The Bulletins from the Bedside of the President Continue to be Favorable.

TAKING SOLID NOURISHMENT

President McKinley Asked to Smoke a Cigar but the Physicians Will Not Yet Allow Him to Smoke—Bright and Cheerful.

Buffalo, Sept. 12.—About 8:30 the doctors arrived at Milburn house for the morning consultation. When the physicians came out their elation was evident in their smiling countenances. Dr. Mynter announced that everything continued "ominously satisfactory." "The president had a piece of toast and a cup of coffee this morning," said he, "in addition to the cup of beef broth." Dr. Mann said the patient could not be doing better. "Why, he even asked for a cigar," said he, laughing. "Did he get it?" "Well, hardly," replied the surgeon.

TAKING SOLID NOURISHMENT.

Buffalo, Sept. 12.—The following bulletin was issued by the president's physicians at 9:30 a. m.: "The president spent a quiet and restful night, and has taken much nourishment. He feels better this morning than at any time. He has taken a little solid food this morning and relished it. Pulse 120; temperature 100.2.—P. M. Rixey, Roswell Park, Herman Mynter, Eugene Wasdin, M. D. Mann, Charles McBurney, George B. Cortelyou, secretary to the president."

DR. MCBURNEY GOES TO NEW YORK.

Buffalo, Sept. 12.—Dr. McBurney left this afternoon for New York. It is his intention to return in a few days.

THE CHICAGO LIMITED WRECKED.

A Train Runs Into a Miscalculation Near Syracuse.

Syracuse, N. Y., Sept. 12.—The Chicago limited on the West Shore road, west bound, was wrecked by a miscalculation at Eastwood, three miles east of this city this morning. No one was seriously hurt. The locomotive, baggage car and three coaches left the track and ran over the bridge. Twenty-five passengers were injured, others were shaken up.

COMPLAINS OF FATIGUE.

Buffalo, Sept. 12.—A bulletin was issued by the president's physicians at 3 p. m.: "The president's condition is very much the same as this morning. His only complaint is fatigue. He continues to take a sufficient amount of food. Pulse 125; temperature 100.2 degrees."

A BIG FIRE IN BROOKLYN.

A Cotton Storage Warehouse is in Flames Loss \$500,000.

New York, Sept. 12.—A fire broke out late last night in the cotton storage warehouse owned by the New York Storage company in Brooklyn, and up to 9 a. m. caused damage amounting to \$500,000. The fire was burning fiercely at that hour and the firemen seemed unable to subdue it. The building is divided into three compartments, separated by thick fire-walls. The compartment to which the fire has thus far been confined contained 30,000 bales of cotton.

THREE NEGROES LYCHED.

They Waylaid an Old Negro and Robbed and Murdered Him.

Chillicothe, Ill., Sept. 12.—News has been received here that last night negroes broke into the jail at Wickliffe, Ky., and hanged three negroes, Frank Howard, Sam Reed and Ernest Harrison. Last Saturday night they waylaid Wash. Thomas, an old negro, killing him and then robbed his dead body. The murderers confessed.

THE SCHLEY COURT
ADJOURNED TODAY

Admiral Schley at the Opening of the Court Makes a Formal Objection to Admiral Howison Charging Him With Prejudice and Bias.

THE BOARD EXCUSES HOWISON
FROM SERVING

Washington, D. C., Sept. 12.—It has been expected that there would be an early rush to secure seats for the Schley inquiry, which began at the Washington navy yard today, but it was not until after the 400 seats reserved for the public were all taken. Admiral Schley introduced three witnesses in support of his allegations of the unfitness of Howison. They were Francis E. Frost, reporter on the Boston Record, which published the interview with Howison in which the latter was represented as reflecting upon Schley; Wm. E. Spon, of New York, who claimed to have heard Howison say that Admiral Schley should have been court-martialed; and Foster Nichols of Yonkers, N. Y., who stated Howison told him that if Schley had been an officer in the English navy he would not have been allowed to retain his commission. All said that Admiral Howison had given them the impression that he was prejudiced against Schley. When the last witness left the stand, Counsellor Raynor for Schley, called attention to the fact that Howison had made no defense. The court then took a recess to permit Howison to formulate a statement.

When the court reconvened, Howison presented a reply. He said he could not remember Spon's face, but Nichols. He was here to obey the order of the department and would not enter into a discussion of his private utterances. He had no personal feeling against Schley. The court sustained the objection to Howison, and excused him as a member of the court. The court adjourned until reconvened by the department, which will not be until the successor to Howison is named.

THE COURT ARRIVES AT THE
NAVY YARD.

Washington, Sept. 12.—The members of the court of inquiry, Admirals Dewey, Benham and Howison, arrived at the navy yard at 12:30 o'clock. They wore civilian clothes. No salute was fired as they entered the gate. Admiral Schley and counsel arrived at 12:45. The court of inquiry convened at the navy yard at 1 p. m.

OBJECTIONS TO HOWISON.

Washington, Sept. 12.—The Schley court convened promptly at 1 o'clock, with all the members present. All the naval officers, including the members of the court and Schley, were in official dress uniform. The admiral's salute of 17 guns was fired as the court convened. Admiral Dewey simply said in convening the court: "Court is open." Immediately after the court convened, the members retired, at the instance of Judge Advocate Lemly, to decide whether the court should sit with open or closed doors. The court was absent about 15 minutes and when it returned proceedings began in view of the public without formal announcement. The first matter brought to the attention of the court was Schley's letter requesting a court of inquiry. This was read by Captain Lemly.

