EXPECT PEACE.

Boer Delegates Willing to Accept Proposals.

Cleveland Trust Company Makes Assignment.

American War Ships Ordered to Venezuela Coast Towns.

MILITARY OPERATIONS ON SAMAR.

Amsterdam, Jan. 10.—The Boer delegates in Holland evidently anticipate that peace overtures will be made. They maintain that the demand for unconditional surrender must be abandoned, but it is justly admitted that the delegates will not reject what they call "any fair offer of terms." If negotiations are started by a neutral power, the delegates will earnestly seek to obtain the modus vivendi, which will reconcile Mr. Kruger's desire for complete independence with terms offered by Great Britain.

PEACE PROPOSALS.

London, Jan. 10.—The Globe's financial editors said that a report was current in the city today that the Boer chiefs had made overtures to the British government to the effect that they were prepared to lay down their arms. The report was not called. Yesterday next is Boer feast day. It was said that the surrender of the Boers would probably occur then. The war office officials asserted that no proposals of surrender had been received.

BROKEN BANK.

Cleveland Loan and Trust Company Makes Assignment for Creditors.

Cleveland, Ohio, Jan. 10.—Cleveland Loan and Trust Company makes assignment today to Attorney Frank H. Ginn. The latter's bond was fixed at \$250,000 by Judge Block, of the insolvency court. According to the last published statement of the bank, October 1, 1901, the capital stock paid in amounted to \$500,000; total resources, \$2,564,002; individual deposits, \$2,191,773; surplus funds, \$65,000. The president of the bank is H. C. Brainerd. C. H. Stewart is secretary and treasurer. Subsequently Ginn made the following written statement:

"The directors of the bank decided to make the assignment for the benefit of all the creditors for the reason that the bank had been unable to realize upon its assets rapidly enough to meet the unusual demands made upon it recently. The directors state that no depositor and no customer of the bank will lose a dollar, and that the bank is solvent and that its present embarrassment arises from the fact that its patrons have been unable to meet their obligations to the bank with sufficient rapidity to take care of the unusual withdrawals. The bank has liquidated during the past three months from about \$2,200,000 to \$2,400,000 of the deposits, and the assignee will merely continue the liquidation under the orders of the court."

AMERICAN WARSHIPS.

North Atlantic Squadron Ordered to Venezuela Ports.

Washington, Jan. 10.—It is probable that Admiral Higginson, with the flagship Kearsarge, and several other vessels of the North Atlantic squadron, will shortly repair to Venezuela waters making headquarters at La Guaira. The ships will have unusually large complement of marines aboard. These precautions are taken, not with any offensive intent towards Venezuela, but merely to guard against outbreak of anarchy and rioting in the event that the revolutionists should prevail over Castro's forces in the end.

Operations on Samar Island.

Washington, D. C., Jan. 10.—The navy department has received the following cablegram from Rear Admiral Rodgers at Cavite:

"Waller reports having completed ten days' march across Samar from Lanaug to Bahay. He column endured great hardships. They killed thirteen insurgents, captured a captain, lieutenant and four men."

A Murderer Hanged.

Dallas, Texas, Jan. 10.—Anderson Norris, negro, was hanged at the McLennan county jail, Waco, today. Norris murdered Mrs. Emma French, the wife of a white farmer of Navarro county, near the village of Barry, on December 5, 1900.

FROM THE PHILIPPINES.

Two Important Insurgent Leaders Surrender to General Bell.

Manila, Jan. 10.—Colonel Mariano, mayor of Caba, and a renegade priest, named Castillo, who stole a valuable image of the virgin from a church, for which he obtained large sums of money, surrendered unintentionally to General Bell, who is conducting the campaign against the insurgents in Batangas province. They had control of the district of Tosed, extending westward to sea, including the towns of Santa and Guenoa. The agreement is that these chiefs shall, on Monday, absolutely surrender every man and gun in their district. General Bell visited the city four hours today, and had a conference with General Chaffee. He says the present campaign is securing valuable results, and it is possible that Malvar, an insurgent leader, will surrender next week.

Farewell Dinner.

Washington, Jan. 10.—Postmaster General Smith will give a farewell dinner to the president and cabinet on Monday evening, after which he will sail for Manila, to return to his editorial duties in Philadelphia.

NEUSTADT-HOLZMAN.

Samuel Neustadt and Miss Sarah Holzman Married.

