## BRITISH LOSS.

English Casualties at  
Battle of Zeesfontein.

Fatal Railroad Wreck in New  
Hampshire.

Panama Canal Company Want to  
Sell Their Big Ditch.

LAUNCHING OF BATTLESHIP MISSOURI.

London, Dec. 28.—The war office has issued a list of British casualties at Zeesfontein, December 24. It indicates the entire success of the British attack. Six officers and fifty men were killed, eight officers were wounded, and four are missing. It is presumed that the missing officers were taken along with the guns.

Numbers of non-commissioned officers and men wounded and missing are not yet received, but the aggregate promises to make the Zeesfontein affair a memorable disaster to the British. The war office gave out a dispatch from Lord Kitchener stating the minor success in South African constabulary, who raided Bothaville and captured thirty-five Boers.

RAILROAD ACCIDENT.

Fatal Wreck to the Boston & Maine  
Express Train.

Nashua, N. H., Dec. 28.—The cannon ball express train of the Boston and Maine railroad, due here at 8:30 this morning, collided with a freight train north of the yard here. Engineer Edward Quinn, and fireman, F. H. Marshall, of the express, were instantly killed, and several other train hands and a number of passengers were injured.

PANAMA CANAL.

French Company Wish to Sell to the  
United States.

Paris, Dec. 28.—M. Lampro, secretary general of the Panama Canal company, called for New York today. He will confer with the Panama company's American representatives, and overtures for the sale of the canal property to the United States will be renewed. The associated press is enabled to say that the price will be approximately \$100,000,000.

Doyle-Burns Suit.

Cornell Bluffs, Iowa, Dec. 28.—In the district court today the attorney for James Doyle filed motion for judgment in the suit of Doyle against James F. Burns for \$125,740, in addition to \$446,922 allowed by the jury in its answers to special interrogatories found in the mining partnership agreement or contract that existed between Doyle and Burns, and this finding establishes the right of Doyle to a share of the Portland American stock issued for the Doyle's own claim, as well as for the job bill No. 2 and Tidal Wave claim, in spite of the jury's refusal to include the Doyle's own in the verdict.

BATTLESHIP MISSOURI.

Launching of a Defender of the Nation  
at Newport News.

Newport News, Va., Dec. 28.—The battleship Missouri was successfully launched at 11:12 a. m. today. Fully 15,000 people saw the big defender go overboard. The launching passed off without a hitch, and none prettier or more successful ever accomplished. Miss Marion Cockrell, daughter of Senator F. M. Cockrell, of Missouri, was sponsor for the ship. She performed the duty with the traditional bottle of champagne, using a bottle of Missouri product.

The number of distinguished guests gathered around the christening on the christening platform was larger than ever before seen here. Among them were Secretary of the Navy Long, Secretary of the Interior Hitchcock, Rear Admiral Melville, Rear Admiral

## ELDER MORRISON.

He is Injured in a Rail-  
road Wreck.

MacLay is no Longer a Naval  
Employee.

Delegation Going to Secure Release  
of Miss Stone.

ANOTHER BEAUMONT OIL GUSHER.

Trinidad, Colo., Dec. 28.—Rev. A. H. Morrison, presiding elder of the M. E. church of New Mexico, who has his right shoulder dislocated and cut his head in an accident on the Colorado Southern railroad yesterday near Harlow, is resting comfortably in the hospital here.

MacLay Discharged.

New York, Dec. 28.—While drawing his pay at the Brooklyn navy yard, Edgar S. MacLay said in an interview:

"Now that I have read the letter of President Proctor of the civil service commission, I shall let the whole matter drop. The third volume of my history has been revised and as far as I am concerned the Sampson-Schley incident is closed."

RELEASE OF MISS STONE.

Delegation From Salonica to negotiate  
with the Brigands.

Constantinople, Dec. 28.—W. W. Peet, treasurer of the missionary society at Constantinople, and M. Garbulo, dragoman of the United States legation, who left here December 17, to meet the brigands who had Miss Stone captive, have started from Salonica for the interior. No news of their movements is to be expected for some days. The government, on representations of the legation, sent instructions to the provincial authorities to render the United States negotiators for the release of Miss Stone every assistance in their power.

Another Oil Gusher.

Beaumont, Texas, Dec. 28.—One of the first oil companies to organize in Beaumont following the advent of the Lucas gusher, has brought in its first gusher. The news of the concern is the Beaumont Oil company. The gusher is located in the Keith-Ward tract.

BASKET BALL.

Splendid Game Between University  
and Silver City Normal Teams.