At 1:30 p. m., Admiral Schley arose and said that with extreme regret he was obliged to challenge Admiral Howison as a member of the court.

Schley objects to Howison upon the grounds that Howison has already expressed an opinion on the merits of the case about to be investigated adversely to Schley; also expressed an unfavorable opinion on the personal and professional characteristics of Schley and instituted and announced a comparison between the acts and personal and professional characteristics of the principal parties to the present issue, viz: Rear Admirals Sampson and Schley—to the disadvantage and disparagement of the latter, thereby indicating bias and prejudice, which renders him ineligible for service as a member of this court. The court took an informal adjournment at 2:25 to permit Admiral Howison to prepare a reply to Admiral Schley's charges.

THE ATLANTA CONSTITUTION.

Changes in Its Ownership and Editorial Control.

Atlanta, Ga., Sept. 12.—The announcement is made today that Clark Howell acquired a majority of stock in the Atlanta Constitution, having purchased the full interest of Col. W. A. Hemphill. Howell has been in editorial control for years. Bobby Robinson, a well known young Atlanta business man, purchased the fourth interest in the paper owned by the Banigan estate and will succeed Colonel Hemphill as business manager.

THE STRIKERS ARE QUIET.

The Situation at McKeesport Remains About the Same.

Pittsburgh, Sept. 12.—Quiet prevailed at all points affected by the steel strike in this vicinity today, in marked contrast to the disorder of the past few days. At McKeesport a small crowd of strikers still guarded the entrances to the National tube works, but no men applied for work.

The Railway Cases at Denver.

Denver, Colo., Sept. 12.—Judge Johnson, in the criminal court, today ordered Sheriff Jones to summon a special grand jury to investigate the charges of attempted bribery of the jurors at the last trial of attorney W. W. Anderson for shooting F. G. Bonilla and E. H. Tamen, publishers of the Denver Post.

THE LINES
ARE THINNING

The Grand Army of the Republic is Losing More Members Than It Gains.

A NATIONAL CONVENTION

Intense Interest is Manifested in the Report of the Committee on Pensions—The Administration of the Pension Bureau Criticized.

Cleveland, O., Sept. 12.—The national convention of the Grand Army of the Republic opened this morning in the Euclid avenue opera house with a large attendance. Intense interest was manifested by the delegates in the report of the committee on pensions, and it was generally believed that the convention would take some radical action bearing on that subject. Commander-in-Chief Leo Rassier, in his annual address, criticized the administration of the pension bureau and demanded an "honest and fair administration of the laws which are already on the statute books."

He urged further efforts on behalf of the veterans' preference bill. The report of Adjutant General F. M. Sterritt showed that the total membership on June 30, 1901, was 289,507, in 6,678 posts. The gains during last year were 30,095, the losses 37,172.

The committee on legislation for veterans recommended that the Harris veterans' preference bill, which was defeated at the last session of congress, be again presented by a committee appointed by the commander-in-chief. General Sickles offered a resolution tendering to President McKinley affectionate congratulations upon his rapid convalescence, for which all civilized nations pray. The resolution was adopted and the message ordered telegraphed to the president.

TRACING THE CONSPIRACY.

The Code of Instruction to Czolgosz Has Been Found.

Buffalo, Sept. 12.—The Courier says this morning: Superintendent Bull has in his possession the code of instructions imparted to the selected assassin, Czolgosz.

OF POLISH DESCENT.

Posen, Polish Prussia, Sept. 12.—The family of Leon Czolgosz, the anarchist who attempted to assassinate President McKinley, hails from Cerkwica, near Znain, province of Posen Germany.

CAN'T HOLD EMMA GOLDMAN.

Buffalo, Sept. 12.—"We have not sufficient evidence to warrant holding Emma Goldman," District Attorney Penny announced this afternoon, after a conference with Superintendent Bull.

MAGGIO REFUSES TO TALK.

He is Non-Committal as to His Prediction That President McKinley Would Be Assassinated.

Special to the New Mexican. Albuquerque, Sept. 12.—Maggio, the anarchist, recently arrested at Santa Rita, Grant county, has been taken from jail at Silver City to Albuquerque, where he was put through a close cross-examination today and "sweated." He refused to divulge anything on the subject of the attempted assassination of President McKinley, although he had frequently made the statement during months past that the president would be killed before October 1, and there were witnesses present at the hearing today to testify to that effect. Charges have been preferred against Maggio and he was bound over for the next term of court.

NEW MEXICO MINING NOTES.

An Important Mining Deal in the Pecos and Ute Creek Mining Districts.

J. B. Wheeler, of Colorado, has purchased the French Henry, the Jack and Jill, the Montezuma, the Bull of the Woods and the Homestake mines and the 15-stamp mill known as the Fletcher mill in Colfax county. The properties are situated in the Ute Creek and Pecos mining districts and have been closed for a long time on account of litigation, but they will now be operated with a big force of men.