CEREMONY AT LAS VEGAS.

Wednesday at high noon, Miss Sarah Holzman, daughter of Mr. and Mrs. Philip Holzman, was married by Rev. Dr. B. A. Bonheim. The wedding was a quiet one, only the members of the family and a few intimate friends being present. A large number of guests were present. The ceremony was performed under a large hall made of sunbush, which, when opened, let a profuse spray of orange blossoms fall on the bride and groom beneath.

The parlor and dining hall were attractively decorated in pink and white, with amias and roses, presenting a very beautiful appearance. After the ceremony was performed the party adjourned to the large dining hall, where a most elaborate wedding breakfast was served.

Mr. Neustadt and bride left on the afternoon train for a trip to California, and on their return they will make their future home in Albuquerque. The bride was a social belle in Las Vegas, popular because of her grace of person and her accomplishments of mind, combined with her estimable womanly qualities. Mr. Neustadt is at the present time located in Albuquerque, and is connected with the wholesale house of Grunfeld Bros., besides being a city alderman.

Among those present from outside points were Mrs. Auro and Mrs. Ivan Grunfeld and Ernest Meyers, of Albuquerque; Mrs. J. P. Radosky, sister of Mrs. Holzman, of Boulder, Colo., and Mr. and Mrs. J. Van Houghton, of Raton.

The presents given to the young couple by their many friends were not only numerous but beautiful and costly.—Las Vegas Record.

PARAGUAY REVOLT.

Revolution in the South American Republic.

Miss Stone to be Released From Captivity.

Lexington Ladies Object to Play of "Uncle Tom's Cabin."

VICTIMS OF TUNNEL WRECK.

Buenos Ayres, Jan. 10.—Rumors circulated here yesterday of revolution in the republic of Paraguay turn out to be well founded. The revolt broke out in Asuncion, the capital, over the succession of the term of President Aceval, expiring in November of this year. The revolutionary junta is composed of General Cavaliero, General Escobar, Col. J. A. Escuros, minister of war, Senor Marro, cabinet minister, and Senator Freitas. President Aceval resigned the presidency, and congress accepted the resignation.

A collision occurred in the chamber of deputies, during which Senator Escobar was killed, and General Cavaliero, Senor Miguel and Corralan, and Deputy Fernando Carreras were severely wounded. The congress of Paraguay placed the reins of government in the hands of the vice president, Senor Hector Carrasco. Great excitement prevails in Asuncion.

Release of Miss Stone.

London, Jan. 10.—The release of Miss Ellen Stone by the brigands who have held her in captivity since September 3, is believed to be only a question of hours. An official telegram received in London this afternoon, dispatched from Constantinople after midnight today, says that the release of Miss Stone is imminent.

Against the Play.

Lexington, Ky., Jan. 10.—Lexington chapter of the United Daughters of the Confederacy has sent a written petition to Charles B. Scott, manager of the Burlington opera house, that the play, "Uncle Tom's Cabin," never played in the opera house here.

VICTIMS OF TUNNEL WRECK.

Several of the Injured May Recover From Their Wounds.

New York, Jan. 10.—Surgeons of Bellevue hospital said today that Thomas P. Murphy, whose leg was amputated last night, as a result of injuries received in Wednesday's tunnel accident, had rallied from the operation and had good chances of recovery.

GREAT NORTHERN PRESIDENT.

He Made a Speech to Grain and Cattle Growers at Fargo.

Fargo, N. D., Jan. 10.—President Gaynor, of the Great Northern railway, this afternoon addressed the Tri-State Association of Grain and Cattle Growers, explaining and justifying his railroad consolidation. The crowd was very large, including farmers and business men from all parts of Minnesota and the Dakotas. In course of his speech he said:

"Your object in acquiring the Burlington jointly with the Northern Pacific railway was to insure an outlet for the best and most profitable route for grain and lumber for the northern states and to increase the volume of our traffic to the end that we might at all times be able to establish the lowest rates and the most favorable conditions under which traffic must be carried."

Combine on Prices.

Pittsburg, Jan. 10.—Arrangements have been made for a meeting of the principal manufacturers, manufacturers of wire and wire nails in this city next Tuesday, at which it is probable an arbitrary price for the association will be formed for the purpose of controlling prices.

Gage Will Remain a Few Days.

