New Mexico demands Statehood
 from the Fifty-Seventh Congress.

THURSDAY, JAN. 16

Mr. Carnegie will donate \$25,000 to a public library at El Paso.

The El Paso Times issued a thirty-two page paper last Tuesday. It was a hummer.

The southwest section is keeping up with the procession. This is going to be a good year all around.

It looks as if Roosevelt will have his wishes granted and the Cubans assisted by a reduction on sugar.

Germany's census, taken December 1, 1900, shows a total population of 56,367,178, a gain of 7.8 per cent. in five years, the largest relative increase in the history of the empire.

Bernalillo and Valencia counties made a mistake in not being represented at the meeting of county commissioners and assessors at Santa Fe. The meeting was important.

The Optic is respectfully informed that the men who have been trying to disrupt the republican party during the past year will be invited to take back seats hereafter in the councils of the party.

Last July General Kitchener reported 13,500 Boers in the field. Since then he has sent a list of 11,543 Boers killed, wounded, captured and surrendered. But somehow the sum in subtraction refuses to work out right.

The ministerial association of Arizona has protested against the appointment of Ben Daniels as professor of geology, United States marshal of that territory. The appointment of such a man by the president was a grave mistake, and his name should be withdrawn.

There are 1,000 halls and corridors in the Vatican at Rome, and 11,000 rooms, counting everything, the stables for the horses, the storerooms for gardeners' tools, the machine factory and other workshops, and it is said that an average of 2,200 people are employed under the roof, most of them being lodged there. This includes the Swiss guard.

GOOD SUGGESTIONS.
 Superintendent Cooley, of the Chicago school system, has recommended the free use of the school buildings in that city for various social purposes not inconsistent with their character as structures devoted to popular education and as the property of the people. Among the purposes for which he would have them so used are meetings of teachers for educational purposes, annual graduating exercises, one alumni meeting each year, meetings of the students of the several schools for musical and literary exercises approved by the principal, and special lectures, and the opening of the buildings after regular school hours to individuals or organizations for such purposes as have a distinctive educational value.

SURVEYOR GENERAL.
 The removal of Mr. Vance from the office of surveyor general and the appointment of Morgan Llewellyn to the position, is welcome news to the people of New Mexico. For various reasons Mr. Vance was not a popular official. He devoted entirely too much of his time to hearing himself talk about his own honesty, and not enough to admit that any other man than himself was the least bit honest.

The new surveyor general, Morgan Llewellyn, is a son of Mr. W. H. Llewellyn, of Las Cruces. He is a graduate of the New Mexico College of Agriculture and Mechanical Arts, and is a civil engineer and practical surveyor, and is every way well equipped to discharge the duties of the office to the satisfaction of the people. Mr. Llewellyn is a giant in stature, was a Rough Rider in Cuba in Roosevelt's regiment, and is a New Mexican born and bred.

STATEHOOD QUESTION.
 The New Mexican says that on February 7, the house committee on territories will give a hearing to the New Mexico delegation and to Delegate Rodey upon the question of statehood for New Mexico. It is, therefore, very necessary that the citizens composing the delegation from New Mexico to the hearing should be in presenting the claims of New Mexico to be admitted into the Union. If there are members of the delegation who cannot attend they should resign in order that other citizens of New Mexico, who will be able to attend, be appointed on the committee. It is of great and grave importance to New Mexico that the proper representation of the claims of the territory be made, and that a favorable report from the house committee on territories be secured. Nothing should be left undone in this matter.

WORLD'S CANALS.
 The treasury bureau of statistics has issued a report showing the commerce, cost and dimensions of the great canals of the world. This report shows that the great ship canals which have been successfully carried to completion are all in excellent condition, as regards finances. The Suez canal supplies the most satisfactory data, as its statistics begin with the year 1870, and its new and enlarged dimensions date from 1896. The net tonnage of the canal in 1900 was 9,378,152, the average tolls charged being \$2 net per ton. The report shows that great as the receipts from the Suez canal have proved to be, they are exceeded by the receipts from the Suez canal, covering the traffic on the great lakes in North America. \$5,052,000, and the American and Canadian canals amounts to nearly three times that of the Suez canal, though the charges are proportionately less.