B. F. Spencer is developing a fine copper property on Coyote creek, 30 miles north of Las Vegas. He ships his ore to Denver. The main shaft is down 240 feet and about eight tons of ore are being taken out daily. It is hauled to Watrous for shipment. The low grade ore runs about 6 per cent copper, but the high grade ore, which is being shipped, runs as high as 47 per cent. Mr. Spencer has located another copper claim within ten miles of Las Vegas and from it he has specimens of copper glance that run 80 per cent copper. He will locate additional claims in that vicinity and will put a force of men to work on them. The property is only two miles from the railroad.

MARTIN DWYER MISSING.

The Mysterious Disappearance of a Ranchman of Grant County.

Martin Dwyer, a wealthy ranchman of Allison, Grant county, is mysteriously missing from home and neither his relatives nor the authorities have been able to discover his whereabouts. Dwyer left Allison for El Paso three weeks ago. He had \$7,000 on his person which he intended to deposit in the First National bank at El Paso. He never called at the bank nor has he since been seen. When he left Allison he took his favorite child with him and because of that it is thought probable he has not met with foul play, but has simply left the country. His wife and one child are still in New Mexico. He came from New York six years ago.

A JUST INCREASE
IN ASSESSMENTS

The Territorial Board of Equalization Takes an Important Step in Raising the Valuation on Certain Classes of Property.

IT WAS DONE TO SECURE
GREATER EQUALITY IN TAXATION

At the session of the territorial board of equalization yesterday the following resolution was introduced by Hon. J. F. Hinkle and passed: "Upon the opinion of the solicitor general, who was asked therefor, and upon his advice to that effect, it was resolved as follows: 'It appearing to the board from the assessment rolls furnished to it by the territorial auditor from the different counties in the territory that the scale of valuation for real estate and improvements thereon situated in incorporated cities, towns and villages and upon the stocks of water and electric power, is too low compared with the assessment of other classes of property, by the different county assessors of said county, now, therefore, this board in order to adjust and equalize the said assessment rolls in all of the counties of said territory hereby raises the said assessments as the same appear upon the assessment rolls of each and every county in the territory to the uniform amount of ten per cent in addition to the present assessment on real estate and improvements thereon and merchandise situated within the limits of all incorporated cities, towns and villages, and it is further ordered that all stocks of merchandise upon the assessment rolls of each and every county in the territory situated outside of the limit of any incorporated city, town or village be raised to the amount of fifteen per cent of the present assessed value thereof, the same to be added to the present assessments as the same appear upon the several assessment rolls of the several counties in the territory, for the purpose of adjusting and equalizing the assessment rolls of said counties so that the same will be of a uniform value throughout the territory.'"

"The territorial auditor is hereby directed to send certified copies of this order to the different collectors of every county in the territory." This resolution was passed by a vote of four to one last evening, only Hon. J. M. Sandoz voting against it. This forenoon the board again voted upon the resolution and all three members present, Hon. J. S. Duncan, Hon. Venecio Jaramillo and Hon. J. A. Mahoney, voting for it. This action adds almost \$1,000,000 to the taxable assessment of the territory.

The case of the United States vs. William Dalton for illegal timber cutting on the Pecos forest reserve still occupied the attention of the court today.

The territorial grand jury returned four indictments against William M. Berger for criminal libel. His bail was fixed at \$250.

The territorial grand jury returned an indictment against Andres Chapman for larceny.

THE BOERS ARE
DRIVEN BACK

The Riversdale District in Cape Colony Has Been Entirely Cleared of the Invaders.

BRISK FIGHT AT DORPRECHT

Colonel Monroe's Column Was Attacked by Fouches and Myburgh in Cape Colony But the Boers Were Repulsed With Loss.

Capetown, Sept. 12.—Riversdale district, Cape Colony, has been entirely cleared of invaders. Dorrecht volunteers surprised a party of Boers near a farm house and ordered them to surrender. The Boers refused. The British opened fire, wounding General Smuts and other Boers, and killing Captain Arbendorf. General Smuts succeeded in escaping.

A BRITISH SKIRMISH.

Pretoria, Sept. 12.—Colonel Monroe's column, while returning from Barkley East to Dorrecht, was attacked by Boers under Commandants Fouches and Myburgh in Wolveloof. A terrific fire was opened upon them from the heights above Kloof. The British returned with a brisk fire. The British had four wounded. It is reported that the Boers had four killed and a considerable number wounded. On the following morning a reconnoitering force with big guns cleared Wolveloof of Boers.

THURSDAY, SEPTEMBER 12.

New Mexico Demands Statehood of the 37th Congress.

Of Right and in Justice New Mexico Should Be a State.

Anarchists deserve no mercy; they extend none, and hence should be treated as they deserve, namely mercilessly.

A dog licks the hand that has petted him or that has fed him. Certainly the man who is ungrateful is not as good as the lowest cur.

Mr. Bryan is no longer a horny-handed son of toil on a farm. As he is no longer the farmer's candidate that mask has been thrown aside.

A few bought up newspaper jackals are again barking and howling at the territorial administration. They might just as well howl at Popocatepetl.

The strong hand of the law clad in a steel gauntlet should be used on anarchists and all those in sympathy with anarchy. This is too serious a matter for trifling.

Although but a looker on in Central and South American matters, still your Uncle Samuel is prepared for emergencies and ready for anything that might happen.