Washington, D. C., Jan. 10.—Secretary Gage received a telegram from Governor Shaw stating that he cannot arrange his affairs so as to take leave of the treasury department on the date set and asking Gage to remain until February 1. Gage consented.

"BOOMERS" ARRESTED.

Dozen Hoboes, Now Known as "Boomers," Run In.

Last night was a busy one for City Marshal McMillin and his sleuths. In the course of several hours' hard walking, over rough places, through railroad yards and under freight cars, they bagged and run in for the night twelve of the worse looking specimens of humanity imaginable, and their general appearance favored the idea that the city would be better off without them. This morning the "boomers" were lined up before a honor, Justice Crawford, and the gathering of "dirty faces" was a most-odd indeed. Street Commissioner Tierney had indicated that his street gang was somewhat depleted, hence his force was increased to the extent of six. The other half dozen were escorted to the southern limits of the city, and told to "hit the pike," keeping as far from Albuquerque as possible.

McMillin is keeping his eyes wide open, and the "boomers" will find no sympathy in his wake-up from now on.

Newspaper Writers Junketing.

The "Canadian Press" train, bearing the members of the Western Canadian Press association reached the city at 2:30 o'clock this morning. There were seven newspaper men in the party, and those that were awake when the train reached here expressed themselves as highly pleased with their trip so far. A brother and brother-in-law of Mrs. John Cleghorn, of this city, who came to New Mexico, thence to Salt Lake City and Ogden, Utah, via the Union Pacific, and then to their respective homes.

Summoned Home.

Frank S. Pittner, a member of the manufacturing firm of Bixby, Pittner & Co., Decatur, Ill., who came to this city Monday night in company with his estimable wife and brother, answered the dread summons of death this morning at 7 o'clock. The gentleman had been a victim of malaria fever in Illinois and soon consumption developed. He was advised by his physician to come to New Mexico, which he did, but the disease was so far advanced that the climatic conditions here availed him no benefit. Deceased was 30 years of age, a man of sterling habits and one whose departure from life will be deeply deplored. The remains were embalmed today at the parlors of J. W. Edwards, and this evening they will be taken back to Decatur by the sorrowing widow and brother.

SCHOOL BUILDINGS.

More Needed and People Will be Asked to Vote Bonds.

REPORT OF SPECIAL COMMITTEE.

The board of education met last night in adjourned session to take up the matter of the school building and system and to receive the report of the special committee on additional school facilities. The following members of the board were present: President H. W. Hopkins, Trustees Keen, Dodd, Ward, Leherwood, and Rankin; and Clerk Ralph Hunt.

The school savings bank system was taken up for discussion. The committee in charge reported having received an offer from a bank in Los Angeles to receive the deposits and express the willingness to give United States government bonds as security, but no action was taken on the subject. An amendment to the original report was made in that the withdrawal of deposits will be permissible at any time after June 1, providing that only money drawn January 1 and June 1 of each year shall be available. The committee in charge of the subject was increased by the addition of Messrs. Hopkins and Dodd, and were instructed to make a complete report at the next regular meeting of the board.

The committee having in charge the matter of better school house accommodations, submitted their report and after some little discussion it was adopted. Following is the report:

Resolved, That the board of education, Albuquerque-Gentlemen: Your committee appointed at the regular meeting of the board January 6, to investigate the matter of additional accommodations and make a recommendation regarding the steps to be taken to meet the requirements of the public schools of the city, after securing all the information possible on this subject, and making a careful estimate of the cost of necessary additions and improvements, begs leave to submit the following report:

At the present time the schools of the city, with the single exception of the First ward school, are being crowded to their utmost capacity, and this, notwithstanding the fact that it has been found necessary to adopt the half-day system in the private schools, and to erect a temporary building accommodating two grades on the Third ward grounds. If the youth of Albuquerque are to have an opportunity of availing themselves of the advantages of the free public schools, additional school buildings before the beginning of another year are imperative. The committee is of the opinion that the following additions and improvements, at a cost below \$100,000, are positively necessary to secure the beginning of next year's school term:

An addition of four rooms to the Third ward school building. \$7,500.

An addition of four rooms to the Second ward school building. 7,500.

An addition of four rooms to the Fourth ward school building. 5,500.

Outside closets for four wards. 1,200.

Hot water heaters in four ward school building. 6,000.

Seats and furniture for the buildings. 1,500.

Total. \$39,200.