The report shows that the canals and deep waterways have come in response to the increased demands of shipping and that in no case have they proved failures where they have been put in operation.

RICHEST NATION ON EARTH.
 The standing of the United States with her neighbors, and especially with those of Europe, is illustrated by some statements made by the London Daily Mail Year Book for 1902, a copy of which has just reached the treasury bureau of statistics. Under the head of wealth it places the United States at the head of the list of great nations, the figures of wealth being: United States, \$16,350,000,000; United Kingdom, \$11,060,000,000; France, \$9,690,000,000; Germany, \$8,052,000,000; and Russia, \$4,425,000,000. While the United States heads this list of countries in its wealth, it shows the smallest national indebtedness.

Under the head of commercial competition it says that "the first year of the twentieth century opened badly for two of the leading industrial nations. The trade of the United States was good and showed no decline from the booming period of 1899 and 1900, but in most instances a continuing decline and progress elsewhere. In England and Germany, however, the decline was felt acutely."

Under the head of "Fight for the Iron Trade" it calls attention to the fact that the United States is now the world's largest producer of pig iron and steel, and that it will be noted that the United Kingdom has lost ground, producing 3,967,749 tons less in 1900 than in 1899, the total for Great Britain being nearly 5,000,000 tons less than in America."

OFFICIAL MATTERS.

Notaries Public-Territorial Board of Equalization.

NEW INCORPORATIONS.

The Torpedo Mining company and the Modoc Mining company, both of Chicago, and both operating in Grant, in Dona Ana county, have designated L. L. Lloyd, with headquarters at Las Cruces, their New Mexico agent.

NOTARIES APPOINTED.

Acting Governor J. W. Reynolds appointed William F. Lorenzo and C. M. Spelman, of Silver City, notaries public for Grant county.

Acting Governor J. W. Reynolds appointed Henry M. Hanson, of Albert, Union county, a notary public.

BOARD OF EQUALIZATION.

The territorial board of equalization met again yesterday in the office of Territorial Treasurer at the capitol. It fixed the valuation of all the railroad lines in the territory subject to taxation, excepting the Santa Fe & Pacific railway, at the same figures as last year, and action on the Santa Fe & Pacific railway will be taken as soon as the matter of that company's grant valuations are determined. The board yesterday afternoon with the assessors, collectors and other county officials in the council chamber of the capitol.

OLD OFFICERS RE-ELECTED.

Meetings of the New Mexico Horticultural society and of the Fruit Evaporator company were held yesterday afternoon at the office of the acting governor, Dr. W. S. Harrison, Santa Fe. The old officers of the two companies were re-elected. Ex-Governor L. B. Newcomb, of Las Cruces, and Samuel G. Cartwright and W. J. McPherson.

NEW MEXICO PIONEERS.

The Society of New Mexico Pioneers held its annual meeting at the office of ex-Governor L. B. Prince, Santa Fe, in the absence of Col. J. Francisco Chavez, the president. The following officers for the ensuing year were unanimously elected: Governor, J. Francisco Chavez; captain, general, Amado Chavez; alcalde mayor, Henry D. Bowman; secretary, L. Bradford Prince; treasurer, Jose D. Sena; councilor, Samuel Eldred; vice president, S. Santa Fe county, Hilario L. Ortiz. The secretary reported the death since the last annual meeting of Judge Simon B. Newcomb, of Las Cruces. He made appropriate remarks on the high character of the deceased pioneer were made.

INCORPORATIONS.