The board of equalization is deserving of great credit for the firm and vigorous stand it has taken to bring about a better assessment of taxable property in New Mexico. Tax dodgers may not approve; the people will approve.

The president is still doing very well and gaining right along. The more this is the case, the more rejoicing among the loyal and patriotic people of the United States and the more anger, madness and gnashing of teeth by anarchists and other enemies to civilized liberty and a liberal civilization.

The New Mexican is unequivocally and strongly in favor of statehood for New Mexico and it will work to attain that end with every legitimate means at its command, but it will not engage in any schemes what it deems impracticable, improper or unfair. This is its position. Let the chips fall where they may.

Death is making great inroads into the ranks of the veterans of the Civil war. Although the Grand Army of the Republic during the last fiscal year added 20,195 new members to its roll, yet, it has lost in that same time 37,172 members. The nation is providing well for the veterans in their declining days and history affords not another instance of such great generosity as that of the United States in pensioning the men who left home and home to go to the front to fight the battles of the republic.

The very best thing that statehood will do for New Mexico, apart from the prosperity that will follow it and the enfranchisement of its people, will be the new deal the people will get in fixing up their tax matters and lowering the rate of taxation, because when exemptions are abolished and all property is returned at something near its true value, then the rate can be and will be very low. The new constitution must, of course, limit and fix salaries, expenditures and indebtedness within proper limits.

President McKinley owes his certain restoration to health to the great advances in medical science which have been made even since President Garfield was assassinated. The general public had never before heard the names of the great physicians who are in attendance upon the president, but in a certain sense these men are far greater than the majority of the men whose names are household words wherever a newspaper is read. But greatness is not always a matter of fame, notoriety or popularity.

As usual, the tax dodgers exclaim that the territorial board of equalization had no power to raise assessments at wholesale as it did at yesterday's meeting. This is an important question and if necessary the courts should decide it. It will not do to take the legal opinions of some tax dodging attorneys, who are intensely interested in the question in this matter. Many good lawyers are of the opinion that the board of equalization is possessed of this power. At any rate an authoritative decision of the question can only redound to the best interests of the commonwealth.

The exemption of \$200 from taxation for each head of a family in New Mexico amounts to many hundreds of thousands of dollars. The poor man, in New Mexico, has no cause to kick at the burden of taxation. Owing to this exemption law, the well-to-do and rich people escape their just burden of taxation to some extent by tax dodging. The situation is not at all a pleasing one to the friends of good government.

Among the foremost in tax dodging is the little clique that is fighting the territorial administration. This is an absolute fact and the New Mexican has the facts and figures ready to prove it.

It is to be regretted that no territorial horticultural fair will be held at Santa Fe this year. The exhibition and meeting of the New Mexico Horticultural society will however in part make up for the deficiency. Every county of the territory should send the best specimens of its horticultural and agricultural products to the Santa Fe exhibition next week so that the visitors to the city may see what the parts beyond Santa Fe county can produce in the line of fruit, vegetables and grains. These annual exhibitions and fairs should become more and more valuable to the territory and its people as a good advertisement that will draw new settlers and new capital.

Union labor is hurting its cause by such acts of violence and intimidation of non-union laborers as are being reported lately from Colorado. The large run of the people of the United States will always insist upon the maintenance of the right of a workman to work for whom he pleases and of the employer employing only those men whom he cares to employ. Any other law, generally applied, would be tyrannical of the worst sort bearing heavily upon the poor man as well as the employer of men and would surely undermine the prosperity and the preeminence of the United States in the industrial world. Men have a right to unite for their own protection and they have a right to strike and to resort to all lawful means to better their own situation, but that is all and beyond those rights there are the rights of the capitalist and the manufacturer to employ those men whom they deem best suited for their purpose.

A Denver Judge has decided to turn a deaf ear to the pleadings of businessmen who ask to be excused from jury duty. The majority of these in every state and territory do not want to be compelled to perform their duties as citizens at the expense of their business interests, but the fact remains that they make the very best of jury material. Said Judge Johnson: "I will keep these men until about the first of the month, and will then order a fresh venire. I think businessmen ought readily agree to devote two or three weeks of their time to this work. It will give them some valuable experience too." Judge Johnson is right. No one should be excused from the duties of citizenship. Millionaires as well as mechanics ought to serve on juries occasionally and do other duties of that kind for the nation whose permanence has been bought with the means and the lives of thousands of just as good men as they. It is the successful shirking of civic duties by men who are well-to-do and the dodging of taxes and other civic responsibilities by wealthy men that help to make anarchists just as much as the illogical rantings of an Emma Goldman.

The Abuse of Men in Public Life
The New Mexican believes in full liberty of speech and in the full liberty of the press when it comes to criticizing justly the official acts of men or women in public office, but it also believes that the custom of the American press, of all political shades of opinion, to abuse men in public office, often without cause and many times in terms of vituperation, is productive of much harm. The men of the Atkinson stripe, though they wear high hats and belong to the best society, who have called President McKinley through the press and from the rostrum a tyrant, a bloodthirsty usurper, are as guilty of treason as are the avowed anarchists. It is the sentiments expressed by these men and the press that calls men in public office vile names, that help to make anarchists and increase the disrespect for properly constituted authorities. There is a well defined and sharp line between just criticism of a man in public office and the unmeasured abuse to which the partisan press often resorts in speaking of men holding public position. Senator Foraker spoke the sentiment of every decent and patriotic citizen when he said:

"No words can do justice to the subject. The act was especially startling and horrifying because of the blameless life the president has led and the extreme gentleness that has characterized him in all his relations with his fellowmen. Nothing gave him so much pleasure as to mingle with his fellow-citizens and talk with them socially about their personal and private concerns."

