings from the Crozier estate. The price paid is understood to have been \$2,500.

C. W. Nicklin, a shareholder in the New Comstock Mining company, accompanied by several other members of the company, arrived in Kingman and departed for the mines of the company, near the Sheeptrail mill.

The City Stables will hereafter run stages to Gold Road Mondays, Wednesdays and Fridays of each week, returning following days. Stages will also be run to Stockton Hill Mondays, Wednesdays and Fridays of each week, returning same day.

John Quine left for San Francisco, where he will have an operation performed at the German hospital for the removal of a tumor. Mr. Quine has been a sufferer for years, but has managed to keep going until lately, when the disease took too firm a hold on his

constitution, compelling him to place himself under a physician's care.

Peter White, the noted bear slayer, has discovered a big ledge of gold bearing quartz six miles south of Kingman, in the hills about a mile from McConico. Samples brought to Kingman show well and Mr. White declares the ore will run as high as five ounces to the ton. He is doing the location work on the claim and believes he has a good thing.

The Elkhart mine, at Chloride, has closed down, but whether indefinitely or for only a short time it is impossible to determine. The mill will make a cleanup of all ores in the bins and on the mine dump before it is closed. The mine has been one of the very badly managed properties of the county, but recently it passed into the hands of competent people, who, it was thought, would put the mine on a paying basis. The low price of both silver and lead may have had something to do with the shutdown.

Deming, the seat of the new county of Luna.

## Doctors

Consult your doctor. If he says, "Take Ayer's Cherry Pectoral for your cough," then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing. Physicians have been our friends for 60 years.

"For five years I suffered with bronchitis. A few weeks ago I began to take Ayer's Cherry Pectoral, and only two bottles entirely cured me."