The Las Tusas Mining and Milling company filed incorporation papers in the office of Territorial Secretary J. W. Reynolds. The capital is \$30,000, divided into 3,000 shares. The headquarters of the company are at Las Tusas, Bernalillo mining district, Rio Arriba county. The incorporators and directors are Eugene V. Hiker and Louis M. Stoddard, of Detroit, Mich., and E. W. Jewell, of Tres Piedras. The Brotherhood of Our Father Jesus of Nazareth, a charitable institution, filed incorporation papers. The headquarters of the association are at Cherridan, San Miguel county. The incorporators and directors are Esquivel, G. Ortiz, Pedro Dominguez, J. M. Barnes, E. Aragon, Miguel R. Lucero, J. F. Montano, J. I. Montoya and L. Jaramillo.

A Cure for Lungbo.

W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lungbo. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do." For sale by all druggists.

Keep your eye on Deming.

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in my southern Kentucky treated me without success. I was induced to try Foley's Kidney Cure. The first bottle gave me immediate relief and three bottles cured me entirely. I gladly recommend this wonderful remedy." Take no substitute. Alvarado Pharmacy.

THE TOWN OF TUCUMCARI.

Putting on Metropolitan Airs and is Evidently Prosperous.

At the new town of Tucumcari, in Guadalupe county, on the Rock Island railway, five saloons flourish, one bank has opened its doors for business, and another bank is putting up a building. Two men were shot thus far this month, but neither of them fatally. Good crops are in prospect, and otherwise every trade and profession is overcrowded. A number of stone buildings are going up, including a store by George and Richardson, owned by Goldenburg. Water, however, must be hauled two miles and is a poor quality. A deep experimental well is being sunk for a water supply for the town.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Proter, merchant, Annaba, Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly ward off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all druggists.

Made \$70,000.

A Toledo, Ohio, dispatch says that George B. Ketcham, the owner and driver of Crescas, announced that during the year he received more than \$70,000 in purses and as money for exhibitions given in various parts of the country. The horse was taken to the Ketcham farm, where he will remain during the winter.

THE MILITARY INSTITUTE.

Literary Society Organized—Young Men's Christian Association.

The Roosevelt Literary society of the New Mexico Military Institute, at Roswell, now numbers 52 members and is doing good work. The members are determined to succeed and the success of the society is the interest of the officers. The officers are George W. Read, Jr., president; B. M. Thomas, vice president; H. H. Howell, secretary and treasurer; and Captain B. F. Harlow, censor and critic.

Only a few of the cadets had furnished to go home Christmas and they returned. The regular work of the institute was kept up except on Christmas and New Year's days and the cadets studied steadily through the holiday period. In this way the demoralization and homesickness incident to the holiday period was avoided and those whose study has been interrupted by the vacation.

A Young Men's Christian association is being formed among the cadets. The meetings are held every Sunday night and have been well attended. The good voices of the cadets in vocal

music add greatly to the enjoyment of the occasions.

J. B. Smith, of Higgins, Texas, and R. H. Robinson, of Rochester, N. Y., are recent additions to the corps.

THAT UNCLE JOSH STORY.

Ragged, Dirty-Faced Fellow Working the Western Towns.

Last week a lugubrious looking guy with a dirty shirt and a glib tongue made his appearance in Winslow, introducing himself as "Uncle Josh," the only living one in captivity. Well, Uncle Josh dropped into the Mail office and stated his business. He was an advertisement writer of exceptional merit, had met with grand success all over the east, was a genuine whirlwind for business, and finally wound up by saying he wished to publish his "Uncle Josh" story in the Mail. That's our business? "We're here for the money, so we see, see we." "For two bits for every inch we'll publish all the stuff you can put." Well, he sat right and put. He never came back. It's the old story, he couldn't stand prosperity. He called for a copy of the Mail and said, "as we know he is in hell by this time; if he isn't there, he is some place on the road and I—near the sulphur springs." The Mail had nothing to do with either with his business. We simply contracted to publish what advertising he might furnish—Winslow this.