Your committee, therefore, recommends that the board of education take the necessary measures to have prepared an ordinance to be presented to the city council providing for the submission to the voters of the city at the April election of a proposition to issue bonds to the amount of \$39,200 for the purpose of providing school facilities which shall be adequate to the requirements of a rapidly growing city.

Respectfully submitted,

H. W. HOPKINS, EDWARD DODD, CHAS. W. WARD.

PENSION BILL.

Reported in the House This Morning.

Pacific Cable Will Extend to Manila.

American Type Foundry Trust to Issue Two Million Dollars Stock.

IRISH NATIONAL PARTY.

Washington, D. C., Jan. 10.—Barney, of Wisconsin, from the committee on appropriations, reported the pension bill this morning at 7 o'clock. The gentleman had been a victim of malaria fever in Illinois and soon consumption developed. He was advised by his physician to come to New Mexico, which he did, but the disease was so far advanced that the climatic conditions here availed him no benefit. Deceased was 30 years of age, a man of sterling habits and one whose departure from life will be deeply deplored. The remains were embalmed today at the parlors of J. W. Edwards, and this evening they will be taken back to Decatur by the sorrowing widow and brother.

The pension appropriation bill carries \$139,122,500, exactly the amount of the estimates, as against \$145,245,230 appropriated last year.

On motion of Hopkins, of Illinois, the house went into committee of the whole and took up consideration of the bill to create a permanent census office.

PACIFIC CABLE.

Washington, D. C., Jan. 10.—The house committee on commerce today took up the subject of the Pacific cable. The main question is whether the cable shall be constructed by the government or by private parties. The hearing today was devoted to the explanation by George G. Ward, vice president of the commercial Pacific Cable company, of the plans of that organization. He stated that contracts had been made for the manufacture and laying of a cable to Honolulu by November 1 next, and that the company intended to extend the cable to Manila within two years from now.

November. He gave the cost as between \$10,000,000 and \$12,000,000. Mr. Ward gave the expected rate to Manila \$1 and to Honolulu 35 cents to 50 cents a word.

Will Issue Bonds.

New York, Jan. 10.—Stockholders of the American Type Foundry company met at Jersey City today, and ratified the proposition of the directors to issue \$2,000,000 of 7 per cent. cumulative preferred stock. Half of this stock will be distributed as scrip dividend and the remainder will be used to liquidate the floating debts.

IRISH PARTY.

Leaders Meet in Dublin and Pass Set of Resolutions.

Dublin, Jan. 10.—At a private meeting of the Irish parliamentary party, John E. Redmond was unanimously elected chairman.

Resolutions were adopted condemning the coercion methods of the chief secretary for Ireland, George Wyndham. The meeting planned a strong program for the forthcoming session of parliament, and decided to take immediate measures to fill the place of any member of the house of commons who may be sent to prison.

Honored the Twins.

This afternoon when the schools were dismissed a number of the pupils repaired to the hospitalable home of Mr. and Mrs. Henry Loebe, 110 Third Third street, and there they are being entertained in a most hospitable manner, the occasion being the eighth annual birthday of the twins, Master Henry and Miss Henrietta Loebe. The little guests were entertained by Mrs. Henry Loebe and her mother, Mrs. Sogal, and the amusements consisted of games, music, recitations and the outburst of a huge sand pie, in which several prizes were competed with the ends of many strings. Each guest was given the end of a string, and when the signal was given they gave a jerk and up through the paper cover came a prize, which served as a souvenir of the pleasant occasion. An excellent spread of refreshments, consisting of cakes, fruits, canapies and coffee were placed at the disposal of the little ones. A most enjoyable evening was passed by everyone, and the event will be one long remembered.

DON'T.

DON'T dispute with a woman when she says the Economist is good. She is the only one to buy. Because she knows what she's talking about.

DON'T argue with her when she says the Economist is a money-saver. She talks like a sensible woman who knows what she's talking about.

DON'T try to excuse yourself for going to some other store instead of the Economist. You know that you can afford to pay a little more for the goods that can be sufficient for passing where the best and cheapest together.

Don't expect your wife to meet you as if you've come to some other store than the Economist, when she expects you to go nowhere else. Don't do those things if you expect to live long and keep your wife on.

DEMING INCORPORATE.

Election of Officers and Trustees Set for February 11.

A MARRYING COMMUNITY.

Special Correspondence.