"All should learn a lesson. In the first place, president and vice president should be constantly and carefully guarded, even on occasions where apparently there is absolute security; and in the next place, there should be no countenance, especially by the newspapers, of men, societies or organizations that disregard and defy the laws of government and social order. All such should be unsparingly condemned and discontinued. It is also most unfortunate that there should be so many publications, the purpose of which is to bring high public officials into disrepute, and to create for them, not simply lack of respect, but actual hostility and a wickedness of feeling on the part of the masses of unthinking men who read diatribes of abuse or ponder over ridiculous and mischievous cartoons. Such publications should stop and the authors of them should be punished as criminals."

Had a Monopoly of It.

(Las Vegas Record.)

The Optic's flag was the first to be placed at half-mast yesterday afternoon.—Saturday Optic.

Unless our esteemed contemporary regretted that the fabled with the villainous name failed in his purpose, it would be difficult for a sane man to venture even a conjecture as to why the organ half-masted its flag. The Optic enjoyed a monopoly of the half-masting flag industry in the territory last Friday. Fortunately, the fool-killer was not around on that day, however.

The New Mexican Has Done So.

While the New Mexican is criticizing Bernalillo and Socorro counties because of low assessments, it should also turn its batteries on the tax returns of Santa Fe county. The territorial capital has a couple of millionaires whose tax returns show abject poverty.

A Mother's Plain Words

"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to stoop caused intense suffering. Someone advised Ackers' English Remedy, and I thought I would try it, although I confess that down to this day I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal ailment was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Ackers' English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time."

(Signed) Mrs. FLOYD FOWLER.

THE SAN GERONIMO CELEBRATION

It Will Be Celebrated With Festivities at Taos Lasting from September 29 to October 3.

A SPLENDID PROGRAM IS PREPARED

The people of Taos are making preparations for a more elaborate celebration of the San Geronimo feast than ever before. Prior to last year the celebration consisted only of the Pueblo Indian celebration of races, dances and performances, the dances being of the ceremonial class, but this alone was considered by nearly all visitors as well worth a visit to the ancient town and prehistoric pueblo.

Last fall the people of Taos added to the Indian feast of the 30th of September a program covering the first and second days of October, which consisted of horse, purse, and comic races, a boxing contest and an Indian war dance which the braves were induced to give in the Plaza at Taos.

The success of last year's innovations were so satisfactory that this fall a very long program, filling every minute of time, from the afternoon of September 29, to the morning of October 3, has been arranged. The celebration by the Taos Pueblo at their village on September 30, performed in exactly the same manner as it was hundred-ies of years ago, which will be viewed by the hundreds of visitors from the town of the Pueblo pyramid buildings, five stories high, which have been continuously occupied as a home by these queer people for fully five centuries, it being a historic fact that they occupied this pueblo when the first Spaniards entered the beautiful Taos valley over three and one-half centuries ago.

The Indians have been induced this year to prepare for three of their most lively and exciting war dances which will be executed at the town of Taos and in which they will be assisted by Jicarilla Apaches and Comanches, large numbers of whom will attend the festivities.

A heavy-weight "friendly" boxing contest will be a feature not overlooked by most of the visitors, but the committee has wisely taken care that very little information leaks out concerning this contest lest the law be too strictly enforced and this very entertaining incident be nipped in the bud by the authorities.

A cock fight will be another of the more lively features. Horse races with purses ranging from a small amount to \$200 will cover all of one afternoon. The Ellensbethown Owl club and minstrels will give a performance every night, each different from the other, and none of them ever produced before. The Indian band of Santa Fe and the Kit Carson cornet band of Taos will furnish the music and there will be from three to five balls and "battles" every night.

The Denver & Rio Grande railroad gives a rate of one fare for the round trip from all points to Tres Piedras for this festival and the local stage men and hack lines, a rate of \$5 for the round trip from Tres Piedras to Taos and return, a 30 mile drive on which the Rio Grande canon, 600 feet deep, is crossed and the fertile Taos valley is traversed.

THE FIREMEN'S CONVENTION.

Las Vegas Extends a Hearty Invitation to All Fire Laddies.

The following invitation has been sent to the firemen and others of New Mexico:

The annual convention of the Association of Volunteer Firemen will be held in Las Vegas, N. M., Wednesday, September 18, 1901. The following synopsis is what may be expected as a program: Monday evening, smoker in connection with the Knights of Pythias lodge to all visitors at the Casino at the Montezuma hotel. This will be the real thing. Tuesday viewing the places of interest of the city and the Gallinas canon. Tuesday evening grand complimentary ball and reception at the Montezuma hotel. Wednesday 10 a. m., business session; address of welcome by George P. Money, mayor, and response by J. L. Van Arsdale, president of Association Santa Fe Firemen; 2 p. m., business session, election of officers, etc.; adjournment.