This is the same dirty-faced guy that worked the merchants of Las Vegas and Albuquerque. The City of Las Vegas had been warned and when he reached this town City Marshal McMillin nabbed the smooth talker and sent him to jail, where the merchants here were not deceived.

A Reliable Remedy for Bowel Troubles.

Rev. Mr. E. C. Yinger, pastor of the Methodist church, of Cumberland, Md., says: "It affords me great pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used it and know others who have never known it to fail." For sale by all druggists.

Deming offers the same opportunity now that the most prosperous cities in the west offered several years ago.

Heads Should Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for me. I am Wm. W. Winslow. Ya-ho writes: "Dr. King's New Life Pills wholly cured me of sick headaches. I had suffered from two years." Cure bowels, constipation, biliousness. 25 cents at all druggists.

TERRITORIAL SUPREME COURT.

But a Few Minor Matters Disposed of at Yesterday's Session.

In the territorial supreme court a precept to the United States supreme court was taken out in the case of Denver & Rio Grande Railroad company vs. the United States, a timber depreciation suit, and not in the case of the Denver & Rio Grande Railroad company, as had been stated.

In the cases of Rosalio Aranda et al. vs. the Mountain Electric company, appellants, and the Mountain Electric company, plaintiff and cross appellants, vs. George H. Miles et al., appellants and cross appellants, the costs were assessed upon the appellants.

In case No. 768, W. H. Miller, plaintiff in error, vs. City of Sacramento, John H. McCutchen, James M. Hill, defendants in error, from Sacramento county, a notice for a motion of an appeal was filed, also a notice for a statement of facts by the court and asking to fix the appeal bond to the United States circuit court of appeals. The appeal bond was fixed at \$25,000 and the matter of a statement of facts by the court was taken under advisement.

For Pneumonia.

Dr. C. J. Bishop, Agnew, Mich., says: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case. Beware of substitutes. Alvarado Pharmacy."

Frank Treadwell, Bennett, Ia., was troubled with kidney disease for two years. He writes: "I had taken several kinds of kidney remedies, but with little benefit. Finally I tried Foley's Kidney Cure and it cured me." Alvarado Pharmacy.

LIVELY ROW AT NACO.

An Attempt to Rob Well Known Man Causes Bullets to Fly.

A special dispatch to the San Francisco Chronicle from Bisbee, Ariz., dated Jan. 11, says:

Naco, a border town, and one of the roughest towns in all the west, was thoroughly aroused over the robbery of "Cowboy" Johnson, a character well known in the southwest, has been in Naco for the past few days spending thousands of dollars in the town. Johnson, who is a character well known in the southwest, has been in Naco for the past few days spending thousands of dollars in the town. Johnson, who is a character well known in the southwest, has been in Naco for the past few days spending thousands of dollars in the town.

Two officers were summoned, and proceeded to arrest Richie and Crawford, who put up a hard fight. Every man pulled his gun, and shots were fired in every direction, two taking effect and wounding Crawford. Two of Captain Mossman's rangers appeared on the scene, rapidly taking up where a year ago one could travel for miles without seeing a homestead, there are now homesteads, every few furlongs. This is especially the case along the Rock Island and the surveyed Dawson railway.

J. M. Hurlbut, manager of W. S. Martin, general superintendent, M. H. Rogers, superintendent of bridges and buildings; F. D. Harris, division superintendent; F. D. Garma, trainmaster, accompanied by their ladies and their clerks, arrived in Santa Fe over the Denver & Rio Grande on a train of three special cars and spent two hours sight seeing.