Deming, N. M., Jan. 8.—At an adjourned meeting of the Luna county commissioners held Tuesday afternoon, Jan. 7, the incorporation of the town of Deming was brought up, and as a majority of the voters of the district proposed to be included within the corporate lines were found to be on the petition, and the necessary money for incorporation purposes had been placed in the hands of the town of Deming, the incorporation of the town of Deming was duly declared incorporated and February 11 was set for the date of election of village officers and trustees.

Last Monday evening, much to the surprise of all their friends, Miss Hattie Hodgson and Thos. T. Smith were married at the home of the bride's parents here. It was supposed that the wedding was not to occur until later in the week, but the young people gave their friends no slip and were quietly married. They expect to start for California as soon as Mr. Smith can get his passes from the railroad.

Last night Express messenger, a little baby died very suddenly. Apparently quite healthy at 6 o'clock the child took suddenly ill and died in a few hours. Mr. Owens has the deepest sympathy for his numerous friends.

It is reported that Tom Upton and Miss Daisy Wamel are to be married on the 20th of this month and from the preparations being made by the bride-to-be it looks very much as if rumor were right for once. Deming always has been a marrying community, and it looks now as if the younger generation would have to hurry or else some fresh importations be made in order to keep up the single man's club and the old maid's convention.

The ice plant company, now getting ready to build in Deming, have obtained a franchise for the electric lighting of the town, and I am informed that they expect to have their wires up and in working order and be ready to put in lights in such houses as desire them within ninety days, and the ice factory will be in working order shortly after that. Just keep your eye on Deming.

A Profitable Investment.

"I was troubled for about seven years with my stomach and in fact my time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure loosens the stomach's work by digesting the food. You don't need to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Itchiness of the Skin and Eczema.

The only remedy in the world that will at once stop itchiness of the skin on any part of the body that is also safe and never fails is Doan's Ointment. Free samples at B. H. Briggs & Co.'s, proprietors Alvarado Pharmacy, corner Gold avenue and First street, Tuesday, January 14.

FUN AT LAS VEGAS.

The E. Romero Hose and Fire Company Carnival and Dance.

The citizens acknowledge an invitation to attend the midwinter carnival and dance to be given at the Duncan opera house, East Las Vegas, Pa., on Friday night, February 21, by the E. Romero Hose and Fire company. Tickets \$1 per couple. The proclamation announcing the carnival and dance is as follows:

High carnival, under our supervision, will hold full swing on that date from 8:30 o'clock in the evening until "after orders," at the Duncan opera house.

That "a little nonsense now and then is relished by the wisest of men" has been completely proven by the success of our previous carnivals.

Our most ardent and dignified person on earth seems to enjoy chucking his dignity overboard and letting his pent-up spirit loose in a great relief to toss itself decorum aside for an evening and just turn ourselves loose and "whirl along with the giddy crowd."

It is therefore ordered, nay, commanded that our loyal followers be on hand promptly at the appointed hour, in costume grotesque or handsome, to aid us in again paying homage to the faithful organization we serve.

Child Worth Millions.

"My child is worth millions to me," says Mrs. Mary Bird, of Harrisburg, Pa. "yet I would have lost her if I had not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is a sure cure for coughs, croup and throat and chest troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season of colds and croup, it is needed suddenly. For sale by J. H. O'Reilly and D. H. Briggs & Co.

A Prominent Chicago Woman Speaks.

Prof. Rosa Tyler, of Chicago, vice-president, Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I have lost her a very cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse and the medicine only made my stomach ache. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering and will never be without this splendid medicine again." For sale by all druggists.

THE BAR ASSOCIATION.

The Officers Make Their Annual Reports.—Election of Officers.

A well attended meeting of the New Mexico Bar Association was held Wednesday in the territorial supreme court room at Santa Fe. Part of the session was executive.

E. A. Fluke, president, was in the chair, and E. L. Bartlett, secretary, were present. The officers made their annual reports. The report of the president of the "Barry System" is printed. The association discussed the practicability of meeting in turn in the different judicial districts, but this being found impracticable no action was taken.

The association met again in the afternoon at 4 o'clock for annual election of officers. The presidency of the association will this time go to the second judicial district.

THE OFFICERS.

The Bar Association met yesterday forenoon in the supreme court room for capital and elected the following officers: President, W. B. Childers, Albuquerque; vice president, the first district, E. C. Abbott; vice president, the second district, E. V. Chaves; vice president for the third district, E. C. Abbott.