The most exciting basket ball game ever witnessed in this territory was contested last night at Columbia hall. The opposing teams were the University girls and the girls of the Silver City Normal school. The first half was a hard contest, and was won by the Normal team, the score showing 6 to 0 in their favor.

At the beginning of the second half Miss Carrie Whitehill, the accomplished captain of the Normal team, was taken ill and had to retire from the game. She was suffering from a severe cold. Her retirement from the game weakened the Normal team, and in the second half the University girls played a remarkably fine game, making a score of 6, tying the game. Miss Kate Cunningham and Miss Lou Manwarin of the University team made several excellent plays in this half. In fact, all the team, including Miss Mabel Hunt, the captain of the Universities, played well.

The tie was played off in a five-minute contest, the University team making a lucky cast, winning the game by a score of 9 to 6. The Normal team made hundreds of friends in this city by their winning ways and spirited playing. Professor Owen, of Silver City, filled the difficult position of umpire and Mr. Travers of the Indian school, acted as referee. The University boys and girls were wild with delight over the victory, while the Normal girls were cheered by their friends and assured that but for a lucky throw of a University girl the ball would never have landed in the basket.

The Citizen is pleased with the visit of the Normal school girls. Silver City is one of the best towns in the territory and the Normal school there is a model educational institution. Harvey Whitehill and other friends in Silver City are assured that The Citizen will yell themselves hoarse cheering the Normal girls on their fine playing, and

## UNDER ARREST.

Suspected Assassin Ar-  
rested in Texas.

Chili and Argentine Cannot  
Agree on Terms.

Schley and Counsel Confer on Course  
of Action.

JEANNETTE PRICE SENTENCED.

Guthrie, Okla., Dec. 28.—A man suspected of being the assassin of C. M. Montgomery, Santa Fe detective, who was killed at Winfield, Kan., last summer, is under arrest at Del Rio, Texas. He is O. W. Coffey, who some time ago resided at a hotel in Winfield, Kan., and was writing the assassin firing through a window. A large reward was offered by the Santa Fe railroad and the county for the arrest of the assassin. The sheriff of Pawnee county left for Texas today with a requisition for Coffey.

SOUTH AMERICAN CONTROVERSY.

Washington, D. C., Dec. 28.—Official advice received in diplomatic quarters here indicate that the Chili-Argentine boundary controversy is again opened. According to these advices the action of the Argentine minister in placing his signature to the peace protocol seems to have caused resentment at Buenos Aires. Accordingly, yesterday, the Argentine minister informed the Chilean foreign office that he was unable to concur in all the terms agreed upon heretofore and signed. In particular he specified two points on which the Argentine government had refused to subscribe. First, withdrawal of the police from Ultima Esperanza province; second, submission to King Edward VII. of England. This is regarded as a serious interruption if it is not the termination of the proposed settlement.

SCHLEY AND COUNSEL.

The Admiral and His Attorneys are in  
Conference.

Washington, D. C., Dec. 28.—Admiral Schley was joined at the Richmond today by his counsel, Isadore Hagler, and assistant counsel, Mr. Teague, both of whom came over from Baltimore at the admiral's request in order to consider what further steps, if any, may be taken in the Schley case. It is understood the purpose of the meeting is to decide what shall be done in the way of civil action against "Schley" or publishers of the MacLay history, which was the basis of the recent investigation.

The conference between Admiral Schley and counsel closed about 2 o'clock. No statement was made as to results reached except such further steps as might be taken as would deal with the legal rather than naval phases of the controversy. The admiral and Mrs. Schley will leave in about a week for the south, to be gone about two weeks.

## RECOVERING FROM THEIR INJURIES.

The young soldiers, John Strat-  
ner and John Gregory, who were se-  
verely burned by the explosion of an  
acetylene gas tank in a chair car in  
Arizona a few days ago, are recover-  
ing rapidly. Mr. Gregory has so far  
recovered that he is able to be up and  
around, but the condition of Mr. Strat-  
ner is still serious. His right eye and  
face were badly burned and the  
eyes were injured, but the physi-  
cians are confident that he will fully  
recover but the face will probably be  
disfigured.

The Wind Up of a Successful Convention—The New Officers.

There was a large crowd of educators in the Central school building last night to hear the address of Prof. W. G. Ticht to the "Monday." In the discourse, charts were used to illustrate certain points. The lecture was very interesting and was given with attention. The evening program was concluded by the rendition of a musical selection by the Artion Glee club and a vocal solo by Miss Rodney of Los Vegas.

**TODAY'S PROCEEDINGS**

At 9 o'clock this morning the program opened with music and was followed by the symposium which was characterized by the interesting discussion on "Training for Citizenship in the Public Schools."