The Winslow Mail says: W. A. Ensign, the librarian, has just received notice from Manager Buser, of the publications which will be sent to the tables at the local library during the coming year. They are as follows: Monthlies—Harper's, Scribner's, Century, Metropolitan, Cosmopolitan, Munsey, McClure's, Pearson's, The Strand, Youth, North American Review, Success; weeklies—Harper's, Leslies', Collier's, Puck, Judge, Scientific American, Scientific American Supplement, New York Clipper, Railroad Gazette, Railway Journal, Saturday Evening Post, Youth's Companion; dailies—Chicago Record, Los Angeles Times, San Francisco Examiner, San Francisco Chronicle, Albuquerque Citizen, Rocky Mountain News and the Topeka State Journal. This is indeed an excellent list. It is seen that Mr. Buser is looking out for the wants of the railroad man in a most pleasing manner.

Drilling for Oil.

The Mariano Oil company has let a contract for 500 feet on a well. The Manuella and Bernalillo companies are in both drilling and the prospects for oil in paying quantities are good—Gallop Republican.

The Citizens has been informed on several occasions recently that President Wolf, of the Mariano Oil company, is determined to test the oil lands of McKinley county, and the

Engineer Arthur Lowe and Fireman Hebebe died yesterday from Albuquerque to Las Vegas.

The big iron spans for the new railroad bridge at Santa Rosa have arrived on the ground and will soon be placed in position.

Francis Henderson left Las Vegas for Chicago, where he goes to get married. She has been employed at the Castaneda de late.

A. Barnham, of Los Angeles, a hydraulic engineer for the Santa Fe Pacific Railroad company, was at Flagstaff the other day.

The Santa Fe Pacific railroad put a force of men to work Saturday morning on the brick cement platform at the depot at Flagstaff.

Railroad Agent Bosworth is at Nogales, A. T., on business, and Mr. Hollingsworth, temporary agent at Deming during Mr. Bosworth's absence.

Paul Sheenan, a man six foot, three inches in his socks, is a new fireman on the division. He is the largest fireman if not the largest man on the road.

Henry Lantry, of Lantry & Sons, and Clarence Wells, general manager of the Southern California road, passed through the city from Los Angeles en route east.

The El Paso & Northeastern is reported to be laying two miles of track daily and expects to reach Santa Rosa with the steel rails about the 15th of February.

A. J. Israel, of Denver, tax agent of the Colorado & Southern Railway company, is in Santa Fe to represent his company before the territorial board of equalization.

While working around a locomotive, A. J. Glosion, a machinist at the Santa Fe shops, was injured by the cylinder of the locomotive. Dr. Michael dressed the wound.

Conductor A. H. West is carrying in his pocket a nugget of pure gold which was given him by a passenger from the Klondike region. It was found on the Yukon river and is worth in weight probably \$250.

Judge H. L. Waldo, solicitor for the Santa Fe railway in New Mexico, is in Santa Fe on legal business. He is one of the members of the board of commissioners of the Louisiana Purchase exposition from New Mexico.

Frank Graham, night operator at the Santa Fe depot at Springer, Colfax county, and located in the office at Mori, Colorado, where he will be agent. He has been succeeded at Springer by Nicholas Kinnaworth, former operator at Mori, Colfax county.

Last Saturday afternoon, a pay car of Good & Co., the contractors, building the El Paso & Rock Island railway, was held up at the end of the line between Mori and Santa Rosa, and relieved of about \$1,000 in cash. The highwaymen made their escape.

George F. Richardson, master of transportation for the Southern Pacific, was in El Paso, and reported for the Herald said: "I am in a position to state positively that the Southern Pacific system will not increase its limited service to daily trains this season."

The Williams News says: Less Watts, who has for so long been the competent conductor on the Grand Canyon railroad, resigned his position and the same has been accepted by T. O. Dodge. Less says he hasn't decided what his next move will be, but in the meantime is taking life easy.

In the annual distribution of prizes to agents who have made the best record on the Santa Fe system during the year 1901, the Grand Canyon general traffic manager, says that H. S. Lutz, of Santa Fe, was a winner of a cash prize a few years ago, is again deserving of honorable mention.

The new system of accounts adopted by the Southern Pacific requires a good deal more work than did the old system. It has been found necessary to increase the force at Lordsburg, and Miss Mary Crocker has been added to the station force. The clerks were greatly elated last Monday when they found a balance on the first trial.