A GAY DECEIVER.

He Has Two Divorce Suits on at the Same Time.

A petition has been filed in the district court for El Paso county by Miss Harris Green asking that her marriage with Lee Brown, which occurred on September 18, 1901, be annulled. The records of El Paso county show that Brown was married to Josephita Garcia at San Marcial on December 23, 1901, which marriage has never been legally dissolved. The facts were not known to Miss Green until Brown's

Runaway Car Dashed Down Steep Mountain Grade.

On Monday afternoon a box car which was being loaded with gravel on the Alamogordo and Sacramento Mountain railway, broke loose and started rapidly down hill. It broke through the switch and passed on to the main line of the El Paso & Northern Pacific at a terrific speed. The passenger train from El Paso was due at the station at 2 o'clock and the runaway car few past the horrified crowd at the Alamogordo depot. Luckily a switch was open and on this car sped, colliding with a box car. There was a cloud of dust and then a terrific wreckage. The damage was slight, however, compared to what it might have been had the passenger train been on time.

Findings to Live Long.

The startling announcement of a discovery that will surely lengthen life is made by Editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for consumption is the best infallible remedy that I have ever known for coughs, colds or grippe. It is invaluable to people with weak lungs. Having tried this wonderful medicine no one need dread pneumonia or consumption. Its relief is instant and cure certain." All druggists guarantee every bottle and \$1 and give trial bottles free.

For the Public Good.

In another part of this paper appears an advertisement for the electric lighting of the town, and I am informed that they expect to have their wires up and in working order and be ready to put in lights in such houses as desire them within ninety days, and the ice factory will be in working order shortly after that. Just keep your eye on Deming.

FATAL ACCIDENT.

Sam Wilson Killed in a Runaway at Raton.

Sam Wilson, while taking J. C. King's train to the state in East Raton, Monday noon, was thrown from the buggy and killed, says the Reporter.

It seems that the horses took fright by being hit on the necks with wire which was caught on the front wheels. Sam leaped from the buggy to try and detach the wire, by this time the team was going at a hard run, and in crossing a little ditch near the east side Presbyterian church, the rebound of the springs threw him ten or fifteen feet in the air, landing him on his head in a ditch. He was picked up and brought over on his side but was dead when he arrived here. An examination of the body showed that the old man in the service and his brother engineers are much pleased with his appointment.

The Mohave Miner says:

There is talk of a branch railroad being built into the Gold Road country. The rumor has it that the old grade of the Santa Fe will be used to below the point of the mountain, where the former road of the old wooden bridge near Powell Slough; thence northerly around the mountain to the mesa country below Powell Slough; and the road will run into the mountain on an easy grade. With a road into the mines of that country one of a very low grade can be readily worked.

Golden Mines.

Interesting Topics About the Mines of a Good District.

Golden, Jan. 9.—W. H. Kennedy, of the Corralles Supply company, spent the day at San Pedro.

W. S. Rushworth, who is operating a mill at Dolores, spent the day in Golden on business.

J. L. Lopez, after spending the holidays in Las Vegas with his family, returned to camp Tuesday.

F. L. Martinez, after an absence of four months, returned to the camp where he has some mining interests.

George Alexander, who has been doing some contract work in the Monte Cristo plateau ground, has reached the fifty-foot level on one of the company's wells. He shaft will be continued to the one hundred foot level, where a pumping station will be placed.

Messrs. Hart & Williams, owners of the Midnight mining claim, are getting ready to put several men to work developing the mine. This claim is the only one that has shown some silver in its ore in the camp. And while the claim has not been developed very extensively, it promises, with present indications, the making of a heavy producing mine. The outcrop of the mine shows a few feet width, lying in a greenish porphyry or felsic sand and a trachyte for hanging wall. The property will be fully developed this year, if the ore continues as rich as it is.

A cyanide plant will probably be placed to treat the ore from the Midnight. Special attention will be kept by your correspondent to report the progress of the mine.

Interesting Paragraphs Picked Up Along the Big System.

ITEMS OF CONSIDERABLE IMPORTANCE.

The snow plows were put on engines 680 and 673 at Winslow last week.

A new platform is being put down in front of the Harvey house, Winslow.