A railroad rate of one and one-fifth fare has been granted from all parts of

the territory, including Trinidad, Colorado, and El Paso, Texas, good from the 14th to the 21st.

The firemen and citizens of Las Vegas extend a cordial invitation to firemen and friends to visit the city at this time. The smoker given the gentlemen will be the real thing. The ball which will be given at the Montezuma hotel will be on one of the best floors in the west and will be an excellent opportunity to see the Meadow city's fair women and brave men at their best. The scenery around this city rivals the best anywhere in the Rocky mountains and is the easiest of access. In connection with this meeting the Grand Lodge of the Knights of Pythias will be held. The Montezuma hotel, one of the finest hostleries between Chicago and the Pacific coast, has granted a special rate of \$2 per day for the visitors. Very truly yours,

The Committee on Arrangements.
Charles Schlot, Chairman.
Ludwig Wm. Ilfeld, Secretary.

A Hint to the Territorial Board of Equalization.

(Las Vegas Record.)

The territorial board of equalization ought to at least quadruple the assessed valuation of every county in New Mexico. It would work no injustice and would add to the fair fame of the territory by reducing the rate of taxation.

Governor Otero No Exception.

(Las Vegas Record.)

When a high official is exemplary in the social walks of life and firm in his convictions and honest in the discharge of his official duties, the mud and slander of the sordid begin to fly. Governor Otero is unfortunately no exception.

Vance is Too Tough.

(Las Vegas Record.)

The New Mexican suggests that Surveyor General Vance ought to be sent as consul to the Fiji Islands. All right; "Barkis is willin'." But if he is as tough physically as he is officially, the poor cannibals would find him anything but a tender morsel.

Volume IX of New Mexico Reports can now be supplied by The New Mexican Printing Company. Delivered at publisher's price of \$3.50.

ASTHMA CURE FREE!

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

Write Your Name and Address Plainly.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, New York, Jan. 3, 1901.

Drs. TAFT BROS. MEDICINE CO., Gentlemen: I was troubled with Asthma for twenty-two years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I am now in the best of health and am doing business every day. This testimony you can make use of as you see fit. Home address, 235 Livingston Street.

"Something New Under the Sun."

All doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures catarrh, by removing the cause, stopping the discharges and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "Snuffles" the Guaranteed Catarrh Cure, and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment of everything necessary to its perfect use.

"Snuffles" is the only perfect Catarrh Cure ever made and is now recognized in the only way that can be a cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently, and is also wonderfully quick to relieve Hay Fever or Cold in the head. Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the Guaranteed Catarrh Cure. Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address: Dr. D. H. Edwin B. Giles & Company, 2330 and 2332 Market Street, Philadelphia.

A Fortune to be Given Away.
A noted philanthropist has started to give away his fortune to charities in all parts of the country, and no doubt much good will be accomplished. There is another agency that has also accomplished a great deal of good, namely, Hostetter's Stomach Bitters, the medicine which has been curing stomach troubles for the past 30 years. No doubt it has accomplished more real good than any other remedy. You cannot be entirely well unless your stomach is in good condition and the best medicine to bring this about is Hostetter's Stomach Bitters. It promotes appetite, insures digestion, cures dyspepsia, regulates the liver and keeps the bowels regular, also prevents belching, heartburn or flatulency. Don't fail to try it, but be sure you get the genuine.

Weather and Crop Report

(Santa Fe, N. M., Sept. 10, 1901.)
Nearly all sections of the territory have been visited by good showers during the past week. In northeastern counties a heavy thunderstorm on the 3d caused considerable damage to crops and property. There were several wash-outs on the railroad, and wheat and oats on the bottom lands were badly damaged and in many instances totally destroyed. In the later sections of the northeast much of the wheat, oats and third crop of alfalfa remain to be harvested, and farmers are waiting for brighter weather to make a start. It is feared that the rains and cloudy weather continue much longer. Elsewhere in the territory brighter weather has prevailed, and nearly all prospects indicate unusually favorable prospects for growing and for maturing of crops. Stock remains in prime condition, and there is an abundance of feed and water on the ranges. The present rains if continued much longer, however, may cause injury to the proper curing of the range grass should early frost occur. Streams carry plenty of water, but owing to trouble with the watergates the crops of the Mesilla valley are suffering from lack of irrigation.

The third crop of alfalfa has nearly all been secured in the later counties, and the yield has been very good. Wheat and oats are about all harvested, excepting in some later localities of the northeast where more favorable weather is awaited. Corn is maturing finely and promises the best crop for many years. Potatoes and beans have been particularly good crops; beans are being gathered in southern sections. Cucumbers and cantaloupes are unusually abundant; large shipments of cantaloupes to other markets are being made from the lower Pecos country. Peaches, pears and plums are abundant in the markets; apples will be a full crop only in a few of the more northern orchards.

The following remarks are extracted from the reports of correspondents:
Andrew—A. S. Warren—A light rain today 7th and vegetation looks very well considering the hot weather. Grass is not very good; the water is bad and there is considerable sickness on this account.
Aztec—Dr. E. G. Condit—Fine maturing weather. Largest corn crop ever raised in San Juan county this year; a number of tracts will yield 50 to 60 bushels to the acre. Apples and peaches dropping considerably from the winds, but this fact will benefit the fruit remaining. Grasshoppers now very scarce. A good shower on the 4th; amount, 0.11.
Carlsbad—H. F. Christian—A good rain on the 3d. Corn crop will be very fine. Range is good and cattle in excellent condition. Water plentiful. Highest temperature, 98; rain, 0.92.