According to the newspapers of Union and Colfax counties, government land in northeastern New Mexico is being rapidly taken up, and where a year ago one could travel for miles without seeing a homestead, there are now homesteads, every few furlongs. This is especially the case along the Rock Island and the surveyed Dawson railway.

J. M. Hurlbut, manager of W. S. Martin, general superintendent, M. H. Rogers, superintendent of bridges and buildings; F. D. Harris, division superintendent; F. D. PRICE PER POUND.

How Much is Good Solid Flesh Worth?

When a little lot that can hardly tell plain calls out for Grape-Nuts before she gets up from the bed in the morning there must be something wrong about the food.

Her father says, "I can safely say that every pound of Grape-Nuts used in my family has been worth a dollar in gold to me. To my little boy, years ago I was ill and run down from 155 pounds to 130. After I got a box of Grape-Nuts I gained 125 pounds although I tried all kinds of food."

Finally I was put on Grape-Nuts and kept it up for eight months. I realized I was fleshing up again and when I weighed found I had recovered my 155 pounds. I have since been able to keep my own. My stomach is in fine condition.

My family all eat Grape-Nuts and are all improved in health. Even my little tot who can hardly talk all for Grape-Nuts before she is out of bed in the morning.

I stand for nothing but what is right and honest, and I am quite willing you should print my name if you choose to publish this letter." F. A. Brainard, Birmingham, N. Y., No. 8 Gold St.

The clerks were greatly elated last Monday when they found a balance on the first trial.

According to the newspapers of Union and Colfax counties, government land in northeastern New Mexico is being rapidly taken up, and where a year ago one could travel for miles without seeing a homestead, there are now homesteads, every few furlongs. This is especially the case along the Rock Island and the surveyed Dawson railway.

J. M. Hurlbut, manager of W. S. Martin, general superintendent, M. H. Rogers, superintendent of bridges and buildings; F. D. Harris, division superintendent; F. D. Garma, trainmaster, accompanied by their ladies and their clerks, arrived in Santa Fe over the Denver & Rio Grande on a train of three special cars and spent two hours sight seeing.

The Winslow Mail says: W. A. Ensign, the librarian, has just received notice from Manager Buser, of the publications which will be sent to the tables at the local library during the coming year. They are as follows: Monthlies—Harper's, Scribner's, Century, Metropolitan, Cosmopolitan, Munsey, McClure's, Pearson's, The Strand, Youth, North American Review, Success; weeklies—Harper's, Leslies', Collier's, Puck, Judge, Scientific American, Scientific American Supplement, New York Clipper, Railroad Gazette, Railway Journal, Saturday Evening Post, Youth's Companion; dailies—Chicago Record, Los Angeles Times, San Francisco Examiner, San Francisco Chronicle, Albuquerque Citizen, Rocky Mountain News and the Topeka State Journal. This is indeed an excellent list. It is seen that Mr. Buser is looking out for the wants of the railroad man in a most pleasing manner.

Last Saturday afternoon, a pay car of Good & Co., the contractors, building the El Paso & Rock Island railway, was held up at the end of the line between Mori and Santa Rosa, and relieved of about \$1,000 in cash. The highwaymen made their escape.

George F. Richardson, master of transportation for the Southern Pacific, was in El Paso, and reported for the Herald said: "I am in a position to state positively that the Southern Pacific system will not increase its limited service to daily trains this season."

The Williams News says: Less Watts, who has for so long been the competent conductor on the Grand Canyon railroad, resigned his position and the same has been accepted by T. O. Dodge. Less says he hasn't decided what his next move will be, but in the meantime is taking life easy.

In the annual distribution of prizes to agents who have made the best record on the Santa Fe system during the year 1901, the Grand Canyon general traffic manager, says that H. S. Lutz, of Santa Fe, was a winner of a cash prize a few years ago, is again deserving of honorable mention.