C. A. Beck, formerly of Chicago, has accepted a position as machinist in the Winslow shops.

The mechanical and store departments at Winslow expect to move into their new office building next week.

Engines 268, 706 and 632 have been returned to road service, after having been in the shops several days for light repairs.

Engineer Christal, wife and son, returned to Winslow the first of the week from a visit over Christmas with relatives in Las Vegas, N. M.

Seven more new chair cars, which are to have their lighting apparatus changed from acetylene to Pintsch gas, were taken to Topeka, the first of the week. The alterations are being made as fast as workmen can do it.

Sim Hinkley, who recently resigned his position with the Santa Fe, has been secured by the Santa Fe as a machinist on the Mexican Central as freeman out of El Paso. He leaves Las Vegas today for El Paso.

Minister J. M. Sater, of Winslow, entertained all the apprentice boys of his shop at New Year's dinner at the Harvey house. The apprentices present were: F. Barrett, R. Dice, Wilbur Grubb, L. Fee and Willie O'Connor.

Brakeman James Whitley, who was killed in the El Paso yards, was a nephew of A. P. Jackson, of Alamogordo and lived there a long time. He had many friends at Las Vegas, and all who knew him are saddened by his sudden and awful death.

The Santa Fe Pacific company has made a generous settlement with John Higgins, a brakeman who lost both of his legs in a wreck. He will be taken care of for the remainder of his life. The company will also give him a pair of artificial limbs.

Walter Mack, of the Topeka shops, is having a watch repaired. One of his hands that he has been obliged to lay off. The other day a piece of steel included itself in the member, and though at the time no attention was paid to it, swelling began, and Mack is experiencing considerable pain.

Henry Helde, one of the old timers of the Santa Fe Pacific mechanical department, has just been appointed road foreman of engines in the third district. William Oase being assigned to the first and second districts. Mr. Helde has proven his ability as an engineer out of Winslow. He is the oldest man in the service and his brother engineers are much pleased with his appointment.

A new bureau, with headquarters at Kansas City, has been created by the Santa Fe railway, for the purpose of taking full charge of all claims for loss or damage to live stock in transit.

W. C. Armstrong, general live stock agent of the road, has been placed in charge of the department. W. J. Horton, from the office of W. J. Healey, has been sent to Kansas City as chief clerk in the newly created bureau.

The report of the Santa hospital association for November, which has just been received, shows that the total receipts for the month were \$4,329.82; the operating expenses \$5,514.89, and the cost of construction and equipment \$125.75, leaving a loss to the association of \$309.82 for the month. It is also shown, however, that for the five months ending with November, the receipts exceeded the expenses by \$2,218.02.

For some reason which has not been proclaimed, Conductor Snyder and a car whacker mixed at Lamy the other night. When the smoke of battle had cleared away the pugilists were decorated more gorgeously than a boxer's peacock feathers, the red emblem of piracy being the prevailing color. The conductor returned to Las Vegas for repairs and the car whacker escaped to the swamp.—Las Vegas Record.

The Mohave Miner says: There is talk of a branch railroad being built into the Gold Road country. The rumor has it that the old grade of the Santa Fe will be used to below the point of the mountain, where the former road of the old wooden bridge near Powell Slough; thence northerly around the mountain to the mesa country below Powell Slough; and the road will run into the mountain on an easy grade. With a road into the mines of that country one of a very low grade can be readily worked.

The new year has been remarkable for the almost entire cessation of rail way bankruptcies. In no year since the courts began to take possession of insolvent railroads has there been so many as in 1901. Only four small roads failed during 1901. Only four small roads failed during 1901. Only four small roads failed during 1901.

The Winslow Mail says: The Santa Fe Pacific railway are building an ice house in Winslow, the intention of being all refrigerator cars at this point. With this demand for ice Winslow presents a field for an ice plant. All ice must be transported by ship to Winslow from a distance, and with the local demand for ice, taken with the local trade we believe that an ice plant would be a paying proposition. An ice plant here would not have to depend on Winslow alone for its support. We are the nearest point along the line to Flagstaff, Coconino and other towns where ice is in demand and freight rates would admit of an extensive shipping business.

Engine 988, the first of the two large steam locomotives that will be delivered to west Saturday evening about 5 o'clock, says the Topeka State Journal.