Cloudercroft—Miss Nellie Riggs—Truck farms throughout the mountains are in excellent condition although there has been some damage from local storms. Potatoes will yield unusually well. Oats and barley are promising.
Española—P. H. Leese—Warm weather and rains continue, and crops are maturing finely. Grass on the ranges is better than since 1881, and stock in prime condition.

Poison—Jackson Tabor—The past week has been one of storms, several of them quite heavy. That of the 7th was in the nature of a cloudburst, and for its duration was the heaviest during the last 20 years. The heaviest part lasted about 30 minutes. It is likely that considerable damage was done farther down the Cimarron river by flooding. There was some hail but not enough to damage crops or fruits. Highest temperature, 78; lowest, 46; rain, 3.29.
Fort Bayard—Surgeon in Command—Highest temperature, 90; lowest, 55; rain, 0.10.

Los Alamos—Wm. Frank—Rainy weather which threatens to interfere with harvest. On irrigated land the third crop of alfalfa will be a good yield, but on unirrigated lands it will not amount to much.
Mesilla Park—A. M. Sanchez—Cloudy and threatening rain nearly every day. All crops are still suffering from the lack of irrigation water, but were much refreshed by a good rain on the 3d. Corn is nearly ripe and in some cases has been already harvested. Grass on the ranges is excellent and winter feed for stock is assured. Highest temperature, 100; lowest, 59; rain, 0.34.

Miera—Francisco Miera—Local showers, but few good rains. No hay in this vicinity, but feed for stock is good, and all stock is in good condition.
Redrock—Lons Chamblee—Warm and sultry; local showers during the first part, but not enough to do any good to crops. Corn is being considerably damaged by the drouth. Plenty of irrigation water in the river, but none in the ditches.
Roswell—P. A. Turnbull—Dry, hot weather; thunderstorms to the south, but no rain at station. Corn is willing. Third cutting of alfalfa is over, and the fourth well started. Expect to cut the fifth crop this season on most of the fields. Cantaloupe shipping is in full swing. Apples are excellent. Highest temperature, 100; lowest, 57.

Sapello—M. A. D. Rivera—Heavy thunderstorms with some hail on the 2d and 3th; streams and arroyos flooded and roads badly washed. Fine weather succeeded. The corn crop is growing finely. Wheat and oats are yielding very well. Grass is rich and plentiful.
Santa Fe—U. S. Weather Bureau—Good rains but weather rather cool. Late garden truck, as squashes and cucumbers, maturing nicely. Corn promises a good crop for the locality. Pears, plums, nectarines and late peaches abundant in the market. Apples will be quite scarce. Highest temperature, 78; lowest, 49; rain, 1.11.

The Truth

Is told by most people. If it were not, the whole commercial and social fabric would fall to pieces. There are thousands upon thousands of people who testify to the cures effected by Dr. Pierce's Golden Medical Discovery. They are representative people in their communities. You would believe their word on any question of knowledge. They speak the simple truth when they testify that Dr. Pierce's Golden Medical Discovery cures dyspepsia, "weak" stomach and other diseases of the stomach and its allied organs, and restores to the system and nutrition. It cures when all other remedial means have failed. It cures perfectly and permanently.

There is no alcohol in the "Discovery" it is free from opium, cocaine and all other narcotics. Accept no substitute for Dr. Pierce's Golden Medical Discovery. There is nothing "just as good."

"I was a total wreck—could not eat or sleep," writes Mr. J. O. Berry of Berryman, Crawford Co., Mo. "For two years I tried medicine from doctors, but received very little benefit. I lost flesh and strength, was not able to do a good day's work. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep, and my appetite was wonderfully improved. I have taken five bottles and am still improving."

Dr. Pierce's Medical Adviser, paper-covered, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Watrous—M. C. Needham—A favorable week excepting that some hail on the 3d damaged some of the gardens and alfalfa fields. The third growth of alfalfa is about to bloom, and will be a fine crop. Plenty of grass and water on the range and stock is in fine condition. Highest temperature, 86; lowest, 50; rain, 0.55.

Weber—E. H. Biernbaum—Farmers are waiting for clearing weather to harvest; some fears are entertained lest wheat and oats shall sprout. It is reported that a heavy storm on August 29 in the Mora valley totally damaged all the wheat and oats on the bottom lands; High water has caused much damage to dams and ditches.
Woodbury—A. J. Woodbury—Highest temperature, 88; lowest, 54; rain, 0.57.
R. M. HANCOCK, Section Director.

Mr. G. A. Stillman, a merchant of Tampico, Ill., writes: "Foley's Kidney Cure is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and Foley's Kidney Cure has made it such."