The new system of accounts adopted by the Southern Pacific requires a good deal more work than did the old system. It has been found necessary to increase the force at Lordsburg, and Miss Mary Crocker has been added to the station force. LOCAL PARAGRAPHS.

J. A. Beal and Charles Quier are at El Paso this week.

Don J. Rankin, the real estate and insurance agent, is at Santa Fe on business.

Mrs. Mary Finch left this morning for Bland, where she has some real estate and mining interests to look after.

J. Crawford and wife, with others from this city, left last night for El Paso, to take in the midwinter carnival.

Miss Isabel Harper, of Salida, Colo., is here on a visit to her sister, Mrs. A. C. Barnes, and will remain here for a month.

S. Vann returned this morning from a tour of inspection of watches along the Rio Grande division of the Santa Fe railway.

Grant Rivenburg, the well known Santa Fe horticulturist, who was here yesterday on business, returned north this morning.

Ralph Halloran, representative of the New York Life Insurance company in this territory, came home yesterday from the north.

Mrs. A. Harach, accompanied by her two daughters, Misses Katie and Rose Harach, are at El Paso attending the midwinter carnival.

Mrs. Henry Lockhart is at El Paso on a short visit with her daughter, Mrs. Austin, and to mingle with the midwinter carnival crowd.

The Ladies' Aid society of the Presbyterian church met this afternoon at the residence of Mrs. P. J. Cornish, on the Highlands, this afternoon.

Last night, at 8 o'clock, Mrs. James Goff, wife of a well known boiler-maker, presented her husband with a fine baby girl. All doing well.

George Everett came home from El Paso this morning, having spent a couple of days at the midwinter carnival.

He has no encouraging reports to make.

P. J. Towner, the Colorado cattle inspector for New Mexico, with headquarters at Las Vegas, was here yesterday on business connected with his duties.

Remember the change in time of the afternoon Bible study and prayer service at the Lead Avenue Methodist Episcopal church at three o'clock rather than half past two as heretofore.

The singing was especially fine at the revival services at the Lead Avenue Methodist Episcopal church last night. Many attend because of the good singing who are deeply impressed by the truth.

Mrs. G. S. Easterday and little Beatrice, are enjoying a visit with Dr. J. S. Easterday and wife. They are returning from a visit to Illinois, and expect to continue west to Watsonville, Cal., in a few days.

Spanish and English. Dr. Bunker, pastor of the Lead Avenue Methodist church, will have general charge.

The special committee of the Elks' lodge on the building of a hall will hold a meeting this evening.

The Rev. Mr. Allen spoke last night at the Lead Avenue Methodist Episcopal church. He has been a missionary for several years among the Navajo Indians and in his address last night he gave a very clear and interesting account of his work among those people.

New Incandescent Art Lights.
Yesterday the Albuquerque Electric Light company installed their new incandescent art system in this city, and tonight the new lights will be turned on for the first time. The old art lamps have been discarded and will be used in cities of lesser importance than Albuquerque. Under the new system the company will be enabled to save at least 25 per cent, and it is said the service will be far superior to that of the old. Dan Maepher, the superintendent, is quite jubilant since the installation, as he believes the people of Albuquerque will be well satisfied with the new illumination.

Insurance Against Consumption.
In Germany a compulsory insurance against consumption is to be introduced. A small sum is to be paid by the insured person every month, which will entitle him to free treatment in one of the up-to-date sanitariums of the German empire as soon as there is any indication of the individual being attacked by consumption. This insurance method will insure prompt treatment in most cases where it is not too late for a perfect cure, and Germany may succeed in greatly reducing its death rate from consumption in that manner.

The comedy part of "Dennis" is entrusted to L. Walsh, and he will give the part its just due. His remarks to "Snooks" and his scrap with the deacon are laughable. He can only be seen at the Colorado theatre on January 21.