In the cab were Engineer Andrew Neugass and Fireman John Smith, who will go through with the machine to La Junta, and E. W. Griffith, traveling engineer for the American locomotive works, who will accompany the engine to its destination. It remained in the Topeka shops only two or three days, or long enough to be set up. Ever since its arrival here it has been the object of great interest, and especially on Saturday, when more than the usual number of people visited the round house to see the great machine. Among those who went and looked were General Manager Mudge, General Superintendent Rosengale and Chief Engineer Storey, besides over 500 men, many of them from the general offices.

STRENGTH

Is an attribute of manhood universally desired. Few people understand that the only source of physical strength is food, and that every one who has sufficient nourishing food should be strong. But there are thousands of puny people who have plenty of good food. How is that explained? The explanation is simple. Food does not nourish the body unless it is less digested and assimilated. Diseases of the stomach and other organs of digestion hinder the proper digestion and assimilation of food. The nutrition contained in the food is lost, wasted.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and assimilation of food and thus it makes men and women strong.

"I had been suffering from indigestion so badly that I could not work more than half the time, but now I am as strong as a horse," writes Mr. Victor L. Hayden, of Backus, N. Y. "I took Dr. Pierce's Golden Medical Discovery. It has been a life and energy in me. I used to weigh 150 lbs but had gotten down to 120 lbs now I am back to 150 and I feel as strong as ever. I had nothing to lose. Your medicine has saved me."

Accept no substitute for "Golden Medical Discovery."

OFFICIAL MATTERS.

A pension of \$8 a month has been granted to J. Vicente de Martin, of Las Vegas, San Miguel county; and to Maria Valdez, of San Juan de Bueyos de Alora, Mora county.

TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn received from Fred Muller, collector of Santa Fe county, \$41.04 of 1899 taxes, \$26.29 of 1900 taxes, and \$1,707.52 of 1891 taxes.

Rev. W. E. Foulke, the well-known Methodist minister formerly stationed here and at Gallup, leaving the latter place for Marfa, Texas, writes that he has been transferred to Alpine, Texas.

New Mexico Breeder's Opinion.

A prominent sheep raiser of New Mexico while discussing the sheep industry this season, is reported to have said:

"There is a wide difference of opinion as to lambs in New Mexico. The feeder is offering today \$1 per head, the raiser is holding for \$1.20 per head and the lots of good grass and water; therefore there will be little done in the sheep and lamb trade this season. The ranch of this section will carry more of any consequence for one year, and will loan up to \$1 per head on all sheep at 5 to 10 per cent, so I cannot see that there will be many 11 lambs sold in New Mexico this season. We never had better grass and more water, or even better lambs, since we have been in this section of the country."

Geo. L. Cole, a well known lecturer, so it is understood, will deliver a lecture on the cliff dwellers at the local railway reading rooms on January 15, and on February 20 Congressman Cumback has also been engaged to address the local railway employees.
Mr. Howell, who sings bass in the choir of the Lead Avenue Methodist church, sang a very effective solo at the close of the sermon last night. Such singing cannot help but do good. Miss Ida McCune also sang a solo, which was greatly appreciated.
Archie Hilton, of this city, received a telegram from his brother, William Hilton, announcing the death of their father at Albia, Iowa, at 4 o'clock yesterday afternoon. The deceased was one of the oldest pioneers of Iowa, and at different times was judge of that state.
A Raymond & Whitcomb excursion train came from the north this morning as second section of No. 3 and left for California as first section of the limited. There were sixty passengers from Massachusetts who were en route to the golden shores of the Pacific coast to spend the winter.

John S. Beaven, the proprietor of the Clarkville coal yards on South First street, is distributing a fine calendar. The picture is a business one, representing a wagon load of coal, with Mr. Beaven and driver in the seat, and the two delivery horses hitched to the wagon, ready to move out with the load to some customer.
Major Geo. H. Pratt, of Laguna, came in last night to attend a meeting of the American Punitive Stone company, of which John M. Gunn, of Laguna, is president; J. M. Drury, of this city, general manager; and Major Pratt, secretary and treasurer. The company have decided to work their immense punice deposits for all there is in it and expect to begin shipping their product, which is claimed to be equal to the best Sicilian stone, immediately.
A. Sharp, president of the Times-Speaker Publishing Co., Denver, is in the city and called at the Citizen office this afternoon. His paper is published in the interest of the colored race, and its object, as stated at the head of the editorial column, "is to encourage thrift, economy and accumulation, combined with education, religion and morality