A CERTAIN CURE FOR DYSENTERY AND DIARRHOEA.
"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when Editor Ward of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me." Sold by all druggists.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are lo-
cated in the midst of the Ancient Cliff
Dwellers, twenty-five miles west of
Taos, and fifty miles north of Santa Fe,
and about twelve miles from Barranca
Station, on the Denver & Rio Grande
Railway, from which point a daily line
of stages run to the Springs. The tem-
perature of these waters is from 90 to
122 degrees. The gases are carbonic. Al-
titude, 6,000 feet. Climate very dry and
delightful the year round. There is now
a commodious hotel for the convenience
of invalids and tourists. These waters
contain 1,686.24 grains of alkaline salts
to the gallon, being the richest alkaline
Hot Springs in the world. The efficacy
of these waters has been thoroughly

tested by the miraculous cures attested
to in the following diseases: Paralysis,
Rheumatism, Neuralgia, Consumption,
Malaria, Bright's Disease of the Kid-
neys, Syphilitic and Mercurial Affec-
tions, Scrofula, Catarrh, La Grippe, all
Female Complaints, etc., etc. Board,
Lodging and Bathing, \$2.50 per day; \$14
per week; \$50 per month. Stage meets
Denver trains and waits for Santa Fe
train upon request. This resort is at-
tractive at all seasons and is open all
winter. Passengers for Ojo Caliente can
leave Santa Fe at 10:08 a. m. and reach
Ojo Caliente at 5 p. m. the same day.
Fare for the round trip from Santa Fe
to Ojo Caliente, \$7. For further partic-

This morning was the coolest morn-
ing since last May, the thermometer at
6 o'clock registering 46 degrees.

The Rev. Henry Mackay of Missouri,
now sojourning in Las Vegas, is ex-
pected to officiate in the Church of the
Holy Faith on Sunday next.

A new version of "Goo Goo" eyes by
Ron. W. E. Martin which is being pri-
vately circulated, is creating a furore
in town and nearly every sport is
humming it.

The ten year old son of Flavio Silva
died last evening at 8 o'clock.

The funeral will take place tomorrow
morning at 7:30 o'clock. Interment will
be made in Rosario cemetery. The boy's
name was Manuel B.

There will be a meeting of Company
F of the First regiment infantry of the
National Guard of New Mexico, for
the transaction of business on Tuesday,
September 17. All members are requested
to be present. By order of John
Shoemaker, captain.

Everyone is invited to attend the ice
cream social in the Catron block this
evening given by the ladies of St.
John's Methodist church. Professor
George Bain and his company of musi-
cians will render sweet melodies
throughout the evening.

Mrs. Atanasia Montoya, a widow 90
years of age, died today. She celebrat-
ed her birthday anniversary on Tues-
day. The funeral will take place to-
morrow forenoon. Mass will be cele-
brated at the Cathedral at 6 o'clock.
Interment will be made in Rosario
cemetery.

The Hebrews will Saturday and Sun-
day, September 14 and 15, celebrate
their New Year. On September 23,
the Day of Atonement will be celebra-
ted when all the local Hebrews will
close their stores. On September 28
will be celebrated the Feast of Taber-
nacles.

The Santa Fe Champions are sprin-
gling up for that trip to Albuquerque on
Sunday and the Duke City will un-
doubtedly see a game of ball which will
be worth going a hundred miles to
see. No Trinidad Stars racket this
time. The Santa Fe railroad has made
a special rate and quite a number of
local fans will accompany the team to
Albuquerque.

FINE PROSPECTS AROUND PORT SUMNER

The Road from Portales to Fort Sumner
Fall of Immigrants.

Special to the New Mexican.
Fort Sumner, Sept. 10, 1901.—It has
been raining here and in the vicinity
nearly every day for a month. Crops
are first class, the range never looked
better and the grass here was never
more plentiful than it is this year.
There are over a hundred wagons of
immigrants on the road from Portales,
in Chaves county, to this place. These
immigrants are some of the people
who wanted to locate in the Kiowa
reservation in the Indian Territory last
month, but were left out in the draw-
ing and are therefore seeking new
homes. These immigrants number
about 300 or more and expect to locate
somewhere in Chaves and Guadalupe
counties.

This section has never been in better
shape to attract immigrants. Good
crops have been grown throughout this
part of the territory, although on a
small scale. Prairie hay is being cut in
great quantities and there will be sev-
eral thousands tons put up around
here, as the grass is in the very best
condition. It has been thought heretofore
that the country between Portales and
Fort Sumner was very dry and not
fit for anything, except grazing in
good years. During the past two years
however, it has been demonstrated that
there is plenty of water to be had in
this stretch of country by digging from
six to sixty feet and that abundant
supplies of water for stock and for
irrigation can be raised by the use of
windmills. The water found is of ex-
cellent quality. Quite a number of
new settlers have come into this sec-
tion within the past two years, who
have taken up lands and are getting
their water by means of wells and
windmills.

New Mexico Mining Stocks.

At the Boston mine exchange last
week 95 shares of the Cochiti Gold Min-
ing company's stock were sold at from
\$5.13 to \$5.50 per share. Of the Santa
Fe Gold & Copper Mining company's
stock 245 shares were sold at from \$7.38
to \$7.75 per share.

Taxes Collected in August.

Tax Collector Frederick Muller of
Santa Fe county during the month of
August collected territorial taxes of 1899
to the amount of \$51.13 and for the year
1900 to the amount of \$159.09. County
taxes he collected to the amount of
\$752.48; city taxes amounting to \$132.70;
city school taxes amounting to \$44.23
and taxes for Cerrillos amounting to
\$5.14.

U. S. Weather Bureau Notes.
